PROXY STATEMENT

Annual Meeting of Stockholders to be held on July 24, 2008

GENERAL INFORMATION

The Notice of the Annual Meeting of Stockholders, this proxy statement and the accompanying proxy card (the proxy materials) are being mailed to you commencing on or about June 2, 2008 in connection with the solicitation of proxies by the Board of Directors (the Board) of Aerosonic Corporation, a Delaware Corporation (Aerosonic, the Company, we, us, or our), to be voted at the Annual Meeting of Stockholders to be held at Aerosonic Corporation, 1212 North Hercules Avenue, Clearwater, Florida 33765, beginning at 10:00 A.M., EDT, on Thursday, July 24, 2008. These proxy materials are being mailed on or about June 2, 2008. A copy of the Company s Annual Report to Stockholders for the fiscal year ended January 31, 2008 is being mailed with these proxy materials.

All proxies that are either properly executed and delivered or submitted using the Internet will be voted on all matters that properly come before the meeting for a vote. If your proxy specifies instructions with respect to the matters being voted upon, the proxy holders will act in accordance with your instructions. If no instructions are specified, your shares will be voted **FOR the election of the nominees to the Board** and in the discretion of the proxy holders as to any other matters that may properly come before the meeting. You have the right to revoke your proxy any time prior to it being voted by (i) delivering a written revocation or duly executed proxy bearing a later date to the Corporate Secretary (at 1212 North Hercules Avenue, Clearwater, Florida 33765) or (ii) attending the meeting and voting your shares in person.

Internet voting procedures are designed to authenticate your identity, allow you to vote your shares and confirm that your instructions have been properly recorded. Specific instructions to be followed by those of you holding shares that are registered in your name who are interested in voting via the Internet or by telephone are set forth on the proxy card we have enclosed with this document. Those of you holding shares in street name should follow the instructions you are given by your bank or broker.

Whether or not you attend the meeting, your vote is important. Accordingly, regardless of the number of shares you own, you are asked to vote promptly by using either the telephone or the Internet or signing and returning the accompanying proxy card.

Your shares can only be voted at the meeting if you are represented by proxy or are present in person.

VOTING SECURITIES AND VOTING RIGHTS

The Board has fixed the close of business on May 29, 2008 as the record date for determining the stockholders who are entitled to notice of, and to vote at, the meeting and at any adjournment thereof. On the record date, there were 3,580,901 shares of our common stock outstanding. Each stockholder of record on the record date is entitled to one vote per share held. There are no other classes of voting stock issued and outstanding.

Quorum and Required Vote

A majority of our outstanding common stock entitled to vote at the meeting must be present in person or represented by proxy to have a quorum for the transaction of business at the meeting. Under Delaware law and our Bylaws, the affirmative vote of the holders of a plurality of the shares represented and voting at the meeting at which a quorum is present is required to elect directors. On any other matters that properly come before the meeting, a majority of the shares represented and voting at the meeting is required to decide the question.

Shares represented by proxies marked **WITHHOLD AUTHORITY FOR ALL NOMINEES** with regard to the election of directors will be counted for purposes of determining whether there is a quorum at the meeting, but will not be voted in the election of directors, and therefore, will have no effect on the determination of the outcome of the votes for the election of directors. A **broker non-vote** occurs with respect to shares as to a proposal when a broker who holds shares of record in its name is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given. A broker holding your shares in its name will be permitted to vote such shares with respect to the proposal to elect the directors to be voted on at the meeting without instruction from you, and, accordingly, broker non-votes will not occur with respect to the election of directors.

ELECTION OF DIRECTORS

Our Bylaws provide for a classified Board, with the number of directors which shall constitute the whole Board determined by the Board, as may be fixed from time to time by action of the Board and the number of classes into which the directors shall be classified being three. Your Board currently consists of five directors in total, two of whom are designated as Class I directors with a term expiring in 2008, two of whom are designated as Class II directors with a term expiring in 2009 and one of whom is designated a Class III director with a term expiring in 2010. At each Annual Meeting of Stockholders, directors in one class are elected for a full term of three years to succeed those directors whose terms are expiring. This year, the two Class I director nominees will stand for election for a three-year term expiring at the 2011 annual meeting. The Nominating/Corporate Governance Committee of the Board has nominated Thomas E. Whytas and Donald Russell as directors to serve as Class I directors, and the Board has endorsed such nomination.

The persons named in the enclosed proxy will vote all properly executed proxies for the election of Thomas E. Whytas and Donald Russell unless authority to vote is withheld. The nominees have indicated their willingness to serve, if elected. However, if the nominees should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that the above-mentioned persons will not serve his or her term as a director.

Set forth below is the name, age (as of May 30, 2008), principal occupation, and length of service of the individuals nominated for election to your Board and each of the other directors who will continue to serve in office following the annual meeting. INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

As required under the American Stock Exchange (the AMEX) listing standards, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the Board. The Board consults with our counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the AMEX, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and us, our senior management and our independent auditors, the Board has affirmatively determined that the following directors are independent directors within the meaning of the applicable AMEX listing standards: Messrs. Robinson, Russell and Whytas. In making this determination, the Board found that none of these directors had a material or other disqualifying relationship with us. Mr. Hillman, our President and Chief Executive Officer and Mr. Perkins, our Executive Vice President of Sales and Marketing are not independent directors by virtue of their employment with us.

Meetings and Committees of the Board of Directors

During the fiscal year ended January 31, 2008 (fiscal year 2008), the Board held eight meetings. During fiscal year 2008, each of the then-directors attended at least 75% of the aggregate number of meetings of the Board and meetings of committees thereof on which he served. We encourage all directors to attend the Annual Meeting of Stockholders, in person. In 2007, all of the then-current directors attended the annual meeting.

The Board currently has, and appoints members of, a standing Audit Committee, Compensation Committee, and Nominating/Corporate Governance Committee.

Audit Committee. The Audit Committee is composed entirely of independent directors as determined by the audit committee independent director standards of the AMEX. Its members are Thomas E. Whytas (chairman), Roy Robinson and Donald Russell. The Board has determined that Mr. Whytas is the Audit Committee's designated financial expert. The Audit Committee met ten times during fiscal year 2008. The functions performed by the Audit Committee are described in the Audit Committee Report, set forth below, and in the Audit Committee Charter adopted by the Board, copy of which was provided to stockholders as an appendix to the proxy materials delivered in connection with our 2004 annual meeting.

Compensation Committee. The Compensation Committee members are Donald Russell (chairman), Roy Robinson and Thomas E. Whytas, each of whom is an independent director as determined by standards established by the AMEX for compensation committees. The Compensation Committee, which met one time during fiscal year 2008, has authority as delegated by the Board to review and approve our employee benefit plans and administer our executive compensation plans, as set forth in its Charter.

Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee members are Donald Russell, Roy Robinson and Thomas E. Whytas, each of whom is an independent director as determined by standards established by the AMEX for nominating committees. The Nominating Committee

reviews and assesses the composition of the Board, assists in identifying potential new candidates as directors, and submits its recommendations for nomination of directors to the Board. The Nominating Committee also regularly reviews the size and composition of the Board, individual director performance, and level of compensation of directors, and recommends to the Board any changes it deems appropriate. The policies and function of the Nomination Committee are detailed in its Charter, which is currently available at our website at www.aerosonic.com. The Nominating Committee met one time during fiscal year 2008.

Our Bylaws provide that stockholders may make nominations for election to the Board and the Nominating Committee will consider those nominees. To recommend a prospective nominee to the Nominating Committee for consideration at an annual meeting, stockholders must submit the prospective nominee's name and qualifications to the Corporate Secretary, in writing, by delivering or sending such recommendation not less than 90 days nor more than 120 days prior to the anniversary of the preceding year's annual meeting to the following address: Aerosonic Corporation, 1212 North Hercules Avenue, Clearwater, Florida, 33765, Attention: Corporate Secretary. Stockholders are urged to assure delivery of their recommendations by arranging for some form of delivery receipt. The Nominating Committee did not receive any nominees during the required time period for consideration at this year's annual meeting.

The Nominating Committee's policy regarding the consideration and selection of director candidates (whether recommended by directors, members of management, stockholders, or any other persons) is to seek candidates who have a demonstrable record of personal and professional ethics and integrity, business and professional experience, knowledge of our industry, academic achievements, service on other boards of directors, and civic involvement. The Nominating Committee has not set any objective minimum qualifications that must be met by a nominee, but rather seeks to identify candidates with outstanding backgrounds and experience as measured by the above selection criteria.

The Nominating Committee's process for identifying and evaluating director nominees includes active solicitation of suggestions from our management, as well as engaging in an active dialogue with executives and directors within our industry and in related industries. The Nominating Committee also considers nominations submitted by stockholders as discussed above. The Nominating Committee requires a background check by an independent contractor of any candidate it deems as an appropriate nominee, before making a recommendation of that person to the Board. The Company has not paid any fees to third parties to identify or evaluate or assist in identifying or evaluating potential nominees, but may consider the use of such third parties in the future.

Prior to his resignation as a Director, Robert J. McGill was a member of each of the Audit, Compensation and Nominating/Corporate Governance Committees.

COMPENSATION OF DIRECTORS

Each independent director receives annual cash compensation of \$20,000 plus an annual grant of shares of our common stock, valued at \$20,000, rounded to the next whole share. Russell and Whytas on April 30, 2007, July 31, 2007, October 31, 2007 and January 31, 2008, respectively. Awards of 667, 720 and 870 shares were made to Robert J. McGill, a former director, on April 30, 2007, July 31, 2007 and October 31, 2007, respectively. An award of 1,000 shares was made to Mr. Robinson on January 31, 2008. These awards were based on the closing price of our common stock on those dates.

The Company reimburses non-executive directors for actual travel and out-of-pocket expenses incurred in connection with their service to the Company.

Stock-Based Compensation

In fiscal year 2008, non-executive directors also received stock-based compensation of \$20,000 per year. All stock-based compensation is paid quarterly, on the last day of January, April, July and October. Communications to the Board from Stockholders

The Board welcomes communications from our stockholders, and requests that all such communications be sent to Aerosonic Corporation, 1212 North Hercules Avenue, Clearwater, Florida 33765, Attention: Corporate Secretary. All communications that relate to matters that are within the scope of responsibilities of the Board or its committees will be forwarded to the appropriate directors by the Corporate Secretary. Communications also may be addressed to one or more directors, or to the entire Board. If a stockholder requests that any such communication be treated as confidential and delivered only to one or more directors, it may be submitted in a sealed envelope with a request that the communication be treated as a confidential matter for immediate delivery to the intended recipient(s).

Code of Conduct

We have adopted a Code of Conduct that includes a code of ethics that applies to all of our employees and directors (including our principal executive officer and our principal finance and accounting officer). This Code of Conduct is posted on our website and is available for review at www.aerosonic.com/codeofconduct.html.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and specified officers to file reports on Forms 3, 4 and 5 with respect to their ownership and changes in ownership of our equity securities with the Securities and Exchange Commission (the SEC) and the AMEX and to furnish us with copies of these reports.

Based solely upon a review of the copies of these Form 3, 4, and 5 reports and amendments thereto that we received, and certain written representations that we received from these persons, we believe that all applicable filing requirements were complied with for fiscal year 2008 other than the Form 4 reports for stock grants to Messrs. Robinson, Russell and Whytas that occurred on January 31, 2008 were not reported until February 26, 2008.

Certain Relationships and Related Party Transactions

Aerosonic has maintained a long-standing business relationship with the Commercial Infrared division of Raytheon Company. In late 2004, L-3 Communications Corporation, the parent company of METI, the employer of Mr. Whytas (a current director), acquired this business from Raytheon and renamed it L-3 Integrated Systems Group. Aerosonic has continued its business relationship with the Integrated Systems Group. During fiscal year 2008 the Company had sales of its products to this division. These sales were made on terms at least as favorable as would have been available to other parties. The Company intends to continue its dealings with the L-3 Integrated Systems Group Products division going forward on similar terms. Based on the pertinent facts and circumstances and taking into consideration all applicable laws, regulations and stock exchange listing requirements, the Board has determined that this ongoing relationship is not material and does not affect the independence of Mr. Whytas.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee has the responsibility to review, approve and recommend for the approval of the full Board the annual compensation and compensation procedures for our executive officers: the president and chief executive officer, the executive vice president-chief financial officer, the executive vice president-sales and marketing and executive vice president-operations.

Compensation Objectives

The primary goals of our executive compensation are to incentivize and reward superior executive performance and encourage diligence, hard work and dedication. Our compensation programs are designed to enable us to achieve the following objectives:

to attract, engage and retain top talent that ensures the achievement of business goals, strategies and objectives;

to reward officers for long-term strategic management, which includes, among other things, the implementation of cost-saving strategies and retention of key customers; and

to reward superior executive performance that results in increased value for our stockholders.

Compensation Elements

Our executive compensation program has as a primary purpose to attract, retain and motivate highly trained, experienced individuals whose technical expertise and business talents will enable us to succeed. The key components of that program during the last fiscal year were base salary, annual bonus awards and long-term incentives, as discussed below.

Base Salary: The primary element of our executive compensation is base salary. In approving or fixing base salaries, the Compensation Committee acts in its collective business judgment and experience on what it understands to be fair, reasonable and equitable compensation in view of our requirements for recruiting and retention in a highly competitive market. In its deliberations, the Compensation Committee considers:

the executive's compensation relative to other officers;

recent and expected performance of the executive;

our recent and expected overall performance; and

our overall budget for base salary increases.

We rely upon our judgment of numerous factors, and not solely upon set numerical performance data or similar guidelines. We do not use short-term changes in our stock price as a guide in determining executive compensation. Key factors affecting our judgments include the nature and scope of each executive's responsibilities, effectiveness, productivity and growth. Of course, in order to attract and retain talented executives, our executive compensation also is calibrated by comparison to the executive compensation of executives at similarly sized and situated companies in our geographic area.

Cash Bonus Program. In addition to base salaries, each year we seek to reward superior executive performance through bonuses. We believe that this structure allows us the flexibility to reward performance without creating a system where annual bonuses are paid without regard to our performance and are viewed as an entitlement rather than an incentive and reward. At the end of each year, the Board, upon recommendation of the Compensation Committee, determines the level of achievement for each corporate goal and awards an overall grade for the achievement of corporate goals. Final determinations of bonus levels are then based on the achievement of these corporate goals and an assessment of the Company's overall success and an assessment of each individual's performance. Actual bonuses are paid to the executives in the first quarter of

the following year. No bonuses were awarded for fiscal year 2008 to the named executive officers.

Long-Term Incentives. We have one equity-based employee compensation plan, referred to as the Aerosonic Corporation 2004 Stock Incentive Plan, as amended and restated on July 26, 2007. Our long-term equity incentives are stock options and are designed to focus management on the long-term success of the Company to be evidenced by appreciation of the Company's stock price over several years, by growth in its earnings per share and other elements, and thereby, to align the interests of the optionees with the interests of the stockholders. No stock options were awarded in fiscal year 2008 to the named executive officers.

Management and Committee Compensation Actions for 2008. With respect to compensation paid in fiscal year 2008, the Compensation Committee reviewed the performance of each of our executive officers with the full Board for the purposes of determining the base salary of each, the amounts of any cash bonuses and other benefits, if any, to be paid or granted in consideration for the services that were provided during fiscal year 2008.

The Compensation Committee analyzed several factors, both qualitative and quantitative, in determining overall compensation packages for fiscal year 2008 in order to tie financial rewards paid to our executive officers, to both our then-current and expected future financial performance. In reviewing our fiscal year 2008 performance, including the decline in revenues, the results of our major development contract with a significant customer, the development in fiscal year 2008 of new products targeted for introduction during the upcoming 2009 fiscal year, the evaluation of financial performance metrics such as revenue, EBIT, cash flows, earnings per share, and the contributions of each executive officer with respect to our performance for such period, the Compensation Committee recommended, and the Board determined, that each executive officer, was entitled to no other compensation for fiscal year 2008 except for the executive's base salary, normal employment benefits afforded all employees and the amortization of the fair value of options granted in prior years that vested in fiscal year 2008.

Ownership Guidelines. We do not have a stock ownership policy for our executives.

Hedging and Insider Trading Policies. We do not have a formal policy on hedging. We prohibit trading in our securities during closed periods which are the two months before the release of annual results and one month before the release of quarterly results.

Equity Grant Practices. The Plan is administered by the Plan Committee. Option awards are granted by the Compensation Committee (and approved by the Board) and are based on the named executive officer's individual performance and contribution to the Company.

Retirement Benefits. We have no defined benefit pension plan. We have a 401(k) Plan covering substantially all employees. The 401(k) Plan is an important factor in attracting and retaining employees as it provides an opportunity to accumulate retirement funds. Our 401(k) Plan provides for annual deferral of up to \$15,500 for individuals until age 50, \$20,500 for individuals 50 and older, or, as otherwise allowed by the Internal Revenue Code. We match 100% of employee contributions up to 3% of employee salary. Matching contributions vest according to the following schedule:

Years of Service	Vested Interest
Less than 2 years	0%
2 years, but less than 3 years	33%
3 years, but less than 4 years	67%
4 years or more	100%

Welfare Benefits. In order to attract and retain employees, we provide certain welfare benefit plans to our employees, which include medical and dental insurance benefits, group term life insurance and disability insurance. We may also, from time to time provide other benefits to executives. The Company presently does not provide any additional benefits to its executive officers. None of these benefits are provided to non-employee directors.

Employment Agreements; Severance Arrangements. Each of Messrs. Perkins and Russo entered into an amended and restated employment agreement with the Company dated November 28, 2005. The Company provided notice on May 25, 2007 to Messrs. Perkins and Russo that the employment agreements would not be renewed and would expire on November 28, 2009; however, the Company would be providing an amendment to the current employment agreements to comply with the new Section 409A of the Internal Revenue Code of 1986. These employment agreements also provide for severance benefits. The severance benefit is payable in the event of termination of employment by the Company under certain limited circumstances or in the event of termination of employment by such employee in the event of a change in control (or during the eighteen month period following a change in control) that causes a material change in the terms of the employment agreement or reassigns the employee's principal place of employment in excess of 25 miles from employee's principal place of employment. A change in control takes place if (a) any person or affiliated group becomes the beneficial owner of more than 50% of our outstanding securities; (b) the stockholders of the Company approve a merger or consolidation of the Company with any other corporation or other entity, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than fifty percent (50%) of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; or (c) our stockholders approve of a plan for our liquidation or dissolution or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets. The severance benefit for termination by the Company in certain limited circumstances is base salary and benefit continuation and, in the discretion of the Board, bonus continuation for the remainder of time of the applicable employment agreement. Benefit continuation includes health and medical insurance, life insurance, 401(k) Plan match.

In the event if either Mr. Perkins or Mr. Russo terminates his respective employment due to a change in control resulting in a material change in the terms of his employment agreement or a reassignment of the employee's principal place of employment in excess of 25 miles from employee's principal place of employment, the Company will be obligated to pay, as severance pay, an amount equal to such employee's base salary at the current level at time of termination for the remainder of the term of the employment agreement (including any extension).

Mr. Pope's employment agreement commenced on September 24, 2007 and he is an at will employee. The employment agreement is terminable by: (i) employee on 30 days prior written notice, or immediately upon mutual agreement, and (ii) the Company at any time, with or without cause (as such is defined in the employment agreement), immediately upon written notice to Mr. Pope. In the event that the Company elects to terminate Mr. Pope without cause prior to September 23, 2008, the employee will be entitled to receive severance payments equal to three months salary or six months salary in the event of termination without cause after September 23, 2008.

As of January 31, 2008, the estimated cash value of benefits are for Messrs. Perkins, Russo and Pope are \$323,593, \$335,757 and \$43,750 respectively. The value of each of these estimated severance benefits is based on the amount of base salary and benefits payable from February 1, 2008 for the applicable time period. In addition, each of Messrs. Perkins and Russo may be entitled to bonus continuation, subject to the recommendation of the Compensation Committee and approval of the Board.

Options Vesting on Change in Control. Under the Plan, all outstanding options shown in the table below Outstanding Equity Awards at Fiscal Year-End for the Named Executive Officers will become immediately exercisable in the event that there is with respect to us, a change in control. A Change of Control, is defined by the Plan as: (i) the acquisition by a person of control of 50% or more of the combined voting securities of the Company, (ii) the merger or consolidation of the Company and any other entity where the voting securities of the Company prior to thereto do not represent more than 50% of the combined voting power of the voting securities of the Company or such surviving entity immediately after such merger or consolidation, or (iii) the stockholders

of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Indemnification and Insurance. Under our Certificate of Incorporation, indemnification is afforded our directors and executive officers to the fullest extent permitted by Delaware law and in addition, with respect to our independent directors pursuant to indemnification agreements entered into between the Company and each of such directors. In accordance with the terms of such indemnification agreements indemnification for the independent directors also includes payment of any costs which an indemnitee incurs because of claims against the indemnitee and provides for advancement to the indemnitee of those costs, including legal fees. We are, however, not obligated to provide indemnity and costs where it is adjudicated that the indemnitee did not act in good faith in the reasonable belief that the indemnitee's actions were in our best interests, or, in the case of a settlement of a claim, such determination is made by our Board of Directors.

We carry insurance providing indemnification, under certain circumstances, to directors and officers for claims against them by reason of, among other things, any act or failure to act in their capacities as directors or officers. The current annual premium for this policy is approximately \$128,000.

No payments have been made to any of our past or present directors or officers for such indemnification or under any insurance policy.

Compensation Recovery Policies. We maintain a policy that we will evaluate in appropriate circumstances whether to seek the reimbursement of certain compensation awards paid to an executive officer, if such executive engages in misconduct that caused or partially caused a restatement of our financial results, in accordance with section 304 of the Sarbanes-Oxley Act of 2002. If circumstances warrant, we will seek to recover appropriate portions of the executive officer's compensation for the relevant period, as provided by law.

Tax Deductibility of Executive Compensation. We review and consider the deductibility of executive non-performance based compensation under the requirements of Code Section 162(m), which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals, subject to certain exceptions, including an exception for performance-based compensation. We believe that compensation paid to our executives, including under our incentive plans is generally fully deductible for federal income tax purposes.

Other Compensation

All of our executives are eligible to participate in our health and welfare benefit plans. These plans are available to all employees and do not discriminate in favor of executive officers. It is generally our policy to not extend significant perquisites to our executives that are not available to all of our employees. We have no current plans to make changes to levels of benefits and perquisites provided to executives.

Tax and Accounting Considerations

We have structured our compensation program to comply with Section 409A of the Internal Revenue Code of 1986, as amended, or Section 409A. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income.

Benefit Plans

We have one equity incentive plan: the Plan. As of January 31, 2008, a total of 400,000 shares of our common stock had been reserved for issuance under the Plan.

The following table provides information as of January 31, 2008 with respect to shares of our common stock that may be issued under our equity compensation plan:

In performing all of these functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of management and our independent auditors, which, in their report, express an opinion on the conformity of our audited financial statements to accounting principles generally accepted in the United States. In reliance on the reviews and discussions referred to in this Report and in light of its role and responsibilities, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended January 31, 2008.

The Audit Committee of the Board of Directors held ten meetings during the fiscal year ended January 31, 2008.

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any of our other filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate the Audit Committee Report by reference therein.

1.1 An Independent Audit Committee.

The Board of Directors shall designate an Audit Committee, which shall be composed of at least two directors, all of whom must be independent directors. To be considered independent, the member, and the compensation received by such member, must satisfy the requirements of all applicable laws and regulations relative to audit committee independence, including without limitation those of the American Stock Exchange and the Securities and Exchange Commission, as determined by the Board.

1.2 Financial Qualifications.

The members of the Committee shall possess such degree of financial or accounting expertise as may be required by law or by the regulations of the Securities and Exchange Commission or the American Stock Exchange, as the Board of Directors interprets such qualification in its business judgment.

2.0 The Committee's Purposes.

The Committee shall provide assistance to the Board of Directors in fulfilling its responsibility to the Company and its shareholders relating to its oversight of management and its auditors in respect of corporate accounting, financial reporting practices, and the quality and integrity of the financial reports of the Company, including the Company's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and independent auditors, and the preparation of the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

It is not the role of the Committee to plan or conduct audits, to guarantee the accuracy or quality of the Company's financial statements or to determine that the financial statements are in accordance with generally accepted accounting principles and applicable laws and regulations. These are the responsibilities of management, the independent auditors and internal auditors. The Committee will comply with all relevant laws and regulations relative to (i) rotation of independent auditors or independent audit personnel and (ii) the performance of services by an independent audit firm when a former employee of that firm currently serves as chief executive officer, chief financial officer, chief accounting officer or equivalent officer of the Company.

3.3 Risk Assessment and Accounting Controls.

The Committee will review with the independent auditors, the Company's internal auditor, and appropriate financial and accounting personnel the adequacy and effectiveness of the accounting and financial controls of the Company, and guidelines and policies to govern the process by which risk assessment and risk management is undertaken, and will elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. The Committee will establish, implement and conduct an annual review of the procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

3.4 The Annual Audit.

The Committee will meet with the independent auditors and financial management of the Company to review the scope of the proposed audit plan for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the independent auditors.

The Committee will regularly review with the independent auditors any audit problems or difficulties the auditors encountered in the course of the audit work, including any restrictions on the scope of the independent auditors' activities or on access to requested information, and any significant disagreements with management, and management's response.

In that regard, no officer or director of the Company, or any other person acting under the direction thereof, shall violate any law or regulation that prohibits fraudulently influencing, coercing, manipulating, or misleading any independent auditor engaged in the performance of an audit of the financial statements of the Company for the purpose of rendering such financial statements materially misleading.

3.5 Hiring Policies.

The Committee will set clear hiring policies for employees or former employees of the independent auditors.

3.6 The Internal Audit Function.

The Company will maintain an internal audit function. The Committee will review the internal audit function of the Company, including the independence and authority of its reporting obligations, the proposed audit plans for the coming year, and the coordination of such plans with the independent auditors. The Committee will receive as necessary notification of material adverse findings from internal audits and a progress report on the proposed internal audit plan, as appropriate, with explanations for changes from the original plan.

3.7 Earnings Releases.

The Committee will discuss earnings press releases and financial information and earnings guidance provided to analysts and rating agencies, though this may be done generally (i.e., discussion of the types of information to be disclosed and the type of presentation to be made) and the Committee need not discuss in advance each earnings release or each instance in which the Company may provide earnings guidance.

3.8 Review of Financial Statements.

The Committee will discuss with management and the independent auditors the annual audited financial statements and the quarterly financial statements, including a discussion of all matters relevant thereto that are required to be discussed under any applicable law or regulation or that the Committee otherwise considers it desirable to discuss. In addition the independent auditors must timely report to the Committee on all matters that are required to be reported under any applicable law or regulation or that the independent auditors otherwise consider it desirable to report.

Each report that contains financial statements (including annual and quarterly reports), and that is required to be prepared in accordance with (or reconciled to) generally accepted accounting principles and filed with the SEC, shall reflect or disclose all information required to be reflected or disclosed under any applicable law or regulation, and in a manner in accordance with such law or regulation.

3.9 Separate Meetings.

Periodically, the Committee shall meet separately with management, with the internal auditor, and with the independent auditors. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Company's financial, accounting, and auditing personnel, and the cooperation that the independent auditors receive during the course of the audit.

3.10 Proxy Report.

The Committee will prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

3.11 Succession Planning.

The Committee will review accounting and financial staffing and succession planning within the Company as necessary.

3.12 Reporting to the Board.

The Committee will review the matters discussed at each Committee meeting with the Board of Directors. The Committee should review with the full board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors, or the performance of the internal audit function.

3.13 Investigations.

The Committee will investigate any matter brought to its attention within the scope of its duties to the extent and in such manner as it considers appropriate (including confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters). The Committee will discuss with management and the independent auditors any correspondence with regulators or governmental agencies and any employee complaints or published reports that raise material issues regarding the Company's financial statements or accounting policies. The Company will follow all provisions of law or regulation that prohibit discipline of or discrimination against employees who report what they reasonably believe to be violations of any law, rule or regulation applicable to the Company.

3.14 Ethics Policy Compliance.

The Committee will review compliance with the Company's Ethics Policy annually, to the extent required by applicable laws or regulations:

(A) the Ethics Policy will continue to be applicable to senior financial officers of the Company, including its principal financial officer, and its controller or principal accounting officer, and to persons performing similar functions;

(B) the Company immediately shall disclose, by means of the filing of an applicable SEC reporting form, dissemination by the Internet or by other electronic means, any waiver of or change in the Ethics Policy for such senior financial officers;

(C) the Company's Ethics Policy shall continue to include such standards as are reasonably necessary to promote: (1) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (2) full, fair, accurate, timely, and understandable disclosure in the periodic reports required to be filed by the Company; and (3) compliance with applicable governmental laws and regulations.

3.15 Legal Compliance.

The Committee will review compliance with the company's legal compliance policy annually. The Committee will discuss with the Company's General Counsel legal matters that may have a material impact on the company's financial statements or compliance policies.

3.16 Review of the Committee Charter.

The Committee will review the Audit Committee charter annually and include it in the company's proxy statement as required by applicable law or regulation.

3.17 Outside Advisors.

The Committee may obtain advice and assistance from outside legal, accounting or other advisors as it deems appropriate. It may retain these advisors after seeking board approval. The Company will provide appropriate funding, as determined by the Committee, for payment of the compensation of the independent auditors and to any advisors engaged by the Committee.

3.18 Performance Evaluations.

The Committee will conduct an annual performance evaluation of the Committee.
