**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Administrator of the

Cincinnati Bell Inc. Savings and Security Plan:

We have audited the accompanying statements of net assets available for benefits of the Cincinnati Bell Inc. Savings and Security Plan (the Plan ) as of December 30, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 30, 2007. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 30, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 30, 2007, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at year end) as of December 30, 2007, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audits of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Plan Description and Accounting Policies

a. **General:** The Cincinnati Bell Inc. Savings and Security Plan (the Plan ) is sponsored by Cincinnati Bell Inc. (together with its subsidiaries, the Company or Cincinnati Bell ) and administered generally through the Company Employees Benefit Committee.

The Plan is, subject to certain exceptions, currently available to hourly employees of the Company. Hourly employees are generally defined as employees who are either represented by a collective bargaining unit or whose position is or had been subject to automatic wage progression. In addition, certain persons who might be considered part of the above classes of employees (including but not limited to co-op students, interns, temporary employees, and contingency employees) are ineligible to participate in the Plan.

These Notes to Financial Statements provide a brief description of certain provisions of the Plan, but do not constitute a document under which the Plan is operated, and, in the event of any conflict between these Notes to Financial Statements and the Plan documents, the Plan documents shall control. Participants must refer to the Plan documents and to the summary plan description for further details of the Plan.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code ), and the Employee Retirement Income Security Act of 1974, as amended ( ERISA ).

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. The Plan s fiscal year (the plan year ) begins each December 31 and ends the following December 30. The Plan s trustee is Fidelity Management Trust Company (together with its affiliates, Fidelity ).

In accordance with Financial Accounting Standards Board Staff Position AAGINV-1 and Statement of Position No. 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Benefit Contribution Health and Welfare and Pension Plans, the Statement of Net Assets Available for Benefits presents the fair value of the Plan s investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is presented on a contract value basis for the fully benefit-responsive investment contracts.

Statement of Financial Accounting Standards ( SFAS ) No. 157, Fair Value Measurements, was issued in September 2006. The objective of the Statement is to define fair value, establish a framework for measuring fair value and expand disclosures about fair value measurements. As it relates to financial assets and liabilities, SFAS No. 157 will be effective for interim and annual reporting periods beginning after November 15, 2007. Other than the expanded disclosures, the Company expects the impact of SFAS No. 157 on financial assets and liabilities will be immaterial.

b. **Employee Contributions:** The Plan permits each participant, who has generally completed at least one year of service, to contribute for each pay period, in before-tax and/or after-tax dollars, any amount that is an increment of \$5 and not more than 75% of the participant s compensation.

Table of Contents

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

The amount of a participant's before-tax contributions for any calendar year generally cannot exceed \$15,500, the legal limit in 2007. If the participant is age 50 or older by the end of the calendar year, the participant is allowed to make additional before-tax contributions up to \$5,000, the legal limit in 2007. The amount of a participant's before-tax contributions for any plan year may be further limited when the participant is considered a highly compensated participant under legal rules, pursuant to certain legal nondiscrimination requirements that are intended to prevent highly compensated participants making before-tax contributions that on average (measured as a percent of their compensation) are far beyond the before-tax contributions that on average are made by participants who are not highly compensated. Such rules did not impact the before-tax contributions of any highly compensated participant for the plan year ended December 30, 2007.

Participant contributions to the Plan are allocated to the participant's account under the Plan (Plan account). A participant is always fully vested in the part of the Plan account attributable to employee contributions.

A participant is generally not subject to federal income tax on the amount of before-tax contributions to the Plan or on the participant earnings on these and after-tax contributions until the amounts are distributed from the Plan to the participant.

c. **Employer Contributions:** Under the current terms of the Plan, the Company makes matching contributions in an amount equal to 66 2/3% of the participant's basic contributions made for any pay period. A participant's basic contributions are, for this purpose, generally equal to the portion of the participant's before-tax and after-tax contributions made for any week that is not in excess of a certain amount that is set out in the Plan document and based on the level of the participant's base pay for the applicable week. The excess of a participant's contributions over the basic contribution limit is not eligible for the Company match. Matching contributions are generally made on a bi-weekly basis under the current practice of the Company and must be made by the end of the first full month that ends after the participant's related contributions are made.

The Company's matching contributions are allocated to the participant's Plan account. A participant is generally vested in the Company's matching contributions if credited with at least three years of vesting service. However, a participant may become vested in such part of his or her Plan account in certain other situations, including continued employment with the Company after attaining age 65 or termination of employment with the Company due to total disability or death.

A participant is generally not subject to federal income tax on the amount of the matching contributions or on the Plan's earnings on these contributions until the amounts are distributed from the Plan to the participant.

d. **Rollovers:** A participant may elect to rollover to the Plan an otherwise taxable distribution from another employer's tax-qualified savings, profit sharing, or other employer plan, if the distribution meets certain conditions set forth in the Plan and the Code. Any rollover contributions made to the Plan are allocated to the participant's Plan account. A participant is always fully vested in the rollover contributions.

A participant is generally not subject to federal income tax on the rollover contributions or on the earnings on the rollover contributions until the amounts are distributed from the Plan to the participant.

e. **Employee-Directed Investments:** A participant can specify the manner in which contributions made by or for the participant to the Plan shall be invested in the available funds under the Plan (see Note (1)h below), and may elect to change the funds to which future contributions are allocated and transfer amounts held in the participant's Plan account from one fund to another.

**Table of Contents**

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

f. **Distributions to Participants:** A participant may receive a distribution of all or a portion of his or her Plan account while employed by the Company only in certain circumstances.

In general, a participant, while still employed by the Company, may withdraw, for any reason, after-tax contributions, rollover contributions, and the vested part of the Plan account attributable to Company matching contributions made for plan years before the three consecutive plan year period that ends with the plan year of the withdrawal. However, if the participant withdraws any after-tax contributions that have received a matching contribution from the Company and were contributed in the plan year of the withdrawal and/or either of the two immediately preceding plan years, the entire non-vested portion of his or her Plan account will be forfeited, and the participant will be suspended from actively participating in the Plan for six months after the withdrawal.

Further, a participant, while still employed by the Company, can withdraw amounts that are attributable to before-tax contributions if the withdrawal is required by reason of the participant's hardship situation, which meets the rules set forth in the Plan concerning hardship withdrawals. Any hardship withdrawal may not include the earnings on the before-tax contributions that were allocated after December 31, 1988.

Other than for the withdrawals described above, the distribution of a participant's Plan account will generally occur only after the participant's employment with the Company has terminated for any reason, including retirement, discharge, termination, disability, or death. Only the portion of the participant's Plan account that is vested may be distributed; the non-vested portion of such account, if any, is forfeited in accordance with rules set forth in the Plan.

If the value of the participant's vested Plan account is \$1,000 or less, the participant's account under the Plan can be distributed, within a reasonable administrative period, in a lump sum and without the consent of the participant after the participant's employment with the Company ends for any reason.

g. **Employee Loans:** Loans are available from the Plan to participants under the current provisions and policies of the Plan. Loans are subject to several conditions, certain of which are described below.

A participant cannot have more than two outstanding loans from the Plan at any time. The minimum amount of any loan to a participant is \$1,000, while the maximum amount cannot exceed the lesser of (i) 50% of the vested balance of the participant's Plan account excluding the amount of such account that is attributable to the participant's contributions which were matched and the associated matching contributions from the Company, for the plan year of the loan and the two preceding plan years, and income earned after 1988 on the participant's before-tax contributions or (ii) \$50,000 reduced by the highest outstanding balance of loans made to the participant from the Plan and other plans of the Company during the one year period preceding the new loan date.

The Company Employees' Benefit Committee determines the interest rate charged by the Plan on a loan made to a participant. In general, a loan rate is based on the prime rate plus 1.0% at the time the loan is made. As of December 30, 2007, interest rates on loans made under the Plan ranged between 5.0% and 10.0% per annum. For the plan year ended December 30, 2007, a participant also pays to Fidelity a \$35 origination fee for processing a new Plan loan and a \$15 annual maintenance fee for the life of the loan.

In general, any loan to a participant must be repaid through payroll deductions and be collateralized by up to 50% of the vested portion of the participant's Plan account. The minimum term of any loan to a participant is 6 months, and the maximum term of a loan is 60 months.

In addition, as of December 30, 2007 and 2006, the Plan held investments in the Convergys Corporation Common Stock Fund, which reflects common shares of Convergys Corporation ( Convergys ) that were received by the Plan due to the Company's distribution of Convergys shares to the Company's shareholders as of December 31, 1998. Participants who have interests in the Convergys Corporation Common Stock Fund may transfer their balances to other funds available under the Plan but cannot transfer or direct future contributions to the Convergys Corporation Common Stock Fund. The plan was amended in 2007, and effective as of the end of September 29, 2008, the balance in such investment option will be transferred to the Plan's default investment option, currently, an age specific Vanguard Target Retirement Fund.

The Plan's investments are stated at fair value. Each fund investment of the Plan is valued using the quoted market prices of the shares of each applicable mutual or other fund. The values of the Plan's Cincinnati Bell Inc. and Convergys Corporation Common Stock Funds were determined by the ending share values as last published by the New York Stock Exchange on December 30, 2007 and 2006. Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds based on the fair market value of the underlying investments. Common collective trust funds with underlying investments in investment contracts are valued at fair value of the underlying investments and then adjusted to contract value. Loans to participants made by the Plan were valued at the principal amount owed by the participants on December 30, 2007 and 2006.

Purchases and sales of securities are reflected as of the trade date. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded on an accrual basis.

**Table of Contents**

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

- i. **Administrative Expenses:** Administrative expenses of the Plan that are not clearly related to a specific investment fund are generally paid by the Company. However, the Plan permits certain of these expenses to be paid from the Plan assets and allocated and charged to each participant's account based on the proportion that such participant's account balance bears to all account balances under the Plan.
- j. **Forfeitures:** Any amounts forfeited by participants under the Plan are applied to reduce subsequent contributions of the Company to the Plan. During the plan year ended December 30, 2007, the Company's contributions were reduced by an immaterial amount from forfeited non-vested amounts.
- k. **Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of Net Assets Available for Benefits and the reported Changes in Net Assets Available for Benefits during the reporting period. Actual results could differ from these estimates.
- l. **Transfer to/from Other Plans:** If a Plan participant becomes a participant of the Cincinnati Bell Retirement Savings Plan, or if a participant of the Cincinnati Bell Retirement Savings Plan becomes a participant of the Plan, their Plan account balances are transferred to and assumed by the recipient plan. These transfers are included in Transfers to other Company-sponsored plans, net on the Statement of Changes in Net Assets Available for Benefits.

(2) **Interest in Master Trust**

At December 30, 2007 and 2006, the Plan's assets were held by the Cincinnati Bell Retirement Savings Plans Master Trust (the Master Trust). The Master Trust holds only the assets of the Plan and the Cincinnati Bell Retirement Savings Plan, an additional plan sponsored by the Company.

The purpose of the Master Trust is the collective investment of assets of the Plan and the Cincinnati Bell Retirement Savings Plan (collectively, the Savings Plans). Master Trust assets are allocated to the Savings Plans by assigning to each plan those transactions (primarily contributions and benefit payments) which can be specifically identified to that Savings Plan. Net investment income, gains and losses, and expenses resulting from the collective investment of the assets are allocated to the Savings Plans in proportion to the fair value of the assets allocated to the Savings Plans.

**Table of Contents**

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 30, 2007 and 2006, the Plan's percentage of assets held in the Master Trust was 35% and 36%, respectively. The following table presents the fair value of the total investments held by the Master Trust, excluding participant loans, in which the Plan invests:

<i>(dollars in thousands)</i>	December 30,	
	2007	2006

\* Investments did not equal 5% or more of the Plan's net assets.

(3) Amendment or Termination of the Plan

While the Company has not expressed any intent to terminate the Plan, it reserves the right to amend or terminate the Plan at any time. In the event of the termination of the Plan, all affected participants' accounts would become 100% vested.

(4) Tax Status

The Internal Revenue Service issued on October 15, 2002 a favorable determination that the Plan meets the requirements of Section 401(a) of the Code and is exempt from federal income taxes under Section 501(a) of the Code. Such determination letter did not involve a review of the effect on the Plan of certain recent tax laws that have become effective after 2001. The Plan administrator believes that the Plan is designed and has been operated in compliance with the applicable requirements of such recent tax laws. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(5) Related Party Transactions

The Plan invests in the Master Trust, and the Master Trust's investments include shares of Cincinnati Bell Inc. common stock and shares of mutual funds managed by Fidelity. Cincinnati Bell is the sponsor and administrator of the Plan, and Fidelity is the Plan's trustee. Therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan to these parties-in-interest for the plan year were \$27,884.

The amount of common stock of Cincinnati Bell Inc., the Plan sponsor, held in the Master Trust for the Plan was 2,514,894 and 2,941,231 shares with a cost basis of \$15,147,994 and \$18,267,043 at December 30, 2007 and 2006, respectively.

**Table of Contents**

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Concentrations, Risks, and Uncertainties

The Master Trust has a significant concentration of investments in Cincinnati Bell Inc. and Convergys Corporation common stock. A change in the value of these stocks could cause the value of the Plan's net assets to change significantly due to this concentration.

The Plan provides for various investment options in money market funds, mutual funds, commingled funds, and Cincinnati Bell Inc. and Convergys Corporation common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(7) Contingencies - ERISA Settlement

Between November 18, 2002 and March 17, 2003, five putative class action lawsuits, which were consolidated, were filed against the Company (which was then named Broadwing Inc.) and certain of its current and former officers and directors in the United States District Court for the Southern District of Ohio. Fidelity Management Investment Company was also named as a defendant in these actions.

The cases, which purported to be brought on behalf of the Plan, the Cincinnati Bell Retirement Savings Plan (then named the Broadwing Retirement Savings Plan), and a class of participants in the Savings Plans, generally alleged that the defendants breached their fiduciary duties under ERISA by improperly encouraging the Savings Plans' participant-plaintiffs to elect to invest in the Company stock fund within the relevant plan and by improperly continuing to make employer contributions to the Company stock fund within the relevant plan.

On February 22, 2006, the Company entered into a Stipulation and Agreement of Settlement of ERISA Actions (the Agreement) providing for the settlement of the consolidated case with no finding or admission of any wrongdoing by any of the defendants in the lawsuit. Under the Agreement, defendants were obligated to pay \$11 million, which payment has been made on their behalf by their insurers, to a fund to settle the claims of, and obtain a release of all claims from the class members. On March 13, 2006, the Court issued an order giving preliminary approval of the Agreement and scheduled a Settlement Fairness Hearing. The Settlement Fairness Hearing took place on June 22, 2006. On October 5, 2006, the Court issued a final order approving the Stipulation and Agreement of Settlement as submitted by the parties. Accordingly, this case has been dismissed with prejudice.

Administrators, appointed by the plaintiffs' counsel, allocated the settlement proceeds (after deducting plaintiffs' attorneys' fees, the costs of an independent fiduciary employed to act on behalf of the Savings Plans, and the other costs of the administration of the Agreement) among persons who were in the class of persons on whose behalf the cases were purportedly brought based on a prescribed calculation in the Agreement. Under the Agreement, such persons received a percentage of the net settlement proceeds equal to their share of the total loss of the Savings Plans arising from the investment in the Company's stock (as such loss was determined and agreed to for purposes of the Agreement). The net settlement proceeds were paid directly to Plan accounts in April 2008.

(8) Subsequent Event

On January 31, 2008, the Company and the Communication Workers of America ( CWA ) reached a tentative agreement on a new labor contract. The new agreement was ratified by the local CWA membership on February 27, 2008. The following arrangements affecting the Plan were agreed to in the contract for employees hired on or after February 1, 2008:

Employees will be able to participate in the Plan immediately upon being hired.

The Company will make matching contributions in an amount equal to 100% of the participant s basic contributions made for any pay period. Basic contributions will be calculated in the same manner as discussed above in Employer Contributions.

(9) Reconciliation of Financial Statements to Form 5500
