**PROXY STATEMENT**

**ANNUAL MEETING OF SHAREHOLDERS**

**To Be Held on May 4, 2010**

**I. INFORMATION ABOUT VOTING**

**Some Questions You May Have Regarding This Proxy Statement**

**Why am I receiving this proxy statement?**

You are receiving this proxy statement because you own shares of our common stock that entitle you to vote at the 2010 Annual Meeting of Shareholders. Our Board of Directors is soliciting proxies from shareholders who wish to vote at the Annual Meeting. By use of a proxy, you can vote even if you do not attend the Annual Meeting. This proxy statement describes the matters on which you are being asked to vote and provides information on those matters so that you can make an informed decision.

This year we have elected to take advantage of a rule issued by the Securities and Exchange Commission (the "SEC") that allows us to furnish proxy materials to shareholders online. We believe electronic delivery will expedite the receipt of materials, while significantly lowering our costs and reducing the environmental impact of the Annual Meeting by reducing the amount of materials we print and mail. On about March 1, 2010, we mailed to shareholders either (1) a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement and annual report online or (2) a printed set of proxy materials, including this proxy statement, our 2009 Annual Report and a proxy card. If you receive a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the materials, unless you specifically request one. The Notice of Internet Availability of Proxy Materials contains instructions on how to receive a paper copy of the materials.

Most beneficial shareholders received a Notice of Internet Availability of Proxy Materials instead of a paper copy of the proxy materials. Generally, shareholders of record were mailed a printed set of materials, unless they elected to receive the materials electronically.

**When and where is the Annual Meeting?**

We will hold the Annual Meeting on Tuesday, May 4, 2010, at 9:00 a.m. EST at our corporate offices located at 1000 Corporate Drive, Suite 600, Fort Lauderdale, Florida 33334.

**Who may vote at the Annual Meeting?**

You may vote all of the shares of our common stock that you owned at the close of business on March 5, 2010, the record date. On the record date, we had 29,048,512 shares of our common stock outstanding and entitled to be voted at the Annual Meeting. You may cast one vote for each share of our common stock held by you on all matters presented at the Annual Meeting.

**What am I voting on?**

There are four proposals that will be voted on at the Annual Meeting:

1. To elect seven directors to serve until the next annual meeting or until their respective successors have been duly elected and qualified (Proposal 1);

**Table of Contents**

2. To ratify the appointment of Ernst & Young LLP (E&Y) as our independent registered public accounting firm for 2010 (Proposal 2);
  
3. To amend our Certificate of Incorporation to increase the number of shares of common stock that we are authorized to issue from 50,000,000 to 100,000,000 (Proposal 3); and
  
4. To amend and restate the Company's Equity Incentive Plan (Proposal 4).

We will also consider other business that properly comes before the Annual Meeting in accordance with Delaware law and our bylaws.

**What are the Board's voting recommendations?**

The Board recommends that you vote your shares FOR each of nominees named in this proxy statement for election as directors and FOR each of Proposals 2, 3 and 4.

**How do I vote?**

If you are a shareholder of record, you may vote on the Internet, by telephone or by signing, dating and mailing your proxy card. Detailed instructions for Internet and telephone voting are set forth on the proxy card. You may also vote in person at the Annual Meeting.

If you are a beneficial shareholder, you must follow the voting procedures of your broker, bank or trustee included with your proxy materials. If your shares are held by a bank, broker or other intermediary and you intend to vote at the Annual Meeting, please bring with you evidence of your ownership as of the record date (such as a letter from the bank, broker or intermediary confirming your ownership or a bank or brokerage firm account statement).

**Who is a shareholder of record?**

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares. The Notice of Annual Meeting, this proxy statement, our 2009 Annual Report and the proxy card have been sent directly to you via mail or, if previously requested, electronically.

**Who is a beneficial owner?**

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. The Notice of Internet Availability of Proxy Materials has been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by following their instructions for voting by telephone or on the Internet or, if you specifically request a copy of the printed materials, you may use the voting instruction card included in such materials.

**Table of Contents**

**What percentage of the common stock is required to approve the proposals?**

Provided a quorum is present at our Annual Meeting, our Certificate of Incorporation, Bylaws and the Delaware General Corporation Law establish the requisite vote required to approve the proposals.

| <b>Proposal</b>   | <b>Vote</b>                           |
|---|---------------------------------------|
| Election of Directors                                     | <b>Required</b><br>Plurality          |
| Ratification of E&Y                                       | Majority of the votes<br>cast         |
| Approval of Amendment to the Certificate of Incorporation | Majority of the<br>outstanding shares |
| Approval of Amended and Restated Equity Incentive Plan    | Majority of the votes<br>cast         |

***Election of Directors***

In the election of directors, assuming a quorum is present, the seven nominees receiving the highest number of votes cast at the Annual Meeting will be elected. You may vote for or withheld with respect to the election of each director. Only votes for or withheld are counted in determining whether a vote has been cast in favor of a director. Abstentions and broker non-votes are not counted as votes cast for the election of directors and will therefore have no impact on the approval of the proposal.

***Ratification of E&Y***

A majority of the votes cast is required to approve Proposal 2, the ratification of E&Y as our independent registered certified public accounting firm. Abstentions and broker non-votes, are not counted as votes cast for this Proposal and will therefore have no impact on the approval of the proposal.

***Approval of Amendment to the Certificate of Incorporation***

A majority of the outstanding shares of our common stock is required to approve Proposal 3, to increase the number of shares of common stock that we are authorized to issue from 50,000,000 to 100,000,000. As a result, abstentions and broker non-votes will have the same effect as negative votes.

***Approval of Amended and Restated Equity Incentive Plan***

A majority of the votes cast is required to approve Proposal 4, to amend and restate our Equity Incentive Plan. Abstentions and broker non-votes, are not counted as votes cast for this Proposal and will therefore have no impact on the approval of the proposal.

## **Table of Contents**

### **What constitutes a quorum, and why is a quorum required?**

We are required to have a quorum of shareholders present to conduct business at our Annual Meeting. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares entitled to vote on the record date will constitute a quorum, permitting us to conduct the business of the Annual Meeting. Proxies received but marked as abstentions, if any, and broker non-votes will be included in the calculation of the number of shares considered to be present at the Annual Meeting for quorum purposes. If we do not have a quorum, we will be forced to reconvene the Annual Meeting at a later date.

### **What if I abstain or withhold authority to vote on a proposal?**

If you sign and return your proxy marked abstain or withhold on any proposal, your shares will not be voted on that proposal and will not be counted as votes cast in the final tally of votes with regard to that proposal. However, your shares will be counted for purposes of determining whether a quorum is present.

### **What if I sign and return my proxy without making any decisions?**

If you sign and return your proxy without making any selections, your shares will be voted for each of the proposals. If other matters properly come before the Annual Meeting, Kevin McGrath and Thomas Hoyer will have the authority to vote on those matters for you at their discretion. As of the date of this proxy, we are not aware of any matters that will come before the Annual Meeting other than those disclosed in this proxy statement.

### **What if I am a beneficial shareholder and I do not give the nominee voting instructions?**

If you are a beneficial shareholder and your shares are held in the name of a broker, the broker is bound by the rules of the New York Stock Exchange regarding whether or not it can exercise discretionary voting power for any particular proposal if the broker has not received voting instructions from you. Brokers have the authority to vote shares for which their customers do not provide voting instructions on certain routine matters. If the broker does not vote on a particular proposal because that broker does not have discretionary voting power, this is referred to as a broker non-vote. Broker non-votes will be considered as represented for purposes of determining a quorum, but will not otherwise affect voting results.

On July 1, 2009, the SEC approved a change to the NYSE rules that stated that the election of directors would no longer be considered a routine matter, whether or not the election was contested. Consequently, if you do not give your broker instructions, your broker will not be able to vote on the election of directors or approval of the Amended and Restated Equity Incentive Plan. If you are a beneficial shareholder and your shares are held in the name of a broker, the broker is permitted to vote your shares on the ratification of the appointment of E&Y and approval of the Amendment to our Certificate of Incorporation to increase the authorized shares of common stock, even if the broker does not receive voting instructions from you.

The table below sets forth, for each proposal on the ballot, whether a broker can exercise discretion and vote your shares absent your instructions and if not, the impact of such broker non-vote on the approval of the proposal.

**Table of Contents**

| <b>Proposal</b>   | <b>Can Brokers Vote Absent Instructions?</b> | <b>Impact of Broker Non-Vote</b> |
|---|--|----------------------------------|
| Election of Directors                                     | No   | None                             |
| Ratification of Auditors                                  | Yes  | N/A                              |
| Approval of Amendment to the Certificate of Incorporation | Yes  | N/A                              |
| Approval of Amended and Restated Equity Incentive Plan    | No   | None                             |

**Can I change my vote after I have delivered my proxy?**

Yes. You may revoke your proxy at any time before its exercise. You may also revoke your proxy by voting in person at the Annual Meeting. If you are a beneficial shareholder, you must contact your brokerage firm or bank to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the Annual Meeting.

**Who can attend the Annual Meeting?**

Only shareholders and our invited guests are invited to attend the Annual Meeting. To gain admittance, you must bring a form of personal identification to the Annual Meeting, where your name will be verified against our shareholder list. If a broker or other nominee holds your shares and you plan to attend the Annual Meeting, you should bring a recent brokerage statement showing your ownership of the shares as of the record date, a letter from the broker confirming such ownership, and a form of personal identification.

**If I plan to attend the Annual Meeting, should I still vote by proxy?**

Yes. Casting your vote in advance does not affect your right to attend the Annual Meeting. If you send in your proxy card and also attend the Annual Meeting, you do not need to vote again at the Annual Meeting unless you want to change your vote. Written ballots will be available at the Annual Meeting for shareholders of record. Beneficial shareholders who wish to vote in person must request a legal proxy from the broker or other nominee and bring that legal proxy to the Annual Meeting.

**Is there a list of shareholders entitled to vote at the Annual Meeting?**

The names of shareholders of record entitled to vote at the Annual Meeting will be available at our corporate office for a period of 10 days prior to the Annual Meeting and continuing through the Annual Meeting.

**Where can I find voting results of the Annual Meeting?**

We will announce the results for the proposals voted upon at the Annual Meeting and publish final detailed voting results in a Form 8-K filed four business days after the Annual Meeting.

**Who will bear the cost for soliciting votes for the Annual Meeting?**

We will bear any expenses in conjunction with the solicitation of the enclosed proxy, including the charges of brokerage houses and other custodians, nominees or fiduciaries for forwarding documents to shareholders. In addition, proxies may be solicited by mail, in person, or by telephone or fax by certain of our officers, directors and regular employees.

**Table of Contents**

**How can I communicate with the Board of Directors?**

Shareholders may communicate with the Board of Directors by directing their communications in a hard copy (i.e., non-electronic) written form to the attention of one or more members of the Board of Directors, or to the Board of Directors collectively, at our corporate office located at 1000 Corporate Drive, Suite 600, Fort Lauderdale, Florida 33334. A shareholder communication must include a statement that the author of such communication is a beneficial or record owner of shares of our common stock. Our Corporate Secretary will review all communications meeting the requirements discussed above and will remove any communications relating to (i) the purchase or sale of products or services, (ii) communications from suppliers or vendors relating to our obligations or the obligations of one of our subsidiaries to such supplier or vendor, (iii) communications from opposing parties relating to pending or threatened legal or administrative proceedings regarding matters not related to securities law matters or fiduciary duty matters, and (iv) any other communications that the Corporate Secretary deems, in his or her reasonable discretion, unrelated to our business. The Corporate Secretary will compile all communications not removed in accordance with the procedure described above and will distribute such qualifying communications to the intended recipient(s). A copy of any qualifying communications that relate to our accounting and auditing practices will also be sent directly to the Chairman of the Audit Committee, whether or not it was directed to such person.

**Can I receive future proxy materials electronically?**

Yes. If you are a shareholder of record you may, if you wish, receive future proxy statements and annual reports online. If you vote via the Internet as described on your proxy card, you may sign up for electronic delivery at the same time. You may also register for electronic delivery of future proxy materials on the Investor Relations page of our website at [www.ediets.com](http://www.ediets.com), under the Investor Relations section.

If you elect this feature, you will receive an e-mail message notifying you when the materials are available along with a web address for viewing the materials and instructions for voting by telephone or on the Internet.

We encourage you to sign up for electronic delivery of future proxy materials as this will allow you to receive the materials more quickly and will reduce printing and mailing costs.

**Table of Contents****III. PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed E&Y to continue to serve as our independent registered certified public accounting firm for the 2010 fiscal year. E&Y has served as our independent registered certified public accounting firm since 1999. In the event our shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee. Approval of the resolution will in no way limit the Audit Committee's authority to terminate or otherwise change the engagement of E&Y for the 2010 fiscal year.

In connection with the audit of our 2009 financial statements and internal control over financial reporting, we entered into an agreement with E&Y that sets forth the terms by which E&Y performed audit services for us. That agreement is subject to alternative dispute resolution procedures for all claims, other than claims seeking non-monetary or equity relief.

E&Y serves as the independent registered certified public accounting firm for Prides Capital Partners, LLP, our largest shareholder.

A representative of E&Y is expected to attend the Annual Meeting, will have the opportunity to make a statement if desired, and will be available to answer appropriate questions.

### ***Pre-Approval Policies and Procedures for Audit and Permitted Non-Audit Services***

The Audit Committee's policy requires that the Audit Committee must approve any audit or permitted non-audit service proposed to be performed by its independent auditors in advance of the performance of such service. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has not implemented a policy or procedure that delegates the authority to approve, or pre-approve, audit or permitted non-audit services to be performed by E&Y. In connection with making any pre-approval decisions, the Audit Committee must consider whether the provision of such permitted non-audit services by E&Y is consistent with maintaining E&Y's status as our independent auditors.

Consistent with these policies and procedures, the Audit Committee approved all of the services rendered by E&Y during fiscal year 2009, as described above.

### ***Audit Committee Report***

The Audit Committee oversees the accounting and financial reporting processes of the Company on behalf of the Board of Directors. Management has primary responsibility for the Company's financial statements, financial reporting process and internal controls over financial reporting. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and evaluating the effectiveness of internal controls and issuing reports thereon. The Audit Committee's responsibility is to select the independent auditors and monitor and oversee the accounting and financial reporting processes of the Company, including the Company's internal controls over financial reporting, and the audits of the financial statements of the Company.

During the course of 2009 and the first quarter of 2010, the Audit Committee regularly met and held discussions with management and the independent auditors. In the discussions related to the Company's consolidated financial statements for fiscal year 2009, management represented to the Audit Committee that such consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee reviewed and discussed with management and the independent auditors the audited consolidated financial statements for fiscal year 2009.

In fulfilling its responsibilities, the Audit Committee discussed with the independent auditors the matters that are required to be discussed by Statement on Auditing Standards No. 61 (as amended) (Communication with Audit Committees). In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence, and the Audit Committee discussed with the independent auditors that firm's independence. In connection with this discussion, the Audit Committee also considered whether the provision of services by the independent auditors not related to the audit of the Company's financial statements for fiscal year 2009 is compatible with maintaining the independent auditors' independence. The Audit Committee's policy requires that the Audit Committee approve any audit or permitted non-audit service proposed to be performed by its independent auditors in advance of the performance of such service.

Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representations of management and the written disclosures and letter of the independent auditors provided to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended December 31, 2009 be included in the Company's Annual Report on Form 10-K, for filing with the SEC.

See the portion of this proxy statement titled "Corporate Governance - Board Committees" beginning on page [ ] for information on the Audit Committee's meetings in 2009.

### **IV. CORPORATE GOVERNANCE**

#### ***Board Meetings***

During 2009, the Board of Directors held a total of 9 meetings, including 4 regular meetings and 5 special meetings. Each incumbent director attended at least 75% of the aggregate of (1) the total number of meetings of the Board during the period which he was a director and (2) the total number of meetings of all Board committees ( Committees ) on which he served during the period which he was a director. It is the policy of the Board of Directors to encourage its members to attend the Annual Meeting. All members of the Board of Directors except Mr. Cootey were present at the 2009 Annual Meeting.

The non-management members of the Board of Directors generally meet in executive session at each regularly scheduled meeting of the Board.

#### ***Board Independence***

The Nasdaq listing standards require that a majority of our Board of Directors and all members of our Audit Committee, Compensation Committee and Governance and Nominating Committee ( GNC Committee ) be comprised of directors who are independent, as such term is defined by Rule 5605(a)(2) of Nasdaq's Marketplace Rules. Our Board of Directors undertook its annual review of director independence in March 2010, which included a review of each director's responses to questionnaires asking about any relationships with us, members of our senior management and other members of our Board of Directors. This review is designed to identify and evaluate any transactions or relationships between a director or any member of his or her immediate family and us, or members of our senior management or other members of our Board of Directors, and all relevant facts and circumstances regarding any such transactions or relationships. Based on this review, our Board of Directors has determined that each of our directors, with the exception of Mr. McGrath, is independent.

There are no family relationships among any of the directors or executive officers of the Company.

#### ***Board Leadership Structure***

The Company separates the positions of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for the strategic direction of the Company and the day to day leadership and performance of the Company, while the Chairman of the Board provides guidance to the CEO, sets the agenda for the Board meetings and presides over meetings of the Board. In addition, the Company believes that the separation provides a more effective monitoring and objective evaluation of the CEO's performance. The separation also allows the Chairman of the Board to strengthen the Board's independent oversight of Company's performance and governance standards.

#### ***Risk Oversight***

The Board is actively involved in the oversight and management of risks that could affect the Company. This oversight and management is conducted primarily through committees of the Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees, but the full Board has retained responsibility for general oversight of risks. The Audit Committee is primarily responsible for overseeing the risk management function, specifically with respect to management's assessment of risk exposures (including risks related to liquidity, credit, operations and regulatory compliance, among others), and the processes in place to monitor and control such exposures. The other committees of the Board consider the risks within their areas of responsibility. The Board satisfies their oversight responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

In August 2006, the Compensation Committee selected and retained Mercer LLC ( Mercer ), an independent management compensation consulting firm, to provide the Compensation Committee a review and analysis of the existing executive compensation program and to assist the Compensation Committee in the determination of the Company's executive compensation and director compensation. See the discussion under Compensation Discussion & Analysis - Role of the Compensation Consultant and Market Assessment for a discussion of the material instructions and directions that the Compensation Committee gave to Mercer in connection with the performance of Mercer's duties under their engagement relating to 2009 compensation. Mercer does not perform any other services for us other than its consulting services to the Compensation Committee. We believe that the use of independent consultants provides additional assurance that our programs are reasonable and consistent with our objectives.

*Role of Management and Delegation of Authority.* As more fully discussed under Compensation Discussion and Analysis Management's Role in the Compensation-Setting Process, our Chief Executive Officer provides the Compensation Committee with (1) evaluations of each member of our executive group and (2) recommendations regarding base salary levels, the performance metrics, relative weightings and levels for our annual incentive compensation and equity-based compensation awards to be paid to each member of our executive group. ### *Governance and Nominating Committee*

#### ***Number of Meetings in 2009: 1***

The GNC Committee consists of Mr. Doretto (Chair), Mr. Isgur, Mr. Luks and Mr. Ortega-Dardet, and has been assigned the functions of (i) soliciting, considering, recommending and nominating candidates to serve on the Board under criteria adopted by it from time to time; (ii) advising the Board with respect to Board composition, procedures and the Committees; (iii) overseeing periodic evaluations of the Board and the Committees, including establishing criteria to be used in connection with such evaluations; and (iv) reviewing and reporting to the Board on a periodic basis with regards to matters of corporate governance. The GNC Committee Chair reports on GNC Committee actions and recommendations at Board of Director meetings. The GNC Committee has in the past and may in the future retain the services of a third party search firm providing recruitment and leadership development services to assist the GNC Committee in identifying and evaluating potential nominees for the Board of Directors.

In addition to the current members, Ms. Weiss was a member of the GNC Committee and from January 1, 2009 through May 5, 2009, the effective date of her resignation from the Board.

*Consideration of Director Nominees.* The GNC Committee considers possible candidates for nominees for directors from many sources, including shareholders. If a shareholder wishes to recommend a nominee for director, written notice should be sent to the Corporate Secretary by November 1, 2010 in accordance with the instructions set forth later in this proxy statement under Shareholder Proposals for 2011 Annual Meeting. Each written notice must set forth:

- (1) the name and address of the shareholder who is making the nomination;
- (2) the number of shares of the Company's common stock which are beneficially owned by the shareholder and a representation that the shareholder is a holder of record of Company common stock entitled to vote at such annual meeting of the shareholders and intends to appear in person or by proxy at the Annual Meeting and nominate the person specified in the notice;

**Table of Contents**

- (3) the name of the director candidate;
- (4) a complete resume or statement of the candidate's qualifications (including education, work experience, knowledge of the Company's industry, membership on the board of directors of another corporation and civic activity);
- (5) a description of all arrangements or understandings between the shareholder and the candidate and/or any other person or persons pursuant to which the nomination is to be made by the shareholder;
- (6) such other information regarding a candidate as would be required to be included in a proxy statement, including information with respect to a candidate's independence as defined under the rules and regulations promulgated by the SEC and The Nasdaq Stock Market and information regarding the candidate's attributes that the GNC Committee would need to consider in order to assess whether such candidate would qualify as an audit committee financial expert as defined by the rules and regulations promulgated by the SEC; and
- (7) the candidate's consent to serve as a director of the Company if elected.

The GNC Committee evaluates the suitability of potential candidates nominated by shareholders in the same manner as other candidates recommended to the GNC Committee, in accordance with the Criteria for Nomination to the Board of Directors, which contains the following requirements, among others, for suitability:

high ethical character;

superior credentials;

relevant expertise and experience;

the ability to exercise sound business judgment; and

the lack of material relationships that could present realistic possibilities of conflict of interest or legal issues.

The Criteria for Nomination to the Board of Directors is set forth in the GNC Committee charter, which, as discussed above, can be found on our website, [www.ediets.com](http://www.ediets.com), under the Investor Relations-Corporate Governance section. The GNC Committee will meet with candidates to review their qualifications and will request such materials from each candidate as the GNC Committee deems necessary.

***Diversity***

While the Company does not have a formal policy regarding the consideration of diversity in identifying and evaluating potential director candidates, the GNC Committee considers the interplay of a candidate's knowledge, expertise, skills and experience with that of the other members of the Board of Directors in order to build a Board of Directors that is effective, collegial and responsive to the needs of the Company. We believe this analysis results in a Board of Directors that is diverse in knowledge, expertise, skills, experience and viewpoint.

On June 23, 2009 and on September 8, 2009, respectively, the Company executed Securities Subscription and Purchase Agreements (collectively the Purchase Agreements) with three of its directors, Kevin A. Richardson II, Lee Isgur and Kevin McGrath, who is also the Company's President and Chief Executive Officer. Under the terms of the Purchase Agreements, the three directors agreed to purchase an aggregate of 1,066,040 shares of the Company's common stock in exchange for an aggregate of \$1.1 million in cash in a Private Placement. The purchase price of the shares in the June 2009 transaction was \$1.00 per share, based on the closing price of the Company's common stock on the prior business day, which was June 22, 2009. The purchase price of the shares in the September 2009 transaction was \$1.06 per share, based on the closing price of the Company's common stock on the prior business day, which was September 4, 2009. The transactions closed on July 15, 2009 and September 11, 2009, respectively. We used the \$1.1 million of gross proceeds to fund our business. As part of the Private Placement, the Company agreed to issue Warrants for the Purchase of Shares of Common Stock (each a Warrant) to the three directors, to purchase an aggregate of 479,718 shares of the Company's common stock at an exercise price of \$1.20 per share. Each Warrant has a ten year expiration date, is exercisable beginning immediately and provides for a cashless net exercise under certain conditions with respect to up to 25% of the shares of common stock issuable upon exercise thereof. The exercise price of each Warrant is subject to adjustment under certain circumstances; however, no adjustment to the exercise price will operate to reduce the exercise price to a price less than the closing price of Company's common stock on (i) June 22, 2009, for Warrants issued in connection with the June 2009 transaction, and (ii) September 4, 2009, for Warrants issued in connection with the September 2009 transaction. The Company has the option to change the expiration date of the Warrants in the event that the closing price per share of common stock is in excess of 150% of the exercise price for thirty (30) consecutive days as reflected on the Nasdaq exchange.

In addition, on June 23, 2009, we executed an Agreement to Amend Warrants (Warrant Amendment) with Prides Capital in which we agreed to reduce the price of all Prides Capital outstanding warrants to \$1.00, and Prides Capital agreed to use diligent efforts to exercise, in one or more tranches, a portion of the outstanding warrants as soon as reasonably practicable in order to purchase 2.5 million shares underlying these outstanding warrants. The Warrant Amendment further amended the outstanding warrants to provide that no adjustment to the exercise price under Section 3(c) thereof will operate to reduce the exercise price to a price less than the closing price of our common stock on June 22, 2009. To encourage the exercise of Prides Capital rights under the outstanding warrants, as amended by the Warrant Amendment, we agreed in the Warrant Amendment to issue Prides Capital one or more Warrants for the Purchase of Shares of Common Stock (each a New Warrant) to purchase nine shares of our common stock for every 20 shares purchased by Prides Capital as a result of an exercise of the outstanding warrants.

In September 2009, Prides Capital exercised a portion of the outstanding warrants to purchase 200,000 shares of the Company's common stock. In connection with this exercise, we received \$0.2 million and issued a New Warrant to purchase 90,000 shares of the Company's common stock at \$1.20 per share. In October and November 2009, Prides Capital exercised warrants to purchase approximately 2.5 million shares of the Company's common stock. In connection with these exercises, we received approximately \$2.5 million and issued New Warrants to purchase an aggregate of 1,119,652 shares of the Company's common stock at \$1.20 per share. We used the \$2.7 million of gross proceeds to fund our business and expand our offline advertising.

Each New Warrant has a ten year expiration date, is exercisable beginning immediately and provides for a cashless net exercise under certain conditions with respect to up to 25% of the shares of common stock issuable upon exercise thereof. The exercise price of each New Warrant is subject to adjustment under certain circumstances; however, no adjustment to the exercise price will operate to reduce the exercise price to a price less than the closing price of Company's common stock on June 22, 2009. The Company has the option to change the expiration date of the New Warrants in the event that the closing price per share of common stock is in excess of 150% of the exercise price for thirty (30) consecutive days as reflected on the Nasdaq exchange.

At March 5, 2010, there were New Warrants outstanding entitling Prides Capital to purchase 1,209,652 shares of the Company's common stock and Warrants outstanding entitling the three directors to purchase 479,718 shares of the Company's common stock.

**Retainer and Fees Payable in Cash.** The Board currently has a policy of providing non-employee directors an annual retainer of \$40,000, which may be taken in the form of cash, non-qualified stock options or restricted stock. Non-employee directors who are members of Board committees are also granted annual retainers in the amount of \$5,000 for committee members and \$15,000 for committee chairs. Annual retainers taken in non-qualified stock options or as restricted stock have a per share exercise price and a per share issue price, respectively, equal to the fair market value of the Company's shares at the grant date, which is the first business day of each calendar year. Non-qualified stock options and restricted stock vest and become exercisable in four equal installments on the grant date and on the first day of each fiscal quarter thereafter.

All non-qualified stock options are converted from a stated cash value utilizing the Black-Scholes pricing model with an exercise price equal to the fair market value of the Company's stock on the Nasdaq exchange on the grant date. Fair market value is calculated as the closing price of the Company's stock on the Nasdaq exchange on such date. Non-employee directors are also reimbursed for reasonable expenses incurred in attending Board and committee meetings, including those for travel, food and lodging.

**VI. EXECUTIVE COMPENSATION**

***Compensation Discussion and Analysis***

*Overview*

The Compensation Committee is responsible for reviewing and monitoring human resource and organizational matters and discharging the Board's responsibilities relating to compensation of our named executive officers and our principal accounting officer, which we refer to as our executive group. The Compensation Committee evaluates and approves the Company's compensation philosophy, strategy, plans, policies and programs. More specifically, the Compensation Committee's duties and responsibilities include, among others:

reviewing and approving on an annual basis corporate goals and objectives relevant to the CEO's compensation, evaluating the CEO's performance in light of those goals and objectives and recommending to the Board the overall compensation levels for the CEO based on such evaluation;

reviewing and approving the annual base salaries, annual incentive opportunities and other compensation arrangements of the CEO and all other named executive officers;

reviewing and monitoring all compensation and significant benefit plans that affect all employees and annually approving overall employee salary policies, as well as equity-based programs for all categories of employees;

monitoring compliance with requirements under the Sarbanes-Oxley Act of 2002 relating to 401(k) plans and loans to directors and officers and compliance with all other applicable laws affecting employee compensation and benefits; and

reviewing and recommending any proposed changes in director compensation to the Board.

Our total revenue decreased 24% for the year ended December 31, 2009, primarily due to lower advertising spend resulting from cash constraints. We recorded approximately \$7.8 million in meal delivery revenue, or approximately 43.3% of total revenues for 2009. We recorded approximately \$5.0 million in digital plans revenue, or approximately 27.5% of total revenues for 2009. In addition, we recorded approximately \$4.1 million in business-to-business revenue, or approximately 22.4% of total revenues for 2009. Total cost of revenue was approximately \$7.2 million for the year ended December 31, 2009 as compared to \$12.4 million for the prior year, and gross margin as a percent of revenue increased to 60% for the year ended December 31, 2009 from 48% in the prior year. For the year ended December 31, 2009, we had a net loss of \$12.2 million and used \$4.6 million of cash in our operations. The foregoing financial and operational results are as defined and discussed in our earnings release and Form 10-K for the year ended December 31, 2008. In June and September 2009, we raised an aggregate of \$1.1 million in cash in private placements with three of our directors. In addition, we raised an aggregate of approximately \$2.7 million during the months of September through November 2009, when Prides Capital, our largest shareholder, exercised amended warrants for the purchase of our common stock. Our financial and operational results, together with difficult economic conditions in 2009, adversely impacted our stock price. Accordingly, the equity compensation previously granted to our employees, including members of our Executive Group, suffered a decrease in value.

## **Table of Contents**

The Compensation Committee met five times in 2009, regularly conducted executive sessions with the full board without members of senior management present and consulted informally on numerous occasions. The Compensation Committee regularly reports its conclusions and actions to the full Board.

### ***Compensation Philosophy and Objectives***

The philosophy of our executive pay program is to compensate Company leaders in a manner that is (1) market competitive, (2) performance-based and (3) aligned with shareholder interests. The Company continues to significantly transform its business strategy and operational model to maximize short-term and long-term performance. In this context, the Company requires entrepreneurial leadership talent and a pay program that appropriately balances risk and reward. Accordingly, the Compensation Committee strives to set compensation levels and design pay programs that reflect both the Company's life cycle and development stage and the talent profile it requires.

This philosophy is the basis of the Compensation Committee's decisions regarding each of the following three components of pay: base salary, annual incentive compensation and equity-based compensation, each of which is discussed in detail below.

For each member of the executive group other than the CEO, the Compensation Committee reviews and approves all elements of the executive compensation program taking into consideration recommendations from the CEO and human resources staff and information, including competitive market information, provided by compensation consultants. For the CEO, the Compensation Committee reviews and approves all elements of his compensation program taking into consideration the Board's evaluation of the CEO, recommendations from the human resources staff and information, including competitive market information, provided by compensation consultants. However, our severance and change-in-control arrangements, which we discuss in detail beginning on page [ ], have not affected the Compensation Committee's decisions regarding other components of compensation. Those arrangements serve very specific purposes that are unrelated to the determination of a named executive officer's total direct compensation for a specific year.

### ***Management's Role in the Compensation-Setting Process***

Our Chief Executive Officer, Kevin N. McGrath, provides the Compensation Committee with (1) evaluations of each member of our executive group and (2) recommendations regarding base salary levels, the performance metrics, relative weightings and levels for our annual incentive compensation and equity-based compensation awards to be paid to each member of the executive group. Additionally, upon the Compensation Committee's request, Mr. McGrath attends Compensation Committee meetings and provides other information to the Compensation Committee as requested. Mr. McGrath is never present during Compensation Committee deliberations of his own compensation.

### ***Role of the Compensation Committee Consultant and Market Assessment***

The Compensation Committee has the authority to retain and terminate external compensation consultants to assist it in the evaluation of executive and outside director compensation. In 2006, the Compensation Committee engaged Mercer LLC ( Mercer ) as its outside compensation advisor. In this role, Mercer reported directly to the Compensation Committee. The Compensation Committee provided direction to Mercer in terms of the scope of services requested and the Compensation Committee has the sole authority to approve consultant fees and the other terms and conditions of the engagement. The Compensation Committee also has the authority to obtain advice and assistance from external legal, accounting or other advisors.

**Table of Contents**

In order to better understand competitive market rates of pay for comparable executive roles in similar companies, the Compensation Committee directed Mercer to research and provide benchmark data the Compensation Committee could use in its decision making process regarding executive compensation levels and plan designs. In working with Mercer, the following criteria were developed to form a peer group for benchmarking purposes:

annual revenues between \$50 million and \$200 million;

market capitalization between \$100 million and \$500 million;

operating model whereby a majority of business is conducted on-line;

reliance on a technology platform for commercial activity; and

focus on the medical and/or health industry.

Based on these criteria, the following nine (9) companies were used as the peer group for purposes of benchmarking executive compensation levels and program designs:

Cybersource Corporation (CYBS);

TravelZoo, Inc. (TZOO);

Knot, Inc. (KNOT);

Bluefly, Inc.(BFLY);

NIC, Inc. (EGOV);

Stamps.com (STMP);

Celebrate Express, Inc. (BDAY);

Liquidity Services (LQDT); and

Napster (NAPS).

In order to better understand any unique compensation considerations or practices for local companies, the Committee also directed Mercer to provide benchmark data for a select group of companies headquartered in South Florida. This information was used as another data point for

## Edgar Filing: EDIETS COM INC - Form PRE 14A

comparison purposes, especially for positions where executive talent might be sourced locally. The following four (4) regional companies were used for these purposes:

Terremark Worldwide Inc;

Ultimate Software Group Inc.;

PetMed Express Inc.; and

AnswerThink Inc.

In utilizing market pay data, the Compensation Committee does not attempt to target compensation levels to any specific percentile derived from the peer group. Rather, the Compensation Committee utilizes the data as a general guideline in attempting to create an overall package that would serve to recruit, motivate and retain the entrepreneurial talent required while balancing the transitional nature of the Company's business and the limited cash flow generated by the Company over the last three years. The performance and shareholder alignment objectives are achieved by the structure of the overall executive pay program that includes cash-based short-term incentive opportunities as well as equity-based long-term incentive opportunities when performance goals are achieved. The Compensation Committee does not apply a fixed formula for determining the level of fixed vs. variable compensation, short-term vs. long-term compensation, or cash vs. equity compensation. Nonetheless, the Compensation Committee believes that an executive pay program with a substantial emphasis on equity-based long-term incentive opportunities creates the proper risk/reward balance and shareholder alignment given the Company's life cycle and development stage. Accordingly, when setting compensation levels, the Compensation Committee reviews and evaluates the resulting pay mix to ensure alignment with these objectives.

**Table of Contents**

*Executive Compensation Components*

To achieve its compensation philosophy and objectives, the Compensation Committee has utilized three components of total direct compensation ( TDC ): base salary, annual incentive compensation and equity-based compensation. We do not currently provide members of the executive group with a pension plan, deferred compensation or other long-term incentive compensation other than the ability to contribute their earnings to the Company s 401(k) Plan.

As discussed further below, each element of our 2009 compensation program is intended to encourage and foster the following results and behaviors:

| <b>Component:</b>                   | <b>Objectives/Structure:</b>  | <b>Behavioral Focus:</b>  |
|-------------------------------------|---|---|
| Base Salary                         | Provides competitive level of fixed compensation  | Rewards core competence relative to level of responsibility, experience and contribution            |

| Equity-Based Incentive Compensation | Approximately 10-25% of TDC for executives<br><br>Paid in cash<br>Provides at-risk variable pay opportunity for long-term performance | Rewards overall long-term Company performance   |
|                                     | Approximately 50% of TDC for executives   | Aligns executive compensation with creation of shareholder value                                    |

Paid in equity, historically stock options

We believe that our compensation program is designed to provide executives the appropriate incentives to pursue quality long-term growth without encouraging inappropriate risk taking. As discussed below, under our plan, our long-term incentives are structured as stock options, which only generate realized value to the executive if our stock price experiences long-term price appreciation.

*Base Salaries*

Why we pay base salaries. The Compensation Committee believes that payment of competitive base salaries is an important element in attracting, retaining and motivating our executives. In addition, the Compensation Committee believes that having a certain level of fixed compensation allows our executives to dedicate their full time business attention to the Company. Each executive s base salary is designed to provide the executive with a fixed amount of annual compensation that is competitive with the marketplace. Ideally, base salaries represent less than 50% of the total direct compensation for each member of our executive group.

## **Table of Contents**

**How base salaries are determined.** Each member of our executive group has entered into an employment agreement that specifies a minimum level of base salary. The Compensation Committee is able to increase each executive's base salary as it deems appropriate, although it did not do so in 2009. Base salaries of our executive group are reviewed annually and determined by the Compensation Committee. When we set the base salaries for each member of the executive group, we consider a number of factors, including: compensation market data discussed above, the position's complexity and level of responsibility, the position's importance in relation to other executive positions, and the assessment of the executive's performance. In addition, the Compensation Committee takes into consideration evaluations of each individual officer, market changes and the economic and business conditions affecting the Company at the time of the evaluation.

**2009 Base Salary Decisions.** Based on the Company's performance and cash flow position, no salary increases were made in 2009. Instead, in February 2009, as part of a program of across-the-board base salary reductions, the base salaries of Mr. McGrath and Mr. Hoyer were voluntarily reduced by 25%, and the base salaries of each other member of our executive group were reduced by 15%. In September 2009, we restored 50% of these base salary reductions for each member of our executive group other than Mr. McGrath and Mr. Hoyer, whose base salaries remain voluntarily reduced by 25% from the levels provided for in their employment agreements. The Compensation Committee retains the discretion to restore these salary reductions at any time.

**2010 Base Salary Decisions.** In early 2010, the Compensation Committee reviewed base salaries for each member of the executive group. Based on the Company's performance, the Compensation Committee determined that no base salary increase would be appropriate.

### *Annual Incentive Compensation*

Our annual incentive compensation program has traditionally consisted of an annual cash bonus payment that we award based on achievement of company-wide annual performance measures and a subjective evaluation of the executive's contribution during the year.

**Why we pay annual incentive compensation.** The Compensation Committee believes that the annual incentive compensation program encourages actions by the executive group that contribute to our financial and operating results and achieve other goals that the Board has recognized as important for the success of the Company. In addition, the Compensation Committee believes that the annual incentive compensation program helps achieve an appropriate balance between cash and non-cash annual compensation for our executive group. The appropriateness of these performance metrics and their correlation to the Company's overall growth strategy is reviewed, and revised if necessary, annually. The annual incentive awards are designed to reward current performance by basing payment on the achievement of both quantitative performance measures that reflect contribution to our business and on a qualitative analysis of the executive's contribution to achieving the Company's financial and operational performance.

**How annual incentive compensation awards are determined.** Historically, annual incentive compensation awards are determined in four steps: (1) determination of the cash bonus opportunity, (2) establishment of the financial and operational performance metrics, (3) approval of the minimum, target and maximum levels of each performance metric for such year and the amount of bonus that will be earned for achievement of such level and (4) upon completion of the year, a review of the Company's and the officer's performance against such performance metrics.

---

## **Table of Contents**

**2009 Annual Incentive Compensation Decisions.** In February 2009, the Compensation Committee established incentive compensation payments to be awarded to members of our executive group and other key employees in the event that the Company achieved certain EBITDA performance targets in 2009. Because the Company did not achieve these performance targets, no incentive compensation payments were awarded. However, the Compensation Committee retained the right to pay discretionary bonuses for significant performance accomplishments that exceed expectations or when viewed as necessary to recognize key contributors. Based on the Compensation Committee's assessment of performance in 2009, no discretionary compensation payments were awarded to any member of the executive group.

### *Equity-Based Compensation*

The Company has two employee equity plans: (1) its Stock Option Plan, initially adopted in 1999, as amended and restated in April 2002 and as further amended in October 2009 (the "1999 Plan") and (2) its Equity Incentive Plan initially adopted in 2004, as amended in March 2008, and as amended and restated in October 2009, subject to shareholder approval (the "Amended Plan"). See Proposal 4 "Approval of Amended and Restated Equity Incentive Plan" beginning on page [ ].

The 1999 Plan allows only for the granting of stock options. Under the 1999 Plan, option grants have an exercise price equal to the fair market value on the date of grant, vest ratably over a two- or three-year period and expire five or ten years from the date of grant. As of March 5, 2010, there were 1,066,567 shares subject to outstanding grants under the 1999 Plan. The 1999 Plan expired in November 2009. Although existing grants are not affected, the Company cannot award additional grants under the 1999 Plan following its expiration.

The Amended Plan allows for the grant of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, deferred stock and unrestricted stock. As of March 5, 2010, there were 1,708,011 shares remaining available for grant under the Amended Plan which, subject to shareholder approval, will expire on October 7, 2019. See Proposal 4 "Approval of Amended and Restated Equity Incentive Plan" beginning on page [ ].

**Why we pay equity-based compensation.** The Compensation Committee's philosophy is that a significant portion of an executive's compensation should be based directly upon the value of long-term incentive compensation in the form of stock ownership or stock option awards so as to align the financial interests of our officers with those of our shareholders. The Compensation Committee believes that providing executives with the opportunities to acquire significant stakes in our growth and prosperity (through grants of stock options), while maintaining other components of our compensation program at externally equitable levels, will incentivize and reward officers for sound business management, develop a high-performance team environment, foster the accomplishment of short-term and long-term strategic and operational objectives and compensate officers for improvement in shareholder value, all of which are essential to our ongoing success.

**How equity-based compensation is determined.** Each year, the Compensation Committee evaluates the appropriate form of equity-based compensation that the Company will grant as part of its long-term incentive compensation and approves the amount of equity-based awards that will be granted to each member of the executive group.

Initially, the Compensation Committee reviews the appropriateness of the continued use of stock options as compared to restricted stock and other forms of equity-based compensation and receives reports from its compensation consultant with alternatives and recommendations. After consideration of the relevant tax, accounting, dilution, valuation, retention, incentive and other considerations, the Compensation Committee concluded that, for 2009, non-qualified stock options were the appropriate form of equity-based, long-term incentive compensation. Stock options for our executives are granted at the prevailing market price on the grant date and thus will only have realized value to our executives if our stock price increases. Generally, grants vest annually in equal amounts over a period of three years. We believe that this vesting schedule aids us in retaining executives and motivating longer-term performance.

**Table of Contents**

In addition to the above considerations, in 2009 the Compensation Committee recognized that the Company's financial position could make it difficult to provide members of the executive group with competitive levels of cash compensation. Accordingly, the Compensation Committee adjusted its methodology for determining the amount and timing of stock option grants to executives. Under the adjusted methodology, the Compensation Committee increased the target number of stock options to be granted to members of the executive group to compensate partially for the dollar value of base salary reductions accepted by each member of the executive group. The Compensation Committee applied the same adjusted methodology to stock option determinations for Company employees generally.

As part of the new methodology, in February 2009 the Compensation Committee agreed to first approve a target dollar value of the long-term incentive grants to the executive group based on a review of the 2009 peer group analysis and an evaluation of the individual officer's responsibilities, contributions and performance in the prior year. Once a target number of options was calculated, the Compensation Committee retained discretion to adjust up or down the actual number of options granted.

2009 Equity-Based Compensation Decisions. In 2009, the Compensation Committee approved the following stock option awards for our named executive officers:

| Executive:       | Number of Shares Underlying Options Granted |           |               | Total   |
|------------------|---|-----------|---------------|---------|
|                  | January 2009                                | June 2009 | November 2009 |         |
| Kevin N. McGrath |   | 25,000    | 175,000       | 200,000 |
| Thomas Hoyer     | 52,500                                      | 25,000    | 125,000       | 202,500 |
| Steve Rattner    |   | 20,000    | 60,000        | 80,000  |
| Laura Klein      |   | 20,000    | 60,000        | 80,000  |
| Kim Evenson      |   | 10,000    | 50,000        | 60,000  |

The January 2009 stock options were granted with an exercise price of \$3.37, the June 2009 stock options were granted with an exercise price of \$0.94375, and the November 2009 stock options were granted with an exercise price of \$1.53. The stock options grants generally have a ten-year term and vest ratably over three years from the date of grant.

*Severance Pay Plan*

On January 4, 2010, the Company implemented a Severance Pay Plan in which an operating vice president of the Company ( Executive ), as designated from time to time by the Board of Directors or the Compensation Committee of the Board of Directors, will be entitled to severance benefits pursuant to the following terms and conditions. In February 2010, the Board designated the Company's Chief Information Officer, Vice President of Marketing, Vice President of Meal Delivery and Vice President of Finance as operating vice presidents covered under the Severance Pay Plan.

In the event that the Executive is terminated by the Company for reasons other than misconduct (defined below), retirement, voluntary resignation or job abandonment, the Executive shall be entitled to receive the following severance benefits subject to Executive's execution of an effective agreement and general release ( Termination Agreement ) with the Company:

Payment of the Executive's base salary for a period of six (6) months following termination of employment. At the discretion of, and subject to any conditions established by, the Board of Directors or the Compensation Committee, this payment may be made through awards of Company common stock under the Amended Plan, subject to any conditions established by the Board of Directors or the Compensation Committee. All such payments will be made in accordance with the Company's normal payroll practices in effect on the termination date and the aggregate amount of such payments shall be reduced by the present value of any other cash severance or termination benefits payable to Executive under any other plans, programs or arrangements of the Company or its affiliates.

**Table of Contents**

Participation at the Company's expense for Executive and his then-eligible dependents in the Company's group health plans pursuant to the Consolidated Budget Omnibus Reconciliation Act of 1985, as amended (COBRA) for a period of six (6) months following termination of employment.

Immediate vesting on the effective date of the Termination Agreement of all unvested equity grants, but only in the event that the Executive is terminated without cause within twelve months following a change of control (defined below).

For the purposes of the Severance Policy, misconduct means:

any act or omission by the Executive resulting or intended to result in personal gain at the expense of the Company;

performance by the Executive of his or her employment duties in a manner deemed by the Company to be grossly incompetent or grossly negligent;

misconduct by the Executive, including, but not limited to, fraud, failure to abide by the policies, rules and procedures of the Company (including, for example, the Company's employee handbook or code of conduct), insubordination, dishonesty, theft, violent acts or threats of violence, unauthorized possession of alcohol or controlled substances on the property of the Company, or the use of the Company's property, facilities or services for unauthorized or illegal purposes;

the improper disclosure by the Executive of proprietary or confidential information or trade secrets of the Company, or intellectual property that the Company is under a duty to protect, including but not limited to breach of the provisions of any confidentiality, non-competition or non-solicitation obligations in effect with the Company;

the commission of a criminal act by the Executive, whether or not performed in the workplace, which, if generally known, could subject the Company to public ridicule or embarrassment;

conviction of, or plea of nolo contendere to, a crime constituting (i) a felony under the laws of the United States or any state thereof or (ii) a misdemeanor involving moral turpitude;

any act or omission that would constitute grounds for termination under the Company's employee handbook;

continued failure substantially to perform Executive's duties for a period of 10 days following written notice by the Company to Executive of such failure; or

willful malfeasance or willful misconduct in connection with Executive's duties or any act or omission which is materially injurious to the financial condition or business reputation of the Company or any of its subsidiaries or affiliates.

For the purposes of the Severance Pay Plan, change of control means (i) the sale or disposition, in one or a series of related transactions, of all, or substantially all, of the assets of the Company to any person or group (as such terms are defined in Sections 13(d)(3) or 14(d)(2) of the Exchange Act) other than Prides Capital Partners, LLC and its affiliates; or (ii) any person or group, other than Prides Capital Partners, LLC and its affiliates, is or becomes the beneficial owner as that term is defined in Rule 13d-3 under the Exchange Act (except that a person shall be deemed to have beneficial ownership of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 50% of the total voting power of the voting stock of the Company (or an entity that controls the Company), including by way of merger, consolidation, tender or exchange offer or otherwise.

Assuming that the Severance Pay Plan was effective as of December 31, 2009 and Ms. Andrea Settembrino, our Vice President of Finance was terminated without cause not within twelve months following a change of control, she would have received aggregate payments in the amount of \$79,602. This amount represents payment of the base salary for six months following termination and payment by the Company for Ms. Settembrino's participation in COBRA. Assuming that the Severance Pay Plan was effective and Ms. Settembrino was terminated without cause within twelve months following a change of control she would have received aggregate payments in the amount of \$79,602. This amount represents payment of the base salary for six months following termination, payment by the Company for Ms. Settembrino's participation in COBRA and vesting of 43,150 stock options and 0 shares of restricted stock.

The Compensation Committee believes that such termination, severance and change of control arrangements are in the best interests of the Company's shareholders to assure the continued dedication of the CEO, CFO and other key employees notwithstanding the possibility, threat or occurrence of a termination and/or change of control. The Compensation Committee also believes that such arrangements are necessary to attract and retain executives in a competitive labor market because similar protections are typically provided by other companies with which the Company competes for executive talent. Moreover, the methodology of providing additional compensation in the event of a termination within certain time periods following a change of control, as described above, provides a retention incentive during what can often be an uncertain time for executives and provides them with additional compensatory motivation to complete a transaction that the Board of Directors believes is in the best interests of the Company and its shareholders.

*Other Benefits*

The Company does not provide the CEO or other members of the executive group with any perquisites not provided to other executives and salaried employees. The Company provides various benefits and compensation related programs to executives and other salaried employees that allow the Company to provide a full and comprehensive compensation package to recipients. The elements of these programs are:

A 401(k) Plan wherein the Company annually matches up to 25% of employee contributions on a discretionary basis. The Company's matching contribution vests based on the employee's years of continuous service over a period of five years;

Medical and dental insurance for which the Company pays a maximum of 80% of the premiums;

---

**Table of Contents**

Life and accidental death and dismemberment (AD&D) insurance coverage of one time the employee's base salary (with a maximum of \$150,000) paid for by the Company; and

Long Term Disability and Short Term Disability insurance, again paid for by the Company.

*Severance and Change of Control Benefits*

We have entered into employment agreements with Mr. McGrath and Mr. Hoyer. Each of these agreements provides for certain payments and other benefits if the executive's employment terminates under certain circumstances, including in the event of a change in control. See Narrative Disclosure to Summary Compensation Table Employment Agreements for a discussion of the terms of the employment agreements.

Our severance and change-in-control arrangements are a direct result of negotiations between us and each of Mr. McGrath and Mr. Hoyer in the context of their employment agreements. The Compensation Committee determined that the severance and change-in-control arrangements were necessary at the time each employment agreement was executed to assist us in retaining each of the executives and to be competitive with the severance and change-in-control arrangements offered to top executive officers by other public companies. The structure, terms and payout levels of the arrangements reflect what the Compensation Committee deemed, in consultation with its outside counsel and compensation consultant, to be competitive at the time such arrangements were adopted with arrangements offered to similarly situated executives at other large, public companies both inside and outside of the telecommunications industry. In addition, the Compensation Committee believed that the change in control arrangements were an important part of overall compensation for those covered named executive officers because they would help to secure the continued employment and dedication of those officers, notwithstanding any concern that they might have regarding their own continued employment prior to or following a change in control.

*Other Compensation Practices*

Equity Grant Practices. It is the Compensation Committee's practice to insure that stock option grants are not impacted by the release of material non-public information. The exercise price of a stock option will continue to be equal to the closing price of our common stock on the date of the grant.

Tax Deductibility of Compensation. The Internal Revenue Code disallows corporate tax deductions for executive compensation in excess of \$1 million for the Company's CEO or the next four most highly compensated officers of the Company. Internal Revenue Code Section 162(m) allows certain exemptions to the deduction cap, including pay programs that depend on formulas and, therefore, are performance-based. The Compensation Committee considers the deductibility of compensation when reviewing and approving pay levels and pay programs, but reserves the right to award compensation that is not deductible under 162(m) if it is determined to be in the best interests of the Company and its shareholders. At the present time, the Company is not at risk of losing a deduction under 162(m) because no individual covered by the law receives compensation in excess of \$1 million. As noted above, the Company attempts to operate in a manner that maintains an appropriate cost structure. As part of this effort, the Company regularly reviews the accounting treatment of different forms of compensation, including the forms of awards available under the Amended Plan, to determine which forms of awards, if any, (1) serve to motivate appropriately the Company's executive officers to enhance shareholder value and (2) enable the Company to operate within an appropriate cost structure.

*Summary*

The Compensation Committee and the Board believe that the caliber and motivation of all our employees are essential to the Company's performance. The Compensation Committee believes our management compensation programs contribute to our ability to differentiate our performance from others in the marketplace. Moreover, we believe that the Company's overall executive compensation philosophy and programs are market competitive, performance-based and shareholder aligned. Accordingly, the Compensation Committee strives to assure that the Company will continue to attract, motivate and retain high caliber executive management to serve the interests of the Company and its shareholders. We will continue to evolve and administer our compensation program in a manner that we believe will be in our shareholders' interests and worthy of shareholder support.

**VIII. PROPOSAL 3 APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK FROM 50,000,000 TO 100,000,000 SHARES**

***Background***

The Board of Directors of the Company has approved, subject to shareholder approval, an amendment to our Certificate of Incorporation to increase our authorized shares of common stock from 50,000,000 to 100,000,000 shares. The Company currently has authorized 50,000,000 shares of common stock and 1,000,000 shares of preferred stock, par value \$0.001, of which 29,048,512 shares of common stock and zero shares of preferred stock are outstanding as of March 5, 2010.

The terms of the additional shares of common stock will be identical to those of the currently outstanding shares of common stock. However, because holders of common stock have no preemptive rights to purchase or subscribe for any unissued shares of the Company's stock, the issuance of additional shares of common stock will reduce the current shareholders' percentage ownership interest in the total outstanding shares of common stock. This amendment and the creation of additional shares of authorized common stock will not alter the current number of issued shares. The relative rights and limitations of the shares of common stock will remain unchanged under this amendment.

As noted above, as of March 5, 2010, a total of 29,048,512 shares of the Company's currently authorized 50,000,000 shares of common stock are outstanding. In addition, as described below, the Company currently has outstanding warrants exercisable into 1,689,370 shares of common stock.

The Board of Directors believes that it is in the best interests of the Company to increase the number of authorized shares of common stock in order to give the Company greater flexibility in considering and planning for potential business needs. The increase in the number of authorized but unissued shares of common stock would enable the Company, without the expense and delay of seeking shareholder approval, to issue shares from time to time as may be required for other proper business purposes, such as raising additional capital for ongoing operations, business and asset acquisitions, stock splits and dividends, present and future employee benefit programs and other corporate purposes.

The proposed increase in the authorized number of shares of common stock could have a number of effects on the Company's shareholders depending upon the exact nature and circumstances of any actual issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. For example, additional shares could be issued by the Company that may dilute the stock ownership or voting rights of persons seeking to obtain control of the Company, even if the persons seeking to obtain control of the Company offer an above-market premium that is favored by a majority of the independent shareholders. Similarly, the issuance of additional shares to certain persons allied with the Company's management could have the effect of making it more difficult to remove the Company's current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. The Board is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device.

Shareholders should recognize that, as a result of this proposal, they will own a smaller percentage of shares relative to the total authorized shares of the Company, than they presently own, and will be diluted as a result of any issuances contemplated by the Company in the future.

**Table of Contents**

The proposed amendment to the Certificate of Incorporation to increase the authorized common stock is set forth in Appendix A.

Except as described below, there are currently no plans, arrangements, commitments or understandings for the issuance of the additional shares of common stock that are proposed to be authorized.

As described above under Corporate Governance Certain Relationships and Related Transactions, on March 5, 2010, there were warrants outstanding entitling Prides Capital to purchase 1,209,652 shares of the Company's common stock at \$1.20 per share and warrants outstanding entitling three of our directors to purchase 479,718 shares of the Company's common stock at \$1.20 per share. Each warrant has a ten year expiration date, is exercisable beginning immediately and provides for a cashless net exercise under certain conditions with respect to up to 25% of the shares of common stock issuable upon exercise thereof. We have the option to change the expiration date of the warrants in the event that the closing price per share of our common stock is in excess of 150% of the exercise price for thirty (30) consecutive days as reflected on the Nasdaq exchange.

**IX. PROPOSAL 4 AMEND AND RESTATE THE COMPANY S EQUITY INCENTIVE PLAN**

***Proposed Amendment***

The Compensation Committee has recommended, and the Board of Directors has approved, subject to approval by the Company s shareholders at the Annual Meeting, certain amendments to our Equity Incentive Plan initially adopted in 2004, as amended in March 2008 (the Plan ), to increase the number of shares of common stock authorized for issuance under the Plan by 2.8 million shares. The purpose of the amendment is to provide for additional shares of common stock to be made available for the grant of equity compensation to executives and key employees under the Plan. The new shares are vital to implementing the Company s compensatory objectives of attracting entrepreneurial talent, emphasizing equity over cash compensation and aligning the long-term interests of executives and key employees with the Company s shareholders.

Shareholders are being asked to approve the amendment in order to satisfy rules and regulations of Nasdaq relating to equity compensation, to qualify compensation under the Plan as performance-based for purposes of Section 162(m) of the Code, and to qualify options for treatment as incentive stock options for purposes of Section 422 of the Code in the event the Compensation Committee decides to grant incentive stock options in the future. If shareholders do not approve the amendment to the Plan to increase the number of shares of common stock authorized for issuance under the Plan, the Compensation Committee and the Board of Directors will reconsider the amendment to the Plan and the current plan prior to such proposed amendment will remain in effect.

The complete copy of the Plan, as amended (the Amended Plan ) is attached to this proxy statement as an Appendix B.

***Summary of the 2009 Equity Incentive Plan Features***

The following summary of the material features of the Amended Plan is qualified in its entirety by the full text of the Amended Plan that appears as Appendix B to this proxy statement.

***General Summary***

The purpose of the Amended Plan is to advance the interests of the Company by providing for the grant of stock-based and other incentive awards to key employees and key non-employees of the Company. The Amended Plan will become effective on the date of its approval by the shareholders and will terminate on the date of the annual meeting of the Board of Directors immediately following the tenth (10<sup>th</sup>) anniversary of the Board s adoption of Amended Plan, which occurred on October 7, 2009. The Amended Plan is administered by the Compensation Committee of the Board of Directors.

The Amended Plan provides for the grant of stock options (both non-statutory options or NSOs and, in the case of employees, incentive stock options or ISOs ), stock appreciation rights ( SARs ), restricted stock, deferred stock and unrestricted stock. No option may be transferred by a participant other than by will, by the laws of descent and distribution or pursuant to a qualified domestic relations order, and during the participant s lifetime the option may be exercised only by him or her; provided, however, that the Board of Directors or the Compensation Committee, in its discretion, may allow the transfer of non-qualified stock options for no value by the participant to certain immediate family members.

## **Table of Contents**

### *Number of Shares.*

A maximum of 6.0 million shares of common stock may be delivered in satisfaction of awards made under the Amended Plan. The maximum number of shares of common stock that may be issued in any calendar year pursuant to the exercise of ISOs, and the maximum number of shares of common stock that may be issued in any calendar year pursuant to the exercise of NSOs, will each be 3.0 million. The maximum number of shares of common stock for which stock options may be granted in any calendar year, and the maximum number of shares of common stock subject to SARs granted in any calendar year, will each be 2.0 million. The maximum number of shares subject to performance awards in any calendar year will be 800,000. In the event of a stock dividend, stock split or other change in the Company's capital structure, or a distribution to shareholders other than normal cash dividends, the Compensation Committee will make appropriate adjustments to the limits described above and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to and available for awards, any exercise prices relating to awards and any other provisions of awards affected by the change. The Compensation Committee may also make similar adjustments in response to any other event, as the Compensation Committee deems appropriate, to avoid distortion in the operation of the Amended Plan.

The share limitations described above are in addition to the limitation on the number of shares available for awards under the Amended Plan.

The additional 2.8 million shares that may be issued under the Amended Plan represents approximately 9.6% of the total number of shares of the common stock outstanding on March 5, 2010. On March 5, 2010, approximately 1,066,567 shares remained issuable in connection with outstanding awards under the Company's 1999 Stock Option Plan and approximately 1,708,011 shares remained issuable under the Amended Plan.

### *Administration of the Amended Plan.*

The Amended Plan is administered by the Compensation Committee. The Compensation Committee's members are required to satisfy applicable requirements for independence. The Compensation Committee will have full authority to determine who will receive awards and to determine the types of awards to be granted as well as the amounts, terms, and conditions of any awards. The Compensation Committee will determine any questions that may arise regarding the interpretation and application of the provisions of the Amended Plan and to make, administer and interpret such rules and regulations as it deems necessary or advisable. The Compensation Committee's determinations are conclusive and bind all parties.

### *Eligibility.*

Participation in the Amended Plan is limited to the Company's key employees and to key non-employees (other persons or entities including consultants and non-Employee directors of the Company who, in the opinion of the Compensation Committee, are in a position to make a significant contribution to the success of the Company). As of March 5, 2010, the approximate number of eligible key employees and key non-employees was 75 and 2, respectively.

### *Stock Options.*

Each stock option awarded under the Amended Plan will be a non-ISO unless expressly designated as an ISO at the time of the grant. The exercise price of stock options granted under the Amended Plan will be determined by the Compensation Committee, but may not be less than 100% of the fair market value of the common stock subject to the option, determined at the time the option is granted. As of March 5, 2010, the market price of the Company's common stock as reported on the Nasdaq Capital Market was \$1.40 per share. The term of any option granted under the Amended Plan may not exceed ten years. Options will be exercisable at such time or times and on such conditions as the Compensation Committee specifies.

## **Table of Contents**

### *Stock Appreciation Rights.*

SARs may be granted either in tandem with or independent of stock options. Each SAR entitles the holder of the SAR, in general, to receive upon exercise the excess of the fair market value of the underlying common stock at the time of exercise over the fair market value of the common stock on the date the SAR was granted. The Compensation Committee may also grant SARs that implement other bases for common stock value comparison including, but not limited to, comparisons to stock indices.

### *Restricted Stock Awards; Unrestricted Stock.*

The Amended Plan provides for awards of nontransferable shares of common stock subject to repurchase or forfeiture. The minimum period that restrictions must remain in place is three years unless the restricted common stock is also subject to performance restrictions, in which case the minimum period is one year. The Amended Plan prohibits the Compensation Committee from waiving these restriction periods. Restricted common stock is subject to repurchase by the Company at the original purchase price (or forfeiture to the Company, if no cash was paid) if the grantee of the restricted common stock ceases to be affiliated with the Company before the restrictions lapse. The Compensation Committee may, at the time any other award is granted, provide that any or all the common stock delivered pursuant to an award will be restricted common stock. The Amended Plan also provides for awards of unrestricted stock, but no more than 360,000 shares of unrestricted stock in the aggregate may be granted at less than fair market value or not in lieu of cash compensation equal to fair market value.

### *Deferred Stock.*

The Amended Plan provides for deferred grants entitling the recipient to receive common stock upon the satisfaction of conditions determined by the Compensation Committee in its discretion. The Compensation Committee may, in its discretion, accelerate the time at which all or any part of the common stock will be delivered. A deferred stock award that is not granted in lieu of cash compensation will vest not more rapidly than ratably over a three-year period unless the award is also subject to performance restrictions, in which case the minimum vesting period will be one year.

### *Performance Awards.*

Any award under the Amended Plan may be made subject to the satisfaction of performance criteria specified by the Compensation Committee. In the case of performance awards intended to qualify for exemption under Internal Revenue Code Section 162(m), the Compensation Committee will use objectively determinable measures of performance in accordance with Section 162(m) that are based on any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; shareholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. Any performance criterion based on performance over time will be determined by reference to a period of at least one year. The Compensation Committee will determine whether the performance criteria that have been chosen for a particular performance award have been met.

### *Termination of Affiliation with Company: Effect on Stock Options and SARs.*

Except as otherwise determined by the Compensation Committee, if a participant in the Amended Plan dies, any options or SARs owned by the participant will, to the extent exercisable on the date of death, remain exercisable for a one-year period, provided that no such option or SAR will be exercisable beyond the end of its original term. In addition, and except as otherwise determined by the Compensation Committee, if a participant's affiliation with the Company ends because of the participant's retirement after attaining the age of 55 or total and permanent disability, then any options or SARs held by the participant that were exercisable at the time of retirement may be exercised by the participant at any time in accordance with the original terms of the options or SARs. Finally, and except as otherwise determined by the Compensation Committee, if a participant's employment (or other applicable affiliation with the Company) terminates for any reason other than death or retirement, options and SARs that were exercisable at the time the participant ceased to be affiliated with the Company will remain exercisable for three months, provided that (i) under no circumstances will any option or SAR be extended beyond its original term; and (ii) in the case of termination of the participant for cause, the Compensation Committee may elect to terminate any options or SARs immediately. In all cases, options and SARs that are not exercisable on the date of termination will terminate on that date.

### *Termination of Affiliation with the Company: Effect on Restricted and Deferred Stock.*

Except as otherwise determined by the Compensation Committee, upon termination of a participant's affiliation with the Company for any reason, all shares of common stock subject to continuing restrictions will be repurchased by the Company at the price originally paid for them. Deferred common stock awards to which the participant did not become irrevocably entitled prior to the termination of the participant's affiliation with the Company will be forfeited upon termination of the affiliation.

### *Effect of Certain Mergers, Consolidations, Etc.*

In the case of certain mergers, consolidations or similar transactions in which a majority of the Company's stock or all or substantially all of its assets are acquired, or in the case of a dissolution or liquidation of the Company, the Compensation Committee may, in its discretion, make stock options and SARs immediately exercisable, remove restrictions on shares of restricted common stock, waive conditions on any deferred awards of common stock and remove any performance or other conditions on any award. In addition, the Compensation Committee may, under such circumstances, provide for replacement awards for certain participants.

### *Amendment of Amended Plan.*

The Compensation Committee may amend the Amended Plan or any outstanding award for any purpose that may at the time be permitted by law, and may at any time terminate the Amended Plan as to any future grants of awards. The Compensation Committee may not, without the approval of the shareholders of the Company, effectuate a change to the Amended Plan (i) for which shareholder approval is required in order for the Amended Plan to continue to qualify for the award of ISOs under Section 422 of the Code or for the award of performance-based compensation under Internal Revenue Code Section 162(m); or (ii) if the change would increase the aggregate number of shares of common stock that may be delivered under the Amended Plan, or change the class of persons or entities that qualify as participants under the Amended Plan.

### ***Federal Income Tax Consequences***

The following discussion summarizes certain federal income tax consequences under the Internal Revenue Code ( the Code ) of the issuance and receipt of options under the Amended Plan.

#### *Incentive Stock Options.*

In general, an optionee realizes no taxable income upon the grant or exercise of an ISO, although the exercise of an ISO may result in an alternative minimum tax liability. With certain exceptions, a disposition of shares purchased under an ISO within two years from the date of grant or within one year after exercise produces ordinary income to the optionee (with a corresponding deduction available to the Company) equal to the value of the shares at the time of exercise less the exercise price. Any additional gain recognized in the disposition is treated as a capital gain for which the Company is not entitled to a deduction. If the optionee does not dispose of the shares until after the expiration of these one-and two-year holding periods, any gain or loss recognized upon a subsequent sale is treated as a long-term capital gain or loss for which the Company is not entitled to a deduction.

#### *Non-statutory Options.*

In general, in the case of an NSO, the optionee has no taxable income at the time of grant but realizes income in connection with exercise of the option in an amount equal to the excess (at time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price; a corresponding deduction is available to the Company; and upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as capital gain or loss for which the Company is not entitled to a deduction.

In general, an ISO that is exercised more than three months after termination of employment (other than termination by reason of death) is treated as an NSO. ISOs are also treated as non-statutory options to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of \$100,000.

The foregoing summary assumes that stock options are exercised for substantially vested stock. Where a stock option is exercised for Restricted Stock, as is permitted by the Amended Plan, the tax treatment will differ from the treatment summarized above. In general, a participant who exercises an NSO for Restricted Stock will have income taxable at ordinary income rates only when the stock vests, in an amount equal to the fair market value of the stock at time of vesting less the exercise price. However, the participant may make a special election to have the income measured and taken into account, instead, at time of exercise. In either case, a corresponding deduction will be available to the Company. In the case of a participant who exercises an ISO for Restricted Stock, the determination of alternative minimum taxable income (relevant in determining whether an alternative minimum tax must be paid) will follow rules similar to the rules for determining ordinary income in the case of the exercise of an NSO. For regular income tax purposes, the exercise of an ISO for Restricted Stock will be treated the same as the exercise of an ISO for substantially vested stock, provided that the shares are held for the requisite one-year and two-year holding periods described above. It is unclear how an earlier disposition of the shares would affect the measurement of a participant's ordinary income in the case of an ISO exercised for Restricted Stock.

## **Table of Contents**

The vesting or accelerated exercisability of awards in connection with a change in control of the Company may be required to be valued and taken into account under the Code in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, payments associated with the grant, vesting or exercise of awards under the Amended Plan, may be subject to an additional 20% federal tax and may be nondeductible to the Company.

The Code also limits to \$1.0 million the deduction the Company may claim for compensation paid annually to any of its top five officers, subject to a number of exceptions. The deduction limitation rules provide an exemption for compensation attributable to the exercise of non-discounted stock options that satisfy certain requirements. Stock options awarded under the Amended Plan are intended to qualify for this exemption.

### *Stock Appreciation Rights*

Any income paid to a person with respect to a SAR will be treated as compensation and taxed at ordinary income rates. The Company generally should be entitled to a corresponding deduction for federal income tax purposes when such person recognizes compensation income.

### *Stock Awards*

Persons receiving common stock pursuant to an award generally will recognize compensation income equal to the fair market value of the shares received, reduced by any purchase price paid. Such compensation income will be taxed at ordinary income rates. The Company generally should be entitled to a corresponding deduction for federal income tax purposes when such person recognizes compensation income. When such common stock is sold, the seller generally will recognize capital gain or loss equal to the difference between the amount realized upon the sale and the seller's adjusted tax basis in the common stock (generally, the amount that the seller paid for such stock plus the amount taxed to the seller as compensation income). Special rules apply if the common stock acquired pursuant to an award is subject to vesting, or is subject to restrictions on resale under federal securities laws applicable to directors, officers or 10% shareholders. Deferred stock issued pursuant to an award may also be subject to special rules.

The table below shows, as to the named executive officers and other individuals and groups indicated, the number of shares of common stock subject to grants (whether or not previously exercised) under the Amended Plan since its inception through March 5, 2010.

Executive officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based on the review of copies of such reports furnished to us and written representations that no other reports were required, we believe that, during the 2009 fiscal year, our executive officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them, except for the following:

inadvertent failure to file one Form 4 for Prides on a timely basis relating to the exercise of warrants to purchase our common stock on September 11, 2009;

***Shareholder Proposals for 2011 Annual Meeting***

***Expenses Relating to this Proxy Solicitation***

We will pay all expenses relating to this proxy solicitation. In addition to this solicitation by mail, our officers, directors, and employees may solicit proxies by telephone or personal call without extra compensation for that activity. ***Additional Matters for the Annual Meeting***

The Board of Directors knows of no other matters to be presented for action at the Annual Meeting other than those set forth in the attached Notice and customary procedural matters. However, if any other matters should properly come before the Annual Meeting or any postponements or adjournments thereof, the proxies solicited hereby will be voted on such matters, to the extent permitted by applicable rules of the SEC, in accordance with the judgment of the persons voting such proxies. In the latter regard, the Company intends to avail itself, with respect to the Annual Meeting, of the provisions of Rule 14a-4(c)(i) under the Securities Exchange Act of 1934, as amended, which grant the persons voting the proxies discretionary authority to vote on any shareholder proposals presented at an annual meeting if the Company has not received notice a reasonable time before it mails its proxy materials for the current year. The Committee, in its absolute discretion, shall determine the effect of all matters and questions relating to Termination, including, but not by way of limitation, the question of whether a Termination resulted from a discharge for good cause, and all questions of whether particular leaves of absence constitute Terminations; **provided, however,** that, with respect to ISOs, a leave of absence, change in status from an employee to an independent contractor or other change in the employee-employer relationship shall constitute a Termination if, and to the extent that, such leave of absence, change in status or other change interrupts employment for the purpose of Section 422(a)(2) of the Code and the then applicable regulations and revenue rulings under such Section. ARTICLE II

SHARES SUBJECT TO PLAN

2.1 Shares Subject to Plan.

(a) The shares subject to options, awards of restricted stock, performance awards, awards of deferred stock, unrestricted stock or stock appreciation rights shall be the Company's common stock, \$.001 par value. The aggregate number of shares which may be issued upon exercise of such options or rights or upon any such awards under the Plan shall not exceed six million (6,000,000), subject to adjustment as provided in Section 10.3. The shares issuable upon exercise of such options or rights or upon any such awards may be either previously authorized but unissued shares or treasury shares. To the extent an Award terminates, expires or lapses for any reason or an Award is settled in cash without the delivery of shares to the Participant, then any shares of common stock subject to the Award shall again be available for the grant of an Award pursuant to the Plan. Any shares tendered or withheld to satisfy the grant or exercise price or tax withholding obligation pursuant to any Award (other than an ISO) shall again be available for the grant of an Award pursuant to the Plan. To the extent permitted by applicable law or any exchange rule, shares of common stock issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any of its subsidiaries shall not be counted against shares of common stock available for grant pursuant to the Plan. The payment of dividend equivalents in cash in conjunction with any outstanding Awards shall not be counted against the shares available for issuance under the Plan. Notwithstanding the provisions of this Section 2.1(a), no shares of common stock may again be optioned, granted or awarded if such action would cause an ISO to fail to qualify as such under Section 422 of the Code.

(b) The maximum number of shares which may be subject to options or stock appreciation rights granted under the Plan shall not exceed the limitations set forth in this Section 2.1(b) as follows:

(i) Subject to adjustment as provided in Section 10.3, the maximum number of shares as to which options may be granted in any one calendar year shall be 2,000,000 and the maximum number of shares subject to stock appreciation rights granted in any one calendar year shall also be 2,000,000. These limits shall be construed and applied in a manner that is consistent with the rules under Section 162(m) of the Code.

**Table of Contents**

(ii) Subject to adjustment as provided in Section 10.3, the maximum number of shares subject to performance awards granted in any one calendar year shall be 800,000. This limit shall be construed and applied in a manner that is consistent with the rules under Section 162(m) of the Code.

(iii) Subject to adjustment as provided in Section 10.3, the maximum number of shares that may be issued in any one calendar year, in the aggregate, pursuant to the exercise of options that do not qualify as ISOs under Section 422(b) of the Code shall be 3,000,000 and the maximum number of shares that may be issued in any one calendar year, in the aggregate, pursuant to the exercise of stock options that qualify as ISOs shall also be 3,000,000; provided, that the foregoing maximum limits shall not be construed to permit more than the maximum number of shares described at (a) above (as the same may be adjusted as provided in Section 10.3) to be issued in the aggregate pursuant to all Awards.

(c) If and only to the extent required by Section 162(m) of the Code:

(i) Shares subject to options which are canceled shall be counted against the Award Limit.

(ii) If, after grant of an option, the price of shares subject to such option is reduced, the transaction shall be treated as a cancellation of the option and a grant of a new option and both the option deemed to be canceled and the option deemed to be granted shall be counted against the Award Limit.

(iii) If, after grant of a stock appreciation right, the base amount on which stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Company's common stock, the transaction shall be treated as a cancellation of the stock appreciation right and a grant of a new stock appreciation right and both the stock appreciation right deemed to be canceled and the stock appreciation right deemed to be granted shall be counted against the Award Limit.

2.2 Unexercised Options and Other Rights. Consistent with the provisions of Section 162(m) of the Code, as from time to time applicable, to the extent that (i) an option expires or is otherwise terminated without being exercised, or (ii) any shares of stock subject to any restricted stock, deferred stock or performance award granted hereunder are forfeited, such shares shall again be available for issuance in connection with future awards under the Plan.

ARTICLE III

GRANTING OF OPTIONS

3.1 Eligibility. Any officer, employee, consultant, advisor or director shall be eligible to be granted an option.

3.2 Granting of options.

(a) The Committee shall from time to time, in its absolute discretion:

(i) Select which Participants shall be granted options;

**Table of Contents**

- (ii) Subject to the Award Limit, determine the number of shares subject to such options;
  - (iii) Determine whether such options are to be ISOs or non-qualified stock options and whether such options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and
  - (iv) Determine the terms and conditions of such options, consistent with this Plan; provided, however, that the terms and conditions of options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.
- (b) The Committee shall instruct the secretary of the Company to issue such options and may impose such conditions on the grant of such options as it deems appropriate, including substitution or replacement of awards, cancellation and replacement or other adjustments to the Award, including but not limited to the strike price. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition on the grant of an option that the Participant surrender for cancellation some or all of the unexercised options, awards of restricted stock, deferred stock, performance awards, stock appreciation rights, or unrestricted stock or other rights which have been previously granted to such Participant under this Plan or otherwise. To the extent it complies with Section 409A of the Code, an option, the grant of which is conditioned upon such surrender, may have an option price lower (or higher) than the exercise price of such surrendered option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered option or other award.

**3.3 Special Rules Applicable to ISOs.**

- (a) No person may be granted an ISO under this Plan if such person, at the time the ISO is granted, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company unless such ISO conforms to the applicable provisions of Section 422 of the Code.
- (b) No ISO shall be granted unless such option, when granted, qualifies as an incentive stock option under Section 422 of the Code. No ISO shall be granted to any person who is not an employee.
- (c) Any ISO granted under this Plan may be modified by the Committee to disqualify such option from treatment as an incentive stock option under Section 422 of the Code.
- (d) To the extent that the aggregate Fair Market Value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an Participant during any calendar year (under the Plan and all other incentive stock option plans of the Company) exceeds \$100,000, such options shall be treated as non-qualified options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking options into account in the order in which they were granted. For purposes of this Section 3.3(d), the Fair Market Value of stock shall be determined as of the time the option with respect to such stock is granted.

**Table of Contents**

(e) Notwithstanding anything to the contrary, no shares may again be options, granted or awarded under the Plan if such action would cause an ISO to fail to qualify as such under Section 422 of the Code.

ARTICLE IV

TERMS OF OPTIONS

4.1 **Option Agreement.** Each option shall be evidenced by a written stock option agreement, which shall be executed by the Participant and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan. Stock option agreements evidencing options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Stock option agreements evidencing incentive stock options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.

4.2 **Option Price.** The price per share of the shares subject to each option shall be set by the Committee; **provided, however,** that such price shall be no less than 100% of the Fair Market Value of a share of common stock on the date the option is granted (110% of the Fair Market Value of a share of common stock on the date such option is granted in the case of an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company). Notwithstanding the foregoing, to the extent it complies with Section 409A of the Code, if options are granted under the Plan as a result of the Company's assumption or substitution of options issued by any acquired, merged or consolidated entity, the exercise price for such options shall be the price determined by the Committee pursuant to the conversion terms applicable to the transaction. After an option is granted, the exercise price shall not be reduced.

4.3 **Option Term.** The term of an option shall be set by the Committee in its discretion; **provided, however,** that, in the case of ISOs, the term shall not be more than ten (10) years from the date the ISO is granted, or five (5) years from such date if the ISO is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company.

4.4 **Option Vesting and Exercisability.** Stock options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at or after grant. The Committee may provide, in its discretion, that any stock option shall be exercisable only in installments, and the Committee may waive such installment exercise provisions at any time in whole or in part based on such factors as the Committee may determine, in its sole discretion, including but not limited to in connection with any change in control of the Company, as defined in any stock option agreement.

**Table of Contents**

ARTICLE V

EXERCISE OF OPTIONS

5.1 **Partial Exercise**. An exercisable option may be exercised in whole or in part. However, an option shall not be exercisable with respect to fractional shares and the Committee may require that, by the terms of the option, a partial exercise be with respect to a minimum number of shares.

5.2 **Manner of Exercise**. All or a portion of an exercisable option shall be deemed exercised upon delivery of all of the following to the secretary of the Company or the secretary's office:

- (a) A written notice complying with the applicable rules established by the Committee stating that the option, or a portion thereof, is to be exercised. The notice shall be signed by the Participant or other person then entitled to exercise the option or such portion;
- (b) Such representations and documents as the Committee, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act of 1933, as amended, and any other federal or state securities laws or regulations. The Committee may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;
- (c) In the event that the option shall be exercised pursuant to Section 10.1 by any person or persons other than the Participant, appropriate proof of the right of such person or persons to exercise the option; and
- (d) Full cash payment to the secretary of the Company for the shares with respect to which the option, or portion thereof, is exercised. However, at the discretion of the Committee, the terms of the option may allow payment, in whole or in part, through the delivery of shares of common stock owned by the Participant, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the option or exercised portion thereof. In the case of a promissory note, the Committee may also prescribe the form of such note, the security to be given for such note and the rate of interest, if any, that the note shall bear. The option may not be exercised, however, by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law, and any such note or loan shall comply with all applicable laws, regulations and rules of the Board of Governors of the Federal Reserve System and any other governmental agency having jurisdiction.

5.3 **Conditions to Issuance of Stock Certificate**. The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any option or portion thereof prior to fulfillment of all of the following conditions:

- (a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;
- (b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Committee shall, in its absolute discretion, deem necessary or advisable;

**Table of Contents**

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;

(d) The lapse of such reasonable period of time following the exercise of the option as the Committee may establish from time to time for reasons of administrative convenience; and

(e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax.

5.4 Rights as Stockholders. The holders of options shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of an option unless and until certificates representing such shares have been issued by the Company to such holders.

5.5 Ownership and Transfer Restrictions. The Committee, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an option as it deems appropriate. Any such restriction shall be set forth in the respective stock option agreement and may be referred to on the certificates evidencing such shares. The Committee may require the Participant to give the Company prompt notice of any disposition of shares of common stock acquired by exercise of an incentive stock option within (i) two years from the date the option was granted or (ii) one year after the transfer of such shares to the Participant. The Committee may direct that the certificates evidencing shares acquired by exercise of an option refer to such requirement to be given prompt notice of disposition.

ARTICLE VI

AWARD OF RESTRICTED STOCK

6.1 Award of Restricted Stock.

(a) The Committee shall from time to time, in its absolute discretion, select which Participants shall be awarded restricted stock, and determine the purchase price, if any, and other terms and conditions applicable to such restricted stock, consistent with this Plan.

(b) The Committee shall establish the purchase price, if any, and form of payment for restricted stock, including any consideration required by applicable law. The Committee shall instruct the secretary of the Company to issue such restricted stock and may impose such conditions on the issuance of such restricted stock as it deems appropriate.

6.2 Restricted Stock Agreement. Restricted stock shall be issued only pursuant to a written restricted stock agreement, which shall be executed by the selected Participant and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

6.3 Rights as Stockholders. Upon delivery of the shares of restricted stock to the escrow holder pursuant to Section 6.5, the restricted stockholder shall have, unless otherwise provided by the Committee, all the rights of a stockholder with respect to such shares, subject to the restrictions in the restricted stockholder's restricted stock agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; provided, however, that in the discretion of the Committee, any extraordinary distributions with respect to the common stock shall be subject to the restrictions set forth in Section 6.4.

**Table of Contents**

6.4 Restriction. All shares of restricted stock issued under this Plan (including any shares received by holders thereof with respect to shares of restricted stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual restricted stock agreement, be subject to such restrictions as the Committee shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; provided, however, that by a resolution adopted after the restricted stock is issued, the Committee may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the restricted stock agreement. Restricted stock may not be sold or encumbered until all restrictions are terminated or expire.

6.5 Escrow. The Secretary of the Company or such other escrow holder as the Committee may appoint shall retain physical custody of each certificate representing restricted stock until all of the restrictions imposed under the restricted stock agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

6.6 Legend. In order to enforce the restrictions imposed upon shares of restricted stock hereunder, the Committee shall cause a legend or legends to be placed on certificates representing all shares of restricted stock that are still subject to restrictions under restricted stock agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

ARTICLE VII

PERFORMANCE AWARDS, DEFERRED STOCK, UNRESTRICTED STOCK

7.1 Performance Awards.

(a) Any Participant selected by the Committee may be granted one or more performance awards. The value of such performance awards may be linked to the market value, book value, net profits or other measure of the value of common stock or other specific Performance Criteria (as defined in Section 7.1(c) below) determined appropriate by the Committee, or may be based upon the appreciation in the market value, book value, net profits or other measure of the value of a specified number of shares of common stock over a fixed period or periods determined by the Committee. Performance conditioned awards are subject to the following:

(b) Any performance award shall be intended to qualify as performance-based for purposes of Section 162(m) of the Code. In the case of any performance award to which this Section 7.1(b) applies, the Plan and such Award will be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception. With respect to such performance awards, the Committee will establish, in writing, one or more specific Performance Criteria (as defined below) no later than ninety (90) days after the commencement of the period of service to which the performance relates (or at such earlier time as is required to qualify the Award as performance-based under Section 162(m)). The Performance Criteria so established shall serve as a condition to the grant, vesting or payment of the performance award, as determined by the Committee. Prior to grant, vesting or payment of the performance award, as the case may be, the Committee will certify whether the Performance Criteria have been attained and such determination will be final and conclusive. If the Performance Criteria with respect to the Award are not attained, no other Award will be provided in substitution of the performance award. No performance award to which this Section 7.1(b) applies may be granted after the first meeting of the stockholders of the Company held in 2014 until the performance measures described in Section 7.1(c) below (as the same may be amended) have been resubmitted to and re-approved by the stockholders of the Company in accordance with the requirements of Section 162(m) of the Code, unless such grant is made contingent upon such approval.

---

**Table of Contents**

(c) For purposes of this Section 7.1, Performance Criteria are specified criteria, other than the mere performance of services or the mere passage of time the satisfaction of which is a condition for the grant, exercisability, vesting or full enjoyment of an Award. For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m) of the Code, a Performance Criterion means an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A Performance Criterion measure and any targets with respect thereto determined by the Committee need not be based upon an increase, a positive or improved result or avoidance of loss. Any Performance Criterion based on performance over a period of time shall be determined by reference to a period of not less than one year. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, the Committee may provide in the case of any Award intended to qualify for such exception that one or more of the Performance Criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable Performance Criterion or Criteria.

7.2 Unrestricted Stock. Subject to the terms and provisions of the Plan, the Committee may grant or sell shares of fully vested and unrestricted stock in such amounts and for such consideration, if any, as the Committee shall determine; provided, that the aggregate number of shares of unrestricted stock that may be granted or sold for a purchase price that is less than their fair market value, unless granted in lieu of cash compensation equal to such fair market value, shall not exceed 360,000 shares.

7.3 Deferred Stock. Subject to compliance with Section 409A of the Code, any Participant selected by the Committee may be granted an award of deferred stock in the manner determined from time to time by the Committee. The number of shares of deferred stock shall be determined by the Committee and may be linked to the market value, book value, net profits or other measure of the value of common stock or other specific Performance Criteria determined appropriate by the Committee. Common stock underlying a deferred stock award will not be issued until the deferred stock award has vested, pursuant to a vesting schedule or Performance Criteria set by the Committee. Unless otherwise provided by the Committee, a grantee of deferred stock shall have no rights as a Company stockholder with respect to such deferred stock until such time as the award has vested and the common stock underlying the award has been issued.

**Table of Contents**

7.4 Performance Award Agreement, Deferred Stock Agreement, Unrestricted Stock Agreement. Each performance award, award of deferred stock and/or unrestricted stock shall be evidenced by a written agreement, which shall be executed by the Participant and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

7.5 Term. The term of a performance award, award of deferred stock and/or unrestricted stock shall be set by the Committee in its discretion.

7.6 Payment on Exercise. Payment of the amount determined under Sections 7.1, 7.2 or 7.3 above shall be in cash, in common stock or a combination of both, as determined by the Committee. To the extent any payment under this Article VII is effected in common stock, it shall be made subject to satisfaction of all provisions of Section 5.3.

ARTICLE VIII

STOCK APPRECIATION RIGHTS

8.1 Grant of Stock Appreciation Rights. Subject to the Award Limit, a stock appreciation right may be granted to any Participant selected by the Committee. A stock appreciation right may be granted (i) in connection and simultaneously with the grant of an option, (ii) with respect to a previously granted option, or (iii) independent of an option. A stock appreciation right shall be subject to such terms and conditions not inconsistent with this Plan as the Committee shall impose, and shall be evidenced by a written stock appreciation right agreement, which shall be executed by the Participant and an authorized officer of the Company. The Committee, in its discretion, may determine whether a stock appreciation right is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and stock appreciation right agreements evidencing stock appreciation rights intended to so qualify shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a stock appreciation right that the Participant surrender for cancellation some or all of the unexercised options, awards of restricted stock, deferred stock, performance awards or stock appreciation rights or other rights which have been previously granted to him or her under this Plan or otherwise. A stock appreciation right, the grant of which is conditioned upon such surrender, may not have an exercise price lower than the exercise price of the surrendered option or other award, may not cover a greater number of shares as such surrendered option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered option or other award.

8.2 Coupled Stock Appreciation Rights.

(a) A coupled stock appreciation right ( CSAR ) shall be related to a particular option and shall be exercisable only when and to the extent the related option is exercisable.

(b) A CSAR may be granted for no more than the number of shares subject to the simultaneously or previously granted option to which it is coupled.

---

**Table of Contents**

(c) A CSAR shall entitle the Participant (or other person entitled to exercise the option pursuant to this Plan) to surrender to the Company unexercised a portion of the option to which the CSAR relates (to the extent then exercisable pursuant to its terms) and to receive from the Company in exchange therefor an amount determined by multiplying the difference obtained by subtracting the option exercise price from the Fair Market Value of a share of common stock on the date of exercise of the CSAR by the number of shares of common stock with respect to which the CSAR shall have been exercised, subject to any limitations the Committee may impose.

8.3 Independent Stock Appreciation Rights.

(a) An independent stock appreciation right ( ISAR ) shall be unrelated to any option and shall have a term set by the Committee. An ISAR shall be exercisable in such installments as the Committee may determine. An ISAR shall cover such number of shares of common stock as the Committee may determine. The exercise price per share of common stock subject to each ISAR shall be set by the Committee.

(b) An ISAR shall entitle the Participant (or other person entitled to exercise the ISAR pursuant to this Plan) to exercise all or a specified portion of the ISAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the ISAR from the Fair Market Value of a share of common stock on the date of exercise of the ISAR by the number of shares of common stock with respect to which the ISAR shall have been exercised, subject to any limitations the Committee may impose.

8.4 Payment and Limitations on Exercise. Payment of the amount determined under Sections 8.2(c) and 8.3(b) above shall be in cash, in common stock (based on its Fair Market Value as of the date the stock appreciation right is exercised) or a combination of both, as determined by the Committee. To the extent such payment is effected in common stock it shall be made subject to satisfaction of all provisions of Section 5.3.

ARTICLE IX

ADMINISTRATION

9.1 Committee. The Committee shall consist of two or more directors appointed by and holding office at the pleasure of the Board. To the extent applicable, the members of the Committee shall each be an outside director as defined under Section 162(m) of the Code and a non-employee director as defined under Rule 16b-3. Appointment of Committee members shall be effective upon acceptance of appointment. Committee members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

9.2 Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of this Plan in accordance with its provisions. The Committee shall have the power to interpret this Plan and the agreements pursuant to which options, awards of restricted stock, deferred stock, unrestricted stock, performance awards or stock appreciation rights are granted or awarded, and to adopt such rules for the administration, interpretation, and application of this Plan as are consistent therewith and to interpret, amend or revoke any such rules. Any such grant or award under this Plan need not be the same with respect to each Participant. Any such interpretations and rules with respect to ISOs shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under this Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee. Notwithstanding any other provision of this Plan other than Section 10.3, the Committee may not, without prior approval of the Company's stockholders, seek to effect any repricing of any previously granted option by: (i) amending or modifying the terms of the option to lower the exercise price; (ii) canceling the option and granting replacement options having a lower exercise price in exchange; (iii) repurchasing the options and granting new options under this Plan; or (iv) taking any other action that is treated as a repricing under generally accepted accounting principles.

---

**Table of Contents**

9.3 **Majority Rule.** The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

9.4 **Compensation; Professional Assistance; Good Faith Actions.** Members of the Committee shall receive such compensation for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of this Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company's officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee in good faith shall be final and binding upon all Participants, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to this Plan, options, awards of restricted stock or unrestricted stock, deferred stock, performance awards or stock appreciation rights, and all members of the Committee shall be fully protected and indemnified by the Company in respect of any such action, determination or interpretation.

ARTICLE X

MISCELLANEOUS PROVISIONS

10.1 **Not Transferable.** No option may be transferred by the Participant other than by will, by the laws of descent and distribution or pursuant to a qualified domestic relations order, and during the Participant's lifetime the option may be exercised only by him or her; provided, however, that the Board of Directors or the Committee, as applicable, in its discretion, may allow the transfer of non-qualified stock options for no value by the Participant to Immediate Family Members. The phrase Immediate Family Members means children, grandchildren, spouse or common law spouse, siblings or parents of the Participant or to bona fide trusts, partnerships or other entities controlled by and of which the beneficiaries are Immediate Family Members of the Participant. Any option grants that are transferable are further conditioned on the Participant and Immediate Family Members agreeing to abide by the Company's then current stock option transfer guidelines. No Award or interest or right therein shall be liable for the debts, contracts or engagements of the Participant or his or her successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect.

10.2 **Amendment Suspension or Termination of this Plan.** This Plan shall terminate immediately following the tenth (10<sup>th</sup>) anniversary of the Effective Date. This Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Committee. However, without approval of the Company's stockholders given within twelve (12) months before or after the action by the Committee, no action of the Committee may, except as provided in Section 10.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under this Plan or modify the Award Limit, and no action of the Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, regulation or rule. No amendment, suspension or termination of this Plan shall, without the consent of the holder of, alter or impair any rights or obligations under any Award theretofore granted, unless the Award itself otherwise expressly so provides. No Award may be granted or awarded during any period of suspension or after termination of this Plan, and in no event may any ISO be granted under this Plan after the first to occur of the following events:

(a) The expiration of ten (10) years from the Effective Date; or

**Table of Contents**

(b) The expiration of ten (10) years from the date the Plan is approved by the Company's stockholders under Section 10.4.

**10.3 Changes in Common Stock or Assets of the Company.** In the event that the outstanding shares of common stock are hereafter changed into or exchanged for cash or a different number or kind of shares or other securities of the Company, or of another corporation, by reason of reorganization, merger, consolidation, recapitalization, reclassification, stock split-up, stock dividend, combination of shares or other change in the common stock, appropriate adjustments shall be made by the Committee in the number and kind of shares for which options, restricted stock awards, performance awards, stock appreciation rights, unrestricted stock awards or deferred stock awards may be granted, including adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued and of the Award Limit described in Section 1.3.

In the event of such a change or exchange, other than for shares or securities of another corporation or by reason of reorganization, the Committee shall also make an appropriate and equitable adjustment in the number and kind of shares as to which all outstanding options, performance awards or stock appreciation rights, or portions thereof then unexercised, shall be exercisable and in the number and kind of shares of outstanding restricted stock, unrestricted stock or deferred stock. Such adjustment shall be made with the intent that after the change or exchange of shares, each Participant's proportionate interest shall be maintained as before the occurrence of such event. Such adjustment in an outstanding Award may include a necessary or appropriate corresponding adjustment in the exercise price, but shall be made without change in the total price applicable to the Award, or the unexercised portion thereof (except for any change in the aggregate price resulting from rounding-off of share quantities or prices).

Where an adjustment of the type described above is made to an ISO under this Section 10.3, the adjustment will be made in a manner which will not be considered a modification under the provisions of Section 424(h)(3) of the Code.

Notwithstanding the foregoing, in the event of such a reorganization, merger, consolidation, recapitalization, reclassification, stock split-up, stock dividend or combination, or other adjustment or event which results in shares of common stock being exchanged for or converted into cash, securities or other property, the Company will have the right to terminate this Plan as of the date of the exchange or conversion, in which case all options, rights and other awards under this Plan shall become the right to receive such cash, securities or other property, net of any applicable exercise price.

**10.4 Approval of Plan by Stockholders.** This Plan will be submitted for the approval of the Company's stockholders within (12) twelve months after the date of the Board's initial adoption of this Plan. Awards may be granted prior to such stockholder approval, provided that such Awards shall not be exercisable nor shall vest prior to the time when this Plan is approved by the stockholders, and provided further that if such approval has not been obtained at the end of said twelve (12) month period, all Awards previously granted under this Plan shall thereupon be canceled and become null and void.

## **Table of Contents**

10.5 **Tax Withholding**. The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Participant of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting or exercise of any option, restricted stock, deferred stock, performance award, stock appreciation right or unrestricted stock. The Committee may in its discretion and in satisfaction of the foregoing requirement allow such Participant to elect to have the Company withhold shares of common stock (or allow the return of shares of common stock) having a Fair Market Value equal to the sums required to be withheld.

10.6 **Loan**. To the extent permitted by applicable law, the Committee may, in its discretion, extend one or more loans in connection with the exercise or receipt of an option, performance award or stock appreciation right, granted under this Plan, or the issuance of restricted stock, unrestricted stock or deferred stock awarded under this Plan. The terms and conditions of any such loan shall be set by the Committee.

10.7 **Limitations Applicable to Section 16 Persons and Performance-Based Compensation**. Notwithstanding any other provision of this Plan, any option, performance award, stock appreciation right granted, or restricted stock, unrestricted stock or deferred stock awarded, to a Participant who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3) that are requirements for the application of such exemptive rule, and this Plan shall be deemed amended to the extent necessary to conform to such limitations. Furthermore, notwithstanding any other provision of this Plan, any option or stock appreciation right intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and this Plan shall be deemed amended to the extent necessary to conform to such requirements.

10.8 **Effect of Plan Upon Options and Compensation Plans**. The adoption of this Plan shall not affect any other compensation or incentive plans in effect for the Company. Nothing in this Plan shall be construed to limit the right of the Company (i) to establish any other forms of incentives or compensation for employees of the Company or (ii) to grant or assume options or other rights otherwise than under this Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, firm or association.

10.9 **Compliance with Laws**.
