Dear Valued Customer:

On Labor Day, Air Products announced a second revised unsolicited tender offer to acquire all outstanding common shares of Airgas at a price of \$65.50 per share. After careful consideration with its independent financial and legal advisors, our Board of Directors unanimously rejected the revised offer and recommended that Airgas stockholders not tender their shares. The press release we issued detailing the reasons for the Board's decision is attached.

The Board is unanimous in its belief that Air Products' revised offer, which represents only a \$2.00 per share increase over its previous offer, continues to grossly undervalue Airgas. Air Products' revised offer does not adequately compensate Airgas stockholders for the Company's scarcity and synergy value, our extraordinary history of providing superior returns for our stockholders, our impressive economic performance since the first Air Products offer and our excellent prospects.

As always, we remain focused on providing you with the same quality products and services that you have come to expect from Airgas. You are extremely important to us, and I want to assure you that the latest developments in Air Products' hostile takeover attempt will have no impact on our ability to continue meeting and exceeding your expectations. We thank you for your business and stand ready to fill all of your requirements.

We will continue to update you with information regarding the Air Products offer, as appropriate. In the meantime, if you would like additional information please visit our website at www.airgas.com or feel free to reach out to your local Airgas representatives.

Thank you for your continued confidence in Airgas.

Sincerely,

Michael Molinini

Chief Operating Officer
