Arrangements Regarding Director Selection

Under a voting agreement (the "Voting Agreement") entered into in September 1997 among RealNetworks, Accel IV, L.P. ("Accel IV"), Mitchell Kapor, Bruce Jacobsen and Robert Glaser, each of Accel IV and Messrs. Jacobsen and Kapor have agreed to vote all shares of stock of RealNetworks owned by them to elect Mr. Glaser to the Board of Directors of RealNetworks in each election in which he is a nominee. The obligations under the Voting Agreement terminate with respect to shares transferred by the parties when such shares are transferred. The Voting Agreement terminates on the death of Mr. Glaser.

Pursuant to the terms of an agreement entered into in September 1997 between RealNetworks and Mr. Glaser, RealNetworks has agreed to use its best efforts to nominate, elect and not remove Mr. Glaser from the Board of Directors so long as Mr. Glaser owns a specified number of shares of Common Stock.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), requires RealNetworks' executive officers, directors, and persons who own more than ten percent of a registered class of RealNetworks' equity securities to file reports of ownership and changes of ownership with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all such reports they file. Specific due dates have been established by the SEC, and we are required to disclose any failure to file by those dates.

Based solely on our review of the copies of such reports we received, and on written representations by the executive officers and directors of RealNetworks regarding their compliance with the applicable reporting requirements under Section 16(a) of the Exchange Act, we believe that, with respect to the fiscal year ended December 31, 2010, all of the executive officers and directors of RealNetworks, and all of the persons known to RealNetworks to own more than ten percent of the Common Stock, complied with all such reporting requirements.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of RealNetworks' employees, officers and directors. RealNetworks Code of Business Conduct and Ethics is publicly available on our website (<http://investor.realnetworks.com> under the caption "Corporate Governance"), or can be obtained without charge by written request to RealNetworks' Corporate Secretary at the address of RealNetworks principal executive office. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to or waiver from application of the Code of Business Conduct and Ethics that applies to the Chief Executive Officer or the Chief Financial Officer, and any other applicable accounting and financial employee, by posting such information on our website at <http://investor.realnetworks.com> under the caption "Corporate Governance".

Shareholder Nominations and Recommendations for Director Candidates

We have not made any material changes to the procedures by which our shareholders may recommend nominees to our board of directors since we last disclosed the procedures by which shareholders may nominate director candidates under the caption "Shareholder Nominations and Recommendations for Director Candidates" in our proxy statement for the 2010 annual meeting of RealNetworks shareholders filed with the SEC on September 9, 2010.

Audit Committee of the Board

We have a standing Audit Committee of the Board of Directors comprised of Messrs. Benhamou, Jotwani and Trempont and Ms. Raina. The Audit Committee provides oversight of our accounting and financial reporting, processes and financial statement audits, reviews RealNetworks internal accounting procedures and consults with and reviews the services provided by its independent auditors. All of the members of our Audit Committee are financially literate pursuant to Nasdaq rules, and our Board has designated Mr. Benhamou as the Audit Committee Financial Expert, as defined by the SEC and applicable listing standards. Applying the rules of the Nasdaq Stock Market and the SEC, the Board has determined that Mr. Benhamou is independent.

Item 11. *Executive Compensation* Compensation Discussion and Analysis

This compensation discussion and analysis discusses the principles underlying our executive compensation program and the important factors relevant to the analysis of the compensation of our executive officers. We refer to the individuals who served as our Chief Executive Officer and Chief Financial Officer during 2010, as well as the other individuals included in the Summary Compensation Table on page 26, as our Named Executive Officers. The Named Executive Officers are included in the group of individuals identified as executives or executive officers.

Business Context for Compensation Decisions

The 2010 compensation program for named executive officers was influenced by extraordinary events that began at the start of 2010 and created rapid change in the business and leadership structure of the Company. In 2010, RealNetworks focused on transformational activities following the resignation in January 2010 of the Chief Executive Officer, Robert Glaser, who continues to serve as Chairman of the Board of Directors. Our Board of Directors appointed Robert Kimball President and Acting Chief Executive Officer in January 2010 and commenced a search for a permanent Chief Executive Officer. Following this search, Mr. Kimball was appointed Chief Executive Officer in July 2010.

The Company implemented a company-wide restructuring and simplification of the business, which included a separation of our Rhapsody joint venture and a reorganization of the management of our businesses and product lines. As a result of these changes, we reduced our headcount, overhead and other operating costs and discontinued certain unprofitable products and services offerings. These changes were difficult and internally disruptive, creating uncertainty for officers and employees.

As a result of the Company's first ever change in Chief Executive Officer, the Compensation Committee developed 2010 executive compensation programs that were designed to encourage the retention and commitment of our key senior executive team during this challenging time, including the following:

- determination of fair and competitive overall annual compensation for the President and Acting Chief Executive Officer and other executive officers;

- establishment of new retention and change-in-control arrangements with key executive officers;

- determination of fair and competitive compensation of the Chief Executive Officer upon the conclusion of the CEO search; and

- payment of fair severance to certain officers whose employment terminated in connection with the Company's strategic business changes.

The discussion that follows elaborates on the decision-making process governing the compensation of our Named Executive Officers, our compensation philosophy, and the specific elements of compensation paid to our Named Executive Officers in 2010.

Role of the Compensation Committee

The Compensation Committee of the Board of Directors is responsible for the oversight of our executive compensation program. Each director who served on the Compensation Committee in 2010 was, and each current member of the Compensation Committee is, a non-employee Director within the meaning of SEC Rule 16b-3, an outside Director within the meaning of IRC Section 162(m), and an independent Director under Nasdaq stock exchange listing rules. The Compensation Committee's purpose is to discharge the Board's responsibilities relating to compensation of our executive officers and to adopt policies that govern our compensation and benefit programs in a manner that supports our business strategy. The Compensation Committee has overall responsibility for approving and evaluating our executive officer compensation plans, policies and programs, including:

Edgar Filing: REALNETWORKS INC - Form 10-K/A

periodically reviewing and making recommendations to the independent members of our Board of Directors regarding the agreements with, and compensation of, the Chief Executive Officer;

periodically reviewing and establishing the agreements with, and compensation of, our executive officers other than the Chief Executive Officer;

establishing and revising employee incentive compensation plans (other than with respect to the Chief Executive Officer);

carrying out duties assigned to the Compensation Committee under any stock option plan or other plan and granting stock options and other equity awards to officers of the Company (other than the Chief Executive Officer);

Table of Contents

overseeing the Company's compensation programs, including programs for the Board of Directors and non-executive employees;

conducting an annual risk assessment related to the Company's employee compensation policies and practices; and

performing duties as assigned by the Board of Directors.

The Compensation Committee may delegate authority to subcommittees, retain or terminate any compensation consultant and obtain advice and assistance from internal or external legal, accounting or other advisers. In 2010, the Compensation Committee retained Frederic W. Cook & Co., Inc. (Cook) as its independent third party consultant.

Role of Management in Compensation Decisions

The Compensation Committee invites our Chief Executive Officer, and/or certain other executives including our Senior Vice President and Chief Financial Officer and our Vice President, Global Human Resources, to attend its meetings and also convenes executive sessions without management present. Our Chief Executive Officer, together with the Compensation Committee, assesses the performance of our executive officers. Our Chief Executive Officer consults with other members of management and makes recommendations to the Compensation Committee regarding base salaries, bonus targets and actual payments, performance goals and weightings and equity compensation awards for executive officers other than the Chief Executive Officer. The Compensation Committee can consider these recommendations and the recommendations provided by independent compensation consultants, but the Compensation Committee has final authority to exercise its discretion in setting compensation amounts or awards for executives other than the Chief Executive Officer and is bound by neither the recommendations of the Chief Executive Officer nor those of any consultant. The Compensation Committee meets without the Chief Executive Officer or other members of management present during deliberations concerning the Chief Executive Officer's compensation and makes recommendations regarding CEO compensation for approval by the independent members of the Board of Directors in compliance with the Compensation Committee Charter.

Compensation Objectives

In establishing executive compensation in 2010, the Compensation Committee was generally guided by the following objectives:

Attract, motivate and retain the best executives. Given the complexity of our industry, the compensation packages provided to our executive officers should be sufficient to attract, motivate and retain the exceptional leaders needed to achieve RealNetworks corporate business goals and drive long-term shareholder value.

Establish executive compensation that is linked to both company and individual performance. Executive compensation should include compensation elements that reward individual performance as measured against established annual and strategic business goals.

Consider individual executive responsibility and accountability. Executive compensation should appropriately reflect varying degrees of responsibility, accountability and impact on the overall business.

Ensure compensation is competitive. Executive compensation should be established at levels that are competitive with the compensation paid by similarly situated companies with which RealNetworks competes for talent and shareholder investment.

Provide pay incentives that closely align executives' interests with the long-term interests of our shareholders. Executive compensation should be designed to motivate executives to build a growing, profitable and sustainable business. This can best be achieved by encouraging our executive officers to conceive, develop and market the best products and services in our chosen markets and to exceed customer expectations.

Elements of Compensation

For 2010, the principal elements of compensation for our Named Executive Officers were:

base salary as compensation for services provided to RealNetworks generally established based on competitive benchmarking, comparative compensation levels of the senior executive officers and individual performance;

performance-based short-term cash incentive compensation through the RealNetworks, Inc. 2010 Executive MBO Plan (the 2010 MBO Plan) to provide rewards for the achievement of key short-term financial performance of RealNetworks and the completion of specified business milestones given RealNetworks restructuring activities planned for 2010;

Table of Contents

long-term equity incentive compensation to align the interests of our executive officers with those of RealNetworks' shareholders; and

benefits, including retention, severance and change in control benefits to encourage the continued employment and commitment of the key senior executive team during an unprecedented period of change at RealNetworks.

RealNetworks does not have established programs under which executive perquisites are offered. RealNetworks does not offer guaranteed payouts under its performance-based cash incentive compensation plans or executive retirement plans that are not provided to the broad U.S. employee population.

The Named Executive Officers in 2010 are listed below. There are more than five Named Executive Officers due to the Company's reorganization efforts during the year.

Robert Glaser, Founder, Chairman of the Board and Former Chief Executive Officer: Mr. Glaser resigned as the Chief Executive Officer in January 2010, having served in that capacity since 1994 when he founded the Company. He continues to serve as Chairman of the Board.

Concurrent with the promotion to President, Mr. Kimball was also appointed Acting Chief Executive Officer in January 2010 while the Company conducted a search for a Chief Executive Officer to replace Mr. Glaser. Mr. Kimball was ultimately chosen as the Chief Executive Officer in July 2010 and was promoted to that role. Mr. Kimball resigned as President and Chief Executive Officer in March 2011.

Hank Skorny, Senior Vice President, and Chief Strategy Officer: Mr. Skorny served as Senior Vice President, Media Cloud Computing and Services in 2010 and was appointed Senior Vice President and Chief Strategy Officer in January 2011.

Tracy D. Daw, Chief Legal Officer and Corporate Secretary: Mr. Daw began 2010 as Vice President, Corporate Development, Deputy General Counsel and Corporate Secretary, which was one of the Company's top legal positions after the promotion of Mr. Kimball. In August 2010, Mr. Daw was promoted to Chief Legal Officer in light of his performance since taking over for Mr. Kimball.

John Barbour, Former President, Games Division: Mr. Barbour was hired in October 2008 for the purpose of becoming the Chief Executive Officer of the Games division following a planned separation of that business. The separation of the Games division was delayed and ultimately did not occur following the Company's reorganization in 2010 and Mr. Barbour's employment was terminated in August 2010.

2010 Base Salary. We provide Named Executive Officers and other employees with base salary to compensate them for services rendered to RealNetworks, to pay them for day-to-day role and responsibilities, and to meet our objective of attracting and retaining executive talent needed to run our business. Base salaries for Named Executive Officers are determined for each executive based on position, responsibility, experience and competitive market data. When determining base salaries, the Compensation Committee also considers other factors including the salaries established for comparable positions in companies in our industry, salaries paid to executives at other companies with which we compete for comparable talent, the historical and relative compensation levels of our executives and the executive's performance in the preceding year. Base salaries are adjusted from time to time to recognize various levels of responsibility, promotions, individual performance, market conditions and internal equity issues. Certain Named Executive Officers were provided two adjustments during 2010 to recognize promotions that occurred as a result of the business reorganization.

Table of Contents

In February 2010, the Compensation Committee approved the following increases in the annual base salaries of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw based on individual performance and in recognition of the increased scope of their roles and responsibilities as RealNetworks entered into a transition period following Mr. Glaser's resignation as Chief Executive Officer in January 2010:

Name	Salary Increase	Base Salary	Effective Date
Robert Kimball	14.9%	\$ 425,000	February 2010
Michael Eggers	20.0%	\$ 350,000	February 2010
Michael Lunsford	8.1%	\$ 400,000	February 2010
Hank Skorny	6.0%	\$ 350,000	February 2010
Tracy D. Daw	4.3%	\$ 245,000	February 2010

The annual base salary of Mr. Kimball, who was Acting Chief Executive Officer in February 2010, was established at slightly above the median of the annual base salaries of presidents and the second highest paid officer in a peer group of 14 companies used to survey the competitive market in which RealNetworks competes for executive talent (the 2010 Compensation Peer Group). The companies comprising the 2010 Compensation Peer Group are set forth in the section captioned *Benchmarking* beginning on page 22. The rationale was that if Mr. Kimball was not promoted to Chief Executive Officer, the Company would have the ability to retain his services as a President at a market rate (which was above the median to reflect the fact that most presidents do not have experience acting as public company chief executive officers). The annual base salary of Mr. Eggers effective in February 2010 was established at approximately the 30th percentile of the annual base salaries of similarly situated chief financial officers in the 2010 Compensation Peer Group. The size of the increase reflected the fact that he had historically been paid below the market rate for chief financial officers and that leadership in the areas of finance and investor relations was going to be critical in 2010 following the departure of the Company's founder and Chief Executive Officer. The annual base salary of Mr. Lunsford effective in February 2010 was established at between the median and the average of the annual base salaries of peer company division heads in the 2010 Compensation Peer Group. The annual base salary of Mr. Skorny effective in February 2010 was established at approximately the median of the annual base salaries of similarly situated executives in the 2010 Compensation Peer Group and was also set to be equal to Mr. Eggers' salary for internal parity. The annual base salary of Mr. Daw effective in February 2010 was established based on a review of the salaries of internal peers having similar roles and responsibilities, together with market data derived from the WorldatWork Salary Budget Survey and the Radford executive compensation survey. Mr. Daw was not a senior officer in February 2010, which was before his August 2010 promotion to Chief Legal Officer. The Compensation Committee did not adjust Mr. Barbour's annual base salary in February 2010 because it believed that Mr. Barbour was already paid properly for his role and responsibilities at the time and because the separation of the Games business had been delayed.

Effective July 2010, the Compensation Committee and the independent members of the Board of Directors approved the following increase in the annual base salary of Mr. Kimball in connection with his appointment as Chief Executive Officer upon the conclusion of the CEO search process:

Name	Salary Increase	Base Salary	Effective Date
Robert Kimball	23.5%	\$ 525,000	July 2010

The annual base salary of Mr. Kimball effective in July 2010 was established at the 25th percentile of chief executive officers in the 2010 Compensation Peer Group. This below-median position was chosen to reflect the fact that he did not have experience as a chief executive officer, with the expectation that salary would be increased to median over time as he gained experience in the role. In recognition of Mr. Kimball's potentially temporary service as Acting Chief Executive Officer of RealNetworks, he was also provided a milestone award consisting of a cash bonus in the amount of \$100,000 that was payable in July 2010. The Compensation Committee also offered Mr. Kimball the choice of receiving an additional award of either options for the purchase of 60,000 shares of RealNetworks common stock, or a cash bonus award of \$75,000 payable in July 2010. Mr. Kimball elected to receive an award of 60,000 stock options that vested as to 50% of the shares subject to the options on July 12, 2010, with the remaining options vesting on January 12, 2011. The stock options granted to Mr. Kimball were granted with an exercise price equal to the closing price of RealNetworks common stock on the grant date of February 17, 2010. The purpose of this additional \$175,000-equivalent in cash milestone payments and options was to bridge the gap between Mr. Kimball's compensation as President and the median for a full time chief executive officer. The one-time bonus and option arrangement was viewed as a way to pay for the temporary role without a permanent increase in compensation to a chief executive officer level. The milestone bonus was made payable six months into his tenure as Acting Chief Executive Officer because the Compensation Committee believed that the new Chief Executive Officer would be known by that time.

In August 2010, the Compensation Committee approved the following increase in the annual base salary of Mr. Daw in connection with his promotion to Chief Legal Officer, which role was vacant following Mr. Kimball's promotion:

Name	Salary Increase	Base Salary	Effective Date
Tracy D. Daw	16.3%	\$ 285,000	August 2010

The annual base salary of Mr. Daw effective in August 2010 was established at approximately the 50th percentile of competitive market rates for similarly situated executives in a peer group of companies having target annual revenues of between \$200 million and \$500 million as described under the caption *Benchmarking-Tracy D. Daw* on page 22.

2010 Performance-based Cash Incentive Compensation. The Compensation Committee and the other independent members of the Board of Directors of RealNetworks approved the 2010 MBO Plan, which is a bonus plan that pays cash awards to participants based on performance targets that are established at the beginning of each six-month measurement period during the 2010 calendar year. The 2010 MBO Plan was a transitional cash incentive plan and was designed to recognize (i) the achievement of financial stability of RealNetworks, (ii) the effective execution of transformational strategic milestones and (iii) the outstanding performance of the key executives necessary to achieve desired business results. The Compensation Committee determined that establishing six-month measurement periods under the 2010 MBO Plan would effectively align rewards with the achievement of short-term goals that are required to achieve long-term shareholder value. The six-month horizon was chosen because the rapid changes in the business shortened the planning horizon and made it necessary to emphasize the importance of shorter-term milestones that supported the business and leadership reorganization. The Committee also wanted to be able to re-consider the business strategy in the second half of the year, after the planned separation of Rhapsody, with new incentive goals to match the evolving business. The Committee also determined that while Mr. Eggers had participated in a separate discretionary cash bonus program in the past, it was now appropriate to include him as an eligible participant in the 2010 MBO Plan in order to achieve alignment with the other members of the senior executive team during the Company's transformational business period.

Participants in the 2010 MBO Plan include Messrs. Kimball, Eggers, Lunsford, Skorny, Daw and Barbour, and certain other officers and employees of RealNetworks. Mr. Barbour participated in the 2010 MBO Plan for the First Measurement Period (as defined below), but his subsequent employment termination effective August 13, 2010 precluded his participation in the Second Measurement Period.

In the first quarter of 2010, the Compensation Committee and the other non-employee members of the Board approved performance targets and payout mechanics under the 2010 MBO Plan for the first six-month measurement period beginning January 1, 2010 and ending on June 30, 2010 (the First Measurement Period). In August 2010, the Compensation Committee approved performance targets and payout mechanics under the 2010 MBO Plan for the second six-month measurement period beginning July 1, 2010 and ending December 31, 2010 (the Second Measurement Period). For the First and Second Measurement Periods, cash awards were based on financial metrics consisting of revenue, operating expenses and adjusted EBITDA, as defined and reported externally by the Company, as well as on key business milestones. The Compensation Committee believed that balanced financial performance will drive sustained value creation, and therefore, the 2010 MBO Plan was established with multiple financial metrics on which performance was measured.

The target payout under the 2010 MBO Plan for the First and Second Measurement Periods for each of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw, and for the First Measurement Period for Mr. Barbour, was based 75% on the achievement of RealNetworks' consolidated revenue, operating expense and EBITDA targets, with each financial metric having equal weight to reflect the importance of maintaining shareholder value, and 25% on the achievement of business milestones related to the simplification and reorganization strategy. Under the 2010 MBO Plan, for the First and Second Measurement Periods, consolidated (i) revenue was included as a performance metric because it was a key element of RealNetworks' 2010 business plan, (ii) operating expenses were included as a performance metric because 2010 was a transformational year for RealNetworks and reducing operating costs was a key element of achieving financial stability, and (iii) EBITDA was included as a performance metric in order to provide rewards to our Named Executive Officers for achieving short-term profitability.

The 2010 Executive MBO Plan was divided into two equal planning and measurement periods in order to support setting appropriate goals during a year of rapid change. However, the Company managed compensation using annual target bonus as expressed as a percent of annual salary and then dividing the target bonus into two equal parts to reflect the six-month performance periods. The following table shows the 2010 target and actual performance-based cash incentive compensation under the 2010 MBO Plan for the Named Executive Officers, including the President and Chief Executive Officer:

Name	2010 MBO Plan Target Annual Cash Incentive Compensation	2010 MBO Plan Actual Annual Cash Incentive Earned	2010 MBO Plan Average Annual Target Cash Incentive Compensation (as a percentage of annual base salary)	2010 MBO Plan Actual Annual Cash Incentive Earned (as a percentage of annual base salary)
			(as a percentage of annual base salary)	(as a percentage of annual base salary)
Robert Kimball(1)	\$ 462,708	\$ 523,220	98%	111.2%
Michael Eggers(2)	\$ 251,556	\$ 281,766	73%	81.6%
John Barbour(3)	\$ 450,000	\$ 224,483	100%	99.8%
Tracy D. Daw(4)	\$ 91,750	\$ 98,941	35%	38.3%
Michael Lunsford	\$ 298,125	\$ 332,626	75%	83.7%
Hank Skorny(5)	\$ 156,750	\$ 166,987	45%	47.9%

- (1) In January 2010, the target performance-based cash incentive compensation under the 2010 MBO Plan for Mr. Kimball was 75% of his annual base salary and was increased to 100% of his annual base salary in February 2010 in connection with his promotion to President and Acting Chief Executive Officer.
- (2) In January 2010, the target performance-based cash incentive compensation under the 2010 MBO Plan for Mr. Eggers was 45% of his annual base salary and was increased to 75% of his annual base salary in February 2010 in connection with his expanded role and responsibilities following the resignation of Mr. Glaser as Chief Executive Officer in January 2010.
- (3) The target performance-based cash incentive compensation shown for Mr. Barbour represents his full-year target award under the 2010 MBO Plan. The actual performance-based cash incentive compensation shown for Mr. Barbour represents his 2010 MBO payout for the First Measurement Period. Mr. Barbour did not earn a 2010 MBO payout for the Second Measurement Period because the Company terminated his employment effective August 13, 2010.
- (4) The target payout under the 2010 MBO Plan as a percentage of annual base salary for Mr. Daw was 30% in the First Measurement Period and for the portion of the Second Measurement Period beginning July 1, 2010 through September 1, 2010. Effective August 18, 2010, Mr. Daw was promoted to Chief Legal Officer and his target payout under the 2010 MBO plan was increased to 45% for the remainder of the Second Measurement Period, which is consistent with the target payout for executive officers having similar roles and responsibilities.
- (5) In 2010, Mr. Skorny was eligible to earn additional performance-based cash incentive compensation equal to 30% of his annual base salary as described below.

The corporate revenue, EBITDA, and expense goals for the First and Second Measurement Periods were established to reflect our budget for each period, which evolved during the year following the separation of the Rhapsody joint venture, as well as other efforts to reduce costs, simplify and rationalize operations. The 2010 transformation caused the Compensation Committee to establish performance goals for the First and Second Measurement Periods that are conservative compared to the Company's previous performance-based cash incentive plans. The Compensation Committee recognized the importance of incentivizing the Company's executives to achieve financial stability of the organization and effective execution of transformational strategic milestones in 2010, and therefore it designed the 2010 MBO Plan to be a transitional plan

Edgar Filing: REALNETWORKS INC - Form 10-K/A

that included both business milestones and quantitative financial metrics. The general design of the 2010 MBO Plan was substantially the same in the First and Second Measurement Periods, with differences in specific business milestones as well as the EBITDA-based payout mechanics that were attributed to significant differences in budgeted EBITDA in the First and Second Measurement Periods.

The corporate revenue, EBITDA and operating expense targets against which performance under the 2010 MBO Plan was measured in the First and Second Measurement Periods were as follows:

	First Half 2010	Second Half 2010
	\$ (in	\$ (in millions)
	millions)	
Corporate Revenue	217.2	197.8
Corporate EBITDA	0.4	9.7
Corporate Operating Expense	171.8	155.7

Table of Contents

The business milestones for the First Measurement Period were established in connection with the transition following the resignation of Mr. Glaser as the Company’s Chief Executive Officer and included milestones related to the reduction of operating costs, the reorganization of the business and the achievement of specific restructuring and transformational objectives. The business milestones of (a) operating the Company through the leadership transition, (b) simplifying the Company’s operations, (c) restructuring the business and (d) growing the business, each constituted 6.25% of the 25% weight attributed to the achievement of business milestones in the First Measurement Period.

The business milestones for the Second Measurement Period included the development of new product initiatives, the achievement of additional reductions in operating costs, continued efforts related to the reorganization of the business and the consolidation and simplification of the Company’s international operations. The business milestones of (a) simplifying the Company’s operations, (b) restructuring the business and (c) growing the business, each constituted 8.33% of the 25% weight attributed to the achievement of business milestones in the Second Measurement Period.

The 2010 MBO Plan was designed to focus all executive officers on the achievement of a uniform set of key objectives and performance was measured against established goals on the same basis for all executive officers.

For the First Measurement Period, for Messrs. Kimball, Eggers, Lunsford, Skorny, Daw and Barbour, no portion of the target payout based on revenue and operating expense goals would have been paid if less than 90% of the revenue and operating expense targets had been achieved. For achievement of 90% or greater of the revenue and operating expense targets, each of Messrs. Kimball, Eggers, Lunsford, Skorny, Daw and Barbour were paid linearly based on the level of achievement of the revenue and operating expense targets. For example, 95% goal achievement would fund 95% of the target bonus for that goal. The payouts based on revenue and operating expense goals were uncapped in the First and Second Measurement Periods because the Compensation Committee determined that the likelihood of overachievement of the budgeted revenue and operating expense targets was low. In addition, the Compensation Committee desired to provide for increased payouts for incremental revenue generation and reduced operating expenses in order to align the level of rewards with the level of attainment of these key financial objectives. Payouts to each of Messrs. Kimball, Eggers, Lunsford, Skorny, Daw and Barbour based on achievement of the EBITDA target were capped at 100%, and no portion of the payout based on EBITDA would have been paid if less than 100% of the EBITDA target had been achieved. This binary arrangement was to reflect the fact that the corporate EBITDA goal was lower than past periods and was a small number established at less than one million dollars.

A summary of the 2010 MBO Plan payout mechanics based on financial metrics for the First Measurement Period is as follows:

Revenue and Operating Expense		EBITDA	
Attainment	Incentive Payout	Attainment	Incentive Payout
<90%	No payout	<100%	No payout
90%+	Linear payout	>100%+	Capped at 100%

For the Second Measurement Period, for Messrs. Kimball, Eggers, Lunsford, Skorny and Daw, no portion of the target payout based on revenue and operating expense goals would have been paid if less than 90% of the revenue and operating expense targets had been achieved. For achievement of 90% or greater of the revenue and operating expense targets, each of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw were paid linearly based on the level of achievement of the revenue and operating expense targets. For each of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw, no portion of the target payout based on EBITDA would have been paid if less than 50% of the EBITDA target had been achieved. The payout threshold for achievement of the EBITDA target was 100% for the First Measurement Period because the EBITDA target for that period was a small number and accordingly, the target performance would either be attained or not. The EBITDA target for the Second Measurement Period was a higher number, reflecting significant improvement over the first half, so the Compensation Committee determined to structure payouts on a linear basis for achievement above a minimum 50% attainment threshold. For achievement of 50% or greater of the EBITDA target, each of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw were paid linearly based on the level of achievement of the EBITDA target. The EBITDA-based payouts to Messrs. Kimball, Eggers and Lunsford were capped at 200% and the EBITDA-based payouts to Messrs. Skorny and Daw were capped at 160%. A higher cap on the EBITDA-based payout was established for Messrs. Kimball, Eggers and Lunsford to reflect their responsibilities and the impact and importance of their positions within RealNetworks.

A summary of the 2010 MBO Plan payout mechanics based on financial metrics for the Second Measurement Period is as follows:

Revenue and Operating Expense		EBITDA	
Attainment	Incentive Payout	Attainment	Incentive Payout

* Capped at 200% for Messrs. Kimball, Eggers and Lunsford; capped at 160% for Messrs. Skorny and Daw. For achievement of business milestones that were established at the beginning of the First and Second Measurement Periods, the Compensation Committee reviewed and approved attainment results at the end of such measurement period and considered, but was not bound by, the recommendations of our President and Chief Executive Officer in determining the level of such attainment.

Performance target and actual attainment in the First and Second Measurement Periods under the 2010 MBO Plan were as follows:

- (1) The payout attainment based on corporate EBITDA in the First Measurement Period was capped at 100% for all Named Executive Officers.
- (2) The payout attainment based on corporate EBITDA in the Second Measurement Period was capped at 200% for Messrs. Kimball, Eggers and Lunsford, and 160% for Messrs. Daw and Skorny.
- (3) The business milestones for the First Measurement Period were established in connection with the transition following the resignation of Mr. Glaser as the Company's Chief Executive Officer and included milestones related to the reduction of operating costs, the reorganization of the business and the achievement of specific restructuring and transformational objectives. The business milestones for the Second Measurement Period included the development of new product initiatives, the achievement of additional reductions in operating costs, continued efforts related to the reorganization of the business and the consolidation and simplification of the Company's international operations. The weighting of the business milestones in the First and Second Measurement Periods is described under the caption *2010 Performance-based Cash Incentive Compensation* beginning on page 13.
- (4) The overall payout attainment in the Second Measurement Period for Messrs. Kimball, Eggers and Lunsford was 123.23%. The overall payout attainment in the Second Measurement Period for Messrs. Daw and Skorny was 113.23%.

In 2010, Messrs. Kimball, Eggers, Lunsford, Skorny, Daw and Barbour earned performance-based cash incentive compensation under the 2010 MBO Plan as follows:

Name	First Measurement Period Target Payout	First Measurement Period Actual Payout	Second Measurement Period Target Payout	Second Measurement Period Actual Payout	Total 2010 Performance-Based Cash Incentive Earned
Robert Kimball	\$ 200,208	\$ 199,748	\$ 262,500	\$ 323,473	\$ 523,221

Mr. Skorny. In 2010, Mr. Skorny was eligible to earn additional performance-based cash incentive compensation having a payout target equal to 30% of his annual base salary (the Skorny Incentive Plan) in consideration of his leadership of the development of the Company's media cloud service offering. This additional incentive was agreed to in 2010 based on the potential importance of the new media cloud offering to the Company's future value and the necessity of properly building out the related technology and services. For the First Measurement Period, payout attainment under the Skorny Incentive Plan was based equally on the achievement of special project-related milestones and operating expense targets. For the Second Measurement Period, payout attainment under the Skorny Incentive Plan was based on revenue and operating expense targets and special project-related milestones. In the First Measurement Period, no portion of the target payout based on operating expense goals would have been paid if less than 90% of the operating expense goals had been achieved. The Compensation Committee reviewed and approved attainment results under the Skorny Incentive Plan at the end of the First and Second Measurement Periods and considered, but was not bound by, the recommendations of our President and Chief Executive Officer in determining the level of such attainment. Notwithstanding the performance and payout targets established under the Skorny Incentive Plan, the Compensation Committee had the discretion to increase, decrease or eliminate an award before it was paid.

The Compensation Committee determined that attainment of the performance goals under the Skorny Incentive Plan in the First Measurement Period was 100% because actual operating expenses were below budget and the other media cloud-based business milestones established for the First Measurement Period had been achieved. The Compensation Committee determined that attainment of the performance goals under the Skorny Incentive Plan in the Second Measurement Period was 50% because certain milestones related to the development and launch of the Company's media cloud product were not achieved.

In 2010, Mr. Skorny earned performance-based cash incentive compensation under the Skorny Incentive Plan as follows:

First Measurement Period Attainment	First Measurement Period Payout Amount	Second Measurement Period Attainment	Second Measurement Period Payout Amount
100%	\$ 52,000	50%	\$ 26,250

2010 Retention Arrangements. In light of the transitional activities resulting from the departure in January 2010 of the Company's only Chief Executive Officer since its founding and the desire to retain the key senior executive team, as well as to reinforce and encourage the continued attention and commitment of certain key executives to their duties without distraction during a challenging period for the Company, the Compensation Committee approved retention letter agreements in January 2010 between the Company and certain key employees, including Messrs. Kimball, Eggers, Lunsford, Skorny and Daw (the Retention Agreements). The Compensation Committee engaged Cook to provide analysis and advice with respect to the development of the Retention Agreements, which were viewed as a pragmatic necessity during the period of rapid change in leadership and business priorities that followed Mr. Glaser's departure as CEO and the subsequent CEO search. The amounts were determined following a review of other companies with market cap below \$4.0 billion that had used retention awards during periods of uncertainty, with an eye towards balancing the cost to the Company with materiality to executives and the potential cost to replace key employees that may choose to leave rather than work through a difficult period. The agreements provide for the payment of cash bonuses to the Named Executive Officers as described below:

Name	Retention Bonus Amount	
Robert Kimball	\$ 850,000	(2x February 2010 salary)
Michael Eggers	\$ 700,000	(2x February 2010 salary)
Michael Lunsford	\$ 800,000	(2x February 2010 salary)
Hank Skorny	\$ 700,000	(2x February 2010 salary)
Tracy D. Daw	\$ 285,000	(1x February 2011 salary)

Two-thirds of each of the retention bonuses for Messrs. Kimball, Eggers, Lunsford and Skorny was payable on February 1, 2011. The remaining one-third of the total amount of each such bonus is scheduled to be paid on August 1, 2011, subject to the continued employment of the respective executive officer through each such date. For Mr. Daw, whose target bonus was considerably lower since he had not yet been promoted to Chief Legal Officer, 100% of his retention bonus was paid on February 1, 2011. Following his resignation as President and Chief Executive Officer in March 2011, Mr. Kimball received 100% of the portion of his retention bonus that was scheduled to be paid on August 1, 2011, which was pursuant to the terms of Mr. Kimball's Retention Agreement and a Separation and Release Agreement between RealNetworks and Mr. Kimball, effective April 15, 2011, in connection with his resignation (the Kimball Separation Agreement).

Table of Contents

The amounts of the retention bonuses for Messrs. Kimball, Eggers, Lunsford, Skorny and Daw were determined based on a multiple of annual base salary. The multiple, which ranged from 1.0 to 2.0, is based upon the Named Executive Officer's relative level of responsibility and potential impact on RealNetworks' overall performance. The payment schedule and payment amounts were determined for Messrs. Kimball, Eggers, Lunsford and Skorny in consideration of their critical roles within RealNetworks, to ensure executive continuity and retention for up to 18 months, and in recognition that the first 12 months of RealNetworks' transformational activities were expected to present the most difficult challenges. The Company believed that these periods would provide sufficient time to find the permanent CEO and effect much of the business transformation.

Under the Retention Agreements, one-half of the maximum amount is guaranteed to be paid. On each scheduled payment date, subject to the continued employment of the respective executive officer, Messrs. Kimball, Eggers, Lunsford, Skorny and Daw were each to receive 50% of the scheduled amount of his respective bonus, and the remaining 50% (or lesser amount) was to be paid only if approved by the Compensation Committee, at its discretion. The Committee chose to retain this ability to exercise discretion as to the performance of executives in order to ensure the full award was not paid to anyone whose performance during the retention period was not up to expectations. In the event of the termination of Messrs. Kimball, Eggers, Lunsford, Skorny or Daw without cause or resignation for good reason (as such terms are defined in the Change in Control and Severance Agreement for each of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw as described under the caption *Severance and Change in Control Benefits* on page 20), the terminated executive officer is entitled to receive the unpaid portion of the maximum retention bonus amount that otherwise is scheduled to be paid after such termination. In the event of the death or permanent disability of Messrs. Kimball, Eggers, Lunsford, Skorny or Daw, the Company will pay a prorated amount of the respective retention bonus (less any amounts previously paid), with any payout of the discretionary portion remaining subject to the Compensation Committee's discretion.

On January 31, 2011, after considering the recommendations of the Chief Executive Officer, the Compensation Committee approved 100% of the discretionary portion of the retention bonus payments scheduled to be paid on February 1, 2011 for Messrs. Kimball, Eggers, Lunsford and Daw based on the quality of their overall performance and their high degree of effort in their respective areas of responsibility and oversight, and 85% of the discretionary portion of the bonus payment scheduled to be paid on February 1, 2011 for Mr. Skorny based on his achievement of objectives related to the development and launch of RealNetworks' media cloud service offering.

Long-term Equity Incentive Compensation. RealNetworks' long-term incentive program is designed to motivate our executive officers to focus on long-term company performance through equity awards and to serve as a tool in attracting and retaining key executive officers. The Company grants annual officer equity awards between the median and the 75th percentile of peer companies and also provides equity at the time of senior officer promotions to align executive interests with their new roles.

The equity awards granted to the Named Executive Officers in 2010 are as follows:

Name	Type of Award	No. Granted	Grant Date	Grant Purpose
Robert Kimball(1)	Stock Options	415,000	February 2010	Annual President Award
Robert Kimball(1)	Stock Options	85,000	February 2010	Promotion to President

- (1) The annual award of 415,000 stock options and the promotion award of 85,000 stock options granted to Mr. Kimball in February 2010 were granted as a single award of 500,000 stock options.

Table of Contents

In February 2010, Messrs. Kimball, Eggers and Lunsford were awarded 500,000, 400,000 and 400,000 stock options, respectively, in connection with their expanded roles and responsibilities as RealNetworks entered into a transitional period following the resignation of RealNetworks former Chief Executive Officer and in recognition of their individual performance. Mr. Kimball's award was specifically sized to recognize his promotion to President (85,000 options) and to provide a competitive ongoing annual award for his President role (415,000 options). Mr. Skorny was awarded 135,000 stock options in February 2010 and Mr. Daw was awarded 110,000 stock options in January 2010. The stock options awarded to Messrs. Skorny and Daw were granted in connection with the annual executive performance review process. The Compensation Committee determined the size of the equity awards granted to Messrs. Kimball, Eggers and Lunsford in February 2010 based on Cook's analysis and advice provided in 2010 with respect to the compensation of certain of our executive officers, including Messrs. Kimball, Eggers and Lunsford (the "2010 Cook Data") and granted equity awards to these executives at or above the 75th percentile of similarly situated executives in the 2010 Compensation Peer Group. This position was to provide a reward opportunity for successfully executing the next generation strategy and increasing shareholder value. When these February 2010 equity awards were subsequently benchmarked by Cook in October 2010, they were found to be below the 75th percentile of the new peer group, which was updated to reflect the Company's smaller size following the separation of Rhapsody. The Compensation Committee also considered the existing equity holdings of Messrs. Kimball, Eggers and Lunsford when determining the size of the equity awards granted to these executives in February 2010, specifically the retentive value, the opportunity to benefit from future equity appreciation and the vested versus unvested equity holdings of each executive officer. The Compensation Committee determined the size of the equity awards granted to Messrs. Skorny and Daw in February 2010 and January 2010, respectively, based on individual performance and equity award guidelines established for executives having similar roles and responsibilities.

In September 2010, Mr. Kimball was awarded 125,000 restricted stock units (RSUs) in connection with his promotion to Chief Executive Officer and Mr. Daw was awarded 160,000 stock options in connection with his promotion to Chief Legal Officer. With respect to Mr. Kimball, the independent members of the Board of Directors determined that the size of Mr. Kimball's RSU award, together with the increases in his compensation approved earlier in 2010, appropriately recognized his promotion to Chief Executive Officer and provided sufficient incentive in his role as President and Chief Executive Officer. The Committee chose to use RSUs to enhance retention and limit dilution from the award. With respect to Mr. Daw, the Compensation Committee considered the size of a typical stock option grant to a newly hired Senior Vice President and granted a stock option award to Mr. Daw that, together with the stock options granted to Mr. Daw in January 2010, appropriately recognized Mr. Daw's promotion to Chief Legal Officer. In both cases, the mid-year promotion award amounts were offset by grants already provided during the year, so that the annual total was consistent with the desired grant position.

The exercise price of each of the stock options granted to Messrs. Kimball, Eggers, Lunsford, Skorny and Daw is equal to the closing price of RealNetworks common stock on the respective grant dates. The vesting schedule applicable to each of the equity awards granted to the Named Executive Officers in 2010 is described in the table captioned *Outstanding Equity Awards at December 31, 2010* beginning on page 31.

RealNetworks does not have any program, plan or obligation that requires the granting of stock options or other equity awards to any executive officer on specified dates, or that requires the Named Executive Officers to hold stock options or restricted stock units beyond their vesting dates. All stock options are granted with exercise prices that are equal to the last sale price of RealNetworks' common stock as reported on the Nasdaq Stock Market on the respective date of grant. The Compensation Committee typically grants equity awards to corporate and executive officers at its scheduled meetings or by unanimous written consent. From time to time, the Compensation Committee may authorize the future grant of an equity award to a corporate or executive officer in advance of the commencement of such officer's employment by RealNetworks, in which case the Compensation Committee's approval of the award is subject to and effective upon the employment of such officer by RealNetworks, and the exercise price of such stock option is equal to the last sale price of our common stock as reported on the Nasdaq Stock Market on the respective date of grant, which would be the first day of the employment of such officer. Pursuant to the terms of the RealNetworks, Inc. 2005 Stock Incentive Plan, as amended and restated (the 2005 Plan), the Board of Directors has delegated authority to each of our Chief Executive Officer and our Senior Vice President and Chief Financial Officer to grant awards under the 2005 Plan to employees who are not directors or officers of RealNetworks, and such awards are typically approved on a weekly basis.

Benefits and Perquisites. Benefits are part of a competitive compensation package to attract and retain employees, including executives. Our executive officers are eligible to participate in all of our benefit programs. These programs include medical, dental, vision, group life and disability insurance, a medical reimbursement plan, a transportation subsidy and an employee stock purchase plan that permits employees to purchase RealNetworks stock at a 15% discount from the closing sale price of our Common Stock as reported on the Nasdaq Stock Market on the last trading day of each offering period.

Our employees, including the Named Executive Officers, are also eligible to participate in our 401(k) savings plan, a tax-qualified retirement savings plan pursuant to which all U.S. based employees are able to contribute the lesser of up to 50% of their cash compensation (including base salary, bonuses, commissions and overtime pay) or the limit prescribed by the Internal Revenue Service to the plan on a before-tax basis. RealNetworks will match 50% of the first 3% of pay that is contributed to the 401(k) savings plan. All employee contributions to the 401(k) savings plan are fully vested upon contribution. Matching contributions by RealNetworks become fully vested after three years.

Table of Contents

Our executive officers participate in the benefit programs described above on the same basis as our other employees. We may offer other benefits to our employees and executive officers from time to time, including relocation packages. In connection with Mr. Barbour's acceptance of an offer of employment by RealNetworks as President of the Games division in October 2008, RealNetworks agreed to pay the costs of temporary housing and certain commuting expenses during the first twelve months of Mr. Barbour's employment. RealNetworks also agreed to reimburse Mr. Barbour for the income tax liability associated with the temporary housing and commuting benefits in an amount not to exceed \$100,000, including any tax liability resulting from such reimbursement. It was anticipated that the Company would spin-off its Games division and that Mr. Barbour would be chief executive officer of the resulting stand-alone public Games company and re-locate permanently at that time. However, following the postponement of the Company's planned separation of the Games business from RealNetworks, in December 2009 the Compensation Committee approved the reimbursement of additional temporary housing and commuting expenses for up to an additional six months following November 1, 2009, with such expense reimbursements to be capped at \$130,000 (consisting of \$80,000 for commuting and temporary housing benefits and \$50,000 for the associated tax liability). In 2010, Mr. Barbour was reimbursed for commuting and temporary housing expenses in the amount of \$79,799 and the associated income tax liability in the amount of \$45,769. This assistance was cancelled when Mr. Barbour's employment was terminated in August 2010.

Since 2002, the imputed costs associated with the occupancy of vacant office space in our headquarters by the Glaser Progress Foundation, a charitable foundation of which Mr. Glaser is Trustee, and by Mr. Glaser's personal assistant, have been reported as income to Mr. Glaser. Other than as described above, there were no special benefits or perquisites provided to any other Named Executive Officer in 2010.

Severance and Change in Control Benefits. It is the Company's policy to request our executive officers to provide notice to RealNetworks (typically six months) prior to voluntarily terminating their employment with RealNetworks for the purpose of transitioning responsibilities. The Compensation Committee believes that this is an important element of the executive compensation program, as it provides executive officers reasonable assurance of transitional employment support and it benefits RealNetworks by ensuring continuity during these transitions. In the event an executive officer provides six months' notice prior to voluntarily terminating his or her employment, he or she will receive a severance payment equal to six months of such executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such six month notice period. In the event an executive officer provides notice of less than six months prior to voluntarily terminating his or her employment, he or she will receive a severance payment equal to the number of months' notice provided, up to a maximum severance payment equal to six months of the executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such notice period. These severance payments are in addition to any base salary earned during these periods and are paid following the last day worked by an executive officer, and executive officers who receive such severance payments provide a waiver and release of all claims against RealNetworks.

Mr. Glaser. In April 2010, the Compensation Committee approved payments in the aggregate amount of \$400,000 to Mr. Glaser in connection with his resignation on January 12, 2010 as RealNetworks' Chief Executive Officer. Of this amount, \$250,958 represents the amount Mr. Glaser would have been eligible for as performance-based cash incentive compensation under the 2009 annual cash incentive plan had he remained employed by RealNetworks on the date payments were made under the Company's cash incentive plans (which was scheduled to occur within the next 45 days having already completed the performance period), and \$149,042 represents an additional severance payment in recognition of his service to the Company and because Mr. Glaser remains Chairman of the Board of Directors. In addition and for the same reason, the Compensation Committee approved the extension of the exercisability period of stock options previously granted to Mr. Glaser with respect to those shares subject to stock options that were vested as of January 12, 2010 (the "Vested Options"), such that the Vested Options will remain exercisable until the earlier of the (x) expiration date of the option grant pursuant to the applicable stock option agreement, or (y) expiration of the post-termination exercise period set forth in the applicable stock option agreement following termination of Mr. Glaser's service as a member of the Company's Board of Directors. This was to recognize that service continued as Chairman of the Board even though service as an employee was ending. All unvested shares subject to the stock options were canceled as of Mr. Glaser's resignation date in accordance with the terms of the applicable award agreement and the 2005 Plan.

Mr. Barbour. Pursuant to the terms of the Offer Letter dated October 28, 2008 between RealNetworks and Mr. Barbour (the "Barbour Offer Letter"), in the event that Mr. Barbour's employment was terminated by the Company other than for Cause or by Mr. Barbour for Good Reason (as such terms are defined in the Barbour Offer Letter), or if RealNetworks' Board of Directors decided not to proceed with a spin-off of its Games business and Mr. Barbour elected to terminate his employment thereafter, Mr. Barbour would be entitled to receive: (a) any bonus award for which he is eligible under the Company's Executive MBO Plan; (b) a lump-sum cash payment in an amount equal to (i) one year's base salary at the rate in effect as of the date Mr. Barbour's employment terminates, plus (ii) 12 months of his target annual bonus award; and (c) additional vesting and exercisability of each outstanding equity-based award as described below.

Table of Contents

Mr. Barbour's employment was terminated by RealNetworks effective August 13, 2010, and based upon the terms of the Barbour Offer Letter, which was provided upon his hire in 2008, Mr. Barbour was paid severance payments in the aggregate amount of \$900,000, representing twelve months of his annual base salary and 100% of his target annual bonus award, together with additional vesting and exercisability of his outstanding stock option awards calculated on a pro rata basis for the portion of the year elapsed since the last vesting date of such options, expressed in full months. In addition, RealNetworks reimbursed Mr. Barbour for the costs associated with his temporary housing in Seattle, Washington through month end, and paid Mr. Barbour tax gross-up compensation on the imputed income related to such reimbursements. In exchange for the severance payments made to Mr. Barbour, Mr. Barbour provided a waiver and release of all claims against RealNetworks.

Messrs. Eggers, Lunsford, Skorny and Daw. In 2010, the Compensation Committee approved change in control and severance arrangements with respect to certain key employees including Messrs. Eggers, Lunsford, Skorny and Daw to encourage the retention and commitment of these executives during the Company's leadership transition and restructuring activities. In the event of a change in control of RealNetworks, if the employment of Messrs. Eggers, Lunsford, Skorny or Daw is terminated without cause or any of such executives resigns for good reason (as such terms are defined in the Change in Control and Severance Agreement between RealNetworks and each of Messrs. Eggers, Lunsford, Skorny or Daw) within three months prior to or 24 months following such change in control, Messrs. Eggers, Lunsford, Skorny or Daw are each entitled to receive a lump sum payment equal to 125% of the sum of his base salary and target bonus, a lump sum payment of his prorated target bonus for any partial annual incentive bonus period, 100% accelerated vesting of his equity awards granted on or after (i) February 1, 2010 with respect to Messrs. Kimball, Eggers, Lunsford and Skorny, and (ii) August 26, 2010 with respect to Mr. Daw, extension of the post-termination exercisability of all vested nonqualified stock options that are outstanding as of the date of the executive's termination of employment for up to 12 months, and 18 months of Company-paid health coverage. In order for each such executive to receive such severance benefits, he must (i) execute a release of claims in favor of RealNetworks, (ii) agree to a nondisparagement obligation, and (iii) agree to non-solicitation and no-hire obligations for a period of 12 months following termination. For purposes of each of these agreements, cause includes, for example, the substantial and continuing failure of the executive, after written notice thereof, to render services to RealNetworks in accordance with the terms or requirements of his employment for reasons other than illness or incapacity, and his violation of any confidentiality or non-competition agreements with RealNetworks or its subsidiaries that results in material harm to RealNetworks. The term good reason includes, for example, a material reduction (of more than 10%) in the executive's annual base compensation as in effect immediately prior to such reduction, a material reduction in his annual target bonus opportunity (of more than 10%) and a material change (of more than 50 miles) in the geographic location where he is required to perform his work.

Mr. Kimball. In 2010, the Compensation Committee approved the terms of a Change in Control and Severance Agreement between RealNetworks and Mr. Kimball (the Kimball CIC Agreement) having substantially the same terms as the change in control and severance arrangements described above with respect to Messrs. Eggers, Lunsford, Skorny and Daw. Pursuant to the Kimball CIC Agreement, Mr. Kimball was entitled to certain additional severance benefits. In the event of Mr. Kimball's termination of employment without cause or resignation for good reason other than during the change in control period (as such terms are defined in the Kimball CIC Agreement and described above), Mr. Kimball was entitled to receive a lump sum payment equal to 100% of his base salary, accelerated vesting of up to 250,000 shares subject to his option covering 500,000 shares granted on February 1, 2010, 100% accelerated vesting of his option covering 60,000 shares, and extension of post-termination exercisability of all equity awards for up to 12 months (upon the later of (i) termination of his employment or (ii) termination of his Board service, but no later than the option's original term). In order to receive the severance benefits under the Kimball CIC Agreement, Mr. Kimball was required to (i) execute a release of claims in favor of the Company, (ii) agree to a nondisparagement obligation, and (iii) agree to non-solicitation and no-hire obligations for a period of 12 months following termination. Mr. Kimball's rights and obligations under the Kimball CIC Agreement were superseded by a Separation and Release Agreement described under the caption *Compensation of the Chief Executive Officer-Mr. Kimball* beginning on page 23.

Under our equity incentive plans, if we terminate the employment of a Named Executive Officer for any reason other than for cause, and any of such Named Executive Officer's outstanding stock options or restricted stock units are not fully vested, the individual award agreements entered into with such Named Executive Officer provide that the next vesting installment of such stock options or restricted stock units will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the option commenced or the last anniversary thereof, expressed in full months, provided that the Named Executive Officer executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination. If the employment of a Named Executive Officer terminates due to such executive officer's death, any stock options or restricted stock units that are unvested as of the date of such executive officer's death will fully vest on such date and may be exercised by the estate or legal representative of such executive officer for a period of one year following such date. For purposes of the award agreements, cause includes, for example, the substantial and continuing failure of the award holder after written notice to render services to the Company in accordance with the terms or requirements of the award holder's employment for reasons other than illness or incapacity, willful violation by the award holder of a policy or procedure of the Company, resulting in any case in significant harm to the Company, and the award holder's violation of any confidentiality or non-competition agreements with the Company or its subsidiaries.

In addition, our executive officers may be eligible to receive certain benefits with respect to outstanding awards granted under our equity incentive plans in the event of a change in control of RealNetworks. A change in control of a corporation is often accompanied by changes in the corporate culture and job losses due to redundancy, especially at the executive levels. If a change in control of RealNetworks were under consideration, we expect that our executives could be faced with personal uncertainties and distractions about how the transaction may affect their continued employment with us. By granting awards under our equity incentive plans that include change in control benefits before any such transaction is contemplated, we hope to focus our executive's full attention and dedication to our shareholders' best interests in the event of a threatened or pending change in control, and to encourage the executive to remain employed by RealNetworks through the completion of any such transaction.

Benchmarking

Our Human Resources department periodically obtains executive compensation data from outside compensation consultants and/or salary surveys that reflect a peer group of other technology companies and considers this data when making recommendations to the Compensation Committee regarding employment offers to and compensation packages for our executive officers.

Messrs. Kimball, Eggers and Lunsford. The 2010 Cook Data provided the primary foundation for the establishment of compensation of Messrs. Kimball, Eggers and Lunsford that was in effect throughout 2010.

As part of its compensation analysis, Cook utilized compensation data from the 2010 Compensation Peer Group. The companies comprising the 2010 Compensation Peer Group are:

Avid Technologies, Inc.	Move Inc.	Shutterfly Inc.	ValueClick, Inc.
F5 Networks, Inc.	Netflix, Inc.	Take-Two Interactive, Inc.	WebMD Health Corp.
Harmonic Inc.	Red Hat, Inc.	THQ Inc.	
Interactive Data Corp.	Scholastic Corporation	TiVo Inc.	

Cook created compensation benchmarks using data disclosed in regulatory reports by companies in the 2010 Compensation Peer Group and conducted a review of total target annual cash compensation consisting of annual base salary and target cash incentive compensation and the long-term incentive compensation of executives in the 2010 Compensation Peer Group.

Cook utilized peer company data for non-founder chief executive officers and the second highest paid officers in the 2010 Compensation Peer Group in formulating a recommendation for Mr. Kimball's 2010 compensation as President, Acting Chief Executive Officer and Chief Executive Officer. Peer company data for non-founder chief financial officers in the 2010 Compensation Peer Group were used to formulate a recommendation for the 2010 compensation of Mr. Eggers. Peer company non-founder data for division heads and the third highest paid officers in the 2010 Compensation Peer Group, regardless of title, were used to formulate a recommendation for Mr. Lunsford's 2010 compensation.

John Barbour. John Barbour served as RealNetworks' President, Games Division, from October 2008 until his employment terminated in August 2010. In 2008, the Compensation Committee determined Mr. Barbour's compensation in the context of RealNetworks' previously announced intention to separate the Games division from the Company, after which RealNetworks expected Mr. Barbour would be the chief executive officer of the new entity. Mr. Barbour's annual base salary and performance-based cash incentive compensation remained the same from October 2008 through the termination of his employment in August 2010.

Tracy D. Daw. In 2010, Mr. Daw served as the Company's Vice President, Corporate Development, Deputy General Counsel and Corporate Secretary from January to August and was promoted to Chief Legal Officer and Corporate Secretary effective August 2010. Mr. Daw's compensation as Vice President, Corporate Development, Deputy General Counsel and Corporate Secretary was determined by RealNetworks Human Resources department and its Chief Executive Officer primarily on the basis of internal comparators and individual performance.

In August 2010, the Compensation Committee approved an annual base salary for Mr. Daw of \$285,000, which was established at approximately the 50th percentile of competitive market rates, in connection with Mr. Daw's promotion to Chief Legal Officer, and established Mr. Daw's target performance-based cash incentive compensation at 45% of his annual base salary, which is consistent with the target performance-based cash incentive compensation of similarly situated executive officers of RealNetworks. The Compensation Committee considered (but was not obligated to take) the recommendations of RealNetworks' Human Resources department in establishing Mr. Daw's compensation, which recommendations were based on internal comparators, Radford executive compensation survey data, and executive compensation data from a peer group of companies having target annual revenues of between \$200 million and \$500 million as set forth below:

Table of Contents

Blue Coat Systems Inc.	Newport Corp.
Coherent Inc.	Rovi Corp.
Infinera Corp.	Websense Inc.
Move Inc.	

Hank Skorny. Mr. Skorny served as Senior Vice President, Media Cloud Computing and Services in 2010 and was appointed Senior Vice President and Chief Strategy Officer in January 2011. In January 2010, the Compensation Committee approved an annual base salary for Mr. Skorny of \$350,000, an increase of approximately 6%, based primarily on internal comparators and individual performance.

Compensation of the Chief Executive Officer

Mr. Glaser. Effective January 12, 2010, Mr. Glaser resigned from his position as Chief Executive Officer of RealNetworks. Mr. Glaser continues to serve as Chairman of the Board of Directors. As a nonemployee director of RealNetworks, in 2010 Mr. Glaser was compensated for his services as a director under RealNetworks' director compensation program described on page 34. In April 2010, the Compensation Committee approved severance arrangements for Mr. Glaser as described under the caption *Severance and Change in Control Benefits-Mr. Glaser* on page 20. Mr. Glaser resigned from his position as Chief Executive Officer of RealNetworks prior to the date payments were made under the 2010 MBO Plan and was not eligible to earn performance-based cash incentive compensation in 2010.

Mr. Kimball. In January 2010, Mr. Kimball was promoted to President and Acting Chief Executive Officer of RealNetworks following the resignation of Mr. Glaser as Chief Executive Officer, after previously serving as RealNetworks' Executive Vice President, Corporate Development and Law, General Counsel and Corporate Secretary. Mr. Kimball was then appointed as RealNetworks' Acting Chief Executive Officer and was included as a candidate for the position of Chief Executive Officer during the Board of Directors' search for a permanent Chief Executive Officer in the first half of 2010. The Compensation Committee and the other independent directors of RealNetworks recognized that Mr. Kimball's role as Acting Chief Executive Officer would be challenging during this transitional time and determined to compensate Mr. Kimball fairly for his role as Acting Chief Executive Officer while providing the Board the time and flexibility to conduct a search for a Chief Executive Officer.

In January 2010, the Compensation Committee engaged Cook to provide analysis and advice with respect to Mr. Kimball's compensation as President and Acting Chief Executive Officer. As part of their analysis, Cook utilized compensation data for the second highest paid officer of each company in the 2010 Compensation Peer Group. Based on Cook's analysis, the Compensation Committee recognized that Mr. Kimball's compensation prior to his appointment as President reflected his previous role as Executive Vice President, Corporate Development and Law, General Counsel and Corporate Secretary, and therefore approved an increase in Mr. Kimball's overall compensation to reflect his promotion to President. Based on Cook's analysis, the ongoing compensation for Mr. Kimball was targeted at slightly above the median to reflect his experience and the fact that not all of the second highest paid officers in the 2010 Compensation Peer Group served in the role of President.

The Compensation Committee also approved additional temporary compensation for Mr. Kimball in recognition of his short-term and challenging role as Acting Chief Executive Officer. The difference between Mr. Kimball's new compensation as President and a median annual Chief Executive Officer compensation program for the estimated duration of Mr. Kimball's service as Acting Chief Executive Officer was the basis for the determination of Mr. Kimball's compensation as Acting Chief Executive Officer. Compensation data for non-founder chief executive officers in the 2010 Compensation Peer Group were used to determine Mr. Kimball's compensation as Acting Chief Executive Officer.

Pursuant to authority granted to the Compensation Committee by the Board of Directors, in January 2010 the Compensation Committee approved an increase in the annual base salary of Mr. Kimball to \$425,000, an increase of approximately 15%, based on his individual performance and in recognition of the increased scope of his role and responsibilities as President and Acting Chief Executive Officer. The Compensation Committee also established Mr. Kimball's target performance-based cash incentive compensation at 100% of his annual base salary, resulting in target annual cash compensation between the median and the 75th percentile for the second highest paid officer in the 2010 Compensation Peer Group. At the same time, the Committee set up a temporary mechanism to pay for the Acting Chief Executive Officer role. This was in the form of a \$100,000 cash milestone bonus after six months and an award for 60,000 options (which was provided in lieu of \$75,000 cash). The \$175,000 in cash equivalent payment was to provide the difference between his President level compensation and the median for a chief executive officer over a six month period. This special compensation was provided to Mr. Kimball for six months of service as Acting Chief Executive Officer because that was the expected Chief Executive Officer search period.

Table of Contents

In recognition of Mr. Kimball's promotion to President, Mr. Kimball was also awarded options for the purchase of 500,000 shares of RealNetworks common stock. Of these options, 415,000 were granted as an annual long-term equity incentive award for serving as President, which was the 75th percentile for annual awards granted to the second highest paid officer in the 2010 Compensation Peer Group after taking into account adjustments based on RealNetworks' capitalization. The remaining 85,000 options were awarded to Mr. Kimball in recognition of his promotion to President.

In light of the transitional activities resulting from the departure in January 2010 of RealNetworks' former Chief Executive Officer and the desire to retain the key senior executive team, as well as to reinforce and encourage the continued attention and commitment of certain key executives to their duties without distraction during a challenging period for RealNetworks, the Compensation Committee approved retention letter agreements in 2010 between RealNetworks and certain key employees of the Company, including Mr. Kimball. The Kimball Retention Agreement is described under the caption *2010 Retention Arrangements* in the section entitled *Elements of Compensation* beginning on page 10.

At the conclusion of the Board's search for a Chief Executive Officer in July 2010, Mr. Kimball was appointed Chief Executive Officer of RealNetworks and continued to serve as its President. In connection with Mr. Kimball's appointment as Chief Executive Officer, the Board of Directors authorized and directed the Compensation Committee to enter into negotiations with Mr. Kimball regarding Mr. Kimball's compensation package (the *CEO Compensation Package*) within certain parameters for such compensation previously set by the members of the Board, excluding Mr. Kimball. The Compensation Committee conducted deliberations as to the appropriate composition and amount of compensation to be included in the CEO Compensation Package, considering the parameters established by the Board and based on the analysis and advice of Cook. The Compensation Committee kept the Board informed of its deliberations with respect to the CEO Compensation Package, but Mr. Kimball did not participate in any of the Compensation Committee's deliberations and had no knowledge of the details of such deliberations.

The Compensation Committee recognized that an internal promotion to Chief Executive Officer should be accompanied by competitive compensation for the role. It also determined that it was appropriate to consider amounts paid earlier in 2010 when Mr. Kimball was promoted to President and Acting Chief Executive Officer in establishing the CEO Compensation Package. Therefore, it established a framework for the CEO Compensation Package that included the evaluation of market data for a Chief Executive Officer promotion and a review of compensation approved in February 2010 in connection with Mr. Kimball's promotion to President and Acting Chief Executive Officer. In September 2010, the independent members of the Board of Directors approved an annual base salary for Mr. Kimball of \$525,000, an increase of approximately 24%, effective July 2010 and consistent with the 25th percentile of chief executive officers in the 2010 Compensation Peer Group. The 25th percentile was chosen to recognize Mr. Kimball's status as a new Chief Executive Officer and to allow room for future increases as his experience grew. Mr. Kimball was also awarded 125,000 RSUs vesting in equal increments every six months over a four year period. The Board of Directors determined that the increase in Mr. Kimball's annual base salary and the award of RSUs, together with compensation for Mr. Kimball that was approved earlier in 2010, appropriately recognized Mr. Kimball's promotion to Chief Executive Officer and sufficiently incentivized Mr. Kimball in his role as President and Chief Executive Officer.

In 2010, Mr. Kimball earned performance-based cash incentive compensation under the 2010 MBO Plan as described under the caption *2010 Performance-based Cash Incentive Compensation* in the section entitled *Elements of Compensation* beginning on page 10. All executive officers of RealNetworks participated in the 2010 MBO Plan in order to achieve alignment among the senior executive team in working to achieve the Company's transformational business goals and objectives in 2010.

In 2010, the Compensation Committee approved change in control and severance arrangements with respect to Mr. Kimball described under the caption *Severance and Change in Control Benefits* in the section entitled *Elements of Compensation* beginning on page 10.

On March 28, 2011, Mr. Kimball resigned from his position as President and Chief Executive Officer of RealNetworks and he also resigned from RealNetworks' Board of Directors. Mr. Kimball's rights and obligations under the Kimball CIC Agreement, as well as the Kimball Retention Agreement, were superseded by the Kimball Separation Agreement. Pursuant to the Kimball Separation Agreement, Mr. Kimball received a severance payment equal to approximately \$1.7 million, which was recommended by the Compensation Committee and approved by the independent members of the Board of Directors, based on eighteen months of Mr. Kimball's annual base salary and target bonus payment under the RealNetworks, Inc. 2011 Executive MBO Plan and the pro-rata portion of Mr. Kimball's target payout under the 2011 Executive MBO Plan. In addition, Mr. Kimball received the remaining payment of \$283,000 under the Kimball Retention Agreement. Mr. Kimball has also agreed to provide consulting services to RealNetworks for a period of 90 days from April 15, 2011 (the *Consulting Period*) at a rate equal to \$43,666 per month (his last monthly salary rate). The Kimball Separation Agreement further provides for the acceleration of the vesting applicable to all of Mr. Kimball's outstanding equity awards with respect to shares of RealNetworks' common stock such that all such equity awards became fully exercisable as of April 15, 2011, and the exercisability period of all of the stock options to purchase shares of RealNetworks' common stock held by Mr. Kimball (the *Kimball Options*) will be extended such that the Kimball Options will remain exercisable until the earlier of (x) eighteen months following the expiration of the Consulting Period, or (y) the expiration date of the option grant pursuant

to the applicable stock option agreement. Pursuant to the Kimball Separation Agreement, Mr. Kimball is entitled to receive reimbursements for up to eighteen months of

COBRA health insurance premiums. In exchange for the payments made to Mr. Kimball pursuant to the Kimball Separation Agreement, Mr. Kimball provided a waiver and release of all claims against RealNetworks. The Compensation Committee and the independent members of the Board of Directors approved the severance arrangements set forth in the Kimball Separation Agreement in recognition of Mr. Kimball's significant achievements during his long service to the Company and his efforts and performance during a year of transition for the Company.

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the federal corporate income tax deduction for compensation paid by a public company to its Chief Executive Officer and certain other executive officers to \$1 million in the year the compensation becomes taxable to the executive, unless the compensation is performance-based compensation or qualifies under certain other exceptions. The Compensation Committee seeks to balance its objective of ensuring an effective compensation package with the need to maximize the deductibility of executive compensation, and intends to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of RealNetworks. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that we may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Accounting for Stock-Based Compensation. RealNetworks accounts for stock-based compensation in accordance with the requirements of Accounting Standards Codification Topic 718, Compensation—Stock Compensation. Under the fair value provisions of this statement, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which is the vesting period.

Pre-Set Diversification Plans

RealNetworks has authorized its executive officers to enter into pre-set diversification plans established according to Section 10b5-1 of the Securities Exchange Act of 1934, as amended, with an independent broker-dealer. These plans include specific instructions for the broker to exercise stock options and/or sell stock on behalf of the executive on a pre-determined schedule. The purpose of such plans is to enable executive officers to recognize the value of their compensation and diversify their holdings of RealNetworks common stock during periods in which the officer would otherwise be unable to buy or sell such stock because important information about RealNetworks had not been publicly released. As of April 25, 2011, Mr. Eggers had such a plan.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for fiscal year 2010 with RealNetworks management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in RealNetworks' annual report on Form 10-K and proxy statement relating to the 2011 annual meeting of shareholders.

- (1) Of the \$53,766 earned by Mr. Glaser as salary in 2010, \$42,308 was paid to Mr. Glaser as compensation for accrued but unused vacation following his resignation as Chief Executive Officer effective January 12, 2010. Of the \$329,956 earned by Mr. Glaser as performance-based cash incentive compensation in 2008, \$236,671 was paid to Mr. Glaser in the form of salary between January 1, 2008 and July 2008. After the Compensation Committee determined to set Mr. Glaser's annual salary for 2008 at \$1, the amount paid to Mr. Glaser as salary in excess of \$1 was applied to Mr. Glaser's performance-based cash incentive compensation payout at the time it was determined by the Compensation Committee in March 2009. The remaining \$93,285 of Mr. Glaser's 2008 performance-based cash incentive compensation was paid in March 2009.
- (2) The amounts reported in this column represent discretionary cash bonus awards.
- (3) The amounts reported in these columns reflect the aggregate grant date fair value of awards granted in the year shown pursuant to the 2005 Plan, determined in accordance with financial statement reporting rules rather than an amount paid to or realized by the executive officer. In accordance with current SEC disclosure requirements, stock option awards for fiscal 2008, previously reported as amounts recognized, or expensed, for the fiscal year, are now being reported above as grant date fair values. For a discussion of valuation assumptions, see *Note 2, Stock-Based Compensation*, to our Notes to Consolidated Financial Statements included in our annual report on Form 10-K for the year ended December 31, 2010.

- (4) The amounts reported in this column represent cash incentive compensation which is based on performance in fiscal 2008, 2009 and 2010. Of the \$329,956 earned by Mr. Glaser as performance-based cash incentive compensation in 2008, \$236,671 was paid to Mr. Glaser in the form of salary between January 1, 2008 and July 2008. These payments were applied to Mr. Glaser's performance-based cash incentive compensation payout at the time it was determined by the Compensation Committee in March 2009. The remaining \$93,285 of Mr. Glaser's 2008 performance-based cash incentive compensation was paid in March 2009. Mr. Glaser resigned as Chief Executive Officer effective January 12, 2010, and therefore he did not receive performance-based cash incentive compensation for 2009 or 2010. With respect to the Named Executive Officers other than Mr. Glaser, cash incentive compensation was determined by the Compensation Committee (a) in August 2008 with respect to payments for the first half of 2008; (b) in March 2009 with respect to payments for the second half of 2008; (c) in July 2009 with respect to payments for the first half of 2009; (d) in January 2010 with respect to payments for the second half of 2009, (e) in July 2010 with respect to payments for the first half of 2010; and (f) in January 2011 with respect to payments for the second half of 2010, with payments made shortly after each such determination. This performance-based cash compensation is discussed in further detail under *Compensation Discussion and Analysis* beginning on page 9. The estimated possible threshold, target and maximum amounts for these awards are reflected in the *2010 Grants of Plan-Based Awards* table on page 29.
- (5) Amounts reported for 2008, 2009 and 2010 that represent *All Other Compensation* for each of the Named Executive Officers are described in the table below captioned *Detail of All Other Compensation in the Summary Compensation Table*.

(1) Under RealNetworks' 401(k) plan, RealNetworks matches 50% of the first 3% of pay that is contributed to the plan. Matching contributions by RealNetworks become fully vested after three years.

(2) Of the amount reported for Mr. Glaser for 2010, \$400,000 represents severance payments and \$11,963 represents COBRA health insurance premiums paid by RealNetworks on behalf of Mr. Glaser from May 2010 to December 2010. The amount reported for Mr. Barbour for 2010 represents severance payments representing twelve months of his annual base salary (\$450,000) and 100% of his target annual bonus award (\$450,000).

(3) The amounts reported in this column represent costs associated with the occupancy of office space in RealNetworks' headquarters by the Glaser Progress Foundation, a charitable foundation of which Mr. Glaser is Trustee, and Mr. Glaser's personal assistant. The cost per square foot of occupied space in RealNetworks' headquarters was multiplied by the square footage of the office space occupied by the Glaser Progress Foundation and Mr. Glaser's personal assistant to determine the costs associated with the occupancy of such office space. In 2010, the Glaser Progress Foundation and Mr. Glaser's personal assistant occupied office space in RealNetworks' headquarters from January 2010 to May 2010.

- (4) The amount reported for Mr. Glaser represents fees earned by Mr. Glaser in connection with his service as a non-employee director of RealNetworks. Following his resignation as Chief Executive Officer in January 2010, Mr. Glaser remained Chairman of the Board of Directors and was compensated for his services as a non-employee director of RealNetworks as described under the caption *Compensation of Directors* on page 34.
- (5) The amount reported for Mr. Lunsford for 2008 represents reimbursement to Mr. Lunsford in the amount of \$65,500 for the loss realized on the sale of his residence in Atlanta, Georgia in connection with his relocation to Seattle, Washington, pursuant to the terms of an employment offer letter between RealNetworks and Mr. Lunsford. In calculating the amount of this reimbursement and the incremental cost to RealNetworks, each of RealNetworks and Mr. Lunsford obtained a separate appraisal of the subject property, and the average of the two appraisals provided the basis on which the reimbursement was calculated. The difference between the sale price and the average of the two appraisals was equal to \$65,500 and constituted the amount reimbursed to Mr. Lunsford pursuant to this arrangement. The remaining \$1,100 reported for Mr. Lunsford represents taxable travel and lodging expense reimbursements associated with his relocation. These amounts constitute taxable income to Mr. Lunsford.

- (1) There are no threshold or maximum payouts under the Company's 2010 performance-based cash incentive compensation plans. The actual amounts paid for 2010 are shown in the *Non-Equity Incentive Plan Compensation* column of the *Summary Compensation Table* on page 26. These awards are described in further detail under *Compensation Discussion and Analysis* beginning on page 9.
- (2) The amount reported in this column represents stock options granted pursuant to the 2005 Plan. With the exception of the 60,000 stock options granted to Mr. Kimball on February 17, 2010 (the *Kimball Options*), the stock options reflected in this column vest over a period of four years. The Kimball Options vest over a period of one year. All of the stock options expire seven years after the date of grant and the exercise price of the stock options is equal to the fair market value of RealNetworks' Common Stock on the date of grant. If a Named Executive Officer's employment terminates for any reason other than death, upon a change of control, or upon the termination of employment by RealNetworks without cause (provided that the Named Executive Officer delivers a settlement agreement and release upon such termination), the unvested portion of the stock options will not vest and all rights to the unvested portion will terminate. The stock options are described in further detail under *Compensation Discussion and Analysis* beginning on page 9 and in the *Outstanding Equity Awards at December 31, 2010* table on page 31.

Table of Contents

- (3) The amount reported in this column reflects the aggregate grant date fair value of the award granted in 2010 pursuant to the 2005 Plan, determined in accordance with financial statement reporting rules rather than an amount paid to or realized by the executive officer. For a discussion of valuation assumptions, see *Note 2, Stock-Based Compensation*, to our Notes to Consolidated Financial Statements included in our annual report on Form 10-K for the year ended December 31, 2010. The option exercise price has not been deducted from the amounts indicated above. Regardless of the value placed on a stock option on the grant date, the actual value of the option will depend on the market value of RealNetworks common stock at such date in the future when the option is exercised. The proceeds to be paid to the individual following the exercise of the option do not include the option exercise price.

- (4) Mr. Glaser resigned from his position as Chief Executive Officer of RealNetworks on January 12, 2010, and therefore he was not eligible to earn non-equity incentive plan compensation in 2010.

- (5) The target performance-based cash incentive compensation shown for Mr. Barbour represents his full-year target award under the 2010 MBO Plan. Mr. Barbour did not earn a 2010 MBO payout for the Second Measurement Period because the Company terminated his employment effective August 13, 2010.

Compensation of Directors

For the first quarter of 2010, each director who was not an employee of RealNetworks (an Outside Director) was paid \$5,000 per quarter for his or her services as a director. Outside Directors were also paid (i) \$1,000 for participation in each meeting of the Board, (ii) \$1,000 for participation in each meeting of a Board committee, and (iii) \$3,000 per quarter for serving as chairperson of the Audit Committee, \$1,500 per quarter for serving as chairperson of the Compensation Committee and \$750 per quarter for serving as chairperson of the Nominating and Corporate Governance Committee. In addition, the lead independent director received \$1,000 for participation in each meeting between such director and the Chief Executive Officer. Directors were also reimbursed for their reasonable expenses incurred in attending Board of Directors or Committee meetings.

In April 2010, the Board of Directors approved changes to the Company's compensation program for Outside Directors based on the analysis and advice provided by Cook in 2009 and the Board's desire to better align total compensation paid to Outside Directors with total compensation paid to non-employee directors of similarly situated companies. The results of Cook's analysis showed that cash compensation paid to our Outside Directors was below the median, equity compensation was at the 25th percentile and overall compensation was below the 25th percentile of similarly situated companies as identified by Cook based on the relative size of the Company's market capitalization. In addition, Cook's analysis indicated RSUs were typically included as a component of non-employee director compensation among such similarly situated companies.

Effective April 1, 2010, each Outside Director is paid a retainer in the amount of \$8,750 per quarter for his or her services as a director. Outside Directors are also paid (i) \$1,000 for participation in each meeting of the Board, (ii) \$1,000 for participation in each meeting of a Board committee, and (iii) \$5,000 per quarter for serving as chairperson of the Audit Committee, \$3,125 per quarter for serving as chairperson of the Compensation Committee and \$2,500 per quarter for serving as chairperson of the Nominating and Corporate Governance Committee. In addition, the lead independent director is paid an additional retainer of \$5,000 per quarter.

Pursuant to the RealNetworks, Inc. 2007 Director Compensation Stock Plan (the Director Plan), a sub-plan administered under the 2005 Plan, an Outside Director may make an irrevocable election prior to the commencement of each plan year to receive all or a portion of the cash compensation payable to such Outside Director for the coming year in shares of RealNetworks common stock. In 2010, the number of shares issued to an Outside Director who elected to receive all or a portion of his or her 2010 compensation in shares of RealNetworks common stock was determined by dividing the total fees to be paid in shares of RealNetworks common stock during a fiscal quarter, as elected by an Outside Director, by the fair market value of a share of RealNetworks common stock on the last trading day of such fiscal quarter, with cash paid in lieu of the issuance of fractional shares.

Outside Directors other than the Chairman of the Board also receive equity awards under the 2005 Plan on the third business day following each annual meeting of shareholders. The equity awards consist of (i) nonqualified stock options to purchase 25,000 shares of RealNetworks common stock (the Options) that, once vested, will remain exercisable for three years following an Outside Director's separation from the Board or until the Option's earlier expiration, and (ii) RSUs valued at \$45,000 on the grant date. The Options and RSUs vest monthly in equal increments over a twelve month period following the award's grant date assuming continued service as a director, with the RSU share distribution date occurring on the first anniversary of the grant date. Outside Directors may make an annual irrevocable election to defer the RSU share distribution date to a date that is (i) five years following the RSU grant date, or (ii) concurrent with an Outside Director's separation from the Board. Options and RSUs granted to Outside Directors who have served on the Board for less than twelve months at the time of the annual meeting of shareholders will receive Options and RSUs that are pro-rated based on the number of completed months of service leading up to the first annual meeting of shareholders following his or her appointment to the Board. In addition to approving the foregoing changes to the Outside Director compensation program, the Board also approved stock ownership guidelines applicable to Outside Directors designed to achieve long-term alignment between Outside Directors and the Company's shareholders. Under these guidelines, each Outside Director is required to own a number of shares of the Company's common stock equal to three times the Outside Director's annual retainer fee within five years of service on the Company's Board.

Table of Contents

On October 21, 2010, Messrs. Benhamou, Bleier, Jotwani, Klein and Trempont, Ms. Raina and Ms. Roberts were each granted 14,802 RSUs and an option to purchase 25,000 shares of Common Stock having an exercise price of \$3.04 per share, which RSUs and options vest as described above. In addition, Mr. Trempont was granted options to purchase 4,166 shares of Common Stock having an exercise price of \$3.04 per share and 2,467 RSUs, and Ms. Roberts was granted options to purchase 2,083 shares of Common Stock having an exercise price of \$3.04 per share and 1,233 RSUs, which awards were fully vested on the grant date. These awards were granted to Mr. Trempont and Ms. Roberts as compensation for Board service from the respective commencement dates of their Board service through the annual meeting of shareholders held on October 18, 2010.

Mr. Glaser is paid the same cash compensation as the Outside Directors, together with an additional retainer in the amount of \$6,250 per quarter for serving as the Chairman of the Board. Mr. Glaser is not eligible to make an election to receive his cash compensation in shares of RealNetworks common stock pursuant to the Director Plan. Mr. Glaser is also paid an annual cash award (the Cash Award) in lieu of the annual grant of Options and RSUs. The Cash Award will have an aggregate value equal to (a) \$55,000, which amount is paid in lieu of the Options and was fixed in 2010 (but is subject to re-evaluation at the discretion of the Compensation Committee), and (b) \$45,000, which amount is paid in lieu of the RSUs.

Severance Payments

It is RealNetworks' policy to request certain executive officers to provide a notice period of six months prior to voluntarily terminating their employment with RealNetworks for the purpose of transitioning responsibilities. In the event an executive officer provides six months' notice prior to voluntarily terminating his employment, he will receive a severance payment equal to six months of such executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such six month notice period. In the event an executive officer provides notice of less than six months prior to voluntarily terminating his employment, he will receive a severance payment equal to the number of months' notice provided, up to a maximum severance payment equal to six months of the executive's annual base salary, even if RealNetworks does not require the continued services of the executive officer for all or part of such notice period. Severance payments are made following the last day worked by an executive officer. Severance amounts shown in the above table under the caption *Voluntary Termination* assume that each Named Executive Officer has provided six months' notice prior to voluntarily terminating his employment on December 31, 2010.

RealNetworks has entered into Severance and Change in Control Agreements (the *CIC Agreements*) with each of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw pursuant to which certain payments would be made in the event the employment of these Named Executive Officers terminates under certain circumstances. The *CIC Agreements* are described under the caption *Severance and Change in Control Benefits* in the section entitled *Compensation Discussion and Analysis* beginning on page 9.

Bonus Payments

If the employment of a Named Executive Officer had terminated on December 31, 2010 due to death or disability, such Named Executive Officer or his beneficiary would have been entitled to receive the portion of the performance-based cash incentive or discretionary bonus compensation earned in 2010 but not paid as of December 31, 2010.

In the event the employment of Messrs. Kimball, Eggers, Lunsford, Skorny and Daw terminates under certain circumstances, these Named Executive Officers are each entitled to receive certain bonus payments as described in the *CIC Agreements*, as well as retention bonus payments pursuant to the Retention Agreement between RealNetworks and each of these Named Executive Officers. The *CIC Agreements* are described under the caption *Severance and Change in Control Benefits* and the Retention Agreements are described under the caption *2010 Retention Arrangements* in the section entitled *Compensation Discussion and Analysis* beginning on page 9.

Acceleration of Vesting of Equity Awards

Termination by RealNetworks Other than for Cause. If we terminate the employment of a Named Executive Officer for any reason other than for cause, and any of such Named Executive Officer's outstanding stock options or restricted stock units are not fully vested, the next vesting installment of such stock options or restricted stock units will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the option commenced or the last anniversary thereof, expressed in full months, provided that the Named Executive Officer executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination.

Table of Contents

Change in Control. If stock options or restricted stock units granted to a Named Executive Officer under the 2005 Plan are continued, assumed, converted or substituted for on substantially the same terms and conditions immediately following a change in control and within 24 months after such change in control the executive officer's employment is terminated by RealNetworks or its successor without cause or by the executive officer for good reason, all of the shares subject to the stock options or RSUs will be vested immediately, and such stock options may be exercised at any time within 24 months following such termination, but not later than the expiration date of the stock options. In addition, if such stock options or RSUs are not continued, assumed, converted or substituted for immediately following the change in control, all of the shares subject to the stock options or RSUs will vest immediately upon the change in control, and such stock options may be exercised at any time within 12 months thereafter.

Policies and Procedures With Respect to Related Person Transactions**

It is the policy of RealNetworks not to enter into any related person transaction unless the Audit Committee of the Board of Directors reviews and approves such transaction in accordance with guidelines set forth in the RealNetworks, Inc. Policy Regarding Related Party Transactions, or the transaction is approved by a majority of RealNetworks' disinterested directors. In reviewing and approving any related person transaction, the Audit Committee will satisfy itself that it has been fully informed as to the related person's relationship and interest including all material facts of the proposed transaction, and determine that the transaction is fair to RealNetworks.

All related person transactions of which RealNetworks management is aware will be disclosed to the Audit Committee. At least annually, RealNetworks management will elicit information from RealNetworks' executive officers and directors as to existing and potential related person transactions, and will seek to obtain such information from 5% shareholders who do not file reports with the SEC on Schedule 13G. An executive officer or director will promptly inform the Chairman of the Audit Committee when the officer or director becomes aware of a potential related person transaction in which the officer or director would be a related person.

Under the Voting Agreement described under the caption *Arrangements Regarding Director Selection* on page 8, each of Accel IV and Messrs. Jacobsen and Kapor have agreed to vote all shares of stock of RealNetworks owned by them to elect Mr. Glaser to the Board of Directors of RealNetworks in each election in which he is a nominee. The obligations under the Voting Agreement terminate with respect to shares transferred by the parties when such shares are transferred. The Voting Agreement terminates on the death of Mr. Glaser.

Pursuant to the terms of an agreement entered into in September 1997 between RealNetworks and Mr. Glaser, RealNetworks has agreed to use its best efforts to nominate, elect and not remove Mr. Glaser from the Board of Directors so long as Mr. Glaser owns a specified number of shares of Common Stock.

Director Independence

Our Board of Directors has determined that all of our directors, other than Mr. Glaser, are independent under the Nasdaq listing standards and the applicable rules promulgated by the SEC. Applying these same rules, our Board has determined that all members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are independent.
