Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

Approximate date of commencement of proposed sale to the public: From time to time after the effective date of this registration statement.

If the only securities being registered on this form are being offered pursuant to dividend or interest reinvestment plans, please check the following box. ☐

If any of the securities being registered on this form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933, other than securities offered only in connection with dividend or interest reinvestment plans, check the following box. ☒

If this form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

If this form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

If this form is a registration statement pursuant to General Instruction I.D., or a post-effective amendment thereto that shall become effective upon filing with the Commission pursuant to Rule 462(e) under the Securities Act, check the following box. ☒

If this form is a post-effective amendment to a registration statement filed pursuant to General Instruction I.D. filed to register additional securities or additional classes of securities pursuant to Rule 413(b) under the Securities Act, check the following box. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer ☐	Accelerated Filer ☒
Non-accelerated filer ☐ (Do not check if a smaller reporting company)	Smaller reporting company ☐

We may issue securities from time to time in one or more offerings. This prospectus describes the general terms of these securities and the general manner in which these securities will be offered. We will provide the specific terms of these securities in supplements to this prospectus. The prospectus supplements will also describe the specific manner in which these securities will be offered and may also supplement, update or amend information contained in this document. You should read this prospectus and any applicable prospectus supplement before you invest.

We may offer these securities in amounts, at prices and on terms determined at the time of offering. The securities may be sold directly to you, through agents, or through underwriters and dealers. If agents, underwriters or dealers are used to sell the securities, we will name them and describe their compensation in a prospectus supplement.

In addition, selling stockholders to be named in a prospectus supplement may offer and sell from time to time these securities in such amounts as set forth in a prospectus supplement. Unless otherwise set forth in a prospectus supplement, we will not receive any proceeds from the sale of these securities by any selling stockholders.

Our common stock trades on the Nasdaq Global Select Market under the symbol EPAY.

Investing in these securities involves a high degree of risk. See **Risk Factors included in any accompanying prospectus supplement and in the documents incorporated by reference in this prospectus for a discussion of the factors you should carefully consider before deciding to purchase these securities.**

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is July 15, 2011

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, which we refer to as the SEC, utilizing a shelf registration process. Under this shelf registration process, we may from time to time sell any combination of the securities described in this prospectus, and one or more of our stockholders may sell our securities, in one or more offerings.

This prospectus provides you with a general description of the securities we may offer. Each time we or a selling stockholder sells securities, we will provide one or more prospectus supplements that will contain specific information about the terms of the offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and the accompanying prospectus supplement together with the additional information described under the heading **Where You Can Find More Information** on page 2 of this prospectus.

You should rely only on the information contained in or incorporated by reference in this prospectus, any accompanying prospectus supplement or in any related free writing prospectus filed by us with the SEC. We have not authorized anyone to provide you with different information. This prospectus and the accompanying prospectus supplement do not constitute an offer to sell or the solicitation of an offer to buy any securities other than the securities described in the accompanying prospectus supplement or an offer to sell or the solicitation of an offer to buy such securities in any circumstances in which such offer or solicitation is unlawful. You should assume that the information appearing in this prospectus, any prospectus supplement, the documents incorporated by reference and any related free writing prospectus is accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed materially since those dates.

Unless the context otherwise indicates, references in this prospectus to **we**, **our**, **Bottomline** and **us** refer, collectively, to Bottomline Technologies (de), Inc., a Delaware corporation, and its consolidated subsidiaries.

Table of Contents

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the Internet at the SEC's website at <http://www.sec.gov>. Copies of certain information filed by us with the SEC are also available on our website at <http://www.bottomline.com/>. Our website is not a part of this prospectus. You may also read and copy any document we file at the SEC's public reference room, 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the public reference room.

This prospectus is part of a registration statement we filed with the SEC. This prospectus omits some information contained in the registration statement in accordance with SEC rules and regulations. You should review the information and exhibits in the registration statement for further information on us and our consolidated subsidiaries and the securities we are offering. Statements in this prospectus concerning any document we filed as an exhibit to the registration statement or that we otherwise filed with the SEC are not intended to be comprehensive and are qualified by reference to these filings. You should review the complete document to evaluate these statements.

INCORPORATION BY REFERENCE

The SEC allows us to incorporate by reference much of the information we file with the SEC, which means that we can disclose important information to you by referring you to those publicly available documents. The information that we incorporate by reference in this prospectus is considered to be part of this prospectus. Because we are incorporating by reference future filings with the SEC, this prospectus is continually updated and those future filings may modify or supersede some of the information included or incorporated in this prospectus. This means that you must look at all of the SEC filings that we incorporate by reference to determine if any of the statements in this prospectus or in any document previously incorporated by reference have been modified or superseded. This prospectus incorporates by reference the documents listed below (File No. 000-25259) and any future filings we make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (in each case, other than those documents or the portions of those documents not deemed to be filed) until the offering of the securities under the registration statement is terminated or completed:

Annual Report on Form 10-K for the fiscal year ended June 30, 2010;

Quarterly Reports on Form 10-Q for the fiscal quarters ended September 30, 2010, December 31, 2010 and March 31, 2011, including amendments thereto;

Current Reports on Form 8-K filed July 19, 2010, October 26, 2010, November 19, 2010, February 22, 2011, April 1, 2011 and May 23, 2011, including amendments thereto; and

The description of our common stock contained in our Registration Statement on Form 8-A filed on January 12, 1999, including any amendments or reports filed for the purpose of updating such description.

You may request a copy of these filings, at no cost, by writing or telephoning us at the following address:

FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated by reference in this prospectus may include forward-looking statements within the meaning of the securities laws. Words such as expects, anticipates, targets, projects, intends, plans, believes, seeks, estimates, continues and variations of such words and similar expressions are intended to identify such forward-looking statements. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors. Among the important factors that could cause actual results to differ materially from those indicated by such forward-looking statements are competition, market demand, technological change, strategic relationships, recent acquisitions, international operations and general economic conditions. For additional discussion of factors that could impact our financial results, refer to the section of any accompanying prospectus supplement entitled Risk Factors. You should also carefully review the risk factors and cautionary statements described in the other documents we file from time to time with the SEC, specifically our most recent Annual Report on Form 10-K, our Quarterly Reports on Form 10-Q and our Current Reports on Form 8-K. Any forward-looking statements represent our views only as of the time they are made and should not be relied upon as representing our views as of any subsequent date. We do not assume any obligation to update any forward-looking statements, except to the extent required by law.

Table of Contents

BOTTOMLINE

We provide electronic payment, invoice and document management solutions to corporations, financial institutions and banks around the world. Our solutions are used to streamline, automate and manage processes and transactions involving global payments, invoice receipt and approval, collections, cash management, risk mitigation, document management, reporting and document archive. We offer software designed to run on-site at the customer's location as well as hosted or Software as a Service (SaaS) solutions. Historically, our software has been sold predominantly on a perpetual license basis. Today, however, a growing portion of our offerings are being sold as SaaS and paid for on a subscription and transaction basis.

Our corporate customers rely on our solutions to automate their payment and accounts payable processes and to streamline and manage the production and retention of electronic documents. We offer Legal eXchange®, a SaaS offering that receives, manages and controls legal invoices and the related spend management for insurance companies and other large consumers of outside legal services. We also offer Paymode-X, a SaaS offering that facilitates the exchange of electronic payments and invoices between organizations and suppliers. Our offerings also include software solutions that banks use to provide web-based payment and reporting capabilities to their corporate customers.

Our solutions complement and leverage our customers' existing information systems, accounting applications and banking relationships. As a result, our solutions can be deployed quickly and efficiently. To help our customers receive the maximum value from our products and meet their own particular needs, we also provide professional services for installation, training, consulting and product enhancement.

During the nine months ended March 31, 2011, we acquired SMA Financial Ltd. (SMA), Direct Debit Limited (DDL) and acquired substantially all of the assets and assumed certain liabilities of Business Information Technology Group (BITG). SMA is a London-based provider of SaaS connectivity to the Society for Worldwide Interbank Financial Telecommunication, which is referred to as SWIFT, for the automation of payments and financial messaging. As a result of the SMA acquisition, we launched a new product offering, SWIFT Access Service, and we now offer next generation treasury and cash management solutions to a range of bank and corporate customers. DDL is a London-based provider of payments automation software for direct debits and receivables management for corporations, banks, financial institutions and government organizations. The addition of DDL extends our global payment capabilities and expands our transaction banking portfolio. BITG is a Bottomline software distributor and channel partner focused on the corporate market with locations in both Australia and New Zealand.

In April 2011, we acquired Allegient Systems, Inc., a provider of advanced capabilities for legal e-billing, bill review and analytics, for a cash payment of approximately \$49.6 million. Allegient's proprietary SaaS platform and value-added turnkey solutions will complement and extend our Legal eXchange portfolio, offering the combined customer base of more than 100 leading insurers capabilities to effectively manage their legal expenses.

Our principal executive offices are located at 325 Corporate Drive, Portsmouth, New Hampshire 03801, and our telephone number is (603) 436-0700.

Table of Contents**CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES AND****RATIOS OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

The following table sets forth our ratio of earnings to fixed charges. You should read this table in conjunction with the consolidated financial statements and notes incorporated by reference in this prospectus.

	Nine Months					
	Ended		Fiscal Year Ended			
	March 31, 2011	June 30, 2010	June 30, 2009	June 30, 2008	June 30, 2007	June 30, 2006
Consolidated ratios of earnings to fixed charges	7.5x	6.1x	n/a	n/a	n/a	n/a

For purposes of calculating the ratios above, earnings consist of income (loss) before provision for (benefit from) income taxes plus fixed charges. Fixed charges include interest expense and the interest portion of rental expense which is deemed to be representative of the interest factor. The estimate of interest within rental expense is estimated to be one-third of rental expense. The dollar amount of the deficiency in earnings available for fixed charges for a one-to-one ratio for the fiscal years ended June 30, 2009, 2008, 2007 and 2006 was \$11.5 million, \$4.8 million, \$7.9 million and \$1.2 million, respectively.

Our ratios of earnings to combined fixed charges and preferred stock dividends for the periods indicated above are the same as our ratios of earnings to fixed charges set forth above because we had no shares of preferred stock outstanding during the periods indicated and currently have no shares of preferred stock outstanding.

Table of Contents

USE OF PROCEEDS

We intend to use the net proceeds from the sale of any securities offered under this prospectus for general corporate purposes unless otherwise indicated in the applicable prospectus supplement. General corporate purposes may include the acquisition of companies or businesses, repayment and refinancing of debt (if any is outstanding at such time), working capital and capital expenditures. We may temporarily invest the net proceeds in investment-grade, interest-bearing securities until they are used for their stated purpose. We have not determined the amount of net proceeds to be used specifically for such purposes. As a result, management will retain broad discretion over the allocation of net proceeds.

Unless otherwise set forth in a prospectus supplement, we will not receive any proceeds from the sale of securities by any selling stockholders.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

We may offer, from time to time, our unsecured general obligations, which may be senior or subordinated. We refer to the senior unsecured general obligations as senior debt securities, the subordinated unsecured general obligations as the subordinated debt securities and the senior debt securities and the subordinated debt securities collectively as debt securities. The following description summarizes the general terms and provisions of the debt securities to which any prospectus supplement may relate. We will describe the specific terms of the debt securities and the extent, if any, to which the general provisions summarized below may apply to any series of debt securities in the prospectus supplement relating to the series and any applicable free writing prospectus that we authorize to be delivered. When we refer to the Company, we, our, and us in this section, we mean Bottomline Technologies (de), Inc., a Delaware corporation, excluding, unless the context otherwise requires or as otherwise expressly stated, our subsidiaries.

We may issue senior debt securities from time to time, in one or more series under a senior indenture to be entered into between us and a senior trustee to be named in a prospectus supplement. We may issue subordinated debt securities from time to time, in one or more series under a subordinated indenture to be entered into between us and a subordinated trustee to be named in a prospectus supplement. The forms of senior indenture and subordinated indenture are filed as exhibits to the registration statement of which this prospectus forms a part. Together, the senior indenture and the subordinated indenture are referred to as the indentures. This prospectus briefly outlines some of the provisions of the indentures. The following summary of the material provisions of the indentures is qualified in its entirety by the provisions of the indentures, including definitions of certain terms used in the indentures. You should review the indentures that are filed as exhibits to the registration statement of which this prospectus forms a part for additional information.

None of the indentures will limit the amount of debt securities that we may issue. The applicable indenture will provide that debt securities may be issued up to an aggregate principal amount authorized from time to time by us and may be payable in any currency designated by us or in amounts determined by reference to an index.

General

The senior debt securities will constitute unsecured and unsubordinated obligations and will rank pari passu with our other unsecured and unsubordinated obligations. The subordinated debt securities will constitute our unsecured and subordinated obligations and will be junior in right of payment to our senior indebtedness (including senior debt securities), as described under the heading Certain Terms of the Subordinated Debt Securities Subordination.

The debt securities will be our unsecured obligations. Any secured debt or other secured obligations will be effectively senior to the debt securities to the extent of the value of the assets securing such debt or other obligations.

The applicable prospectus supplement or free writing prospectus will include any additional or different terms of the debt securities being offered, including the following terms:

the title and type of the debt securities;

whether the debt securities will be senior or subordinated debt securities, and, with respect to debt securities issued under the subordinated indenture, as applicable, that the subordination provisions of the indenture shall apply to the securities of that series or that any different subordination provisions, including a different definition of the term senior indebtedness, shall apply to securities of that series;

the aggregate principal amount of the debt securities;

the price or prices at which we will sell the debt securities;

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

the maturity date or dates of the debt securities and the right, if any, to extend such date or dates;

the rate or rates, if any, per year, at which the debt securities will bear interest, or the method of determining such rate or rates;

the date or dates from which such interest will accrue, the interest payment dates on which such interest will be payable or the manner of determination of such interest payment dates and the related record dates;

the right, if any, to extend the interest payment periods and the duration of that extension;

Table of Contents

the manner of paying principal and interest and the place or places where principal and interest will be payable;

provisions for a sinking fund, purchase fund or other analogous fund, if any;

any redemption dates, prices, obligations and restrictions on the debt securities;

the currency or currencies for which you may purchase the debt securities and the currency or currencies in which principal and interest, if any, on the debt securities may be payable;

any conversion or exchange features of the debt securities;

whether and upon what terms the debt securities may be defeased;

any events of default or covenants in addition to or in lieu of those set forth in the indenture;

whether the debt securities will be issued in definitive or global form or in definitive form only upon satisfaction of certain conditions;

whether the series of debt securities will be guaranteed as to payment or performance;

any special tax implications of the debt securities; and

any other material terms of the debt securities.

We may from time to time, without notice to or the consent of the holders of any series of debt securities, create and issue further debt securities of any such series ranking equally with the debt securities of such series in all respects (or in all respects other than (1) the payment of interest accruing prior to the issue date of such further debt securities or (2) the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with the debt securities of such series and have the same terms as to status, redemption or otherwise as the debt securities of such series.

You may present debt securities for exchange and you may present debt securities for transfer in the manner, at the places and subject to the restrictions set forth in the debt securities and the applicable prospectus supplement. We will provide you those services without charge, although you may have to pay any tax or other governmental charge payable in connection with any exchange or transfer, as set forth in the indenture.

Debt securities may bear interest at a fixed rate or a floating rate. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate (original issue discount securities) may be sold at a discount below their stated principal amount. U.S. federal income tax considerations applicable to any such discounted debt securities or to certain debt securities issued at par which are treated as having been issued at a discount for U.S. federal income tax purposes will be described in the applicable prospectus supplement.

We may issue debt securities with the principal amount payable on any principal payment date, or the amount of interest payable on any interest payment date, to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodities or other indices. You may receive a payment of principal on any principal payment date, or a payment of interest on any interest payment date, that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending on the value on such dates of the

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

applicable currency, securities or baskets of securities, commodities or indices. Information as to the methods for determining the amount of principal or interest payable on any date, the currencies, securities or baskets of securities, commodities or indices to which the amount payable on such date is linked and certain related tax considerations will be set forth in the applicable prospectus supplement.

Certain Terms of the Senior Debt Securities

Covenants. Unless we indicate otherwise in a prospectus supplement, the senior debt securities will not contain any financial or restrictive covenants, including covenants restricting either us or any of our subsidiaries from incurring, issuing, assuming or guaranteeing any indebtedness secured by a lien on any of our or our subsidiaries' property or capital stock, or restricting either us or any of our subsidiaries from entering into sale and leaseback transactions.

Table of Contents

Consolidation, Merger and Sale of Assets. Unless we indicate otherwise in a prospectus supplement, we may not consolidate with or merge into any other person, in a transaction in which we are not the surviving corporation, or convey, transfer or lease our properties and assets substantially as an entirety to any person, in either case, unless:

the successor entity, if any, is a U.S. corporation, limited liability company, partnership or trust (subject to certain exceptions provided for in the senior indenture);

the successor entity assumes our obligations on the senior debt securities and under the senior indenture;

immediately after giving effect to the transaction, no default or event of default shall have occurred and be continuing; and

certain other conditions are met.

No Protection in the Event of a Change in Control. Unless we indicate otherwise in a prospectus supplement with respect to a particular series of senior debt securities, the senior debt securities will not contain any provisions that may afford holders of the senior debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control).

Events of Default. The following are events of default under the senior indenture for any series of senior debt securities:

we fail to pay principal or premium on the senior debt securities of such series when due and payable whether at maturity, upon redemption, by declaration or otherwise (and, if specified for the securities of such series, the continuance of such default for a specified period);

we fail to pay interest on any senior debt securities of such series when due and payable, if that default continues for a period of 90 days (or such other period as may be specified for such series);

our default in the performance of or breach of any of our covenants or agreements in the senior indenture applicable to senior debt securities of such series, other than a breach which is specifically dealt with elsewhere in the senior indenture, and that default or breach continues for a period of 90 days after we receive written notice from the trustee or from the holders of 25% or more in aggregate principal amount of the senior debt securities of such series;

certain events of bankruptcy or insolvency, whether voluntary or not; and

there occurs any other event of default provided for in such series of senior debt securities as may be specified in the applicable prospectus supplement.

The default by us under any other debt, including any other series of debt securities, is not a default under the senior indenture.

If an event of default, other than a bankruptcy or insolvency event of default specified in the second to last bullet point above, occurs with respect to a series of senior debt securities and is continuing under the senior indenture, then, and in each such case, either the trustee or the holders of not less than 25% in aggregate principal amount of such series then outstanding under the senior indenture (each such series voting as a separate class) by written notice to us and to the trustee, if such notice is given by the holders, may declare the principal amount of, premium, if any, and accrued interest on such senior debt securities to be immediately due and payable.

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

If a bankruptcy or insolvency event of default specified in the second to last bullet point above occurs and is continuing, the entire principal amount of, and accrued interest, if any, on each series of senior debt securities then outstanding shall become immediately due and payable.

Unless otherwise specified in the prospectus supplement relating to a series of senior debt securities originally issued at a discount, the amount due upon acceleration shall include only the original issue price of the senior debt securities, the amount of original issue discount accrued to the date of acceleration and accrued interest, if any.

Table of Contents

Upon certain conditions, declarations of acceleration may be rescinded and annulled and past defaults may be waived by the holders of a majority in aggregate principal amount of all the senior debt securities of such series affected by the default. Furthermore, subject to various provisions in the senior indenture, the holders of a majority in aggregate principal amount of a series of senior debt securities, by notice to the trustee, may waive an existing default or event of default with respect to such senior debt securities and its consequences, except a default in the payment of principal of, premium, if any, or interest on such senior debt securities or in respect of a covenant or provision of the senior indenture which cannot be modified or amended without the consent of the holders of each such senior debt security. Upon any such waiver, such default shall cease to exist, and any event of default with respect to such senior debt securities shall be deemed to have been cured, for every purpose of the senior indenture; but no such waiver shall extend to any subsequent or other default or event of default or impair any right consequent thereto. For information as to the waiver of defaults, see Modification and Waiver.

The holders of a majority in aggregate principal amount of a series of senior debt securities may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to such senior debt securities. However, the trustee may refuse to follow any direction that conflicts with law or the senior indenture, that may involve the trustee in personal liability or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of such series of senior debt securities not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from holders of such series of senior debt securities. A holder may not pursue any remedy with respect to the senior indenture or any series of senior debt securities unless:

the holder gives the trustee written notice of a continuing event of default;

the holders of at least 25% in aggregate principal amount of such series of senior debt securities make a written request to the trustee to pursue the remedy in respect of such event of default;

the requesting holder or holders offer the trustee indemnity satisfactory to the trustee against any costs, liability or expense;

the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and

during such 60-day period, the holders of a majority in aggregate principal amount of such series of senior debt securities do not give the trustee a direction that is inconsistent with the request.

These limitations, however, do not apply to the right of any holder of a senior debt security to receive payment of the principal of, premium, if any, and interest on such senior debt security in accordance with its terms, or to bring suit for the enforcement of any such payment, on or after the due date for the senior debt securities, which right shall not be impaired or affected without the consent of the holder.

The senior indenture requires certain of our officers to certify, on or before a fixed date in each year in which any senior debt security is outstanding, as to their knowledge of our compliance with all conditions and covenants under the senior indenture.

Satisfaction and Discharge. We can satisfy and discharge our obligations to holders of any series of debt securities if:

we pay or cause to be paid, as and when due and payable, the principal of, premium, if any, and any interest on all senior debt securities of such series outstanding under the senior indenture; or

all senior debt securities of such series have become due and payable or will become due and payable within one year (or are to be called for redemption within one year) and we deposit in trust a combination of cash and U.S. government or U.S. government agency obligations that will generate enough cash to make interest, principal, any premium and any other payments on the debt securities of that series on their various due dates.

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

Under current U.S. federal income tax law, the deposit and our legal release from the debt securities would be treated as though we took back a holder's debt securities and gave such holder his or her share of the cash and debt securities or bonds deposited in trust. In that event, such holder could recognize gain or loss on the debt securities such holder gives back to us. Holders of the debt securities should consult their own advisers with respect to the tax consequences to them of such deposit and discharge, including the applicability and effect of tax laws other than the U.S. federal income tax law.

Defeasance. Unless the applicable prospectus supplement provides otherwise, the following discussion of legal defeasance and discharge and covenant defeasance will apply to any series of senior debt securities issued under the senior indenture.

Table of Contents

Legal Defeasance. We can legally release ourselves from any payment or other obligations on the debt securities of any series (called "legal defeasance") if certain conditions are met, including the following:

We deposit in trust for a holder's benefit and the benefit of all other direct holders of the senior debt securities of the same series a combination of cash and U.S. government or U.S. government agency obligations that will generate enough cash to make interest, principal, any premium and any other payments on the senior debt securities of that series on their various due dates.

There is a change in current U.S. federal income tax law or an IRS ruling that lets us make the above deposit without causing any holder to be taxed on the senior debt securities any differently than if we did not make the deposit and instead repaid the senior debt securities ourselves when due. Under current U.S. federal income tax law, the deposit and our legal release from the debt securities would be treated as though we took back any holder's senior debt securities and gave such holder his or her share of the cash and senior debt securities or bonds deposited in trust. In that event, such holder could recognize gain or loss on the senior debt securities such holder gives back to us.

We deliver to the trustee a legal opinion of our counsel confirming the tax law change or ruling described above. If we ever did accomplish legal defeasance, as described above, holders would have to rely solely on the trust deposit for repayment of the senior debt securities. Such holders could not look to us for repayment in the event of any shortfall.

Covenant Defeasance. Without any change of current U.S. federal tax law, we can make the same type of deposit described above and be released from some of the covenants in the senior debt securities (called "covenant defeasance"). In that event, holders would lose the protection of those covenants but would gain the protection of having money and securities set aside in trust to repay the senior debt securities. In order to achieve covenant defeasance, we must do the following (among other things):

We must deposit in trust for any holder's benefit and the benefit of all other direct holders of the senior debt securities of the same series a combination of cash and U.S. government or U.S. government agency obligations that will generate enough cash to make interest, principal, any premium and any other payments on the senior debt securities of that series on their various due dates.

We must deliver to the trustee a legal opinion of our counsel confirming that under current U.S. federal income tax law we may make the above deposit without causing any holder to be taxed on the senior debt securities any differently than if we did not make the deposit and instead repaid the senior debt securities ourselves when due.

If we accomplish covenant defeasance, as described above, holders can still look to us for repayment of the senior debt securities if there were a shortfall in the trust deposit. In fact, if one of the events of default occurred (such as our bankruptcy) and the senior debt securities become immediately due and payable, there may be such a shortfall. Depending on the events causing the default, holders may not be able to obtain payment of the shortfall.

Modification and Waiver. We and the trustee may amend or supplement the senior indenture or the senior debt securities without the consent of any holder:

to convey, transfer, assign, mortgage or pledge any assets as security for the senior debt securities of one or more series;

to evidence the succession of another corporation, and the assumption by such successor corporation of our covenants, agreements and obligations under the senior indenture;

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

to add to our covenants such new covenants, restrictions, conditions or provisions for the protection of the holders, and to make the occurrence, or the occurrence and continuance, of a default in any such additional covenants, restrictions, conditions or provisions an event of default;

to cure any ambiguity, defect or inconsistency in the senior indenture or in any supplemental indenture or to conform the senior indenture or the senior debt securities to the description of senior debt securities of such series set forth in this prospectus or any applicable prospectus supplement;

to provide for or add guarantors with respect to the senior debt securities of any series;

Table of Contents

to evidence and provide for the acceptance of appointment hereunder by a successor trustee, or to make such changes as shall be necessary to provide for or facilitate the administration of the trusts in the senior indenture by more than one trustee;

to establish the form or forms or terms of the senior debt securities as permitted by the senior indenture;

to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms, purposes of issue, authentication and delivery of any series of senior debt securities;

to make any change to the senior debt securities of any series so long as no senior debt securities of such series are outstanding; or

to make any change that does not adversely affect the rights of any holder in any material respect.

Other amendments and modifications of the senior indenture or the senior debt securities issued may be made, and our compliance with any provision of the senior indenture with respect to any series of senior debt securities may be waived, with the consent of the holders of a majority of the aggregate principal amount of the outstanding senior debt securities of all series affected by the amendment or modification (voting together as a single class); provided, however, that each affected holder must consent to any modification, amendment or waiver that:

extends the final maturity of any senior debt securities of such series;

reduces the principal amount of, or premium, if any, on any senior debt securities of such series;

reduces the rate or extends the time of payment of interest on any senior debt securities of such series;

reduces the amount payable upon the redemption of any senior debt securities of such series;

changes the currency of payment of principal of, or premium, if any, or interest on, any senior debt securities of such series;

reduces the principal amount of original issue discount securities payable upon acceleration of maturity or the amount provable in bankruptcy;

waives a default in the payment of principal of, premium, if any, or interest on the senior debt securities;

changes the provisions relating to the waiver of past defaults or changes or impairs the right of holders to receive payment or to institute suit for the enforcement of any payment or conversion of any senior debt securities of such series on or after the due date therefor;

modifies any of the provisions of this paragraph, except to increase any required percentage or to provide that certain other provisions cannot be modified or waived without the consent of the holder of each senior debt security of such series affected by the modification; or

reduces the above-stated percentage of outstanding senior debt securities of such series whose holders must consent to a supplemental indenture.

It shall not be necessary for the holders to approve the particular form of any proposed amendment, supplement or waiver, but it shall be sufficient if the holders' consent approves the substance thereof. After an amendment, supplement or waiver of the senior indenture in accordance with the provisions described in this section becomes effective, the trustee must give to the holders affected thereby certain notice briefly describing the amendment, supplement or waiver. Any failure by the trustee to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such amendment, supplemental indenture or waiver.

No Personal Liability of Incorporators, Stockholders, Officers, Directors. The senior indenture provides that no recourse shall be had under any obligation, covenant or agreement of ours in the senior indenture or any supplemental indenture, or in any of the senior debt securities or because of the creation of any indebtedness represented thereby, against any of our incorporators, stockholders, officers or directors, past, present or future, or of any predecessor or successor entity thereof under any law, statute or constitutional provision or by the enforcement of any assessment or by any legal or equitable proceeding or otherwise. Each holder, by accepting the senior debt securities, waives and releases all such liability.

Table of Contents

Concerning the Trustee. The senior indenture provides that, except during the continuance of an event of default, the trustee will not be liable, except for the performance of such duties as are specifically set forth in the senior indenture. If an event of default has occurred and is continuing, the trustee will exercise such rights and powers vested in it under the senior indenture and will use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and the provisions of the Trust Indenture Act of 1939 incorporated by reference in the indenture contain limitations on the rights of the trustee under the indenture should it become a creditor of ours or any of our subsidiaries, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions, provided that if it acquires any conflicting interest (as defined), it must eliminate such conflict or resign.

We may have normal banking relationships with the trustee under the senior indenture in the ordinary course of business.

Unclaimed Funds. All funds deposited with the trustee or any paying agent for the payment of principal, premium, interest or additional amounts in respect of the senior debt securities that remain unclaimed for two years after the date upon which such principal, premium, interest or additional amounts became due and payable will be repaid to us. Thereafter, any right of any holder of senior debt securities to such funds shall be enforceable only against us, and the trustee and paying agents will have no liability therefor.

Governing Law. The senior indenture and the senior debt securities will be governed by and construed in accordance with the laws of the State of New York without regard to any principle of conflict of laws that would require or permit the application of the laws of any other jurisdiction, except as may otherwise be required by mandatory provisions of law.

Certain Terms of the Subordinated Debt Securities

Other than the terms of the subordinated indenture and subordinated debt securities relating to subordination and the remedies and procedures upon an event of default described above under "Certain Terms of the Senior Debt Securities—Events of Default," or otherwise as described in the prospectus supplement relating to a particular series of subordinated debt securities, the terms of the subordinated indenture and subordinated debt securities are identical in all material respects to the terms of the senior indenture and senior debt securities.

Additional or different subordination terms may be specified in the prospectus supplement applicable to a particular series.

Subordination. The indebtedness evidenced by the subordinated debt securities is subordinate to the prior payment in full of all of our senior indebtedness, as defined in the subordinated indenture. During the continuance beyond any applicable grace period of any default in the payment of principal, premium, interest or any other payment due on any of our senior indebtedness, we may not make any payment of principal of, or premium, if any, or interest on the subordinated debt securities. In addition, upon any payment or distribution of our assets upon any dissolution, winding up, liquidation or reorganization, the payment of the principal of, or premium, if any, and interest on the subordinated debt securities will be subordinated to the extent provided in the subordinated indenture in right of payment to the prior payment in full of all our senior indebtedness. Because of this subordination, if we dissolve or otherwise liquidate, holders of our subordinated debt securities may receive less, ratably, than holders of our senior indebtedness. The subordination provisions do not prevent the occurrence of an event of default under the subordinated indenture.

The term "senior indebtedness" of a person means with respect to such person the principal of, premium, if any, interest on, and any other payment due pursuant to any of the following, whether outstanding on the date of the subordinated indenture or incurred by that person in the future:

all of the indebtedness of that person for money borrowed;

all of the indebtedness of that person evidenced by notes, debentures, bonds or other securities sold by that person for money;

all of the lease obligations which are capitalized on the books of that person in accordance with generally accepted accounting principles;

Table of Contents

all indebtedness of others of the kinds described in the first two bullet points above and all lease obligations of others of the kind described in the third bullet point above that the person, in any manner, assumes or guarantees or that the person in effect guarantees through an agreement to purchase, whether that agreement is contingent or otherwise; and

all renewals, extensions or refundings of indebtedness of the kinds described in the first, second or fourth bullet point above and all renewals or extensions of leases of the kinds described in the third or fourth bullet point above;
unless, in the case of any particular indebtedness, lease, renewal, extension or refunding, the instrument or lease creating or evidencing it or the assumption or guarantee relating to it expressly provides that such indebtedness, lease, renewal, extension or refunding is not superior in right of payment to the subordinated debt securities. Our senior debt securities constitute senior indebtedness for purposes of the subordinated debt indenture.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is intended as a summary only. This description is based upon, and is qualified by reference to, our certificate of incorporation, our bylaws and applicable provisions of Delaware corporate law. This summary is not complete. You should read our certificate of incorporation and bylaws, which are filed as exhibits to the registration statement of which this prospectus forms a part, for the provisions that are important to you.

Our authorized capital stock consists of 50,000,000 shares of common stock, \$.001 par value per share, and 4,000,000 shares of preferred stock, par value \$.001 per share. As of July 15, 2011, no shares of preferred stock were outstanding.

Common Stock

Voting Rights. Each holder of common stock is entitled to one vote for each share held on all matters to be voted upon by stockholders.

Dividends. The holders of common stock, after any preferences of holders of any preferred stock, are entitled to receive dividends when and if declared by the board of directors out of legally available funds.

Liquidation and Dissolution. If we are liquidated or dissolved, the holders of the common stock will be entitled to share in our assets available for distribution to stockholders in proportion to the amount of common stock they own. The amount available for common stockholders is calculated after payment of liabilities and is subject to any preferential rights of any then outstanding preferred stock.

Other rights. Holders of the common stock have no right to:

convert the stock into any other security;

have the stock redeemed; or

purchase additional stock or to maintain their proportionate ownership interest.

The common stock does not have cumulative voting rights. Holders of shares of the common stock are not required to make additional capital contributions.

Transfer Agent and Registrar. Computershare is transfer agent and registrar for the common stock.

Director s Liability

Our certificate of incorporation provides that members of the board of directors will not be personally liable to us or our stockholders for monetary damages for any breach of their fiduciary duties as directors, except to the extent that Delaware law prohibits the elimination or limitation of such liability. Our certificate of incorporation also allows us to indemnify directors and officers to the fullest extent authorized by Delaware law.

Provisions of Our Certificate of Incorporation and Bylaws and Delaware Law That May Have Anti-Takeover Effects

Board of Directors. Our bylaws provide that our board of directors is divided into three classes, with no class having more than one director more than any other class. The number of directors comprising our board of directors is fixed from time to time by the board of directors, but in no event may be less than three. The classification of directors has the effect of making it more difficult for stockholders to change the composition of our board.

Removal of Directors by Stockholders. Delaware law provides that members of a classified board of directors may only be removed for cause by a vote of the holders of a majority of the outstanding shares entitled to vote on the election of the directors.

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

Stockholder Nomination of Directors. Our bylaws provide that a stockholder must notify us in writing of any stockholder nomination not less than 60 days nor more than 90 days prior to our stockholder meeting; provided, however, that if we give stockholders less than 70 days' notice or prior public disclosure of the date of the meeting, such notice must have been given to us no later than the close of business on the tenth day following the date on which the notice of the meeting was mailed or such public disclosure was made, whichever occurs first.

Table of Contents

No Action By Written Consent. Our certificate of incorporation provides that our stockholders may not act by written consent and may only act at duly called meetings of stockholders.

Delaware Business Combination Statute. Section 203 of the Delaware General Corporation Law, which we refer to as the DGCL, is applicable to us. Section 203 of the DGCL restricts some types of transactions and business combinations between a corporation and a 15% stockholder. A 15% stockholder is generally considered by Section 203 to be a person owning 15% or more of the corporation's outstanding voting stock. Section 203 refers to a 15% stockholder as an interested stockholder. Section 203 restricts these transactions for a period of three years from the date the stockholder acquires 15% or more of our outstanding voting stock. With some exceptions, unless the transaction is approved by the board of directors and the holders of at least two-thirds of the outstanding voting stock of the corporation, Section 203 prohibits significant business transactions such as:

a merger with, disposition of significant assets to or receipt of disproportionate financial benefits by the interested stockholder, and

any other transaction that would increase the interested stockholder's proportionate ownership of any class or series of our capital stock.

The shares held by the interested stockholder are not counted as outstanding when calculating the two-thirds of the outstanding voting stock needed for approval.

The prohibition against these transactions does not apply if:

prior to the time that any stockholder became an interested stockholder, the board of directors approved either the business combination or the transaction in which such stockholder acquired 15% or more of our outstanding voting stock, or

the interested stockholder owns at least 85% of our outstanding voting stock as a result of a transaction in which such stockholder acquired 15% or more of our outstanding voting stock. Shares held by persons who are both directors and officers or by some types of employee stock plans are not counted as outstanding when making this calculation.

Preferred Stock

Under our certificate of incorporation, we have authority to issue 4,000,000 shares of preferred stock, par value \$.001 per share. Other terms of any series of preferred stock will be described in the prospectus supplement relating to that series of preferred stock. The terms of any series of preferred stock may differ from the terms described below. The summary of terms of the preferred stock contained in this prospectus is not complete. You should refer to our certificate of incorporation and the certificate of designation for the applicable series of preferred stock that are, or will be, filed with the SEC.

We are authorized to issue blank check preferred stock, which may be issued in one or more series upon authorization of our board of directors. Our board of directors is authorized to fix the designation of the series, the number of authorized shares of the series, dividend rights and terms, conversion rights, voting rights, redemption rights and terms, liquidation preferences, and any other rights, powers, preferences and limitations applicable to each series of the preferred stock. The authorized shares of our preferred stock are available for issuance without further action by our stockholders, unless such action is required by applicable law or the rules of any stock exchange on which our securities may be listed. If the approval of our stockholders is not required for the issuance of shares of our preferred stock, our board may determine not to seek stockholder approval.

A series of our preferred stock could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt. Our board of directors will make any determination to issue such shares based upon its judgment as to the best interests of our stockholders. Our directors, in so acting, could issue our preferred stock having terms that could discourage an acquisition attempt through which an acquirer may be able to change the composition of our board of directors, including a tender offer or other transaction that some, or a majority, of our stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then-current market price of the stock.

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

The preferred stock has the terms described below unless otherwise provided in the prospectus supplement relating to a particular series of the preferred stock. You should read the prospectus supplement relating to the particular series of the preferred stock being offered for specific terms, including:

the designation and stated value per share of the preferred stock and the number of shares offered;

Table of Contents

the amount of liquidation preference per share;

the price at which the preferred stock will be issued;

the dividend rate, or method of calculation of dividends, the dates on which dividends will be payable, whether dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends will commence to accumulate;

any redemption or sinking fund provisions;

if other than the currency of the United States, the currency or currencies including composite currencies in which the preferred stock is denominated or in which payments will or may be payable;

any conversion provisions;

whether we have elected to offer depositary shares as described under *Description of Depositary Shares* ; and

any other rights, preferences, privileges, limitations and restrictions on the preferred stock.

The preferred stock will, when issued, be fully paid and nonassessable. Unless otherwise specified in the prospectus supplement, each series of the preferred stock will rank equally as to dividends and liquidation rights in all respects with each other series of preferred stock. The rights of holders of shares of each series of preferred stock will be subordinate to those of our general creditors.

As described under *Description of Depositary Shares*, we may, at our option, with respect to any series of preferred stock, elect to offer fractional interests in shares of preferred stock, and provide for the issuance of depositary receipts representing depositary shares, each of which will represent a fractional interest in a share of the series of the preferred stock. The fractional interest will be specified in the prospectus supplement relating to a particular series of the preferred stock.

Rank. Unless otherwise specified in the prospectus supplement, the preferred stock will, with respect to dividend rights and rights upon our liquidation, dissolution or winding up of its affairs, rank:

senior to our common stock and to all equity securities ranking junior to such preferred stock with respect to dividend rights or rights upon our liquidation, dissolution or winding up of our affairs;

on a parity with all equity securities issued by us, the terms of which specifically provide that such equity securities rank on a parity with the preferred stock with respect to dividend rights or rights upon our liquidation, dissolution or winding up of our affairs; and

junior to all equity securities issued by us, the terms of which specifically provide that such equity securities rank senior to the preferred stock with respect to dividend rights or rights upon our liquidation, dissolution or winding up of our affairs.

The term *equity securities* does not include convertible debt securities.

Dividends. Holders of the preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, cash dividends at such rates and on such dates described in the prospectus supplement. Different series of preferred stock may be entitled to dividends at different rates or based on different methods of calculation. The dividend rate may be fixed or variable or both. Dividends will be payable to

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

the holders of record as they appear on our stock books on record dates fixed by our board of directors, as specified in the applicable prospectus supplement.

Dividends on any series of the preferred stock may be cumulative or noncumulative, as described in the applicable prospectus supplement. If our board of directors does not declare a dividend payable on a dividend payment date on any series of noncumulative preferred stock, then the holders of that noncumulative preferred stock will have no right to receive a dividend for that dividend payment date, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends on that series are declared payable on any future dividend payment dates. Dividends on any series of cumulative preferred stock will accrue from the date we initially issue shares of such series or such other date specified in the applicable prospectus supplement.

Table of Contents

No dividends may be declared or paid or funds set apart for the payment of any dividends on any parity securities unless full dividends have been paid or set apart for payment on the preferred stock. If full dividends are not paid, the preferred stock will share dividends pro rata with the parity securities.

No dividends may be declared or paid or funds set apart for the payment of dividends on any junior securities unless full dividends for all dividend periods terminating on or prior to the date of the declaration or payment will have been paid or declared and a sum sufficient for the payment set apart for payment on the preferred stock.

Liquidation Preference. Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, then, before we make any distribution or payment to the holders of any common stock or any other class or series of our capital stock ranking junior to the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of our affairs, the holders of each series of preferred stock shall be entitled to receive out of assets legally available for distribution to stockholders, liquidating distributions in the amount of the liquidation preference per share set forth in the prospectus supplement, plus any accrued and unpaid dividends thereon. Such dividends will not include any accumulation in respect of unpaid noncumulative dividends for prior dividend periods. Unless otherwise specified in the prospectus supplement, after payment of the full amount of their liquidating distributions, the holders of preferred stock will have no right or claim to any of our remaining assets. Upon any such voluntary or involuntary liquidation, dissolution or winding up, if our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding preferred stock and the corresponding amounts payable on all other classes or series of our capital stock ranking on parity with the preferred stock and all other such classes or series of shares of capital stock ranking on parity with the preferred stock in the distribution of assets, then the holders of the preferred stock and all other such classes or series of capital stock will share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be entitled.

Upon any such liquidation, dissolution or winding up and if we have made liquidating distributions in full to all holders of preferred stock, we will distribute our remaining assets among the holders of any other classes or series of capital stock ranking junior to the preferred stock according to their respective rights and preferences and, in each case, according to their respective number of shares. For such purposes, our consolidation or merger with or into any other corporation, trust or entity, or the sale, lease or conveyance of all or substantially all of our property or assets will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

Redemption. If so provided in the applicable prospectus supplement, the preferred stock will be subject to mandatory redemption or redemption at our option, as a whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in such prospectus supplement.

The prospectus supplement relating to a series of preferred stock that is subject to mandatory redemption will specify the number of shares of preferred stock that shall be redeemed by us in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accrued and unpaid dividends thereon to the date of redemption. Unless the shares have a cumulative dividend, such accrued dividends will not include any accumulation in respect of unpaid dividends for prior dividend periods. We may pay the redemption price in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series is payable only from the net proceeds of the issuance of shares of our capital stock, the terms of such preferred stock may provide that, if no such shares of our capital stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, such preferred stock shall automatically and mandatorily be converted into the applicable shares of our capital stock pursuant to conversion provisions specified in the applicable prospectus supplement. Notwithstanding the foregoing, we will not redeem any preferred stock of a series unless:

if that series of preferred stock has a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full cumulative dividends on the preferred stock for all past dividend periods and the then current dividend period; or

if such series of preferred stock does not have a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full dividends for the then current dividend period.

In addition, we will not acquire any preferred stock of a series unless:

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

if that series of preferred stock has a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full cumulative dividends on all outstanding shares of such series of preferred stock for all past dividend periods and the then current dividend period; or

Table of Contents

if that series of preferred stock does not have a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full dividends on the preferred stock of such series for the then current dividend period.

However, at any time we may purchase or acquire preferred stock of that series (1) pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding preferred stock of such series or (2) by conversion into or exchange for shares of our capital stock ranking junior to the preferred stock of such series as to dividends and upon liquidation.

If fewer than all of the outstanding shares of preferred stock of any series are to be redeemed, we will determine the number of shares that may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held or for which redemption is requested by such holder or by any other equitable manner that we determine. Such determination will reflect adjustments to avoid redemption of fractional shares.

Unless otherwise specified in the prospectus supplement, we will mail notice of redemption at least 30 days but not more than 60 days before the redemption date to each holder of record of preferred stock to be redeemed at the address shown on our stock transfer books. Each notice shall state:

the redemption date;

the number of shares and series of preferred stock to be redeemed;

the redemption price;

the place or places where certificates for such preferred stock are to be surrendered for payment of the redemption price;

that dividends on the shares to be redeemed will cease to accrue on such redemption date;

the date upon which the holder's conversion rights, if any, as to such shares shall terminate; and

the specific number of shares to be redeemed from each such holder if fewer than all the shares of any series are to be redeemed.

If notice of redemption has been given and we have set aside the funds necessary for such redemption in trust for the benefit of the holders of any shares called for redemption, then from and after the redemption date, dividends will cease to accrue on such shares, and all rights of the holders of such shares will terminate, except the right to receive the redemption price.

Voting Rights. Holders of preferred stock will not have any voting rights, except as required by law or as indicated in the applicable prospectus supplement.

Unless otherwise provided for under the terms of any series of preferred stock, no consent or vote of the holders of shares of preferred stock or any series thereof shall be required for any amendment to our certificate of incorporation that would increase the number of authorized shares of preferred stock or the number of authorized shares of any series thereof or decrease the number of authorized shares of preferred stock or the number of authorized shares of any series thereof (but not below the number of authorized shares of preferred stock or such series, as the case may be, then outstanding).

Conversion Rights. The terms and conditions, if any, upon which any series of preferred stock is convertible into our common stock will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the number of shares of common stock into which the shares of preferred stock are convertible, the conversion price, rate or manner of calculation thereof, the conversion period, provisions as to whether conversion will be at our option or at the option of the holders of the preferred stock, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption.

Transfer Agent and Registrar. The transfer agent and registrar for the preferred stock will be set forth in the applicable prospectus supplement.

Table of Contents

DESCRIPTION OF DEPOSITARY SHARES

General

We may, at our option, elect to offer fractional shares of preferred stock, which we call depositary shares, rather than full shares of preferred stock. If we do, we will issue to the public receipts, called depositary receipts, for depositary shares, each of which will represent a fraction, to be described in the applicable prospectus supplement, of a share of a particular series of preferred stock. Unless otherwise provided in the prospectus supplement, each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share. Those rights include dividend, voting, redemption, conversion and liquidation rights.

The shares of preferred stock underlying the depositary shares will be deposited with a bank or trust company selected by us to act as depositary under a deposit agreement between us, the depositary and the holders of the depositary receipts. The depositary will be the transfer agent, registrar and dividend disbursing agent for the depositary shares.

The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Holders of depositary receipts agree to be bound by the deposit agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

The summary of terms of the depositary shares contained in this prospectus is not complete. You should refer to the form of the deposit agreement, our certificate of incorporation and the certificate of designation for the applicable series of preferred stock that are, or will be, filed with the SEC.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions, if any, received in respect of the preferred stock underlying the depositary shares to the record holders of depositary shares in proportion to the numbers of depositary shares owned by those holders on the relevant record date. The relevant record date for depositary shares will be the same date as the record date for the underlying preferred stock.

If there is a distribution other than in cash, the depositary will distribute property (including securities) received by it to the record holders of depositary shares, unless the depositary determines that it is not feasible to make the distribution. If this occurs, the depositary may, with our approval, adopt another method for the distribution, including selling the property and distributing the net proceeds from the sale to the holders.

Liquidation Preference

If a series of preferred stock underlying the depositary shares has a liquidation preference, in the event of the voluntary or involuntary liquidation, dissolution or winding up of us, holders of depositary shares will be entitled to receive the fraction of the liquidation preference accorded each share of the applicable series of preferred stock, as set forth in the applicable prospectus supplement.

Withdrawal of Stock

Unless the related depositary shares have been previously called for redemption, upon surrender of the depositary receipts at the office of the depositary, the holder of the depositary shares will be entitled to delivery, at the office of the depositary to or upon his or her order, of the number of whole shares of the preferred stock and any money or other property represented by the depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares. In no event will the depositary deliver fractional shares of preferred stock upon surrender of depositary receipts. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the deposit agreement or receive depositary receipts evidencing depositary shares therefor.

Redemption of Depositary Shares

Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing shares of the preferred stock so redeemed, so long as we have paid in full to the depositary the redemption price of the preferred stock to be redeemed plus an amount equal to any accumulated and unpaid dividends

Table of Contents

on the preferred stock to the date fixed for redemption. The redemption price per depositary share will be equal to the redemption price and any other amounts per share payable on the preferred stock multiplied by the fraction of a share of preferred stock represented by one depositary share. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata or by any other equitable method as may be determined by the depositary.

After the date fixed for redemption, depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of depositary shares will cease, except the right to receive the monies payable upon redemption and any money or other property to which the holders of the depositary shares were entitled upon redemption upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts relating to that preferred stock. The record date for the depositary receipts relating to the preferred stock will be the same date as the record date for the preferred stock. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by that holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by the depositary shares in accordance with those instructions, and we will agree to take all action that may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will not vote any shares of preferred stock except to the extent it receives specific instructions from the holders of depositary shares representing that number of shares of preferred stock.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay transfer, income and other taxes and governmental charges and such other charges (including those in connection with receipt and distribution of dividends, the sale or exercise of rights, the withdrawal of the preferred stock and the transferring, splitting or grouping of depositary receipts) as are expressly provided in the deposit agreement to be for their accounts. If these charges have not been paid by the holders of depositary receipts, the depositary may refuse to transfer depositary shares, withhold dividends and distributions and sell the depositary shares evidenced by the depositary receipt.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended by agreement between us and the depositary. However, any amendment that materially and adversely alters the rights of the holders of depositary shares, other than fee changes, will not be effective unless the amendment has been approved by the holders of a majority of the outstanding depositary shares. The deposit agreement may be terminated by the depositary or us only if:

all outstanding depositary shares have been redeemed; or

there has been a final distribution of the preferred stock in connection with our dissolution and such distribution has been made to all the holders of depositary shares.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may remove the depositary at any time. Any resignation or removal of the depositary will take effect upon our appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having the requisite combined capital and surplus as set forth in the applicable agreement.

Notices

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

The depositary will forward to holders of depositary receipts all notices, reports and other communications, including proxy solicitation materials received from us, that are delivered to the depositary and that we are required to furnish to the holders of the preferred stock. In addition, the depositary will make available for inspection by holders of depositary receipts at the principal office of the depositary, and at such other places as it may from time to time deem advisable, any reports and communications we deliver to the depositary as the holder of preferred stock.

Table of Contents

Limitation of Liability

Neither we nor the depositary will be liable if either is prevented or delayed by law or any circumstance beyond its control in performing its obligations. Our obligations and those of the depositary will be limited to performance in good faith of our and their duties thereunder. We and the depositary will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, on information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

Table of Contents

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of our common stock, preferred stock or depositary shares at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per share of common stock, preferred stock or depositary shares and the number of shares of each may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as part of units, often known as stock purchase units, consisting of one or more stock purchase contracts and beneficial interests in debt securities or any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the common stock, preferred stock or depositary shares under the stock purchase contracts.

The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and these payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations under those contracts in a specified manner, including pledging their interest in another stock purchase contract.

The applicable prospectus supplement will describe the terms of the stock purchase contracts and stock purchase units, including, if applicable, collateral or depositary arrangements.

Table of Contents

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt securities, preferred stock, depositary shares or common stock. We may offer warrants separately or together with one or more additional warrants, debt securities, preferred stock, depositary shares or common stock, or any combination of those securities in the form of units, as described in the applicable prospectus supplement. If we issue warrants as part of a unit, the accompanying prospectus supplement will specify whether those warrants may be separated from the other securities in the unit prior to the expiration date of the warrants. The applicable prospectus supplement will also describe the following terms of any warrants:

the specific designation and aggregate number of, and the offering price at which we will issue, the warrants;

the currency or currency units in which the offering price, if any, and the exercise price are payable;

the date on which the right to exercise the warrants will begin and the date on which that right will expire or, if you may not continuously exercise the warrants throughout that period, the specific date or dates on which you may exercise the warrants;

whether the warrants are to be sold separately or with other securities as parts of units;

whether the warrants will be issued in definitive or global form or in any combination of these forms, although, in any case, the form of a warrant included in a unit will correspond to the form of the unit and of any security included in that unit;

any applicable material U.S. federal income tax consequences;

the identity of the warrant agent for the warrants and of any other depositaries, execution or paying agents, transfer agents, registrars or other agents;

the proposed listing, if any, of the warrants or any securities purchasable upon exercise of the warrants on any securities exchange;

the designation and terms of any equity securities purchasable upon exercise of the warrants;

the designation, aggregate principal amount, currency and terms of any debt securities that may be purchased upon exercise of the warrants;

if applicable, the designation and terms of the debt securities, preferred stock, depositary shares or common stock with which the warrants are issued and, the number of warrants issued with each security;

if applicable, the date from and after which any warrants issued as part of a unit and the related debt securities, preferred stock, depositary shares or common stock will be separately transferable;

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form S-3ASR

the number of shares of preferred stock, the number of depositary shares or the number of shares of common stock purchasable upon exercise of a warrant and the price at which those shares may be purchased;

if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;

information with respect to book-entry procedures, if any;

the antidilution provisions of, and other provisions for changes to or adjustment in the exercise price of, the warrants, if any;

any redemption or call provisions; and

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange or exercise of the warrants.

Table of Contents

FORMS OF SECURITIES

Each debt security, depositary share, stock purchase contract, stock purchase unit and warrant will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Unless the applicable prospectus supplement provides otherwise, certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, depositary shares, stock purchase contracts, stock purchase units or warrants represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as explained more fully below.

Registered Global Securities

We may issue the registered debt securities, depositary shares, stock purchase contracts, stock purchase units and warrants in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, stock purchase contract, warrant agreement or stock purchase unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, depositary share agreement, stock purchase contract, stock purchase unit agreement or warrant agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, depositary share agreement, stock purchase contract, stock purchase unit agreement or warrant agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, depositary share agreement, stock purchase contract, stock purchase unit agreement or warrant agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants, stock purchase agreements or stock purchase units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security.

Table of Contents

None of us, the trustees, the warrant agents, the unit agents or any other agent of ours, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers or registered in street name, and will be the responsibility of those participants.

If the depositary for any of the securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

Table of Contents

SELLING STOCKHOLDERS

In addition to covering the offering of securities by us, this prospectus covers the offering for resale of securities by selling stockholders. The applicable prospectus supplement will set forth, with respect to each selling stockholder:

the name of the selling stockholder;

the nature of any position, office or other material relationship which the selling stockholder will have had during the prior three years with us or any of our predecessors or affiliates;

the number of securities owned by the selling stockholder prior to the offering;

the number of securities to be offered for the selling stockholder's account; and

the number of securities and (if one percent or more) the percentage of the applicable class of securities to be owned by the selling stockholder after completion of the offering.

Table of Contents

PLAN OF DISTRIBUTION

We or a selling stockholder may sell securities:

through underwriters;

through dealers;

through agents;

directly to purchasers; or

through a combination of any of these methods of sale.

In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders.

We or any selling stockholder may directly solicit offers to purchase securities, or agents may be designated to solicit such offers. We will, in the prospectus supplement relating to such offering, name any agent that could be viewed as an underwriter under the Securities Act, and describe any commissions that we must pay. Any such agent will be acting on a best efforts basis for the period of its appointment or, if indicated in the applicable prospectus supplement, on a firm commitment basis. This prospectus may be used in connection with any offering of our securities through any of these methods or other methods described in the applicable prospectus supplement.

The distribution of the securities may be effected from time to time in one or more transactions:

at a fixed price, or prices, which may be changed from time to time;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

Each prospectus supplement will describe the method of distribution of the securities and any applicable restrictions.

The prospectus supplement with respect to the securities of a particular series will describe the terms of the offering of the securities, including the following:

the name of the agent or any underwriters;

the public offering or purchase price;

any discounts and commissions to be allowed or paid to the agent or underwriters;

all other items constituting underwriting compensation;

any discounts and commissions to be allowed or paid to dealers; and

any exchanges on which the securities will be listed.

If any underwriters or agents are utilized in the sale of the securities in respect of which this prospectus is delivered, we will enter into an underwriting agreement or other agreement with them at the time of sale to them, and we will set forth in the prospectus supplement relating to such offering the names of the underwriters or agents and the terms of the related agreement with them.

If a dealer is utilized in the sale of the securities in respect of which the prospectus is delivered, we and any selling stockholder will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale.

Table of Contents

If we offer securities in a subscription rights offering to our existing security holders, we may enter into a standby underwriting agreement with dealers, acting as standby underwriters. We may pay the standby underwriters a commitment fee for the securities they commit to purchase on a standby basis. If we do not enter into a standby underwriting arrangement, we may retain a dealer-manager to manage a subscription rights offering for us.

Agents, underwriters, dealers and other persons may be entitled under agreements which they may enter into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

We may pay expenses incurred with respect to the registration of the securities owned by any selling stockholders.

If so indicated in the applicable prospectus supplement, we or any selling stockholder will authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of securities sold pursuant to such contracts shall not be less nor more than, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that:

the purchase by an institution of the securities covered under that contract shall not at the time of delivery be prohibited under the laws of the jurisdiction to which that institution is subject; and

if the securities are also being sold to underwriters acting as principals for their own account, the underwriters shall have purchased such securities not sold for delayed delivery. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of delayed delivery contracts.

Certain agents, underwriters and dealers, and their associates and affiliates may be customers of, have borrowing relationships with, engage in other transactions with, or perform services, including investment banking services, for us or one or more of our respective affiliates in the ordinary course of business.

In order to facilitate the offering of the securities, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, any underwriters may overallocate in connection with the offering, creating a short position for their own accounts. In addition, to cover overallocations or to stabilize the price of the securities or of any such other securities, the underwriters may bid for, and purchase, the securities or any such other securities in the open market. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Your prospectus supplement may provide that the original issue date for your securities may be more than three scheduled business days after the trade date for your securities. Accordingly, in such a case, if you wish to trade securities on any date prior to the third business day before the original issue date for your securities, you will be required, by virtue of the fact that your securities initially are expected to settle in more than three scheduled business days after the trade date for your securities, to make alternative settlement arrangements to prevent a failed settlement.

The securities may be new issues of securities and may have no established trading market. The securities may or may not be listed on a national securities exchange. We can make no assurance as to the liquidity of or the existence of trading markets for any of the securities.

Table of Contents

LEGAL MATTERS

Unless the applicable prospectus supplement indicates otherwise, the validity of the securities in respect of which this prospectus is being delivered will be passed upon by Wilmer Cutler Pickering Hale and Dorr LLP.

EXPERTS

The consolidated financial statements of Bottomline Technologies (de), Inc. appearing in Bottomline Technologies (de), Inc.'s Annual Report (Form 10-K) for the year ended June 30, 2010, including the schedule appearing therein, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their report thereon included therein, and incorporated herein by reference. Item 15. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of the state of Delaware ("DGCL") provides, generally, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (except actions by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. A corporation may similarly indemnify such person for expenses actually and reasonably incurred by such person in connection with the defense or settlement of any action or suit by or in the right of the corporation, *provided* that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in the case of claims, issues and matters as to which such person shall have been adjudged liable to the corporation, *provided* that a court shall have determined, upon application, that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Section 102(b)(7) of the DGCL provides, generally, that the certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, *provided* that such provision may not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. No such provision may eliminate or limit the liability of a director for any act or omission occurring prior to the date when such provision became effective.

Article EIGHTH of the Registrant's Amended and Restated Certificate of Incorporation (the "Restated Certificate of Incorporation") provides that no director of the Registrant shall be personally liable for any monetary damages for any breach of fiduciary duty as a director, except to the extent that the DGCL prohibits the elimination or limitation of liability of directors for breach of fiduciary duty.

Article NINTH of the Restated Certificate of Incorporation provides that a director or officer of the Registrant (a) shall be indemnified by the Registrant against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement incurred in connection with any litigation or other legal proceeding (other than an action by or in the right of the Registrant) brought against him by virtue of his position as a director or officer of the Registrant if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Registrant, and, with respect to any criminal action or proceeding, had no

II-1

Table of Contents

reasonable cause to believe his conduct was unlawful and (b) shall be indemnified by the Registrant against all expenses (including attorneys fees) and amounts paid in settlement incurred in connection with any action by or in the right of the Registrant brought against him by virtue of his position as a director or officer of the Registrant if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Registrant, except that no indemnification shall be made with respect to any matter as to which such person shall have been adjudged to be liable to the Registrant, unless a court determines that, despite such adjudication but in view of all of the circumstances, he is entitled to indemnification of such expenses. Notwithstanding the foregoing, to the extent that a director or officer has been successful, on the merits or otherwise, including, without limitation, the dismissal of an action without prejudice, he is required to be indemnified by the Registrant against all expenses (including attorneys fees) incurred in connection therewith. Expenses shall be advanced to a director or officer at his request, provided that he undertakes to repay the amount advanced if it is ultimately determined that he is not entitled to indemnification for such expenses.

Indemnification is required to be made unless the Registrant determines that the applicable standard of conduct required for indemnification has not been met. In the event of a determination by the Registrant that the director or officer did not meet the applicable standard of conduct required for indemnification, or if the Registrant fails to make an indemnification payment within 60 days after such payment is claimed by such person, such person is permitted to petition the court to make an independent determination as to whether such person is entitled to indemnification. As a condition precedent to the right of indemnification, the director or officer must give the Registrant notice of the action for which indemnity is sought and the Registrant has the right to participate in such action or assume the defense thereof.

Article NINTH of the Restated Certificate of Incorporation further provides that the indemnification provided therein is not exclusive, and provides that in the event that the DGCL is amended to expand the indemnification permitted to directors or officers the Registrant must indemnify those persons to the fullest extent permitted by such law as so amended.

The Registrant has purchased directors and officers liability insurance which would indemnify its directors and officers against damages arising out of certain kinds of claims which might be made against them based on their negligent acts or omissions while acting in their capacity as such.

Item 16. Exhibits.

The exhibits to this Registration Statement are listed in the exhibit index, which appears elsewhere herein and is incorporated herein by reference.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, that are incorporated by reference in this registration statement, or is contained in a form

of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

II-2

Table of Contents

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the indemnification provisions described herein, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any

Table of Contents

action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, as amended, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Portsmouth, State of New Hampshire, on July 15, 2011.

BOTTOMLINE TECHNOLOGIES (DE), INC.

By: /s/ KEVIN M. DONOVAN
Name: **Kevin M. Donovan**
Title: **Chief Financial Officer and Treasurer**

Table of Contents**SIGNATURES AND POWER OF ATTORNEY**

We, the undersigned officers and directors of Bottomline Technologies (de), Inc. hereby severally constitute and appoint Joseph L. Mullen, Robert A. Eberle and Kevin M. Donovan, and each of them singly, our true and lawful attorneys with full power to any of them, and to each of them singly, to sign for us and in our names in the capacities indicated below the Registration Statement on Form S-3 filed herewith and any and all amendments (including post-effective amendments) to said Registration Statement and generally to do all such things in our name and behalf in our capacities as officers and directors to enable Bottomline Technologies (de), Inc. to comply with the provisions of the Securities Act of 1933, as amended, and all requirements of the Securities and Exchange Commission, hereby ratifying and confirming our signatures as they may be signed by our said attorneys, or any of them, to said Registration Statement and any and all amendments (including post-effective amendments) thereto.

Pursuant to the requirements of the Securities Act of 1933, as amended, this Registration Statement has been signed by the following persons in the capacities and on the dates indicated.

Signature	Title	Date
/s/ JOSEPH L. MULLEN	Chairman of the Board	July 15, 2011
/s/ ROBERT A. EBERLE	President, Chief Executive Officer and Director (Principal Executive Officer)	July 15, 2011
/s/ KEVIN M. DONOVAN	Chief Financial Officer and Treasurer (Principal Financial and Accounting Officer)	July 15, 2011
/s/ JOSEPH L. BARRY, JR.	Director	July 15, 2011

Note 5 - Earnings Per Share

Basic earnings per share is based on the average number of common shares outstanding during the period. Diluted earnings per share is based on the average number of shares used for the basic earnings per share calculation, adjusted for the dilutive effect of stock options and restricted stock equivalents.

The following table sets forth the computation of basic and diluted earnings per share for the quarters ended December 31, 2005 and 2004, respectively.

(shares in millions)

	Quarter Ended December 31,	
	2005	2004
Numerator:		
Net earnings for basic and dilutive earnings per share	\$ 120.5	\$ 120.4
Denominator:		
Weighted-average shares for basic earnings per share	65.7	72.3
Effect of dilutive securities:		
Stock options	1.5	2.1
Restricted stock equivalents	0.9	0.8
Total dilutive securities	2.4	2.9
Weighted-average shares for diluted earnings per share	68.1	75.2
Basic earnings per share	\$ 1.83	\$ 1.67
Diluted earnings per share	\$ 1.77	\$ 1.60

Note 6 - Goodwill and Intangibles

Changes in the carrying amount of goodwill for the period ended December 31, 2005 are as follows:

	North American Battery		International Battery		Razors & Blades		Total
Balance at October 1, 2005	\$	24.7	\$	14.1	\$	320.1	\$ 358.9
Currency translation adjustment		-		(0.4)		(1.6)	(2.0)
Balance at December 31, 2005	\$	24.7	\$	13.7	\$	318.5	\$ 356.9

Total amortizable intangible assets other than goodwill at December 31, 2005 are as follows:

	Gross Carrying Amount		Accumulated Amortization		Net
To be amortized:					
Tradenames	\$	11.8	\$	(3.4)	\$ 8.4
Technology and patents		35.0		(9.1)	25.9
Customer-related		6.1		(2.3)	3.8
		52.9		(14.8)	38.1

The carrying amount of indefinite-lived intangible assets is \$263.4 at December 31, 2005, an increase of \$1.5 from September 30, 2005 and a decrease of \$8.8 from December 31, 2004, respectively. Changes in indefinite-lived intangible assets, which are tradenames and pension-related intangibles, are primarily currency related. Estimated amortization expense for amortized intangible assets for each year ended September 30, 2006 through 2008 is \$5.0 and for each year ended September 30, 2009 through 2010 is \$4.6.

Note 7 - Defined Pension Benefit Plans

The Company has several defined benefit pension plans covering substantially all of its employees in the United States and certain employees in other countries. The plans provide retirement benefits based on years of service and earnings. The Company also sponsors or participates in a number of other non-U.S. pension arrangements, including various retirement and termination benefit plans, some of which are required by local law or coordinated with government-sponsored plans, which are not significant in the aggregate and therefore are not included in the information presented below. Health care and life insurance postretirement benefits are also currently provided by the Company for certain groups of retired employees.

The Company's net periodic benefit cost for these plans is as follows:

	Pension As of December 31,		Postretirement As of December 31,	
	2005	2004	2005	2004
Service cost	\$ 6.1	\$ 6.0	\$ 0.1	\$ 0.1
Interest cost	9.3	8.8	0.7	0.8
Expected return on plan assets	(12.2)	(11.7)	-	(0.1)
Amortization of prior service cost	-	(0.1)	(0.6)	(0.6)
Amortization of unrecognized net loss	1.5	0.8	-	-
Amortization of transition obligation	-	0.1	-	-

Net periodic benefit cost	\$	4.7	\$	3.9	\$	0.2	\$	0.2
---------------------------	----	-----	----	-----	----	-----	----	-----

For the quarter ended December 31, 2005, \$2.3 in pension contributions and \$0.4 in postretirement contributions have been made by the Company. The Company expects to contribute \$10.4 to its pension plans and \$3.6 to its other postretirement plans for the fiscal year 2006.

Note 8 - Inventories

	December 31, 2005	September 30, 2005	December 31, 2004
Inventories			
Raw materials and supplies	\$ 76.5	\$ 75.5	\$ 73.0
Work in process	88.3	89.2	93.2
Finished products	278.8	326.3	265.9
Total inventories	\$ 443.6	\$ 491.0	\$ 432.1

Note 9 - Legal Matters

The Company was served with a lawsuit filed on August 12, 2003 in the U.S. District Court for the District of Massachusetts in Boston, Massachusetts by the Gillette Company. The lawsuit alleges that the Company's new *Quattro* men's shaving system infringes one of Gillette's patents with respect to a specific progressive geometric blade configuration, and petitions the court for injunctive relief as well as monetary damages. Gillette filed a motion for a preliminary injunction in the matter, which was denied by the Court in an order issued January 15, 2004. The Court held that Gillette's patent claims were limited to razors with three blades, and so could not cover the four-bladed *Quattro* razor design. Thereafter, Gillette appealed that decision to the U.S. Court of Appeals for the Federal Circuit. In June 2004, the Company filed a counterclaim against Gillette alleging that Gillette committed fraud against the Patent Office when it obtained its three blade progressive geometry patent and, therefore, that Gillette's attempts to enforce the patent violate U.S. antitrust laws. In November 2004, the Company added another counterclaim against Gillette, alleging breach of contract under a 1989 Agreement that gave the Company's predecessor, Warner Lambert, immunity from suit under the patent at issue. On April 29, 2005, the U.S. Court of Appeals for the Federal Circuit vacated the trial court's decision that Gillette's claims cover only three-bladed razors, and remanded the case back to the trial court for further proceedings. Trial on Gillette's claims is expected in March 2006, with trial on the Company's counterclaims thereafter.

On December 19, 2003, Gillette filed suit against the Company's Wilkinson Sword subsidiary in Germany alleging that *Quattro* infringes Gillette's European patent which is equivalent to the three-blade progressive geometry patent at issue in the Massachusetts District Court. At a trial on December 2, 2004, the German court hearing the matter held that the patent is limited to razors having three blades, and therefore does not cover the Company's four-bladed *Quattro* razor. Gillette is appealing.

On February 13, 2004, the Company filed a patent infringement suit against Gillette in federal district court in Connecticut. The complaint alleges that Gillette is infringing three Schick patents concerning the connection of the blade cartridge to the razor handle. At the time the suit was filed, these three patents covered Gillette's *Mach3*, *Mach3 Turbo* and *Venus* product lines. After the filing of the suit, Gillette introduced a new product, *Mach 3 Power*, and on July 15, 2004, the Company amended its suit, adding an allegation that *Mach 3 Power* infringes the Schick patents and seeking a preliminary injunction against the sale of *Mach 3 Power*. In October of 2004, the Company withdrew its motion for preliminary injunction. The Company has now amended the complaint by dropping two of the patents from the suit. The trial on the remaining patent is expected to take place in 2006.

In May 2004, Gillette filed three suits against Wilkinson Sword in Hamburg, Germany seeking preliminary injunctions. The first suit alleges that the sale of the Wilkinson Sword *Intuition* razor in Germany infringes a Gillette patent covering the *Intuition* shower caddy. The second suit alleges that the sale of the Wilkinson Sword *Intuition* razor in Germany infringes a Gillette patent covering the *Intuition* cartridge container. The third suit alleges that the manufacture and sale of the Wilkinson Sword *Quattro* razor in Germany infringes a Gillette patent covering the razor handle. A hearing was held on these three preliminary injunction requests on June 16, 2004 and, when the judge indicated that he was going to deny the injunctions, Gillette withdrew its requests. Gillette filed the same suits against Wilkinson Sword in Düsseldorf, Germany, but did not seek preliminary relief. Two of those suits are in a preliminary stage and may proceed for a protracted period of time. Gillette dismissed the third suit relating to *Quattro* and Gillette's razor handle patent.

Note 10 - Treasury Stock

The Company purchased approximately 4.1 million shares of its common stock during the quarter ended December 31, 2005 under its November 1, 2005 authorization from the Board of Directors. The November 2005 authorization approved for the Company to acquire up to 10 million shares of its common stock, of which 6.0 million remained at December 31, 2005. Future purchases may be made from time to time on the open market or through privately negotiated transactions, subject to corporate objectives and the discretion of management.

Energizer Holdings, Inc.

Items 2 and 3. Management's Discussion and Analysis of Financial Condition and Results of Operations, and Quantitative and Qualitative Disclosures About Market Risk

Highlights / Operating Results

Net earnings for Energizer Holdings, Inc. (the Company) for the quarter ended December 31, 2005 were \$120.5, or \$1.83 per basic share and \$1.77 per diluted share compared to \$120.4, or \$1.67 per basic share and \$1.60 per diluted share for the same quarter last year. The current year quarter results include a provision for restructuring the Company's European supply chain of \$3.1, after taxes, or \$0.05 per basic and diluted share. The Company adopted SFAS No. 123 (revised 2004), "Share-Based Payment" (SFAS 123R) using the "modified retrospective" method as discussed in Note 1 to the Condensed Financial Statements. Accordingly, prior year results have been adjusted to incorporate the effects of SFAS 123R. The impact to the Company's net earnings is consistent with the pro forma disclosures provided in previous financial statements.

Net sales increased \$6.5, or 0.7% for the quarter as higher battery segment sales were partially offset by declines in razor and blades. On a constant currency basis, sales increased 2%. See the comments on sales by segment in the Segment Results section below.

Gross margin decreased \$14.0 for the quarter with nearly equal declines in the North America Battery and Razors and Blades segments. Gross margin percentage declined two percentage points to 48.9% for the current quarter primarily in the North America battery segment. See the comments on gross margin by segment in the Segment Results section below.

Selling, general and administrative (SG&A) expense decreased \$6.0 in the quarter, primarily on declines in general corporate and razor and blades, partially offset by pre-tax charges of \$4.7 related to restructuring of our European supply chain. SG&A expenses as a percent of sales were 16.0% in the current quarter, compared to 16.9% in the same quarter last year.

Advertising and promotion (A&P) expense decreased \$14.7 in the current quarter, primarily due to lower spending in the Razors and Blades segment. A&P expense as a percent of sales was 9.2% in the current quarter, compared to 11.0% in the same quarter last year.

Research and development expense decreased \$1.0 in the current quarter and represented 1.8% of current year and 1.9% of prior year sales.

Segment Results

The Company's operations are managed via three major segments - North America Battery (U.S. and Canada battery and lighting products), International Battery (rest of world battery and lighting products) and Razors and Blades (global razors, blades and related products). The Company reports segment results reflecting all profit derived from each outside customer sale in the region in which the customer is located. Research and development costs for the battery segments are combined and included in the Total Battery segment results. Research and development costs for Razors and Blades are included in that segment's results. Segment performance is evaluated based on segment operating profit exclusive of general corporate expenses, share-based compensation, costs associated with most business realignment activities and amortization of intangible assets. Financial items, such as interest income and expense, are managed on a global basis at the corporate level.

Following the acquisition of Schick-Wilkinson Sword (SWS) in 2003, the Company has adopted an operating model that includes a combination of stand-alone and combined business functions between the battery and razor and blades businesses, varying by country and region of the world. Shared functions include product warehousing and distribution, various transaction processing functions, legal and environmental activities, and in some countries,

combined sales forces and management. Beginning in fiscal 2006, the Company applied a fully allocated cost basis, in which shared business functions are allocated between the businesses. Fiscal 2005 was adjusted to this same basis and a reconciliation for this fiscal year, including the aforementioned SFAS 123R adjustment, is presented in Note 4 to the Condensed Financial Statements.

This structure is the basis for Energizer's reportable operating segment information, as included in the tables in Note 2 to the Condensed Financial Statements for the quarters ended December 31, 2005 and 2004.

North America Battery

	Quarter ended December 31,	
	2005	2004
Net sales	\$ 395.8	\$ 386.4
Segment Profit	\$ 114.9	\$ 117.8

Net sales for the current quarter were up \$9.4, or 2% as higher volume was partially offset by unfavorable pricing and product mix. Lithium and rechargeable batteries continued volume growth in excess of 20%, while *Energizer Max* unit sales increased 3%. Overall pricing and product mix was unfavorable due to a continuing shift to larger pack sizes, which sell at lower per unit prices as well as lower prices for non-Energizer branded products. Energizer initiated a general price increase in 2005; however holiday promotional pricing commitments have delayed realization of pricing increases.

Gross margin decreased \$6.8 for the quarter, as contribution of incremental sales volume was more than offset by unfavorable pricing and higher product cost. Product cost in the current quarter was unfavorable to the prior year quarter due to higher year over year material cost of approximately \$5.7. Segment profit decreased \$2.9 for the current quarter as lower gross margin was partially offset by lower A&P and selling expenses.

The U.S. retail battery category is defined as household batteries (alkaline, carbon zinc, lithium and rechargeable) and specialty batteries. The U.S. retail battery category increased by 4.4% in dollars for the 12 weeks ending December 3, 2005, versus the same period last year. Retail consumption of Energizer's products increased 9.5% in dollars for the same period. Our focus on the performance segment, specifically rechargeables and lithium batteries resulted in an increase of approximately 1.8 share points compared to the same period in the prior year, bringing Energizer's share of the total retail category to approximately 37.7% for the quarter. Energizer estimates that retail inventory levels at December 31, 2005, were at seasonally normal levels.

With holiday promotional commitments behind us and higher post-holiday retail prices, we expect to see benefits from our battery price increase going forward. However, higher material costs and the continuing shift to larger package sizes are likely to offset at least a portion of any favorable pricing attained in the near term.

International Battery

	Quarter ended December 31,	
	2005	2004
Net sales	\$ 270.5	\$ 261.3
Segment Profit	\$ 66.7	\$ 66.0

Net sales for International Battery increased \$9.2, or 4% in absolute dollars and 5% on a constant currency basis in the current quarter, primarily on higher volume, partially offset by unfavorable pricing and product mix. Volume increases were primarily in the performance and premium product lines. Segment profit was up \$0.7, or 1% as the benefit of higher volume was nearly offset by unfavorable pricing, higher product cost and unfavorable currency impacts.

Razors and Blades

	Quarter ended December 31,	
	2005	2004
Net sales	\$ 216.1	\$ 228.2
Segment Profit	\$ 46.6	\$ 39.0

Razors and Blades sales for the quarter decreased \$12.1, or 5%, with currencies accounting for \$7.3 of the decline. On a constant currency basis, sales declined 2%. Excluding currency impacts, sales for the *Quattro* franchise this quarter increased 30% over the same quarter last year on incremental sales from *Quattro for Women* and *Quattro Power*. However, declines in older technology products more than offset *Quattro* increases. A portion of the declines were due to unusually heavy promotional activity in the prior year quarter. Sales were also dampened in the current quarter by retail inventory reductions in several key markets and U.S. customers holding inventory down in anticipation of a major competitor product launch in January 2006.

Gross margin for the quarter decreased \$6.8 on lower sales. Segment profit for the quarter was up \$7.6, as lower gross margin was more than offset by \$11.2 of lower A&P, reflecting lower levels of product launch activities, and lower SG&A expense.

We estimate our overall share of the wet shave category in our major markets at 20.7% for the year ending November 2005 versus 21.5% for the year ending November 2004. The prior year period benefited from new product introductions in Europe.

General Corporate and Other Expenses

General corporate and other expenses decreased \$2.0 for the quarter primarily on lower incentive and stock-based compensation expense, partially offset by the aforementioned business realignment costs, which are more fully described below.

Business Realignment Costs

The Company continually reviews its battery and razor and blades business models, including its product supply chain, sales, marketing and administrative organizations. In the current quarter, the Company initiated a project to improve its European supply chain and recognized \$4.7, pre-tax, of exit costs for legally mandated severance benefits which are recorded in SG&A expense. The full project is expected to involve charges to earnings totaling \$24 to \$28, with the majority of the project expected to be incurred in fiscal 2006. Annual cost savings of approximately \$6 are expected, commencing in fiscal 2007.

Interest Expense and Other Financing Costs

Interest expense increased \$5.5 on higher average borrowings, resulting from share repurchases and higher interest rates. Other net financing items were unfavorable \$4.6 for the quarter due to exchange losses in the current period compared to exchange gains included in last year's first quarter.

Income Taxes

Income taxes, which include federal, state and foreign taxes, were 31.0% for the current quarter, compared to 32.0% for the same quarter last year. The improved tax rate is due to a variety of small favorable tax attributes.

Financial Condition

At December 31, 2005, working capital was \$585.9, compared to \$626.4 at September 30, 2005 and \$588.9 at December 31, 2004. The decrease in working capital from September 30, 2005 was primarily due to higher short-term borrowings, partially offset by seasonal changes in operating working capital items. Working capital was essentially flat when comparing the current period to December 31, 2004, as higher short-term borrowings were basically offset by increases in current assets and declines in other current liabilities.

Energizer's total borrowings were \$1,557.2 at December 31, 2005, \$557.2 of which is tied to variable interest rates (primarily LIBOR). An increase in the applicable short-term rates of one full percentage point would increase annualized financing costs by \$5.6.

A summary of Energizer's significant contractual obligations is shown below.

	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Long-term debt, including current maturities	\$ 1,332.0	\$ 15.0	\$ 145.0	\$ 647.0	\$ 525.0
Interest on long-term debt	287.6	52.0	101.8	76.6	57.2
Operating leases	49.9	13.1	17.8	11.8	7.2
Total	\$ 1,669.5	\$ 80.1	\$ 264.6	\$ 735.4	\$ 589.4

Cash flow from operations was \$96.2 for the quarter ended December 31, 2005, up \$38.2 from the same period a year ago. The primary reason for the increase relates to timing of payments of other current liabilities. Cash used in investing activities includes capital expenditures of \$14.3 in the current quarter compared to capital expenditures of \$18.4 in the same quarter last year. Cash flow from financing activities includes higher proceeds from short-term borrowings in the current period and the purchase of \$191.7 of treasury stock in the current quarter and \$93.5 in the prior year quarter. The Company purchased approximately 4.1 million shares of its common stock during the quarter ended December 31, 2005. Share repurchases in fiscal 2006 were financed with available operating cash flow and short-term borrowings. Subsequent to December 31, 2005 through January 25, 2006 an additional 1.4 million shares were purchased, leaving 4.6 million shares remaining on the current authorization. Share repurchases in fiscal 2006 were financed with available operating cash flow and short-term borrowings. Future purchases may be made from time to time on the open market or through privately negotiated transactions, subject to corporate objectives and the discretion of management.

Under the terms of Energizer's debt facilities, the ratio of Energizer's total indebtedness to its Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) (as defined by the facility agreement) cannot be greater than 3.5 to 1, and the ratio of its current year EBIT to total interest expense must exceed 3.0 to 1 (as defined by the facility agreement). Energizer's ratio of total indebtedness to its EBITDA was 2.8 to 1, and the ratio of its EBIT to total interest expense was 7.7 to 1 as of December 31, 2005.

Energizer believes that cash flows from operating activities and periodic borrowings under available credit facilities will be adequate to meet short-term and long-term liquidity requirements prior to the maturity of Energizer's credit

facilities, and that it will be able to maintain all of its borrowing covenants, including the debt to EBITDA ratio, although no guarantee can be given in this regard.

Forward-Looking Statements

Statements made in this document that are not historical, particularly statements regarding estimates of battery category growth, retail consumption of Energizer products, total retail category shares of Energizer Battery and SWS, retailer inventory levels, the realization of benefits from the announced battery price increase, expected charges to earnings and annual cost savings associated with the European restructuring project, future repurchases of common stock, Energizer's compliance with debt covenants, including the covenant with respect to its debt to EBITDA ratio, and its continuing ability to meet liquidity requirements, may be considered forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Energizer cautions readers not to place undue reliance on any forward-looking statements, which speak only as of the date made.

Energizer advises readers that various risks and uncertainties could affect its financial performance and could cause Energizer's actual results for future periods to differ materially from those anticipated or projected. Energizer's estimates of battery category value growth, retail consumption of its battery products, Energizer and SWS market share, and retailer inventory levels, are based solely on limited data available to Energizer and management's reasonable assumptions about market conditions, and consequently may be inaccurate, or may not reflect significant segments of the retail market. Moreover, Energizer sales volumes in future quarters may lag unit consumption if retailers are currently carrying inventories in excess of Energizer's estimates, or if those retailers elect to further contract their inventory levels. The anticipated benefits of Energizer's price increase may not be realized if competitive activity mandates additional promotional spending, or if material costs increase at a higher than expected rate. With respect to the European restructuring project, Energizer is currently engaged in negotiations related to the proposed closing of its Caudebec facility, and the results of those negotiations, as well as unexpected additional restructuring expenses, may lead to higher than anticipated charges to earnings. Similarly, Energizer's estimate of annual cost savings from the reorganization project may be impacted by a number of factors, including unrealizable efficiencies of scale and unforeseen integration difficulties. Decreases in available cash flows, credit limitations, changes in corporate strategy or objectives, potential acquisitions or capital expenditures, or other alternative uses for available cash, and stock market fluctuations could cause Energizer's management to terminate or freeze its stock repurchase program. Energizer's debt to EBITDA ratio could increase beyond acceptable levels if EBITDA earnings levels decrease or if cash flow needs are greater than anticipated, resulting in a breach of the ratio covenant and consequent default on its existing debt facilities. Unforeseen fluctuations in levels of Energizer operating cash flows, or inability to maintain compliance with its debt covenants could also limit Energizer's ability to meet future operating expenses and liquidity requirements, fund capital expenditures, or service its debt as it becomes due. Additional risks and uncertainties include those detailed from time to time in Energizer's publicly filed documents, including Energizer's Registration Statement on Form 10, its annual report on Form 10-K for the year ended September 30, 2005, and its Current Report on Form 8-K dated April 25, 2000.

Item 4. Controls and Procedures.

Ward M. Klein, Energizer's Chief Executive Officer, and Daniel J. Sescleifer, Energizer's Executive Vice President and Chief Financial Officer, evaluated Energizer's disclosure controls and procedures as of December 31, 2005, the end of the Company's first fiscal quarter of 2006, and determined that such controls and procedures were effective and sufficient to ensure compliance with applicable laws and regulations regarding appropriate disclosure in the Quarterly Report, and that there were no material weaknesses in those disclosure controls and procedures. They have also indicated that during the Company's first fiscal quarter of 2006 there were no changes which have materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

PART II - OTHER INFORMATION

There is no information required to be reported under any items except those indicated below.

Item 1 -- Legal Proceedings

The Company was served with a lawsuit filed on August 12, 2003 in the U.S. District Court for the District of Massachusetts in Boston, Massachusetts by the Gillette Company. The lawsuit alleges that the Company's new *QUATTRO* men's shaving system infringes one of Gillette's patents with respect to a specific progressive geometric blade configuration, and petitions the court for injunctive relief as well as monetary damages. Gillette filed a motion for a preliminary injunction in the matter, which was denied by the Court in an order issued January 15, 2004. The Court held that Gillette's patent claims were limited to razors with three blades, and so could not cover the four-bladed *QUATTRO* razor design. Thereafter, Gillette appealed that decision to the U.S. Court of Appeals for the Federal Circuit. In June, 2004, the Company filed a counterclaim against Gillette alleging that Gillette committed fraud against the Patent Office when it obtained its three blade progressive geometry patent and, therefore, that Gillette's attempts to enforce the patent violate U.S. antitrust laws. In November, 2004, the Company added another counterclaim against Gillette, alleging breach of contract under a 1989 Agreement that gave the Company's predecessor, Warner Lambert, immunity from suit under the patent at issue. On April 29, 2005, the U.S. Court of Appeals for the Federal Circuit vacated the trial court's decision that Gillette's claims cover only three-bladed razors, and remanded the case back to the trial court for further proceedings. Trial on Gillette's claims is expected in March, 2006, with trial on the Company's counterclaims thereafter.

On December 19, 2003, Gillette filed suit against the Company's Wilkinson Sword subsidiary in Germany alleging that *QUATTRO* infringes Gillette's European patent which is equivalent to the three-blade progressive geometry patent at issue in the Massachusetts District Court. At a trial on December 2, 2004, the German court hearing the matter held that the patent is limited to razors having three blades, and therefore does not cover the Company's four-bladed *QUATTRO* razor. Gillette is appealing.

On February 13, 2004, the Company filed a patent infringement suit against Gillette in federal district court in Connecticut. The complaint alleges that Gillette is infringing three Schick patents concerning the connection of the blade cartridge to the razor handle. At the time the suit was filed, these three patents covered Gillette's *Mach3*, *Mach3 Turbo* and *Venus* product lines. After the filing of the suit, Gillette introduced a new product, *Mach 3 Power*, and on July 15, 2004, the Company amended its suit, adding an allegation that *Mach 3 Power* infringes the Schick patents and seeking a preliminary injunction against the sale of *Mach 3 Power*. In October of 2004, the Company withdrew its motion for preliminary injunction. The Company has now amended the complaint by dropping two of the patents from the suit. The trial on the remaining patent is expected to take place in 2006.

In May, 2004, Gillette filed three suits against Wilkinson Sword in Hamburg, Germany seeking preliminary injunctions. The first suit alleges that the sale of the Wilkinson Sword *Intuition* razor in Germany infringes a Gillette patent covering the *Intuition* shower caddy. The second suit alleges that the sale of the Wilkinson Sword *Intuition* razor in Germany infringes a Gillette patent covering the *Intuition* cartridge container. The third suit alleges that the manufacture and sale of the Wilkinson Sword *QUATTRO* razor in Germany infringes a Gillette patent covering the razor handle. A hearing was held on these three preliminary injunction requests on June 16, 2004 and, when the judge indicated that he was going to deny the injunctions, Gillette withdrew its requests. Gillette filed the same suits against Wilkinson Sword in Düsseldorf, Germany, but did not seek preliminary relief. Two of those suits are in a preliminary stage and may proceed for a protracted period of time. Gillette dismissed the third suit relating to *QUATTRO* and Gillette's razor handle patent.

The Company and its subsidiaries are parties to a number of other legal proceedings in various jurisdictions arising out of the operations of the Energizer business. Many of these legal matters, including those described above, are in preliminary stages and involve complex issues of law and fact, and may proceed for protracted periods of time. The amount of liability, if any, from these proceedings cannot be determined with certainty. However, based upon present information, Energizer believes that its ultimate liability, if any, arising from pending legal proceedings, asserted legal

claims and known potential legal claims which are likely to be asserted, should not be material to Energizer's financial position, taking into account established accruals for estimated liabilities. These liabilities, however, could be material to results of operations or cash flows for a particular quarter or year.

Item 2—Issuer Purchases of Equity Securities

Issuer Purchases of Energizer Common Stock during the quarter ended December 31, 2005:

	(a) Total Number of Shares Purchased	(b) Average Price Paid per Share	(c) Total Number of Shares Purchased as Part of Publicly Announced Programs (1)	(d) Maximum Number of Shares that may yet be purchased under the current Program (1)
10/01/05 to 10/31/05	-	\$ -	-	10,126,910
11/01/05 to 11/30/05	2,244,070	48.94	2,244,070	7,882,840
12/01/05 to 12/31/05	1,852,300	50.88	1,852,300	6,030,540
Quarter 1 of FY 2006	4,096,370	\$ 49.82	4,096,370	6,030,540

(1) On November 1, 2005, the Company announced Board approval of a new authorization for the Company to acquire up to 10 million shares of its common stock. From January 1, 2006 through January 25, 2006, 1.4 million additional shares of common stock were acquired under the August 30 authorization. On November 30, 2005, the Company also entered into a Rule 10b5-1 Repurchase Plan with an independent broker, authorizing the broker to acquire shares on behalf of the Company. Purchases by the Company during the months of December 2005 and January 2006 were pursuant to the Plan.

Item 4 -- Submission of Matter to a Vote of Security Holders

Energizer held its Annual Meeting of Shareholders on January 23, 2006, for the purpose of electing four directors to serve three-year terms ending at the Annual Meeting held in 2009, and of approving the material terms, including performance criteria, of the Company's Executive Officer Bonus Plan and 2000 Incentive Stock Plan.

The number of votes cast, and the number of shares voting for or against each candidate and the number of votes cast for the other matters submitted for approval, as well as the number of abstentions with respect thereto, is as follows:

	Votes For	Votes Withheld	Abstained
Bill G. Armstrong	55,551,997	2,855,596	
J. Patrick Mulcahy	54,733,170	3,674,423	
Pamela M. Nicholson	55,467,333	2,940,260	
William P. Stiritz	56,029,272	2,378,321	
Approval of Material Terms of Executive Officer Bonus Plan and	54,438,765	3,581,059	386,669

2000 Incentive Stock Plan

Item 6—Exhibits

(a) The following exhibits (listed by numbers corresponding to the Exhibit Table of Item 601 in Regulation S-K) are filed with this report.

- 10(i) Form of Amended Change of Control Employment Agreement.*
- 31(i) Section 302 Certification of Chief Executive Officer.
- 31(ii) Section 302 Certification of Executive Vice President and Chief Financial Officer.
- 32(i) Section 1350 Certification of Chief Executive Officer.
- 32(ii) Section 1350 Certification of Executive Vice President and Chief Financial Officer.

The following exhibit (listed by numbers corresponding to the Exhibit Table of Item 601 in Regulation S-K) is hereby incorporated by reference to Energizer's Current Report on Form 8K dated November 30, 2005

10(i) Form of 2005 Put/Call Order Specification

The summary of potential relief from previously established performance targets under Energizer's Annual and Long-Term Bonus Program is hereby incorporated by reference to Energizer's Current Report on Form 8K dated December 14, 2005*.

*Denotes a management contract or compensatory plan or arrangement.
