Who is entitled to vote at the Annual Meeting?

Stockholders of CEC, as recorded in our stock transfer records as of the close of business on March 21, 2012 (the Record Date), are entitled to vote at the 2012 Annual Meeting.

Outstanding Shares

As of the Record Date, the Company had 67,193,227 outstanding shares of common stock. Each outstanding share of common stock is entitled to one vote on each voting matter at the Annual Meeting.

Who can attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the 2012 Annual Meeting. Stockholders will be admitted to the meeting beginning at 8:45 a.m., Central Daylight Saving Time. Seating will be limited.

What do I need to present for admission to the Annual Meeting?

You will need to present proof of your ownership of the Company's common stock, such as a bank or brokerage account statement, and a form of personal identification, to be admitted to the Annual Meeting. **No cameras, recording equipment, large bags, briefcases or packages will be permitted at the 2012 Annual Meeting. All electronic devices will need to be turned off during the 2012 Annual Meeting.**

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

You hold shares as a stockholder of record if your shares are registered directly in your name in our stock transfer records, which are managed by Computershare Trust Company, N.A., our transfer agent. The Company sends the Notice of Annual Meeting of Stockholders, Proxy Statement and CEC's proxy card directly to you as a stockholder of record.

You hold shares as a beneficial owner if your shares are held in a stock brokerage account or by a bank or other holder of record. This form of ownership is commonly referred to as holding shares in street name. Your broker, bank or other stockholder of record forwards the Notice of Annual Meeting of Stockholders, Proxy

Statement and such stockholder of record's voting instruction form to you. As the beneficial owner, you direct your broker, bank or other stockholder of record how to vote your shares by using the voting instruction form included in the mailing or by following the instructions therein for voting by telephone or on the Internet.

How do proxies work?

Our Board of Directors is asking you to appoint Jeffrey D. Ayers and Gail B. Rago as your proxy holders to vote your shares at the 2012 Annual Meeting. Mr. Ayers is our Senior Vice President, General Counsel and Corporate Secretary, and Ms. Rago is our Senior Vice President, Deputy General Counsel Corporate and Assistant Corporate Secretary.

You appoint these individuals by voting the enclosed proxy card or through telephone or Internet voting, as described below.

Giving us your signed proxy (or telephone or Internet vote) means that you authorize Mr. Ayers and Ms. Rago to vote your shares at the 2012 Annual Meeting according to the voting directions you provide on the proxy card (or through the telephone or Internet voting procedures).

You may vote for or against all, some or none of our director candidates. You may also provide your (a) advisory vote for or against approval of compensation paid by Career Education Corporation to its named executive officers, commonly referred to as a "Say-on-Pay" proposal; (b) vote for or against the approval of an amendment to our Restated Certificate of Incorporation to expand the maximum number of director positions from nine to eleven; and (c) vote for or against the ratification of the selection of our independent registered public accounting firm. You may also choose to abstain from voting on any of these matters.

Unless you indicate otherwise on your proxy card or through the telephone or Internet voting procedures, you also authorize your proxy holders to vote your shares on any matters not known by the Board of Directors at the time this Proxy Statement was printed and that, under our By-Laws, may be properly presented for action at the 2012 Annual Meeting.

How do I vote if I am the stockholder of record?

You can vote in person at the meeting by completing a ballot at the meeting or by delivering your completed proxy card.

Or, you can vote by proxy as follows:

By mail: Complete, sign, date and return your proxy card in the enclosed pre-addressed, postage-paid envelope.

By telephone: Use the toll-free number listed on the proxy card. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly received.

By Internet: The website for Internet voting is listed on the proxy card. Internet voting allows you to confirm that your instructions have been followed.

Telephone and Internet voting procedures use a control number that appears on your proxy card to authenticate you as a stockholder of record and to allow you to confirm that your voting instructions have been properly recorded.

If you vote by telephone or Internet, you do not need to sign and return the proxy card.

Each executed and returned proxy card or voting instruction card and each telephone or Internet vote will be voted as directed. If you do not provide voting directions, the proxy will be voted in accordance with the Board's voting recommendations contained in this Proxy Statement.

If you are a stockholder of record and you did not receive a postage-paid envelope, please mail your completed proxy card to Career Education Corporation, c/o Georgeson Inc., 199 Water Street, 26th Floor, New York, New York 10038.

Please contact our proxy solicitation firm, Georgeson Inc., toll-free at (888) 206-5970 if you have any questions regarding voting or to request another copy of this Proxy Statement or the proxy card. Further, the Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available on our website at www.careered.com under the caption Investor Relations.

How do I vote if I am a beneficial owner through a stock brokerage account, a bank or other holder of record?

You will receive materials from your stockbroker, bank or other firm asking how you want to vote. You can complete the firm's voting instruction form and return it as requested by the firm. If the firm offers Internet or telephone voting, the voting instruction form will contain instructions on how to access those voting methods.

You will not be able to vote in person at the 2012 Annual Meeting unless you have previously requested and obtained a legal proxy from your broker, bank or other firm and you present it at the 2012 Annual Meeting.

Stockholders are advised to forward their voting instruction forms promptly to allow brokers sufficient time to process the voting instructions. Broker non-votes will be included for purposes of determining whether a quorum is present at the 2012 Annual Meeting. Broker non-votes are proxies received by CEC from brokers or nominees when the broker or nominee has neither received instructions from the beneficial owner or other persons entitled to vote nor has discretionary power to vote on a particular matter.

What is a quorum?

A quorum is the number of shares that must be present at a meeting to have a valid meeting and valid vote. The required quorum to transact business at the 2012 Annual Meeting is a majority of the voting power of shares of CEC common stock issued and outstanding and entitled to vote as of the Record Date.

The inspector of elections appointed for the 2012 Annual Meeting will tabulate the votes cast by proxy and in person at the 2012 Annual Meeting to determine whether or not a quorum is present. For purposes of determining whether a quorum is present, the inspector of elections will count abstentions and broker non-votes as shares that are present and entitled to vote.

Who will count the vote?

At the 2012 Annual Meeting, the inspector of elections appointed by the Board of Directors will tabulate the voting results.

What are the Board of Directors' recommendations on each proposal?

The Board of Directors recommends that you:

Vote FOR all of the Board of Directors' nominees for election as directors.

Vote FOR the nonbinding stockholder advisory vote to approve executive compensation paid by the Company to its named executive officers.

Vote FOR the amendment to the Career Education Corporation Restated Certificate of Incorporation to expand the maximum number of director positions from nine to eleven.

Vote FOR the ratification of the selection of Ernst & Young LLP as the independent registered public accounting firm to audit our financial statements for the year ended December 31, 2012.

What vote is required to approve each proposal?

Election of Directors: Each outstanding share of our common stock is entitled to one vote for as many separate nominees as there are directors to be elected. If none of our stockholders provides the Company with notice of an intention to nominate one or more candidates to compete with the Board's nominees in a director election, or if our stockholders have withdrawn all such nominations by the tenth day before the Company mails its notice of meeting to our stockholders, a nominee for director will be elected to the Board of Directors if the votes cast FOR the nominee exceed the votes cast AGAINST the nominee. If the number of director nominees exceeds the number of directors to be elected, the directors will be elected by the vote of a plurality of the shares of common stock represented in person or by proxy at the 2012 Annual Meeting. If directors are to be elected by a plurality of the votes cast, stockholders are not permitted to vote against a nominee. Abstentions and shares not present at the 2012 Annual Meeting, including broker non-votes, have no effect on the election of directors, because directors receiving a majority of votes cast will be elected.

Advisory Vote on Executive Compensation: Approval, by a nonbinding advisory vote, of the compensation paid by the Company to its named executive officers requires the favorable vote of a majority of the shares of common stock present in person or by proxy at the 2012 Annual Meeting. Abstentions are treated as shares present and not voting, so abstaining has the same effect as voting AGAINST this proposal. Broker non-votes will have no effect on the vote.

Increase in the Maximum Number of Director Positions from Nine to Eleven: Approval of the amendment to the Company's Restated Certificate of Incorporation to increase the maximum number of director positions from nine to eleven requires the favorable vote of at least 80% of the voting power of the outstanding capital stock of the Company. Abstentions and broker non-votes will have the same effect as votes AGAINST this proposal.

Ratification of Independent Registered Public Accounting Firm: Ratification of the selection of Ernst & Young LLP as the independent registered public accounting firm to audit our financial statements for 2012 requires the favorable vote of a majority of the shares of common stock present in person or by proxy at the 2012 Annual Meeting. Abstentions are treated as shares present and not voting, so abstaining has the same effect as voting AGAINST this proposal. This proposal to ratify the appointment of Ernst & Young LLP will be considered a routine matter, and accordingly, brokers and other nominees will have discretionary authority to vote on this proposal.

As provided by law, the advisory vote to approve executive compensation is nonbinding. The Board will review and consider the results of the vote when determining executive compensation.

What happens if a director nominee does not receive sufficient votes to be elected to the Board of Directors?

Under Delaware law, an incumbent director who fails to receive the required vote holds over, or continues to serve as a director, until his or her successor is elected and qualified. The Company's Corporate Governance Guidelines provide that the Board expects a director to tender his or her resignation if he or she fails to receive the required number of votes for reelection and that if an incumbent director fails to receive the required vote for reelection, the Nominating and Governance Committee will act on an expedited basis to determine whether to accept the director's resignation and will submit such recommendation for prompt consideration by the Board. The Board expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation. The Nominating and Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director's resignation. If the failure of a nominee to be elected at the 2012 Annual Meeting results in a vacancy on the Board, the Board may act to fill that vacancy.

Can I change my vote or revoke my proxy after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before it is voted at the 2012 Annual Meeting. To change your vote for shares you own directly as a stockholder of record, you may:

submit a revocation letter with a later date than your proxy card to CEC's Corporate Secretary; or

deliver a signed and dated proxy card that is dated later than your prior executed proxy card; or

vote again at a later date by telephone or Internet; or

attend the 2012 Annual Meeting and vote in person.

To revoke your proxy or instructions for shares you hold beneficially in street name, you can revoke your voting instructions by informing the holder of record in accordance with that holder's procedures.

Could other matters be decided at the Annual Meeting?

Yes. At the date of this Proxy Statement, we did not know of any other matters to be presented for consideration at the 2012 Annual Meeting. **If any other item or matter does properly come before the 2012 Annual Meeting, your proxy holders will vote in their discretion on that item or matter.**

Is there a list of stockholders entitled to vote at the Annual Meeting?

Yes. An alphabetical list of stockholders of record entitled to vote at the 2012 Annual Meeting, showing the address of and number of shares registered in the name of each stockholder, will be open to the examination of any stockholder for any purpose germane to the 2012 Annual Meeting during ordinary business hours commencing May 7, 2012, and continuing through the date of the 2012 Annual Meeting at our principal offices, 231 North Martingale Road, Schaumburg, Illinois 60173.

What is householding and how does it affect me?

We have adopted a procedure approved by the Securities and Exchange Commission (SEC) called householding. Under this procedure, stockholders of record sharing a single address can choose to receive only one annual report to stockholders, proxy statement or notice of Internet availability of proxy materials, as applicable. This householding practice reduces our printing and postage costs. However, if you or another stockholder of record at a single address wishes to receive a separate Annual Report or Proxy Statement this year or in the future, you, he or she may contact us at (847) 585-3899 or may write to us at Investor Relations, Career Education Corporation, 231 North Martingale Road, Schaumburg, Illinois 60173.

If you are a street name holder, you can request householding by contacting your bank or broker.

Can I access the Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K on the Internet?

CEC's 2011 Annual Report on Form 10-K for the year ended December 31, 2011, containing financial and other information pertaining to CEC, is being furnished to Stockholders with this Notice of Annual Meeting and Proxy Statement. The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are also available on our website at www.careered.com under the caption Investor Relations.

CORPORATE GOVERNANCE

Board and Committee Meetings, Executive Sessions and Attendance

The Board of Directors met 20 times in 2011.

The Board's standing Committees are Audit, Compensation, Compliance and Nominating and Governance. In 2011, the Audit Committee held nine meetings, the Compensation Committee held eight meetings, the Compliance Committee held eight meetings, and the Nominating and Governance Committee held eight meetings.

In 2011, each incumbent director attended at least 75% of the total number of Board meetings and at least 75% of the total number of meetings of the Committees on which he or she served during the period he or she served as a director or Committee member.

Annual Meeting Attendance

Directors are expected to attend annual meetings of the Company's stockholders, including the 2012 Annual Meeting, absent unusual circumstances. Each member of the Board of Directors who served as a director at the time of the 2011 Annual Meeting of the Company's stockholders attended that meeting except for Mr. Edward Snyder, who did not attend as he did not stand for reelection as a director.

Corporate Governance Guidelines and Director Qualifications

The Board of Directors has adopted Corporate Governance Guidelines to assist it in fulfilling its responsibility to exercise its business judgment to act in what it believes to be the best interest of our stockholders. The Corporate Governance Guidelines, as amended, are posted on the Company's website, www.careered.com, under the caption "Investor Relations."

Director Independence Our Corporate Governance Guidelines require that a majority of the Board consist of non-employee independent directors as defined under NASDAQ's listing standards and any other applicable laws or regulations.

Nominating Procedures and Director Qualifications Our Sixth Amended and Restated By-Laws address the director nominee selection process, and our Corporate Governance Guidelines address director qualifications.

The Nominating and Governance Committee considers candidates for the Board from any reasonable source, including stockholder and Board recommendations. The Nominating and Governance Committee does not evaluate candidates differently based on who has proposed the candidate. The Nominating and Governance Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating director candidates. In 2011, the Nominating and Governance Committee consulted a search firm to assist with identifying potential candidates to fill vacancies on the Board, but no fees were paid for these services in 2011. The Nominating and Governance Committee recommends candidates for nomination to the Board of Directors.

Stockholders who wish to suggest qualified director candidates for consideration by the Nominating and Governance Committee should write to the Corporate Secretary, Career Education Corporation, 231 North Martingale Road, Schaumburg, Illinois 60173 specifying the name of the candidate and stating in detail the person's qualifications. A written statement from the candidate, consenting to be named as a candidate and to serve as a director if nominated and elected, should accompany the recommendation. Stockholders who wish to nominate a director for election at an annual meeting of the stockholders of the Company must comply with the Company's By-Laws regarding stockholder proposals and nominations. See "Proposals of Stockholders" contained in this Proxy Statement.

The Nominating and Governance Committee considers the entirety of each candidate's credentials and does not have any specific minimum qualifications that must be met by a nominee recommended by the Nominating and Governance Committee or by a stockholder. The Nominating and Governance Committee believes that each

member of the Board should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters and no conflict of interest that would interfere with his or her performance as a director. In evaluating and selecting new directors, the Nominating and Governance Committee considers whether the candidate meets the definition of independent director as specified in NASDAQ's listing standards, as well as such candidate's strength of character, mature judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need for the Board. The Nominating and Governance Committee has sought candidates with diverse backgrounds and experience in academia, government regulation of postsecondary education, investing, accounting, finance and public companies to provide the Board with informed perspectives on the complex business and regulatory environment in which the Company operates, and has established both race and gender diversity on the Board. In the case of a current director being considered for renomination, the Nominating and Governance Committee also takes into consideration the director's history of meeting attendance, tenure and preparation for and participation at Board and Board Committee meetings.

Specific Qualifications, Attributes and Skills Our Directors Bring to the Board The Company and its competitors faced regulatory and economic uncertainty in 2011 that is likely to persist through 2012. The U.S. Department of Education issued final regulations pertaining to certain aspects of the administration of Title IV Programs in October 2010, and in September 2011 published a Notice of Proposed Rulemaking to amend certain regulations. These regulations could have significant impacts on the Company's business practices, cause the Company to incur costs of compliance and of developing and implementing changes in operations and may affect student recruitment or enrollment, or result in changes in or elimination of certain of our educational programs. In 2010 and 2011, the U.S. Congress conducted hearings and other examinations of the for-profit postsecondary education sector that have resulted in adverse publicity for the sector and that may lead to additional legislation or regulation of the sector. Across the sector, new student interest levels and subsequent enrollments appear to be moderating. In light of these and other events, the Board must balance the Company's growth strategy with furthering the enhanced focus on quality, compliance and reputation of the past several years. The attributes, skills and experience that our Board members bring to the Company must support the Company's strategies and actions necessary in dealing with these and other regulatory and economic uncertainties.

The discussion below describes the key experiences, qualifications, attributes and skills that led the Nominating and Governance Committee to the conclusion that the director nominees, who are all among our incumbent Board members, are qualified to serve as directors of the Company at this time. However, this summary is not meant to be a complete description of all the skills and attributes of our Board members. Additional details about our individual director nominees are presented in their biographies under "Nominees" below.

Educational Services and Related Legal and Regulatory Experience

The Company offers a comprehensive array of educational programs and operates in a highly regulated environment. Directors with experience in education and its regulation bring vital experience in understanding regulatory oversight and how it affects academics and operations. They can assist the Board (a) in identifying trends that may impact the Company's operations, services or business model, (b) in developing compliance models and (c) in delivering academic services.

Strategic Planning and Growth Initiatives

The Company has a diversified mix of educational offerings. The colleges, schools and universities that are part of the Company have a variety of career-oriented disciplines through online, on-ground and hybrid learning program offerings at more than 90 campuses located throughout the United States and in France, the United Kingdom and Monaco, and offer doctoral, master's, bachelor's and associate's degrees and diploma and certificate programs to approximately 100,000 students. Directors with experience in strategic planning for large organizations help the Board to oversee the Company's strategic planning process through identifying growth and other objectives; defining imperatives in compliance, service delivery and other areas; assessing the appropriate business models for our schools; and analyzing other critical strategic issues for the Company.

Investment Management and Other Financial Expertise

The Board's strategic planning oversight extends to reviewing and providing input on the Company's annual and multi-year business plans. Those directors with experience in analyzing businesses and developing investment strategies from the investors' perspective assist the Board in evaluating and establishing the Company's business plans with the objective of creating value for stockholders.

Directors with experience in financial accounting and reporting, particularly for public companies, bring to the Board the financial expertise and financial literacy required to assist the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, financial reporting and internal control practices of the Company.

Marketing

The Company's business model has historically been highly dependent on brand management and direct marketing, much in the manner that consumer companies market goods and services. Like other companies in the for-profit postsecondary education sector, the Company's marketing programs are subject to extensive federal, state and local legislation, regulation and scrutiny. Directors with marketing expertise assist the Board in evaluating the Company's marketing and brand management programs, in assessing alternative marketing approaches, in reviewing the impacts of regulatory requirements on our marketing efforts and approach, and in applying similar considerations critical to the business models utilized to create organic growth of the Company.

Governance

In discharging its duties, the Board is cognizant of its corporate governance responsibilities across numerous areas from its self-organization, director nomination process, executive compensation, stockholders and other matters. Directors that gain expertise in corporate governance trends from their other public company boards or other activities assist the Board in early identification of and decision-making on corporate governance matters.

Board Skills Matrix

The table below summarizes the specific qualifications, attributes and skills that led the Nominating and Governance Committee to the conclusion that the director nominees, who are all among our incumbent Board members, are qualified to serve as directors of the Company at this time. This summary, however, is not meant to be a complete description of all the skills and attributes of the Board members. Additional details about our individual director nominees are presented in their biographies; see Nominees below. An X indicates that the required expertise is a specific area of focus or expertise on which the Board relies and is a specific factor considered in nominating the director to serve on the Board. Lack of an X does not mean that the director does not possess the identified expertise.

Board Leadership Structure and Role in Risk Oversight

In December 2006, the Board of Directors established a leadership structure consisting of an independent Chairman of the Board and a separate principal executive officer who is an employee of the Company. The Board, which was at that time considering candidates for the principal executive officer position and considering additional changes in the senior management team, felt that this leadership structure would both demonstrate the Board's commitment to implement best practices in corporate governance and allow the Board to effectively oversee and integrate a new management team with varying levels of experience in for-profit postsecondary education.

Steven H. Lesnik, the Chairman of the Board, also serves as President and Chief Executive Officer. During the period that Mr. Lesnik holds these positions, he is not an independent director. At the time the Company employs a new President and Chief Executive Officer, Mr. Lesnik will resign the President and Chief Executive Officer positions and is expected to continue to serve as Chairman of the Board.

The Board believes that separating the Chairman of the Board and the President and Chief Executive Officer positions serves the best interests of the Company and its stockholders because it enhances communication among the Board and members of the senior executive team and enables the Board to more effectively oversee the Company's strategy and strategy implementation. Since Mr. Lesnik is serving as Chairman of the Board and as President and Chief Executive Officer, the Board appointed Ms. Thornton as Lead Independent Director of the Board on October 31, 2011. In this role, Ms. Thornton presides at all meetings of the Board at which the Chairman of the Board is not present, including serving as the chairperson of the Board's executive sessions of non-employee directors; serves as liaison between the Chief Executive Officer and non-employee directors; consults with, and provides input to, the Chairman of the Board regarding the agenda for Board meetings and meeting schedules; and otherwise performs duties as the Board may delegate to assist the Board in fulfilling its responsibilities. In addition, the Lead Independent Director has the authority to call meetings of the non-employee directors and is responsible for conducting exit interviews with resigning executive officers and such other persons as the Board deems necessary or appropriate.

The Board oversees risk management both through the Company's enterprise risk management process and the internal audit function. In 2007, the Company's Risk Committee was established. The Board is currently in the process of enhancing the composition and role of the Risk Committee. The Board intends that the Chief Executive Officer serve as Chair of the Company's Risk Committee, and that the other members of the Company's Risk Committee include the following Company officers: the Chief Financial Officer, the General Counsel, the Chief Compliance Officer, the Chief Academic Officer, the Chief Internal Auditor, the Risk Management Officer and each of the heads of the Strategic Business Units. The Board's intention is for the Committee to meet quarterly to review enterprise-wide, business-unit specific and other discrete topic risk surveys and assessments. The Committee may then utilize the survey results to identify and prioritize the Company's top risks, and develop implementation plans to manage the risks. The Risk Committee will report quarterly to the Audit Committee and at least annually to the entire Board of Directors regarding identified enterprise risks, risk assessment and mitigation, effectiveness of risk management and related matters.

The Chief Internal Auditor reports directly to the Audit Committee of the Board. The Company's Internal Audit function prepares both annual and three-year audit plans identifying specific audit activities, scope and prioritization. These audit plans are developed utilizing the enterprise risk management survey results, the COSO framework for internal controls and the IT Governance Institute's COBIT framework and are linked to the Company's annual business plan.

Communications with the Board of Directors

Code of Ethics for Executive Officers and Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Ethics for Executive Officers specifically applicable to our executive officers and senior financial officers, including our principal executive officer, our principal financial officer and our principal accounting officer and controller. The Code of Ethics for Executive Officers is posted on our website, www.careered.com, under the caption "Investor Relations".

We have also adopted a Code of Business Conduct and Ethics to promote honest and ethical conduct and compliance with the laws and governmental rules and regulations to which we are subject. The Code of Business Conduct and Ethics is applicable to all of our employees, officers and directors. The Code of Business Conduct and Ethics also includes the Company's Conflicts of Interest Policy, among other policies. Directors are expected to read this Code and adhere to its provisions to the extent applicable in carrying out their duties and responsibilities as directors. The Conflicts of Interest Policy provides, among other things, that it is improper for employees to do business with an individual that is not at arm's length even if the employee has no financial interest in the transaction or arrangement; that employees shall not directly or indirectly have any interest in or have any personal contract, agreement or understanding of any nature whatsoever with suppliers, customers or other persons or entities doing business or negotiating to do business with the Company; that employees must bring any business opportunity encompassed under the Conflicts of Interest Policy to the attention of the appropriate Company official; and that employees are prohibited from engaging or participating, directly or indirectly, as a principal, agent, employee, employer, consultant, stockholder, co-partner or board member, or in any other individual or representative capacity, in the conduct or management of, or owning any stock or other proprietary interest in, any business that is or may be competitive with or seeks to do business with the Company, unless the employee has obtained the prior written consent of the Company. However, this policy allows ownership of up to 5% of the capital stock of public companies that are regularly traded on any national exchange or in the over-the-counter market. The Code of Business Conduct and Ethics is posted on our website, www.careered.com, under the caption "Investor Relations".

These Codes are available in print to any stockholder who requests them. Any amendments to these Codes will be promptly posted on our website. The Audit Committee is responsible for our compliance with these Codes and reviews issues arising under the Codes, including any issues involving a director, executive officer or senior financial officer. Only the Audit Committee or the Board of Directors can approve a waiver from these Codes for these individuals. Neither the Audit Committee nor the Board envisions that any waivers of these Codes would be granted for these individuals, but if a waiver were so approved, the waiver would be disclosed promptly on our Internet site and as otherwise required by the rules of the SEC and NASDAQ.

Transactions with Related Persons

The Board of Directors and the Company have established certain policies and procedures regarding review and approval of activities involving related-person transactions as defined under applicable SEC regulations. Related persons include anyone who is, or has been since the beginning of the last fiscal year, a director or director nominee, an executive officer, a stockholder owning 5% or more of our outstanding common stock, and any immediate family member or associate of any of these persons. A person's immediate family includes his or her spouse, parents, step-parents, children, step-children, brothers and sisters, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than a tenant or employee) sharing the person's home. A person's associates include (a) any corporation or organization (other than the Company or its subsidiaries) of which the person is an officer or partner, or is directly or indirectly the beneficial owner of 10% or more of any class of equity securities; (b) any trust or other estate in which the person has a substantial

beneficial interest or serves as trustee or in a similar fiduciary capacity; and (c) any member of the person's immediate family who has the same home as the person or who is a director or officer of the Company or any of its subsidiaries.

As stated in the Audit Committee charter, the Board has delegated to the Audit Committee the responsibility to review, approve or ratify any transactions with related persons required to be reported in the Company's periodic reports with the SEC to determine if each transaction is in the best interests of the Company and its stockholders and is consistent with applicable legal or regulatory requirements. The Audit Committee meets quarterly with our internal audit department members and our General Counsel to review the results of their monitoring of compliance with the Company's Code of Business Conduct and Ethics (which applies to directors as well as all employees) and the Code of Ethics for Executive Officers. Monitoring procedures include the Company's EthicsMatters Hotline for anonymous reporting of suspected violations of those Codes and entity level testing of key controls in connection with internal control over financial reporting and disclosure controls and procedures.

As discussed above, the Company's Conflicts of Interest Policy, which is included in the Company's Code of Business Conduct and Ethics, sets forth what business conduct, interests or arrangements of its employees may be improper, and what employees must do to bring any opportunity covered by the Conflicts of Interest Policy to the attention of the Company. See Code of Ethics for Executive Officers and Code of Business Conduct and Ethics above for further description of this policy.

As stated in the Nominating and Governance Committee charter, the Board's Nominating and Governance Committee reviews the independence of and any possible conflicts of interest of directors and director nominees. The Nominating and Governance Committee performs this review at least annually in connection with information gathered from Directors' and Officers' Questionnaires and the director nominee selection process. Directors are required to disclose potential and existing related-party transactions in completing the questionnaire. Directors are also expected to disclose all potential related-party transactions to the Audit Committee and to the Board of Directors in compliance with the Audit Committee's responsibilities regarding review of related-person transactions. Corporate legal and accounting staff also review all purchases, sales or other financial transactions between CEC and each outside director or nominee, and between CEC and any entity and affiliates of which a director or nominee is an employee, director or trustee. Based on these reviews, there have been no related-party transactions which would require disclosure in this Proxy Statement, nor are we aware of any business or other relationship that might bear on our directors' independence.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors has nominated the seven director candidates named below. Each of the nominees is currently serving as a director of Career Education Corporation and is running for re-election. If elected, the nominees for election as directors will each serve for a one-year term expiring at the Company's 2013 Annual Meeting of Stockholders. The Board of Directors recommends that stockholders vote in favor of the election of all of the nominees named in this Proxy Statement to serve as directors of CEC. See "Nominees" below.

The Board of Directors has affirmatively determined that each of the director nominees, except for Mr. Lesnik, who is currently serving as Chairman of the Board and as President and Chief Executive Officer, is an independent director under the NASDAQ listing standards and is independent under NASDAQ's listing standards applicable to his or her Board Committee memberships. In addition, the Board of Directors determined that Mr. Edward Snyder, who served as a director until the Company's Annual Meeting of Stockholders held on May 19, 2011, was an independent director under such applicable NASDAQ listing standards. The Board used Rule 5605(a)(2) of NASDAQ's corporate governance listing requirements applicable to its listed companies and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934 (the "Exchange Act") as a guide in its independence determination.

If any of the Board of Directors' nominees is unable or declines to serve at the time of the Annual Meeting, the persons named as proxies on the proxy card will vote for the substitute nominee or nominees recommended by the Board of Directors or vote to allow the vacancy to remain open until filled by the Board of Directors. The Board of Directors has no reason to believe that any of the nominees will be unable or will decline to serve as a director if elected.

The Audit Committee is composed solely of directors who meet all of the independence standards for audit committee members as set forth in the Sarbanes-Oxley Act of 2002, the Securities Exchange Act of 1934 (the Exchange Act) and NASDAQ listing standards. After reviewing the qualifications of the Audit Committee's members, and any relationships they have with CEC that might affect their independence from CEC, the Board of Directors has determined that (1) all current members of the Audit Committee are independent as that concept is defined in Section 10A of the Exchange Act and as defined in the NASDAQ listing standards, (2) all current members of the Audit Committee are financially literate, and (3) Mr. Chookaszian, Mr. Devonshire and Mr. Gross qualify as audit committee financial experts under the applicable rules promulgated under the Exchange Act.

Compensation Committee

The Compensation Committee, among other of its responsibilities:

Reviews and recommends to the Board the Company's goals and objectives relevant to compensation; oversees that Company policies and programs align with those goals and objectives; and reviews relevant market data in establishing compensation and

benefits.

Recommends to the Board the adoption or termination of any broad-based or executive compensation or benefit plans.

Reviews our succession plan for the President and Chief Executive Officer and other senior executive officers.

Administers the Company's stock incentive plans and other compensation and benefit plans. See Report of the Compensation Committee of the Board of Directors and Compensation Discussion and Analysis below.

Delegation of Authority The Compensation Committee Charter specifies that the President and Chief Executive Officer establishes incentive awards, termination arrangements and salary levels for officers other than our executive officers; the President and Chief Executive Officer provides periodic reports to the Compensation Committee on these matters.

The Career Education Corporation 2008 Incentive Compensation Plan authorizes the Compensation Committee to delegate authority to our President and Chief Executive Officer or Chief Financial Officer to grant equity awards within certain limitations. The Compensation Committee cannot delegate its authority for grants to our executive officers, to covered employees (generally the most highly compensated employees of the Company) within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), to persons subject to Section 16 of the Exchange Act, and for awards intended to qualify as performance-based compensation under Section 162(m). The Compensation Committee's guidelines for equity awards allow our President and Chief Executive Officer to make stock grants to new employees and existing employees (except those who are executive officers under Section 16 of the Exchange Act) of up to 100,000 shares of restricted stock and up to 100,000 shares in the form of stock options during any 12-month period, with no individual award to exceed 10,000 shares.

The Compensation Committee and the Board also have established the Career Education Corporation Employee Benefits Committee to administer our health and welfare plans, our Employee Stock Purchase Plan (a Section 423 plan under the Code), our 401(k) Plan, general employee benefits plans and programs, and certain incentive plans (but excluding any incentive programs under the Career Education Corporation 2008 Incentive Compensation Plan (the 2008 Plan)) and excluding any plans or programs affecting solely our executive officer group). The Employee Benefits Committee is composed of four senior executives: the Executive Vice President and Chief Financial Officer, the Senior Vice President and Chief Human Resources Officer, the Senior Vice President of Tax and Risk Management, and the Senior Vice President and General Counsel. This Committee reports its activities and actions to the Compensation Committee.

Role of Executive Officers The Senior Vice President and Chief Human Resources Officer attends each meeting of the Compensation Committee (except for its executive sessions without management present) to provide input regarding senior management's view on our overall compensation programs, to provide feedback from key management on the forms of compensation and whether specific forms of compensation and specific performance measures and targets provide appropriate incentives for desired goals and objectives, and to provide the Compensation Committee with data concerning each executive's experience, compensation and promotion history, development and other materials necessary or useful to the Compensation Committee's deliberations. The President and Chief Executive Officer attends the majority of the Compensation Committee's meetings (except for its executive sessions without management present) and submits recommendations to the Compensation Committee concerning performance and pay for the executive officers, excluding himself. As noted above, the President and Chief Executive Officer establishes incentive awards, termination arrangements and compensation levels for Company officers other than the executive officers.

Role of the Compensation Consultant and Compensation Consultant Independence As further described below in Compensation Discussion and Analysis, the Compensation Committee has retained Frederic W. Cook & Company, Inc. (Cook), an independent compensation and benefits consulting firm, to assist the Compensation Committee on executive compensation matters. Cook representatives attend most meetings of the Compensation Committee, including certain executive sessions without management present; advise the Compensation Committee on compensation trends and practices; prepare market survey data on executive compensation; provide analyses and data compilations regarding executive compensation; and advise on executive pay recommendations for our executive officers.

The Compensation Committee has adopted a policy requiring its compensation consultant to be independent of Company management. The policy requires that the independent consultant:

Be retained and terminated by the Compensation Committee.

Report solely to the Compensation Committee.

Be independent of the Company.

Not provide any service or undertake any work for the Company other than that performed for the Compensation Committee, and as may from time to time be authorized by the Compensation Committee at the request of the Nominating and Governance Committee of the Board of Directors.

Not provide any unrelated services or products to the Company and its affiliates or management, except as allowed under the rules and regulations of the SEC and of any national stock exchange on which securities of the Company are listed.

The Compensation Committee performs a periodic assessment of its consultant's independence in which it considers the nature and amount of work performed during the year, the nature of any unrelated services performed for the Company, the amount of fees paid for those services in relation to the firm's total revenues, the consultant's policies and procedures designed to prevent conflicts of interest, any business or personal relationships between the consultant and any Compensation Committee member, and the amount of Company stock owned by the consultants working for the Company. The consultant also periodically prepares an independence letter for the Compensation Committee, providing appropriate assurances and confirmation of the consultant's independent status. In 2011, Cook did not provide any services to the Company beyond its role as independent consultant to the Committee, other than services provided by Cook to the Nominating and Governance Committee in connection with the Nominating and Governance Committee's evaluation of non-employee director compensation for 2011 (as described below under Director Compensation), which services were authorized by the Compensation Committee.

Compliance Committee

The Compliance Committee oversees our policies, programs and procedures to ensure compliance with applicable laws, regulations and the Company's policies and advises the Board on the status of our compliance programs and ongoing developments relating to compliance matters, including education regulatory matters. In particular, the Compliance Committee is responsible for reviewing significant compliance risk areas and the steps the Company's corporate compliance department has taken to monitor, control and report compliance risk exposures. The Compliance Committee's area of responsibility also includes monitoring the effectiveness of, and recommending improvements to, the Company's compliance program and reviewing the effectiveness of the Company's system for monitoring compliance with laws and regulations relating to the administration of student financial aid and related matters. Further, the Compliance Committee is responsible for monitoring compliance with the Company's codes of conduct and ethics, reporting compliance issues that may have significant financial implications for the Company that may be relevant to matters which the Audit Committee considers under its purview and monitoring procedures for the receipt, retention and treatment of complaints received by the Company regarding compliance matters.

Nominating and Governance Committee

The Nominating and Governance Committee identifies candidates who are eligible to serve as directors under the qualification standards set forth in our Corporate Governance Guidelines; recommends the structure and membership of other Board Committees to the Board of Directors; and considers corporate governance matters and periodically recommends corporate governance principles to the Board. The Nominating and Governance Committee also reviews potential conflicts of interest of prospective Board members, reviews and recommends to the Board the compensation and benefits of directors and takes the steps it deems necessary or appropriate regarding the oversight and evaluation of the Board and each Board Committee.

DIRECTOR COMPENSATION

Through June 30, 2011, each of our current non-employee directors was paid an annual retainer of \$18,000 (which was payable in quarterly installments) for his or her services as a director, except the Chairman of the Board, whose annual retainer was \$120,000. Since Mr. Snyder decided not to stand for re-election at the Company's 2011 Annual Meeting of Stockholders, he received a prorated portion of this annual retainer based upon his actual service on the Board of Directors during 2011. Each non-employee director was also paid \$1,000 for each Board of Directors meeting attended (\$2,000 per meeting for the Chairman of the Board). Each Board Committee chairperson received an additional fee of \$1,000 for each Committee meeting attended, and other members of the Board Committees received \$500 for each Board Committee meeting attended.

In connection with its evaluation of non-employee director compensation for 2011, the Nominating and Governance Committee consulted with Cook. In connection with this evaluation, Cook compiled director compensation information from other companies, as well as other information, including trends in director compensation practices. In consideration of the information presented by Cook, as well as other relevant information, the Nominating and Governance Committee recommended to the Board, and the Board approved, on May 19, 2011, an increase, effective July 1, 2011, to the annual retainer paid to non-employee directors and other changes in the compensation structure for non-employee directors. Each non-employee director other than the Chairman of the Board will receive an annual retainer of \$75,000, payable in quarterly installments. The Chairman of the Board will receive an annual retainer of \$150,000, payable in quarterly installments. Each non-employee director who serves as a Board Committee chairperson will also receive an additional annual retainer of \$15,000, payable in quarterly installments. An individual meeting fee of \$1,000 will be paid to the non-employee directors, including the Chairman of the Board, for each Board and Committee meeting commencing with the thirteenth such Board or thirteenth such Committee meeting in the 12-month period following the annual meeting of the Company's stockholders. The final quarterly payment with respect to a calendar year is contingent on the director having attended at least 75% of the aggregate of the total number of Board meetings (held during the portion of the year for which such individual has been a director) plus the total number of meetings held by all Committees of the Board on which such person served (during the portion of the year that the person served on such Committee). In the event the director has not achieved such attendance level, the director will forfeit the entire amount of the final quarterly retainer payment. This forfeiture provision does not apply to (1) Board or Committee meeting fees payable when the Board or Committee holds 13 or more meetings during the 12-month period following the annual meeting of the Company's stockholders, or (2) equity awards (described below). All non-employee directors are reimbursed for their reasonable out-of-pocket expenses incurred in attending Board of Directors and Committee meetings and associated with Board or Committee responsibilities.

In addition, each non-employee director receives an annual grant of stock options under the 2008 Plan on the date of our Annual Meeting of Stockholders. For the 2011-2012 director term, each non-employee director was granted stock options to purchase 16,000 shares of our common stock at the closing price of the common stock on NASDAQ on May 19, 2011. One-fourth of the options granted to each non-employee director vest on each of the grant date and the three successive anniversaries of the grant date, subject to continued Board service on each vesting date. Vested options are exercisable for ten years from the grant date unless a director ceases Board service, in which event early termination provisions apply.

On October 31, 2011, the Board appointed Steven H. Lesnik as President and Chief Executive Officer of the Company. Mr. Lesnik has served as Chairman of the Board of Directors since 2008 and as a member of the Board since 2006. Mr. Lesnik continues to serve as Chairman and as a member of the Board. As President and Chief Executive Officer, Mr. Lesnik is receiving cash compensation of \$83,333 per month, and is not receiving any additional cash compensation as Chairman or as a member of the Board.

Also on October 31, 2011, the Company appointed Leslie T. Thornton, a member of the Board, to serve as Lead Independent Director of the Board, effective immediately. On November 3, 2011, the Company agreed to pay Ms. Thornton additional compensation at a rate of \$20,000 per year during her service as Lead Independent Director.

Commencing January 1, 2010, in accordance with the Non-employee Director Share Accumulation Program, non-employee directors could elect to utilize all or a portion of their annual retainer fee and quarterly meeting fees to acquire shares of Company stock from the Company. These shares are acquired quarterly in arrears.

Each director is covered by our directors and officers insurance policy and also has an indemnification agreement providing indemnification and advancement of expenses to the fullest extent permitted by Delaware law.

The total compensation of our non-employee directors for the year ended December 31, 2011 is shown in the following table:

This discussion is divided into the following sections:

- I. Executive Summary and 2011 Overview
- II. Compensation Philosophy and Objectives
- III. Setting Executive Compensation Consistent with the Company's Compensation Philosophy
- IV. Competitive Positioning
- V. 2011 Compensation Decisions
- VI. Other Compensation
- VII. Regulatory Considerations
- VIII. Corporate Governance

I. Executive Summary and 2011 Overview

Our compensation package for executive officers generally consists of a base salary, an annual performance-based incentive award payable in cash, and a long-term incentive award granted in the form of stock options, time-based restricted stock/units, and/or performance-based restricted stock/units. The Committee has selected these components as they align our executives' interests with those of our long-term stockholders and motivate our executives to achieve the Company's operational and strategic goals.

Pay for Performance Relative to Our Business Objectives

Entering 2011, the Company and its competitors faced regulatory and economic uncertainty related to both general economic conditions, as the U.S. economy lagged in its recovery from the financial recession, and to final regulations issued and to be issued by the U.S. Department of Education pertaining to certain aspects of the administration of Title IV Programs. These regulations posed significant challenges and impacted the Company's 2011 business plan and its ongoing business practices, causing the Company to incur costs to ensure compliance including

developing and implementing business model changes and changes in operations and educational programs. These necessary changes were expected to affect and have affected student recruitment and enrollment and thus have also affected the Company's 2011 performance. In 2011, the U.S. Congress continued holding hearings that had commenced in 2010 and held other examinations of the for-profit postsecondary education

III. Setting Executive Compensation Consistent with the Company's Compensation Philosophy

The Committee, with Cook's assistance, annually reviews each component of compensation, including base salary, annual cash incentives and long-term equity incentives for each executive officer (including the named executive officers), considering the appropriate external benchmarks and internal valuation. As part of its decision-making process, the Committee:

Reviews data from market surveys and publicly available information to assess competitiveness and ensure that its compensation actions are appropriate, reasonable and consistent with its philosophy;

Targets total compensation in the market median range for similarly situated executives;

Ensures that equity compensation comprises a significant portion of total compensation for the executive officers consistent with the Committee's philosophy of aligning executives' and stockholders' interests and to promote retention;

Considers the skills, experience and other factors that may impact the competitiveness of compensation for a given executive officer; and

Considers each executive officer's contributions to, and overall impact on, the Company's business objectives and results. For the President and Chief Executive Officer, the Committee recommends compensation to the independent directors of the Board for approval.

IV. Competitive Positioning

For 2011 compensation determinations, comparisons were made primarily against a comparison group of 25 companies in for-profit postsecondary education services, professional services, diversified consumer services, hospitality/leisure, and internet catalog and retail companies as selected by Cook and approved by the Committee. Cook reviews and updates the comparison group for continued appropriateness based on industry and company size, utilizing companies with annual revenues greater than \$250 million and within a reasonable size range in various metrics, such as revenues, operating income, total assets, total equity, total employees and market capitalization. The comparison group selection criteria are also based on companies that have similar business characteristics, including competitors in the for-profit postsecondary education sector, and companies that use sophisticated online applications core to the business, that utilize online marketing and that are similar in terms of lead generation, lead conversion and sourcing candidates. The following companies were included in the 2011 comparison group:

American Public Education, Inc.*
Apollo Group, Inc.
Bridgepoint Education, Inc.*
Capella Education Company
Corinthian Colleges, Inc.
DeVry Inc.
Education Management Corporation*
Expedia Inc.
Grand Canyon Education, Inc.*

H&R Block, Inc.

Monster Worldwide, Inc.

Regis Corporation
Robert Half International Inc.*
Starwood Hotels and Resorts Worldwide
Strayer Education, Inc.
Universal Technical Institute Inc.
Weight Watchers International, Inc.
Wyndham Worldwide Corp.
Wynn Resorts, Limited

* Added for 2011 compensation comparison group purposes. The addition of these companies and the deletion of certain companies that were utilized for the 2010 compensation comparison group of 23 companies were made to better align the peer company profile with the market in which the Company competes for executive talent. The deleted companies are Brinker International, Inc., The Cheesecake Factory Inc., Panera Bread Company and Royal Caribbean Cruises Ltd.

Cook reported that the Company's equity compensation grant practices ranked in the median of the comparison group in terms of share usage run rate and potential dilution overhang, above the median range of the comparison companies in terms of equity compensation cost as measured by absolute dollar amounts and relative to Company pre-tax net income, and that the Company's practice of using two to three grant types is consistent with about half of the comparison group companies using two or more grant types of long-term incentives. The mix of base pay, annual incentives and long-term incentives is shown below for the Company's named executive officers and for comparable roles in the peer companies.

2011 Targeted Compensation Mix	Base Salary	Annual Incentive	Long-term Incentive
Former President and Chief Executive Officer (CEO)			
Company	17%	17%	66%
Competitive Median for Comparison Companies	19%	20%	61%
Named Executive Officers (Excluding CEO)

Competitive Median for Comparison Companies	35%	21%	44%

V. 2011 Compensation Decisions

The Committee established the initial compensation arrangement for Mr. Lesnik in his role as the Chairman, President and Chief Executive Officer to consist of \$1 million base salary. Mr. Lesnik is also eligible to participate in the benefit plans generally available to other executive officers of the Company. For 2011, Mr. Lesnik did not participate in the annual short-term incentive nor in the long-term incentive programs established for the other executive officers. As there was a change in the Company's President and Chief Executive Officer during the year, discussion in the remainder of this section refers to the former President and Chief Executive Officer.

The Committee established the former President and Chief Executive Officer's base salary and other compensation elements with advice from Cook for approval by all of the independent directors of the Board. Regarding the other named executive officers and other key executives, the Committee considered recommendations from our former and current President and Chief Executive Officers and from Cook, which reflect a number of factors including individual responsibilities and changes in those responsibilities, individual performance in the context of organizational performance, and market changes determined on the basis of Cook's analysis.

The Committee also used tally sheets that provided details on base salary, AIP targets and payments and long-term incentive grants for the most recent year and the prior two years (where applicable). Tally sheets were created for each key executive and provided a broad view of value of each executive's compensation arrangement.

Base Salary

The Committee reviews base salaries annually in the first calendar quarter and sets executive base salaries within the market median range of base compensation for executives in similar positions and with similar responsibilities at the companies in the Company's comparison group. The Committee believes that this approach to setting base salaries furthers its primary objectives of attracting, retaining and equitably rewarding our executives, providing pay commensurate with responsibilities, and establishing base compensation that is internally equitable and facilitates attracting and retaining talented executives.

Long-term equity incentive awards are weighted, with stock options vesting over four years for alignment with stockholders, time-based restricted shares used as a retention incentive and performance-based restricted shares used for linkage to strategic financial objectives, as described above under the caption "Long-Term Incentive Compensation Program";

Performance goals are recalibrated annually to maintain directional alignment with pay and performance relative to the Company's historical performance and broader market performance and best estimates of future expectations;

The determination of incentive program performance results is subject to the Committee's discretionary assessment of the appropriate treatment of unusual, nonoperational or nonrecurring items;

Executives and directors are subject to stock ownership guidelines;

Adoption of a policy to recoup improper payments or gains from incentive compensation paid or granted to executives; and

Prohibition of executives and directors hedging or pledging Company stock as described in the Company's Insider Trading Policy. In 2011, the Company's Board reviewed and assessed the financial risks to the Company relative to the structure and targets of the Company's 2011 incentive compensation programs and based on the foregoing, the Company concluded that the 2011 annual cash and long-term equity incentive plans are not structured in a manner that encourages unnecessary or excessive risk taking.

Stock Ownership Guidelines

Our Board of Directors believes that the executive officers should be active participants in improving stockholder value by maintaining a predetermined level of ownership of our common stock. The Board initially adopted stock ownership guidelines in 2005 that require certain of our executive officers to own stock equal in value to a multiple of salary based on the officer's position. Effective January 1, 2011, those guidelines were revised to incorporate retention and holding period requirements and to revise certain of the ownership targets, subject to transition rules for pre-2011 outstanding awards. The revised stock ownership targets (subject to certain transition rules) are based on the following multiples of base salary:

Role	Multiple of Base Salary
Chief Executive Officer	6
Chief Financial Officer and Chief Operating Officer	3
Executive Vice Presidents and all other equivalent managerial-level officers directly reporting to the Chief Executive Officer	2
All other Officers subject to the guidelines	1

Subject to certain transition rules, officers subject to the guidelines must hold 100 percent of awards (net of shares withheld for tax withholding obligations or used to pay the option exercise price) acquired through the Company's long-term incentive equity programs at or subsequent to becoming subject to the guidelines until achieving the applicable stock ownership target. After achieving the target, and for so long as such target is maintained, officers must hold 50 percent of any other awards (net of shares withheld for tax withholding obligations or used to pay the option exercise price) for one year from the date of vesting of restricted stock awards (and similar instruments expressed in stock units and payable in shares, as applicable) or from the date of exercise of stock options or stock appreciation rights (and similar instruments payable in shares).

If an officer does not sustain the applicable stock ownership target due to fluctuations in stock value, he or she will again be required to hold 100 percent of net awards acquired through CEC's long-term incentive equity plans until such officer again achieves the applicable stock ownership target, at which time such officer shall

again be subject to the requirement to hold 50 percent of the net awards acquired through the Company's long-term incentive equity plans for one year, commencing with the date of the attainment of the applicable stock ownership target. Each of our named executive officers is in compliance with the required retention ratio.

The Committee has discretion to reduce equity awards or to pay a portion of an executive officer's annual cash incentive in the form of restricted stock to executive officers who are not in compliance with the ownership guidelines. Because of changes in the Company's stock price, the Committee has determined to not take any immediate remedial action at this time.

OTHER COMPENSATION

Certain of our executive officers, including the named executive officers, also receive additional benefits and perquisites, including the Exec-U-Care® medical reimbursement plan (which plan the Company terminated effective January 1, 2012) that reimbursed our executive officers and their eligible dependents for medical expenses not covered by our group major medical and dental plans, a Company-paid physical examination, an executive severance plan described below in Potential Payments Upon a Termination or Change in Control Termination of Employment Executive Severance Plan, an executive relocation plan, and coverage under our directors' and officers' insurance policy and indemnification agreements providing indemnification of and advancing of expenses to our executive officers and certain designated officers to the fullest extent permitted by Delaware law.

The Company also provides its executive officers with benefits available on a nondiscriminatory basis to all employees, including 401(k) matching contributions (a 100% match on the first 2.0% contributed and a 50% match on the next 4.0% contributed up to the maximum allowable limits under the Code), ability to acquire our common stock under our Employee Stock Purchase Plan, group medical and dental insurance, disability insurance and payment of term life insurance premiums for coverage of one times salary.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We have entered into certain agreements (such as the employment agreements discussed above under the caption "Employment Arrangements") and maintain certain plans that require us to provide compensation to the named executive officers in the event of certain terminations of their employment or if the Company experiences a change in control. The amount of compensation payable to each named executive officer for such terminations is shown in the tables below.

Termination of Employment

Executive Severance Plan

The Company's U.S.-based executive officers are eligible to participate in the Company's Executive Severance Plan and may be eligible to receive benefits thereunder in the event such an executive officer's employment is involuntarily terminated. The Employee Benefits Committee, as the plan administrator, or its authorized designee, is responsible for determining whether an eligible executive officer's employment is terminated involuntarily by the Company and, if so, whether such eligible executive officer will receive benefits under this plan, in accordance with the terms thereof. Involuntary terminations do not include terminations for cause (as defined under this plan); terminations due to agreements between the Company and the employee under which the employee becomes a consultant or independent contractor; terminations due to death, disability, retirement (including voluntary retirement under any special early retirement incentive program) or any form of voluntary termination. Termination for cause means the employee is discharged by us for poor performance, nonperformance or misconduct. Misconduct includes, but is not limited to, insubordination, dishonesty, theft, violation of Company rules and willful destruction of Company property.

Severance benefits under this Plan include base pay, certain insurance coverage and prorated cash incentive payments payable under the Company's annual incentive program, as follows:

A lump sum payment of a minimum of 26 weeks and a maximum of 52 weeks of base pay, calculated based on the number of full years of continuous service completed, as follows:

26 weeks of base pay on completing fewer than nine full years of continuous service.

Three weeks base pay per year on completing nine to 17 full years of continuous service.

52 weeks of base pay on completing 18 or more full years of continuous service.

For those executives who participate in our health and dental insurance plans and timely elect to continue that insurance coverage under federal COBRA law, partially subsidized COBRA insurance premiums so that the executive pays the same cost that similarly situated active employees of the Company pay for such insurance coverage for a period of time beginning immediately after the employment termination and lasting for the number of weeks that is equal to the number of weeks of base pay the executive receives as severance pay.

A lump sum payment of prorated cash incentive earned (if any) for the year of termination, calculated in accordance with the method for determining the amount of annual cash incentive payable to other similarly situated active employees and paid in accordance with our normal annual incentive program's payment procedures.

Outplacement assistance from a Company-selected provider that is reimbursed or paid for by the Company.

Continuous service means the executive's most recent unbroken period of employment with us, which may include service with a predecessor employer that we acquired, beginning on the executive's most recent hire date and ending on the date of employment termination. Continuous service excludes any period of earned unused vacation or any period during which the executive was a consultant or independent contractor for

us. Multiple periods of employment with CEC separated by a leave of absence of less than one year are considered one continuous period of employment.

- (b) A prorated cash incentive for the year in which termination occurs, calculated as the average of the annual cash incentive paid in the two fiscal years ended prior to the year of termination and prorated based on the portion of the year that Mr. McCullough was employed by the Company.
- (c) A lump sum payment equal to two times the average annual cash incentive paid to him for the two years completed prior to termination.
- (d) Two years of post-termination health, dental, vision and life and disability insurance coverage for Mr. McCullough (and his spouse and eligible dependents, as applicable) at the same (or greater) benefit level in effect immediately prior to his termination.
- (e) A cash payment equal to two years' after-tax amount of Company contributions that would have been made to his accounts under our qualified and non-qualified (if any) retirement plans.

In connection with his separation from the Company, Mr. McCullough and the Company entered into a Separation Agreement and General Release (the "Separation Agreement") effective November 22, 2011. Under the terms of the Separation Agreement, and in accordance with the provisions of his employment agreement, the Company agreed to pay Mr. McCullough: (1) continuation of his \$824,000 base salary for a period of two years; (2) \$1,011,196, representing his pro rata cash incentive for 2011 as described above; (3) \$2,428,000, representing two times his average cash bonus over the last two years; and (4) \$88,058 in connection with certain insurance, retirement and benefit plans. The Company also agreed to provide him with reimbursement of outplacement services up to a maximum of \$100,000 and, for two years, the cost of continued health, dental and vision benefit coverage and life insurance coverage.

The Separation Agreement also provides for the continued effectiveness of certain provisions of Mr. McCullough's employment agreement, including his agreement (a) not to compete with the Company for a period of two years and (b) not to solicit the Company's employees, customers, students and certain other persons for a period of two years. The Separation Agreement also provides for a general release of claims between the Company and Mr. McCullough, subject to certain exclusions, as well as other customary provisions.

- (4) The value of the vested stock options presented above was not paid under his Separation Agreement but represents the difference between \$13.32, the exercise price of options vesting in connection with Mr. McCullough’s separation from the Company, and the \$16.13 closing price of our common stock as reported on NASDAQ on October 31, 2011, multiplied by the number of shares vesting in connection with Mr. McCullough’s separation from the Company.

Thomas G. Budlong Mr. Budlong separated from the Company effective October 31, 2011. In connection with his separation from the Company, he and the Company entered into a Separation Agreement and General Release effective October 31, 2011. Under the agreement’s terms, Mr. Budlong received a lump sum severance payment (before applicable taxes and other withholding) of \$346,000, representing one year of base salary. The agreement also provided for a prorated incentive payment, continuation of his health and dental insurance coverage (partially subsidized by the Company so that Mr. Budlong will pay the same cost that similarly situated active employees pay for such insurance coverage) for the period from November 2011 through October 2012, and extension of the exercise period for Mr. Budlong’s outstanding vested options under the Company’s incentive stock plans to the earlier of (i) the tenth anniversary of the grant date of such option, or (ii) the first anniversary of his separation date. The agreement also contained an agreement not to compete with the Company for 52 weeks, not to solicit Company employees, customers, students and certain other persons for 18 months, and a release of Mr. Budlong’s claims (if any) against the Company and its affiliates.

- (1) These amounts were or will be paid, as applicable, pursuant to the terms of Mr. Budlong’s separation agreement. Accrued and pro rata incentive includes accrued incentive payable but not yet paid with respect to 2011.
- (2) Pursuant to the terms of Mr. Budlong’s separation agreement, all of his unvested performance-based and time-based restricted shares became fully vested on November 14, 2011. The value of the vesting of these restricted shares was calculated by multiplying the number of restricted shares held under the awards by \$8.26, the closing price of the Company’s common stock as reported on NASDAQ on November 14, 2011.
- (3) Represents the difference between the exercise price of options vesting in connection with Mr. Budlong’s separation from the Company and the \$8.26 closing price of our common stock as reported on NASDAQ on November 14, 2011, multiplied by the number of shares vesting in connection with Mr. Budlong’s separation from the Company. As the exercise price of such stock options exceeded the closing price of our common stock as reported on NASDAQ on November 14, 2011, no value is attributable to the acceleration of vesting of such stock options.

Change in Control

Under the 1998 and 2008 Plans, a change in control is deemed to have occurred (except with regard to our non-employee directors and Section 16 officers as discussed above under Termination of Employment Equity Plans) if any of the following events occur:

Any corporation, person or other entity (other than us, our majority-owned subsidiary or any of its subsidiaries, or an employee benefit plan (or related trust) sponsored or maintained by us), including persons or entities acting as a group, becomes the beneficial owner of stock representing more than 20% (35% in the 2008 Plan and for our Section 16 officers and directors) of our common stock.

Our stockholders approve our merger or consolidation with or into another corporation other than a majority-owned subsidiary, or an agreement to sell or otherwise dispose of all or substantially all of our assets, and the members of the Board of Directors prior to that approval do not represent a majority of the directors of the surviving, resulting or acquiring entity or the parent of that entity.

Our stockholders approve a plan of liquidation.

Within any period of 24 consecutive months, the members of the Board of Directors immediately prior to the 24-month period, together with any persons first elected as directors (other than as a result of any settlement of a proxy or consent solicitation contest or any action taken to avoid a contest) during the 24-month period by or on the recommendation of the Board immediately prior to that 24-month period and who constituted a majority of the Board at the time of election, cease to constitute a majority of the Board.

Under the 1998 Plan, any stock options outstanding as of the date of a change in control and not then exercisable become fully exercisable, and any restrictions applicable to restricted stock lapse and the shares become fully vested. All performance goals will be deemed to have been met. The Company's stock repurchase activities during January 2011 reduced total shares outstanding and resulted in increasing one stockholder's holdings to more than 20% of the combined voting power of our outstanding common stock. As a result of this event, certain outstanding options and restricted stock awards that were subject to the 20% change in control provision under our 1998 Plan vested on an accelerated basis. This event did not accelerate vesting of outstanding awards held by our directors and named executive officers, whose awards have a 35% change in control threshold.

The 2008 Plan is a double-trigger plan that provides that upon both (1) a change in control and (2) an involuntary termination of the award holder's employment or service by us or our successor other than for cause (as defined in the 2008 Plan) during the two-year period following the change in control, that award holder's stock options shall become exercisable and shares of restricted stock shall become vested.

Life Insurance Proceeds (5)	\$	\$	\$ 305,800	\$	\$
Disability Benefits (6)	\$	\$	\$ 41,250	\$	\$
COBRA Benefits (7)	\$	\$ 6,235	\$	\$	\$ 6,235
Total:	\$ 73,437	\$ 232,572	\$ 586,388	\$ 73,437	\$ 398,473

- (4) Stock option compensation for the events in the tables above equals the difference between the exercise price and the \$7.97 closing price of our common stock as reported on NASDAQ on December 30, 2011, multiplied by the number of shares vesting in connection with the termination event.

In general, under the terms of our 2008 Plan, in the event of termination for cause, all vested and unvested stock options forfeit. In the event of voluntary termination and involuntary termination without cause, vested options are exercisable and unvested options forfeit; in the event of retirement, vested options are exercisable for three years and unvested options continue to vest for three years; in the event of death or disability, all stock options become fully vested and exercisable for one year (but not beyond the original term); and in the event of a change in control, all options vest only if the participant incurs an involuntary termination of service other than for cause within two years following the change in control. Notwithstanding the foregoing, pursuant to the terms of the stock option agreements entered into with respect to stock option grants under the 2008 Plan to Mr. Lesnik, (a) upon a termination of Mr. Lesnik's service with the Company other than for cause, any such options which are vested at the time of such termination of service shall remain exercisable until the earlier of (i) the third anniversary of such termination of service, and (ii) the end of the applicable option term, and (b) upon a termination of Mr. Lesnik's service with the Company for cause, all options held by Mr. Lesnik at the time of such termination shall be immediately forfeited.

With respect to our 1998 Plan, each of the named executive officers (other than Mr. Lesnik) entered into an agreement on February 20, 2009, amending all of his or her outstanding Company options held under the 1998 Plan to (i) increase the stock ownership threshold at which a change in control is deemed to occur from 20% to 35% and (ii) provide that, upon termination of employment without cause (as defined in the 1998 Plan), his or her options under the 1998 Plan become fully exercisable.

On February 20, 2009, Mr. Lesnik entered into an Option Extension and Amendment Agreement with the Company regarding then-outstanding option grants held by him under the 1998 Plan and the 1998 Non-Employee Directors' Stock Option Plan. This agreement amended Mr. Lesnik's then-outstanding option grants to (a) increase the stock ownership threshold upon which a change in control of the Company is deemed to occur from 20% to 35% and (b) extend the post-termination exercise period of these options which are vested at the time of such termination of service to the earlier of (i) three years following termination of service and (ii) the original expiration date of the option, except in the case of termination of service at a time when cause (as defined in the 2008 Plan) exists. If the termination for service is for cause, then the terms of the plans under which such options were granted and the option award agreements will apply to such termination without giving effect to such amendments.

- (5) Company-paid life insurance policy only.
- (6) This amount represents the maximum potential liability for short-term disability. The Company has no arrangements to provide long-term disability coverage to terminated employees.
- (7) The Executive Severance Plan provides that the Company will pay a portion of health and dental insurance premiums for terminated executives for the period of time after termination that is equal to the number of weeks of pay for which the executive is eligible, if an eligible executive is a participant in the Company's health or dental insurance plans at the time of termination and after termination timely elects to continue such insurance coverage under federal COBRA law. The executive pays a premium amount that a similarly situated active employee of the Company pays for such coverage.

PROPOSAL 2

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the Dodd-Frank Act), the Company's stockholders are entitled to vote at the Annual Meeting to approve the compensation of the Company's named executive officers, as disclosed in the proxy statement pursuant to Item 402 of Regulation S-K under the Exchange Act. The Dodd-Frank Act provides that this vote is advisory only and it is not binding on the Company or the Board of Directors. This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and procedures relating to our named executive officers. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of our named executive officers. Because your vote is advisory, it will not be binding upon the Board of Directors. The Board of Directors and Compensation Committee will, however, take into account the outcome of the Say-on-Pay vote when considering future compensation arrangements. The Company is providing this vote as required pursuant to Section 14A of the Exchange Act. The Board of Directors determined that the Company will hold a nonbinding stockholder advisory vote to approve executive compensation on an annual basis until the next required vote on the frequency of such nonbinding stockholder advisory vote or until the Board of Directors otherwise determines that a different frequency for such vote is in the best interests of the Company's stockholders.

Accordingly, stockholders are being asked to vote at the Annual Meeting to approve our executive compensation policies and procedures for the named executive officers, as described in the Compensation Discussion and Analysis as included in this Proxy Statement. This proposal, commonly known as a Say-on-Pay proposal, gives you as a stockholder the opportunity to endorse or not endorse our fiscal year 2011 executive compensation programs and policies for the named executive officers through the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

The Company's compensation philosophy is designed to link each named executive officer's compensation with the Company's short-term and long-term performance, and to align the interests of executives and stockholders. The Compensation Committee designs the Company's short and long-term incentive plans so that upside and downside compensation potential exists based on the Company's performance against pre-defined objectives. Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our executives is directly related to the Company's financial performance and to other performance factors that measure our progress against the goals of our strategic and operating plans.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

The Board of Directors recommends a vote FOR the approval, on an advisory basis, of the executive compensation paid by the Company to its named executive officers.

In addition, Article II, Section 2.5 of the Company's By-Laws (the "Notice Provision") provides that for business to be properly brought before an annual meeting by a stockholder, the stockholder must deliver written notice to, or mail the notice so that it is received by, the Corporate Secretary of the Company at the principal executive offices of the Company not less than 90 days nor more than 120 days prior to the first anniversary of the date of the previous year's annual meeting of stockholders. Proposals of stockholders intended to be considered at the Company's 2013 Annual Meeting of Stockholders must be received by the Corporate Secretary of the Company not less than 90 days nor more than 120 days prior to May 17, 2013.

In addition to other requirements included in the Company's By-Laws, nominations of a person for election to the Board by stockholders must specify the name of the nominee and other information of such nominee that is required to be disclosed in solicitation of proxies for election of directors, or otherwise, along with the written consent of the nominee to being named in the proxy statement as a nominee and to serving as a director if elected. In connection with any stockholder nomination, as set forth in the Company's By-Laws, the nominating stockholder must also provide additional information as to the stockholder giving notice, and, if applicable, each nominee proposed by the stockholder, including any material interest of such person in such nomination, information regarding beneficial ownership of securities of the Company, a representation that the stockholder giving notice intends to appear in person or by proxy at the annual meeting of stockholders to nominate the person(s) named in the notice, and whether the stockholder intends to deliver a proxy statement and form of proxy in connection with such nomination to holders of the Company's voting securities reasonably believed by such stockholder to be sufficient to elect such nominee(s).

Discretionary Proxy Voting Authority/Untimely Stockholder Proposals

Rule 14a-4(c) promulgated under the Exchange Act governs the Company's use of its discretionary proxy voting authority regarding a stockholder proposal that the stockholder has not sought to include in the Company's proxy statement. Under the rule, if a stockholder fails to notify the Company of its proposal before the date established by the Notice Provision, then the management proxies will be allowed to use their discretionary voting authority when the proposal is raised at the meeting. In addition, if the Company receives timely notice of a stockholder proposal in connection with an annual meeting of stockholders that does not include all of the information required by Rule 14a-4(c) promulgated under the Exchange Act, the proposal will be considered timely but deficient, and the Company's proxy statement may confer discretionary authority for the proposal if the Company includes in its proxy statement advice on the nature of the matter and how the Company intends to exercise its discretion to vote on the matter.

PROPOSED AMENDMENT TO CERTIFICATE OF INCORPORATION

The text below is the proposed amendment to Article V of the Company's Restated Certificate of Incorporation, which includes the amendment to expand the maximum number of director positions from nine to eleven, marked against the current Charter. Additions are indicated by underlining and proposed deletions are indicated by strike-outs.

ARTICLE V

The business and affairs of the Corporation shall be managed by or under the direction of a board of directors consisting of not less than five (5) nor more than ~~nine~~eleven (9~~11~~) directors. The exact number shall be determined from time to time by resolution adopted by the affirmative vote of a majority of the directors in office at the time of adoption of such resolution.

~~The directors shall be divided into three classes, Class I, Class II and Class III with each class having either two or three members; provided, however, that beginning with the annual meeting to be held in calendar year 2008 (the 2008 Annual Meeting) there shall only be one class of directors and each director shall be elected for a term of one year. If the number of directors is changed prior to the 2008 Annual Meeting, any increase or decrease shall be apportioned among the classes by the Board of Directors so as to maintain the number of directors in each class as nearly equal as is reasonably possible, and any additional director of any class elected to fill a vacancy resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class. In no case will a decrease in the number of directors shorten the term of any incumbent director, even though such decrease may result in an inequality of the classes until the expiration of such term. A~~ director shall hold office until the annual meeting of stockholders in the year in which his or her term expires and until his or her successor shall be elected and qualified subject, however, to prior death, resignation, retirement or removal from office.

~~Beginning at the annual meeting of stockholders that is held in calendar year 2006 (the 2006 Annual Meeting), directors shall be elected annually for terms of one year, except that any director (a Continuing Classified Director) whose term expires at the annual meeting of stockholders in calendar year 2007 (the 2007 Annual Meeting) or the 2008 Annual Meeting shall continue to hold office until the end of the term for which such director was elected or appointed and until such director's successor shall have been elected and qualified subject, however, to prior death, resignation, retirement or removal from office. Accordingly, at the 2006 Annual Meeting, the successors of the directors whose terms expire at that meeting shall be elected for a term expiring at the 2007 Annual Meeting and until such directors' successors shall have been elected and qualified subject, however, to prior death, resignation, retirement or removal from office. At the 2007 Annual Meeting, the successors of the directors whose terms expire at that meeting shall be elected for a term expiring at the 2008 Annual Meeting and until such directors' successors shall have been elected and qualified subject, however, to prior death, resignation, retirement or removal from office. At the 2008 Annual Meeting and~~ At each annual meeting of stockholders ~~thereafter~~, all directors shall be elected for terms expiring at the next annual meeting of stockholders and until such directors' successors have been elected and qualified subject, however, to prior death, resignation, retirement or removal from office. ~~Except as otherwise required by law, until the term of a Continuing Classified Director expires as aforesaid (or the earlier resignation of such director), such Continuing Classified Director may only be removed from office for cause, by the holders of at least sixty-six and two-thirds percent (66²/₃%) of the voting power of the outstanding shares entitled to vote at an election of directors. Except as required by law or the provisions of this Certificate of Incorporation, all vacancies on the Board of Directors and newly-created directorships shall be filled by the Board of Directors. Any director elected to fill a vacancy not resulting from an increase in the number of directors shall hold office for the same remaining term as that of his or her predecessor and until his or her successor is elected and qualified.~~

Notwithstanding the foregoing ~~provisions of this Article V~~, whenever the holders of any one or more classes or series of Preferred Stock issued by the Corporation shall have the right, voting separately ~~as a~~ by class or series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by the terms of this Certificate of Incorporation and any resolutions of the Board of Directors applicable thereto.

Notwithstanding anything to the contrary contained in this Certificate of Incorporation, the affirmative vote of the holders of at least eighty percent (80%) of the voting power of the shares entitled to vote generally in the election of directors shall be required to amend, alter or repeal, or to adopt any provision inconsistent with, this Article V.
