TO OUR SHAREHOLDERS:

We are pleased to enclose this year's proxy statement and look forward to providing you with an update on our accomplishments at our 2013 annual meeting. The following highlights key aspects of our performance and corporate governance activities as described in more detail in this proxy statement.

Despite a difficult environment with low volatility in 2012, we made significant progress in advancing our global strategy while preparing for the changing regulatory landscape. We generated substantial cash from operations and traded nearly 3.0 billion contracts with average daily volume of 11.4 million. We acquired the Kansas City Board of Trade, announced plans for a European exchange, strengthened our strategic partnerships and launched new products, including deliverable interest rate swap futures, as part of helping customers worldwide meet their evolving risk management needs. For a more detailed discussion on our financial performance, see our 2012 annual report.

Enhancing Our Corporate Governance

The board and its governance committee continue to evaluate its corporate governance practices. We are pleased to share the steps we have taken and the progress we have made to further strengthen our corporate governance practices and demonstrate our responsiveness to shareholder concerns.

Declassified the Board We were successful in seeking shareholder approval to declassify our board as of the 2014 annual meeting and move to annual elections.

Established a Lead Director Role We created a formal independent lead director position as part of our leadership structure.

Adopted a Majority Voting Standard We have agreed to move forward with the adoption of a majority voting standard and plan to formally adopt amendments to our bylaws and corporate governance principles, which take effect in connection with our 2014 annual meeting.

Returning Value to Our Shareholders

We generated significant cash in 2012, returning more than \$1.2 billion to our shareholders. Our dividend yield approached 7 percent, or 4.5 percent if you exclude the accelerated fifth dividend, which was paid in December due to uncertainty surrounding dividend income tax treatment. We are pleased with the positive feedback we have received on our revised dividend policy and will continue to consider and pay out our variable fifth dividend based on our annual performance.

Enhancing Our Executive Compensation Program

In 2011 and 2012, we increased the alignment of pay and performance for our named executive officers and as a result, last year, shareholders representing approximately 96% of the votes cast approved our executive compensation program. In 2012, performance-based compensation represented approximately 50% of aggregate target total compensation for our named executive officers, representing an increase from approximately 39% in 2011.

Our Role in the Financial Community

We are proud of the recognitions we have received in 2012 acknowledging our commitment to our customers, employees and our community, including *Computerworld's* 100 Best Places to Work in IT; *InformationWeek 500* List of Leading Technology Innovators; *Derivatives*

Edgar Filing: CME GROUP INC. - Form DEF 14A

Week/Derivatives Intelligence Clearing House of the Year; *Inside Market Data* Best Data Provider of the Year; and *Markets Media Magazine* Best Futures Exchange.

We believe our accomplishments during 2012 reflect our ongoing commitment to the company's long term success and to representing our shareholders' interests.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TIME AND DATE:	3:30 p.m., Central Time, on Wednesday, May 22, 2013.
PLACE:	CME Group headquarters in the auditorium, located at 20 South Wacker Drive, Chicago, Illinois.
MATTERS TO BE VOTED ON:	Item 1: To elect nine directors that we refer to as Equity directors. Item 2: To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2013. Item 3: To approve, by advisory vote, the compensation of our named executive officers. Item 4: To consider a shareholder proposal set forth in the proxy statement, if properly presented at the annual meeting. Item 5: To elect one Class B-1 director and one Class B-3 director. Item 6: To elect five members of the Class B-1 nominating committee, five members of the Class B-2 nominating committee and five members of the Class B-3 nominating committee. And, to transact any other business that may properly come before the meeting.
WHO MAY VOTE:	Shareholders of record of CME Group Inc. Class A or Class B common stock at the close of business on March 27, 2013.
IMPORTANT INFORMATION ON VOTING YOUR SHARES:	If you wish to vote over the Internet or by telephone (Class A shares only) and you hold your shares at Computershare, our transfer agent, you may vote until 10:59 p.m., Central Time, on Tuesday, May 21, 2013. If you hold your shares through a bank or broker you will need to vote in accordance with their deadline, which may be earlier than May 21, 2013.
IMPORTANT INFORMATION ABOUT ATTENDING THE MEETING:	You may attend the meeting only if you owned shares of our Class A or Class B common stock as of the close of business on March 27, 2013. If you or your legal proxy holder plan to attend the meeting in person, you must follow the admission procedures described on page 68. If you do not comply with these procedures, you will not be admitted to the meeting. All attendees must have photo identification, such as a driver's license or passport. Please note that seating is limited and will be granted on a first come basis. You should allow sufficient time to clear security. Additional information about the meeting logistics is available beginning on page 66 .
IMPORTANT NOTICE REGARDING THE DATE OF AVAILABILITY OF PROXY MATERIALS:	We are pleased to again take advantage of the Securities and Exchange Commission (SEC) rule allowing companies to furnish proxy materials to their shareholders over the Internet. We believe that this e-proxy process expedites your receipt of proxy materials, while also lowering the costs and reducing the environmental impact of our annual meeting. We expect to either mail or provide notice and electronic delivery of this notice of annual meeting, proxy statement and 2012 annual report on or about April 12, 2013. The proxy statement contains instructions on how you can (i) receive a paper copy of the proxy materials, if you only received a notice by mail, or (ii) elect to receive your proxy materials over the Internet next year, if you received them by mail this year.

By order of the board of directors,
Kathleen M. Cronin
Senior Managing Director, General Counsel and
Corporate Secretary

To assist you in reviewing our 2012 performance, we would like to call your attention to key elements of our proxy statement. The following description is only a summary. For more complete information about these topics, please review our 2012 annual report and the complete proxy statement. Additional information regarding the logistics of the annual meeting is available beginning on **page 66**.

BUSINESS HIGHLIGHTS

Despite a difficult environment with low volatility in 2012, we made significant progress in advancing our global strategy while preparing for the changing regulatory landscape. We generated substantial cash from operations and traded nearly 3.0 billion contracts with average daily volume of 11.4 million. We acquired the Kansas City Board of Trade, announced plans for a European exchange, strengthened our strategic partnerships and launched new products, including deliverable interest rate swap futures, as part of helping customers worldwide meet their evolving risk management needs. For a more detailed discussion on our financial performance, see our **2012 annual report**.

COMPENSATION HIGHLIGHTS

As discussed in our **Compensation Discussion and Analysis** section beginning on **page 31**, we continued to enhance our pay for performance program by increasing the proportion of equity delivered in performance shares in 2012. We increased the performance period from one year to three years; added a new company performance measure; and the performance share award was weighted equally on three-year cash earnings growth on a per share basis and three-year total shareholder return relative to the S&P 500. As a result of these changes, our overall 2012 performance-based compensation represented approximately 50% of aggregate target total compensation for our named executive officers, representing an increase from approximately 39% in 2011.

SHAREHOLDER ACTIONS

ELECTION OF DIRECTORS (Items 1 and 5)

You will find important information about the qualifications and experience of each of the Equity director nominees beginning on **page 5** and the Class B director nominees on **page 26**. **Our board recommends that you vote FOR each of the Equity director nominees.** It is not making a recommendation on the election of the Class B directors.

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (Item 3)

Our shareholders have the opportunity to cast a non-binding advisory vote on the compensation of our named executive officers, as set forth in **Item 3** on **page 21**. Last year, shareholders representing approximately 96% of the votes cast approved our executive compensation program for our named executive officers. In evaluating this say on pay proposal, we recommend that you review our **Compensation Discussion and Analysis**, which explains how and why the compensation committee arrived at the compensation actions and decisions for 2012. **Our board recommends that you vote FOR the advisory approval of the compensation of our named executive officers.**

SHAREHOLDER PROPOSAL (Item 4)

You are being asked to consider a shareholder proposal contained in the proxy statement to provide for shareholder proxy access. As discussed in our statement beginning on **page 22**, we believe that the ownership level of only 1% combined with a holding requirement of only one year does not establish meaningful long-term ownership, which must be a prerequisite to having the ability to nominate up to 25% of our Equity directors. We received a similar proposal last year and the proposal received less than a majority of the votes cast by shareholders. **Our board**

recommends that you vote AGAINST the shareholder proposal.

The board of directors of CME Group Inc. is providing this proxy statement in connection with the annual meeting of shareholders to be held on May 22, 2013, at 3:30 p.m. Central Time, in the auditorium at CME Group's corporate headquarters, 20 South Wacker Drive, Chicago, Illinois. The terms we, us and our refer to CME Group and its subsidiaries. Shares of our Class A common stock are listed on the NASDAQ Global Select Market (NASDAQ) under the trading symbol CME. Our principal offices are located at 20 South Wacker Drive, Chicago, Illinois 60606. Our phone number is 312.930.1000.

In May 2012, the board of directors declared a five-for-one split of our Class A common stock effected by way of a stock dividend to its Class A and Class B shareholders. The stock split was effective July 20, 2012 for all shareholders of record on July 10, 2012. As a result of the stock split, all amounts related to shares and per share amounts have been retroactively restated in this proxy statement.

*Further information about CME Group can be found at <http://www.cmegroup.com>. Information made available on our website does not constitute a part of this proxy statement. Additional information regarding the availability of materials referenced in this proxy statement is available on **page 70**.*

Table of Contents

You are being asked to vote on the election of nine Equity director nominees. The biographies of the Equity director nominees are set forth beginning on **page 5**.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE EQUITY DIRECTOR NOMINEES.

ELECTION PROCESS

Our certificate of incorporation provides that our board shall consist of no more than 33 members with six directors (Class B directors) elected by Class B shareholders and the remaining directors (Equity directors) elected by our Class A and Class B shareholders voting together. The election of the Class B directors is discussed under **Item 5** on **page 25**. In accordance with our current bylaws, directors are elected by a plurality of the shares present at the meeting, meaning that director nominees with the most affirmative votes are elected to fill the available seats. The directors elected at the 2013 annual meeting will hold office for a one-year term expiring at the 2014 annual meeting. The board has agreed to adopt a majority vote standard and plans to adopt formal amendments to its bylaws and corporate governance principles, which will be in effect for the 2014 annual meeting.

DIRECTOR NOMINATIONS

Our board and its nominating committee seek candidates with a variety of talents and expertise to ensure that the board overall as a whole is operating effectively and is focused on creating long-term value for our shareholders. We believe that our board should be composed of individuals from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity and who exercise their good judgment to provide practical insights and different perspectives. In selecting candidates, the board endeavors to find individuals who have a solid record of accomplishment in their chosen fields and who display the independence of mind and strength of character to effectively represent the best interests of our shareholders.

The nominating committee solicits candidates from its current directors and, if deemed appropriate, retains, for a fee, recruiting professionals to identify and evaluate candidates. The nominating committee also considers Equity director nominees recommended by shareholders if the recommendations are submitted in writing, accompanied by a description of the proposed nominees' qualifications, and other relevant biographical information and evidence of consent of the proposed nominee to serve as a director if elected. Recommendations should be addressed to the nominating committee, Attention: Corporate Secretary, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606. In considering a shareholder recommendation, the nominating committee may seek input from an independent

advisor, legal counsel and/or other directors, as appropriate, and will reach a conclusion using its standard criteria. A copy of our nominating committee's charter is available on our website.

The holders of the Class B-1, Class B-2 and Class B-3 common stock elect members of nominating committees for their respective class, which are responsible for nominating candidates for election by their class. See **Item 6** for more information. Our certificate of incorporation requires that director candidates for election by a class of Class B common stock own, or be recognized under our rules as the owner of, at least one share of that class.

DIRECTOR QUALIFICATIONS

The nominating committee believes that it is essential that board members represent diverse viewpoints. However, it has not adopted a specific policy on the role of diversity in assessing director candidates. In considering candidates for the board, the nominating committee considers the entirety of each candidate's credentials. With respect to the nomination of continuing directors for re-election, the individual's contributions to the board are also considered. In assessing new candidates for the board, we have not adopted a set of firm criteria that an individual must meet to be considered. The nominating committee, composed entirely of directors who are independent under applicable listing standards, reviews the qualifications and backgrounds of potential directors in light of the needs of the board and CME Group at the time and nominates a slate of Equity director nominees to be nominated for election at the annual meeting of shareholders. In evaluating potential director nominees, the

nominating committee will take into consideration, among other factors, whether the nominee:

Has the highest professional and personal ethics and values.

Is independent of management under our categorical independence standards.

Has the relevant expertise and experience required to offer advice and guidance to our Executive Chairman & President and CEO.

Helps the board reflect the applicable board composition requirements of the CFTC.

Table of Contents

Has the ability to make independent analytical inquiries.

Can dedicate sufficient time, energy and attention to the diligent performance of his or her duties.

Has the ability to represent the interests of the shareholders of CME Group and to create long-term value.

Has any special business experience and expertise in a relevant area.

Would be considered an audit committee financial expert or financially literate, as such terms are defined in applicable rules, regulations and listing standards.

Has an understanding of our business, products, market dynamics and customer base.

For more information concerning our directors' qualifications, see the **Director Attributes** on **page 11**.

2013 DIRECTOR NOMINEES

Upon the recommendation of the board nominating committee, the board has nominated Terrence A Duffy, Charles P. Carey, Mark E. Cermak, Martin J. Gepsman, Leo Melamed, Joseph Niciforo, C.C. Odom II, John F. Sandner and Dennis A. Suskind. Each of the Equity director nominees currently serves on the board.

In addition to the nominees for Equity director, our Class B-1 and Class B-3 shareholders are each entitled to elect a board member at the 2013 annual meeting. The biographies of

these nominees are set forth on **page 26** under **Item 5**. Paul J. Heffernan and Howard J. Siegel are the nominees for the Class B-1 director. Howard J. Siegel is a current member of our board. Peter J. Kosanovich and Steven E. Wollack are the nominees for the Class B-3 director.

We have no reason to believe that any of the Equity director or Class B director nominees will be unable or unwilling to serve if elected.

References to terms of our board of directors include service on the board of CME Group (*f/k/a* Chicago Mercantile Exchange Holdings Inc.) from its formation in 2001 and service on the board of its wholly-owned subsidiary, Chicago Mercantile Exchange Inc. (CME). CME Group became a public company in December 2002. The boards of our exchange subsidiaries, Board of Trade of the City of Chicago, Inc. (CBOT), CME, Commodity Exchange, Inc. (COMEX), New York Mercantile Exchange, Inc. (NYMEX) and The Board of Trade of Kansas City, Missouri, Inc. (KCBT) are composed of the same members as the CME Group board of directors. Ages are as of March 27, 2013. Information on public directorships is for the past five years.

REQUIRED VOTE

Nine nominees receiving the highest number of **FOR** votes from all classes of our Class A and Class B common stock present in person or represented by proxy at the annual meeting voting together as a single class.

We have a long-standing commitment to implementing sound corporate governance practices that enhance the effectiveness of our board. These practices provide an important framework within which the board and management can pursue our strategic objectives and ensure long-term vitality for the benefit of our shareholders. This section describes key corporate governance practices that we have adopted.

RECENT ENHANCEMENTS

The board and its governance committee continue to evaluate its corporate governance practices. In 2012, our board was successful in seeking shareholder approval to declassify our board as of the 2014 annual meeting and move to annual elections. The board believes this will allow shareholders to have the opportunity to better influence policies and to hold management accountable.

The board has also created an independent lead director position whose role is defined under the **Board Leadership Structure** section on **page 14**.

The board has approved the adoption of a majority voting standard and plans to formally adopt amendments to its bylaws and corporate governance principles which would be in effect for the 2014 annual meeting. The board believes these steps will further strengthen our corporate governance practices and demonstrate our responsiveness to shareholder concerns.

The board also adopted a policy that restricts its board members and executive officers from pledging any shares of CME Group Class A common stock. In connection with the adoption of the policy, the board elected to grandfather in the existing pledging arrangements of Messrs. Gepsman, Johnson and Melamed based on the fact that:

The number of shares pledged were approximately 128,000 shares, which is significantly less than 0.1% of our outstanding Class A common stock.

The secured parties have each undertaken not to sell such pledged shares during any period in which our board members are restricted from trading under our compliance policies.

These board members have agreed to own shares not subject to any pledging arrangement with a value that meets their applicable stock ownership guidelines no later than July 1, 2013.

The pledging arrangements were related to such individual's derivatives trading activities at CME Group.

CORPORATE GOVERNANCE MATERIALS

Complete copies of our corporate governance materials, including our corporate governance principles, board of directors conflict of interest policy, board of directors code of ethics, categorical independence standards, employee code of conduct and the charters for all our board committees, may be found on our website, www.cmegroup.com, in the Investor Relations Corporate Governance section. Copies of these materials are also available free of charge to shareholders upon written request directed to the Corporate Secretary, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606. Our employee code of conduct is applicable to all of our employees, including our Executive Chairman & President, Chief Executive Officer and other senior financial officers. The board and the governance committee regularly review and modify the corporate governance documents, including the corporate governance principles, as warranted. Any modifications are reflected on our website.

DIRECTOR ATTENDANCE

Edgar Filing: CME GROUP INC. - Form DEF 14A

During 2012, the board held 10 meetings. Each of the directors attended at least 75% of the combined total meetings of the full board and the committees on which he or she served during 2012, except for Mr. Pinto, as described below. In connection with the board's deliberations on matters relating to the MF Global bankruptcy, directors with potential conflicts of interest were recused from participating in such special meetings. These recusals were not factored into their attendance records. Additionally, we hold an annual all-day meeting of our board and management to discuss the overall strategic objectives of CME Group. Mr. Pinto did not attend at least 75% of the meetings of the board held during 2012. Mr. Pinto holds a key position as Chief Executive Officer of BM&FBOVESPA, one of our global partners and one of the largest exchanges in the world based on market value. In connection with his duties, Mr. Pinto was unable to attend one of our regularly scheduled board meetings due to his required attendance at a meeting with the Board of Commissioners of the Securities and Exchange Commission of Brazil. Additionally, Mr. Pinto was unable to adjust his calendar to allow him to participate in two of our special meetings called on short notice in 2012.

DIRECTOR INDEPENDENCE

The experience and diversity of our directors has been, and continues to be, critical to our success. Our corporate governance principles require that the board be composed of at least a majority of independent directors. Additionally, in accordance with applicable listing standards, the members of our audit, compensation, governance and nominating committees must be independent. For a director to be

Table of Contents

considered independent, the board must affirmatively determine that the director has no direct or indirect material relationship with CME Group. The board has adopted **categorical independence standards**, which are attached to this proxy statement as **Appendix A**, to assist the board in making its determinations regarding independence. These standards conform to and exceed the independence criteria specified in the listing standards of the NASDAQ. They specify the criteria by which the independence of our directors will be determined, including relationships and transactions between each director, any member of his or her immediate family, his or her affiliates, charitable organizations with which he or she is affiliated, and us.

The board believes that all of its non-executive directors act independently of, and effectively monitor and oversee the actions of, management. Based on our categorical independence standards, at its meeting held in January 2013, the governance committee made a preliminary assessment of the independence of the directors and director nominees and based on such assessment made a recommendation to our board regarding their independence. Some of our directors are members of our exchanges, which provides them with access to our open outcry trading floors, lower trading fees, the ability to vote on certain matters relating to the operation of our trading floors and, for members of CME, the ability to elect six of our directors. Directors who are members of our exchanges may make payments directly to us or indirectly to us through our clearing firms in connection with their trading activity on an exchange. To ensure that such payments did not exceed the monetary thresholds set forth in the listing standards of the NASDAQ, the governance committee reviewed the directors and their affiliated clearing firms trading activities and relationships with our exchanges as part of its independence determination. The governance committee and the board noted that all payments were made in the ordinary course of our business, were on terms consistent with those prevailing at the time for corresponding transactions by similarly situated unrelated third parties and were not in excess of the applicable payment thresholds.

Certain members of our board also leased space at our 141 West Jackson Boulevard location in Chicago, prior to its sale in April 2012, in connection with their trading activities. The governance committee and the board considered whether such transactions would have an impact on the directors' independence, noting that the leases are entered into on terms prevalent in the marketplace.

Mr. Pankau has a family member who is employed by the CME Group organization. Because the family member is not employed as an officer of the organization, the governance

committee and the board do not believe it impacts his independence.

After considering information provided by the directors and director nominees in their annual questionnaires, the payments made to us relating to trading activities of directors and director nominees who are members of an exchange, as well as additional information gathered by our Office of the Secretary, the governance committee recommended and the board determined which directors and nominees should be classified as independent. All of our directors and director nominees with the exception of the following have been classified as independent.

Employment Relationships: Messrs. Duffy and Gill are employees of CME Group.

Consulting Arrangements: Messrs. Melamed and Sandner have consulting relationships with CME Group and Mr. Carey had a consulting relationship with us during the last three years.

Strategic Partnership and Cross-Investment: Mr. Pinto serves as the director representative of BM&FBOVESPA. BM&FBOVESPA owns approximately 5% of our outstanding Class A shares and we own approximately 5% of its shares. We have a cross-investment agreement with BM&FBOVESPA and have agreed to work together as global preferred strategic partners to advance our mutual interests in globalizing our respective businesses through jointly identifying and pursuing opportunities for strategic investments and partnerships with other international exchanges.

The list of our independent directors and director nominees is set forth on **page 11**. Our former CEO, Mr. Donohue, also was classified as non-independent during his board service due to his employment arrangement.

PUBLIC DIRECTORS

Edgar Filing: CME GROUP INC. - Form DEF 14A

As the parent company of five self-regulatory organizations, we are required to ensure that we meet the core principles of the Commodity Futures Trading Commission (CFTC) which among other things requires that we have processes and procedures to address potential conflicts of interest that may arise in connection with the operation of our exchanges. Significant representation of individuals who do not have relationships with our exchanges, referred to as public directors in the CFTC regulations, play an important role in our processes to address potential conflicts of interest. The board has assessed which directors would be considered public directors based upon their lack of relationship with our exchanges and the industry per the CFTC regulations. The

[Notice of Annual Meeting of Shareholders and 2013 Proxy Statement](#) 13

Table of Contents

list of our public directors is set forth on **page 11**. Additionally, our market regulation oversight committee is composed solely of public directors.

BOARD LEADERSHIP STRUCTURE

Our governance documents provide the board with the flexibility to select the appropriate leadership structure for CME Group. In making leadership determinations, the board considers many factors, including the specific needs of the business and what is in the best interests of our shareholders. During 2012, our former Chief Executive Officer retired and Mr. Duffy took on the role of President in addition to serving as our Executive Chairman. Mr. Gill became our Chief Executive Officer reporting to Mr. Duffy. In addition to Messrs. Duffy and Gill, our leadership structure includes our lead director position, held by Mr. Pollock, and our strong, active board members of which more than a majority are considered independent. The lead director is appointed by the board based on the recommendation of the governance committee for a one-year term and has the following responsibilities:

Presides at meetings of the board if the Chairman is unavailable and at executive sessions of the board's independent directors.

Presides at the board's annual evaluation of the Chairman's achievement of his goals and objectives.

Communicates to the Chairman the results of meetings at which he presides.

Receives direct communications from directors and/or shareholders in cases where the Chairman is unavailable or where direct communication with the Chairman may not be appropriate.

Confers with the Chairman, in the Chairman's discretion, in regard to board agendas, scheduling and information distribution. The board believes that its current structure allows it to effectively operate, represent the rights of our shareholders and create long-term value and provides a very well-functioning and effective balance between strong management leadership and appropriate safeguards and oversight by non-employee board members. The board reserves the right to make changes to its governance structure in the future as it deems appropriate.

BOARD'S ROLE IN RISK OVERSIGHT

The board has an active role, as a whole and also at the committee level, in overseeing management of our risks. CME Group has established an enterprise risk management program. The role of the program is to promote and facilitate

the process to evolve, align and sustain sound risk management practices at CME Group. Our ultimate objective is to help preserve and protect our enterprise value and to help increase the likelihood of achieving our financial, operational and strategic objectives. In doing so, the board believes it may not be practicable or cost-effective to eliminate or mitigate certain risks, that it may be necessary to bear certain risks to achieve the company's goals and objectives and that the processes, procedures and controls employed to address certain risks may be limited in their effectiveness.

The program is led by our Executive Director, Enterprise Risk Management who reports to the head of our internal audit department who reports directly to the audit committee. The audit committee serves as the primary committee with responsibility for overseeing our risk management process, with our other board level committees overseeing specific risks that relate to their core responsibilities. Enterprise risk management is a regular audit committee agenda item, and specific risks are discussed at the board and board-level committees, as relevant.

Edgar Filing: CME GROUP INC. - Form DEF 14A

Enterprise risks are identified, assessed, measured, prioritized, and updated regularly by management through our cross-functional risk management team, made up of senior managers representing each division of our business and led by our Executive Director, Enterprise Risk Management. The audit committee and the board receive detailed Enterprise Risk Profile Reports updating our top tier (key) enterprise risks each quarter. Additional review or reporting on our enterprise risks is conducted as needed or as requested by the board or one of its committees.

EXECUTIVE SESSIONS

Our corporate governance principles require our independent directors to meet in executive session (without management and non-independent directors) on a quarterly basis. These sessions are chaired by the lead director. The chair of the executive session may, at his or her discretion, invite our Executive Chairman & President, CEO, other non-independent directors or other members of management to participate in a portion of such executive session, as appropriate.

ANNUAL ASSESSMENT OF BOARD AND COMMITTEE PERFORMANCE

As provided in our corporate governance principles, the board annually reviews its own performance, structure and processes in order to assess how effectively it is functioning. The assessment is implemented and administered by the governance committee through an annual board self-evaluation survey. In addition, the audit, compensation,

Table of Contents

finance, governance, market regulation oversight and nominating committees each conduct an annual self-assessment.

CONTACTING THE BOARD OF DIRECTORS

If you would like to contact the board of directors, including a committee of the board or the independent directors as a group, you may send an email to directors@cmegroup.com. You may also communicate with the members of the board by mail addressed to an individual member of the board, the full board, a particular committee or the independent directors as a group directed to the Corporate Secretary, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606.

All communications received will be compiled by the Office of the Secretary and submitted to the governance committee on a quarterly basis or more frequently as appropriate. Emails received via directors@cmegroup.com are screened for junk commercial email and general solicitations. If a communication does not involve an ordinary business matter as described below and if a particular director is named, the communication will be forwarded to that director.

In order to expedite a response to ordinary business matters, the governance committee has authorized management to receive, research and respond, if appropriate, on behalf of our directors, including a particular director or its non-executive directors, to any communication regarding a product of an exchange or transactions by a clearing firm or a member of an exchange (an ordinary business matter). Any director may review any such communication or response thereto.

SHAREHOLDER ENGAGEMENT

Shareholders who invest in our company and elect the board of directors are entitled to open and meaningful information about our business, strategies, corporate governance and senior management compensation practices so that they can make informed decisions and knowledgeably participate in the proxy voting process. As owners of our company, you are encouraged to contact us through our provided communication channels to provide your feedback.

REPORTING CONCERNS TO THE AUDIT COMMITTEE

We have engaged an independent, third party, EthicsPoint, for the purpose of receiving complaints, including complaints relating to accounting, internal control over financial reporting or auditing matters. Concerns relating to financial matters are automatically referred to the chairman of the audit committee and will be handled in accordance with the procedures adopted by the audit committee. A copy of these procedures is available on our website.

ATTENDANCE AT ANNUAL MEETINGS

We strongly encourage, but do not require, our directors to attend the annual meeting. Last year, 24 of the 30 directors on the board at that time attended the annual meeting of shareholders.

COMMITTEES OF THE BOARD OF DIRECTORS

The board of directors has eight committees: audit; compensation; executive; finance; governance; market regulation oversight; nominating and strategic steering. Each committee has a written charter that sets forth its responsibilities in more detail. Copies of these charters are available on our website. Our audit, compensation, governance, market regulation oversight and nominating committees consist entirely of independent directors. Our market regulation oversight committee consists entirely of public directors as defined by the CFTC.

Audit Committee

The audit committee is a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act and assists the board in fulfilling its oversight responsibilities with respect to the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualification and independence of our independent registered public accounting firm, the performance of our internal audit functions and our external auditors and the effectiveness of our internal controls. The committee performs this

function by monitoring our financial reporting process and internal controls and by assessing the audit efforts of the external auditors and the internal audit department. The committee has ultimate authority and responsibility to appoint, retain, compensate, evaluate, and where appropriate, replace the external auditors. The audit committee also serves as the primary committee with responsibility for overseeing our enterprise risk management program. The committee also oversees the effectiveness of our corporate compliance and ethics program.

Compensation Committee

The compensation committee assists the board in fulfilling its responsibilities in connection with the compensation of board members and senior management and oversees the compensation programs for our employees. It performs this function by establishing and overseeing our compensation programs, approving compensation for our senior management group, recommending to the board the compensation of board members who are not officers of us, overseeing the administration of our equity award plans and approving the filing of the **Compensation Discussion and**

Table of Contents

Analysis section in accordance with applicable rules and regulations of the SEC for inclusion in our proxy statements.

Executive Committee

The executive committee exercises the authority of the board when the board is not in session, except in cases where action of the entire board is required by our articles of incorporation, bylaws or applicable law. The committee may also review and provide counsel to management regarding material policies, plans or proposals prior to submission of such items to the board. The executive committee is also responsible for conducting the annual performance evaluation of our CEO and presenting its conclusions to the board during an executive session.

Finance Committee

The finance committee assists the board in fulfilling its oversight responsibilities with respect to our financial policies, strategies, capital structure and annual operating and capital budget.

Governance Committee

The governance committee assists the board by making recommendations on our corporate governance practices. The committee reviews and recommends changes to our corporate governance principles and other policies in the area of corporate governance and establishes a culture of compliance and ethics within the organization through its oversight of board governance policies and the CME Group code of conduct.

Market Regulation Oversight Committee

The market regulation oversight committee assists the board with its oversight of matters relating to our operation of five exchanges that are self-regulatory organizations. The committee provides independent oversight of the policies and programs of our market regulation department, our financial and regulatory surveillance department, and our compliance officer for our clearing house and swap data repository business to ensure effective administration of our self-regulatory responsibilities.

Nominating Committee

The nominating committee reviews qualifications of potential candidates for Equity director and recommends to the board the slate for election at our annual meetings.

Strategic Steering Committee

The strategic steering committee assists and provides guidance to management and the board in fulfilling its responsibilities to oversee our long-range direction, corporate strategy and competitive position. The committee analyzes market trends, growth patterns and the impact of innovations that may create opportunity or risk for us.

You are being asked to vote on the ratification of the appointment of Ernst & Young to serve as our independent registered public accounting firm for 2013. Ernst & Young served as our accounting firm in 2012.

OUR BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013.

The audit committee has appointed Ernst & Young as CME Group's independent registered public accounting firm for 2013. We are not required to have the shareholders ratify the selection of Ernst & Young as our independent auditor. We nonetheless are doing so because we believe it is a matter of good corporate practice. If the shareholders do not ratify the selection, the audit committee will reconsider whether or not to retain Ernst & Young, but may choose to retain such independent auditor. Even if the selection is ratified, the audit committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of CME Group and its shareholders. Representatives of Ernst & Young will be present at the annual meeting and will have the opportunity to make a statement and be available to respond to appropriate questions by shareholders. In connection with the audit of our 2012 financial statements, we entered into an engagement letter with Ernst & Young which set forth the terms by which Ernst & Young would perform audit services for us and which did not include any limitations of liability for punitive damages. We expect to enter into a similar engagement letter with Ernst & Young for 2013.

AUDIT COMMITTEE POLICY FOR APPROVAL OF AUDIT AND PERMITTED NON-AUDIT SERVICES

The audit committee is responsible for the appointment, retention, compensation and oversight of our independent registered public accounting firm. The audit committee has adopted policies and procedures for pre-approving all services (audit and non-audit) performed by our independent registered public accounting firm. In accordance with such policies and procedures, the audit committee is required to pre-approve all audit and non-audit services to be performed by the independent registered public accounting firm in order to ensure that the provision of such services is in accordance with the rules and regulations of the SEC and does not impair the registered public accounting firm's independence. Under the policy, pre-approval is generally provided for up to one year, any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the audit committee may pre-approve additional services on a case-by-case basis. The audit committee has

delegated specific pre-approval to the chairperson of the audit committee provided the estimated fee of the proposed service does not exceed \$100,000. The chairperson must report any decisions to the audit committee at its next scheduled meeting. Periodically, but not less than quarterly, our controller provides the audit committee with a report of audit and non-audit services provided and expected to be provided by the independent registered public accounting firm. A copy of our audit and non-audit services policy is available on our website.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Fees paid to Ernst & Young for each of the last two fiscal years are listed in the following table.

Service Provided	2012	2011
Audit ⁽¹⁾	\$ 2,776,808	\$ 2,297,302
Audit-Related Fees ⁽²⁾		
Tax Fees ⁽³⁾	1,151,557	1,348,530
All Other Fees		
Total	\$ 3,928,365	\$ 3,645,832

(1)

Edgar Filing: CME GROUP INC. - Form DEF 14A

The aggregate fees for professional services rendered for the integrated audit of the consolidated financial statements of CME Group and, as required, audits of various domestic and international subsidiaries and other agreed-upon procedures.

(2) The aggregate fees for assurance and related services including internal control and financial compliance reports and agreed-upon procedures not required by regulation.

(3) The aggregate fees for services rendered for tax return preparation, tax advice and other international, federal and state projects. In 2012, tax compliance and preparation fees were \$378,064.

The audit committee has considered whether the provision of non-audit services is compatible with maintaining the registered public accounting firm's independence. All of the projects included in the above fee table were pre-approved by the audit committee in accordance with our Audit and Non-Audit Services Policy. In providing their pre-approval, the audit committee approves the proposed fees for the particular engagement. Any services exceeding pre-approved cost levels will require specific additional pre-approval by the audit committee unless such additional costs are less than the lesser of (i) \$25,000 and (ii) 10% of the original cost estimate and the independent auditor has provided a statement in writing that such additional costs do not impair its independence. Any such cost overruns will be included as an informational item at the next audit committee meeting.

AUDIT COMMITTEE FINANCIAL EXPERTS

The board has determined that Messrs. Chookaszian, Gerdes and Miller meet the SEC's definition of an audit committee financial expert.

Mr. Chookaszian

Mr. Chookaszian is considered to have each of the attributes of an audit committee financial expert based upon his prior service as CFO of CNA for 15 years, through his supervision of the CFO for nine years when he was CEO of CNA and CEO of mPower, and through his service as a public accountant for eight years with Deloitte and Touche. Mr. Chookaszian has been a member of our audit committee since 2004 and previously served as chairman of the Financial Accounting Standards Advisory Council, the group that provides advice to the Financial Accounting Standards Board (FASB) on their agenda and the effectiveness of accounting standards. Mr. Chookaszian also teaches a course on Corporate Governance and Accounting Standards and Controls at the University of Chicago Booth School of Business, Cheung Kong University in China, and the Indian Institute of Professional Management in India. Throughout his career, he has served on the audit committee of seven other public and private organizations. He is also a member of the XBRL Advisory Council, which is the group that provides advice to the International Accounting Standards Board on the development of XBRL standards. He also currently serves on the Financial Crisis Advisory Group that provides advice to the G 20 and to world-wide standards setters and regulators on the financial reporting issues related to the recent financial crisis and needed corrective actions. He has served in the past on numerous accounting related boards including the American Institute of CPAs (AICPA) Insurance Companies Accounting Standards Committee, the AICPA Group of 100, several FASB task forces, the Statement on Auditing Standards 99 task force on Internal Control Fraud Standards, and the Public Oversight Board Blue Ribbon Panel on Audit Effectiveness.

Mr. Gerdes

Mr. Gerdes is considered to have each of the attributes of an audit committee financial expert based upon his service as the CEO of a public company for more than 15 years, which included oversight of the CFO and his service in the role of CFO for 10 years, six of which were at a public company. Mr. Gerdes has a Bachelor's of Science and a Masters of Business Administration in Finance, which included courses in accounting. Mr. Gerdes has been a member of our audit committee since joining our board in 2007. He has served on audit committees of four other public companies over the past 15 years. Mr. Gerdes also is the founder of Gerdes Huff Investments.

Mr. Miller

Mr. Miller is considered to have each of the attributes of an audit committee financial expert primarily based upon his background and experience in preparing, modeling and analyzing financial statements in accordance with generally accepted accounting principles, which required him to develop and assess projected financial estimates, accruals and reserves. Mr. Miller has also been responsible for internal audit and compliance functions at Commonfund Group. Mr. Miller currently serves as chairman of the audit committee for American Axle and Manufacturing and has served as Chairman of the Audit and Risk Management Committee of the Dubai International Financial Exchange, Chairman of the Audit and Risk Management Committee of the BTOP 50, and Chairman of the Audit Committee of the New York Futures Exchange, a subsidiary of the New York Stock Exchange. Mr. Miller has served as a member of the Public Company Accounting Oversight Board Standing Advisory Group and has testified before both the U.S. Congress and FASB on accounting and disclosure matters. Mr. Miller holds the Chartered Financial Analyst (CFA) designation and is a member of the CFA Institute. Mr. Miller has a Master's of Business Administration from the Wharton Graduate Division of the University of Pennsylvania. He has served as a member of our audit committee since 2003.

REQUIRED VOTE

Must receive a FOR vote from the holders of a majority of the shares of our Class A and Class B common stock present in person or represented by proxy and entitled to vote on this matter at the annual meeting voting together as a single class.

The audit committee oversees our financial reporting process on behalf of the board of directors. The audit committee currently consists of seven independent directors as defined in the listing standards of the NASDAQ. Its duties and responsibilities are set forth in the audit committee charter approved by our board of directors which is available on our website. As previously discussed, the board of directors has determined that Messrs. Chookaszian, Gerdes and Miller meet the SEC's definition of audit committee financial expert.

As set forth in more detail in the audit committee charter, the primary responsibilities of the audit committee fall into three broad categories:

To serve as an independent and objective party to monitor our financial reporting process and internal control system.

To review and evaluate the audit efforts of the independent registered public accounting firm and internal audit department.

To provide an open avenue of communication among the independent registered public accounting firm, financial and senior management, the internal audit department and the board of directors.

The audit committee, during the course of each fiscal year, devotes the attention that it deems necessary and appropriate to each of the matters assigned to it under the audit committee charter. To carry out its responsibilities, the audit committee met 12 times during fiscal year 2012 and three times during 2013 with regard to fiscal year 2012.

In the course of fulfilling its responsibilities, the audit committee has:

Reviewed and discussed with management and Ernst & Young all financial statements prior to their issuance and any significant accounting issues and been advised by management that all financial statements were prepared in accordance with U.S. generally accepted accounting principles.

Discussed with our senior management and Ernst & Young the process used for certifications by our CEO and CFO, which are required for certain of our filings with the SEC.

Reviewed and discussed with management the audit committee charter.

Discussed with representatives of Ernst & Young the matters required to be discussed pursuant to Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T.

Received the written disclosures and the letter from Ernst & Young required by the applicable requirements of the PCAOB regarding the accounting firm's communications with the audit committee concerning independence.

Discussed with Ernst & Young its independence from the company and management.

Reviewed payments to and pre-approved services of Ernst & Young in accordance with the audit and non-audit services policy.

Considered whether the provision by Ernst & Young of non-audit services is compatible with maintaining their independence. Based on the foregoing, the audit committee recommended to the board of directors, and the board has approved, that the audited consolidated financial statements be included in CME Group's annual report on Form 10-K for the year ended December 31, 2012, for filing with the SEC. The audit committee also selected Ernst & Young as the independent registered public accounting firm for fiscal year 2013. The board is recommending that shareholders ratify that selection at the annual meeting.

Management is responsible for the preparation, presentation and integrity of the financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of the disclosure controls and procedures and the internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

Ernst & Young, our independent registered public accounting firm, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles, as well as providing an attestation report on our internal control over financial reporting.

You are being asked to vote on a non-binding advisory proposal on our executive compensation program for our named executive officers as described in our **Compensation Discussion and Analysis** beginning on **page 31** and **Executive Compensation** tables beginning on **page 46**.

OUR BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THIS PROPOSAL.

The board and the compensation committee are committed to sound governance practices and recognize the interest our shareholders have expressed on CME Group's executive compensation program. As part of that commitment, and pursuant to Section 14A of the Exchange Act, our shareholders are being asked to approve an advisory resolution on the compensation of the named executive officers, as reported in this proxy statement. We plan to include these advisory resolutions on an annual basis.

This proposal, commonly known as the say on pay proposal, gives you the opportunity to endorse or not endorse our 2012 executive compensation program and policies for the named executive officers through a vote FOR the approval of the following resolution:

RESOLVED, that the shareholders of CME Group approve, on an advisory basis, the compensation of CME Group's named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC in the proxy statement for the CME Group 2013 annual shareholders meeting (which disclosure includes the Compensation Discussion and Analysis, the Executive Compensation tables and any related material).

This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and procedures relating to the named executive officers. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of the named executive officers. Because your vote is advisory, it will not be binding on the board. The board and the compensation committee, however, will take into account the outcome of the say on pay vote when considering future compensation arrangements.

REQUIRED VOTE

Must receive a FOR vote from the holders of a majority of the shares of our Class A and Class B common stock present in person or represented by proxy and entitled to vote on this matter at the annual meeting voting together as a single class to be deemed approved.

You are being asked to vote on a shareholder proposal, if presented, to provide proxy access to shareholders meeting certain ownership requirements.

In accordance with SEC rules, we have set forth below a shareholder proposal, along with the supporting statement of the shareholder proponent. We are not responsible for any inaccuracies that it may contain. The shareholder proposal is required to be voted on at our annual meeting, only if properly presented.

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE SHAREHOLDER PROPOSAL.

Norges Bank, P.O. Box 1179 Sentrum, 0107 Oslo, Norway, beneficial owner of over \$2,000 in market value of Class A common stock, is the proponent of the following shareholder proposal. The proponent has advised us that a representative will present the proposal and related supporting statement at our annual meeting.

RESOLVED:

The shareholders of CME Group Inc. (CME) urge the board of directors (the Board) to adopt a proxy access bylaw that would (1) require CME to include in proxy materials prepared for a shareholder meeting at which directors are to be elected the name, Disclosure and Statement (as defined herein) of any person nominated for election as an Equity Director by a shareholder or group (the Nominator) that meets the criteria established below, and (2) allow shareholders to vote on such nominee on CME s proxy card.

The bylaw should provide that (a) both the number of candidates a Nominator may nominate, and the number of shareholder-nominated candidates elected, pursuant to this procedure each year shall not exceed one quarter of the number of Equity Directors then serving; and (b) a Nominator must:

- (1) have beneficially owned 1% or more of CME s outstanding common stock continuously for at least 1 year before the nomination is submitted;
- (2) give CME written notice not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders of (a) all information required under the Securities Exchange Act of 1934, and the rules and regulations promulgated thereunder, to be disclosed by or relating to an individual nominated for election as a director; and (b) proof that the Nominator owns the required shares (the Disclosure); and
- (3) certify that it will (a) assume liability stemming from any legal or regulatory violation arising out of the Nominator s communications with CME shareholders, including the Disclosure and Statement; and (b) comply with all applicable laws and regulations if it uses soliciting material other than CME s proxy materials.

The bylaw should also provide that (a) the Nominator may submit with the Disclosure a statement not exceeding 500 words in support of the nominee (the Statement), and (b) the nominee shall be eligible to serve as a director if elected.

The Board should adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, and whether the Disclosure and Statement satisfy the bylaw and any applicable federal regulations.

SUPPORTING STATEMENT

Edgar Filing: CME GROUP INC. - Form DEF 14A

Shareholders' right to nominate candidates for election to the board of directors is a fundamental principle of good corporate governance and board accountability. NBIM recognizes the importance of shareholder nominations and board continuity, and believes the requested requirements would help ensure appropriate use of proxy access.

NBIM believes that CME's corporate governance practices need improvement and that shareholder rights must be enhanced. Shareholders cannot convene an extraordinary general meeting of shareholders, cannot act by written consent, and can only amend CME's bylaws with a two-thirds vote of outstanding shares. Additional information regarding specific instances and issues where CME's corporate governance practices and performance are not in line with NBIM's expectations is available at:

BOARD OF DIRECTORS STATEMENT IN OPPOSITION TO THE PROPOSAL

We received a similar proposal last year and it received less than a majority of the votes cast by shareholders. In light of these results and for the following reasons, the board unanimously recommends that you vote **AGAINST** this proposal:

We are a unique business that requires a unique governance structure.

We have evolved over the years from a mutually owned, floor-based exchange, originally established to hedge agricultural risk, to a publicly owned, global financial exchange and the parent company of five separate futures exchanges (all formerly member owned and controlled organizations). As the parent company of highly regulated derivatives exchanges, our business is unlike other public companies and its complexities demand a unique governance structure. Our governance structure has enabled us to grow our business and to succeed despite a rapidly changing global landscape and changes in technology, market structure, products and regulatory regimes. The tenure of our directors enables the board to provide insight into the rationale and historical context for past decisions and strategies that has allowed us to successfully adapt to our evolving business environment. This continuity increases the full board's collective experience, provides new directors the opportunity to learn about our business from the continuing directors and improves the board's ability to develop, refine, and execute our long-term strategic plans. All of this is even more important in today's uncertain environment with increased challenges and opportunities facing companies within the financial services industry. An abrupt change in the composition of our board could impair our progress in achieving our strategic goals.

We operate in a highly regulated environment which is undergoing significant changes that don't apply to the typical public company.

In light of the widespread financial and economic difficulties, particularly acute in the latter half of 2008 and early 2009, there were calls for a restructuring of the regulation of financial markets. The Dodd-Frank Act, which was adopted in 2010, is a comprehensive banking and financial services reform package that includes significant changes to the oversight of the derivatives markets, both over-the-counter and exchange-traded. While we believe that the new regulations provide opportunities for our business which we continue to explore, Dodd-Frank remains subject to significant rulemaking by the CFTC, the SEC, the Department of Treasury

and other regulators. We and others in the industry have actively participated in the rule-making process with the goal that the new regulations serve the public interest, foster competition and innovation and do not place the U.S. financial services sector at a competitive disadvantage in our evolving financial markets. In light of the uncertainty of the final implementation of Dodd-Frank, there is a risk that the final regulations could include provisions that could negatively impact our business. Understanding the impact of these new provisions and interacting with our regulators and legislators requires a deep understanding. Certain of our directors interact directly with and provide testimony to our regulators and members of Congress and their staff and play a significant role in shaping the regulations that apply to our industry.

Thresholds specified in the proposal do not demonstrate meaningful ownership and could result in harm to proper board functioning.

The proposed beneficial ownership requirement of 1% with a required holding period of only one year does not evidence meaningful long term ownership and should not enable a shareholder to nominate up to 25% of our Equity directors. Allowing shareholders who exhibit such an immaterial investment in CME Group to make nominations using the company's proxy materials could lead to the election of special interest directors who may be inclined to represent the interests of the shareholders who have nominated them rather than on the overall interests of all CME Group shareholders. These nominating shareholders may have interests that may not be aligned with the long-term interests of the company's shareholders.

Combined with our existing Class B director nomination process we could encounter significant board turnover which would be disruptive.

Under our current organizational documents, our Class B shareholders have the right to nominate and run contested elections for six of our board seats or approximately 20% of our board. If this proposal were to be approved, 40% of our board could be subject to turnover without any input from our independent board nominating committee. In addition to undermining the important role of our independent nominating committee (discussed below), this would be disruptive by turning director elections into a proxy contest, effectively requiring the expenditure of significant CME Group resources in a manner inconsistent with the creation of shareholder value. It could also discourage directors from serving on our board.

Table of Contents

Our independent nominating committee is better equipped to evaluate candidates and shareholders may present qualified candidates for consideration.

Our nominating committee has an understanding of the unique nature of our business and our current initiatives, strategies and threats. It is better equipped to evaluate candidates based upon the skills and experience needed on our board. In addition, our corporate governance principles already provide shareholders with the opportunity for input into the director nomination and election process. As discussed on **page 3**, shareholders may submit recommendations for director candidates to our nominating committee.

Unplanned changes to our board could cause us not to comply with applicable CFTC requirements.

As the parent company of five futures exchanges, we are subject to regulation by the CFTC, including rules that affect the composition of the board. Our board is required to certify compliance with these rules each year. The CFTC has proposed rules which would mandate that a minimum percentage of our board be comprised of public directors. A key function of our independent nominating committee is to identify a slate of candidates with the requisite industry, legislative, financial and business experience, while maintaining compliance with these regulations. Any unplanned changes in the composition of the board could cause us to violate these regulations which could have an adverse effect on our business, or leave our board without the appropriate skills to effectively oversee and grow our business.

We have been accountable to our shareholders and made enhancements to our corporate governance practices.

We provide several ways for our shareholders to provide input to our board on our governance practices and have made enhancements to our corporate governance.

We provide a means for shareholders to communicate with our directors as described on **page 3**.

We review any shareholder communications with our governance committee.

We created a formal independent lead director role.

We sought shareholder approval to declassify the board which will be effective as of the 2014 annual meeting.

We approved the adoption of a majority vote standard which will be implemented at our 2014 annual meeting.

We made significant enhancements to our compensation program for our named executive officers which resulted in approval of the program in 2012 of approximately 96%.

Required Vote

Must receive a FOR vote from the holders of a majority of the shares of our Class A and Class B common stock present in person or represented by proxy and entitled to vote on this matter at the annual meeting voting together as a single class.

Table of Contents

Our Class B-1 and Class B-3 shareholders are being asked to vote for one Class B director for their respective class and our Class B-1, Class B-2 and Class B-3 shareholders are being asked to vote on the nominees for their 2014 nominating committees.

In accordance with our charter, our Class B-1, Class B-2 and Class B-3 shareholders have the right to elect six of our directors. At the 2013 annual meeting, Class B-1 shareholders are entitled to elect one director and Class B-3 shareholders are entitled to elect one director. Each of the Class B directors will be elected to a one-year term. In 2014, all six of our Class B directors will be up for election.

Additionally, our bylaws provide that holders of our Class B-1, Class B-2 and Class B-3 shares elect the members of their respective Class B nominating committees. The Class B

nominating committees are not committees of our board of directors and serve only to nominate the slate of Class B directors for their respective classes. Each Class B nominating committee is composed of five members who serve for a term of one year. The existing committee members are responsible for selecting 10 candidates to stand for election as members of a particular Class B nominating committee. The five nominees with the greatest number of votes will serve on the applicable committee.

Ages of the nominees are as of March 27, 2013.

OUR BOARD IS NOT PROVIDING ANY RECOMMENDATION AS TO HOW OUR CLASS B SHAREHOLDERS SHOULD VOTE ON ITEM 5 OR ITEM 6.

Table of Contents

This section provides an overview of the role and responsibility of our compensation committee. We have an executive compensation program that is designed to tie pay to performance, balance rewards with prudent business decisions and risk management, and focus on both annual and long-term performance for the benefit of our shareholders. In designing our program, we also take into consideration our unique role in the financial services industry.

OUR COMPENSATION COMMITTEE PROVIDES OVERSIGHT OF OUR COMPENSATION PROGRAM FOR OUR SENIOR MANAGEMENT

The compensation committee comprises eight independent directors. In August 2012, the board appointed Mr. Pollock to serve as the company's lead director. In connection with this appointment, Mr. Hastert replaced Mr. Pollock as chairman of the compensation committee. The primary responsibilities of the compensation committee are to review and approve compensation arrangements for senior management (our Executive Chairman & President, CEO and the other members of our management team), to review and recommend compensation arrangements for the board of directors, to adopt incentive compensation plans in which senior management is eligible to participate and to oversee matters relating to employee compensation, employee benefit plans and employee incentive programs. A complete description of the committee's responsibilities may be found in its charter, a copy of which is on our website.

There were 11 meetings of the committee in 2012. From time to time, the committee may form a sub-committee to review a particular issue in more detail and bring its recommendations back to the full committee for approval. In 2012, several sub-committee meetings were held. The committee typically meets in executive session for a portion of each regular committee meeting which may include members of management as appropriate. The committee provides regular reports to the board of directors on its activities.

THE COMMITTEE CONSIDERS THE RECOMMENDATIONS OF OUR EXECUTIVE CHAIRMAN & PRESIDENT AND CEO IN APPROVING COMPENSATION FOR OUR MANAGEMENT TEAM

The committee is solely responsible for approving the compensation of our senior management group. The committee, however, takes into consideration the recommendations of our Executive Chairman & President and CEO in approving compensation for other members of our management team.

THE COMMITTEE DELEGATES AUTHORITY TO OUR CEO ON A LIMITED BASIS SUBJECT TO PRE-ESTABLISHED CRITERIA

Subject to pre-established guidelines for individual awards and aggregate value limitations, the committee delegates authority to the CEO to approve equity awards and annual cash bonus awards. In accordance with this delegated authority, the CEO approves equity awards to employees (other than the Executive Chairman & President, members of our management team and our chief accounting officer) and annual cash bonuses for employees (other than the Executive Chairman & President and the management team). The committee reviews annual reports on the use of such delegation. The committee does not delegate authority to the CEO for compensation decisions relating to our senior management.

OUR PROGRAM IS DESIGNED TO CREATE LONG-TERM SHAREHOLDER VALUE WHILE DISCOURAGING EXCESSIVE RISK TAKING

We realize that it is not possible to grow and enhance long-term shareholder value without assuming some level of risk. This is true whether we decide to make an acquisition, introduce a new product or change our corporate strategy. Our compensation program is designed to create appropriate incentive for creating long-term shareholder value and delivering on our financial and strategic goals while discouraging excessive risk taking.

Edgar Filing: CME GROUP INC. - Form DEF 14A

Several elements of our program, which are discussed in more detail in the **Compensation Discussion and Analysis** section beginning on **page 31**, are designed to promote the creation of long-term value and thereby discourage behavior that leads to excessive risk taking. The following are the key elements of our program designed to address compensation risk:

We utilize a mix of both fixed and variable compensation. Our fixed base pay is intended to provide a steady income.

A significant portion of our senior management group compensation is composed of long-term equity incentives and the senior management group is also subject to company stock ownership guidelines based on their level of responsibility.

[Notice of Annual Meeting of Shareholders and 2013 Proxy Statement](#) 29

Table of Contents

Our annual cash bonus plan for our senior management group and other senior employees will not pay out in the event we fail to achieve cash earnings at or above the threshold level of performance.

We set maximum guidelines for annual incentive and long-term incentive awards, thereby establishing and communicating potential payouts.

All compensation of our senior management group is subject to the approval of the compensation committee, which includes the ability to decrease an award for failure to perform or inappropriate risk-taking.

We have adopted a recoupment policy, whereby employees at the level of managing director and above may be required to repay any previously granted annual bonus awards to the extent that all or a portion of such individual's award was not actually earned due to a restatement of our financial results with the outcome being that the achievement of the related performance metric was less than previously reported.

We prohibit all of our employees and board members from engaging in any derivative transactions in our securities, from hedging the economic risk of their ownership of our stock and have adopted a policy restricting the pledging of our Class A shares by our board members and executive officers.

OUR COMPENSATION COMMITTEE HAS ITS OWN INDEPENDENT COMPENSATION CONSULTANT

Since 2009, the committee has engaged Veritas Executive Compensation Consultants, LLC to serve as its independent advisor. Veritas combined with Meridian Compensation Partners, LLC in April 2012. During 2012, the committee's advisor provided advice and recommendations on the design of our equity program, including the design of performance shares, as well as information on trends in executive compensation.

Management also engages its own consultants to provide advice on the design of various compensation programs. Specifically in 2012, management engaged Exequity LLC to provide advice on both short- and long-term incentives, including the design of our performance share program for our senior management group, and other more general executive compensation matters. Such consultants may attend compensation committee meetings and provide advice to the compensation committee. The committee at its discretion may also include its independent advisor in such reviews and decision-making processes, meeting either jointly or separately from management and management's consultant.

The committee assessed the independence of its advisors relative to the six factors identified by the SEC and NASDAQ and determined that both Meridian and Exequity are independent and without conflict of interest.

OUR COMMITTEE IS COMPOSED OF INDEPENDENT MEMBERS WITH LIMITED RELATIONSHIPS WITH THE COMPANY

During 2012, none of the members of the committee served at any time as an officer or employee of CME Group or received any compensation from us other than in his capacity as a member of the board or a committee thereof. Except as described below regarding Mr. Shepard, none of the members has any relationship with us other than service as a director or member of one of our exchanges or as an employee of one of our clearing or member firms. Mr. Shepard owns a minority interest in one of our clearing firms, which made payments to us of approximately \$60.0 million in 2012 in connection with trading activity conducted on our exchanges, and we made payments to the firm of approximately \$10.1 million for market making activity. Such fees are consistent with those prevailing at the time for corresponding activity by other similarly situated unrelated third parties. None of our executive officers served as a director or member of the compensation committee of another entity, one of whose executive officers served on our compensation committee during 2012.

Table of Contents

This discussion provides you with a detailed description of our compensation program for our named executive officers. It also provides an overview of our compensation philosophy and our policies and programs, which are designed to achieve our compensation objectives, and an overview of our program as it relates to other members of our management team. These individuals along with our named executive officers are referred to as our senior management group.

CME Group named executive officers

Our named executive officers for 2012 were:

Phupinder S. Gill, Chief Executive Officer

James E. Parisi, Chief Financial Officer

Terrence A. Duffy, Executive Chairman & President

Kimberly S. Taylor, President CME Clearing

Bryan T. Durkin, Chief Operating Officer

Craig S. Donohue, Former Chief Executive Officer

Opportunity for shareholder feedback

The compensation committee carefully considers feedback from our shareholders regarding the compensation program for our senior management group. Following the results of our 2011 say-on-pay proposal, the compensation committee reviewed the design of our program specifically as it related to the alignment of pay and performance for our senior management group. To enhance our program, our 2011 annual equity award to our senior management group, which was granted after the 2011 annual meeting, included performance shares based on cash earnings performance and total shareholder return relative to the S&P 500 measured over 2012. In early 2012, we provided additional information on our compensation program to our institutional shareholders and invited further feedback. For the 2012 annual equity awards, the committee:

further increased the proportion of performance shares to 50% of the long-term incentive award and eliminated the use of stock options for our senior management group;

extended the performance period; and

added a new performance metric.

As a result, the performance shares awarded in September 2012 are tied to our cash earnings growth on a per share basis and total shareholder return relative to the S&P 500 measured over 2013-2015.

We believe these changes are responsive to the feedback from our investors and enhance the performance orientation of our senior management group pay program.

At our 2012 annual meeting of shareholders, approximately 96% of shareholders voted FOR the approval of our non-binding advisory vote on the compensation of our named executive officers. These results reflect a significant increase from our prior vote and we believe reflects the enhancements we implemented in response to the 2011 say-on-pay voting results. We plan to continue to hold an annual advisory vote on executive compensation, which is consistent with the outcome of the shareholder advisory vote in 2011 on the frequency of such votes.

Shareholders who wish to directly communicate with members of the compensation committee may do so using directors@cme.com as discussed on **page 15** of this proxy statement.

You should read this section in conjunction with the advisory vote that we are conducting on the compensation of our named executive officers under **Item 3** on **page 21** as it contains information that is relevant to your voting decision.

EXECUTIVE SUMMARY

Our business

As the operator of a global derivatives marketplace, we offer the widest range of global benchmark products across all major asset classes based on interest rates, equity indexes, foreign exchange, energy, agricultural commodities, metals, weather and real estate. We bring buyers and sellers together through our CME Globex electronic trading platform across the globe and our open outcry trading facilities in Chicago, New York City and Kansas City. We also provide clearing and settlement services for exchange-traded contracts, as well as for cleared over-the-counter derivatives transactions. We also offer a wide range of market data services. For more information on our business, see **Business and Management s Discussion and Analysis of Financial Condition and Results of Operations** in our **2012 annual report**.

2012 business highlights

The year 2012 continued to prove challenging for the global financial services industry. Our performance during the year was solid and we continued our focus to position ourselves for strong long-term performance. We believe we delivered significant value to our shareholders based on the following accomplishments:

Generated \$3.0 billion of revenue.

Traded nearly 3.0 billion contracts with average daily volume of 11.4 million.

Continued to deliver on our strategic initiatives to globalize our business, enhance and further diversify our core business and provide an effective over-the-counter clearing solution.

Returned more than \$1.2 billion to our shareholders in dividend payments, which included the variable fifth dividend based on our 2012 performance that was accelerated to December.

2012 compensation highlights for our senior management group

The compensation committee took the following compensation actions with respect to our named executive officers during 2012 or related to 2012 performance:

Entered into revised employment agreements with Messrs. Duffy and Gill in connection with our CEO transition and leadership succession. To compensate Mr. Duffy for his expanded role as Executive Chairman & President, his base salary was increased from \$1,000,000 to \$1,250,000 and in connection with his promotion to CEO, Mr. Gill's base salary was increased from \$800,000 to \$1,000,000. A discussion of the CEO transition can be found on **page 35**. The details of the revised employment agreements for Messrs. Duffy and Gill can be found beginning on **page 53**. A discussion of the compensation of our former CEO, Mr. Donohue, can be found on **page 35**.

Awarded performance shares to our senior management group in September 2012 with goals tied to our cash earnings growth on a per share basis and total shareholder return as compared to the S&P 500 measured over a three-year period, 2013-2015, as described on **page 41**. The committee increased the level of performance shares to represent 50% of the 2012 annual equity award. As shown in the following chart, the increased use of performance shares and the elimination of stock options in 2012 increased the portion of compensation for our named executive officers that was tied to cash earnings and relative stock price performance from approximately 39% of the aggregate target total compensation in 2011 to approximately 50% in 2012.

Certified results for the September 2011 award of performance shares tied to 2012 cash earnings and total shareholder return relative to the S&P 500, resulting in 77% of the target number of shares being earned. Twenty-five percent of the earned shares vested in March 2013 with the remaining vesting annually over the next three years, subject to continued employment.

Edgar Filing: CME GROUP INC. - Form DEF 14A

Awarded performance shares tied to our most critical strategic initiatives, which included an award granted to Ms. Taylor in December 2012 for her leadership role on one of the initiatives. These shares will be earned based on the achievement of initiative-specific operational milestones and financial goals over the coming years.

Awarded bonuses to our senior management group based on our achievement of 2012 cash earnings at 86% of the target goal as described beginning on **page 39**. For 2012, we continued to set a cash earnings goal that would require significant effort on behalf of our management with the 2012 target representing an 8% increase over 2011 actual cash earnings despite the continued challenging environment.

Key elements of the program are designed to ensure pay for performance

Our overall goals and philosophy are complemented by several specific elements that are designed to align the compensation for our senior management group with performance and position the company for creating long-term shareholder value including:

Our annual bonus is tied to our generation of cash earnings. To the extent we fail to achieve cash earnings at the threshold level, representing 20% below the target in

Table of Contents

2012, no bonuses would be paid to our senior management group. The bonus opportunities for our named executive officers are set forth on **page 40**. We believe this metric is a key component to measuring our growth and contributes directly to deriving value for our shareholders as it is the metric used for determining our regular quarterly dividend payments.

The aggregate amount of our bonus pool is subject to an overall cap when we achieve cash earnings at the maximum level, representing 20% above the established target. We believe this cap provides transparency to our investors as to our compensation exposure as the expected expense is accrued on a quarterly basis based on actual cash earnings performance.

In addition to verifying the achievement of cash earnings, our compensation committee also considers other elements of our historical performance, including our net income, earnings per share and return on equity, as appropriate.

With our September 2012 long-term incentive award, we increased the portion of the annual equity award delivered in performance shares from 25% to 50%. We lengthened the performance period of these awards from one year to three years with cash earnings growth per share and total shareholder return relative to the S&P 500 as the performance metrics. We also use performance shares for key longer-term growth initiatives to focus select leaders on the achievement of financial metrics and/or operational milestones associated with our most critical growth initiatives. The annual equity award opportunities for our named executive officers are set forth on **page 42**.

Our senior management group is subject to stock ownership guidelines as discussed on **page 44**.

To ensure alignment with our shareholders, we have a policy that prohibits all employees and board members from engaging in any hedging or other derivative transactions with respect to CME Group stock and have adopted a policy which restricts pledging of our Class A common stock by our board members and executive officers.

Overview of pay and performance alignment

One of the guiding principles of our compensation program is to focus on achievement that benefits us and our shareholders. In support of that objective, a significant portion of the pay package for our CEO, Mr. Gill, and each of the other named executive officers is delivered in the form of stock-based compensation, the value of which rises and falls in alignment with our stock performance.

The following graphic depicts the alignment of the total pay of

the individual serving as CEO at the end of the applicable year with our total shareholder return and cash earnings achievement for each of the last five years. Total shareholder return (TSR) is shown on a year-over-year, indexed basis. Specifically, an investment of \$100 (with reinvestment of all dividends) is assumed to have been made in our Class A common stock on December 31, 2008 and its performance is tracked through December 31, 2012.

CEO pay, as depicted in the following graphic, is the sum of reported pay elements set forth in the **Summary Compensation Table** for each of the last five years except for the values of stock option, restricted stock, and performance share awards which are included as follows:

The value of stock option awards is shown as (1) the value realized at exercise for any options exercised during the year as reported in the **Option Exercises and Stock Vested** table, and (2) the value of all outstanding, in-the-money stock options at year end measured as the difference between our stock price at year end minus the option exercise price.

Edgar Filing: CME GROUP INC. - Form DEF 14A

The value of restricted stock awards is shown as (1) the value realized on vesting for any shares that vested during the year as reported in the **Option Exercises and Stock Vested** table, and (2) the value of all outstanding restricted shares at year end measured at our stock price at year end.

The value of performance share awards is shown as the market value of the shares actually earned at the completion of the performance period, as reported in the **Outstanding Equity Awards at Fiscal Year End** table, and as certified by the committee, based on our achievement of cash earnings and relative TSR goals.

While the **Summary Compensation Table** discloses the fair value of stock option, restricted stock and performance share awards on the grant date in the manner required by the SEC (for purposes of allocating the accounting expense over the requisite service period), we feel that those values do not reflect the value actually received as a result of actual stock and cash earnings performance. We believe the value of stock option, restricted stock and performance share awards as shown in this section better reflects the true alignment of our CEO's pay with our stock performance. As the graphic shows, our CEO's total actual pay plus the unrealized value of his outstanding equity awards at year end has been aligned with TSR over the last five years, which accords with the primary objectives of our executive compensation program.

On balance, CEO pay shows alignment with both stock performance and cash earnings given the heavy weighting of incentives tied to these measures in the total pay package.

CEO TRANSITION

In March 2012, we announced that Mr. Donohue, our CEO since 2004, had informed the board of directors that he intended to retire from his position upon the completion of his contract term. As part of our succession plan, the board appointed Mr. Duffy, who had been serving as Executive Chairman, to the expanded role of Executive Chairman & President and Mr. Gill, who had been serving as President, to the position of CEO upon the completion of the leadership transition. As a result, we consolidated our most senior roles from three to two positions. The board entered into revised agreements with Messrs. Duffy and Gill effective as of April 18, 2012. The terms of Messrs. Duffy's and Gill's agreements are described beginning on **page 53**. Messrs. Donohue, Duffy and Gill worked together to effectuate an orderly leadership transition, which was finalized on May 1, 2012, when Mr. Donohue retired from his position as CEO and resigned as a director of the company.

DONOHUE RETIREMENT AGREEMENT AND 2012 COMPENSATION

On May 1, 2012, we entered into a retirement agreement with Mr. Donohue. Under the agreement, in exchange for a release of claims against the company and an agreement to extend the duration of Mr. Donohue's non-competition and non-solicitation covenants through December 31, 2013, Mr. Donohue received payments in respect of the salary, benefit coverage and company supplemental retirement contributions he would have received had he remained employed through his originally scheduled retirement date of December 31, 2012. He received payments from the retirement and deferred compensation plans in accordance with the plans' provisions.

Mr. Donohue remained eligible to receive an annual bonus pertaining to the company's 2012 fiscal year, subject to the attainment by the company of the applicable performance goals. The compensation committee subsequently approved a bonus reflective of the company's achievement of 86% of the target level performance.

Mr. Donohue received a grant of equity compensation in accordance with the requirements of his employment agreement, with a target value of 350% of his base salary. The equity grant was made on April 30, 2012, satisfied in the following manner: (i) 50% was satisfied in the form of time-based restricted stock; (ii) 25% in the form of non-qualified stock options; and (iii) 25% in the form of performance shares. The performance shares were tied to two equally-weighted goals: 2013 cash earnings and 2013 total shareholder return relative to the S&P 500.

With respect to the performance shares granted in September 2011, Mr. Donohue earned 77% of the target shares granted, which correlated to the company's achievement of 86% of target cash earnings and total shareholder return results at the 44th percentile of the S&P 500 in 2012.

In accordance with the terms of Mr. Donohue's employment agreement, equity awards granted to him that were scheduled to vest based on continued employment with the company were vested upon the effectiveness of the release of claims previously discussed. The expiration date for exercising stock option awards is the earlier of four years from his retirement date and the expiration of the maximum term of the option. Vesting of outstanding performance-based equity awards is dependent on attainment of the applicable performance goals.

PHILOSOPHY AND OBJECTIVES OF OUR COMPENSATION PROGRAM

The elements of our executive compensation program are designed to:

Pay for performance. Focus on company and individual achievement for the benefit of CME Group and its shareholders through the incorporation of a significant portion of annual compensation for our senior management group that varies based on company and individual performance.

Reward growth and profitability without undue risk. Motivate and reward our employees to achieve results in support of our strategic initiatives and to encourage profitability and growth while discouraging excessive risk taking.

Hire and retain top caliber executives. Our compensation and benefits program are competitively designed to attract and retain the best talent.

Align with shareholder value. The interests of our senior management group are linked to those of our shareholders through the risks and rewards of the ownership of our stock. The overall design of the program, while competitive, should also be at a reasonable cost to our shareholders.

Our program is designed to be consistent with best practices

The compensation committee designs our compensation program to motivate our senior management group to lead our entire company toward achieving short- and long-term financial and strategic goals, in addition to increasing shareholder value, all without encouraging excessive risk taking. The committee continually evaluates what it considers to be best practices in executive compensation, and modifies

Table of Contents

our program to support our strategies and provide an appropriate balance of risk and reward. The following highlights our current compensation practices that we believe drive performance and focus our senior management group on the creation of long-term value:

We tie pay to performance. In 2012, approximately 50% of the target total compensation opportunity for our named executive officers was tied to specific cash earnings or relative total shareholder return performance goals, compared to 39% in 2011.

We set objective targets tied to company performance for our cash bonus that must be met at the threshold level in order to fund the bonus pool.

We mitigate undue risk, including utilizing caps on potential payouts and clawback provisions.

We have reasonable post-employment change of control provisions.

We use employment contracts on a limited basis. Contracts are generally structured to include a three-year term, do not provide for excessive severance payments or include tax gross ups.

We have adopted stock ownership guidelines and restrictions on hedging and pledging transactions to ensure our executive s interests are linked to those of our shareholders.

We provide only modest perquisites.

Our compensation committee reviews the reasonableness of our compensation by reviewing tally sheets and wealth accumulation reports.

USE OF COMPETITIVE DATA AND COMPARISON PRACTICES

Benchmarking practices

We are a complex organization that seeks to attract talent from a broad group of companies primarily located in the financial services industry and within the technology sector. Because no individual company or single group of companies is exactly comparable to CME Group, when reviewing competitive data, we consider a broad set of data from a number of sources. We believe that reviewing a combination of published survey compensation data in addition to publicly available compensation data (e.g. proxy statements) provides a valid reference point for the range of pay among companies with whom we compete for executive talent.

We generally broadly target compensation opportunities at the median (50th percentile) of the market, in total and for each component of pay for target performance levels. However, we believe that benchmarking does not provide a complete basis for establishing compensation. Therefore, we do not use the market statistics rigidly, nor do we apply any specific formula to the data. We also review the range of values around the median, including the 25th and 75th percentiles.

We use the competitive compensation data for several purposes as it relates to the named executive officers and other employees. We use it to assess the competitiveness of total compensation for individual members of senior management and other employees on an annual basis and we use it to develop and evaluate total compensation programs and guidelines for senior management and other employees on a more ad hoc basis.

Edgar Filing: CME GROUP INC. - Form DEF 14A

When making decisions about senior management pay, we analyze compensation relative to the market median levels, and may make adjustments for market conditions and special considerations as appropriate in the context of our pay for performance philosophy. The compensation committee within its discretion may make alterations based on its evaluation of the benchmarking data as it deems appropriate to ensure that our senior management compensation is performance-based and competitive in nature.

CME Group compensation peer group

We have identified the following 18 companies as our peer group for benchmarking our program for our senior management and members of our board of directors.

In selecting the peer group for executive compensation purposes, we targeted the following industries: exchanges, financial services, technology, transaction services and other technology-driven companies. We selected companies within these sectors of similar size as measured by revenue and market capitalization. The companies within the peer group are between 0.5 and 2.5 times CME Group in terms of revenues or market capitalization. CME Group is positioned at the 34th percentile of the peer group on revenue and at the 72nd percentile on market capitalization.

In 2012, the compensation committee approved the removal of BlackRock, Inc. from the peer group based on a lack of correlation with BlackRock's business model.

Comparison of CEO pay to other named executive officers

The differences between the allocation of compensation of our CEO and the other named executive officers are primarily the result of the differences in the role and responsibilities of the individual within the organization, the level of competitive demand for the individual's talent in the industry and the results of our benchmarking studies for similarly situated positions in the marketplace. We have not adopted a policy whereby the compensation of the CEO or any other named executive officer must be a certain multiple higher or lower than any of the other named executive officers. As previously discussed, we broadly target total compensation levels at the median (50th percentile) of our peer group.

Role of individual performance in the program

While consideration of benchmarking data to ensure that our compensation is competitive is a critical component of compensation decisions, individual performance is factored into setting compensation in the following ways:

Base salary adjustments are based on an assessment of the individual's performance in the preceding year, changes in his or her responsibilities as well as a comparison with market data for comparable positions in our peer group and within the industry.

Our incentive targets for annual bonus and equity opportunities are based on the individual's role and responsibilities in the organization in achieving our annual goals as well as the competitive market data for similarly situated positions in the marketplace.

Individual performance and the achievement of specific goals is taken into consideration by the compensation committee in determining whether to use its discretion in approving annual bonuses and equity awards at, above or below the target level.

Table of Contents**PRINCIPAL ELEMENTS OF OUR COMPENSATION PROGRAM**

The principal components of our executive compensation program and the purpose of each component are presented in the following table.

Compensation Component	Key Characteristics	Purpose	Where Reported in More Detail
Base Pay	Fixed compensation component. Reviewed annually, and adjusted, if and when appropriate.	Intended to compensate the executive fairly based upon their job duties and level of responsibility.	Summary Compensation Table on page 46 under Salary and described on page 39 .
Performance-Based Bonus	Variable compensation component. Opportunity based upon our performance measured by cash earnings. Annual target levels set to encourage significant effort and growth. Individual awards based on bonus opportunities and individual performance.	Intended to motivate and reward the executive's contribution to achieving our short-term/annual goals.	Summary Compensation Table under Non-Equity Incentive Compensation, Grants of Plan-Based Awards on page 48 under Estimated Future Payouts Under Non-Equity Incentive Plan Awards and described on page 39 .
Long-Term Incentives	Variable compensation component. Amounts actually realized will depend upon stock price appreciation and company performance.	Intended to motivate and reward the executive's contribution to achieving our long-term objectives and increasing shareholder value and to serve as a retention mechanism.	Summary Compensation Table under Stock Awards and Option Awards, Grants of Plan-Based Awards under the columns referencing equity awards, Option Exercises and Stock Vested on page 51 and described on page 41 .
Health and Welfare Plans and Retirement Plans	Fixed component of pay.	Intended to provide benefits that promote employee health and support employees in attaining financial security.	Summary Compensation Table under Change in Pension Value and Non-Qualified Deferred Compensation Earnings and All Other Compensation, Pension Benefits on page 51 and Non-Qualified Deferred Compensation on page 52 .
Post-Employment Compensation	Fixed compensation component.	Intended to provide a temporary income source following termination (other than for cause) and in the case of a change in control to ensure continuity of management during that event.	Potential Payments to Named Executive Officers on page 56 and described on page 53 .

Table of Contents

We do not maintain formal targets for the allocation of total compensation through each of the foregoing elements. We believe that members of our senior management group, who have more direct responsibility for the performance of CME Group, should have a greater percentage of their compensation tied to the performance of CME Group. In accordance with this philosophy:

Base salary should decrease as a percentage of overall compensation as employees gain more responsibility with more direct influence over our performance.

Employees in positions that most directly influence performance should have a larger percentage of their compensation tied to CME Group's performance through equity awards and a portion of the equity awards tied to corporate performance goals.

Actual awards of incentive compensation should be closely aligned with the performance of CME Group. The following are the approximate average percentages that the elements represent out of the total compensation for our named executive officers for 2012 as set forth in the **Summary Compensation Table**:

	Annual		Other
Base Salary	Cash Bonus ⁽¹⁾	Annual Equity ⁽²⁾	Compensation ⁽³⁾
21%	18%	51%	10%

- (1) Annual cash bonus is composed of amounts listed in the **Summary Compensation Table** under Non-Equity Incentive Plan Compensation.
- (2) Note that the annual equity value shown in the **Summary Compensation Table** includes the restricted stock award made in September 2012, the performance shares awarded in September 2011 based on 2012 cash earnings achievement, and the performance shares awarded in September 2012 based on 2013-2015 total shareholder return relative to the S&P 500. The performance shares granted in September 2012 tied to 2013-2015 cash earnings growth per share achievement are not included in the **Summary Compensation Table** for 2012 because the specific goal was not approved until 2013.
- (3) Other compensation is composed of amounts listed in the **Summary Compensation Table** under Change in Pension Value and Non-Qualified Deferred Compensation Earnings and All Other Compensation columns.

Description of each element of compensation

Base pay

We generally target base pay at the 50th percentile of the competitive market relative to each position's duties and level of responsibility. Each year the compensation committee reviews the base salaries of the senior management group taking into consideration their total compensation. In general, the evaluation of base salaries involves a review of a variety of factors:

The nature and responsibility of the position.

The impact, contribution, expertise and experience of the individual.
Competitive market information regarding salaries to the extent available and relevant.

The importance of retaining the individual along with the competitiveness of the market for the individual's talent and services.

Recommendations of the Executive Chairman & President and CEO (except in the case of their own compensation).

In general the compensation committee considers salary increases for the senior management group on an annual basis early in the year. As previously described, the committee approved a base salary increase for Messrs. Duffy and Gill in connection with their revised employment contracts associated with the leadership transition. Additionally, in early 2012, the committee approved a base salary increase for Ms. Taylor from \$500,000 to \$600,000 and Mr. Durkin from \$575,000 to \$600,000 to recognize their contributions and better align with competitive market levels.

Bonus

Our annual bonus program is designed to focus the named executive officers and other members of senior management on the accomplishment of specific goals. In support of our philosophy, the performance-based bonus awards only pay out when we achieve cash earnings at or above the threshold level. We use this metric because we believe it provides a transparent view of CME Group's performance during the year. Cash earnings is also the metric used in our dividend policy. Our current dividend policy provides that our annual regular dividend target will be approximately 50% of the prior year's cash earnings.

The cash earnings target is approved by our board of directors as part of our annual planning process and is also approved by the compensation committee as the performance metric for annual bonus opportunities (adjusted to eliminate the impact of certain non-operating items). During the annual planning process, members of our senior management group undergo a detailed process to develop our annual operating budget and our revenue and growth expectations which are used to formulate the projected cash earnings target for the following year. In setting the goals for the upcoming year, it is expected that such goals will be set at levels that require significant achievement on the part of our senior management group taking into consideration CME Group's current circumstances and the overall state of the industry. The cash earnings target for 2012 represented an 8% increase over our actual cash earnings generated in 2011.

Annual bonuses will only be paid to our senior management group to the extent we achieve cash earnings at or above the threshold level, which is set at 80% of the target performance

Table of Contents

goal for 2012. In recognition of the extremely challenging operating environment, and management's recommendation to continue to set a challenging stretch goal for purposes of the annual bonus plan, the committee approved establishing the threshold level of performance at 75% of the target performance goal for 2013. The annual bonus pool is subject to a cap when we achieve cash earnings at the maximum level, which is set at 120% of the established target goal.

Our cash earnings are calculated using the following formula for purpose of the annual bonus.

Cash Earnings Calculation for Annual Bonus
Net Income
+ Depreciation
+ Stock Based Compensation*
+ Amortization on Purchased Intangibles*
<u>- Capital Expenditures</u>
<u>= Cash Earnings</u>
+/- Net Interest Expense*
= Bonus Incentive Plans Cash Earnings Target as approved by compensation committee

***Adjusted on an after tax basis**

The following shows our cash earnings goals and actual achievement for 2012 for purposes of our annual bonus program:

Threshold	Target	Maximum	Actual
\$1.1 billion	\$1.4 billion	\$1.7 billion	\$1.2 billion

The compensation committee has discretion to make adjustments to the cash earnings target to reflect positive or negative effects of external events outside the control of our senior management group, such as unforeseen litigation or changes in accounting or taxation standards. Such adjustments may also reflect positive or negative effects of unusual or significant strategic events that are within the control of our senior management that were not contemplated at the time the goal was established and that were undertaken with an expectation of improving our long-term financial performance, such as acquisitions or strategic relationships. In 2012, the committee approved adjustments regarding certain non-performance events, such as the Dow Jones/S&P joint venture, the divestiture of our Credit Market Analysis business and the market closure due to Hurricane Sandy, which included both positive and negative impacts to our cash earnings consistent with prior practice.

2012 bonus awards

Annual bonus opportunities are based upon CME Group's achievement of cash earnings and are awarded in consideration of the individual's performance during the year. The committee approved the bonuses for the named executive officers for 2012 based on our achievement of cash earnings and in recognition of the previously discussed accomplishments set forth on **page 32**.

Edgar Filing: CME GROUP INC. - Form DEF 14A

The table below shows the payout opportunities and actual bonus payments for 2012 as well as a comparison to actual 2011 cash bonuses for the named executive officers.

Our 2012 actual annual cash earnings results were 86% of the target level performance. As such, bonuses for the named executive officers were approved by the committee at 66% of their individual bonus target opportunities. The bonuses for all named executive officers were delivered at the level determined by cash earnings performance, without any additional discretion applied by the committee.

Other members of our senior management group have target bonus opportunities ranging from 75% to 100% of their base earnings.

Equity

Long-term grants of equity are important to reflect an alignment with shareholder value creation and a competitive mix of long- and short-term incentives. Our equity program is designed to reward and encourage the success and contributions of our employees, including our named executive officers, which leads to value creation for CME Group and our shareholders.

Historically, we have used stock options and time-vested restricted stock as the primary long-term incentive vehicles. In September 2011, we enhanced our compensation program by introducing performance shares to our annual equity grant program for our senior management group, and in September 2012 the annual equity awards for members of our senior management group, other than Mr. Donohue, were comprised of 50% performance shares and 50% time-vested restricted stock. This mix of equity vehicles enables us to focus employees on stock price appreciation, provides for employee retention and directly aligns employee interests with shareholder value creation.

Equity grant practices

The following is a summary of our equity grant practices and the role of the committee in approving awards:

Options have a 10-year maximum term.

We used the closing price on the date of grant as the exercise price for option awards.

Our Omnibus Stock Plan and our Director Stock Plan prohibit the granting of options or stock appreciation rights below the market value on the date of grant, the repricing of existing awards, and payment of dividends on performance based shares prior to the achievement of performance goals. Beginning with the 2010 annual equity grant, dividends relating to outstanding shares of unvested time-based restricted stock are accrued and paid out at vesting.

Our annual equity awards are granted on September 15th or in the event the 15th is not a business day, the closest business day thereto.

At a meeting prior to the annual grant date, the committee approves the awards for the senior management group based upon the target equity opportunities and recommendations from the Executive Chairman & President and CEO using a pre-set calculation of a percentage of base salary and a recent closing price. Actual awards are granted based on the previously approved calculation and the closing price on the actual grant date. The committee receives a report of the actual awards at a subsequent meeting.

The committee has delegated authority to the CEO to approve annual, sign-on, retention and initiative-based equity awards to employees below our senior management group other than our chief accounting officer within parameters set by the committee. The CEO provides the committee with an annual report on awards granted under such delegated authority.

In September 2012, the annual grants for our senior management group, other than Mr. Donohue, were comprised of 50% performance shares and 50% time-vested restricted stock. The equity targets for our named executive officers were established based upon a review of the nature of the responsibility of the position of the executive within CME Group, the competitive market data derived through our benchmarking practices and the ability of the employee to impact the overall growth and performance of CME Group based upon his or her role within the company. As discussed in more detail on **page 37**, we generally target total compensation in the 50th percentile of our peer group. Through our benchmarking process, we compare equity compensation on a standalone basis as well as part of an executive's overall total compensation.

The committee has the discretion to adjust the annual equity awards for the Executive Chairman & President and CEO in a range of 15% above or below the target opportunity listed in the table on **page 42** to distinguish for individual performance. The committee has the discretion to adjust equity awards for the other members of our senior management group from 0.5 to 1.5 times the target opportunities listed in the following

Edgar Filing: CME GROUP INC. - Form DEF 14A

table to distinguish for individual performance. In September 2012, all annual equity awards for the named executive officers were made at the target levels.

Performance shares tied to 2013-2015 performance

The September 2012 performance share award criteria were divided with 50% based on cash earnings growth on a per share basis and 50% based on total shareholder return relative to the S&P 500 for 2013 through 2015. Following the three-year performance period, the award will be settled in unrestricted shares of stock, based upon achievement of the following performance metrics:

Cash Earnings Growth Performance % of Target Award Earned				
Below Threshold	Threshold	Target	Maximum	
0	50%	100%	200%	
Relative TSR Performance % of Target Award Earned				
Below 25th Percentile	25th Percentile	50th Percentile	75th Percentile	200%

(1) Actual value of equity awards in 2012 was calculated using the closing price on the date of the grant on September 14, 2012 of \$58.89. The valuation methods used for award determination reflected above differ from those used in the **Summary Compensation Table**. Additionally, the performance share portion of the equity award tied to the three-year cash earnings growth goal is not included in the **Summary Compensation Table** as the specific cash earnings growth goal was not approved by the compensation committee until 2013.

(2) Amounts do not include the performance share awards granted under our initiative based program as those are determined based on individual participation in certain key corporate initiatives. Ms. Taylor is the only named executive officer who received such awards in 2012.

Initiative-based performance shares

In addition to annual equity awards, certain members of our senior management group are eligible to receive performance share awards based upon their contributions to select key corporate initiatives. Participation in such awards is at the recommendation of the Executive Chairman & President and CEO, subject to approval by the compensation committee. Under this program, awards are earned based on performance against initiative-specific operational milestones or financial goals as certified to by the committee.

In 2012, we granted such initiative-based performance shares to members of our senior management group, including Ms. Taylor, relating to three of our key strategic initiatives.

Performance-based grant of restricted stock

Messrs. Duffy and Gill do not participate in the foregoing initiative-based performance share program. In lieu of such participation, Messrs. Duffy and Gill are entitled to receive an

additional grant of time-vested restricted stock with a value of up to 100% of their base salary based upon the achievement of outstanding performance as measured based on cash earnings and total shareholder return measured over the prior year:

	For each 0.1%	At or Above
Cash Earnings Performance	Above 120%	130% of
	of Goal	Goal
Value of Performance Award as % of base salary	0.5%	50%

	For each 0.1%	At or Above
Relative TSR Performance	Above 75th	85th
	Percentile	Percentile
Value of Performance Award as % of base salary	0.5%	50%

Since actual 2012 cash earnings was 86% of the target goal and CME Group's total shareholder return was at the 44th percentile of the S&P 500, no shares were granted based on 2012 performance.

Table of ContentsAdditional information on performance shares granted in 2011 tied to 2012 performance

Members of our senior management group received performance share awards in 2011 contingent on 2012 performance as part of their annual equity award as well as

part of our initiative-based awards program. The following table shows total payout opportunities of these awards based on the range of performance against the established metrics, and actual shares earned when performance was certified by the committee in early 2013.

(1) The company achieved 86.3% of the cash earnings target and 44th percentile TSR relative to the S&P 500, which resulted in 77% of the total target performance shares being earned (i.e., 65.75% of the target cash earnings shares were earned and 88% of the target TSR shares were earned).

(2) Based on the Committee's certification of performance, the pre-established goal associated with this award was not achieved and no shares were earned.

Health and Welfare Plans and Retirement Plans

All eligible employees, including the named executive officers, participate in our benefit programs. We provide health and wellness benefits, including medical and dental coverage, disability insurance benefits based on two-thirds of base pay and life insurance benefits based on three times base pay. In addition, employees are eligible to participate in our qualified retirement plans, which consist of our 401(k) savings plan and

our cash balance pension plan.

In addition to the qualified retirement plans, employees whose pay exceeds the compensation limits for qualified benefit

plans set by the Internal Revenue Service participate in a non-qualified deferred compensation plan which provides for make-whole contributions. For more information on our deferred compensation plans, see **Non-Qualified Deferred Compensation Plans** beginning on **page 52**.

Qualified and non-qualified retirement benefits provided to the named executive officers are set forth in the following tables: **Pension Benefits** and the **Non-Qualified Deferred Compensation Plans** on **pages 51 and 52, respectively**.

Table of Contents

PERQUISITES AND OTHER PERSONAL BENEFITS

We provide limited perquisites and other personal benefits to our senior management that we believe are moderate and consistent with our overall compensation program. We provide monthly parking benefits to a subset of our senior management group, including Messrs. Duffy and Gill and, prior to his retirement, we provided monthly parking benefits to Mr. Donohue. Additionally, all of our senior level employees are entitled to an annual physical examination. The aggregate value of all perquisites received by each named executive officer in 2012 did not exceed \$10,000. To the extent that perquisites result in imputed income to the individual, we do not provide gross-up payments to cover the personal income tax due on such imputed income.

POST-EMPLOYMENT COMPENSATION

Our employment contracts contain reasonable provisions and ensure continuity of leadership

Our philosophy is to enter into employment contracts and retention agreements on a very selective basis in light of the particular facts and circumstances involved in the individual employment relationship, such as whether the employment arrangement would be necessary to recruit and/or retain necessary talent with compensation terms that we believe are in accordance with our overall compensation program. Our employment agreements typically are for a period of three to five years, include non-compete and non-solicitation provisions, do not provide for cash severance payments in excess of three times annual base salary, do not provide for gross-up payments (except in connection with certain self-insured supplemental life insurance payments that would be paid to Mr. Duffy's beneficiaries under his agreement) and include a requirement that the executive execute a release agreement before becoming entitled to receive severance payments. All contractual compensation terms within the employment agreements for our senior management group are reviewed and approved by the compensation committee. We believe that our existing employment contracts contain compensation terms in line with our overall compensation program and philosophy. A description of the employment agreements we have with Messrs. Duffy and Gill and our former CEO, Mr. Donohue, is set forth in the section entitled **Potential Payments Upon Termination or Change-in-Control Employment Agreements and other Compensation Arrangements with Named Executive Officers** beginning on **page 55**.

We have reasonable change-in-control and other termination provisions

Change-in-control provisions assist us with retention during rumored and actual change of control activity when

management continuity is key to preserving the value of the business. We also provide other severance benefits in connection with terminations other than for misconduct. We believe these benefits allow us to facilitate changes in key employees, as needed, and to ensure minimal disruption to the business in exchange for non-competition and non-solicitation benefits for CME Group along with a general release.

A description of our severance policies and practices and the estimated amounts that would be payable to our named executive officers under certain circumstances are set forth under the section entitled **Potential Payments Upon Termination or Change-in-Control** beginning on **page 53**.

OTHER COMPENSATION POLICIES

We have established stock ownership guidelines to ensure alignment of interests with our shareholders

The committee has established the following stock ownership guidelines for the members of our senior management group:

The Executive Chairman & President and CEO: shares with a value equal to at least a multiple of five times base pay.

Other members of the senior management group: shares with a value equal to at least a multiple of three times their respective base pay.

Edgar Filing: CME GROUP INC. - Form DEF 14A

Each individual has five years from the date of hire or promotion to achieve their ownership guideline.

The compensation committee monitors compliance with these stock ownership guidelines on an annual basis. Generally shares that are deemed owned for purposes of Section 16 of the SEC regulations (excluding unvested shares granted as restricted stock) are counted towards satisfaction of these guidelines. Shares are valued based upon the greater of (i) the fair market value at the time of the assessment and (ii) the actual value at the time of acquisition or, in the case of restricted stock or performance shares, at the time of vesting.

We prohibit derivative transactions and hedging of ownership risk of our securities and have adopted a policy restricting the pledging of our Class A shares

To ensure alignment of interests between our employees and board members and our shareholders and to further ensure that such individuals share in the risks and rewards of the ownership of our stock, we prohibit our employees and members of the board from engaging in any derivative or hedging transactions relative to their ownership of our stock. The board also has adopted a policy prohibiting pledging of our Class A shares, subject to certain carve outs for existing arrangements as described on **page 12**.

Our compensation committee and board annually review the total compensation of our senior management

To ensure that the committee members are informed of the potential compensation levels of our senior management group, the committee reviews on an annual basis all components of their compensation package and total compensation. This review includes annual base pay, annual cash bonus, value of annual equity awards, in-the-money value of all historic equity grants including monetized gains, the value of retirement contributions under our qualified and non-qualified plans, and potential change-in-control payments. The committee provides an annual report on the results of this review to the board during an executive session. No changes to our program were made as a result of the most recent annual review. For more information on the operation of our compensation committee see **page 29**.

We have implemented a recoupment policy

In furtherance of our philosophy to ensure that the interests of our senior management are aligned with those of our shareholders, effective as of February 2010, the compensation committee recommended and the board approved a recoupment policy. This policy provides the board with the discretion to recoup annual bonus payments to our employees at the level of managing director and above in the event of a financial restatement, the effect of which is that such incentive payments were not otherwise earned by an individual under our bonus programs based upon the restated calculation of our cash earnings or any other performance metric in effect at the time. We plan to continue to monitor the requirements to amend our recoupment policy for compliance with the provisions of the Dodd Frank Act once implemented by regulation.

TAX AND ACCOUNTING IMPLICATIONS

The committee recognizes that tax and regulatory factors may influence the structure of executive compensation programs, including:

Limit on Tax-Deductible Compensation. Section 162(m) of the Internal Revenue Service Code imposes a \$1 million limit on the deduction that we may claim in any tax year with respect to compensation paid to any of the named executive officers, but excluding the principal financial officer. However, the code allows for certain types of performance-based exemptions to this \$1 million limit, provided that the compensation plan meets

certain requirements. Compensation payable solely on attainment of one or more performance goals is not subject to the deduction limit if:

- (i) the performance goals are objective, pre-established and determined by a committee composed solely of two or more outside directors;
- (ii) the material terms of the performance goals under which the compensation is to be paid are disclosed to the shareholders and approved by a majority vote; and
- (iii) the committee certifies that the performance goals and other material terms were in fact satisfied before the compensation is paid.

Our shareholder approved bonus plan is designed to comply with the requirements of Section 162(m). However, the committee believes that shareholder interests are best served if the committee's discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in non-deductible compensation expenses. Therefore, the committee reserves the right to authorize payments or take other actions that can result in the payment of compensation that is not deductible for income tax purposes.

Accounting for Stock-Based Compensation. We account for stock-based compensation, including all awards pursuant to our equity program, under the fair value method. We also estimate expected forfeitures of stock grants. The tax deduction is taken at the time the stock option is exercised or the restricted or performance shares vest, as applicable.

COMPENSATION COMMITTEE REPORT

The compensation committee reviewed and discussed the **Compensation Discussion and Analysis** with our management. After such discussions, the committee recommended to the board of directors that the **Compensation Discussion and Analysis** be included in this proxy statement and incorporated by reference into our annual report on Form 10-K.

SUMMARY COMPENSATION TABLE

The following table provides information regarding the compensation earned during the year ended December 31, 2012 by our named executive officers. In 2012, *salary* accounted for approximately 21% of the total compensation of the named executive officers as a whole and *non-equity incentive compensation* accounted for approximately 18% of such total compensation.

- (1) The amounts reflected in the *Stock Awards* and *Option Awards* columns reflect the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board ASC Topic 718 without giving effect to estimated forfeitures. The Black-Scholes fair value of the 2012 option grant was calculated using the following assumptions: dividend yield of 4.5%; expected volatility of 40%; risk-free interest rate of 0.8% and expected life of 5.1 years. The fair value of the 2012 restricted stock grants was calculated using the closing price on April 30, 2012 of \$53.16 and September 14, 2012 of \$58.89. The fair value of performance shares based on cash earnings shown in 2012 was calculated using the closing price on March 5, 2012 of \$56.20 and December 14, 2012 of \$51.23. The fair value of performance shares based on TSR relative to the S&P 500 shown in 2012 was calculated using prices of \$65.50 for April 30, 2012 and \$56.32 for September 14, 2012, which were derived from Monte-Carlo simulations.
- (2) The amounts included in the *Non-Equity Incentive Plan Compensation* column reflect awards to the named executive officers under our bonus plans, which are discussed on **page 39** under the *Bonus* heading. No other bonuses were paid.
- (3) The amounts reflected in the *Change in Pension Value* and *Non-Qualified Deferred Compensation Earnings* column reflect only the change in the pension value during the particular year. Under our non-qualified deferred compensation plans, participants may invest in one or more market investments that are available from time to time. This is the only return that they receive and, therefore, no above-market earnings are reflected in this table. For more information on our deferred compensation plans, see the section entitled **Non-Qualified Deferred Compensation Plans** on **page 52**.

Table of Contents**2011 SUMMARY COMPENSATION TABLE (continued)**

(4) Amounts included in the *All Other Compensation* column for 2012 are as follows:

	401(k) Company Contribution	Supplemental Plan ⁽⁹⁾	Other ⁽¹⁰⁾	Total
Phupinder S. Gill	\$ 7,500	\$ 141,793	\$ 3,801	\$ 153,094
James E. Parisi	7,500	61,380	1,350	70,230
Terrence A. Duffy	7,500	184,117	1,125	192,742
Kimberly S. Taylor	7,500	84,500	1,705	93,705
Bryan T. Durkin	7,500	88,778	1,620	97,898
Craig S. Donohue	7,500	139,995	781,609	929,104

(5) Mr. Gill received an increase in his annual base salary from \$800,000 to \$1,000,000 effective as of May 1, 2012 in connection with our leadership transition. The amount set forth in the *Salary* column for 2012 reflects the actual salary earned during the period.

Table of Contents

- (6) Mr. Duffy received an increase in his annual base salary from \$1,000,000 to \$1,250,000 effective as of May 1, 2012 in connection with our leadership transition. The amount set forth in the *Salary* column for 2012 reflects the actual salary earned during the period. As discussed under the section entitled **Potential Payments upon Termination or Change-in-Control Employment Agreements and other Compensation Arrangements with Named Executive Officers** on page 53, we have agreed to self-insure supplemental life and long-term disability coverage for Mr. Duffy and to gross up his beneficiaries for any additional taxes incurred as a result of the supplemental life coverage. Because no actual payments were made or liabilities incurred as a result of this coverage, no amounts have been included in Mr. Duffy's compensation in respect of such coverage.
- (7) Ms. Taylor was not a named executive officer in 2011 or 2010.
- (8) Mr. Donohue retired from his position as CEO effective as of May 1, 2012. The amount set forth in the *Salary* column for 2012 reflects the actual salary earned through May 1, 2012. Mr. Donohue's compensation is discussed in detail under **Donohue Retirement Agreement and 2012 Compensation** on page 35.
- (9) The items included under the *Supplemental Plan* column are 401(k) make-whole and pension make-whole contributions. Make-whole contributions are company contributions for individuals whose compensation has exceeded the statutory compensation limit identified in Section 401(a)(17) of the internal revenue code and thus must be excluded from consideration in qualified retirement plans.
- (10) The items included in the *Other* column are life insurance premiums paid by us for the benefit of the named executive officer and gross ups related to incremental tax obligations incurred by Mr. Gill and Ms. Taylor for time spent working in New York state. These payments are generally made available to our eligible employee population. Mr. Donohue was paid the following post-termination payments: \$669,230 in remaining salary through December 31, 2012; \$100,800 lump sum payment in respect to supplemental retirement contributions; and \$9,111 for accrued and unused vacation balance in accordance with company policy. Mr. Donohue's compensation is discussed in detail under **Donohue Retirement Agreement and 2012 Compensation** on page 35.

GRANTS OF PLAN-BASED AWARDS

The following table shows the possible payouts to our named executive officers in 2012 under our Annual Incentive Plan for Named Executive Officers (Messrs. Gill, Duffy, Durkin and Donohue and Ms. Taylor) and our Annual Incentive Plan (Mr. Parisi) and the equity awards granted under our Omnibus Stock Plan in 2012. For additional information on our equity and bonus programs, see the section of this proxy statement entitled **Compensation Discussion and Analysis**.

(1) Bonus refers to 2012 annual bonus opportunity, PS-CE refers to performance shares granted tied to cash earnings achievement, PS-TSR refers to performance shares granted based on total shareholder return relative to the S&P 500, RS refers to restricted stock awards, PS-IB refers to initiative based performance shares granted based on certain key company initiatives, and Options refers to stock option awards.

(2) The amounts shown in the Threshold, Target and Maximum columns reflect the bonus opportunity for our named executive officers based upon their annual bonus target and are dependent upon the level of cash earnings achieved.

(3) Under our equity program, eligible employees, including members of our senior management group, typically receive annual equity grants in September. On March 5, 2012, our compensation committee approved the cash earnings goal for 2012 for the performance shares awarded in September 2011. On September 12, 2012, our compensation committee met and approved our annual equity awards for our executive officers based on our pre-established formulas under our equity program as described on **page 42**. Grants of performance shares and time-vested restricted stock were made on September 14, 2012. The amounts in the Threshold, Target and Maximum columns reflect the performance shares awarded in September 2011 based on cash earnings achievement during 2012, and the performance shares awarded in September 2012 based on total shareholder return relative to the S&P 500 during 2013-2015. The performance shares based on 2013-2015 cash earnings growth per share are not included as the specific cash earnings goal was not approved by the compensation committee until 2013.

(4) Mr. Donohue's 2012 annual equity award was approved by the compensation committee on April 27, 2012. Mr. Donohue's compensation is discussed in detail under **Donohue Retirement Agreement and 2012 Compensation** on **page 35**.

	9/15/2009	56,880		56.87	5/1/2016					

(1) Subject to acceleration or termination in certain circumstances, stock option and restricted stock awards granted between 2009 and 2012 vest over a four-year period, with 25% vesting one year after the grant date with an additional 25% vesting on each anniversary date thereafter. Equity awards granted between 2003 through 2008 vest over a five-year period, with 20% vesting one year after the grant date and an additional 20% vesting on each anniversary date thereafter.

(2) Market value was determined using the closing price on December 31, 2012 of \$50.67.

(3) Reflects performance shares awarded in September 2012 tied to TSR relative to the S&P 500 during 2013-2015, which will vest in full, if earned, following the completion of the three-year performance period; payout value shown assumes achievement of the threshold performance level. The performance shares awarded in September 2012 tied to the achievement of cash earnings growth per share during 2013-2015 do not appear in this table because the goal was not approved until 2013.

(4) Reflects performance shares awarded in September 2011 earned based on the achievement of cash earnings during 2012; payout value shown reflects actual performance results, whereby 65.75% of the target shares were earned. Twenty-five percent of the earned shares vested in March 2013 with the remaining vesting annually over the next three years, subject to continued employment.

(5) Reflects performance shares awarded in September 2011 earned based on the achievement of TSR relative to the S&P 500 during 2012; payout value shown reflects actual performance results, whereby 88% of the target shares were earned. Twenty-five percent of the earned shares vested in March 2013 with the remaining vesting annually over the next three years, subject to continued employment.

(6) Reflects restricted shares awarded as a portion of the 2010 annual bonus. These shares vest in full on the second anniversary of the grant date.

(7) Reflects performance shares awarded in December 2012 tied to initiative-specific operational milestones and financial goals, which will vest in full, if earned, following the completion of the performance periods; payout value shown assumes achievement of the threshold performance level.

(8) Reflects performance shares awarded in June 2011 tied to initiative-specific operational milestones and financial goals, which will vest in full, if earned, following the completion of the performance period; payout value shown assumes achievement of the threshold performance level.

(9) Reflects performance shares awarded in April 2012 tied to TSR relative to the S&P 500 during 2013, which will vest in full, if earned, following the completion of the one-year performance period; payout value shown assumes achievement of the threshold performance level. The performance shares awarded in April 2012 tied to the achievement of cash earnings during 2013 do not appear in this table because the goal was not approved until 2013.

(1) Includes 13,314 performance shares awarded in September 2011 earned based on the achievement of cash earnings and TSR relative to the S&P 500 during 2012; based on actual performance results, 77% of the target shares were earned. These shares vested on May 1, 2012 pursuant to the terms of Mr. Donohue's retirement agreement, however the number of shares earned was not certified until March 8, 2013. The value of these shares was determined using the closing price on December 31, 2012 of \$50.67.

PENSION BENEFITS

We maintain a non-contributory defined benefit cash balance pension plan for eligible employees. To be eligible, an employee must have completed a continuous 12-month period of employment with us and have reached the age of 21. Our funding goal is to have the pension plan 100% funded on a projected benefit obligation basis, while also satisfying any minimum required contributions and maximizing tax deductible contribution requirements. Participants are fully vested in their accounts after three years of service. Once an employee becomes a participant in the pension plan, their notional pension account is credited with an amount equal to an age-based percentage of that individual's earnings plus the greater of 4% interest or the December yield on one-year constant maturity yield for U.S. Treasury notes. During 2012, the pension plan interest rate was 4%. The pension account is portable and vested balances may be paid out when participants end their employment with us. Alternatively, upon retirement, a participant may elect to receive the balance in the account in the form of one of various monthly annuities.

The following is the schedule of employer contributions based on age and percentage of pensionable pay (including base pay, regular annual bonuses and merit lump sum payments) under our pension plan. Pensionable pay is limited by the internal review service code, which was \$250,000 in 2012:

Age	Employer Contribution
	Percentage
Under 30	3%
30 - 34	4
35 - 39	5
40 - 44	6
45 - 49	7

 The table below sets forth the estimated payments under our pension plan for our named executive officers upon retirement based upon the present value of the benefits expected to be paid in the future.

Name	Number of	Present Value of	Payments During Last Fiscal Year
	Years Credited	Accumulated	
	Service	Benefit ⁽¹⁾	
Phupinder S. Gill	23	\$ 336,498	\$
James E. Parisi	23	261,011

Kimberly S. Taylor	23	308,028	
Bryan T. Durkin	30 ⁽²⁾	543,577	
Craig S. Donohue	22 ⁽³⁾	n/a	323,419

- (1) In calculating the present value of the accumulated benefit, the following assumptions were used: assumed retirement age of 65; discount rate of 4.1% as of December 31, 2012; and projected future investment crediting rate assumption of 4% as of December 31, 2012. The retirement age is the earliest unreduced retirement age as defined in our pension plan. Under the terms of our pension plan, years of service for purposes of the plan are credited beginning on the first day of the calendar quarter on or after attaining one year of service with CME Group. Therefore, years of credited service under the plan are less than an employee's actual period of service with CME Group.
- (2) Includes Mr. Durkin's prior service with CBOT and benefits previously accrued under the legacy CBOT pension plan.
- (3) Mr. Donohue retired during 2012 and his benefit was paid out as a lump sum amount on September 1, 2012.

Table of Contents**NON-QUALIFIED DEFERRED COMPENSATION PLANS**

All of our senior level employees, including our named executive officers, are eligible to defer up to 55% of their annual base salary and up to 100% of their bonus into our Senior Management Supplemental Deferred Savings Plan. The contributions made by our named executive officers under this plan in 2012 are shown in the table below under *Executive Contributions*. Deferrals may be invested in one or more market-based investments offered by the plan from time to time at the choice of the individual. The return on their investment choice is the only return they will receive on the contributions under the plan. We do not provide any guaranteed rate of return. There is no limitation on their ability to change investments. Distributions will be on a fixed date, at termination or six months after termination depending upon the time of the distribution election and the requirements of applicable law. The deferred savings plan also includes 401(k) make-whole and pension make-whole contributions.

Make-whole contributions are company contributions for individuals whose compensation has exceeded the statutory compensation limit identified in the internal revenue code and thus must be excluded from consideration in qualified retirement plans. These amounts are included in the table below under *Registrant Contributions*. In addition to the Senior Management Supplemental Deferred Savings Plan, some named executive officers below may have a balance in the Supplemental Executive Retirement Plan, which is a legacy CME Group nonqualified plan that was frozen on January 1, 2006. Though no further contributions were made to this plan since that time, there are still returns on investments within this plan that are included in the table below. The aggregate balance at year-end in the table below includes any balance the named executive officer may have in this plan as well as the Senior Management Supplemental Deferred Savings Plan.

	Executive Contributions in Last Fiscal Year ⁽¹⁾	Registrant Contributions in Last Fiscal Year ⁽²⁾	Aggregate Earnings in Last Fiscal Year ⁽³⁾	Aggregate Withdrawals/Distributions	Aggregate Balance at 12/31/12
Phupinder S. Gill	\$	\$ 141,793	\$ 579,864	\$	\$ 4,100,639
James E. Parisi	50,000	61,380	116,789		1,617,623

Craig S. Donohue		139,995	188,744	2,249,188	

(1) All amounts included under *Executive Contributions* are also included in the *Salary* or *Non-Equity Incentive Plan Compensation* columns of the **Summary Compensation Table** on page 46.

(2) The amounts included under the *Registrant Contributions* column consist of: 401(k) make-whole and pension make-whole contributions and are included in the *All Other Compensation* column of the **Summary Compensation Table**.

(3) *Aggregate Earnings in the Last Fiscal Year* are based on the investment selection of the individuals from one or more market-based investments that the plan offers from time to time and are the only return on contributions made by the named executive officer and CME Group. *Aggregate Earnings in Last Fiscal Year* represent amounts earned on contributions made in 2012 as well as prior contributions. Such earnings are not included in the **Summary Compensation Table** because they were not above market.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL**

We have existing employment agreements with two of our named executive officers: Messrs. Gill and Duffy. We had an employment agreement with Mr. Donohue, our former CEO, which was superseded in 2012 in connection with our execution of a retirement agreement with Mr. Donohue in May 2012. These contractual commitments are summarized below. For Mr. Parisi, Ms. Taylor and for Mr. Durkin, their employment relationships are governed by our policies and practices that we have in place for other employees from time to time, including members of senior management. Estimated termination payments to our named executive officers under our employment agreements and general policies are shown in the table beginning on **page 56**.

Employment Agreements and other Compensation Arrangements with Named Executive Officers

As discussed in the **Compensation Discussion and Analysis** section, our philosophy is to enter into employment contracts and retention agreements on a very selective basis in light of the particular facts and circumstances involved in the individual employment relationship. The following is a summary of the key terms of our current executed employment agreements with Messrs. Gill and Duffy, which were amended and restated effective as of April 18, 2012 in connection with our CEO transition process, as well as our employment agreement with our former CEO, Mr. Donohue.

Other CME Policies and Practices

The following is a summary of our other plans in place that provide for benefits upon termination of employment and/or in the event of a change of control.

Annual Performance Bonuses

In accordance with the terms of our bonus plans, in the event an employee dies or becomes disabled, he or she or his or her beneficiaries will be entitled to receive a pro rata bonus.

Severance Plans

The compensation committee has adopted a written severance policy for termination due to job elimination, reduction in force, or in limited circumstances, performance.

Severance Pay for Senior Employees	2 weeks per year of service, 6 week minimum, up to 39 weeks
Severance Pay for	

Other Exempt Employees	2 weeks per year of service, 4 week minimum, up to 26 weeks
Severance Pay for Non-Exempt Employees	1 week per year of service, 4 week minimum, up to 26 weeks

Additionally, the plan provides for COBRA coverage and outplacement services as well as acceleration of any outstanding unvested stock options and restricted shares that would have otherwise vested during the severance pay period.

Equity Plans

As a result of our mergers with CBOT Holdings and NYMEX Holdings, we have three employee equity plans: the Omnibus Stock Plan, the CBOT equity plan and the NYMEX equity plan. With the exception of Messrs. Duffy and Durkin, all grants to the named executive officers as employees were made under the Omnibus Stock Plan. Mr. Duffy received grants under the Director Stock Plan prior to his hiring as an executive. Prior to our merger with CBOT, Mr. Durkin received equity awards

under the terms and conditions of the CBOT equity plan. In connection with the receipt of shareholder approval of certain amendments to our Omnibus Stock Plan in 2009, we agreed to freeze future grants of shares under the CBOT equity plan and the NYMEX equity plan. The terms of the Omnibus Stock Plan provide that in the event of death, the employee's beneficiaries would vest in any outstanding equity awards. In the event of termination due to disability, restricted stock awards become vested. Awards granted under the Omnibus Stock Plan automatically vest upon a change of control, with performance shares granted prior to May 23, 2012 vesting at the maximum level and performance shares granted after May 23, 2012 vesting at the greater of actual performance at the time of the change of control or the target level.

All of our equity plans contain provisions relating to the vesting of outstanding awards at the time of a change of control (as defined in the plans). In general, a change of control will be deemed to have occurred if:

Another entity owns more than 50% of the voting power of our common stock (all equity plans).

A transaction occurs in which any person is deemed to be the beneficial owner of at least 20% of our voting securities except for certain passive investors or as a result of a reorganization (CBOT equity plan).

Edgar Filing: CME GROUP INC. - Form DEF 14A

Individuals who previously comprised our board or who were nominated by our board's nominating committee cease to constitute at least a majority of our board (all equity plans).

The sale, transfer or disposition of substantially all of our assets (CBOT equity plan and NYMEX equity plan).

The approval of our complete liquidation or dissolution (Omnibus Plan).

Table of Contents**POTENTIAL PAYMENTS TO NAMED EXECUTIVE OFFICERS**

The following table sets forth the estimated benefits and payments upon termination of our named executive officers as of year-end, under various circumstances. These payments assume a termination or change of control effective upon December 31, 2012 in accordance with their contractual provisions in effect at such time. Unless otherwise specified, payments and benefits that would be generally available to all employees, including accrued benefits, are not included in the amounts below. Additional amounts may be paid in respect of pension and defined compensation benefits. Mr. Donohue retired effective May 1, 2012. Mr. Donohue's post-termination payments are described under **Donohue Retirement Agreement and 2012 Compensation** on page 35 and included in the **Summary Compensation Table**. See the previous sections entitled **Pension Benefits** and **Non-Qualified Deferred Compensation Plans**.

(1) Cash severance amounts represent contractual amounts for Messrs. Duffy and Gill under the termination situations as previously described. Estimated cash severance amounts for Mr. Parisi, Ms. Taylor and Mr. Durkin are based upon our severance policy for senior leaders of CME Group. As of December 31, 2012, Mr. Parisi had 24 years of service, Ms. Taylor had 23 years of service and Mr. Durkin had 30 years of service for purposes of the policy.

(2) Amounts shown for the Value of Equity Subject to Accelerated Vesting are based on the applicable stock plan, severance plan and contractual provisions in place and include accelerated vesting of outstanding options, restricted stock and performance shares as applicable. For purposes of this analysis, for Messrs. Duffy and Gill, for performance awards tied to 2012 performance, the actual number of shares earned were used in the calculations; for performance awards tied to performance beyond 2012, the target number of shares were used in the calculations. For Mr. Parisi, Ms. Taylor and Mr. Durkin, for performance awards tied to 2012 performance, the actual number of shares earned were used for involuntary termination (given the performance period would have ended

Edgar Filing: CME GROUP INC. - Form DEF 14A

on December 31, 2012, however accelerated vesting would be subject to approval by the compensation committee), the maximum number of shares were used for change in control termination, and the target number of shares were used in the death and disability scenarios; for performance awards tied to performance beyond 2012, the target number of shares was used in all scenarios. Note that vesting of performance shares would not be accelerated in the case of involuntary termination if the performance period was not completed. Our stock plan was amended in 2012 to provide for performance awards to vest at the greater of actual or target performance in the case of a change in control. The values were determined using the closing price on December 31, 2012 of \$50.67.

- (3) Amounts shown for the Continuation of Health and Welfare Benefits reflect our contractual agreements with Messrs. Duffy and Gill to provide them with certain continuing benefits as described above and include the amount of COBRA coverage under our severance policy for Mr. Parisi, Ms. Taylor and Mr. Durkin, which is available to all employees. Mr. Duffy's continuing benefits do not reflect the additional amounts that CME Group may incur in connection with the self-insurance of certain benefits as previously described because such amounts were granted for the purposes of providing Mr. Duffy with the disability insurance benefits based on two-thirds of base pay and life insurance benefits based on three times base pay consistent with benefits provided to other employees on a broad basis.
- (4) Amounts shown for the Other Accrued Pay and Benefits in event of death or disability include accrued bonus payments pursuant to our bonus plans based on actual bonus amounts for 2012.

Table of Contents

Our directors play a critical role in guiding our strategic direction and overseeing management. Developments in corporate governance and financial reporting have resulted in an increased demand for highly qualified directors. We provide compensation commensurate with our directors' workload, risk and opportunity costs. In addition, to satisfy our self-regulatory responsibilities, we have established a number of functional committees of which certain of our directors are members. Our compensation program for our non-executive directors is designed to compensate our directors based on their respective levels of board participation and responsibilities, including service on board committees and functional committees.

Similar to our philosophy on management pay, we generally target the 50th percentile of the competitive market for compensation of the board of directors. We also review the range of values around the median, including the 25th and 75th percentiles. The primary components of our board

member compensation package consist of an annual equity stipend, an annual cash stipend, committee and board meeting fees, committee chairperson retainers for our audit, compensation, finance, governance, market regulation oversight and nominating committees and a stipend for our lead director. Non-executive board members are eligible to participate in our Director Deferred Compensation Plan.

Our most recent review showed that the median of our pay for our non-executive directors (annual equity stipend, annual cash stipend and meeting fees) fell below the 50th percentile of our peer group. (See **page 37** for the companies within our peer group.) No changes to the board's compensation were recommended as a result of the review. The committee plans to conduct similar reviews in the future.

The compensation of our board members is set forth in the table entitled **Director Compensation Table** on **page 58**.

FEES AND BENEFIT PLANS FOR NON-EXECUTIVE DIRECTORS

The compensation committee is responsible for reviewing and recommending to the board the compensation for our non-executive directors. Only non-executive directors receive compensation for their service as a director. Our non-executive director compensation includes:

Annual Stipends	
Annual cash stipend ⁽¹⁾	\$ 25,000
Annual retainer for chairs of audit, compensation, finance, governance, market regulation oversight and nominating committees	\$ 20,000
Annual equity stipend ⁽²⁾	\$ 75,000
Annual lead director stipend	\$ 25,000
Meeting Fees	
Board meeting fee ⁽³⁾	\$ 1,500
Board committee meeting fee for audit, compensation, executive, finance, governance, market regulation oversight and nominating committees ⁽³⁾	\$ 1,500
Additional meeting fee for serving as chair of audit, compensation, finance, governance, market regulation oversight and nominating committees	\$ 500
Meeting fee for members of the strategic steering committee and any functional exchange committee and for meetings of the CBOT directors ⁽³⁾⁽⁴⁾	\$ 1,000

(1) Directors have the option to elect to receive some or the entire portion of their annual cash stipend, which is paid pro rata on a monthly basis, in shares of stock valued at the closing price on the date of grant. If a director who elects to receive additional stock leaves the board prior to the next annual meeting, such director will be responsible for repaying us for the amount of the unearned stipend that otherwise would have been paid in cash.

(2) Shares received are granted under our 2005 Director Stock Plan and are not subject to any vesting restrictions.

Edgar Filing: CME GROUP INC. - Form DEF 14A

- (3) The fee for telephonic participation in a regularly scheduled meeting is 50% of that for in-person participation. However, it is within the discretion of the Executive Chairman & President for board and executive committee meetings and within the discretion of the particular chairman of our other committees to determine if it is appropriate to pay the full meeting fee, taking into consideration the member's ability to participate based upon the particular circumstances. It is within the discretion of a committee to create a subcommittee to address a specific issue and to determine whether members of such subcommittee should receive fees up to the amount of the regular committee meeting fee for their participation in such subcommittee.
- (4) Our CBOT directors were required to review certain CBOT rule changes in connection with our merger until our 2012 annual meeting. In the event an official meeting of the CBOT directors was necessary, Mr. Carey had the discretion to approve the compensation of those CBOT directors in attendance in an amount of \$1,000 each.

Non-executive directors may participate in our Director Deferred Compensation Plan in the market investments that the plan offers from time to time. The return on the investments selected by the directors is the only return they will receive on their deferred compensation. We do not provide any pension, health benefit or other benefit programs to our non-executive directors.

The following table provides information regarding the compensation earned during the year ended December 31, 2012 by each of our directors, except for Messrs. Duffy, Gill and Donohue. The compensation for Messrs. Duffy, Gill and Donohue as our named executive officers is set forth in the **Summary Compensation Table** on **page 46**.

- (2) The amounts reflected in the Stock Awards column reflect the aggregate grant date fair value computed in accordance with the Financial Accounting Standards Board ASC Topic 718. Actual value of stock awards in 2012 was calculated using the closing price on June 25, 2012 of \$53.43. The awards represent our annual grant to our non-executive board members. The annual equity stipends granted to our non-executive directors are not subject to any vesting restrictions. See the table entitled **Directors, Director Nominees and Executive Officers** on page 61 for the complete stock ownership of our board members. No other awards were made to our non-executive board members in 2012. Awards valued at \$75,072 are due to share rounding and awards in excess of \$75,072 are due to the director's election to receive additional shares in lieu of all or a portion of his or her annual cash stipend.
- (3) In October 2011, we entered into a consulting agreement with Mr. Carey. Under the terms of the agreement, Mr. Carey was entitled to consulting fees of \$500,000 during the term of the agreement, which expired as of our 2012 annual meeting. Mr. Carey also receives fees for his service on our board.
- (4) Individual retired from the board as of the 2012 annual meeting.
- (5) Consists of consulting fees. Does not include amounts reimbursed by CME Group for Mr. Melamed's expenses submitted in connection with his consulting arrangement described below.
- (6) We have a cross-equity ownership agreement with BM&FBOVESPA, in which we have an approximately 5 percent stake in BM&FBOVESPA, and BM&FBOVESPA has an approximately 5 percent stake in our Class A common stock. Mr. Pinto serves as the BM&FBOVESPA board representative in accordance with the terms of the agreement. Each party has the right to maintain its board seat during the term of the strategic partnership, subject to election by the shareholders and certain minimum stock ownership requirements. As Mr. Pinto is serving in connection with the companies' contractual commitments, he does not receive compensation from us for his services on our board.
- (7) Mr. Pollock chairs our nominating committee and for a portion of the year chaired our compensation committee. He also was appointed to the role of lead director in August 2012. For these services, Mr. Pollock elected to receive a single stipend payment of \$25,000 in 2012.
- (8) Consists of consulting fees.

2005 DIRECTOR STOCK PLAN

Our Director Stock Plan provides for the issuance of up to 625,000 shares of Class A common stock (subject to adjustment in the event of a merger, reorganization or similar corporate event involving us) through awards of non-qualified stock options, restricted stock and shares of common stock. The plan is administered by the compensation committee, which has the responsibility for recommending to the board the annual equity stipend for our non-executive directors.

STOCK OWNERSHIP GUIDELINES

Our non-executive board members, other than Mr. Pinto, are subject to stock ownership guidelines valued at two times the total annual retainer/eight times the cash portion of the retainer, or \$200,000. Each member has five years from May 2008 or election to the board, whichever is later, to achieve this stock ownership guideline. Mr. Pinto is not subject to the ownership guidelines as he serves as the representative of BM&FBOVESPA, which owns approximately 5% of our outstanding common stock, and he does not receive compensation in connection with his service on our board.

CONTRACTUAL RELATIONSHIPS WITH CERTAIN DIRECTORS

Edgar Filing: CME GROUP INC. - Form DEF 14A

Mr. Carey. In October 2011, we entered into a consulting agreement with Mr. Carey. Mr. Carey was entitled to receive fees of \$500,000 for his consulting services until the agreement expired as of our 2012 annual meeting. During the term and for one year thereafter, Mr. Carey is restricted from rendering services to any competitor or otherwise competing with us. Mr. Carey also receives compensation for his service on our board.

Mr. Melamed. We have two consulting agreements with Mr. Melamed. One applies during the time he serves on our board and the other applies upon his retirement from the board with a term through the end of his lifetime.

In accordance with the terms of the agreement in effect during his board service, Mr. Melamed will provide us with consulting services relating to the financial services industry and related matters within Mr. Melamed's areas of expertise. For these services, Mr. Melamed will receive \$300,000 per annum plus all reasonable and necessary out-of-pocket travel and other expenses incurred in connection with the consulting services and up to \$190,000 annually for non-travel expenses, including office and secretarial expenses. Under the agreement, Mr. Melamed may not, without our prior written consent, render services to any competitor or otherwise compete with us throughout the term of the agreement and for one year thereafter. Mr. Melamed also receives compensation for his service on our board.

Under the terms of the agreement in effect upon Mr. Melamed's retirement from the board, he will provide us with similar consulting services and will receive \$300,000 per annum plus reimbursement for all reasonable and necessary out-of-pocket travel and other expenses incurred relating to his service. We will also provide office and secretarial support during the term of the agreement. Mr. Melamed may not render services to any competitor or otherwise compete with us during the term of the agreement without our prior written consent. In the event the agreement is terminated during Mr. Melamed's lifetime he will continue to be subject to the non-compete provisions for one year after such termination.

Table of Contents

Mr. Sandner. Under the terms of our consulting agreement with Mr. Sandner, he will provide us with consulting services relating to the financial services industry and related matters within Mr. Sandner's areas of expertise. For his consulting services, Mr. Sandner receives \$200,000 per annum plus all reasonable and necessary out-of-pocket travel and other expenses incurred in connection with the consulting services. Under the agreement, Mr. Sandner may not, without our prior written consent, render services to any competitor or otherwise compete with us throughout the term of the agreement and for one year thereafter. Mr. Sandner's

consulting agreement will expire as of December 31, 2013. Mr. Sandner also receives compensation for his service on our board. Mr. Sandner serves as our representative on the board of directors of DME Holdings Limited and receives compensation directly from such entity for his services. Such amounts are not included in the **Director Compensation Table**.

We also have employment agreements with Messrs. Duffy and Gill, which are described above in the section entitled **Potential Payments upon Termination or Change-in-Control** on page 53.

Table of Contents

The following tables show the amount of common stock owned by each of our directors, director nominees and by each executive officer who is not also a director named in the **Summary Compensation Table** on **page 46** of this proxy statement, and by all directors and executive officers as a group and the amount of common stock beneficially owned by individuals owning five percent or more of our Class A common stock as of March 27, 2013 for everyone except Mr. Donohue. Mr. Donohue's ownership is shown as of July 31, 2012, which is 90 days from the date of his retirement. In general, beneficial ownership includes those

shares over which a person has the power to vote, or the power to transfer, and stock options that are currently exercisable or will become exercisable within 60 days of March 27, 2013 or July 31, 2012. Except as otherwise noted, the persons named in the table below have sole voting and investment power with respect to all shares shown as beneficially owned by them. None of our directors, director nominees or executive officers beneficially own more than one percent of any class of common stock. Shares have been rounded to the nearest full amount.

CERTAIN BUSINESS RELATIONSHIPS WITH RELATED PERSONS

Our audit committee has adopted a written policy for the review of related party transactions. A copy of our related party transaction approval policy is available on our website. Related party transactions are transactions in which we are a participant, the amount involved exceeds \$120,000, and a related party has or will have a direct or indirect material interest. Related parties consist of our directors (including nominees for election as directors), executive officers, holders of 5 percent or more of our outstanding Class A common stock, and the immediate family members of these individuals. Our Office of the Secretary, in consultation with management and outside counsel, as appropriate, will review potential related party transactions to determine if they are subject to our related party transactions policy. Certain transactions including compensation and ordinary course trading activity on any of our exchanges are considered pre-approved, and thus do not require specific approval under the policy.

In determining whether to approve a related party transaction, the audit committee will consider, among other factors, the fairness of the proposed transaction, whether there are compelling business reasons to proceed, and whether the transaction would impair the independence of a non-management director or present an improper conflict of interest for a director or executive officer, taking into account the size of the transaction, the overall financial position of the related person, the direct or indirect nature of his or her interest in the transaction, the ongoing nature of any proposed relationship, and any other factors the committee deems relevant. The policy also provides that certain engagements by us of a large firm in which an immediate family of a related party is a general partner of such firm will not be considered a related party transaction; provided certain factors are met, including that such individual did not have any involvement in the selection or engagement process, does not receive any compensation or credit in connection with the engagement other than that provided to the other unaffiliated partners and that no other facts or circumstances exist suggesting that the immediate family member has any direct or indirect material interest in the transaction.

We do not consider the amounts involved in the transactions described in this section to be material to our business or material in relation to the businesses of such other companies or the interests of the individuals involved. We recognize the need for transparency and additional disclosure regarding transactions between an issuer and its insiders. However, we do not believe that these disclosures should be a substitute for the overall independence test for determining whether a material relationship exists.

Transactions Relating to Trading Activity

We are a unique organization stemming from our evolution from a member-owned organization to a public company. In connection with such transition, we recognized the need to maintain the deep industry knowledge of members of our trading community as board members. As a result, some of our board members continue to participate in our markets from which we derive revenue. Payments relating to trading activity include clearing and transaction fees, market data and information services fees and connection fees. A substantial portion of our clearing and transaction fees is received directly from our clearing firms which include charges for trades executed and cleared on behalf of their customers some of whom may be members of our board or Class B director nominees. Payments received directly by clearing firms in which a board member or Class B director nominee has a significant affiliation are based upon our financial records. Other payments which are not derived from our financial records because they are processed indirectly through a clearing firm are set forth below but the actual amounts are not included.

Mr. Carey is a partner in, and Mr. Niciforo is a principal of, the firm Henning & Carey Trading. Henning & Carey made payments to us of approximately \$427,000 in 2012.

Mr. Shepard owns a minority interest in one of our clearing firms, which made payments to us of approximately \$60.0 million relating to trading activity, and we made payments to the firm of approximately \$10.1 million for market making activity in 2012.

Edgar Filing: CME GROUP INC. - Form DEF 14A

Mr. Stewart served as the CEO of Gelber Group LLC, one of our clearing firms, until his retirement in April 2012. In 2012, Gelber Group made payments to us of approximately \$5.0 million.

Mr. Wescott is part owner in one of our member firms which made payments to us in excess of \$120,000 in 2012. The fees we charge our customers, including any of our board members, are based on published fee schedules and no benefits or discounts are provided to our board members that are not otherwise made available to similarly situated customers. We, therefore, do not believe that such transactions impair the independence of such individuals and any potential conflicts are handled appropriately under our director conflict of interest policy, a copy of which is available on our website. Our other board members and director nominees who participate in our markets also incur trading fees but such fees were below \$120,000 during 2012. The foregoing transactions relating to trading activity are considered pre-approved under the audit committee's related party transaction approval policy.

Leasing Relationships

In connection with our merger with CBOT, we acquired its building which is the location of our Chicago open outcry trading floors. In April 2012, we completed the sale of a portion of the building and transferred our existing tenant leasing arrangements to the new owner. Prior to the transfer of the leasing arrangements, we received the following lease payments in connection with ongoing leasing arrangements with our board members in accordance with terms previously approved by our audit committee:

Mr. Stewart served as the CEO of Gelber Group until April 2012. In 2012, we received approximately \$380,000 from Gelber Group.

Mr. Wescott is the President of the Dowd/Wescott Group, which made payments to us of approximately \$430,000. The committee received a report on these leasing relationships as part of its review of ongoing related party transactions. As we have transferred the leasing arrangements in connection with this location to the buyer of the building, we no longer are receiving payments from these individuals in connection with leasing activity.

BM&FBOVESPA Strategic Partnership

Mr. Pinto has served as a member of our board of directors since February 2011. Mr. Pinto is the CEO of BM&FBOVESPA. CME Group has a cross-equity ownership agreement with BM&FBOVESPA, in which CME Group has an approximately 5 percent stake in BM&FBOVESPA, and BM&FBOVESPA has an approximately 5 percent stake in CME Group. Mr. Pinto serves as the BM&FBOVESPA board representative in accordance with the terms of the agreement. CME Group holds a seat on the BM&FBOVESPA board of directors, which is filled by one of our board members. In addition to the cross-equity investment agreement, the companies also have in place commercial agreements providing for the development of a new multi-asset class electronic trading platform and an order routing agreement. During 2012, CME Group received payments of approximately \$4.0 million, net of any withholding taxes, in connection with its commercial agreements with BM&FBOVESPA. These commercial arrangements were entered into prior to Mr. Pinto's appointment to the board, were negotiated on an arm's length basis and were approved by the board of directors of CME Group. As the arrangements were entered into prior to Mr. Pinto's appointment, the transactions were not submitted to the audit committee for its approval in accordance with its policy on related party transactions.

Employment of Family Members

An in-law of Mr. Pankau is employed by us in a non-officer position. The employment relationship occurred prior to Mr. Pankau's service on our board. The employee received compensation in 2012 of approximately \$221,000 (part of which included an annual equity award) and other benefits provided to employees at the same level. The compensation is in accordance with our standard compensation practices applicable to similarly-situated employees. The audit committee ratified this related party transaction in 2011 and received a report on the 2012 compensation arrangements as part of its review of ongoing related party transactions.

CHARITABLE AND CIVIC CONTRIBUTIONS

We believe that it is both a responsibility and a privilege to give back to the global communities where we live and work. Through our charitable programs and foundations, we are able to put change in motion that will positively impact the lives of those in need. Through our corporate foundation, CME Group Community Foundation, we made charitable grants focused on the locations where we do business and provided support to three primary areas of concern: children in need, education, and health and human services. Members of our board also serve on the board of two independent charitable organizations: CME Group Foundation and the CBOT Foundation. The CME Group Foundation was endowed by the Chicago Mercantile Exchange Trust and the CBOT Foundation was endowed by its members. Our board members and executive officers may have affiliations with organizations that have received donations from these charitable entities. In 2012, individual donations made by the CME Group Community Foundation and by the CBOT Foundation to such affiliated organizations were not in excess of \$120,000 and donations made by the CME Group Foundation were not in excess of \$250,000.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Edgar Filing: CME GROUP INC. - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file. Based solely on our review of the copies of the forms we have received during 2012, all of our officers and directors complied with their Section 16(a) filing requirements; except that a timely made filing for Ms. Taylor inadvertently excluded one of her tax withholding transactions which was subsequently reported on an amendment.

LEGAL PROCEEDINGS

CVM, the Brazilian regulatory agency for the BM&FBOVESPA exchange, has from time to time commenced administrative proceedings relating to activity within BM&FBOVESPA's markets. As a result of his role as an executive of BM&FBOVESPA, Mr. Pinto has been named in past and pending actions regarding oversight of compliance with applicable rules by the market participants involved in such actions. It is within its normal course of its procedures for the CVM to name an individual officer of an exchange in such cases and is not a reflection on Mr. Pinto's experience or ability to serve on the board of CME Group.

When and where is the annual meeting?

The annual meeting of shareholders of CME Group will be held at 3:30 p.m., Central Time, on Wednesday, May 22, 2013, in the auditorium at CME Group, located at 20 South Wacker Drive, Chicago, Illinois.

Who may attend the annual meeting?

All holders of Class A and Class B common stock on March 27, 2013, the record date for the annual meeting, are entitled to notice of and are invited to attend the annual meeting.

Are there any rules for admission to the annual meeting?

Yes. You are entitled to attend the annual meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our shareholders on the record date. Please note that seating is limited and admission will be accepted on a first-come, first-served basis.

If you plan to attend the meeting, you should register in advance. Please go to the [shareholder meeting registration link at www.proxyvote.com](http://www.proxyvote.com) and follow the instructions provided. You will need the 12 digit number located on your proxy card, voter instruction form or notice. Please print your registration confirmation and bring it with you to the meeting along with valid picture identification, such as a driver's license or passport. If you have do not have a printed registration confirmation, we must be able to confirm:

Your identity by reviewing a valid form of photo identification, such as a driver's license; and

You were a registered shareholder or held your shares in street name on the record date by:

verifying your name and stock ownership against our list of registered shareholders; or

reviewing other evidence of your stock ownership that shows your current name and address, such as a copy of your most recent brokerage or bank statement or your notice of internet availability of proxy materials for the 2013 annual meeting (internet notice), if you hold your shares in street name; or

You are validly acting as proxy;

for a registered shareholder as of the record date, by reviewing a written legal proxy granted to you and signed by the registered shareholder; or

for a street name holder as of the record date, by reviewing a written legal proxy from a brokerage firm or bank holding the shares to the street name holder that is assignable, and a written legal proxy to you signed by the street name holder, together with a brokerage or bank statement or internet notice showing the street name holder's shares as described above.

Edgar Filing: CME GROUP INC. - Form DEF 14A

If you do not have a valid form of picture identification and proof that you owned, or are legally authorized to act as proxy for someone who owned, shares of our common stock on March 27, 2013, you will not be admitted to the meeting.

At the entrance to the meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement or internet notice, as your proof of ownership and any written proxy you present as the representative of a shareholder. We will decide **in our sole discretion** whether the documentation you present for admission to the meeting meets the requirements described above. If you hold your shares in a joint account, both owners can be admitted to the meeting if proof of joint ownership is provided and you both follow the admission procedures described above. Please allow ample time for the admission procedures described above.

Shareholders will not be allowed to use cameras (including cell phones with photographic capabilities), recording devices or other electronic devices at the meeting.

Will the annual meeting be webcast?

Yes. A live webcast of the annual meeting will be provided from our Investor Relations section of our website www.cmegroup.com. Go to Investor Relations, click on Events and Presentations and then click on listen to webcast for the CME Group Inc. 2013 Annual Meeting of Shareholders. If you miss the meeting, you can view a replay of the webcast on that site. Please note that you will not be able to vote your shares or ask questions via the webcast. If you plan to view the webcast, please submit your vote in advance.

What company sponsored proposals are the Class A and Class B shareholders being asked to vote on, collectively as a single class?

Holders of all classes of Class A and Class B common stock of CME Group (voting together as a single class) are being asked to vote on the following:

Item 1: The election of nine Equity directors.

Item 2: The ratification of the appointment of Ernst & Young as our independent registered public accounting firm for 2013.

Item 3: An advisory vote on the compensation of our named executive officers, referred to as the Say on Pay proposal.

Table of Contents

What shareholder sponsored proposals are the Class A and Class B shareholders being asked to vote on, collectively as a single class?

Under **Item 4**, you are being asked to consider a shareholder proposal, if presented at the annual meeting, to provide for shareholder proxy access. As discussed in this proxy statement, we recommend that you vote **AGAINST** the proposal. We received a similar proposal in 2012, which failed to receive support from a majority of the votes cast.

What proposals are the Class B shareholders being asked to vote on?

Holders of our Class B-1 and Class B-3 shares are being asked to vote on the election of one director for their respective class, each from a slate of two candidates, **Item 5**. In addition, holders of Class B-1, Class B-2 and Class B-3 shares are being asked to vote on the election of five members to their respective Class B-1, Class B-2 and Class B-3 nominating committees each from a slate of ten candidates, **Item 6**.

Who is entitled to vote?

You may vote if you owned shares of Class A or Class B common stock of CME Group as of the close of business on March 27, 2013, the record date for the annual meeting. The number of shares outstanding of each of our classes of common stock as of March 27, 2013 was as follows:

Class	Shares
	Outstanding
Class A	333,878,167
Class B-1	625
Class B-2	813
Class B-3	1,287
Class B-4	413

There were 3,042 holders of record of our Class A common stock and 1,688 holders of record of our Class B common stock on such date.

All shares of Class A and Class B common stock are entitled to one vote per share. Class A and Class B shareholders will vote together as a single class on all Items, except for **Items 5 and 6**. The respective class of Class B shares will vote as a single class in **Items 5 and 6**.

How do I vote?

Shareholders of record (shareholders having an account at Computershare, our transfer agent) have the following ways to cast their vote:

Via the Internet by voting electronically over the Internet by going to www.proxyvote.com. You will need to reference the control number on your proxy card when voting. If you wish to vote by the Internet, you may vote until 10:59 p.m., Central Time, on Tuesday, May 21, 2013.

By mail by submitting the proxy card in the envelope provided. Be sure to allow sufficient time for delivery.

By telephone (owners of Class A shares only) by calling 1-800-690-6903. You will need to reference the control number on your proxy card when voting. If you wish to vote by telephone, you may vote until 10:59 p.m., Central Time, on Tuesday, May 21, 2013. Due to the fact that the Class B proposals are contested, telephone voting will not be available for Class B shareholders.

In person by voting your proxy card at the annual meeting.

For holders in street name (shareholders holding through a bank or broker), your proxy materials include a voting instruction form from the institution holding your shares. The availability of internet or telephone voting will depend upon the institution's voting processes. You may also vote in person at the annual meeting if you obtain a legal proxy from the institution holding your shares. Please contact the institution holding your shares for more information.

Your vote is important. Whether or not you plan to attend the annual meeting, we urge you to vote your shares promptly by returning your proxy card and/or voting instruction card or casting your vote by telephone or over the Internet. Voting early will not affect your right to change your vote and/or to attend the meeting.

What is a shareholder of record?

A shareholder of record or registered shareholder is a shareholder whose ownership of CME Group stock is reflected directly on the books and records of our transfer agent, Computershare. If you hold stock through a bank, broker or other intermediary, you hold your shares in street name and are not a shareholder of record. For shares held in street name, the record owner of your shares is your bank, broker or other intermediary. We only have access to ownership records for the registered shares. Therefore, if you are not a registered shareholder, you will need to bring additional documentation to evidence your stock ownership as of the record date, such as, a copy of your brokerage account statement showing ownership as of the record date, a letter from your broker, bank or other nominee or a copy of your voting instruction card in order to be admitted to the annual meeting.

Table of Contents

What does it mean if I received more than one proxy/voting instruction card?

This means that you have multiple accounts holding CME Group shares. Shares with different registrations cannot be combined and as a result, you may receive more than one card. For example, shares held through your broker cannot be combined with shares held at our transfer agent, Computershare. Additionally, our Class B shares are not combined with our Class A shares. Therefore, if you own both Class A and Class B shares you will receive more than one proxy card.

If you receive more than one proxy/voting instruction card, you must vote each card to ensure that all shares you own are voted.

What if I return my proxy card but do not provide voting instructions?

If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

FOR the election of the nine Equity directors nominees.

FOR the appointment of Ernst & Young as our independent registered public accounting firm for 2013.

FOR the advisory resolution approving the compensation of our named executive officers as described in this proxy statement.

AGAINST the shareholder proposal, if presented.

ABSTAIN from voting for the Class B directors, if applicable.

ABSTAIN from voting for the Class B nominating committees, if applicable.

If any other matter is presented at the annual meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement went to press, we knew of no matters to be addressed at the annual meeting beyond those described in this proxy statement.

Can I change my mind after I vote?

For shareholders of record: You may change or revoke your vote by submitting a written notice of revocation directed to the Corporate Secretary, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606 or by submitting another proxy card, voting electronically or by telephone or by voting at the annual meeting.

For holders in street name: You may change or revoke your voting instructions by following the specific directions provided to you by your bank, broker or intermediary.

Your most recent vote is the one that is counted.

Is my vote confidential?

Edgar Filing: CME GROUP INC. - Form DEF 14A

All proxies, ballots and tabulations that identify the vote of a particular shareholder will be kept confidential, except as necessary to allow the inspectors of election to certify the voting results or to meet legal requirements. Representatives of Broadridge will act as the inspector of election and will count the votes.

Comments written on proxy cards or ballots may be provided by Broadridge to our Corporate Secretary, Kathleen M. Cronin, with the name and address of the shareholder. Each comment will be provided without reference to the vote of the shareholder, unless the vote is mentioned in the comment or unless disclosure of the vote is necessary in order to understand the comment. At our request, the inspector of election may provide us with a list of shareholders who have not voted and periodic status reports on the aggregate vote. These status reports may include breakdowns of vote totals by different types of shareholders, although it is expected that we will not be able to determine how individual shareholders voted.

How are votes counted?

In order for us to conduct the meeting, shareholders possessing at least one-third of the votes entitled to be cast on each proposal as of March 27, 2013, must be present in person or represented by proxy. This is referred to as a quorum.

Proxies marked `withhold` or `abstain` are counted as present for establishing a quorum. Additionally, because we have one routine item on the agenda the ratification of our independent registered public accounting firm broker non-votes received on the other proposals will also be counted for purposes of establishing a quorum. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular proposal under the rules of NASDAQ and has not received instructions from the beneficial owner.

To ensure that there will be a quorum for each of the proposals to be voted on, please vote before the annual meeting, and allow your shares to be represented at the meeting by your proxies. Voting before the annual meeting will not prevent you from voting in person at the meeting. If you vote in person at the meeting, your previous vote will be revoked automatically.

Table of Contents

How many votes are required for approval for each proposal?

Assuming that a quorum is present for the particular proposal, the following describes the votes required to approve each proposal. The affirmative majority of the shares of our Class A and Class B common stock present in person or represented by proxy and entitled to vote on the subject matter at the annual meeting, voting together as a single class, is required to approve each of **Items 2, 3 and 4**. The election of our Equity directors in **Item 1**, Class B directors in **Item 5**, and Class B nominating committees in **Item 6** is done by plurality voting with the nominees receiving the highest number of FOR votes being elected.

Proxies marked withhold will be excluded entirely from the vote on election of Equity directors, election of each Class B director and election of Class B-1, Class B-2 and Class B-3 nominating committees, and will therefore have no effect on the elections. Proxies marked abstain are not considered a vote FOR or AGAINST a proposal and will be excluded entirely from the vote in **Items 2, 3 and 4** and such abstentions will have the same effect as a vote against such proposals.

Because the ratification of our independent registered public accounting firm in **Item 2** is considered a routine matter, your bank or broker will have discretionary authority to vote your shares held in street name on this proposal alone. All other proposals are not considered routine matters, and therefore your bank or broker will not have discretionary authority to vote your shares held in street name on those proposals. Such broker non-votes will have no impact, as they are not entitled to vote on the subject matter, in **Items 1, 3 and 4**. Votes cast for **Items 5 and 6** are only held by registered owners.

Who pays for the solicitation of proxies?

CME Group pays the cost of soliciting proxies. Proxies will be solicited on behalf of the board of directors. This solicitation is being made by mail and over the Internet, but also may be made by telephone or in person. We have hired D.F. King for \$10,500, plus out-of-pocket expenses, to assist in the solicitation. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their out-of-pocket expenses for sending proxy materials to shareholders and obtaining their vote. Additionally, nominees for Class B director may make solicitations to our shareholders. Such nominees are responsible for the costs incurred in connection with their individual solicitation efforts.

When are shareholder proposals due for the 2014 annual meeting?

To be considered for inclusion in the 2014 proxy statement, shareholder proposals must be received in writing at our

principal executive offices no later than December 10, 2013. You should be aware that your proposal must comply with the SEC regulations regarding inclusion of shareholder proposals in company-sponsored proxy materials.

Similarly, in order for you to raise a proposal from the floor during next year's meeting, we must have timely received written notice of the proposal. In accordance with our bylaws, to be timely, a shareholder's notice must be delivered to our corporate secretary not earlier than the close of business on January 22, 2014 (the 120th day) and not later than the close of business on February 21, 2014 (the 90th day) prior to the anniversary of the 2013 annual meeting (May 22, 2013); provided, however, that in the event that the date of the 2014 annual meeting is more than 30 days before or more than 60 days after May 22, 2014, to be timely, notice must be delivered not earlier than the close of business on the 120th day prior to the actual date of the 2014 annual meeting and not later than the close of business on the later of the 90th day prior to the actual date of the 2014 annual meeting or, if the first public announcement of the date of the 2014 annual meeting is less than 100 days prior to the date of the meeting, the 10th day following the day on which public announcement of the date of the 2014 annual meeting is first made by CME Group. Your notice of the proposal must contain the information required under our bylaws in order to be considered.

Shareholder proposals should be sent by mail directed to the Corporate Secretary (Kathleen M. Cronin), CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606 or by fax to her attention at 312.930.4556.

Are there any matters to be voted on at the meeting that are not included in the proxy statement?

At the time this proxy statement went to press, we knew of no matters to be addressed at the annual meeting beyond those described in this proxy statement. If any other matter is presented at the annual meeting, your proxies will vote in accordance with their best judgment.

Where can I find the voting results of the annual meeting?

We intend to announce preliminary voting results by press release following the annual meeting and will file the final results in a Current Report on Form 8-K within four business days of the meeting as required by SEC regulations.

Table of Contents

If I received paper copies of materials, can I receive future proxy materials online?

Yes. If you chose this option you will not receive paper copies of the proxy materials in the mail. Choosing this option will save us printing and mailing costs and may benefit the environment.

If you hold shares in your name (instead of through a broker or other nominee), you can choose this option by following the instructions provided when you vote over the Internet at www.proxyvote.com and, when prompted, indicate that you agree to receive or access shareholder communications electronically. If you hold your shares through a broker or other nominee, you should follow the instructions regarding electronic delivery, if any, provided by your broker or other nominee.

If you choose to receive your proxy materials electronically, then prior to next year's annual meeting you will receive an email notification when the proxy materials are available for your online review. Your choice for electronic distribution will remain in effect indefinitely, unless you revoke your choice.

Why did I receive a notice by mail without printed copies of the proxy materials?

As permitted by rules adopted by the SEC, we are making this proxy statement and our 2012 annual report available to our shareholders electronically via the Internet. On or about April 12, 2013, we mailed a notice containing instructions on how to access this proxy statement and our 2012 annual report and vote over the Internet. If you received a notice by mail, you will not receive a printed copy of the materials in the mail. Instead, the notice instructs you on how to access and review all of the important information contained in the materials. The notice also instructs you on how you may submit your proxy over the Internet. If you received a notice by mail and would like to receive a printed copy of these materials, you should follow the instructions for requesting such materials included in the notice.

Why did members of my household only receive one set of proxy materials but more than one proxy card?

We have adopted a procedure approved by the SEC called householding. Under this procedure, shareholders of record who have the same address and last name and do not

participate in the electronic delivery of proxy materials will receive only one copy of our proxy materials unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure reduces our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards.

If you participate in householding and wish to receive separate copies of the proxy materials, or if you receive multiple copies of proxy materials and wish to receive only one copy, please go to www.computershare.com/investor. After the login, go to My Profile, select CME in the drop down box which specifies your holdings and select Communication Preference to choose your preferred method (post or email) of delivery for Shareholder Meeting Materials.

Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

Can I get additional copies of the proxy materials?

Yes. Additional copies of our 2012 annual report and this proxy statement are available free of charge upon written request to Shareholder Relations, Attention: Ms. Beth Hausoul, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606.

Where can I find information on CME Group's corporate governance policies and other materials referenced in this proxy statement?

Copies of our governance materials and other policies referenced in this proxy statement and the charters of all of our committees are available at www.cmegroup.com under Investor Relations-Corporate Governance section of the website. You may also request hard copies of such materials by sending a request to Shareholder Relations, Attention: Ms. Beth Hausoul, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606.

Categorical Independence Standards

A director who satisfies the independence requirements of the applicable listing standards and meets all of the following categorical standards shall be presumed to be independent :

The director does not (directly or indirectly as a partner, shareholder or officer of another company) provide consulting, legal or financial advisory services to the Company or the Company's present or former auditors.

Neither the director nor any member of his or her immediate family is a significant shareholder in the Company's Class A common stock or Class B common stock. For purposes of this categorical standard, a shareholder shall be considered significant if the ownership of shares of Class A common stock is greater than five percent (5%) of the outstanding Class A common stock or if the ownership of shares of any series of Class B common stock is greater than five percent (5%) of the outstanding Class B common stock in such series.

Neither the director nor any member of his or her immediate family serves as an executive officer, director, trustee or is employed as a fundraiser of a civic or charitable organization that receives significant financial contributions from CME, CBOT, NYMEX or the from any of its related charitable foundations (excluding payments pursuant to a matching gift program). For purposes of this categorical standard, the Board of Directors shall determine whether a financial contribution is considered significant on a case-by-case basis, provided, however, that any contribution less than \$200,000 or two percent (2%) of that entity's total annual charitable receipts and other revenues, whichever is greater, shall be presumed to be insignificant.

In addition, the Board of Directors has determined that a director who acts as a floor broker, floor trader, employee or officer of a futures commission merchant, clearing member firm or other similarly situated person that intermediates transactions in or otherwise uses CME Group products and services shall be presumed to be independent, if he or she otherwise satisfies all of the above categorical standards and the independence requirements of the applicable listing standards and such transactions are made in the ordinary course of business of the Company on terms consistent with those prevailing at the time for corresponding transactions by similarly situated, unrelated third parties.
