Item 2.01. Completion of Acquisition or Disposition of Assets.

On January 13, 2014, Jazz Pharmaceuticals International III Limited (Purchaser), a wholly-owned subsidiary of Jazz Pharmaceuticals Public Limited Company (Jazz Pharmaceuticals) and together with Purchaser, the Company), entered into an Asset Purchase Agreement (the Asset Purchase Agreement) with Aerial BioPharma, LLC (Aerial).

Pursuant to the terms of the Asset Purchase Agreement, and in exchange for an upfront initial payment from Purchaser totaling \$125 million (the Initial Payment), the Company is acquiring certain assets (the Purchased Assets) related to ADX-N05, a product candidate that was under development by Aerial for the treatment of excessive daytime sleepiness in patients with narcolepsy (the Asset Acquisition). In the Asset Acquisition, the Company is acquiring all of Aerial's right, title and interest in and to the Purchased Assets, which include patents, clinical data and an exclusive license from SK Biopharmaceuticals Co., Ltd. (SK Biopharmaceuticals) to develop, manufacture and commercialize ADX-N05 in all countries other than in certain countries in Asia where SK Biopharmaceuticals retains rights (such license, the SK License). The Company also assumed certain liabilities arising out of the Purchased Assets following the closing of the Asset Acquisition, including the obligations under the SK License. In addition to the Initial Payment, the Company is also obligated to make certain milestone payments (in an aggregate amount of up to \$272 million) based on development, regulatory and sales milestones and to pay tiered royalties from high single digits to mid-teens based on potential future sales of ADX-N05 by the Company.

Purchaser and Aerial have made customary representations and warranties and agreed to customary covenants in the Asset Purchase Agreement, including covenants requiring Purchaser to use commercially reasonable efforts to develop and obtain regulatory approval for ADX-N05. Subject to certain limitations, each of Purchaser and Aerial has also agreed to indemnify the other for breaches of representations, warranties, covenants and other specified matters. Pursuant to the Asset Purchase Agreement, \$12.5 million of the Initial Payment will be held in escrow for 18 months and applied towards the indemnification obligations of Aerial as set forth in the Asset Purchase Agreement.

The foregoing description of the Asset Purchase Agreement and the Asset Acquisition contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by reference to, the full text of the Asset Purchase Agreement, which is filed as Exhibit 2.1 hereto and incorporated herein by reference.

The Asset Purchase Agreement has been included solely to provide investors and security holders with information regarding its terms. It is not intended to be a source of financial, business or operational information, or to provide any other factual information, about the Purchased Assets, the Company or Aerial. The representations, warranties and covenants contained in the Asset Purchase Agreement are made only for purposes of the Asset Purchase Agreement and are made as of specific dates; are solely for the benefit of the parties (except as specifically set forth therein); may be subject to qualifications and limitations agreed upon by the parties in connection with negotiating the terms of the Asset Purchase Agreement, including being qualified by confidential disclosures made for the purpose of allocating contractual risk between the parties, instead of establishing matters as facts; and may be subject to standards of materiality and knowledge applicable to the contracting parties that differ from those applicable to investors or security holders. Investors and security holders should not rely on the representations, warranties and covenants or any description thereof as characterizations of the actual state of facts or condition of the Purchased Assets, the Company or Aerial. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the Asset Purchase Agreement, as applicable, which subsequent information may or may not be fully reflected in public disclosures.
