NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 1 BACKGROUND AND BASIS OF PRESENTATION

The consolidated financial statements include the accounts of Emerson Radio Corp. (Emerson , consolidated the Company), and its subsidiaries. The Company designs, sources, imports and markets a variety of houseware and consumer electronic products, and licenses the Company s trademarks for a variety of products domestically and internationally.

The unaudited interim consolidated financial statements reflect all normal and recurring adjustments that are, in the opinion of management, necessary to present a fair statement of the Company s consolidated financial position as of December 31, 2013 and the results of operations for the three and nine month periods ended December 31, 2013 and December 31, 2012. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. The preparation of the unaudited interim consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes; actual results could materially differ from those estimates. The unaudited interim consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and accordingly do not include all of the disclosures normally made in the Company s annual consolidated financial statements. Accordingly, these unaudited interim consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the fiscal year ended March 31, 2013 (fiscal 2013), included in the Company s annual report on Form 10-K, as amended, for fiscal 2013.

The results of operations for the three and nine month periods ended December 31, 2013 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the full year ended March 31, 2014 (fiscal 2014).

Whenever necessary, reclassifications are made to conform the prior year s financial statements to the current year s presentation.

Unless otherwise disclosed in the notes to these financial statements, the estimated fair value of the financial assets and liabilities approximates the carrying value.

Subsequent events have been evaluated through February 14, 2014.

Stock-Based Compensation

The Company measures compensation cost for stock-based compensation arrangements based on grant date fair value. The computed fair value is expensed ratably over the requisite vesting period as required by ASC Topic 718

Compensation Stock Compensation . All outstanding stock based compensation arrangements issued by the Company were fully vested as of November 30, 2009. Consequently, the Company recorded no compensation costs during either of the three or nine month periods ended December 31, 2013 and December 31, 2012.

Sales Allowance and Marketing Support Expenses

Sales allowances, marketing support programs, promotions and other volume-based incentives which are provided to retailers and distributors are accounted for on an accrual basis as a reduction to net revenues in the period in which the related sales are recognized in accordance with ASC topic 605, Revenue Recognition, subtopic 50 Customer Payments and Incentives and Securities and Exchange Commission Staff Accounting Bulletins 101 Revenue Recognition in Financial Statements, and 104 Revenue Recognition, corrected copy (SABs 101 and 104).

At the time of sale, the Company reduces recognized gross revenue by allowances to cover, in addition to estimated sales returns as required by ASC topic 605, Revenue Recognition, subtopic 15 Products, (i) sales incentives offered to customers that meet the criteria for accrual under ASC topic 605, subtopic 50 and (ii) under SABs 101 and 104, an estimated amount to recognize additional non-offered deductions it anticipates and can reasonably estimate will be taken by customers which it does not expect to recover. Accruals for the estimated amount of future non-offered deductions are required to be made as contra-revenue items because that percentage of shipped revenue fails to meet the collectability criteria within SAB 104s and 101s four revenue recognition criteria, all of which are required to be met in order to recognize revenue.

If additional marketing support programs, promotions and other volume-based incentives are required to promote the Company's products subsequent to the initial sale, then additional reserves may be required and are accrued for when such support is offered.

NOTE 3 SHAREHOLDERS EQUITY

Outstanding capital stock at December 31, 2013 consisted of common stock and Series A preferred stock. The Series A preferred stock is non-voting, has no dividend preferences and has not been convertible since March 31, 2002; however, it retains a liquidation preference.

At December 31, 2013, the Company had approximately 50,000 options outstanding and exercisable, all of which were non-dilutive for the three and nine month periods ending December 31, 2013 and December 31, 2012, with exercise prices ranging from \$3.07 to \$3.19. 25,000 of these options expire in January 2016 and 25,000 of these options expire in November 2016.

NOTE 4 INVENTORY

Inventories are stated at the lower of cost or market. Cost is determined using the first-in, first-out method. As of December 31, 2013 and March 31, 2013, inventories consisted of the following (in thousands):

NOTE 5 INCOME TAXES

Income Tax Issues Concerning Overseas Income

On April 15, 2013 and June 5, 2013, Emerson received correspondence from the IRS including a (i) Form 5701 and Form 886-A regarding Adjusted Sales Income (collectively referred to as NOPA 1) and (ii) Form 5701 and Form 886-A regarding Adjusted Subpart F-Foreign Base Company Sales Income (collectively referred to as NOPA 2).

With respect to NOPA 1, the IRS is (i) challenging the position of the Company with respect to the way the Company s controlled foreign corporation in Macao (the Macao CFC) recorded its product sales during Fiscal 2010 and Fiscal 2011 and (ii) asserting that an upward adjustment to the Company s Fiscal 2010 and Fiscal 2011 taxable income of \$4,981,520 and \$5,680,182, respectively, is required.

With respect to NOPA 2, the IRS is challenging the position of the Company with respect to the fact that the Company considered the service fee paid by the Company to the Macao CFC to be non-taxable in the U.S. The IRS has taken the position that the service fee paid to the Macao CFC by the Company constitutes foreign base company sales income (FBCSI). The IRS asserts that the service fee earned by the Macao CFC in connection with its sales of products to the Company should be taxable to the Company as FBCSI. As a result, the IRS determined that an upward adjustment to the Company s Fiscal 2010 and Fiscal 2011 taxable income of \$1,553,984 and \$1,143,162, respectively, is required.

The Company has evaluated the determinations made by the IRS as set forth in each of NOPA 1 and NOPA 2 in order to decide (a) how it will proceed and (b) the potential impact on the Company s financial condition and operations. Furthermore, although NOPA 1 and NOPA 2 represent potential adjustments to Fiscal 2010 and Fiscal 2011 only, the Company believes it is likely that the IRS will take the position that the same type of adjustments should be made for each of the Company s subsequent fiscal years. The assessment and payment of such additional taxes, penalties and interest would have a material adverse effect on the Company s financial condition and results of operations.

With respect to NOPA 1, the Company is appealing the proposed adjustment with the IRS. In the event that the Company is not successful in its appeal, the Company estimates that it could be liable for a maximum in taxes, penalties and interest of approximately \$13.3 million pertaining to NOPA 1, in the aggregate, for its Fiscal 2010, Fiscal 2011, Fiscal 2012 and Fiscal 2013 periods. However, because the Company s current assessment is that its appeal of NOPA 1 is more likely than not to be successful, the Company has not recorded any liability to its December 31, 2013 or March 31, 2013 balance sheets related to NOPA 1.

With respect to NOPA 2, the Company agrees in principle with the IRS position that the service fee paid to the Macao CFC by the Company would be treated as FBCSI and taxable to the Company but the Company does not agree with the adjustment to the Company s taxable income as calculated by the IRS. However, the Company has estimated at approximately \$1.1 million the amount of taxes, penalties and interest for which it would be liable for its Fiscal 2010, Fiscal 2011, Fiscal 2012 and Fiscal 2013 periods using the adjustments to taxable income as proposed by the IRS, and recorded such amount as a liability to its December 31, 2013 and March 31, 2013 balance sheets.

The Company anticipates having approximately \$3.2 million of U.S. federal net operating loss carry forwards and some U.S. state net operating loss carry forwards included in net deferred tax assets that are available to offset future taxable income and can be carried forward for 20 years. Although realization is not assured, management believes it is more likely than not that all of the net deferred tax assets will be realized through tax planning strategies available in future periods and through future profitable operating results. The amount of the deferred tax asset considered realizable could be reduced or eliminated if certain tax planning strategies are not successfully executed or estimates

of future taxable income during the carry forward period are reduced. If management determines that the Company would not be able to realize all or part of the net deferred tax asset in the future, an adjustment to the deferred tax asset would be charged to income in the period such determination was made.

The Company's effective tax rate differs from the federal statutory rate primarily due to expenses that are not deductible for federal income tax purposes, income and losses incurred in foreign jurisdictions and taxed at locally applicable tax rates, and state income taxes.

Table of Contents

The Company is subject to examination and assessment by tax authorities in numerous jurisdictions. A summary of the Company's open tax years is as follows as of December 31, 2013:

Jurisdiction	Open tax years
U.S. federal	2009-2013
States	2009-2013

Based on the outcome of tax examinations or due to the expiration of statutes of limitations, it is reasonably possible that the unrecognized tax benefits related to uncertain tax positions taken in previously filed returns may be different from the liabilities that have been recorded for these unrecognized tax benefits. As a result, the Company may be subject to additional tax expense.

NOTE 6 RELATED PARTY TRANSACTIONS

From time to time, Emerson engages in business transactions with its controlling shareholder, The Grande Holdings Limited (In Liquidation) (Grande), a Bermuda Corporation, and one or more of Grande's direct and indirect subsidiaries. Set forth below is a summary of such transactions.

Controlling Shareholder

Grande has, together with S&T International Distribution Limited (S&T), a subsidiary of Grande, and Grande N.A.K.S. Ltd., a subsidiary of Grande (together with Grande, the Reporting Persons), filed, on October 15, 2013, a Schedule 13D/A with the Securities and Exchange Commission (SEC) stating that, as of the filing date, the Reporting Persons had the shared power to vote and direct the disposition of 15,243,283 shares, or approximately 56.2%, of the outstanding common stock of Emerson. As the Reporting Persons, and by extension Grande (as their ultimate parent) have control of a majority of the outstanding shares of common stock of Emerson, Emerson is a Controlled company, as defined in Section 801(a) of the NYSE MKT Rules.

On May 31, 2011, upon application of a major creditor, the High Court of Hong Kong appointed Fok Hei Yu (who is also known by the anglicized name Vincent Fok), a current director and Chairman of the Board of the Company, and Roderick John Sutton, both of FTI Consulting (Hong Kong) Limited (FTI), as Joint and Several Provisional Liquidators over Grande. Accordingly, as of May 31, 2011, the directors of Grande no longer have the ability to exercise control over Grande or the power to direct the voting and disposition of the 15,243,283 shares beneficially owned by Grande. Instead, Mr. Fok and Mr. Sutton, as Provisional Liquidators over Grande, currently have such power. In addition, on March 20, 2013, the Provisional Liquidators provided to Emerson a written statement that they are obligated to liquidate the 15,243,283 shares in the Company beneficially owned by Grande. The Company can make no assurances regarding whether or to what extent such shares will be liquidated or retained by Grande, the timing, prices or amounts of any sales of shares or the impact, if any, on the Company, its other shareholders or the trading price of its common stock of any actual or anticipated dispositions of shares by the Provisional Liquidators. However, the plans of the Provisional Liquidators to sell the shares beneficially owned by Grande may be changing, based on information in a public announcement recently made by the Provisional Liquidators for and on behalf of Grande on February 12, 2014. That public announcement included the following information relevant to Emerson:

1. Grande has been in discussions with different investors to pursue a restructuring plan and resumption of trading in Grande's shares on The Stock Exchange of Hong Kong (the HKSE).

2. The Provisional Liquidators received on November 12, 2013 a restructuring proposal from a creditor of Grande, which proposal was revised pursuant to comments from the Provisional Liquidators on December 2, 2013.
3. On December 20, 2013, the Provisional Liquidators submitted the revised proposal from that creditor to the HKSE for resumption of the trading of Grande's shares on the HKSE.
4. The proposal submitted to the HKSE provides that the operations of Emerson would be retained by the Grande Group.
5. Under the proposal, creditors of Grande would settle their claims against Grande in exchange for 90% of the total newly-outstanding share capital in Grande.

6. Christopher Ho is the sole executive director of Grande.

According to the public announcement, the restructuring plan will require approvals, consents and sanctions of the HKSE, courts in Hong Kong and Bermuda, and the creditors and shareholders of Grande. It is not possible at this time to predict whether this or any other proposal to restructure Grande will be pursued and receive all necessary approvals, nor can there be any assurances regarding the timing, terms or effects of any restructuring proposal that does receive approval. However, as long as the Provisional Liquidators are pursuing this or another restructuring plan that could result in Grande retaining beneficial ownership of the 15,243,283 shares of Emerson common stock, the Provisional Liquidators may not be actively seeking to liquidate those shares, as had been stated in Emerson's prior Form 10-Q reports. If the restructuring of Grande is completed in accordance with the pending proposal described by the Provisional Liquidators in the public announcement, it is expected that the 15,243,283 shares of Emerson common stock held of record by Grande's subsidiary, S&T, would remain with S&T and that Grande would once again have the power to direct the voting and disposition of this 56.2% controlling interest in Emerson common stock. The sole executive director on the Board of Grande currently is Mr. Christopher Ho, who was the Chairman of the Board of Emerson until November 7, 2013. Emerson cannot predict nor provide any assurances regarding the possible effects on the Company, its shareholders, the trading price of its common stock or any other consequences that could result if the pending restructuring proposal is approved and Grande comes out of liquidation and again has the power to control Emerson.

Related Party Transactions

Rented Office Space in Hong Kong

Transactions with Brighton Marketing Limited, a subsidiary of Grande

Until May 2013, at which time these charges ceased, the Company was billed for service charges from Brighton Marketing Limited, a subsidiary of Grande, in connection with the Company's rented office space in Hong Kong. These charges totaled approximately \$1,000 for the three month period ended December 31, 2012. For the nine month periods ended December 31, 2013 and December 31, 2012, these charges totaled approximately \$1,000 and \$4,000, respectively. Emerson owed Brighton Marketing Limited nil at both December 31, 2013 and December 31, 2012 pertaining to these charges.

Transactions with The Grande Properties Management Limited, a related party to Christopher Ho, the former Chairman of the Board of Directors of the Company

The Company is charged for service charges from The Grande Properties Management Limited, a related party to Christopher Ho, the former Chairman of the Board of Directors of the Company, in connection with the Company's rented office space in Hong Kong. Mr. Ho did not stand for re-election to serve as a director of the Company at the Company's 2013 Annual Meeting of Stockholders held on November 7, 2013. Accordingly, Mr. Ho is no longer a director of the Company or a related party to the Company after November 7, 2013, and, consequently, such service charges from The Grande Properties Management Limited, are not considered Related Party Transactions after November 7, 2013.

These charges totaled approximately \$3,000 for the period October 1, 2013 through November 7, 2013, and approximately \$11,000 for the three month period ended December 31, 2012. These charges totaled approximately \$11,000 for the period April 1, 2013 through November 7, 2013, and approximately \$31,000 for the nine month period ended December 31, 2012. The Company owed nil to The Grande Properties Management Limited related to these charges at both November 7, 2013 and December 31, 2012.

Transactions with Lafe Strategic Services Limited, a related party to Christopher Ho, the former Chairman of the Board of Directors of the Company

Beginning July 3, 2012, the Company entered into a rental agreement with Lafe Strategic Services Limited ("Lafe"), which is a related party to Mr. Ho, whereby the Company was leasing out excess space within its rented office space in Hong Kong to Lafe. The rental agreement was on a month-by-month basis, cancellable by either the Company or Lafe on one month's written notice. The agreement was cancelled by Lafe effective April 1, 2013 at which time Lafe owed Emerson nil in rental payable from the arrangement. Emerson returned the approximately \$6,000 to Lafe in July 2013 that Emerson had been holding as a security deposit in accordance with the terms of the agreement. During the three months ended March 31, 2013, the Company earned rental income of approximately \$9,000 from this arrangement, and during the three and nine month periods ended December 31, 2012, the Company earned rental income of approximately \$9,000 and \$18,000, respectively, from this arrangement.

Consulting Services Provided to Emerson by one of its Former Directors

Until such agreement was cancelled by the Company effective November 7, 2013, Mr. Eduard Will, a former director of Emerson, was paid consulting fees by the Company for work performed by Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 8 "Legal Proceedings - Kayne Litigation" and merger and acquisition

research. Mr. Will was not re-elected to serve as a director of the Company at the Company's 2013 Annual Meeting of Stockholders held on November 7, 2013. Accordingly, Mr. Will is no longer a director of the Company or a related party to the Company after November 7, 2013.

During the period October 1, 2013 through November 7, 2013, Emerson paid consulting fees of approximately \$10,000 to Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 8 Legal Proceedings Kayne Litigation and merger and acquisition research. In addition, during the same period, Emerson paid a travel advance of approximately \$6,000 to Mr. Will, related to this consulting work and his service as a director of Emerson, which travel was completed during November 2013.

Table of Contents

During the period April 1, 2013 through November 7, 2013, Emerson paid consulting fees of approximately \$68,000 to Mr. Will for work performed by Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 8 Legal Proceedings Kayne Litigation and merger and acquisition research. In addition, during the period April 1, 2013 through November 7, 2013, Emerson paid expense reimbursements and advances, in the aggregate, of approximately \$6,000 to Mr. Will, related to this consulting work and his service as a director of Emerson.

During the three months ended December 31, 2012, Emerson paid consulting fees of approximately \$29,000 to Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 8 Legal Proceedings Kayne Litigation and merger and acquisition research. In addition, during the three months ended December 31, 2012, Emerson paid expense reimbursements and advances, in the aggregate, of approximately \$13,000 to Mr. Will, related to this consulting work and his service as a director of Emerson.

During the nine months ended December 31, 2012, Emerson paid consulting fees of approximately \$81,000 to Mr. Will for work performed by Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 8 Legal Proceedings Kayne Litigation, merger and acquisition research, as well as work related to the strategy for a shareholder derivative lawsuit that the Company settled in January 2011. In addition, during the nine months ended December 31, 2012, Emerson paid expense reimbursements and advances, in the aggregate, of approximately \$23,000, to Mr. Will, related to this consulting work and his service as a director of Emerson.

At both November 7, 2013 and December 31, 2012, the Company owed Mr. Will nil related to these activities.

Dividend-Related Issues with S&T

On March 2, 2010, the Board declared an extraordinary dividend of \$1.10 per common share, which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the stock-for-debt exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the IRS which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination. There can be no assurance that the Company will be successful in defending its position.

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by certain of its shareholders resulting from the dividend paid by the Company.

Initially, the Company withheld from the dividend paid to foreign shareholders an amount equal to the tax liability associated with such dividend. On April 7, 2010, upon a request made to the Company by its foreign controlling shareholder, S&T, the Company entered into an agreement with S&T (the Agreement), whereby the Company returned to S&T on April 7, 2010 that portion of the funds withheld for taxes from the dividend paid on March 24, 2010 to S&T, which the Company believes is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. The Agreement includes provisions pursuant to which S&T agreed to indemnify the Company for any liability imposed on it as a result of the Company's agreement not to withhold such funds for S&T's

possible tax liability and a pledge of stock as collateral. The Company continues to assert that such dividend is largely not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. In addition, the Company also continues to assert that this transaction results in an off-balance sheet arrangement and a possible contingent tax liability of the Company, which, if recognized, would be offset in part by the calling by the Company on S&T of the indemnification provisions of the Agreement.

Per the terms of the Agreement, Emerson invoiced S&T in June 2010 approximately \$42,000 for reimbursement of legal fees incurred by Emerson with regard to the Agreement and approximately \$33,000 as a transaction fee for having entered into the Agreement. In January 2011, Emerson agreed, upon the request of S&T, to waive approximately \$5,000 of the legal charges that had been invoiced to S&T in June 2010. S&T paid the full amount owed to Emerson of approximately \$70,000 in February 2011.

Table of Contents

In February 2011, upon the request of S&T to the Company, the Company and S&T agreed that the collateral pledged as a part of the Agreement would no longer be required and such collateral was returned by the Company to S&T in March 2011 and the Agreement was amended and restated to remove the collateral requirement but retain the indemnification provisions. The Agreement, as amended (the Amended Agreement), remains in effect as of today. In the event that (i) the Company is not successful in establishing with the IRS that the Company's calculations were correct and (ii) S&T is unable or unwilling to pay the additional taxes due or indemnify the Company under the terms of the Amended Agreement, the Company may be liable to pay such additional taxes which, together with penalties and interest, are currently estimated by the Company to be approximately \$4.5 million as of December 31, 2013. Any such liability, should it be required to be recognized by the Company, would likely have a material adverse effect on the Company's results of operations in the period recognized. S&T is a subsidiary of The Grande Holdings Limited, which is currently in liquidation (as described above in this Note 6 under *Controlling Shareholder*). Therefore, the ability of the Company to enforce its rights to indemnification under the Amended Agreement and to collect from S&T any additional taxes, interest and penalties due may be severely impaired.

Other

The Company charges Vigers Appraisal & Consulting Ltd. (Vigers), a related party of Christopher Ho, the former Chairman of the Board of Directors of the Company, for usage of telephone and data lines maintained by Emerson. Mr. Ho did not stand for re-election to serve as a director of the Company at the Company's 2013 Annual Meeting of Stockholders held on November 7, 2013. Accordingly, Mr. Ho is no longer a director of the Company or a related party to the Company after November 7, 2013, and, consequently, such service charges from the Company to Vigers are not considered Related Party Transactions after November 7, 2013.

These charges totaled approximately \$1,000 for the period October 1, 2013 through November 7, 2013, and approximately \$1,000 for the three month period ended December 31, 2012. These charges totaled approximately \$3,000 for the period April 1, 2013 through November 7, 2013, and approximately \$3,000 for the nine month period ended December 31, 2012. Vigers owed the Company nil related to these charges at both November 7, 2013 and December 31, 2012.

Vigers' usage of telephone and data lines maintained by Emerson ceased effective on January 1, 2014.

NOTE 7 CAPITAL LEASE OBLIGATIONS AND OTHER BORROWINGS*Capital Lease Obligations*

At December 31, 2013 and March 31, 2013, borrowings under long-term facilities consisted of the following (in thousands):

	December 31, 2013 (Unaudited)	March 31, 2013
Capitalized lease obligations	58	73
Less current maturities	(43)	(43)
Long term debt	\$ 15	\$ 30

Letters of Credit The Company uses Hang Seng Bank to issue letters of credit on behalf of the Company, as needed, on a 100% cash collateralized basis. At December 31, 2013, the Company had no outstanding letters of credit. In the event that the Company does have outstanding letters of credit with Hang Seng Bank, a like amount of cash is posted by the Company as collateral against such outstanding letters of credit, and is classified by the Company as Restricted Cash on the balance sheet.

Kayne Litigation As previously reported, since July 2011, Emerson Radio Corp. (the Company) has been a defendant in a lawsuit known as *Fred Kayne, et al., vs. Christopher Ho, et al.* (the Kayne Litigation) which was filed in the United States District Court for the Central District of California alleging, among other things, that the Company, certain of its present and former directors and other entities or individuals now or previously associated with The Grande Holdings Limited (In Liquidation) (Grande), intentionally interfered with the ability of the plaintiffs to collect on a judgment they had against Grande. As of November 2013, such judgment, with interest, totaled approximately \$60 million. Grande is the ultimate corporate parent of the Company's majority shareholder, S&T International Distribution Limited. The plaintiffs in the Kayne Litigation (the Plaintiffs) pursued their claims against the Company largely on the basis of their allegation that the Company was an alter ego of Grande because it was part of a single enterprise purportedly controlled by the Chairman of the Board of Grande, Christopher Ho.

After the commencement of the Kayne Litigation trial, which began on December 3, 2013, the Company entered into a settlement agreement (the Settlement Agreement) with the Plaintiffs, effective as of December 19, 2013, for reasons of economy and finality, the terms and facts of which may not be construed as an admission by any party as to the merits of any of the claims or defenses resolved therein, which fully resolves and settles all outstanding and potential claims against the Company in the Kayne Litigation without acknowledging or attributing fault or liability on the part of the Company.

In deciding that it was in the best interest of the Company and its stockholders to enter into the Settlement Agreement, the Company's Board considered the contingent risk that in the event that an adverse judgment of as much as \$60 million was issued against the defendants by the Court in the Kayne Litigation: (i) that judgment would be enforceable on a joint and several basis, such that the entire judgment against all defendants could be enforced, in its entirety, against a single defendant; (ii) that as the only U.S. based defendant in the Kayne Litigation, the Company faced a considerable risk that any such judgment would be enforced against it alone; (iii) that in that event, the Company would face significant legal and practical obstacles in seeking to pursue claims for contribution against the other defendants; and (iv) that the Company would also face significant obstacles in pursuing the appeal of such a judgment because an appeal would require the Company to post collateral sufficient to secure an appeal bond with a face amount in excess of \$60 million.

The Settlement Agreement provided for a cash payment of \$4.0 million (the Settlement Amount) to be paid by the Company to the Plaintiffs, which represents less than 7% of the potential liability the Company faced from an adverse judgment. The Board believed it was prudent to settle for this relatively small amount due to the factors discussed above as well as the uncertainty of the trial outcome in view of the judge's previous denial of several motions by the Company to dismiss the alter ego claims and denial of the Company's motion for summary judgment. Pursuant to the Settlement Agreement, payment of the Settlement Amount was made by the Company via wire transfer to the Plaintiffs' attorney's trust account on December 23, 2013, which payment shall remain in trust, and will not be released from trust to the Plaintiffs until such time as the Company makes an application to the Court to approve the Settlement Agreement as a good faith settlement under California law and such application is granted by the Court. On January 13, 2014, the Company filed such application seeking the Court's approval of the Settlement Agreement as a good faith settlement. In the event that the Court does not approve this Settlement Agreement as a good faith settlement, then, per the terms of the Settlement Agreement, the Plaintiffs' attorney shall immediately, upon the Company's demand, return the Settlement Amount to the Company and the Settlement Agreement and all of its provisions shall be null and void and the Plaintiffs shall have the right to resume the trial of the matter against the Company.

The Company intends to retain special counsel to investigate the ability of the Company to pursue claims against the co-defendants or others with respect to the Settlement Amount paid by the Company to the Plaintiffs.

The payment of the Settlement Amount by the Company resulted in the recognition of a \$4.0 million non-operating expense in the quarter ended December 31, 2013. During the nine months ending December 31, 2013 and December 31, 2012, the Company incurred legal fees associated with the Kayne Litigation of approximately \$1.6 million and \$0.8 million, respectively, and, during the three months ending December 31, 2013 and December 31, 2012, the Company incurred legal fees associated with the Kayne Litigation of approximately \$1.0 million and \$0.3 million, respectively.

Except for the litigation matter described above, the Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to our business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on our examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

NOTE 9 TRADEMARKS

During the nine months ended December 31, 2013, upon completion of an analysis which showed the absence of future expected cash flows, the Company determined that the value of one of its non-strategic trademarks was fully impaired. Thus, the Company recorded an impairment charge of \$0.2 million in December 2013 to write off this trademark.

Table of Contents

During the nine months ended December 31, 2012, the Company determined that the value of one of its non-strategic trademarks was fully impaired. Thus the Company recorded an impairment charge of \$1.3 million in September 2012 to write off this trademark.

The Company does not anticipate any future material adverse financial impacts arising from these impairments.

NOTE 10 SHORT TERM INVESTMENTS

As of December 31, 2013, the Company had \$37.2 million invested in certificates of deposit with durations ranging from three to six months. \$10.1 million of the certificates mature in March 2014 and bear an interest rate of 1.12% per annum, \$7.1 million of the certificates mature in March 2014 and bear an interest rate of 1.0% per annum and \$20 million of the certificates mature in May 2014 and bear an interest rate of 1.05% per annum.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion of the Company's operations and financial condition should be read in conjunction with the Financial Statements and notes thereto included elsewhere in this Quarterly Report.

In the following discussions, most percentages and dollar amounts have been rounded to aid presentation. Accordingly, all amounts are approximations.

Forward-Looking Information

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended.

Forward-looking statements include statements with respect to the Company's beliefs, plans, objectives, goals, expectations, anticipations, assumptions, estimates, intentions, and future performance, and involve known and unknown risks, uncertainties and other factors, which may be beyond the Company's control, and which may cause the Company's actual results, performance or achievements to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements.

All statements other than statements of historical fact are statements that could be forward-looking statements. The reader can identify these forward-looking statements through the Company's use of words such as may, will, can, anticipate, assume, should, indicate, would, believe, contemplate, expect, seek, estimate, continue, predict, could, intend, target, potential, and other similar words and expressions of the future. These forward-looking statements may not be realized due to a variety of factors, including, without limitation:

the impact, if any, on the Company's business, financial condition and results of operation arising from the appointment of the Provisional Liquidators over Grande;

the decline in, and any further deterioration of, consumer spending for retail products, such as the Company's products;

the Company's inability to resist price increases from its suppliers or pass through such increases to its customers;

the loss of any of the Company's key customers or reduction in the purchase of the Company's products by any such customers;

conflicts of interest that exist based on the Company's relationship with Grande;

the Company's inability to improve and maintain effective internal controls or the failure by its personnel to comply with such internal controls;

the Company's inability to maintain its relationships with its licensees and distributors, renew existing licenses, or the failure to obtain new licensees or distribution relationships on favorable terms;

cash generated by operating activities represents the Company's principal source of funding and therefore the Company depends on its ability to successfully manage its operating cash flows to fund its operations;

the Company's inability to anticipate market trends, enhance existing products or achieve market acceptance of new products;

the Company's dependence on a limited number of suppliers for its components and raw materials;

the Company's dependence on third party manufacturers to manufacture and deliver its products;

changes in consumer spending and economic conditions;

the failure of third party sales representatives to adequately promote, market and sell the Company's products;

the Company's inability to protect its intellectual property;

the effects of competition;

changes in foreign laws and regulations and changes in the political and economic conditions in the foreign countries in which the Company operates;

changes in accounting policies, rules and practices;

limited access to financing or increased cost of financing;

the effects of the continuing appreciation of the renminbi and increases in costs of production in China; and

the other factors listed under "Risk Factors" in the Company's Form 10-K, as amended, for the fiscal year ended March 31, 2013 and other filings with the Securities and Exchange Commission (the "SEC").

Net product sales Net product sales for the third quarter of fiscal 2014 were \$18.4 million as compared to \$22.6 million for the third quarter of fiscal 2013, a decrease of \$4.2 million or 18.4%. For the nine month period of fiscal 2014, net product sales were \$59.2 million as compared to \$99.8 million for the nine month period of fiscal 2013, a decrease of \$40.6 million or 40.7%. The Company's net product sales were lower on a year-over-year basis for both the third quarter of fiscal 2013 and the nine month period of fiscal 2013 due to pricing pressures, intense competitive activity and a challenging retail sales environment. The Company's sales during the nine month periods of fiscal 2014 and fiscal 2013 were highly concentrated among the Company's two largest customers, as to which gross product sales comprised approximately 89.1% and 94.1%, respectively, of the Company's total gross product sales. Net product sales may be periodically impacted by adjustments made to the Company's sales allowance and marketing support accrual to record unanticipated customer deductions from accounts receivable or to reduce the accrual by any amounts which were accrued in the past but not taken by customers through deductions from accounts receivable within a

certain time period. In the aggregate, these adjustments had the effect of increasing net product sales and operating income by approximately \$0.1 million and \$0.3 million for the third quarters of fiscal 2014 and fiscal 2013, respectively, and approximately \$0.3 million and \$0.8 million for the nine month periods of fiscal 2014 and fiscal 2013, respectively. The Company confronts increasing pricing pressure which is a trend that management expects to continue.

Net product sales are comprised primarily of the sales of houseware and audio products which bear the Emerson® brand name. The major elements which contributed to the overall decrease in net product sales were as follows:

- i) Houseware product net sales decreased \$4.0 million, or 18.4%, to \$17.5 million in the third quarter of fiscal 2014 as compared to \$21.5 million in the third quarter of fiscal 2013, principally driven by a decrease in sales of microwave ovens and wine coolers partially offset by an increase in compact refrigerators. For the nine month period of fiscal 2014, houseware products net sales were \$56.5 million, a decrease of \$40.1 million or 41.5%, from \$96.6 million for the nine month period of fiscal 2013, principally driven by a decrease in sales of all products offered by the Company in the category, which is comprised of microwave ovens, compact refrigerators and wine coolers.

Table of Contents

As reported by the Company in a Form 8-K filed with the SEC on October 19, 2012, the Company was informed by its customer Wal-Mart, which accounted for approximately 48% of the Company's net revenues during the year ended March 31, 2012 (Fiscal 2012), that, commencing with the Spring of 2013, it would discontinue purchasing from Emerson two microwave oven products that had been sold by the Company to Wal-Mart. During Fiscal 2012, these two microwave oven products comprised, in the aggregate, approximately \$48.4 million, or 31%, of the Company's net product sales. Emerson continued shipping these products throughout the remainder of Fiscal 2013 (the year ending March 31, 2013), with sales of such products declining through the fourth quarter of Fiscal 2013. Emerson anticipates that the full impact of Wal-Mart's decision will be realized by the Company in Fiscal 2014, which began on April 1, 2013. As previously disclosed by the Company, the complete loss of, or significant reduction in, business with either of the Company's key customers will have a material adverse effect on the Company's business and results of operations. Accordingly, Wal-Mart's decision has had a material adverse effect on the Company's business and results of operations. The Company is considering various strategic initiatives, including a complete analysis of its current and prospective product lines and pricing strategies. There can be no assurance that the Company will be able to increase sales of such products at levels sufficient to offset the adverse impact of Wal-Mart's decision, if at all.

As a result of the above, during the third quarter and nine month periods of fiscal 2014, sales of these two products by the Company were nil as compared to approximately \$8.0 million and \$32.0 million during the third quarter and nine month periods of fiscal 2013, respectively.

- ii) Audio product net sales were \$0.9 million in the third quarter of fiscal 2014 as compared to \$1.1 million in the third quarter of fiscal 2013, a decrease of \$0.2 million, or 18.7%, resulting from decreased sales of all products offered by the Company in the category, which is comprised of clock radios and portable audio products. For the nine month period of fiscal 2014, audio product net sales were \$2.7 million, a decrease of \$0.4 million, or 14.8%, from \$3.1 million in the nine month period of fiscal 2013, resulting from decreased sales of all products offered by the Company in the category, which is comprised of clock radios and portable audio products.

Licensing revenue Licensing revenue in the third quarter of fiscal 2014 was \$2.4 million compared to \$2.0 million in the third quarter of fiscal 2013, an increase of \$0.4 million or 18.0%. Licensing revenue for the nine month period of fiscal 2014 was \$4.7 million as compared to \$5.6 million for the nine month period of fiscal 2013, a decrease of \$0.9 million or 16.7%. The decrease in year-over-year licensing revenue for the nine month period of fiscal 2013 was due to approximately \$0.9 million of lower year-over-year licensing revenue earned from the Company's largest licensee, Funai Corporation, Inc. (Funai), on lower year-over-year sales by Funai of products bearing the Emerson® brand name.

The Company's largest license agreement is with Funai, which accounted for approximately 89% and 86% of the Company's total licensing revenue for the third quarter and nine month period of fiscal 2014, respectively, and approximately 86% and 88% of the Company's total licensing revenue for the third quarter and nine month period of fiscal 2013, and which was amended during November 2013 to extend the term of the agreement until March 31, 2018. The agreement provides that Funai will manufacture, market, sell and distribute specified products bearing the Emerson® trademark to customers in the U.S. and Canadian markets. Under the terms of the agreement, the Company receives non-refundable minimum annual royalty payments of \$3.75 million each calendar year and a license fee on sales of product subject to the agreement in excess of the minimum annual royalties.

Net revenues As a result of the foregoing factors, the Company's net revenues were \$20.9 million in the third quarter of fiscal 2014 as compared to \$24.7 million in the third quarter of fiscal 2013, a decrease of \$3.8 million, or 15.4%, and \$63.8 million in the nine month period of fiscal 2014 as compared to \$105.4 million in the nine month period of

fiscal 2013, a decrease of \$41.6 million, or 39.4%.

Cost of Sales In absolute terms, cost of sales decreased \$4.5 million, or 22.0%, to \$16.0 million in the third quarter of fiscal 2014 as compared to \$20.5 million in the third quarter of fiscal 2013. Cost of sales, as a percentage of net revenues was 76.7% in the third quarter of fiscal 2014 as compared to 83.1% in the third quarter of fiscal 2013. Cost of sales, as a percentage of net product sales was 86.7% in the third quarter of fiscal 2014 as compared to 90.6% in the third quarter of fiscal 2013. The decrease in absolute terms for the third quarter of fiscal 2014 as compared to the third quarter of fiscal 2013 was primarily related to the reduced net product sales and the lower year-over-year cost of sales as a percentage of sales.

In absolute terms, cost of sales decreased \$36.2 million, or 40.7%, to \$52.6 million in the nine month period of fiscal 2014 as compared to \$88.8 million in the nine month period of fiscal 2013. Cost of sales, as a percentage of net revenues was 82.4% in the nine month period of fiscal 2014 as compared to 84.2% in the nine month period of fiscal 2013. Cost of sales, as a percentage of net product sales was 89.0% in the nine month period of each of fiscal 2014 and fiscal 2013. The decrease in absolute terms for the nine month period of fiscal 2014 as compared to the nine month period of fiscal 2013 was primarily related to the reduced net product sales.

Table of Contents

The Company purchases the products it sells from a limited number of factory suppliers. For the third quarter of fiscal 2014 and fiscal 2013, 85% and 90%, respectively, of such purchases were from the Company's two largest suppliers. For the nine month period of fiscal 2014 and fiscal 2013, 74% and 78%, respectively, of such purchases were from the Company's two largest suppliers.

Other Operating Costs and Expenses As a percentage of net revenues, other operating costs and expenses were 1.7% in the third quarter of fiscal 2014 and 1.0% in the third quarter of fiscal 2013. In absolute terms, other operating costs and expenses were \$0.4 million for the third quarter of fiscal 2014 as compared to \$0.3 million in the third quarter of fiscal 2013 as a result of higher warranty and returns processing costs. For the nine month period of fiscal 2014, other operating costs were 1.1% of net revenues as compared to 1.0% of net revenues for the nine month period of fiscal 2013. In absolute terms, other operating costs and expenses were \$0.7 million for the nine month period of fiscal 2014 as compared to \$1.0 million for the nine month period of fiscal 2013 resulting from lower warranty and returns processing costs.

Selling, General and Administrative Expenses (S,G&A) S,G&A, as a percentage of net revenues, was 15.4% in the third quarter of fiscal 2014 as compared to 7.8% in the third quarter of fiscal 2013. S,G&A, in absolute terms, increased by \$1.3 million, or 67.0%, to \$3.2 million for the third quarter of fiscal 2014 as compared to \$1.9 million for the third quarter of fiscal 2013, primarily due to increased legal fees. For the nine month period of fiscal 2014, S,G&A was 12.1% of net revenues as compared to 5.4% for the nine month period of fiscal 2013. In absolute terms, S,G&A increased \$2.0 million, or 36.3%, to \$7.7 million for the nine month period of fiscal 2014 as compared to \$5.7 million in the nine month period of fiscal 2013. The increase in S,G&A in absolute terms, for the nine month period of fiscal 2014 were primarily due to higher legal fees and consulting costs, partially offset by reductions in compensation costs.

Impairment of trademark During the nine months ended December 31, 2013, upon completion of an analysis which showed the absence of future expected cash flows, the Company determined that the value of one of its non-strategic trademarks was fully impaired. Thus, the Company recorded an impairment charge of \$0.2 million in December 2013 to write off this trademark.

During the nine months ended December 31, 2012, the Company determined that the value of one of its non-strategic trademarks was fully impaired. Thus the Company recorded an impairment charge of \$1.3 million in September 2012 to write off this trademark.

The Company does not anticipate any future material adverse financial impacts arising from these impairments.

Loss on settlement of litigation To settle the Kayne Litigation, as more fully described in Note 8 Legal Proceedings the Company paid \$4.0 million to the Kayne Plaintiff's trust account in December 2013.

Interest income, net Interest income, net, was \$98,000 in the third quarter of fiscal 2014 as compared to \$132,000 in the third quarter of fiscal 2013, a decrease of \$34,000. Interest income, net, was \$441,000 in the nine month period of fiscal 2014 as compared to \$230,000 in the nine month period of fiscal 2013, an increase of \$211,000.

(Benefit) provision for Income Taxes In the third quarter of fiscal 2014, the Company recorded an income tax benefit of \$1.4 million as compared to income tax expense of \$0.4 million in the third quarter of fiscal 2013. For the nine month period of fiscal 2014 the Company recorded an income tax benefit of \$1.3 million as compared to income tax expense of \$1.3 million for the nine month period of fiscal 2013.

Net (loss) income As a result of the foregoing factors, the Company realized a net loss of \$1.4 million in the third quarter of fiscal 2014 as compared to net income of \$1.7 million in the third quarter of fiscal 2013, a decrease of \$3.1

million, or 181.6%. For the nine month period of fiscal 2014, the Company realized net income of \$0.4 million as compared to \$7.5 million in the nine month period of fiscal 2013, a decrease of \$7.1 million, or 95.0%.

Liquidity and Capital Resources

General

As of December 31, 2013, the Company had cash and cash equivalents of approximately \$18.7 million, as compared to approximately \$23.3 million at December 31, 2012. Working capital decreased to \$71.8 million at December 31, 2013 as compared to \$73.6 million at December 31, 2012. The decrease in cash and cash equivalents of approximately \$4.6 million was primarily due to a decrease in accounts payable, an increase in accounts receivable, an increase in short term investments, an increase in deferred tax assets and a net loss generated by the Company partially offset by a decrease in inventory and a decrease in prepaid expenses during the twelve months ended December 31, 2013.

Cash flow used by operating activities was \$10.8 million for the nine months ended December 31, 2013, resulting primarily from a decrease in accounts payable, an increase in inventory, an increase in accounts receivable, an increase in deferred tax assets and a decrease in income taxes payable, partially offset by the net income generated during the period and a decrease in other assets.

Table of Contents

Net cash provided by investing activities was \$8.1 million for the nine months ended December 31, 2013, primarily due to redemptions of short term investments in certificates of deposit and a reduction in restricted cash, partially offset by additions to property, plant and equipment.

Net cash used by financing activities was \$15,000 for the nine months ended December 31, 2013, resulting from payments made on the Company's capital lease and rental obligations.

Other Events and Circumstances Pertaining to Liquidity

Potential Income Tax Issues Concerning the Extraordinary Dividend Paid by the Company in March 2010

On March 2, 2010, the Board declared an extraordinary dividend of \$1.10 per common share which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the stock-for-debt exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the IRS which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination. There can be no assurance that the Company will be successful in defending its position.

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by certain of its shareholders resulting from the dividend paid by the Company.

Initially, the Company withheld from the dividend paid to foreign shareholders an amount equal to the tax liability associated with such dividend. On April 7, 2010, upon a request made to the Company by its foreign controlling shareholder, S&T, the Company entered into an agreement with S&T (the Agreement), whereby the Company returned to S&T on April 7, 2010 that portion of the funds withheld for taxes from the dividend paid on March 24, 2010 to S&T, which the Company believes is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. The Agreement includes provisions pursuant to which S&T agreed to indemnify the Company for any liability imposed on it as a result of the Company's agreement not to withhold such funds for S&T's possible tax liability and a pledge of stock as collateral. The Company continues to assert that such dividend is largely not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. In addition, the Company also continues to assert that this transaction results in an off-balance sheet arrangement and a possible contingent tax liability of the Company, which, if recognized, would be offset in part by the calling by the Company on S&T of the indemnification provisions of the Agreement.

In February 2011, upon the request of S&T to the Company, the Company and S&T agreed that the collateral pledged as a part of the Agreement would no longer be required and such collateral was returned by the Company to S&T in March 2011 and the Agreement was amended and restated to remove the collateral requirement but retain the indemnification provisions. The Agreement, as amended (the Amended Agreement), remains in effect as of today. In the event that (i) the Company is not successful in establishing with the IRS that the Company's calculations were correct and (ii) S&T is unable or unwilling to pay the additional taxes due or indemnify the Company under the terms

of the Amended Agreement, the Company may be liable to pay such additional taxes, which, together with penalties and interest, are currently estimated by the Company to be approximately \$4.5 million as of December 31, 2013. Any such liability, should it be required to be recognized by the Company, would likely have a material adverse effect on the Company's results of operations in the period recognized. S&T is a subsidiary of The Grande Holdings Limited, which is currently in liquidation (as described above in this Note 6 under *Controlling Shareholder*). Therefore, the ability of the Company to enforce its rights to indemnification under the Amended Agreement and to collect from S&T any additional taxes, interest and penalties due may be severely impaired.

Income Tax Issues Concerning Overseas Income

On April 15, 2013 and June 5, 2013, Emerson received correspondence from the IRS including a (i) Form 5701 and Form 886-A regarding Adjusted Sales Income (collectively referred to as *NOPA 1*) and (ii) Form 5701 and Form 886-A regarding Adjusted Subpart F-Foreign Base Company Sales Income (collectively referred to as *NOPA 2*).

Table of Contents

With respect to NOPA 1, the IRS is (i) challenging the position of the Company with respect to the way the Company's controlled foreign corporation in Macao (the Macao CFC) recorded its product sales during Fiscal 2010 and Fiscal 2011 and (ii) asserting that an upward adjustment to the Company's Fiscal 2010 and Fiscal 2011 taxable income of \$4,981,520 and \$5,680,182, respectively, is required.

With respect to NOPA 2, the IRS is challenging the position of the Company with respect to the fact that the Company considered the service fee paid by the Company to the Macao CFC to be non-taxable in the U.S. The IRS has taken the position that the service fee paid to the Macao CFC by the Company constitutes foreign base company sales income (FBCSI). The IRS asserts that the service fee earned by the Macao CFC in connection with its sales of products to the Company should be taxable to the Company as FBCSI. As a result, the IRS determined that an upward adjustment to the Company's Fiscal 2010 and Fiscal 2011 taxable income of \$1,553,984 and \$1,143,162, respectively, is required.

The Company has evaluated the determinations made by the IRS as set forth in each of NOPA 1 and NOPA 2 in order to decide (a) how it will proceed and (b) the potential impact on the Company's financial condition and operations. Furthermore, although NOPA 1 and NOPA 2 represent potential adjustments to Fiscal 2010 and Fiscal 2011 only, the Company believes it is likely that the IRS will take the position that the same type of adjustments should be made for each of the Company's subsequent fiscal years. The assessment and payment of such additional taxes, penalties and interest would have a material adverse effect on the Company's financial condition and results of operations.

With respect to NOPA 1, the Company is appealing the proposed adjustment with the IRS. In the event that the Company is not successful in its appeal, the Company estimates that it could be liable for a maximum in taxes, penalties and interest of approximately \$13.3 million pertaining to NOPA 1, in the aggregate, for its Fiscal 2010, Fiscal 2011, Fiscal 2012 and Fiscal 2013 periods. However, because the Company's current assessment is that its appeal of NOPA 1 is more likely than not to be successful, the Company has not recorded any liability to its December 31, 2013 or March 31, 2013 balance sheets related to NOPA 1.

With respect to NOPA 2, the Company agrees in principle with the IRS' position that the service fee paid to the Macao CFC by the Company would be treated as FBCSI and taxable to the Company but the Company does not agree with the adjustment to the Company's taxable income as calculated by the IRS. However, the Company has estimated at approximately \$1.1 million the amount of taxes, penalties and interest for which it would be liable for its Fiscal 2010, Fiscal 2011, Fiscal 2012 and Fiscal 2013 periods using the adjustments to taxable income as proposed by the IRS, and recorded such amount as a liability to its December 31, 2013 and March 31, 2013 balance sheets.

Credit Arrangements

Letters of Credit The Company utilizes Hang Seng Bank to issue letters of credit on behalf of the Company, as needed, on a 100% cash collateralized basis. At December 31, 2013, the Company had outstanding no letters of credit. In the event that the Company does have outstanding letters of credit with Hang Seng Bank, a like amount of cash is posted by the Company as collateral against such outstanding letters of credit, and is classified by the Company as Restricted Cash on the balance sheet.

Short-term Liquidity

During the three and nine months ended December 31, 2013, products representing approximately 70% and 71% of net sales, respectively, were imported directly to the Company's customers. The direct importation of product by the Company to its customers significantly benefits the Company's liquidity because this inventory does not need to be financed by the Company.

The Company's principal existing sources of cash are generated from operations. The Company believes that its existing cash balance and sources of cash will be sufficient to support existing operations over the next 12 months.

Recently Issued Accounting Pronouncements

The following Accounting Standards Updates (ASUs) were issued by the Financial Accounting Standards Board during the three months ended December 31, 2013 or during the interim period between December 31, 2013 and February 14, 2014 which relate to or could relate to the Company as concerns the Company s normal ongoing operations or the industry in which the Company operates:

Accounting Standards Update 2013-12, Definition of a Public Business Entity An Addition to the Master Glossary

The FASB has decided that it should proactively determine which entities would be within the scope of the Private Company Decision-Making Framework: A Guide for Evaluating Financial Accounting and Reporting for Private Companies (Guide). This will aim to minimize the inconsistency and complexity of having multiple definitions of, or a diversity in practice as to what constitutes, a nonpublic entity and public entity within U.S. generally accepted accounting principles (GAAP) on a going-forward basis. Specifically, stakeholders asked that the Board clarify which nonpublic entities potentially qualify for alternative financial accounting and reporting guidance. This Update addresses those issues by defining public business entity. There is no actual effective date for the amendment in this Update. However, the term public business entity will be used in Accounting Standards Updates No. 2014-01, Intangibles Goodwill and Other (Topic 350): Accounting for Goodwill, and No. 2014-02, Derivatives and Hedging (Topic 815): Accounting for Certain Receive-Variable, Pay-Fixed Interest Rate Swaps Simplified Hedge Accounting Approach, which are the first Updates that will use the term public business entity.

Inflation, Foreign Currency, and Interest Rates

The Company s exposure to currency fluctuations has been minimized by the use of U.S. dollar denominated purchase orders. The Company purchases virtually all of its products from manufacturers located in China.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

(a) Disclosure controls and procedures

The Company maintains disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d 15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) that are designed to ensure that information required to be disclosed in its Exchange Act reports are recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission s rules and forms, and that such information is accumulated and communicated to management, including the Company s principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. Due to the inherent limitations of control systems, not all misstatements may be detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons; by collusion of two or more people, or by management override of the control. Our controls and procedures can only provide reasonable, not absolute, assurance that the above objectives have been met.

The Company's management concluded that disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of December 31, 2013, are effective to reasonably ensure that information required to be disclosed in the reports that the Company files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to management, including the Company's principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in Internal Controls Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred during the fiscal quarter ended December 31, 2013 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Kayne Litigation As previously reported, since July 2011, Emerson Radio Corp. (the Company) has been a defendant in a lawsuit known as *Fred Kayne, et al., vs. Christopher Ho, et al.* (the Kayne Litigation) which was filed in the United States District Court for the Central District of California alleging, among other things, that the Company, certain of its present and former directors and other entities or individuals now or previously associated with The Grande Holdings Limited (In Liquidation) (Grande), intentionally interfered with the ability of the plaintiffs to collect on a judgment they had against Grande. As of November 2013, such judgment, with interest, totaled approximately \$60 million. Grande is the ultimate corporate parent of the Company's majority shareholder, S&T International Distribution Limited. The plaintiffs in the Kayne Litigation (the Plaintiffs) pursued their claims against the Company largely on the basis of their allegation that the Company was an alter ego of Grande because it was part of a single enterprise purportedly controlled by the Chairman of the Board of Grande, Christopher Ho.

After the commencement of the Kayne Litigation trial, which began on December 3, 2013, the Company entered into a settlement agreement (the Settlement Agreement) with the Plaintiffs, effective as of December 19, 2013, for reasons of economy and finality, the terms and facts of which may not be construed as an admission by any party as to the merits of any of the claims or defenses resolved therein, which fully resolves and settles all outstanding and potential claims against the Company in the Kayne Litigation without acknowledging or attributing fault or liability on the part of the Company.

In deciding that it was in the best interest of the Company and its stockholders to enter into the Settlement Agreement, the Company's Board considered the contingent risk that in the event that an adverse judgment of as much as \$60 million was issued against the defendants by the Court in the Kayne Litigation: (i) that judgment would be enforceable on a joint and several basis, such that the entire judgment against all defendants could be enforced, in its entirety, against a single defendant; (ii) that as the only U.S. based defendant in the Kayne Litigation, the Company faced a considerable risk that any such judgment would be enforced against it alone; (iii) that in that event, the Company would face significant legal and practical obstacles in seeking to pursue claims for contribution against the other defendants; and (iv) that the Company would also face significant obstacles in pursuing the appeal of such a judgment because an appeal would require the Company to post collateral sufficient to secure an appeal bond with a face amount in excess of \$60 million.

The Settlement Agreement provided for a cash payment of \$4.0 million (the Settlement Amount) to be paid by the Company to the Plaintiffs, which represents less than 7% of the potential liability the Company faced from an adverse judgment. The Board believed it was prudent to settle for this relatively small amount due to the factors discussed above as well as the uncertainty of the trial outcome in view of the judge's previous denial of several motions by the Company to dismiss the alter ego claims and denial of the Company's motion for summary judgment. Pursuant to the Settlement Agreement, payment of the Settlement Amount was made by the Company via wire transfer to the Plaintiffs' attorney's trust account on December 23, 2013, which payment shall remain in trust, and will not be released from trust to the Plaintiffs until such time as the Company makes an application to the Court to approve the Settlement Agreement as a good faith settlement under California law and such application is granted by the Court. On January 13, 2014, the Company filed such application seeking the Court's approval of the Settlement Agreement as a good faith settlement. In the event that the Court does not approve this Settlement Agreement as a good faith settlement, then, per the terms of the Settlement Agreement, the Plaintiffs' attorney shall immediately, upon the Company's demand, return the Settlement Amount to the Company and the Settlement Agreement and all of its provisions shall be null and void and the Plaintiffs shall have the right to resume the trial of the matter against the Company.

The Company intends to retain special counsel to investigate the ability of the Company to pursue claims against the co-defendants or others with respect to the Settlement Amount paid by the Company to the Plaintiffs.

The payment of the Settlement Amount by the Company resulted in the recognition of a \$4.0 million non-operating expense in the quarter ended December 31, 2013. During the nine months ending December 31, 2013 and December 31, 2012, the Company incurred legal fees associated with the Kayne Litigation of approximately \$1.6 million and \$0.8 million, respectively, and, during the three months ending December 31, 2013 and December 31, 2012, the Company incurred legal fees associated with the Kayne Litigation of approximately \$1.0 million and \$0.3 million, respectively.

Except for the litigation matter described above, the Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to our business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on our examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.
