LAMAR ADVERTISING COMPANY

AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(Unaudited)

(In thousands, except share and per share data)

1. Significant Accounting Policies

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the Company's financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and the notes thereto included in the 2013 Combined Form 10-K. Subsequent events, if any, are evaluated through the date on which the financial statements are issued.

2. Stock-Based Compensation

Equity Incentive Plan. Lamar Advertising's 1996 Equity Incentive Plan, as amended, (the "Incentive Plan") has reserved 15.5 million shares of Class A common stock for issuance to directors and employees, including shares underlying granted options and common stock reserved for issuance under its performance-based incentive program. Options granted under the plan expire ten years from the grant date with vesting terms ranging from three to five years and include 1) options that vest in one-fifth increments beginning on the grant date and continuing on each of the first four anniversaries of the grant date and 2) options that cliff-vest on the fifth anniversary of the grant date. All grants are made at fair market value based on the closing price of our Class A common stock as reported on the NASDAQ Global Select Market on the date of grant.

We use a Black-Scholes-Merton option pricing model to estimate the fair value of share-based awards. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and expected volatility. The Company granted options for an aggregate of 69,000 shares of its Class A common stock during the nine months ended September 30, 2014.

Stock Purchase Plan. In 2009 our board of directors adopted a new employee stock purchase plan, the 2009 Employee Stock Purchase Plan or 2009 ESPP, which was approved by our shareholders on May 28, 2009. The 2009 ESPP reserved 588,154 shares of Class A common stock for issuance to our employees, which included 88,154 shares of Class A common stock that had been available for issuance under our 2000 Employee Stock Purchase Plan or 2000 ESPP. The 2000 ESPP was terminated following the issuance of all shares that were subject to the offer that commenced under the 2000 ESPP on January 1, 2009 and ended June 30, 2009. The terms of the 2009 ESPP are substantially the same as the 2000 ESPP.

The number of shares of Class A common stock available under the 2009 ESPP was automatically increased by 80,209 shares on January 1, 2014 pursuant to the automatic increase provisions of the 2009 ESPP.

The following is a summary of the 2009 ESPP share activity for the nine months ended September 30, 2014:

	Shares
Available for future purchases, January 1, 2014	327,689
Additional shares reserved under 2009 ESPP	80,209
Purchases	(76,067)
Available for future purchases, September 30, 2014	331,831

Performance-based compensation. Unrestricted shares of our Class A common stock may be awarded to key officers, employees and directors under our 1996 Equity Incentive Plan. The number of shares to be issued, if any, will be dependent on the level of achievement of performance measures for key officers and employees, as determined by the Company's Compensation Committee based on our 2014 results. Any shares issued based on the achievement of performance goals will be issued in the first quarter of 2015. The shares subject to these awards can range from a minimum of 0% to a maximum of 100% of the target number of shares depending on the level at which the goals are attained. For the nine months ended September 30, 2014, the Company has recorded \$8,439 as non-cash compensation expense related to performance-based awards. In addition, each of our non-employee directors automatically receive upon election or re-election a restricted stock award of our Class A common stock. These awards vest 50% on grant date and 50% on the last day of each director's one year term. The Company recorded \$224 non-cash compensation expense related to these awards for the nine months ended September 30, 2014.

7. Summarized Financial Information of Subsidiaries

Separate financial statements of each of the Company's direct or indirect wholly owned subsidiaries that have guaranteed Lamar Media's obligations with respect to its publicly issued notes (collectively, the Guarantors) are not included herein because the Company has no independent assets or operations, the guarantees are full and unconditional and joint and several, and the only subsidiaries that are not guarantors are in the aggregate minor.

Lamar Media's ability to make distributions to Lamar Advertising is restricted under both the terms of the indentures relating to Lamar Media's outstanding notes and by the terms of its senior credit facility. As of September 30, 2014 and December 31, 2013, Lamar Media was permitted under the terms of its outstanding senior subordinated and senior notes to make transfers to Lamar Advertising in the form of cash dividends, loans or advances in amounts up to \$2,226,353 and \$2,072,542, respectively.

As of September 30, 2014, transfers to Lamar Advertising are permitted under Lamar Media's senior credit facility and as defined therein, unless, after giving effect such distributions, (i) the total debt ratio is equal to or greater than 6.0 to 1 or (ii) the senior debt ratio is equal to or greater than 3.5 to 1. As of September 30, 2014, the total debt ratio was less than 6.0 to 1 and Lamar Media's senior debt ratio was less than 3.5 to 1; therefore, dividends or distributions to Lamar Advertising were not subject to any additional restrictions under the senior credit facility. In addition, as of September 30, 2014 the senior credit facility allows Lamar Media to conduct its affairs in a manner that would allow Lamar Advertising to qualify and remain qualified for taxation as a REIT, including by allowing Lamar Media to make distributions to Lamar Advertising required for Lamar Advertising to qualify and remain qualified for taxation

as a REIT, subject to certain restrictions.

8. Earnings Per Share

The calculation of basic earnings per share excludes any dilutive effect of stock options, while diluted earnings per share includes the dilutive effect of stock options. For the three and nine months ended September 30, 2014 and 2013 there were no dilutive shares excluded from this calculation resulting from the anti-dilutive effect of stock options.

Senior Credit Facility

On January 10, 2014, Lamar Media paid in full the outstanding balance of the term loans then outstanding under its senior credit facility. The Company incurred a non-cash loss of \$5,176 related to this transaction.

On February 3, 2014, Lamar Media entered into a Second Restatement Agreement (the "Second Restatement Agreement") with the Company, certain of Lamar Media's subsidiaries as Guarantors, JPMorgan Chase Bank, N.A., as Administrative Agent and the Lenders named therein, under which the parties agreed to amend and restate Lamar Media's existing senior credit facility on the terms set forth in the Second Amended and Restated Credit Agreement attached as Exhibit A to the Second Restatement Agreement (such Second and Amended and Restated Credit Agreement together with the Second Restatement Agreement being herein referred to as the "senior credit facility"). The senior credit facility consists of a \$400,000 revolving credit facility and a \$500,000 incremental facility. Lamar Media is the borrower under the senior credit facility. We may also from time to time designate wholly-owned subsidiaries as subsidiary borrowers under the incremental loan facility. Incremental loans may be in the form of additional term loan tranches or increases in the revolving credit facility. Our lenders have no obligation to make additional loans to us, or any designated subsidiary borrower, under the incremental facility, but may enter into such commitments in their sole discretion.

On April 18, 2014, Lamar Media entered into Amendment No. 1 to the Second Amended and Restated Credit Agreement (the "Amendment") with Lamar Advertising, certain of Lamar Media's subsidiaries as Guarantors, JPMorgan Chase Bank, N.A. as Administrative Agent and the Lenders named therein under which the parties agreed to amend Lamar Media's existing senior credit facility on the terms set forth in the Amendment. The Amendment created a new \$300,000 Term A Loan facility (the "Term A Loans") and certain other amendments to the senior credit agreement. The

Term A Loans are not incremental loans and do not reduce the existing \$500,000 Incremental Loan facility. Lamar Media borrowed all \$300,000 in Term A Loans on April 18, 2014. The net loan proceeds, together with borrowings under the revolving portion of the senior credit facility and cash on hand, were used to fund the redemption of all \$400,000 in aggregate principal amount of Lamar Media's 7 7/8% Notes due 2018 on April 21, 2014.

The Term A Loans began amortizing on June 30, 2014 in quarterly installments on each September 30, December 31, March 31, and June 30 thereafter, as follows:

Principal Payment Date	Principal Amount
December 31, 2014-March 31, 2016	\$ 3,750
June 30, 2016- March 31, 2017	\$ 5,625
June 30, 2017-December 31, 2018	\$ 11,250
Term A Loan Maturity Date	\$ 168,750

The Term A loans and revolving credit facility bear interest at rates based on the Adjusted LIBO Rate (Eurodollar loans) or the Adjusted Base Rate (Base Rate loans), at Lamar Media's option. Eurodollar loans bear interest at a rate per annum equal to the Adjusted LIBO rate plus 2.25% (or the Adjusted LIBO Rate plus 2.00% at any time the Total Debt Ratio is less than or equal to 4.25 to 1; or the Adjusted LIBO Rate plus 1.75% at any time the Total Debt Ratio is less than or equal to 3.00 to 1). Base Rate Loans bear interest at a rate per annum equal to the Adjusted Base Rate plus 1.00% (or the Adjusted Base Rate plus 0.75% at any time the Total Debt Ratio is less than or equal to 3.00 to 1). The guarantees, covenants, events of default and other terms of the senior credit facility apply to the Term A Loans and revolving credit facility.

As of September 30, 2014, there was \$102,000 outstanding under the revolving credit facility. Availability under the revolving facility is reduced by the amount of any letters of credit outstanding. Lamar Media had \$6,846 letters of credit outstanding as of September 30, 2014 resulting in \$291,154 of availability under its revolving facility. Revolving credit loans may be requested under the revolving credit facility at any time prior to its maturity on February 2, 2019, and bear interest, at Lamar Media's option, at the Adjusted LIBOR Rate or the Adjusted Base Rate plus applicable margins, such margins are set at an initial rate with the possibility of a step down based on Lamar Media's ratio of debt to trailing four quarters EBITDA, as defined in the senior credit facility.

The terms of Lamar Media's senior credit facility and the indentures relating to Lamar Media's outstanding notes restrict, among other things, the ability of Lamar Advertising and Lamar Media to:

dispose of assets;

incur or repay debt;

create liens;

make investments; and

pay dividends.

The senior credit facility contains provisions that would allow Lamar Media to conduct its affairs in a manner that would allow Lamar Advertising to qualify and remain qualified as a REIT, including by allowing Lamar Media to make distributions to Lamar Advertising required for the Company to qualify and remain qualified for taxation as a REIT, subject to certain restrictions.

Lamar Media's ability to make distributions to Lamar Advertising is also restricted under the terms of these agreements. Under Lamar Media's senior credit facility the Company must maintain a specified senior debt ratio at all times and in addition, must satisfy a total debt ratio in order to incur debt, make distributions or make certain investments.

Lamar Advertising and Lamar Media were in compliance with all of the terms of their indentures and the applicable senior credit agreement provisions during the periods presented.

10. Fair Value of Financial Instruments

At September 30, 2014 and December 31, 2013, the Company's financial instruments included cash and cash equivalents, marketable securities, accounts receivable, investments, accounts payable and borrowings. The fair values of cash and cash equivalents, accounts receivable, accounts payable and short-term borrowings and current portion of long-term debt approximated carrying values because of the short-term nature of these instruments. Investments are reported at fair values. Fair values for investments held at cost are not readily available, but are estimated to approximate fair value. The estimated fair value of the Company's long term debt (including current maturities) was \$1,930,189, which is less than both the gross and carrying amount of \$1,941,080 as of September 30, 2014. The majority of the fair value is determined using observed prices of publicly traded debt (level 1 in the fair value hierarchy) and the remaining is valued based on quoted prices for similar debt (level 2 in the fair value hierarchy).

11. Adjustments to Previously Reported Amounts

Immaterial Correction of an Error. Commencing with the fourth quarter of 2013, the Company revised previously reported amounts due to a change from recognizing revenue on a monthly basis over the term of the advertising contract to recognizing revenue on a daily basis over the term of the advertising contract. In accordance with Staff Accounting Bulletin (SAB) No. 99, *Materiality*, and SAB No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*, management evaluated the materiality of the error from qualitative and quantitative perspectives, and concluded the error was immaterial to the current and prior periods. The correction of the immaterial error resulted in a decrease of net revenue and net income of \$2,043 and \$1,246 and \$5,857 and \$3,572 for the three and nine months ended September 30, 2013, respectively. The correction also resulted in a decrease of \$0.01 and \$0.04 in earnings per basic and dilutive share for the three months and nine months ended September 30, 2013, respectively.

The Company revised its historical financial statements as published in our 2013 Combined 10-K for fiscal 2011 and 2012, and the three and nine months ended September 30, 2013 contained therein.

12. Distributions

During the three and nine months ended September 30, 2014 the Company paid a cash distribution to holders of its common stock of \$79,190 and \$158,203, or \$0.83 and \$1.66 per share, respectively, in anticipation of commencing to operate as a REIT effective January 1, 2014. As a REIT the Company must distribute to its stockholders by the end of 2014 all of its pre-REIT accumulated earnings and profits, if any. In addition, the Company must annually distribute to its stockholders an amount equal to at least 90% of its REIT taxable income (determined before the deduction for distributed earnings and excluding any net capital gain). The amount, timing and frequency of future distributions will be at the sole discretion of the Board of Directors and will be declared based upon various factors, a number of which may be beyond the Company's control, including financial condition and operating cash flows, the amount required to maintain REIT status and reduce any income and excise taxes that the Company otherwise would be required to pay, limitations on distributions in our existing and future debt instruments, the Company's ability to utilize net operating losses to offset, in whole or in part, the Company's distribution requirements, limitations on its ability to fund distributions using cash generated through its taxable REIT subsidiaries (TRSs) and other factors that the Board of Directors may deem relevant. During the three and nine months ended September 30, 2014, the Company paid cash dividend distributions to holders of its Series AA Preferred Stock of \$91 and \$273, or \$15.95 and \$47.85 per share, respectively.

13. Information about Geographic Areas

Revenues from external customers attributable to foreign countries totaled \$24,314 and \$24,990 for the nine months ended September 30, 2014 and 2013, respectively. Net carrying value of long lived assets located in foreign countries totaled \$7,956 and \$8,838 as of September 30, 2014 and December 31, 2013, respectively. All other revenues from external customers and long lived assets relate to domestic operations.

14. New Accounting Pronouncements

In January 2014, the FASB issued guidance on the accounting for service concession arrangements with public sector entities. This guidance specifies that an operating entity should not account for a service concession arrangement as a lease and the infrastructure used in a service concession arrangement should not be recognized as property, plant and equipment. This guidance applies when the public sector entity controls the services that the operating entity must provide within the infrastructure and also controls any residual interest in the infrastructure at the end of the term of the arrangement. We are currently evaluating the impact of this guidance, which is effective for reporting periods beginning after December 15, 2014, on our consolidated financial statements.

On May 28, 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2017. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that ASU 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

15. Subsequent Events

On October 17, 2014 the Company announced that the registration statement on Form S-4 filed by its wholly owned subsidiary, Lamar Advertising REIT Company (Lamar REIT), which contains a proxy statement of Lamar, was declared effective on October 16, 2014 by the Securities and Exchange Commission. The proxy statement relates to a special meeting of Lamar's stockholders scheduled to be held on November 17, 2014, at 9:00 a.m., Central Standard Time, at the offices of Lamar to consider and vote on, among other things, a proposal to adopt the Agreement and Plan of Merger dated August 27, 2014 (the Merger Agreement), by and between Lamar and Lamar REIT. Stockholders of record of Lamar at the close of business on October 3, 2014, will be entitled to vote by proxy or in person at the special meeting.

This report contains forward-looking statements. Actual results could differ materially from those anticipated by the forward-looking statements due to risks and uncertainties described in the section of this combined report on Form 10-Q entitled Note Regarding Forward-Looking Statements and in Item 1A to the 2013 Combined Form 10-K filed on February 27, 2014, as supplemented by any risk factors contained in our combined Quarterly Reports on Form 10-Q. You should carefully consider each of these risks and uncertainties in evaluating the Company's and Lamar Media's financial conditions and results of operations. Investors are cautioned not to place undue reliance on the forward-looking statements contained in this document. These statements speak only as of the date of this document, and the Company undertakes no obligation to update or revise the statements, except as may be required by law.

Adjustment to Previously Reported Amounts

Immaterial Correction of an Error. During the fourth quarter of 2013, the Company identified an error in its revenue recognition. The Company determined that its policy of recognizing revenue on a monthly basis was in error and that revenue should be recognized on a daily basis over the term of the advertising contract. The result of the error was an immaterial understatement of deferred income liability and net revenue as of and for the year ended December 31, 2013. In accordance with SAB No. 99, *Materiality*, and SAB No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*, management evaluated the materiality of the error from both qualitative and quantitative perspectives, and concluded the error was immaterial to the current and prior periods.

Consequently, the Company revised its historical financial statements for three and nine months ended September 30, 2013 herein. For more information see Note (1) (c) of the Notes to Consolidated Financial Statements included in our 2013 Combined 10K, filed on February 27, 2014.

Lamar Advertising Company

The following is a discussion of the consolidated financial condition and results of operations of the Company for the three and nine months ended September, 2014 and 2013. This discussion should be read in conjunction with the consolidated financial statements of the Company and the related notes thereto.

OVERVIEW

The Company's net revenues are derived primarily from the rental of advertising space on outdoor advertising displays owned and operated by the Company. Revenue growth is based on many factors that include the Company's ability to increase occupancy of its existing advertising displays; raise advertising rates; and acquire new advertising displays and its operating results are therefore affected by general economic conditions, as well as trends in the advertising industry. Advertising spending is particularly sensitive to changes in general economic conditions which affect the rates that the Company is able to charge for advertising on its displays and its ability to maximize advertising sales or occupancy on its displays.

Historically, the Company made strategic acquisitions of outdoor advertising assets to increase the number of outdoor advertising displays it operates in existing and new markets. The Company continues to evaluate and pursue strategic acquisition opportunities as they arise. The Company has financed its historical acquisitions and intends to finance any future acquisition activity from available cash, borrowings under its senior credit facility or the issuance of debt or equity securities. See *Liquidity and Capital Resources* below. During the nine months ended September 30, 2014, the Company completed acquisitions for a total cash purchase price of approximately \$54.1 million.

The Company's business requires expenditures for maintenance and capitalized costs associated with the construction of new billboard displays, the entrance into and renewal of logo sign and transit contracts, and the purchase of real estate and operating equipment.

The following table presents a breakdown of capitalized expenditures for the three and nine months ended September 30, 2014 and 2013:

Table of Contents**Non-GAAP Financial Measures**

Our management reviews our performance by focusing on several key performance indicators not prepared in conformity with Generally Accepted Accounting Principles in the United States (GAAP). We believe these non-GAAP performance indicators are meaningful supplemental measures of our operating performance and should not be considered in isolation of, or as a substitute for their most directly comparable GAAP financial measures.

Included in our analysis of our results of operations are discussions regarding earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA), Funds From Operations (FFO), as defined by the National Association of Real Estate Investment Trusts, Adjusted Funds From Operations (AFFO) and acquisition-adjusted net revenue.

We define Adjusted EBITDA as net income before income tax expense (benefit), interest expense (income), gain (loss) on extinguishment of debt and investments, stock-based compensation, depreciation and amortization and gain or loss on disposition of assets and investments.

FFO is defined as net income before gains or losses from the sale or disposal of real estate assets and investments and real estate related depreciation and amortization and including adjustments to eliminate non-controlling interest.

We define AFFO as FFO adjusted for (i) straight-line revenue and expense; (ii) stock-based compensation expense; (iii) non-cash tax expense (benefit); (iv) non-real estate related depreciation and amortization; (v) amortization of deferred financing and debt issuance costs, (vi) loss on extinguishment of debt; (vii) non-recurring infrequent or unusual losses (gains); (viii) less maintenance capital expenditures; and (ix) an adjustment for non-controlling interest.

Acquisition-adjusted net revenue adjusts our 2013 net revenue for the three and nine months ended September 30, 2013, by adding to it the net revenue generated by the acquired assets before our acquisition of these assets for the same time frame that those assets were owned in the three and nine months ended September 30, 2014. In calculating acquisition-adjusted revenue, therefore, we include revenue generated by assets that we did not own in the 2013 period but acquired in the 2014 period. We refer to the amount of pre-acquisition revenue generated by the acquired assets during the period in 2013 that corresponds with the 2014 period in which we owned the assets (to the extent within the period to which this report relates) as acquisition net revenue . In addition, we also adjust the 2013 period to reflect assets that have been divested since the 2013 period and, therefore, no revenue derived from those assets is reflected in the 2014 period.

Adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue are not intended to replace net income or any other performance measures determined in accordance with GAAP. Neither FFO nor AFFO represent cash flows from operating activities in accordance with GAAP and, therefore, these measures should not be considered indicative of cash flows from operating activities as a measure of liquidity or of funds available to fund our cash needs, including our ability to make cash distributions. Rather, Adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue are presented as we believe each is a useful indicator of our current operating performance. We believe that these metrics are useful to an investor in evaluating our operating performance because (1) each is a key measure used by our management team for purposes of decision making and for evaluating our core operating results; (2) Adjusted EBITDA is widely used in the industry to measure operating performance as depreciation and amortization may vary significantly among companies depending upon accounting methods and useful lives, particularly where acquisitions and non-operating factors are involved; (3) acquisition-adjusted net revenue is a supplement to net revenue to enable investors to compare periods in 2014 and 2013 on a more consistent basis without the effects of acquisitions and divestures, which reflects our core performance and organic growth (if any) during the period in which the assets were owned and managed by us; (4) Adjusted EBITDA, FFO and AFFO each provides investors with a meaningful

measure for evaluating our period-to-period operating performance by eliminating items that are not operational in nature; and (5) each provides investors with a measure for comparing our results of operations to those of other companies.

Our measurement of Adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue may not, however, be fully comparable to similarly titled measures used by other companies. Reconciliations of Adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue to net income, the most directly comparable GAAP measure, have been included herein.

RESULTS OF OPERATIONS

Nine Months ended September 30, 2014 compared to Nine Months ended September 30, 2013

Net revenues increased \$24.9 million or 2.7% to \$950.4 million for the nine months ended September 30, 2014 from \$925.5 million for the same period in 2013. This increase was attributable primarily to an increase in billboard net revenues of \$22.0 million, which represents an increase of 2.7% over the prior period primarily resulting from higher pricing and occupancy rates as well as growth attributable to the addition of over 150 additional digital billboard displays, an increase in logo sign revenue of \$2.8 million, which represents an increase of 5.5% over the prior period, and a \$0.1 million increase in transit revenue, which represents an increase of 0.3% over the prior period.

Table of Contents

For the nine months ended September 30, 2014, there was a \$14.3 million increase in net revenues as compared to acquisition-adjusted net revenue for the nine months ended September 30, 2014, which represents an increase of 1.5%. See Reconciliations below. The \$14.3 million increase in revenue primarily consists of a \$13.0 million increase in billboard revenue, a \$1.2 million net decrease in transit revenue and a \$2.5 million increase in logo revenue over the acquisition-adjusted net revenue for the comparable period in 2013.

Total operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased \$10.4 million for the nine months ended September 30, 2014 over same period in 2013. The \$10.4 million increase over the prior year is comprised of a \$7.1 million decrease in non-cash stock based compensation expense offset by an increase in direct and general and administrative expenses related to the operations of our outdoor advertising assets of \$15.3 million and corporate expense increases of \$2.2 million of which \$0.8 million was directly related to the Company's conversion to real estate investment trust status.

Depreciation and amortization expense decreased \$16.2 million, or 7.4% for the nine months ended September 30, 2014, as compared to the nine months ended September 30, 2013.

Due to the above factors, operating income increased by \$30.6 million, or 19.2%, to \$190.2 million for the nine months ended September 30, 2014 as compared to \$159.6 million for the same period in 2013.

During the nine months ended September 30, 2014, the Company recognized a loss on debt extinguishment of \$26.0 million related to the redemption of Lamar Media's 7 7/8% Senior Subordinated Notes due 2018 and the amendment of its senior credit facility. Approximately \$10.3 million was a non-cash expense attributable to the write off of unamortized debt issuance fees associated with the then existing senior credit facility and the 7 7/8% Senior Subordinated Notes.

Interest expense decreased \$31.5 million from \$112.3 million for the nine months ended September 30, 2013, to \$80.8 million for the nine months ended September 30, 2014, primarily resulting from the Company's refinancing transactions during 2013 and 2014.

The increase in operating income and decrease in interest expense, offset by the increases in other-than-temporary impairment of investment and loss on debt extinguishment resulted in an increase in net income before taxes of \$32.0 million. Income tax expense increased \$16.3 million. For the nine months ended September 30, 2014, the Company's net income increased to \$45.6 million as compared to \$30.0 million for the same period in 2013.

Reconciliations:

Because acquisitions occurring after December 31, 2012 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2013 acquisition-adjusted net revenue, which adjusts our 2013 net revenue for the nine months ended September 30, 2013 by adding to or subtracting from it the net revenue generated by the acquired or divested assets before our acquisition or divestiture of these assets for the same time frame that those assets were owned in the nine months ended September 30, 2014.

Reconciliations of 2013 reported net revenue to 2013 acquisition-adjusted net revenue for the nine months ended September 30, as well as a comparison of 2013 acquisition-adjusted net revenue to 2014 reported net revenue for the nine months ended September 30, are provided below:

Adjusted EBITDA for the nine months ended September 30, 2014 increased 1.8% to \$407.4 million. The increase in Adjusted EBITDA was primarily attributable to the increase in our gross margin (net revenue less direct advertising expense) of \$13.6 million, and was partially offset by an increase in general administrative and corporate expenses of \$6.2 million, excluding the impact of stock-based compensation expense.

FFO for the nine months ended September 30, 2014 was \$235.9 million as compared to FFO of \$236.5 million for the same period in 2013. AFFO for the nine months ended September 30, 2014 increased 9.7% to \$271.2 million as compared to \$247.2 million for the same period in 2013. AFFO growth was primarily attributable to the increase in our operating margin (net revenue less direct advertising expense) and decrease in interest expense, partially offset by increases in general and administrative expenses and corporate expenses.

RESULTS OF OPERATIONS

Three Months ended September 30, 2014 compared to Three Months ended September 30, 2013

Net revenues increased \$13.9 million or 4.3% to \$335.0 million for the three months ended September 30, 2014 from \$321.1 million for the same period in 2013. This increase was attributable primarily to an increase in billboard net revenues of \$12.7 million, which represents an increase of 4.5% over the prior period primarily resulting from higher pricing and occupancy rates as well as growth attributable to the addition of over 150 additional digital billboard displays, an increase in logo sign revenue of \$1.4 million, which represents an increase of 8.7% over the prior period, and a \$0.2 million decrease in transit revenue, which represents a decrease of 1.3% over the prior period.

Table of Contents

For the three months ended September 30, 2014, there was a \$10.7 million increase in net revenues as compared to acquisition-adjusted net revenue for the three months ended September 30, 2013, which represents an increase of 3.3%. See Reconciliations below. The \$10.7 million increase in revenue primarily consists of a \$10.1 million increase in billboard revenue, a \$0.7 million net decrease in transit revenue and a \$1.3 million increase in logo revenue over the acquisition-adjusted net revenue for the comparable period in 2013.

Total operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased \$5.6 million for the three months ended September 30, 2014 over same period in 2013. The \$5.6 million increase over the prior year is comprised of a decrease of \$0.4 million in non-cash stock-based compensation expense offset by an increase in direct and general and administrative expenses related to the operations of our outdoor advertising assets of \$4.9 million and corporate expense increases \$1.1 million.

Depreciation and amortization expense decreased \$10.5 million, or 14.4% for the three months ended September 30, 2014, as compared to the three months ended September 30, 2013.

Due to the above factors, operating income increased to \$86.0 million for the three months ended September 30, 2014 compared to \$67.2 million for the same period in 2013.

Interest expense decreased \$13.3 million from \$37.7 million for the three months ended September 30, 2013, to \$24.4 million for the three months ended September 30, 2014, primarily resulting from the Company's refinancing transactions during 2013 and 2014.

The increase in operating income and the decrease in interest expense resulted in a \$32.0 million increase in net income before income taxes. This increase in income resulted in an increase in income taxes of \$14.1 million for the three months ended September 30, 2014 over the same period in 2013. The effective tax rate for the three months ended September 30, 2014 was 43.2%, which is higher than the statutory rate due to permanent differences resulting from non-deductible compensation expense related to stock options in accordance with ASC 718 and other non-deductible expenses and amortization.

As a result of the above factors, the Company recognized net income for the three months ended September 30, 2014 of \$35.1 million, as compared to net income of \$17.1 million for the same period in 2013.

Reconciliations:

Because acquisitions occurring after December 31, 2012 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2013 acquisition-adjusted net revenue, which adjusts our 2013 net revenue for the three months ended September 30, 2013 by adding to or subtracting from it the net revenue generated by the acquired or divested assets before our acquisition or divestiture of these assets for the same time frame that those assets were owned in the three months ended September 30, 2014.

AFFO for the three months ended September 30, 2014 increased 12.5% to \$109.5 million as compared to \$97.3 million for the same period in 2013. AFFO increase was primarily attributable to the decrease in our interest expense and the increase in our operating margin, offset by increases in general administrative expenses, corporate expenses and maintenance capital expenditures.

LIQUIDITY AND CAPITAL RESOURCES

Overview

The Company has historically satisfied its working capital requirements with cash from operations and borrowings under the senior credit facility. The Company's wholly owned subsidiary, Lamar Media, is the borrower under the senior credit facility and maintains all corporate operating cash balances. Any cash requirements of the Company, therefore, must be funded by distributions from Lamar Media.

Sources of Cash

Total Liquidity at September 30, 2014. As of September 30, 2014, we had approximately \$319.1 million of total liquidity, which is comprised of approximately \$28.0 million in cash and cash equivalents and approximately \$291.1 million of availability under the revolving portion of Lamar Media's senior credit facility. We are currently in compliance with the maintenance covenant included in the senior credit facility and we would remain in compliance after giving effect to borrowing the full amount available to us under the revolving portion of the senior credit facility.

Table of Contents

Cash Generated by Operations. For the nine months ended September 30, 2014 and 2013 our cash provided by operating activities was \$303.2 million and \$294.7 million, respectively. While our net income was approximately \$45.6 million for the nine months ended September 30, 2014, we generated cash from operating activities of \$303.2 million primarily due to adjustments needed to reconcile net income to cash provided by operating activities of \$280.5 million, which primarily consisted of depreciation and amortization of \$203.3 million, loss on extinguishment of debt and other-than-temporary-impairment of investments of \$30.1 million and non-cash equity based compensation of \$16.0 million. In addition, there was an increase in working capital of \$22.9 million. We expect to generate cash flows from operations during 2014 in excess of our cash needs for operations and capital expenditures as described herein.

Note Offerings. On January 10, 2014, Lamar Media completed an institutional private placement of \$510 million aggregate principal amount of its 5 3/8% Senior Notes due 2024. The institutional private placement resulted in net proceeds to Lamar Media, after payment of fees and expenses, of approximately \$502.3 million. Lamar Media used the proceeds of this offering to repay \$502.1 million of indebtedness, including all outstanding term loans, outstanding under its senior credit facility.

Credit Facilities. On February 3, 2014, Lamar Media entered into the second restatement agreement with the Company, certain of Lamar Media's subsidiaries as guarantors, the lenders named therein and JPMorgan Chase Bank, N.A., as administrative agent, under which the parties agreed to amend and restate Lamar Media's existing senior credit facility on the terms set forth in the second amended and restated credit agreement included in the second restatement agreement. The senior credit agreement was entered into on April 28, 2010, amended and restated on February 9, 2012 and further amended and restated on February 3, 2014. Among other things, the second amendment and restatement of the senior credit agreement increased the revolving credit facility by \$150 million and extended its maturity date to February 2, 2019. On April 18, 2014, Lamar Media entered into Amendment No. 1 to the second amended and restated credit agreement with Lamar Advertising, certain of Lamar Media's subsidiaries as guarantors, JPMorgan Chase Bank, N.A. as Administrative Agent and the Lenders named therein, which is referred to herein as the senior credit facility, under which the parties agreed to amend the senior credit facility to create a new \$300 million Term A Loan facility and provide for certain other amendments. The senior credit facility currently consists of a \$400 million revolving credit facility, a \$300 million Term A Loan facility (the Term A Loans) and a \$500 million incremental facility. Lamar Media is the borrower under the senior credit facility and may also from time to time designate wholly-owned subsidiaries as subsidiary borrowers under the incremental loan facility. Incremental loans may be in the form of additional term loan tranches or increases in the revolving credit facility. Our lenders have no obligation to make additional loans to us, or any designated subsidiary borrower, under the incremental facility, but may enter into such commitments in their sole discretion.

As of September 30, 2014, Lamar Media had approximately \$291.1 million of availability under the revolving credit facility included in the senior credit facility and approximately \$6.9 million in letters of credit outstanding. As of September 30, 2014, Lamar Media had \$292.5 million outstanding in Term A Loans and \$102.0 million outstanding under the revolving credit facility.

Factors Affecting Sources of Liquidity

Internally Generated Funds. The key factors affecting internally generated cash flow are general economic conditions, specific economic conditions in the markets where the Company conducts its business and overall spending on advertising by advertisers.

Credit Facilities and Other Debt Securities. Lamar must comply with certain covenants and restrictions related to the senior credit facility and its outstanding debt securities.

Restrictions Under Debt Securities. Lamar must comply with certain covenants and restrictions related to its outstanding debt securities. Currently Lamar Media has outstanding \$500 million 5 7/8% Senior Subordinated Notes issued in February 2012 (the 5 7/8% Senior Subordinated Notes), \$535 million 5% Senior Subordinated Notes issued in October 2012 (the 5% Senior Subordinated Notes) and \$510 million 5 3/8% Senior Notes issued in January 2014 (the 5 3/8% Senior Notes).

The indentures relating to Lamar Media's outstanding notes restrict its ability to incur additional indebtedness but permit the incurrence of indebtedness (including indebtedness under the senior credit facility), (i) if no default or event of default would result from such incurrence and (ii) if after giving effect to any such incurrence, the leverage ratio (defined as the sum of (x) total consolidated debt plus (y) the aggregate liquidation preference of any preferred stock of Lamar Media's restricted subsidiaries to trailing four fiscal quarter EBITDA (as defined in the indentures)) would be less than 7.0 to 1. Currently, Lamar Media is not in default under the indentures of any of its outstanding notes and, therefore, would be permitted to incur additional indebtedness subject to the foregoing provision.

Table of Contents

In addition to debt incurred under the provisions described in the preceding paragraph, the indentures relating to Lamar Media's outstanding notes permit Lamar Media to incur indebtedness pursuant to the following baskets:

up to \$1.5 billion of indebtedness under the senior credit facility;

indebtedness outstanding on the date of the indentures or debt incurred to refinance outstanding debt;

inter-company debt between Lamar Media and its restricted subsidiaries or between restricted subsidiaries;

certain purchase money indebtedness and capitalized lease obligations to acquire or lease property in the ordinary course of business that cannot exceed the greater of \$50 million or 5% of Lamar Media's net tangible assets; and

additional debt not to exceed \$75 million.

Restrictions under Senior Credit Facility. Lamar Media is required to comply with certain covenants and restrictions under the senior credit facility. If the Company fails to comply with these tests, the lenders under the senior credit facility will be entitled to exercise certain remedies, including the termination of the lending commitments and the acceleration of the debt payments under the senior credit facility. At December 31, 2013, and currently, we were in compliance with all such tests under the senior credit facility.

Lamar Media must maintain a senior debt ratio, defined as total consolidated debt (other than subordinated indebtedness) of Lamar Advertising and its restricted subsidiaries, minus the lesser of (x) \$100 million and (y) the aggregate amount of unrestricted cash and cash equivalents of Lamar Advertising and its restricted subsidiaries to EBITDA, as defined below, for the period of four consecutive fiscal quarters then ended, of less than or equal to 3.5 to 1.0.

Lamar Media is also restricted from incurring additional indebtedness under certain circumstances unless, after giving to the incurrence of such indebtedness, it is in compliance with the senior debt ratio covenant and its total debt ratio, defined as (a) total consolidated debt of Lamar Advertising and its restricted subsidiaries as of any date minus the lesser of (i) \$100 million and (ii) the aggregate amount of unrestricted cash and cash equivalents of Lamar Advertising and its restricted subsidiaries to (b) EBITDA, as defined below, for the most recent four fiscal quarters then ended is less than 6.0 to 1.0.

Under the senior credit facility EBITDA means, for any period, operating income for the Company and its restricted subsidiaries (determined on a consolidated basis without duplication in accordance with GAAP) for such period (calculated before (i) taxes, (ii) interest expense, (iii) depreciation, (iv) amortization, (v) any other non-cash income or charges accrued for such period, (vi) charges and expenses in connection with the credit facility transactions, (vii) costs and expenses of Lamar Advertising associated with the REIT conversion, provided that the aggregate amount of costs and expenses that may be added back pursuant to this clause (vii) shall not exceed \$10 million in the aggregate and (viii) the amount of cost savings, operating expense reductions and other operating improvements or synergies projected by the Lamar Media in good faith to be realized as a result of any acquisition, investment, merger, amalgamation or disposition within 12 months of any such acquisition, investment, merger, amalgamation or

disposition, net of the amount of actual benefits realized during such period from such action: provided, (a) the aggregate amount for all such cost savings, operating expense reductions and other operating improvements or synergies shall not exceed an amount equal to 15% of EBITDA for the applicable four quarter period and (b) any such adjustment to EBITDA may only take into account cost savings, operating expense reductions and other operating improvements synergies that are (I) directly attributable to such acquisition, investment, merger, amalgamation or disposition, (II) expected to have a continuing impact on the Lamar Media and its restricted subsidiaries and (III) factually supportable, in each case all as certified by the chief financial officer of the Lamar Media on behalf of the Lamar Media, and (ix) any loss or gain relating to amounts paid or earned in cash prior to the stated settlement date of any swap agreement that has been reflected in operating income for such period) and (except to the extent received or paid in cash by the Company and its restricted subsidiaries income or loss attributable to equity in affiliates for such period), excluding any extraordinary and unusual gains or losses during such period and excluding the proceeds of any casualty events whereby insurance or other proceeds are received and certain dispositions. For purposes of calculating EBITDA, the effect on such calculation of any adjustments required under Statement of Financial Accounting Standards No. 141R is excluded.

Excess Cash Flow Payments. The requirement to make certain mandatory prepayments on loans outstanding under the senior credit facility under certain circumstances was eliminated in conjunction with the second amendment and restatement of the senior credit agreement in February 2014.

The Company believes that its current level of cash on hand, availability under the senior credit facility and future cash flows from operations are sufficient to meet its operating needs through fiscal 2014. All debt obligations are reflected on the Company's balance sheet.

Uses of Cash

Capital Expenditures. Capital expenditures excluding acquisitions were approximately \$83.9 million for the nine months ended September 30, 2014. We anticipate our 2014 total capital expenditures will be approximately \$100 million.

Table of Contents

Acquisitions. During the nine months ended September 30, 2014, the Company financed its acquisition activity of \$54.1 million with cash on hand.

Note Redemption. On April 21, 2014, Lamar Media redeemed in full all \$400 million of its 7 7/8% Senior Subordinated Notes due 2018 at a redemption price equal to 103.938% of aggregate principal amount of outstanding notes, plus accrued and unpaid interest to, but not including the redemption date for a total redemption price of \$416.3 million. Lamar Media used cash on hand and borrowings under its senior credit facility to fund the redemption.

Term A Loans. The Term A Loans mature on February 2, 2019 and began amortizing on June 30, 2014 in quarterly installments paid on such date and on each September 30, December 31, March 31 and June 30 thereafter, as follows:

Principal Payment Date	Principal Amount
December 31, 2014-March 31, 2016	\$ 3,750,000
June 30, 2016- March 31, 2017	\$ 5,625,000
June 30, 2017-December 31, 2018	\$ 11,250,000
Term A Loan Maturity Date	\$ 168,750,000

The Term A loans and revolving credit facility bear interest at rates based on the Adjusted LIBO Rate (Eurodollar loans) or the Adjusted Base Rate (Base Rate loans), at Lamar Media's option. Eurodollar loans bear interest at a rate per annum equal to the Adjusted LIBO rate plus 2.25% (or the Adjusted LIBO Rate plus 2.00% at any time the Total Debt Ratio is less than or equal to 4.25 to 1; or the Adjusted LIBO Rate plus 1.75% at any time the Total Debt Ratio is less than or equal to 3.00 to 1). Base Rate Loans bear interest at a rate per annum equal to the Adjusted Base Rate plus 1.00% (or the Adjusted Base Rate plus 0.75% at any time the Total Debt Ratio is less than or equal to 3.00 to 1). The guarantees, covenants, events of default and other terms of the senior credit facility apply to the Term A Loans and revolving credit facility.

Dividends. During the nine months ended September 30, 2014 the Company made two cash distributions to its common stockholders totaling approximately \$158.5 million or \$1.66 per share common stock, in anticipation of commencing to operate as a REIT effective January 1, 2014. As a REIT the Company must distribute to its stockholders by the end of 2014 all if its pre-REIT accumulated earnings and profits, if any. In addition, the company must annually distribute to its stockholders an amount equal to at least 90% of its REIT taxable income (determined before the deduction for distributed earnings and excluding any net capital gain). The amount, timing and frequency of future distributions will be at the sole discretion of the Board of Directors and will be declared based upon various factors, a number of which may be beyond the Company's control, including financial condition and operating cash flows, the amount required to maintain REIT status and reduce any income and excise taxes that the Company otherwise would be required to pay, limitations on distributions in our existing and future debt instruments, the Company's ability to utilize net operating losses to offset, in whole or in part, the Company's distribution requirements, limitations on its ability to fund distributions using cash generated through its TRSs and other factors that the Board of Directors may deem relevant.

Off Balance Sheet Arrangements

The Company has no off-balance sheet arrangements with the exception of operating leases.

Commitments and Contingencies

In our Annual Report on Form 10-K for the year ended December 31, 2013, Part II, Item 7, Management's Discussion and Analysis of Financial Conditions and Results of Operations, under the heading Debt Service and Contractual Obligations, we described our commitments and contingencies. There were no material changes in our commitments and contingencies during the three and nine months ended September 30, 2014.

REIT Election

On September 25, 2014, our Board of Directors determined the Company's conversion to a REIT is advisable and in the best interest of the Company and its stockholders and approved the remaining steps necessary for the Company to commence operating as a REIT effective January 1, 2014. In connection with this reorganization, we plan to merge with and into Lamar Advertising REIT Company (Lamar REIT), a newly formed, wholly owned subsidiary of Lamar Advertising, at which time the separate existence of Lamar Advertising will cease and Lamar REIT will be the surviving entity of the merger. Upon the effectiveness of the merger, Lamar REIT will change its name to Lamar Advertising Company and will continue the business and assume the obligations of Lamar Advertising.

The merger will facilitate our compliance with REIT tax rules by ensuring the effective adoption by Lamar REIT of a certificate of incorporation that implements share ownership and transfer restrictions that are intended to facilitate compliance with certain REIT rules related to share ownership. Lamar REIT filed a proxy statement/prospectus on Form S-4 with the Securities and Exchange Commission on June 27, 2014, as amended, which describes the merger and REIT election. The Form S-4 was declared effective by the Securities and Exchange Commission on October 16, 2014. We will hold a special meeting of stockholders on November 17, 2014 to vote on the proposed merger. Stockholders of record as of October 3, 2014 will be entitled to vote at the special meeting. We can provide no assurance that the REIT conversion, if completed, will be successfully implemented or achieve the intended benefits.

Table of Contents

If we convert to a REIT, we will be required to distribute to our stockholders with respect to each taxable year at least 90% of our taxable income (net of any available net operating loss carry forwards) in order to qualify as a REIT, and 100% of our taxable income (net of any available net operating loss carry forwards) in order to avoid U.S. federal income and excise taxes. We commenced regular distributions to stockholders in the second quarter of 2014. The amount, timing and frequency of any future distributions, however, will be at the sole discretion of our Board of Directors and will be declared based upon various factors, including our financial condition and operating cash flows, the amount required to maintain REIT status and reduce any income and excise taxes that we otherwise would be required to pay, limitations on distributions in our existing and future debt instruments, our ability to utilize NOLs to offset our distribution requirements and other factors that our Board of Directors may deem relevant.

Lamar Media Corp.

The following is a discussion of the consolidated financial condition and results of operations of Lamar Media for the three and nine months ended September 30, 2014 and 2013. This discussion should be read in conjunction with the consolidated financial statements of Lamar Media and the related notes thereto.

RESULTS OF OPERATIONS**Nine Months ended September 30, 2014 compared to Nine Months ended September 30, 2013**

Net revenues increased \$24.9 million or 2.7% to \$950.4 million for the nine months ended September 30, 2014 from \$925.5 million for the same period in 2013. This increase was attributable primarily to an increase in billboard net revenues of \$22.0 million, which represents an increase of 2.7% over the prior period primarily resulting from higher pricing and occupancy rates as well as growth attributable to the addition of over 150 additional digital billboard displays, an increase in logo sign revenue of \$2.8 million, which represents an increase of 5.5% over the prior period, and a \$0.1 million increase in transit revenue, which represents an increase of 0.3% over the prior period.

For the nine months ended September 30, 2014, there was a \$14.3 million increase in net revenues as compared to acquisition-adjusted net revenue for the nine months ended September 30, 2014, which represents an increase of 1.5%. See Reconciliations below. The \$14.3 million increase in revenue primarily consists of a \$13.0 million increase in billboard revenue, a \$1.2 million net decrease in transit revenue and a \$2.5 million increase in logo revenue over the acquisition-adjusted net revenue for the comparable period in 2013.

Total operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased \$10.4 million for the nine months ended September 30, 2014 over same period in 2013. The \$10.4 million increase over the prior year is comprised of a \$7.1 million decrease in non-cash stock based compensation expense offset by an increase in direct and general and administrative expenses related to the operations of our outdoor advertising assets of \$15.3 million and corporate expense increases of \$2.2 million of which \$0.8 million was directly related to the Company's conversion to real estate investment trust status.

Depreciation and amortization expense decreased \$16.2 million, or 7.4% for the nine months ended September 30, 2014, as compared to the nine months ended September 30, 2013.

Due to the above factors, operating income increased by \$30.6 million, or 19.1%, to \$190.5 million for the nine months ended September 30, 2014 as compared to \$159.9 million for the same period in 2013.

During the nine months ended September 30, 2014, Lamar Media recognized a loss on debt extinguishment of \$26.0 million related to the redemption of our 7 7/8% Senior Subordinated Notes due 2018 and the amendment of its senior

credit facility. Approximately \$10.3 million was a non-cash expense attributable to the write off of unamortized debt issuance fees associated with the then existing senior credit facility and the 7 7/8% Senior Subordinated Notes.

Interest expense decreased \$31.5 million from \$112.3 million for the nine months ended September 30, 2013, to \$80.8 million for the nine months ended September 30, 2014, primarily resulting from the Company's refinancing transactions during 2013 and 2014.

The increase in operating income and decrease in interest expense, offset by the increases in other-than-temporary impairment of investment and loss on debt extinguishment resulted in an increase in net income before taxes of \$32.0 million. Income tax expense increased \$16.3 million. For the nine months ended September 30, 2014, Lamar Media's net income increased to \$45.8 million as compared to \$30.1 million for the same period in 2013.

Reconciliations:

Because acquisitions occurring after December 31, 2012 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2013 acquisition-adjusted net revenue, which adjusts our 2013 net revenue for the nine months ended September 30, 2013 by adding to or subtracting from it the net revenue generated by the acquired or divested assets before our acquisition or divestiture of these assets for the same time frame that those assets were owned in the nine months ended September 30, 2014.

Table of Contents

Reconciliations of 2013 reported net revenue to 2013 acquisition-adjusted net revenue for the nine months ended September 30, as well as a comparison of 2013 acquisition-adjusted net revenue to 2014 reported net revenue for the nine months ended September 30, are provided below:

Reconciliation and Comparison of Reported Net Revenue to Acquisition-Adjusted Net Revenue

	Nine months ended September 30, 2014 2013 (in thousands)	
Reported net revenue	\$ 950,364	\$ 925,490
Acquisition net revenue		10,537
Adjusted totals	\$ 950,364	\$ 936,027

RESULTS OF OPERATIONS**Three Months ended September 30, 2014 compared to Three Months ended September 30, 2013**

Net revenues increased \$13.9 million or 4.3% to \$335.0 million for the three months ended September 30, 2014 from \$321.1 million for the same period in 2013. This increase was attributable primarily to an increase in billboard net revenues of \$12.7 million, which represents an increase of 4.5% over the prior period primarily resulting from higher pricing and occupancy rates as well as growth attributable to the addition of over 150 additional digital billboard displays, an increase in logo sign revenue of \$1.4 million, which represents an increase of 8.7% over the prior period, and a \$0.2 million decrease in transit revenue, which represents a decrease of 1.3% over the prior period.

For the three months ended September 30, 2014, there was a \$10.7 million increase in net revenues as compared to acquisition-adjusted net revenue for the three months ended September 30, 2013, which represents an increase of 3.3%. See Reconciliations below. The \$10.7 million increase in revenue primarily consists of a \$10.1 million increase in billboard revenue, a \$0.7 million net decrease in transit revenue and a \$1.3 million increase in logo revenue over the acquisition-adjusted net revenue for the comparable period in 2013.

Total operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased \$5.6 million for the three months ended September 30, 2014 over same period in 2013. The \$5.6 million increase over the prior year is comprised of a decrease of \$0.4 million in non-cash stock-based compensation expense offset by an increase in direct and general and administrative expenses related to the operations of our outdoor advertising assets of \$4.9 million and corporate expense increases \$1.1 million.

Depreciation and amortization expense decreased \$10.5 million, or 14.4% for the three months ended September 30, 2014, as compared to the three months ended September 30, 2013.

Due to the above factors, operating income increased to \$86.1 million for the three months ended September 30, 2014 compared to \$67.3 million for the same period in 2013.

Interest expense decreased \$13.3 million from \$37.7 million for the three months ended September 30, 2013, to \$24.4 million for the three months ended September 30, 2014, primarily resulting from the Lamar Media's refinancing

transactions during 2013 and 2014.

The increase in operating income and the decrease in interest expense resulted in a \$32.0 million increase in net income before income taxes. This increase in income resulted in an increase in income taxes of \$14.1 million for the three months ended September 30, 2014 over the same period in 2013. The effective tax rate for the three months ended September 30, 2014 was 43.1%, which is higher than the statutory rate due to permanent differences resulting from non-deductible compensation expense related to stock options in accordance with ASC 718 and other non-deductible expenses and amortization.

As a result of the above factors, Lamar Media recognized net income for the three months ended September 30, 2014 of \$35.1 million, as compared to net income of \$17.1 million for the same period in 2013.

Reconciliations:

Because acquisitions occurring after December 31, 2012 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2013 acquisition-adjusted net revenue, which adjusts our 2013 net revenue for the three months ended September 30, 2013 by adding to or subtracting from it the net revenue generated by the acquired or divested assets before our acquisition or divestiture of these assets for the same time frame that those assets were owned in the three months ended September 30, 2014.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK*Lamar Advertising Company and Lamar Media Corp.*

The Company is exposed to interest rate risk in connection with variable rate debt instruments issued by its wholly owned subsidiary Lamar Media. The information below summarizes the Company's interest rate risk associated with its principal variable rate debt instruments outstanding at September 30, 2014, and should be read in conjunction with Note 8 of the Notes to the Company's Consolidated Financial Statements in the 2013 Combined Form 10-K.

Loans under Lamar Media's senior credit facility bear interest at variable rates equal to the JPMorgan Chase Prime Rate or LIBOR plus the applicable margin. Because the JPMorgan Chase Prime Rate or LIBOR may increase or decrease at any time, the Company is exposed to market risk as a result of the impact that changes in these base rates may have on the interest rate applicable to borrowings under the senior credit facility. Increases in the interest rates applicable to borrowings under the senior credit facility would result in increased interest expense and a reduction in the Company's net income.

At September 30, 2014, there was approximately \$394.5 million of aggregate indebtedness outstanding under the senior credit facility, or approximately 20.5% of the Company's outstanding long-term debt on that date, bearing interest at variable rates. The aggregate interest expense for the nine months ended September 30, 2014 with respect to borrowings under the senior credit facility was \$5.4 million, and the weighted average interest rate applicable to borrowings under this credit facility during the nine months ended September 30, 2014 was 2.4%. Assuming that the weighted average interest rate was 200-basis points higher (that is 4.4% rather than 2.4%), then the Company's nine months ended September 30, 2014 interest expense would have been approximately \$3.4 million higher resulting in a \$1.9 million decrease in the Company's nine months ended September 30, 2014 net income.

The Company attempted to mitigate the interest rate risk resulting from its variable interest rate long-term debt instruments by issuing fixed rate, long-term debt instruments and maintaining a balance over time between the amount of the Company's variable rate and fixed rate indebtedness. In addition, the Company has the capability under the senior credit facility to fix the interest rates applicable to its borrowings at an amount equal to LIBOR plus the applicable margin for periods of up to twelve months, (in certain cases, with the consent of the lenders), which would

allow the Company to mitigate the impact of short-term fluctuations in market interest rates. In the event of an increase in interest rates, the Company may take further actions to mitigate its exposure. The Company cannot guarantee, however, that the actions that it may take to mitigate this risk will be feasible or if these actions are taken, that they will be effective.

ITEM 4. CONTROLS AND PROCEDURES

a) Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures.

The Company's and Lamar Media's management, with the participation of the principal executive officer and principal financial officer of the Company and Lamar Media, have evaluated the effectiveness of the design and operation of the Company's and Lamar Media's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this quarterly report. Based on this evaluation, the principal executive officer and principal financial officer of the Company and Lamar Media concluded that these disclosure controls and procedures are effective and designed to ensure that the information required to be disclosed in the Company's and Lamar Media's reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the requisite time periods.

b) *Changes in Internal Control Over Financial Reporting.*

There was no change in the internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) of the Company and Lamar Media identified in connection with the evaluation of the Company's and Lamar Media's internal control performed during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's and Lamar Media's internal control over financial reporting.
