The following information was filed with the Securities and Exchange Commission on April 20, 2015 by Meadowbrook Insurance Group, Inc. on Form 8-K (Item 8.01 Other Events):

Settlement of Certain Litigation

As previously disclosed, on December 30, 2014, Meadowbrook Insurance Group, Inc., a Michigan corporation (the Company or Meadowbrook), entered into an Agreement and Plan of Merger (the Merger Agreement), by and among the Company, Miracle Nova II (US), LLC, a Delaware limited liability company (Parent), and Miracle Nova III (US), Inc., a Delaware corporation and a wholly-owned subsidiary of Parent (Merger Sub), providing for, subject to the satisfaction or waiver of specified conditions, the acquisition of the Company by Parent at a price of \$8.65 per share in cash pursuant to a merger (the Merger) of Merger Sub with and into the Company.

As previously disclosed, two purported shareholders of Meadowbrook each filed a putative class action complaint in the United States District Court for the Eastern District of Michigan on behalf of a purported class of shareholders, which were subsequently consolidated naming Meadowbrook, each current director of Meadowbrook, a former director of Meadowbrook, Fosun International Limited, Parent and Merger Sub as defendants (the Litigation).

On April 20, 2015, Meadowbrook and the other defendants entered into a Memorandum of Understanding with the plaintiffs in the Litigation providing for the settlement of the Litigation upon entry of a final order by the United States District Court for the Eastern District of Michigan approving the settlement. In the Memorandum of Understanding, Meadowbrook agreed to make certain supplemental disclosures to the definitive proxy statement of Meadowbrook dated March 25, 2015 relating to the Merger and the Merger Agreement (the Proxy Statement).

Meadowbrook believes that no additional disclosure is required to supplement the Proxy Statement under applicable laws. However, to avoid the risk that the Litigation may delay or otherwise adversely affect the consummation of the Merger, and to minimize the expense of defending the Litigation, Meadowbrook has agreed, pursuant to the terms of the Memorandum of Understanding, to make certain supplemental disclosures to the Proxy Statement. The supplemental disclosures to the Proxy Statement are set forth below. The Memorandum of Understanding contemplates that, subject to completion of certain confirmatory discovery by counsel to the plaintiffs, the parties will enter into a stipulation of settlement. The settlement contemplated by the parties will be subject to customary conditions, including consummation of the Merger, certification of the class, and court approval following notice to Meadowbrook's shareholders. In the event that the parties enter into a stipulation of settlement, a hearing will be scheduled at which the United States District Court for the Eastern District of Michigan will consider the fairness, reasonableness, and adequacy of the settlement. If the settlement is finally

approved by the presiding court, such settlement will resolve and release all claims that were, or could have been, brought in any of the actions challenging any aspect of the Merger, the Merger Agreement, and any disclosure made in connection therewith (but excluding claims for appraisal made by shareholders of Meadowbrook in accordance with the Michigan Business Corporation Act), pursuant to terms that will be disclosed to shareholders of Meadowbrook prior to final approval of the settlement. There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the United States District Court for the Eastern District of Michigan will approve the settlement even if the parties were to enter into such stipulation. If the United States District Court for the Eastern District of Michigan does not approve the settlement, such proposed settlement, as contemplated by the Memorandum of Understanding, may be terminated.

The first full paragraph of page 45 under the section entitled **The Merger-Opinion of the Company's Financial Advisor** is hereby supplemented and restated as follows:

Discounted Cash Flow Analysis. Willis Capital Markets & Advisory performed a discounted cash flow analysis of the Company to calculate the estimated present value of the consolidated free cash flows that the Company was forecasted to generate during the Company's fiscal years ending December 31, 2015

through December 31, 2019 using the internal estimates of the Company's management of projected Annualized Distributions, which are the estimated annual aggregate dividends to stockholders. Willis Capital Markets & Advisory calculated terminal values for the Company by applying terminal value multiples of 0.90x to 1.00x to the Company's 2019 estimated consolidated total shareholders' GAAP equity (after giving effect to estimated dividends) based on its judgment and experience. The implied terminal P/E multiple range resulting from this analysis was 12.6x-14.0x. The present values of the consolidated free cash flows and terminal values were then calculated using discount rates ranging from 11% to 13% reflecting Willis Capital Markets & Advisory's estimate of the Company's weighted average cost of capital. In selecting this discount range, Willis Capital Markets & Advisory performed a weighted average cost of capital analysis for the Company and selected whole integral numbers both below and above the Company's calculated weighted average cost of capital. This analysis indicated the following approximate implied per share equity value reference ranges for the Company, as compared to the per share merger consideration:
