The Notice of 2016 Annual Meeting, 2016 Proxy Statement and 2015 Annual Report on Form 10-K are available, free of charge, at www.proxyvote.com.

This year, we will be furnishing proxy materials over the Internet to a number of our stockholders under the U.S. Securities and Exchange Commission's notice and access rules. Many of our stockholders will receive a Notice in the mail instead of a paper copy of this Proxy Statement, a proxy card or voting instruction card and our 2015 Annual Report. We believe that this process will reduce the environmental impact of our Annual Meeting as well as reduce the costs of printing and distributing our proxy materials. The Notice will instruct you as to how you may access and review all of the proxy materials on the Internet.

All stockholders who do not receive a Notice will receive a paper copy of the proxy materials by mail, unless they have previously elected to receive proxy materials by email. We remind stockholders who receive a Notice that the Notice is not itself a proxy card and should not be returned with voting instructions. The Notice only presents an overview of the more complete proxy materials. Stockholders should review the proxy materials before voting.

The Notice contains instructions on how to access our proxy materials and vote over the Internet at www.proxyvote.com and how stockholders can receive a paper copy of our proxy materials, including this Proxy Statement, a proxy card or voting instruction card and our 2015 Annual Report. At www.proxyvote.com stockholders can also request to receive future proxy materials in printed form by mail or electronically by email.

Quorum and Voting Procedures

Quorum Requirement

A quorum of stockholders is necessary to hold a valid meeting. The presence, in person or by proxy, of the holders of a majority of the total voting power of all outstanding securities of the Company entitled to vote at a meeting of stockholders shall constitute a quorum. Abstentions and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs on a proposal when shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and that the broker or nominee does not have discretionary power to vote on a non-routine matter.

Vote Necessary to Approve Proposals

General

Votes cast by proxy or in person at the meeting will be counted by the persons appointed by the Company to act as Judges of Election for the meeting. The Judges of Election will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the outcome of any other business submitted at the meeting to the stockholders for a vote.

Your proxy will be voted at the meeting, unless you (i) revoke it at any time before the vote by filing a revocation with the Secretary of the Company, (ii) duly execute a proxy card bearing a later date, or (iii) appear at the meeting and vote in person. Proxies returned to the Company, votes cast other than in person and written revocations will be disqualified if received after commencement of the meeting. If you elect to vote your proxy by telephone or Internet as described in the telephone/Internet voting instructions on your proxy card, the Company will vote your shares as you direct. Your telephone/Internet vote authorizes the named proxies to vote your shares in the same manner as if you had marked, signed and returned your proxy card.

Proposal 1 Election of Three Class III Directors Whose Current Terms Expire on the Date of the 2016 Annual Meeting

The Class III directors shall be elected by a plurality of the votes cast at the Annual Meeting so long as a quorum is present. Under this

standard, you may either vote in favor of all Class III directors, or withhold on all Class III directors or a particular Class III director. If you do not vote at all, you will have no impact on the calculation of votes cast. Broker non-votes will not count as a vote cast and will likewise have no effect. Unless specification to the contrary is made, the shares represented by the enclosed proxy will be voted FOR all the director nominees.

All Other Proposals

For Proposals 2 and 3, the affirmative vote of a majority of the shares of our capital stock present in person or represented by proxy at the Annual Meeting and entitled to vote is required for approval. You may vote for, against or abstain on these matters. If you vote to abstain, it will have the same effect as a vote against. Broker non-votes are not counted as shares present or represented and voting and have no effect on the vote. Unless specification to the contrary is made, the shares represented by the enclosed proxy will be voted FOR the approval of the compensation of the Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (on an advisory, non-binding basis) and FOR approval of the action of the Audit Committee of the Board of Directors in appointing KPMG LLP as the Company's independent registered public accounting firm for 2016.

Edgar Filing: Murphy USA Inc. - Form DEF 14A

Broker Voting

If your shares are held in the name of a bank, broker or other holder of record (a nominee), you will receive instructions from the nominee that you must follow in order for your shares to be voted. Certain of these institutions offer telephone and Internet voting. Under current New York Stock Exchange (NYSE) rules, the proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year should be considered a routine matter. However, for purposes of determining the outcome of any non-routine matter as to which the broker does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter. Notably, Proposals 1 and 2 should be considered non-routine matters and your broker is not permitted to vote your shares without your instructions and such uninstructed shares are considered broker non-votes.

Voting Securities

On March 7, 2016, the record date for the meeting, the Company had 39,975,105 shares of common stock outstanding, all of one class and each share having one vote with respect to all matters to be voted on at the meeting. Information as to common stock ownership of certain beneficial owners and management is set forth in the tables under Security Ownership of Certain Beneficial Owners and Security Ownership of Directors and Management included on page 13 in this Proxy Statement.

2016 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Proposal 1 Election of Three Class III Directors Whose Current Terms Expire on the Date of the Annual Meeting

The Board recognizes that it is important for the Company's directors to possess a diverse array of backgrounds and skills, whether in terms of executive management leadership, public company experience or educational achievement. When considering new candidates, the Nominating and Governance Committee, with input from the Board, will seek to ensure the Board reflects a range of talents, ages, skills, diversity and expertise, particularly in the areas of accounting and finance, management, government/regulation, leadership and convenience store and other retail-related industries, sufficient to provide sound and prudent guidance with respect to our operations and interests. In addition, although it does not have a separate policy with respect to diversity, the Nominating and Governance Committee considers the issue of diversity among the factors used to identify nominees for directors. The goal is to assemble and maintain a Board comprised of individuals that not only possess a high level of business acumen, but who also demonstrate a commitment to the Company's Code of Business Conduct and Ethics in carrying out the Board's responsibilities with respect to oversight of the Company's operations.

The Company's Corporate Governance Guidelines provide that directors should not be nominated for election to the Board after their 76th birthday, although the full Board may nominate candidates older than 76 under special circumstances. Dr. Hermes has reached retirement age and will retire from the Board as of the date of the Annual Meeting.

On January 13, 2016, David B. Miller was elected to the Board. Mr. Miller was selected due to his leadership experience and expertise in business valuation, capital structure and strategic relationships, in addition to his broad energy industry knowledge which nicely complements the collective strength and leadership of our Board and will prove invaluable as the Company pursues its strategy.

To the extent authorized by the proxies, the shares represented by the proxies will be voted in favor of the election of the three nominees for director whose names are set forth below. If for any reason any of these nominees is not a candidate when the election occurs, the shares represented by the proxies will be voted for the election of the other nominees named and may be voted for any substituted nominees or the board size may be reduced.

All directors, other than Mr. Clyde (our President and Chief Executive Officer), were determined to be independent by the Board based on the rules of the NYSE and the standards of independence included in the Company's Corporate Governance Guidelines. As part of its independence recommendation to the Board, the Nominating and Governance Committee at its February meeting considered familial relationships of certain directors (Mr. Murphy is a first cousin of Mr. Deming and Dean Keller).

Mr. Murphy became the Non-Executive Chairman of the Board in connection with the spin-off of the Company from Murphy Oil Corporation (the "Spin-Off"), which was completed on August 30, 2013. As an independent chairman, he leads our regularly scheduled meetings of independent directors, held without the presence of Company management. These meetings occur at four Board meetings each year.

Stockholders and other interested parties may send communications to the Board, specified individual directors and the independent directors as a group c/o the Secretary, Murphy USA Inc., 200 Peach Street, El Dorado, AR 71730-5836. Communications will be kept confidential and forwarded to the specified director(s). Items that are unrelated to a director's duties and responsibilities as a Board member, such as junk mail, may be excluded by the Secretary. The names of the nominees and certain information as to them, are as follows:

Director Nominees

Our Board is divided into three classes serving staggered three-year terms. Messrs. Murphy and Clyde and Dean Keller, who are Class III directors, are nominated for re-election at this Annual Meeting of Stockholders. Class I and Class II directors will serve until our annual meetings of stockholders in 2017 and 2018, respectively. At each annual meeting of stockholders, directors will be elected for three-year terms to succeed the class of directors whose terms have expired. This section details the name, age, class, qualifications and committee memberships of our directors as of the 2016 Annual Meeting of Stockholders.

Board and Governance Matters**Board Leadership Structure**

The positions of Chairman of the Board and Chief Executive Officer of Murphy USA are held by two individuals. Mr. Murphy serves as our Chairman of the Board as a non-executive and independent director. Mr. Clyde serves as our President and Chief Executive Officer, and also serves as a director. Along with Mr. Murphy and Mr. Clyde, other directors bring different perspectives and roles to the Company's management, oversight and strategic development. The Company's directors bring experience and expertise from both inside and outside the Company and industry, while the President and Chief Executive Officer is most familiar with the Company's business and industry, most involved in the Company's day-to-day operations, and most capable of leading the execution of the Company's strategy. The Board believes that having separate roles of Chairman and President and Chief Executive Officer is in the best interest of stockholders because it facilitates independent oversight of management.

Risk Management

Our Company's management is responsible for the day-to-day management of risks to the Company. The Board of Directors has broad oversight responsibility for our risk management programs.

The Board of Directors exercises risk management oversight and control both directly and indirectly, the latter through various board committees as discussed below. The Board of Directors regularly reviews information regarding the Company's credit, liquidity and operations, including the risks associated with each. The Executive Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee is responsible for oversight of financial risks and the ethical conduct of the Company's business, including the steps the Company has taken to monitor and mitigate these risks. The Nominating and Governance Committee, in its role of reviewing and maintaining the Company's Corporate Governance Guidelines, manages risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of these risks, the entire Board is regularly informed through committee reports and by the President and Chief Executive Officer about the known risks to the strategy and the business.

Committees

Our Board of Directors has established several standing committees in connection with the discharge of its responsibilities. The following table presents the standing committees of the Board and the current membership of the committees and the number of times each committee met in 2015.

2016 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Board and Governance Matters (continued)

The Executive Compensation Committee consists entirely of independent directors, each of whom meets the NYSE listing independence standards and our Company's independence standards. See "Compensation Discussion and Analysis" for additional information about the Executive Compensation Committee. In carrying out its duties, the Executive Compensation Committee will have direct access to outside advisors, independent compensation consultants and others to assist them.

Compensation Committee Interlocks and Insider Participation

During 2015, Messrs. Deming, Holliger, Keyes and Murphy and Dean Keller served as the members of the Compensation Committee. No person who served as a member of the Executive Compensation Committee was, during 2015, an officer or employee of the Company or any of its subsidiaries, or had any relationship requiring disclosure in this Proxy Statement. None of our executive officers served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire Board of Directors) or director of another entity, one of whose executive officers served as a member of our Board of Directors.

Nominating and Governance Committee The Nominating and Governance Committee identifies and recommends potential director candidates, makes annual independence recommendations as to each director, recommends appointments to Board committees, oversees evaluation of the Board's performance and reviews and assesses the Corporate Governance Guidelines of the Company. Information regarding the process for evaluating and selecting potential director candidates, including those recommended by stockholders, is set out in the Company's Corporate Governance Guidelines. Stockholders desiring to recommend director candidates for consideration by the Nominating and Governance Committee will be able to address their recommendations to: Nominating and Governance Committee of the Board of Directors, c/o Secretary, Murphy USA, 200 Peach Street, P.O. Box 7300, El Dorado, Arkansas 71731-7300. As a matter of policy, director candidates recommended by stockholders will be evaluated on the same basis as candidates recommended by the directors, executive search firms or other sources. The Corporate Governance Guidelines also provide a mechanism by which stockholders may send communications to directors. The Nominating and Governance Committee consists entirely of independent directors,

each of whom meets the NYSE listing independence standards and the Company's independence standards.

Charters for the Audit, Executive, Executive Compensation, Nominating and Governance Committees, along with the Corporate Governance Guidelines and the Code of Ethics and Business Conduct, are available on the Company's Web site, <http://ir.corporate.murphyusa.com>.

Meetings and Attendance

During fiscal 2015, there were five meetings of the Board. All nominees' attendance exceeded 75% of the total number of meetings of the Board and committees on which they served. As set forth in the Company's Corporate Governance Guidelines, all Board members are expected to attend the Annual Meeting of Stockholders, and all did so in 2015.

Compensation of Directors

Directors who are employees of Murphy USA do not receive compensation for their services on the Board. Our Board of Directors determines annual retainers and other compensation for non-employee directors. The primary elements of our non-employee director compensation program include a combination of cash and equity.

In 2015, the cash component consisted of:

Annual retainer: \$40,000
 Chairman of the Board: \$115,000
 Audit Committee Chairman: \$15,000
 Executive Compensation Committee Chairman: \$12,500
 Chair of each other Committee: \$10,000
 Board and Committee meeting fees: \$2,000 each

All elements of cash components are paid in quarterly installments. The Company also reimburses directors for travel, lodging, and other related expenses they incur in attending Board and Committee meetings.

Edgar Filing: Murphy USA Inc. - Form DEF 14A

In addition to the cash component, the non-employee directors also receive an annual grant of time-based restricted stock units which vest after three years. Each non-employee director received a restricted stock unit grant with a target value of \$100,000 on February 11, 2015.

The Company will contribute to qualified welfare and cultural organizations an amount equal to the contribution made by the eligible person.

Stock Ownership Guidelines

The Board of Directors has also established stock ownership guidelines for non-employee directors of the Company. Directors are expected to achieve ownership of at least three times the annual cash retainer within five years of service. A director may not pledge Company securities either by purchasing Company securities on margin or holding Company securities in a margin account, until he or she has achieved the applicable stock ownership target specified in the guidelines above. These guidelines are designed to ensure that directors display confidence in the Company through the ownership of a significant amount of our stock. At December 31, 2015, all of our Directors had met or were on track to comply with these stock ownership guidelines within the applicable five-year period.

Review, Approval or Ratification of Transactions with Related Persons

The Nominating and Governance Committee reviews ordinary course of business transactions with firms associated with directors and nominees for director. The Company's management also monitors

Edgar Filing: Murphy USA Inc. - Form DEF 14A

these transactions on an ongoing basis. Executive officers and directors are governed by the Company's written Code of Business Conduct and Ethics, which provides that waivers may only be granted by the Board of Directors or a Board committee and must be promptly disclosed to stockholders. No such waivers were granted nor applied for in fiscal 2015. The Company's Corporate Governance Guidelines require that all directors recuse themselves from any discussion or decision affecting their personal, business or professional interests.

The performance of Murphy USA's internal audit function.

The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of Murphy USA's independent registered public accounting firm. As of February 2016, the Audit Committee has outsourced the internal audit function to PricewaterhouseCoopers LLP, whose responsibilities to the Company include providing ongoing internal audits and reporting its findings to the Audit Committee. The Audit Committee's charter is available in the Corporate Governance section of Murphy USA's corporate website at ir.corporate.murphyusa.com.

The Audit Committee held nine meetings during 2015. The Audit Committee Chairman and members of the Audit Committee also held numerous additional meetings throughout 2015 with members of Murphy USA corporate, business segment and internal audit management and with Murphy USA's independent registered public accounting firm (KPMG LLP). The Committee believes that these meetings were helpful in discharging its oversight responsibilities, including with respect to financial reporting and disclosure, risk management and internal controls.

Independence

The Board of Directors, on the recommendation of the Nominating and Corporate Governance Committee, has determined that all members of the Audit Committee are independent, as required by NYSE listing standards and SEC rules.

Expertise

The Board of Directors has also determined, on the recommendation of the Nominating and Corporate Governance Committee, that all members of the Audit Committee are financially literate and have accounting or related financial management expertise, each as defined by NYSE listing standards. Mr. Taylor and Mr. Murphy have been designated as the Audit Committee Financial Experts, as defined under SEC rules. The Audit Committee's assistance in the Board of Directors' oversight of Murphy USA's compliance with legal and

regulatory requirements primarily focuses on the effect of such matters on Murphy USA's financial statements, financial reporting and internal control over financial reporting.

Audited Financial Statements

In the performance of its oversight function, the Audit Committee has considered and discussed the 2015 audited financial statements with management and KPMG LLP, including a discussion of the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments, clarity of the disclosures and the condition of internal control over financial reporting. The Audit Committee has reviewed with the Director of Internal Audit and the KPMG LLP engagement team the scope and plans for their respective audits and has met with each of the Director of Internal Audit and the senior engagement partner of KPMG LLP, with and without management present, to discuss audit results, their evaluations of Murphy USA's internal controls and the overall quality of Murphy USA's financial reporting. The Audit Committee has also discussed with KPMG LLP the matters required to be discussed by PCAOB Auditing Standard No. 16, Communications with Audit Committees. Finally, the Audit Committee has received the written disclosures and the letter from KPMG LLP as required by the PCAOB's rules regarding Communication with Audit Committees Concerning Independence and has discussed with KPMG LLP its independence.

Conclusion

Based upon the reports and discussion described in this report, the Audit Committee, in accordance with its responsibilities, recommended to the Board of Directors, and the Board approved, inclusion of the audited financial statements for the year ended December 31, 2015 in Murphy USA's 2015 Annual Report on Form 10-K.

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis provides an overview of the compensation provided to our CEO, CFO, and three other most highly compensated executive officers in office at fiscal year-end December 31, 2015:

Name	Title
R. Andrew Clyde	President & CEO
Mindy K. West	EVP, CFO & Treasurer
John A. Moore	SVP & General Counsel ⁽¹⁾
Marn K. Cheng	SVP, Retail Operations & Support
Joseph Henderson, III ⁽²⁾	VP, Fuels

(1) Mr. Moore also served as Corporate Secretary until February 11, 2016 when the Board elected Gregory L. Smith to serve in that role going forward.

(2) Mr. Henderson resigned from the Company on December 31, 2015.

These five individuals are collectively referred to as our Named Executive Officers or NEOs.

To further illustrate the concepts in this Compensation Discussion and Analysis, we have included charts and tables where we believe appropriate to enhance our stockholders' understanding of the compensation of our NEOs. This Compensation Discussion and Analysis should be read in conjunction with this tabular information beginning on page 25 in this Proxy Statement.

Overview

Murphy USA operates one of the nation's largest convenience store chains, with 1,335 locations in 24 states as of December 31, 2015, most of which are in close proximity to Walmart stores. We believe our proximity to Walmart stores generates significant traffic to our retail stations while our competitively priced gasoline and convenience offerings appeal to our shared customers. We began our relationship with Walmart in 1996 and, in December 2012, signed an agreement that allows us to build up to 200 additional sites, the last of which are scheduled for completion during 2017. In January 2016, we announced an independent growth plan that provides greater flexibility to develop sites independently of Walmart.

While our stores have historically consisted largely of kiosk locations on Walmart parking lots, branded Murphy USA, over the past 10 years we have been developing the Murphy Express brand stores, most of which are located near or adjacent to Walmart Supercenter locations. We have also increased our typical store size to accommodate higher traffic and achieve a more diversified mix of convenience offerings. Our independent growth plan will leverage our larger 1200 sq. ft. stores and focus on the most attractive markets and high-traffic locations to generate target returns on capital.

Executive Compensation Philosophy and Objectives

The Executive Compensation Committee (the Committee) bases its executive compensation decisions on principles designed to align the interests of our executives with those of our stockholders. The Committee believes compensation should provide a direct link with

the Company's values, objectives, business strategies, and financial results. In order to motivate, attract, and retain key executives who are critical to its long-term success, the Company aims to provide pay packages that are competitive with others in the retail industry. In addition, the Company believes that executives should be rewarded for both the short- and long-term success of the Company and, conversely, be subject to a degree of downside risk in the event that the Company does not achieve its performance objectives.

Aligning Pay with Performance

The Committee believes our compensation programs provide for a strong pay for performance linkage between the compensation provided to our executives and the Company's performance relative to its peers. Consistent with the fundamental principle that compensation programs should pay for performance, the Company's 2015 performance directly impacted compensation decisions and pay outcomes. Annual incentives for NEOs were earned at 145.5% of target, reflecting the Company's 2015 performance relative to predefined targets. See pages 20-21 for additional information. Performance stock units (PSUs) were granted for the first time in 2014, linked to the Company's performance for the three-year period ended in 2016. Thus, no payouts have been earned. See page 22 for additional

information.

We view performance in two ways: (1) the Company's operating performance, including results against long-term growth targets; and (2) return to stockholders over time, both on an absolute basis and relative to other companies, including both our peers and the S&P 500.

2015 Business Highlights

We measure our operating performance relative to the execution of a proven strategy that reflects five coherent themes that leverage our differentiated strengths and capabilities. This 5-Point Strategy supports a business model which is both enduring in a highly volatile industry and hard to replicate by competitors. Our strategy creates a unique way to compete for customers, workforce talent, supplier-partner support and stockholder capital. We take none of these stakeholders for granted and our goal is to create sustained value for all of them while making a positive impact in the communities we serve. Highlighted accomplishments among the 5-Point Strategy for 2015 include:

1) Grow organically

Added 73 new retail stores to our portfolio – the highest number of store openings since 2006 (and compared to 60 in 2014)

Grew retail fuel volumes 3.4% and increased merchandise sales 6.7%

Reported and Realized Pay

Since a majority of reported pay for our Chief Executive Officer represents potential pay, we also consider pay actually realized each year. The following graph shows reported pay included in the 2015 Summary Compensation Table on page 25 as compared to realized pay during 2015.

The realized pay data shown above include the value of options exercised and stock awards vested during the applicable year. Note that for Mr. Clyde, no options were exercised in 2014 or 2015 (a portion of his outstanding options vested in August 2015 but he did not exercise those awards); no stock awards vested as his first RSU award vested in February 2016; and no PSU awards have yet vested as they were granted for the first time in 2014 for the three-year performance period ending at fiscal year-end 2016 (with vesting scheduled to occur in 2017).

2015 Say-on-Pay Vote Result

In May 2014, stockholders approved an annual frequency for Say-on-Pay votes. The Committee carefully considered the results of our Say-on-Pay vote on NEO compensation in May 2015, in which nearly 99 percent of the advisory votes cast were in support of the Company's Say-on-Pay proposal and executive compensation programs for our NEOs as described in our 2015 Proxy Statement. The Committee interpreted this level of support as affirmation by stockholders of the design and overall execution of our programs. Throughout the past year, we have engaged in dialogue with our largest stockholders about various corporate governance topics, including executive compensation, and have received strong, positive feedback. The Committee values these discussions and encourages stockholders to provide feedback about our executive compensation programs.

Based on the results of the 2015 vote and our ongoing dialogue with stockholders, as well as a consideration of evolving best practices, the Committee continues to examine our compensation programs to ensure alignment with stockholder interests remains strong.

Compensation Design Principles and Governance Practices

The Committee intends for its compensation design principles to protect and promote our stockholders' interests. We believe our compensation programs are consistent with best practices for sound corporate governance.

We Do

- ü Pay for performance – a large majority of compensation is performance-based and not guaranteed
- ü Mitigate undue business risk in compensation programs and perform an annual compensation risk assessment
- ü Utilize an independent compensation consultant
- ü Provide modest perquisites
- ü Maintain share ownership guidelines and restrict pledging
- ü Prohibit hedging transactions by executives
- ü Include clawbacks in our annual and long-term incentive plans

We Do Not

- û Maintain employment contracts
- û Maintain separate change in control (CIC) agreements other than with the CEO
- û Provide excise tax gross ups on CIC benefits
- û Provide tax gross ups on perquisites
- û Allow repricing of underwater options
- û Allow current payment of dividends or dividend equivalents on unearned long-term incentives

2016 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Compensation Discussion And Analysis (continued)**Role of the Committee**

The Committee has responsibility for discharging the Board of Directors' responsibilities with respect to compensation of the Company's executives. In particular, the Committee annually reviews and approves corporate goals and objectives relevant to CEO compensation, evaluates the CEO's performance in light of those goals and objectives, and determines and approves the CEO's compensation based on this evaluation. In doing so, the Committee reviews all elements of the CEO's compensation. The Committee also approves non-CEO executive compensation for the Company's executive officers, approves and administers incentive compensation and equity-based plans, and monitors compliance of directors and executive officers with Company stock ownership requirements. Pursuant to its charter, the Committee has the sole authority to retain and terminate compensation consultants as well as internal and external legal, accounting, and other advisors, including sole authority to approve the advisors' fees and other engagement terms. For additional information on the responsibilities of the Committee, see the Committee's Executive Compensation Committee section included on page 9 in this Proxy Statement.

Role of Market Data

The Committee adopted a peer group for purposes of reviewing and approving 2015 compensation. Due to the relatively small number of publicly-traded retail convenience store competitors, the group was broadened to include other companies in similar industries with which Murphy USA competes for executive talent in order to create a sufficient sample of companies against which compensation can be compared. The peer group was developed based on certain attributes including:

Industry Sector: Direct motor fuel and convenience retailers, retailers exposed to vehicle miles traveled, and other small box, common goods retailers (e.g., quick serve restaurants)

Scale of Operation: Revenue, non-fuel revenue, earnings before interest, taxes, depreciation, and amortization, market capitalization, number of employees, and store count

Method of Operation: Company-operated sites and direct-owned real estate

The peer group consists of the following companies:

Alimentation Couche-Tard	Foot Locker
Advance Auto Parts	GameStop
AutoZone	Monro Muffler Brake
Bob Evans Farms	O'Reilly Automotive
Casey's General Stores	The Pantry
Chipotle Mexican Group	Pier 1 Imports
Cracker Barrel	TravelCenters of America
CST Brands	Vitamin Shoppe

* Alimentation Couche-Tard completed their acquisition of The Pantry in March 2015. The Pantry was removed from the peer group at that time. In addition to comparator company information, the Committee uses several industry compensation surveys to determine competitive market pay levels for the NEOs.

Base salaries and total target direct compensation for the Company's NEOs were compared to the median of the market data to determine whether the Company's compensation practices were in alignment with market pay levels. When making compensation-related decisions, the Committee aims to set compensation levels for executive officers based on a deliberate review of market compensation for a particular position as well as each individual's possession of a unique skill or

Edgar Filing: Murphy USA Inc. - Form DEF 14A

knowledge set, proven leadership capabilities or experience, and Company performance. Based on such factors, the Committee may determine with respect to one or more individuals that it is appropriate for compensation to meet, exceed, or fall below the median of the market data for a particular compensation element or total compensation.

Role of the CEO in Compensation Decisions

The CEO periodically reviews the performance of each of the NEOs, excluding himself, develops preliminary recommendations regarding salary adjustments and annual and long-term award amounts, and provides recommendations to the Committee. The Committee can exercise its discretion to modify any recommendations and make final decisions.

Compensation Discussion And Analysis (continued)**Elements of Compensation**

Our compensation program is comprised of three key components, each designed to be market-competitive and to help attract, motivate, retain, and reward our NEOs.

Element	Key Characteristics	Objectives
Base Salary	Fixed minimum level of compensation	Reward the executive for day-to-day execution of primary duties and responsibilities
	Reviewed annually and adjusted if and when appropriate	Provide a foundation level of compensation upon which incentive opportunities can be added to provide the motivation to deliver superior performance
Annual Incentives	Variable cash compensation component	Motivate and reward NEOs for achieving annual business goals
	Performance-based award opportunity based on annual operational and individual performance	Align executives' interests with the interests of stockholders
Long-term Incentives	Variable equity-based compensation component	Encourage responsible risk taking and individual accountability
	Performance-based award opportunity based on long-term performance	Align executives' interests with the interests of stockholders
		Reinforce the critical objective of building stockholder value over the long term
		Focus management attention upon the execution of the long-term business strategy

The majority of our NEO compensation is performance-based and is issued in the form of both short- and long-term incentives. Individuals in a position to influence the growth of stockholder value have larger portions of their total compensation delivered in the form of equity-based long-term incentives. The target mix of the compensation program elements for the CEO and other NEOs is shown in the following chart which outlines the size, in percentage terms, of each element of target compensation.

Target Compensation Mix**A. Base Salary**

Base salary is designed to provide a competitive fixed rate of pay recognizing each employee's level of responsibility and performance. In setting base salary levels for NEOs, the Committee considers competitive market

data in addition to other factors such as duties and responsibilities, experience, individual performance, retention concerns, internal equity considerations, Company performance, general economic conditions, and marketplace compensation trends.

2016 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Compensation Discussion And Analysis (continued)

Base salaries are reviewed annually. In 2015, the Committee adjusted salaries awarded to each NEO to bring salaries closer to competitive market levels for similar positions. The increases for Ms. West and

Mr. Cheng also reflect the additional responsibilities assumed by each. The following table shows the base salaries for each of the NEOs effective February 1, 2014 and February 1, 2015:

Name	Title	2014 Salary (\$)	2015 Salary (\$)
R. Andrew Clyde	President & CEO	825,000	900,000
Mindy K. West	EVP, CFO, & Treasurer	470,000	503,000
John A. Moore	SVP & General Counsel	384,000	404,000
Marn K. Cheng	SVP, Retail Operations & Support	324,500	356,500
Joseph Henderson, III*	VP, Fuels		278,000

* Mr. Henderson was not an NEO before 2015; therefore, his compensation is not disclosed for prior years. Mr. Henderson resigned from the Company on December 31, 2015.

B. Annual Incentive Plan

We provide annual incentives for our executive officers through our stockholder-approved Murphy USA Inc. 2013 Annual Incentive Plan, as amended and restated effective as of February 12, 2014 (the "AIP"). The primary objective of the AIP is to align corporate and individual goals with stockholder interests and Company strategy and to reward employees for their performance relative to those goals. Murphy USA targets the median of market pay levels for annual target incentive compensation. Executives have the opportunity to be

compensated above the median of market pay levels when Murphy USA outperforms established performance measures.

Target bonus opportunities under the AIP are communicated as a percentage of annualized base salary. The Committee reviews market data annually with respect to competitive pay levels and sets specific bonus opportunities for each of our NEOs. The following table shows target bonuses as a percentage of salary in effect for each of the NEOs in 2015:

Name	Title	Target Bonus as a % of Salary
R. Andrew Clyde	President & CEO	100%
Mindy K. West	EVP, CFO & Treasurer	75%
John A. Moore	SVP & General Counsel	60%
Marn K. Cheng	SVP, Retail Operations & Support	60%
Joseph Henderson, III*	VP, Fuels	45%

Edgar Filing: Murphy USA Inc. - Form DEF 14A

* Mr. Henderson resigned from the Company on December 31, 2015.

Corporate Performance

In light of strategic actions the Company is taking to continue to drive growth and improve earnings, we refined our AIP metrics in 2015 to further link the Company's compensation programs with the Company's business and talent strategies and the long-term interests of our stockholders. For 2015, the AIP metrics for Murphy USA included return on average capital employed (ROACE), profitability as measured by fuel cash breakeven target, and corporate goals and objectives (Goals). Developed by management and assessed and approved by the Committee, the Goals were thoughtfully designed to

drive every pillar of our 5-Point Strategy described on pages 15-16: (1) Grow Organically, (2) Diversify Merchandise Mix, (3) Sustain Cost Leadership Position, (4) Create Advantage from Market Volatility, and (5) Invest for the Long Term. The Goals included specific, measurable, and quantitative goals such as new site growth, merchandise gross margin growth, fuel margin growth, safety, SG&A cost improvement, etc. The Committee believes these metrics in combination reflected the overall key goals and objectives for the Company for 2015.

Compensation Discussion And Analysis (continued)

The following table summarizes the performance metrics and corresponding weightings used in determining annual incentive award

payouts for Murphy USA employees and the weighted performance scores for each based on actual performance during 2015:

Metric	Weighting (%)	Threshold (50% Payout)	Target (100% Payout)	Maximum (200% Payout)	Actual	Payout % of Target (%)	Weighted
							Performance Score (%)
ROACE (%) ⁽¹⁾	35	8.0	10.0	13.0	11.7%	156.7	54.8
Fuel Cash Breakeven Target (cents per gallon) ⁽²⁾	35	3.10	2.80	2.35	2.47	173.3	60.7
Goals ⁽³⁾	30	Various achievement levels vs. Goals				100	30
Total	100						145.5

(1) ROACE is computed by dividing the Company's earnings before interest and taxes, as adjusted from time-to-time for certain unusual and nonrecurring gains or losses by the sum of (a) the average of the Company's beginning and ending balance of property, plant, and equipment during the respective year and (b) the average of the Company's beginning and ending net working capital position during the respective year; excludes impact of sale of Hereford ethanol facility

(2) Fuel cash breakeven target is computed by dividing merchandise gross margin dollars less total site operating costs and retail administrative costs by total retail gallons of fuel sold

(3) The Committee reviewed performance against the Goals supporting our 5-Point Strategy and determined that based on the weightings of the Goals, actual performance resulted in achievement of 100% of the target in aggregate (87% of the Goals attained at or above target performance, and 13% of the Goals were below target performance)

Under the terms of the AIP, achievement of 100% of the target for any metric results in the payment of 100% of target for that metric. Achievement of the minimum level of the performance range results in the payment of 50% of target and achievement of the maximum level of performance results in the payment of 200% of target. No awards relative to a given metric are payable if performance for that metric falls below the minimum. Results between points are interpolated.

Individual Performance

In addition to the corporate performance component, the AIP permits the Committee to exercise negative discretion to reduce an NEO's award based on the Committee's subjective review of his/her performance relative to achievement of goals, business plan execution, and other qualitative results. We believe that it is important to include this component in our AIP in order to take into account NEO performance that, in the Committee's opinion, justify a reduction in the amount otherwise payable to an NEO based on objective corporate performance. Overall, amounts earned under the AIP cannot exceed more than 200% of target. In 2015, the Committee believed that our NEOs' individual performance was appropriately reflected in our corporate performance results. Thus, the Committee opted not to make any negative adjustments to the awards earned by our NEOs and payable under the AIP based on our corporate performance.

Overall Performance and Payouts

After certifying the results relative to our performance metrics and considering each individual's contributions throughout the year, the Committee approved the following payments for our NEOs for 2015:

Name	Actual Bonus
R. Andrew Clyde	1,309,500
Mindy K. West	545,898
John A. Moore	352,692
Marn K. Cheng	311,225
Joseph Henderson, III	182,021

C. Long-term Incentive Compensation

We provide share-based, long-term compensation to our executive officers through our stockholder-approved Murphy USA Inc. 2013 Long-Term Incentive Plan, as amended and restated effective as of August 26, 2014 (the "LTIP"). Long-term incentive levels for Murphy USA's officers are targeted at the median of competitive market pay levels. The plan provides for a variety of stock and share-based awards, including stock options and restricted stock units ("RSUs"), each of which vests over a period determined by the Committee, as well as PSUs that are earned based on the Company's achievement of two equally-weighted objective performance goals. We believe that

Table of Contents

2016 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Compensation Discussion And Analysis (continued)

these awards create a powerful link between the creation of stockholder value and executive pay delivered. In addition, we believe that the balance between absolute and relative performance achieved through the use of stock options, ROACE-based PSUs, and relative TSR-based PSUs is appropriate. In order for executives to fully realize their targeted opportunities, Murphy USA must both successfully achieve its long-term goals and outperform its peers.

Stock Options

In 2015, stock options comprised 25% of each NEO's annual equity award. Stock options provide a direct link between executive officer compensation and the value delivered to stockholders. The Committee believes that stock options are inherently performance-based, as option holders only realize benefits if the value of our stock increases following the date of grant. All grants of options will vest in two equal installments on the second and third anniversaries of the grant date, and unless otherwise forfeited or exercised, expire seven years from the date of the grant.

Restricted Stock Units

In 2015, RSUs comprised 25% of each NEO's annual equity award. The Committee believes that RSUs are an important part of the compensation program for NEOs as they (i) drive behaviors to create value for stockholders by linking executive compensation to stock price performance, (ii) encourage retention, and (iii) result in actual share ownership (thereby supporting the Company's stock ownership guidelines). All grants of RSUs will cliff-vest on the third anniversary of the grant date (unless otherwise forfeited due to termination) and are delivered to the NEOs in the form of unrestricted shares of common stock.

Performance Stock Units

In 2015, PSUs comprised 50% of each NEO's annual equity award. The Committee believes that PSUs serve as a complement to stock options and RSUs. Our PSUs benchmark Murphy USA performance relative to two equally-weighted metrics, ROACE and TSR relative to our peer group, with payouts at the threshold level of performance equal to 50% of target. The Committee believes the PSU program does not encourage excessive or inappropriate risk-taking, as it caps the maximum payout at 200% of target. PSUs are designed to pay 100% of target at the end of the three-year performance cycle if target levels of performance are achieved. Payment, if earned, is made in unrestricted shares of common stock at the end of the three-year performance period once performance results have been approved by the Committee.

Vesting for 50% of the PSUs will be based on Murphy USA's TSR performance between 2015 and 2017 relative to the Company's peer group, with payouts at the threshold level of performance equal to 50% of target and maximum payouts capped at 200% of target. The Committee considers relative TSR an appropriate metric as it aligns

the pay for our officers to the appreciation (or reduction) our stockholders receive in their investment in Murphy USA. TSR achievement and corresponding payout levels are as follows:

Achievement Level	Percentile Rank Relative to Peers	Payout % of Target ⁽¹⁾
Maximum	375 th	200%
Target	50 th	100%
Threshold	25 th	50%
Below Threshold	<25 th	0%

(1) Payout will be interpolated on a linear basis for performance between levels of achievement

Vesting for the remaining 50% of the PSUs will be based on Murphy USA's three-year average ROACE performance between 2015 and 2017 as compared to the Company's three-year ROACE targets set by the Committee at the beginning of the performance period, with payouts at the threshold level of performance equal to 50% of target and maximum payouts capped at 200% of target.

D. Employee Benefits and Perquisites

Murphy USA's executives are provided usual and customary employee benefits available to all employees (except certain hourly retail employees). These include qualified defined contribution (Savings) plan (401(k)), health insurance, life insurance, accidental death and dismemberment insurance, medical/dental insurance,

Edgar Filing: Murphy USA Inc. - Form DEF 14A

vision insurance, and long-term disability insurance.

The purpose of the Savings Plan, a tax-qualified defined contribution retirement plan, for employees of Murphy USA is to provide retirement benefits for all employees who participate. All employees are allowed to contribute on a pre-tax basis up to 25 percent of their eligible pay. The Company matching contributions are limited to dollar for dollar on the first six percent of base pay. Participating employees are immediately vested in all employee and Company matching contributions.

Murphy USA provides a Supplemental Executive Retirement Plan (Murphy USA SERP), an unfunded, nonqualified deferred compensation plan, to eligible executives including the NEOs. The Murphy USA SERP is intended to restore qualified defined contribution (Savings and profit-sharing) plan benefits restricted under the Internal Revenue Code of 1986 (the IRC) to certain highly-compensated individuals.

Murphy USA offers limited perquisites to our NEOs consistent with our peer group. The Board of Directors has authorized up to 50 hours annually of personal use of Company aircraft for our CEO as part of his total compensation package. The value of such personal use is periodically reported to the Committee and will be reported as taxable income to the CEO with no income tax assistance or gross-ups provided by the Company.

Reportable values for these programs based on the incremental costs to the Company are included in the All Other Compensation column of the Summary Compensation Table included on page 25 in this Proxy Statement.

Other Policies**Severance and Change in Control Protection**

The Company has not entered into any employment, CIC, or termination agreements with its NEOs other than with the CEO, which was inherited by Murphy USA in connection with the Spin-Off from prior parent Murphy Oil.

Mr. Clyde is party to a Severance Protection Agreement (the SPA) provided to him by Murphy Oil when he joined Murphy Oil in August 2013, which was inherited by Murphy USA in connection with the Spin-Off. The SPA provides certain severance benefits if his employment is terminated within 24 months following a CIC. If Mr. Clyde's employment is terminated by Murphy USA without cause or by Mr. Clyde for good reason within this 24-month window, Mr. Clyde will be entitled to his earned but unpaid compensation, a lump sum severance payment equal to three times the sum of his base salary and the average of his last three annual bonuses prior to the termination date (or, if higher, prior to the CIC), accelerated vesting of his outstanding equity-based awards (provided that any performance-based awards will be paid assuming the target level of performance) and continued life, accident, and health insurance benefits for 36 months. Mr. Clyde will not be entitled to any golden parachute excise tax gross-up payments. The SPA provides for an excise tax cutback to reduce payments to a level such that the excise tax under Sections 280G and 4999 of the IRC will not apply (unless the executive would receive a greater amount of severance benefits on an after-tax basis without a cutback, in which case the cutback would not apply). Pursuant to the SPA, Mr. Clyde will be subject to a non-disclosure covenant and non-solicitation and non-competition restrictive covenants for 12 months following any such termination.

Under the terms of the LTIP, in the event of a CIC, all outstanding equity awards will vest, become immediately exercisable or payable, and/or have all restrictions lifted (any performance-based awards will be paid assuming the target level of performance).

Stock Ownership Guidelines

To further align the interests of our executive officers with those of our stockholders, the Board of Directors expects all executive officers to display confidence in the Company through the ownership of a significant amount of our stock. Under these guidelines as set forth in the Company's Corporate Governance Guidelines, executive officers, including our NEOs, are expected to hold Murphy USA common stock having a value that is equivalent to a multiple of each executive officer's annualized base salary. The targeted multiples vary among the executives depending upon their position:

CEO: 5x annual salary
 EVPs: 3x annual salary
 SVPs: 2x annual salary
 VPs: 1x annual salary

Because the stock ownership guidelines are a multiple of each executive officer's annualized salary, the value that must be maintained will increase proportionally with salary increases. Executive officers are expected to achieve targets within five years of assuming their positions. Shares owned directly by the executive, including RSUs and unrestricted stock units, those owned indirectly, assuming the executive has an economic interest in the shares, and shares held through our employee benefit plans including the qualified defined contribution (Savings) plan (401(k)) and deferred compensation plan for executives are included in calculating ownership levels. Shares underlying stock options and unearned PSUs do not count toward the ownership guidelines. At December 31, 2015, all of our NEOs had met or were on track to comply with these stock ownership guidelines within the applicable five-year period.

Likewise, each member of our Board of Directors is expected to achieve ownership of at least three times their annual cash retainer within five years of service as discussed in the Compensation of Directors section of this Proxy Statement on page 11. As noted above, at December 31, 2015, all of our directors had met or were on track to comply with these stock ownership guidelines within the applicable five-year period.

The Committee will periodically assess these guidelines, monitor director and executive officer ownership levels relative to these guidelines, and make recommendations as appropriate.

Pledging Policy

Edgar Filing: Murphy USA Inc. - Form DEF 14A

A director or executive officer may not pledge Company securities, either by purchasing Company securities on margin or holding Company securities in a margin account, until he or she has achieved the applicable stock ownership target specified in the guidelines above. All of our directors and executive officers are in compliance with our anti-pledging policy.

Prohibition on Hedging

To ensure that Murphy USA executive officers, including our NEOs, bear the full risks of Murphy USA common stock ownership, the Company has adopted a policy that prohibits hedging transactions that are designed to hedge or speculate on any change in the market value of the Company's securities.

Recoupment/Clawback Policy

Our executive officers are subject to recoupment provisions in both the AIP and LTIP programs in the case of certain forfeiture events. If the Company restates its financial statements as a result of negligent, intentional, or gross misconduct by the recipient, the Committee may, in its discretion, require that the recipient reimburse the Company in respect of any shares issued or payments made under the AIP and/or

MURPHY USA INC. 23

the LTIP in the period covered by the restated financial statements.

Tax Policy

Section 162(m) of the IRC limits the deductibility of compensation paid to certain NEOs to \$1 million annually unless compensation is performance-based and the performance criteria are approved by stockholders.

The Committee considers this impact when making compensation decisions and attempts to structure all elements of executive compensation to meet this exception. However, the Committee has retained the flexibility to design and maintain the executive compensation programs in a manner that is most beneficial overall to stockholders, including the payment of compensation that is subject to the deduction limits under IRC Section 162(m).

Role of the Compensation Consultant

The Committee has retained Mercer (US) Inc. (Mercer) as its independent compensation consultant. Mercer provides executive and director compensation consulting services to the Committee, regularly attends Committee meetings, reports directly to the Committee on matters relating to compensation for our NEOs, and participates in executive sessions without management present. Mercer provides advice and analysis to the Committee on design and level of executive and director compensation. In connection with their services to the Committee, Mercer works with executive management and the corporate human resources team group to formalize proposals for the Committee. The Committee has assessed the independence of Mercer pursuant to SEC rules and concluded that Mercer's work for the Committee does not raise any conflicts of interest.

Compensation-based Risk Assessment

In February 2016, the Committee completed a review of the Company's policies and practices of compensating its employees (including non-executives) as they relate to the Company's risk management profile to determine whether such policies and practices create risks that are reasonably likely to have a material adverse effect on the Company. As a result of this review, the Committee concluded that any risks arising from the Company's compensation policies and practices for its employees were not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The Executive Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis. Based on the review and discussions, the Executive Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement.

Vice President,

- (1) The salaries shown for 2013 reflect eight months at the pre-Spin-Off annualized salary rate and four months at the post-Spin-Off annualized salary rate.
- (2) The amounts shown represent the grant date fair value of both PSU and RSU awards granted in 2014 and 2015 as computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures, as more fully described in Note 12 to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014 and December 31, 2015. Amounts shown relating to PSUs are targets set for the PSUs, because it is the probable outcome at the setting of the target for the applicable performance period that the target will be achieved consistent with the accounting treatment under GAAP. If the maximum payout were used for the PSUs, the amounts shown relating to PSUs would double, although the value of the actual payout would depend on the stock price at the time of the payout. If the minimum payout were used, the amounts for PSUs would be reduced to zero. RSUs are generally forfeited if grantee's employment terminates for any reason other than retirement, death or full disability. The awards vest three years from the date of grant. There is no assurance that the value realized by each NEO will be at or near the value included in the table. PSUs are forfeited if grantee's employment terminates for any reason other than retirement, death or full disability. The awards vest three years from the date of grant based on the Company's performance relative to two equally-weighted metrics, ROACE and TSR relative to its peers. There is no assurance that the value realized by the executive will be at or near the value included in the table. The amounts for PSUs granted in 2014 and 2015 were calculated based on the probable outcome of performance conditions as of the grant date computed in accordance with FASB ASC Topic 718 excluding the effect of estimated forfeitures. The amounts shown in 2013 represent the grant date fair value of performance-based RSUs and performance units granted by Murphy Oil as well as the pension restoration and lost potential compensation RSUs granted by Murphy USA. Amounts shown are computed in accordance with FASB ASC Topic 718, excluding forfeiture estimates.
- (3) The amounts shown represent the grant date fair value as computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures, as more fully described in Note 12 to our consolidated and combined financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015. Options granted generally vest in two equal installments on the second and third anniversaries of the grant date. The options are exercisable for a period of seven years from the date of grant. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance that the value realized by each NEO will be at or near the value disclosed. The amounts shown in 2013 represent the grant date fair value of options granted by Murphy Oil as computed in accordance with FASB ASC Topic 718, excluding forfeiture estimates.
- (4) Non-Equity Incentives Column: Amounts shown for 2015 reflect payments under our AIP, which were paid in February 2016. Amounts shown for 2014 reflect payments under our AIP, which were paid in February 2015. Amounts shown for 2013 reflect payments under our AIP, which were paid in February 2014, as well as amounts paid by Murphy Oil under the Murphy Oil AIP for the portion of the year prior to the Spin-Off.
- (5) The amounts shown in this column reflect the annual change in accumulated benefits under the Murphy Oil Supplemental Executive Retirement Plan (Murphy Oil SERP), liability for which was assumed by Murphy USA in connection with the Spin-Off. See Pension Benefits Table included on page 29 in this Proxy Statement for more information. There are no deferred compensation earnings reported in this column, as the Company's non-qualified deferred compensation plans do not provide above-market or preferential earnings. See the 2015 Non-qualified Deferred Compensation Table included on page 30 in this Proxy Statement for more information. Where the annual change in accumulated benefits was negative, it was excluded from this column and from the Summary Compensation Table Total column. Amounts were negative for 2015 as follows: Ms. West (79,090); Mr. Moore (41,254); and Mr. Cheng (15,759).

Executive Compensation (continued)

(6) We offer limited perquisites to our NEOs which, together with Company contributions to our qualified savings and nonqualified defined contribution plans, comprise the All Other Compensation column. In 2015, the total amounts were as follows:

Name	Total Contribution		
	to DC Plans ^(a)	Term Life ^(b)	Other ^(c)
	(\$)	(\$)	(\$)
R. Andrew Clyde	183,498	594	128,944

Joseph Henderson, III	42,059	594	

(a) Company contributions to qualified and nonqualified defined contribution plans.

(b) Benefit attributable to Company-provided term life insurance policy.

(c) For Mr. Clyde, the amount shown includes \$128,944 for personal use of corporate aircraft based on the aggregate incremental cost to the Company. The aggregate incremental cost to the Company is calculated by multiplying, for each trip, the statutory miles for each trip times the 12-month average direct cost per statutory mile for the airplane used. The direct costs utilized in the calculation include: travel expenses for the aviation crew, communications expenses, landing fees, fuel and lubrication, contract maintenance and repairs, and the provision allocated for the overhaul of the engines.

(7) Amount includes salary for only the portion of the year for which he was employed by Murphy Oil and Murphy USA and includes a one-time signing bonus of \$107,917. Prior to August 1, 2013, Mr. Clyde was an employee of Booz & Company.

(1) Threshold and maximum awards are based on the provisions in our AIP. Actual awards earned can range from 0 to 200 percent of the target awards. The Committee retains the authority to make awards under the program and to use its judgment in adjusting awards downward. Actual payouts for 2015 are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table included in this Proxy Statement.

(2) Threshold and maximum awards are based on the provisions of the PSU award agreements. Actual PSU awards earned can range from 0 to 200 percent of the target awards.

(3) Amounts include time-based RSUs, which cliff-vest three years after their grant date.

(4) The amounts in this column in respect of the RSUs, PSUs and stock option awards reflect their aggregate grant date fair values, calculated in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The amounts in this column in respect of the PSUs were calculated based on the probable outcome of the performance condition as of the grant date, which is at the target level, in accordance with FASB ASC Topic 718. For option awards, these amounts represent the grant date fair value of the option awards using a Black-Scholes-Merton based methodology. The actual value realized by each NEO for these equity awards depends on market prices at the time of exercise. There is no assurance that the value realized by each NEO will be at or near the value included in the table. Assumptions used in the calculation of these amounts are more fully described in Note 1 and 12 to our consolidated and combined financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015.

(5) Upon his resignation, Mr. Henderson forfeited all equity, stock and option awards listed in the table.

- (1) The dates presented in this column that are prior to August 30, 2013, represent the dates awards were granted by Murphy Oil. All other grant dates represent the grant dates of awards granted by Murphy USA. The Murphy Oil awards were converted to Murphy USA equity awards in connection with the Spin-Off and remain subject to the original vesting schedules. Therefore, to assist in understanding the vesting dates associated with the pre-Spin-Off awards, we list the original grant dates for all awards.
- (2) Stock options vest 50% on the two-year anniversary of the original grant date with the remaining 50% vesting on the three-year anniversary of the original grant date. All options expire seven years after the original grant date.
- (3) RSUs generally vest on the three-year anniversary of the date they were originally granted.
- (4) Value was determined based on a December 31, 2015 closing stock price of \$60.74 per share.
- (5) The amounts shown represent the number of outstanding PSUs that remain subject to performance conditions. These numbers represent PSUs each NEO would receive assuming the performance conditions are achieved at maximum (200%). The actual numbers of PSUs earned at the end of the performance period will be based on Company performance. To the extent earned, these outstanding PSUs will cliff-vest on the three-year anniversary of the grant date once results have been certified.

- (7) These lost potential compensation RSUs granted in conjunction with the Spin-Off will cliff vest on the five-year anniversary of the grant date.

Potential Payments Upon Termination or Termination in Connection with a Change in Control

The Company does not have employment, CIC, or termination agreements with its NEOs other than with the CEO, which was inherited by Murphy USA in connection with the Spin-Off from prior parent Murphy Oil. However, upon a CIC, as defined in the LTIP, all outstanding equity awards granted under such plan shall vest and become immediately exercisable or payable, or have all restrictions lifted which apply to the type of award. Any performance-based awards will be paid at the target level of performance.

The SPA provides certain severance benefits if Mr. Clyde's employment is terminated within 24 months following a CIC. If his employment is terminated by Murphy USA without cause or by Mr. Clyde for good reason within this 24-month window, Mr. Clyde will be entitled to his earned but unpaid compensation, a lump sum severance payment equal to three times the sum of his base salary and the average of his last three annual bonuses prior to the termination date (or, if higher, prior to the CIC), accelerated vesting of his outstanding equity-based awards (provided that any performance-based awards be paid assuming the target level of performance) and continued life,

accident, and health insurance benefits for 36 months. Mr. Clyde will not be entitled to any golden parachute excise tax gross-up payments. The SPA provides for an excise tax cutback to reduce payments to a level such that the excise tax under Sections 280G and 4999 of the IRC will not apply (unless the executive would receive a greater amount of severance benefits on an after-tax basis without a cutback, in which case the cutback will not apply). Pursuant to the SPA, Mr. Clyde will be subject to a non-disclosure covenant and non-solicitation and non-competition restrictive covenants for 12 months following any such termination.

The Company has no other agreement, contract, plan, or arrangement, whether written or unwritten, that provides for potential payments to any other NEOs upon termination or a CIC.

The following table presents estimated amounts that would have been payable to the applicable NEO if the described event had occurred on December 31, 2015, the last trading day of the last fiscal year:

- (2) Non-equity compensation is calculated under the terms of the AIP. Although actual awards, if any, are subject to attaining certain performance-based targets, for purposes of this table, non-equity compensation is calculated based on actual awards earned in 2015.
- (3) In the event of a change of control, all unvested outstanding equity awards shall vest, become immediately exercisable or payable or have all restrictions lifted as may apply to the type of the award. This amount includes the incremental value of the current unvested outstanding RSUs, PSUs (assuming the target level of performance) and options. 2016 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Proposal 3 Ratification of Appointment of Independent Registered Public Accounting Firm for Fiscal 2016

The Audit Committee and the Board of Directors have approved the engagement of KPMG LLP as Murphy USA's independent registered public accounting firm for 2016. Representatives of that firm are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

Ratification of the selection of accountants requires approval by a majority of the votes cast by the stockholders of Murphy USA Common Stock, which votes are cast for or against the ratification. Murphy USA's Board is requesting stockholder ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of Murphy USA and its stockholders.

The Audit Committee evaluates the qualifications, performance, and independence of the independent auditor, including the lead partner, on an annual basis (in each case in light of SEC and NYSE independence and other applicable standards then in effect). The Audit Committee ensures the regular rotation of the lead audit partner as required by law and is involved in the selection of the lead audit partner. In addition, the Audit Committee receives periodic reports on the hiring of KPMG LLP partners and other professionals (if hired) to help ensure KPMG LLP satisfies applicable independence rules.

KPMG LLP has served as Murphy USA's independent registered accounting firm since the spin-off in 2013 and prior to that served as the auditor to Murphy USA's former parent for more than 60 years. KPMG LLP reports directly to the Audit Committee of Murphy USA. In selecting KPMG LLP as Murphy USA's independent registered accounting firm for 2016, the Audit Committee considered a number of factors, including:

the quality of its ongoing discussions with KPMG LLP including the professional resolution of accounting and financial reporting matters with its national office,

the professional qualifications of KPMG LLP, the lead audit partner and other key engagement partners,

KPMG LLP's independence program and its processes for maintaining its independence,

KPMG LLP's depth of understanding of Murphy USA's businesses, accounting policies and practices and internal control over financial reporting,

the appropriateness of KPMG LLP's fees for audit and non-audit services (on both an absolute basis and as compared to its peer firms),

consideration of KPMG LLP's known legal risks and significant proceedings that may impair their ability to perform Murphy USA's annual audit,

the most recent PCAOB inspection report on KPMG LLP and the results of peer review and self-review examinations, and

the results of management's and the Audit Committee's annual evaluations of the qualifications, performance and independence of KPMG LLP.

In addition, the Audit Committee periodically considers the appropriateness of a rotation of the independent registered accounting firm. At this time, the Audit Committee and the Board of Directors believe that the continued retention of KPMG LLP as Murphy USA's independent registered public accounting firm is in the best interests of Murphy USA and its stockholders. Under Murphy USA's policy for pre-approval of audit and permitted non-audit services by KPMG LLP, the Audit Committee has delegated the right to pre-approve services between meeting dates to the Chairman of the Committee, subject to ratification of the full Committee at the next scheduled meeting. The Committee evaluates all services, including those engagements related to tax and internal control over financial reporting, considering the nature of such services in light of auditor independence, in accordance with the rules of the PCAOB.

Electronic Availability of Proxy Materials for 2016 Annual Meeting

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on May 5, 2016. This Proxy Statement and Murphy USA's Annual Report to Stockholders and Annual Report on Form 10-K for fiscal year 2015 are available electronically at <http://corporate.murphyusa.com/annual>.

In addition, the Company will provide without charge, upon the written request of any stockholder, a copy of the Company's Annual Report on Form 10-K, including the financial statements and the financial statement schedules, required to be filed with the United States Securities and Exchange Commission (the SEC) for the fiscal year ended

December 31, 2015. Requests should be directed to Murphy USA Inc., Attn: Investor Relations Department, P.O. Box 7300, El Dorado, Arkansas 71731-7300 or to <https://www.proxyvote.com>.

The Company will also deliver promptly upon written or oral request a separate copy of the Company's Annual Report on Form 10-K and the Company's Proxy Statement, to any stockholder who shares an address with other stockholders and where only one (1) set of materials were sent to that address to be shared by all stockholders at that address.

Other Information

The management of the Company knows of no business other than that described above that will be presented for consideration at the meeting. If any other business properly comes before the meeting, it is the intention of the persons named in the proxies to vote such proxies thereon in accordance with their judgment.

The expense of this solicitation, including cost of preparing and mailing this Proxy Statement, will be paid by the Company. Such expenses may also include the charges and expenses of banks, brokerage houses and other custodians, nominees or fiduciaries for forwarding proxies and proxy material to beneficial owners of shares.

Householding occurs when a single copy of our annual report, proxy statement and Notice of Internet Availability of Proxy Materials is sent to any household at which two or more stockholders reside if they appear to be members of the same family. Although we do not household for registered stockholders, a number of brokerage firms have instituted householding for shares held in street name. This procedure reduces our printing and mailing costs and fees. Stockholders who participate in householding will continue to receive separate proxy cards, and householding will not affect the mailing of account statements or special notices in any way. If you wish to receive a separate copy of our annual report, proxy statement or Notice of Internet Availability of Proxy Materials than that sent to your household, either this year or in the future, you may contact the Company in the manner provided below and the Company will promptly send you a separate copy of our annual report, Proxy

Statement or Notice of Internet Availability of Proxy Materials. If members of your household receive multiple copies of our annual report, Proxy Statement or Notice of Internet Availability of Proxy Materials, you may request householding by contacting the Company in the manner provided below.
