CORPORATE GOVERNANCE

The Board of Directors is responsible for overseeing the management of the Company's business and affairs. The Board measures the effectiveness of its oversight using a balanced scorecard which is comprised of three themes:

Leadership and Accountability – the Board's responsibility for appointing and retaining strong and qualified leaders and holding those leaders accountable for corporate performance;

Strategic Direction and Execution – the Board's responsibility to approve the Company's strategy and oversee its execution by management; and

Risk Oversight – the Board's responsibility to establish the Company's risk appetite and ensure that the Company's strategies and risk management practices are aligned with the risk appetite.

Sound corporate governance provides the foundation which enables the Board to effectively carry out these responsibilities. This section discusses First Commonwealth's corporate governance policies and practices, as well as the composition of the Board and its standing committees.

Corporate Governance Policies

The Board of Directors has adopted Corporate Governance Guidelines which codify our corporate governance policies and reflect our commitment to following corporate governance best practices. Below is a summary of the significant guidelines that we follow.

Separation of Chairman and CEO. We believe that the roles of Chairman of the Board and Chief Executive Officer should be held by separate persons and that the Chairman of the Board should be an independent director. This separation establishes an appropriate division of the Board's oversight role from the management responsibilities of the officers and employees of the Company. Consistent with this principle, our current Chairman, David S. Dahlmann, is a non-executive independent director.

Majority Voting in Director Elections. Under our Corporate Governance Guidelines, any director who does not receive a majority of votes cast for his or her election in an uncontested election must tender his or her resignation promptly following the failure to receive the required vote. Within 90 days of the certification of the shareholder vote, the Governance Committee would then be required to make a recommendation to the Board as to whether the Board should accept the resignation, and the Board would be required to decide whether to accept the resignation and to disclose its decision-making process.

Director Independence. We believe that all directors other than the Chief Executive Officer should be independent from management. All of our directors other than the Chief Executive Officer currently satisfy the independence requirements of the New York Stock Exchange (NYSE), as described below under Independence of Directors.

Table of Contents

Executive Sessions. Our Board and committees regularly meet in executive session without management present, and our non-management directors meet regularly without the Chief Executive Officer. This enables directors to provide candid feedback, raise concerns and discuss sensitive or confidential matters. Our Chairman, David S. Dahlmann, has also been designated as our Lead Director to preside at meetings of the non-management directors.

Stock Ownership. We believe that directors should hold a meaningful investment in the Company's stock to ensure that their interests are aligned with our shareholders. Our guidelines require that all directors own shares having a value of at least \$120,000 (five times the annual cash retainer) or 25,000 shares, whichever is less. This guideline must be met within five years of a director's initial election to the Board. Directors receive 50% of their annual retainer in shares of Company stock; however, directors who own at least 50,000 shares may elect to receive their entire retainer in cash.

Director Orientation and Education. All new directors and committee members receive orientation to learn about the Company and its strategic plans, significant financial, regulatory, accounting and risk management matters and policies and compliance programs. Our current directors regularly participate in continuing education to maintain the skills necessary to perform their duties and responsibilities and to keep abreast of industry trends, legal and regulatory developments and corporate governance practices.

Performance Evaluations. Our Board and committees regularly evaluate and discuss their performance. In addition, our Board performs a peer evaluation from time to time to provide directors with a confidential forum to assess and provide candid feedback regarding their own performance and the performance of fellow directors. The Board and its committees use the results of these evaluations to identify opportunities to enhance performance and topics for director continuing education.

Retirement Age. We have established a mandatory retirement age of 75 for our directors. No candidate may be nominated for election as a director if he or she would be age 75 or older at the time of the election.

Meeting Frequency and Attendance. Directors are expected to attend Board meetings and meetings of committees on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Last year, our Board met eleven times. All of our directors attended at least 75% of the total number of meetings of the Board and all committees of which they were members.

Annual Meeting Attendance. The annual meeting provides a valuable opportunity for shareholders to meet and interact with our directors. All directors are expected to attend the annual meeting in the absence of an unavoidable conflict. Last year eleven of our twelve current directors attended the annual meeting.

Composition and Diversity of the Board

We believe that our Board should generally consist of between 10 and 15 directors. This range permits diversity of experience and sharing of Board and committee responsibilities without hindering effective governance. However, the Board may increase its membership beyond 15 to accommodate an exceptional candidate or operate with fewer than 10 directors if a vacancy arises.

Table of Contents

We believe that effective oversight requires that the Board possess a diversity of perspectives, backgrounds and skills. The Governance Committee considers the diversity of the professional experience, education, expertise, viewpoints, background and other demographics when evaluating the current composition of the Board and the need for additional directors and when identifying and evaluating director nominees. The Governance Committee is also guided by a set of criteria that has been approved by the Board of Directors. Under these criteria, a director candidate should:

possess a sustained record of high achievement in financial services, business, industry, government, academia, the professions, or civic, charitable or non-profit organizations;

have a reputation for integrity, honesty and adherence to high ethical standards and personal qualities that will help to sustain an atmosphere of mutual respect and collegiality among the members of the Board;

have the strength of character necessary to challenge management's recommendations and actions when appropriate and to confirm the adequacy and completeness of management's responses to such challenges to his or her satisfaction;

understand or demonstrate a commitment to understand First Commonwealth, including our strategic vision, our mix of businesses and our approach to regulatory relations and risk management;

have a commitment and sufficient time to devote to our affairs, including regularly attending and participating in meetings of the Board and at least one standing committee; and

not have, nor appear to have, a conflict of interest that would impair his or her ability to represent the interests of our shareholders and to fulfill the responsibilities of a director.

When assessing each current director for possible nomination and re-election, the Governance Committee considers all of the criteria listed above, as well as the needs of the Board, the independence of the director, the director's meeting attendance and participation, and the value of the director's contributions to the effectiveness of our Board and its committees.

Independence of Directors

The rules of the NYSE require that at least a majority of our Board of Directors be comprised of independent directors. Our Corporate Governance Guidelines require that all directors other than the Chief Executive Officer must meet the independence standards established by the NYSE.

Table of Contents

The Board reviews all relationships between the Company and its directors at least once per year and assesses each director's independence annually using the NYSE independence standards. The Board has determined that a director may be independent even if he or she has business relationships with First Commonwealth or one of its affiliates, as long as, in the Board's business judgment:

any transaction involving the director is entered into in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with other persons;

the relationship complies with all applicable laws and regulations; and

the relationship would not interfere with the director's exercise of judgment independent from management of First Commonwealth.

Based upon these criteria, the Board has determined that directors Barone, Caponi, Charley, Claus, Dahlmann, Gorney, Glass, Greenfield, Latimer, Singer and Ventura are independent.

When evaluating the independence of Mr. Latimer, the Board considered the lease transaction between First Commonwealth Bank and SML Limited Partnership described below under the heading Related Party Transactions, and concluded that the transaction did not impact the independence of Mr. Latimer, because the amount paid to SML Limited Partnership during 2015 fell below the quantitative limits established by the NYSE rules and was not otherwise material to Mr. Latimer or First Commonwealth.

Oversight of Risk

The Board of Directors actively oversees the risk management practices employed by First Commonwealth and its management team. The Board receives regular reports from our Chief Risk Officer regarding material risk exposures and the actions taken to monitor and mitigate those risks. In addition, senior management updates the Board at its regular meetings regarding trends and developments for credit, market, liquidity, compliance, reputation, operational and strategic risk. Our Risk Committee provides risk oversight for the Board as a dedicated forum to review and discuss risks and risk management policies and practices. In addition, the Credit Committee of the First Commonwealth Bank Board of Directors oversees the Bank's lending operations and the quality and performance of its loan portfolios.

Audit Committee

The Audit Committee is comprised of Julie A. Caponi (Chair), Gary R. Claus, Laurie S. Singer and Robert J. Ventura, each of whom is an independent director under our Guidelines and the NYSE and Securities and Exchange Commission (SEC) standards. The primary responsibilities of the Audit Committee are to monitor the integrity of our financial statements, select and oversee our independent registered public accounting firm, oversee our internal audit process, monitor our compliance with legal and regulatory requirements, including the receipt and resolution of complaints concerning accounting, internal controls and auditing matters, and review and discuss major financial risk exposures with management and steps taken to monitor and control those exposures, including risk assessments and risk

management policies. Each member of the Audit Committee is financially literate, and our Board has determined that Directors Caponi and Claus qualify as audit committee financial experts as defined by the rules of the SEC. The Audit Committee met eight times in 2015. A report of the Audit Committee follows on page 19.

Compensation and Human Resources Committee

The Compensation and Human Resources Committee is comprised of Robert J. Ventura (Chair), Julie A. Caponi, Ray T. Charley, Gary R. Claus and David W. Greenfield. The primary responsibilities of the Compensation and Human Resources Committee are to review and determine the compensation of the CEO and other executive officers, lead the annual review of the performance of the CEO, develop and approve the CEO succession plan and oversee succession and development planning for the other executive officers, establish and oversee executive compensation and employee benefit programs, and review and approve the terms of any employment, severance, change of control or similar agreement for our CEO and other executive officers. The Compensation and Human Resources Committee met eight times during 2015. Each member of the Compensation and Human Resources Committee is an independent director under our Guidelines and applicable NYSE standards. A report of the Compensation and Human Resources Committee follows on page 38.

Governance Committee

The Governance Committee is comprised of Laurie S. Singer (Chair), Ray T. Charley, David W. Greenfield, and Luke A. Latimer. The primary responsibilities of the Governance Committee are to identify and recommend director nominees to the Board of Directors, recommend directors to serve as members and as chair for each committee of the Board, determine director compensation, lead the annual review of the performance of the Board and its committees, recommend and approve corporate governance policies and practices for the Board, and review and approve related party transactions and monitor compliance with our Code of Conduct and Ethics, insider trading and related policies. Each member of the Governance Committee is an independent director under our Guidelines and applicable NYSE standards. The Governance Committee met seven times during 2015.

Risk Committee

The Risk Committee is a joint committee of First Commonwealth Financial Corporation and First Commonwealth Bank and is comprised of David S. Dahlmann (Chair), James G. Barone, Johnston A. Glass and Jon L. Gorney. The primary responsibilities of the Risk Committee are to oversee and review information regarding our enterprise risk management framework, review and approve our significant risk management policies, assess the risks associated with our compensation practices, review and discuss with management the level and trend of risk exposures, including credit, market, liquidity, operational, compliance and legal, reputation and strategic risk, and assess risks associated with strategic and operating plans and strategic initiatives. Each member of the Risk Committee is an independent director under our Guidelines and applicable NYSE standards. The Risk Committee met nine times during 2015.

Code of Conduct and Ethics

The Code of Conduct and Ethics governs the actions and working relationships of First Commonwealth employees, officers and directors. This Code addresses, among other items, conflicts of interest, confidentiality, fair dealing, protection and proper use of corporate assets and compliance with laws, rules and regulations. The Code of Conduct and Ethics encourages and provides a process for the reporting of any illegal or unethical behavior. First Commonwealth has established an ethics hotline to allow employees, officers and directors to anonymously report any known or suspected violation of laws, rules or regulations or the Code of Conduct and Ethics.

Where to Find Governance Documents

You can find copies of the charters for our Audit Committee, Compensation and Human Resources Committee, Governance Committee and Risk Committee, as well as our Corporate Governance Guidelines, Code of Conduct and Ethics and other important information, by visiting our website at www.fcbanking.com and following the links to Investor Relations and Corporate Governance.

Communicating with Directors

You may communicate directly with any director or the full Board. To do so, please write to the person or persons desired and mail the communication to:

First Commonwealth Financial Corporation

Attn: Board Communications

P.O. Box 400

Indiana, PA 15701

Our employees will not open or otherwise screen any communications sent to this address. The communications will be delivered directly to the Lead Director, who will determine how to respond, including whether to present to the full Board or to forward to an individual director. If you send director-related communications to our offices, we will handle them in accordance with a collection and organization process approved by the Board. These communications are subject to a screening process that will determine which communications will be relayed to directors.

In addition, First Commonwealth has retained an independent service provider to receive calls from shareholders and other interested parties who wish to communicate with the non-management directors. The telephone number for this service is 1-866-825-5283. The independent service provider will forward all communications to the Lead Director who will take such action as he deems appropriate. A summary report of all communications received and actions taken by the Lead Director will be presented during the next executive session of the non-management directors and, if the non-management directors deem appropriate, to the full Board.

Table of Contents**COMPENSATION OF DIRECTORS****Director Compensation Schedule**

Our Non-Management directors are compensated according to the following schedule:

Board Member Retainer ¹	\$ 48,000
Committee Member Retainer	\$ 8,000
Committee Chair Premium ²	\$ 12,000
Audit Committee Chair Premium ²	\$ 14,500

- (1) Half of the annual retainer fee for service on the Board of Directors is paid in cash and half is paid in shares of common stock based on the closing price of the Company's stock on the date of the annual meeting of Shareholders. Directors who own 50,000 or more shares of our stock may opt to receive their entire retainer in cash, payable in four quarterly installments of \$12,000. In 2015, directors Charley, Dahlmann and Glass elected to receive cash in lieu of shares of stock.
- (2) The Chair of each Committee is paid a premium for the additional time and effort required to chair the committee. The premium is in addition to the Committee Member Retainer.

The Credit Committee met more frequently than other committees in 2015 due to its oversight of lending activities. As compensation for the additional time and effort required, each member of the Credit Committee received a premium of \$4,000 in addition to the committee member retainer.

In addition to the fees described above, Mr. Dahlmann received an annual retainer fee of \$175,000 during 2015 for his service as the non-executive Chairman of First Commonwealth Financial Corporation.

The Chief Executive Officer does not receive additional compensation for service on our Board of Directors.

November 2007 until May 2013. Before joining First Commonwealth, Mr. Price served as Chief Executive Officer of the Cincinnati and Northern Kentucky Region of National City Bank from July 2004 to November 2007 and as Executive Vice President and Head of Small Business Banking of National City Bank prior to July 2004. Mr. Price received his Bachelor of Science degree from the University of Utah, and he earned his MBA from Cleveland State University. Mr. Price's qualifications for service on our Board include his thorough understanding of the banking and financial services industry, which he has attained through more than 25 years of executive leadership experience.

Laurie Stern Singer. Ms. Singer, age 64, consults in business finance and organization management in both the public and private sector. She served as President of the Allegheny Valley Development Corporation and Allegheny Valley Chamber of Commerce for 27 and 20 years respectively. Ms. Singer was a director of Southwest National Corporation from 1994 and joined our Board in 1998 upon the completion of our merger with Southwest National Corporation. She is also a director of First Commonwealth Bank, chairs our Governance Committee and serves as a member of the Audit Committee. Ms. Singer has held leadership positions and has served as a director for numerous professional associations, educational and community organizations. She has a Bachelor of Arts degree from the University of Michigan and a law degree from Wayne State University and is a graduate of the Institute for Organizational Management. Ms. Singer's qualifications for Board service include her business finance and development expertise, her extensive experience as a director of financial services companies and other organizations and her strong commitment and understanding of corporate governance matters.

Robert J. Ventura. Mr. Ventura, age 66, is Executive Managing Director of Ventura Group, LLC, an investment banking firm in Pittsburgh, Pennsylvania, and formerly served in a similar capacity as Managing Director of Raptor Partners, LLC, from June 2010 through August 2012 and as Principal of Ventura Group, LLC. Mr. Ventura previously served as Director of Acquisitions and Divestitures and Director of Financial Planning and Analysis during a 15-year career with Rockwell International Corporation, a diversified global manufacturing company. Mr. Ventura served as a director of GA Financial, Inc. from 1998 and joined our Board in 2004 at the completion of our acquisition of GA Financial, Inc. Mr. Ventura chairs our Compensation and Human Resources Committee, serves as a member of our Audit Committee and is also a director of First Commonwealth Bank. He earned a Bachelor of Science degree in Industrial Engineering from the University of Pittsburgh and Masters of Business Administration degree from Duquesne University and holds his Series 79 and 63 securities licenses. Mr. Ventura's qualifications for Board service include his expertise in business and financial analysis and mergers and acquisitions and his experience as a director in the financial services industry.

Each director elected this year will continue in office until a successor has been elected. Each nominee has indicated that he or she will serve if elected. We do not anticipate that any nominee will be unable or unwilling to stand for election, but if that happens, your proxy will be voted for another person nominated by the Board. The Board may also choose to reduce the number of directors to be elected, as permitted by our By-laws.

The Board of Directors recommends that you vote FOR each of the nominees listed above.

PROPOSAL 2 RATIFICATION OF INDEPENDENT ACCOUNTING FIRM

The Audit Committee of the Board has appointed KPMG LLP as the independent auditors of First Commonwealth and our subsidiaries for the year ending December 31, 2016. KPMG LLP has audited our financial statements since 2006. In accordance with SEC rules, the firm's lead audit partner rotates every five years. Our Audit Committee and its Chair are directly involved in the selection of KPMG LLP's lead engagement partner. The Audit Committee also has the sole authority to approve all engagement fees paid to KPMG LLP.

Prior to retaining KPMG LLP for the 2016 fiscal year, the Audit Committee evaluated KPMG LLP's performance with respect to the 2015 fiscal year. In conducting this evaluation, the Audit Committee considered a number of factors, including:

the professional qualifications of KPMG LLP, the lead partner and other key engagement partners;

KPMG LLP's independence and its processes for maintaining independence;

KPMG LLP's depth of understanding of First Commonwealth's business, accounting policies and practices and internal control over financial reporting, as well as the breadth and depth of KPMG LLP's understanding of the financial services industry;

the appropriateness of KPMG LLP's fees for audit and non-audit services;

the most recent Public Company Accounting Oversight Board (PCAOB) inspection report on KPMG LLP and the results of peer review and self-review examinations;

the results of annual evaluations by management and the Audit Committee of the qualifications, performance and independence of KPMG LLP; and

the potential impact of changing our independent registered public accounting firm.

At the annual meeting, shareholders will be asked to ratify the appointment of KPMG LLP as First Commonwealth's independent registered public accounting firm for the 2016 fiscal year. Although shareholder approval is not required, the Board desires to obtain shareholder ratification of this appointment. If the appointment is not ratified at the annual meeting, the Board will review its future selection of auditors. If the appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of First Commonwealth and its shareholders. Representatives of KPMG LLP are expected to be present at the annual meeting to make a statement if they so desire and to respond to appropriate questions.

The affirmative vote of the holders of a majority of First Commonwealth's common stock present in person or represented by proxy at the annual meeting is necessary for ratification of the appointment of KPMG LLP as our

independent registered public accounting firm.

The Board of Directors recommends that you vote FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm.

AUDIT INFORMATION

Report of the Audit Committee

The Audit Committee of First Commonwealth's Board of Directors operates under a written charter that specifies the Audit Committee's duties and responsibilities. This charter is available on First Commonwealth's website at www.fcbanking.com by following the links to Investor Relations and Corporate Governance.

Management is responsible for the financial reporting process, the system of internal controls, including internal control over financial reporting, and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. KPMG LLP, First Commonwealth's independent registered public accounting firm (independent auditors), is responsible for the integrated audit of the consolidated financial statements and internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes and procedures. The Audit Committee relies, without independent verification, on the information provided to the Audit Committee and on the representations made by management regarding the effectiveness of internal control over financial reporting, that the financial statements have been prepared with integrity and objectivity and that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. The Audit Committee also relies on the opinions of the independent auditors on the consolidated financial statements and the effectiveness of internal control over financial reporting.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements of First Commonwealth as of and for the year ended December 31, 2015 with First Commonwealth's management and the independent auditors. The Audit Committee has also discussed with First Commonwealth's independent auditors the firm's independence from the Company and management, and has received the written disclosures and the communication from the independent auditor required by applicable requirements of the PCAOB regarding the independent auditor's communications with the Committee concerning independence. In addition, the Committee has discussed with the independent auditor the required communications of PCAOB Auditing Standard No. 16, *Communications with Audit Committees*.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in First Commonwealth's annual report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the Securities and Exchange Commission.

Submitted by the Audit Committee,

Julie A. Caponi, Chair

Gary R. Claus

Laurie S. Singer

Robert J. Ventura

Table of Contents**Fees Billed by KPMG LLP to First Commonwealth**

The aggregate fees billed by KPMG LLP for each of the fiscal years ended December 31, 2015 and 2014, respectively, were as follows:

	For the Fiscal Year Ended December 31, 2015 (\$)	For the Fiscal Year Ended December 31, 2014 (\$)
Audit Fees	1,070,500 ⁽¹⁾	1,283,870
Audit Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0

(1) The amount of Audit Fees for 2015 represents actual fees billed and does not include additional fees related to the integrated audit of First Commonwealth's 2015 consolidated financial statements that may be billed after the date of this proxy statement.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee is required to pre-approve the audit and non-audit services performed by First Commonwealth's independent auditors in order to assure that the provision of those services does not impair the accounting firm's independence. Accordingly, the Audit Committee has adopted a policy for the pre-approval of audit and non-audit services by First Commonwealth's independent auditors. This policy allows the Audit Committee to pre-approve services through general pre-approval or specific pre-approval.

Under general pre-approval, the Audit Committee approves in advance the payment of up to a specified amount of fees for the performance of specified types of audit, audit-related, tax and other services by the independent auditors. The term of general pre-approval is generally twelve (12) months from the date of pre-approval. Any services that are not subject to general pre-approval or fees in excess of pre-approved limits must be specifically pre-approved by the Audit Committee on a case-by-case basis. Pre-approved fee levels or budgeted amounts for all services to be provided by the independent auditors are established annually by the Audit Committee.

The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditors to management. However, the pre-approval policy allows the Audit Committee to delegate to one or more designated members of the Audit Committee the authority to grant required pre-approvals. The decision of any member to whom authority is delegated to pre-approve an activity is presented to the full Audit Committee at its next scheduled meeting.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

First Commonwealth is providing shareholders with the opportunity at the 2016 Annual Meeting of Shareholders to vote on an advisory resolution, commonly known as Say-on-Pay, to approve the compensation of First Commonwealth's named executive officers. Such compensation is described on pages 22 through 50 of this proxy statement. We currently conduct Say-on-Pay votes annually; accordingly, the next Say-on-Pay vote is expected to occur in 2017.

The Compensation and Human Resources Committee, which is responsible for the compensation of our executive officers, has overseen the development of a compensation program designed to attract, retain and motivate executives who enable us to achieve our strategic and financial goals. The Compensation Discussion and Analysis section of this proxy statement and the tabular disclosures regarding named executive officer compensation, together with the accompanying narrative disclosure, allow shareholders to view the trends in compensation and application of our compensation philosophies and practices for the years presented.

Shareholders are being asked to vote on the following advisory resolution:

RESOLVED, that the shareholders approve the compensation of First Commonwealth Financial Corporation's named executive officers as described in the Compensation Discussion and Analysis section and in the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this proxy statement.

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation and Human Resources Committee and the Board will take the outcome of the vote into account when considering future executive compensation arrangements.

The Board of Directors recommends that you vote FOR the advisory resolution on executive compensation.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis**

This Compensation Discussion & Analysis, or CD&A, is intended to assist shareholders in understanding and evaluating the information found in this proxy statement about the compensation and benefits provided to First Commonwealth's named executive officers (NEOs) in 2015. Our NEOs, which consist of our Chief Executive Officer (CEO), our Chief Financial Officer (CFO), and the three other executive officers who earned the highest compensation during 2015, are identified below.

Name	Positions
T. Michael Price	President and Chief Executive Officer
James R. Reske	Executive Vice President and Chief Financial Officer
Jane Grebenc	Executive Vice President and Chief Revenue Officer
I. Robert Emmerich	Executive Vice President and Chief Credit Officer
Norman J. Montgomery	Executive Vice President/Business Integration Group

Overview of 2015 Executive Compensation

First Commonwealth produced continued earnings per share growth in 2015 while expanding its franchise into Ohio and generating strong organic loan growth. The following are among the Company's significant strategic and financial accomplishments during 2015:

The Company realized the benefits of the core system conversion completed in 2014 with improved efficiency, a fully integrated operating environment and competitive digital product offerings. Lower technology and support expenses have enabled the Company to invest in revenue generating businesses, including mortgage, insurance and corporate banking.

The Company entered the Columbus, Ohio market through the acquisition of First Community Bank. This acquisition created a platform from which to launch a business-focused growth strategy in one of the fastest growing metropolitan areas of the Midwest.

The Company expanded its mortgage banking business with the hiring of experienced loan production officers in western Pennsylvania and northern and central Ohio. As of year-end 2015, the mortgage banking business was generating approximately \$120 million in loans and \$2.6 million in fee income on an annualized basis.

The Company attracted leadership and revenue-generating talent including a Market President to lead the Company's growth in Central Ohio and a Branch Network Executive to oversee our Pennsylvania banking offices.

The Compensation and Human Resources Committee (the Committee) provided a compensation program for NEOs in 2015 that consisted of three primary elements: (1) base salary, (2) potential annual cash and equity incentive awards

and (3) long-term equity incentive awards.

Table of Contents

To implement the annual and long-term incentive components, the Committee established performance goals for 2015 under First Commonwealth's Annual Incentive Plan (AIP) and for 2015-2017 under First Commonwealth's Long-Term Incentive Plan (LTIP). In addition to corporate performance goals tied to profitability and efficiency, annual performance goals for executives with risk management responsibilities also included individual performance goals that were tied to key business objectives.

2015 Performance Highlights

For purposes of measuring corporate performance relative to AIP goals, the Committee adjusted 2015 results for unusual items. On an adjusted basis:¹

Earnings per share increased 7.4% from \$0.54 in 2014 to \$0.58 in 2015.

Return on average assets (ROA) increased from 0.80% in 2014 to 0.81% in 2015.

Return on average equity (ROE) increased from 6.95 % in 2014 to 7.25% in 2015.

Non-interest expense declined from \$162.7 million in 2014 to \$160.8 million in 2015, and the efficiency ratio² improved from 65.8% in 2014 to 63.5% in 2015.

¹ 2014 financial results exclude the effect of a one-time charge in connection with a litigation settlement in the amount of \$5.6 million (after tax) or \$0.06 per share. 2015 financial results exclude the effects of one-time acquisition expenses and severance costs totaling \$2 million (after tax), which equates to approximately \$0.02 per share or 3 basis points of ROA.

² Efficiency ratio is noninterest expense as a percentage of net interest income, on a fully taxable equivalent basis, and noninterest income excluding gains and losses from securities transactions.

Table of Contents

The Company generated solid returns for its shareholders with total return to shareholders (TSR) of 46% for the most recent three-year period and average TSR of 23.7% per year since Mr. Price was appointed CEO in January 2012. In addition, in 2015:

The Company grew loans by \$226.4 million or 5%.

Credit quality measures remained stable at historically strong levels.

The Company returned approximately \$50 million of capital to shareholders by repurchasing approximately 2.9 million shares of common stock, while maintaining its quarterly dividend of \$0.07 per share for a dividend yield of 3.1% as of December 31, 2015.

Corporate Governance Highlights

We maintain important corporate governance policies:

Our directors receive a substantial portion of their compensation in stock, and all of our directors and NEOs are subject to stock ownership guidelines.

Our no-hedging policy prohibits our directors, NEOs and all employees from engaging in hedging transactions with Company stock.

Our incentive compensation plans allow us to recoup any excess compensation paid to our NEOs if the Company restates its financial results upon which an award is based due to fraud, intentional misconduct or gross negligence.

Our long-term equity awards reward performance over a three-year time horizon.

We annually conduct a risk assessment of all of our compensation plans and the Committee annually reviews the assessment to ensure the compensation programs do not encourage inappropriate risk taking.

Table of Contents

Summary of Executive Compensation Practices

Align executive pay with performance and align executive interests with shareholders

- ü Assess performance with financial, strategic and total return measures
- ü Allow limited discretion on the part of the Compensation Committee to recognize individual performance that may not be reflected in specific pre-approved performance measures
- ü Consider competitive pay opportunity as well as realizable pay in managing and aligning overall executive compensation arrangements and individual pay decisions
- ü Limit the use of perquisites
- ü Require directors and executives to maintain significant share ownership
- ü Use of a claw-back in our annual cash bonus and long-term incentive plans
- ü Conduct executive sessions of the Compensation Committee without management present
- ü Prohibit liberal share recycling within the equity plan
- ü Prohibit re-pricing of equity awards
- ü Use double-trigger vesting of equity upon a change of control
- ü Prohibit hedging or pledging of company stock by directors or executive officers
- ü Utilize an independent compensation consultant that serves only the Compensation and Governance Committees of the Board

Maintain effective governance of our programs

ü

Do not provide any change of control excise tax gross-ups or benefit income gross-ups

- ii Require executives to agree to reasonable protective covenants including confidentiality and non-solicitation provisions

- ii Generally maintain deductibility of all executive compensation by structuring long-term incentive awards as performance-based compensation under 162(m) shareholder-approved plans

- ii Emphasize the role of total return relative to others in our industry

Table of Contents

Summary of Executive Compensation Actions

During 2015, the Company undertook the following compensation actions:

We adopted Annual Incentive and Long-Term Incentive Plans in 2015 that are materially the same as our 2014 plans and granted awards to our NEOs under these Plans on substantially the same terms as previous years.

In recognition of individual performance and leadership, we approved salary increases averaging 2% for the NEOs.

In 2016, we paid AIP awards between each NEO's threshold and target amount. Financial performance in 2015 improved on a year-over-year basis but was below our annual budget and AIP targets as described below under Executive Compensation Decisions in 2015 Annual Incentive Plan.

In 2016, pursuant to our 2013-2015 LTIP we approved the award of one-year time vesting restricted stock equal to 16.7% of the target award level. The Company's TRS relative to peers exceeded the threshold performance level, while ROE relative to peers fell short of the threshold performance level.

Composition and Role of the Compensation Committee

The Compensation and Human Resources Committee of the Board is comprised of five directors: Robert Ventura (Chairman), Julie Caponi, Ray Charley, Gary Claus and David Greenfield. Each member of the Committee is an independent director for purposes of the New York Stock Exchange listing standards for compensation committee members. The Committee operates under a written charter that is reviewed and approved annually by the Board. A copy of this charter is available under the Investor Relations Corporate Governance section of our website, <http://www.fcbanking.com>.

The basic responsibilities of the Committee are to:

oversee First Commonwealth's overall compensation structure, policies and programs, and assess whether that structure establishes incentives for management and employees that appropriately balance risk and financial results;

determine the CEO's salary, bonus and other incentive and equity compensation and review and approve the individual and corporate goals assigned to the CEO and evaluate the performance of the CEO in light of those goals;

approve the salary, bonus and other incentive and equity compensation of the other executive officers and review and approve the individual and corporate goals assigned to the executive officers and the CEO's

evaluation of the performance of the executive officers in light of those goals;

oversee the succession planning and talent management processes; and

oversee the development, implementation and administration of incentive compensation and equity-based plans and approve awards under equity-based plans.

Table of Contents

The Committee relies upon performance data, statistical information and other data regarding executive compensation programs and peer practices provided from time to time by First Commonwealth's Human Resources department, officers and outside advisors. The Committee has access to individual members of management and employees and may invite them to attend any Committee meeting. The Committee has the power and discretion to retain, at First Commonwealth's expense, independent counsel and other advisors and experts as it deems necessary or appropriate to carry out its duties.

Independent Compensation Advisor

Board Advisory LLC has served as the Committee's compensation advisor since 2010. Board Advisory provides the Committee with peer executive compensation data, as well as expertise and advice on various matters brought before the Committee. Board Advisory also provides data and advice relating to non-employee director compensation to the Governance Committee. As part of its engagement in 2015, Board Advisory was asked to evaluate our performance and compensation against the performance and compensation of our peer group and make recommendations regarding the design of executive incentive compensation plans.

The Committee has the sole authority to retain and terminate Board Advisory as its compensation consultant and approve fees and other engagement terms. The Committee has determined that Board Advisory is independent from management based upon the consideration of relevant factors, including:

that Board Advisory does not provide any services to the Company except advisory services to the Committee and the Governance Committee;

that the amount of fees received from the Company by Board Advisory is not material as a percentage of Board Advisory's total revenue;

that Board Advisory has policies and procedures that are designed to prevent conflicts of interest;

that Board Advisory and its employees who provide services to the Committee do not have any business or personal relationship with any member of the Committee or any executive officer of the Company; and

that Board Advisory and its employees who provide services to the Committee do not own any stock of the Company.

Role of Executives in Establishing Compensation

The CEO plays a significant role in the design and implementation of our compensation program for all executive officers other than himself. His role includes:

making recommendations on performance measures and goals for our incentive plans;

evaluating executive officer performance and overseeing succession and development planning for executive officers;

Table of Contents

making recommendations regarding corporate titles, base salaries, annual and long-term incentive award opportunities and other employment terms for executive officers; and

providing background information for Committee meeting agenda items.

The CEO generally attends Committee meetings, but he is not present during executive sessions of the Committee at which his performance and compensation are discussed. Other members of management also attend meetings from time to time at the request of the Committee to provide reports and information on agenda topics.

Peer Comparisons

The Committee reviews a peer compensation assessment annually as a market check for the Company's executive pay and performance. This assessment is performed using compensation data provided by Board Advisory. The peer group is intended to:

serve as a point of reference for defining the range of competitive pay practices, including the range of target total pay opportunities appropriate for First Commonwealth executive officers;

serve as a point of reference in understanding the relative expense burden associated with First Commonwealth executive officer pay;

help the Committee to assess pay-related talent risk by providing transparent pay data from those companies most likely to attract First Commonwealth's executive officers; and

help the Committee test the alignment of actual pay delivered relative to Company performance and calibrate future payouts.

The peer group selected by the Committee is comprised of 21 publicly traded commercial banks with headquarters in the Mid-Atlantic and Midwest regions and total assets generally between \$3.5 billion and \$12.5 billion, which is roughly one-half to double First Commonwealth's asset size. FNB Corporation is included, at \$16.1 billion, based on its position as a key competitor for talent, customers and investors within our market. The companies within the peer group are listed below.

In assessing the pay-for-performance relationship, the Committee considers the historic realizable pay provided by the Company to its CEO and other NEOs in relation to the

Table of Contents

Company's performance. Realizable pay consists of actual base salary and annual cash incentives paid, the fair market value of full-value share grants and payouts (or shares earned) under long-term incentive plans for a specified performance period. The Committee believes this can be a more accurate reflection of the actual compensation delivered to the NEOs than the amounts reported in the Summary Compensation Table, which include a mix of actual pay and unearned long-term pay opportunities. The charts below shows the realizable pay of the Company's CEO compared to the peer group, relative to the Company's ROE and relative to the Company's total shareholder return (TSR) over the three-year period 2012 through 2014 (the most recent publicly-available compensation data as of the publication of this proxy statement). As these charts illustrate, the relatively low CEO pay realized through Company programs remained commensurate in comparative terms with Company performance over the same three-year time period.

Executive Compensation Philosophy and Strategy

Overall Objective.

The Committee believes that the success of the Company in achieving its strategic objectives will depend in large part on the talent and leadership of its executives and the alignment of those executives with the interests of our investors. Accordingly, the Committee's philosophy toward executive compensation can be summarized as follows:

Competitive Compensation. We will provide compensation opportunities to executive officers that, in the aggregate, reflect the median practices of similarly-sized banks in the Mid-Atlantic and Midwest, adjusted for individual variance in skill and contribution.

Pay-for-Performance. To earn competitive total pay levels, executive officers will be required to meet financial and operating objectives derived from internal business plan objectives as well as outperform our peer group.

Link Compensation to Talent and Accountability. To attract, retain and develop superior talent, we assess the leadership skills and professional competence of executive officers as part of our overall assessment of individual performance. Executives are held individually accountable for providing leadership to the organization and achievement of individual internal financial and non-financial objectives, as well as identifying and developing successors. Results of this assessment serve as input to Committee deliberations over salary increases and incentive adjustments and as input to related management selection and employment discussions.

Promote Long-Term Share Ownership. We use share ownership to support risk management efforts, balancing demands for short term results with long term consequences. All annual incentive awards in excess of target and all long term incentive awards are paid with shares of Company stock, and all executives are expected to maintain a significant investment in the Company in accordance with our share ownership and retention guidelines.

Provide Reasonable Income Security. We provide change of control agreements to our executive officers consistent with industry standards and competitive requirements. These agreements are designed to foster stability and retain well-qualified executives by providing reasonable income protection upon termination of employment following a change of control. All agreements are double trigger, requiring both a change of control and the loss of employment, and no agreement provides for any gross-up of taxes.

Table of Contents

The following graph shows the direct relationship between our financial performance and our CEO total compensation levels by comparing our ROA to the total annual compensation for Mr. Price, since he was named CEO of First Commonwealth in January 2012:¹

Compensation Positioning and Mix.

First Commonwealth strives to maintain an executive compensation package (both individual components and in the aggregate) that is competitive with the market. While the targeted pay level is set to provide competitive pay for meeting expected performance, the actual pay level (by component and in the aggregate) varies based on performance relative to goals and industry performance over both short- and long-term timeframes. In the aggregate, the objective of First Commonwealth's total compensation program is to provide a balanced mix of fixed and variable (i.e., incentive / performance) and cash and equity compensation. The target mix of compensation will vary based on the executive's role, and the actual mix will vary based on performance. For example, in a year when no annual incentive is paid, the percentage of total compensation paid in salary will increase, while in a year of strong corporate performance, incentive compensation would represent a larger percentage of total compensation.

The Committee generally targets incentive compensation to represent approximately 50% of the total compensation opportunity for the CEO and 33% to 39% of the total compensation opportunity of other NEOs.

¹ ROA for 2014 excludes the effect of a one-time charge in connection with a litigation settlement in the amount of \$5.6 million (after tax). ROA for 2015 excludes the effects of one-time acquisition expenses and severance costs totaling \$2 million (after tax). CEO Compensation includes allocation of 2012 restricted stock award over the four year vesting period and allocation of a 2015 performance unit award over the five year vesting period.

Table of Contents

The following charts illustrate the target and actual compensation mix for our CEO for 2015. The target compensation mix depicted below is derived from the target annual incentive payout and the target long-term incentive grant value relative to the CEO's actual salary. The actual compensation mix reflects actual CEO salary and the annual incentive earned for 2015 performance (both as reflected in the summary compensation table), as well as the value of 1,668 shares earned from the 2013-2015 LTIP award, one-fifth of the value of a performance unit award granted to Mr. Price in December 2015 and the remaining 25% of Mr. Price's 2012 retention award vesting in 2015.

Elements of Compensation.

The compensation program for our NEOs consists of base salary, cash and equity-based incentive compensation and other benefits. Each of these elements of compensation is described below.

Base Salary. We provide base salaries to compensate our NEOs for services performed during the year. Base salaries further our objectives of attracting and retaining executive talent and providing compensation that is competitive with our peers. Base salary directly affects the size of incentive plan awards, because we express incentive plan awards as a percentage of salary.

Base salaries for executive officers are determined by:

Evaluating the responsibilities of the position held and the experience of the individual; and

Considering the competitive marketplace for executive talent, primarily through a comparison to base salaries for comparable positions with companies in our Pennsylvania and national peer groups.

Table of Contents

The Committee typically reviews base salaries annually as part of the performance review process as well as upon promotion or other change in job responsibility. Adjustments to base salaries, within a range of competitive practices, are determined primarily by:

The performance of the executive's business unit or area or responsibility, based upon measures contained in business unit scorecards and the success of business unit operating initiatives; and

An evaluation of the executive's personal development, which includes an assessment of his or her individual skills and attributes through a formal performance evaluation and progress on individual development objectives.

Incentive Compensation. In order to align pay with corporate performance, the Committee seeks to appropriately balance fixed compensation with variable, or at risk, incentive compensation that is contingent on performance and the financial success of the organization.

For 2015, the NEOs and certain other key executives participated in two incentive compensation plans:

an annual incentive plan, or AIP, which provides for the payment of annual cash awards (and to the extent the target goals are exceeded, time-based restricted

stock) based on the attainment of annual corporate and individual performance measures, and

a long-term incentive compensation plan, or LTIP, which provides performance-based equity compensation determined by the attainment of corporate performance measures relative to the Company's peers over a rolling three-year period.

Each plan includes performance goals with threshold, target and superior performance levels. The threshold level represents the minimum acceptable level of performance to earn an award under the particular performance goal. In the case of the AIP, the target level of performance is generally aligned with our budget, while the superior performance level reflects stretch targets for the corporate performance goals. For the LTIP, the target level of performance is generally based on our three-year forecast in the case of the cumulative earnings per share (EPS) goal and the 55th percentile of the peer group for the total return to shareholders (TRS) performance goal, while superior performance is based on stretch EPS targets over a three-year period and the top quartile of the peer group for TRS. The Committee has discretion to consider unusual factors and their resulting effect on our performance, e.g. significant merger and acquisition transactions, the impact of share repurchase activity on the achievement of performance goals, strategic decisions that have an adverse impact on near-term results such as conversion-related expenses, unusual investment gains or losses, corporate and balance sheet restructuring, significant asset sales and other items it deems appropriate in determining the extent of which we achieve our performance goals.

These plans are intended to align our executives' financial interests with those of our investors. The combination of annual and long-term incentives is intended to balance our desire to improve financial results over the short term with the need to employ prudent and sustainable growth strategies.

Table of Contents

Benefit Programs and Perquisites.

The NEOs participate in employee benefit programs available to all other eligible employees of First Commonwealth, including our 401(k) plan, and group medical, life and disability insurance. In addition, First Commonwealth maintains a Nonqualified Deferred Compensation Plan that is designed to restore benefits that are not available to them under our 401(k) plan as highly compensated employees, according to rules of the IRS. Under the terms of this Plan, each participant may contribute up to 25% of his/her compensation to the Plan in the form of a salary reduction. There are presently no employer matching contributions under this Plan.

The Company pays for certain members of senior management to belong to one or more private clubs as a venue to entertain customers and to participate in various community functions. Expenses of a personal nature or related to a spouse are not paid by the Company.

Beginning in 2015, the Company offered our executive officers the opportunity to participate in financial planning services through a third-party service to assist with their personal finances. Providing this service gives our executive officers a better understanding of their pay and benefits, allowing them to concentrate on the Company's future success. One NEO and certain other executive officers utilized this service during 2015.

The perquisites and other personal benefits provided by the Company to the NEOs are consistent with the Company's philosophy of attracting and retaining superior executive talent. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the NEOs.

Agreements with Executives.

We provide employment and change of control agreements to certain executive officers to promote stability and continuity of executive officers and ensure their interests are aligned with shareholders. Terms of these agreements consider marketplace practices and First Commonwealth's unique needs and are tailored to the individual executive with a focus on retention and recruitment. The change of control agreements contain a double trigger, providing benefits only upon an involuntary termination or constructive termination of the executive officer in connection with a change of control. The agreements do not provide for any tax gross-ups payments upon a change of control event. The Committee considers change of control agreements to be necessary in the current financial services industry legal, regulatory and economic environment. Details on employment agreements and change of control agreements are included under "Potential Payments Upon Termination or Change of Control" on page 45.

Stock Ownership Guidelines.

In 2010 the Committee established stock ownership guidelines to encourage higher levels of Company share ownership by our executive officers through retention of shares granted under the Company's incentive plans. Since 2010, the actual number of shares earned under the Company's Long-Term Incentive Plan has been substantially below the target award levels and significantly below the level of shares awarded by members of the peer group.

Table of Contents

During 2015 the Committee reviewed the Company's stock ownership guidelines, as well as share ownership practices disclosed by members of the peer group, and determined that the ownership targets established in 2010 were not consistent with the Company's conservative grant practices and were well above the ownership guidelines of peer companies. As a result, the Committee revised the guidelines for executive officers during 2015. The revised executive guidelines are summarized in the table below. Director share ownership guidelines remain unchanged.

Position	Stock Ownership Guideline as a Multiple of Salary
Chief Executive Officer	3X
Other Executive Officers	1X

Executives are not required to purchase shares to reach these ownership guidelines. However, they are restricted from liquidating shares received as equity-based compensation (net of required withholding tax) until the guidelines are achieved. Furthermore, executives are required to retain at least 50% of shares earned under equity-based compensation plans (net of required withholding tax) once the guidelines have been met. The Committee believes that these stock ownership guidelines, coupled with the use of equity-based compensation, will increase the level of executive stock ownership over time, which will further align the interests of our executives with shareholders.

As of the record date for the annual meeting of shareholders, the Chief Executive Officer and five of the seven other executive officers have met the new ownership guidelines.

Policy Regarding Derivatives, Short Sales and Hedging.

First Commonwealth's policy prohibits directors and executive officers from pledging shares on margin, trading in derivative securities of First Commonwealth's common stock, engaging in short sales of First Commonwealth securities, or purchasing any other financial instruments that are designed to hedge or offset any decrease in the market value of First Commonwealth securities.

Executive Compensation Decisions in 2015**Base Salary**

In February 2015, the Committee approved merit increases for Mr. Price and other NEOs. The table below compares the base salaries of the NEOs as of December 31, 2014 and 2015.

	2015 Base Salary	2014 Base Salary
T. Michael Price	\$445,000	\$437,000
James R. Reske	\$357,000	\$350,000
Jane Grebenc	\$365,000	\$357,000
I. Robert Emmerich	\$281,000	\$275,400
Norman J. Montgomery	\$268,000	\$262,650

Table of Contents**Annual Incentive Plan**

The Committee approved AIP participation for the NEOs in January 2015. The 2015 AIP utilized corporate performance measures to maximize the alignment between executive incentive pay and corporate performance. The Committee retained earnings per share (EPS), ROA and efficiency ratio as corporate performance measures. The Committee also retained an individual performance component for those executive officers with risk management responsibilities (our Chief Credit Officer, Chief Risk Officer and Chief Audit Executive) with a weighting of 30%.

The table below lists the performance goals for the 2015 AIP and their respective weightings and threshold, target and superior performance levels, and results:

<i>Performance Goal</i>	<i>Performance Range</i>			<i>Results¹</i>	<i>Weighting</i>	
	<i>Threshold</i>	<i>Target</i>	<i>Superior</i>		<i>Risk Executives</i>	<i>All Other NEOs</i>
EPS	\$0.57	\$0.64	\$0.70	\$0.58	40%	50%
ROA	0.79%	0.88%	0.96%	0.81%	15%	25%
Efficiency Ratio	62.9%	61.0%	58.9%	63.5%	15%	25%
Individual Performance	Discretionary			Varies	30%	0%
					100%	100%

In 2015, First Commonwealth's performance improved compared to 2014 but fell short of budget and AIP targets. Revenue grew \$6 million from 2014 as a result of strong loan growth and higher fee revenue. However, revenue was below plan due to lower than expected interest rates and a slower ramp up of the de novo mortgage banking business than anticipated. The Committee determined that it was appropriate to exclude the effects of one-time expenses associated with the acquisition of First Community Bank and severance costs relating to the realignment of First Commonwealth's consumer businesses, because these items represented unbudgeted expenses related to strategic actions that are expected to produce long-term benefits to the Company. Adjusting for these items, First Commonwealth achieved EPS and ROA performance between threshold and target, while the efficiency ratio was below threshold. The Committee also determined that Mr. Emmerich achieved his individual goals at 125% of the target performance level with provision expense meeting the superior performance level and non-performing assets meeting the target performance level. Based on the corporate and individual performance, the Committee approved a payout under the AIP to each of the NEOs between the threshold and target performance levels.

¹ 2015 financial results exclude the effect of one-time acquisition expenses and severance costs totaling \$2 million (after tax), which equates to approximately \$0.02 per share or 3 basis points of ROA.

Table of Contents

In accordance with the terms of the AIP, each NEO received a cash payment as set forth in the table below.

Executive	Percent of Target Earned	Annual Incentive Payout
T. Michael Price	28.3%	\$62,909
Jane Grebenc	28.3%	\$36,120
James R. Reske	28.3%	\$35,328
I. Robert Emmerich	58.0%	\$40,770
Norman J. Montgomery	28.3%	\$18,943

Long-Term Incentive Plans

2013-2015 LTIP. 2015 represented the final year of the three-year performance cycle for the performance-vesting restricted stock units issued pursuant to the 2013-2015 LTIP. The vesting of the restricted stock units was based upon First Commonwealth's ROE and total return to shareholders (TRS) in relation to a peer group during the performance period. The peer group for purposes of the 2013-2015 LTIP consisted of eleven (11) banks with operations in or around First Commonwealth's Pennsylvania markets. Three (3) of the eleven (11) banks—Susquehanna Bancshares, Metro Bancorp Inc. and National Penn Bancshares—became the subjects of acquisitions that were announced or completed during the performance period. The Committee determined that it was appropriate to exclude these three banks from the peer group for purposes of calculating awards under the 2013-2015 LTIP because they were no longer considered meaningful comparators to First Commonwealth. The Company's ROE in comparison to the adjusted peer group fell short of the threshold performance level, while total return to shareholders of 46% over the performance period resulted in performance at the 40th percentile of the peer group, which fell between the threshold and target levels of performance. Accordingly, the Committee determined that each participant earned 16.7% of the target share award.

2015-2017 LTIP. In January 2015, the Committee approved LTIP awards to the NEOs based on performance over a three-year performance cycle from 2015 through 2017. Awards under the 2015-2017 LTIP consist of performance-vesting restricted stock units which vest based upon the following performance measures:

<u>Measure</u>	<u>Weighting</u>
Cumulative EPS	50%
Three-year TRS relative to peers	50%

The number of shares which may be earned under the LTIP ranges from 40% of the target award for threshold performance to 200% of the target award for superior performance. For the 2015-2017 LTIP, the Committee replaced ROA relative to peers with cumulative EPS over the three-year performance period. This aligns the LTIP with the Company's emphasis on EPS growth and balances absolute and relative performance measures within the LTIP. TRS performance is measured over the three-year performance period in relation to the Committee's 21-company peer group with threshold, target and superior levels set at the 35th, 55th, or 75th percentiles, respectively.

Special Performance Unit Award. In December 2015 the Committee reviewed Mr. Price's compensation in light of the strategic accomplishments of the Company under his leadership as CEO, competitive CEO pay practices within the Company's peer group, and Mr. Price's pay history at the Company and pay level relative to the other NEOs. When initially selected as interim CEO in January 2012, and when named permanent CEO in May 2012, the Committee established a pay level for Mr. Price that was substantially lower than the pay levels at peer community banks of comparable size and complexity to the Company. Given the performance of the Company at the time and Mr. Price's relative experience in the role, the Committee elected to delay any significant pay action until the general condition of the Company improved. Since that time, under the leadership of Mr. Price, the Company has substantially recovered from performance challenges experienced during the previous recession, attracted and developed a new executive team, implemented a new information technology platform, improved on all key financial performance measures and delivered top-quartile total return to the Company's shareholders.

After a review of individual performance, peer pay practices and performance of the Company relative to peers and relative to the time Mr. Price became CEO, in December 2015 the Committee approved an award of 60,000 Performance Units to Mr. Price. The Performance Units are intended to supplement Mr. Price's below-peer compensation while further aligning his compensation with the long-term interests of the Company's shareholders. The Performance Units vest after five years subject to Mr. Price's continued employment and the achievement of earnings per share for each of the next five years (or in the alternative, average earnings per share over the five-year period) that equals or exceeds the Company's earnings per share in 2015. The terms of the award are described in further detail below under "Grants of Plan Based Awards."

Tax Treatment of Compensation

We intend for awards under our LTIP to meet the performance-based compensation exception to the annual one million dollar limitation. While we are cognizant of the tax deduction limitations applicable to our compensation program for NEOs, we may set compensation levels outside the deduction limitations if we deem the amount of compensation appropriate. Based upon our current compensation levels and incentive program designs, we do not anticipate any loss of tax deductions for compensation expense resulting from Section 162(m).

Advisory Vote on Executive Compensation

Our shareholders approved, in an advisory vote, the compensation of our NEOs at our 2015 annual meeting of shareholders. The advisory vote received the support of 96.5% of the votes cast (excluding abstentions and broker non-votes). While the Committee considered the results of this advisory vote to be overwhelmingly favorable, it did not speculate as to the intent of the shareholders or otherwise consider the advisory vote when making decisions regarding the compensation of our NEOs.

- (1) Annual salary includes compensation deferred at the election of the named executive officer pursuant to First Commonwealth's 401(k) plan and non-qualified deferred compensation plan.
- (2) Stock awards for 2015 consist of the following:

In the case of Mr. Price, a special performance award of 60,000 Performance Units granted on December 30, 2015 with vesting based upon the Company's earnings per share and Mr. Price's continued service over a five-year period.

In the case of Mr. Montgomery, an special equity award of 20,000 shares of restricted stock granted on January 15, 2015 in recognition of Mr. Montgomery's dedication and leadership of the successful conversion of First Commonwealth Bank's core information technology systems during 2014. These shares vest in a single installment on the second anniversary of the grant date provided Mr. Montgomery remains an employee through such date.

Table of Contents

In the case of all NEOs, performance-based restricted stock unit awards (RSUs) granted under the Company s 2015-2017 long-term incentive plan (LTIP). The RSUs vest only if the Company achieves certain performance goals and the officer continues his or her employment with the Company until the end of the performance period (i.e., December 31, 2017).

All stock awards are reflected at their grant date fair value, as determined pursuant to Accounting Standards Codification Topic 718, Stock Compensation (ASC 718). Assumptions used in the calculation of this amount are included in Note 22 to the Company s audited financial statements for the fiscal year ended December 31, 2015, included in the Company s Annual Report on Form 10-K. The amounts reflected for performance-based restricted stock units assume that we will achieve the required performance goals at target levels and that the officer will continue to be employed by us through December 31, 2017.

The following table provides additional information regarding the performance-based RSUs granted during 2015. The target amounts have been included in the above table and are reflected below for comparative purposes:

Name	At Target (\$)	At Superior (\$)
T. Michael Price	215,750	431,500
James R. Reske	120,820	241,640
Jane Grebenc	120,820	241,640
I. Robert Emmerich	69,040	138,080
Norman J. Montgomery	69,040	138,080

- (3) Represents cash awards earned by the named executive officers under our 2015 Annual Incentive Plan (AIP).
- (4) The amounts shown under the heading All Other Compensation include, with respect to each named executive officer, (i) matching contributions made by First Commonwealth under First Commonwealth s 401(k) plan, and (ii) dividends on unvested shares of restricted stock:

Name	Matching 401(k) Contributions (\$)	Restricted Stock Dividends (\$)
T. Michael Price	15,900	13,780
James R. Reske	11,318	6,507
Jane Grebenc	15,900	7,295
I. Robert Emmerich	15,625	8,446
Norman J. Montgomery	15,087	6,823

The amount shown for Mr. Reske includes temporary living expenses of \$15,098.

- (1) Amounts reflected under the Estimated Future Payouts Under Non-Equity Incentive Plan Awards column of the table above represent the award opportunities for named executive officers under our AIP for 2015 based upon the threshold, target and maximum (referred to as superior in the AIP) levels of performance for all relevant performance goals. Awards under the 2015 AIP were payable in cash up to the amount of the target award and in shares of time-vested restricted stock for any amount in excess of the target award amount. The number of shares is determined by dividing such excess by the fair market value of our stock on December 31, 2015. Cash awards earned by each named executive officer under the 2015 AIP are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table above. Refer to the discussion of 2015 Incentive Plans under the Compensation Discussion and Analysis section of this proxy statement for additional information concerning the 2015 AIP.
- (2) The amounts reflected under the Estimated Future Payouts Under Equity Incentive Plan Awards column of the table above represent the number of shares of common stock that may be issued to our named executive officers under the 2015-2017 LTIP based upon the threshold, target and maximum (referred to as superior in the LTIP) levels of performance for all relevant performance goals.
- (3) The amounts under the All Other Stock Awards reflect (i) in the case of Mr. Price the number of shares of common stock that may be earned by Mr. Price pursuant to a Performance Unit Award granted on

December 30, 2015, and (ii) in the case of Mr. Montgomery the number of shares of time-vested restricted stock granted as a special equity award on January 15, 2015.

- (4) The amounts shown under Grant Date Fair Value of Stock Awards represents the grant date fair value of all performance-based restricted stock units, time-vested restricted stock and performance units granted in 2015, assuming, where applicable, performance at target levels, in each case, as determined under ASC Topic 718.

- (1) Calculated by multiplying the number of shares acquired on vesting by market value of the shares on the vesting date using the closing market price of First Commonwealth's stock on the NYSE on the vesting date.
- (2) Consists of 25,000 shares of restricted stock, representing one-fourth of a restricted stock award that was granted to Mr. Price upon his appointment as Interim President and CEO, which vested January 1, 2015, and 24,000 shares earned pursuant to the 2012-2014 LTIP and 6,216 shares earned pursuant to the 2014 AIP, each of which vested December 31, 2015.
- (3) Consists of 9,166 shares which vested April 10, 2015 pursuant to a restricted stock award granted to Mr. Reske upon his employment as Executive Vice President and Chief Financial Officer and 2,614 shares earned pursuant to the 2014 AIP which vested December 31, 2015.
- (4) Consists of 15,000 shares which vested May 31, 2015 pursuant to a restricted stock award that was granted to Ms. Grebenc upon her employment as Executive Vice President and Chief Revenue Officer and 3,555 shares earned pursuant to the 2014 AIP which vested December 31, 2015.
- (5) Consists of 3,600 shares earned pursuant to the 2012-2014 LTIP and 2,465 shares earned pursuant to the 2014 AIP, each of which vested December 31, 2015.
- (6) Consists of 10,000 shares which vested February 24, 2015 pursuant to a restricted stock award granted to Mr. Montgomery in February 2012 and 1,868 shares earned pursuant to the 2014 AIP which vested December 31, 2015.

Nonqualified Deferred Compensation

We maintain a non-qualified deferred compensation plan in which each named executive officer may contribute up to 25% of his or her base salary. Amounts held in the plan may be invested at the discretion of the executive in one or more eligible mutual funds. Plan assets are generally distributed in a lump sum following the later of the termination of the officer's employment or the attainment of age 62. Amounts held in the plan are not subject to vesting or forfeiture. The following table presents executive and employer contributions, aggregate earnings, withdrawals and distributions and year-end balance for each of the named executive officers for 2015:

Name	Executive	Registrant	Aggregate	Aggregate	Aggregate
	Contributions	Contributions	Earnings in	Withdrawals/	Aggregate

Compensation Policies and Practices Relating to Risk Management

As a financial services institution, our objective is to effectively understand and manage our risk exposures and to ensure we are compensated appropriately for the risks that we take. Incentive plans play an important role in our success by providing specific rewards for achievement of goals, while balancing the risks we undertake with asset quality and safety and soundness considerations. We follow the following compensation policies and practices to ensure that we achieve this balance:

All of our incentive plans have explicit provisions that allow First Commonwealth to recoup any amounts paid to an employee as a result of erroneous or intentionally misrepresented data.

Our corporate banking incentive plans provide the Company with the right to recover any payments made to an employee in respect of loans that are downgraded to non-accrual status or charged off within 24 months after origination.

Our corporate banking incentive plans have explicit credit quality disqualifiers, which can reduce or eliminate an incentive otherwise earned if the employee fails to follow established portfolio management requirements.

All sales and service incentives, including all incentives relating to the sale of loan and line-of-credit products, are capped at a performance level reflecting strong but achievable results, at total earnings levels that are within a range of competitive pay levels.

All sales and service incentive plans are reviewed annually and must be approved by a panel of executive officers.

All incentives are monitored by our Human Resources department for compliance with documentation, risk profile and credit quality requirements.

In addition, management performs an annual assessment of First Commonwealth's incentive plans in order to determine the extent to which the incentives could potentially encourage excessive risk taking by our employees or otherwise expose the organization to risks that could destroy shareholder value or jeopardize the safety and soundness of First Commonwealth Bank. This assessment is reviewed by the Risk Committee and Compensation and Human Resources Committee of the Board of Directors. In 2015, the assessment was conducted by our Chief Risk Officer and our Assistant Compensation Manager. These officers reviewed incentive designs, performance metrics, and resulting performance/payout relationships for positions where incentives for individual behavior could potentially create an incentive for excessive risk taking, as well as mitigating controls in the design and administration of incentive plans. The assessment concluded that our compensation policies do not encourage excessive and unnecessary risk-taking and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on the Company.

Potential Payments Upon Termination or Change of Control

First Commonwealth has entered into agreements with certain executive officers and key employees, including each named executive officer, which provide for the payment of severance and benefits in the event of a qualifying termination of employment following a change of control. In addition, Mr. Price, Mr. Reske and Ms. Grebenc are parties to employment agreements that entitle those officers to receive severance payments and benefits if their employment is terminated under certain circumstances. These agreements are summarized below. Except as provided in these agreements, First Commonwealth has not agreed to pay severance or provide benefits to any of the named executive officers following the termination of his or her employment.

Change of Control Agreements

We have entered into a Change of Control Agreement with each of the Named Executive Officers which entitle the executive to receive severance payments in equal monthly installments over a specified period following the termination of his or her employment if the executive is terminated without cause (as defined below) or terminates his or her employment for good reason (as defined below) within a specified period following the occurrence of a change of control (as defined below) of First Commonwealth, each of which is referred to in the Change of Control Agreements as a qualifying termination.

As used in the Change of Control Agreements: (A) cause includes (i) the conviction of a felony which results or is intended to result in a loss to the Company or its clients, employees, directors or officers; (ii) the failure to perform the executive's duties with the degree of skill and care reasonably expected of a professional of his or her experience and stature after notice and an opportunity to cure; (iii) acts of dishonesty which result in material damage to the business or reputation of the Company; or (iv) a violation of the terms of the Change of Control Agreement or any Company policy or procedure which is deliberate and results or is intended to result in material damage to the business or reputation of the Company; (B) good reason includes (i) the diminution of or assignment of duties which are inconsistent with the position, authority, duties or responsibilities of the executive prior to the change of control; (ii) changing the location of the executive's employment by more than fifty miles or substantially increasing the executive's travel obligations; or (iii) reduction of the executive's base salary or discontinuance of any benefit, welfare or compensation plan or material fringe benefit for the executive; and (C) change of control means (i) the acquisition by any person of beneficial ownership of 50% or more of the outstanding shares of our stock; (ii) a change in the composition of the majority of our Board of Directors (except for nominees who are approved by a majority vote of the incumbent Board); or (iii) a merger, reorganization, consolidation, sale or similar transaction in which the persons who owned our outstanding shares prior to the transaction do not beneficially own at least 50% of the outstanding shares of the resulting entity. However, the placement of the Company into receivership by the FDIC, the sale of the Company in an FDIC-assisted transaction or a change in the composition of our Board of Directors at the direction of an agency having supervisory authority over us will not constitute a change of control for purposes of the Change of Control Agreements.

Table of Contents

The monthly severance payment is calculated as one-twelfth (1/12) of the sum of the following:

the executive's annual base salary immediately prior to the change of control;

the average of the aggregate amount of all bonuses paid to the executive during the thirty-six months prior to the change of control;

the aggregate amount of all contributions by First Commonwealth for the account of the executive under First Commonwealth's 401(k) plan during the twelve months prior to the change of control; and

the aggregate amount of any contributions by First Commonwealth to the executive's Non-Qualified Deferred Compensation Plan account during the twelve-months prior to the change of control.

In addition to severance payments, the former executive and his or her family will continue to receive, at the employer's expense, the same level of medical benefits for up to eighteen (18) months following the occurrence of a qualifying termination.

If the payments and benefits to which the executive is entitled under his or her Change of Control Agreement, either alone or together with any other payments or benefits that he or she is entitled to receive from First Commonwealth, would constitute a parachute payment for purposes of section 280G of the Internal Revenue Code, the payments and benefits will be reduced by the minimum amount necessary to result in no portion of the payments and benefits being non-deductible by First Commonwealth and subject to the excise taxes imposed under the Internal Revenue Code for parachute payments.

The following table sets forth the payments and the value of benefits that each such person would have been entitled to receive if a qualifying termination had occurred following a change of control on December 31, 2015:

Name	Severance Period	Aggregate	
		Severance Payments (\$)	Value of Health Benefits \$(1)
T. Michael Price	24 months	1,233,920	24,601
James R. Reske	24 months	878,512	24,601
Jane Grebenc	24 months	909,410	24,601
I. Robert Emmerich	24 months	718,606	8,137
Norman J. Montgomery	12 months	334,425	15,620

Employment Agreement with Mr. Price

We entered into an employment agreement with Mr. Price in November 2007 when he joined First Commonwealth as President of First Commonwealth Bank, and we entered into an amended and restated employment agreement with Mr. Price when he assumed the position

Table of Contents

of Interim President and Chief Executive Officer of the Company effective January 1, 2012. Under the terms of his employment agreement, as amended and restated, Mr. Price is employed for successive one-year terms ending December 31 unless the agreement is terminated by either party upon notice given at least 60 days prior to the end of the current term. The current term of Mr. Price's employment agreement ends December 31, 2016.

If First Commonwealth terminates Mr. Price's employment other than for cause (as defined below) during the term of the agreement or Mr. Price resigns for good reason (as defined below) during the term of the agreement, then First Commonwealth will pay Mr. Price severance in an amount equal to one year's base salary, subject to the execution of an agreed form of separation agreement and general release by Mr. Price. As used in Mr. Price's employment agreement: (A) cause includes (i) the failure by Mr. Price to comply with any material provision of his employment agreement; (ii) the refusal by Mr. Price to comply with any lawful, written directive from the Board of Directors; (iii) Mr. Price's failure to perform his duties with the degree of skill and care reasonably to be expected of a professional of his experience and stature after notice and a reasonable opportunity to cure (unless the failure to perform is incapable of being cured); or (iv) any act of dishonesty, fraud or moral turpitude by Mr. Price or the conviction of Mr. Price of a crime which, in the judgment of the Board of Directors, renders his continued employment materially damaging or detrimental to the Company; and (B) good reason includes (i) a substantial reduction in Mr. Price's title, position or responsibilities; (ii) any reduction in Mr. Price's base salary or a material reduction of benefits (unless such reduction of benefits applies equally to all similarly situated employees of the Company); (iii) the assignment of Mr. Price to a position which requires him to relocate permanently to a site more than fifty (50) miles outside of Indiana, Pennsylvania; or (iv) the assignment to Mr. Price of any duties or responsibilities (other than due to a promotion) which are materially inconsistent with the position of the President and Chief Executive Officer.

The severance amount is payable in equal periodic installments in accordance with the Company's normal payroll schedule, provided that any installments that would otherwise be payable within six months following Mr. Price's separation from service will be paid on the day following the six-month anniversary of the separation from service. First Commonwealth will also offer continuation coverage to Mr. Price, as required by COBRA, under First Commonwealth's group health plan on the terms and conditions mandated by COBRA and will pay the cost of Mr. Price's COBRA premiums for 12 months following his separation from service.

The employment agreement contains certain covenants which protect the Company during and following the termination of Mr. Price's employment, including: (i) a non-competition covenant which prohibits Mr. Price from serving in certain capacities with competitive businesses for a period of one year following the termination of his employment; (ii) a provision prohibiting Mr. Price from soliciting or hiring our employees for one year following the termination of his employment; and (iii) customary provisions protecting the confidentiality of Company information and requiring the return of documents and information upon the termination of Mr. Price's employment.

Table of Contents

If we had terminated Mr. Price's employment without cause on December 31, 2015, or if Mr. Price had terminated his employment with us for good reason on that date, he would have been entitled to severance payments totaling \$445,000 and COBRA premiums having an aggregate value of \$15,620.

Employment Agreement with Mr. Reske

We entered into an employment agreement with Mr. Reske in April 2014 when he joined First Commonwealth as Executive Vice President and Chief Financial Officer. Under the terms of his employment agreement Mr. Reske is employed for an initial term of three years ending March 31, 2017, at which time Mr. Reske's employment will be automatically renewed for successive one-year periods unless the agreement is terminated by either party upon notice given at least 60 days prior to the end of the current term.

If First Commonwealth terminates Mr. Reske's employment other than for cause (as defined below) during the term of the agreement or Mr. Reske resigns for good reason (as defined below) during the term of the agreement, then First Commonwealth will pay Mr. Reske severance in an amount equal to the product of (x) one-twelfth (1/12) of his base salary multiplied by (y) the greater of (i) twelve months or (ii) the number of months remaining in the term of his employment agreement, subject to the execution of an agreed form of separation agreement and general release by Mr. Reske. As used in Mr. Reske's employment agreement: (A) cause includes (i) the failure by Mr. Reske to comply with any material provision of his employment agreement; (ii) the refusal by Mr. Reske to comply with any lawful, written directive from the Board of Directors; (iii) Mr. Reske's failure to perform his duties with the degree of skill and care reasonably to be expected of a professional of his experience and stature after notice and a reasonable opportunity to cure (unless the failure to perform is incapable of being cured); or (iv) any act of dishonesty, fraud or moral turpitude by Mr. Reske or the conviction of Mr. Reske of a crime which, in the judgment of the Board of Directors, renders his continued employment materially damaging or detrimental to the Company; and (B) good reason includes (i) a substantial reduction in Mr. Reske's title, position or responsibilities; (ii) any reduction in Mr. Reske's base salary or a material reduction of benefits (unless such reduction of benefits applies equally to all similarly situated employees of the Company); (iii) the assignment of Mr. Reske to a position which requires him to relocate permanently to a site more than fifty (50) miles outside of Indiana, Pennsylvania; or (iv) the assignment to Mr. Reske of any duties or responsibilities (other than due to a promotion) which are materially inconsistent with the position of the Executive Vice President and Chief Financial Officer.

The severance amount is payable in equal periodic installments in accordance with the Company's normal payroll schedule, provided that any installments that would otherwise be payable within six months following Mr. Reske's separation from service will be paid on the day following the six-month anniversary of the separation from service. First Commonwealth will also offer continuation coverage to Mr. Reske, as required by COBRA, under First Commonwealth's group health plan on the terms and conditions mandated by COBRA and will pay the cost of Mr. Reske's COBRA premiums for 12 months following his separation from service.

If we had terminated Mr. Reske's employment without cause on December 31, 2015, or if Mr. Reske had terminated his employment with us for good reason on that date, he would have been entitled to severance payments totaling \$446,250 and COBRA premiums having an aggregate value of \$15,620.

Employment Agreement with Ms. Grebenc

We entered into an employment agreement with Ms. Grebenc in May 2013 when she joined First Commonwealth as Executive Vice President and Chief Revenue Officer and President of First Commonwealth Bank. Under the terms of her employment agreement Ms. Grebenc is employed for successive one-year periods unless the agreement is terminated by either party upon notice given at least 60 days prior to the end of the current term. The current term of Ms. Grebenc's employment agreement expires May 31, 2016.

If First Commonwealth terminates Ms. Grebenc's employment other than for cause (as defined below) during the term of the agreement or Ms. Grebenc resigns for good reason (as defined below) during the term of the agreement, then First Commonwealth will pay Ms. Grebenc severance in an amount equal to the product of (x) one-twelfth (1/12) of her base salary multiplied by (y) the greater of (i) twelve months or (ii) the number of months remaining in the term of her employment agreement, subject to the execution of an agreed form of separation agreement and general release by Ms. Grebenc. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires First Commonwealth's directors and executive officers, and persons who own more than 10% of a registered class of First Commonwealth's equity securities, to file with the Securities and Exchange Commission (SEC) an initial report of ownership and reports of changes in ownership of our common stock and other equity securities of First Commonwealth. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish First Commonwealth with copies of all Section 16(a) forms they file. Based solely on First Commonwealth's review of the copies of forms received by it, and written and oral representations from its directors, executive officers and greater than 10% shareholders, First Commonwealth is not aware of any late filings or failures to file Section 16(a) forms during 2015.

RELATED PARTY TRANSACTIONS

Any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships between First Commonwealth or any of its subsidiaries and any of First Commonwealth's executive officers, directors or nominees for election as a director, any person owning more than 5% of First Commonwealth's common stock or any immediate family member of any of the foregoing persons is considered a related party transaction and must be approved or ratified by the Governance Committee in accordance with a written policy adopted by First Commonwealth's Board of Directors. This policy requires the Governance Committee to review the material facts of any related party transaction and either approve or disapprove the transaction after considering, among other factors it deems appropriate, whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. Any director who has an interest in the transaction may not participate in any discussion or approval of the transaction except for the purpose of providing material facts concerning the transaction.

The policy does not apply to the following categories of transactions:

transactions that are available to all employees or customers of First Commonwealth generally;

transactions involving less than \$120,000 when aggregated with all similar transactions; and

loans made by First Commonwealth Bank (or any other banking subsidiary of First Commonwealth) in the ordinary course of business, made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender, and not involving more than the normal risk of collectibility or presenting other unfavorable features.

In addition, certain categories of transactions have been pre-approved under the terms of the policy, including:

compensation paid to executive officers of First Commonwealth if either (i) the compensation is required to be reported in First Commonwealth's proxy statement

Table of Contents

under the rules of the SEC or (ii) the executive officer is not an immediate family member of another executive officer or director of First Commonwealth and the compensation would be reported in First Commonwealth's proxy statement if the executive officer was a named executive officer (as defined above under Executive Compensation) and such compensation has been approved by the Compensation and Human Resources Committee;

compensation paid to directors that is required to be reported in First Commonwealth's proxy statement; and

transactions in which all shareholders benefit proportionately (such as the payment of dividends).

First Commonwealth Bank is a party to a lease agreement with SML Limited Partnership, a real estate holding company of which director Luke A. Latimer is a general partner and owns a 34% interest, for the construction and operation of a branch in New Alexandria, PA. The lease has an initial term of 15 years with three optional renewal terms of five years each. During 2015, First Commonwealth Bank paid \$83,273 under the terms of the lease, consisting of \$72,000 in base rent and \$11,273 for real estate taxes. The aggregate base rent payable from January 1, 2016 through the expiration of the initial 15-year term is \$600,000.

In 2015, certain of our directors and executive officers were customers of, and had banking transactions with, various subsidiaries of First Commonwealth Financial Corporation, including our subsidiary bank First Commonwealth Bank. All relationships between any director or executive officer and First Commonwealth or any of its subsidiaries are conducted in the ordinary course of business. All loans and loan commitments were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not affiliated with us, and did not involve more than the normal risk of collectability nor did they present other unfavorable features. We determined that these loans and loan commitments were performing in accordance with their contractual terms.

ANNUAL MEETING INFORMATION

What matters will be voted upon at the meeting?

At the meeting, you will be asked to consider the following items of business:

election to our Board of Directors of the twelve (12) nominees who are named in this proxy statement to serve until the next annual meeting and until their successors are elected and qualified;

ratification of the selection of KPMG LLP as our independent registered public accounting firm for our 2016 fiscal year;

approval of a non-binding advisory vote on the compensation of our named executive officers; and

any other business that may properly come before the meeting.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of paper copies of the proxy materials?

The SEC notice and access rule allows us to furnish our proxy materials over the internet to our shareholders instead of mailing paper copies of those materials to each shareholder. As a result, on or around March 17, 2016 we sent to most of our shareholders by mail or e-mail a notice containing instructions on how to access our proxy materials over the internet and vote online. This notice is not a proxy card and cannot be used to vote your shares. If you received only a notice this year, you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the notice or on the website referred to on the notice.

We provided some of our shareholders, including shareholders who have previously asked to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of a notice that the materials are electronically available over the internet.

What does the Notice of Internet Availability of Proxy Materials look like?

You will get a document titled *Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on April 26, 2016* containing instructions on how to access the proxy statement and the 2015 Annual Report over the Internet, how to request a printed copy of these materials, and how to vote your shares.

Who can vote?

Shareholders of record on the record date, which is Monday, March 4, 2016, may vote at the annual meeting. As of the record date, there were 88,959,929 shares of our common stock outstanding.

How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the twelve (12) nominees who are named in this proxy statement to the Board of Directors;

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm; and

FOR the advisory vote on named executive officer compensation.

What constitutes a quorum to hold the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding on the record date will constitute a quorum, permitting us to hold the meeting and conduct business. Proxies received but marked as abstentions and broker non-votes (described below under *How do I vote my shares if they are held in the name of my broker?*) will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum.

How many votes are required to approve each proposal?

Election of Directors: Directors are elected by a plurality of votes cast, which means that the twelve (12) nominees who receive the highest number of votes will be elected. However, our Corporate Governance Guidelines provide that in the circumstance of an uncontested director election, which is the case for this year's directors' election, any director who does not receive a majority of votes cast must promptly tender his or her resignation to the Board. Upon recommendation of the Governance Committee, the Board will determine whether to accept the resignation. Any broker non-votes or abstentions will not be included in the total votes cast and will not affect the director election results.

Ratification of Independent Registered Public Accounting Firm: The ratification of the selection of KPMG as our independent registered public accounting firm for the 2016 fiscal year will be approved if the proposal receives the affirmative vote of at least a majority of the votes cast by shareholders present, in person or by proxy, at the meeting. Abstentions will not be counted as votes cast either for or against the proposal.

Approval of Named Executive Officer Compensation: The non-binding advisory vote on the compensation of our named executive officers will be approved by the affirmative vote of at least a majority of the votes cast by shareholders present, in person or by proxy, at the meeting. Abstentions and broker non-votes will not be counted as votes cast either for or against the proposal.

How many votes may I cast?

For the election of directors, you are entitled to cast one vote for each share that you held as of the record date for each candidate nominated. Cumulative voting is not permitted.

For each other proposal and any other matter brought before the meeting, you are entitled to one vote for each share that you held as of the record date.

What do I have to do to vote?

You may vote by granting a proxy, or for shares held in street name, by submitting voting instructions to your broker or other nominee. If your shares are held by a broker or other nominee, you will receive instructions that you must follow to have your shares voted. See below for more information on voting your shares if held in the name of your broker.

If you hold your shares as the shareholder of record, you may vote by signing and dating each proxy card you receive and returning it in the postage paid envelope that accompanies the proxy card. You may also submit your proxy over the Internet or by telephone by following the instructions provided on the proxy card.

If you mark the proxy card to show how you wish to vote, your shares will be voted as you direct. If you return a signed proxy card but do not mark the proxy card to show how you wish to vote, your shares will be voted in accordance with the recommendations of the Board of Directors as described above.

In addition, if other matters are properly presented at the annual meeting, the proxy holders are also authorized to vote on such matters as they determine in their sole discretion. As of the date of this proxy statement, we have not received notice of any other matters that may be properly presented at the annual meeting.

How do I vote my shares if they are held in the name of my broker?

If your shares are held by your broker, you must vote your shares through your broker. You should receive a form from your broker asking how you want to vote your shares. Follow the instructions on that form to give voting instructions to your broker.

If you do not give instructions to your broker with respect to the ratification of KPMG as our independent registered public accounting firm your broker may vote your shares at its discretion on your behalf. If you do not give instructions to your broker with respect to (1) the election of directors or (2) the non-binding advisory vote on the compensation of our named executive officers, a broker non-vote will occur. The broker non-vote will not be counted and no votes will be cast on your behalf. The voting instruction form will provide instructions for you to return it, including instructions for voting by telephone and the Internet. You may change your vote by submitting new voting instructions to your broker.

If you plan to attend the annual meeting and your shares are held in the name of a broker or other nominees, you must bring with you a letter from the broker or nominee confirming your ownership as of the record date. Failure to bring such a letter may prevent you from attending the meeting.

If you wish to vote your shares at the meeting, you must obtain a legal proxy from your broker or other nominee and present it to the inspectors of elections with your ballot when you vote at the meeting.

How do I revoke a proxy or change my vote?

If you are the record holder of the shares, you may revoke your proxy or change your vote at any time before it is counted at the annual meeting by: (1) notifying our Secretary in writing at 601 Philadelphia Street, Indiana, Pennsylvania, 15701; (2) attending the annual meeting and voting in person; or (3) submitting a later dated proxy card. If your shares are held by your broker, you should follow the instructions that the broker provides to you to revoke your proxy or change your vote.

What does it mean if I receive more than one proxy card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Please follow the directions for voting on each of the proxy cards you receive to ensure that all of your shares are voted.

Who pays for the solicitation of proxies?

First Commonwealth pays all costs related to the Company's solicitation of proxies. We may solicit proxies by mail, or our directors, officers or employees may solicit proxies personally, by telephone, facsimile or the Internet. These persons will not receive any additional

compensation for their efforts to solicit proxies. We will request that the notice of annual meeting, this proxy statement, the proxy card and related materials, if any, be forwarded to beneficial owners, and we expect to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling these materials.

REQUIREMENTS FOR DIRECTOR NOMINATIONS AND SHAREHOLDER PROPOSALS

Director Nominations, Proposals for Action, and Other Business Brought Before the annual meeting

Shareholders may make nominations for the election of directors and other proposals for action at an annual meeting. Under our By-Laws, nominations or other business may be brought before the meeting:

Pursuant to our notice of the meeting.

By, or at the direction of, a majority of our Board of Directors.

By a shareholder who:

is a shareholder of record at the time of giving of the notice required by our By-Laws and will be such at the time of the annual meeting; and

is entitled to vote at the meeting; and

complies with the notice and other procedures set forth in our By-Laws as to such business or nomination.

The By-Law procedures described above are the exclusive means for a shareholder to make nominations or submit other business before the meeting, other than matters properly brought under Rule 14a-8 under the Securities Exchange Act of 1934, as amended, and included in our notice of meeting.

If you would like to include a proposal in our notice of the annual meeting and proxy materials under Rule 14a-8, please see the requirements under [Proxy Proposals Brought Under Rule 14a-8](#) below.

If you do not want to make a nomination of a director for consideration at our annual meeting, but would like to submit the name of a director candidate to our Board for its consideration, please see [Recommendations of Director Candidates from Shareholders](#) below. If you follow the process discussed in that section, our Governance Committee will consider your candidate.

Please direct any questions about the requirements or notices in this section to our Corporate Secretary at 601 Philadelphia Street, Indiana, PA 15701.

By-Law Requirements for Nominations or Other Business.

If you are a shareholder who would like to nominate candidates for election as directors, or bring other proposals for action at the 2017 Annual Meeting of Shareholders, our By-Laws require that you deliver a notice to the Secretary at our principal executive offices.

Table of Contents

To be timely, the notice must be delivered not earlier than the close of business on the 180th day and not later than the close of business on the 150th day prior to the first anniversary of the preceding year's annual meeting (for the 2017 Annual Meeting of Shareholders, this would mean that timely notice would be delivered between October 28, 2016 and November 27, 2016).

If the date of next year's annual meeting is more than 30 days before, or 60 days after, April 26, 2017, timely notice must be delivered not earlier than (1) the close of business on the 120th day prior to the date of the 2017 Annual Meeting of Shareholders and not later than (2) the close of business on the later of the 90th day prior to the date of the 2017 Annual Meeting of Shareholders or, if the first public announcement of the date of the 2017 Annual Meeting is less than 100 days prior to the date of the meeting, the 10th day following the day on which we make a public announcement of the meeting date.

All notices of nominations for director or other proposals for action must contain, on behalf of the shareholder and beneficial owner, if any, on whose behalf the nomination or proposal is being made, the following information, which is summarized from, and should be read in conjunction with, our By-Laws:

The name and address of the shareholder, any beneficial owner, and any affiliates or associates.

The number of shares of First Commonwealth stock which are, directly or indirectly, owned beneficially and of record by the shareholder, beneficial owner, affiliates or associates.

Disclosure of any indirect, derivative, convertible or other right related to any class or series of shares of First Commonwealth, or any stock borrowings, dividend rights, or proxy or other voting arrangements.

Disclosure of any information relating to such shareholder and beneficial owner, if any, that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for, as applicable, the proposal and/or for the election of directors in a contested election pursuant to Section 14 of the Securities Exchange Act and the rules and regulations promulgated thereunder.

In addition to the information listed above, the following additional information is required for notices of nominations for director:

All information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in a contested election pursuant to Section 14 of the Securities Exchange Act and the rules and regulations promulgated thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

A description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships.

Table of Contents

A completed and signed questionnaire, representation and agreement as required under our By-Laws.

Such other information as may reasonably be required by First Commonwealth to determine the eligibility of such proposed nominee to serve as an independent director of First Commonwealth or that could be material to a reasonable shareholder's understanding of the independence, or lack thereof, of such nominee.

A notice for a proposal for action other than a nomination for director must include the following information, in addition to the information applicable to all notices as described above:

A brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest of such shareholder and beneficial owner, if any, in such business.

The text of the proposal or business (including the text of any resolutions proposed for consideration).

A description of all agreements, arrangements and understandings between such shareholder and beneficial owner, if any, and any other person or persons (including their names) in connection with the proposal of such business by such shareholder.

The proxies we appoint for the 2017 Annual Meeting of Shareholders may exercise their discretionary authority to vote on any shareholder proposal timely received and presented at the meeting. Our proxy statement must advise shareholders of the proposal and how our proxies intend to vote. A shareholder may mail a separate proxy statement to our shareholders, and satisfy certain other requirements, to remove discretionary voting authority from our proxies.

The Chairman of the meeting has the power and duty to determine whether a nomination or any business proposed to be brought before the annual meeting was made or proposed in accordance with our By-Laws, and to declare that a defective proposal or nomination be disregarded.

Proxy Proposals Brought Under Rule 14a-8.

If you are a shareholder who would like us to include your proposal in our notice of annual meeting and related proxy materials, you must follow SEC Rule 14a-8. In submitting your proposal, our Corporate Secretary must receive your proposal, in writing, at our principal executive offices, no later than November 17, 2016. If you do not follow these procedures, we will not consider your proposal for inclusion in next year's proxy statement.

Recommendations of Director Candidates From Shareholders

If a shareholder recommends a candidate for director in good faith, our Governance Committee will consider it. If you are a shareholder, the Governance Committee will consider your candidate if you follow these procedures. Your recommendation must be in writing and be submitted no later than November 27, 2016.

Table of Contents

You must submit your recommendation to the Secretary at our principal executive offices. Your written recommendation must include the following information:

The proposed nominee's name and address.

A description of all arrangements or understandings between you, the proposed nominee and any other person or persons regarding the proposed nomination of the director. You must also name such other persons.

Any commercial, industrial, banking, consulting, legal, accounting, charitable, familial or other relationships involving the proposed nominee and us or our subsidiaries that may be relevant in determining whether your proposed nominee is independent of our management and eligible to serve on the Board's Audit, Governance and Compensation and Human Resources Committees, under SEC and NYSE rules, and for the Compensation and Human Resources Committee, under Section 162(m) of the Internal Revenue Code.

The educational, professional and employment-related background and experience of your proposed nominee.

Any other facts and circumstances that may be relevant in determining whether your proposed nominee is an audit committee financial expert under SEC rules.

Such other information regarding the proposed nominee as would be required to be included in our proxy materials if the proposed nominee is nominated by our Board.

The written consent of the proposed nominee to serve as a director of First Commonwealth Financial Corporation, if elected.

Under current practices, the Governance Committee does not evaluate candidates recommended by a shareholder any differently than candidates recommended by the Governance Committee.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. We and some brokers who household proxy materials, may deliver a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and

would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, First

ANNUAL REPORT ON FORM 10-K

A shareholder may obtain a paper copy of this proxy statement, the 2015 Annual Report or any other filing with the SEC without charge by writing to Investor Relations, First Commonwealth Financial Corporation, 654 Philadelphia Street, Indiana, Pennsylvania 15701. Copies of all Company filings with the SEC are available on our website at www.fcbanking.com by following the links to Investor Relations and SEC Filings.

ACCESSING PROXY MATERIALS

The SEC allows us to deliver proxy materials to shareholders over the Internet. We believe that this offers a convenient way for shareholders to review our information. It also reduces printing expenses and lessens the environmental impact of paper copies. We provided access to our proxy materials beginning on March 17, 2016. On that day, we mailed the Notice of Availability of Proxy Materials and made our proxy materials available on the Internet.

Any shareholder may access our proxy materials electronically. Upon request, we will continue to provide paper copies of proxy materials to shareholders for the current meeting or for future meetings.

If you hold our shares in street name, we generally cannot mail our materials to you directly. Your broker or bank must provide you with the Notice of Availability of Proxy Materials or the proxy statement and proxy card, and must also explain the voting process to you.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON APRIL 26, 2016: This Notice of Annual Meeting and Proxy Statement and the 2015 Annual Report are available at: www.envisionreports.com/FCF
