This Report of Foreign Private Issuer on Form 6-K is deemed filed for all purposes under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended.

Follow-up disclosure of a public filing released on December 29, 2015 relating to potential acquisition of photovoltaic power plants located in the United States.

On December 29, 2015, Korea Electric Power Corporation (KEPCO) disclosed that it was considering a potential acquisition of renewable energy generation businesses and existing power plants.

KEPCO was selected as the preferred bidder on April 4, 2016 and entered into a Purchase and Sale Agreement with Cogentrix Solar Holdings, LLC on August 26, 2016 to acquire a photovoltaic power plant with an aggregate capacity of 30MW located in Alamosa County, Colorado, USA through a consortium with the COPA fund, a corporate partnership fund established by local institutional investors including the National Pension Service. KEPCO plans to operate the power plant for 26 years from 2016 to 2042.

Once regulatory approval and other conditions have been met, KEPCO plans to make payment of the purchase price around end of October 2016.
