Item 8.01. Other Events.

On March 7, 2017, Thermo Fisher Scientific Inc. (the Company) entered into an underwriting agreement (the Underwriting Agreement) with Credit Suisse Securities (Europe) Limited, HSBC Bank plc and the several other underwriters named in the Underwriting Agreement for the issuance and sale by the Company of 500 million aggregate principal amount of its 1.450% Senior Notes due 2027 (the Notes) in a public offering pursuant to a registration statement on Form S-3, as amended by the Post-Effective Amendment No.1 thereto (File No. 333-209867), and a related preliminary prospectus supplement filed with the Securities and Exchange Commission on March 7, 2017.

The Company expects that the net proceeds from the sale of the Notes will be approximately 491 million after deducting underwriting discounts and estimated offering expenses. The Company intends to use approximately \$508 million of the net proceeds of the offering to redeem all of the outstanding \$500 million aggregate principal amount of its 1.850% senior notes due 2018 that mature on January 15, 2018 and to pay accrued interest, fees and expenses associated with the redemption. The Company intends to use any remaining net proceeds for general corporate purposes, which may include, without limitation, the repayment, redemption or refinancing of indebtedness, capital expenditures, funding of possible acquisitions, working capital, satisfaction of other obligations or the repurchase of the Company s outstanding equity securities.

The Notes will be issued pursuant to an indenture, dated as of November 20, 2009, between the Company and The Bank of New York Mellon Trust Company, N.A., as trustee (the Trustee), as supplemented by the Fifteenth Supplemental Indenture, to be dated as of March 16, 2017, between the Company and the Trustee.

The above description of the Underwriting Agreement is qualified in its entirety by reference to the Underwriting Agreement, which is filed as Exhibit 1.1 to this Current Report on Form 8-K and is incorporated herein by reference.
