**IMPORTANT NOTICE ABOUT INFORMATION IN THIS PROSPECTUS SUPPLEMENT**

This document is in two parts. The first part is the prospectus supplement, which describes the specific terms of this offering and also adds to and updates information contained in the accompanying base prospectus and the documents incorporated by reference into this prospectus supplement and the accompanying base prospectus. The second part, the base prospectus, gives more general information about securities we may offer from time to time, some of which does not apply to this offering. Generally, when we refer only to the prospectus, we are referring to both parts combined, and when we refer to the accompanying prospectus, we are referring to the base prospectus.

If the description of this offering varies between this prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus. We have not authorized anyone to provide you with information that is different. If anyone provides you with different or inconsistent information, you should not rely on it. We are offering to sell, and seeking offers to buy, shares of Series E Preferred Stock only in jurisdictions where offers and sales are permitted. The information contained in or incorporated by reference into this document is accurate only as of the date such information was issued, regardless of the time of delivery of this prospectus supplement or any sale of Series E Preferred Stock.

**Table of Contents****OUR COMPANY**

We are a self-managed real estate investment trust, or REIT, formed in 1985 and based in Dallas, Texas. We earn income from investing in a leveraged portfolio of residential mortgage pass-through securities consisting almost exclusively of relatively short-duration adjustable-rate mortgage securities, referred to as ARM securities, issued and guaranteed by government-sponsored enterprises, either Fannie Mae or Freddie Mac, or by an agency of the federal government, Ginnie Mae. Residential mortgage pass-through securities guaranteed by Fannie Mae, Freddie Mac or Ginnie Mae are referred to as agency securities and are considered to have limited, if any, credit risk because of federal government support. This strategy differentiates us from our peers because ARM loans underlying our investment portfolio can reset to more current interest rates within a relatively short period of time. This positions us to benefit from a potential recovery in financing spreads that typically contract during periods of rising interest rates and can result in smaller fluctuations in portfolio values compared to portfolios containing a significant amount of longer-duration ARM and fixed-rate mortgage securities. Duration is a common measure of market price sensitivity to interest rate movements. A shorter duration generally indicates less interest rate risk.

**Table of Contents****RISK FACTORS**

*An investment in shares of our Series E Preferred Stock is subject to certain risks. The trading price of our Series E Preferred Stock could decline due to any of these risks, and you may lose all or part of your investment. Before you decide to invest in our Series E Preferred Stock, you should consider the risk factors described in our Annual Report on Form 10-K for the year ended December 31, 2016 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2017, June 30, 2017 and September 30, 2017, each of which are incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as the risk factors described below. Additional risks and uncertainties not presently known to us also may adversely affect our business, liquidity, operating results, prospects and financial condition.*

***The Series E Preferred Stock ranks junior to all of our indebtedness and other liabilities.***

In the event of our bankruptcy, liquidation, dissolution or winding-up of our affairs, our assets will be available to pay obligations on the Series E Preferred Stock only after all of our indebtedness and other liabilities have been paid. The rights of holders of the Series E Preferred Stock to participate in the distribution of our assets will rank junior to the prior claims of our current and future creditors and any future series or class of preferred stock we may issue that ranks senior to the Series E Preferred Stock. In addition, the Series E Preferred Stock would effectively rank junior to all indebtedness and other liabilities of our subsidiaries. If we are forced to liquidate our assets to pay our creditors, we may not have sufficient assets to pay amounts due on any or all of the Series E Preferred Stock then outstanding. We have incurred and may in the future incur substantial amounts of debt and other obligations that will rank senior to the Series E Preferred Stock. At September 30, 2017, repurchase arrangements and similar borrowings totaled \$12.47 billion, consisting primarily of 30-day borrowings with 22 counterparties, and \$100 million principal amount of long-term unsecured borrowings. Also at September 30, 2017, we held one- and three-month LIBOR interest rate swap agreements with notional amounts totaling \$8.85 billion that require fixed rate interest payments through third quarter 2020, and \$100 million notional amount of three-month LIBOR interest rate swap agreements that require fixed rate interest payments through September 2036. Certain of our existing or future debt instruments may restrict the authorization, payment or setting apart of dividends on the Series E Preferred Stock.

Future offerings of debt or senior equity securities may adversely affect the market price of the Series E Preferred Stock. If we decide to issue debt or senior equity securities in the future, it is possible that these securities will be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Additionally, any convertible or exchangeable securities that we issue in the future may have rights, preferences and privileges more favorable than those of the Series E Preferred Stock and may result in dilution to owners of the Series E Preferred Stock. We and, indirectly, our stockholders, will bear the cost of issuing and servicing such securities. Because our decision to issue debt or equity securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus, holders of the Series E Preferred Stock will bear the risk of our future offerings potentially reducing the market price of the Series E Preferred Stock and diluting the value of their holdings in us.

***The Series E Preferred Stock has not been rated.***

We have not sought to obtain a rating for the Series E Preferred Stock, and the Series E Preferred Stock may never be rated. It is possible, however, that one or more rating agencies might independently determine to assign a rating to the Series E Preferred Stock or that we may elect to obtain a rating of our Series E Preferred Stock in the future. Furthermore, we may elect to issue other securities for which we may seek to obtain a rating. If any ratings are assigned to the Series E Preferred Stock in the future or if we issue other securities with a rating, such ratings, if they are lower than market expectations or are subsequently lowered or withdrawn, could adversely affect the market for or

the market value of the Series E Preferred Stock.

S-2

## **Table of Contents**

Ratings only reflect the views of the issuing rating agency or agencies and such ratings could at any time be revised downward or withdrawn entirely at the discretion of the issuing rating agency. Further, a rating is not a recommendation to purchase, sell or hold any particular security, including the Series E Preferred Stock. In addition, ratings do not reflect market prices or suitability of a security for a particular investor and any future rating of the Series E Preferred Stock may not reflect all risks related to us and our business, or the structure or market value of the Series E Preferred Stock.

***We may issue additional shares of Series E Preferred Stock and additional series of preferred stock that rank on parity with the Series E Preferred Stock as to dividend rights, rights upon liquidation or voting rights.***

We are allowed to issue additional shares of Series E Preferred Stock and additional series of preferred stock that would rank equally to the Series E Preferred Stock as to dividend payments and rights upon our liquidation, dissolution or winding up of our affairs, which we refer to in this prospectus supplement as parity preferred stock, pursuant to our charter, including the articles supplementary for the Series E Preferred Stock, without any vote of the holders of the Series E Preferred Stock. The issuance of additional shares of Series E Preferred Stock and any additional series of parity preferred stock could have the effect of reducing the amounts available to the Series E Preferred Stock issued in this offering upon our liquidation or dissolution or the winding up of our affairs. It also may reduce dividend payments on the Series E Preferred Stock issued in this offering if we do not have sufficient funds to pay dividends on all Series E Preferred Stock outstanding and other classes of stock with equal priority with respect to dividends.

In addition, although holders of Series E Preferred Stock are entitled to limited voting rights, as described in

Description of Our Preferred Stock Limited Voting Rights in the accompanying prospectus, with respect to such matters, the Series E Preferred Stock will vote as a class along with any other classes or series of our preferred stock that we may in the future issue upon which like voting rights have been conferred and are exercisable. As a result, the voting rights of holders of Series E Preferred Stock may be significantly diluted, and the holders of such other series of preferred stock that we may in the future issue may be able to control or significantly influence the outcome of any vote.

Future issuances and sales of parity preferred stock, or the perception that such issuances and sales could occur, may cause prevailing market prices for the Series E Preferred Stock and our common stock to decline and may adversely affect our ability to raise additional capital in the financial markets at times and prices favorable to us.

***We may not be able to pay dividends on the Series E Preferred Stock.***

Under Maryland law, no distributions on capital stock may be made if, after giving effect to the distribution, (a) the corporation would not be able to pay the indebtedness of the corporation as such indebtedness becomes due in the usual course of business or, (b) except in certain limited circumstances when distributions are made from net earnings, the corporation's total assets would be less than the sum of the corporation's total liabilities plus, unless the charter provides otherwise (which our charter does, with respect to the Series E Preferred Stock), the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights on dissolution are superior to those receiving the distribution. There can be no guarantee that we will have sufficient cash to pay dividends on the Series E Preferred Stock. Our ability to pay dividends may be impaired if any of the risks described in this prospectus supplement and the accompanying prospectus or incorporated by reference in this prospectus supplement and in the accompanying prospectus were to occur. In addition, payment of our dividends depends upon our earnings, our financial condition, maintenance of our REIT qualification and other factors as our board of directors may deem relevant from time to time. We cannot assure you that our business will generate sufficient cash flow from operations or that future

borrowings will be available to us in an amount sufficient to enable us to make distributions on our common stock and any outstanding preferred stock, including the Series E Preferred Stock offered by this prospectus supplement, to pay our indebtedness or to fund our other liquidity needs.

***You may not be able to exercise conversion rights upon a Change of Control. If exercisable, the Change of Control Conversion Right described in this prospectus supplement may not adequately compensate you. The Change of Control Conversion Right may also make it more difficult for a party to acquire us or discourage a party from acquiring us.***

Upon the occurrence of a Change of Control, each holder of the Series E Preferred Stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series E Preferred Stock held by such holder as described under Description of Our Preferred Stock Redemption Optional Redemption or Special Optional Redemption Upon Change of Control in the accompanying prospectus, in which case such holder will have the right only with respect to shares of Series E Preferred Stock that are not called for redemption) to convert some or all of such holder's Series E Preferred Stock into shares of our common stock (or under specified circumstances certain alternative consideration). Notwithstanding that we generally may not redeem the Series E Preferred Stock prior to May 13, 2018, we have a special optional redemption right to redeem the Series E Preferred Stock in the event of a Change of Control, and holders of the Series E Preferred Stock will not have the right to convert any shares that we have elected to redeem prior to the Change of Control Conversion Date.

If we do not elect to redeem the Series E Preferred Stock prior to the Change of Control Conversion Date, then upon an exercise of the conversion rights provided to the holders of our Series E Preferred Stock, the holders of Series E Preferred Stock will be limited to a maximum number of shares of our common stock (or, if applicable, the Alternative Conversion Consideration) equal to our Share Cap multiplied by the number of shares of Series E Preferred Stock converted. If the Common Stock Price is less than \$6.555 (which is approximately 70.94% of the per share closing sale price of our common stock reported on the New York Stock Exchange on December 4, 2017), subject to adjustment in certain circumstances, the holders of the Series E Preferred Stock will receive a maximum of 3.81388 shares of our common stock per share of Series E Preferred Stock, which may result in a holder receiving shares of common stock (or Alternative Conversion Consideration, as applicable) with a value that is less than the liquidation preference of the Series E Preferred Stock plus any accumulated and unpaid dividends.

In addition, the Change of Control conversion feature of the Series E Preferred Stock may have the effect of discouraging a third party from making an acquisition proposal for us or of delaying, deferring or preventing certain of our change of control transactions under circumstances that otherwise could provide the holders of our common stock and Series E Preferred Stock with the opportunity to realize a premium over the then-current market price of such stock or that stockholders may otherwise believe is in their best interests.

***The market price of the Series E Preferred Stock could be substantially affected by various factors.***

The market price of the Series E Preferred Stock will depend on many factors, which may change from time to time, including:

prevailing interest rates, increases in which may have an adverse effect on the market price of the Series E Preferred Stock;

trading prices of common and preferred equity securities issued by REITs and other similar companies;

the annual yield from distributions on the Series E Preferred Stock as compared to yields on other financial instruments;

general economic and financial market conditions;

government action or regulation;

the financial condition, performance and prospects of us and our competitors;

changes in financial estimates or recommendations by securities analysts with respect to us, our competitors or our industry;

S-4

---

**Table of Contents**

our issuance of additional preferred equity or debt securities; and

actual or anticipated variations in quarterly operating results of us and our competitors.

As a result of these and other factors, investors who purchase the Series E Preferred Stock in this offering may experience a decrease, which could be substantial and rapid, in the market price of the Series E Preferred Stock, including decreases unrelated to our operating performance or prospects.

***Our charter, including the articles supplementary establishing the terms of the Series E Preferred Stock, contains restrictions upon transfer and ownership of the Series E Preferred Stock, which may impair the ability of holders to acquire the Series E Preferred Stock or convert Series E Preferred Stock into our common stock.***

Our charter, including the articles supplementary establishing the terms of the Series E Preferred Stock (the Articles Supplementary ), contains restrictions on transfer and ownership of the Series E Preferred Stock intended to assist us in maintaining our qualification as a REIT. You should consider these ownership limitations prior to your purchase of the Series E Preferred Stock. Notwithstanding any other provision of the Articles Supplementary, no holder of Series E Preferred Stock will be entitled to convert such stock into our common stock to the extent that receipt of shares of our common stock would cause us to fail to qualify as a REIT. For the purpose of preserving our REIT qualification, our charter gives the board the ability to repurchase outstanding shares of capital stock from existing stockholders if the directors determine in good faith that the concentration of ownership by such stockholders, directly or indirectly, would cause us to fail to qualify or be disqualified as a REIT. Constructive ownership rules are complex and may cause the outstanding stock owned by a group of related individuals or entities to be deemed to be constructively owned by one individual or entity. As a result, the acquisition of outstanding stock by an individual or entity could cause that individual or entity to own constructively a greater concentration of the Company's outstanding stock than is acceptable for REIT purposes, thereby giving the board the ability to repurchase outstanding shares of our capital stock. Additionally, our board may refuse to transfer or issue shares of our capital stock to any person whose acquisition would result in us not being able to conform to certain REIT requirements.

In addition, these restrictions could have anti-takeover effects and could reduce the possibility that a third party will attempt to acquire control of us, which could adversely affect the market price of the Series E Preferred Stock.

***As a holder of Series E Preferred Stock, you will have extremely limited voting rights.***

Your voting rights as a holder of Series E Preferred Stock will be limited. Our shares of common stock are the only class of our securities that carry full voting rights. Holders of Series E Preferred Stock may vote only (a) to elect two additional directors to our board of directors, in the event that six quarterly dividends (whether or not consecutive) payable on the Series E Preferred Stock are in arrears, (b) on amendments to our charter that materially and adversely affect the rights of the holders of Series E Preferred Stock or (c) to authorize, increase or create additional classes or series of our shares that are senior to the Series E Preferred Stock. The Series E Preferred Stock will vote together as a single class along with any other series of our preferred stock that we may issue upon which like voting rights have been conferred and are exercisable on each of these matters. However, holders of any parity preferred stock shall not be entitled to vote together as a class with the holders of Series E Preferred Stock as to any charter amendment described in (b) above if holders of Series E Preferred Stock are affected unequally by such amendment. As a result, the voting rights of holders of Series E Preferred Stock may be significantly diluted, and the holders of such other series of preferred stock that we may issue may be able to control or significantly influence the outcome of any vote. Other than the limited circumstances described in this prospectus supplement, holders of Series E Preferred Stock will not have any voting rights. Please see the section entitled Description of Our Preferred Stock Limited Voting Rights in the accompanying prospectus.

**Table of Contents**

*If our common stock is delisted, your ability to transfer or sell your shares of the Series E Preferred Stock may be limited and the market value of the Series E Preferred Stock will likely be materially adversely affected.*

Other than in connection with a Change of Control, the Series E Preferred Stock does not contain provisions that are intended to protect you if our common stock is delisted from the NYSE. Since the Series E Preferred Stock has no stated maturity date, you may be forced to hold your shares of the Series E Preferred Stock and receive stated dividends on the Series E Preferred Stock when, as and if authorized by our board of directors and paid by us with no assurance as to ever receiving the liquidation value thereof. In addition, if our common stock is delisted from the NYSE, it is likely that the Series E Preferred Stock will be delisted from the NYSE as well. Accordingly, if our common stock is delisted from the NYSE, your ability to transfer or sell your shares of the Series E Preferred Stock may be limited and the market value of the Series E Preferred Stock will likely be materially adversely affected.

**USE OF PROCEEDS**

We intend to use the net proceeds from this offering for general corporate purposes, including, without limitation, repayment of maturing obligations, financing future portfolio acquisitions, capital expenditures and working capital. Pending any such uses, we may invest the net proceeds from the sale of any stock offered pursuant to this prospectus supplement in short-term investments, or may use the net proceeds to reduce short-term indebtedness.

**DESCRIPTION OF SALES AGREEMENT**

We may sell our Series E Preferred Stock from time to time (1) through arrangements with underwriters or dealers, (2) directly to one or more purchasers, or (3) through agents. We have entered into a sales agreement with Brinson Patrick, a division of IFS Securities, Inc., with respect to sales of shares of our common stock and our Series E Preferred Stock, and we may enter into other sales agreements with other sales agents or underwriters in the future. Under the terms of the Brinson Patrick sales agreement, we may issue and sell shares of Series E Preferred Stock from time to time through Brinson Patrick, as our sales agent. Brinson Patrick is not required to arrange for the purchase or sale of any specific number of shares or dollar amount of Series E Preferred Stock. We have agreed to provide indemnification and contribution to Brinson Patrick against certain liabilities, including liabilities under the Securities Act.

All sales made pursuant to the Brinson Patrick sales agreement will be reported in our Securities Exchange Act of 1934 reports.

**Certain Terms of the Sales Agreement**

Subject to direction from us as to the amount and timing of sales, sales pursuant to the Brinson Patrick sales agreement may be effected on a daily basis. The compensation to Brinson Patrick for sales of our securities under the Brinson Patrick sales agreement, including both common stock and Series E Preferred Stock, shall be at the rate of up to 3.0% of the gross sales price per share as agreed to in writing by Brinson Patrick and us. The remaining proceeds, after further deduction for any transaction fees imposed by any governmental or self-regulatory organization in respect to such sale shall constitute the net proceeds to us for such shares of stock. The commission rate is currently set at a maximum of 1.0% of sales proceeds.

The offering of Series E Preferred Stock pursuant to the Brinson Patrick sales agreement will terminate upon the termination of the Brinson Patrick sales agreement. The Brinson Patrick sales agreement may be terminated by us or by Brinson Patrick upon written notice and in certain other circumstances specified therein.

**ADDITIONAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

This summary supplements the discussion about federal income tax considerations contained under the caption Federal Income Tax Consequences of Our Status as a REIT in the accompanying prospectus and should be read in conjunction therewith.

**Conversion of the Series E Preferred Stock**

Except as provided below, (i) a U.S. holder generally will not recognize gain or loss upon the conversion of the Series E Preferred Stock into our common stock, and (ii) a U.S. holder's adjusted tax basis and holding period in our common stock received upon conversion generally will be the same as those of the converted Series E Preferred Stock (but the basis will be reduced by the portion of adjusted tax basis allocated to any fractional share exchanged for cash). Any of

our common stock received by a U.S. holder in a conversion that is attributable to accrued and unpaid dividends on the converted Series E Preferred Stock that are in arrears will be

S-7

## **Table of Contents**

treated as a distribution that is potentially taxable as a dividend and, in such case, will have a tax basis equal to the fair market value of such common stock and a holding period that begins on the day after the conversion. Cash received by a U.S. holder upon conversion in lieu of a fractional share generally will be treated as a payment in a taxable exchange for such fractional share, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional share deemed exchanged. This gain or loss will be long-term capital gain or loss if the U.S. holder has held the Series E Preferred Stock for more than one year at the time of conversion. U.S. holders are urged to consult with their tax advisors regarding the federal income tax consequences of any transaction by which such holders exchange shares received on a conversion of Series E Preferred Stock for cash or other property.

In addition, if a U.S. holder receives the Alternative Conversion Consideration (in lieu of shares of our common stock) in connection with the conversion of such U.S. holder's shares of Series E Preferred Stock, the tax treatment of the receipt of any such other consideration will depend on a number of factors, including the nature of the consideration and the structure of the transaction that gives rise to the Change of Control, and it may be a taxable exchange. U.S. holders converting their shares of Series E Preferred Stock should consult their tax advisors regarding the federal income tax consequences of any such conversion and of the ownership and disposition of the consideration received upon such conversion.

So long as the Series E Preferred Stock does not constitute a United States real property interest (USRPI), the tax consequences to a non-U.S. holder (as defined in the accompanying prospectus) of the conversion of the Series E Preferred Stock into common stock will generally be the same as those described above for a U.S. holder. The conversion of the Series E Preferred Stock into common stock may be a taxable exchange for a non-U.S. holder if the Series E Preferred Stock constitutes a USRPI. Even if our Series E Preferred Stock does constitute a USRPI, provided our common stock also constitutes a USRPI, a non-U.S. holder generally will not recognize gain or loss upon a conversion of the Series E Preferred Stock into our common stock so long as certain reporting requirements under FIRPTA (as defined in the accompanying prospectus) are satisfied. If the Series E Preferred Stock does constitute a USRPI and such requirements are not satisfied, however, a conversion will be treated as a taxable exchange of Series E Preferred Stock for our common stock. Such a deemed taxable exchange will be subject to tax under FIRPTA at the rate of tax, including any applicable capital gains rates, that would apply to a U.S. holder of the same type (e.g., an individual or a corporation, as the case may be) on the excess, if any, of the fair market value of such non-U.S. holder's common stock received over such non-U.S. holder's adjusted tax basis in its Series E Preferred Stock. Collection of such tax will be enforced by a refundable withholding tax at a rate of 15% of the value of our common stock received. It is not currently anticipated that our capital stock will constitute a USRPI. However, we cannot assure you that our capital stock will not become a USRPI. Non-U.S. holders are urged to consult with their tax advisors regarding the federal income tax consequences of any transaction by which such holders exchange shares received on a conversion of Series E Preferred Stock for cash or other property.

## **Taxation of U.S. Holders on Distributions on Series E Preferred Stock**

In determining the extent to which a distribution will be treated as being made from our earnings and profits, our earnings and profits will be allocated, on a pro rata basis, first to distributions with respect to the Series E Preferred Stock and other shares of our preferred stock having the same rank, and then to our common stock. For a discussion of the taxation of distributions on our capital stock generally, see "Federal Income Tax Consequences of Our Status as a REIT—Taxation of U.S. Holders—Taxation of Taxable U.S. Holders of Stock" in the accompanying prospectus.

## **Redemption of Series E Preferred Stock**

For a discussion of the treatment of a redemption of the Series E Preferred Stock, see Federal Income Tax Consequences of Our Status as a REIT Redemption and Conversion of Preferred Stock in the accompanying prospectus.

**Table of Contents****PLAN OF DISTRIBUTION**

In connection with the sale of the Series E Preferred Stock on our behalf under the Brinson Patrick sales agreement, Brinson Patrick will be deemed to be an underwriter within the meaning of the Securities Act, and the compensation payable to Brinson Patrick under the Brinson Patrick sales agreement will be deemed to be an underwriting commission or discount; however, Brinson Patrick is not purchasing or selling any Series E Preferred Stock nor is it required to arrange for the purchase or sale of any specific number of shares or dollar amount of Series E Preferred Stock. We have separately agreed to provide indemnification and contribution to Brinson Patrick against certain civil liabilities, including liabilities under the Securities Act. Brinson Patrick may engage in transactions with, or perform services for, us in the ordinary course of business.

We will maintain a trading account at the clearing agent designated by Brinson Patrick to facilitate the transactions contemplated by the Brinson Patrick sales agreement. The net proceeds from the sale of the Series E Preferred Stock under the Brinson Patrick sales agreement will be available in the trading account on the third business day (or such other day as is industry practice for regular-way trading) following each sale of Series E Preferred Stock (each, a Settlement Date). We will effect the delivery of the applicable number of shares of Series E Preferred Stock to an account designated by Brinson Patrick at The Depository Trust Company on or before the Settlement Date of each sale hereunder. Brinson Patrick's compensation will be withheld from the sales proceeds on each Settlement Date and will be paid to Brinson Patrick.

The offering of Series E Preferred Stock pursuant to the Brinson Patrick sales agreement will terminate upon the termination of the Brinson Patrick sales agreement. The Brinson Patrick sales agreement may be terminated by us or by Brinson Patrick upon written notice and in certain other circumstances specified therein.

**Commissions**

The following table shows the public offering price, underwriting commissions and proceeds, before expenses, to us, assuming all 3,000,000 shares of Series E Preferred Stock are sold at \$25.25 per share, the last reported sales price of shares of Series E Preferred Stock on the New York Stock Exchange on December 4, 2017.

the availability of financing at reasonable levels and terms to support investing on a leveraged basis;

the availability of new investment capital;

the availability of suitable qualifying investments from both an investment return and regulatory perspective;

changes in market conditions as a result of federal corporate and individual income tax reform, federal government fiscal challenges and Federal Reserve monetary policy, including policy regarding its holdings of Agency and U.S. Treasury Securities;

deterioration in credit quality and ratings of existing or future issuances of Fannie Mae, Freddie Mac or Ginnie Mae securities;

changes in legislation or regulation affecting Fannie Mae, Freddie Mac, Ginnie Mae, the Federal Home Loan Bank system and similar federal government agencies and related guarantees;

changes in legislation or regulation affecting exemptions for mortgage REITs from regulation under the Investment Company Act of 1940;

**OUR COMPANY**

We are a self-managed real estate investment trust, or REIT, formed in 1985 and based in Dallas, Texas. We earn income from investing in a leveraged portfolio of residential mortgage pass-through securities consisting almost exclusively of relatively short-duration adjustable-rate mortgage securities, referred to as ARM securities, issued and guaranteed by government-sponsored enterprises, either Fannie Mae or Freddie Mac, or by an agency of the federal government, Ginnie Mae. Residential mortgage pass-through securities guaranteed by Fannie Mae, Freddie Mac or Ginnie Mae are referred to as Agency Securities and are considered to have limited, if any, credit risk because of federal government support. This strategy differentiates us from our peers because ARM loans underlying our investment portfolio can reset to more current interest rates within a relatively short period of time. This positions us to benefit from a potential recovery in financing spreads that typically contract during periods of rising interest rates and can result in smaller fluctuations in portfolio values compared to portfolios containing a significant amount of longer-duration ARM and fixed-rate mortgage securities. Duration is a common measure of market price sensitivity to interest rate movements. A shorter duration generally indicates less interest rate risk.

We and our qualified REIT subsidiaries have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the Code), and intend to continue to do so. As a result of this election, we and our qualified REIT subsidiaries are not taxed at the corporate level on taxable income distributed to stockholders, provided that certain REIT qualification tests are met. Certain of our affiliates, which may be consolidated with us for financial reporting purposes, may not be consolidated for federal income tax purposes because such entities may elect taxable REIT subsidiary tax status. All taxable income of any such taxable REIT subsidiaries would be subject to federal, state or local income taxes, where applicable.

Our principal executive offices are located at 8401 N. Central Expressway, Suite 800, Dallas, Texas 75225. Our telephone number is (214) 874-2323. Our website is <http://www.capstead.com>. The contents of our website are not a part of this prospectus. Our shares of common stock are traded on the New York Stock Exchange, or the NYSE, under the symbol CMO.

**DESCRIPTION OF OUR CAPITAL STOCK**

**General**

We were formed under the laws of the State of Maryland. Rights of our stockholders are governed by the Maryland General Corporation Law, or MGCL, our charter and our bylaws. The following is a summary of the material provisions of our capital stock. Copies of our charter and bylaws are filed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

**Authorized Stock**

Our charter provides that we may issue up to 250 million shares of voting common stock, par value \$0.01 per share, and 100 million shares of preferred stock, par value \$0.10 per share, of which 16,329,039 shares have been classified as Series E Preferred Stock.

**Power to Issue Additional Shares of Our Common Stock and Preferred Stock**

We believe that the power of our board of directors, without stockholder approval, to issue additional authorized but unissued shares of our common stock or preferred stock and to classify or reclassify unissued shares of our common stock or preferred stock and thereafter to cause us to issue such classified or reclassified shares of stock provides us with flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. The additional classes or series, as well as the common stock, will be available for issuance without further action by our stockholders, unless stockholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors does not intend to do so, it could authorize us to issue an additional class or series of stock that could, depending upon the terms of the particular class or series, delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our stockholders or otherwise be in their best interest.

**Restrictions on Ownership and Transfer**

Our charter provides that if our board of directors determines in good faith that the direct or indirect ownership of our stock has or may become concentrated to an extent which would cause us to fail to qualify or be qualified as a REIT under Sections 856(a)(5) or (6) of the Code, or similar provisions of successor statutes, we may redeem or repurchase any number of shares of common stock and/or preferred stock sufficient to maintain or bring such ownership into conformity with the Code and may refuse to transfer or issue shares of common stock and/or preferred stock to any person whose acquisition would result in our being unable to conform with the requirements of the Code. In general, Code Sections 856(a)(5) and (6) provide that, as a REIT, we must have at least 100 beneficial owners for 335 days of each taxable year and that we cannot qualify as a REIT if, at any time during the last half of our taxable year, more than 50% in value of our outstanding stock is owned, directly or indirectly, by or for not more than five individuals. In addition, our charter provides that we may redeem or refuse to transfer any shares of our capital stock to the extent necessary to prevent the imposition of a penalty tax as a result of ownership of those shares by certain disqualified organizations, including governmental bodies and tax-exempt entities that are not subject to tax on unrelated business taxable income. The redemption or purchase price for those shares shall be equal to the fair market value of those shares as reflected in the closing sales price for those shares if then listed on a national securities exchange, or the average of the closing sales prices for those shares if then listed on more than one national securities exchange, or if those shares are not then listed on a national securities exchange, the latest bid quotation for the shares if then traded over-the-counter on the last business day for which closing prices are available immediately preceding the day on which notices of such acquisitions are sent or, if no such closing sales prices or quotations are available, then the net

asset value of those shares as determined by our board of directors in accordance with the provisions of applicable law.

**Transfer Agent and Registrar**

The transfer agent and registrar for our common stock and preferred stock is Wells Fargo Shareholder Services.

**Table of Contents**

**DESCRIPTION OF OUR COMMON STOCK**

The following description of our common stock sets forth certain general terms and provisions of our common stock to which any prospectus supplement may relate, including a prospectus supplement providing that common stock will be issuable upon conversion or exchange of our debt securities or preferred stock or upon the exercise of warrants to purchase our common stock.

All shares of our common stock covered by this prospectus will be duly authorized, fully paid and nonassessable. Subject to the preferential rights of any other class or series of stock and to the provisions of the charter regarding the restrictions on transfer of stock, holders of shares of our common stock are entitled to receive dividends on such stock when, as and if authorized by our board of directors out of funds legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up after payment of or adequate provision for all known debts and liabilities of our company, including the preferential rights on dissolution of any class or classes of preferred stock.

Subject to the provisions of our charter regarding the restrictions on transfer of stock, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors and, except as provided with respect to any other class or series of stock, the holders of such shares will possess the exclusive voting power. There is no cumulative voting in the election of our board of directors, which means that the holders of a plurality of the outstanding shares of our common stock can elect all of the directors then standing for election and the holders of the remaining shares will not be able to elect any directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive rights to subscribe for any securities of our company. Subject to the provisions of the charter regarding the restrictions on transfer of stock, shares of our common stock will have equal dividend, liquidation and other rights.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, transfer all or substantially all of its assets, engage in a statutory share exchange or engage in similar transactions outside the ordinary course of business unless declared advisable by the board of directors and approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter generally reduces the stockholder vote required for these matters to a majority of the total number of shares of all classes outstanding and entitled to vote thereon. Additionally, Maryland law permits a corporation to transfer all or substantially all of its assets without the approval of the stockholders of the corporation to one or more persons if all of the equity interests of the person or persons are owned, directly or indirectly, by the corporation. Because operating assets may be held by a corporation's subsidiaries, as in our situation, this may mean that a subsidiary of a corporation can transfer all of its assets without a vote of the corporation's stockholders.

Our charter authorizes our board of directors to reclassify any unissued shares of our common stock into other classes or series of classes of stock and to establish the number of shares in each class or series and to set the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption for each such class or series.

**Table of Contents**

**DESCRIPTION OF OUR PREFERRED STOCK**

Our charter authorizes our board of directors to classify any unissued shares of preferred stock and to reclassify any previously classified but unissued shares of any series. Prior to issuance of shares of each series, our board of directors is required by the MGCL and our charter to set the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each such series. Thus, our board of directors could authorize the issuance of shares of preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change of control of our company that might involve a premium price for holders of our common stock or otherwise be in their best interest. As of the date hereof, we have 10,329,039 shares of our preferred stock outstanding, consisting entirely of Series E Preferred Stock (out of a total authorized class of 16,329,039 shares of Series E Preferred Stock). Our preferred stock will, when issued, be fully paid and nonassessable and will not have, or be subject to, any preemptive or similar rights.

The prospectus supplement relating to the series of preferred stock offered by that supplement will describe the specific terms of those securities, including:

the title and stated value of that preferred stock;

the number of shares of that preferred stock offered, the liquidation preference per share and the offering price of that preferred stock;

the dividend rate(s), period(s) and payment date(s) or method(s) of calculation thereof applicable to that preferred stock;

whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends on that preferred stock will accumulate;

the voting rights applicable to that preferred stock;

the procedures for any auction and remarketing, if any, for that preferred stock;

the provisions for a sinking fund, if any, for that preferred stock;

the provisions for redemption including any restriction thereon, if applicable, of that preferred stock;

any listing of that preferred stock on any securities exchange;

the terms and conditions, if applicable, upon which that preferred stock will be convertible into shares of our common stock, including the conversion price (or manner of calculation of the conversion price) and conversion period;

a discussion of federal income tax considerations applicable to that preferred stock;

any limitations on issuance of any series of preferred stock ranking senior to or on a parity with that series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;

in addition to those limitations described above under Description of Capital Stock Restrictions on Ownership and Transfer, any other limitations on actual and constructive ownership and restrictions on transfer, in each case as may be appropriate to preserve our status as a REIT; and

any other specific terms, preferences, rights, limitations or restrictions of that preferred stock.

### **Rank Within Our Capital Structure**

Unless otherwise specified in the applicable prospectus supplement, the preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our affairs rank:

senior to all classes or series of common stock and to all equity securities ranking junior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs;

## **Table of Contents**

on a parity with all equity securities issued by us the terms of which specifically provide that those equity securities rank on a parity with the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs; and

junior to all equity securities issued by us the terms of which specifically provide that those equity securities rank senior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs.

The term equity securities does not include convertible debt securities.

## **Dividends**

Subject to the preferential rights of any other class or series of stock and to the provisions of the charter regarding the restrictions on transfer of stock, holders of shares of our preferred stock will be entitled to receive dividends on such stock when, as and if authorized by our board of directors out of funds legally available therefor and declared by us, at rates and on dates as will be set forth in the applicable prospectus supplement.

Dividends on any series or class of our preferred stock may be cumulative or noncumulative, as provided in the applicable prospectus supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable prospectus supplement. If our board of directors fails to authorize a dividend payable on a dividend payment date on any series or class of preferred stock for which dividends are noncumulative, then the holders of that series or class of preferred stock will have no right to receive a dividend in respect of the dividend period ending on that dividend payment date, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends on such series or class are declared or paid for any future period.

If any shares of preferred stock of any series or class are outstanding, no dividends may be authorized or paid or set apart for payment on the preferred stock of any other series or class ranking, as to dividends, on a parity with or junior to the preferred stock of that series or class for any period unless:

the series or class of preferred stock has a cumulative dividend, and full cumulative dividends have been or contemporaneously are authorized and paid or authorized and a sum sufficient for the payment of those dividends is set apart for payment on the preferred stock of that series or class for all past dividend periods and the then current dividend period; or

the series or class of preferred stock does not have a cumulative dividend, and full dividends for the then current dividend period have been or contemporaneously are authorized and paid or authorized and a sum sufficient for the payment of those dividends is set apart for the payment on the preferred stock of that series or class.

When dividends are not paid in full (or a sum sufficient for the full payment is not set apart) upon the shares of preferred stock of any series or class and the shares of any other series or class of preferred stock ranking on a parity as to dividends with the preferred stock of that series or class, then all dividends authorized on shares of preferred stock of that series or class and any other series or class of preferred stock ranking on a parity as to dividends with that preferred stock shall be authorized pro rata so that the amount of dividends authorized per share on the preferred stock of that series or class and other series or class of preferred stock will in all cases bear to each other the same ratio that accrued dividends per share on the shares of preferred stock of that series or class (which will not include any

accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have a cumulative dividend) and that other series or class of preferred stock bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on preferred stock of that series or class that may be in arrears.

## **Table of Contents**

### **Redemption**

We may have the right or may be required to redeem one or more series of preferred stock, in whole or in part, in each case upon the terms, if any, and at the time and at the redemption prices set forth in the applicable prospectus supplement.

If a series of preferred stock is subject to mandatory redemption, we will specify in the applicable prospectus supplement the number of shares we are required to redeem, when those redemptions start, the redemption price, and any other terms and conditions affecting the redemption. The redemption price will include all accrued and unpaid dividends, except in the case of noncumulative preferred stock. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series or class is payable only from the net proceeds of the issuance of our stock, the terms of that preferred stock may provide that, if no such stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, that preferred stock shall automatically and mandatorily be converted into shares of our applicable stock pursuant to conversion provisions specified in the applicable prospectus supplement.

### **Liquidation Preference**

Upon any voluntary or involuntary liquidation or dissolution of us or winding up of our affairs, then, before any distribution or payment will be made to the holders of common stock or any other series or class of stock ranking junior to any series or class of the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of our affairs, the holders of that series or class of preferred stock will be entitled to receive out of our assets legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference per share (set forth in the applicable prospectus supplement), plus an amount equal to all dividends accrued and unpaid on the preferred stock (which will not include any accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have a cumulative dividend). After payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred stock will have no right or claim to any of our remaining assets.

If, upon any voluntary or involuntary liquidation, dissolution or winding up, the legally available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of any series or class of preferred stock and the corresponding amounts payable on all shares of other classes or series of our stock of ranking on a parity with that series or class of preferred stock in the distribution of assets upon liquidation, dissolution or winding up, then the holders of that series or class of preferred stock and all other classes or series of capital stock will share ratably in any distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions have been made in full to all holders of any series or class of preferred stock, our remaining assets will be distributed among the holders of any other classes or series of stock ranking junior to that series or class of preferred stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For these purposes, the consolidation or merger of us with or into any other entity, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

### **Voting Rights**

Holders of preferred stock will not have any voting rights, except as provided for in the Articles Supplementary establishing a series or class of preferred stock and as described in the applicable prospectus supplement.

## **Table of Contents**

### **Conversion Rights**

The terms and conditions, if any, upon which shares of any series or class of preferred stock are convertible into shares of common stock will be set forth in the applicable prospectus supplement. The terms will include:

the number of shares of common stock into which the preferred stock is convertible;

the conversion price (or manner of calculation of the conversion price);

the conversion period;

provisions as to whether conversion will be at the option of the holders of the preferred stock or us,

the events requiring an adjustment of the conversion price; and

provisions affecting conversion in the event of the redemption of the preferred stock.

### **Series E Preferred Stock**

Our board of directors has classified 16,329,039 shares of our Preferred Stock as Series E Preferred Stock, of which 10,329,039 are currently outstanding. The Series E Preferred Stock generally provides for the following rights, preferences and obligations.

#### ***Maturity***

The Series E Preferred Stock has no stated maturity and will not be subject to any sinking fund or mandatory redemption. Shares of the Series E Preferred Stock will remain outstanding indefinitely unless we decide to redeem or otherwise repurchase them or they become convertible and are converted as described below under **Change of Control Conversion Right**. We are not required to set apart for payment the funds to redeem the Series E Preferred Stock.

#### ***Ranking***

The Series E Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up:

(1) senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in clauses (2) and (3) below;

(2) on a parity with all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series E Preferred Stock, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up;

(3) junior to all equity securities issued by us with terms specifically providing that those equity securities rank senior to the Series E Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up (please see the section entitled "Limited Voting Rights" below); and

(4) effectively junior to all of our existing and future indebtedness (including indebtedness convertible to our common stock or preferred stock, if any) and to the indebtedness of our existing subsidiaries and any future subsidiaries.

***Dividends***

Holders of shares of the Series E Preferred Stock are entitled to receive, when, as and if authorized by our board of directors and declared by us, out of funds legally available for the payment of dividends, cumulative

**Table of Contents**

cash dividends at the rate of 7.50% of the \$25.00 per share liquidation preference per annum (equivalent to \$1.875 per annum per share). Dividends on the Series E Preferred Stock shall accumulate daily and be cumulative from, and including, the date of original issue and shall be payable quarterly in arrears on the 15th day of each January, April, July and October (each, a dividend payment date ) with respect to the immediately preceding dividend period; provided that if any dividend payment date is not a business day, as defined in the Articles Supplementary, then the dividend which would otherwise have been payable on that dividend payment date may be paid on the next succeeding business day and no interest, additional dividends or other sums will accumulate on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. Any dividend payable on the Series E Preferred Stock, including dividends payable for any partial dividend period, will be computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends will be payable to holders of record as they appear in our stock records for the Series E Preferred Stock at the close of business on the applicable record date, which shall be the last day of the calendar quarter, whether or not a business day, immediately preceding the applicable dividend payment date (each, a dividend record date ).

No dividends on shares of Series E Preferred Stock shall be authorized by our board of directors or paid or set apart for payment by us at any time when the terms and provisions of any agreement of ours, including any agreement relating to our indebtedness, prohibit the authorization, payment or setting apart for payment thereof or provide that the authorization, payment or setting apart for payment thereof would constitute a breach of the agreement or a default under the agreement, or if the authorization, payment or setting apart for payment shall be restricted or prohibited by law.

Notwithstanding the foregoing, dividends on the Series E Preferred Stock will accumulate whether or not we have earnings, whether or not there are funds legally available for the payment of those dividends and whether or not those dividends are declared. No interest, or sum in lieu of interest, will be payable in respect of any dividend payment or payments on the Series E Preferred Stock which may be in arrears, and holders of the Series E Preferred Stock will not be entitled to any dividends in excess of full cumulative dividends described above. Any dividend payment made on the Series E Preferred Stock shall first be credited against the earliest accumulated but unpaid dividend due with respect to those shares.

Unless full cumulative dividends on the Series E Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment for all past dividend periods, no dividends (other than in shares of common stock or in shares of any series of preferred stock that we may issue ranking junior to the Series E Preferred Stock as to dividends and upon liquidation) shall be declared or paid or set apart for payment upon shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series E Preferred Stock as to dividends or upon liquidation. Nor shall any other distribution be declared or made upon shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series E Preferred Stock as to dividends or upon liquidation. In addition, any shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series E Preferred Stock as to dividends or upon liquidation shall not be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any such shares) by us (except by conversion into or exchange for our other capital stock that we may issue ranking junior to the Series E Preferred Stock as to dividends and upon liquidation and except for transfers made pursuant to the provisions of our charter relating to restrictions on transfer and ownership of our capital stock). The foregoing shall not, however, prevent the purchase or acquisition by us of shares of any class or series of stock pursuant to the provision of Article VIII of our charter relating to restrictions on transfer and ownership or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series E Preferred Stock and any preferred stock that we may issue ranking on parity with the Series E Preferred Stock as to dividends or upon liquidation.

When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the Series E Preferred Stock and the shares of any other series of preferred stock that we may issue ranking on a

## **Table of Contents**

parity as to dividends with the Series E Preferred Stock, all dividends declared upon the Series E Preferred Stock and such other series of preferred stock shall be declared pro rata so that the amount of dividends declared per share of Series E Preferred Stock and such other series of preferred stock shall in all cases bear to each other the same ratio that accumulated dividends per share on the Series E Preferred Stock and such other series of preferred stock (which shall not include any accrual in respect of unpaid dividends for prior dividend periods if such preferred stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the Series E Preferred Stock which may be in arrears.

### ***Liquidation Preference***

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of shares of Series E Preferred Stock will be entitled to be paid out of the assets we have legally available for distribution to our stockholders, subject to the preferential rights of the holders of any class or series of our stock we may issue ranking senior to the Series E Preferred Stock with respect to the distribution of assets upon liquidation, dissolution or winding up, a liquidation preference of \$25.00 per share, plus an amount equal to any accumulated and unpaid dividends to, but not including, the date of payment, before any distribution of assets is made to holders of our common stock or any other class or series of our stock we may issue that ranks junior to the Series E Preferred Stock as to liquidation rights.

In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Series E Preferred Stock and the corresponding amounts payable on all shares of other classes or series of our capital stock that we may issue ranking on a parity with the Series E Preferred Stock in the distribution of assets, then the holders of the Series E Preferred Stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

Holders of Series E Preferred Stock will be entitled to written notice of any such liquidation no fewer than 30 days and no more than 60 days prior to the payment date. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series E Preferred Stock will have no right or claim to any of our remaining assets. The consolidation or merger of us with or into any other corporation, trust or entity or of any other entity with or into us, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, shall not be deemed to constitute a liquidation, dissolution or winding up of us (although such events may give rise to the special optional redemption and contingent conversion rights described below).

### ***Redemption***

The Series E Preferred Stock is not redeemable by us prior to May 13, 2018, except as described below under **Special Optional Redemption Upon Change of Control** and except that, as provided in our charter, we may purchase or redeem shares of the Series E Preferred Stock prior to that date in order to preserve our qualification as a REIT. Please see the section entitled **Description of Our Capital Stock Restrictions on Ownership and Transfer** in the accompanying prospectus.

*Optional Redemption.* On and after May 13, 2018, we may, at our option, upon not less than 30 nor more than 60 days written notice, redeem the Series E Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption.

*Special Optional Redemption Upon Change of Control.* Upon the occurrence of a Change of Control, we may, at our option, upon not less than 30 nor more than 60 days' written notice, redeem the Series E Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for

**Table of Contents**

cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption. If, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series E Preferred Stock (whether pursuant to our optional redemption right described above under **Optional Redemption** or this special optional redemption right), the holders of Series E Preferred Stock will not have the Change of Control Conversion Right (as defined below) described below under **Change of Control Conversion Right** with respect to the shares called for redemption.

A **Change of Control** is deemed to occur when, after the original issuance of the Series E Preferred Stock, the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a **person** under Section 13(d)(3) of the Exchange Act, of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of our stock entitling that person to exercise more than 50% of the total voting power of all our stock entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on the NYSE, the NYSE American or the Nasdaq, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE American or Nasdaq.

*Redemption Procedures.* In the event we elect to redeem Series E Preferred Stock, the notice of redemption will be mailed to each holder of record of Series E Preferred Stock called for redemption at such holder's address as it appears on our stock transfer records and will state the following:

the redemption date;

the number of shares of Series E Preferred Stock to be redeemed;

the redemption price;

the place or places where certificates (if any) for the Series E Preferred Stock are to be surrendered for payment of the redemption price;

that dividends on the shares to be redeemed will cease to accumulate on the redemption date;

whether such redemption is being made pursuant to the provisions described above under Optional Redemption or Special Optional Redemption Upon Change of Control ;

if applicable, that such redemption is being made in connection with a Change of Control and, in that case, a brief description of the transaction or transactions constituting such Change of Control; and

if such redemption is being made in connection with a Change of Control, that the holders of the shares of Series E Preferred Stock being so called for redemption will not be able to tender such shares of Series E Preferred Stock for conversion in connection with the Change of Control and that each share of Series E Preferred Stock tendered for conversion that is called, prior to the Change of Control Conversion Date (as defined below), for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

If less than all of the Series E Preferred Stock held by any holder is to be redeemed, the notice mailed to such holder shall also specify the number of shares of Series E Preferred Stock held by such holder to be

**Table of Contents**

redeemed. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the redemption of any shares of Series E Preferred Stock, except as to the holder to whom notice was defective or not given.

Holders of shares of Series E Preferred Stock to be redeemed shall surrender the Series E Preferred Stock at the place designated in the notice of redemption and shall be entitled to the redemption price and any accumulated and unpaid dividends payable upon the redemption following the surrender. If notice of redemption of any shares of Series E Preferred Stock has been given and if we have irrevocably set apart for payment the funds necessary for redemption in trust for the benefit of the holders of the shares of Series E Preferred Stock so called for redemption, then from and after the redemption date (unless default shall be made by us in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any), dividends will cease to accumulate on those shares of Series E Preferred Stock, those shares of Series E Preferred Stock shall no longer be deemed outstanding and all rights of the holders of those shares will terminate, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, payable upon redemption. If any redemption date is not a business day, then the redemption price and accumulated and unpaid dividends, if any, payable upon redemption may be paid on the next business day and no interest, additional dividends or other sums will accumulate on the amount payable for the period from and after that redemption date to that next business day. If less than all of the outstanding Series E Preferred Stock is to be redeemed, the Series E Preferred Stock to be redeemed shall be selected pro rata (as nearly as may be practicable without creating fractional shares) or by any other equitable method we determine but that will not result in the automatic transfer of any shares of Series E Preferred Stock to a trust as described below under **Restrictions on Transfer and Ownership**.

Immediately prior to any redemption of Series E Preferred Stock, we shall pay, in cash, any accumulated and unpaid dividends to, but not including, the redemption date, unless a redemption date falls after a dividend record date and prior to the corresponding dividend payment date, in which case each holder of Series E Preferred Stock at the close of business on such dividend record date shall be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares before such dividend payment date. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on shares of the Series E Preferred Stock to be redeemed.

Unless full cumulative dividends on all shares of Series E Preferred Stock shall have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof has been or contemporaneously is set apart for payment for all past dividend periods, no shares of Series E Preferred Stock shall be redeemed unless all outstanding shares of Series E Preferred Stock are simultaneously redeemed, and we shall not purchase or otherwise acquire directly or indirectly any shares of Series E Preferred Stock (except by exchanging it for our capital stock ranking junior to the Series E Preferred Stock as to dividends and upon liquidation); provided, however, that the foregoing shall not prevent the purchase or acquisition by us of shares of Series E Preferred Stock to preserve our REIT status or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series E Preferred Stock.

Subject to applicable law, we may purchase shares of Series E Preferred Stock in the open market, by tender or by private agreement. Any shares of Series E Preferred Stock that we acquire may be retired and re-classified as authorized but unissued shares of preferred stock, without designation as to class or series, and may thereafter be reissued as any class or series of preferred stock.

***Change of Control Conversion Right***

Upon the occurrence of a Change of Control, each holder of Series E Preferred Stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series E Preferred Stock held by such holder as described above under Redemption Optional Redemption or Redemption Special Optional Redemption Upon Change of Control, in which case such holder will have the right only with respect to shares of Series E Preferred Stock that are not called for redemption) to convert some or all of the shares of the Series E Preferred Stock held by such holder (the Change

**Table of Contents**

of Control Conversion Right ) on the Change of Control Conversion Date into a number of shares of our common stock per share of Series E Preferred Stock (the Common Stock Conversion Consideration ) equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per share of Series E Preferred Stock plus the amount of any accumulated and unpaid dividends thereon to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a dividend record date and prior to the corresponding dividend payment date for the Series E Preferred Stock, in which case no additional amount for such accumulated and unpaid dividends will be included in this sum) by (ii) the Common Stock Price, as defined below (such quotient, the Conversion Rate ); and

3.81388 (the Share Cap ), subject to certain adjustments as described below.

Anything in the Articles Supplementary to the contrary notwithstanding and except as otherwise required by law, the persons who are the holders of record of shares of Series E Preferred Stock at the close of business on a dividend record date will be entitled to receive the dividend payable on the corresponding dividend payment date notwithstanding the conversion of those shares after such dividend record date and on or prior to such dividend payment date and, in such case, the full amount of such dividend shall be paid on such dividend payment date to the persons who were the holders of record at the close of business on such dividend record date. Except as provided above, we will make no allowance for unpaid dividends that are not in arrears on the shares of Series E Preferred Stock to be converted.

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common stock to existing holders of our common stock), subdivisions or combinations (in each case, a Share Split ) with respect to our common stock as follows: the adjusted Share Cap as the result of a Share Split will be the number of shares of our common stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of shares of our common stock outstanding immediately after giving effect to such Share Split and the denominator of which is the number of shares of our common stock outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the aggregate number of shares of our common stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable or deliverable, as applicable, in connection with the exercise of the Change of Control Conversion Right will not exceed the product of the Share Cap times the aggregate number of shares of the Series E Preferred Stock issued and outstanding at the Change of Control Conversion Date (or equivalent Alternative Conversion Consideration, as applicable) (the Exchange Cap ). The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustment to the Share Cap.

In the case of a Change of Control pursuant to which our common stock is or will be converted into cash, securities or other property or assets (including any combination thereof) (the Alternative Form Consideration ), a holder of Series E Preferred Stock will receive upon conversion of such shares of the Series E Preferred Stock, the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the Alternative Conversion Consideration ); the Common Stock Conversion Consideration or the Alternative Conversion Consideration, whichever shall be applicable to a Change of Control, is referred to as the Conversion Consideration ).

If the holders of our common stock have the opportunity to elect the form of consideration to be received in the Change of Control, the consideration in respect of such Change of Control will be deemed to be the kind and amount of consideration actually received by holders of a majority of the outstanding shares of our common

**Table of Contents**

stock that made or voted for such an election (if electing between two types of consideration) or holders of a plurality of the outstanding shares of our common stock that made or voted for such an election (if electing between more than two types of consideration), as the case may be, and will be subject to any limitations to which all holders of our common stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in such Change of Control.

We will not issue fractional shares of our common stock upon the conversion of the Series E Preferred Stock in connection with a Change of Control. Instead, we will make a cash payment equal to the value of such fractional shares based upon the Common Stock Price used in determining the Common Stock Conversion Consideration for such Change of Control.

Within 15 days following the occurrence of a Change of Control, provided that we have not then exercised our right to redeem all shares of Series E Preferred Stock pursuant to the redemption provisions described above, we will provide to holders of Series E Preferred Stock a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

the date of the Change of Control;

the last date on which the holders of Series E Preferred Stock may exercise their Change of Control Conversion Right;

the method and period for calculating the Common Stock Price;

the Change of Control Conversion Date;

that if, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem all or any shares of Series E Preferred Stock, holders will not be able to convert the shares of Series E Preferred Stock called for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of Series E Preferred Stock;

the name and address of the paying agent, transfer agent and conversion agent for the Series E Preferred Stock;

the procedures that the holders of Series E Preferred Stock must follow to exercise the Change of Control Conversion Right (including procedures for surrendering shares for conversion through the facilities of a Depository (as defined below)), including the form of conversion notice to be delivered by such holders as described below; and

the last date on which holders of Series E Preferred Stock may withdraw shares surrendered for conversion and the procedures that such holders must follow to effect such a withdrawal.

Under such circumstances, we also will issue a press release containing such notice for publication on Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if these organizations are not in existence at the time of issuance of the press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), and post a notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of Series E Preferred Stock.

To exercise the Change of Control Conversion Right, the holders of Series E Preferred Stock will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) representing the shares of Series E Preferred Stock to be converted, duly endorsed for transfer (or, in the

**Table of Contents**

case of any shares of Series E Preferred Stock held in book-entry form through a Depositary, to deliver, on or before the close of business on the Change of Control Conversion Date, the shares of Series E Preferred Stock to be converted through the facilities of such Depositary), together with a written conversion notice in the form provided by us, duly completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of shares of Series E Preferred Stock to be converted; and

that the shares of the Series E Preferred Stock are to be converted pursuant to the applicable provisions of the Series E Preferred Stock.

The **Change of Control Conversion Date** is the date the Series E Preferred Stock is to be converted, which will be a business day selected by us that is no fewer than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of Series E Preferred Stock.

The **Common Stock Price** is (i) if the consideration to be received in the Change of Control by the holders of our common stock is solely cash, the amount of cash consideration per share of our common stock or (ii) if the consideration to be received in the Change of Control by holders of our common stock is other than solely cash (x) the average of the closing sale prices per share of our common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices per share or, if more than one in either case, the average of the average closing bid and the average closing ask prices per share) for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred as reported on the principal U.S. securities exchange on which our common stock is then traded, or (y) the average of the last quoted bid prices for our common stock in the over-the-counter market as reported by Pink OTC Markets Inc. or similar organization for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred, if our common stock is not then listed for trading on a U.S. securities exchange.

Holders of Series E Preferred Stock may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal delivered by any holder must state:

the number of withdrawn shares of Series E Preferred Stock;

if certificated Series E Preferred Stock has been surrendered for conversion, the certificate numbers of the withdrawn shares of Series E Preferred Stock; and

the number of shares of Series E Preferred Stock, if any, which remain subject to the holder's conversion notice.

Notwithstanding the foregoing, if any shares of Series E Preferred Stock are held in book-entry form through The Depository Trust Company ( DTC ) or a similar depository (each, a Depository ), the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures, if any, of the applicable Depository.

Series E Preferred Stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless prior to the Change of Control Conversion Date we have provided notice of our election to redeem some or all of the shares of Series E Preferred Stock, as described above under Redemption Optional Redemption or Redemption Special Optional Redemption Upon Change of Control, in which case only the shares of Series E Preferred Stock properly surrendered for conversion and not properly withdrawn that are not called for redemption will be converted as aforesaid. If we elect to redeem shares of Series E

## **Table of Contents**

Preferred Stock that would otherwise be converted into the applicable Conversion Consideration on a Change of Control Conversion Date, such shares of Series E Preferred Stock will not be so converted and the holders of such shares will be entitled to receive on the applicable redemption date the redemption price described above under Redemption Optional Redemption or Redemption Special Optional Redemption Upon Change of Control, as applicable.

We will deliver all securities, cash and any other property owing upon conversion no later than the third business day following the Change of Control Conversion Date. Notwithstanding the foregoing, the persons entitled to receive any shares of our common stock or other securities delivered on conversion will be deemed to have become the holders of record thereof as of the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all federal and state securities laws and stock exchange rules in connection with any conversion of shares of the Series E Preferred Stock into shares of our common stock or other property. Notwithstanding any other provision of the Series E Preferred Stock, no holder of Series E Preferred Stock will be entitled to convert such shares of the Series E Preferred Stock into shares of our common stock to the extent that receipt of such shares of common stock would cause such holder (or any other person) to exceed the applicable share ownership limitations contained in our charter. Please see the section entitled Restrictions on Ownership and Transfer.

The Change of Control conversion feature may make it more difficult for a third party to acquire us or discourage a party from acquiring us.

Except as provided above in connection with a Change of Control, the Series E Preferred Stock is not convertible into or exchangeable for any other securities or property.

### ***Limited Voting Rights***

Holders of the Series E Preferred Stock will not have any voting rights, except as set forth below.

Whenever dividends on any shares of Series E Preferred Stock are in arrears for six or more quarterly dividend periods, whether or not consecutive, the number of directors constituting our board of directors will be automatically increased by two (if not already increased by two by reason of the election of directors by the holders of any other class or series of our preferred stock we have issued or may issue upon which like voting rights have been conferred and are exercisable and with which the Series E Preferred Stock is entitled to vote as a class with respect to the election of those two directors), and the holders of Series E Preferred Stock, voting as a single class with all other classes or series of preferred stock we have issued or may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series E Preferred Stock in the election of those two directors will be entitled to vote for the election of those two additional directors at a special meeting called by us at the request of the holders of record of at least 25% of the outstanding shares of Series E Preferred Stock or by the holders of any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series E Preferred Stock in the election of those two directors (unless the request is received less than 90 days before the date fixed for the next annual or special meeting of stockholders, in which case, such vote will be held at the earlier of the next annual or special meeting of stockholders), and at each subsequent annual meeting until all dividends accumulated on the Series E Preferred Stock for all past dividend periods and the then current dividend period shall have been fully paid or declared and a sum sufficient for the payment thereof set apart for payment. In that case, the right of holders of the Series E Preferred Stock to elect any directors will cease and, unless there are other classes or series of our preferred stock upon which like voting rights have been conferred and are exercisable, the term of office of any directors elected by holders of the

Series E Preferred Stock shall immediately terminate and the number of directors constituting the board of directors shall be reduced accordingly. For the avoidance of doubt, in no event shall the total number of directors elected by holders of the Series E Preferred Stock (voting together as a separate class with all other classes or series of preferred stock we

## **Table of Contents**

may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series E Preferred Stock in the election of such directors) pursuant to these voting rights exceed two.

If a special meeting is not called by us within 30 days after request from the holders of Series E Preferred Stock as described above, then the holders of record of at least 25% of the outstanding Series E Preferred Stock may designate a holder to call the meeting at our expense.

On each matter on which holders of Series E Preferred Stock are entitled to vote, each share of Series E Preferred Stock will be entitled to one vote, except that when shares of any other class or series of our preferred stock have the right to vote with the Series E Preferred Stock as a single class on any matter, the Series E Preferred Stock and the shares of each such other class or series will have one vote for each \$25.00 of liquidation preference (excluding accumulated dividends).

So long as any shares of Series E Preferred Stock remain outstanding, we will not, without the affirmative vote or consent of the holders of at least two-thirds of the shares of the Series E Preferred Stock outstanding at the time, voting together as a single class with all series of Preferred Stock ranking on a parity with the Series E Preferred Stock that we may issue and upon which like voting rights have been conferred and are exercisable, given in person or by proxy, either in writing or at a meeting, (a) authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking senior to the Series E Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any of our authorized capital stock into such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (b) amend, alter or repeal the provisions of our charter, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of the Series E Preferred Stock (each, an Event); provided, however, with respect to the occurrence of any Event set forth in (b) above, so long as the Series E Preferred Stock remains outstanding with the terms thereof materially unchanged, taking into account that, upon an occurrence of an Event, we may not be the surviving entity, the occurrence of any such Event shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting power of holders of the Series E Preferred Stock and, provided further, that any increase in the amount of the authorized common stock or preferred stock, including the Series E Preferred Stock, or the creation or issuance of any additional Series E Preferred Stock or other series of preferred stock that we may issue, or any increase in the amount of authorized shares of such series, in each case ranking on a parity with or junior to the Series E Preferred Stock that we may issue with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers. Notwithstanding the foregoing, holders of any parity preferred stock shall not be entitled to vote together as a class with the holders of Series E Preferred Stock on any amendment, alteration or repeal of our charter unless such action affects the holders of the Series E Preferred Stock and such parity preferred stock equally.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of Series E Preferred Stock shall have been redeemed or called for redemption upon proper notice and sufficient funds shall have been deposited in trust to effect such redemption.

Except as expressly stated in the articles supplementary, the Series E Preferred Stock will not have any relative, participating, optional or other special voting rights or powers and the consent of the holders thereof shall not be required for the taking of any corporate action.

## ***Information Rights***

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series E Preferred Stock are outstanding, we will use our best efforts to (i) transmit by mail (or other permissible

**Table of Contents**

means under the Exchange Act) to all holders of Series E Preferred Stock, as their names and addresses appear on our record books and without cost to such holders, copies of the annual reports on Form 10-K and quarterly reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any holders or prospective holder of Series E Preferred Stock. We will use our best effort to mail (or otherwise provide) the information to the holders of the Series E Preferred Stock within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC, if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a non-accelerated filer within the meaning of the Exchange Act.

***Preemptive Rights***

No holders of the Series E Preferred Stock will, as holders of Series E Preferred Stock, have any preemptive rights to purchase or subscribe for our common stock or any of our other securities.

***Book-Entry Procedures***

DTC will act as securities depository for the Series E Preferred Stock. We will issue one or more fully registered global securities certificates in the name of DTC's nominee, Cede & Co. These certificates will represent the total aggregate number of shares of Series E Preferred Stock. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for shares of Series E Preferred Stock, unless DTC's services are discontinued as described below.

Title to book-entry interests in the Series E Preferred Stock will pass by book-entry registration of the transfer within the records of DTC in accordance with its procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC. Each person owning a beneficial interest in shares of the Series E Preferred Stock must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of the Series E Preferred Stock.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ( Direct Participants ) deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, including the underwriters, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ( Indirect Participants ). The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase shares of Series E Preferred Stock within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for the Series E Preferred Stock on DTC's records. You will be considered to be the beneficial owner of the Series E Preferred Stock. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts shares of Series E Preferred Stock are credited.

**Table of Contents**

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased the Series E Preferred Stock should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of the holders, or an owner of a beneficial interest in a global security, such as you, desires to take any action which a holder is entitled to take under our charter (including the Articles Supplementary), DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Any redemption notices with respect to the Series E Preferred Stock will be sent to Cede & Co. If less than all of the outstanding shares of Series E Preferred Stock are being redeemed, DTC will reduce each Direct Participant's holdings of shares of Series E Preferred Stock in accordance with its procedures.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to the shares of Series E Preferred Stock. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts the shares of Series E Preferred Stock are credited to on the record date, which are identified in a listing attached to the omnibus proxy.

Dividends on the Series E Preferred Stock will be made directly to DTC's nominee (or its successor, if applicable). DTC's practice is to credit participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name. These payments will be the responsibility of the participant and not of DTC, us or any agent of ours.

DTC may discontinue providing its services as securities depository with respect to the Series E Preferred Stock at any time by giving reasonable notice to us. Additionally, we may decide to discontinue the book-entry only system of transfers with respect to the Series E Preferred Stock. In that event, we will print and deliver certificates in fully registered form for the Series E Preferred Stock. If DTC notifies us that it is unwilling to continue as securities depository, or it is unable to continue or ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, we will issue the Series E Preferred Stock in definitive form, at our expense, upon registration of transfer of, or in exchange for, such global security.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

***Global Clearance and Settlement Procedures***

Secondary market trading among DTC's Participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

**DESCRIPTION OF OUR DEBT SECURITIES**

The following description, together with the additional information we include in any applicable prospectus supplements, summarizes the material terms and provisions of the debt securities that we may offer under this prospectus. While the terms we have summarized below will apply generally to any future debt securities we may offer, we will describe the particular terms of any debt securities that we may offer in more detail in the applicable prospectus supplement. If we indicate in a prospectus supplement, the terms of any debt securities we offer under that prospectus supplement may differ from the terms we describe below.

The debt securities will be our direct unsecured general obligations and may include debentures, notes, bonds or other evidences of indebtedness. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities will be issued under one or more separate indentures. Senior debt securities will be issued under a senior indenture, and subordinated debt securities will be issued under a subordinated indenture. We use the term *indentures* to refer to both the senior indenture and the subordinated indenture. The forms of indentures are filed as exhibits to the registration statement of which this prospectus forms a part. The indentures will be qualified under the Trust Indenture Act of 1939, as amended. We use the term *trustee* to refer to either the senior trustee or the subordinated trustee, as applicable.

The following summaries of material provisions of the debt securities and indentures are subject to, and qualified in their entirety by reference to, all the provisions of the indenture applicable to a particular series of debt securities.

**General**

We will describe in each prospectus supplement the following terms relating to a series of debt securities:

the title;

any limit on the amount that may be issued;

whether or not we will issue the series of debt securities in global form, the terms and who the depository will be;

the maturity date;

the annual interest rate, which may be fixed or variable, or the method for determining the rate and the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;

whether or not the debt securities will be secured or unsecured, and the terms of any secured debt;

the terms of the subordination of any series of subordinated debt;

the place where payments will be payable;

our right, if any, to defer payment of interest and the maximum length of any such deferral period;

the date, if any, after which, and the price at which, we may, at our option, redeem the series of debt securities pursuant to any optional redemption provisions;

the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund provisions or otherwise, to redeem, or at the holder's option to purchase, the series of debt securities;

whether the indenture will restrict our ability to pay dividends, or will require us to maintain any asset ratios or reserves;

whether we will be restricted from incurring any additional indebtedness;

## **Table of Contents**

a discussion on any material or special United States federal income tax considerations applicable to the debt securities;

the denominations in which we will issue the series of debt securities, if other than denominations of \$1,000 and any integral multiple thereof; and

any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities not inconsistent with the applicable indentures.

We may issue debt securities at less than the principal amount payable at maturity. We refer to these securities as original issue discount securities. If material or applicable, we will describe in the applicable prospectus supplement special US federal income tax, accounting and other considerations applicable to original issue discount securities.

## **Consolidation, Merger or Sale**

Under the terms of the indentures, we would be generally permitted to consolidate or merge with another company. We would be also permitted to sell, convey, transfer, lease or otherwise dispose of all or substantially all of our assets to another company. However, we would not be able to take any of these actions unless the following conditions are met:

if we merge out of existence or sell our assets, the other company must be an entity organized under the laws of one of the states of the United States or the District of Columbia or under United States federal law and must agree to be legally responsible for our debt securities; and

immediately after the merger, sale of assets or other transaction, we may not be in default on the debt securities.

## **Events of Default Under the Indenture**

The following are events of default under the indentures with respect to any series of debt securities that we may issue:

if we fail to pay the principal or any premium on a debt security when due, for more than a specified number of days past the due date;

if we fail to pay interest on a debt security when due, for more than a specified number of days past the due date;

if we fail to deposit any sinking fund payment when due, for more than a specified number of days past the due date;

if we fail to observe or perform any other covenant contained in the debt securities or the indentures, other than a covenant specifically relating to another series of debt securities, and our failure continues for a number of days to be stated in the indenture after we receive notice from the trustee or holders of at least 25% in aggregate principal amount of the outstanding debt securities of the applicable series; and

if specified events of bankruptcy, insolvency or reorganization occur as to us.

If an event of default with respect to debt securities of any series occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, by notice to us in writing, and to the trustee if notice is given by such holders, may declare the unpaid principal of, premium, if any, and accrued interest, if any, due and payable immediately.

The holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to the series and its consequences, except defaults or events of

**Table of Contents**

default regarding payment of principal, premium, if any, or interest, unless we have cured the default or event of default in accordance with the indenture. Any waiver shall cure the default or event of default.

Subject to the terms of the indentures, if an event of default under an indenture shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under such indenture at the request or direction of any of the holders of the applicable series of debt securities, unless such holders have offered the trustee reasonable indemnity. The holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series, provided that:

the direction so given by the holder is not in conflict with any law or the applicable indenture; and

subject to its duties under the Trust Indenture Act, the trustee need not take any action that might involve it in personal liability or might be unduly prejudicial to the holders not involved in the proceeding.

A holder of the debt securities of any series will only have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies if:

the holder has given written notice to the trustee of a continuing event of default with respect to that series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and such holders have offered reasonable indemnity to the trustee to institute the proceeding as trustee;

the trustee does not institute the proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series other conflicting directions within 60 days after the notice, request and offer; and

no direction inconsistent with such written request has been given to the trustee during such 60-day period by the holders of a majority in principal amount of the debt securities of that series.

These limitations do not apply to a suit instituted by a holder of debt securities if we default in the payment of the principal, premium, if any, or interest on, the debt securities.

We will periodically file statements with the trustee regarding our compliance with specified covenants in the indentures.

**Modification of Indenture; Waiver**

We and the trustee may change an indenture without the consent of any holders with respect to specific matters, including:

to fix any ambiguity, defect or inconsistency in the indenture; and

to change anything that does not materially adversely affect the interests of any holder of debt securities of any series.

In addition, under the indentures, the rights of holders of a series of debt securities may be changed by us and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, we and the trustee may only make the following changes with the consent of each holder of any outstanding debt securities affected:

changing the stated maturity of the principal or interest on a series of debt securities;

reducing the principal amount, reducing the rate of or extending the time of payment of interest, or any premium payable upon the redemption of any debt securities;

changing the currency of payment on a debt security;

## **Table of Contents**

impair your right to sue for payment;

modify the subordination provisions, if any, in a manner that is adverse to you;

reducing the percentage of debt securities the holders of which are required to consent to any amendment; or

modify any of the foregoing provisions.

## **Certain Covenants**

The indentures contain certain covenants requiring us to take certain actions and prohibiting us from taking certain actions, including the following:

we must maintain a paying agent in each place of payment for the debt securities;

we will do or cause to be done all things necessary to preserve and keep in full force and effect our existence; and

we will cause all properties used or useful in the conduct of our business to be maintained and kept in good condition.

Any additional or different covenants or modifications to the foregoing covenants with respect to any series of debt securities will be described in the applicable prospectus supplement.

## **Redemption**

The indentures provide that the debt securities of any series that are redeemable may be redeemed at any time at our option, in whole or in part. Debt securities may also be subject to optional or mandatory redemption on terms and conditions described in the applicable prospectus supplement.

From and after notice has been given as provided in the applicable indenture, if funds for the redemption of any debt securities called for redemption shall have been made available on such redemption date, such debt securities will cease to bear interest on the date fixed for such redemption specified in such notice, and the only right of the holders of the debt securities will be to receive payment of the redemption price.

## **Discharge, Defeasance and Covenant Defeasance**

To the extent stated in the prospectus supplement, we may elect to apply the provisions in the indentures relating to defeasance and discharge of indebtedness, or to defeasance of restrictive covenants, to the debt securities of any series. The indentures provide that, upon satisfaction of the requirements described below, we may terminate all of our obligations under the debt securities of any series and the applicable indenture, known as legal defeasance, other than our obligation:

to maintain a registrar and paying agents and hold monies for payment in trust;

to register the transfer or exchange of the debt securities; and

to replace mutilated, destroyed, lost or stolen debt securities.

In addition, we may terminate our obligation to comply with any restrictive covenants under the debt securities of any series or the applicable indenture, known as covenant defeasance.

We may exercise our legal defeasance option even if we have previously exercised our covenant defeasance option. If we exercise either defeasance option, payment of the debt securities may not be accelerated because of the occurrence of events of default.

**Table of Contents**

To exercise either defeasance option as to debt securities of any series, we must irrevocably deposit in trust with the trustee money and/or obligations backed by the full faith and credit of the United States that will provide money in an amount sufficient in the written opinion of a nationally recognized firm of independent public accountants to pay the principal of, premium, if any, and each installment of interest on the debt securities. We may only establish this trust if, among other things:

no event of default shall have occurred or be continuing;

in the case of legal defeasance, we have delivered to the trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in law, which in the opinion of our counsel, provides that holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred;

in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit and covenant defeasance and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and covenant defeasance had not occurred; and

we satisfy other customary conditions precedent described in the applicable indenture.

**Conversion and Exchange of Securities**

The terms and conditions, if any, upon which any debt securities are convertible or exchangeable into debt securities, common stock, preferred stock or other securities or property will be set forth in the applicable prospectus supplement relating thereto. Such terms will include:

whether such debt securities are convertible or exchangeable into debt securities, common stock, preferred stock or other securities or property;

the conversion price (or manner of calculation thereof);

the conversion period;

provisions as to whether conversion will be at the option of the holders or us;

the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such debt securities; and

any restrictions on conversion, including restrictions directed at maintaining our REIT status.

**Form, Exchange and Transfer**

We will issue the debt securities of each series only in fully registered form without coupons and, unless we otherwise specify in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. The indentures provide that we may issue debt securities of a series in temporary or permanent global form and as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to that series.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, the holder of the debt securities of any series can exchange the debt securities for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

## **Table of Contents**

Subject to the terms of the indentures and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the debt securities may present the debt securities for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the debt securities that the holder presents for transfer or exchange, we will make no service charge for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any debt securities. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If we elect to redeem the debt securities of any series, we will not be required to:

issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or

register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any debt securities we are redeeming in part.

## **Information Concerning the Trustee**

The trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only those duties as are specifically set forth in the applicable indenture. Upon an event of default under an indenture, the trustee must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the trustee is under no obligation to exercise any of the powers given it by the indentures at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses and liabilities that it might incur.

## **Payment and Paying Agents**

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of and any premium and interest on the debt securities of a particular series at the office of the paying agents designated by us, except that unless we otherwise indicate in the applicable prospectus supplement, we will make interest payments by check which we will mail to the holder. Unless we otherwise indicate in a prospectus supplement, we will designate the corporate trust office of the trustee in the City of New York as our sole paying agent for payments with respect to debt securities of each series. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series. We will maintain a paying agent in each place of payment for the debt securities of a particular series.

All money we pay to a paying agent or the trustee for the payment of the principal of or any premium or interest on any debt securities which remains unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, and the holder of the security thereafter may look only to us for payment thereof.

**Table of Contents**

**Subordination**

The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions. However, unless otherwise noted in the prospectus supplement, subordinated debt securities will be subordinate and junior in right of payment to senior indebtedness.

The indebtedness underlying any subordinated debt securities will be payable only if all payments due under our senior indebtedness, as defined in the applicable indenture and any indenture supplement, including any outstanding senior debt securities, have been made. If we distribute our assets to creditors upon any dissolution, winding-up, liquidation or reorganization or in bankruptcy, insolvency, receivership or similar proceedings, we must first pay all amounts due or to become due on all senior indebtedness before we pay the principal of, or any premium or interest on, the subordinated debt securities. In the event the subordinated debt securities are accelerated because of an event of default, we may not make any payment on the subordinated debt securities until we have paid all senior indebtedness or the acceleration is rescinded.

By reason of such subordination, if we experience a bankruptcy, dissolution or reorganization, holders of senior indebtedness may receive more, ratably, and holders of subordinated debt securities may receive less, ratably, than our other creditors. The indenture for subordinated debt securities may not limit our ability to incur additional senior or subordinated indebtedness.

**Governing Law**

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act is applicable.

**Table of Contents**

**DESCRIPTION OF OUR WARRANTS**

This section describes the general terms and provisions of our securities warrants. The applicable prospectus supplement will describe the specific terms of the securities warrants offered through that prospectus supplement as well as any general terms described in this section that will not apply to those securities warrants.

We may issue securities warrants for the purchase of our debt securities, preferred stock, or common stock. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of securities warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the securities warrants and will not assume any obligation, or agency or trust relationship, with you.

The prospectus supplement relating to a particular issue of securities warrants will describe the terms of those securities warrants, including, where applicable:

the aggregate number of the securities covered by the warrant;

the designation, amount and terms of the securities purchasable upon exercise of the warrant;

the exercise price for our debt securities, the amount of debt securities upon exercise you will receive, and a description of that series of debt securities;

the exercise price for shares of our preferred stock, the number of shares of preferred stock to be received upon exercise, and a description of that series of our preferred stock;

the exercise price for shares of our common stock and the number of shares of common stock to be received upon exercise;

the expiration date for exercising the warrant;

the minimum or maximum amount of warrants that may be exercised at any time;

a discussion of U.S. federal income tax consequences; and

any other material terms of the securities warrants.

After the warrants expire they will become void. The prospectus supplement will describe how to exercise securities warrants. A holder must exercise warrants for our preferred stock or common stock through payment in U.S. dollars.

All securities warrants will be issued in registered form. The prospectus supplement may provide for the adjustment of the exercise price of the securities warrants.

Until a holder exercises warrants to purchase our debt securities, preferred stock, or common stock, that holder will not have any rights as a holder of our debt securities, preferred stock, or common stock by virtue of ownership of warrants.

**Table of Contents**

**BOOK-ENTRY SECURITIES**

The securities offered by means of this prospectus may be issued in whole or in part in book-entry form, meaning that beneficial owners of the securities will not receive certificates representing their ownership interests in the securities, except in the event the book-entry system for the securities is discontinued. Securities issued in book entry form will be evidenced by one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to the securities. We expect that The Depository Trust Company will serve as depository. Unless and until it is exchanged in whole or in part for the individual securities represented by that security, a global security may not be transferred except as a whole by the depository for the global security to a nominee of that depository or by a nominee of that depository to that depository or another nominee of that depository or by the depository or any nominee of that depository to a successor depository or a nominee of that successor. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a class or series of securities that differ from the terms described here will be described in the applicable prospectus supplement.

Unless otherwise indicated in the applicable prospectus supplement, we anticipate that the provisions described below will apply to depository arrangements.

Upon the issuance of a global security, the depository for the global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual securities represented by that global security to the accounts of persons that have accounts with such depository, who are called participants. Those accounts will be designated by the underwriters, dealers or agents with respect to the securities or by us if the securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to the depository's participants or persons that may hold interests through those participants. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depository or its nominee (with respect to beneficial interests of participants) and records of the participants (with respect to beneficial interests of persons who hold through participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. These limits and laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depository for a global security or its nominee is the registered owner of such global security, that depository or nominee, as the case may be, will be considered the sole owner or holder of the securities represented by that global security for all purposes under the applicable indenture or other instrument defining the rights of a holder of the securities. Except as provided below or in the applicable prospectus supplement, owners of beneficial interest in a global security will not be entitled to have any of the individual securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any such securities in definitive form and will not be considered the owners or holders of that security under the applicable indenture or other instrument defining the rights of the holders of the securities.

Payments of amounts payable with respect to individual securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing those securities. None of us, our officers and directors or any trustee, paying agent or security registrar for an individual series of securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such securities or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for a series of securities offered by means of this prospectus or its nominee, upon receipt of any payment of principal, premium, interest, dividend or other amount in respect of a permanent global security representing any of those securities, will immediately credit its participants' accounts with

**Table of Contents**

payments in amounts proportionate to their respective beneficial interests in the principal amount of that global security for those securities as shown on the records of that depository or its nominee. We also expect that payments by participants to owners of beneficial interests in that global security held through those participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments will be the responsibility of these participants.

If a depository for a series of securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by us within 90 days, we will issue individual securities of that series in exchange for the global security representing that series of securities. In addition, we may, at any time and in our sole discretion, subject to any limitations described in the applicable prospectus supplement relating to those securities, determine not to have any securities of that series represented by one or more global securities and, in that event, will issue individual securities of that series in exchange for the global security or securities representing that series of securities.

**MATERIAL PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS**

The following is a summary of certain provisions of Maryland law and of our charter and bylaws. Copies of our charter and bylaws are filed with the SEC as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

**The Board of Directors**

Our bylaws provide that the number of directors of our company may be established by our board of directors but may not be fewer than the minimum number permitted under the MGCL nor more than 25. Any vacancy will be filled, at any regular meeting or at any special meeting called for that purpose, by a majority of the remaining directors.

Pursuant to our charter, each member of our board of directors will serve one year terms and until their successors are elected and qualified. Holders of shares of our common stock will have no right to cumulative voting in the election of directors.

Consequently, at each annual meeting of stockholders at which our board of directors is elected, the holders of a plurality of the shares of our common stock will be able to elect all of the members of our board of directors.

**Business Combinations**

Maryland law prohibits business combinations between a corporation and an interested stockholder or an affiliate of an interested stockholder for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, statutory share exchange, or, in circumstances specified in the statute, certain transfers of assets, certain stock issuances and transfers, liquidation plans and reclassifications, and the receipt from the corporation of certain financial benefits, in each case involving interested stockholders or their affiliates. Maryland law defines an interested stockholder as:

any person who beneficially owns 10% or more of the voting power of our voting stock; or

an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then-outstanding voting stock of the corporation.

A person is not an interested stockholder if the board of directors approves in advance the transaction by which the person otherwise would have become an interested stockholder. However, in approving the transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board of directors.

After the five year prohibition, any business combination between a corporation and an interested stockholder generally must be recommended by the board of directors and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of the then outstanding shares of common stock, voting together as a single group; and

two-thirds of the votes entitled to be cast by holders of the common stock other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or shares held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if certain fair price requirements set forth in the MGCL are satisfied.

## **Table of Contents**

The statute permits various exemptions from its provisions, including business combinations that are approved by the board of directors before the time that the interested stockholder becomes an interested stockholder. Under the statute, a board of directors may adopt a resolution opting generally or partially out of this statute. Our Board of Directors has not taken any action to opt out of this statute.

### **Control Share Acquisitions**

The MGCL provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved at a special meeting by the affirmative vote of two-thirds of the votes entitled to be cast on the matter, excluding shares of stock in a corporation in respect of which any of the following persons is entitled to exercise or direct the exercise of the voting power of shares of stock of the corporation in the election of directors: (i) a person who makes or proposes to make a control share acquisition, (ii) an officer of the corporation or (iii) an employee of the corporation who is also a director of the corporation. Control shares are voting shares of stock which, if aggregated with all other such shares of stock previously acquired by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power: (i) one-tenth or more but less than one-third, (ii) one-third or more but less than a majority, or (iii) a majority or more of all voting power. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses), may compel our board of directors to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then, subject to certain conditions and limitations, the corporation may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of stockholders at which the voting rights of such shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply (i) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (ii) to acquisitions approved or exempted by the charter or bylaws of the corporation. Under this statute, our charter or by-laws may provide for a general or partial opt-out from this statute, but our charter and by-laws do not so provide.

### **MGCL Title 3, Subtitle 8**

Subtitle 8 of Title 3 of the MGCL permits a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors to elect to be subject, notwithstanding any contrary provision in the charter or bylaws, to any or all of the following five provisions:

a classified board;

a two-thirds stockholder vote requirement for removal of a director;

a requirement that the number of directors be fixed only by vote of the directors;

## **Table of Contents**

a requirement that a vacancy on the board of directors be filled only by the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred; and

a requirement that the holders of at least a majority of all votes entitled to be cast request a special meeting of stockholders.

Through an unrelated provision of Maryland law, our by-laws impose a majority requirement for the calling of a special meeting of stockholders. Under Subtitle 8, the charter may contain a provision or the board of directors may adopt a provision that prohibits the corporation from electing to be subject to any or all of these provisions. The Corporation is not subject to such a prohibition.

## **Amendment to Our Charter**

Our charter may be amended only if declared advisable by the board of directors and approved by the affirmative vote of the holders of at least a majority of all of the votes entitled to be cast on the matter.

## **Dissolution of Our Company**

The dissolution of our company must be declared advisable by the board of directors and approved by the affirmative vote of the holders of not less than a majority of all of the votes entitled to be cast on the matter.

## **Advance Notice of Director Nominations and New Business**

Our bylaws provide that:

with respect to an annual meeting of stockholders, the only business to be considered and the only proposals to be acted upon will be those properly brought before the annual meeting:

pursuant to our notice of the meeting;

by, or at the direction of, a majority of our board of directors; or

by a stockholder who is entitled to vote at the meeting and has complied with the advance notice procedures set forth in our bylaws;

with respect to special meetings of stockholders, only the business specified in our company's notice of meeting may be brought before the meeting of stockholders unless otherwise provided by law; and

nominations of persons for election to our board of directors at any annual or special meeting of stockholders may be made only:

by, or at the direction of, our board of directors; or

by a stockholder who is entitled to vote at the meeting and has complied with the advance notice provisions set forth in our bylaws.

**Anti-Takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws**

The provisions of Maryland law that apply to us, the ability of our board to make certain elections under Maryland law, and the advance notice provisions of our bylaws could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for holders of our common stock or otherwise be in their best interest.

**Indemnification and Limitation of Directors and Officers Liability**

Our charter provide for indemnification of our officers and directors against liabilities to the fullest extent permitted by the MGCL, as amended from time to time.

**Table of Contents**

The MGCL permits a corporation to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made a party by reason of his or her service in that capacity. The MGCL permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities unless it is established that:

an act or omission of the director or officer was material to the matter giving rise to the proceeding and:

was committed in bad faith; or

was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

However, under the MGCL, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation (other than for expenses incurred in a successful defense of such an action) or for a judgment of liability on the basis that personal benefit was improperly received. In addition, the MGCL permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation; and

a written undertaking by the director or on the director's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director did not meet the standard of conduct.

Our bylaws obligate us, to the fullest extent permitted by Maryland law in effect from time to time, to indemnify and, without requiring a preliminary determination of the ultimate entitlement to indemnification, pay or reimburse reasonable expenses in advance of final disposition of a proceeding to:

any present or former director or officer who is made a party to the proceeding by reason of his or her service in that capacity; or

any individual who, while a director or officer of our company and at our request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or

any other enterprise as a director, officer, partner or trustee and who is made a party to the proceeding by reason of his or her service in that capacity.

Our bylaws also obligate us to indemnify and advance expenses to any person who served a predecessor of ours in any of the capacities described in second and third bullet points above and to any employee or agent of our company or a predecessor of our company.

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the Securities and Exchange Commission, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

**FEDERAL INCOME TAX CONSEQUENCES OF OUR STATUS AS A REIT**

The following discussion is a summary of the material federal income tax considerations that may be relevant to a prospective holder of securities, and, unless otherwise noted in the following discussion, expresses the opinion of Andrews Kurth Kenyon LLP insofar as it relates to matters of U.S. federal income tax law and legal conclusions with respect to those matters. The discussion does not address all aspects of taxation that may be relevant to particular investors in light of their personal investment or tax circumstances, or to certain types of investors that are subject to special treatment under the federal income tax laws, such as insurance companies, financial institutions or broker-dealers, tax-exempt organizations (except to the limited extent discussed in Taxation of Tax-Exempt Stockholders ), passive foreign investment companies or controlled foreign corporations, persons who are not citizens or residents of the United States (except to the limited extent discussed in Taxation of Non-U.S. Holders ), investors who hold or will hold securities as part of hedging or conversion transactions, investors subject to federal alternative minimum tax, investors that have a principal place of business or tax home outside the United States, investors whose functional currency is not the United States dollar, U.S. expatriates, investors subject to special rules under Code Section 897, persons who mark-to-market our securities, subchapter S corporations, regulated investment companies and REITs, and persons who receive our securities through the exercise of employee stock options or otherwise as compensation. This summary assumes that stockholders will hold the securities as capital assets.

If a partnership, entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our securities, the federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. If you are a partner in a partnership holding our securities, you should consult your tax advisor regarding the consequences of the purchase, ownership and disposition of our securities by the partnership. The following section addresses the treatment of a U.S. holder that holds our stock; the treatment of a U.S. holder that holds our debt securities is discussed below under Holders of Debt Securities.

The statements of law in this discussion and the opinion of Andrews Kurth Kenyon LLP are based on current provisions of the Code, existing temporary and final Treasury regulations thereunder, and current administrative rulings and court decisions. No assurance can be given that future legislative, judicial, or administrative actions or decisions, which may be retroactive in effect, will not affect the accuracy of any statements in this prospectus with respect to the transactions entered into or contemplated prior to the effective date of such changes. We have not received any rulings from the Internal Revenue Service (the IRS ) concerning our qualification as a REIT. Accordingly, no assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any tax consequences described below

**We urge you to consult your own tax advisor regarding the specific tax consequences to you of ownership of our securities and of our election to be taxed as a REIT. Specifically, we urge you to consult your own tax advisor regarding the federal, state, local, foreign, and other tax consequences of such ownership and election and regarding potential changes in applicable tax laws.**

**Taxation of Our Company**

We are currently taxed as a REIT under the federal income tax laws. We believe that we are organized and operate in such a manner as to qualify for taxation as a REIT under the Code, and we intend to continue to operate in such a manner, but no assurance can be given that we will operate in a manner so as to continue to qualify as a REIT. This section discusses the laws governing the federal income tax treatment of a REIT and its investors. These laws are highly technical and complex.

Andrews Kurth Kenyon LLP has acted as our counsel in connection with the filing of the registration statement of which this prospectus is a part. In the opinion of Andrews Kurth Kenyon LLP for the taxable years

**Table of Contents**

beginning September 5, 1985, and ending December 31, 2016, we qualified to be taxed as a REIT pursuant to sections 856 through 860 of the Code, and our organization and present and proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT under the Code. Investors should be aware that Andrews Kurth Kenyon LLP's opinion is based upon customary assumptions, is conditioned upon the accuracy of certain representations made by us as to factual matters, including representations regarding the nature of our assets and the future conduct of our business, and is not binding upon the Internal Revenue Service ( IRS ) or any court. In addition, Andrews Kurth Kenyon LLP's opinion is based on existing federal income tax law governing qualification as a REIT as of the date of the opinion, which is subject to change either prospectively or retroactively. Moreover, our continued qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual operating results, certain qualification tests set forth in the federal tax laws. Those qualification tests include the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our share ownership, and the percentage of our earnings that we distribute. While Andrews Kurth Kenyon LLP has reviewed those matters in connection with the foregoing opinion, Andrews Kurth Kenyon LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that the actual results of our operations for any particular taxable year will satisfy such requirements. Andrews Kurth Kenyon LLP's opinion will not foreclose the possibility that we may have to use one or more REIT savings provisions discussed below, which could require us to pay an excise or penalty tax (which could be material) in order for us to maintain our REIT qualification. For a discussion of the tax consequences of our failure to qualify as a REIT, see Failure to Qualify.

If we qualify as a REIT, we generally will not be subject to federal income tax on the taxable income that we distribute to our stockholders. The benefit of that tax treatment is that it avoids the double taxation, or taxation at both the corporate and stockholder levels, that generally results from owning stock in a corporation. However, we will be subject to federal tax in the following circumstances:

We will pay federal income tax at regular corporate rates on taxable income, including net capital gain, that we do not distribute to our stockholders during, or within a specified time period after, the calendar year in which the income is earned.

Under certain circumstances, we may be subject to the alternative minimum tax on items of tax preference.

We will pay income tax at the highest corporate rate on (1) net income from the sale or other disposition of property acquired through foreclosure ( foreclosure property ) that we hold primarily for sale to customers in the ordinary course of business and (2) other non-qualifying income from foreclosure property.

We will pay a 100% tax on net income (including any foreign currency gain) from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.

If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below under Income Tests, and nonetheless continue to qualify as a REIT because we meet other requirements, we will pay a 100% tax on (1) the gross income attributable to the greater of the amounts by which we fail the 75%

and 95% gross income tests, multiplied by (2) a fraction intended to reflect our profitability.

If we fail to distribute during a calendar year at least the sum of (1) 85% of our REIT ordinary income for such year, (2) 95% of our REIT capital gain net income for such year, and (3) any undistributed taxable income from prior periods, we will pay a 4% nondeductible excise tax on the excess of this required distribution over the sum of the amount we actually distributed, plus any retained amounts on which income tax has been paid at the corporate level.

We may elect to retain and pay income tax on our net long-term capital gain. In that case a U.S. holder, as defined below under Taxation of U.S. Holders, would be taxed on its proportionate share of our

## **Table of Contents**

undistributed long-term capital gain (to the extent that a timely designation of such gain is made by us to the stockholder) and would receive a credit or refund for its proportionate share of the tax we paid.

If we acquire any asset from a C corporation, or a corporation that generally is subject to full corporate-level tax, in a merger or other transaction in which we acquire a basis in the asset that is determined by reference to the C corporation's basis in the asset, we will pay tax at the highest regular corporate rate applicable if we recognize gain on the sale or disposition of such asset during a specified period after we acquire such asset. The amount of gain on which we will pay tax generally is the lesser of: (1) the amount of gain that we recognize at the time of the sale or disposition; or (2) the amount of gain that we would have recognized if we had sold the asset at the time we acquired the asset.

We will incur a 100% excise tax on certain transactions with a taxable REIT subsidiary ( TRS ) that are not conducted on an arm's-length basis and we will incur such 100% excise tax if it is determined we have been undercharged for certain services provided by a TRS.

If we fail to satisfy certain asset tests, described below under Asset Tests and nonetheless continue to qualify as a REIT because we meet certain other requirements, we will be subject to a tax of the greater of \$50,000 or at the highest corporate rate on the income generated by the non-qualifying assets.

We may be subject to a \$50,000 tax for each failure if we fail to satisfy certain REIT qualification requirements, other than income tests or asset tests, and the failure is due to reasonable cause and not willful neglect.

If we recognize excess inclusion income and have stockholders who are disqualified organizations, we may have to pay tax at the highest corporate rate on the portion of the excess inclusion income allocable to the stockholders that are disqualified organizations. See Taxable Mortgage Pools below.

In addition, notwithstanding our qualification as a REIT, we may also have to pay certain state and local income taxes, because not all states and localities treat REITs in the same manner that they are treated for federal income tax purposes. Moreover, as further described below, any TRS in which we own an interest will be subject to federal and state corporate income tax on its taxable income.

### **Requirements for Qualification**

A REIT is a corporation, trust, or association that meets the following requirements:

1. it is managed by one or more trustees or directors;
2. its beneficial ownership is evidenced by transferable shares or by transferable certificates of beneficial interest;

3. it would be taxable as a domestic corporation but for the REIT provisions of the federal income tax laws;
4. it is neither a financial institution nor an insurance company subject to special provisions of the federal income tax laws;
5. at least 100 persons are beneficial owners of its shares or ownership certificates;
6. no more than 50% in value of its outstanding shares or ownership certificates is owned, directly or indirectly, by five or fewer individuals, as defined in the federal income tax laws to include certain entities, during the last half of each taxable year;
7. it elects to be a REIT, or has made such election for a previous taxable year, and satisfies all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT status;

**Table of Contents**

8. it uses a calendar year for federal income tax purposes and complies with the recordkeeping requirements of the federal income tax laws;
9. it meets certain other qualification tests, described below, regarding the nature of its income and assets and the amount of its distributions; and
10. it has no earnings and profits from any non-REIT taxable year at the close of any taxable year.

We must meet requirements 1 through 4, 7, 8 and 9 during our entire taxable year, must meet requirement 10 at the close of each taxable year and must meet requirement 5 during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. If we comply with all the requirements for ascertaining the ownership of our outstanding shares in a taxable year and have no reason to know that we violated requirement 6, we will be deemed to have satisfied requirement 6 for such taxable year. For purposes of determining share ownership under requirement 6, an individual generally includes a supplemental unemployment compensation benefits plan, a private foundation, or a portion of a trust permanently set aside or used exclusively for charitable purposes. An individual, however, generally does not include a trust that is a qualified employee pension or profit sharing trust under the federal income tax laws, and beneficiaries of such a trust will be treated as holding shares of our stock in proportion to their actuarial interests in the trust for purposes of requirement 6.

We have issued sufficient stock with enough diversity of ownership to satisfy requirements 5 and 6 set forth above. In addition, our charter restricts the ownership and transfer of our stock so that we should continue to satisfy requirements 5 and 6. The provisions of our charter restricting the ownership and transfer of the stock are described in [Description of Our Capital Stock – Restrictions on Ownership and Transfer](#). These restrictions, however, may not ensure that we will, in all cases, be able to satisfy such stock ownership requirements. If we fail to satisfy these stock ownership requirements, our qualification as a REIT may terminate.

If we comply with regulatory rules pursuant to which we are required to send annual letters to holders of our stock requesting information regarding the actual ownership of our stock, and we do not know, or exercising reasonable diligence would not have known, whether we failed to meet requirement 6 above, we will be treated as having met the requirement.

In addition, we must satisfy all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT qualification.

A corporation that is a qualified REIT subsidiary is not treated as a corporation separate from its parent REIT. All assets, liabilities, and items of income, deduction, and credit of a qualified REIT subsidiary are treated as assets, liabilities, and items of income, deduction, and credit of the REIT. A qualified REIT subsidiary is a corporation, other than a TRS, all of the capital stock of which is owned by the REIT. Thus, in applying the requirements described in this section, any qualified REIT subsidiary that we own will be ignored, and all assets, liabilities, and items of income, deduction, and credit of that subsidiary will be treated as our assets, liabilities, and items of income, deduction, and credit. Similarly, any wholly owned limited liability company or certain wholly owned partnerships that we own will be disregarded, and all assets, liabilities and items of income, deduction and credit of such limited liability company will be treated as ours.

In the case of a REIT that is a partner in a partnership that has other partners, the REIT is treated as owning its proportionate share of the assets of the partnership and as earning its allocable share of the gross income of the partnership for purposes of the applicable REIT qualification tests. For purposes of the 10% value test (as described

below under "Asset Tests"), our proportionate share is based on our proportionate interest in the equity interests and certain debt securities issued by the partnership. For all of the other asset and income tests, our proportionate share is based on our proportionate interest in the capital interests in the partnership. Our proportionate share of the assets, liabilities, and items of income of any partnership, joint venture, or limited

## Table of Contents

liability company that is treated as a partnership for federal income tax purposes in which we own or will acquire an interest, directly or indirectly, are treated as our assets and gross income for purposes of applying the various REIT qualification requirements.

Subject to restrictions on the value of TRS securities held by the REIT, a REIT is permitted to own up to 100% of the stock of one or more TRSs. A TRS is a fully taxable corporation. The TRS and the REIT must jointly elect to treat the subsidiary as a TRS. A corporation of which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will be automatically treated as a TRS. Overall, no more than 25% (20% with respect to taxable years beginning before July 31, 2008 and after December 31, 2017) of the value of a REIT's assets may consist of TRS securities. See Taxable REIT Subsidiaries.

### **Income Tests**

We must satisfy two gross income tests annually to maintain our qualification as a REIT. First, at least 75% of our gross income for each taxable year must consist of defined types of income that we derive, directly or indirectly, from investments relating to real property or mortgages on real property or qualified temporary investment income. Qualifying income for purposes of that 75% gross income test generally includes:

rents from real property;

interest on debt secured by mortgages on real property or on interests in real property;

dividends or other distributions on, and gain from the sale of, shares in other REITs;

gain from the sale of real estate assets;

income derived from the temporary investment of new capital or qualified temporary investment income, that is attributable to the issuance of our stock or a public offering of our debt with a maturity date of at least five years and that we receive during the one year period beginning on the date on which we received such new capital; and

income and gain derived from foreclosure property, as defined below under Foreclosure Property.

Second, in general, at least 95% of our gross income for each taxable year must consist of income that is qualifying income for purposes of the 75% gross income test, other types of dividends and interest, gain from the sale or disposition of stock or securities, income from certain hedging transactions, or any combination of these. Gross income from the sale of any property that we hold primarily for sale to customers in the ordinary course of business is excluded from both income tests. In addition, income and gain from hedging transactions, as defined in Hedging Transactions, that we enter into or have entered into to hedge indebtedness incurred or to be incurred to acquire or carry real estate assets and that are clearly and timely identified as such will be excluded from both the numerator and the denominator for purposes of the 95% gross income test and the 75% gross income test. Rules similar to those applicable to income from hedging transactions apply to income arising from transactions that we enter into or have

entered into primarily to manage risk of currency fluctuations with respect to any item of income or gain included in the computation of the 95% income test or the 75% income test (or any property which generates such income or gain). The following paragraphs discuss the specific application of the gross income tests to us.

*Rents from Real Property.* Rent that we receive from any real property that we might own and lease to tenants will qualify as rents from real property, which is qualifying income for purposes of the 75% and 95% gross income tests, only if the following conditions are met:

First, the rent must not be based, in whole or in part, on the income or profits of any person but may be based on a fixed percentage or percentages of gross receipts or gross sales.

Second, neither we nor a direct or indirect owner of 10% or more of our shares of stock may own, actually or constructively, 10% or more by vote or by value of a tenant other than a TRS from whom we receive rent.

---

**Table of Contents**

Third, if the rent attributable to personal property leased in connection with a lease of any real property that we might own exceeds 15% of the total rent received under the lease, then the portion of rent attributable to that personal property will not qualify as rents from real property. If rent attributable to personal property leased in connection with a lease of real property is 15% or less of the total rent received under the lease, then the rent attributable to personal property will qualify as rents from real property.

Fourth, we generally must not operate or manage any real property or furnish or render services to tenants, other than through an independent contractor who is adequately compensated, from whom we do not derive revenue, and who does not, directly or through its stockholders, own more than 35% of our shares of stock, taking into consideration the applicable ownership attribution rules. However, we need not provide services through an independent contractor, but instead may provide services directly to any such tenants, if the services are usually or customarily rendered in the geographic area in connection with the rental of space for occupancy only and are not considered to be provided for the tenants' convenience. In addition, we may provide a minimal amount of non-customary services to the tenants of a property, other than through an independent contractor, as long as our income from the services (valued at not less than 150% of our direct cost of performing such services) does not exceed 1% of our income from the related property. Furthermore, we may own up to 100% of the stock of a TRS which may provide customary and noncustomary services to tenants without tainting our rental income from the related properties. See Taxable REIT Subsidiaries.

*Interest.* The term interest, as defined for purposes of both the 75% and 95% gross income tests, generally does not include any amount received or accrued, directly or indirectly, if the determination of such amount depends in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term interest solely by reason of being based on a fixed percentage or percentages of receipts or sales. Furthermore, to the extent that interest from a loan that is based on the residual cash proceeds from the sale of the property securing the loan constitutes a shared appreciation provision, income attributable to such participation feature will be treated as gain from the sale of the secured property.

*Dividends.* Our share of any dividends received from any corporation (including any TRS, but excluding any REIT) in which we own an equity interest will qualify for purposes of the 95% gross income test but not for purposes of the 75% gross income test. Our share of any dividends or other taxable distributions received from any other REIT in which we own an equity interest will be qualifying income for purposes of both gross income tests.

*COD Income.* From time-to-time, we and our subsidiaries may recognize cancellation of indebtedness income ( COD income ) in connection with repurchasing debt at a discount. COD income is excluded from gross income for purposes of both the 95% gross income test and the 75% gross income test.

*Prohibited Transactions.* A REIT will incur a 100% tax on the net income (including any foreign currency gain) derived from any sale or other disposition of property, other than foreclosure property, that the REIT holds primarily for sale to customers in the ordinary course of a trade or business. Whether a REIT holds an asset primarily for sale to customers in the ordinary course of a trade or business depends on the facts and circumstances in effect from time to time, including those related to a particular asset. We do not own assets that are held primarily for sale to customers. There are safe-harbor provisions in the federal income tax laws prescribing when an asset sale will not be characterized as a prohibited transaction. We cannot provide assurance, however, that we can comply with such safe-harbor provisions or that we or our subsidiaries will avoid owning property that may be characterized as property held primarily for sale to customers in the ordinary course of a trade or business.

*Foreclosure Property.* We will be subject to tax at the maximum corporate rate on any income from foreclosure property, other than income that would be qualifying income for purposes of the 75% gross income

**Table of Contents**

test, less expenses directly connected with the production of such income. However, gross income from such foreclosure property will qualify for purposes of the 75% and 95% gross income tests. Foreclosure property is any real property, including interests in real property, and any personal property incident to such real property:

that is acquired by a REIT as the result of such REIT having bid on such property at foreclosure, or having otherwise reduced such property to ownership or possession by agreement or process of law, after there was a default or default was imminent on a lease of such property or on an indebtedness that such property secured;

for which the related loan or lease was acquired by the REIT at a time when the REIT had no intent to evict or foreclose or the REIT did not know or have reason to know that default would occur; and

for which such REIT makes a proper election to treat such property as foreclosure property.

However, a REIT will not be considered to have foreclosed on a property where the REIT takes control of the property as a mortgagee-in-possession and cannot receive any profit or sustain any loss except as a creditor of the mortgagor. Property generally ceases to be foreclosure property with respect to a REIT at the end of the third taxable year following the taxable year in which the REIT acquired such property, or longer if an extension is granted by the Secretary of the Treasury. The foregoing grace period is terminated and foreclosure property ceases to be foreclosure property on the first day:

on which a lease is entered into with respect to such property that, by its terms, will give rise to income that does not qualify for purposes of the 75% gross income test or any amount is received or accrued, directly or indirectly, pursuant to a lease entered into on or after such day that will give rise to income that does not qualify for purposes of the 75% gross income test;

on which any construction takes place on such property, other than completion of a building, or any other improvement, where more than 10% of the construction of such building or other improvement was completed before default became imminent; or

which is more than 90 days after the day on which such property was acquired by the REIT and the property is used in a trade or business which is conducted by the REIT, other than through an independent contractor from whom the REIT itself does not derive or receive any income or, for taxable years beginning after December 31, 2015, through a TRS.

As a result of the rules with respect to foreclosure property, if a lessee defaults on its obligations under a percentage lease, we terminate the lessee's leasehold interest, and we are unable to find a replacement lessee for the property within 90 days of such foreclosure, gross income from operations conducted by us from such property could cease to qualify for the 75% and 95% gross income tests unless we are able to hire an independent contractor or, for taxable years beginning after December 31, 2015, use a TRS to manage and operate the property. In such event, we might be unable to satisfy the 75% and 95% gross income tests and, thus, might fail to qualify as a REIT.

*Hedging Transactions.* From time to time, we may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging activities may include entering into interest rate swaps, caps, and floors, options to purchase such items, and futures and forward contracts. To the extent that we enter into hedging transactions, income arising from clearly identified hedging transactions that are entered into by the REIT in the normal course of business, either directly or through certain subsidiary entities, to manage the risk of interest rate movements, price changes, or currency fluctuations with respect to borrowings or obligations incurred or to be incurred by the REIT to acquire or carry real estate assets is excluded from the 95% income test and the 75% income test. In general, for a hedging transaction to be clearly identified, (A) the transaction must be identified as a hedging transaction before the end of the day on which it is entered into, and (B) the items or risks being hedged must be identified substantially contemporaneously with the hedging transaction, meaning that the identification of the items or risks being hedged must generally occur within 35 days after the date the transaction is entered into.

## **Table of Contents**

Rules similar to those applicable to income from hedging transactions, discussed above, apply to income arising from transactions that are entered into by the REIT primarily to manage risk of currency fluctuations with respect to any item of income or gain included in the computation of the 95% income test or the 75% income test (or any property which generates such income or gain). In addition, for taxable years ending after December 31, 2015, similar rules apply to income from positions that primarily manage risk with respect to a prior hedge entered into by a REIT in connection with the extinguishment or disposal (in whole or in part) of the liability or asset related to such prior hedge, to the extent the new position qualifies as a hedge or would so qualify if the hedge position were ordinary property. We intend to structure any hedging transactions in a manner that does not jeopardize our status as a REIT. The REIT income and asset rules may limit our ability to hedge loans or securities acquired as investments.

*Failure to Satisfy Gross Income Tests.* If we fail to satisfy one or both of the gross income tests for any taxable year, we nevertheless may qualify as a REIT for such year if we qualify for relief under certain provisions of the federal income tax laws. Those relief provisions generally will be available if:

our failure to meet such tests is due to reasonable cause and not due to willful neglect; and

following our identification of the failure to meet one or both gross income tests for a taxable year, a description of each item of our gross income included in the 75% or 95% gross income tests is set forth in a schedule for such taxable year filed as specified by Treasury regulations.

We cannot predict, however, whether in all circumstances we would qualify for the relief provisions. In addition, as discussed above in Taxation of Our Company, even if the relief provisions apply, we would incur a 100% tax on the gross income attributable to the greater of the amounts by which we fail the 75% and 95% gross income tests, multiplied by a fraction intended to reflect our profitability.

## **Asset Tests**

To maintain our qualification as a REIT, we also must satisfy the following asset tests at the close of each quarter of each taxable year:

First, at least 75% of the value of our total assets must consist of:

cash or cash items, including certain receivables;

government securities;

interests in real property, including leaseholds and options to acquire real property and leaseholds;

interests in mortgages on real property or, for taxable years beginning after December 31, 2015, on interests in real property;

for taxable years beginning after December 31, 2015, interests in mortgages on both real and personal property where the fair market value of such personal property does not exceed 15% of the total fair market value of all such property;

for taxable years beginning after December 31, 2015, personal property to the extent that rents attributable to such
