Nomination of Directors

The entire Board of Directors is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, screening, and recommending candidates to the entire Board for Board membership. The Nominating and Corporate Governance Committee works with the Board to determine the appropriate characteristics, skills, and experience for the Board as a whole and its individual members. In evaluating the suitability of individual Board members, the Board takes into account many factors, which are described in further detail below. The Board evaluates each individual in the context of the Board as a whole with the objective of retaining a group of directors with diverse and relevant experience that can best perpetuate our success and represent stockholder interests through sound judgment.

Edgar Filing: IMMERSION CORP - Form 10-K/A

The Nominating and Corporate Governance Committee may seek the input of other members of the Board or management in identifying candidates who meet the criteria outlined above. In addition, the Nominating and Corporate Governance Committee may use the services of consultants or a search firm. The Nominating and Corporate Governance Committee will consider recommendations by our stockholders of qualified director candidates for possible nomination by the Board. Stockholders may recommend qualified director candidates by writing to our Corporate Secretary at Immersion Corporation, 50 Rio Robles, San Jose, California 95134. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. Based on a preliminary assessment of a candidate's qualifications, the Nominating and Corporate Governance Committee may conduct interviews with the candidate or request additional information from the candidate. The Nominating and Corporate Governance Committee uses the same process for evaluating all candidates for nomination by the Board, including those recommended by stockholders. Our Bylaws permit persons to be nominated as directors directly by stockholders under certain conditions.

In order for a stockholder to nominate a director or directors, the stockholder must submit the proposal to nominate in writing to our Corporate Secretary on or before January 8, 2019. If we increase the number of directors to be elected at our 2019 Annual Meeting of Stockholders and there is no public announcement by us naming the nominees for additional directorships by January 8, 2019, we must receive proposal for nominations no later than the close of business on the 10th day following the day on which such public announcement is made. In addition, the stockholder proponent, or a representative who is qualified under state law, must appear in person at the 2019 Annual Meeting of Stockholders to present such proposal. Proposals should be sent to our Corporate Secretary, Immersion Corporation, 50 Rio Robles, San Jose, California 95134.

Qualifications of Directors and Nominees

When evaluating potential director nominees, the Nominating and Corporate Governance Committee considers each individual's professional expertise and educational background in addition to the individual's general qualifications. The Nominating and Corporate Governance Committee works with the Board to determine the appropriate mix of backgrounds and experiences in order to establish and maintain a Board that is strong in its collective knowledge and that can fulfill its responsibilities and oversee our business consistent with its fiduciary duty to stockholders.

The Nominating and Corporate Governance Committee communicates with the Board to identify backgrounds, qualifications, professional experiences, and areas of expertise that impact our business that are particularly desirable for our directors to possess in order to help meet specific Board needs, including:

Industry knowledge, especially in our key markets of mobile devices, gaming, VR/AR and automotive, which is vital in understanding and reviewing our strategy;

Operating experience as current or former executives, which gives directors specific insight, and expertise that will foster active participation in the development of our business strategy and provide the appropriate tools for overseeing the implementation of our operating plan;

Executive leadership experience, which gives directors who have served in significant leadership positions strong abilities to motivate and manage others and to identify and develop leadership qualities in others;

Accounting and financial expertise, which enables directors to analyze our financial statements and oversee our accounting and financial reporting processes;

Public company board and corporate governance experience, which provides directors a solid understanding of their extensive and complex oversight responsibilities and furthers our goals of greater transparency, accountability for management and the Board, and protection of our stockholders' interests; and

Technology licensing and IP monetization experience, which is the core focus of our strategy.

Edgar Filing: IMMERSION CORP - Form 10-K/A

The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership. Diversity is important because a variety of points of view contribute to a more effective decision-making process.

Corporate Governance

We are committed to good corporate governance, which promotes the long-term interests of stockholders, strengthens Board and management accountability and helps build public trust. The Board of Directors has established Corporate Governance Principles which provide a framework for our effective governance. The principles address matters such as the director responsibilities, director qualifications, determination of director independence, Board committee structure, Chief Executive Officer performance evaluation and management succession. The Board regularly reviews developments in corporate governance and updates the Corporate Governance Principles and other governance materials as it deems necessary and appropriate.

The corporate governance section of our website makes available our corporate governance materials, including the Corporate Governance Principles, our Stock Ownership Policy, the charters for each Board committee and our Code of Business Conduct and Ethics. To access these documents on our website, www.immersion.com, click on [Investor Relations](#) and then [Governance](#).

Board Leadership Structure

Our Board has determined that having a lead independent director during the time that our Chairman of our Board is serving as interim Chief Executive Officer is in our best interests and those of our stockholders. This Board structure enhances the independence of our Board from our management by ensuring a greater role for the independent directors in our oversight and active participation of the independent directors in setting agendas and establishing priorities and procedures for our Board. In addition, separating these roles allows our interim Chief Executive Officer to focus his efforts on running our business and managing our day-to-day operations, while allowing our Board to benefit from our lead independent director's extensive experience in leadership roles at public companies and advising technology companies looking to optimize their intellectual property and licensing business strategy, customer engagements, and strategic partnerships. Every regular meeting of our Board includes a meeting of our independent non-executive directors without management present.

Board Leadership Structure

Chairman of the Board: Carl Schlachte

Interim Chief Executive Officer: Carl Schlachte

Lead Independent Director: Sharon Holt

All of our non-employee directors are independent.

Risk Management

Our Board recognizes the importance of effective risk oversight in running a successful business and in fulfilling its fiduciary responsibilities for us and our stockholders. Consistent with our Board leadership structure, our Chief Executive Officer and other members of our executive team are responsible for the day-to-day management of risk, while our Board is responsible for ensuring that we have an appropriate culture of risk management, set the right tone at the top, oversee our aggregate risk profile and assist management in addressing specific risks.

Our Board exercises its oversight responsibility for risk both directly and through its standing committees. Strategic, operational and competitive risks also are presented and discussed at our Board's quarterly meetings, and more often as needed. On at least an annual basis, our Board conducts a review of our long-term strategic plans and members of our executive team report on our top risks and the steps management has taken or will take to mitigate these risks. On a regular basis between Board meetings, our Chief Executive Officer provides updates to the Board on the critical issues we face and recent developments in our principal markets.

Risk Management

Our Board oversees risk management.

Our Board and standing committees spend a portion of their time reviewing and discussing specific risk topics.

Company management is charged with managing risk through internal processes and controls.

Our Audit Committee is responsible for reviewing our risk management framework and programs, as well as the framework by which management discusses our risk profile and risk exposures with our full Board and its committees. Our Audit Committee meets regularly with our Chief Financial Officer, our independent auditor, our General Counsel, and other members of senior management to discuss our major financial risk exposures, financial reporting, internal controls, credit and liquidity risk, compliance risk, key operational risks, and our risk management framework and programs. Other responsibilities include at least annually reviewing the implementation and effectiveness of our compliance and ethics program and our business continuity plan and test results. Our Audit Committee meets regularly in separate executive sessions with the independent auditor, as well as with Audit Committee members only, to facilitate a full and candid discussion of risk and other issues.

Our Compensation Committee is responsible for overseeing human capital and compensation risks, including evaluating and assessing risks arising from our compensation policies and practices for all employees and ensuring executive compensation is aligned with performance. Our Compensation Committee also is charged with monitoring our incentive and equity-based compensation plans, including employee benefit plans. For additional information regarding the Compensation Committee's review of compensation-related risk, please see the section of this annual report entitled "Compensation Discussion and Analysis - Risk Assessment of Compensation Programs."

Our Nominating and Corporate Governance Committee oversees risks related to our overall corporate governance, including Board and committee composition, Board size and structure, director independence, and our corporate governance profile and ratings. Our Nominating and Corporate Governance Committee also is actively engaged in overseeing risks associated with succession planning for our Board and management.

Our Board believes that one of its primary responsibilities is to oversee the development and retention of executive talent and to ensure that an appropriate succession plan is in place for our Chief Executive Officer and other members of management. Each year, the Nominating and Corporate Governance Committee meets with our Vice President, Human Resources and other executives to discuss management succession planning and to address potential vacancies in senior leadership. The Nominating and Corporate Governance Committee also annually reviews with the Board succession planning for our Chief Executive Officer. In addition to executive and management succession, the Nominating and Corporate Governance Committee regularly oversees and plans for director succession and refreshment of the Board to ensure a mix of skills, experience, tenure, and diversity that promote and support the Company's long-term strategy. In doing so, the Nominating and Corporate Governance Committee takes into consideration the overall needs, composition and size of the Board, as well as the criteria adopted by the Board regarding director candidate qualifications. Individuals identified by the Nominating and Corporate Governance Committee as qualified to become directors are then recommended to the Board for nomination or election.

Board and Committee Self-Evaluations

Each year, the Nominating and Corporate Governance Committee oversees the self-evaluation process of the Board, committees and Chairman. The process is conducted using a detailed questionnaire which (a) provides for quantitative ratings in key area and (b) seeks subjective comment in each of these areas. The questionnaire is submitted to our outside counsel who compiles the results and reports them back to the Board.

Company Policies

Our Board has adopted several policies governing directors, employees, and/or officers: a) Code of Business Conduct and Ethics that outlines the principles of legal and ethical business conduct; b) Stock Ownership Policy, which requires our CEO and non-employee directors to have a direct ownership in Immersion's common stock; and c) Insider Trading Policy, which outlines the procedures and guidelines governing securities trades by our employees.

The Code of Business Conduct and Ethics is applicable to all of our directors, employees, and officers and is available on our website at <http://ir.immersion.com/governance.cfm>. Any substantive amendment or waiver of this policy may be made only by our Board upon a recommendation of the Audit Committee and, as required by applicable SEC rules, we intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K by disclosing such information on our website.

The Stock Ownership Policy is applicable to our CEO and non-employee directors and is available on our website at <http://ir.immersion.com/governance.cfm>. This policy requires that these individuals hold stock equal in value to three times the amount of their annual cash retainer/base salary. This is calculated once a year and there is a five year period in which to comply. If it is determined that a particular person does not comply with the policy, the individual will be notified and will be required to retain 50% of the net shares received as a result of any exercise, vesting or payment of any equity awards until he or she becomes compliant.

The Insider Trading Policy applies to all of our current and former employees, directors, independent contractors, agents and consultants. The Insider Trading Policy prohibits short sales, hedging or pledging of stock by employees, officers or directors.

Communications by Stockholders with Directors

Stockholders may communicate with any and all directors by transmitting correspondence by mail, facsimile, or e-mail, addressed as follows: Board or individual director, c/o Corporate Secretary, Immersion Corporation, 50 Rio Robles, San Jose, California 95134; Fax: (408) 350-7994; E-mail Address: corporate.secretary@immersion.com. Our Corporate Secretary will maintain a log of such communications and transmit as soon as practicable such communications to the identified director addressee(s). The acceptance and forwarding of a communication to any director does not imply that the director owes or assumes any fiduciary duty to the person submitting the communication, all such duties being only as prescribed by applicable law.

Board Meetings and Committees of the Board

Edgar Filing: IMMERSION CORP - Form 10-K/A

Attendance at Board, Committee and Annual Stockholder Meetings

Our Board and its committees meet throughout the year on a set schedule, hold special meetings as needed, and act by written consent from time to time. The Board met twelve times during 2017. Each director attended at least 75% of the meetings of the Board and of any committees of the Board on which he serves. The total number of meetings held by each committee is set forth below under Committees of the Board.

We make every effort to schedule our annual meeting of stockholders at a time and date to accommodate attendance by directors, taking into account the directors' schedules. All directors are encouraged to attend the annual meeting of stockholders. Six of our directors attended our 2017 annual meeting of stockholders.

reviewing and approving employment and retention agreements and severance arrangements for executive officers, including change-in-control provisions, plans or agreements; and

reviewing the compensation of directors for service on the Board and its committees and recommending changes in compensation to the Board.

Other than the delegation to the Chief Executive Officer of the authority to grant awards under certain equity plans pursuant to guidelines set by the Board, our Compensation Committee has not delegated any of its duties under its charter. The Compensation Committee may, however, from time to time, delegate duties or responsibilities to subcommittees or to one member of the Compensation Committee.

Item 11. Executive Compensation
Compensation Discussion and Analysis

This section describes our fiscal year 2017 (fiscal 2017) compensation program for our executive officers, all of whom we refer to collectively as our named executive officers. Our named executive officers for fiscal 2017 were as follows:

Name	Title
Carl Schlachte (1)	Interim Chief Executive Officer
Victor Viegas (1)	Former Chief Executive Officer
Nancy Erba	Chief Financial Officer
Anne Marie Peters	General Counsel and Senior Vice President, IP Licensing and Legal Affairs
Mahesh Sundaram (2)	Former Vice President, Worldwide Sales and Customer Support

(1) On November 29, 2017, Mr. Viegas agreed to resign as Chief Executive Officer and Mr. Schlachte was appointed as Interim Chief Executive Officer.

(2) Mr. Sundaram's employment was terminated on December 7, 2017.

Executive Summary

In this Compensation Discussion and Analysis, we summarize our objectives regarding the compensation of our named executive officers, including how we determined the elements and amounts of their compensation for fiscal 2017. Included below are discussions regarding how our executive compensation program ties to our strategic goals and objectives and supports stockholder value creation. Specifically, we will discuss our compensation philosophy, our compensation approach, our compensation determinations and our policies and practices related to executive compensation. Our executive compensation program reflects a commitment to:

align compensation with our annual and long-term business objectives and performance;

enable us to attract, retain and reward executive officers and other key employees who contribute to our long-term success;

motivate our executive officers to enhance long-term stockholder value; and

position us competitively among the companies against which we recruit and compete for talent.

2017 Executive Compensation Program.

In determining the compensation of our named executive officers for fiscal 2017, the Compensation Committee evaluated various factors, including the following:

our overall business and financial performance;

how our compensation program can drive our strategic goals and support stockholder value creation;

Edgar Filing: IMMERSION CORP - Form 10-K/A

the individual's performance, experience and skills;

compensation previously paid or awarded to the individual; and

competitive market data for similar positions based on an analysis consisting of a blend of data from our peer group and the technology survey data from Radford Associates, a unit of Aon Hewitt.

For fiscal 2017, the Compensation Committee approved an executive compensation program that consisted of three principal elements: base salary, short term cash incentive awards under our executive incentive plan (EIP) and long-term equity-based incentive awards (LTI). The Compensation Committee believes that, by allocating compensation among these elements, our overall executive compensation program appropriately balances compensation-related risk and the desire to focus our named executive officers on specific short-term and long-term goals important to our overall success. Consistent with our pay-for-performance philosophy, a significant portion of the target total direct compensation of our named executive officers in fiscal 2017 was variable or at-risk.

For our Chief Executive Officer, 76% of his target total direct compensation was subject to annual performance goals or tied to the appreciation in value of our common stock. For our other named executive officers as a group, 61% of their target total direct compensation was subject to annual performance goals or tied to the appreciation in value of our common stock.

For the compensation of our interim Chief Executive Officer, the Compensation Committee approved a compensation structure that consisted of base salary and an option to purchase 60,790 shares of our common stock that vests in one year based on various factors, including the time commitment and expected duration of the role.

The following table summarizes total target direct compensation for our named executive officers in fiscal 2017:

Name	Base Salary		Executive Incentive Plan (EIP)		Equity Award	Total
	2017 Base Salary (\$)(1)	Percent Change Compared to 2016	2017 EIP Award Target (\$)	2017 EIP Award Payout (\$)	2017 Equity Award (\$)	
Carl Schlachte (3)	250,000				180,467	430,467
Victor Viegas (4)	415,000		456,500		842,838	1,714,338
Nancy Erba	310,500	3.5	155,250		346,000	811,750
Anne Marie Peters	347,760	3.5	208,656		432,500	988,916
Mahesh Sundaram (5)	348,148	3.5	208,889		432,500	989,537

(1) Represents annual base salary rate. Differs from actual paid as reported in the Summary Compensation Table due to payroll period allocation and time served.

(2) Represents grant date fair value as reported in the Summary Compensation Table.

(3) Mr. Schlachte commenced his employment as Interim Chief Executive Officer on November 29, 2017. This does not include any compensation he received in his capacity as a director or Chairman of the Board.

(4) Mr. Viegas terminated his employment with the Company as Chief Executive Officer on November 29, 2017.

(5) Mr. Sundaram's employment was terminated on December 7, 2017.

Executive Compensation Governance Policies and Practices

In designing our executive compensation program, we have implemented policies and practices to create alignment with our stockholders and that support our commitment to good corporate governance as follows:

Clawback Policy. We have the authority to require repayment of certain annual cash incentives in instances of fraudulent activity and/or misstated financials or otherwise inaccurate financial reporting.

Edgar Filing: IMMERSION CORP - Form 10-K/A

No Tax Gross-Ups. Tax gross-ups are not provided to our executive officers for personal expenses or if excise taxes are incurred following a qualifying termination of employment in connection with a change in control of the Company.

Independent Compensation Consultant. The Compensation Committee has engaged Compensia, Inc. (Compensia) to act as its independent compensation consultant. Compensia provides services only to the Compensation Committee and provided no other services to us during fiscal 2017.

Stock Ownership Guidelines. We have established stock ownership guidelines to further align our CEO s interests with those of our stockholders. The guidelines require our CEO to acquire and hold shares of our common stock having a value equal to three times his base salary divided by the average closing price for the 12-month period ending on September 30.

Capped Award Payouts. We set maximum award levels on our executive incentive plans.

No Repricing of Underwater Options. Repricing of stock options is expressly prohibited by our equity incentive plan without the approval of our stockholders.

No Executive Pension Benefits. Named executive officers participate in the same defined contribution retirement plans as our other employees.

The Compensation Committee believes that the policies and practices described above clearly demonstrate our commitment to, and consistent execution of, an effective performance-oriented executive compensation program.

2017 Say on Pay Vote

At the annual meeting of our stockholders held in June 2017, approximately 55% of the total stockholders votes cast were cast in favor of the fiscal 2016 compensation of our named executive officers. The Compensation Committee will be considering this result in structuring the compensation for the Company s permanent Chief Executive Officer when such individual is hired.

Compensation Philosophy

The primary objective of our executive compensation program is to align compensation with our overall business goals and stockholder interests. Our compensation objective is to attract and retain top tier executive talent capable of managing in a dynamic business environment and motivate them to achieve above-market performance with a long-term view in creating stockholder value. To this end, our executive compensation philosophy reflects:

a pay-for-performance model that delivers pay based on overall company and individual performance;

an emphasis on long-term equity-based incentive awards that link a meaningful portion of executive compensation to the appreciation in value of our common stock; and

evaluation of our pay levels and compensation practices against a peer group that is reasonable and appropriate for our company.

Our named executive officers total compensation, with the exception of our interim Chief Executive Officer, includes base salary, short term cash incentive awards under our executive incentive plan, and long-term equity incentive compensation. Our interim Chief Executive Officer s compensation includes base salary and a stock option grant that vests in one year.

Compensation Element

Base Salaries

Objectives

To provide a fixed level of cash compensation to reward demonstrated experience, skills and competencies relative to the market value of the job.

Key Features

Adjustments are considered annually based on individual performance, level of pay relative to market and internal pay equity.

Compensation Element	Objectives	Key Features
Short-Term Cash Incentive Awards	<p>Rewards annual corporate and individual performance and achievement of strategic goals.</p>	<p>Short-term cash incentive payments are cash awards based on financial targets Revenue and Non-GAAP Net Income (as defined below in the section entitled Executive Incentive Plans) for all named executive officers. A portion of the cash incentive award is also based on individual performance evaluated against individual performance goals. Annual incentive awards can vary from 0% to 216% of the target amount for the Chief Executive Officer and 0% to 204% for all other Named Executive Officers. For payment to have been made under the objective component of the plans, the minimum revenue and Non-GAAP Net Income target levels need to have been met.</p>
Long-Term Incentive Awards (Equity Awards)	<p>Aligns named executive officers' interests with those of our stockholders by promoting strong annual results through revenue growth and operating efficiency.</p> <p>Retains named executive officers by providing market-competitive compensation.</p> <p>Aligns executive team to common goal of achieving annual operating plan.</p> <p>Aligns named executive officers' interests with long-term stockholder interests by linking part of each named executive officers' compensation to stock price performance.</p>	<p>Uses different equity types, including stock options and restricted stock unit (RSU) awards to balance stockholder interests and retention.</p>
	<p>Provides opportunities for wealth creation and ownership which promotes retention and enables us to attract and motivate our named executive officers.</p>	<p>Long-term equity awards generally vest in increments over a three or four-year period.</p>
	<p>Retention of named executive officers through multi-year vesting of equity granted and multi-year performance periods.</p>	<p>In the case of our Chief Executive Officer, certain vesting is linked to performance-based conditions.</p>

Our executive officers are also eligible to participate in our health and benefits plans, retirement savings plans and our employee stock purchase plan, which are generally available to all of our employees. Although the Compensation Committee has not established a fixed policy for the allocation between cash and equity compensation or short-term and long-term compensation, the Compensation Committee, as part of its evaluation of the compensation of our executive officers, reviews not only the individual elements of compensation, but also total compensation.

Role of Compensation Committee

The Compensation Committee reviews and recommends to the Board for approval all compensation programs (including equity compensation) applicable to our named executive officers and directors, our overall

strategy for employee compensation, and the specific compensation of our Chief Executive Officer. The Compensation Committee approves the compensation of all other executive officers. The Compensation Committee has the sole authority to select, retain, and terminate special counsel and other experts (including compensation consultants), as it deems appropriate.

Role of Chief Executive Officer in Compensation Decisions

While the Compensation Committee determines our overall compensation philosophy, our Board sets the compensation for our Chief Executive Officer. Our Chief Executive Officer also provides our Board and the Compensation Committee with his perspective on the performance of our named executive officers as part of the determination of the individual portion payable under the executive incentive plans (as described below) and the annual personnel review as well as a self-assessment of his own performance. Our Chief Executive Officer is not present during any discussions by the Compensation Committee or our Board relating to his own compensation. Our Chief Executive Officer recommends to the Compensation Committee specific compensation amounts for named executive officers other than himself, and the Compensation Committee considers those recommendations and the information provided by its compensation consultant concerning peer group comparisons and industry trends when making its compensation decisions. Our Chief Executive Officer, Vice President of Human Resources, and General Counsel regularly attend the Compensation Committee's meetings to provide perspectives on the competitive landscape and the needs of the business, information regarding our performance, and technical advice. Members of the Compensation Committee also participate in our Board's annual review of the Chief Executive Officer's performance and its setting of annual performance goals, in each case led by our independent Chairman of the Board. See Board Structure above for further details.

Role of the Compensation Consultant

The Compensation Committee uses a compensation consultant primarily to provide input on compensation trends and developments and to assist with the analysis of competitive executive compensation levels and trends. The compensation consultant also provides a valuable outside perspective on executive compensation practices.

In establishing executive compensation for fiscal 2017, the Compensation Committee engaged Compensia to serve as its compensation consultant. During fiscal 2017, Compensia advised the Compensation Committee on executive compensation matters, including performing an executive compensation assessment, a peer group review and development, the structure of our compensation program, risk mitigation, and disclosure about executive compensation. Compensia was engaged directly by the Compensation Committee and does not provide any other unrelated products or services to us. Based on its review of the factors set forth in the Nasdaq listing standards, the Compensation Committee has determined that the work performed by Compensia during fiscal year 2017 did not raise a conflict of interest.

Peer Group and Competitive Positioning

In performing the executive compensation assessment for our Chief Executive Officer and Chief Financial Officer, Compensia used market data that reflected a 50/50 blend of (1) compensation data from the peer group below and (2) national Radford technology survey data for companies with \$50 to \$200 million in revenues. In performing the executive compensation assessment for all other executive officers, Compensia used the national Radford technology survey data for companies with \$50 to \$200 million in revenues. Compensia also reviewed for all executive officers the same blend using Bay Area Radford technology survey data. The companies comprising the peer group used by Compensia to aid in evaluating the compensation of our executive officers for fiscal 2017 were:

CEVA, Inc.
Intermolecular
NVE
Wi-LAN

Digimarc Corp.
Kopin
PDF Solutions

DSP Group
Mesa Laboratories
SeaChange International

In determining the peer group for fiscal 2017, the Compensation Committee reviewed the peer group used in fiscal 2016 against the objective criteria used for selecting peers in 2016 including companies in the IP licensing or semiconductor industry with revenues that were approximately one-half to three times our estimated revenues for 2016 and market capitalizations equal to approximately one-half to three times our market capitalization. Although some of the companies did not meet all of the criteria in fiscal 2017, the Compensation Committee elected to keep certain of these companies as part of the peer group due to the overlap of companies with the ISS-defined peer group and the lack of other similarly-situated companies.

Compensation Determinations

The Compensation Committee made compensation determinations for our named executive officers for fiscal 2017 based on the analysis of pay levels compared to the data provided by Compensia as described above and the factors described under the heading "2017 Executive Compensation Program" above. In making these determinations, our general approach is to position the target compensation for our named executive officers based on its evaluation of the competitive market data described above. While the Compensation Committee believes that comparisons to competitive market data are a useful tool, it does not believe that it is appropriate to establish executive compensation levels based solely on a comparison to market data. Due to the variations between companies' reporting and the roles for which compensation for these companies is ultimately disclosed, directly comparable information is not available from each peer group company with respect to each of our named executive officers. In considering market compensation data, the Compensation Committee recognizes that executives at different companies can play significantly different roles, with different responsibilities and scopes of work, even though they may hold similar titles or nominal positions. The Compensation Committee therefore uses the competitive market data as a starting point while also considering subjective factors such as experience, skills, competencies and performance and the factors described under the heading "2017 Executive Compensation Program" above. After reviewing these various factors, the Compensation Committee relies upon the judgment of its members and makes adjustments to a named executive officer's compensation below or above the targeted percentile ranges. As a result, target compensation for each of our named executive officers may fall below or above positioning relative to the peer group for a particular element of compensation.

In determining the compensation for our interim Chief Executive Officer, the Compensation Committee reviewed market practices for recent interim Chief Executive Officers, including recent interim CEO compensation arrangements at technology companies as well as the companies in the peer group and the compensation for the Company's most recent chief executive officer.

Base Salary

In determining base salaries for our named executive officers, the Compensation Committee considered the market data for executives serving in similar positions, as well as each named executive officer's individual performance, experience and skills. Any base salary increases were effective February 1, 2017.

The named executive officers' base salaries for 2017, as compared to 2016, were as follows:

Name	2016 Base Salary (\$)(1)	2017 Base Salary (\$)(1)	% Increase
Carl Schlachte		250,000	
Victor Viegas	415,000	415,000	
Nancy Erba	300,000	310,500	3.5
Anne Marie Peters	336,000	347,760	3.5
Mahesh Sundaram	336,375	348,148	3.5

(1) Differs from actual paid as reported in the Summary Compensation Table due to payroll period allocation.

In determining Mr. Schlachte's base salary, the Compensation Committee designed his target total direct compensation, including base salary and stock option grant, at approximately 30% of the total compensation of our prior Chief Executive Officer's annual total compensation, which target represents the market median based for recent interim Chief Executive Officers at technology companies as provided by the Compensation Committee's compensation consultant.

Mr. Viegas' base salary was not adjusted in 2017, placing him at just above the 50th percentile of the executives holding comparable positions at the companies in the peer group.

Ms. Erba received a market increase in base salary, keeping her salary at approximately the 50th percentile of the executives holding comparable positions at the companies in the peer group.

Ms. Peters' base salary is outside the range of executives holding comparable positions at the companies in the peer group because she plays a dual role in the Company as general counsel and Senior Vice President of IP Licensing, which role does not have comparable data in the peer group and which role requires a specific skill set.

Mr. Sundaram's base salary is outside the range of the executives holding comparable positions at the companies in the peer group due to previously disclosed employment arrangements which were negotiated upon hiring, including a determination by the Compensation Committee at that time that it was appropriate to offer Mr. Sundaram a base salary that was outside of the ranges provided for similarly sized companies due to his extensive experience with IP licensing sales as well as his salary at his position prior to joining Immersion.

Executive Incentive Plan

The executive incentive plan is a cash incentive programs designed to align executive compensation with annual performance and to enable us to attract, retain, and reward individuals who contribute to our success and to motivate such individuals to enhance our value. The Compensation Committee believes that aggregate incentive payouts should be closely linked to our performance, with individual compensation differentiated based on individual performance. Thus, funding and payouts under the executive incentive plans are dependent and based on our performance and each individual named executive officer's performance. The Compensation Committee reserves the right to cancel, suspend, amend or revise all or any part of the executive incentive plan for any reason at any time.

The Compensation Committee established a target award value for each of our named executive officers for fiscal 2017 based on its review of competitive market data for similar positions and various other factors, including those factors listed above under the heading "2017 Executive Compensation Program" and individual performance in the prior year and the terms of employment arrangements with the individual.

Mr. Viegas' target award percentage remained the same as 2016 at 110%, which represented target total cash compensation of above the 75th percentile of executives holding comparable positions at the companies in the peer group and within the 65th to 75th percentile of the Bay Area Radford technology survey data.

Ms. Erba's target award percentage remained the same as 2016 at 50%, which represented target total cash compensation within the 50th to 75th percentile of the executives holding comparable positions at the companies in the peer group.

Ms. Peters' target award percentage remained the same as 2016 at 60%, which represented total target cash compensation which was higher than the benchmark used to reflect the unique nature of her position and skill set.

Mr. Sundaram's target award percentage remained the same as 2016 at 60%, which represented total target cash compensation which was within the 50th to 75th percentile of the executives holding comparable positions at the companies in the peer group.

For fiscal 2017, target awards under the executive incentive plan represented a significant portion of the total target cash compensation for our named executive officers, which aligns more of their compensation with the interests of the stockholders.

Executive 2017 EIP Payments

The following table sets forth the determinations of the Compensation Committee in February 2018 with respect to the executive incentive plan targets for fiscal 2017, as well as the actual amount of the cash incentive awards received by our named executive officers upon payout of the fiscal 2017 executive incentive plan.

Name	Percentage of Base Salary Rate	Fiscal 2017 EIP Target	
		Award Value at Target (\$)	Fiscal 2017 EIP Award Payout (\$)
Carl Schlachte			
Victor Viegas	110%	456,500	
Nancy Erba	50%	155,250	
Anne Marie Peters	60%	208,656	
Mahesh Sundaram	60%	208,889	

The Compensation Committee, with input from our Chief Executive Officer for all named executive officers other than himself, establishes (1) the performance measures based on business criteria and target levels of performance and (2) a formula for calculating each participant's award based on our actual performance compared to the pre-established performance goals. Performance measures may be based on a wide variety of business metrics.

Our 2017 executive incentive plan was based on two independent components. A percentage of the bonus was based on the achievement by us of certain corporate financial objectives for 2017 as set forth below, and the remainder of the bonus was based on the achievement of individual management objectives. For payment to have been made under the objective component of the plans, we must have met the minimum GAAP revenue and Non-GAAP Net Income target levels set forth in the matrix below. If minimum GAAP revenue and Non-GAAP Net Income were not achieved, then the plan would not be funded. In addition, the Compensation Committee determined the performance weighting factors to be applied to the initial calculation of each named executive officer's two independent components of the bonus, which weighting factors were based on each named executive officer's overall individual annual performance as determined by the Compensation Committee. Each standard weighting factor was 1.0, but could be increased or decreased by 0.2 at the Compensation Committee's discretion, as applicable. If each such weighting factor was increased or decreased from the standard weighting factor of 1.0, then such modified weighting factor was then multiplied by the applicable independently determined component of such named executive officer's incentive plan target award to determine the total incentive payment. As a result, our Chief Executive Officer was eligible to receive a cash award of 0%-216% of his executive incentive plan target award based on the achievement of corporate financial and individual performance goals and all other named executive officers were eligible to receive a cash award of 0%-204% of their respective executive incentive plan target awards based on the achievement of corporate financial and individual performance goals.

The GAAP revenue and Non-GAAP Net Income matrix for the corporate objectives of the 2017 executive incentive plans was set by the Compensation Committee and was based on our annual operating plan. The matrix was as follows:

GAAP Revenue (\$) / Non-GAAP Net Income Targets (\$)	36,209,600	40,735,800	45,262,000	49,788,200	54,314,400
(17,337,600)	125.0%	137.5%	150.0%	175.0%	200.0%
(19,504,800)	100.0	112.5	125.0	150.0	175.0
(21,672,000)	75.0	87.5	100.0	125.0	150.0
(23,839,200)	62.5	75.0	87.5	112.5	137.5
(26,006,400)	50.0	62.5	75.0	100.0	125.0

For purposes of the fiscal 2017 executive incentive plan, GAAP revenue means revenue recognized by us for the applicable period in accordance with GAAP and as reported in our audited financial statements, and Non-GAAP Net Income is GAAP Net Income adjusted to reflect an expected long-term effective tax rate of 19% less stock based compensation expense. Non-GAAP Net Income also excludes certain non-recurring charges including discontinued operations and other charges, as determined by the Compensation Committee. By excluding certain one-time items from the calculations, the Compensation Committee sought to reward management for achieving the annual executive incentive plan goals, while at the same time focusing on actions that drive long-term stockholder value.

Our performance for fiscal 2017 resulted in GAAP revenues of \$35 million and Non-GAAP Net Loss of (\$28.6) million. Because neither the GAAP revenue nor the Non-GAAP Net Income met the minimum threshold set forth on the matrix above, our named executive officers received no payout under the fiscal 2017 executive incentive plan.

For the individual performance of each named executive officer, the Compensation Committee had set management by objectives (MBOs) for fiscal 2017 in February 2017 and scored the individual based on the completion of such MBOs as of the end of fiscal 2017. In the case of Mr. Viegas, the Compensation Committee selected MBOs that included certain litigation milestones, various licensing milestones, engaging with and entering agreements with key strategic accounts, achieving commercial momentum in the mobile ads business, certain initiatives around our employee base and achieving our fiscal 2017 financial objectives. Ms. Erba's MBOs included operationalizing the mobile ad business to enable scale, advising and assisting on providing business direction to the IP strategy, providing support in structuring licensing deals, providing IT support for cloud security and ongoing controls, providing analysis to support decision making at critical junctures in strategy and financial excellence. Ms. Peters' MBOs included several initiatives related to the management of the IP licensing program, certain litigation milestones, several initiatives related to managing the creation of IP and developing licensing strategies. Mr. Sundaram's MBOs included achieving our fiscal 2017 revenue plan and market adoption goals, partnering with the IP business development function, providing world class support for the field organization and certain organizational development milestones.

Long-Term Equity Incentive Awards

The Compensation Committee approved annual equity awards to our named executive officers in fiscal 2017 after considering individual and corporate performance generally, the total compensation levels of our executive officers and our retention objectives. The Compensation Committee also considers the compensation practices and levels of the companies in our peer group and the recommendations of our Chief Executive Officer (except with respect to his own award) when determining the size of equity awards.

As discussed above, Mr. Schlachte was granted an option to purchase 60,790 shares of our common stock as part of his compensation arrangement for serving as our interim Chief Executive Officer. Consistent with the interim nature of his role, the Compensation Committee designed the option with a vesting schedule that vests monthly over a one-year period with 100% acceleration upon a change of control of the Company. This stock

option had a grant date fair value of \$180,467. The combination of his base salary and the grant date fair value of his stock option resulted in Mr. Schlachte's target total direct compensation approximating 25% of the total compensation of our prior Chief Executive Officer's annual total compensation, and representing the market median for recent interim Chief Executive Officers at technology companies as provided by the Compensation Committee's compensation consultant.

With respect to Mr. Viegas, the Compensation Committee granted him a stock option of which half of the shares would vest and become exercisable only if the closing price of a share of our common stock equaled or exceeded \$11.25 per share for 30 consecutive trading days during the period from March 7, 2017 to March 7, 2019 after which the shares would vest pursuant to our normal and customary four-year time-based vesting schedule. The other half of the shares would vest and become exercisable pursuant to our normal and customary four-year time-based vesting schedule. This stock option had a grant date fair value of \$842,838, and was positioned between the 25th and 50th percentile of the equity awards granted to executives holding comparable positions at the companies in the peer group, placing his total direct compensation between the 25th and 50th percentile of the peer group. As of November 29, 2017, the date of Mr. Viegas' departure, the vesting conditions subject to these grants had not been met, however, as discussed below under the section entitled "Potential Payments Upon Termination or a Change in Control", a portion of Mr. Viegas' awards vested in connection with his departure.

The Compensation Committee granted Ms. Erba an annual restricted stock unit (RSU) award valued at \$346,000 which vests annually over a four-year period, and which fell between the 25th and 50th percentile of the equity awards granted to executives holding comparable positions at the companies in the peer group, placing her target total direct compensation between the 50th and 75th percentile of the peer group and the 25th and 50th percentile of Bay Area Radford technology survey data.

After considering total cash compensation which was higher than the benchmark used, the Compensation Committee granted each of Mr. Sundaram and Ms. Peters an annual RSU award valued at \$432,500 which vests annually over a four-year period, and which fell between the 25th and 50th percentile of equity awards granted to executives holding comparable positions at the companies in the peer group. The target total direct compensation for Mr. Sundaram falls at approximately the 50th percentile of our peer group and the target total direct compensation for Ms. Peters falls between the 50th and 75th percentile of our peer group.

Stock Options

Stock options are intended to align our named executive officers' interests with the interests of stockholders in increasing sustainable, long-term stockholder value. We view stock options as an element of performance-based compensation because they only deliver value to a recipient if the price of our common stock increases above the price of our common stock at the time of grant and the vesting requirements have been met. Our stock options are granted with an exercise price equal to the closing market price for our common stock on the date of grant. Our stock options typically vest over a period of four years with 25% of the shares of our common stock subject to the grant vesting after the first year and 1/48th of the shares subject to the grant vesting monthly thereafter.

RSUs

We grant our named executive officers restricted stock unit awards (RSUs) primarily to ensure that they maintain an ownership stake in our company. By providing an ownership stake, RSUs align their financial interests with stockholders' interests. The Compensation Committee believes that RSUs aid in retention and provide value to our executive officers, given that we do not provide pensions. In fiscal 2017, the Compensation Committee elected to slightly increase the value of the awards and extend the vesting schedule for such award from three to four years to better align the interests of our executive officers with those of our stockholders.

2017 Executive Equity Awards

The following table sets forth the long term incentive equity awards granted to our named executive officers in fiscal 2017:

Name	Position	Shares Subject to Stock Options	Shares Subject to Restricted Stock Units

(1) Consists of (a) an option to purchase 30,899 shares of our common stock granted in June 2017 in Mr. Schlachte's capacity as a non-employee director and (b) an option to purchase 60,790 shares of our common stock granted to Mr. Schlachte upon appointment as our interim Chief Executive Officer.

(2) Subject to vesting as follows: 50% of the shares would only vest and become exercisable upon the achievement of performance conditions on or before March 7, 2019. At the time of his departure, Mr. Viegas had vested in 84,581 shares of common stock subject to this grant.

Severance and Change in Control Payments

We have entered into retention and change in control agreements with our named executive officers with the goal of retaining such executive officers during the pendency of a proposed change of control transaction, and in order to align the interests of the executive officers with the interests of our stockholders in the event of a change in control of the Company. We believe that a proposed or actual change in control transaction can adversely impact the morale of officers and create uncertainty regarding their continued employment. Without the payments and benefits provided under the agreements, our executive officers may be tempted to leave our employment prior to the closing of the change in control, especially if they believe their employment will be terminated after the transaction closes, and any such departures could jeopardize the consummation of the transaction or our interests if the transaction does not close and we remain independent. The Compensation Committee believes that these payments and benefits serve to enhance stockholder value and align our executive officers' interests with those of our stockholders in change in control transactions. All such agreements with the named executive officers are described in "Potential Payments upon Termination or Change in Control" elsewhere in this annual report.

Perquisites and Other Benefits

We provide certain named executive officers with perquisites and other personal benefits that the Compensation Committee believes are reasonable and consistent with our overall compensation programs and philosophy and which benefits are generally available to all our employees. These benefits are provided to enable us to attract and retain these executive officers. The Compensation Committee periodically reviews the levels of these benefits provided to our executive officers. These benefits include participation in our health and benefits plans, retirement savings plans, housing assistance, reimbursement of certain living and education-related expenses, car services, immigration assistance, relocation assistance, and our employee stock purchase plan.

Our CEO and non-employee directors are subject to a stock ownership policy that is available on our website at <http://ir.immersion.com/governance.cfm>. This policy requires that these individuals hold stock equal in value to three times the amount of their annual cash retainer/base salary. This is calculated once a year and there is a five-year period in which to comply. If it is determined that a particular person does not comply with the policy, the individual will be notified and will be required to retain 50% of the net shares received as a result of any exercise, vesting or payment of any equity awards until he or she becomes compliant.

Equity Compensation Grant Practices

We do not have any program, plan, or practice to select equity compensation (including stock option) grant dates in coordination with the release of material non-public information, nor do we time the release of information to affect value. For stock options granted pursuant to our 2011 Equity Incentive Plan, employees have seven years from the date of the grant to exercise vested options, assuming they remain an employee of or service provider to us or our subsidiaries and subject to any requirements of local law. For all other stock options, employees have ten years from the date of the grant to exercise vested options, assuming they remain an employee of or service provider to us or our subsidiaries and subject to any requirements of local law.

New Hire Grants

New hire grants of equity compensation are made to eligible employees in connection with the commencement of employment. New hire grants become effective on and are priced as of the 10th business day of the month following the month of hire. These grants generally become fully vested after four years, with 25% of the shares subject to the grant vesting on the first anniversary of the date of commencement of employment and 1/48th of the shares subject to the grant vesting monthly thereafter. Grants to individuals of 50,000 shares or less, not to exceed an aggregate of 300,000 shares in any fiscal quarter, are made by our Chief Executive Officer pursuant to the delegation of power by the Compensation Committee. Such grants must be granted on the 10th business day of each month for individuals who were employees as of the last day of the previous month. All other grants are made by the Compensation Committee.

Annual Grants

Annual RSU grants are awarded at our regularly scheduled Board meeting held in February and are made on the second business day after the release of our year-end earnings release. These grants typically vest as to 1/3rd of the shares subject to an award on an annual basis assuming continued service and subject to any requirements of local law, although in fiscal 2017 the grants were subject to vesting as to 1/4th of the shares subject to the awards on an annual basis.

Impact of Accounting and Tax Requirements on Compensation

Section 162(m) of the Internal Revenue Code limits the deduction for federal income tax purposes of the compensation paid to our named executive officers in a taxable year to \$1,000,000. For taxable years beginning before January 1, 2017, compensation above \$1,000,000 may be deducted if, by meeting certain requirements, it qualified as performance-based compensation. The stock options and RSU awards granted under our 2007 Equity Incentive Plan and 2011 Equity Incentive Plan prior to January 1, 2018 were intended to be treated under current federal tax law as performance-based compensation exempt from the deduction limit. Whether such awards will continue to qualify as performance-based compensation depends on their eligibility under the transition relief provided by the Tax Cuts and Jobs Act for compensation payable pursuant to a written binding contract that was in effect on November 2, 2017.

Although the Compensation Committee considers the requirements of Section 162(m) when making its compensation decisions, deductibility is not the sole factor it considers in assessing the appropriate levels and types of executive compensation. The Compensation Committee has not adopted a policy requiring that all compensation paid to our named executive officers be deductible. The Compensation Committee reserves the right to pay or award compensation to our named executive officers that may not be deductible for federal income tax purposes if it believes that doing so is in our and our stockholders' best interests.

In addition to considering the tax consequences, our Compensation Committee considers the accounting consequences of, including the impact of the FASB ASC Topic 718, in its decisions in determining the forms of different awards and generally attempts to keep the value of awards equivalent regardless of type.

Risk Assessment of Compensation Programs

The Compensation Committee considers potential risks when reviewing and approving our compensation programs. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding our employees for achieving financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our compensation programs for our named executive officers:

A Balanced Mix of Compensation Components The target compensation mix for our named executive officers is composed of base salary, short-term cash incentive awards and long-term equity incentives, representing a mix that is not overly weighted toward short-term cash incentives.

Multiple Performance Factors Our incentive compensation plans use both company-wide metrics and individual performance, which encourage focus on the achievement of objectives for our overall benefit:

- o The executive incentive plan is designed to use multiple performance metrics including GAAP revenue and Non-GAAP Net Income, as well as individual performance goals related to specific strategic or operational objectives and the corporate metric portion of the incentive plan does not pay out unless the target levels of the pre-established financial metrics are met.
- o The long-term incentives are equity-based, with three, four and five-year vesting to complement our short-term cash incentive awards. Certain of the long-term incentives granted to our Chief Executive Officer are subject to performance conditions related to our stock price.

Capped Incentive Awards Awards under the executive incentive plans are generally capped at the sum of: (1) 200% of the target bonus attributable to company-wide metrics (with a maximum multiplier of 1.2), plus (2) 100% of the target bonus attributable to individual performance (with a maximum multiplier of 1.2).

Clawback Provision Our clawback provision provides our Board with the authority to recoup past incentive compensation in the event of a material restatement of our financial results due to fraud, intentional misconduct or gross negligence of the named executive officer.

Additionally, the Compensation Committee considered an assessment of the compensation-related risks arising from our compensation programs for all our employees. Based on this assessment and the factors noted above, the Compensation Committee concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on us. In making this evaluation, the Compensation Committee reviewed the key design elements of our compensation programs in relation to industry best practices as presented by Compensia, as well as how any potential risks may be mitigated, such as through our internal controls and oversight by management and our Board.

Conclusion

In evaluating the individual components of compensation for each of our executive officers, the Compensation Committee reviews not only the individual elements of compensation, but also total compensation. Through the compensation plans and arrangements described above, a significant portion of the compensation paid and awarded to our executive officers is contingent upon each individual's and our performance. The Compensation Committee remains committed to this philosophy of pay-for-performance and will continue to review our executive compensation programs to ensure that the interests of our stockholders are served.

-the annual total compensation of the CEO (which included amounts paid to Mr. Viegas and Mr. Schlachte) for purposes of determining the CEO Pay Ratio was \$1,631,068.

Based on this information, for 2017, the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees was estimated to be 12.86 to 1.

This pay ratio is an estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described below. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of the median employee, the methodology and the material assumptions, adjustments, and estimates that we used were as follows: We determined that, as of December 18, 2017, our employee population consisted of approximately 122 individuals globally. We selected December 18, 2017, which is within the last three months of 2017, as the date upon which we would identify the median employee which was prior to the restructuring of the Company after which there was a reduction of approximately 40% of the employee base.

To identify the median employee from our employee population, we collected actual base salary during the 12-month period ending December 22, 2017, which was annualized for those individuals who were not employed for the full year.

Director Compensation

The Compensation Committee is responsible for reviewing and making recommendations to the Board regarding all matters pertaining to compensation paid to directors for Board, committee and committee chair services. Under the Compensation Committee charter, the Compensation Committee is authorized to engage consultants or advisors in connection with its review and analysis of director compensation. Directors who also serve as our employees do not receive payment for services as directors.

2017 Annual Compensation

In 2017, non-employee directors each received an annual retainer fee of \$25,000, typically paid in quarterly installments on the date of each quarterly Board meeting. In addition, the Chairman of our Board received an additional retainer fee of \$20,000 which was prorated to \$18,333 upon the date he became our Interim Chief Executive Officer. The Chairman of our Audit Committee received a \$10,000 annual committee fee, the Chairman of our Compensation Committee received an \$8,000 annual committee fee, and the Chairman of our Nominating and Corporate Governance Committee received a \$3,000 annual committee fee. These annual committee fees are typically paid quarterly on the date of the quarterly Board meetings. Fees for partial year service are pro-rated. Directors are entitled to reimbursement of reasonable travel expenses they incur in connection with attending Board and committee meetings.

Non-employee directors are granted an option to purchase 40,000 shares of our common stock upon joining the Board. This initial option, like those received by other individuals initially joining us, is granted with an effective date of the 10th business day of the month following the month the director joins the Board; the exercise price per share for such option equals the closing price per share on The NASDAQ Global Market on such effective date. Subject to continued service, such option vests as to 1/4th of the shares subject to the grant on the first anniversary of the date of commencement of service and 1/48th monthly thereafter.

Non-employee directors receive an annual grant of restricted stock awards (RSAs) or a stock option having a value equal to \$125,000, 100% of which vests on the first anniversary of the grant date.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

RELATED PERSON TRANSACTIONS

In accordance with our Audit Committee charter, our Audit Committee is responsible for reviewing and approving the terms and conditions of any related party transactions. Review of any related party transaction would include reviewing each such transaction for potential conflicts of interests and other improprieties. Except as described in Director Compensation above and Executive Compensation below, since January 1, 2017, there has not been, nor is there currently proposed, any transaction or series of similar transactions, to which we are or were a party, in which the amount involved exceeds \$120,000 and in which any of our directors, executive officers, or holders of more than 5% of our capital stock, or any of the immediate family members of such persons, had or will have a direct or indirect material interest.

In addition to indemnification provisions in our Bylaws, we have entered into agreements to indemnify our directors and executive officers. These agreements provide for indemnification of our directors and executive officers for some types of expenses, including attorney's fees, judgments, fines, and settlement amounts incurred

by persons in any action or proceeding, including any action by us or in our right, arising out of their services as our director or executive officer. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

Independence of Directors

In accordance with the standards for independence set forth in the rules of The NASDAQ Stock Market, our Board has determined that, except for Mr. Schlachte, our Interim Chief Executive Officer, each of the members of our Board has no relationship that would interfere with the exercise of independent judgment in carrying out his responsibilities as a director and is otherwise independent in accordance with the applicable rules of The NASDAQ Stock Market as currently in effect.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Our Audit Committee has determined that all services performed by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP. In addition, since the effective date of the SEC rules stating that an independent public accounting firm is not independent of an audit client if the services it

provides to the client are not appropriately approved, our Audit Committee has approved, and will continue to pre-approve all services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services. None of the services described above were approved by our Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

Our Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm, pursuant to which it may pre-approve certain audit fees, audit-related fees, tax fees, and fees for other services. Under the policy, our Audit Committee may also delegate authority to pre-approve certain specified audit or permissible non-audit services to one or more of its members. A member to whom pre-approval authority has been delegated must report his pre-approval decisions, if any, to our Audit Committee at its next meeting. Unless our Audit Committee determines otherwise, the term for any service pre-approved by a member to whom pre-approval authority has been delegated is twelve months.
