THE COMPANY

Overview

Founded in 1989, Kingsway is a specialty provider of personal and commercial lines of property and casualty insurance in the United States and Canada. Kingsway's principal line of business is non-standard automobile insurance, which covers drivers who do not qualify for standard automobile insurance coverage because of their payment history, driving record, place of residence, age, vehicle type or other factors, including market conditions. Kingsway is a market leading provider of non-standard automobile and motorcycle insurance in Canada based on its analysis of the limited market share information available for these segments. In addition, Kingsway has a prominent position in several US markets in which it currently operates, such as Florida, Illinois, Texas and South Carolina based on the market share information published by A.M. Best Company. Kingsway is licensed to write a broad range of property and casualty insurance in all Canadian provinces and territories and in 48 states and the District of Columbia in the United States. Kingsway intends to pursue licenses in the two remaining states in the United States in which it is

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

not currently licensed. In 2002, Kingsway generated 76.9% of its gross premiums written from the United States and 23.1% from Canada.

Kingsway also provides standard automobile insurance as well as insurance for commercial and public vehicles, including taxis and trucks. In addition to automobile insurance, Kingsway provides motorcycle insurance, specialized commercial and personal property coverage, warranty insurance and other specialty coverages, such as customs and surety bonds. In 2002, Kingsway derived 39.0% of its gross premiums written from non-standard automobile insurance, 32.3% from trucking, 13.5% from commercial and personal property coverages, 7.5% from commercial automobile, 3.5% from other specialty coverages, such as warranty and customs bonds, 2.5% from motorcycles and 1.7% from standard automobile. In 2002, Kingsway derived 47.4% of its gross premiums from insurance for individual customers, typically referred to as personal lines, and 52.6% from insurance for commercial customers, typically referred to as commercial lines.

In 2002, Kingsway's gross premiums written increased 99% to \$2.1 billion compared to \$1.1 billion in 2001. Kingsway's revenue was \$1.8 billion in 2002, an increase of 94% over the \$937.5 million reported in 2001. As of March 31, 2003, Kingsway had total assets of \$3.0 billion and shareholders' equity of \$612.9 million. In addition to revenue derived from premiums earned, Kingsway also derives revenue from premium financing and investment income. This revenue amounted to \$81.1 million in 2002 as compared to \$64.6 million in 2001.

Kingsway has earned a profit from its underwriting activities in 11 of its last 13 fiscal years. The property and casualty insurance industry in Canada, on average, has not made an underwriting profit since 1978. The selected supplemental financial information set out on page 62 of Kingsway's 2002 Annual Report provides details of the gross premiums written, underwriting profits, and key ratios from Kingsway's insurance operations compared to industry results for the eight year period ending December 31, 2002.

Capital required for Kingsway's business has been obtained from Kingsway's public offerings of common shares and debentures, its private placements of trust preferred securities, its syndicated term lending facility and its syndicated revolving credit facility, and has been internally generated from underwriting and investment profits. Kingsway's operations create liquidity by collecting and investing premiums, as more fully discussed on pages 37 and 38 in its 2002 Annual Report.

The total size of Kingsway's investment portfolio, together with cash and accrued interest, increased from \$1.2 billion at the end of 2001 to \$2.1 billion as at both December 31, 2002 and March 31, 2003. Realized returns on a pre-tax basis were 4.9% for 2002 compared with 6.4% for 2001. Kingsway's investment portfolio as at December 31, 2002 was comprised of assets from a number of different classes as reflected in Note 2 to its consolidated financial statements set out on pages 54 and 55 in its 2002 Annual Report.

Kingsway may, from time to time, be involved in discussions concerning acquisition opportunities, although there can be no assurance that any of such discussions will result in a transaction. Kingsway is not currently a party to any agreement or understanding with respect to any future acquisitions.

Recent Developments

On March 6, 2003, the Company filed an amendment to its preliminary registration statement with the U.S. Securities and Exchange Commission for a proposed public offering of Company obligated mandatorily redeemable preferred securities of subsidiary trusts holding subordinated debentures ("trust preferred securities") to be issued by a finance subsidiary formed by Kingsway America Inc., the holding company for the Company's U.S. insurance subsidiaries. Payments under the trust preferred securities will be fully guaranteed by the Company. It is anticipated that the public offering will be for approximately US\$50 million plus an over-allotment. The exact amount and terms of the issuance have not been determined as of the date hereof.

In May 2003, subsidiaries of the Company completed two private placements of 30 year floating rate trust preferred securities for aggregate gross proceeds of approximately US\$32.5 million.

In May 2003, Kingsway renewed its \$66.5 million unsecured revolving credit facility with a syndicate of three banks. The facility is being used for general corporate purposes.

Ownership Restrictions

There is no law or government decree or regulation in Canada that restricts the export or import of capital, or affects the remittance of dividends, interest or other payments to non-resident holders of Kingsway's common shares, other than withholding tax requirements.

There is no limitation imposed by Canadian law or Kingsway's articles of incorporation or other charter documents on the right of a non-resident to hold or vote common shares of Kingsway, other than as provided by the Investment Canada Act, which requires notification and, in certain cases, advance review and approval by the Government of Canada of the acquisition by a "non-resident" of "control" of a "Canadian business", all as defined in the Investment Canada Act.

PLAN OF DISTRIBUTION

Subject to the terms and conditions of an underwriting agreement dated as of June 17, 2003 (the "Underwriting Agreement") among Kingsway and the Underwriters, the Underwriters have severally agreed to purchase and Kingsway has agreed to sell 6,100,000 Offered Shares at \$16.70 per Offered Share. The Offering Price was determined by negotiation between Kingsway and the Underwriters.

Kingsway has granted to the Underwriters an Over-Allotment Option, exercisable for a period of 30 days following the closing of this Offering, to purchase up to an additional 610,000 common shares at the Offering Price solely to cover over-allotments, if any. To the extent that the Underwriters exercise the Over-Allotment Option, each Underwriter will become obligated, subject to various conditions, to purchase a number of additional common shares proportionate to such Underwriter's initial commitment. If the Over-Allotment Option is exercised in full, the total price to the public will be \$112,057,000, the total Underwriters' commission will be \$4,482,280, and the total net proceeds to Kingsway will be \$107,574,720 before deducting estimated expenses of the Offering. This short form prospectus qualifies in all of the provinces of Canada both the grant of the Over-Allotment Option and the distribution of any Over-Allotment Shares, if any are purchased.

The Underwriting Agreement provides that the obligations of the Underwriters to purchase the Offered Shares are subject to approval of certain legal matters and to specified conditions precedent. The conditions contained in the Underwriting Agreement include, among other things, the requirement that the representations and warranties made by Kingsway to the Underwriters are true, that there is no material change in the financial markets and that Kingsway delivers to the Underwriters customary closing documents. The obligations of the Underwriters under the Underwriting Agreement may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events. The Underwriters are however, obligated to take up and pay for all of the Offered Shares (but not the Over-Allotment Shares) if any are purchased under the Underwriting Agreement.

The Offered Shares will be offered in all of the provinces in Canada through the Underwriters in such provinces as each is duly registered to do so. The Offered Shares have not been and will not be registered under the United States Securities Act of 1933, as amended (the "US Securities Act") and may not be offered or sold in the United States. The Underwriters have agreed that they will not offer or sell any Offered Shares within the United States.

In consideration for the Underwriters entering into the Underwriting Agreement and for the services to be performed by the Underwriters under the Underwriting Agreement, Kingsway has agreed to pay the Underwriters an underwriting commission of 4% of the total proceeds from this Offering, including the proceeds from the sale of any Over-Allotment Shares. Kingsway estimates that the total expenses of this Offering, excluding the Underwriters Commission, will be approximately \$200,000, which will be paid by Kingsway from the proceeds of the Offering.

Kingsway has agreed to indemnify the Underwriters against various civil liabilities, including liabilities under applicable Canadian securities legislation, or to contribute the payments that the Underwriters may be required to make in respect of these liabilities.

Kingsway has agreed, subject to limited exceptions, for a period of 90 days after the date of this prospectus, not to, without the prior written

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

consent of the Underwriters, directly or indirectly sell, agree or offer to sell, grant any option for the sale of, or otherwise dispose of any common shares of Kingsway or securities convertible into common shares of Kingsway, except for the purposes of granting employee and director compensation and incentives and to satisfy outstanding instruments or contractual commitments.

Page 13 of 32

Other than in Canada, no action has been taken by Kingsway or the Underwriters that would permit a public offering of the Shares in any jurisdiction that requires action for that purpose. The Shares may not be offered or sold, directly or indirectly, nor may this prospectus or any other Offering material or advertisements in connection with the offer and sale of any of the Shares be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Kingsway advises persons who receive this prospectus to inform themselves about and to observe any restrictions relating to the Offering of the Shares and the distribution of this prospectus. This prospectus is not an offer to sell or a solicitation of an offer to buy any of the Shares in any jurisdiction where such an offer or a solicitation would not be permitted or legal.

Pursuant to policy statements of the Ontario Securities Commission and the Commission des valeurs mobilières du Québec, the Underwriters may not, throughout the period of distribution, bid for or purchase common shares of Kingsway. The foregoing restriction is subject to exceptions, on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the common shares of Kingsway. Such exceptions include a bid or purchase permitted under the by-laws and rules of the TSX relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution, provided that the bid or purchase was not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of the common shares of Kingsway. Kingsway has been advised by the Underwriters that, in connection with the Offering, subject to the foregoing and applicable laws, the Underwriters may effect transactions which stabilize or maintain the market price of the common shares of Kingsway at levels other than those which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

Scotia Capital Inc., CIBC World Markets Inc., BMO Nesbitt Burns Inc., RBC Dominion Securities Inc. and HSBC Securities (Canada) Inc. and/or their respective affiliates have provided various financial services for Kingsway for which services they have received customary fees. In addition, Scotia Capital Inc. and CIBC World Markets Inc. are affiliates of banks which are lenders to Kingsway under its US\$100 million unsecured credit facility established in February 1999 as described in "Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Liquidity and Capital Resources" set out at page 37 in Kingsway's 2002 Annual Report. As at June 17, 2003, US\$82.5 million of this credit facility remained outstanding. Affiliates of CIBC World Markets Inc. and HSBC Securities (Canada) Inc. are members of a banking syndicate which entered into a Cdn.\$66.5 million unsecured revolving credit facility with Kingsway in May 2002, which facility was renewed in May 2003. As at June 17, 2003, approximately Cdn.\$47.2 million of this credit facility was drawn. Further, Scotia Capital Inc., CIBC World Markets Inc., BMO Nesbitt Burns Inc. and RBC Dominion Securities Inc. are affiliates of banks

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

which have provided a letter of credit facility used to collateralize inter-company reinsurance balances. As of May 31, 2003, the letter of credit utilization was US\$218.9 million. Consequently, Kingsway may be considered to be a connected issuer of Scotia Capital Inc., CIBC World Markets Inc., BMO Nesbitt Burns Inc., RBC Dominion Securities Inc. and HSBC Securities (Canada) Inc. under applicable Canadian securities legislation. The decision to distribute the Shares, including the determination of the terms of the Offering, was made through negotiations between Kingsway and the Underwriters. THE COMPANY

Overview

Founded in 1989, Kingsway is a specialty provider of personal and commercial lines of property and casualty insurance in the United States and Canada. Kingsway's principal line of business is non-standard automobile insurance, which covers drivers who do not qualify for standard automobile insurance coverage because of their payment history, driving record, place of residence, age, vehicle type or other factors, including market conditions. Kingsway is a market leading provider of non-standard automobile and motorcycle insurance in Canada based on its analysis of the limited market share information available for these segments. In addition, Kingsway has a prominent position in several US markets in which it currently operates, such as Florida, Illinois, Texas and South Carolina based on the market share information published by A.M. Best Company. Kingsway is licensed to write a broad range of property and casualty insurance in all Canadian provinces and territories and in 48 states and the District of Columbia in the United States. Kingsway intends to pursue licenses in the two remaining states in the United States in which it is not currently licensed. In 2002, Kingsway generated 76.9% of its gross premiums written from the United States and 23.1% from Canada.

Kingsway also provides standard automobile insurance as well as insurance for commercial and public vehicles, including taxis and trucks. In addition to automobile insurance, Kingsway provides motorcycle insurance, specialized commercial and personal property coverage, warranty insurance and other specialty coverages, such as customs and surety bonds. In 2002, Kingsway derived 39.0% of its gross premiums written from non-standard automobile insurance, 32.3% from trucking, 13.5% from commercial and personal property coverages, 7.5% from commercial automobile, 3.5% from other specialty coverages, such as warranty and customs bonds, 2.5% from motorcycles and 1.7% from standard automobile. In 2002, Kingsway derived 47.4% of its gross premiums from insurance for individual customers, typically referred to as personal lines, and 52.6% from insurance for commercial customers, typically referred to as commercial lines.

In 2002, Kingsway's gross premiums written increased 99% to \$2.1 billion compared to \$1.1 billion in 2001. Kingsway's revenue was \$1.8 billion in 2002, an increase of 94% over the \$937.5 million reported in 2001. As of March 31, 2003, Kingsway had total assets of \$3.0 billion and shareholders' equity of \$612.9 million. In addition to revenue derived from premiums earned, Kingsway also derives revenue from premium financing and investment income. This revenue amounted to \$81.1 million in 2002 as compared to \$64.6 million in 2001.

Kingsway has earned a profit from its underwriting activities in 11 of its last 13 fiscal years. The property and casualty insurance industry in Canada, on average, has not made an underwriting profit since 1978. The selected supplemental financial information set out on page 62 of Kingsway's 2002 Annual Report provides details of the gross premiums written, underwriting profits, and key ratios from Kingsway's insurance operations compared to industry results for the eight year period ending December 31, 2002.

Capital required for Kingsway's business has been obtained from Kingsway's public offerings of common shares and debentures, its private placements of trust preferred securities, its syndicated term lending facility and its syndicated revolving credit facility, and has been internally generated from underwriting and investment profits. Kingsway's operations create liquidity by

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 6-K

collecting and investing premiums, as more fully discussed on pages 37 and 38 in its 2002 Annual Report.

The total size of Kingsway's investment portfolio, together with cash and accrued interest, increased from \$1.2 billion at the end of 2001 to \$2.1 billion as at both December 31, 2002 and March 31, 2003. Realized returns on a pre-tax basis were 4.9% for 2002 compared with 6.4% for 2001. Kingsway's investment portfolio as at December 31, 2002 was comprised of assets from a number of different classes as reflected in Note 2 to its consolidated financial statements set out on pages 54 and 55 in its 2002 Annual Report.

Kingsway may, from time to time, be involved in discussions concerning acquisition opportunities, although there can be no assurance that any of such discussions will result in a transaction. Kingsway is not currently a party to any agreement or understanding with respect to any future acquisitions.

Payments under the trust preferred securities will be fully guaranteed by the Company. It is anticipated that the public offering will be for approximately US\$50 million plus an over-allotment. The exact amount and terms of the issuance have not been determined as of the date hereof.

In May 2003, subsidiaries of the Company completed two private placements of 30 year floating rate trust preferred securities for aggregate gross proceeds of approximately US\$32.5 million.

Ownership Restrictions

There is no law or government decree or regulation in Canada that restricts the export or import of capital, or affects the remittance of dividends, interest or other payments to non-resident holders of Kingsway's common shares, other than withholding tax requirements.

There is no limitation imposed by Canadian law or Kingsway's articles of incorporation or other charter documents on the right of a non-resident to hold or vote common shares of Kingsway, other than as provided by the Investment Canada Act, which requires notification and, in certain cases, advance review and approval by the Government of Canada of the acquisition by a "non-resident" of "control" of a "Canadian business", all as defined in the Investment Canada Act.

PLAN OF DISTRIBUTION

Subject to the terms and conditions of an underwriting agreement dated as of June 17, 2003 (the "Underwriting Agreement") among Kingsway and the Underwriters, the Underwriters have severally agreed to purchase and Kingsway has agreed to sell 6,100,000 Offered Shares at \$16.70 per Offered Share. The Offering Price was determined by negotiation between Kingsway and the Underwriters.

Kingsway has granted to the Underwriters an Over-Allotment Option, exercisable for a period of 30 days following the closing of this Offering, to purchase up to an additional 610,000 common shares at the Offering Price solely to cover over-allotments, if any. To the extent that the Underwriters exercise the Over-Allotment Option, each Underwriter will become obligated, subject to various conditions, to purchase a number of additional common shares proportionate to such Underwriter's initial commitment. If the Over-Allotment Option is exercised in full, the total price to the public will be \$112,057,000, the total Underwriters' commission will be \$4,482,280, and the total net proceeds to Kingsway will be \$107,574,720 before deducting estimated expenses of the Offering. This short form prospectus qualifies in all of the provinces of Canada both the grant of the Over-Allotment Option and the distribution of any Over-Allotment Shares, if any are purchased.

The Underwriting Agreement provides that the obligations of the Underwriters to purchase the Offered Shares are subject to approval of certain legal matters and to specified conditions precedent. The conditions contained in the Underwriting Agreement include, among other things, the requirement that the representations and warranties made by Kingsway to the Underwriters are true, that there is no material change in the financial markets and that Kingsway delivers to the Underwriters customary closing documents. The obligations of the Underwriters under the Underwriting Agreement may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events. The Underwriters are however, obligated to take up and pay for all of the Offered Shares (but not the Over-Allotment Shares) if any are purchased under the Underwriting Agreement.

The Offered Shares will be offered in all of the provinces in Canada through the Underwriters in such provinces as each is duly registered to do so. The Offered Shares have not been and will not be registered under the United States Securities Act of 1933, as amended (the "US Securities Act") and may not be offered or sold in the United States. The Underwriters have agreed that they will not offer or sell any Offered Shares within the United States.

In consideration for the Underwriters entering into the Underwriting Agreement and for the services to be performed by the Underwriters under the Underwriting Agreement, Kingsway has agreed to pay the Underwriters an underwriting commission of 4% of the total proceeds from this Offering, including the proceeds from the sale of any Over-Allotment Shares. Kingsway estimates that the total expenses of this Offering, excluding the Underwriters Commission, will be approximately \$200,000, which will be paid by Kingsway from the proceeds of the Offering.

Kingsway has agreed to indemnify the Underwriters against various civil liabilities, including liabilities under applicable Canadian securities legislation, or to contribute the payments that the Underwriters may be required to make in respect of these liabilities.

Kingsway has agreed, subject to limited exceptions, for a period of 90 days after the date of this prospectus, not to, without the prior written consent of the Underwriters, directly or indirectly sell, agree or offer to sell, grant any option for the sale of, or otherwise dispose of any common shares of Kingsway or securities convertible into common shares of Kingsway, except for the purposes of granting employee and director compensation and incentives and to satisfy outstanding instruments or contractual commitments.

Other than in Canada, no action has been taken by Kingsway or the Underwriters that would permit a public offering of the Shares in any jurisdiction that requires action for that purpose. The Shares may not be offered or sold, directly or indirectly, nor may this prospectus or any other Offering material or advertisements in connection with the offer and sale of any of the Shares be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Kingsway advises persons who receive this prospectus to inform themselves about and to observe any restrictions relating to the Offering of the Shares and the distribution of this prospectus. This prospectus is not an offer to sell or a solicitation of an offer to buy any of the Shares in any jurisdiction where such an offer or a solicitation would not be permitted or legal.

Pursuant to policy statements of the Ontario Securities Commission and the Commission des valeurs mobilières du Québec, the Underwriters may not, throughout the period of distribution, bid for or purchase common shares of Kingsway. The foregoing restriction is subject to exceptions, on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the common shares of Kingsway. Such exceptions include a bid or purchase permitted under the by-laws and rules of the TSX relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution, provided that the bid or purchase was not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of the common shares of Kingsway. Kingsway has been advised by the Underwriters that, in connection with the Offering, subject to the foregoing and applicable laws, the Underwriters may effect transactions which stabilize or maintain the market price of the common shares of Kingsway at levels other than those which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any

time.
