The Units are subject to a qualification condition that if the shares issued in the Units are not registered in the United States or become listed for trading on the Toronto Stock Exchange by November 15, 2007, the shares and warrants issued in each Unit will be increased by 10%. The Canadian selling agent which participated in this offering was paid a selling commission of 7% or \$593,568 and was issued broker's units equal to 10.5% of the Units sold which represents 1,978,559 shares of Firstgold's common stock and warrants to purchase 989,279 shares of Firstgold's common stock at an exercise price of \$.65 per share. The Units were offered and sold exclusively to individuals residing or entities formed outside the United States who were not deemed to be "US persons" as that term is defined under Regulation S of the Securities Act of 1933. Each investor represented that it was purchasing such Units for its own account. Both the offer and the sale of the Firstgold Units were made outside the United States in "offshore transactions" as that term is defined under Regulation S. The shares and warrants are deemed to be "restricted securities" as defined in Rule 144 under the Securities Act of 1933 and bear a restrictive legend.
