PROXY STATEMENT

**For the Annual Meeting of Shareholders
to be held on March 28, 2012**

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors (the Board or Board of Directors) of Photronics, Inc. (the Company), to be voted at the Annual Meeting of Shareholders to be held on March 28, 2012 at 10:30 a.m. Eastern Time at NASDAQ OMX, 4 Times Square, Second Floor, New York, NY 10036, or any adjournments or postponements thereof (the Annual Meeting). This proxy statement and the enclosed proxy card are first being sent or given to shareholders on or about February 21, 2012.

The persons named as proxies on the accompanying proxy card have informed the Company of their intention, if no contrary instructions are given, to vote the shares of the Company s common stock (Common Stock) represented by such proxies FOR Proposals 1, 2, 3 and 4, and in accordance with their best judgment on any other matters which may come before the Annual Meeting. The Board of Directors does not know of any business to be brought before the Annual Meeting other than as set forth in the Notice of Annual Meeting of Shareholders.

Any shareholder who executes and delivers a proxy may revoke it at any time prior to its use upon (a) receipt by the Secretary of the Company of written notice of such revocation; (b) receipt by the Secretary of the Company of a properly executed proxy bearing a later date; or (c) appearance by the shareholder at the Annual Meeting and his or her request to revoke the proxy. Any such notice or proxy should be sent to Photronics, Inc., 15 Secor Road, Brookfield, Connecticut 06804, Attention: Secretary. Appearance at the Annual Meeting without a request to revoke a proxy will not revoke a previously executed and delivered proxy.

QUORUM; REQUIRED VOTES

Only shareholders of record at the close of business on February 9, 2012, are entitled to notice of and to vote at the Annual Meeting. As of February 9, 2012, there were 60,344,376 shares of Common Stock issued and outstanding, each of which is entitled to one vote. At the Annual Meeting, the presence in person or by proxy of the holders of a majority of the total number of shares of outstanding Common Stock will be necessary to constitute a quorum. Assuming a quorum is present, the matters to come before the Annual Meeting that are listed in the Notice of Annual Meeting of Shareholders require the following votes to be approved: (1) Proposal 1 (Election of Directors) a plurality of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to elect 6 members of the Board of Directors; (2) Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm for the Fiscal Year Ending October 28, 2012) a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to ratify the selection of Deloitte & Touche LLP; (3) Proposal 3 (To approve an amendment to the Photronics, Inc. Employee Stock Purchase Plan to increase the number of authorized shares of Common Stock available for issuance from 1,200,000 to 1,500,000) a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to approve an amendment to the Photronics, Inc. Employee Stock Purchase Plan; (4) Proposal 4 (Executive Compensation) a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to approve the non-binding resolution approving the compensation of the named executive officers as described in the Compensation Discussion and Analysis and the narrative disclosure as included in this proxy statement. Abstentions will be considered as present but will not be considered as votes in favor of any matter; broker non-votes will not be considered as present for the matter as to which the shares are not voted.

Neither the approval nor the disapproval of Proposal 4 will be binding on the Company or the Board of Directors or will be construed as overruling a decision by the Company or the Board of Directors. Neither the approval nor the disapproval of Proposal 4 will create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for the Company or the Board of Directors. However, the Company will consider the results of these advisory votes in making future decisions on the Company's compensation policies, and the compensation of the Company's named executive officers.

Pursuant to the rules that govern brokers and nominees who have record ownership of shares that are held in street name for account holders (who are the beneficial owners of the shares), brokers and nominees typically have the discretion to vote such shares on routine matters, but not on non-routine matters. If a broker or nominee has not received voting instructions from an account holder and does not have discretionary authority to vote shares on a particular item because it is a non-routine matter, a broker-non-vote occurs. Under the rules governing brokers, an uncontested director election is considered a non-routine matter for which brokers do not have discretionary authority to vote shares held by an account holder. Additionally, as required by Section 957 of the recently adopted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), advisory votes on executive compensation and on the frequency of such votes are also considered non-routine matters for which brokers do not have discretionary authority to vote shares held by account holders. Only the ratification of our independent registered public accounting firm under Proposal 2 is considered a routine matter.

Shareholders who hold their shares through a broker (in street name) must provide specific instructions to their brokers as to how to vote their shares, in the manner prescribed by their broker.

CORPORATE GOVERNANCE AND ETHICS

Photronics is committed to the values of effective corporate governance and high ethical standards. Our Board believes that these values are conducive to long-term performance and periodically reevaluates our policies to ensure they meet the Company's needs. Set forth below are a few of the corporate governance practices and policies that we have adopted.

- **Related Party Transaction Policy.** Our Audit Committee is responsible for approving or ratifying transactions involving the Company and related parties and determining if such transactions are, or are not, consistent with the best interests of the Company and our shareholders.
- **Executive Sessions.** The Company's Board of Directors' meetings regularly include executive sessions without the presence of management, including the Chairman and Chief Executive Officer.
- **Shareholders Rights Plan Policy.** The Company does not have a shareholders rights plan and is not currently considering adopting one. The Board of Directors' position is that it will only adopt a shareholders' rights plan if the Board of Directors determines that it is in the best interests of the Company, taking into consideration all factors that it deems advisable and appropriate.

BOARD OF DIRECTORS POLICIES AND COMMITTEE CHARTERS

The Company has adopted a code of ethics and corporate governance policy to assist the Board and its committees in the exercise of their responsibilities. The code of ethics and corporate governance policies apply generally to the Board and the Company's named executive officers. Each of the Board committees has a written charter that sets forth the goals and responsibilities of the committee. Each of the charters can be found on the Company's website at www.photronics.com.

The number of directors on our Board will be no less than three nor more than fifteen members. Currently the Board has fixed the number of directors at six members. The Board is responsible for nominating members to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders, in each case upon the recommendation of the Nominating Committee. The Nominating Committee seeks input from other Board members and senior management and may engage a search firm to identify and evaluate potential candidates. The Board and each of the committees of the Board conduct annual self-assessments to determine their effectiveness. Additionally, each committee reviews the adequacy of its charter annually and considers any proposed changes.

The Board of Directors believes that the current Board leadership structure, in which the roles of Chairman and Chief Executive Officer are held by one person, is appropriate for the Company and its shareholders at this time. The current Board leadership structure is believed to be appropriate because it demonstrates to our employees, suppliers, customers, and other shareholders that the Company is under strong leadership, with a single person setting the tone and having primary responsibility for managing the Company's operations. Having a single leader for both the Company and the Board reduces the potential for confusion or duplication of efforts, and provides clear leadership for the Company.

The Board will continue to reexamine our corporate governance policies and leadership structure on an ongoing basis to ensure that they continue to meet the Company's needs.

THE BOARD OF DIRECTOR'S ROLE IN RISK OVERSIGHT AND ASSESSMENT

The Company has a risk management program overseen by senior management and approved by the Board of Directors. Risks are identified and prioritized by senior management and each prioritized risk is assigned to either a Board committee or the full Board for oversight. For example, strategic risks are overseen by the full Board; financial and business conduct risks are overseen by the Audit Committee or the full Board; risks related to related party transactions are overseen by the Audit Committee and compensation risks are overseen by the Compensation Committee. Management regularly reports on enterprise risks to the relevant committee or the Board. Additional review or reporting on enterprise risk is conducted as needed or as requested by the Board or relevant committee.

COMPENSATION RELATED RISK

The Company regularly assesses the risks related to our compensation programs, including our executive compensation programs and does not believe that the risks arising from our compensation policies and practices are reasonably likely to have a material effect on the Company. Incentive award targets and opportunities are reviewed annually allowing the Compensation Committee to maintain an appropriate balance between rewarding high performance without encouraging excessive risk as the Company's business evolves.

The Audit Committee reviewed and discussed with management and the independent auditors, as appropriate, (1) the audited financial statements and (2) management's report on internal control over financial reporting and the independent accounting firm's related opinions. Additionally, the Audit Committee pre-approved all audit and non-audit services provided to the Company by Deloitte & Touche LLP. COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors (the Compensation Committee) was established in 1992 and is comprised of two of the independent, non-employee members of the Board of Directors. Neither of these individuals was an officer or employee of the Company at any time during fiscal year 2011 or at any other time, and neither of them have interlocking relationships as described in Item 407 of Regulation S-K. The Compensation Committee is responsible for setting and administering the policies governing compensation of executive officers. The key objectives of the Compensation Committee are to provide competitive compensation to attract and retain talented employees, to advance the goals of the Company by aligning executive compensation with shareholder interests and minimizing risks associated with compensation. The Compensation Committee reviews and approves, among other things, overall annual performance for the Named Executive Officers as well as all participants in the Company's 2011 Executive Incentive Compensation Plan. The Compensation Committee considers each executive officer's performance and makes recommendations regarding his/her base salary, annual cash incentive and stock-based awards to the full Board of Directors. The Compensation Committee periodically reviews its approach to executive compensation and makes changes when appropriate.

Philosophy

The Company's philosophy is that executive compensation must be competitive with other comparable employers to insure that qualified employees can be attracted and retained and that the Company's compensation practices should provide incentives for creating a return to the Company's shareholders. The Compensation Committee uses three components to achieve these goals: base salary, annual cash incentives and stock-based awards. The Company's executive officer compensation program is designed so that: compensation is competitive; pay is aligned with creating shareholder value and compensation risks are assessed and managed appropriately in the context of the Company's business strategy. When determining compensation, the Compensation Committee assesses the overall performance

of the Company, the Named Executive Officer's role in that performance, the compensation previously received by the Named Executive Officers and the compensation of similarly situated executive officers working for peer group companies. The Compensation Committee also uses a subjective approach when linking the Company's performance and the total compensation of the Named Executive Officers.

Elements of Compensation

In establishing compensation levels for the Named Executive Officers of the Company, identified in the Summary Compensation Table, the Compensation Committee considers compensation at fifteen publicly traded companies in the semiconductor/electronics industries with similar levels of sales and capital. These companies are Advanced Energy Industries, Inc., ATMI, Inc., Axcelis Technologies, Inc., Brooks Automation, Inc., Cabot Microelectronics Corp., Credence Systems Corp., Cymer, Inc., Entegris, Inc., FEI Co, Kulicke & Soffa Industries, Inc., MEMC Electronic Materials, Inc., Novellus Systems, Inc., Varian Semiconductor Equipment Associates, Inc., and Veeco Instruments, Inc. The Compensation Committee adjusts executive compensation in connection with this review. Generally, the Compensation Committee believes that the compensation of its executive officers should be set near the median compensation of this comparison group; however it is also important to the Compensation Committee that compensation reflect individual performance and that may warrant compensation up to 20% above or below the median. The Compensation Committee believes that the three components of the Company's compensation: base salary, annual cash incentives and stock-based awards result in a compensation program which is competitive and aligns the Named Executive Officer's interests with shareholder value creation. Actual base salary increases, annual cash incentive and stock-based award compensation vary based on an individual's experience, job responsibilities, performance, the Company's financial results, and the discretion of the Compensation Committee. The Compensation Committee does not use tally sheets or any formulas in determining executive compensation. The Compensation Committee does not believe that there are any risks arising from the Company's compensation policies and practices for its employees that are reasonably likely to have a material adverse effect on the Company. The benefits program enjoyed by the Company's Named Executive Officers is the same as that offered to all other domestic employees. Dr. Jeong, Mr. Smith, Dr. Kirlin, Dr. Proglor and Ms. Burr have employment agreements that outline the terms and provisions of their employment. Each agreement covers title, duties and responsibilities, stipulates compensation terms and provides for post-termination compensation in certain circumstances.

Base Salary

The Compensation Committee evaluates and establishes base salary levels in light of economic conditions (generally and in the regions where executives work) and comparisons to other similarly situated companies. Base salary is designed to recognize an executive's knowledge, skills, abilities and ongoing performance. The Compensation Committee targets base salary for all executives to be at a level consistent with our assessment of their value relative to their peers in the labor market, while also taking into account our need to maintain costs in light of business conditions and the challenging economic times. Any recommendations for salary changes (other than the Chief Executive Officer) are made by the Chief Executive Officer and presented to the Compensation Committee for approval.

Annual Incentives

The Company had record revenue for the second quarter, third quarter and for the year ended October 30, 2011. The Company also ended the fiscal year with 20% year over year sales growth. The Compensation Committee met on December 9, 2011, and based on the performance results of the Company for fiscal year 2011, the Compensation Committee set \$600,000 (or 3.7% of fiscal 2011 net income attributable to the Company) as an available pool for cash bonuses for the Named Executive Officers. Furthermore, the Compensation Committee used its subjective discretion to determine an appropriate amount of a cash bonus for the Chief Executive Officer. The Compensation Committee, together with the recommendations of the Chief Executive Officer, determined an appropriate amount for a cash bonus for each of the other Named Executive Officers to receive.

During the 2011 Annual Meeting, our shareholders approved the 2011 Executive Incentive Compensation Plan (the 2011 EICP). Participation in the 2011 EICP is limited to key employees of the Company as designated by the Compensation Committee. The 2011 EICP is administered by the Compensation Committee which has full power and authority to determine which key employees of the Company receive awards under the 2011 EICP, to set performance goals and bonus targets for each fiscal year, to interpret and construe the terms of the 2011 EICP and to make all determinations it deems necessary in the administration of the 2011 EICP, including any determination with respect to the achievement of performance goals and the application of such achievement to the bonus targets. The 2011 EICP sets out quantitative and qualitative categories of business criteria upon which performance goals are based. The business criteria measures within each category are assigned different weightings based upon their relative degree of importance as determined by the Compensation Committee.

In the quantitative category one or more of the following business criteria may be used as performance measures: (i) net sales, (ii) operating income, (iii) net income, (iv) earnings per share of common stock, (v) net cash flows provided by operating activities, (vi) net increase in working capital, (vii) return on invested capital, (viii) return on equity and/or (ix) debt reduction. In the qualitative category, the business criteria relates to objective individual performance, taking into account individual goals and objectives. The performance goals with respect to each category of business criteria are established by the Compensation Committee within ninety days of the commencement of each fiscal year. In addition, within ninety days of the commencement of the fiscal year, a performance threshold for each performance goal is established with respect to each participant, representing the minimum level of achievement that the participant must attain in order to receive a bonus under the 2011 EICP. Annual bonus targets are either expressed as a percentage of current salary or a fixed monetary amount with respect to each category of business criteria applied. At the end of each fiscal year for which a bonus may be earned, the Compensation Committee determines each participant's level of achievement of the established performance goals. Consistent with the relevant provisions of the Dodd-Frank Act, the Company will clawback, or adjust if the relevant performance measures that awards are based upon are restated or otherwise adjusted in a manner that would reduce the size of the award or payment. The Compensation Committee may amend or terminate the 2011 EICP at any time provided that no amendment will be effective prior to approval of the Company's shareholders to the extent such approval is required to preserve deductibility of compensation paid pursuant to the 2011 EICP under Section 162(m) of the Code or otherwise required by law.

Because the 2011 EICP was adopted half way through the 2011 fiscal year, the Compensation Committee will establish defined quantitative and qualitative business criteria to use for performance measures for fiscal 2012.

Long Term Equity Incentives

The Company's long term incentive program uses restricted stock and stock options. Stock options have an exercise price equal to the fair market value of our common stock on the date of grant. The Compensation Committee evaluates the competitiveness of the Company's current long term incentive program in relationship to our peer group. Each year the Compensation Committee assesses each element of Photronics' executive compensation including base salary, target total cash compensation (base salary plus target incentive award opportunity), actual total cash compensation (base salary plus last bonus paid), long term incentives and actual total direct compensation.

The Company maintains stock option plans which allow for the grant of stock options and restricted stock awards to directors and executive officers of the Company, as well as, other employees of the Company. The Compensation

Committee believes that the grant of stock options and restricted stock awards provides a strong link between executive compensation and shareholder return, aligning the long term interests of its executives with those of the Company's shareholders and thereby promoting strategic planning while minimizing excessive risk.

In March of 2007, the Company adopted a Long Term Equity Incentive Plan (LTEIP). In April of 2010, the LTEIP was amended to increase the number of shares available for issuance under the plan from 3 million to 6 million and the amount of restricted stock allowed to be issued thereunder from 10% to 15% of the total shares issued cumulatively. The LTEIP permits the grant of stock options, restricted stock, stock appreciation rights, performance shares and performance units as well as restricted stock units and other equity-based awards. The annual schedule for granting of equity awards under the LTEIP is decided every December at the Company's Board of Directors meeting. Grants to executive officers under the LTEIP are based on job responsibilities and potential for individual contribution impacting the Company's overall performance. When considering grants, the Compensation Committee exercises judgment and discretion and also considers previous stock award grants in order to align generally with its overall compensation philosophy. For example, the Compensation Committee may consider reducing grants in a particular year, when a Named Executive Officer has large realizable gains from stock award grants in previous years. The Company generally provides restricted stock awards and stock options to the executive officers pursuant to the terms of the LTEIP.

The annual option granting process generally begins with the Compensation Committee providing direction to the Chief Executive Officer as to the total number of shares available for grant for the year. The Chief Executive Officer then provides individual grant recommendations to the Compensation Committee (except for his own) for review and approval. The Chief Executive Officer's recommendation is a subjective evaluation of the Named Executive Officers contribution to the Company's future success, the level of incentive compensation previously received as well as the market price of the common stock on the date of grant. The Compensation Committee considers the aggregate number of shares available, the number of shares previously awarded and the number of individuals to whom the Company wishes to grant stock options or restricted stock awards. The Compensation Committee reserves the right to consider the factors it considers relevant under the circumstances then prevailing in reaching its determination regarding the amount of each stock option and/or restricted stock award.

Options awards typically vest 25% per year beginning one year after the grant date, with full vesting on the fourth anniversary of the grant date. The term of such options is ten years after which the options expire, unless the employee separates earlier from the Company, at which point the options expire 30 days after separation. The exercise price is established as of the date of grant. Restricted stock awards typically vest 25% per year beginning one year after the grant date, with full vesting on the fourth anniversary of the grant date. Any stock not fully vested on the date the employee separates from the Company are forfeited.

The Chief Executive Officer's grant is determined by the Compensation Committee at its sole discretion, based on the Compensation Committee's evaluation of the Chief Executive Officer's expected contribution to the Company's future success, the level of incentive compensation previously awarded, the overall performance of the Company, a review of the Chief Executive Officer's peer group compensation as well as the market price of the Company's common stock on the date of grant.

Health and Welfare and Retirement Benefits

The Named Executive Officers participate in a variety of health and welfare and paid time off benefits designed to allow the Company to retain its workforce. The Company does not have a defined benefit pension plan or supplemental retirement plan. However, the Company does have a Profit Sharing and Saving Plan (the Plan). The Plan is a 401(k) compliant plan which enables participating employees to make contributions from their earnings and share in the contributions the Company makes to a trust fund maintained by the trustee. An account in the trust fund is maintained by the trustee for the Plan. All employees are eligible to participate in the Plan except for nonresident aliens with no United States earned income from the Company and temporary employees or interns. The minimum amount that an employee can contribute is 1% and the maximum amount is 50%. In fiscal year 2011, the Company provided a matching contribution based on the contributions that participating employees made to the Plan. Participating employees received a matching contribution of 50% of the first 4% of their contribution to the Plan.

Dr. Jeong is entitled to participate in the PKL employee benefit plans and arrangements as may be established from time to time in Korea (which may include, without limitation, medical plan, dental plan, disability plan, basic life insurance and business travel accident insurance plan, as well as the Company's bonus plan(s), and stock award plans or any successor plans thereto). The Company and PKL have the right to terminate or change any such plans or programs at any time. Upon termination of Dr. Jeong's employment with PKL, Dr. Jeong will receive a lump sum payment of U.S. \$108,000 multiplied by the total number of years that Dr. Jeong was employed by PKL (including years prior to the date of this Agreement). The sum of \$108,000 shall be fixed and is not subject to escalation or increase based on any bonus or salary increase that Dr. Jeong may receive during the term of his agreement.

Employment Agreements

In order to retain the Named Executive Officers and retain continuity of management in the event of an actual or threatened change of control, the Company has entered into employment agreements with each of the Named Executive Officers except for Mr. Macricostas. Each employment agreement sets forth the severance benefits due in the event of a change in control or termination without cause. These employment agreements are described below under the caption Certain Agreements. The estimate of the compensation that would be payable in the event of a change in control or termination without cause is described below under the caption Potential Payments Upon Termination or Change in Control. The Compensation Committee believes that these agreements are a competitive requirement to attract and retain highly qualified executive officers. Before authorizing the Company to enter into the employment agreements with the Named Executive Officers, the Compensation Committee analyzed each of the termination and change in control arrangements and determined that each arrangement was necessary and appropriate under the circumstances of the Company and given the circumstances of each of the individual Named Executive Officers. The Compensation Committee will review these arrangements again upon the renewal of each employment agreement. Mr. Macricostas does not have an employment agreement but does have a consulting agreement with the Company. However, the consulting agreement has been suspended for the period of time that Mr. Macricostas is an employee of the Company. Mr. Macricostas became an employee of the Company on November 10, 2008.

The Compensation Committee understands that excise tax gross up upon a change of control is considered to be a pay practice that may be unfavored by some shareholders. The Compensation Committee is evaluating its policy of including this in the Named Executive Officers employment agreements prospectively.

Tax and Accounting Impact on Compensation

Financial reporting and income tax consequences to the Company of individual compensation elements are important considerations for the Compensation Committee when it is analyzing the overall level of compensation and the mix of compensation. Overall, the Compensation Committee seeks to balance its objective of ensuring an effective compensation package for the Named Executive Officers while attempting to ensure the deductibility of such compensation while ensuring an appropriate and transparent impact on reported earnings and other closely followed financial measures.

Section 162(m) of the Internal Revenue Code limits the amount of compensation paid to each Named Executive Officer that may be deducted by the Company to \$1 million in any year. There is an exception to the \$1 million limitation for performance-based compensation that meets certain requirements. Historically, the compensation paid to our executive officers has not exceeded this limit. To the extent that it is practicable and consistent with the Company's executive compensation philosophy, the Company intends to design its executive officer compensation policy to ensure the deductibility of such compensation under Section 162(m) or if it is determined not to be in the best interest of stockholders, the Compensation Committee will abide by its compensation philosophy even if it results in a loss of deductibility.

2011 EXECUTIVE COMPENSATION

Base salaries for executive officers of the Company are established primarily upon an evaluation of the executive officer's position in the Company, competitive market practices, individual performance, level of responsibility and technical expertise. The base salaries for the Named Executive Officers are set forth in their respective employment agreements which are described below under the caption Certain Agreements. For executive officers other than the Chief Executive Officer, changes in base salary are proposed to the Compensation Committee by the Chief Executive Officer based on his evaluation of each individual's performance for the year and expected future contributions as well as target pay position relative to the peer group and the Company's overall salary budget guidelines. The Chief Executive Officer's recommendations are reviewed and approved by the Compensation Committee. In December of 2011 (which is part of the Company's fiscal year 2012), the Named Executive Officers received restricted stock and stock option awards and also received a cash bonus. Mr. Smith and Ms. Burr each received a \$15,000 salary increase. The Compensation Committee believes that the salary increases properly align the incumbents with competitive norms commensurate with their level of accountability.

2011 CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Macricostas' base compensation as Chief Executive Officer is \$600,000. The Compensation Committee based Mr. Macricostas' 2011 base compensation on competitive chief executive officer salaries. Mr. Macricostas received a grant of 112,500 options and 56,250 shares of restricted stock in December of 2011 and also received a cash bonus of \$130,000 in December of 2011. Mr. Macricostas declined a salary increase recommended by the Compensation Committee in December 2011.

2011 COMPENSATION DECISIONS

On December 10, 2010, the Compensation Committee awarded Dr. Jeong 16,250 shares of restricted stock and 32,500 options; Mr. Smith 12,500 shares of restricted stock and 25,000 options; Dr. Kirlin 10,000 shares of restricted stock and 20,000 options, Dr. Progler 8,750 shares of restricted stock and 17,500 options and Ms. Burr 7,500 shares of restricted stock and 15,000 options. The awards were based on recommendations of the Chief Executive Officer. The awards were made in fiscal 2011 but were made for fiscal 2010 performance.

On December 9, 2011, the Compensation Committee awarded Dr. Jeong a cash bonus of \$75,000; Mr. Smith a cash bonus of \$85,000; Dr. Kirlin a cash bonus of \$65,000, Dr. Progler a cash bonus of \$55,000 and Ms. Burr a cash bonus of \$40,000 for their 2011 performances. On December 9, 2011, the Compensation Committee also awarded Dr. Jeong 16,250 shares of restricted stock and 32,500 options; Mr. Smith 12,500 shares of restricted stock and 25,000 options; Dr. Kirlin 10,000 shares of restricted stock and 20,000 options, Dr. Progler 8,750 shares of restricted stock and 17,500 options and Ms. Burr 7,500 shares of restricted stock and 15,000 options. The awards were based on recommendations of the Chief Executive Officer. The awards were made in fiscal 2012 but were for fiscal 2011 performance.

When determining 2011 compensation the Compensation Committee considered the overall performance of the Company, including the fact that the Company had record revenue for the second quarter, third quarter and for the year ended October 30, 2011. Additionally, the Company ended the fiscal year with 20% year over year sales growth. The Compensation Committee considered each Named Executive Officer's role in the Company's performance, the compensation previously received by each of the Named Executive Officers and the compensation of similarly situated executive officers working for peer group companies. The Compensation Committee also used a subjective approach when linking the performance of the Company with the compensation of the Named Executive Officers.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis (CD&A) with the Company's management. Based on the review and discussions, the Compensation Committee recommended to the Company's Board of Directors that the CD&A be included in these Proxy Materials.

Respectfully submitted,

Walter M. Fiederowicz, Chairman
Joseph A. Fiorita, Jr.

Mr. Macricostas does not have an employment agreement with the Company and, therefore, is not contractually entitled to severance payments in the event of termination by the Company without cause, termination upon a change of control or resignation with good reason. The table below was prepared as if the Named Executives employment was terminated as of October 28, 2011, the last business day of our 2011 fiscal year and, if applicable, a change of control occurred on that date. The table also utilizes the closing share price of Photronics Common Stock on October 28, 2011.

- (1) Assumes no bonus will be paid as part of the severance payment. The calculation was based on base salary for fiscal 2011.
- (2) Assumes a payment of \$1,400 per month for COBRA premiums for 12 months.
- (3) The value of options assumes all outstanding option awards that are in the money and as of October 28, 2011, were immediately vested upon the change of control, regardless of whether termination of employment, for any reason has occurred, as provided under the Company's stock incentive plans. The amount is calculated by multiplying the amount of options granted by the closing price on the date of grant and then deducting that number from the number of options granted multiplied by the closing share price on October 28, 2011. The closing price on the date of grant was \$3.27 for the award granted on August 20, 2008, \$0.76 for the award granted on November 10, 2008 and \$4.42 for the award granted on December 21, 2009. The closing price on October 28, 2011 was \$6.49.
- (4) The value of restricted stock assumes all outstanding awards as of October 28, 2011, were immediately vested upon the change of control, regardless of whether termination of employment, for any reason has occurred, as provided under the Company's stock incentive plans. In the case of restricted stock the value is based on the number of outstanding shares that would not ordinarily have vested on October 28, 2011, multiplied by \$6.49, the applicable closing share price on that date.

- (5) The amount set forth above does not include the severance payment of \$108,000 multiplied by the number of years that Dr. Jeong was employed by PKL.

The Audit Committee has selected Deloitte & Touche LLP (D&T), independent registered public accounting firm, to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending October 28, 2012. We are asking you to ratify this selection at the meeting.

A representative of D&T will attend the meeting to answer appropriate questions and may make a statement.

PROPOSAL 3
TO APPROVE AN AMENDMENT TO THE PHOTRONICS, INC. EMPLOYEE STOCK PURCHASE PLAN
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK AVAILABLE FOR
ISSUANCE FROM 1,200,000 TO 1,500,000

For the purpose of aiding the Company and its subsidiaries in attracting, retaining and motivating personnel and encouraging stock ownership by employees, the Company has an Employee Stock Purchase Plan.

The Company's Employee Stock Purchase Plan (Plan) was approved by the shareholders of the Company at the Annual Meeting held on March 18, 1992 and was amended as of April 1, 1998, March 24, 2004, and April 8, 2010. This Proposal No. 3, if approved by the shareholders, would increase the number of shares of Common Stock available for purchase under the Plan. There are currently 1,200,000 shares of our Common Stock authorized for issuance under the Plan. Under the Plan, approximately 1.0 million shares had been issued through October 30, 2011, and approximately 62,000 shares were subject to outstanding subscriptions. This amendment would increase the number of shares of Common Stock authorized for issuance under the Plan from 1,200,000 to 1,500,000 shares. The Board approved this amendment at a meeting held on December 9, 2011, subject to the approval of the shareholders.

The Board believes the Plan should be amended to increase the number of shares authorized for issuance in order to permit employees to purchase shares of Common Stock through payroll deductions. Approval of this proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Annual Meeting.

The following is a summary of the material features of the Plan, as amended. The Plan is qualified in its entirety by reference to the text of the Plan. You may request a copy of the Plan, as amended, free of charge by writing to: General Counsel, Photronics, Inc., 15 Secor Road, Brookfield, Connecticut, 06804. A copy of the plan is also attached hereto as Annex A.

Administration

The Plan is administered by a plan committee which consists of two (2) or more members of the Board of Directors, none of whom are eligible to participate in the Plan. The plan committee is authorized to determine any questions arising in the administration, interpretation and application of the Plan, and is authorized to make such uniform rules as may be necessary to carry out its provisions. The Board of Directors of the Company may amend the Plan, except that the Board of Directors may not, without shareholder approval, make any amendment which would increase the number of shares reserved under the Plan, extend the term during which offerings may be made under the Plan, or increase the maximum number of shares which an eligible employee is entitled to purchase.

Plan Participation

Under the Plan, each person who has been an employee of the Company for one complete calendar month and whose customary employment is for more than twenty (20) hours per week and for more than five (5) months per calendar year is eligible to purchase that number of shares of Common Stock having a purchase price equal to not more than 5% of the employee's annual compensation. Approximately 630 individuals will be eligible to participate in the Plan. The purchase price per share shall be an amount equal to such percentage, not greater than 100% nor less than 85%, as determined by the plan committee on the offering date, of the fair market value of a share of Common Stock on one of the following dates, as determined by the plan committee, the offering date or the purchase date whichever would result in a lower purchase price for the Common Stock. Any person who, after grant of a right to purchase, would hold 5% or more of the Common Stock of the Company is not eligible to make purchases under the Plan. In addition, the granting of a right to any employee to purchase shares under the Plan and any other stock purchase plan of the Company and its subsidiaries is limited to \$25,000 in fair market value of such shares (determined as of the date of grant of such right) for each calendar year.

The total purchase price of the shares of stock covered by the grants is paid through payroll deductions over a period of up to twenty-four months. A participating employee has none of the rights or privileges of a shareholder of the Company (including rights to dividends) until the shares are fully paid for and issued.

It is intended that the rights to purchase shares of stock to be granted by the Company will constitute options issued pursuant to an employee stock purchase plan within the meaning of Section 423 of the United States Internal Revenue Code of 1986, as amended (the Code).

Shares Available

A maximum of one million two hundred thousand shares (1,200,000) shares of Common Stock may currently be issued under the Plan. In the event of a stock dividend, share distribution, recapitalization, merger, consolidation, split-up, spin-off, combination or exchange of share or similar action with respect to the Common Stock, the Board makes adjustments to the unissued shares under the Plan to reflect any such event.

Certain Federal Income Tax Considerations

The following is a general summary of certain United States income tax consequences based upon the laws as currently in effect, and does not purport to cover possible foreign, state, local, estate, employment or other tax consequences.

The Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant at the time of purchase of shares. Upon disposition of the shares, the participant will be subject to tax and the amount of the tax will depend on the period of time that the participant holds the shares. If the shares are disposed of by the participant at least two years after the beginning of the option period and at least one year from the date the shares are purchased, the lesser of (a) the excess of the fair market value of the shares at the time of such disposition over the purchase price, or (b) 15% of the fair market value of the shares on the first day of the option period, will be treated as ordinary income and any further gain will be taxed at long-term capital gain rates. If the shares are sold after such time and the sale price is less than the purchase price, the participant recognizes no ordinary income but, instead, a capital loss for the difference between the sale price and the purchase price.

If the shares are sold or otherwise disposed of before the expiration of such two-year and one-year periods, the excess of the fair market value of the shares on the exercise date over the purchase price will be treated as ordinary income even if no gain is realized on the sale or if a gratuitous transfer is made. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period.

The Company is not entitled to a deduction for amounts taxed as ordinary income to a participant except to the extent of ordinary income recognized by participants upon disposition of shares within two years from the date of grant or within one year of the date of purchase.

New Plan Benefits

It is not presently possible to determine the benefits or amounts that will be received by any particular employee or groups in the future.

**PROPOSAL 4
TO APPROVE, BY NON-BINDING VOTE, THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS**

Pursuant to the Dodd-Frank Act, we are asking our shareholders to provide advisory approval of the compensation of our Named Executive Officers, as we have described it in the Compensation Discussion and Analysis section of this proxy statement beginning on page 11. While this vote is advisory, and not binding on the Company, it will provide information to our Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices which the Compensation Committee will be able to consider when determining executive compensation for the remainder of fiscal 2012 and beyond. For the reasons stated below, we are requesting your approval of the following non-binding resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

The compensation of our Named Executive Officers and our compensation philosophy policies are comprehensively described in the Compensation Discussion and Analysis, and its accompanying tables (including all footnotes).

The Compensation Committee designs our compensation policies for our Named Executive Officers to create executive compensation arrangements that are competitive, align pay with creating shareholder value and balance compensation risk appropriately in the context of the Company's business strategy. Based on its review of the total compensation of our Named Executive Officers for fiscal year 2011, the Compensation Committee believes that the total compensation for each of the Named Executive Officers is reasonable and effectively achieves the designed objectives of driving Company performance, attracting, retaining and motivating our people, aligning our executives with shareholders' long-term interests and discourage excessive risk taking.

Neither the approval nor the disapproval of this resolution will be binding on us or the Board of Directors or will be construed as overruling a decision by us or the Board of Directors. Neither the approval nor the disapproval of this resolution will create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for us or the Board of Directors.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVING THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has an operating policy the purpose of which is to ensure that contracts with entities in which any director, officer or other member of management has a financial interest are competitively priced and commercially reasonable. Under the policy, any such contract must be reviewed and approved in advance by the Audit Committee. To the extent that anyone on the Audit Committee is the person with a financial interest, the Chief Executive Officer and Chief Financial Officer of the Company will obtain independent assessment of the commercial reasonableness of the contract as considered necessary.

The Company believes that the terms of the transactions described below with affiliated persons were negotiated at arm's length and were no less favorable to the Company than the Company could have obtained from non-affiliated parties.

The Company is a party to a long-term service contract entered into in 2002 pursuant to which it outsources the administration of its global wide area network and related communication services to RagingWire Enterprise Solutions, Inc. Constantine Macricostas is a founder, majority shareholder and the Vice Chairman of the Board of Directors of RagingWire, and his son, George Macricostas is the Executive Chairman of the Board and founder of RagingWire. The decision to pursue an outsourced solution to satisfy the Company's network and communication needs was made by our management, and we obtained bids from and reviewed the service offerings of six other global and regional vendors before RagingWire was selected as the most favorably priced solution for its service offerings. During the 2011 fiscal year, the Company incurred expenses of \$1.8 million for services provided to the Company by RagingWire. As of October 30, 2011, the Company had contracted with this service provider through 2013 for a cost of approximately \$3.2 million.

(PKL) is also a significant shareholder of S&S Tech which serves as a supplier of photomask blanks to the Company. In fiscal 2011, the Company purchased \$21.4 million of photomask blanks from S&S Tech of which \$2.9 million was owed to S&S Tech as of October 30, 2011.
