PART I

ITEM 1. DESCRIPTION OF BUSINESS.

History. American Capital Holdings, Inc. (the "Company") was incorporated in the State of Florida on January 27, 1999 as U S Amateur Sports Company, a wholly owned subsidiary of eCom eCom.com, Inc. ("eCom") which trades on the OTC/Bulletin Board under the symbol 'ECEC.' On March 24, 2003, the Company changed its name to USA SportsNet Company, and recently changed its name to American Capital Holdings, Inc. in connection with its spin off by eCom and its acquisition of certain assets of a company formerly known as American Capital Holdings, Inc. (now known as ACHI, Inc.) The Company's main office is located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, Florida 33410, and the telephone number is (561) 207-6395.

While a wholly owned subsidiary of eCom, the Company developed an e-commerce Internet infrastructure. This product provided an affordable, user-friendly technological platform and professional resources to facilitate web business development. It also operated an on-line business as a test model, using Company developed e-commerce concepts to sell sports products.

The Spin Off. The Company was one of ten wholly owned subsidiaries of eCom, all with varying business plans. In recent years, eCom concluded that it did not have the financial resources necessary to develop all of its ten business units collectively. eCom decided to spin off its subsidiaries into independent companies in the belief that independent companies, each with a distinct business, would be better able to obtain necessary funding and develop their business plans. This belief was based in part on eCom's experience with potential business partners that sought involvement with only one of eCom's subsidiaries, rather than involvement with the multi-faceted eCom.

On December 1, 2003, the Board of Directors of eCom approved the spin-off of the Company. They voted to issue to the shareholders of eCom one share of the Company for every one share of eCom owned as of the record date of January 5, 2004. Fractional shares are to be purchased by the Company. No payment will be required of the eCom shareholders.

Pursuant to Staff Legal Bulletin No. 4 issued September 16, 1997, the SEC has addressed the Division of Corporation Finance's views regarding whether the registration requirements of Section 5 of the Securities Act of 1933 applies to spin-offs. The Division has taken the view that the subsidiary does not have to register a spin-off under the Securities Act when it meets certain requirements.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

1. The parent company's shareholders do not provide consideration for the spun-off shares;
2. The spin-off is pro-rata to the parent company's shareholders;
3. The parent company provides adequate information about the spin-off and the subsidiary to its shareholders and to the trading markets;
4. The parent company has a valid business purpose for the spin-off; and
5. If the parent company spins-off "restricted securities," it has held those securities for at least two years.

The Company believes that the spin-off of ACH shares to the shareholders of eCom meets the above requirements and does not have to register the spin-off company under the Securities Act. As a result, the common shares to be issued pursuant to the spin-off company may be issued without restriction except for affiliates of eCom.

Acquisition from American Capital Holdings. After the spin off of the Company was completed, the Company was presented with an opportunity to acquire certain assets of American Capital Holdings, Inc. (now known as, and referred to hereafter as ACHI) On January 12, 2004, the Company entered into an Asset Purchase Agreement with ACHI whereby the Company agreed to acquire certain assets of ACHI in return for the issuance of common stock of the Company in an amount equal to 95% of the total ownership of the Company. In order to accomplish this transaction, the Company effected a 20 to 1 reverse stock split, which reduced its outstanding stock to 2,497,756 shares, and agreed to issue to ACHI 49,955,112 shares. ACHI agreed to accept the issuance of 13,561,804 shares at closing, and assigned its right to receive the 13,561,804 shares to its principle, Barney A. Richmond, now the President of the Company. The remaining 36,393,308 shares were reserved for issuance by the Company in connection with future acquisitions and financings. The Company then changed its name to American Capital Holdings, Inc., and ACHI changed its name to ACHI, Inc. Of the 36,393,308 shares reserved for future issuance, 2,162,099 shares have now been issued to the shareholders of Spaulding Ventures, LLC, in replacement of shares of ACHI to be issued to Spaulding in connection with a prior acquisition of assets by ACHI from Spaulding.

Assets Acquired from American Capital Holdings. The assets acquired from ACHI consist primarily of approximately \$10.8 million of investment interests in ten developing companies (described below), approximately \$5.3 million of restricted securities, approximately \$233,000 of marketable securities, approximately \$100,000 in cash, and proprietary investment programs known as Energy Tax Incentive Preferred Securities ("ETIPS") and Guaranteed Principal Insured Convertible Securities ("GPICS") which ACHI had developed See the American Capital Holdings balance sheet included in the Financial Statements section of this report.

4

Acquisition of Spaulding. On December 30, 2003, prior to the Company's acquisition from ACHI, ACHI entered into a letter agreement with Spaulding Ventures, LLC, pursuant to which ACHI agreed to acquire all of Spaulding's assets in return for 2,093,351 shares of ACHI common stock, plus warrants to purchase a total of 209,335 additional shares of ACHI common stock at a purchase price of \$6.00 per share. As part of its acquisition from ACHI of the assets ACHI acquired from Spaulding, the Company has agreed to replace the shares and warrants issued by ACHI with shares and warrants of the Company. In order to facilitate the distribution of these securities by Spaulding to its shareholders, the Company intends file a Registration Statement with the Securities and Exchange Commission registering the distribution to Spaulding's shareholders of both the acquisition shares and the shares to be issued upon

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

exercise of the warrants. American Capital has closed out the operations of Spaulding Ventures.

Assets Acquired from Spaulding. The assets acquired by ACHI from Spaulding, and subsequently acquired by the Company from ACHI, consist primarily of equity ownership positions in ten developing companies. The companies included; Smart Pill Holding Corp., Brilliant Roadways, Inc., @Visory, LLC., eSmokes, Inc., Efficien, Inc., IS Direct Agency, Inc., Solid Imaging, Ltd., Century Aerospace Corporation., Traffic Engine, Inc. and Metroflex, Inc. (See Financial Statement Footnote E)

Activity Since May 31, 2004. Since May 31, 2004, the Company's plan of operation has changed significantly. The Company is currently focused on providing solutions for unfunded government and private sector pension plan liability. For a current description of the Company's plan of operation, see "Description of Business" in the Company's Amended and Restated Registration Statement on Form 10SB, as filed with the Securities and Exchange Commission on January 11, 2005.

Employees. The Company currently has seven employees, none of which are full time employees, since they all also provide services to affiliated companies.

RISK FACTORS

The risk factors discussed below could cause our actual results to differ materially from those expressed in any forward-looking statements. See "Forward-Looking Statements." Although we have attempted to list comprehensively these important factors, we caution you that other factors may in the future prove to be important in affecting our results of operations. New factors emerge from time to time and it is not possible for us to predict all of these factors, nor can we assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statement.

The risks described below set forth what we believe to be the most material risks associated with the purchase of our common stock. Before you invest in our common stock, you should carefully consider these risk factors, as well as the other information contained in this prospectus.

5

Lack of Operating History. We have not yet begun operations and have not yet realized revenues or earnings from operations. We will sustain initial operating expenses without corresponding revenues. This will result in our incurring net operating losses until we can realize profits from our proposed business operations.

Speculative Nature of the Company's Proposed Operations. The success of our proposed plan of operation will depend primarily on our ability to sell the proprietary products we have created. There can be no assurance that we will be successful in these efforts.

Dividend Policy. We have not yet paid any dividends on our Common Stock. Payment of dividends will be within the sole discretion of our Board of Directors and will depend, among other factors, upon earnings, capital requirements and the operating and financial condition of the Company. At the present time, our anticipated financial capital requirements are such that we intend to continue to follow a policy of retaining earnings in order to finance

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

the development of our business.

We Will Face Intense Competition. We are and will continue to be only one participant in the business of selling life insurance backed financial solutions. We will face competition from companies that have greater financial resources, broader arrays of products, higher ratings and stronger financial performance, which may impair our ability to retain existing customers, attract new customers and maintain our profitability and financial strength. We operate in a highly competitive industry. Many of our competitors are substantially larger and enjoy substantially greater financial resources, broader and more diversified product lines and more widespread agency relationships. Our products can be expected to face competition with products sold by other insurance companies, financial intermediaries and other institutions based on a number of factors, including premium rates, policy terms and conditions, service provided to distribution channels and policyholders, ratings by rating agencies, reputation and commission structures.

Conflicts of Interest - General. Certain conflicts of interest may exist from time to time between the Company and its officers and directors. They have other business interests to which they devote their attention, and they will continue to do so. As a result, conflicts of interest may arise that can be resolved only through exercise of such judgment as is consistent with the fiduciary duties of management to the Company.

No Public Market Currently Exists. Although we intend to apply for listing of our Common Stock on the American Stock Exchange, there is currently no public market for the Company's common stock. There can be no assurance, however, that a market will in fact develop, or that a shareholder ever will be able to sell his shares without considerable delay. If a market should develop, the price may be highly volatile. Factors such as those discussed in this "Risk Factors" section may have a significant impact upon the market price of the Company's stock.

6

We may require additional capital to support sustained future growth which may not be available when needed or may be available only on unfavorable terms. Our long-term strategic capital requirements will depend on many factors including the accumulated statutory earnings of our life subsidiaries and the relationship between the statutory capital and surplus of our life subsidiaries and (i) the rate of growth in sales of our products; and (ii) the levels of credit risk and/or interest rate risk in our invested assets. To support long-term capital requirements, we may need to increase or maintain the statutory capital and surplus of our life subsidiaries through additional financings, which could include debt, equity, financial reinsurance and/or other surplus relief transactions. Such financings, if available at all, may be available only on terms that are not favorable to us. In the case of additional equity offerings, dilution to our shareholders could result, and/or such securities may have rights, preferences and privileges that are senior to those of our common stock. In the case of debt offerings or placements, the holders of the debt will have rights preferences and privileges that are senior to those of our common stock. If we cannot maintain adequate capital, we may be required to limit growth, and such action could adversely affect our business, financial condition and results of operations.

Changes in state and federal regulation may affect our profitability. We are subject to regulation under applicable insurance statutes, including insurance

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

holding company statutes, in the various states in which our life subsidiaries write insurance. Insurance regulation is intended to provide safeguards for policyholders rather than to protect shareholders of insurance companies or their holding companies. Regulators oversee matters relating to trade practices, policy forms, claims practices, guaranty funds, types and amounts of investments, reserve adequacy, insurer solvency, minimum amounts of capital and surplus, transactions with related parties, changes in control and payment of dividends.

State insurance regulators and the National Association of Insurance Commissioners, or NAIC, continually reexamine existing laws and regulations, and may impose changes in the future. Our life subsidiaries are subject to the NAIC's risk-based capital requirements which are intended to be used by insurance regulators as an early warning tool to identify deteriorating or weakly capitalized insurance companies for the purpose of initiating regulatory action. Our life subsidiaries also may be required, under solvency or guaranty laws of most states in which they do business, to pay assessments up to certain prescribed limits to fund policyholder losses or liabilities of insolvent insurance companies. In addition, federal legislation and administrative policies in several areas, including pension regulation, age and sex discrimination, financial services regulation, securities regulation and federal taxation, can significantly affect the insurance business. As increased scrutiny has been placed upon the insurance regulatory framework, a number of state legislatures have considered or enacted legislative proposals that alter, and in many cases increase, state authority to regulate insurance companies and holding company systems. The regulatory framework at the state and federal level applicable to our insurance products is continuously evolving. The changing regulatory framework could affect the design of such products and our ability to sell certain products. Any changes in these laws and regulations could materially and adversely affect our business, financial condition and results of operations.

ITEM 2. DESCRIPTION OF PROPERTY.

The Company does not own any real property. The Company leases its headquarters, consisting of approximately 1.022 square feet of office and warehouse space located at 100 Village Square Crossings, Suite 202, Palm Beach Gardens, Florida. The lease is for a term of one year, at a rental of \$2,687 per month including sales tax.

ITEM 3. LEGAL PROCEEDINGS.

The Company is not a party to any legal proceedings, except for an Involuntary Bankruptcy Petition filed by the Company against eCom, which proceeding is pending in the Federal District Court in Broward County, Florida.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There were no matters submitted to a vote by the security holders during the fiscal quarter ended May 31, 2004.

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

Market for Common Stock. There is currently no trading market for the Company's Common Stock and there can be no assurance that any trading market will ever develop or, if such a market does develop, that it will continue. The Company intends to file a Registration Statement with the Securities and Exchange Commission to register for resale certain shares previously issued, and to register additional shares for sale in order to raise additional

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

capital. Upon effectiveness of the Registration Statement, the Company intends to have its common stock listed for trading on the American Stock Exchange.

If, for any reason, the Company does not meet the qualifications for listing on a major stock exchange, the Company's securities may be traded in the over-the-counter ("OTC") market. The OTC market differs from national and regional stock exchanges in that it (1) is not sited in a single location but operates through communication of bids, offers and confirmations between broker-dealers and (2) securities admitted to quotation are offered by one or more broker-dealers rather than the "specialist" common to stock exchanges. Security Holders. The Company has approximately 5,500 shareholders. The Company has 1,621,209 shares subject to options, at an exercise price of \$.01 per share.

Dividends. There have been no cash dividends declared or paid since the Company was formed, and no dividends are contemplated to be paid in the foreseeable future.

Recent Sales of Unregistered Securities. In February 2004, the Company issued 13,561,804 shares of its common stock to American Capital Holdings, Inc. in connection with the Company's acquisition of certain assets from that company (See "Description of Business - Acquisition of American Capital Holdings"). Inasmuch as American Capital Holdings had access to comprehensive information about the Company, the shares were issued in reliance upon Section 4(2) of the Securities Act. A legend was placed on the certificates stating that the securities were not registered under the Securities Act and setting forth appropriate restrictions on their transfer or sale.

8

ITEM 6. MANAGEMENT'S PLAN OF OPERATION.

We intend to use the financial products of our subsidiaries as solutions, addressing the needs of governmental and private sector businesses regarding unfunded pension liabilities and other post-employment benefit ("OPEB") liabilities. We also plan to sell annuities and other insurance products, through our subsidiaries, to both the public and private sectors. We also intend to invest and/or sell our proprietary ETIPS(TM) and ETICS(TM) products in the public marketplace.

Our GPACS products, which refers to both the Guaranteed Pension Accounting Contract Solutions product and the Government Pension Accounting Contract Solutions product, relate to a business method of adjusting the balance sheet of a business or governmental organization, and particularly to a system for organizing the unfunded obligations of the organization so that the liability on the balance sheet becomes offset by an asset. The product also provides a systematic investing capability to enhance the profitability of the organization and the improved treatment of tax obligations.

GPACS was created in response to the General Accounting Standards Board ("GASB") Statement 45, which generally requires state and local governmental employers to account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as currently required pension obligations. Annual OPEB costs for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due. The provisions of Statement 45 do not require governments to fund their OPEB plans. An employer may establish its OPEB liability at zero as of the beginning of the initial year of implementation. However, the unfunded actuarial liability is required to be amortized over future periods. Statement 45 is effective for periods beginning after December 15, 2006, 2007, or 2008, depending on the size of the government entity based on annual revenues used

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

for GASB 34 implementation requirements.

In May of 2004, the GASB issued a corresponding "plan" statement, Statement 43 - Financial Reporting for Postemployment Benefit Plans Other than Pension Plans. Statement 43 is effective one year prior to Statement 45. This statement requires a statement of plan net assets, statement of changes in plan net assets, schedule of funding progress, and schedule of employer contributions in the stand-alone financial reports of OPEB plans, as well as in the financial statements of governments having OPEB trust funds.

Actuarial services will be required one year earlier if the "plan" Statement 43 is applicable, unless an alternative measurement method is utilized. However, the alternative measurement method is only an option for plans with a total membership of fewer than one hundred. Many OPEB plans are currently paying benefits on a pay-as-you-go basis. If a government does not have an acceptable trust or equivalent arrangement established, actuarial valuations will not be necessary until Statement 45 is effective. Establishing a trust may be an option for funding OPEB benefits; employers should consider the impact of required actuarial services.

9

Our GPICS(TM), ETIPS(TM) and ETICS(TM) products are each investment structures designed to maximize the benefit of energy and equipment tax incentives, in order to facilitate investment in energy related and other business enterprises. An essential feature of these products is a guarantee of the principal invested, as a result of the structuring of the investment.

Our plan of operation includes the underwriting of the insurance aspects of our products through our subsidiaries. Pending approvals of our recent acquisitions of Universe and Cosmopolitan, we will use third party insurance carriers. However, upon receiving the approvals, which are expected in due course, we will retain as much premium and commission money as possible within our subsidiaries.

IS Direct currently sells primarily term and whole life insurance products. However, upon the completion of our pending proposed acquisition of Universe, the scope of products available for sale by IS Direct is expected to broaden. Universe is a life insurance company which we expect to use to underwrite the insurance policies required by our GPACS products.

Until 1998, Cosmopolitan was engaged exclusively in providing burial / final expense insurance, and was operated as a small stipulated premium carrier in association with the funeral home business. In 1998, Cosmopolitan was acquired by Stephen E. Whitwell and Matt Lile, who implemented plans to grow the company. In 1998 a dental insurance product was file-approved and marketing commenced. Cosmopolitan also became involved in providing specific stop-loss coverage for self-funded employer plans for which there was a retro-session agreement. In 2001, Cosmopolitan introduced a new product, Employers Choice Health Plan, referred to as ECHP. Recently, most of Cosmopolitan's revenues have been realized from re-insurance assumed, while its dental product has been a small but profitable segment for the company. Cosmopolitan sees great opportunity for each product to expand and to have great growth potential with the added authority by way of either obtaining Certificate of Authority in additional jurisdictions or by affiliating with an issuing carrier with authority in other jurisdictions to enter into a quota share agreement.

Independent Auditors' Report

To the Board of Directors and Stockholders
American Capital Holdings, Inc.

We have audited the accompanying consolidated balance sheet of American Capital Holdings, Inc. as of May 31, 2004 and the related consolidated statements of operations, changes in shareholders' equity and cash flows for the twelve months ending May 31, 2003 and 2004. These consolidated financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with standards established by the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to in the first paragraph present fairly, in all material respects, the consolidated financial position of American Capital Holdings, Inc. as of May 31, 2004 and the results of its consolidated operations and cash flows for the period from June 1, 2003 through May 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

NOTE A - NATURE OF OPERATIONS

American Capital Holdings, Inc. (the "Company") was incorporated in the State of Florida on January 27, 1999 as U S Amateur Sports Company, a wholly owned subsidiary of eCom eCom.com, Inc. ("eCom") which trades on the OTC/Bulletin Board under the symbol 'ECEC.' On March 19, 2003, the Company changed its name to USA SportsNet Company, and on December 12, 2003 changed its name to American Capital Holdings, Inc. in connection with its spin off by eCom and its acquisition of certain assets of a company formerly known as American Capital Holdings, Inc. (now known as ACHI, Inc.) The Company's main office is located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, Florida 33410,

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

and the telephone number is (561) 207-6395.

IS Direct Agency, Inc. ("ISDA") was incorporated in the State of Florida on May 20, 2004. On May 21, 2004 ISDA acquired the assets of IS Direct Agency, Inc., a New York Corporation. ISDA provides internet based term life insurance quotes.

While a wholly owned subsidiary of eCom, the Company developed an e-commerce Internet infrastructure. This product provided an affordable, user-friendly technological platform and professional resources to facilitate web business development. It also operated an on-line business as a test model using Company developed e-commerce concepts to sell sports products.

The Spin-Off. The Company was one of ten wholly owned subsidiaries of eCom, with varying business plans. In recent years, eCom concluded that it did not have the financial resources necessary to develop all of its ten business units collectively. eCom decided to spin off its subsidiaries into independent companies in the belief that independent companies, each with a distinct business, would be better able to obtain necessary funding and develop their business plans. This belief was based in part on eCom's experience with potential business partners which sought involvement with only one of eCom's subsidiaries, rather than involvement with the multi-faceted eCom.

On December 1, 2003, the Board of Directors of eCom approved the spin-off of the Company. They voted to issue to the shareholders of eCom one share of the Company for every one share of eCom owned as of the record date of January 5, 2004. Fractional shares will be purchased by the Company. No payment was required of the eCom shareholders.

Acquisition from American Capital Holdings. After the spin off of the Company was completed, the Company was presented with an opportunity to acquire certain assets of American Capital Holdings, Inc. (now known as, and referred to hereafter as ACHI). On January 12, 2004, the Company entered into an Asset Purchase Agreement with ACHI whereby the Company acquired certain assets of ACHI in return for the issuance of common stock of the Company in an amount equal to 84.1% of the total ownership of the Company. In order to accomplish this transaction, the Company effected a 20 to 1 reverse stock split, which reduced its outstanding stock to 2,497,756 shares, and agreed to issue to ACHI.

49,955,112 shares. ACHI agreed to accept the issuance of 13,561,804 shares at closing, and assigned its right to receive the 13,561,804 shares to its principle, Barney A. Richmond, now the President of the Company. The remaining 36,393,308 shares were reserved for issuance by the Company in connection with future acquisitions and financings. The Company then changed its name to American Capital Holdings, Inc., and ACHI changed its name to ACHI, Inc. Of the 36,393,308 shares reserved for future issuance, 2,162,099 shares have now been issued to the shareholders of Spaulding Ventures, LLC, in replacement of shares of ACHI to be issued to Spaulding in connection with a prior acquisition of assets by ACHI from Spaulding.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

Basis of Presentation, Use of Estimates

The Company maintains its accounts on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue

Recognition Revenue and Dividends from investments is recognized at the time the investment dividends are declared payable by the underlying investment. Capital Gains and losses are recorded on the date of sale of the investment.

Cash

Cash consists of deposits in banks and other financial institutions having original maturities of less than ninety days.

Allowance for Doubtful Accounts

It is the policy of management to review the outstanding accounts receivable at year end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts.

Depreciation

Property and equipment is recorded at cost and is depreciated over the estimated useful lives of the related assets. Depreciation is computed using the straight-line method.

See accompanying independent accountants' audit report.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Amortization

The accounting for a recognized intangible asset acquired after June 30, 2001 is based on its useful life to the Company. If an intangible asset has a finite life, but the precise length of that life is not known, that intangible asset shall be amortized over management's best estimate of its useful life. An intangible asset with a indefinite useful life is not amortized. The useful life to an entity is the period over which the asset is expected to contribute directly or indirectly to the future cash flows of that entity.

Investments

Investments are stated at the lower of cost and market value.

NOTE C - NOTES RECEIVABLE

Notes Receivable at May 31, 2004 consist of the following:

An 8% non-collateralized note that matures in December 2004,

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

NOTE N - INCOME TAXES (CONTINUED)

The Company does not believe that the realization of the related net deferred tax asset meets the criteria required by generally accepted accounting principles and, accordingly, the deferred income tax asset arising from such loss carry forward has been fully reserved.

The Company accounts for income taxes in accordance with FASB Statement No. 109, Accounting for Income Taxes (FASB 109). Under FASB 109, income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related to certain income and expenses recognized in different periods for financial and income tax reporting purposes. Deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

Deferred taxes also are recognized for operating losses and tax credits that are available to offset future taxable income and income taxes, respectively. A valuation allowance is provided if it is more likely than not that some or all of the deferred tax assets will not be realized.

NOTE O - STOCKHOLDERS' EQUITY

To facilitate the purchase of the assets of ACHI, the Company recorded a one for twenty reverse split on the Effective Date of the currently outstanding common stock, while maintaining the conversion and exercise prices of the Senior Notes, the Secured Notes, the Subordinated Notes and the related warrants. All prior period share and per-share amounts have been restated to account for the reverse split. Any fractional shares remaining after the reverse split will be paid out in cash to the shareholder on the Effective Date.

Warrants were granted to Promissory Noteholders with detachable warrants. Management has determined that the fair value of each warrant is \$0.01.

The computation of diluted loss per share before extraordinary item for the year ended May 31, 2004 does not include shares from potentially dilutive securities as the assumption of conversion or exercise of these would have an antidilutive effect on loss per share before extraordinary items. In accordance with generally accepted accounting principles, diluted loss per share from extraordinary item is calculated using the same number of potential common shares as used in the computation of loss per share before extraordinary items.

NOTE P - DEFERRED TAX ASSET

The Company's net operating loss carry-forward as of May 31, 2004 was approximately \$495,000. These carry-forwards, which will be available to offset future taxable income, will expire through the year 2024.

The Company does not believe that the realization of the related net deferred tax asset meets the criteria required by generally accepted accounting principles and, accordingly, the deferred income tax asset arising from such loss carry forward has been fully reserved.

NOTE Q - RELATED PARTY TRANSACTIONS

The Company has accounts receivables due from two related company entities. eCom eCom.com, Inc. owes \$27,067 for services paid to the Company's transfer agent and accountant. Freedom 4 Wireless, Inc. owes the Company \$343,995 for working capital and inventory purchased by ACHI, subsequently purchased by the Company on February 29, 2004. These related party transactions totaled \$371,062 on May 31, 2004.

NOTE R - RECENT ACCOUNTING PRONOUNCEMENTS

The FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations with an effective date for financial statements issued for fiscal years beginning after June 15, 2002. The statement addresses financial accounting and reporting for obligations related with the retirement of tangible long-lived assets and the costs associated with asset retirement. The statement requires the recognition of retirement obligations which will, therefore, generally increase liabilities; retirement costs will be added to the carrying value of long-lived assets, therefore, assets will be increased; and depreciation and accretion expense will be higher in the later years of an assets life than in earlier years. The Company adopted SFAS No. 143 at January 1, 2002. The adoption of SFAS No. 143 had no impact on the Company's operating results or financial positions.

NOTE R - RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

The FASB also issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and is effective for financial statements issued for fiscal years beginning January 1, 2002. This statement addresses financial accounting and reporting for the impairment or the disposal of long-lived asset. An impairment loss is recognized if the carrying amount of a long-lived group exceeds the sum of the undiscounted cash flow expected to result from the use and eventual disposition of the asset group. Long-lived assets should be tested at least annually or whenever changes in circumstances indicate that its carrying amount may not be recoverable. This statement does not apply to goodwill and intangible assets that are not amortized. The Company adapted SFAS No. 144 in the first quarter of 2002. The adoption of SFAS No. 144 had no impact on the Company's operating results or financial position.

In April 2002, the FASB issued SFAS No. 145, "Rescission of the FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections" ("SFAS No. 145"). SFAS No. 145 eliminates the requirement to classify gains and losses from the extinguishment of indebtedness as extraordinary, requires certain lease modifications to be treated the same as a sale-leaseback transaction, and makes other non-substantive technical corrections to existing pronouncements. SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. SFAS No. 145 was adopted on June 1, 2003 and did not have a material effect on the Company's financial position or results of operations.

The FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" and is effective for financial instruments entered into after May 31, 2003. This Statement establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability because that financial instrument embodies an obligation of the issuer. The Company has adopted SFAS No. 150 and the adoption has had no impact on the Company's operating results or financial position.

Goodwill and intangible assets acquired prior to July 1, 2001 will continue to be amortized and tested for impairment in accordance with pre- SFAS No. 142 requirements until adoption of SFAS No. 142. Under the provision of SFAS No.142, intangible assets with definite useful lives will be amortized to their estimated residual values over those estimated useful lives in proportion to the economic benefits consumed. Such intangible assets remain subject to the impairment provisions of SFAS No. 121. Intangible assets with indefinite useful lives will be tested for impairment annually in lieu of being amortized. The impact of adopting SFAS Nos. 141 and 142 will not cause a material change in the Company's consolidated financial statements as of the date of this report.

See accompanying independent accountants' audit report.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

During the last two fiscal years, the Company has not had any changes in or disagreements with its accountants.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10KSB

Item 8A. Controls and Procedures.

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time frames specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and its Chief Financial Officer, to allow timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures in Rule 13a-14(c). In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control, objectives and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Within 90 days prior to the date of this report, the Company carried out an evaluation, under the supervision and within the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective.

There have been no significant changes in the Company's internal controls or in other factors that could significantly affect the internal controls subsequent to the date the Company completed its evaluation.

PART III

ITEM 9. DIRECTORS, EXECUTIVE OFFICERS AND CONTROL PERSONS.

The following individuals are our executive officers and the members of our board of directors. Each director is elected at our annual meeting of shareholders and holds office until the next annual meeting of shareholders, or until his or her successor is elected and qualified. Our by-laws permit the board of directors to fill any vacancy and such director may serve until the next annual meeting of stockholders or until his or her successor is elected and qualified. The board of directors elects officers annually and their terms of office are at the discretion of the board.
