Petrobras starts Lula Nordeste EWT

Rio de Janeiro, April 28th, 2011 – Petróleo Brasileiro S.A. – Petrobras announces that it started the Extended Well Test (EWT) in the northeastern area of Lula Field, in the Santos Basin pre-salt, approximately 300 kilometers off the coast of Rio de Janeiro.

The EWT is taking place in the FPSO BW Cidade de São Vicente, anchored at a depth of 2,120 meters. Production should remain at around 14 thousand barrels of oil per day.

The information obtained in the test of Lula Nordeste will aid studies for the development of the project of the second definitive production system to be installed in the Lula field, called Lula Nordeste Pilot, through FPSO Cidade de Paraty.

The EWT of Lula Nordeste is a project of the consortium formed by Petrobras (operator, with 65% interest), BG Group (25%) and Galp Energia (10%).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
