### ***Forward-Looking Statements***

This Report on Economic and Financial Analysis contains forward-looking statements relating to our business. Such statements are based on management's current expectations, estimates and projections about future events and financial trends, which could affect our business. Words such as: "believes," "anticipates," "plans," "expects," "intends," "aims," "evaluates," "predicts," "foresees," "projects," "guidelines," "should" similar expressions are intended to identify forward-looking statements. These statements, however, do not guarantee future performance and involve risks and uncertainties, which could be beyond our control. Furthermore, certain forward-looking statements are based on assumptions that, depending on future events, may prove to be inaccurate. Therefore, actual results may differ materially from the plans, objectives, expectations, projections and intentions expressed or implied in such statements.

Factors which could modify actual results include, among others, changes in regional, national and international commercial and economic conditions; inflation rates; increase in customer delinquency on the account of borrowers in loan operations, with the consequent increase in the allowance for loan losses; loss of funding capacity; loss of customers or revenues; our capacity to sustain and improve performance; changes in interest rates which could, among other events, adversely affect our margins; competition in the banking sector, financial services, credit card services, insurance, asset management and other related sectors; government regulations and fiscal matters; disputes or adverse legal proceedings or rulings; as well as credit risks and other loan and investment activity risks.

Accordingly, the reader should not rely excessively on these forward-looking statements. These statements are valid only as of the date they were prepared. Except as required under applicable legislation, we assume no obligation whatsoever to update these statements, whether as a result of new information, future events or for any other reason.

Few numbers of this Report were submitted to rounding adjustments.

Therefore, amounts indicated as total in certain charts may not correspond to the arithmetic sum of figures preceding them.

Report on Economic and  
Financial Analysis – December  
2012

Press Release

## Highlights

The main figures of Bradesco in 2012 are presented below:

1. Adjusted Net Income<sup>(1)</sup> in 2012 stood at R\$11.523 billion (a 2.9% increase compared to the R\$11.198 billion recorded in the same period last year), corresponding to earnings per share of R\$3.02 and Return on Average Shareholders' Equity<sup>(2)</sup> of 19.2%.
2. Adjusted Net Income is composed of R\$7.936 billion from financial activities, representing 68.9% of the total, and R\$3.587 billion from insurance, pension plan and capitalization bond operations, which accounted for 31.1%.
3. On December 31, 2012, Bradesco's market capitalization stood at R\$131.908 billion<sup>(3)</sup>, up 23.3% over 2011.
4. Total Assets stood at R\$879.092 billion in December 2012, a 15.4% increase over 2011. Return on Total Average Assets was 1.4%.
5. The Expanded Loan Portfolio<sup>(4)</sup> stood at R\$385.529 billion in December 2012, up 11.5% during the same period in 2011. Operations with individuals totaled R\$117.540 billion (up 8.2% from December 2011), while operations with companies totaled R\$267,989 billion (up 13.1% from December 2011).
6. Assets under Management stood at R\$1.225 trillion, varying 20.1% from December 2011.
7. Shareholders' Equity stood at R\$70.047 billion in December 2012, up 26.0% from December 2011. Capital Adequacy Ratio stood at 16.1% in December 2012, 11.0% of which fell under Tier I
9. Financial Margin stood at R\$43.793 billion, up 11.4% in comparison with 2011.
10. The Delinquency Ratio over 90 days stood at 4.1% on December 31, 2012 (3.9% on December 31, 2011).
11. The Efficiency Ratio<sup>(5)</sup> improved by 1.5 p.p. (from 43.0% in December 2011 to 41.5% in December 2012), whereas the "adjusted-to-risk" ratio stood at 52.7% (53.0% in December 2011).
12. Insurance Written Premiums, Pension Plan Contributions and Capitalization Bond Income totaled R\$44.308 billion in 2012, up 17.7% over 2011. Technical Reserves stood at R\$124.217 billion, up 19.8% from December 2011.
13. Investments in infrastructure, information technology and telecommunications amounted to R\$4.408 billion in 2012.
14. Taxes and contributions, including social security, paid or recorded in provision, amounted to R\$22.401 billion, of which R\$9.645 billion referred to taxes withheld and collected from third parties and R\$12.756 billion from Bradesco Organization activities, equivalent to 110.7% of Adjusted Net Income<sup>(1)</sup>.
15. Bradesco has an extensive customer service network in Brazil, comprising 8,467 Service Points, with 4,686 branches and 3,781 Service Branches - PAs. Customers can also use 1,456 PAEs - ATMs (Automatic Teller Machines) in companies, 43,053 Bradesco *Expresso* service points, 34,859 Bradesco *Dia & Noite* ATMs and 12,975 *Banco24Horas* ATMs.

Capital.

8. Interest on Shareholders' Equity and Dividends were paid and recorded in provision to shareholders at the amount of R\$3.895 billion from 2012 profit, of which R\$1.574 billion was paid as monthly and interim dividends and R\$2.321 billion was recorded in provision.

(1) According to non-recurring events described on page 8 of this Report on Economic and Financial Analysis; (2) Excludes mark-to-market effect of available-for-sale securities recorded under Shareholders' Equity; (3) R\$134.257 billion considering the closing price of preferred shares (most traded share); (4) Includes sureties and guarantees, letters of credit, advances of credit card receivables, co-obligations in loan assignments (receivables-backed investment funds and mortgage-backed receivables), co-obligations in rural loan assignments, and operations bearing credit risk – commercial portfolio, which includes debentures and promissory notes; and (5) In the last 12 months.

Press Release

## Highlights

16. Payroll, plus charges and benefits, totaled R\$10.373 billion. Social benefits provided to the 103,385 employees of the Bradesco Organization and their dependents amounted to R\$2.523 billion, while investments in training and development programs totaled R\$132.596 million.

17. On November 14, Bradesco common shares were selected to compose the MSCI Brazil Index, based on which several investment decisions are made, as of December 2012.

18. On November 30, Bradesco was once again included in the BM&FBOVESPA's Corporate Sustainability Index (ISE), reflecting the returns of a grouping composed of the shares of companies characterized by the best performances in all of the dimensions measuring corporate sustainability.

19. Bradesco is the first and only Brazilian bank authorized by the Central Bank to use its own internally-developed market risk management models to calculate regulatory capital as of January 2013.

20. Major Awards and Acknowledgments in the period:

- Bradesco stood out with the best market value x shareholders' equity ratio at the end of 2012 among the publicly-held banks in Latin America and United States (*Economática*);
- Bradesco was elected the best Bank in Brazil and Latin America (*Latin Finance*);
- Bradesco was considered the best Brazilian Bank in the 2012 The Bank Awards edition (*The Banker* magazine);

21. With regards to sustainability, Bradesco divides its actions into three pillars: (i) Sustainable Finances, focused on banking inclusion, social and environmental variables for loan approvals and product offerings; (ii) Responsible Management, focused on valuing professionals, improving the workplace and adopting eco-efficient practices; and (iii) Social and Environmental Investments, focused on education, the environment, culture and sports. In this area, we point out Fundação Bradesco, which has a 56-year history of extensive social and educational work, with 40 schools in Brazil. In 2012, it benefited 111,512 students in its schools, in Basic Education (from Kindergarten to High School and Vocational Training - High School Level), Education for Youth and Adults; and Preliminary and Continuing Qualification focused on the creation of jobs and generation of income. The nearly 47 thousand students in Basic Education are guaranteed free, quality education, uniforms, school supplies, meals and medical and dental assistance. Fundação Bradesco also aided another 365,430 students through its distance learning programs, found at its e-learning portal "Virtual School." These students completed at least one of the many courses offered by the Virtual School. Furthermore, another 118,595 people benefited from projects and actions in partnerships with Digital Inclusion Centers (CIDs), the Educa+Ação Program and Technology courses (*Educar e Aprender*– Educate and Learn). To meet its social commitments, Fundação Bradesco invested R\$374.213 million in 2012 in its educational activities. A R\$460.961 million investment is expected for 2013.

- Bradesco was considered the largest Brazilian private group by *Valor Grandes Grupos* ranking, which lists the 200 largest groups operating in the country. It also placed first among the 20 largest financial institutions ranking (*Valor Econômico* and *Valor Data* newspapers);
- Bradesco was highlighted in the Best at People Management survey in the special publication *Valor Carreira* (*Valor Econômico* newspaper, with technical support of Aon Hewitt; and
- The *Folha* Top of Mind award was granted to Bradesco and Bradesco Seguros (the latter for the 11<sup>th</sup> consecutive year) in Top Finances and Insurance categories, respectively (*Folha de S.Paulo* newspaper).

## Summarized Analysis of Adjusted Income

To provide for better understanding, comparison and analysis of Bradesco's results, we use the Adjusted Income Statement for analysis and comments contained in this Report on Economic and Financial Analysis, obtained from adjustments made to the Book Income Statement, detailed at the end of this Press Release, which includes adjustments to non-recurring events shown on the previous page. Note that the Adjusted Income Statement serves as the basis for the analysis and comments made in Chapters 1 and 2 of this report.

## **Summarized Analysis of Adjusted Income**

### **Adjusted Net income and Profitability**

In the fourth quarter of 2012, Bradesco posted adjusted net income of R\$2,918 million, up 0.9%, or R\$25 million, on the previous quarter, mainly driven by: (i) greater fee and commission income arising from the increase in business volume, (ii) greater financial margin income, due to increased revenues from interest and non-interest installments; (iii) lower allowance for loan loss expenses; partially offset by: (iv) greater personnel and administrative expenses; and (v) increase of other operating expenses (net of other operating revenues).

In the year-over-year comparison, adjusted net income increased by R\$325 million, or 2.9%, in 2012, for Return on Average Shareholders' Equity (ROAE) of 19.2%.

Shareholders' Equity stood at R\$70,047 million in December 2012, up 26.0% over the same period of 2011. This increase is partially due to the surplus value of some securities reclassified from Held to Maturity to Available for Sale for adoption of CPCs 38 and 40 by the Insurance Group. The Capital Adequacy Ratio stood at 16.1%, 11.0% of which fell under Tier I Reference Shareholders' Equity.

Total Assets came to R\$879,092 million in December 2012, up 15.4% over December 2011, driven by the increase in operations and the expansion of business volume. Return on Average Assets (ROAA) remained stable at 1.4%.

Press Release

## Summarized Analysis of Adjusted Income

### Efficiency Ratio (ER)

The Efficiency Ratio in the last 12 months<sup>(1)</sup> improved by 0.6 p.p. for the fourth consecutive quarter, reaching 41.5% in the fourth quarter of 2012, the lowest recorded in the last ten quarters. The improvement was mainly driven by: (i) the growth in financial margin; and (ii) the increase in fee and commission income, which was mainly due to an increase in average business volume, resulting from investments in accelerated organic growth, which began in the second half of 2011, combined with the ongoing cost control efforts, the Efficiency Committee actions and investments in IT.

Quarterly ER was up 2.6 p.p. over the same period in the previous year, as a result of: (i) the control of administrative and personnel expenses, which remained virtually stable despite the strong organic growth recorded in the period; and (ii) greater fee and commission income and financial margin income, up by 14.4% and 8.3%, respectively.

The “adjusted to risk” ER, which reflects the impact of risk associated with loan operations<sup>(2)</sup>, reached 52.7% in the fourth quarter of 2012, a 0.4 p.p. increase over the previous quarter, mainly due to the abovementioned events and the delinquency ratio trend in the last quarter.

(1)  $ER = (\text{Personnel Expenses} - \text{Employee Profit Sharing} + \text{Administrative Expenses}) / (\text{Financial Margin} + \text{Fee and Commission Income} + \text{Income from Insurance} + \text{Equity in the Earnings (Losses) of Unconsolidated Companies} + \text{Other Operating Income} - \text{Other Operating Expenses})$ . Considering the ratio between: (i) total administrative costs (Personnel Expenses + Administrative Expenses + Other Operating Expenses + Tax Expenses not related to revenue generation + Insurance Selling Expenses) and (ii) revenue net of related taxes (not considering Claims and Selling Expenses from the Insurance Group), our ER in the fourth quarter of 2012 would be 44.6%; and

(2) Including ALL expenses, adjusted for granted discounts, loan recovery and sale of foreclosed assets, among others.

Press Release

## Summarized Analysis of Adjusted Income

### Financial Margin

The R\$154 million increase between the fourth quarter of 2012 and the third quarter of 2012 was mainly due to:

- greater gains from the non-interest margin, in the amount of R\$79 million, mainly due to higher gains from treasury/security margin; and
- a R\$75 million increase in interest-earning operations, mainly due to higher gains from (i) “Insurance” and (ii) “Loan” margins.

Financial margin posted a R\$4,472 million improvement between 2012 and 2011, for growth of 11.4%, mainly driven by:

- a R\$4,351 million increase in income from interest-earning operations due to an increase in business volume, mainly from:
  - (i) “Loans;” and (ii) “Securities/Other;” and
- greater income from the non-interest margin, in the amount of R\$121 million, due to higher “Insurance” gains.

| Insurance               | 912           | 121,638         | 3.0%         | 694           | 115,647         | 2.4%         |
| Securities/Other        | 1,242         | 307,457         | 1.6%         | 1,430         | 298,905         | 1.9%         |
| <b>Financial Margin</b> | <b>10,678</b> | <b>-</b>        | <b>7.3%</b>  | <b>10,603</b> | <b>-</b>        | <b>7.4%</b>  |

The annualized interest financial margin rate stood at 7.3% in the fourth quarter of 2012, down 0.1 p.p. on the previous quarter, mainly due to: (i) the reduction in the average “Loan” margin rate, which was impacted by the decrease in interest rates in effect, together with the change in the mix of the loan portfolio; and (ii) the increased average “Insurance” margin rate, as a result of the lower quarter-on-quarter IGP-M rate, which resulted in lower expenses with the adjustment for inflation of part of the technical reserves.

Press Release

## Summarized Analysis of Adjusted Income

### Expanded Loan Portfolio<sup>(1)</sup>

In December 2012, Bradesco's loan portfolio totaled R\$385.5 billion, which was up 3.7% in the quarter, due to: (i) a 4.6% growth in Corporations; (ii) a 3.7% growth in Small and Medium-sized Entities (SMEs); and (iii) a 2.6% growth in Individuals.

In 2012, the loan portfolio increased 11.5%, driven by: (i) 15.0% growth in Corporations; (ii) 10.6% growth in SMEs; and (iii) 8.2% growth in Individuals.

To the Corporate segment, the products that posted the strongest growth in the last 12 months were: (i) real estate financing – corporate plan; and (ii) operations bearing credit risk – commercial portfolio. In the Individual segment, the main highlights were: (i) real estate financing; and (ii) payroll-deductible loans.

(1) Includes sureties, guarantees, letters of credit, advances of credit card receivables, debentures, promissory notes, assignment of receivables-backed investment funds and mortgage-backed receivables and rural loan.

For more information, see Chapter 2 of this Report.

### Allowance for Loan Losses (ALL)

In the fourth quarter of 2012, ALL expenses stood at R\$3,210 million, down 2.8% from the previous quarter, even considering the 2.3% growth in the loan portfolio – as defined by Bacen in the period.

In the year-over-year comparison, ALL expenses came to R\$13,014 million, a 27.1% increase, mainly due to: (i) an 8.3% growth in loan operations - as defined by Bacen; and (ii) delinquency ratio trends in the period.

(1) Includes the recognition of exceeding ALL in the total amount of R\$1.0 billion.

## Summarized Analysis of Adjusted Income

### Delinquency Ratio > 90 days<sup>(1)</sup>

The delinquency ratio over 90 days remained stable in the quarter, as a result of the delinquency trends in Individuals, offset by the change in the loan portfolio mix. It is worth highlighting SMEs and Corporations' slight decrease in delinquency ratio.

(1) As defined by Bacen.

### Coverage Ratios<sup>(1)</sup>

The following graph presents the changes in coverage ratio of the ALL for loans overdue for more than 60 and 90 days. In December 2012, these ratios stood at 147.3% and 178.2%, respectively, pointing to a comfortable level of provisioning.

The ALL, totaling R\$21.3 billion in December 2012, was made up of: (i) R\$17.3 billion required by Bacen; and (ii) R\$4.0 billion in excess provisions.

(1) As defined by Bacen

Press Release

**Summarized Analysis of Adjusted Income****Income from Insurance, Pension Plans and Capitalization Bonds**

Net income for the fourth quarter of 2012 stood at R\$964 million (R\$837 million in the third quarter of 2012), growing 15.2% from the previous quarter, and with an annualized Return on Shareholders' Equity of 28.9%.

Net income for 2012 totaled R\$3.587 billion, up 12.1% year on year (R\$3.201 billion), with a 24.4% Return on Shareholders' Equity.

(1) Excluding additional provisions.

Press Release

### Summarized Analysis of Adjusted Income

In the fourth quarter of 2012, the total revenue posted a 30.8% increase over the previous quarter, with highlight to the “Life and Pension Plan” segment, which was boosted by the higher concentration of private pension plan contributions in the period.

Net income for the fourth quarter of 2012 was up 15.2% over the previous quarter, mainly due to: (i) the 30.8% increase in revenue; (ii) the improved financial and equity income; (iii) the maintenance of claims ratio at the same levels of the previous quarter; and (iv) the increase in the administrative efficiency ratio.

Year on year, quarterly net income was up 12.1%, due to: (i) the 18.7% increase in revenue; (ii) the improved financial and equity income; and partially offset by: (iii) the 1.9 p.p. increase in claims ratio; and (iv) higher selling costs by 0.5 p.p.

In 2012, total revenue increased by 17.7% over 2011, which was driven by the performance of all segments, that posted an over two-digit growth in the period.

Net income for 2012 was up 12.1% over that of the previous year, due to: (i) a 17.7% increase in revenue; (ii) the focus on more profitable products; (iii) the maintenance of claims ratio at the same levels of the previous quarter; (iv) improved equity income; and (v) lower general and administrative expenses, despite the sector’s collective bargaining agreement in January 2012.

With regards to solvency, Grupo Bradesco de Seguros e Previdência complies with Susep and ANS rules, also complying with global standards (Solvency II), with a leverage of 2.2 times its Shareholders’ Equity in the period.

Bradesco

Press Release

## Summarized Analysis of Adjusted Income

### Fee and Commission Income

In the fourth quarter of 2012, fee and commission income came to R\$4,675 million, up R\$237 million, or 5.3%, over the previous quarter, due to the increase in business volume. This result was due to: (i) an increase in income from cards; (ii) greater gains from capital market operations (underwriting / financial advisory); (iii) an increase in income from checking accounts; and partially offset by lower income from: (iv) loan operations; and (v) fund management.

In the year-over-year comparison, the increase of R\$2,289 million, or 15.0%, in fee and commission income was mainly due to: (i) the performance of the credit card segment, driven by the growth in credit card base, revenue and transactions; (ii) higher income from checking accounts, which was a result of a better business volume and an increase in the checking account holder base, which posted net growth of 583 thousand accounts in the period; (iii) greater income from fund management, whose volume of assets and portfolios under management increased by 31.7% in the period; (iv) greater gains from capital market operations (underwriting / financial advisory); (v) greater income from collections; and (vi) greater income from loan operations, resulting from an increase in volume of contracted operations and surety and guarantee operations.

Financial Analysis – December  
2012

Press Release

## Summarized Analysis of Adjusted Income

### Personnel Expenses

In the fourth quarter of 2012, the R\$23 million increase from the previous quarter was mainly composed of the variation in structural expenses, due to greater expenses with salaries, social charges and benefits, as a result of the raise in salary levels, as determined by the 2012 collective bargaining agreement.

In the year-over-year comparison, the R\$1,125 million increase is mainly due to the variation in structural expenses, resulting from increased expenses with salaries, social charges and benefits, due to: (i) raise in salary levels, as per 2011 and 2012 collective bargaining agreements; and (ii) net increase in number of employees in the second half of 2011, as a result of organic growth.

Note: Structural Expenses = Salaries + Social Charges + Benefits + Pension Plans.

Non-Structural Expenses = Employee and Management Profit Sharing + Training + Labor Provision + Costs with Termination of Employment Contracts.

Bradesco 19

---

Press Release

## **Summarized Analysis of Adjusted Income**

### **Administrative Expenses**

In the fourth quarter of 2012, the 5.3% increase in administrative expenses from the previous quarter was mainly a result of greater expenses with: (i) marketing and advertising, due to higher investments in actions targeting institutional positioning maintenance and support to offer loan products (real estate, vehicles, personal loan); and (ii) increase in business and service volume in the quarter.

In the year-over-year comparison, the 5.6% increase was mainly due to: (i) the increase in business and services volume in the period; (ii) contractual adjustments; and (iii) organic growth as of the second half of 2011, with the opening of 9,196 service points, mainly the increase to 8,214 Bradesco *Expresso* points, for a total of 68,917 service points on December 31, 2012; which was partially offset by lower expenses with: (iv) outsourced services; and (v) marketing and advertising.

### **Other Operating Income and Expenses**

Other operating expenses, net of other operating income, totaled R\$1,130 million in the fourth quarter of 2012, up R\$76 million over the previous quarter, and R\$813 million in comparison with 2011.

Compared with the same quarter last year and the previous quarter, the increase in other operating expenses, net of other operating income, was mainly the result of greater expenses with: (i) operating provisions, particularly those for tax and civil contingencies; (ii) sundry losses; and (iii) amortization of intangible assets due to acquisition of banking rights.

Report on Economic and  
Financial Analysis – December  
2012

## **Summarized Analysis of Adjusted Income**

### **Income Tax and Social Contribution**

In the quarter-on-quarter comparison, income tax and social contribution expenses had a slight increase of 2.3% in comparison with the previous quarter, mainly due to the fact that the taxable result increased in the period.

In the year-over-year comparison, the increase in these expenses is mainly the result of: (i) greater taxable result in the period; and (ii) the termination of tax credits resulting from the increase in the social contribution rate from 9% to 15% in the first quarter of 2011

### **Unrealized Gains**

Unrealized gains totaled R\$24,880 million in the fourth quarter of 2012, a R\$3,784 million increase from the previous quarter. This was mainly due to the appreciation of fixed-income securities due to mark-to-market accounting.

Press Release

## Economic Scenario

The fourth quarter of 2012 is considered to have marked the beginning of the global economic recovery, with the resumption of albeit modest growth following the lower development between July and September. At the beginning of 2013, the risk of an imminent recession in the United States was averted thanks to the Congressional agreement over the so-called fiscal cliff. However, the structural issues relating to public spending were not addressed, but put on hold for a few months, in an increasingly polarized political climate. The eurozone is showing signs of stabilization, given that the risk of a collapse has subsided and Germany's position vis-à-vis the peripheral nations has softened somewhat, and the same can be said for China, which is undergoing a smooth political transition and focusing economic growth more on the domestic market.

The risks to the global economy remain asymmetrically negative, but are manageable and currently regarded as being milder than those affecting most of 2012. Consequently, the prospects for the external aspects of Brazil's economy are favorable, whether from the point of view of trade, the absence of inflationary pressure, or abrupt reductions in international liquidity in the coming months.

The Brazilian economy also continues to recover at a modest pace, but it is already clear that the second half of 2012 was better than the first, thanks to the multiple stimulus measures introduced by means of various economic policy channels and instruments. The results of these stimuli are expected to become even more apparent in the coming quarters, resulting in greater economic growth in 2013 than estimated for 2012. In addition, certain atypical factors that affected the last few quarters are expected to dissipate, including the change in truck emission standards (and the resulting impact on production and sales), crop

The return to normal industrial and retail inventories in 2013 should permit the resumption of industrial production, against a backdrop of strong growth in family consumption, fueled by the expansion of jobs and income. The excellent domestic agricultural and livestock prospects are also worth emphasizing, as is their positive impact on the economies of small and medium-sized cities.

Brazil continues to make institutional progress, exemplified by the recent adoption of new policies addressing structural issues, such as infrastructure and reducing production costs. In the coming years, pre-salt exploration and the hosting of major sports events represent a privileged set of opportunities that are only available to a select group of nations. Given all these favorable prospects, it is vital to maintain the kind of healthy macroeconomic policies whose implementation over the past two decades has resulted in increased growth and a more equitable income distribution.

Bradesco is maintaining its positive long-term outlook for the country. With interest rates at an all-time low, the volume of credit is growing at rates that are both sustainable and risk-compatible, a factor that has set the national financial system apart from those in several other countries in the last few years. As a result of the intense and ongoing upward social mobility Brazil is experiencing – which despite creating challenges for producers and service providers, broadens the consumer base and increases business scale – the prospects for the banking and insurance sectors remain highly favorable.

failures in certain regions of the country, and the inventory adjustment in the residential real estate sector, as well as the increasing and often immeasurable chance of disruptions in the international economy, which jeopardized the decisions of the economic agents, particularly in regard to investments. None of these factors are expected to be present in 2013, which should help the stimulus measures to achieve their maximum effectiveness.

(1) Regarding the new savings account remuneration rule, it was defined that: (i) the existing deposits up to May 3, 2012 will continue to remunerate at TR + interest of 6.17% p.a.; and (ii) for deposits made as of May 4, 2012, the new rules are:

(a) if the Selic rate is higher than 8.5% p.a., the TR + interest of 6.17% p.a. remuneration will be maintained; and (b) when the Selic rate is equal to or lower than 8.5% p.a., the remuneration will be 70% of Selic rate + TR.

(1) Average Margin Rate = (Financial Margin / Average Assets – Purchase and Sale Commitments – Permanent Assets) Annualized.

The fourth quarter of 2012 had a financial margin of R\$11,109 million, up 1.4%, or R\$154 million, when compared to the previous quarter. This variation was mainly due to: (i) higher non-interest margin, totaling R\$79 million, and (ii) a R\$75 million increase in interest margin.

Between 2012 and 2011, financial margin grew by 11.4%, or R\$4,472 million, as a result of (i) a R\$4,351 million increase in interest margin, of which: (a) R\$5,012 million corresponds to the increase in volume of operations; partially minimized by: (b) a R\$661 million decrease in spread; and (ii) a R\$121 million increase in non-interest financial margin, thanks to higher Insurance gains.

In the fourth quarter of 2012, interest financial margin stood at R\$10,678 million, for a R\$75 million increase over the third quarter of 2012. Year over year, interest financial margin increased by 11.6%, or R\$4,351 million.

Quarter over quarter, the business lines that most contributed to this result were: (i) "Loan;" and (ii) "Insurance;" year over year, the business lines that most contributed were: (i) "Loan;" and (ii) "Securities/Other."

## Economic and Financial Analysis

**Financial Margin - Interest****Interest Financial Margin - Rates**

The annualized interest financial margin rate stood at 7.3% in the fourth quarter of 2012, posting a slight 0.1 p.p. decrease in relation to the previous quarter, mainly due to: (i) the decrease in the average “Loan” margin rate, which was impacted by lower interest rates, combined with the change in the loan portfolio mix; and (ii) the increase in the average rate of the Insurance margin, due to the lower IGP-M when compared to the previous quarter, which resulted in a lower expense with adjustment for inflation of part of technical reserves.

In the fourth quarter of 2012, financial margin with loan operations reached R\$7,527 million, up R\$67 million or 0.9% over the previous quarter. The variation is the result of: (i) the R\$171 million increase in average business volume; and partially offset by: (ii) the R\$104 million decrease in average spread, basically reflecting lower interest rates.

Between 2012 and 2011, financial margin grew 10.1%, or R\$2,712 million, resulting from: (i) a R\$3,051 million increase in the volume of operations; and offset by: (ii) the decrease in average spread, amounting to R\$339 million, which was basically impacted by: (a) the change in the loan portfolio mix, due to greater share of the Corporate segment, which has lower margins and posted an increase of 11.6% over the last 12 months compared to the 8.2% growth of the Individuals segment in the same period; and (b) lower interest rates.

### **Loan Financial Margin - Interest**

### **Loan Financial Margin - Net Margin**

The graph above presents a summary of loan activity. The Gross Margin curve refers to interest income from loans, net of opportunity cost (essentially the accrued Interbank Deposit Certificate - CDI over rate in the period).

The ALL curve shows delinquency costs, which are represented by Allowance for Loan Losses (ALL) expenses, loan recoveries net of discounts granted in transactions and the result of the sale of foreclosed assets, among other items.

The net margin curve presents the result from loan interest income, net of ALL, which, in the fourth quarter of 2012, recorded a 3.8% increase compared to the third quarter of 2012, mainly due to: (i) the decrease in default costs; and (ii) the increase in business volume. Year over year, net margin was practically stable.

## Economic and Financial Analysis

**Loan Financial Margin - Interest****Expanded Loan Portfolio<sup>(1)</sup>**

The loan portfolio amounted to R\$385.5 billion in December 2012, up 3.7% in the quarter, led by Corporate segment (Corporations grew by 4.6%, whereas SMEs increased 3.7% in the period). Over the past twelve months, the loan portfolio increased 11.5%, led by Corporate portfolios, a growth of 15.0% in Corporations and 10.6% in SMEs.

(1) Including sureties, guarantees, letters of credit, advances of credit card receivables, debentures, promissory notes, receivables-backed investment funds - FIDC, mortgage-backed receivables - CRI and rural loans.

For further information, refer to page 42 herein.

| <b>Total</b>   | <b>267,989</b> | <b>257,138</b> | <b>237,053</b> | <b>4.2</b>  | <b>13.1</b> |

Including:

(1) Loan assignment (CRI): R\$230 million in December 2012, R\$234 million in September 2012, R\$285 million in December 2011;

(2) A total of 91.3% of sureties and guarantees from corporate customers were contracted by corporations;

(3) Operations with debentures and promissory notes; and

(4) Letters of credit: R\$1,629 million in December 2012, R\$1,569 million in September 2012 and R\$1,754 million in December 2011.

Operations bearing credit risk for corporate customers grew by 4.2% in the quarter and 13.1% in the last 12 months. The main highlights in the quarter were: (i) sureties and guarantees; and (ii) operations bearing credit risk – commercial portfolio. In the last 12 months, the growth was led by: (i) real estate financing – corporate plan; and (ii) operations bearing credit risk – commercial portfolio.

**Expanded Loan Portfolio - Consumer Financing**

The graph below shows the types of credit related to Consumer Financing of individual customers (CDC/vehicle leasing, personal loans, financing of goods, revolving credit card and cash and installment purchases at merchants).

Consumer financing totaled R\$88.2 billion, up 2.6% in the quarter and 6.2% in the last 12 months. Growth was led by: (i) vehicle financing (CDC/Leasing) (R\$31.1 billion); and (ii) payroll-deductible loans (R\$20.8

billion), which together totaled R\$51.9 billion, accounting for 58.8% of the consumer financing balance. Given their guarantees and characteristics, these products provide a rather low level of credit risk to this group of operations.

Report on Economic and  
Financial Analysis – December  
2012

---

## **Loan Financial Margin - Interest**

### **Changes in the Expanded Loan Portfolio**

Of the R\$39.8 billion growth in the loan portfolio over the last 12 months, new borrowers accounted for R\$31.9 billion, or 80.2%, representing 8.3% of the portfolio in December 2012.

(1) Including loans settled and subsequently renewed in the last 12 months.

## Economic and Financial Analysis

**Loan Financial Margin - Interest****Changes in the Expanded Loan Portfolio - By Rating**

The chart below shows that new borrowers and remaining debtors as of December 2011 (customers that remained in the loan portfolio for at least 12 months) presented a good level of credit quality (AA-C ratings), demonstrating the adequacy and consistency of the loan assignment policy and processes, as well as the quality of guarantees and the credit rating instruments used by Bradesco.

| Middle Market                              | 49,271         | 12.8         | 46,693         | 12.6         | 44,191         | 12.8         | 11.5        |
| Prime                                      | 15,603         | 4.0          | 14,718         | 4.0          | 12,325         | 3.6          | 26.6        |
| Other / Non-account holders <sup>(2)</sup> | 53,551         | 13.9         | 53,008         | 14.2         | 51,687         | 14.9         | 3.6         |
| <b>Total</b>                               | <b>385,529</b> | <b>100.0</b> | <b>371,674</b> | <b>100.0</b> | <b>345,724</b> | <b>100.0</b> | <b>11.5</b> |

(1) Including loans taken out with co-obligation. In the table on page 40, Loan Portfolio - by Customer Profile, these amounts are allocated to individuals; and

(2) Mostly, non-account holders using vehicle financing, credit cards and payroll-deductible loans.

**Expanded Loan Portfolio - By Currency**

The balance of foreign currency-indexed and/or denominated loan and onlending operations (excluding ACCs - Advances on Foreign Exchange Contracts) totaled US\$15.1 billion in December 2012 (US\$15.0 billion in September 2012 and US\$14.8 billion in December 2011), a 0.7% and 2.0% increase, in dollars, in the quarter and in the last 12 months, respectively. In reais, these same foreign currency operations totaled R\$30.9 billion in December 2012 (R\$30.4 billion in September 2012 and R\$27.8 billion in December 2011), a 1.6% growth in the quarter and 11.2% in the last 12 months.

In December 2012, total loan operations, in reais, stood at R\$354.6 billion (R\$341.3 billion in September 2012 and R\$317.9 billion in December 2011), up 3.9% on the previous quarter and 11.5% over the last 12 months.

## Economic and Financial Analysis

**Loan Financial Margin - Interest****Expanded Loan Portfolio - by Debtor**

Credit exposure level among the 100 largest debtors was slightly higher from that in the previous year and the last quarter. The quality of the portfolio of the 100 largest debtors, rated as AA and A, improved in the quarter and slightly decreased in the last 12 months.

**Loan Portfolio<sup>(1)</sup> - By Type**

All operations bearing credit risk stood at R\$409.4 billion, up 3.7% in the quarter and 12.1% in the last 12 months.

|  | R\$ million    |                |                | Variation %   |               |

- (1) In addition to the Expanded Portfolio, it includes other operations bearing credit risk;
- (2) As defined by Bacen;
- (3) Including debenture and promissory note operations; and
- (4) Including CDI operations, international treasury, swaps, forward currency contracts and investments in FIDC and CRI.

Report on Economic and Financial  
Analysis – December 2012

---

### **Loan Financial Margin - Interest**

The charts below refer to the Loan Portfolio, as defined by Bacen.

#### **Loan Portfolio<sup>(1)</sup> - By Flow of Maturities**

The portfolio's profile by flow of maturities remained stable year over year. The reduction in certain long-term portfolios was offset by the volume of payroll-deductible loan operations and real estate financing. Note that, due to their guarantees and characteristics, these operations are exposed to lower risk, in addition to providing favorable conditions to gain customer loyalty.

(1) As defined by Bacen.

Economic and Financial Analysis

**Loan Financial Margin - Interest**

**Loan Portfolio<sup>(1)</sup> - Delinquency over 90 days**

Total delinquency ratio over 90 days was stable in the quarter. Note the slight reduction in Corporations and SMEs which, however, did not change the average ratio, given that the Individuals delinquency ratio remained practically stable in 2012.

As shown in the graph below, the total delinquency ratio for operations overdue from 61 to 90 days had a slight decrease in the quarter and a slight increase over the last twelve months, mainly due to the change in the portfolio mix. Loans overdue from 61 to 90 days remained stable for individuals, whereas for corporate customers it posted a slight decrease. Year over year, the ratio remained stable both for individuals and corporate customers.

(1) As defined by Bacen.

## Loan Financial Margin - Interest

### Allowance for Loan Losses (ALL) x Delinquency x Losses<sup>(1)</sup>

The ALL of R\$21.3 billion, representing 7.3% of the total portfolio, comprises the generic provision (customer and/or operation rating), the specific provision (non-performing loans) and the excess provision (internal criteria).

Bradesco has appropriate provisioning levels that are also sufficient to support possible changes in scenarios, such as higher delinquency levels and/or changes in the loan portfolio profile.

It is worth mentioning the assertiveness of adopted provisioning criteria, which is proven by: (i) analyzing historical data on recorded allowances for loan losses; and (ii) effective losses in the subsequent twelve-month period, i.e., for an existing provision of 7.3% of the portfolio<sup>(1)</sup>, in December 2011, the effective gross loss in the subsequent twelve-month period was 4.5%, meaning the existing provision exceeded the loss over the subsequent twelve-month period by more than 60%, as shown in the graph below.

(1) As defined by Bacen.

Economic and Financial Analysis

**Loan Financial Margin - Interest**

Analysis in terms of loss, net of recovery, shows a significant increase in the coverage margin. In December 2011, for an existing provision of 7.3% of the portfolio<sup>(1)</sup>, the net loss in the subsequent twelve-month period was 3.4%, meaning that the existing provision covered the loss in the subsequent 12 months by more than 113%.

(1) As defined by Bacen.

Report on Economic and  
Financial Analysis – December  
2012

---

## **Loan Financial Margin - Interest**

### **Allowance for Loan Losses<sup>(1)</sup>**

The Non-performing Loan ratio (operations overdue for over 60 days) posted a slight decrease in the quarter-over-quarter comparison. Coverage ratios for the allowance for loans overdue from 60 to 90 days stood at very comfortable levels.

(1) As defined by Bacen; and

(2) Loan operations overdue for over 60 days and that do not generate revenue appropriation on an accrual basis.

## Economic and Financial Analysis

**Loan Financial Margin - Interest****Loan Portfolio<sup>(1)</sup> - Portfolio Indicators**

To facilitate the monitoring of the quantitative and qualitative performance of Bradesco's loan portfolio, a comparative summary of the main figures and indicators is presented below:

|  | <b>R\$ million (except %)</b> |                |                |

|                                  |                            |              |            |              | YTD          |             |
| Interest - due to volume         |                            |              |            |              | 410          | 2           |
| Interest - due to spread         |                            |              |            |              | (747)        | (24)        |
| <b>Interest Financial Margin</b> | <b>4,225</b>               | <b>4,562</b> | <b>997</b> | <b>1,019</b> | <b>(337)</b> | <b>(22)</b> |

Quarter over quarter, interest funding financial margin decreased 2.2%, or R\$22 million. The variation was due to: (i) the R\$24 million decrease in average spread, reflecting lower interest rate (Selic) in the period; partially offset by: (ii) the slight increase in the volume of transactions, in the amount of R\$2 million.

In 2012, interest funding financial margin was R\$4,225 million against the R\$4,562 million in 2011, down by 7.4% or R\$337 million, mainly driven by: (i) the R\$747 million decrease in average spread, partially impacted by lower interest rate (Selic); and partially offset by: (ii) gains from average business volume, totaling R\$410 million.

## Economic and Financial Analysis

**Funding Financial Margin - Interest****Loans x Funding**

To analyze Loan Operations in relation to Funding, it is first necessary to deduct from total customer funding (i) the amount committed to reserve requirements at Bacen, (ii) the amount of available funds held at customer service network units; and (iii) add funds from domestic and foreign lines of credit that finance loan needs.

Bradesco depends little on interbank deposits and foreign lines of credit, given its capacity to effectively obtain funding from customers.

This is a result of: (i) the outstanding position of its service points; (ii) the extensive diversity of products offered; and (iii) the market's confidence in the Bradesco brand.

Note that the use of funds provides a comfortable margin, which proves that Bradesco is capable of meeting demand for funds for loans using its own funding.

| <b>Funding vs. Investments</b>  | <b>R\$ million</b> |                |                | <b>Variation %</b> |                   |

| <b>Total</b>                                     | <b>401,683</b> | <b>401,585</b> | <b>388,360</b> | <b>-</b>    | <b>3.4</b> |

(1) Considering only debentures used to back purchase and sale commitments; and

(2) Including: Financial Bills, on December 31, 2012, amounting to R\$28,221 million (R\$31,234 million on September 30, 2012 and R\$27,120 million on December 31, 2011).

### Demand Deposits

Demand deposits amounted to R\$38,412 million in the fourth quarter of 2012, a 14.2% increase quarter over quarter and 16.0% on the same period in 2011, mainly due to the improved funding resulting from the seasonal effect in the quarter and the increased account holder base in the period.

(1) Additional installment is not included.

### Savings Deposits

Savings deposits increased 5.3% in the quarter-over-quarter comparison and 15.7% in the last 12 months, mainly as a result of: (i) greater funding volume, partially influenced by the changes in the investment remuneration rules; and (ii) the remuneration of savings account reserve.

Bradesco is always increasing its savings accounts base and posted net growth of 5.2 million new savings accounts over the last 12 months.

The new savings remuneration rule determines that:

(i) the existing account savings up to May 3, 2012 will continue to remunerate at TR + 0.5% p.m.; and

(ii) for deposits made as of May 4, 2012, the new rules are: (a) if the Selic rate is higher than 8.5% p.a., the TR + 0.5% p.m. remuneration will be maintained; and (b) when the Selic rate is equal to

or lower than 8.5% p.a., the remuneration will be  
70% of Selic rate + TR.

Bradesco

Economic and Financial Analysis

## **Funding Financial Margin - Interest**

### **Time Deposits**

In the fourth quarter of 2012, time deposits totaled R\$104,022 million, decreasing by 8.3% quarter over quarter and 16.2% on the same period of the previous year.

Such performance is basically due to the new business opportunities offered to customers and the migration of funds to other investment sources, such as Financial Treasury Bills and Debentures, thereby extending average funding terms, which offset the increase of new funding and the restatement of the deposit portfolio.

### **Debentures**

On December 31, 2012, Bradesco's debentures amounted to R\$59,810 million, an 8.1% increase in the quarter-over-quarter comparison and a 20.2% increase over the last 12 months.

These variations are mainly due to the placement and maturity of the securities, which are also used to back purchase and sale commitments that are, in turn, impacted by the levels of economic activity.

### **Borrowing and Onlending**

The quarter-over-quarter R\$1,213 million reduction was mainly due to: (i) a decreased foreign-currency-denominated and/or indexed borrowing and onlending, from R\$10,267 million in September 2012 to R\$8,169 million in December 2012, mainly driven by the settlement of operations; and partially offset by: (ii) the R\$885 million increase in the volume of funds raised through loans and onlending in Brazil, especially through BNDES and Finame operations.

Year over year, the balance fell 17.0%, or R\$9,061 million, mainly due to the R\$9,171 million decrease in foreign-currency-denominated and/or indexed borrowing and onlending, from R\$17,340 million in December 2011 to R\$8,169 million in December 2012, mainly due to: (a) the settlement of operations; partially offset by: (b) the exchange gain of 8.9% in the period.

Report on Economic and  
Financial Analysis – December  
2012

---

## **Funding Financial Margin - Interest**

### **Funds for the Issuance of Securities**

Funds from issuance of securities totaled R\$51,359 million, a 4.6% or R\$2,451 million decrease in the quarter, mainly due to: (i) the decreased inventory of Financial Bills, from R\$31,234 million in September 2012 to R\$28,221 million in December 2012, mainly due to the redemptions and maturities of these securities, beginning in May 2012; and partially offset by: (ii) the greater volume of Mortgage Bonds, in the amount of R\$418 million.

When compared to 2011, this year's growth of 23.7%, or R\$9,837 million, was mainly the result of: (i) the increase in volume of securities issued abroad, in the amount of R\$5,778 million, a result of new issuances carried out in the period and exchange gains of 8.9%; (ii) the higher volume of Mortgage Bonds, in the amount of R\$2,086 million; (iii) the higher volume of Letters of Credit for Agribusiness, in the amount of R\$1,355 million; (iv) new issuances of Financial Bills, which increased by R\$1,101 million; and partially offset by: (v) the R\$483 million decrease in the balance of Collateral Mortgage Notes.

### **Subordinated Debt**

Subordinated Debt totaled R\$34,852 million in December 2012 (R\$8,807 million abroad and R\$26,045 million in Brazil). In the last 12 months, Bradesco issued R\$19,837 million (R\$2,008 million abroad and R\$17,829 million in Brazil).

Additionally, note that, in the fourth quarter of 2012, Bacen authorized the use of Subordinated Financial Bills amounting to R\$2,206 million (R\$273 million in the third quarter of 2012) to compose Tier II of the Capital Adequacy Ratio, of which only R\$26,638 million of total subordinated debt is used to calculate the Capital Adequacy Ratio, given their maturity terms.

| Expenses                         | (26,564)                            | (31,054)     | (5,620)      | (5,680)      | 4,490            | 60           |

Quarter over quarter, interest financial margin from Securities/Other was down by R\$188 million, mainly due to: (i) the R\$223 million decrease in average spread; and partially offset by: (ii) the increase in business volume, which accounted for R\$35 million.

In 2012, interest financial margin from Securities/Other stood at R\$5,083 million, versus R\$2,902 million recorded in 2011, up 75.2%, or R\$2,181 million. This result was due to: (i) an R\$1,157 million increase in the average spread; and (ii) an increase in the volume of operations which affected the result in R\$1,024 million.

| Expenses                         | (7,692)                      | (6,922)      | (1,417)    | (2,512)    | (770)            | 1,095      |

In the quarter-over-quarter comparison, interest financial margin from insurance operations increased R\$218 million, or 31.4%, mainly due to: (i) a R\$173 million increase in average spread, as a result of the decreased IGP-M rate in the quarter, making lower the expense with the adjustment for inflation of part of technical reserves; and (ii) the increase in the volume of operations, amounting to R\$45 million.

In the year-over-year comparison, interest financial margin from insurance operations was down 6.1%, or

R\$205 million, due to: (i) the R\$732 million loss in average spread, as a result of: (a) the IGP-M rate trend in the periods; and (b) the dividend distribution in the period; and partially offset by: (ii) the increase in volume of operations, amounting to R\$527 million.

The non-interest financial margin in the fourth quarter of 2012 stood at R\$431 million versus R\$352 million from the previous quarter. Year over year, non-interest margin increased R\$121 million.

Main variations were a result of:

- “Insurance,” which is represented by gains/loss from equity securities. The variations in the periods are associated with market conditions, which enabled greater/lower gain opportunity; and
- “Securities/Other,” whose R\$62 million quarter-over-quarter increase and R\$36 million year-over-year decrease were due to the Treasury/Securities result in the periods.

**Written Premiums, Pension Plan Contributions and Capitalization Bond Income**

In the fourth quarter of 2012, total revenue grew 30.8% compared to the previous quarter, led by the “Life and Pension Plan” segment, which was driven by higher concentration of private pension contributions in the period.

Production in 2012 posted a 17.7% increase comparing to the same period in the previous year, driven by the performance of all segments, which had more than a two-digit growth.

(1) Life/VGBL/PGBL/Traditional; and

(2) 4Q12 includes the latest data released by Susep (November 2012).

Note: For comparison purposes, the non-recurring events are not considered.

Due to its solid structure, a policy of product innovation and customer trust, Bradesco Vida e Previdência leads the segment with a 29.2% market share in terms of pension plan and VGBL income in the period (source: Susep).

Net income for the fourth quarter of 2012 was 15.6% higher than the result posted in the previous quarter, mainly as a result of: (i) the 61.0% increase in revenues; (ii) the increase in the financial result; (iii) the improved administrative efficiency ratio; partially offset by: (iv) the 2.8 p.p. increase in “Life” product claims ratio; and (v) the 2.1 p.p. increase in selling costs.

Net income for 2012 was 6.1% higher than the net income posted in the previous year, mainly due to: (i) the 17.3% increase in revenues; (ii) the 4.2 p.p. decrease in “Life” product claims ratio; (iii) reduced general and administrative expenses, partially offset by: (iv) the 3.8 p.p. in selling costs.

Economic and Financial Analysis

## **Bradesco Vida e Previdência**

Bradesco Vida e Previdência's technical reserves stood at R\$108.4 billion in December 2012, made up of R\$103.2 billion from the "Pension Plans and VGBL" product and R\$5.2 billion from "Life," "Personal Accidents" and "Other Lines" products, up 19.1% over December 2011. The Pension Plan and VGBL Investment Portfolio totaled R\$111.3 billion in November 2012, equal to 33.6% of all market funds (source: Fenaprevi).

## **Growth of Participants and Life and Personal Accident Policyholders**

In December 2012, the number of Bradesco Vida e Previdência customers grew by 5.1% compared to December 2011, surpassing a total of 2.3 million pension plan and VGBL plan participants and 23.5 million personal accident participants.

This impressive growth was fueled by the strength of the Bradesco brand and the improvement of selling and management policies.

(1) 4Q12 considers the latest data released by ANS (November 2012).

Note: For comparison purposes, the non-recurring events are not considered.

Net income for the fourth quarter of 2012 increased by 25.6% comparing to the previous quarter, mainly due to: (i) the 9.2% increase in revenue; (ii) the 1.6 p.p. decrease in claims; (iii) improved financial result; (iv) decrease in general and administrative expenses; and partially offset by: (v) the decrease in equity income.

Net income for 2012 was down 16.1% over the same period of the previous year, due to: (i) the decrease in financial result, driven by the payment of dividends amounting to R\$900 million in December 2011; (ii) the decrease in equity income, partially offset by: (iii) the 19.1% increase in revenue; (iv) the maintenance in the claims ratio, which remained at the same levels of 2011; and (v) improved administrative efficiency ratio.

In December 2012, Bradesco Saúde and Mediservice maintained strong market position in the corporate segment (source: ANS).

Approximately 57 thousand companies in Brazil have Bradesco Saúde insurance and Mediservice plans. Of the 100 largest companies in Brazil in terms of revenue, 50 are Bradesco Saúde and Mediservice customers (source: *Exame* magazine's Best and Major Companies (*Melhores e Maiores*) ranking, July 2012).

## Economic and Financial Analysis

**Bradesco Saúde and Mediservice****Number of Policyholders at Bradesco Saúde and Mediservice**

Together, the two companies have over 3.9 million customers. The high share of corporate policies in the overall portfolio (95.1% in December 2012) shows the companies' high level of specialization and customization in the corporate segment, a major advantage in today's supplementary health insurance market.

(1) 4Q12 considers the latest data released by Susep (November 2012).

Net income for the fourth quarter of 2012 grew 19.8% when comparing to the third quarter, due to: (i) the 7.5% increase in revenues from capitalization bonds; and (ii) improved financial result.

Net income for 2012 grew 13.6% when comparing to net income for 2011, mainly due to: (i) the 25.8% increase in revenues from capitalization bonds; (ii) an improved management efficiency ratio; and partially offset by: (iii) the decrease in the financial result, driven by the payment of dividends amounting to R\$300 million in December 2011.

## Bradesco Capitalização

Bradesco Capitalização ended the fourth quarter of 2012 leading the capitalization bond companies ranking, due to its policy of transparency and of adjusting its products based on potential consumer demand.

In order to offer the capitalization bond that best fits the profile and budget of each customer, Bradesco Capitalização has developed several products that vary in accordance with payment method (lump-sum or monthly), contribution term, frequency of draws and premium amounts. This phase was mainly marked by a closer relationship with the public by consolidating *Pé Quente Bradesco* products.

Among these products, it is worth pointing out the performance of the social and environmental products, from which a part of the profit is allocated to socially responsible projects, while also allowing the customer to create a financial reserve. Bradesco Capitalização currently has partnerships with the following social and environmental institutions: (i) Fundação SOS Mata Atlântica (contributes to the conservation of biological and cultural diversity of the Atlantic Forest, stimulating social and environmental citizenship); (ii) Instituto Ayrton Senna (contributes to education and human development, reducing illiteracy rates, school failure and drop-out rates); (iii) Fundação Amazonas Sustentável (contributes to the sustainable development, environmental preservation and improvement to the quality of life of communities that benefit from the preservation centers in the state of Amazonas); (iv) the Brazilian Cancer Control Institute (contributes to the development of projects for the prevention, early diagnosis and treatment of breast cancer in Brazil); and (v) Projeto Tamar (created to save sea turtles).

Bradesco Capitalização S.A. is the first and only capitalization bond company in Brazil to receive the ISO. In 2009, it was certified with the ISO 9001:2008 for Management of Bradesco Capitalization Bonds. This certification, granted by Fundação Vanzolini, attests to the quality of its internal processes and confirms the principle that underpins Bradesco Capitalization Bonds: good products, services and continuous growth.

The portfolio is composed of 22.0 million active bonds, of which: 37.3% are Traditional Bonds sold in the branch network and at Bradesco *Dia & Noite* service channels, up 14.3% over December 2011; and 62.7% are incentive bonds (assignment of drawing rights), such as partnerships with Bradesco Vida e Previdência and Bradesco Auto/RE, which were up 5.2% over December 2011. Given that the purpose of this type of capitalization bond is to add value to the associated company product or even encourage the performance of its customers, bonds have reduced maturity and grace terms and a lower sale price.

(1) 4Q12 considers the latest data released by Susep (November 2012).

Net income for the fourth quarter of 2012 was down by 76.2% from the previous quarter, due to: (i) the 18.2% decrease in revenues; (ii) higher operating expenses, mainly with tax contingencies, amounting to R\$30 million; and (iii) lower equity result.

Net income for 2012 was 23.5% lower than that posted in the same period in 2011, mainly due to: (i) higher operating expenses, mainly with tax contingencies, amounting to R\$30 million; and (ii) lower financial result.

In the Property Insurance segment, the focus on “Bradesco Corporate” large brokers and customers was maintained. This results in renewal of the main accounts, whether in leadership or participation in co-insurance. Also note the excellent performance of the “Engineering Risks” segment: the partnership with Banco Bradesco’s Real Estate Loan area has enabled new insurance contracts from its customer base.

In Aviation and Maritime Hull insurance, the increased exchange with Bradesco Corporate and Bradesco Empresas has been drawn on extensively, taking full advantage of the stronger sales of new aircraft and those of the maritime segment.

The transportation segment is still the primary focus, with essential investments made to leverage new business, especially in the renewal of reinsurance agreements, which gives insurers the power to assess and cover risk, and consequently increase competitiveness in more profitable businesses such as international transportation insurance for shipping companies involved in international trade.

Despite strong competition in the Auto/RCF line, the insurer has increased its customer base, mainly due to improvements to current products and the creation of products for a specific target-public. Among them, it is worth noting the launch of the First Vehicular Protection of Bradesco Seguro (*Bradesco Seguro Primeira Proteção Veicular*), an exclusive product to Bradesco’s account holders, which helps, through the Day and Night Support services, vehicles from three to ten years of use.

For better service, Bradesco Auto/RE currently has 23 Bradesco Auto Centers (BAC), which offer policyholders the greatest variety of services in a single place, including: auto claims services, reserve rental cars, installation of anti-theft equipment, preventative maintenance checks, glass repairs or replacement and environmental vehicle inspections.

Report on Economic and  
Financial Analysis – December  
2012

---

## **Bradesco Auto/RE**

### **Number of Policyholders at Auto/RE**

Mass insurance targets individuals, self-employed professionals and SMEs. The launch of new products combined with the continuous improvement to methods and systems has contributed to growth in the customer base, which increased by 4.8% in the last 12 months, to a total of 3.9 million customers.

It is worth pointing out that we continued with a strong strategy for the Residential Insurance segment, with a 25% growth in premiums from January to December 2012 (higher than the market growth), totaling more than 2 million insured homes.

Explanations of the main items that influenced the variation in Fee and Commission Income between periods can be found below.

## **Fee and Commission Income**

### **Card Income**

Card income stood at R\$1,652 million in the fourth quarter of 2012, up 8.2% from the previous quarter, mainly due to the increase in the volume of transactions in the period and growth of revenue.

Year over year, card service revenues stood at R\$6,025 million, up 18.2% or R\$928 million, mainly due to an increase in revenue from purchases and services, resulting from the increase in card revenue, active base and number of transactions in the period.

In addition, the credit card base decreased in the third and fourth quarters of 2012, due to the exclusion of idle cards.

Economic and Financial Analysis

## Fee and Commission Income

### Checking Account

In the fourth quarter of 2012, fee and commission income from checking accounts increased 4.8% in comparison with the previous quarter, mainly due to: (i) the net increase of 68 thousand new checking accounts; and (ii) the expansion of the portfolio of services provided to our customers.

Year over year, income grew by R\$459 million, or 16.5%, mainly due to: (i) the expansion of the checking account customer base, which posted a net increase of 583 thousand current accounts (500 thousand individual customers and 83 thousand corporate customers); and (ii) the expansion of the customer service portfolio.

### Loan Operations

In the fourth quarter of 2012, income from loan operations amounted to R\$517 million, down 3.9% in comparison with the previous quarter, mainly due to the impact in the tariff adjustment, partially offset by increased income from "Sureties and Guarantees," up 6.9% on the third quarter of 2012, impacted by the 9.5% increase in the volume of these operations.

Year over year, the 4.9% increase was mainly the result of: (i) greater income from collateral, up 21.0%, mainly deriving from the 23.6% growth in the volume of Sureties and Guarantees; and (ii) an increase in volume of other operations in the period.

## Economic and Financial Analysis

**Fee and Commission Income****Fund Management**

In the fourth quarter of 2012, income from fund management stood at R\$550 million, down R\$12 million from the previous quarter, mainly due to the decreased number of business days in the quarter, partially offset by the 9.2% growth in the volume of funds and portfolios raised and managed.

Year over year, the R\$223 million or 11.4% increase was mainly due to: (i) increases in funds and portfolios, which grew by 31.7%; and (ii) the 7.4% increase in the Ibovespa index in the period, impacting income from managed funds and portfolios pegged to equities.

The highlight was the investments in third-party funds, which grew by 43.9% in the period, followed by the 30.2% increase in fixed-rate funds and the 8.2% increase in equity funds.

Economic and Financial Analysis

## Fee and Commission Income

### Cash Management Solutions (Payments and Collection)

In the fourth quarter of 2012, income from payments and collection slightly increased in comparison with the previous quarter, mainly due to new businesses and increase in the number of processed documents in the period.

Year over year, the 6.9% or R\$107 million increase was mainly due to the greater volume of processed documents, up from 1,750 million in 2011 to 1,931 million in 2012.

### Consortium Management

In the fourth quarter of 2012, income from consortium management increased by 1.3% over the previous quarter, mainly due to the segment expansion. On December 31, 2012, Bradesco had 736 thousand active quotas (707 thousand active quotas on September 30, 2012), ensuring a leading position in all the segments it operates (real estate, auto and trucks/tractors).

Bradesco remains being leader in the three segments due to planning and synergy with the branch network, together with stability and security of the Bradesco brand.

Year over year, there was a 16.3% increase, resulting from: (i) the growth in the volume of bids; (ii) the increase in average ticket; and (iii) the increase in sales of new quotas, from 626 thousand net quotas sold on December 31, 2011 to 736 thousand active quotas on December 31, 2012, an increase of 110 thousand net quotas.

Bradesco's purpose is to offer the most complete portfolio of products and services to its customers. Therefore, the Organization provides consortium plans for all income groups, covering the different market demands, in real estate and automobile segments. To sell the consortium plans, Bradesco has the strength and expertise of several managers, who operate together with customers in all Brazilian cities.

## **Fee and Commission Income**

### **Custody and Brokerage Services**

In the fourth quarter of 2012, total custody and brokerage service income increased by R\$2 million, remaining virtually stable in relation to the previous quarter.

Year over year, the 15.0% increase in income reflected: (i) the behavior of the capital market in the period, which impacted revenue from brokerage services; and (ii) the increase in custody services, with a R\$177 billion gain in assets under custody.

### **Underwriting / Financial Advisory Services**

The R\$104 million increase in the quarter-over-quarter comparison mainly refers to increased gains with capital market operations in the fourth quarter of 2012, particularly underwriting operations. Furthermore, changes in this income are often the result of capital markets' volatile performance.

Year over year, there was an increase of R\$219 million, mainly as a result of a greater business volume of underwriting and financial advisory operations in 2012.

In the fourth quarter of 2012, total personnel and administrative expenses came to R\$6,897 million, up 3.2% in comparison with the previous quarter. Year over year, Personnel and Administrative Expenses amounted to R\$26,348 million, up 7.7% over the same period of the previous year.

**Personnel Expenses**

In the fourth quarter of 2012, personnel expenses came to R\$3,142 million, a 0.7% or R\$23 million variation from the previous quarter, mainly driven by the variation in “structural” expenses, which was due to higher expenses with payroll, social charges and benefits, resulting from raise in salaries, as determined by the 2012 collective bargaining agreement.

Report on Economic and  
Financial Analysis – December  
2012

---

## **Personnel and Administrative Expenses**

### **Personnel Expenses**

Year over year, the R\$1,125 million increase mainly reflects the structural expenses totaling R\$1,108 million, mainly related to the increase in expenses with payroll, social charges and benefits, impacted by: (i) raise in salary levels, as determined by the 2011 and 2012 collective bargaining agreements; and (ii) net increase in number of employees in the second half of 2011 as a result of organic growth.

Economic and Financial Analysis

## Personnel and Administrative Expenses

### Administrative Expenses

In the fourth quarter of 2012, administrative expenses came to R\$3,755 million, up 5.3%, or R\$190 million, from the previous quarter, mainly due to greater expenses with: (i) marketing and advertising, in the amount of R\$68 million, due to higher investments in actions targeting institutional positioning maintenance and support to offer loan products (real estate, vehicles, personal loan); and (ii) increase in business and service volume in the quarter.

Year over year, the 5.6%, or R\$756 million, increase was mainly due to: (i) increase in businesses and service volume in the period; (ii) contractual adjustments; and (iii) organic growth expenses as of the second half of 2011, with the opening of 9,196 service points, mainly the opening of 8,214 *Bradesco Expresso* points, for a total of 68,917 service points on December 31, 2012; and partially offset by lower expenses with: (iv) outsourced services, mainly related to the end of the partnership with Empresa Brasileira de Correios e Telégrafos (ECT) in December 2011 (Postal Bank); and (v) marketing and advertising. In the last 12 months, the inflation rates Extended Consumer Price Index (IPCA) and General Market Price Index (IGP-M) stood at 5.8% and 7.8% respectively.

### **Operating Coverage Ratio <sup>(1)</sup>**

In the quarter, the coverage ratio over the last 12 months maintained its improvement with a 2.1 p.p. growth, mainly due to an increase in fee and commission income, combined with ongoing cost control efforts, including actions of our Efficiency Committee in the period.

(1) Fee and Commission Income / Administrative and Personnel Expenses (over the last 12 months).

It is worth noting that 66.5% is the best rate over the last twelve quarters.

### **Tax Expenses**

The quarter-over-quarter and year-over-year changes were mainly the result of higher ISS/PIS/Cofins expenses, basically reflecting the higher taxable income, especially those periods' financial margin and fee and commission income.

Economic and Financial Analysis

### **Equity in the Earnings (Losses) of Unconsolidated Companies**

In the fourth quarter of 2012, equity in the earnings (losses) of unconsolidated companies stood at R\$45 million, remaining stable in comparison with the previous quarter.

Year over year, the R\$4 million increase recorded was mainly due to greater results from the unconsolidated company IRB - Brasil Resseguros, partially mitigated by lower results with the unconsolidated company Integritas.

### **Operating Income**

Operating income in the fourth quarter of 2012 was R\$4,449 million, up R\$61 million from the previous quarter, mainly impacted by (i) the increase in fee and commission income, amounting to R\$237 million; (ii) higher financial margin, amounting to R\$154 million; (iii) lower allowance for loan loss expenses, in the amount of R\$93 million; offset by: (iv) the R\$213 million increase in personnel and administrative expenses; (v) the increase in other operating income (net of other income), in the amount of R\$76 million; (vi) the decrease in operating income from Insurance, Pension Plans and Capitalization Bonds, in the amount of R\$74 million; and (vii) the increase in tax expenses, in the amount of R\$60 million.

Year over year, the R\$1,263 million, or 7.8%, increase is basically a result of: (i) the R\$4,472 million increase in financial margin; (ii) the R\$2,289 million increase in fee and commission income; (iii) the R\$444 million increase in operating income from Insurance, Pension Plans and Capitalization Bonds, partially offset by: (iv) a R\$2,777 million increase in allowance for loan loss expenses; (v) a R\$1,881 million increase in administrative and personnel expenses; (vi) a R\$813 million increase in other operating expenses (net of other income); and (vii) a R\$475 million increase in tax expenses.

**Non-Operating Income**

In the fourth quarter of 2012, non-operating income posted a loss of R\$29 million, R\$9 million more than the previous quarter and R\$92 million more than the same period in 2011, due to greater non-operating expenses in the period.

Return to Shareholders

## Sustainability

### Bradesco remains in ISE for the eighth consecutive year

For the eighth consecutive year, Bradesco's common (BBDC3) and preferred (BBDC4) shares have been designated for inclusion in the BM&FBovespa's Corporate Sustainability Index (ISE). The leading domestic indicator for socially responsible investment and a force for promoting best corporate practices in Brazil, the ISE reflects the returns from a share portfolio comprising those companies with the best performance in all aspects of corporate sustainability. In 2012 Bradesco was also included for another year in the Dow Jones Sustainability

World Index, which takes into account the financial and social and environmental performance of companies from around the world. Through this additional recognition, Bradesco reiterates its commitments to its stakeholders, stability, transparency and liquidity, preserving sustainability as one of its strategic pillars.

### Investor Relations (IR)

Consistent with its objective of democratizing information, in the fourth quarter of 2012 Bradesco closed out its events calendar with the Apimec Meetings in Manaus and Vitória. We held 18 Apimec Meetings in 2012, gathering more than 4 thousand people and 5.6 thousand virtual participants connected to the Bank's IR website, who watched live webcasts featuring simultaneous interpretation into English. All events are available on the Encontros Apimec 2012 hot site. That site features the entire São Paulo meeting and summaries of each of the events held during the year, as well as clips of presentations and interviews with participants.

Moreover, the Investor Relations team frequently keeps contact with shareholders, investors and analysts via telephone, email, or in person at Bradesco's headquarters, in addition to participating in conferences and road shows in Brazil and abroad.

In recognition of these efforts, Bradesco received the award for "Best Investor Relations of the Financial Sector" during the *IR Magazine Awards Brazil 2012*, put on by *IR Magazine*, in conjunction with the *Revista RI* and the Brazilian Institute of Investor Relations (IBRI).

During 2012, the Investor Relations Area, in conjunction with Bradesco Corretora, participated in nine editions of Expo Money, the largest financial education event in Latin America. The 51,337 participants were able to increase their knowledge by attending lectures and talks at Bradesco's booth on topics such as "Personal Finance," "Investment Diversification," "Learning about Shares" and "Technical and Graphical Analyses." The Bank's Economics Area presented keynote addresses on the macroeconomic scenario.

Return to Shareholders

## Corporate Governance

Bradesco's management is made up of the Board of Directors and the Board of Executive Officers. The former is composed of nine members who serve one-year terms of office and are eligible for reelection, and includes one internal member (Mr. Luiz Carlos Trabuco Cappi, current CEO), seven external members, including the Chairman (Mr. Lázaro de Mello Brandão), and one independent member. The Board members are elected on an annual basis by the Annual Shareholders' Meeting, which elect the members of the Board of Executive Officers internally.

Within its Corporate Governance structure, Bradesco's Board of Directors is supported by five Statutory Committees (Ethical Conduct, Audit, Internal Controls and Compliance, Compensation and Integrated Risk Management and Capital Allocation), in addition to 44 Executive Committees that assist the Board of Executive Officers in performing its duties.

Bradesco guarantees its shareholders, as a minimum dividend, 30% of adjusted net income, as well as 100% tag-along rights for common shares and 80% for preferred shares. Preferred shares are also entitled to dividends 10% greater than those paid to common shares.

In 2001, Bradesco voluntarily adhered to Level 1 Corporate Governance of BM&FBovespa - Securities, Commodities and Futures Exchange.

In 2011, it also voluntarily adhered to the Code of Self-Regulation and Best Practices for Publicly-Held Companies, issued by the Brazilian Association of Publicly-Held Companies (Abrasca) based on the best corporate governance practices adopted in Brazil and abroad.

Bradesco was rated AA+ (Excellent Corporate Governance Practices) by Austin Rating.

On March 9, 2012, all of the matters proposed to the Shareholders' Meetings were approved.

The Bradesco Organization Management Compensation Policy was also officially adopted in 2012.

On December 31, 2012, there were 364,268 shareholders domiciled in Brazil, accounting for 99.74% of total shareholders and holding 68.51% of all shares, while a total of 957 shareholders are domiciled abroad, accounting for 0.26% of shareholders and holding 31.49% of shares.

**Average Daily Trading Volume of Shares <sup>(1)</sup>**

Bradesco shares are traded on BM&FBovespa and the New York Stock Exchange (NYSE). Since November 21, 2001, Bradesco trades its ADRs backed by preferred shares on NYSE. As of March 13, 2012, it has also traded ADRs backed by common shares.

At the close of 2012, the average daily trading volume of ADRs was R\$278 million, representing 54.4% of the total average daily trading volume of Bradesco shares. In the same period, the average daily trading volume of common and preferred shares on BM&FBovespa reached R\$233 million, representing 45.6% of the total average daily trading volume of Bradesco shares.

(1) Average daily trading volume of shares listed on BM&FBovespa (BBDC3-ON and BBDC4-PN) and NYSE (BBD-ADR PN and BBDO-ADR ON).

Report on Economic and  
Financial Analysis – December  
2012

**Bradesco Shares****Appreciation of Preferred Shares - BBDC4 <sup>(1)</sup>**

The graph shows the change in preferred shares due to Bradesco's dividend reinvestment, compared to the Ibovespa and the CDI - Interbank Deposit Rate. If R\$100 were invested in December 2001, Bradesco shares would be worth R\$986 at the end of 2012, an appreciation above Ibovespa and CDI rates in the same period.

(1) Dividend reinvestment is considered.

**Bradesco Shares****Recommendation of Market Analysts - Target Price**

Market analysts issue periodical recommendations on Bradesco preferred shares (BBDC4). We had access to 15 reports prepared by these analysts on January 24, 2013. Below are recommendations and a consensus on the target price for December 2013:

| <b>Recommendations %</b> |      | <b>Target Price in R\$ for Dec13</b> |      |
|--------------------------|------|--------------------------------------|------|
| Buy                      | 33.3 | Average                              | 39.7 |
| Keep                     | 60.0 | Standard Deviation                   | 3.9  |
| Sell                     | 6.7  | Higher                               | 45.8 |
| Under Analysis           | -    | Lower                                | 33.0 |

For more information on target price and recommendation of each market analyst that monitors the performance of Bradesco shares, visit the IR section at [www.bradescori.com.br](http://www.bradescori.com.br) > Information to Shareholders > Analysts' Consensus.

**Market Capitalization**

By the end of fiscal year 2012, Bradesco's market capitalization, considering the closing prices of common and preferred shares, was R\$131.9 billion, up 23.3% over the year-ended 2011. Considering the closing price for preferred shares (most traded share), on the same date, Bradesco's market capitalization was R\$134.3 billion, an increase of 14.4% over the previous year. In the year-over-year comparison, the Ibovespa increased by 7.4%.

## Main Indicators

**Market Capitalization (Common and Preferred Shares) / Net Income(1):** indicates a possible number of years that the investor would recover the capital invested, based on the closing prices of common and preferred shares.

**Market Capitalization (Common and Preferred Shares) / Shareholders' Equity:** indicates the multiple by which Bradesco's market capitalization exceeds its book shareholders' equity.

**Dividend Yield:** the ratio between share price and dividends and/or interest on shareholders' equity paid to shareholders in the last 12 months, which indicates the return on investment represented by the allocation of net income.

## Return to Shareholders

**Dividends/Interest on Shareholders' Equity**

In 2012, a total of R\$3,895 million was allocated to shareholders as Interest on Shareholders' Equity and Dividends. In 2012, total Interest on Shareholders' Equity and Dividends allocated to shareholders correspond to 36.0% of book net income, or 31.5% considering withholding income tax deduction therefrom.

(1) In the last 12 months.

**Weight on Main Stock Indexes**

Bradesco shares comprises Brazil's main stock indexes, including IBrX-50 (index that measures the total return of a theoretical portfolio comprising 50 shares selected among the most traded shares on BM&FBovespa), ISE (Corporate Sustainability Index), the ITAG (Special Tag-Along Stock Index), IGC (Special Corporate Governance Stock Index), IFNC (Financial Index which comprises banks, insurance and financial companies), and ICO2 (index comprising shares of the companies that are part of the IBrX-50 index and that accepted to take part in this initiative by adopting transparent greenhouse gas emission practices).

Abroad, Bradesco shares are listed on NYSE's Dow Jones Sustainability World Index and the FTSE Latibex Brazil Index of Madrid Stock Exchange.

(1) At Banco Bradesco, liabilities are applied to Rural Loans;

(2) Collected in cash and not remunerated;

(3) Collected in cash with the Special Clearance and Custody System (Selic) rate;

(4) Collected in cash with the Reference Interest Rate (TR) + interest of 6.17% p.a. for deposits made until May 3, 2012, and TR + 70% of the Selic rate for deposits made as from May 4, 2012, when the Selic rate is equal to or lower than 8.5% p.a.;

(5) As of the calculation period from March 29, 2010 to April 1, 2010, with compliance on April 9, 2010, liabilities are now exclusively in cash, and may be paid with credits acquired as provided for by legislation in

force; and

(6) FGC was prepaid 60 times in August 2008, as of the calculation period from October 20, 2008 to October 31, 2008, with compliance as of October 29, 2008.

Additional Information

## Investments in Infrastructure, Information Technology and Telecommunication

Information technology plays a major role in sustaining the business of financial institutions. Bradesco continues to be a leader among banks in terms of investing in the most modern and secure, and easy-to-use technologies for its customers.

In addition to owning one of the largest banking service networks, the Bank offers its customers various electronic media, thereby strengthening the relationship between them and the Bank.

A highlight in 2012 was the launch of our Windows 8 application. This application allows customers to see the balances of their checking and savings accounts and most recent and monthly statements. They can also use it to view credit card statements for the past 12 months. The primary new feature in Windows 8 is the start screen, which features a variety of customization options, allowing users to update the information they consider most important in real time using its live tiles interface.

Bradesco also released a new version of the Bradesco Application for Android. This is a completely redesigned version that offers the same functionalities as the iPhone application. New features include the Autofill button, which automatically enters the security key during transactions with a single touch, and the Apps icon, which allows customers to see which Bradesco apps are already installed on their mobile phones and which they may still download. Customers also have the ability to check balances and statements and to process transfers and payments, among other options.

Bradesco also launched its Google TV app, which can be downloaded free of charge on television sets connected to the new Google platform and the internet. This app allows customers to access their accounts and to effect transactions, such as

Another highlight in the year was Bradesco Next, a conceptual agency unveiled in August, at the JK Iguatemi Mall in São Paulo, where technology fits customer needs and not the other way round. It provides a unique experience with Bradesco's products and services through innovative solutions such as biometric wall, in which customers and non-customers can know and experience in practice the use of biometrics through an on-site registration, which allows interaction with agency's other tools. It also features *Bradesco Dia & Noite* equipment, or ATMs Next, which have touchscreens and allow specific transactions without cards. In the "Bank of the Future" you can use an interactive table called "Life Cycles," also exclusive to Bradesco customers. A series of cards bring purchase goals, such as buying a house, a car or a trip. By placing a card on the table, it automatically analyzes your account holder profile and tells you what to do to reach the goal.

In 2012 we instituted major advances in systems architecture, prioritizing relevant products and services with benefits for our customers and internal processes. Our ATMs were upgraded to allow cardless withdrawals and balance checks by means of branch and account data, along with biometric and password authentication. We achieved reductions in transaction and credit analysis times, adding efficiency gains in processes. Furthermore, the program has allowed us to reduce new project development costs by 10%-45% through the reuse of systems architecture components.

Bradesco won several IT awards in 2012. It topped the Banks category of the third annual Security Leaders 2012 Awards, put on by *Risk Report* magazine and consulting firm IDC. The recognition was granted to Bradesco for its innovation in IT security, user identification and applications access management, which it documented in the Identity

checking balances and latest checking account entries, make investments and watch institutional videos about Bradesco, social networks, financial indices and customer service channels.

and Access Management Project case study.

## Additional Information

**Investments in Infrastructure, Information Technology and Telecommunication**

Bradesco was also recognized as the Best Brazilian Bank in The Banker Awards, a selection made by British magazine *The Banker*, a leading financial markets publication. This marked the second time Bradesco received the honor. The magazine, considered a major financial sector publication, publishes an annual ranking of the best banks in various countries and regions. The selection of Bradesco highlighted the fact that it opened more than a thousand new branches in the second half of 2011, its presence in every Brazilian city and the efficiency and strength of the results it produced. This is a major international recognition, one that confirms the Bank's sound positioning, responding efficiently to the needs of a challenging market.

Bradesco also came away victorious in the Energy Efficiency Improvements category of the Datacenter Dynamics Awards 2012. These awards recognize the companies in this sector that have made the most progress on the data center front through innovation, leadership and planning. Bradesco has an Information Technology Center (CTI), one of the most modern and well designed in the world, in which we house computers running a variety of platforms and the entire infrastructure supporting our systems operations. The size of Bradesco's technology structure and its use of state-of-art equipment are internationally recognized and make the Bank stand out among its peers in the financial sector and a leader in the application of technology to the banking operations.

We have an up-to-date technological environment, duly controlled and prepared to meet the demands of the growing volume of our customers' business transactions. In 2012, Bradesco's processing capacity increased by 20.1% in view of the daily volume of 269 million transactions. Data storage capacity increased by 17.9%, allowing the Bank to offer more services and information to its customers.

As a prerequisite for its continuous expansion, Bradesco invested R\$4,408 million in Infrastructure, Information Technology and Telecommunications in 2012. The total amount invested over recent years, including infrastructure (facilities, restorations, improvements, furniture and fixtures), can be found below:

|  | 2012         | 2011         | 2010         | 2009         | R\$ million<br>2008 |

## Additional Information

**Risk Management**

Given the growing complexity of products and services and the globalization of the Organization's business, risk management has become a highly strategic activity, which must be constantly enhanced to keep pace with the dynamism of the markets and the pursuit of best practices, exemplified by the fact that Bradesco became the first and only Brazilian bank authorized by the Central Bank to use its own internally-developed market risk management models to calculate regulatory capital as of January 2013.

The Organization exercises corporate risk control in an integrated and independent manner, preserving and valuing collegiate decision-making and developing and implementing methodologies, models, and measurement and control tools. It also provides training to employees from all Organization levels, from the business areas to the Board of Directors.

The management process ensures that risks can be proactively identified, measured, mitigated, monitored and reported as required in line with the complexity of the Organization's financial products and activity profile.

Detailed information on the risk management process, reference shareholders' equity and required reference shareholders' equity, as well as the Organization's risk exposure, can be found in the Risk Management Report on the Investor Relations website, at [www.bradescori.com.br](http://www.bradescori.com.br).

**Capital Adequacy Ratio**

In December 2012, Bradesco's Reference Shareholders' Equity amounted to R\$96,933 million, versus a Required Reference Shareholders' Equity of R\$66,057 million, resulting in a R\$30,876 million capital margin. This figure was mostly impacted by the credit risk portion (PEPR), representing 83.8% of the risk-weighted assets.

The Capital Adequacy Ratio increased by 0.1 p.p., from 16.0% in September 2012 to 16.1% in December 2012. Another figure worth noting is: (i) the issue of Subordinated Financial Treasury Bills for composing Tier II in the fourth quarter of 2012, in the amount of R\$ 2,206 million, whose increase was basically offset by: (ii) the increase in credit risk, partially caused by the loan portfolio expansion; and (iii) the increase in market risk, partially caused by the effects of Bacen Circular Letter No. 3,568/11.

| Calculation Basis                     | R\$ million   |               |               |               |               |               |               |               |

Report on Economic and  
Financial Analysis – December  
2012

Independent Auditors' Report

**Reasonable assurance report from independent auditor on the supplementary accounting information**

To the Directors of  
Banco Bradesco S.A.

Osasco – SP

**Introduction**

We were engaged to apply reasonable assurance procedures for the supplementary accounting information included in the Economic and Financial Analysis Report of Banco Bradesco S.A. (“Bradesco”) as at December 31, 2012 and for the year then ended, which is prepared under the Bradesco’s Management responsibility. Our responsibility is to issue a Reasonable Assurance Report on such supplementary accounting information

**Scope, procedures applied and limitations**

The reasonable assurance procedures were performed in accordance with standard NBC TO 3000 - Assurance Engagement Other than Audit and Review, issued by the Brazilian Federal Accounting Council (CFC – Conselho Federal de Contabilidade) and the ISAE 3000 – International Standard on Assurance Engagements issued by International Auditing and Assurance Standards Board – IASB, both for assurance engagements other than audits or reviews of historical financial information.

The reasonable assurance procedures comprised of: (a) planning of the work, considering the relevance of the supplementary financial information and the internal control systems that served as a basis for the preparation of the Economic and Financial Analysis Report of Bradesco; (b) obtaining an understanding of the calculation methodology and the consolidation of indicators through interviews with the management responsible for the preparation of the supplementary accounting information, and (c) comparison of the financial and accounting indicators with the information disclosed at this date.

The procedures that were applied do not constitute an audit or review in accordance with Brazilian and international auditing and review standards. Additionally, our report does not offer reasonable assurance on the scope of future information (such as goals, expectations and ambitions) and descriptive information that is subject to subjective assessment.

### **Criteria for preparation of the supplementary accounting information**

The supplementary accounting information disclosed in the Economic and Financial Analysis Report as of and for the year ended December 31, 2012, were prepared by Management of Bradesco, based on the consolidated financial information included in the financial statement and on the criteria described in the Economic and Financial Information Report, in order to provide additional analysis, but without being part of the consolidated financial statements released in this date.

Report on Economic and  
Financial Analysis – December  
2012

Financial Statements, Independent Auditors' Report and Fiscal Council's Report

## ***Message to Shareholders***

Dear Shareholders,

The 2012 scenario was exceptionally challenging. In this context, it is important to examine the changes in the financial system, due to the events of recent years, which have forced financial institutions to redouble their focus on cash flow from operations, while at the same time expanding their range of customer services.

Bradesco, which will shortly be celebrating its 70th anniversary, has always based its activities on a vigorous banking inclusion process, underlined by its successful adoption of a conservative growth strategy, both in terms of business volume and its pioneering focus on retail.

Among the events that marked 2012, it is particularly worth mentioning the launch of the subsidiary Bradesco Securities Hong Kong Limited, in Hong Kong, China; the expansion of our international distribution channels; the launch of common-share-backed American Depository Receipts (ADRs) on the New York Stock Exchange, where Bradesco's common and preferred shares are traded; the inauguration of Bradesco Next, the bank of the future, a cutting-edge space for presenting and experimenting new customer services and technologies; the inclusion of Bradesco's common shares in the MSCI Brazil Index, compiled by MSCI, a leading provider of investment decision support tools; and the maintenance of Bradesco in the Dow Jones Sustainability World Index and the Bovespa's Corporate Sustainability Index (ISE).

Our excellent performance in 2012 is underlined by our annual result: book net income of R\$11.381 billion, of which R\$3.895 billion was paid to shareholders as dividends and interest on shareholders' equity, equivalent to 31.50% of adjusted annual net income. Grupo Bradesco Seguros made a substantial contribution to this result.

The role of the financial system, in its original function as a broker between savings and investment, is to focus on the productive sector, the generator of wealth and jobs, thereby fueling the development of the country. At the same time, business opportunities have become more challenging in an increasingly demanding and competitive market. With this in mind, Bradesco will remain alert to any adjustments its experience recommends in order to maintain the same secure environment in which the Organization has always operated.

The achievements of 2012 were the result of the dedicated and tireless work of our executive officers and employees, to whom we extend our thanks. We would also like to thank our shareholders and customers, for their support, confidence and preference.

Cidade de Deus, January 25, 2013

**Lázaro de Mello Brandão**  
**Chairman of the Board of Directors**

Bradesco's efforts in the social area are exemplified by the outstanding work of Fundação Bradesco, one of the largest private social and educational programs in Brazil. Fundação Bradesco maintains 40 schools, most of which in underprivileged regions, providing free, high-quality education and strengthening ethical values and civic responsibility. This includes the provision of learning materials, uniforms, meals and dental and medical assistance. In 2012, Fundação Bradesco had 111,512 enrolled students, in addition to benefitting 365,430 students through distance education (EaD), via the Virtual School, and another 118,595 students through partnership projects and actions.

Report on Economic and Financial Analysis - December 2012

---

## **Management Report**

We hereby present the financial statements of Banco Bradesco S.A. for the year ended December 31, 2012, pursuant to the accounting practices adopted in Brazil and applicable to institutions authorized to operate by the Brazilian Central Bank.

In mid-2012, the world's main central banks, in an unusual and decisive move, renewed or extended their commitment to ensuring market liquidity, a decision which played a crucial role in reducing the risks associated with extreme events in the international scenario. Nevertheless, the continuing need for fiscal adjustments in the United States and Europe will almost certainly dampen global growth in 2013.

Although Brazil is not immune to this global context, despite having strengthened its macroeconomic fundamentals in recent years, it is beginning to reap the benefits of the greater countercyclical leeway it enjoys in respect to other nations. The various stimulus measures adopted in recent months are already having a visible impact on the recovery of economic activity, while certain important steps are being taken to improve infrastructure, correct tax distortions and increase the efficiency of the productive sector, all of which are crucial drivers of economic growth.

Despite the country's undeniable export vocation, domestic demand has been and will continue to be the main engine of economic performance, especially household consumption and investments, which are benefiting from the major sporting events of the next three years. Given this context, and the continuous process of upward social mobility, together with the preparations of the national institutions for the new rules governing capital structure and limits, which will be implemented as of 2013, the outlook for the Brazilian banking system remains favorable.

- **On March 13, Bradesco's American Depository Receipts (ADRs) backed by common shares, began trading on the NYSE.** The program is designed to meet demand from institutional investors, including foreign investment funds. As a result, Bradesco's common and preferred shares are now traded in the United States;
- **On August 30, the Organization inaugurated Bradesco Next – the bank of the future –** a cutting-edge space for the presentation and experimentation of new technologies, products and services for customers;
- **On September 13, Bradesco was once again included in the Dow Jones Sustainability World Index,** a select list prepared by the New York Stock Exchange comprising those companies with the best sustainable development practices;
- **On November 14, Bradesco's common shares were selected for inclusion,** as of December 2012, **in the MSCI Brazil Index.** MSCI is a leading provider of investment decision support tools; and
- **On November 30, Bradesco was once again included in the Corporate Sustainability Index (ISE),** which reflects the returns from a share portfolio comprising those companies with the best performance in all aspects of corporate sustainability.

### **1. Net Income for the Year**

In 2012, despite the macroeconomic uncertainties, the Organization's healthy results and adequate shareholder returns were in line with the applied strategies. A detailed analysis of these numbers, including their origin and evolution, is available in the Economic and Financial Analysis Report section of the Company's website [bradesco.com.br/ri](http://bradesco.com.br/ri).

The Bradesco Organization's period highlights are listed below:

- **On March 5, the subsidiary Bradesco Securities Hong Kong Limited, began operations in Hong Kong, China,** focusing on the pursuit of new opportunities and the distribution of fixed income and equity products. As a result, Bradesco is expanding its international distribution channels and strengthening contacts with global investors in the Chinese market, while providing access to a new base of institutional investors;
- **On March 7, the Bank announced a 10% increase in monthly dividends per share paid to shareholders as of May 2012,** in compliance with the Monthly Remuneration System, from R\$0.014541175 to R\$0.015995293 for common shares, and from R\$0.015995293 to R\$0.017594822 for preferred shares. **On June 20,** the Board of Directors approved **monthly payments of interest on shareholders' equity, replacing monthly dividends,** beginning in August 2012;

R\$11.381 billion in Net Income for the year, corresponding to Earnings per Share of R\$2.98 and a Return on Average Shareholders' Equity<sup>(\*)</sup> of 18.96%. The Return on Average Total Assets stood at 1.38%.

R\$3.895 billion was allocated to shareholders in the form of monthly, interim and supplementary Dividends, and Interest on Shareholders' Equity, which was included in the calculation of mandatory dividends. Thus, R\$1.07 (R\$0.93 net of withholding tax), was attributed to each preferred share, which includes the additional 10%, and R\$0.97 (R\$0.85 net of withholding tax) to each common share. Dividends and interest on shareholders' equity represented 36.02% of adjusted net income for the year (31.50% net of withholding tax).

Bradesco \_\_\_\_\_

---

Financial Statements, Independent Auditors' Report and Fiscal Council's Report

## ***Management Report***

### **Taxes and Contributions**

A substantial percentage of Bradesco's annual earnings, in direct proportion to its volume of operations, was paid to the federal government.

R\$12.756 billion in taxes and contributions, including social security contributions, paid or provisioned in the year.

R\$9.645 billion in taxes withheld and collected related to financial intermediation.

All in all, taxes originating in the Organization or collected on resources in transit through it came to a hefty R\$22.401 billion.

### **2. Corporate Strategy**

The global scenario in 2012 was characterized by flagging economic activity and increased volatility and risk aversion, mainly due to the concerns over Europe, which remained the center of attention. Consequently, the main central banks adopted and reinforced measures designed to ensure liquidity and prevent any deviations (with unpredictable consequences) in the normal course of international market operations.

While offering better prospects than those in many countries, Brazil is not immune to this situation. Bradesco continues to believe that Brazilian economic growth in 2013 and the years ahead will be driven by household consumption and investments, both of which will benefit from increased income and employment, strong upward social mobility and the opportunities arising from pre-salt exploration and the 2014 and 2016 sporting events. Based on this scenario and given the current international situation, Bradesco will continue to focus on the domestic market.

Results should be especially driven by returns on the recent investments in expanding the branch network and the advances in the segmentation model, as well as the strengthening of digital channels and transactions and the synergies between the Organization's various companies.

The Bank will maintain its strategic focus on the secure and profitable expansion of its current activities, such as investment banking, capital markets, private banking and asset management. Investments in credit cards and consortiums, as well as insurance, private pension plans and capitalization through Grupo Bradesco Seguros, also play a fundamental role in sustaining results.

Continuing with the expansion of its essential commercial areas, Bradesco operates on two fronts: finance and insurance (where it occupies a leading position), based on the Bank-Insurance model.

Bradesco will continue to adopt effective security criteria to ensure a balance between increasing loans and reducing delinquency through the strict evaluation of loan granting procedures and the efficient daily collection of overdue payments through the Loan Recovery Program (PRC). It will also continue to finance the modernization of infrastructure, industry and commerce. In addition, the country has become an increasingly attractive destination for foreign investments.

Bradesco is also present in strategic overseas markets, providing support to foreign clients and investors who are increasingly interested in Brazil. Bradesco Securities in New York, London and Hong Kong plays a vital role in issuing and distributing securities in these important financial centers, while Banco Bradesco Europe provides asset management, private banking and trade finance services.

Bradesco is ideally positioned for continued organic growth, maximizing its market penetration. In order to ensure growth and profitability in line with the current scenario, it will concentrate on expanding its customer base and consolidating its brand as one of the country's leading financial and insurance institutions, with an active presence in all segments, by consistently offering more and better products and services to all levels of society.

Together with the public's trust in the Bradesco brand, the Bank's convenience channels, including branches, service points, Bradesco Expresso outlets, 34,859 *Bradesco Dia & Noite* ATMs, 12,975 *Banco24Horas* ATMs, Internet Banking, Bradesco Celular and Fone Fácil ensure the efficient distribution of products, services and solutions, backed by excellent customer service. Bradesco's service network ended the year with 56,798 service points, 56,785 of which are in Brazil and 13 abroad, 18.76% up on 2011.

In building the foundations of sustainable development, the Bank invests in two fundamental banking pillars – information technology and infrastructure, and human resources. The pursuit of new service channels, such as internet banking, ATMs and cell phone mobility, with more service options, has generated customer service productivity gains, accompanied by greater comfort and security. Bradesco invested R\$4.408 billion in innovating, upgrading and maintaining its IT environment, while investments in staff training and development programs totaled R\$132.596 million.

Bradesco's corporate culture is grounded in respect for the consumer, social and environmental responsibility, security and credibility, and its strategic plan is based on three main guidelines:

a) to grow organically, always alert to potential acquisitions, associations and partnerships, fully committed to maintaining secure, high-quality products, solutions and services, and always seeking to improve its operating ratios and indicators;

### ***Management Report***

b) to identify and evaluate the inherent risks of its activities, applying adequate controls and acceptable levels of risk to each operation; and

c) to operate in partnership with the capital market, conducting its business with total transparency and the highest ethical standards, while ensuring adequate returns for its investors.

### **3. Capital, Reserves and Subordinated Debt**

Banco Bradesco posted the following figures at year-end:

R\$30.100 billion in Subscribed and Paid-Up Capital Stock;

R\$39.947 billion in Equity Reserves; and

R\$70.047 billion in Shareholders' Equity, 26.03% up on the previous year, equivalent to 8.26% of Assets, which amounted to R\$847.561 billion, while Shareholders' Equity under Management stood at 8.04% of Consolidated Assets, which totaled R\$879.092 billion. Book Value per Share came to R\$18.35.

The Capital Adequacy Ratio stood at 16.17% of the consolidated financial result and 16.14% of the consolidated economic and financial result, substantially higher than the 11% minimum established by National Monetary Council Resolution 2099/94, in conformity with the Basel Committee. In relation to Consolidated Reference Assets, the fixed asset ratio (maximum of 50%, in accordance with the Brazilian Central Bank) was 16.89% in the consolidated financial result and 44.64% in the consolidated economic and financial result.

Subordinated Debt at year-end totaled R\$34.852 billion (R\$8.807 billion abroad and R\$26,045 billion

Evaluating capital adequacy is a means of ensuring that the Organization maintains a solid capital base on which to develop its activities. Capital management also looks to the future, in order to anticipate potential changes in market conditions.

### **4. Operating Performance**

#### **4.1. Funding and Asset Management**

in Brazil), R\$26.638 billion of which was considered eligible as capital and included in Tier II of the Reference Assets adopted when calculating the ratios in the previous paragraph.

In compliance with Article 8 of the Brazilian Central Bank Circular Letter 3068/01, Bradesco declares that it has both the financial capacity and intent to hold until maturity those securities classified under "held-to-maturity securities." The Bank further declares that the operations of Banco Bradesco S.A., the current name of Banco Ibi S.A., its subsidiary, are in line with the strategic aims defined in the Business Plan, pursuant to Article 11 of the attachment I to National Monetary Council Resolution 4122/12.

### **Capital Management**

The capital management process is conducted in such a way as to ensure that conditions are conducive to the Organization achieving its strategic objectives, taking into account the economic and commercial environment in which it operates. This process is fully compatible with the nature of the Organization's transactions, the complexity of its products and services and the extent of its risk exposure.

All in all, the Bank manages 25.693 million checking accounts and 48.596 million savings accounts with a balance of R\$69.042 billion, representing 17.71% of the Brazilian Savings and Loan System (SBPE). At year-end, funds raised and managed totaled R\$1.225 trillion, 20.15% more than in the previous year.

R\$467.449 billion in demand deposits, time deposits, interbank deposits, open market and savings accounts, a 12.67% increase.

R\$441.832 billion in assets under management, comprising investment funds, managed portfolios and third-party fund quotas, up by 31.74%.

R\$168.735 billion in the exchange portfolio, borrowings and onlendings, working capital, tax payments and collection and related charges, funds from the issue of securities and subordinated debt in Brazil, and other funding, an 11.69% increase.

R\$124.217 billion in technical reserves for insurance, supplementary private pension plans and capitalization, up by 19.84%.

R\$22.995 billion in foreign funding, through public and private issues, subordinated debt and the securitization of future financial flows, equivalent to US\$11.253 billion.

### **4.2.Loan Operations**

The democratization of credit is one of Bradesco's basic strategic guidelines. Thanks to its diversified offering and attractive interest rates, it has consistently increased the volume of its financing operations, either directly or in partnership with market agents, and of its individual lines, such as payroll-deductible loans, through its extensive branch network, service points, sales promoters and the 0800 toll-free Customer Service Center for loans.

R\$385.529 billion in consolidated loan operations, in the expanded concept, including advances on exchange contracts, sureties and guarantees, credit card receivables and leasing, an 11.51% increase.

Financial Statements, Independent Auditors' Report and Fiscal Council's Report

## **Management Report**

R\$21.299 billion in the allowance for doubtful accounts, R\$4.010 billion more than the amount required by National Monetary Council Resolution 2682/99.

### **Mortgages**

The Bank's priority commitment to meeting the demands of homebuyers and giving added momentum to the construction industry, which is a major generator of jobs and a driver of social and economic development, was reflected in the substantial volume of operations in its mortgage portfolio. Properties for sale by partner developers and brokers, together with related information, can be found on the website [bradescoimoveis.com.br](http://bradescoimoveis.com.br).

R\$14.668 billion in total funds allocated to this area, enabling the construction and acquisition of 73,139 properties.

### **Onlending**

In 2012, Bradesco was one of the largest onlenders of BNDES funds, responsible for 14.70% of all operations of this type with a volume of R\$12.363 billion. Loans to SMEs totaled R\$8.354 billion.

R\$31.090 billion in the onlending portfolios with internal and external funds, mainly allocated to SMEs. The number of contracts totaled 374,554.

R\$7.348 billion in guarantees provided to the BNDES, with R\$2.857 billion contracted in the year.

### **Rural Loans**

As part of the partnership with the *Programa Floresta do Futuro* of Fundação SOS Mata Atlântica (Fundação SOS Mata Atlântica Forest of the Future Program), Ecofinancing, inspired by social and environmental responsibility, ensures the planting of native tree seedlings for each financed vehicle, aiming to reduce the impact of atmospheric greenhouse gas emissions.

R\$88.226 billion in consumer financing operations.

### **Lending Policy**

The Bank's lending policy ensures that it concentrates on businesses that demonstrate diversification and low concentration, are backed by appropriate guarantees, and involve individuals and companies in good standing with proven payment capacity. Operations are carried out rapidly and securely, ensuring profitable and liquid asset investments.

Lending authorization limits are imposed on each branch, in line with their size and the type of guarantee offered. Specialized credit scoring systems with specific security standards are employed to speed up and support the decision-making process, thereby minimizing risks. Loans that exceed branch authorization limits are resolved by the Credit Department and the Executive Credit Committee, located at the Company's headquarters.

### **Loan Portfolio Quality**

At the end of 2012, there was an improvement in the credit standing of new borrowers, mainly due to the constant fine-tuning of the loan granting and monitoring models.

As a traditional partner of the agriculture and livestock sector, the Bank invests in financing the means of production, as well as processing and sales, contributing to the expansion of business and increasing the quality and yield of Brazil's agricultural produce. It also offers support for domestic market supply and export growth. Information on agribusiness, as well as credit products and services, can be found on the [bradescorural.com.br](http://bradescorural.com.br) website.

#### **4.3. Loan Collection and Recovery**

R\$16.683 billion in investments at year-end, representing 118,257 operations.

#### **Consumer Financing**

A substantial share of the Bank's consumer financing operations is geared towards the acquisition of new and used vehicles, directly or through partnerships, helping create jobs and fueling domestic market growth.

Based on negotiation policies, the Bank makes use of several collection channels to recover overdue loans, including: call centers, bank payment slips, the internet, friendly collection companies and court collection offices. The Loan Recovery Program (PRC) includes several initiatives with good prospects of results, exemplified in 2012 by business rooms and conciliation court hearings, interacting with Courts of Appeal throughout the country, thereby stepping up the process of renegotiating overdue loans.

R\$3.001 billion was recovered in 2012, 7.21% up on the previous year.

## **5. International Area**

On the international front, the Bradesco Organization offers a wide range of products and services through its offices in New York, London, Grand Cayman, Buenos Aires, Tokyo, Hong Kong, Luxembourg and Mexico, as well as an extensive network of correspondent banks. Bradesco Securities, in New York, London and Hong Kong, Banco Bradesco Europe, in Luxembourg, Bradescard Mexico and 29 specialized units in Brazil meet the demands of these strategic markets.

## **Management Report**

R\$6.348 billion in advances on exchange contracts, from a total export financing portfolio of US\$13.698 billion.

US\$3.998 billion in foreign currency Import financing.

US\$45.231 billion in export purchases, with a market share of 19.24%.

US\$35.217 billion in import contracting, with a market share of 16.37%.

US\$15.425 billion in medium and long-term public and private offerings on the international market.

### **6. Bradesco Shares**

Highly liquid, Bradesco shares were traded in every trading session on the BM&FBOVESPA - Securities, Commodities and Futures Exchange, especially its preferred shares, which were among those with the highest participation in the Ibovespa Index, weighted at 3.29% at year-end. The Company's shares are also traded on the NYSE as Level 2 ADRs (American Depositary Receipts) and on the Madrid Stock Exchange as part of the Latibex Index.

In addition to the Ibovespa, Bradesco's shares are included in all the Brazilian stock indexes in which financial sector companies can be listed, including the Carbon Efficient Index (ICO2), the Corporate Sustainability Index (ISE), the Special Tag-Along Stock Index (ITAG), the Special Corporate Governance Stock Index (IGC), the Brazil Indexes (IBrX and IBrX50, for the most-traded shares), the Mid-Large Cap Index (MLCX), the Financial Index (IFNC), and the MSCI Brazil Index. Abroad, Bradesco is listed on the NYSE's Dow Jones Sustainability World Index and the Madrid Stock Exchange's FTSE Latibex Brazil Index.

EUR13.954 million traded as DRs in the European market (Latibex – Madrid), representing 1.100 million preferred shares.

### **7. Market Segmentation**

Bradesco's segmentation strategy consists of uniting groups of customers with the same profile, thereby permitting differentiated service and increasing productivity and efficiency gains. In addition to improving customer service quality and ensuring greater flexibility and competitiveness in terms of business execution, segmentation means that operations can be structured for individuals or companies based on the specific needs of each.

#### **7.1. Bradesco Corporate**

Bradesco Corporate specializes in services for major economic groups with annual revenue of more than R\$250 million. Its focus on long-term relationships constitutes an important advantage, resulting in the best solutions for clients and healthy results for the Organization. It maintains business units in all major Brazilian cities.

R\$303.594 billion in total funds managed by the area, comprising 1,332 economic groups.

#### **7.2. Bradesco Empresas (Middle Market)**

With a high degree of specialization, Bradesco Empresas manages relations with economic groups with annual revenue of between R\$30 million and R\$250 million, offering structured operations and a broad portfolio of products and services.

R\$100.030 billion in total funds managed by the area, comprising 39,437 economic groups in all sectors of the economy.

#### **7.3. Bradesco Private Banking**

Bradesco guarantees its shareholders mandatory minimum dividends equivalent to 30% of adjusted net income, as well as 100% tag along rights for common shares and 80% for preferred shares. It also pays preferred share dividends that are 10% higher than those attributed to common shares.

R\$57.317 billion in annual traded volume on the BM&FBOVESPA, comprising 274.094 million common shares and 1.553 billion preferred shares.

US\$35.600 billion in annual traded ADR volume on the NYSE, representing 2.192 billion preferred shares and 0.421 million common shares.

Targeting high-net-worth individuals, family holdings and holding companies with at least R\$3 million in net cash available for investment, Bradesco Private Banking offers its customers an exclusive line of products and services under the tailor-made and open architecture concept, including advice on the allocation of financial and non-financial assets in Brazil and abroad as well as advisory services for tax, succession and foreign exchange issues, as well as structured operations.

#### **7.4. Bradesco Prime**

The Prime segment is based on a modern concept of bank/customer relations, providing customized services for individuals with a monthly income of R\$9 thousand or more or an investment capacity of R\$100 thousand or more. It maintains an exclusive customer service network – at the end of 2012, there were 305 Bradesco Prime branches nationwide, in addition to 360 Bradesco Prime facilities in retail branches, fully equipped for privacy and comfort. It also offers differentiated products and services and complete financial consulting.

Bradesco \_\_\_\_\_

---

## ***Management Report***

### **7.5. Bradesco Varejo (Retail)**

Present in all regions of the country, the retail segment seeks to provide dedicated, high-quality services for all segments of the population and strives to promote banking inclusion on a daily basis, thereby contributing to upward social mobility. In order to reach the highest possible number of customers, the Bank maintains an open-door policy, doing everything possible to further the democratization of banking products and services. Bradesco Varejo focuses on individuals with a monthly income of up to R\$9 thousand and companies with annual revenue of up to R\$30 million. For companies and exclusive individual clients, with a monthly income of between R\$4 thousand and R\$9 thousand or an investment capacity of at least R\$40 thousand, it offers customized services, with financial solutions to fit every profile. The segment closed 2012 with more than 24.9 million account holders.

### **7.6. Bradesco Expresso**

Bradesco Expresso enables the Bank to increase its share of the correspondent bank segment through partnerships with a wide variety of establishments, including supermarkets, drugstores, department stores, bakeries and other retail outlets, providing clients and the community with convenient service close to their home or workplace, after business hours and on weekends. At the close of 2012, there were 43,053 accredited establishments.

## **8. Products and Services**

Bradesco clients have a further advantage through Internet Banking, whereby they can use the credit card payment option, to pay consumer accounts and taxes using the bar code. As a result, holders of Bradesco Visa, MasterCard and Elo credit cards have up to 40 days to pay their bills by the due date of the invoice and earn points from the Bradesco Credit Card Rewards programs in which they are enrolled.

In November 2012, in order to ensure more attractive rates for its entire portfolio, expanding the available modalities, including installment plans, Bradesco reduced interest rates on revolving credit and installment billing, maintaining the value proposition of its various products, while preserving the economic balance of the business.

In the Private Label segment, Bradesco issues cards through operating agreements and joint ventures with retail chains in the consumer electronics, supermarket, department store, apparel, drugstore and cosmetics segments. By providing access to banking products and services, these alliances are an important means of acquiring, expanding and cementing the loyalty of the client base.

Bradesco and Claro formed a partnership to operate in the mobile payment (M-Payment) segment. Among the planned initiatives are the launch of an electronic purse (a prepaid card operated via mobile phone), and the use of Near Field Communications (NFC) for mobile phone transactions. In December 2012, it pioneered the issue of NFC debit cards for Prime segment customers, while announcing the development of the same technology for mobile phones.

Since 1993, Bradesco Cartões has been issuing cards on behalf of SOS Mata Atlântica, AACD, APAE, Casas André Luiz and Amazonas

**8.1. Bradesco Cartões (Cards)**

Sustentável in order to encourage social and environmental initiatives, transferring part of the cards' annuities to these philanthropic entities.

R\$103.542 billion in revenue from credit cards, 15.53% up on the previous year.

93.149 million credit and debit cards in circulation, up by 2.00%.

R\$34.874 billion in assets generated by the card business, comprising loans to cardholders, advances to merchants and financing for cash and installment purchases, exceeding the end-of-2011 balance by 8.60%.

R\$6.025 billion in fee and commission income, mainly commission on debit and credit card purchases and other charges.

Bradesco customers have the most complete line of credit cards in Brazil at their disposal, including Visa, American Express, Elo and MasterCard, as well as several private label cards for exclusive use in affiliated networks.

In order to provide holders of American Express Membership Card with greater security and convenience, Bradesco converted its entire portfolio of these cards to chip technology.

In partnership with Alelo, in a move that favors business expansion, the expansion of options and growth of the Elo brand, Bradesco launched the Alimentação (Food), Refeição (Meal) and Natal Alimentação (Christmas Food) Elocards. For farmers, it introduced Agrocard Bradesco, a special card which, in addition to normal purchases and withdrawals, allows holders to pay upfront for farm products in any Agro-equipped accredited store.

## ***Management Report***

### **8.2. Cash Management Solutions**

In 2012, Bradesco conducted business such as a financing portal for the pre-salt exploration supplier chain (Portal Progredir), in association with Petrobras; the right to process the payroll for the Rio de Janeiro state government and appellate court employees, which added around 500 thousand new account holders to the Bank's customer base; the consolidation of the Pernambuco state government payroll, comprising more than 210 thousand account holders, and renewal of the agreement with the Amazonas state government for the payment of around 100 thousand employees and with the Ceará state government for the payment of 160 thousand employees; and the pioneering Biometrics – Security in the Palm of your Hand product for the personal identification of INSS (Social Security) beneficiaries, facilitating the annual registration required by the institute. On a monthly basis, Bradesco makes INSS payments to 7.305 million retirees and pensioners, making it the largest payer among private banks.

The [bradescopoderpublico.com.br](http://bradescopoderpublico.com.br) website presents corporate payment, collection, HR and treasury solutions, with an exclusive area for civil servants and members of the armed forces.

### **8.4. Qualified Services for the Capital Markets**

A specialized team, excellent service, advanced technology and pioneering processes have enabled Bradesco to offer customized solutions to all corporate segments, as well as for government bodies and public utility concessionaires, for accounts receivable and payable, and tax and fee collections.

On the service front, it is particularly worth mentioning Cobrança Registrada Bradesco; the processes for structuring partnerships under the concept of productive chains, involving large companies, their customers, suppliers, distributors and employees; and the Bradesco Franquias & Negócios program, which is designed to create a competitive and sustainable position for the franchise sector.

Companies can also rely on the Global Cash Management division, which offers customized cash management products and solutions through partnerships with 34 foreign banks on the international market.

130.869 million documents received pertaining to federal, state and municipal taxes and other contributions.

306.655 million documents received pertaining to electricity, water, gas and phone bills, 67.014 million of which is paid via automatic debit from checking and savings accounts, a highly convenient system for clients.

857.417 million receipts via Bradesco collection, check custody, identified deposits and OCT (credit order by teleprocessing) services.

545.415 million payment operations through Pag-For Bradesco (book payments to suppliers), Bradesco Net Empresa and electronic tax payment systems, allowing companies to manage their accounts receivable.

### **8.3. Product and Service Solutions for Government Authorities**

With modern infrastructure and specialized professionals, Bradesco offers a broad range of capital market solutions and services, including asset bookkeeping (shares, BDRs - Brazilian Depositary Receipts, investment fund quotas, CRIs - certificates of real estate receivables, and debentures); qualified custody of securities; custody of shares for coverage of DRs - Depositary Receipts; controllership of investment funds (CVM Rule 409 funds and structured funds) and managed portfolios; investment fund trusteeships; offshore funds; custody and representation for foreign investors; agent bank services, depository services (Escrow Accounts - trustee) and clearing services.

#### **Custody and Controllership of Investment Funds and Portfolios under Management**

R\$973.202 billion in assets under custody for clients using the Bank's services, according to Anbima's ranking methodology.

R\$1.195 billion in investment funds and managed portfolios using controllership services, according to Anbima's ranking methodology.

26 registered DR programs, with a market capitalization of R\$111.141 billion.

#### **Asset Bookkeeping**

246 companies comprising Bradesco's share bookkeeping system, totaling 4.497 million shareholders.

232 companies with 311 issues comprising Bradesco's debenture bookkeeping system, with a current value of R\$215.950 billion.

Through exclusive service platforms located throughout Brazil, Bradesco offers customized products, services and solutions to executive, legislative and judicial bodies at federal, state and municipal levels, autonomous public agencies, public foundations, state-owned and mixed companies, the armed forces (Army, Navy and Air Force), auxiliary forces (Federal, Military and Civil Police), notaries and registrars.

Bradesco \_\_\_\_\_

Financial Statements, Independent Auditors' Report and Fiscal Council's Report

## **Management Report**

268 investment funds comprising Bradesco's quota bookkeeping system, with a current value of R\$52.783 billion.

25 registered BDR programs, with a market capitalization of R\$791.844 million.

### **Depository (Escrow Account - Trustee)**

6,331 contracts, with a financial volume of R\$8.853 billion.

### **9. Organizational Structure – Bradesco Customer Service Network**

The Bradesco customer service network, present throughout Brazil and in specific international locations, with an extensive and modern structure, combining technology, professional specialization, efficiency and security, stands side by side with its customers, providing excellent service in every operational segment.

At year-end, Bradesco's network comprised 56,798 service points, represented as follows:

8,467 Branches and Service Branches (PAs) (Branches: Bradesco 4,662, Banco Bradesco Financiamentos 19, Banco Bankpar 2, Banco Bradesco BBI 1, Banco Bradesco Cartões 1 and Banco Alvorada 1; PAs 3,781) in Brazil;

3 Overseas Branches, 1 of which is in New York and 2 in Grand Cayman;

10 Overseas Subsidiaries (Banco Bradesco Argentina S.A. in Buenos Aires; Banco Bradesco Europa S.A. in Luxembourg; Bradesco North America LLC and Bradesco Securities, Inc. in New York; Bradesco Securities UK Limited in London, Bradesco Securities Hong Kong Limited and Bradesco Trade Services Limited in Hong Kong;

On December 31, 2012, the Bradesco *Dia & Noite* ATM network comprised 34,859 terminals strategically located throughout the country, 34,362 of which operating on weekends and holidays, offering quick and practical access to the various products and services. Bradesco customers also have access to 12,975 *Banco24Horas* terminals for withdrawals, account statements, balance queries, loans, bill payments and account transfers. Using biometrics and six-digit PIN codes, customers can effect withdrawals and check their balance without using their debit cards at Bradesco *Dia & Noite* ATMs equipped with the "Bradesco Security in the Palm of Your Hand" biometric scanning system.

As part of its ongoing commitment to social inclusion, Bradesco has adapted its branches and provided ATM equipment that is appropriate for people with physical or visual difficulties, allowing for their independent use. In addition to Internet Banking and the Bradesco Celular mobile phone service for the visually impaired, the Bank offers bank statements and checkbook templates in Braille or extra-large print. The deaf and hard of hearing can make use of a personalized digital service (written communications) at Fone Fácil, while Bradesco's website and Facebook page offer content in Brazilian sign language (Libras). The Bank also offers the Bradesco Virtual Mouse, which is controlled by head movements, for customers with upper-limb motor-impairment.

In addition to the Company's website [bradesco.com.br](http://bradesco.com.br), which contains all the Bank's products, there are specific sites for the Bradesco Prime, Private, Middle Market and Corporate segments. Corporate clients also have access to Bradesco Net Empresa for simple and safe Internet consultations, banking transactions and file transfers.

Bradesco Services Co. Ltd. in Tokyo; Cidade Capital Markets Ltd. in Grand Cayman; and Bradescard Mexico, Sociedad de Responsabilidad Limitada in Mexico);

43,053 Bradesco Expresso service points;

1,456 PAEs – in-company electronic service branches; and

3,809 External Bradesco *Dia & Noite*ATMs and 10,818 Banco24Horas ATM's, with 1,964 terminals shared between the networks.

With a diverse range of equipment and large, modern ATM rooms that operate beyond business hours, Bradesco's branches are renowned for their practicality and comfort, facilitating and streamlining operations, in addition to saving time for account holders and users.

The Loans and Financing [shopcredit.com.br](http://shopcredit.com.br) website provides individual and corporate clients with Bradesco's complete credit portfolio, including detailed information on the modalities available, together with simulators for calculating operations involving personal loans, overdraft facilities, consumer financing, leasing, mortgages, rural loans, Finame financing lines, auto insurance and others. Bradesco was also the first bank to allow individual customers to contract personal loans on-line.

The Bradesco Celular mobile phone service allows customers to rapidly and securely access a number of financial services from wherever they may be, including balance consultations, bill scheduling and payments, transfers, loans and pre-paid cell phone recharges. They can also obtain information on products and services. Bradesco's mobile technology innovations include Bradesco Net Empresa for mobile phones and Bradesco Celular via SMS, through which customers can consult their balance, check their most recent transactions and add credit to their mobile phones.

## ***Management Report***

Bradesco is also present in all the major social networks, such as Facebook and Twitter, in an effort to improve relations with its customers and the public in general. These interactive channels are used to publish information, news, tips, initiatives, products and services, in addition to resolving doubts and receiving and handling suggestions, complaints and compliments. Through Facebook, customers can access F. Banking, an application that allows them to view their accounts and carry out account transfers and bill payments in a secure environment, given that the system used to access the account is the same one used for Internet Banking, which is hosted at the Bank.

Fone Fácil Bradesco allows customers to access the Bank using their phones, with a focus on business and the execution of financial transactions. The sophisticated system of personalized service with financial experts and the electronic service make Fone Fácil one of the most efficient service channels, available to customers 24 hours a day, seven days a week.

## **10.Bradesco Companies**

### **10.1.Insurance, Pension Plans and Capitalization Bonds**

R\$144.362 billion under management on December 31, distributed through 765 investment funds, 2 managed portfolios and 12,311 investors.

### **10.3.Leasing Bradesco**

With a history marked by financial solidity and product innovation in insurance, private pension plans and capitalization bonds, Grupo Bradesco de Seguros e Previdência continues to lead this sector in Brazil.

R\$3.587 billion in Net Income from the insurance, private pension plan and capitalization bonds segment, with a Return on Average Equity of 24.37%.

R\$19.799 billion in Shareholders' Equity, 23.71% higher than the previous year.

R\$154.371 billion in Total Assets.

R\$141.540 billion in free investments and technical reserve coverage.

R\$44.308 billion in revenue from insurance premiums, private pension plan contributions and capitalization.

R\$26.394 billion in indemnifications, draws and redemptions paid by Grupo Bradesco Seguros.

## **10.2. BEM – Distribuidora de Títulos e Valores Mobiliários Ltda.**

Bradesco's leasing companies are among the leaders in the industry, with 19.42% of the market (reference date: November 2012). Their operations are fully integrated with the Bank's branch network, maintaining a diversified business strategy in the various segments, as well as operational agreements with major manufacturers, mainly in the transport vehicle and machinery and equipment sectors.

R\$8.035 billion invested on December 31, 2012, with 19,036 operations contracted in the year.

319,721 leasing agreements in force at year-end, demonstrating the fragmented nature of the business.

## **10.4. Bradesco Administradora de Consórcios Ltda.**

Highly specialized in the fiduciary management of third-party funds in the institutional segment.

Bradesco Consórcios offers its clients (Bank account-holders or not) the most complete portfolio of products and services, thanks to its leadership of the real estate, auto and truck/tractor segments, in turn based on detailed planning and synergy with the Bank's branch network, giving it a nationwide presence allied to the strength and security of the Bradesco brand.

736,202 active quotas at year-end, with 273,432 new quotas sold.

R\$29.668 billion in revenue.

**10.5.Banco Bradesco Financiamentos S.A.**

Banco Bradesco Financiamentos, the Organization's financing arm, offers direct consumer credit (CDC) for the acquisition of light and heavy vehicles, motorcycles and other goods and services, as well as leasing operations and payroll-deductible loans.

Under the Bradesco Financiamentos brand and supported by BF Promotora de Vendas Ltda., the Bank offers financing and/or leasing through an extensive network of 17,024 affiliates, including resellers and dealerships.

It also offers payroll-deductible loans to retirees and pensioners of the INSS social security system, civil servants, military personnel and employees of accredited private companies, as well as related products (insurance, capitalization, cards, consortium plans, etc.), with the support of BP Promotora de Vendas Ltda. and of Bradesco Promotora, through 1,301 correspondents.

Ágora handles all types of operations on the BM&FBOVESPA, offering a complete range of stock market products, as well as access to investment funds, commodities and futures, direct treasury services and investment clubs. It has also developed a trading tool for each type of investor profile: Home Broker, Home Broker 2.0, Ágora Trade Pro and Ágora Mobile.

Relations with customers are marked by intense interactivity, including social networks and daily forums, chats and video chats on a variety of issues involving the financial market. The [agorainvest.com.br](http://agorainvest.com.br) site gives clients access to exclusive content, such as sector and company reports, recommended portfolios and Ágora TV, which provides daily analysis of the domestic and international markets by its in-house team of analysts, as well as programs on individual company analyses and interviews with representatives of sector leaders.

R\$37.149 billion in traded volume handled by the Home Broker system, corresponding to 792,677 stock buy and sell orders.

#### **Overseas Brokerages (Bradesco Securities, Inc., Bradesco Securities UK Limited and Bradesco Securities Hong Kong Limited)**

Bradesco Securities, Inc., based in New York, provides services to the U.S. market, while

Bradesco BBI, the Organization's investment bank, advises customers in M&A, share issues, the structuring and distribution of debt instruments, including debentures, promissory notes, real estate funds, receivables funds (FIDCs), mortgage-backed securities (CRIs) and bonds, both in Brazil and abroad, as well as structured corporate financing operations and project finance.

It also controls Bradesco Corretora de Títulos e Valores Mobiliários, Ágora Corretora de Títulos e Valores Mobiliários, BRAM - Bradesco Asset Management and Bradesco Securities Inc.

R\$155.399 billion from advisory services for 174 investment banking transactions in 2012.

### **Bradesco S.A. Corretora de Títulos e Valores Mobiliários**

Bradesco Corretora is recognized as one of the most important brokers in the segment, with a significant share of the stock and futures markets. It provides operational support for its customers through 16 Share Rooms in several Brazilian cities, trading desks, the Home Broker electronic system and the Bradesco Trading application for iPhones and iPads.

To enable small investors to increase their participation in the stock market, the exclusive Automatic Stock Trading System (SANA) facilitates the sale of small lots of shares on the stock exchange through terminals at the branches.

It provides clients with investment and economic analyses covering a broad range of companies and sectors. It also represents non-resident investors in Brazil in the financial and capital markets, administers investment clubs and provides custody services for companies and individuals. It was the first brokerage firm to provide customers with Direct Market Access (DMA), a pioneering service for routing orders via computer, allowing investors to place, buy and sell orders directly in the BM&FBOVESPA's derivatives markets in total comfort and security.

R\$85.972 billion in traded volume on the BM&FBOVESPA in 2012, corresponding to 3,643,005 stock buy and sell orders for 46,769

Bradesco Securities UK Limited, based in London, provides services to the European Market, and Bradesco Securities Hong Kong Limited, based in Hong Kong, provides services to the Chinese market, involving stock brokerage for ADRs and shares listed on the local exchanges. They also operate as broker-dealers in the distribution of public and private securities to international investors.

### **BRAM - Bradesco Asset Management S.A. DTVM**

With its extensive experience and specialization, BRAM provides services to several Bank segments, including Bradesco Prime, Bradesco Empresas, Corporate, Private, Retail and Institutional Investors, as well as the international area.

In 2012, BRAM launched several pioneering products, including the BDR Level I Funds, which invest in U.S. company shares, and the Quantitative Funds, which benefit from the use of filters and statistical models. In addition, products were designed with strategies involving commodities, as well as long-term Protected Capital, in which investors benefit from a possible rise in the market without risking their invested capital.

investors.

27.412 million contracts traded on the BM&FBOVESPA's derivative markets, with traded volume of R\$2.595 trillion.

Report on Economic and Financial Analysis - December 2012

---

## **Management Report**

In the international arena, it expanded its range of Luxembourg-based funds (Bradesco Global Funds) with the Short Duration Fund, which is designed to generate higher returns than the money market funds with lower risk, and the Latin America Equity Fund, which invests in companies from countries such as Mexico, Chile, Peru, Colombia and Brazil.

R\$ 297.469 billion at year-end, distributed through 606 investment funds and 229 managed portfolios, covering 3,147,460 investors.

### **11. Corporate Governance**

Bradesco's presence in the Brazilian capital market began in 1946, when the Bank's shares were listed on the stock exchange just over three years after it was founded (BBDC3 – common shares and BBDC4 – preferred shares). In 2001, it began trading on the NYSE (American Depositary Receipts – Level II ADRs – BBD) and the Madrid Stock Exchange (Latibex - XBBDC). In the same year, it voluntarily adhered to the requirements of the BM&FBOVESPA's Level 1 Special Corporate Governance Segment.

Bradesco's Management comprises the Board of Directors and Board of Executive Officers. Members of the Board of Directors are elected annually by the Annual Shareholders' Meeting, and in turn elect the members of the Board of Executive Officers.

The Board of Directors is supported by several statutory advisory bodies – the Compensation, Audit, Internal Controls & Compliance, Ethical Conduct, and Integrated Risk Management & Capital Allocation Committees – and there are also a number of executive committees that help the CEO conduct the Company's business.

In compliance with CVM Rule 381/03, in 2012 the Bradesco Organization neither contracted from nor had services provided by KPMG Auditores Independentes that were not related to the external audit in an amount exceeding 5% of the total cost of this audit. The other services provided by the external auditors were pre-arranged procedures for reviewing financial information and controls, provision of assistance in meeting the requirements related to fiscal issues, process and technology diagnostics, and training.

This policy is designed to preserve the auditors' Independence in accordance with generally accepted international criteria, which state that the auditors must not audit their own work, nor perform management duties for their clients nor promote their interests.

#### **11.1. Internal Controls and Compliance**

The Fiscal Council, a non-permanent statutory body, has been installed on an annual basis since 2002. The Annual Shareholders' Meeting of March 9, 2012 resolved to maintain the body, which is composed of three sitting members and three alternate members with a mandate until the next Annual Shareholders' Meeting in 2013. One sitting member and one alternate member are elected by the preferred shareholders.

The Bank currently holds an AA+ rating (Excellent Corporate Governance Practices) from Austin Rating.

Bradesco voluntarily adhered to the Code of Self-Regulation and Best Practices of Publicly-Held Companies (ABRASCA), adopting the "apply or explain" procedure, as part of its constant drive to improve its governance.

Even though Bradesco has separated the duties of the Chairman of the Board of Directors from those of the CEO since 1999, in 2012 it included a clause in the Bylaws prohibiting the occupation of both positions by a single person, in accordance with the Level 1 Corporate Governance Listing Rules.

The efficiency of the Organization's internal controls is sustained by people, processes and technology. In this context, we rely on a group of dedicated, highly-trained professionals, well-defined and implemented processes, and technology that meets our business requirements.

The Internal Controls and Compliance Policy and the Corporate Risk Management and Control Methodology are fully aligned with the main control frameworks, such as COSO (the Committee of Sponsoring Organizations of the Treadway Commission) and COBIT (the Control Objectives for Information and Related Technology), which deal with business and technology aspects, respectively. They also comply with the requirements of National Monetary Council Resolution 2554/98, the PCAOB (Public Company Accounting Oversight Board) and Section 404 of the U.S. Sarbanes-Oxley Act.

The task of ensuring effective internal controls is developed in conjunction with the areas responsible for managing products, services and processes. These areas are subject to regular adherence tests and the results are reported to the Audit and Internal Control and Compliance Committees, as well as the Board of Directors. In cases of non-compliance, corrective measures are applied and duly monitored.

These initiatives heighten the quality of operating processes and help propagate the importance of a control culture, in turn leading to improved best practices.

Bradesco \_\_\_\_\_

---

## ***Management Report***

### **Prevention of Money Laundering and the Financing of Terrorism**

Bradesco maintains specific policies, rules, procedures and systems to prevent and/or detect the use of its structure, products or services for the purpose of money laundering or financing terrorism.

Bradesco invests in employee training, with programs in various formats, including informative brochures, videos, courses, folders, distance learning and on-site lectures for areas requiring these activities.

Suspicious or atypical cases are sent for assessment to the Commission for the Evaluation of Suspicious Transactions, containing representatives from several areas, which decides whether to inform the regulatory bodies.

The program is supported by the Executive Committee to Prevent Money Laundering and Terrorism Financing, which is responsible for evaluating the work and the need (if any) to align the Bank's procedures with best national and international practices and the rules established by the regulators.

### **Independent Authentication of Models**

The Independent Authentication of Models area is responsible for providing reasoned and independent opinions on whether the Organization's internal models are functioning in accordance with their planned objectives and if the results obtained are suitable for their purpose. It issues reports on its activities and these results, which are conveyed to management, the Internal Audit Committee and the Integrated Risk Management and Capital Allocation Committee (COGIRAC).

Based on the best practices and international standards, the corporate awareness and training programs, as well as the policies and regulations, are focused on the total protection of customer data and Bradesco's strategic information.

The Corporate Security Executive Committee meets on a quarterly basis to examine and approve guidelines, measures and directives that support the Organization's information security processes and procedures.

### **Integrated Management System**

In an effort to improve results and expand resource management capacity, Bradesco adopted one of the most modern concepts for integrating organizational processes, Enterprise Resource Planning (ERP).

This system covers human resources, training, the purchase of materials and services, accounts payable, physical and tax receipts, fixed assets, bank accounting, cash controls, works management and maintenance, audits and real estate. System users receive continuous training through on-site and e-learning programs.

The ERP allows the Organization to standardize its processes, speeds up decision making and streamlines operational security, while minimizing operating costs and increasing productivity.

### **11.2. Internal Audit**

Internal business support models facilitate the structuring of critical issues, the creation and fine-tuning of processes, the standardization and streamlining of decisions within their particular context, as well as being an important means of knowledge retention.

In accordance with the guidelines and directives of the New Capital Accord (Basel II) and the Brazilian Central Bank, the internal risk management models are subjected to a continuous process of critical analysis, to ensure their quality and their appropriate response to their objectives, known as the “Independent Authentication Process.”

### **Information Security**

Information security comprises a set of controls, procedures, processes, organizational structures, policies and regulations to ensure the confidentiality, integrity and availability of information. The guidelines for protecting information assets are contained in Bradesco’s Corporate Information Security Policy and Rules.

Reporting directly to the Board of Directors, the General Inspectorate is responsible for the Organization’s internal audit. It performs corporate inspections and consulting and auditing tasks in order to mitigate business and information technology risks while ensuring compliance with the various policies, norms, standards, procedures and internal and external regulations governing the area.

### **11.3. Information Disclosure and Transparency Policies**

In line with its market transparency principle, Bradesco publishes a number of periodicals. The *Cliente Sempre em Dia* newsletter, with a print-run of 300 thousand copies, and *Revista Bradesco*, with a print-run of 1.5 thousand copies, are published every three months, *PrimeLine*, with a print-run of 200 thousand copies, is published every two months, and Fact Sheet, which presents Bradesco's financial highlights for the period, is printed on demand. All are geared to external audiences. The Bank's Management Report and Sustainability Report are published annually and the Report on Economic and Financial Analysis Report, which is a detailed compilation of the data most requested by readers interested in the area, is available on its investor relations website [bradesco.com.br/ri](http://bradesco.com.br/ri).

Report on Economic and Financial Analysis - December 2012

---

***Management Report***

**11.4. Investor Relations – IR**

**12. Integrated Risk Control**

**12.1. Risk Management**

The Investor Relations area ensures that the Bank retains direct relations with individual and corporate investors in Brazil and abroad. Its interactivity plays a fundamental role in Bradesco and benefits the entire market, enabling investors to form an accurate assessment of the Bank, as well as giving the Institution important insights into the opinions and performance of the financial community.

The Company's IR website [bradesco.com.br/ri](http://bradesco.com.br/ri), which is available in Portuguese and English and is segmented for each investor profile, provides shareholders, investors and market analysts with clear, timely and extensive information, including a corporate profile, historical data, ownership structure, management reports, financial results and APIMEC meetings, as well as other information of interest to the financial market.

In order to disclose its performance, in 2012 the Bank held 18 meetings with APIMEC (Association of Capital Market and Investment Professionals), with over 4 thousand participants, all of which were broadcast live over the internet, with simultaneous translation into English, attracting over 5 thousand viewers. In addition to transmission via iPhones, iPads and Android-equipped phones, the Sao Paulo event was also broadcast in Libras (Brazilian Sign Language), increasing the democratization of information. It also took part in several editions of ExpoMoney, the largest financial education event in Latin America, in Belo Horizonte, Brasília, Curitiba, Florianópolis, Porto Alegre, Recife, Rio de Janeiro, Salvador and São Paulo.

Throughout the year, Bradesco held video chat to disclose its results and also 149 internal and external meetings with analysts, 236 conference calls and 26 events abroad, as well as 292 communications with investors via the *Fale com o RI* (Contact the IR Department) service on the website.

### **11.5. Bradesco Ombudsman**

Given the growing complexity of products and services and the globalization of the Organization's business, risk management has become a highly strategic activity, which must be constantly enhanced to keep pace with the dynamism of the markets and the pursuit of best practices, exemplified by the fact that Bradesco became the first and only Brazilian bank authorized by the Central Bank to use its own internally-developed market risk management models to calculate regulatory capital as of January 2013.

The Organization exercises corporate risk control in an integrated and independent manner, preserving and valuing collegiate decision-making and developing and implementing methodologies, models, and measurement and control tools, supported by statutory and executive committees, including the Audit Committee. It also ensures that all employees, from the business areas to the Board of Directors, are aware of these mechanisms.

The management process ensures that risks can be proactively identified, measured, mitigated, monitored and reported as required in line with the complexity of the Organization's financial products and activity profile.

### **12.2. Credit Risk**

Created in 1985, five years before the issue of the new Consumer Defense Code, to register and handle complaints and suggestions from the Bank's clients, Alô Bradesco was the financial market's first communications channel with the general public.

The Ombudsman's Department promotes the values that guided the creation of Alô Bradesco, and includes the position of Ombudsman, who maintains open and direct dialogue with customers and users, the response to which underlines Bradesco's commitment to ensuring customer satisfaction and recognizing client tendencies and demands.

433,181 contacts registered in 2012.

Credit risk management is a continuous and evolutionary process of mapping, developing, measuring and diagnosing through models, instruments and procedures; it requires a high degree of discipline and control when analyzing operations in order to preserve process integrity and independence. Credit risk management considers all aspects related to the granting of loans, including the characteristics of the borrower, concentration, guarantees and terms, on which the quality of the portfolio is based.

The Organization continuously maps all activities that could generate exposure to credit risk, measuring and classifying each in terms of probability and magnitude, identifying their managers and planning for mitigation. Control is exercised on a centralized and standardized corporate basis.

### **12.3. Market Risk**

Market risk is carefully identified, mapped, measured, mitigated and managed. The Organization's market risk exposure profile is conservative and guidelines and limits are independently monitored on a daily basis.

All the activities of all the Organization's companies exposed to market risk are controlled on a centralized, corporate basis.

Bradesco \_\_\_\_\_

---

## **Management Report**

### **12.4 Liquidity Risk**

The Market and Liquidity Risk Management Policy, together with the resulting rules and procedures, defines minimum liquidity levels, including stress scenarios, the types of financial instrument in which funds should be applied and the operational strategy to be adopted, if needed.

The liquidity risk management process involves monitoring the composition of available funds on a daily basis, ensuring compliance with minimum liquidity levels and drawing up a contingency plan for stress situations. The control and monitoring of positions is conducted on a centralized basis.

### **12.5. Operational Risk**

*Bradesco's strategic planning always seeks the best results, setting realistic and conservative goals that take into consideration: the value of the Bradesco brand; best corporate governance and culture practices; the scale of its businesses; the various relationship channels with its different target groups; an innovative information technology policy; the broad diversification of its products, services and solutions and the coverage and reach of the customer service network, which is present in all of Brazil's municipalities and abroad; a dynamic and responsible social and environmental responsibility policy; a robust human resources policy that: a) ensures solid relations between all employees and consequently increases the level of mutual trust; b) indicates the opportunities for professional recognition and development; c) substantially reduces the staff turnover rate and associated costs; and d) cultivates a long-term vision at all levels of the Organization. All of these factors are inextricably linked to sustainability.*

#### **13.1. Bradesco Brand**

In 2012, the Bradesco brand received substantial recognition:

- One of the 10 most valuable brands in the financial sector, according to a ranking by the consulting firm Brand Finance published by *The Banker* magazine;
- The most valuable financial institution brand in Latin America, according to the consulting firm BrandAnalytics / Milward Brown, published in *IstoÉ Dinheiro* magazine;
- The most valuable brand in Latin America for the second consecutive year, according to a survey by the consulting firm Brand Finance Latin America; and

The management of operational risk is essential for the generation of added value. This risk is controlled in a centralized manner through identification, measurement, planned mitigation and follow up on a consolidated basis and in each Organization company.

One of the most important mitigation mechanisms is business continuity management, which comprises a series of structured plans to be adopted in crisis situations to ensure the recovery and continuity of business and the prevention of losses.

#### **12.6. Risk Factors and Critical Accounting Policies**

- The most memorable brand in the Top Finance and Insurance categories of the Top of Mind 2012 Awards, granted by the newspaper *Folha de S.Paulo*.

#### **13.2. Human Resources**

Bradesco's Human Resources Management model is guided by excellence, transparent relations based on respect, and ongoing investments aimed at developing and sharing knowledge, while valuing all people equally, without discrimination.

The Organization's Human Resources Management Policy is based on recognizing employees' performance and increasing their potential for achievement through intensive training. At the close of 2012, it had 103,385 employees, 85,777 working for the Bank and 17,608 for affiliated companies.

Investments in training programs, geared towards all areas of the Organization, are aimed at enhancing skills and promoting professional growth, and the results have been exceptionally positive in terms of the quality and excellence of the services provided.

In order to ensure that its employees keep abreast of the latest advances, the Organization promotes managerial development programs through specialization courses, as well as graduate courses and MBAs in partnership with universities and business schools.

Bradesco discloses its risk factors and critical accounting policies in the Reports and Spreadsheets – SEC Reports section of its IR website [bradesco.com.br/ri](http://bradesco.com.br/ri), pursuant to best international corporate governance practices and the consolidated financial statements, prepared in accordance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB). These factors include potential political and economic situations in local and international markets that could have a direct impact on the Bank's day-to-day operations and, consequently, its financial situation.

### **13. Intangible Assets**

*Based on the price of its shares on December 31, 2012, Bradesco's market capitalization stood at R\$131.908 billion, equivalent to 1.9 times its book value of R\$70.047 billion. The substantial difference is due to the strength of its intangible assets, which, although not reflected in the balance sheet, are perceived and evaluated by investors.*

## **Management Report**

The Advanced Development Program enables executives to study at top universities abroad, in order to develop and refine their technical and personal skills, ensuring the continuous improvement of management processes through the addition of global knowledge.

The increasing investments in training, which make use of the potential of technological innovations, allow the Bank to expand its educational resources to include on-site or distance learning through video courses, workbooks, e-learning, teleconferences, videoconferences, etc. These initiatives include TreiNet – Training by Internet/Intranet, a distance-learning tool with extensive coverage. In 2012, 1,328,242 employees took part in the program, underlining its importance and the extent of its coverage.

Bradesco provides its employees with a series of benefits aimed at improving their safety, well-being and overall quality of life, as well as that of their dependents. In 2012, 206,685 individuals benefited. These benefits include:

- Healthcare plans;
- Dental plans;
- Private pension and retirement plans;
- Group life and personal accident insurance;
- Group auto insurance; and
- The VIVA BEM Program, a set of initiatives designed to improve employees' quality of life – Healthy Management, Stopping Smoking, Physical Activity, Health Training, Nutritional Guidance and 0800 VIVA BEM.

Bradesco is recognized as a Career Bank, which acts as a motivating factor for all of its employees,

R\$132.596 million invested in training programs, with 2,089,907 participations.

R\$1.090 billion invested in the Food Program, with the daily supply of 136,467 meals, 148,843 meal vouchers and 268,338 food vouchers.

5,026 million medical and hospital consultations.

462,639 dental service consultations.

### **Internal Communication**

The Organization's employees receive information on the policies, guidelines and operational procedures to be adopted, through newsletters available on the Intranet (Section "Normativos"), a protected area regulated by the Corporate Information Security Policies and Regulations, as well as the Rules and Procedures for Using and Accessing the Intranet.

Objective and consistent, TV Bradesco is an excellent internal communications channel at every level, informing, integrating and motivating the Bank's employees. In this context, the publications *Revista Interação* and *Sempre em Dia* (daily update), made available through the Intranet, have made an outstanding contribution.

The CEO's Blog is as an internal and interactive channel to promote the exchange of information and opinions between employees and the CEO's office. The blog discusses issues of particular importance to the Organization and the country and is also available through the Intranet.

### **13.3. Information Technology**

Bradesco is among the Banks that invest most in information technology, which is one of the central pillars of its strategy, in order to offer its customers

since it provides opportunities for development, planning and access to all hierarchical levels, allowing employees who join the Company in entry level positions to prosper and grow.

For the thirteenth consecutive year, Bradesco figured among the 100 Best Companies to Work For in Brazil, according to an *Época* magazine survey compiled by the Great Place to Work Institute, a global working environment consulting firm. It was also included in the *Guia Você S/A* 150 Best Companies to Work survey conducted by the Fundação Instituto de Administração (FIA) for the fourteenth consecutive year and in the 30 Best Places to Begin a Career list, conducted by FIA and Cia. de Talentos and published by *Você S/A* magazine, for the second consecutive year, in which it received special recognition in the Talent Retention area. In addition, it was featured for the ninth time in *Valor Carreira* magazine's Best in People Management rankings, edited by *Valor Econômico* newspaper, with technical support from Aon Hewitt.

increasing levels of comfort, facility and security through services that meet their needs.

Bradesco's technological environment is fully up to date and equipped to meet the growth in business volume and customer transactions. In 2012, the processing capacity of the Bank's computers increased by 20.10%, given an average daily volume of 269 million transactions. Data storage increased by 17.90%, allowing for even greater availability of service and business information.

Bradesco's broad framework and state-of-the-art technology are recognized throughout the world, underlining its leading role in the financial sector and making it a benchmark in regard to technology applied to banking. Its Information Technology Center (CTI), which houses the computers for the different platforms and the entire systemic operational support infrastructure, is one of the most modern in the world.

## **Management Report**

The Organization's performance is clear evidence of its effectiveness in deploying innovative options that help fine-tune its excellent service, with a focus on customer satisfaction and its pioneering role in the adoption of new technologies.

For example, August 30, 2012 marked the inauguration of Bradesco Next, an innovative space designed to provide unique, cutting-edge, technological solutions, where members of the public can access a digital, multi-touch environment, which includes such features as financial consulting services at a desk with an interactive screen, and an ATM that sends transaction receipts via e-mail and allows withdrawals using biometric information only – the palm of the hand – without the need for a card, among other customer-relations innovations.

R\$4.408 billion invested in IT maintenance, expansion and innovation.

### **14. Marketing**

2012 was an important year for Bradesco's communications initiatives. With the advent of the London Olympics and Paralympics, the Bank stepped up its 2016 Rio Olympics sponsorship publicity in several media, and reiterated its commitment to helping build a Brazil that is rich in ideas, attitudes and achievements.

The slogan *Agora é BRA. BRA de Brasil. BRA de Bradesco* (Now it's BRA. BRA for Brazil. BRA for Bradesco) encapsulates the Bank's commitment to the country and to the Olympic values applied to everyday life. Campaigns such as *Contagem Regressiva, Brazuca, Uniforme* and *Uniforme Paralímpicos* were part of the marketing effort based on this theme.

The film *O Rio agora é BRA* celebrated the moment that Brazil was chosen to be the host of the next

Another chapter in Bradesco's marketing campaign involved regional festivals. To show its encouragement and support, the Bank ran campaigns based on each event in the local media, including *Carnaval, Círio de Nazaré, Semana Farroupilha, Natal Luz de Gramado* and *Sonho de Natal de Canela*.

The end-of-year campaign used texts from the Brazilian literary cannon by writers such as Carlos Drummond de Andrade, Mário Quintana and Fernando Sabino. The spots, which used typography and animation, and were released on the social networks, expressed the sentiment that the new year is a great opportunity to start over, to transform, and to believe that 2013 will be even better.

Once again, Grupo Bradesco Seguros presented the city of Rio de Janeiro with its traditional Christmas Tree on Rodrigo de Freitas lake. With the theme *As Quatro Estações do Ano* (The four seasons), this event is already part of the city's calendar of tourist attractions, in addition to embodying the principles of social and environmental responsibility, being powered by a biodiesel generator.

280 regional, industry and/or professional events held nationwide, including trade fairs, seminars, congresses and cultural/community events, received Bradesco's support in 2012.

### **15. Sustainability at the Bradesco Organization**

Ever since it was founded, the Bradesco Organization has been committed to the social and economic development of Brazil. Issues such as banking inclusion, education and best practices in regard to sustainable business development have always been part of its day-to-day activities. Its initiatives in this area are focused on three pillars:

Olympic Games, sharing with Brazilians, from every region, state, city and belief system the beginning of this journey to construct an Olympic legacy.

It also ran a film that highlighted the special moment being experienced by Brazil, in terms of its economy and the shared history of confidence in the country, side-by-side with the bank's customers, in the fields, in the cities, in industry, in business, in communities, in the past, in the present and in the future. The *Gerente* campaign showed the importance of managers in the Bank's branch network, in their dealings with customers, based on first-class customer service, the provision of products and services, and the clarification of any doubts. The *Uniforme Kids* campaign reaffirmed the Bank's commitment to the Brazil of tomorrow, with children symbolizing the strength of our partnership with the population, while the *Mobilidade* campaign emphasized Bradesco's extensive range of secure and convenient customer service channels, particularly during the holidays, such as ATMs, mobile banking and Internet Banking.

sustainable finances, responsible management and social and environmental investments.

The financial inclusion initiatives focus on accessibility, both physical and digital, the development and marketing of specific products and services, and financial education activities focused on the responsible use of credit and the other products and services offered to the population, as well as personal finance.

The Bank maintains an Executive Sustainability Committee comprising two members of the Board of Directors and statutory executive officers. The issue of sustainability is also handled by other committees and included in the Organization's strategic planning.

## **Management Report**

Bradesco's Corporate Sustainability Policy emphasizes such aspects as ethical behavior and transparency and underpins the Bank's actions at all levels of activities and relationships. It also defines the risks and socially responsible criteria for doing business, such as lending and investments. In order to continue its engagement with stakeholders, in April 2012 Bradesco held a meeting to discuss the Organization's current approach to sustainability and evaluate the expectations of its various stakeholders.

Having adhered to the Equator Principles since 2004, in 2012 the Organization took part in discussions in Washington D.C. to revise the commitment, as a result of which the signatory financial institutions undertook to adopt criteria for evaluating the risk and social and environmental impact of the projects they finance. It is also a signatory to the UN's Principles for Responsible Investment (PRI) through BRAM - Bradesco Asset Management, which evaluates social, environmental and corporate governance questions in its investment analysis. Through the Brazilian Federation of Banks (FEBRABAN), it also signed the Green Protocol, a commitment proposed by the Ministry of the Environment to implement a common sustainability agenda for the banking sector.

In 2012, for the third time, the Bank sponsored the World Forum on Sustainability, held in Manaus, Amazonas, under the theme "Green Economy and Sustainable Development." It also attended the United Nations Conference on Sustainable Development, Rio+20, held in June in Rio de Janeiro, during which it took part in talks, and sponsored the Global Compact's "Rio+20 Corporate Sustainability Forum: Innovation & Collaboration for the Future We Want" event. Financial inclusion, which is one of Bradesco's business priorities, was the main issue for the panel at this event.

Bradesco's Sustainability Report has been published on an annual basis since 2006, in accordance with the guidelines of the Global Reporting Initiative (GRI) and constitutes an important tool for communicating the Organization's main sustainable development initiatives.

## **Fundação Bradesco**

Fundação Bradesco, the Organization's pioneering social investment vehicle which runs one of the largest private social and educational programs in Brazil and the world, has 40 schools which are located in all Brazilian states, including the Federal District, mostly in socially and economically underprivileged regions.

In 2012, it had 111,512 students enrolled in its schools in the following areas: Basic Education (Kindergarten to High School) and Vocational Training - High School); Youth and Adult Education; and Preliminary and Continuing Vocational Training, which focuses on creating jobs and income. In addition to a formal education, the more than 47 thousand students enrolled in Fundação Bradesco's basic education system also receive uniforms, school supplies, meals, and medical and dental assistance free of charge.

A total of 365,430 students also completed at least one of the distance learning courses available on the Virtual School e-learning portal, while a further 118,595 benefited from partnership projects and initiatives, including the Digital Inclusion Centers (CIDs), the *Educa+Ação* program and technology courses (*Educar e Aprender*).

The pass rate at the Fundação Bradesco schools averaged 95.00% in 2012.

One of Fundação Bradesco's main concerns is to produce creative, productive and entrepreneurial citizens and it therefore offers training and

Concerned with the rational use of natural resources and in line with the Guidelines of the Eco-efficient Management Program, the Organization has an entire area dedicated to managing electricity and water consumption. The Program also covers other initiatives, including recycling, the appropriate disposal of technological waste and the use of certified paper, refilled ink cartridges and furniture made of certified wood. In 2012, it held the 10<sup>th</sup> Meeting of Bradesco Suppliers, involving, in each of the meetings, approximately 1,000 companies from a variety of segments, in order to engage them in the culture of social and environmental responsibility.

For the seventh consecutive year, in recognition of its corporate policies, the Bank was included in the NYSE's Dow Jones Sustainability Index, comprising those companies with the best sustainable development performance. Since 2010, it has been included in the BM&FBOVESPA's Carbon Efficient Index (ICO2) and, for the eighth consecutive year, it was selected for inclusion in the portfolio of BM&FBOVESPA's Corporate Sustainability Index (ISE), which includes companies with the best corporate sustainability indicators.

vocational courses for workers at a variety of levels. There are a wide range of courses with flexible and customized curriculums that aim to provide the students with a foundation for starting up their own business or taking advantage of better jobs and opportunities in the market.

For the tenth consecutive year, the National Volunteer Action Day, held on May 19, mobilized more than 26 thousand volunteers from all the its units, who performed over 430 thousand services in the areas of citizenship, education, leisure, sports and the environment at more than 80 sites, including the Digital Inclusion Centers (CIDs).

Since its pioneering implementation in 1998, the Program to Promote Computer Use by the Visually Impaired, has trained 11,930 individuals, ensuring the social inclusion of thousands of people.

## **Management Report**

Fundação Bradesco also develops initiatives in several other areas, including environmental education, finance and taxes, work and consumption, sexuality and personal care, prevention of drug abuse and the responsible use of the internet, in conjunction with various partners specializing in preparing educators and educational materials, including Canal Futura and SOS Mata Atlântica, among others.

Fundação Bradesco helps improve the quality of life of the communities where it operates, making it a socially responsible investment in the best sense of the term. It also represents a unique means of distributing the wealth generated by the Bradesco Organization, given that most of its resources derive from its status as a Bradesco shareholder.

R\$374.213 million in investments by Fundação Bradesco in 2012, with R\$460.961 million programmed for 2013 to finance educational benefits for: a) 106,843 students enrolled in its schools, in basic education, youth and adult education, and preliminary and continuing vocational training; b) 350 thousand students who will complete at least one of the distance-learning courses on offer (EaD); and c) 68,323 people through partnership projects and initiatives, including the Digital Inclusion Centers (CIDs), the *Educa+Ação* program and technology courses (*Educar e Aprender*).

R\$3.732 billion, in present value, invested by Fundação Bradesco to finance its activities in the last ten years.

R\$262.391 million in other investments by the Bradesco Organization in 2012, in social projects focusing on education, the arts, culture, sports, health, sanitation, combating hunger and food safety.

### **Bradesco Sports and Education Program**

## **16. Recognition**

**Ratings**– In 2012, Bradesco received the highest ratings attributed to Brazilian banks from domestic and international ratings agencies:

- Fitch Ratings discontinued its global individual ratings, replacing them with feasibility ratings. Bradesco received a feasibility rating of “a-“. All of the other ratings were maintained;
- Moody’s Investors Service confirmed Bradesco’s long-term foreign currency deposit rating at “Baa2”, with a positive outlook, its short-term foreign currency deposit rating at “Prime-2”, and its long-term foreign currency senior debt rating at “Baa1”, also with a positive outlook;
- Standard & Poor’s raised Bradesco’s short-term foreign and local currency rating from “A3” to “A2”. All of the other ratings were maintained;
- The Rating and Investment Information (R&I) credit risk rating agency, confirmed Bradesco’s global scale issuer rating at “BBB”.

**Rankings** – In 2012 Bradesco was honored by several important domestic and international publications:

- One of the 10 most valuable brands in the global financial sector, according to Brand Finance and the British magazine *The Banker*, published by the Financial Times group;
- Most valuable brand in Latin America, by Brand Finance Latin America;
- The private company with the most valuable brand in Brazil, according to BrandAnalytics/Millward Brown, for *IstoÉ Dinheiro* magazine;

Aiming to encourage citizenship and social inclusion among children and teenagers, the Bradesco Sports and Education Program has been promoting the practice of sporting activities for more than 25 years, together with initiatives related to education, health, and well-being.

The Program maintains 17 Training and Specialist Centers in Osasco (SP) to teach women's basketball and volleyball in the Sports Development Center, Fundação Bradesco schools, Sports Centers and private and public schools. Currently, more than 2 thousand girls aged from 8 to 18 take part in the program, reinforcing the Organization's commitment to a country that is ever more accepting of valuing talent, effort and the exercise of citizenship.

- One of the most solid banks in the world according to a survey by Bloomberg News, the leading international financial news agency. Bradesco was placed 13<sup>th</sup> among 20 institutions worldwide, and was the only genuinely Brazilian bank in the list;
- Best Brazilian and Latin American Bank by *LatinFinance*, which is regarded as a benchmark publication by the international financial sector;
- Best Brazilian bank in the 2012 edition of The Banker Awards, granted by *The Banker* magazine, a leading financial sector publication which elects the best banks from a variety of countries and regions every year;
- Largest private group in Brazil, according to the Valor Grandes Grupos ranking, published by the newspaper *Valor Econômico* and Valor Data;

## **Management Report**

- Leader in the Folha Top of Mind survey, in the Top Finance category, with Bradesco Seguros heading the Insurance category;
- First in the 200 Largest Groups and the 50 Largest Banks Operating in Brazil by *Exame* magazine's Biggest and Best yearbook. It was also the top private-sector financial institution in terms of cash deposits and rural credit, with the highest number of account holders and the leader in terms of active credit cards. In the Insurance segment, three Grupo Bradesco Seguros e Previdência companies were ranked among the top six in the country: Bradesco Saúde, in first place, Bradesco Vida e Previdência and Bradesco Auto/RE;
- Included in the Top Management 2012 ranking, compiled by *ValorInveste* magazine, a *Valor Econômico* publication, in a survey conducted by Standard & Poor's, which lists the best fund managers of 2012, and also in the Investment Report – The Best Funds, published by the newspaper *Brasil Econômico*, and prepared by Austin Rating;
- Elected the Best Bank in Latin America, according to a study prepared by *América Economia* magazine;
- Elected Company of the Year by the Best of Dinheiro 2012 yearbook in a survey conducted by *IstoÉ Dinheiro* magazine in association with KPMG, Trevisan and Economatica. The Bradesco Organization was also elected Best Insurance Company, Best Health Company and Best Human Resources Management Company;
- Ranked first in the Banks category by the Best of Brazil 2012 year book, promoted by *Brasil Econômico* newspaper, in a survey by the consulting firm Austin Rating;
- Bradesco BBI elected 2011 fixed income origination leader by the Brazilian Financial and Capital Markets Association (Anbima). The magazine *Global Finance*, a publication specializing in international finance, chose it as the best investment bank in Brazil; and
- Bradesco Corretora was ranked first in Agência Estado's AE Projeções ranking in the Top 10 General and Top 10 Basic categories.

**Awards** – The Organization won 56 awards from independent sources in 2012 in recognition of the quality of its products and services:

- Best Places to Start a Career Award, in the category of young talent retention, by *Você S/A* magazine, in partnership with Fundação Instituto de Administração (FIA);
- Award for Excellence 2012, from *Euromoney* magazine, in the Best Bank in LatAm and Best Bank in Brazil categories;
- Latin Finance – Deals of the Year Award, from *Latin Finance* magazine; and
- Granted the Best Relations with Financial Sector Investors Award, promoted by *IR magazine* together with *Revista RI* and the Brazilian Investor Relations Institute (IBRI).

**Certifications** – The Bradesco Organization has received the following certifications for its Management System:

- **SA8000 – Social Responsibility**

Bradesco's Social Responsibility Management System, based on International Standard SA 8000®:2008, establishes requirements in accordance with the Organization's Human Resources Management Policy and is aimed at

- Elected the most innovative company in customer relations, according to a survey conducted by DOM Strategy Partners, published in *Consumidor Moderno* magazine;
- Elected one of the 100 Best Companies to Work For in Brazil, according to a survey by *Época* magazine, evaluated by the Great Place to Work Institute;
- Elected one of the 150 Best Companies to Work For, according to *Guia 2012 Você S/A*, in a study conducted by the Management Institute Foundation – FIA;
- Highlighted by the Valor 1000 year book, published by *Valor Econômico* newspaper, which elected Grupo Bradesco Seguros e Previdência as Brazil's best insurance company;

promoting the ongoing improvement of workplace relations and conditions, extending its commitment to respect for human rights, children's rights and fundamental labor rights to its suppliers.

- **OHSAS 18001 – Occupational Health and Safety**

This internationally recognized certification for occupational health and safety management systems covers the Information Technology Center in Cidade de Deus, in Osasco (SP) and the buildings on Av. Paulista and Rua Itapeva, in São Paulo (SP). OHSAS 18001 was developed to be compatible with ISO 9001 and ISO 14001. The Occupational Health and Safety Management System effectively helps to identify dangers and risks, visually monitor working environments and ensure compliance with the current legislation, thereby ensuring a safe and healthy workplace.

Financial Statements, Independent Auditors' Report and Fiscal Council's Report

## **Management Report**

- **ISO 14001 – Environmental Management**

ISO 14001 recognizes management systems that help achieve environmental goals, especially initiatives for reducing solid waste from construction work and consumption items. Bradesco was the first financial institution in Brazil to receive this certification, for the Avenida Paulista building, in São Paulo (SP), and the Information Technology Center, in Cidade de Deus, in Osasco (SP).

- **ISO 14064 – Measurement and Reporting of Greenhouse Gas Emissions**

This certification covers the entire Bradesco Organization and includes direct and indirect emissions from the importing of electricity and other indirect emissions from companies controlled by Bradesco.

- **GoodPriv@cy – Data Protection and Privacy**

Six certificates were granted to the Organization's products and services, which guarantees the adoption of internationally established data protection and privacy standards.

### **ISO 9001 – Quality Management**

The Organization was granted 210 certificates that seek to continuously improve processes and business performance in order to increase customer satisfaction while considering the needs of all stakeholders.

- **ISO 27001 – Information Security Management**

Bradesco holds two certifications, one relating to logical security processes, which guarantees access codes for applications on the Bank's internal network in the Security and Contingency Management area,

- **ISO 20.000 – Management of IT Service Delivery**

Certification of services to process routines and transactional services, transfer files, print reports and documents for clients, as well as data communications, software installations and support for user equipment.

The results for the fiscal year reflect the success of the Organization's efforts in a volatile macroeconomic environment and consolidate the positions it has achieved, motivating our entire team to exceed expectations in pursuit of increasingly consistent results and reinforcing our unshakable optimism and willingness to help to build a just and prosperous nation. These results would not have been possible without the support and trust of our shareholders and customer

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

## ***Notes to the Consolidated Financial Statements***

### **1) OPERATIONS**

Banco Bradesco S.A. (Bradesco) is a private-sector publicly traded company and Universal Bank that carries out all types of banking activities that it is authorized to do so through its commercial, foreign exchange, consumer financing and housing loan portfolios. The Bank has a number of other activities, either directly or indirectly, through its subsidiaries, particularly in leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. Operations are conducted within the context of the companies within the Bradesco Organization, working together in the market.

### **2) PRESENTATION OF THE FINANCIAL STATEMENTS**

Bradesco's consolidated financial statements include the financial statements for Banco Bradesco, its foreign branches, subsidiaries and jointly-controlled entities, in Brazil and abroad, including SPEs (Special Purpose Entities). They were prepared based on accounting practices issued by Laws 4595/64 (Brazilian Financial System Law) and 6404/76 (Brazilian Corporate Law), along with amendments introduced by Laws 11638/07 and 11941/09 relating to the accounting of operations, associated with rules and instructions of the National Monetary Council (CMN) and the Brazilian Central Bank (Bacen), Brazilian Securities and Exchange Commission (CVM), where applicable, National Private Insurance Council (CNSP), Insurance Superintendence (Susep) and National Supplementary Healthcare Agency (ANS), and consider the financial statements of leasing companies classified as financial leases, whereby leased fixed assets are classified as operating leases less the residual value paid in advance.

In the preparation of these consolidated financial statements, intercompany transactions, including investments, assets and liabilities, revenue, expenses and unrealized profit were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for on a separate line. For jointly-controlled investments with other shareholders, assets, liabilities and income and loss were proportionally consolidated in the consolidated financial statements according to the interest on shareholders' equity of each investee. Goodwill on the acquisition of investments in subsidiary/unconsolidated companies or jointly-controlled entities is included in investments and intangible assets (Note 15a). The foreign exchange variation from foreign branch or subsidiary transactions is presented in the income statement accounts together with changes in the value of the derivative financial instrument, borrowing or onlending operation to eliminate the effect of these investment hedge instruments.

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity and non-financial assets; the calculation of technical reserves for insurance, pension plans and capitalization bonds; and the determination of the useful life of specific assets. Actual results may differ from those established by estimates and assumptions.

Bradesco's consolidated financial statements were approved by the Board of Directors on January 25, 2013.

Report on Economic and Financial Analysis - December 2012

Bradesco

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

### **Notes to the Consolidated Financial Statements**

- (1) Increase in equity interest through share acquisition in May and June 2012;
- (2) Current name of Banco Ibi S.A;
- (3) Company proportionally consolidated, pursuant to CMN Resolution 2723/00 and CVM Rule 247/96;
- (4) The special purpose entity International Diversified Payment Rights Company is being consolidated. The company takes part in the securitization operation of future flow of payment orders received from overseas (Note 16d); and
- (5) Company merged into Bradesco Capitalização in October 2012.

### **3) SIGNIFICANT ACCOUNTING PRACTICES**

#### **a) Functional and Presentation Currencies**

Consolidated financial statements are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and income or losses are translated into Brazilian reais using the appropriate currency exchange rate to comply with accounting practices adopted in Brazil. Foreign currency translation gains and losses arising are recognized in the period's income statement under items "Derivative Financial Instruments" and "Borrowing and Onlending."

#### **b) Income and Expense Recognition**

Income and expenses are recognized on an accrual basis together to determine the net income for the period to which they relate, regardless of receipt or payment of funds.

Fixed rate transactions are recorded at their redemption value with the income or expense relating to future periods being recorded as a deduction from the corresponding asset or liability. Finance income and costs are prorated daily and calculated based on the exponential method, except when they relate to discounted

notes or to foreign transactions which are calculated using the straight-line method.

Floating rate or foreign-currency-indexed transactions are adjusted for inflation at the end of the reporting period.

Insurance and coinsurance premiums, net of premiums assigned to coinsurance and reinsurance and corresponding commissions, are recognized as income after the corresponding insurance policies and invoices have been issued, and recognized on a straight-line basis during the policies' effective period through accrual and reversal of the unearned premium reserve and deferred selling expense (deferred acquisition costs). Revenues from premiums and the corresponding selling expense (deferred acquisition costs), relating to existing risk but with no policy issued, are recorded in the income statement at the beginning of the risk coverage, based on estimated figures.

Income and expenses arising from DPVAT insurance operations are recorded based on information provided by the Seguradora Líder dos Consórcios do Seguro DPVAT S.A.

Accepted coinsurance and retrocession operations are recorded based on the information received from other companies and IRB - Brasil Resseguros S.A., respectively. Reinsurance operations with IRB are recorded based on operating and financial transactions sent by IRB whereas operations with other reinsurance companies are recorded based on their financial records subject to analysis. Deferral of reinsurance premiums granted is consistent to the corresponding reinsurance premium and/or reinsurance contract.

Brokerage and acquisition of new insurance operations are deferred and recorded in the income statement over a 12-month period on a straight-line basis.

Pension plan contributions and life insurance premiums covering survival are recognized in the income statement as they are received. Income from management fees paid by special-purpose investment funds are recognized on the accrual basis at contractual rates.

Income from capitalization bonds are recognized when they are effectively received. Income from expired capitalization plans are recorded after the statute of limitation, under Article 206 of the Brazilian Civil Code. The expenses for placement of capitalization bonds, classified as "Acquisition Costs," are recognized when they are incurred. Payments of prize draw amounts are recorded as expenses in the month they are made.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

***Notes to the Consolidated Financial Statements***

The expenses for technical reserves for pension plans and capitalization bonds are recorded when the corresponding revenues are recognized.

**c) Cash and cash equivalents**

Cash and cash equivalents include: funds available in currency, investments in gold, investments in federal funds purchases and securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less and present an insignificant risk of change in fair value, that are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are reflected in Note 6.

**d) Interbank investments**

Unrestricted purchase and sale commitments are stated at their fair value. Other investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 7.

**e) Securities - Classification**

- Trading securities - securities acquired for the purpose of being actively and frequently traded. They are recorded at cost, plus income earned and adjusted to market value in the income statement for the period;
- Available-for-sale securities - securities that are not specifically intended for trading purposes or to be held to maturity. They are recorded at cost, plus income earned, which is recorded in profit or loss in the period and adjusted to market value within shareholders' equity, net of tax, which will be recognized in profit or loss only when effectively disposed; and
- Held-to-maturity securities - securities intended and for the financial capacity to be held in the portfolio up to maturity. They are recorded at cost, plus earnings recognized in profit or loss for the period.

Securities classified as trading or available-for-sale, as well as derivative financial instruments, are recorded at their estimated fair value in the consolidated statement of financial position. The fair value is generally based on market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by the Management.

Classification, breakdown and segmentation of securities are presented in Note 8 (a to d).

***Notes to the Consolidated Financial Statements***

**f) Derivative financial instruments (assets and liabilities)**

Classified according to intended use by Management, on the date that the operation was entered into and considering if it was intended for hedging purposes or not.

Operations involving derivative financial instruments are designed to meet the Bank's own needs in order to manage overall exposure, as well as to meet customer requests to manage their positions. Gains and losses are recorded in income or expenses accounts of the respective financial instruments.

Derivative financial instruments used to mitigate risk deriving from exposure to variations in the market value of financial assets and liabilities are designated as hedges and are classified according to their nature:

- Market risk hedge: for financial instruments classified in this category as well as the hedge-related financial assets and liabilities, gains and losses, realized or not, are recorded in the income statement; and
- Cash flow hedge: the effective portion of valuation or devaluation of financial instruments classified in this category is recorded, net of tax, in a specific account under shareholders' equity. The ineffective portion of the respective hedge is directly recognized in the income statement.

A breakdown of amounts included in derivative financial instruments, in the balance sheet and memorandum accounts, is disclosed in Note 8 (e to h).

**g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses**

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified according to their corresponding levels of risk in compliance with: (i) the parameters established by CMN Resolution 2682/99, with nine levels of risk from “AA” (minimum risk) to “H” (maximum risk); and (ii) Management’s level of risk assessment. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors. Moreover, the period of late payment defined in CMN Resolution 2682/99 is also considered to rate customer risk as follows:

| <b>Past-due period (1)</b> | <b>Customer rating</b> |
|----------------------------|------------------------|
| from 15 to 30 days         | B                      |
| from 31 to 60 days         | C                      |
| from 61 to 90 days         | D                      |
| from 91 to 120 days        | E                      |
| from 121 to 150 days       | F                      |
| from 151 to 180 days       | G                      |
| more than 180 days         | H                      |

(1) For operations with terms of more than 36 months, past-due periods are doubled, as allowed under CMN Resolution 2682/99.

Interest and inflation adjustments on past-due transactions are only recognized up to the 59<sup>th</sup> day that they are past due. As from the 60<sup>th</sup> day, they are recognized in deferred income.

H-rated past-due operations remain at this level for six months, after which they are written-off against the existing allowance and controlled in memorandum accounts for at least five years.

Renegotiated operations are maintained at least at the same level as previously classified. Renegotiations already written-off against the allowance and that were recorded in memorandum accounts, are rated as level “H” and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

### ***Notes to the Consolidated Financial Statements***

when new material facts justify a change in the level of risk, the operation may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, considering CMN and Bacen standards and instructions, together with Management assessment to determine credit risk.

Type, values, terms, levels of risk, concentration, economic sector of the activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 10.

#### **h) Income tax and social contribution (assets and liabilities)**

Income tax and social contribution credits, calculated on income tax losses, social contribution losses and temporary additions are recorded in "Other Receivables - Sundry" and the provisions for deferred tax liabilities on tax differences in leasing depreciation and mark-to-market adjustments on securities are recorded in "Other Liabilities - Tax and Social Security." The income tax rate only applies to tax differences in leasing depreciation.

Tax credits on temporary additions are used and/or reversed against the corresponding provision. Tax credits on income tax and social contribution losses are used when taxable income is generated, under the 30% limit of the taxable profit for the period. Such tax credits are recorded based on current expectations on when the deduction can be used, considering technical studies and analyses carried out by the Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. Social contribution on net income is calculated at 15% for financial institutions and insurance companies and at 9% for other companies.

Provisions were recorded for other income tax and social contribution in accordance with specific applicable legislation.

Pursuant to Law 11941/09, changes in the criteria to recognize for revenue, costs and expenses included in the net income for the period, enacted by Law 11638/07 and by Articles 37 and 38 of Law 11941/09, shall not affect taxable income, and, for tax purposes, accounting methods and criteria in force on December 31, 2007 are considered. For accounting purposes, the tax effects of adopting the aforementioned laws are recorded in the corresponding deferred tax assets and liabilities.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of tax credits, as well as unrecorded tax credits, are presented in Note 34.

**i) Prepaid expenses**

Prepaid expenses are represented by use of funds for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurred costs relating to corresponding assets that will generate revenue in subsequent periods are recorded in the profit or loss according to the terms and the amount of expected benefits and directly written-off in the profit or loss when the corresponding assets or rights are no longer part of the institution's assets or expected future benefits may no longer be realized.

Prepaid expenses are shown in details in Note 12b.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

## ***Notes to the Consolidated Financial Statements***

### **j) Investments**

Investments in unconsolidated companies, with significant influence over the investee or has at least 20% of the voting rights, under the equity method of accounting.

Tax incentives and other investments are stated at cost, less allowance for losses/impairment, where applicable.

Subsidiaries' and jointly-controlled companies are consolidated, and a list of the main companies can be found in Note 2. A list of the unconsolidated companies, as well as other investments, is shown in Note 13.

### **k) Premises and equipment**

Relates to the tangible assets used by the Bank in its activities or used for that purpose, including those transactions which transfer risks, benefits and controls of the assets to the entity.

Fixed assets are stated at cost, net of the accumulated depreciation, calculated using the straight-line method according to the estimated economic useful life of the asset, as follows: premises - 4% p.a.; furniture and fixtures, machinery and equipment - 10% p.a.; transport systems - 20% p.a.; and data processing systems - 20% to 50% p.a., and adjusted for impairment, where applicable.

The breakdown of asset costs and their corresponding depreciation, including those arising from operating leases, as well as the unrecorded surplus value for real estate and fixed asset ratios, is presented in Note 14.

## **l) Intangible assets**

Relates to the right over that intangible asset used by the Bank in its activities or used for that purpose.

Intangible assets comprise:

- Future profitability/customer portfolio acquired and acquiring the right to provide banking services: is recorded and amortized, as applicable, over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted through impairment, where applicable; and
- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% to 50% p.a.), from the date it is available for use and adjusted through impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intention and ability to complete such development, as well as reliably measure costs directly attributable to the software, which will be amortized during its estimated useful life, considering the future economic benefits generated.

Goodwill and other intangible assets, including their changes by class, are broken down in Note 15.

## **m) Impairment**

Securities classified as available-for-sale and held-to-maturity, as well as non-financial assets, except other assets and tax credits are tested at least once a year for impairment. If an impairment loss is detected, it must be recognized in the profit or loss for the period when the book value of an asset exceeds its recoverable value calculated by: (i) the potential sale value or realization value less the respective expenses or (ii) the value in use calculated by the cash generating unit, whichever is highest.

A cash generating unit is the smallest identifiable group of assets that generates cash flows substantially independent from other assets and groups.

Impairment losses, when applicable, are presented in Note 15 (b and c).

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

### ***Notes to the Consolidated Financial Statements***

#### **n) Deposits and federal funds purchased and securities sold under agreements to repurchase**

These are recognized at the value of the liabilities and include, when applicable, related charges up to the end of the reporting period, on a daily prorated basis.

A breakdown of securities recorded in deposits and federal funds purchased and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and income statement, is presented in Note 16.

#### **o) Technical reserves relating to insurance, pension plans and capitalization bonds**

- Damage, health and group insurance lines, except individual life:
  - The unearned premium reserve (PPNG) is calculated on a daily prorated basis, using premiums net of coinsurance assignment, but including reinsurance transfer operations, is comprised of the portion corresponding to the periods of risk not arising from insurance policies, and includes estimates for risks in effect but not issued (RVNE);
  - The complementary reserve for premium (PCP) is recorded on a monthly basis to complement the PPNG and includes estimates for the risks in effect but not issued (RVNE);
  - The premium deficiency reserve (PIP) is recorded to cover differences between the expected present value of indemnities and related future expenses and the expected present value from future premiums. The reserve is calculated on an actuarial basis and takes into consideration the actuarial tables AT-2000 Male and AT-2000 Female, with an improvement rate of 1.5% p.a., special decrease rates for coverage of other risks and real interest rate of 3.5% p.a. (4.0% p.a. up to August 2012);

- The mathematical reserve for unvested benefits (PMBaC) is calculated by the difference between the current amount of future benefits and the current amount of future contributions, corresponding to the obligation;
  
- The reserve for unvested benefits relating to the individual health care plan portfolio covers the holder's dependents for five years upon death, and it is calculated based on the time dependants are expected to remain in the plan up to the end of this five-year period; after this, it is calculated based on costs on the five-year-period plan, excluding payment of premiums;
  
- The reserve for vested benefits relating to the individual health care plan portfolio comprises obligations under the terms of the contract relating to coverage of the health care plan, based on the present value of estimated future expenses with health care provided to dependents whose holders already deceased, as provided for in Normative Resolution 75/04 of ANS;
  
- The reserve for redemptions and other amounts to be settled (PROVR) comprises all amounts relating to redemptions to be settled, premium refunds and portabilities requested not yet transferred to the recipient;
  
- The reserve for incurred but not reported (IBNR) claims is calculated based on incurred but not paid (IBNP) claims less the balance of the reserve for unsettled claims (PSL) on the calculation date. A final estimate of IBNP claims based on half-yearly run-off triangles is prepared to calculate IBNP claims. The run-off triangles consider the historical development of claims paid in the last 14 semesters to determine a future projection per occurrence period; and
  
- The reserve for unsettled claims (PSL) considers all loss notices received up to the end of the reporting period and related costs, such as loss adjustment of claims, loss of suit, among others. The reserve is adjusted for inflation and includes all claims under litigation.

Other reserves are set for the individual health care portfolio to cover differences between the present value of expected future claims and related expenses and the present value of future premiums. Regarding damage insurance, other technical reserves refer to extended warranty premiums which are still under warranty.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

- Individual life insurance, excluding variable insurance contribution covering survival:
  - The unexpired risk reserve (PRNE) is calculated on a daily prorated basis, using premiums net of coinsurance assignment, but including reinsurance transfer operations, is comprised of the portion corresponding to periods of risk not arising from insurance policies, and includes an estimate for risks in effect but not issued (RVNE);
  - The complementary reserve for premium (PCP) is recorded on a monthly basis to complement the PRNE and includes estimates for risks in effect but not issued (RVNE);
  - The mathematical reserve for unvested benefits (PMBaC) is calculated by the difference between the current amount for future benefits and the current amount for future contributions, corresponding to the obligation;
  - The reserve for redemptions and other amounts to be settled (PROVR) comprises figures related to redemptions to settle, premium refunds and portability requested not yet transferred to the recipient;
  - The reserve for incurred but not reported (IBNR) benefits is calculated based on incurred but not paid (IBNP) claims less the balance of the reserve for unsettled claims (PSL) on the calculation date. A final estimate of incurred but not paid claims based on half-yearly run-off triangles is prepared to calculate IBNP claims. The run-off triangles consider the historical development of claims paid in the last 14 semesters to determine a future projection per occurrence period; and
  - The reserve for benefit adjustment (PBR) considers all loss notices received up to the end of the reporting period and related costs, such as loss adjustment expenses, loss of suit, among others. The reserve is adjusted for inflation and includes all claims under litigation.

- Pension plans and life insurance covering survival:
  - The unexpired risk reserve (PRNE) is calculated on a daily prorated basis, using premiums net of coinsurance assignment, but including reinsurance transfer operations, is comprised of the portion corresponding to periods of risks not arising from insurance policies, and includes an estimate for risks in effect but not issued (RVNE);
  - The mathematical reserve for unvested benefits (PMBaC) refers to participants who have not yet received any benefit. In defined benefit pension plans, the reserve represents the difference between the current value of future benefits and the current value of future contributions, corresponding to obligations in the form of retirement, disability, pension and annuity plans. The reserve is calculated using methodologies and assumptions set forth in the actuarial technical notes;
  - Mathematical reserves for unvested benefits related to life insurance and unrestricted benefit pension plans (VGBL and PGBL), apart from the defined contribution plans, show the value of participant contributions, net of costs and other contractual charges, plus income from investment in Exclusive Investment Funds (FIEs);
  - The reserve for redemptions and other amounts to be settled (PROVR) comprises figures related to redemptions to settle, premium refund and portability requested not yet transferred to the recipient;
  - The mathematical reserve for vested benefits (PMBC) refers to participants already benefiting and corresponds to the present value of future obligations related to the payment of ongoing benefits;
  - The contribution deficiency reserve (PIC) is established to deal with any unfavorable fluctuations in technical risks taken in the mathematical reserve for unvested benefits, considering that the participants are likely to have a longer life expectancy. In plans covering life expectancy, the reserve is calculated on an actuarial basis and takes into consideration the actuarial tables AT-2000 Male (normalized) and AT-2000 Female (normalized), with an improvement rate of 1.5% p.a. and real interest rate of 3.5% p.a. (4.0% p.a. up to August 2012). In disability plans covering life expectancy risk, the provision takes into consideration the AT-49 Male biometric table and real interest rate of 4.0% p.a. The improvement rate is calculated from automatic updates of the life expectancy table, considering the expected increase in future life expectancy;

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

- The reserve for administrative expenses (PDA) is recorded to cover future administrative expenses with defined benefit, defined contribution and variable contribution plans. The calculation assumptions are the same as those considered in PIC calculation, including the benefit payment expenses;
  
  - The reserve for financial surplus (PEF) corresponds to the portion of income from investment of reserves that exceeds minimum returns from pension plans that have a financial surplus in the participation clause;
  
  - The reserve for technical surplus (PET) corresponds to the difference between the expected and the actual amounts for events in the period for pension plans that have a technical surplus in the participation clause;
  
  - The reserve for incurred but not reported (IBNR) events, relating to pension plans, is recorded in compliance with Susep Circular Letter 448/12;
  
  - The reserve for benefit adjustment (PBR) considers all loss notices received up to the end of the reporting period and related costs, such as expenses with loss adjustment, loss of suit, among others. The reserve is adjusted for inflation and includes all claims under litigation; and
  
  - In 2011, the financial fluctuation reserve (POF) consisted of up to 15% of the mathematical reserve for unvested benefits relating to variable contribution pension plans with an earnings guarantee to cover possible financial fluctuations. Due to the decreased interest rate mentioned in the PIC note and in order to better represent the POF allocation, the amount of said reserve was substantially incorporated to the PIC throughout 2012.
- 
- Capitalization bonds:

- The mathematical reserve for redemptions is recorded for each active or suspended capitalization bond during the estimated term set forth in the general conditions of the plan, and is calculated according to the methodology set forth in the actuarial technical notes;
  
- The reserves for redemptions are established from capitalization bonds overdue or not yet due where early redemption has been requested by the customer. Reserves are adjusted for inflation based on the indexes provided in each plan;
  
- The reserves for draws not yet taken place and their payables are recorded to cover premiums for future draws (not yet taken place) and also for prize money from draws where customers have already been chosen (payable);
  
- A reserve for contingencies is recorded to cover possible shortfalls related to payments of redemptions requested and/or prizes from draws; and
  
- The reserve for administrative expenses is recorded to cover placement and promotion of the plan as well as brokerage and other expenses. The reserve complies with the methodology set forth in an actuarial technical note.

Technical reserves are shown by account, product and segment, as well as amounts and details of plan assets covering these technical reserves, and are shown in Note 21.

### ***Notes to the Consolidated Financial Statements***

#### **p) Provisions, contingent assets and liabilities and legal obligations - tax and social security**

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution 3823/09 and CVM Resolution 594/09:

- **Contingent assets:** these are not recognized in the financial statements, except when Management has control over the situation or when there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, classifying the gain as practically certain by confirming the expectation of receipt or compensation against another liability. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;
- **Provisions:** these are recorded taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever the loss is deemed probable which would cause a probable outflow of funds to settle the obligation and when amounts can be reliably measured;
- **Contingent liabilities:** according to CPC 25, the term "contingent" is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management's control. Contingent liabilities considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recorded as a provision nor disclosed; and
- **Legal obligations - provision for tax risks:** results from judicial proceedings, being contested on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully recognized in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recorded, by type, are presented in Note 18.

**q) Funding expenses**

Expenses related to funding transactions involving the issuance of securities are recognized in the profit or loss over the term of the transaction and reduces the corresponding liability. They are presented in Notes 16c and 19.

**r) Other assets and liabilities**

Assets are stated at their realizable amounts, including, when applicable, related income and monetary and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and monetary and exchange variations (on a daily prorated basis).

#### **s) Subsequent events**

These refer to events occurring from the end of the reporting period to the date they are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

There were no subsequent events that need to be adjusted or disclosed for these consolidated financial statements as of December 31, 2012.

#### **4) INFORMATION FOR COMPARISON PURPOSES**

##### **Reclassifications**

There were no reclassifications or other relevant information for previous periods that affect the comparability of the financial statements for the period ended December 31, 2012.

(1) Consistent with the criterion adopted by Bacen Circular Letter 3068/01 and due to the characteristics of the securities, we are considering the derivative financial instruments, except those considered as cash flow hedges under the category Trading Securities;

(2) These refer to investment fund resources and managed portfolios applied on purchase and sale commitments with Bradesco, whose owners are consolidated subsidiaries, included in the consolidated financial statements;

(3) The investment fund quotas were distributed according to the instruments composing their portfolios and maintaining the fund category classification;

(4) In compliance with Article 8 of Bacen Circular Letter 3068/01, Bradesco declares that it has financial capacity and intention to maintain held-to-maturity securities up to their maturity dates. This financial capacity is proven in Note 32a, which presents the maturity of asset and liability operations. On June 30, 2012, R\$28,501,990 thousand were transferred from "Held to Maturity" to "Available for Sale," due to reclassification made by the Insurance Group, as a result of adoption of CPCs 38 and 40;

(5) The number of days to maturity was based on the maturity of the instruments, regardless of their accounting classification;

(6) This column reflects book value after mark-to-market in accordance with item (7), except for held-to-maturity instruments, whose market value is higher than the original amortized cost for the amount of R\$2,618,956 thousand (R\$2,484,697 thousand on September 30, 2012 and R\$4,896,941 thousand on December 31, 2011);

(7) The market value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics; for investment funds, the original amortized cost reflects the market value of the respective quotas; and

(8) In the year ended December 31, 2012, other than temporary impairments were realized in the amount of R\$889,980 thousand (R\$515 thousand in 2011) and R\$889,980 thousand in the fourth quarter of 2012 for available-for-sale securities.

Report on Economic and Financial Analysis - December 2012

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

## ***Notes to the Consolidated Financial Statements***

### **e) Derivative financial instruments**

Bradesco carries out transactions involving derivative financial instruments, which are recorded in the statement of financial position or in memorandum accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a series of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their estimated fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by the Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from the Securities, Commodities and Futures Exchange (BM&FBOVESPA) and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factors swaps. The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded at the stock exchange or using methodologies similar to those outlined for swaps. The fair values of loan derivative instruments are determined based on market price quotation or from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility.

Derivative financial instruments in Brazil mainly refer to swap and futures operations and are registered at the OTC Clearing House (Cetip) and BM&FBOVESPA.

Operations involving forward contracts of indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges of Chicago and New York, as well as the over-the-counter markets.

Derivatives include operations maturing in D+1.

(1) Includes cash flow hedges to protect CDI-related funding, for the amount of R\$18,233,881 thousand (R\$28,790,922 thousand on September 30, 2012 and R\$78,444,107 thousand on December 31, 2011) (Note 8g);

(2) Includes specific hedges to protect foreign investments totaling R\$22,497,383 thousand (R\$22,434,605 thousand on September 30, 2012 and R\$20,318,716 thousand on December 31, 2011); and

(3) Includes credit derivative operations (Note 8f).

To obtain greater payment assurance for operations with financial institutions and customers, Bradesco established compensation and settlement agreements for liabilities within the National Financial System, in accordance with CMN Resolution 3263/05.

### **Notes to the Consolidated Financial Statements**

#### **f) Credit Default Swaps (CDS)**

In general, these represent bilateral agreements in which one of the parties purchases protection against the credit risk of a certain financial instrument (the risk is transferred). The selling counterparty receives remuneration that is usually paid linearly over the term of the agreement.

In the case of a default, the purchasing counterparty will receive a payment to offset the loss incurred on the financial instrument. In this case, the selling counterparty usually receives the underlying asset of the agreement in exchange for the payment.

Bradesco carries out operations involving credit derivatives to better manage its risk exposure and its assets. Contracts related to credit derivatives operations described above have several maturities up to 2013. The mark-to-market rates to protect counterparty risk though remuneration totaled R\$(332) thousand (R\$(873) thousand on September 30, 2012 and R\$826 thousand on December 31, 2011). There was no default to trigger events in the contracts during the period.

### **Notes to the Consolidated Financial Statements**

#### **g) Cash flow hedge**

Bradesco uses cash flow hedges to protect its cash flows from payment of interest rates on funds indexed to Bank Deposit Certificates (CDB), related to variable interest rate risk of Interbank Deposit Rate (DI Cetip), thus registering fixed cash flows.

Bradesco has traded DI Future contracts at BM&FBOVESPA since 2009, using them as cash flow hedges for funding linked to DI. The following table presents the DI Future position, where:

|   | 2012           |                 | R\$ thousand<br>2011 |
|---|----------------|-----------------|----------------------|
|   | December<br>31 | September<br>30 | December 31          |
| DI Future with maturity between 2013 and 2017                 | 18,233,881     | 28,790,922      | 78,444,107           |
| Funding indexed to CDI  | 17,398,534     | 27,387,491      | 77,124,691           |
| Mark-to-market adjustment recorded in shareholders' equity(1) | (130,118)      | (687,346)       | (767,684)            |
| Ineffective market value recorded in the income statement     | (1,033)        | (56)            | 29                   |

(1) The adjustment in shareholders' equity is R\$(78,071) thousand, net of tax (R\$(412,408) thousand on September 30, 2012 and R\$(460,610) thousand on December 31, 2011).

The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter 3082/02.

#### **h) Income from securities, insurance, pension plans and capitalization bonds and derivative financial instruments**

(1) For operations with overdue installments for more than 14 days;

(2) Recorded based on the customer/transaction classification and therefore not included in the preceding item; and

(3) The additional provision is recorded based on Management's experience and the expectation of the loan portfolio, to determine the total provision deemed sufficient to cover specific and general credit risk, together with the provision calculated based on levels of risk and the corresponding minimum percentage in the provision established by CMN Resolution 2682/99. The excess provision per customer was classified according to the corresponding level of risk (Note 10f).

#### **h) Allowance for loan losses (ALL) expenses net of amounts recovered**

Expenses with the allowance for loan losses, net of credit write offs recovered, are as follows.

| <b>Total on September 30, 2012</b>         |                                   | <b>10,542,357</b> | <b>(6,042,761)</b> |                          | <b>4,499,596</b> |                  |
| <b>Total on December 31, 2011</b>          |                                   | <b>9,934,997</b>  | <b>(5,522,154)</b> |                          |                  | <b>4,412,843</b> |

The Bradesco Organization's premises and equipment shows an unrecorded surplus of R\$3,488,153 thousand (R\$3,363,214 thousand on September 30, 2012 and R\$2,977,993 thousand on December 31, 2011). This is due to an increase in their market price, based on valuations by independent experts in 2012, 2011 and 2010.

The total consolidated fixed assets to net worth ratio, which includes all Group entities, is 16.89% (18.95% on September 30, 2012 and 21.03% on December 31, 2011), and the consolidated finance fixed assets to net worth ratio, which only includes the Group's financial institutions (e.g.: banks, securities, etc.), is 44.64% (45.02% on September 30, 2012 and 48.37% on December 31, 2011), whereas the maximum limit is 50%.

The difference between the total consolidated and consolidated finance fixed assets to net worth ratios is due to non-financial subsidiaries which have high liquidity and low fixed assets to net worth ratio, with the consequent increase in the consolidated finance fixed assets to net worth ratio. Whenever necessary, we may reallocate funds to the financial companies through the payment of dividends/interest on shareholders' equity to financial companies or a corporate restructuring between the financial and non-financial companies, thus improving the ratio.

**Notes to the Consolidated Financial Statements****15) INTANGIBLE ASSETS****a) Goodwill**

Goodwill from the acquisition of investments amounted to R\$2,626,824 thousand, net of accumulated amortization, where applicable, of which:

(i) R\$579,499 thousand represents the difference between the purchase price and the market value of the net assets acquired, which is recorded in Permanent Assets - Investments (BM&FBOVESPA and Integritas/Fleury shares), amortized when disposed; and (ii) R\$2,047,325 thousand, net of accumulated amortization, for future performance/customer portfolio, which is amortized over 20 years, where applicable.

In the year ended December 31, 2012, goodwill amortization amounted to R\$1,425,608 thousand, including R\$1,155,674 thousand of Banco BERJ S.A. full amortization (R\$ 264,266 thousand on December 31, 2011) and R\$1,225,933 thousand in the fourth quarter of 2012 (R\$66,944 thousand in the third quarter of 2012) (Note 29).

**b) Intangible assets**

Acquired intangible assets consist of:

|   |                             |                   |                    | R\$ thousand             |                  |                        |

(1) Issuance of securities on the international market to invest in foreign exchange transactions, pre-export financing, import financing and working capital financing, significantly in the medium and long terms.

## Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

d) Since 2003, Bradesco has used certain agreements to optimize its funding and liquidity management activities by using SPEs - Special Purpose Entities. An SPE, also known as a Diversified Payment Rights Company outside Brazil, is financed with long-term debt and settled through future cash flows from underlying assets which basically include flows from current payment orders and future remittances made by individuals and companies located abroad to beneficiaries in Brazil for which the Bank acts as a paying agent.

Long-term securities issued by the SPE and sold to investors are settled with proceeds from the payment order flows. Bradesco is obliged to redeem these securities in specific cases of delinquency or if the SPE discontinues operations.

Funds from the sale of current and future payment order flows, received by the SPE, must be maintained in a specific bank account until a minimum amount has been reached.

Below are the main features of the notes issued by SPEs:

|  | Date of issue | Transaction amount | Maturity                  | R\$ thousand           |                  |                        |

#### 18) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL LIABILITIES - TAX AND SOCIAL SECURITY

##### a) Contingent assets

Contingent assets are not recognized in the financial statements, however, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), claiming to offset PIS against Gross Operating Income, paid under Decree-Laws 2445/88 and 2449/88, regarding the payment that exceeded the amount due under Supplementary Law 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

##### b) Provisions classified as probable losses and legal obligations - tax and social security

Bradesco Organization is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recorded provisions based on their opinion and of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, where the loss is deemed probable.

Management considers that the provision is sufficient to cover losses generated by the respective lawsuits.

Liability related to litigation is held until the conclusion to the lawsuit, represented by judicial decisions, with no further appeals or due to the statute of limitation.

Report on Economic and  
Financial Analysis – December  
2012

---

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

## ***Notes to the Consolidated Financial Statements***

### **I - Labor claims**

These are claims brought by former employees and outsourced employees seeking indemnifications, especially for unpaid overtime, according to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For other proceedings, the provision is based on the average of payments made for claims settled over the last 12 months.

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

### **II - Civil claims**

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, and similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not cause significant impact on Bradesco Organization's financial position.

Note that a significant number of legal claims pleading the incidence of inflation rates, which were excluded from inflation adjustments on savings account balances due to economic plans, were part of federal government's economic policy to reduce inflation. Although the Bank complied with the legal requirements in force at the time, these lawsuits have been recorded as provisions, taking into consideration claims effectively notified and the evaluation of the perspective of the loss, considering the current judicial decision of the Superior Court of Justice (STJ).

Two points are worth noting regarding disputes relating to economic plans: a) the Bank does not expect any significant provisions to be recorded in excess of what has been provided for, as legal new claims cannot be made; and b) the Federal Supreme Court (STF) suspended the analysis of all appeals up until a final decision issued by the court.

### **III - Legal obligations - provision for tax risks**

The Bradesco Organization is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recorded in full, although there is good chance of a favorable outcome in the medium to long term, based on the opinion of Management and their legal counsel.

The main issues are:

- Cofins - R\$7,863,875 thousand (R\$7,450,590 thousand on September 30, 2012 and R\$6,345,973 thousand on December 31, 2011): a request for authorization to calculate and pay Cofins, from October 2005, based on effective income, as set forth in Article 2 of Supplementary Law 70/91, removing the unconstitutional increase in the calculation introduced by paragraph 1 of Article 3 of Law 9718/98;

Bradesco \_\_\_\_\_

## Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

- INSS Autonomous Brokers - R\$1,140,796 thousand (R\$1,100,748 thousand on September 30, 2012 and R\$1,004,092 thousand on December 31, 2011): we are requesting the impact of social security contribution on remunerations paid to third-party service providers, established by Supplementary Law 84/96 and subsequent regulations/amendments, at the 20% rate and additionally 2.5%, on the grounds that services are not provided to insurance companies but to policyholders, thus being outside the incidence of the contribution provided for in item I, Article 22, of Law 8212/91, as new wording in Law 9876/99;
- IRPJ/Loan Losses - R\$797,811 thousand (R\$762,590 thousand on September 30, 2012 and R\$703,568 thousand on December 31, 2011): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively), total or partial amounts of actual and definite loan losses upon receipt of claims incurred, regardless if they comply with the terms and conditions provided for in Articles 9 to 14 of Law 9430/96 that only apply to temporary losses;
- CSLL - Deductibility on IRPJ calculation basis - R\$684,739 thousand (R\$673,782 thousand on September 30, 2012 and R\$607,405 thousand on December 31, 2011): we are requesting to calculate and pay income tax calculated and paid for 1997 and subsequent years, excluding CSLL in the calculation, under Article 1, of Law 9316/96, since this contribution represents an effective, necessary and mandatory expense to the Company; and
- PIS - R\$302,089 thousand (R\$300,310 thousand on September 30, 2012 and R\$293,267 thousand on December 31, 2011): we are requesting the authorization to offset overpaid amounts in 1994 and 1995 as PIS contribution, corresponding to the surplus on the calculation established in the Constitution, i.e., gross operating income, as defined in the income tax legislation - set out in Article 44 of Law 4506/64, excluding interest income.

**IV - Provisions by nature**

(1) Mainly include legal liabilities.

Report on Economic and Financial Analysis - December 2012

---

**Notes to the Consolidated Financial Statements****c) Contingent liabilities classified as possible losses**

The Bradesco Organization maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary, the related risk is reclassified. In this respect, contingent lawsuits deemed with the risk of a possible loss are not recorded as a liability in the financial statements. The main lawsuits classified as such are the following: a) leasing companies' Tax on Services of any Nature (ISSQN), total lawsuits correspond to R\$1,132,804 thousand (R\$1,102,267 thousand on September 30, 2012 and R\$517,667 thousand on December 31, 2011) which relates to the municipal tax demands other than those where the company is not located and where, under law, tax is collected; b) 2006-2009 income tax and social contribution, relating to goodwill amortization being disallowed on the acquisition of investments, for the amount of R\$711,431 thousand (R\$709,665 thousand on September 30, 2012 and R\$372,323 thousand on December 31, 2011); c) IRPJ and CSLL deficiency notice relating to disallowance of loan loss expenses, for the amount of R\$469,337 thousand (R\$295,717 thousand on September 30, 2012); and d) IRPJ and CSLL deficiency note relating to disallowance of exclusions of revenues from mark-to-market securities in 2007, amounting to R\$226,145 thousand.

(1) "Other reserves" - Insurance basically refers to the technical reserves of the "personal health" portfolio recorded to (i) cover the differences of future premium adjustments and those required for the portfolio technical balance and (ii) adapt to current interest rate scenarios;

(2) Includes personal insurance and pension plans;

(3) "Other reserves" - Life and Pension Plan basically refers to "Reserve for unvested benefits (Life)," "Reserve for redemption and other amounts to be settled," "Reserve for risk fluctuation" and "Reserve for benefits to be settled," "Additional premiums reserve;" and

(4) The contribution deficiency reserve for retirement and pension plans is calculated according to the normalized biometric table AT-2000, 1.5% p.a. improvement, considering males separated from females, who have a longer life expectancy, and an interest rate of 3.5% p.a. (3.5% p.a. on September 30, 2012 and 4.0% p.a. on December 31, 2011). For disability plans, the provision is also actuarially calculated according to the biometric AT-49 male table and the 3.5% p.a. interest rate (3.5% p.a. on September 30, 2012 and 4.0% p.a. on December 31, 2011).

Report on Economic and Financial Analysis - December 2012

---

**Notes to the Consolidated Financial Statements****Interest on shareholders' equity/dividends**

Preferred shares have no voting rights, but are entitled to all other rights and advantages given to common shares and, in compliance with Bradesco's Bylaws, have priority for repayment of capital and an additional ten percent (10%) interest on shareholders' equity and/or dividends, in accordance with the provisions of Paragraph 1, item II, of Article 17 of Law 6404/76, amended by Law 10303/01.

According to Bradesco's Bylaws, shareholders are entitled to interest on shareholders' equity and/or dividends amounting to at least 30% of the net income for the year, adjusted in accordance with Brazilian Corporate Law.

Interest on shareholders' equity is calculated based on the shareholders' equity limited to the variation in the Federal Government Long-Term Interest Rates (TJLP), subject to available profits before deductions, or transfer to retained earnings or profit reserves for the amounts equivalent or greater than twice its value.

Bradesco's capital remuneration policy aims to distribute interest on shareholders' equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax, in the calculation for mandatory dividends for the year under the Company's Bylaws.

The Board of Directors' meeting held on December 12, 2011 approved the Board of Executive Officers' proposal to pay shareholders supplementary interest on shareholders' equity for 2011, for the amount of R\$2,309,800 thousand, at R\$0.576206221 (net of 15% withholding income tax - R\$0.489775288) per common share and R\$0.633826844 (net of 15% withholding income tax - R\$0.538752817) per preferred share, which was paid on March 8, 2012.

The Board of Directors' meeting held on February 10, 2012 approved the Board of Executive Officers' proposal to pay shareholders dividends in addition to interest on shareholders' equity and dividends for 2011, for the amount of R\$151,291 thousand, at R\$0.037741866 per common share and R\$0.041516054 per preferred share, which was paid on March 8, 2012.

The Board of Directors' Meeting held on March 7, 2012 approved the Board of Executive Officers' proposal to increase the value of monthly dividends by 10%, paid in advance to shareholders, under the Monthly Compensation Methodology, from R\$0.014541175 to R\$0.015995293 for common shares, and from R\$0.015995293 to R\$0.017594822 for preferred shares, effective from dividends relating to April 2012 which were paid as of May 2, 2012.

The Board of Directors' Meeting held on June 20, 2012 approved the Board of Executive Officers' proposal to pay Company's shareholders monthly interest on shareholders' equity, replacing monthly dividends. Shareholders now receive R\$0.018817992 (net of 15% withholding income tax - R\$0.015995293) per common share and R\$0.020699791 (net of 15% withholding income tax - R\$0.017594822) per preferred share, in effect from July 2012, to be paid as of August 1, 2012.

The Board of Directors' meeting held on June 27, 2012 approved the Board of Executive Officers' proposal to pay shareholders interim interest on shareholders' equity for the first half of 2012, for the amount of R\$754,300 thousand, at R\$0.188184678 (net of 15% withholding income tax - R\$0.159956976) per common share and R\$0.207003146 (net of 15% withholding income tax - R\$0.175952674) per preferred share, which was paid on July 18, 2012.

The Board of Directors' Meeting held on December 21, 2012 approved the Board of Executive Officers' proposal for the payment to shareholders of supplementary interest on shareholders' equity for 2012, for the amount of R\$2,054,400 thousand, of which R\$0.512557736 (net of 15% withholding income tax - R\$0.435674076) per common share and R\$0.563813510 (net of 15% withholding income tax - R\$0.479241484) per preferred share, to be paid on March 7, 2013.

(1) To be paid on March 7, 2013; and

(2) Paid on July 18, 2012.

### c) Treasury shares

The Board of Directors' meeting held on December 20, 2010 authorized a share buyback of up to 15,000,000 no-par, registered book-entry shares issued by Bradesco, of which 7,500,000 are common shares and 7,500,000 are preferred shares, to be held in treasury and later sold or cancelled, without reducing capital stock. It was valid until June 21, 2011. The Board of Directors' meeting held on June 20, 2011 approved the renewal of the share buyback term based on the same previous conditions. It was valid up to December 22, 2011. The Board of Directors' meeting held on December 21, 2011 resolved to renew the term for the share buyback, based on the same previous conditions. It was valid up to June 23, 2012. The Board of Directors' meeting held on June 21, 2012 resolved to renew the term for the share buyback, based on the same previous conditions. It was valid up to December 25, 2012. The Board of Directors' Meeting held on December 20, 2012

## Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

resolved to renew the term for the share buyback, based on the same previous conditions. It is valid until June 26, 2013.

A total of 2,635,100 common shares and 4,786,700 preferred shares had been acquired, totaling R\$197,301 thousand up to December 31, 2012, and remain in treasury. The minimum, average and maximum cost per common share is R\$23.62221, R\$25.41203 and R\$27.14350, respectively, and R\$26.20576, R\$27.22915 and R\$33.12855 per preferred share, respectively. The market value was R\$33.94 per common share and R\$35.17 per preferred share at December 31, 2012.

### **Notes to the Consolidated Financial Statements**

#### **b) Compensation for key Management personnel**

Each year, the Annual Shareholders' Meeting approves:

- The annual overall amount of management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws, and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of the Bradesco Organization.

For 2012, the maximum amount of R\$344,800 thousand was set for Management compensation and R\$334,100 thousand to finance defined contribution pension plans. Additionally, for the overall amount of Management compensation approved by the Annual Shareholders' Meeting, Bradesco adopted, in 2012, CMN Resolution 3921/10, that sets forth a management compensation policy for financial institutions, establishing that 50% of the Management variable compensation must be allocated to the acquisition of their shares, which must be traded in three equal, annual and successive installments, the first of which maturing in the year following the payment date.

#### **Short-term Management benefits**

Bradesco does not offer long-term benefits related to severance pay or share-based compensation, pursuant to CPC 10 – Share-Based Payment, approved by CMN Resolution 3989/11, to its key Management personnel.

### Other information

#### l) Under current law, financial institutions are not allowed to grant loans or advances to:

- a) Officers and members of the advisory, administrative, fiscal or similar councils, as well as to their respective spouses and family members up to the second degree,
- b) Individuals or corporations that own more than 10% of their capital, and
- c) Corporations of which the financial institution itself, any officers or administrators of the institution, as well as their spouses and respective family members up to the second degree own more than 10%.

Therefore, no loans or advances are granted by financial institutions to any subsidiary, members of the Board of Directors or Board of Executive Officers and their relatives.

## **Notes to the Consolidated Financial Statements**

### **II) Shareholding**

Together, Members of the Board of Directors and Board of Executive Officers had the following shareholding in Bradesco:

|                  | <b>2012</b>        |                     | <b>2011</b>        |
|------------------|--------------------|---------------------|--------------------|
|                  | <b>December 31</b> | <b>September 30</b> | <b>December 31</b> |
| Common shares    | 0.73%              | 0.73%               | 0.74%              |
| Preferred shares | 1.00%              | 1.01%               | 1.03%              |
| Total shares (1) | 0.86%              | 0.87%               | 0.89%              |

(1) On December 31, 2012, direct and indirect shareholding of the members of Bradesco's Board of Directors and Board of Executive Officers amounted to 3.05% of common shares, 1.05% of preferred shares and 2.05% of all shares.

## **32) FINANCIAL INSTRUMENTS**

### **a) Risk management**

Risk management is highly strategic due to the increasing complexity of services and products and the globalization of the Organization's business. The dynamic markets lead Bradesco to an ongoing improvement of this activity in the pursue of best practices. For that reason, Bradesco was authorized by Bacen to use its internal market risk models, which were already in force, to calculate regulatory capital as of January 2013.

The Organization controls risk management in an integrated and independent manner, preserving and valuing the Board's decisions, developing and implementing methodologies, models, and measurement and control tools. It also provides training to employees from all Organization levels, from the business areas to the Board of Directors.

The management process allows the risks to be proactively identified, measured, mitigated, monitored and reported, which is necessary in view of the Organization's complex financial products and activity profile.

### **Credit risk management**

Credit risk refers to the possibility of losses associated to the non-compliance by the borrower or counterparty for their respective financial obligations under agreed terms, as well as to the reduction of the value of a loan agreement resulting from a deterioration of the borrower's risk rating, reduced earnings or remuneration, the advantages in renegotiation, recovery costs and other values related to the counterparty's non-compliance with its financial obligations.

Credit risk management in the Organization is a continuous and evolving process of mapping, development, assessment and diagnosis through the use of models, instruments and procedures that require a high degree of discipline and control during the analysis of operations to preserve the integrity and autonomy of the processes.

The Organization carefully controls its exposure to credit risk, which mainly results from loans, securities and derivative financial instruments. Credit risk also stems from financial obligations related to loan commitments or financial guarantees.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

***Notes to the Consolidated Financial Statements***

**Market risk management**

Market risk is represented by the possibility of financial losses due to fluctuating prices and interest rates of the Organization's financial assets as its asset and liability portfolios may have mismatched maturities, currencies and indexes.

Market risk is carefully identified, measured, mitigated and controlled. The Organization has a conservative exposure profile to market risk, with the guidelines and limits monitored independently on a daily basis.

Market risk is controlled for all of the Organization's companies in a corporate and centralized manner. All activities exposed to market risk are mapped, measured and classified by probability and importance, with their respective mitigation plans duly approved by the corporate governance structure.

#### **Sensitivity analysis**

The Trading Portfolio is also monitored daily by sensitivity analyses that measure the effect of movements of market and price curves on our positions. Furthermore, a sensitivity analysis of the Organization's financial exposures (Trading and Banking Portfolio) is performed on a quarterly basis, in compliance with CVM Rule 475/08.

Note that the impact of the financial exposure on the Banking Portfolio (notably interest rates and price indexes) do not necessarily represent a potential accounting loss for the Organization because a portion of loans held in the Banking Portfolio are financed by demand and/or savings deposits, which are "natural hedges" for future variations in interest rates, moreover, interest rate variations do not represent a material impact on the Institution's result, as Loans are held to maturity. Also, due to our strong presence in the insurance and pension plan market, most of the assets are adjusted for price indexes, linked to the corresponding technical reserves.

Report on Economic and Financial Analysis - December 2012

---

**Notes to the Consolidated Financial Statements**

The sensitivity analysis of the Trading Portfolio, which represents exposures that may have a material impact on the Organization's results, is presented below. Note that results show the impact for each scenario on a static portfolio position. The market dynamism results in continuous changes in these positions and does not necessarily reflect the current position. Moreover, as previously mentioned, the Organization has an ongoing process of market risk management, which constantly looks for market dynamism to mitigate related risks according to the strategy determined by Senior Management. Therefore, in cases of deterioration indicators in a certain position, proactive measures are taken to minimize any potential negative impact, aimed at maximizing the risk/return ratio for the Organization.

### **Notes to the Consolidated Financial Statements**

Sensitivity analyses were carried out based on scenarios prepared for the respective dates, always considering market data at the time and scenarios that would adversely affect our positions, according to the examples below:

**Scenario 1:** Based on market information (BM&FBOVESPA, Anbima, etc.), stresses were applied for 1 basis point on the interest rate and 1% variation on prices. For example, in the scenario applied to positions on December 31, 2012, the Real/Dollar exchange rate was R\$2.06. The rate applied on the positions on December 31, 2012 was 7.15% p.a. for the 1-year fixed interest rate scenario,

**Scenario 2:** 25% stresses were determined based on market information. For instance, in the scenario applied to positions on December 31, 2012, the Real/Dollar exchange rate was R\$2.55. For the interest rate scenario, the 1-year fixed interest rate applied to positions on December 31, 2012 was 8.92% p.a. Scenarios for other risk factors also represented a 25% stress on the respective curves or prices, and

**Scenario 3:** 50% stresses were determined based on market information. For instance, in the scenario applied to positions on December 31, 2012, the Real/Dollar exchange rate was R\$3.06. For the interest rate scenario, the 1-year fixed interest rate applied to positions on December 31, 2012 was 10.71% p.a. Scenarios for other risk factors also represented a 50% stress on the respective curves or prices.

### **Liquidity Risk**

Liquidity Risk is represented by the possibility of the institution not being able to efficiently meet its obligations, without affecting its daily operations and incurring significant losses, as well as the possibility of the institution not being able to trade a position at market price due to its high amount when compared to the usually traded volume or due to some market discontinuation.

One of the objectives of the Organization's Policy on Market and Liquidity Risk Management, approved by the Board of Directors, is to lay down the rules, criteria and procedures that guarantee the establishment of the Minimum Liquidity Reserve (RML) for the Organization, as well as the strategy and action plans for liquidity crisis situations. As part of the criteria and procedures approved, the Organization also establishes a minimum liquidity reserve to be recorded daily and the types of assets eligible for making up the resources available. Moreover, instruments for managing liquidity in a normal scenario and in a crisis scenario and the strategies to be implemented in each case are established.

The liquidity risk is managed in a corporate and centralized manner, by daily monitoring of the composition of available resources, compliance with the minimum level of liquidity and contingency plans for stress situations.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

## ***Notes to the Consolidated Financial Statements***

### **Operational Risk**

Operational risk is represented by losses from internal processes, personnel and inadequate systems or failures and external events. This definition includes legal risk, but excludes Strategy and Reputation Risk.

Operational risk management is essential to generate added value. Risk is controlled centrally through identification, measurement, mitigation plans and monitoring, on a consolidated basis and for each of the Organization's companies.

Among plans to mitigate operational risk, the most important is business continuity management, which consists of formal plans to be adopted during moments of crisis to guarantee the recovery and continuation of business as well as preventing loss.

### **Capital Management**

The capital management process is performed to provide the conditions necessary to meet the Organization's strategic objectives, considering the economic and commercial environment in which it operates. This process is compatible with the nature of operations, complexity of service and products and extent of the Organization's exposure to risks.

Under Bacen regulations, financial institutions are required to permanently maintain capital (Reference Shareholders' Equity) consistent with the risks of their activities, represented by Required Reference Shareholders' Equity (PRE). The PRE calculation considers, at least, the sum of credit risk, market risk and operating risk.

Adjusting to Reference Shareholders' Equity is done daily and aims to ensure that the Organization has a solid capital base to support development of activities and cope with risk, either in normal or in extreme market conditions, as well as meeting capital regulatory requirements.

(1) Includes advances on foreign exchange contracts, leases and other receivables with lending characteristics, and

(2) Primarily includes the surplus of interest in subsidiaries and affiliates (Cielo, Odontoprev and Fleury) and other investments (BM&FBOVESPA).

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

### **Notes to the Consolidated Financial Statements**

#### **Determination of the market value of financial instruments:**

- Securities and derivative financial instruments, investments, subordinated debts and treasury shares are based on the market price at the reporting date. If no quoted market price is available, estimate amounts are based on the dealer quotations, pricing models, quotation models or quotations for instruments with similar characteristics,
- Fixed rate loans were determined by discounting estimated cash flows, using interest rates applied by the Bradesco Organization for new contracts with similar features. These rates are consistent with the market at the reporting date, and
- Time deposits, funds from issuance of securities, borrowing and onlending were calculated by discounting the difference between the cash flows under the contract terms and the prevailing market rates at the reporting date.

#### **33) EMPLOYEE BENEFITS**

Bradesco and its subsidiaries sponsor a unrestricted benefit pension plan (PGBL) for employees and directors which is a private defined contribution pension plan that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and being invested in an Exclusive Investment Fund (FIE).

The PGBL is managed by Bradesco Vida e Previdência S.A. and BRAM - Bradesco Asset Management S.A. The Securities Dealer Company (DTVM) is responsible for the financial management of FIE.

Contributions made by employees and directors of Bradesco and its subsidiaries are for the equivalent of at least 4% of their salary, except for participants who chose to migrate from the defined benefit plan to a defined contribution plan (PGBL) in 2001, whose contributions to the PGBL were maintained at the levels that prevailed for the defined benefit plan when they migrated, always respecting the 4% minimum.

Actuarial obligations of the defined contribution plan (PGBL) are fully covered by the plan assets of the corresponding FIE.

In addition to the aforementioned plan (PGBL), participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in the plan. For participants of the defined benefit plan, whether they migrated to the PGBL plan or not, for retirees and pensioners, the present value of the actuarial plan obligation is fully covered by the plan assets.

Banco Alvorada S.A. (successor from the of Banco Baneb S.A.) maintains defined contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social - Bases (related to the former employees of Baneb).

Banco Bradesco BBI S.A. (formally Banco BEM S.A.) sponsor both defined benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof).

Alvorada Cartões, Crédito, Financiamento e Investimento S.A. (Alvorada CCFI) (merging company of Banco BEC S.A.) sponsors a defined benefit plan through Caixa de Previdência Privada do Bando do Estado do Ceará - Cabec.

In 2012, the Complementary Social Security Council of Brazil (CNPB) issued the Resolution 9/12, which established the maximum real interest rate admitted in the actuarial benefit plan projections to be used as discount rate to calculate the present value of the contribution and benefit flows, taking into account a gradual annual reduction of 0.25%, from 6% p.a. in 2012 to 4.5% p.a. in 2018. On December 31, 2012, our retirement plans (Bases, Capof and Cabec) used the real interest rate that ranges from 5% to 5.5% p.a., considering the features of each plan.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

On December 31, 2012, according to CPC 33 – Employee Benefit, as approved by CVM Resolution 600/09, Bradesco and its subsidiaries, as sponsors of these plans, taking into consideration the economic and actuarial study, recalculated their actuarial commitments using a real interest rate that reflects the new real interest rate scenario, recognizing their obligations in the financial statements.

Below are the assumptions adopted by the independent actuary in the actuarial assessment of the Company's plans, based on CPC 33:

| <b>Risk factors</b>   | <b>2012</b>  |
|---|--|
| Nominal discount rate   |  |
| Minimum nominal return rate expected from assets                |  |
| Nominal rate of future salary increase                          |  |
| Nominal rate of increase in social security and plans' benefits |  |
| Inflation rate  |  |
| Biometric table - mortality                                     |  |
| Biometric table - disability                                    |  |
| Expected turnover rate  |  |
| Retirement probability  | 100% at the first time the person is entitled to receive |

Based on the assumptions above and according to CPC 33, the present value of actuarial liabilities of the benefit plans and its assets to cover these obligations, on December 31, 2012, represented: (i) the plan's net assets amounting to R\$1,137,588 thousand (December 31, 2011 – R\$1,032,853 thousand); (ii) actuarial liabilities amounting to R\$1,389,605 thousand (December 31, 2011 – R\$999,483 thousand); and (iii) deficiency amounting to R\$252,017 thousand (December 31, 2011 – surplus of R\$33,370 thousand).

The assets of pension plans are invested in compliance with the applicable legislation (government securities and private securities, listed company shares and real estate properties).

Bradesco's foreign branches and subsidiaries provide their employees and directors with a pension plan in accordance with standards set locally by the authorities so accumulating funds throughout the participant's career.

Expenses relating to contributions made in 2012 totaled R\$590,907 thousand (R\$566,724 thousand in 2011) and R\$181,159 thousand in the fourth quarter of 2012 (R\$146,488 thousand in the third quarter of 2012).

In addition to this benefit, Bradesco and its subsidiaries offer their employees and management other benefits including: health insurance, dental care, life and personal accident insurance, as well as professional training, whose expenses, including the aforementioned contributions, amounted to R\$2,655,686 thousand in 2012 (R\$2,439,405 thousand in 2011) and R\$715,913 thousand in the fourth quarter of 2012 (R\$674,728 thousand in the third quarter of 2012).

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

c) In the fourth quarter of 2012, Bacen amended and redefined the regulations relating to reserve requirement on funds repayable for short exchange position and on demand and in installments, with the purpose of making flexible the compulsory collection and reducing financial intermediation costs. It showed the following effects:

| Description  | Previous regulation   | Current regulation   |
|--|---|--|
| Reserve requirement on funds repayable in installments | Acquisitions of financial institutions with Reference Shareholders' Equity below R\$2.2 billion could be deducted from reserve requirement. | Acquisitions of financial institutions with Reference Shareholders' Equity below R\$3.5 billion can now be deducted from reserve requirement.                          |
| Reserve requirement on short exchange position         | The base was calculated and US\$1 billion was reduced.  | The base is calculated and US\$3 billion is reduced.   |
| Reserve requirement on funds payable on demand         | This type of deduction was not allowed.   | It allows the deduction of up to 20% on the reserve requirement if loan operations are carried out, as per Federal Government's Resolution 4170/12 to BNDES and FINEP. |

d) As part of the convergence process with international accounting standards, the Brazilian Accounting Pronouncements Committee (CPC) issued certain accounting pronouncements, their interpretations and orientations, which are applicable to financial institutions only after approval by CMN.

The accounting standards which have been approved by CMN include the following:

- Resolution 3566/08 - Impairment of Assets (CPC 01),
- Resolution 3604/08 - Statement of Cash Flows (CPC 03),

- Resolution 3750/09 - Related Party Disclosures (CPC 05),
- Resolution 3823/09 - Provisions, Contingent Liabilities and Contingent Assets (CPC 25),
- Resolution 3973/11 - Subsequent Events (CPC 24),
- Resolution 3989/11 - Share-based Payment (CPC 10),
- Resolution 4007/11 - Accounting Policies, Changes in Accounting Estimates and Errors (CPC 23), and
- Resolution 4144/12 - Framework (R1).

Presently, it is not possible to estimate when the CMN will approve the other CPC pronouncements or if they will be used prospectively or retrospectively.

CMN Resolution 3786/09 and Bacen Circular Letters 3472/09 and 3516/10 establishes that financial institutions and other entities authorized by Bacen to operate, which are publicly-held companies or which are required to establish an Audit Committee shall, as from December 31, 2010, annually prepare and publish their consolidated financial statements in up to 90 days from the reference date December 31, prepared under the International Financial Reporting Standards (IFRS), in compliance with standards issued by the International Accounting Standards Board (IASB).

As required by CMN Resolution, on March 30, 2012, Bradesco published its consolidated financial statements on its website for December 31, 2011 and 2010, in accordance with IFRS standards. According to Management, reconciliations between net income and shareholders' equity as of December 31, 2012 are consistent with the current business scenario.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

***Independent Auditors' Report on the Consolidated Financial Statements***

To the Board of Directors and Shareholders

Banco Bradesco S.A.

Osasco – SP

We have audited the accompanying consolidated financial statements of Banco Bradesco S.A. ("Bradesco"), which comprise the consolidated statement of financial position as at December 31, 2012, the consolidated statement of income, changes in equity and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

**Management's Responsibility for the Financial Statements**

Bradesco's Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting practices adopted in Brazil, applicable to institutions authorized to operate by the Brazilian Central Bank and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

**Independent Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Brazilian and International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment

of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the Bradesco's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bradesco's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements taken as a whole.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated financial statements, mentioned above, present fairly, in all material respects, the consolidated financial position of Bradesco, as at December 31, 2012, and of its consolidated financial performance and its cash flows for the year then ended in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Brazilian Central Bank.

### **Other matters**

### **Consolidated statement of value added**

We have also audited the consolidated statement of value added (DVA), preparation of which is the responsibility of the Banco Bradesco S.A.'s Management, for the year ended December 31, 2012, submission of which is required by publicly-held companies under Brazilian Corporate Law. The aforementioned statement was subject to the same auditing procedures described above and, in our opinion, are fairly presented, in all material respects, in relation to the financial statements taken as a whole.

Report on Economic and Financial Analysis - December 2012

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

***Independent Auditors' Report on the Consolidated Financial Statements***

**Review of corresponding amounts for the third and fourth quarters of 2012**

The consolidated balance sheet information as of September 30, 2012 and the related consolidated statements of income, cash flows and value added for the third and fourth quarters of 2012 and the statement of changes in shareholders' equity for the fourth quarter of 2012, which are presented herein by the Bradesco's Management as supplemental information, were reviewed by us, on which we issued reports that did not contain any modifications dated October 19, 2012 with reference to September 30, 2012 and the third quarter of 2012, and January 25, 2013 with reference to the fourth quarter of 2012.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

## ***Summary of the Audit Committee's Report***

### **Corporate Governance and Related Responsibilities**

The Board of Directors of Banco Bradesco S.A. opted for a single Audit Committee for all the companies comprising the Financial Conglomerate, including Grupo Bradesco de Seguros e Previdência (Insurance Group).

Management is in charge of defining and implementing managerial information systems to prepare the financial statements of the companies composing Bradesco Organization, pursuant to the accounting principles adopted in Brazil, applicable to institutions the Brazilian Central Bank (Bacen) authorizes to operate, the rules of the National Monetary Council, the Bacen, the Brazilian Securities and Exchange Commission (CVM), National Private Insurance Board (CNSP), the Insurance Superintendence (Susep) and the National Supplementary Healthcare Agency (ANS).

The Management is also responsible for processes, policies and internal control procedures that ensure the protection of assets, the appropriate recognition of liabilities and the management of risk operations of Bradesco Organization.

The Independent Auditor is in charge of examining the financial statements and issuing a report about their compliance with the accounting principles. Additionally, as a result of its works for the purpose of issuing the aforementioned report, it also advises on accounting procedures and internal controls, without prejudice to other reports to be prepared, such as limited reviews of the quarterly information to be delivered to Bacen and CVM.

### **Activities in 2012**

The Audit Committee attended 201 meetings with business, risk control and management areas, and with internal and independent auditors, checking the information considered relevant or critical through the referencing of different sources.

The Audit Committee's work schedule for 2012 was focused on the main processes and products referring to Bradesco Organization's activities. Among the most relevant aspects, we point out:

- process of preparing and disclosing financial reports to shareholders and external users, which contain accounting and financial information;
- the credit and operating risk management and control systems, preparation for the use of internal models in line with the conditions set forth by the New Basel Capital Accord (Basel II) and Bacen's rules about the issue. For market risk, the Central Bank approved the use of an internal model on November 29, 2012; and
- the improvement of internal controls systems deriving from projects in the IT and Risk Management areas.

### **Internal Controls Systems**

Based on the work program and agenda established for 2012, the Audit Committee was informed on the

It is incumbent upon the Internal Audit (General Inspectorate Department) to check the quality of Bradesco Organization's internal control systems and the regularity of policies and procedures established by the Management, including those adopted in the preparation of financial reports.

It is incumbent upon the Audit Committee to assess the quality and the effectiveness of the Internal and Independent Audits, the effectiveness and the sufficiency of Bradesco Organization's internal control systems and to analyze the financial statements, providing the relevant recommendations when applicable.

Among the Audit Committee's duties are also those required by the U.S. Sarbanes-Oxley Act for companies registered with the U.S. Securities and Exchange Commission and quoted on the New York Stock Exchange.

The Audit Committee's charter is available on the website [www.bradesco.com.br](http://www.bradesco.com.br), in the Corporate Governance area.

main processes within the Organization, evaluating their quality and management commitment to their continuous improvement.

As a result of meetings with Bradesco Organization's areas, the Audit Committee had the opportunity to suggest manners to improve the processes to the Board of Directors, as well as to monitor the implementation of improvement suggestions identified in the audit process and discussions with business areas.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

### ***Summary of the Audit Committee's Report***

Based on the information and remarks collected, the Audit Committee hereby deems the internal control system of Bradesco Organization as suitable to the size and complexity of its businesses and structured so as to ensure the efficiency of its operations, the financial report-generating systems, as well as compliance with internal and external rules, to which all transactions are subject.

Based on discussions regarding the planning of the Internal Audit, focused on risks, processes and the evaluation of the results thereof, the Audit Committee found that the Internal Audit had adequately met the demands of the Committee and the needs and requirements of the Organization and regulatory bodies.

### **Independent Audit**

The planning of the independent audit for 2012 was discussed with KPMG Auditores Independentes (KPMG) and, throughout 2012, the audit teams responsible for services presented their results and main conclusions to the Audit Committee.

The material issues pointed out in the report about the study and the evaluation of accounting and internal controls systems, prepared in connection with the examination of the financial statements and respective recommendations for the improvement of these systems, were discussed with the Committee, which requested the monitoring of the implementations and improvements in the areas in charge.

Based on the planning submitted by auditors and on the subsequent discussions about results, the Committee considered that the works developed by the teams were adequate to the Organization's businesses.

### **Consolidated Financial Statements**

In 2012, the Committee held meetings with the General Accounting, Planning, Budget, Control and Internal Audit departments to examine the monthly, quarterly, half-yearly and annual financial statements. These meetings analyzed and assessed the aspects of preparing individual and consolidated trial balances and balance sheets, notes to the financial statements and financial reports published with the consolidated financial statements.

Bradesco's accounting policies were also considered in the preparation of financial statements, as well as compliance with accounting practices adopted in Brazil, applicable to institutions that Bacen authorizes to operate as well as with the applicable laws.

Prior to the disclosures of the Quarterly Financial Information (IFTs), the half-yearly and annual balance sheets, the Committee held meetings with KPMG to assess the aspects of independence of auditors and control environment when producing the figures to be disclosed.

**Internal Audit**

The Committee requested that the Internal Audit considered several works in line with issues covered by the Committee's agenda in its planning for 2012.

Throughout the year, the teams in charge of executing planned works reported and discussed with the Audit Committee the main conclusions on process and inherent risks.

Based on aforementioned reviews and discussions, the Audit Committee recommends that the Board of Directors approves the audited financial statements for the year ended December 31, 2012.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

***Fiscal Council's Report***

The undersigned members of the Fiscal Council of Banco Bradesco S.A., in the exercise of their legal and statutory duties, having examined the Management Report and the Financial Statements related to the year ended December 31, 2012, and the technical feasibility study of taxable income generation, brought at present value, which has the purpose of recording the Deferred Tax Assets pursuant to the CVM Rule 371/02, Resolution 3059/02 of the National Monetary Council, and Bacen Circular Letter 3171/02, and in view of the unqualified report prepared by KPMG Auditores Independentes, are of the opinion that the aforementioned documents, based on the accounting practices adopted in Brazil, applicable to entities that the Brazilian Central Bank authorizes to operate, fairly reflect the Company's equity and financial position, and recommend their approval by the Annual Shareholders Meeting.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
