Item 2.05 Costs Associated with Exit or Disposal Activities.

On May 3, 2007, we notified the employees of our services business in Germany of a restructuring initiative that we expect will result in the elimination of approximately 25 employment positions. This initiative has arisen from our continuing efforts to reduce costs in a highly competitive marketplace. The elimination of positions will impact only employees of our services business in Germany and will not result in the closure of any facilities. We expect the termination of employment positions to commence June 1, 2007 and we presently expect to complete this restructuring initiative by July 31, 2007.

We presently expect the range of future cash expenditures associated with this restructuring initiative to be \$900,000 to \$1.2 million. We expect almost all of these expenditures to relate to employee termination costs. We expect there to be no other significant cash costs and no non-cash impairment costs associated with this restructuring initiative.
