MT Denver Property

Notes to the Statement of Revenues and Certain Operating Expenses

For the Year Ended December 31, 2005

1. Basis of Presentation

On February 6, 2006, Cole Credit Property Trust II, Inc. (the Company) acquired two single-tenant retail buildings, totaling approximately 198,477 rentable square feet, on an approximately 17.84 acre site located in Denver, Colorado (the MT Denver Property). The MT Denver Property is 100% leased to two tenants, including Sam's PW, Inc. (Sam's Club), a wholly-owned subsidiary of Wal-Mart Stores, Inc., and Hob-Lob Limited Partnership (Hobby Lobby), a wholly-owned subsidiary of H.L. Management, Inc., pursuant to net leases.

The statement of revenues and certain operating expenses (the Historical Summary) has been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (the SEC), which requires certain information with respect to real estate operations to be included with certain filings with the SEC. This Historical Summary includes the historical revenues and certain operating expenses of MT Denver Property, exclusive of items which may not be comparable to the proposed future operations of MT Denver Property. Material amounts that would not be directly attributable to future operating results of the MT Denver Property are excluded, and the Historical Summary is not intended to be a complete presentation of the MT Denver Property's revenues and expenses. Items excluded consist of depreciation and interest expense.

2. Significant Accounting Policies

Revenue Recognition

All leases are accounted for as operating leases and minimum rental income is recognized on a straight-line basis over the remaining term of the respective leases. Contingent rental income, such as percentage rents, is deferred until the specific target which triggers the contingent rental income is achieved. Tenant reimbursements for certain operating expenses are recognized in the period the expense is incurred.

Repairs and Maintenance

Expenditures for repairs and maintenance are expensed as incurred.

Use of Estimates

Edgar Filing: Cole Credit Property Trust II Inc - Form 8-K/A

The preparation of historical summaries in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of revenues and certain operating expenses during the reporting period. Actual results could differ from those estimates.

3. Leases

The aggregate annual minimum future rental payments on the non-cancelable operating leases in effect as of December 31, 2005 are as follows:

Year ending December 31:	
2006	\$ 1,405,245
2007	1,405,245
2008	1,405,245
2009	1,405,245
2010	1,405,245
Thereafter	8,314,366
Total	\$ 15,340,591

The minimum future rental income represents the base rent required to be paid under the terms of the leases exclusive of charges for contingent rents and other operating cost reimbursements.

5. Tenant Concentration

For the year ended December 31, 2005, the following tenants accounted for 10% or more of the annual rental income for the MT Denver Property:

Tenant Name	Aggregate Annual Rental Income	% Aggregate Annual Rental Income	
Sam's Club	\$820,245	58	%
Spec's	585,000	42	%

If these tenants were to default on their leases, future revenue of the MT Denver Property would be materially and adversely impacted.

6. Commitments and Contingencies

Litigation

The MT Denver Property may be subject to legal claims in the ordinary course of business as a property owner. The Company believes that the ultimate settlement of any potential claims will not have a material impact on the MT Denver Property's results of operations.

Environmental Matters

In connection with the ownership and operation of real estate, the MT Denver Property may be potentially liable for costs and damages related to environmental matters. The MT Denver Property has not been notified by any governmental authority of any non-compliance, liability or other claim, and the Company is not aware of any other environmental condition that it believes will have a material adverse effect on the MT Denver Property's results of operations.
