Item 5.02. Departure of Directors or Certain Officers; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Effective August 6, 2015, our Board appointed Janet M. Dillione as a director, to hold office until our 2016 annual meeting of stockholders. The appointment was made upon the request of Manchester Securities Corp., or Manchester, which partially exercised its right to appoint up to two members to our Board of Directors. Manchester holds the Board appointment rights pursuant to a letter agreement, dated March 3, 2015, between us and Manchester, which letter agreement was entered into as part of the backstop financing made available to us by Manchester in March 2015. Although appointed by Manchester, Ms. Dillione will be an independent director and will not be acting or serving as Manchester's representative on the Board.

Ms. Dillione also was appointed to the Audit, Compensation and Nominating and Governance Committees.

Pursuant to our non-employee director compensation policy, we will grant Ms. Dillione an option to purchase 50,000 shares of our common stock for joining the Board. There are no related party transactions between Ms. Dillione and our company.

Ms. Dillione has served as the Chief Executive Officer of CardiopulmonaryCorp, a leader in medical device connectivity for EMR integration, and integrated clinical applications and workflows for over 20 years, since May 2014. Previously, she was at Nuance Communications, Inc., a leading provider of voice and language solutions for businesses and consumers around the world, having joined Nuance in April 2010 as Executive Vice President & General Manager of the Healthcare Division and serving as an executive officer from May 2010 until March 2014. From June 2000 to April 2010, Ms. Dillione held several senior level management positions at Siemens Medical Solutions, a global leader in medical imaging, laboratory diagnostics, and healthcare information technology, including President and CEO of the global healthcare IT division.
