NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE A – BASIS OF PRESENTATION AND RECENTLY ISSUED ACCOUNTING PRO-NOUNCEMENTS

Interim Financial Statements

The accompanying unaudited interim condensed consolidated financial statements of CareView Communications, Inc. (“CareView” or the “Company”) have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles (“GAAP”) for complete financial statements. In the opinion of management, such financial statements include all adjustments (consisting solely of normal recurring adjustments) necessary for the fair statement of the financial information included herein in accordance with GAAP and the rules and regulations of the Securities and Exchange Commission (the “SEC”). The balance sheet at December 31, 2011 has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Results of operations for interim periods are not necessarily indicative of results for the full year. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes included in our Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2011.

Recently Issued and Newly Adopted Accounting Pronouncements

Adoption of New Accounting Standards

There have been no material changes to the Company’s significant accounting policies as summarized in Note B of the Company’s Annual Report on Form 10-K for the year ended December 31, 2011. The Company does not expect that the adoption of any recent accounting pronouncements will have a material impact on its condensed consolidated financial statements.

NOTE B – STOCKHOLDERS’ EQUITY

Warrants

The Company uses the Black-Scholes-Merton option pricing model (“Black-Scholes Model”) to determine the fair value of the warrants it issues (except the HealthCor warrants discussed more fully later in this footnote). The Black-Scholes Model is an acceptable model in accordance with the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 718-10. The Black-Scholes Model requires the use of a number of assumptions including volatility of the stock price, the weighted average risk-free interest rate, and the weighted average term of the Warrants. The fair value of the HealthCor Warrants was computed using the Lattice Model, incorporating transaction details such as the Company’s stock price, contractual terms, maturity and risk free rates, as well as assumptions about future financings, volatility, and holder behavior. Due to the anti-dilution provisions within the embedded conversion feature and that associated with the exercise price of the HealthCor Warrants, the Company determined that the Lattice Model was most appropriate for valuing these instruments.

NOTE B – STOCKHOLDERS’ EQUITY (continued)

Warrants (continued)

During the six months ended June 30, 2012, the Company issued warrants to certain unaffiliated parties for services, recording them in the accompanying condensed consolidated financial statements as follows: (i) on April 2, 2012, the Company issued a five-year Warrant to purchase 50,000 shares of the Company’s Common Stock (with a fair value of \$48,200) at an exercise price of \$1.52 per share to an entity – all of which was recorded as non-cash compensation; (ii) on May 7, 2012, the Company entered into a 12 month advisory services agreement (the “AS Agreement”) with an unrelated entity, wherein compensation was paid through the issuance of a five-year Warrant to purchase 240,000 shares of the Company’s Common Stock. Vesting of the underlying shares occurs at the rate of 20,000 shares on the monthly anniversary date of the AS Agreement as long as the AS Agreement has not been terminated. At grant date the Warrant had a fair value of \$265,200 at an exercise price of \$1.65 per share. Since the Warrants were issued to a non-employee which had specific vesting requirements, the Company follows ASC 505-50 which requires that the fair value of the Warrants be re-valued mark to market at each reporting period and record any change in the fair value of the unvested Warrants as a charge or gain to income. The Company recorded a net charge to income of \$31,176 for the three and six months ended June 30, 2012. (See NOTE K – SERVICE AGREEMENTS for further details.) and (iii) on May 31, 2012, the Company entered into an addendum to a two year sales consulting agreement with an entity, wherein a portion of the compensation was paid through the issuance of a five-year Warrant to purchase 50,000 shares of the Company’s Common Stock (with a fair value of \$52,300) at an exercise price of \$1.55 per share– \$4,358 was charged to expense and recorded as non-cash compensation and \$47,942 as prepaid costs in other assets (See NOTE K – SERVICE AGREEMENTS for further details.). The Company also amortized certain previously capitalized Warrant costs in the accompanying condensed consolidated financial statements as follows: (i) \$27,666 as distribution/service costs in network operations, (ii) \$249,353 as non-cash compensation in general and administration, and (iii) \$263,265 as interest expense.

During the six months ended June 30, 2011, the Company issued warrants to certain unaffiliated parties for services, recording them in the accompanying condensed consolidated financial statements as follows: (i) on April 21, 2011, the Company entered into a two-year consulting agreement with an individual, wherein compensation was paid through the issuance of a five-year Warrant to purchase 400,000 shares of the Company’s Common Stock (with a fair value of \$496,400) at an exercise price of \$1.40 per share – \$47,571 was charged to expense and recorded as non-cash compensation and \$448,829 as prepaid costs in other assets; and (ii) on May 31, 2011, the Company entered into a three-month consulting agreement with an individual, wherein compensation was paid through the issuance of a five-year Warrant to purchase 100,000 shares of the Company’s Common Stock (with a fair value of \$110,300) at an exercise price of \$1.59– \$36,767 was charged to expense and recorded as non-cash compensation and \$75,533 as prepaid costs in other assets and (iii) as part of a Note and Warrant Purchase Agreement entered into with HealthCor Partners Fund, LP and HealthCor Hybrid Offshore Master Fund LP, the Company issued 11,782,859 Warrants (See NOTE N – AGREEMENT WITH HEALTHCOR for further details.) The Company also amortized certain previously capitalized Warrant costs in the accompanying condensed consolidated financial statements as follows: (i) \$27,666 as distribution/service costs in network operations and (ii) \$81,375 as non-cash compensation in general and administration.

The valuation methodology used to determine the fair value of the Options issued during the year was the Black-Scholes Model, an acceptable model in accordance with ASC 718-10. The Black-Scholes Model requires the use of a number of assumptions including volatility of the stock price, the weighted average risk-free interest rate, and the weighted average expected term of the options.

NOTE B – STOCKHOLDERS’ EQUITY (continued)

Stock Options (continued)

The assumptions used in the Black-Scholes Model are set forth in the table below.

	Six Months Ended June 30, 2012	Year Ended December 31, 2011	
Risk-free interest rate	NA	0.35-1.39	%
Volatility	NA	80.85-84.78	%
Expected life	NA	3 years	
Dividend yield	NA	0.00	%

The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the expected term of the stock option and is calculated by using the average daily historical stock prices through the day preceding the grant date.

Estimated volatility is a measure of the amount by which the Company’s stock price is expected to fluctuate each year during the expected life of the award. The Company’s estimated volatility is an average of the historical volatility of peer entities whose stock prices were publicly available. The Company’s calculation of estimated volatility is based on historical stock prices of these peer entities over a period equal to the expected life of the awards. The Company uses the historical volatility of peer entities due to the lack of sufficient historical data of its stock price.

Share-based compensation expense for Options recognized in our results for the three and six months ended June 30, 2012 (\$172,650 and \$407,699, respectively) and for the three and six months ended June 30, 2011 (\$186,975 and \$370,841, respectively) is based on awards vested and the Company estimated no forfeitures. ASC 718-10 requires forfeitures to be estimated at the time of grant and revised in subsequent periods if actual forfeitures differ from the estimates.

At June 30, 2012, total unrecognized estimated compensation expense related to non-vested Options granted prior to that date was approximately \$840,000, which is expected to be recognized over a weighted-average period of 1.6 years. No tax benefit was realized due to a continued pattern of operating losses.

NOTE G – INCOME TAXES

Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company does not expect to pay any significant federal or state income tax

for 2012 as a result of the losses recorded during the six months ended June 30, 2012 as well as additional losses expected for the remainder of 2012 as well as from generating net operating loss carry forwards from prior years. Accounting standards require the consideration of a valuation allowance for deferred tax assets if it is “more likely than not” that some component or all of the benefits of deferred tax assets will not be realized. As of June 30, 2012, the Company maintains a full valuation allowance for all deferred tax assets. Based on these requirements, no

provision or benefit for income taxes has been recorded. There were no recorded unrecognized tax benefits at the end of the reporting period.

NOTE H – RELATED PARTIES

On December 31, 2009, the Company issued a Common Stock Purchase Warrant (“Warrant”) to an unrelated entity for the purchase of 449,666 shares of the Company’s Common Stock at an exercise price of \$0.55 per share. The expiration date of the Warrant was December 31, 2011. Gerald Murphy, a director of the Company, together with companies owned by Murphy (collectively known as “Murphy”), had initiated legal action against the unrelated entity regarding past due sums owed Murphy which had been collateralized by an assignment of the Warrant to Murphy. In order that legal action could be concluded and ownership of the Warrant could be determined, the Company extended the expiration date of the Warrant to June 30, 2012 (the “First Extension”). Subsequently, Mr. Murphy acquired rights to the Warrant and sought to have the First Extension extended for an additional ninety (90) day period. The Company agreed to reissue the Warrant to Murphy and to extend the expiration date as requested in exchange for Murphy surrendering his right to receive 10,000 of the shares under the Warrant. On July 2, 2012, the Warrant for the purchase of 439,666 shares was reissued to Murphy with an expiration date of September 28, 2012 and an exercise price of \$0.55 per share.

In January 2012, a related party repaid its outstanding balance of approximately \$189,000. As of March 31, 2012 and December 31, 2011, the Company was owed \$0 and approximately \$189,000 (comprised of \$86,000 from a related party for shared rental expense at the Company’s prior offices, and \$103,000 from the related party for shared expenses related to consulting services rendered by two individuals). The \$189,000 was included in other current assets in the accompanying condensed consolidated financial statements for December 31, 2011.

NOTE I – JOINT VENTURE AGREEMENT

On November 16, 2009, the Company entered into a Master Investment Agreement (the “Rockwell Agreement”) with Rockwell Holdings I, LLC, a Wisconsin limited liability (“Rockwell”). Under the terms of the Rockwell Agreement, the Company will use funds from Rockwell to fully implement the CareView System™ in Hillcrest Medical Center in Tulsa, Oklahoma (“Hillcrest”) and Saline Memorial Hospital in Benton, Arkansas (“Saline”) (the “Project Hospital(s)").

Both Rockwell and the Company own 50% of each Project LLC formed for the Project Hospitals. CareView contributed its intellectual property rights and its hospital contract with each Project Hospital. Rockwell contributed cash to be used for the purchase of equipment for the Project LLCs with 50% attributed to a promissory note bearing interest at 10% and 50% attributed to member’s equity. The Project Notes are secured by a security interest in all of the equipment in the Project Hospitals, intellectual property rights, and the Project Hospital Contract. Additionally, the Project LLCs have an obligation to pay Rockwell a Preferential Return (the amount of Rockwell’s aggregate capital contribution to the Project LLCs plus ten percent (10%) per annum, compounded annually). The Company classified this obligation as a liability since it represents an unconditional obligation by the Company to pay Rockwell’s Preferential Return on each Project LLC and is recorded in mandatorily redeemable equity in joint venture on the accompanying condensed consolidated balance sheet.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE I – JOINT VENTURE AGREEMENT (continued)

The Project LLCs were within the scope of the variable interest entities (VIE) subsection of the FASB ASC and we determined the Project LLCs are VIEs based on the fact that the total equity investment at risk was not sufficient to finance the entities activities without additional financial support. The Company consolidates the Project LLCs as it has the power to direct the activities and an obligation to absorb losses of the VIEs.

As additional consideration to Rockwell for providing the funding, the Company granted Rockwell 1,151,206 Warrants valued at \$1,124,728 (the “Project Warrants”). The Project Warrants were valued using the Black-Scholes Model on the date of the Rockwell Agreement using a term of five (5) years; volatility of 89.21%; risk free rate of 2.19%; and a dividend yield of 0%. The Warrants are classified as equity and are included in additional paid-in-capital on the accompanying condensed consolidated balance sheet. The Company allocated the proceeds to the Project Warrants and the Project Notes or Preferential Returns based on the relative fair value. The originally recorded debt discount of \$636,752 is being amortized over the life of the debt, and recorded as interest expense in other income (expense) on the accompanying condensed consolidated financial statements. Amortization expense totaled \$95,153 and \$95,432 of the six month periods ended June 30, 2012 and 2011, respectively. As any additional funding is provided, the Company will issue additional Project Warrants to Rockwell and calculate the fair value of those warrants and record them in the financial statements when they are due or issued.

One of the Company’s Project LLCs was notified by a customer of its desire to terminate its hospital agreement. This termination, effective January 27, 2012, results in the loss of monthly revenue totaling approximately \$20,000, which revenue was used to make payments on its indebtedness to the Rockwell Holdings. The Company will incur de-installation costs of approximately \$26,000 for removing its equipment from the hospital premises. As of June 30, 2012, the Company’s LLCs’ indebtedness to Rockwell Holdings totaled approximately \$905,000.

NOTE J – VARIABLE INTEREST ENTITIES

The Company consolidates VIEs, of which it is the primary beneficiary, which comprises the Project LLCs defined in NOTE I – JOINT VENTURE AGREEMENT. The liabilities recognized as a result of consolidating these VIEs do not necessarily represent additional claims on our general assets; rather, they represent claims against the specific assets of the consolidated VIEs. Conversely, assets recognized as a result of consolidating these VIEs do not represent additional assets that could be used to satisfy claims against our general assets.

NOTE K – SERVICE AGREEMENTS

Distribution Agreement

On January 9, 2010, the Company entered into a Distribution Agreement (“Agreement”) with an unrelated entity (the “Distributor”) to distribute the CareView System™ on the East Coast of the United States. In addition to selling the CareView System™, the entity will also serve as CareView’s East Coast representative to service all of the installed medical facilities in that region. In connection with the Agreement, the Company issued a five-year Common Stock Purchase Warrant (the “Warrant”) to purchase 200,000 shares of the Company’s Common Stock at an exercise price of \$0.52 per share. The Warrant has not been exercised. The Warrant was valued using the Black-Scholes Model on the date of the grant using a term five (5) years; volatility of 89.46%; risk free rate of 1.09%; and a dividend yield of 0%. The Agreement carries a three (3) year term and accordingly the Warrant, with a fair value of \$166,000, is being amortized over the life of the Agreement. For both of the six month periods ended June 30, 2012 and 2011, the Company recognized expense of \$27,666 as distribution expense in network operations. As of June 30, 2012 and December 31, 2011, the Company reported \$27,668 and \$55,334, respectively as deferred distribution cost in other assets on the accompanying condensed consolidated financial statements.

On March 1, 2012, the Company entered into a two-year Sales Consulting Agreement (“Consulting Agreement”) with an unaffiliated entity and an unaffiliated individual (collectively, the “Consultant”) wherein the prior Distribution Agreement with the Company was terminated and future services to be provided by the Consultant relative to designated hospitals would be provided pursuant to the Consulting Agreement. As consideration for cancellation of the Distribution Agreement dated January 9, 2010, the Company agreed to issue to the Consultant 50,000 shares of the Company’s Common Stock upon execution of the Consulting Agreement and an additional 50,000 shares of the Company’s Common Stock on the date of the first anniversary thereof (the “Shares”). CareView agreed to pay the Consultant a monthly consultant fee equal to the greater of (i) \$10,000 or (ii) the sum of \$250 per month per designated hospital. In addition, the Consultant is eligible to receive a commission on system products and components up-sold and installed at the designated hospitals. On May 31, 2012, the Company and the Consultant entered into a First Addendum to the Sales Consulting Agreement (the “Addendum”) under which the parties clarified the language regarding the compensation outlined in the Consulting Agreement. Accordingly, the parties agreed that the Consulting Agreement incorrectly called for the issuance to Consultant of the Shares as consideration for the cancellation of the prior Distribution Agreement and that the intent of the parties was that the consideration would call for the issuance of a Common Stock Purchase Warrant (“Warrant”) to Consultant for the purchase of 100,000 shares of the Company’s Common Stock. Accordingly, the parties agreed that the Shares would not be issued and Warrants for an aggregate of 100,000 shares would be issued to Consultant as follows: (i) one Warrant for 50,000 shares would be issued upon the signing of the Addendum with an exercise price set at the closing price of the Company’s Common Stock on the date of issuance and (ii) one Warrant for 50,000 shares would be issued upon the first anniversary date of the Consulting Agreement with an exercise price set at the closing price of the Company’s Common Stock on the date of issuance. Shares underlying the Warrants would vest immediately upon issuance of each Warrant. Accordingly, the Company issued a five-year Warrant to Consultant for 50,000 shares with an exercise price of \$1.55 per share. CareView agreed to pay the Consultant a monthly consultant fee equal to the greater of (i) \$10,000 or (ii) the sum of \$250 per month per designated hospital. The first payment due thereunder was paid on March 1, 2012 in the amount of \$10,000 and with subsequent payments due on the 20th day of each month thereafter. In addition, the Consultant is eligible to receive a commission on system products and components up-sold

and installed at the designated hospitals. Consultant will receive commissions on receipt of revenue by CareView as follows: (i) for 5-year contracts, Consultant will receive 10% in year 1, 8% in year 2, 7% in year 3, 5% in year 4 and 3% in year 5 and (ii) for 3-year contracts, Consultant will receive 6% in year 1, 4% in year 2 and 2% in year 3.

Advisory Services Agreement

On May 7, 2012, the Company entered into an Advisory Services Agreement with an unrelated entity (the “Advisor”) under which the Advisor will provide services related to micro-cap market research and investor relations. The Agreement is for a term of twelve months and may be terminated by either party upon thirty (30) days written notice. Compensation for the Advisor includes a retainer of \$5,000 per month payable in advance. In addition, the Company issued a five-year Common Stock Purchase Warrant for the purchase of 240,000 shares of the Company’s Common Stock at an exercise price of \$1.65 per share. Vesting of the underlying shares occurs at the rate of 20,000 shares on the monthly anniversary date of the Agreement so long as the Agreement has not been terminated. In the event the Agreement is terminated prior to full vesting of the underlying shares, a prorated portion of the shares will vest through the date of termination and the right to purchase the remaining underlying shares shall be canceled.

NOTE L – SUBSCRIPTION AND INVESTOR RIGHTS AGREEMENT

On August 20, 2010, in an effort to resolve all past, current and future claims due pursuant to a Subscription and Investor Rights Agreement (“Subscription Agreement”) with an entity known as T2 Consulting, LLC (“T2”), and the principals of T2, namely Tommy G. Thompson (“Thompson”), Gerald L. Murphy (“Murphy”), and Dennis Langley (“Langley”), the Company entered into a Revocation and Substitution Agreement with T2, Thompson, Murphy and Langley (the “Agreement”). In exchange for the revocation of the Subscription Agreement by T2, Thompson, Murphy and Langley, the Company agreed to issue to each of Thompson, Murphy, and Langley a five-year Common Stock Purchase Warrant (“Warrant”) to purchase 1,000,000 shares of the Company’s Common Stock at an exercise price of \$1.00 per share. The Warrants were valued on the date of the grant using their five (5) year term; volatility of 94.12%; risk free rate of 1.47%; and a dividend yield of 0%. The valuation methodology used to determine the fair value of the Warrants issued was the Black-Scholes Model, and accordingly calculated a fair value of \$4,080,000 and reported as contract modification expense in general and administration during the year ended December 31, 2010. The Company’s Board of Directors believes the Agreement is in the best interest of all the shareholders of the Company and has determined that it is not necessary to obtain a ‘fairness’ opinion from an independent third-party.

As additional consideration for the revocation of the Subscription Agreement, the Company executed an Agreement Regarding Gross Income Interest (the “GII Agreement”) with each of Thompson, Murphy and Langley dated August 20, 2010. The GII Agreement does not have a termination date; however it does provide that the Company has the right to acquire the GII of Thompson, Murphy and Langley from September 1, 2013 until December 31, 2015, and that Thompson, Murphy and Langley each have the right to require that their respective GII be purchased by the Company any time from September 1, 2011 until December 31, 2015. At June 30, 2012, based on actual revenue, the Company recorded a liability

NOTE L – SUBSCRIPTION AND INVESTOR RIGHTS AGREEMENT (continued)

for the GII owner's put of approximately \$20,000 (the estimated fair value of the GII owner's put). This liability is analyzed and updated quarterly, based on actual revenues. In an additional term in the GII Agreement with Langley, the Company agreed that an affiliate of Langley shall be granted a distribution and sales agreement for the Company's products for government entities in the U.S. including, but not limited to, HHS, VA, DOD and state and local governments. Terms of the distribution agreement will be negotiated at a future date.

NOTE M – AGREEMENT WITH HMA

On March 8, 2011, the Company entered into a Master Agreement with Hospital Management Associates, Inc., a Delaware corporation ("HMA"). Terms of the Master Agreement provide for (i) HMA to use the CareView System in each of its 66 hospitals across the U.S. through the execution of a separate Hospital Agreement for each location and (ii) CareView to provide the Primary Package and preferential pricing in exchange for the volume provided by HMA. As of June 30, 2012, the Company has 3,718 installations in 51 HMA hospitals resulting in revenue of approximately \$684,000 for the six months ended June 30, 2012.

NOTE N – AGREEMENT WITH HEALTHCOR

On April 21, 2011, the Company entered into and closed a Note and Warrant Purchase Agreement (the "Purchase Agreement") with HealthCor Partners Fund, LP and HealthCor Hybrid Offshore Master Fund, LP (the "Investors"). Pursuant to the Purchase Agreement, the Company sold Senior Secured Convertible Notes to the Investors in the principal amount of \$9,316,000 and \$10,684,000, respectively (collectively the "Convertible Debt"). As of June 30, 2012, the underlying shares of the Company's common stock related to the Convertible Debt totaled approximately 18,531,000 (after applying the PIK for the period from April 21, 2011 through June 30, 2012). The Notes have a maturity date of April 20, 2021. Along with the Convertible Debt, the Company issued Common Stock purchase warrants (the "HealthCor Warrants"). Due to certain anti-dilution provisions associated with both the conversion feature of the Convertible Debt and the exercise price of the HealthCor Warrants, both instruments required liability treatment on the consolidated balance sheet under ASC 815-10. The full fair value of the derivatives related to the embedded conversion feature of the Convertible Debt and the HealthCor Warrants was recorded as long-term liability in the amount of \$33,461,512 at the time of issuance. This transaction resulted in a discount of \$20,000,000 on the Convertible Debt and the excess of the fair value of the derivatives over the discount recorded totaling \$13,461,512 was recorded as non-cash expense in other expense at the time of issuance. The fair value of these derivative liabilities was computed using a Monte Carlo simulation embedded in the Binomial Lattice option pricing model (the "Lattice Model"). Due to the complexities provided by the anti-dilution provisions within the embedded conversion feature and that associated with the exercise price of the HealthCor Warrants, the Company determined that the Lattice Model was most appropriate for valuing these instruments. The Lattice Model relies on multiple inputs, using multiple stock price paths and incorporates several Level 1 inputs such as the Company's stock price and risk free rates based on the U.S Treasury strip note yield curve at the valuation date. The model also took into consideration that that future financings, especially those that would invoke the anti-dilution provision, would be remote due to the Company's liquidity at the time of issuance. The model also assumed a dilutive event would occur approximately one year from the date of issuance as the anti-dilution provision gives the greatest benefit to the note holders in the first year. Lastly, the volatility rate at the valuation dates was 55% and the overall probability of a dilutive event occurrence was assigned a

NOTE N – AGREEMENT WITH HEALTHCOR (continued)

5% chance based on the Company's liquidity at the time of issuance and valuation.

Between the date of issuance, April 21, 2011, and December 29, 2011, the Company re-measured the fair values of all of its derivative liabilities and recorded an aggregate decrease of \$10,495,147 in their fair value, resulting in a net charge to other expense of \$2,966,365 related to the derivative liabilities.

On December 30, 2011, the Convertible Debt and HealthCor Warrants were amended to remove the anti-dilution provisions which triggered liability classification and re-measurement of fair value each reporting period under derivative accounting. Accordingly, at December 30, 2011, the balance in the liability accounts totaling \$22,966,365 was reclassified into stockholders' equity.

On January 9, 2012, the Company entered into a Binding Term Sheet with HealthCor Partners Management, L.P., on behalf of certain affiliated funds (collectively, "HCP") regarding the issuance by the Company to HCP of a \$5,000,000 Senior Convertible Note(s) (the "New Senior Convertible Note(s)"). To that end, on January 31, 2012, the Company and the Investors entered into the Second Amendment to Note and Warrant Purchase Agreement ("Second Amendment") amending the Purchase Agreement, and issued the New Senior Convertible Notes to the Investors, each as described below.

The Second Amendment provided that, following the Issue Date, the Company was permitted to sell, on the same terms and conditions as those contained in the Purchase Agreement (as amended from time to time), up to \$5,000,000 in New Senior Convertible Notes to the Investors. The Second Amendment provided that the New Senior Convertible Notes shall be included within the definition of "Notes" and "Closing Securities" under the Purchase Agreement, and any shares of Common Stock issuable upon conversion of the New Senior Convertible Notes shall be included within the definition of "Note Shares" under the Purchase Agreement.

Concurrently with the execution of the Second Amendment, the Company issued and sold New Senior Secured Convertible Notes to each of HealthCor Partners and HealthCor Hybrid in the principal amounts of \$2,329,000 and \$2,671,000, respectively. As provided by the Second Amendment, the New Senior Convertible Notes are in substantially the same form as the 2011 HealthCor Notes, with changes to the "Issuance Date," "Maturity Date," "First Five Year Note Period" and other terms to take into account the timing of the issuance of the New Senior Convertible Notes. The New Senior Convertible Notes have a maturity date ten (10) years from the date of issuance. The New Senior Convertible Notes will bear interest accordingly:

- (a) During years 1-5, interest will be payable (on a cumulative basis) by the issuance of additional convertible debt (a "PIK") with the same terms as New Senior Convertible Notes, at an interest rate of 12.5%, compounded quarterly.
- (b) During years 6-10, interest may be paid in cash or as a consideration on the cumulative PIK (at the Company's option), at an annual interest rate of 10.0%, compounded quarterly.
- (c) Interest shall be calculated and payable on a quarterly basis in arrears.
- (d) Notwithstanding the foregoing, during the existence of an event of default, the then applicable interest rate will be increased by 5%.

NOTE N – AGREEMENT WITH HEALTHCOR (continued)

In addition, the provisions regarding interest acceleration, optional conversion, negative covenants, and events of default, preemptive rights and registration rights will be the same as those of the 2011 HealthCor Notes.

The Company will use the proceeds from the sale of the New Senior Secured Convertible Notes (i) to recruit and employ executives and sales personnel with experience in the healthcare/hospital space to establish contracts and pilot programs with hospitals, (ii) to expand its intellectual property portfolio, and (iii) for general working capital purposes.

In conjunction with the execution of the Second Amendment, the Company and its subsidiaries entered into a First Amendment to Loan and Security Agreement with Comerica Bank, as collateral agent and lender, and Bridge Bank, as lender (the “Loan Amendment”), amending the Loan and Security Agreement dated as of August 31, 2011, among the same parties (the “Loan and Security Agreement”). The Loan Amendment effected a change to the definition of “HealthCor Debt” under the Loan and Security Agreement, which is a component of “Permitted Indebtedness” under that agreement, in order to permit the issuance of the New Senior Convertible Notes. Also in connection with the Second Amendment, the Subordination Agreement between Comerica Bank and the Investors was amended to permit the sale and issue of the New Senior Convertible Notes.

At the time of the issuance of the New Senior Secured Convertible Notes to each of HealthCor Partners and HealthCor Hybrid the underlying shares of the Company’s Common Stock totaled approximately 4,000,000. As of June 30, 2012, the underlying shares of the Company’s Common Stock totaled approximately 4,210,000 (after applying the PIK for the period from January 9, 2012 through June 30, 2012).

At any time or times on or after April 21, 2011, the Investors are entitled to convert any portion of the outstanding and unpaid accrued interest on and principal balances of the Notes into fully paid and non-assessable shares of Common Stock at a conversion rate of \$1.25 per share. As part of the agreement (s) with the Investors, the Company accrues and capitalizes interest as payment in kind into the existing note(s) payable.

When issuing debt or equity securities convertible into common stock at a discount to the fair value of the common stock at the date the debt or equity financing is committed, a company is required to record a beneficial conversion feature (“BCF”) charge in accordance with ASC 470-20. The Company had two separate issuances of equity securities convertible into common stock that qualify under this accounting treatment, (i) the Senior Convertible Notes and (ii) the New Senior Convertible Notes. Because the Senior Convertible Notes were originally classified as a liability when issued and reclassified to equity on December 31, 2011, only the accrued interest capitalized as payment in kind since issuance qualifies under this accounting treatment. The full amount of the New Senior Convertible Notes and all accrued payment in kind interest also qualifies for this accounting treatment. At June 30, 2012, the Company recorded a BCF of \$2,392,223 based on the difference between the contractual conversion rate and the current fair value of the Company’s Common Shares at original issuance date. The transaction was recorded as a charge to debt discount and the credit to additional paid in capital, with the debt discount ratably amortized to interest expense over the expected term of the notes (through April 2021 for the Senior Convertible Notes and through January 2022 for the New Senior Convertible Notes). To that end, the Company recorded an aggregate of \$123,079 and \$196,785 in interest expense for the three and six

months ended June 30, 2012, respectively. The carrying value of the debt with HealthCor at June 30, 2012 approximates fair value as the interest rates used are those currently available to the Company and would be considered level 3 inputs under the fair value hierarchy.

NOTE O – LOAN AND SECURITY AGREEMENT WITH COMERICA BANK AND BRIDGE BANK

On August 31, 2011, the Company entered into and closed a Loan and Security Agreement (the “Agreement” or the “Revolving Line”) with Comerica Bank (“Comerica”) and Bridge Bank, National Association (“Bridge Bank”) (collectively the “Banks”) providing for a two-year, \$20 million revolving line of credit. The Revolving Line will provide the Company with capital, inter alia, to purchase equipment and perform installations pursuant to newly signed contracts that the Company may execute in the future with certain healthcare providers. The borrowings under the Agreement will bear interest on the outstanding daily balance of the advances at the rate of 3.75% plus the Prime Referenced Rate, which is a rate equal to Comerica’s prime rate but no less than the sum of 30-day LIBOR rate plus 2.5% per annum. Interest shall be paid monthly in arrears on any outstanding principal amount. The interest rate was calculated to be 7% per annum at June 30, 2012. Through March 31, 2012, the Company did not borrow any funds under the Revolving Line. At June 30, 2012, the entire \$20,000,000 Revolving Line was available to the Company.

So long as no event of default has occurred and is continuing and subject to and upon the terms and conditions of the Agreement, and provided that the Company has delivered evidence to the reasonable satisfaction of the Banks of a signed contract for a new customer or the expansion of a contract with an existing customer for the addition of hospital sites and or hospital beds, the Company may request, and the Banks have agreed to make Advances in an aggregate outstanding amount not to exceed the lesser of (i) the \$20 million revolving line limit or (ii) the Borrowing Base. As defined in the Agreement “Advances” means cash advances under the Revolving Line and “Borrowing Base” generally means an amount equal to eighty percent (80%) of Eligible Accounts. As defined in the Agreement, “Eligible Accounts” generally means those accounts that (x) arise in the ordinary course of the Company’s business; (y) arise from the future, rolling twelve (12) months due to sales of subscriptions to individual hospitals or hospital groups which are associated with (i) existing subscription services that are under contract and have at least twelve (12) months of life left on the contract at the time of inclusion of such account in the Borrowing Base; and (ii) newly executed contracts that have a minimum length of at least four (4) years; and (z) comply with certain Company representations and warranties to the Banks set forth in the Agreement that relate to Eligible Accounts. Subject to the terms and conditions of the Agreement, amounts borrowed may be repaid and re-borrowed at any time prior to the Revolving Maturity Date, (the earlier of (i) two (2) years after the initial Advance or (ii) June 14, 2014), at which time all Advances shall be immediately due and payable. Except as set forth in the Prime Referenced Rated Addendum to the Agreement, the Company may prepay any Advances without penalty or premium. The Company shall use the proceeds of the Advances for the purchase of machinery, equipment, tenant improvements, furniture, fixtures, vehicles, tools, parts and attachments and/or installation costs associated with the installation of a new or expanded customer subscription services contract.

NOTE O – LOAN AND SECURITY AGREEMENT WITH COMERICA BANK AND BRIDGE BANK (continued)

The Agreement requires the Company to pay a quarterly unused facility fee equal to one quarter of one percent (0.25%) per annum of the difference between the amount of the Revolving Line and the average outstanding principal balance of the Revolving Line during the applicable quarter. The Agreement requires CareView to maintain its primary operating accounts with Comerica and Bridge Bank on a 50:50 basis, with no less than 80% of CareView's investment accounts with the Banks or their affiliates, unless CareView's cash falls below \$5 million, in which case it must maintain all its cash with the Banks. The Agreement also requires CareView to maintain a fixed charge coverage ratio of at least 5.01 to 1.00. The credit facility also contains certain customary affirmative covenants that include, among others, payment of taxes and other obligations, maintenance of insurance and reporting requirements, as well as customary negative covenants that limit, among other things, the Company's ability to make dispositions and acquisitions, be acquired, incur debt or pay dividends.

The credit facility contains customary events of default including, among other things, non-payment, inaccurate representations and warranties, violation of covenants, events that constitute a material adverse effect and cross-defaults to other indebtedness. Upon an occurrence of an event of default, the Company shall pay interest on the outstanding principal balance of five percent (5%) above the otherwise applicable interest rate, and the Banks may accelerate the loan.

Pursuant to and in connection with the Agreement, the Company granted the Banks a security interest in all of its assets, including its intellectual property pursuant to an Intellectual Property Security Agreement, and pledged its ownership interests in its subsidiaries and certain joint ventures. Pursuant to and in connection with the Agreement, the Company has entered into a Subordination Agreement with its existing convertible note holders, HealthCor Partners Fund, L.P. and HealthCor Hybrid Offshore Master Fund, L.P.

Also, in connection with the Revolving Line, the Company issued Warrants to the Banks to purchase an aggregate of 1,428,572 shares of the Company's Common Stock. The Warrants have an exercise price of \$1.40 per share and expire on August 31, 2018. The fair value of the Warrants at issuance was \$1,535,714 and has been recorded as deferred financing costs. The deferred financing costs are amortized to interest expense over the term of the revolving line using the straight-line method. For the three and six months ended June 30, 2012, \$131,632 and \$263,265 was amortized to interest expense. The Warrants have not been exercised as of June 30, 2012.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

General

The following discussion and analysis provides information which management of the Company believes to be relevant to an assessment and understanding of the Company's results of operations and financial condition. This discussion should be read together with the Company's financial statements and the notes to the financial statements, which are included in this report. This information should also be read in conjunction with the information contained (i) in our Form 10-K filed with the Securities and Exchange Commission (the "Commission") on March 15, 2012, including the audited consolidated financial statements and notes included therein as of and for the year ended December 31, 2011. The reported results will not necessarily reflect future results of operations or financial condition.

Throughout this Quarterly Report on Form 10-Q (the "Report"), the terms "we," "us," "our," "CareView," or "our Company" refers to CareView Communications, Inc., a Nevada corporation, and unless otherwise specified, includes our wholly owned subsidiaries, CareView Communications, Inc., a Texas corporation ("CareView-TX") and CareView Operations, LLC, a Nevada limited liability company ("CareView Operations") (collectively known as the "Company's Subsidiaries") and its LLCs, CareView-Hillcrest and CareView-Saline, determined to be variable interest entities ("VIEs") in which the Company exercises control and is deemed the Primary Beneficiary (collectively known as the "Company's LLCs").

The Company maintains a website at www.care-view.com. The Company's Common Stock trades on the OTCBB under the symbol "CRVW."

Overview

CareView was incorporated in the State of California in July 1997 under the name Purpose, Inc., changing its name to Ecogate, Inc. in April 1999. In October 2007, the Company changed its name to CareView Communications, Inc. and in November 2007, the Company changed its state of incorporation to Nevada.

The Company developed a suite of products and hardware to help connect patients, families and health care providers through one easy-to-install and simple-to-use system (the "CareView System™"). The CareView System™ runs on each hospital's coaxial cable television network that provides television signals to a patient room; consequently, CareView's network does not need to run on or through the hospital's specific IT infrastructure, thereby requiring minimal Internet technology involvement on the part of the hospital. The Company's proprietary, high-speed data network system may be deployed throughout a healthcare facility and will provide the facility with recurring revenue and infrastructure for future applications. Real-time bedside and point-of-care video monitoring and recording improve efficiency while limiting liability, and entertainment packages and patient education enhance the patient's quality of stay. There is no capital expenditure by a subscribing hospital as CareView provides all hardware and installation of the CareView System™ in each room at no charge. Fees paid to CareView by each hospital consists of monthly service fees for each system installed (one per bed) and an additional rate for each nursing station monitor. Additional shared revenue generated from entertainment services (MovieView®, NetView®, PatientView®, and BabyView®) purchased directly by patient consumers, are split between the hospital and CareView per the terms of each contract. CareView is dedicated to working with all types of hospitals, nursing homes, adult living centers and selected outpatient care facilities domestically and internationally.

Amendment Agreement and New Secured Convertible Notes with HealthCor

On April 21, 2011, the Company entered into and closed a Note and Warrant Purchase Agreement (the “Purchase Agreement”) with HealthCor Partners Fund, LP and HealthCor Hybrid Offshore Master Fund, LP (the “Investors”). Pursuant to the Purchase Agreement, the Company sold Senior Secured Convertible Notes to the Investors in the principal amount of \$9,316,000 and \$10,684,000, respectively (collectively the “Notes”). The Notes have a maturity date of April 20, 2021.

On December 30, 2011, the Company and the Investors entered into a Note and Warrant Amendment Agreement (“Amendment Agreement”) agreeing to (a) amend the Purchase Agreement pursuant to Section 7.9 thereof, in order to modify the Investors’ right to restrict certain equity issuances as set forth therein; and (b) amend the HealthCor Notes and the HealthCor Warrants, pursuant to Section 11 of the HealthCor Notes and Section 21 of the HealthCor Warrants, in order to eliminate certain anti-dilution provisions contained therein. The accounting treatment resulting from the elimination of the anti-dilution provision reclassified approximately \$23,000,000 in related long-term liabilities to stockholders’ equity; however, this does not affect the accounting for debt discount which will remain and continue to be amortized to interest expense.

On January 9, 2012, the Company entered into a Binding Term Sheet with HealthCor Partners Management, L.P., on behalf of certain affiliated funds (collectively, “HCP”) regarding the issuance by the Company to HCP of a \$5,000,000 Senior Convertible Note(s) (the “New Senior Convertible Note(s)"). To that end, on January 31, 2012, the Company and the Investors entered into the Second Amendment to Note and Warrant Purchase Agreement (“Second Amendment”) amending the Purchase Agreement, and issued the New Senior Convertible Notes to the Investors.

The Second Amendment provided that, following the Issue Date, the Company was permitted to sell, on the same terms and conditions as those contained in the Purchase Agreement (as amended from time to time), up to \$5,000,000 in New Senior Convertible Notes to the Investors. The Second Amendment provided that the New Senior Convertible Notes shall be included within the definition of “Notes” and “Closing Securities” under the Purchase Agreement, and any shares of Common Stock issuable upon conversion of the New Senior Convertible Notes shall be included within the definition of “Note Shares” under the Purchase Agreement. Concurrently with the execution of the Second Amendment, the Company issued and sold New Senior Secured Convertible Notes to each of HealthCor Partners and HealthCor Hybrid in the principal amounts of \$2,329,000 and \$2,671,000, respectively. For more details, see Note N – AGREEMENT WITH HEALTHCOR, set forth in the Notes to Condensed Consolidated Financial Statements contained in Part I, Item 1 of this Report.

Sales Consulting Agreement

On March 1, 2012, the Company entered into a two-year Sales Consulting Agreement (“Consulting Agreement”) with an entity and an individual (collectively, the “Consultant”) wherein the prior Distribution Agreement between the Company and the Consultant was terminated and future services to be provided by the Consultant relative to designated hospitals would be provided pursuant to the Consulting Agreement. As consideration for cancellation of the Distribution Agreement dated January 9, 2010, the Company agreed to issue to the Consultant 50,000 shares of the Company’s Common Stock upon execution of the Consulting Agreement and an additional 50,000 shares of the Company’s Common Stock on the date of the first anniversary thereof (the “Shares”). The Company agreed to pay the Consultant a monthly consultant fee equal to the greater of (i) \$10,000 or (ii) the sum of \$250 per month per designated hospital. In addition, the Consultant is eligible to receive a commission on system products and components up-sold and installed at the designated hospitals. On May 31, 2012, the Company and the Consultant entered into a First Addendum to the Sales Consulting Agreement (the “Addendum”) under which the parties clarified the language regarding the compensation outlined in the Consulting Agreement. Accordingly, the parties agreed that the Consulting Agreement incorrectly called for the issuance to Consultant of the Shares as consideration for the

cancellation of the prior Distribution Agreement and that the intent of the parties was that the consideration would call for the issuance of a

Common Stock Purchase Warrant (“Warrant”) to Consultant for the purchase of 100,000 shares of the Company’s Common Stock. Accordingly, the parties agreed that the Shares would not be issued and Warrants for an aggregate of 100,000 shares would be issued to Consultant as follows: (i) one Warrant for 50,000 shares would be issued upon the signing of the Addendum with an exercise price set at the closing price of the Company’s Common Stock on the date of issuance and (ii) one Warrant for 50,000 shares would be issued upon the first anniversary date of the Consulting Agreement with an exercise price set at the closing price of the Company’s Common Stock on the date of issuance. Shares underlying the Warrants would vest immediately upon issuance of each Warrant. Accordingly, the Company issued a five-year Warrant to Consultant for 50,000 shares with an exercise price of \$1.55 per share. For more details, see Note K – SERVICE AGREEMENTS, set forth in the Notes to Condensed Financial Statements contained in Part I, Item 1 of this Report.

Advisory Services Agreement

On May 7, 2012, the Company entered into an Advisory Services Agreement (the “Agreement”) with an unrelated entity (the “Advisor”) under which the Advisor will provide services related to micro-cap market research and investor relations. The Agreement is for a term of twelve months and may be terminated by either party upon thirty (30) days written notice. Compensation includes a retainer of \$5,000 per month payable in advance. In addition, the Company issued a five-year Common Stock Purchase Warrant for the purchase of 240,000 shares of the Company’s Common Stock at an exercise price of \$1.65 per share. Vesting of the underlying shares occurs at the rate of 20,000 shares on the monthly anniversary date of the Agreement so long as the Agreement has not been terminated. In the event the Agreement is terminated prior to full vesting of the underlying shares, a prorated portion of the shares will vest through the date of termination and the right to purchase the remaining underlying shares shall be canceled.

Transfer and Extension of Warrant

On December 31, 2009, the Company issued a Common Stock Purchase Warrant (“Warrant”) to an unaffiliated entity for the purchase of 449,666 shares of the Company’s Common Stock at an exercise price of \$0.55 per share. The expiration date of the Warrant was December 31, 2011. Gerald Murphy, a director of the Company, together with companies owned by Murphy (collectively known as “Murphy”), had initiated legal action against the entity regarding past due sums owed Murphy which had been collateralized by an assignment of the Warrant to Murphy. In order that legal action could be concluded and ownership of the Warrant could be determined, the Company extended the expiration date of the Warrant to June 30, 2012 (the “First Extension”). Subsequently, Mr. Murphy acquired rights to the Warrant and sought to have the First Extension extended for an additional ninety (90) day period. The Company agreed to reissue the Warrant to Murphy and to extend the expiration date as requested in exchange for Murphy surrendering his right to receive 10,000 of the shares under the Warrant. On July 2, 2012, the Warrant for the purchase of 439,666 shares was reissued to Murphy with an expiration date of September 28, 2012 and an exercise price of \$0.55 per share.

Cancellation of Options

During the six months ended June 30, 2012, Options to purchase an aggregate of 310,305 shares were cancelled due to resignation and termination of seven (7) employees.

Hospital Agreement and Pilot Update

At June 30, 2012, the Company had approximately 5,325 Room Control Platforms deployed with the majority currently billable under one of seven hospital agreements. The Company's current hospital agreements, excluding the 65 HMA hospitals and all pilot agreements, cover six (6) hospitals with a total of 464 beds deployed as of June 30, 2012. The HMA hospital agreement currently represents 9,500 beds of which nearly half are deployed and are in

various phases of training and billing cycles.

25

As previously reported, the Company installed its CareView System™ for a six-month trial basis in approximately 600 beds in three hospitals owned by IASIS Healthcare. The Company anticipates the trial to successfully conclude at the end of August 2012 leading to the opportunity to contract with Iasis for approximately 4,376 beds.

In February 2012, the Company filed an application with the General Services Administration to become a preferred service provider to the Veteran's Hospital Administration ("VA") and Department of Defense ("DOD") hospitals. The Company anticipates that it will receive positive confirmation of GSA acceptance by the end of August 2012 leading to the opportunity to contract with VA and DOD hospitals for an aggregate of approximately 40,000 beds.

The Company recently extended proposals to five (5) additional hospitals potentially leading to the opportunity to install and provide patient services for approximately 9,700 hospital beds.

Revenue

The increase in revenue of \$361,000 for the three months ended June 30, 2012 as compared to the three months ended June 30, 2011, was primarily a result of the Company's entry into a Master Agreement with Hospital Management Associates, Inc. (HMA) in March 2011. Revenue for the period ended June 30, 2011 was negatively impacted by a \$33,000 write-off for Saint Joseph Hospital. Billable hospitals increased to 49 for the three months ended June 30, 2012 as compared to four (4) for the comparable period for the prior year. Of the 49 billable hospitals for the period ended June 30, 2012, HMA hospitals contributed to 45 of the total. Billable units, Room Control Platforms and Nurse Stations, increased to 3,441 (3,418 and 23, respectively) as compared to 636 (625 and 11, respectively) for the same comparable period of the prior year.

Operating Expenses

CareView's principal operating costs include the following items as a percentage of total operating expense.

	Three Months Ended			
	June 30,			
	2012		2011	
	44	%	41	%

Human resource costs, including non-cash compensation

Depreciation and amortization expense	18	%	18	%
Product deployment costs	5	%	4	%
Travel	8	%	6	%
Other	15	%	12	%

Operating expenses increased by 36% as a result of the following items:

	(000's)
Increase in human resource costs	\$ 367
Increase in non-cash compensation (options and warrants)	47
Decrease in professional and consulting	(136)
Increase in depreciation	134
Increase in installation and deployment costs	63
Increase in travel	119
Increase in marketing costs	75
Increase in all other, net	132
	\$ 801

The increase in human resource related costs (including salaries and benefits) was primarily due to an increase of 16 employees as compared to the comparable prior year period. The Company had 50 full time employees at June 30, 2012, with 13 of the additions related to customer sales and support.

Non-cash compensation expense increased slightly as a result additional cost related to the fair value of warrants issued for services partially offset by the valuation of outstanding employee stock options for the comparable periods.

Professional and consulting fees decreased primarily due as a result of a \$153,000 decrease in legal expense primarily related to the 2011 costs of the initial funding from HealthCor.

The increase in depreciation expense was directly related to the increase in deployable assets.

Higher installation and deployment costs were primarily associated with the significant increase of distribution activity for the Company's equipment and the related costs involved with the ongoing support of customer sites as well repair and maintenance of existing on site equipment.

The increase in travel and marketing expense was a direct result of increased activity associated with sales, installation, and training efforts related to growing our installed base.

Other Expense, net

Other non-operating expense increased by \$772,000 for the three months ended June 30, 2012 in comparison to the same period in 2011 due to increases in the amortization of debt discount totaling \$88,000 and interest expense totaling \$687,000 primarily related to the HealthCor funding transaction.

Net Loss Attributable to Noncontrolling Interest

As a result of the factors above and after applying the \$46,000 net loss attributed to noncontrolling interests, CareView's second quarter 2012 net loss of \$4,458,000 decreased \$11,044,000 (71%) over the \$15,502,000 net loss for the second quarter of 2011.

Increase in all other, net	189
	\$ 2,783

The increase in human resource related costs (including salaries and benefits) was primarily due to the increase of 16 employees as compared to the comparable prior year period. The Company had 50 employees at June 30, 2012, with most of the additions related to customer sales and support.

Non-cash compensation expense increased as a result additional cost related to the fair value of warrants issued for services and the valuation of outstanding employee stock options for the comparable periods.

Professional and consulting fees increase of \$356,000 was primarily a result of: (i) \$156,000 related to sales and marketing, (ii) \$100,000 related to cost associated with being a public company and administrative support, and (iii) \$100,000 related to a consulting/settlement agreement with the previous CFO.

The increase in depreciation expense was directly related to the increase in deployable assets.

Higher installation and deployment, property tax, product and technical support costs were primarily associated with the significant increase of distribution activity for the Company's equipment and the related costs involved with the ongoing support of customer sites as well repair and maintenance of existing on site equipment.

The increase in travel expense was a direct result of increased activity associated with sales, installation, and training efforts related to growing our installed base, as well as continued support of existing customers.

Other Expense, net

Other non-operating expense increased by \$2,514,000 for the six months ended June 30, 2012 in comparison to the same period in 2011 due to increases in the amortization of debt discount totaling \$794,000 and interest expense totaling \$1,720,000 primarily related to the HealthCor funding transaction.

Net Loss Attributable to Noncontrolling Interest

As a result of the factors above and after applying the \$84,000 net loss attributed to noncontrolling interests, CareView's second quarter 2012 net loss of \$9,215,000 decreased \$7,608,000 (45%) over the \$16,823,000 net loss for the second quarter of 2011.

Liquidity and Capital Resources

We began the operation of our current business plan in 2003 and have not yet attained a level of revenue to allow us to meet our current overhead. Based on our current marketing plan and expected sales demand, we do not contemplate attaining profitable operations until the late fourth quarter of 2012, nor is there any assurance that such an operating level can ever be achieved. We may be dependent upon obtaining additional financing in order to adequately fund working capital, infrastructure, manufacturing expenses and significant marketing/investor related expenditures to gain market recognition, so that we can achieve a level of revenue adequate to support our cost structure, none of which can be assured. Management believes that through the combination of the HealthCor financings in the aggregate of \$25 million and the \$20 million Revolving Line (at June 30, 2012, no amounts were outstanding), it will have sufficient financial resources to fund its operations for the next six (6) months. For more details related to the HealthCor and Comerica transactions see Agreement with HealthCor and Agreement with Comerica Bank and Bridge Bank National Association, as further described in the Notes to Condensed Consolidated Financial Statements, Note N and O respectively.

As of June 30, 2012, CareView's working capital was \$7.9 million with \$8.3 million cash on hand, our accumulated deficit was \$56.0 million and our stockholders' equity was \$9.8 million. Net cash used for operations and capital expenditures were \$5.2 million for the six months ended June 30, 2012.

Critical Accounting Estimates

Please refer to the Company's Annual Report on Form 10-K filed with the SEC on March 15, 2012 for detailed explanations of its critical accounting estimates, which have not changed significantly during the period ended June 30, 2012.

New Accounting Pronouncements

There have been no material changes to the Company's significant accounting policies as summarized in Note B of the Company's Annual Report on Form 10-K for the year ended December 31, 2011. The Company does not expect that the adoption of any recent accounting pronouncements will have a material impact on its condensed consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

On August 31, 2011, the Company entered into and closed a Loan and Security Agreement (the "Agreement" or the "Revolving Line") with Comerica Bank ("Comerica") and Bridge Bank, National Association ("Bridge Bank") (collectively the "Banks") providing for a two-year, \$20 million revolving line of credit. The Revolving Line will provide the Company with capital, inter alia, to purchase equipment and perform installations pursuant to newly signed contracts that the Company may execute in the future with certain healthcare providers. The borrowings under the Agreement will bear interest on the outstanding daily balance of the advances at the rate of 3.75% plus the Prime Referenced Rate, which is a rate equal to Comerica's prime rate but no less than the sum of 30-day LIBOR rate plus 2.5% per annum. Interest shall be paid monthly in arrears on any outstanding principal amount. Should the prime rate or LIBOR change significantly during the term of this Revolving Line, depending on the direction of the change, this could have a positive or negative impact on the Company's cash flow.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports filed or submitted under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized and reported, within the time period specified in the SEC's rules and forms and is accumulated and communicated to the Company's management, as appropriate, in order to allow timely decisions in connection with required disclosure.

Evaluation of Disclosure Controls and Procedures

Pursuant to Rule 13a-15(b) under the Securities Exchange Act of 1934 ("Exchange Act"), the Company carried out an evaluation, with the participation of the Company's management, including Samuel A. Greco, the Company's Chief Executive Officer ("CEO") and Anthony P. Piccin, the Company's Chief Financial Officer ("CFO") (the Company's principal financial and accounting officer), of the effectiveness of the Company's disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report.

Based upon that evaluation, the Company's CEO and CFO concluded that the Company's disclosure controls and procedures were effective as of June 30, 2012 to ensure that information required to be disclosed by the Company in the reports that the Company files or submits under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including the Company's CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Controls

During the three months ended June 30, 2012, there were no changes in our internal control over financial reporting that occurred during the second quarter of 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

None.

Item 1A. Risk Factors.

CareView Communication's significant business risks are described in Part 1, Item 1A in our Form 10-K for year ended December 31, 2011 filed with the Commission on March 15, 2012, to which reference is made herein. Management does not believe that there have been any significant changes in the Company's risk factors since that filing.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Issuance of Warrants

On April 2, 2012, the Company issued a Warrant to purchase 50,000 shares of the Company's Common Stock to an entity as compensation for services rendered. The five-year Warrant has an exercise price of \$1.52 per share and includes a cashless exercise provision.

On May 7, 2012, in conjunction with compensation for services rendered pursuant to an advisory services agreement, the Company issued a five-year Warrant for the purchase of 240,000 shares of the Company's Common Stock at an exercise price of \$1.65 per share. Vesting of the underlying shares will occur at the rate of 20,000 shares on the monthly anniversary date of the Agreement so long as the Agreement has not been terminated. In the event the Agreement is terminated prior to full vesting of the underlying shares, a prorated portion of the shares will vest through the date of termination and the right to purchase the remaining underlying shares shall be canceled.

On May 31, 2012, in conjunction with the previously mentioned addendum to a sales consulting agreement, the Company paid partial compensation for services rendered through the issuance of a five-year Warrant for the purchase of 50,000 shares of the Company's Common Stock. The Warrant has an exercise price of \$1.55 per share and all shares vested immediately upon issuance.

On July 2, 2012, in conjunction with the previously mentioned Warrant acquired by Gerald Murphy, a director of the Company, the Company reissued a Warrant for the purchase of 439,666 shares of the Company's Common Stock at an exercise price of \$0.55 per share with an expiration date of September 28, 2012.

The above-mentioned Warrants were issued by the Company in reliance upon the exemption from registration available under Section 4(2) of the Securities Act. All certificates representing the securities issued upon exercise of the Warrants will have a legend imprinted on them stating that the shares have not been registered under the Securities Act and cannot be transferred until properly registered under the Securities Act or an applicable exemption.
