Distribution Policy

November 30, 2018

Boulder Growth & Income Fund, Inc. (the “Fund”), acting pursuant to a Securities and Exchange Commission exemptive order and with the approval of the Fund’s Board of Directors (the “Board”), has adopted a plan, consistent with its investment objectives and policies to support a level distribution of income, capital gains and/or return of capital (the “Plan”). In accordance with the Plan, the Fund began distributing \$0.033 per share on a monthly basis in November 2015. Subsequently, on November 10, 2016 the Board announced an increase in the monthly distribution to \$0.034 per share. On November 8, 2018, the Fund announced a change in frequency of distributions made under the Fund’s managed distribution program from monthly to quarterly. The Fund’s quarterly distribution is \$0.102 per share. The fixed amount distributed per share is subject to change at the discretion of the Fund’s Board. Under the Plan, the Fund will typically distribute most or all of its available investment income to its stockholders, consistent with its primary investment objectives and as required by the Internal Revenue Code of 1986, as amended (the “Code”). The Fund may also distribute long-term capital gains and short-term capital gains and return capital to stockholders in order to maintain a level distribution. Each monthly distribution to stockholders is expected to be at the fixed amount established by the Board, except for extraordinary distributions and potential distribution rate increases or decreases to enable the Fund to comply with the distribution requirements imposed by the Code. Stockholders should not draw any conclusions about the Fund’s investment performance from the amount of these distributions or from the terms of the Plan. The Fund’s total return performance on net asset value is presented in its financial highlights table. The Board may amend, suspend or terminate the Fund’s Plan without prior notice if it deems such action to be in the best interest of the Fund or its stockholders. The suspension or termination of the Plan could have the effect of creating a trading discount (if the Fund’s stock is trading at or above net asset value) or widening an existing trading discount. The Fund is subject to risks that could have an adverse impact on its ability to maintain level distributions. Examples of potential risks include, but are not limited to, economic downturns impacting the markets, investments in foreign securities, foreign currency fluctuations and changes in the Code. Please refer to the Fund’s prospectus for a more complete description of its risks.

Boulder Growth & Income Fund, Inc. Table of Contents

Beginning on January 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Fund's annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website www.bouldercef.com, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. Boulder Growth & Income Fund, Inc. Performance Overview

November 30, 2018 (Unaudited)

Annual Update:

The Boulder Growth & Income Fund, Inc. (the “Fund”) generated a return of 7.8% on net assets in the twelve-month period ended November 30, 2018 (the “period”). This performance outperformed the Dow Jones Industrial Average (“DJIA”) which returned 7.6%, and was inline with the NASDAQ Composite which returned 7.8% during the same period. The Fund outperformed the S&P 500 Index which returned 6.3%, and the Morningstar Large Value Fund Category benchmark which returned 2.8% during the same period. More detail on various holding period returns can be found in the table below.

The Fund has maintained its outperformance relative to the S&P 500 Index and DJIA on an annualized net assets basis since affiliates of Rocky Mountain Advisers, LLC (“RMA”), the Fund’s sub-adviser, began advising the Fund in January of 2002. However, the Fund has underperformed the NASDAQ Composite on an annualized net assets basis during this same timeframe.

On a market price basis, the Fund generated a return of 6.6% for the period lagging the Fund’s return performance on a NAV basis of 7.8%. The market underperformance was due to a widening of the discount of the Fund’s share price relative to its net asset value (the “discount”) over the period. At the beginning of the period the discount was 15.8% and at the end of the period the discount was 16.7%.

**Annualized.*

***Annualized since January 2002, when affiliates of RMA became investment advisers to the Fund. Does not include the effect of dilution on non-participating stockholders from the December 2002 rights offering.*

The S&P 500 is widely regarded as the best single gauge of large-cap U.S. equities. There is over USD 9.9 trillion indexed or benchmarked to the index, with indexed assets comprising approximately USD 3.4 trillion of this total. The index includes 500 leading companies and captures approximately 80% coverage of available market capitalization.

The Dow Jones Industrial Average (DJIA), is a price-weighted measure of 30 U.S. blue-chip companies. The index covers all industries except transportation and utilities.

The NASDAQ Composite Index includes all domestic and international based common type stocks listed on The NASDAQ Stock Market. The NASDAQ Composite Index is a broad-based Index.

The Morningstar Large Value Fund Category is comprised of a group of open-end funds that invest primarily in big U.S. companies that are less expensive or growing more slowly than other large-cap stocks. Large Cap stocks are defined as stocks in the top 70% of the capitalization of the U.S. equity market. Additional information about Morningstar's Category Classifications can be found at www.morningstar.com.

Boulder Growth & Income Fund, Inc. Performance Overview

November 30, 2018 (Unaudited)

The performance data quoted represents past performance. Past performance is no guarantee of future results. Fund returns include reinvested dividends and distributions, but do not reflect the reduction of taxes that a stockholder would pay on Fund distributions or the sale of Fund shares and do not reflect brokerage commissions, if any. Returns of the S&P 500 Index, the DJIA, and the NASDAQ Composite include reinvested dividends and distributions, but do not reflect the effect of commissions, expenses or taxes, as applicable.

Returns of the Morningstar Large Value Fund Category benchmark include reinvested dividends and distributions and expense or taxes, but do not reflect the effect of commissions, as applicable. You cannot invest directly in any of these indices. The investment return and the principal value of an investment will fluctuate and shares, if sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted.

The largest contributors to performance during the period were Berkshire Hathaway, Inc. (BRK/A and BRK/B) contributing 3.83% and Cisco Systems, Inc. (CSCO) contributing 1.65% to the total return on net assets. The largest detractors to performance during the period were International Business Machines Corp. (IBM) detracting -0.39% and Oracle Corp. (ORCL) detracting -0.27% to the total return on net assets. During the period, positions were reduced in Walmart, Inc. (WMT), Yum! Brands, Inc. (YUM), and American Express Co. (AXP). The full positions in Sanofi (SNY and SAN FP), Perpetual Federal Savings Bank (PFOH), Oracle (ORCL), and International Business Machines Corp. (IBM) were sold. During the period, additional shares were purchased of Ventas, Inc. (VTR).

The Fund repurchased and retired 357,900 shares of its Common Stock during the period. The shares were repurchased at an average price of \$10.80.

The following table shows the top ten holdings in the Fund as of November 30, 2018:

Recent News:

On August 27, 2018, the Fund completely paid off its line of credit reducing leverage to zero and terminated its Liquidity Agreement with State Street Bank and Trust on November 16, 2018.

On November 8, 2018, the Fund announced that its Board of Directors (the “Board”) approved adjusting the frequency of distributions made under the Fund’s managed distribution program from monthly to quarterly, while maintaining the Fund’s current annualized distribution rate of approximately \$0.408 per share. Accordingly, the Fund also announced the declaration of the Fund’s initial quarterly distribution for the 2019 fiscal year of \$0.102 per share to occur in January 2019 under the revised managed distribution program.

Boulder Growth & Income Fund, Inc. Performance Overview

November 30, 2018 (Unaudited)

Beginning in November 2015, the Board instituted a managed distribution program in accordance with its Section 19(b) exemptive order, seeking to provide shareholders with a regular distribution not dependent on the amount of income earned or capital gains realized by the Fund. As part of the Board's efforts to reduce stockholder expenses, after careful review of the operations and efficiency of the Fund's managed distribution program, the Board determined that moving the frequency of the distributions from monthly to quarterly might allow the Fund to realize significant cost savings from the reduction in printing, mailing and administrative expenses related to each distribution, while continuing to provide stockholders with the benefits of the Fund's consistent, regular distributions at the same annualized rate.

Sincerely,

Stewart Horejsi Joel Looney

The views and opinions in the preceding commentary are as of the date of this letter and are subject to change at any time. This material represents an assessment of the market environment at a specific point in time, should not be relied upon as investment advice and is not intended to predict or depict performance of any investment.

Portfolio weightings and other figures in the foregoing commentary are provided as of period-end, unless otherwise stated.

Note to Stockholders on the Fund's Discount. As most stockholders are aware, the Fund's shares presently trade at a significant discount to net asset value. The Board is aware of this, monitors the discount and periodically reviews the limited options available to mitigate the discount. In addition, there are several factors affecting the Fund's discount over which the Board and management have little control. In the end, the market sets the Fund's share price. For long-term stockholders of a closed-end fund, we believe the Fund's discount should only be one of many factors taken into consideration at the time of your investment decision.

Note to Stockholders on Concentration of Investments. The Board feels it is important that stockholders be aware of the Fund's high concentration in a small number of positions. Concentrating investments in fewer securities may involve a degree of risk that is greater than a fund having less concentrated investments spread over a greater number

of securities. In particular, the Fund is highly concentrated in Berkshire Hathaway, Inc., which, in addition to other business risks, is largely dependent on Warren Buffett for major investment and capital allocation decisions. When Mr. Buffett is no longer able to fulfill his responsibilities with Berkshire Hathaway, Inc., the value of the Fund's position in Berkshire Hathaway, Inc. could be materially impacted.

Annual Report | November 30, 2018 15

Boulder Growth & Income Fund, Inc. Financial Highlights

(a) Calculated based on the average number of common shares outstanding during each fiscal period.

(b) Amount represents less than \$(0.005) per common share.

Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of the Fund during each fiscal period. Total return based on common share market value assumes the purchase of common shares at the market price on the first day and sale of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under the Fund's distribution reinvestment plan.

(d) Ratios do not reflect the proportionate share of income and expenses of the underlying investee funds (i.e. those listed under Hedge Fund or Registered Investment Companies on the Portfolio of Investments).

(e) Interest expense was incurred but was not presented separately in previously issued financial statements.

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

NOTE 1. FUND ORGANIZATION

Boulder Growth & Income Fund, Inc. (the “Fund” or “BIF”), is a non-diversified, closed-end management company organized as a Maryland corporation and is registered with the Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (the “1940 Act”). The Fund is considered an investment company for financial reporting purposes under generally accepted accounting principles in the United States of America (“GAAP”) and accordingly follows the investment company accounting and reporting guidance in the Financial Accounting Standards Board Accounting Standards Codification Topic 946 “Financial Services – Investment Companies.”

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements. The preparation of financial statements is in accordance with GAAP, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Portfolio Valuation: Equity securities including closed-end funds for which market quotations are readily available (including securities listed on national securities exchanges and those traded over-the-counter) are valued based on the last sales price at the close of the applicable exchange. If such equity securities were not traded on the valuation date, but market quotations are readily available, they are valued at the bid price provided by an independent pricing service or by principal market makers. Equity securities traded on NASDAQ are valued at the NASDAQ Official Closing Price. Debt securities are valued at the mean between the closing bid and asked prices, or based on a matrix system which utilizes information (such as credit ratings, yields and maturities) from independent pricing services, principal market makers, or other independent sources. Money market mutual funds are valued at their net asset value per share. Short-term fixed income securities such as Commercial Paper, Bankers Acceptances and U.S. Treasury Bills, having a maturity of less than 60 days are valued using market quotations or a matrix method provided by a pricing service. If prices are not available from the pricing service, then the securities will be priced at fair value under procedures approved by the Board of Directors (the “Board”). The Board has delegated to the Valuation Committee, the responsibility of determining the fair value of any security or financial instrument owned by the Fund for which

market quotations are not readily available or where the pricing agent or market maker does not provide a valuation or methodology, or provides a valuation or methodology that, in the judgment of the Valuation Committee, does not represent fair value (“Fair Value Securities”). The Valuation Committee uses a third-party pricing consultant to assist the committee in analyzing, developing, applying and documenting a methodology with respect to certain Fair Value Securities. The Valuation Committee and the valuation consultant, as appropriate, use valuation techniques that could utilize both observable and unobservable inputs. In such circumstances, the Valuation Committee is responsible for (i) identifying Fair Value Securities, (ii) analyzing each Fair Value Security and developing, applying and documenting a methodology for valuing Fair Value Securities, and (iii) periodically reviewing the appropriateness and accuracy of the methods used in valuing Fair Value Securities. The appointment of any officer or employee of the investment adviser or Fund to the Valuation Committee shall be promptly reported to the Board and ratified by the Board at its next regularly scheduled meeting. The Valuation Committee is responsible for reporting to the Board, on a quarterly basis, valuations and certain findings with respect to the Fair Value Securities. Such valuations and findings are reviewed by the entire Board on a quarterly basis.

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

The Portfolio of Investments includes investments valued at \$7,074,747 (0.50% of total net assets) whose fair values have been estimated by management in the absence of readily available market quotations. Due to the inherent uncertainty of the valuation of these investments, these values may differ from the values that would have been used had a ready market for these investments existed and the differences could be material.

The Fund's investment in an unregistered pooled investment vehicle ("Hedge Fund") is valued, as a practical expedient, at the most recent net asset value determined by the Hedge Fund manager according to such manager's policies and procedures based on valuation information reasonably available to the Hedge Fund manager at that time; provided, however, that the Valuation Committee may consider whether it is appropriate, in light of relevant circumstances, to adjust such valuation in accordance with the Fund's valuation procedures. If the Hedge Fund does not report a value to the Fund on a timely basis, the fair value of the Hedge Fund shall be based on the most recent value reported by the Hedge Fund, as well as any other relevant information available at the time the Fund values its portfolio. The frequency and timing of receiving valuations for the Hedge Fund investment is subject to change at any time, without notice to investors, at the discretion of the Hedge Fund manager or the Fund.

For valuation purposes, the last quoted prices of non-U.S. equity securities may be adjusted under certain circumstances described below. If the Valuation Committee determines that developments between the close of a foreign market and the close of the New York Stock Exchange ("NYSE") will, in its judgment, materially affect the value of some or all of the Fund's portfolio securities, the Valuation Committee may adjust the previous closing prices to reflect what it believes to be the fair value of the securities as of the close of the NYSE. In deciding whether it is necessary to adjust closing prices to reflect fair value, the Valuation Committee reviews a variety of factors, including developments in foreign markets, the performance of U.S. securities markets, and the performance of instruments trading in U.S. markets that represent foreign securities and baskets of foreign securities. The Valuation Committee may also fair value securities in other situations, such as when a particular foreign market is closed but the U.S. market is open. The Valuation Committee may use outside pricing services to provide it with closing prices. The Valuation Committee may consider whether it is appropriate, in light of relevant circumstances, to adjust such valuation in accordance with the Fund's valuation procedures. The Valuation Committee cannot predict how often it will use closing prices and how often it will determine it necessary to adjust those prices to reflect fair value. If the Valuation Committee adjusts prices, the Valuation Committee will periodically compare closing prices, the next day's opening prices in the same markets and those adjusted prices as a means of evaluating its security valuation process.

Options are valued at the mean of the highest bid and lowest ask prices on the principal exchange on which the option trades. If no quotations are available, fair value procedures will be used. Fair value procedures will also be used for any options traded over-the-counter.

Various inputs are used to determine the value of the Fund's investments. Observable inputs are inputs that reflect the assumptions market participants would use based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions based on the best information available in the circumstances.

^(a)A change to the unobservable input may result in a significant change to the value of the investment as follows:

Unobservable Input	Impact to Value if	Impact to Value if
	Input Increases	Input Decreases
Discount for Lack of Marketability	Decrease	Increase
Price to Tangible Book Value Multiple	Increase	Decrease
Future Cash Distribution	Increase	Decrease

Securities Transactions and Investment Income: Securities transactions are recorded as of the trade date. Realized gains and losses from securities sold are recorded on the identified cost basis. Dividend income is recorded as of the ex-dividend date or for certain foreign securities, when the information becomes available to the Fund. Certain dividend income from foreign securities will be recorded, in the exercise of reasonable diligence, as soon as the Fund is informed of the dividend if such information is obtained subsequent to the ex-dividend date and may be subject to withholding taxes in these jurisdictions. Non-cash dividends included in dividend income, if any, are recorded at the fair value of the securities received. Interest income, including amortization of premium and accretion of discount on debt securities, as required, is recorded on the accrual basis using the effective yield method.

Annual Report | November 30, 2018 21

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

Dividend income from investments in real estate investment trusts (“REITs”) is recorded at management’s estimate of income included in distributions received. Distributions received in excess of this amount are recorded as a reduction of the cost of investments. The actual amount of income and return of capital are determined by each REIT only after its fiscal year-end, and may differ from the estimated amounts. Such differences, if any, are recorded by the Fund in the following annual financial reporting period.

Foreign Currency Translations: The Fund may invest a portion of its assets in foreign securities. In the event that the Fund executes a foreign security transaction, the Fund will generally enter into a forward foreign currency contract to settle the foreign security transaction. Foreign securities may carry more risk than U.S. securities, such as political, market and currency risks. See Foreign Issuer Risk under Note 6.

The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars at the exchange rate prevailing at the end of the period, and purchases and sales of investment securities, income and expenses transacted in foreign currencies are translated at the exchange rate on the dates of such transactions. Foreign currency gains and losses result from fluctuations in exchange rates between trade date and settlement date on securities transactions, foreign currency transactions, and the difference between the amounts of foreign interest and dividends recorded on the books of the Fund and the amounts actually received.

The portion of realized and unrealized gains or losses on investments due to fluctuations in foreign currency exchange rates is not separately disclosed and is included in realized and unrealized gains or losses on investments, when applicable.

Dividends and Distributions to Stockholders: It is the Fund’s policy to distribute substantially all net investment income and net realized gains to stockholders and to otherwise qualify as a regulated investment company under provisions of the Internal Revenue Code of 1986, as amended. Distributions to stockholders are recorded on the ex-dividend date.

The Fund intends to distribute its net realized capital gains, if any, at least annually. At times, to maintain a stable level of distributions, the Fund may pay out less than all of its net investment income or pay out accumulated undistributed income, or return capital, in addition to current net investment income. Any distribution that is treated as a return of capital generally will reduce a shareholder’s basis in his or her shares, which may increase the capital gain

or reduce the capital loss realized upon the sale of such shares. Any amounts received in excess of a shareholder's basis are generally treated as capital gain, assuming the shares are held as capital assets.

On November 8, 2018, the Board of Directors approved adjusting the frequency of distributions made under the Fund's managed distribution program from monthly to quarterly, while maintaining the Fund's current annualized distribution rate.

Indemnifications: Like many other companies, the Fund's organizational documents provide that its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, both in some of its principal service contracts and in the normal course of its business, the Fund enters into contracts that provide indemnifications to other parties for certain types of losses or liabilities. The Fund's maximum exposure under these arrangements is unknown as this could involve future claims against the Fund.

22 www.bouldercef.com

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

Federal Income Tax: For federal income tax purposes, the Fund currently qualifies, and intends to remain qualified as a regulated investment company under the provisions of Subchapter M of the Internal Revenue Code of 1986, as amended, by distributing substantially all of its earnings to its stockholders. Accordingly, no provision for federal income or excise taxes has been made.

Income and capital gain distributions are determined and characterized in accordance with income tax regulations, which may differ from U.S. GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Fund, timing differences and differing characterization of distributions made by the Fund as a whole.

As of and during the year ended November 30, 2018, the Fund did not have a liability for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expenses, in the Statement of Operations. The Fund files U.S. federal, state, and local tax returns as required. The Fund's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations, which is generally three years after the filing of the tax return for federal purposes and four years for most state returns. The federal tax return for the year ended November 30, 2016 is currently under examination. Tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

NOTE 3. DERIVATIVE FINANCIAL INSTRUMENTS

As a part of its investment strategy, the Fund may invest to a lesser extent in derivatives contracts. In doing so, the Fund will employ strategies in differing combinations to permit them to increase, decrease, or change the level or types of exposure to market factors. Central to those strategies are features inherent in derivatives that make them more attractive for this purpose than equity or debt securities; they require little or no initial cash investment, they can focus exposure on only certain selected risk factors, and they may not require the ultimate receipt or delivery of the underlying security (or securities) to the contract. This may allow the Fund to pursue its objectives more quickly and efficiently than if it were to make direct purchases or sales of securities capable of affecting a similar response to market factors.

Risk of Investing in Derivatives: The Fund's use of derivatives can result in losses due to unanticipated changes in the market risk factors and the overall market. In instances where the Fund is using derivatives to decrease, or hedge, exposures to market risk factors for securities held by the Fund, there are also risks that those derivatives may not perform as expected, resulting in losses for the combined or hedged positions.

Derivatives may have little or no initial cash investment relative to their market value exposure and therefore can produce significant gains or losses in excess of their cost. This use of embedded leverage allows the Fund to increase its market value exposure relative to its net assets and can substantially increase the volatility of the Fund's performance.

Associated risks from investing in derivatives also exist and potentially could have significant effects on the valuation of the derivative and the Fund. Typically, the associated risks are not the risks that the Fund is attempting to increase or decrease exposure to, per its investment objectives, but are the additional risks from investing in derivatives.

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

Examples of these associated risks are liquidity risk, which is the risk that the Fund will not be able to sell or close out the derivative in a timely manner, and counterparty credit risk, which is the risk that the counterparty will not fulfill its obligation to the Fund. In addition, use of derivatives may increase or decrease exposure to the following risk factors:

Equity Risk: Equity risk relates to the change in value of equity securities as they relate to increases or decreases in the general market. Associated risks can be different for each type of derivative and are discussed by each derivative type in the notes that follow.

Option Contracts: The Fund may enter into options transactions for hedging purposes and for non-hedging purposes such as seeking to enhance return. The Fund may write covered put and call options on any stocks or stock indices, currencies traded on domestic and foreign securities exchanges, or futures contracts on stock indices, interest rates and currencies traded on domestic and, to the extent permitted by the Commodity Futures Trading Commission, foreign exchanges. A call option on an asset written by the Fund obligates the Fund to sell the specified asset to the holder (purchaser) at a stated price (the exercise price) if the option is exercised before a specified date (the expiration date). A put option on an asset written by the Fund obligates the Fund to buy the specified asset from the purchaser at the exercise price if the option is exercised before the expiration date. Premiums received when writing options are recorded as liabilities and are subsequently adjusted to the current value of the options written. Premiums received from writing options that expire are treated as realized gains. Premiums received from writing options, which are either exercised or closed, are offset against the proceeds received or amount paid on the transaction to determine realized gains or losses.

For the year-ended November 30, 2018, the Fund did not invest in derivative instruments.

NOTE 4. ADVISORY FEES, ADMINISTRATION FEES AND OTHER AGREEMENTS

Effective June 1, 2018, ALPS Advisors, Inc. (“ALPS”) assumed the role of investment adviser to the Fund pursuant to the advisory agreement. The Fund pays ALPS an annual rate of 0.95% of the value of the Fund’s net assets plus the principal amount of leverage, if any (“Net Assets”). Rocky Mountain Advisers, LLC (“RMA”) provides sub-advisory services to the Fund pursuant to a sub-advisory agreement between RMA and ALPS. ALPS pays RMA an annual fee of 0.8125% based on the Fund’s average monthly Net Assets.

Beginning June 1, 2018 until July 17, 2018, ALPS and RMA each served under an interim investment advisory agreement and interim sub-advisory agreement, respectively, until the current investment advisory and sub-advisory agreements were approved by the Fund's shareholders.

Prior to June 1, 2018, Stewart Investment Advisers ("SIA") and RMA (together with SIA, the "Advisers") served as co-investment advisers to the Fund. The Fund paid the Advisers an Advisory Fee at an annual rate of 1.00% of the value of the Fund's Net Assets.

Stewart West Indies Trading Company, Ltd. was a Barbados international business company doing business as Stewart Investment Advisers. The equity owner of SIA was the Stewart West Indies Trust. RMA is owned by the Susan L. Ciciora Trust (the "SLC Trust"), which is also a stockholder of the Fund. SIA and RMA are considered "affiliated persons", as that term is defined in the 1940 Act, of the Fund and Fund Administrative Services, LLC ("FAS"). RMA received 75% of the fees earned by the Advisers and SIA received 25% of the fees earned by the Adviser.

24 www.bouldercef.com

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

From December 1, 2017, through May 31, 2018, the Fund made net cash payments for advisory fees to SIA and RMA in the amounts of \$1,725,864, and \$5,177,592, respectively. Starting June 1, 2018, RMA is paid directly by ALPS. From June 1, 2018, to November 30, 2018, the Fund made net cash payments for advisory fees to ALPS in the amount of \$5,447,581.

Effective June 1, 2018, ALPS Fund Services (“AFS”), an affiliate of ALPS, assumed the role of the Fund’s sole administrator and provides all administrative and fund accounting services to the Fund. As compensation for its services, AFS receives certain out-of-pocket expenses and asset-based fees, which are accrued daily and paid monthly. The fees paid to AFS are calculated based on the Net Assets of the Fund. The Fund made net cash payments for administrative and fund accounting fees to AFS in the amount of \$792,631. Before June 1, 2018, AFS served as the Fund’s co-administrator.

Prior to June 1, 2018, FAS served as the Fund’s co-administrator. Under the Administration Agreement, FAS provided certain administrative and executive management services to the Fund including, but not limited to, providing reviews and negotiations of service providers, maintaining investment records, assisting in the calculation and publication of total returns for the Fund, providing general counsel, legal, treasury and accounting services, and any other such administrative services as may be requested from time to time by the Fund’s management or the Board. The Fund paid FAS a monthly fee, calculated at an annual rate of 0.20% of the value of the Fund’s Net Assets up to \$100 million, and 0.15% of the Fund’s Net Assets over \$100 million. Notwithstanding, FAS agreed to cap the Fund’s total administration costs at 0.30% (including administration, co-administration, transfer agent and custodian fees). As such, FAS agreed to waive a portion of its fee based on Net Assets should the total monthly administration expenses exceed 0.30%. As the Fund’s total monthly administration costs did not exceed 0.30% from December 1, 2017, through May 31, 2018, there was no fee waiver for that period. The equity owners of FAS are the Lola Brown Trust No. 1B, the SLC Trust and the Stewart West Indies Trust.

No persons (other than the Independent Directors) currently receive compensation from the Fund for acting as a director or officer; however, officers of the Fund may also be officers or employees of ALPS, RMA or AFS and may receive compensation in such capacities. The Fund pays each member of the Board (a “Director”) who is not a director, officer, employee, or affiliate of ALPS, RMA or any of their affiliates a fee of \$40,000 per annum, plus \$5,000 for each in-person meeting, \$3,000 for each audit committee meeting, \$1,000 for each nominating committee meeting and \$1,000 for each telephonic meeting of the Board. The lead independent Director of the Board receives an additional \$3,125 for attending each regular quarterly meeting of the Board. The chairman of the audit committee receives an additional \$3,000 for attending each regular meeting of the audit committee. The Fund will also reimburse all non-interested Directors for travel and out-of-pocket expenses incurred in connection with such meetings. AFS provides the Fund with a chief compliance officer (“CCO”). From December 1, 2017, through May 31, 2018, all CCO fees were paid for by FAS. Starting on June 1, 2018, all CCO fees were waived by ALPS.

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

State Street Bank & Trust Company (“State Street”) serves as the Fund’s custodian. Computershare Shareowner Services (“Computershare”) serves as the Fund’s common stock servicing agent, dividend-paying agent and registrar. As compensation for State Street’s and Computershare’s services, the Fund pays each a monthly fee plus certain out-of-pocket expenses.

NOTE 5. SECURITIES TRANSACTIONS

Purchases and sales of securities, excluding short term securities, during the year ended November 30, 2018 were \$10,519,550 and \$114,838,369 respectively.

NOTE 6. PORTFOLIO INVESTMENTS AND CONCENTRATION

Under normal market conditions, the Fund intends to invest at least 80% of its net assets in common stocks. Common stocks include dividend-paying closed-end funds, open-end funds and REITs. The portion of the Fund’s assets that are not invested in common stocks may be invested in fixed income securities and cash equivalents. The term “fixed income securities” includes bonds, U.S. Government securities, notes, bills, debentures, preferred stocks, convertible securities, bank debt obligations, repurchase agreements and short-term money market obligations.

Concentration Risk: The Fund operates as a “non-diversified” investment company, as defined in the 1940 Act. As a result of being “non-diversified” with respect to 50% of the Fund’s portfolio, the Fund must limit the portion of its assets invested in the securities of a single issuer to 5%, measured at the time of purchase. In addition, no single investment can exceed 25% of the Fund’s total assets at the time of purchase. A more concentrated portfolio may cause the Fund’s net asset value to be more volatile and thus may subject stockholders to more risk. Thus, the volatility of the Fund’s net asset value and its performance in general, depends disproportionately more on the performance of a smaller number of holdings than that of a more diversified fund. As a result, the Fund is subject to a greater risk of loss than a fund that diversifies its investments more broadly.

As of November 30, 2018, the Fund held more than 25% of its assets in Berkshire Hathaway, Inc. In addition to market appreciation of the issuer since the time of purchase, the Fund acquired additional interest in Berkshire Hathaway, Inc. in the March 20, 2015 reorganization. After the reorganization was completed, shares held of the issuer were liquidated to bring the concentration to 25%. Concentration of the Berkshire Hathaway, Inc. position was a direct result of market appreciation and decreased leverage since the time the Fund and the funds acquired in the reorganization purchased the security.

Foreign Issuer Risk: Investment in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. These risks may include, but are not limited to: (i) less information about non-U.S. issuers or markets may be available due to less rigorous disclosure, accounting standards or regulatory practices; (ii) many non-U.S. markets are smaller, less liquid and more volatile thus, in a changing market, Advisers may not be able to sell the Fund's portfolio securities at times, in amounts and at prices they consider reasonable; (iii) currency exchange rates or controls may adversely affect the value of the Fund's investments; (iv) the economies of non-U.S. countries may grow at slower rates than expected or may experience downturns or recessions; and, (v) withholdings and other non-U.S. taxes may decrease the Fund's return.

NOTE 7. SIGNIFICANT STOCKHOLDERS

On November 30, 2018, trusts and other entities and individuals affiliated with Stewart R. Horejsi and the Horejsi family owned 45,444,844 shares of Common Stock of the Fund, representing approximately 43.01% of the total Common Stock outstanding. Stewart R. Horejsi is the Chief Investment Officer of RMA and is a portfolio manager of the Fund. Entities affiliated with Mr. Horejsi and the Horejsi family also own SIA, RMA and FAS.

NOTE 8. SHARE REPURCHASES AND REDEMPTIONS

In accordance with Section 23(c) of the 1940 Act and the rules promulgated thereunder, the Fund may from time to time effect repurchases and/or redemptions of its Common Stock.

For the year ended November 30, 2018, the Fund repurchased 357,900 shares of Common Stock at a total purchase amount of \$3,866,509. For the year ended November 30, 2017, the Fund repurchased 81,525 shares of Common Stock at a total purchase amount of \$816,074.

NOTE 9. TAX BASIS DISTRIBUTIONS AND TAX BASIS INFORMATION

As determined on November 30, 2018, permanent differences resulting primarily from different book and tax accounting for partnership investments, and certain other investments were reclassified at fiscal year-end. These reclassifications had no effect on net increase in net assets resulting from operations, net assets applicable to common stockholders or net asset value per common share outstanding. Permanent book and tax basis differences of \$68,844 and \$(68,844) were reclassified at November 30, 2018 among total distributable earnings and paid-in capital, respectively, for the Fund.

The character of distributions paid on a tax basis during the year ending November 30, 2018 is as follows:

Distributions Paid From:

Ordinary Income	\$6,852,272
Long-Term Capital Gain	22,074,492
Tax Return of Capital	10,693,989
	\$39,620,753

The character of distributions paid on a tax basis during the year ending November 30, 2017 is as follows:

Distributions Paid From:

Ordinary Income	\$10,522,281
Long-Term Capital Gain	31,204,803
Tax Return of Capital	1,553,426
	\$43,280,510

Annual Report | November 30, 2018 27

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

November 30, 2018

On November 30, 2018, based on cost of \$614,495,253 for federal income tax purposes, aggregate gross unrealized appreciation for all securities in which there is an excess of value over tax cost was \$794,641,833, aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value was \$1,935,004 and net depreciation of foreign currency was \$4,980, resulting in net unrealized appreciation of \$792,701,849.

As of November 30, 2018, the components of distributable earnings on a tax basis were as follows:

Unrealized Appreciation	\$792,701,849
Cumulative Effect of Other Timing Differences	(5,686,785)
Total	\$787,015,064

The difference between book and tax basis distributable earnings is attributable primarily to temporary differences related to wash sales and partnership book and tax differences.

NOTE 10. RESTRICTED SECURITIES

As of November 30, 2018, investments in securities included issuers that are considered restricted. Restricted securities are often purchased in private placement transactions, are not registered under the Securities Act of 1933, may have contractual restrictions on resale, and may be valued under methods approved by the Board as reflecting fair value.

Restricted securities as of November 30, 2018, were as follows:

Issuer Description	Acquisition Date	Cost	Value	Value as
			November 30, 2018	Percentage of Net Assets

				Applicable to	
				Common	
				Stockholders	
				November 30,

(a) Less than 0.005% of Total Net Assets applicable to Common Stockholders.

NOTE 11. INVESTMENT IN A HEDGE FUND

As of November 30, 2018, the Fund holds a residual interest in a Hedge Fund. As of June 30, 2014, the Fund had notified the managing general partner of the Hedge Fund that it was withdrawing its interest in the Hedge Fund. A portion of the interest was withdrawn at that time. However, certain illiquid securities designated at the discretion of the managing general partner of the Hedge Fund had been segregated in “side pockets”, and were not immediately available for distribution. Such illiquid securities are referred to as “Designated Investments”. As a result, the Fund continues to maintain a residual, non-participating interest in the Hedge Fund, associated with the Designated Investments held in side pockets. Due to the reorganization on March 20, 2015, the Fund acquired additional residual, nonparticipating interest in the Hedge Fund. The Fund will maintain such interest until all the Designated Investments within the side pockets have been liquidated and distributed, which will likely occur incrementally and over a period of years. Because of the illiquidity of the Designated Investments, the limitation on withdrawal rights and because limited partnership interests are not tradable, the investment in the Hedge Fund is an illiquid investment and involves a high degree of risk. A management fee at an annual rate of 1% of net assets and an incentive fee of 20% of net profits is included in the partnership agreement. The value assigned to the Hedge Fund is based on available information and may not necessarily represent the amount which might ultimately be realized. Due to the inherent uncertainty of valuation, the estimated fair value may differ from the value that would have been realized had the Hedge Fund been liquidated and this difference could be material.

Boulder Growth & Income Fund, Inc. Notes to Financial Statements

NOTE 12. LINE OF CREDIT AND SECURITIES LENDING

On July 15, 2016, the Fund entered into a Liquidity Agreement (the “Liquidity Agreement”) with State Street Bank & Trust Company (“State Street”), as approved by the Board. The Liquidity Agreement originally allowed for the Fund to borrow up to \$75,000,000; however, on February 1, 2018, this amount was reduced to \$30,000,000 pursuant to the “adjusted liquidity commitment” language contained in the Liquidity Agreement, due to the Fund reducing the drawn balance to \$5,000,000. Borrowings under the Liquidity Agreement are secured by assets of the Fund held at the custodian (“Memo Pledged Collateral”). Under the terms of the Liquidity Agreement, State Street is permitted in its discretion, with 360 days’ prior written notice, to terminate the Liquidity Agreement. Interest on the borrowing is charged at the one-month LIBOR plus 0.70%. Further, pursuant to the terms of the Liquidity Agreement, the Fund grants State Street a first priority security interest in all cash, deposit accounts and all securities and other financial assets credit to any securities account or otherwise at any time held for the account of the Fund by or through State Street as the custodian.

For the year ended November 30, 2018, the average amount borrowed under the Liquidity Agreement and the average interest rate for the amount borrowed was \$5,740,501 and 2.53%, respectively. During the year ended November 30, 2018, the Fund incurred \$138,478 of interest expense related to the borrowings. The largest outstanding borrowing during the year was \$50,028,290. As of November 16, 2018, the Fund terminated its Liquidity Agreement with State Street.

On July 15, 2016, included within the Liquidity Agreement, the Fund entered into an arrangement with State Street which allows State Street, as agent of the Fund, to loan the securities held by State Street, as custodian of the Fund, to an approved securities borrower as noted in the Liquidity Agreement. The State Street Lending arrangement is intended to permit the Fund to reduce the cost of its borrowings under the Liquidity Agreement. State Street has the ability to reregister such securities in its own name to pledge, re-pledge, sell, lend or otherwise use the collateral with all attendant rights of ownership. State Street cannot loan securities that are being segregated for other use. During the period in which the securities are on loan, State Street must credit the Fund all interest, dividend and other distributions paid by the security on the date that such amounts are delivered by the counterparty to State Street. From a tax perspective, the payments received on securities lending are considered payments in lieu of dividends, interest, or other payments and as such, would not be eligible for the qualified dividends treatment. The Fund has authorized and directed State Street to receive collateral in the amount of 102% or 105% of the market value of a lent security on any given day the security is on loan.

November 30, 2018

No violations of the Liquidity Agreement occurred during the year ended November 30, 2018.

Boulder Growth & Income Fund, Inc. Report of Independent
Registered
Public Accounting Firm

To the Shareholders and Board of Directors of

Boulder Growth & Income Fund, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of Boulder Growth & Income Fund, Inc. (the “Fund”) as of November 30, 2018, and the related statements of operations and changes in net assets, including the related notes, and the financial highlights for the year then ended (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of November 30, 2018, the results of its operations, changes in its net assets, and the financial highlights for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Fund’s financial statements and financial highlights for the years ended November 30, 2017 and prior, were audited by other auditors whose report dated January 26, 2018, expressed an unqualified opinion on those financial statements and financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of November 30, 2018, by correspondence with the custodian, brokers and investee fund. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as the auditor of one or more investment companies advised by ALPS Advisors, Inc. since 2013.

SECTION 19(A) NOTICES

The following table sets forth the estimated amount of the sources of distribution for purposes of Section 19 of the Investment Company Act of 1940, as amended, and the related rules adopted thereunder. The Fund estimates the following percentages, of the total distribution amount per share, attributable to (i) current and prior fiscal year net investment income, (ii) net realized short-term capital gain, (iii) net realized long-term capital gain and (iv) return of capital or other capital source as a percentage of the total distribution amount. These percentages are disclosed for the fiscal year-to-date cumulative distribution amount per share for the Fund.

The amounts and sources of distributions reported in these 19(a) notices are only estimates and not for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

Boulder Growth & Income Fund, Inc. Summary of Dividend Reinvestment Plan

November 30, 2018 (Unaudited)

Registered holders (“Common Stockholders”) of common shares (the “Common Shares”) are automatically enrolled (the “Participants”) in the Fund’s Dividend Reinvestment Plan (the “Plan”) whereupon all distributions of income, capital gains or managed distributions (“Distributions”) are automatically reinvested in additional Common Shares. Common Stockholders who elect to not participate in the Plan will receive all distributions in cash paid by check in U.S. dollars mailed directly to the stockholders of record (or if the shares are held in street name or other nominee name, then the nominee) by the custodian, as dividend disbursing agent.

Computershare Shareowner Services (the “Agent”) serves as Agent for each Participant in administering the Plan. After the Fund declares a Distribution, if (1) the net asset value per Common Share is equal to or less than the market price per Common Share plus estimated brokerage commissions on the payment date for a Distribution, Participants will be issued Common Shares at the higher of net asset value per Common Share or 95% of the market price per Common Share on the payment date; or if (2) the net asset value per Common Share exceeds the market price plus estimated brokerage commissions on the payment date for a Distribution, the Agent shall apply the amount of such Distribution to purchase Common Shares on the open market and Participants will receive the equivalent in Common Shares valued at the weighted average market price (including brokerage commissions) determined as of the time of the purchase (generally, following the payment date of the Distribution). If, before the Agent has completed its purchases, the market price plus estimated brokerage commissions exceeds the net asset value of the Common Shares as of the payment date, the purchase price paid by the Agent may exceed the net asset value of the Common Shares, resulting in the acquisition of fewer Common Shares than if such Distribution had been paid in Common Shares issued by the Fund. If the Agent is unable to invest the full Distribution amount in purchases in the open market or if the market discount shifts to a market premium during the purchase period then the Agent may cease making purchases in the open market the instant the Agent is notified of a market premium and may invest the uninvested portion of the Distribution in newly issued Common Shares at the net asset value per Common Share at the close of business provided that, if the net asset value is less than or equal to 95% of the then current market price per Common Share, the dollar amount of the Distribution will be divided by 95% of the market price on the payment date. The Fund will not issue Common Shares under the Plan below net asset value.

There is no charge to Participants for reinvesting Distributions, except for certain brokerage commissions, as described below. The Agent’s fees for the handling of the reinvestment of Distributions will be paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each Participant will pay a pro rata share of brokerage commissions incurred with respect to the Agent’s open market purchase in connection with the reinvestment of Distributions. The automatic reinvestment of Distributions will not relieve Participants of any federal income tax that may be payable on such Distributions.

The Fund reserves the right to amend or terminate the Plan upon 90 days’ written notice to Common Stockholders of the Fund.

Boulder Growth & Income Fund, Inc. Summary of Dividend Reinvestment Plan

November 30, 2018 (Unaudited)

Participants in the Plan may (i) request a certificate, (ii) request to sell their shares, or (iii) withdraw from the Plan upon written notice to the Agent or by telephone in accordance with the specific procedures and will receive certificates for whole Common Shares and cash for fractional Common Shares.

All correspondence concerning the Plan should be directed to the Agent, Computershare, P.O. Box 30170, College Station, TX, 77842-3170. To receive a full copy of the Fund's Dividend Reinvestment Plan, please contact the Agent at 1-866-228-4853.

Item 2. Code of Ethics.

As of the end of the period covered by this report, Boulder Growth & Income Fund, Inc. (the “**Registrant**” or “**Fund**”) has adopted a code of ethics that applies to the Registrant’s Principal Executive Officer and Principal Financial Officer (the “**Senior Officer COE**”). During the period covered by this report, there were no material changes made to provisions of the Senior Officer COE, nor were there any waivers granted from a provision of the Senior Officer COE. A copy of the Registrant’s Senior Officer COE is filed with this N-CSR under Item 13(a).

Item 3. Audit Committee Financial Expert.

As of the end of the period covered by the report, the Registrant’s Board of Directors has determined that Steven K. Norgaard is qualified to serve as an audit committee financial expert serving on its audit committee and that he is “independent,” as defined in paragraph (a)(2) of Item 3.

Item 4. Principal Accountant Fees and Services.

Audit Fees – The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the Registrant’s annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements were \$79,000 and \$39,500 for the fiscal years ended November 30, 2017 and November 30, 2018, respectively.

Audit-Related Fees – The aggregate fees billed for the fiscal years ended November 30, 2017 and November 30, 2018 for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the Registrant’s financial statements and which are not reported under (a) of this Item were \$0 and \$0.

Tax Fees – The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for the review of the Registrant’s income tax returns, excise tax returns, dividend calculations and Maryland Property Tax returns were \$5,900 and \$7,500 for the fiscal years ended November 30, 2017 and November 30, 2018, respectively.

All Other Fees – The aggregate fees billed for the last two fiscal years for products and services provided by the principal accountant, other than the services reported in (a) through (c) of this Item were \$0 and \$0 for the fiscal years ended November 30, 2017 and November 30, 2018, respectively.

- (1) The Registrant's audit committee pre-approves all audit and non-audit services to be performed by the Registrant's accountant before the accountant is engaged by the Registrant to perform such services. Under the audit committee's charter, pre-approval of permitted non-audit services by the Registrant's accountant is not required if:
- (e) (i) the aggregate amount of all permitted non-audit services is not more than 5% of the total revenues paid by the Registrant to the accountant in the fiscal year in which the non-audit services are provided; (ii) such services were not recognized by the Registrant at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the audit committee and approved by the audit committee or a designated audit committee member prior to the completion of the audit of the Registrant's annual financial statements.

(2) There were no services described in (b) through (d) above (including services required to be approved by the audit committee pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X) that were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) None of the hours expended on the principal accountant's engagement to audit the Registrant's financial statements for the fiscal year ended November 30, 2018 were attributable to work performed by persons other than the principal accountant's full-time, permanent employees.

(g) The aggregate non-audit fees billed by the Registrant's accountant for services rendered to the Registrant, and rendered to the Registrant's investment adviser, and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the Registrant for each of the last two fiscal years of the Registrant were \$0 in 2017 and \$0 in 2018.

(h) Not applicable.

Item 5. Audit Committee of Listed Registrants.

The Registrant has an audit committee which was established by the Board of Directors of the Fund in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The members of the Registrant's audit committee are Dr. Dean L. Jacobson, Richard I. Barr, and Steven K. Norgaard.

Item 6. Investments.

(a) The Registrant's full schedule of investments is included as part of the report to stockholders filed under Item 1 of this Form.

(b) Not applicable.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

The Registrant has delegated, subject to the supervision of the Board of Directors, the voting of proxies relating to its voting securities to its advisers. The Registrant's Proxy Voting Procedures are included below.

Proxy Voting Policies and Procedures

BACKGROUND AND DISCUSSION

The Board of Directors of Boulder Growth & Income Fund, Inc. has adopted a Proxy Voting Policy used to determine how the Fund votes proxies relating to the portfolio's securities. In cases where a matter with respect to which the Fund was entitled to vote presents a conflict between the interest of a Fund's shareholders, on the one hand, and those of the Fund's investment adviser/ sub-adviser, or an affiliated person of the Fund, its investment adviser, or principal underwriter, on the other hand, the Fund shall always vote in the best interest of the Fund's shareholders. For purposes of this Policy a vote shall be considered in the best interest of the Fund's shareholders when a vote is cast consistent with the specific voting policy as set forth in the Advisers'/Sub-Advisers' Proxy Voting Policy (described below), provided such specific voting policy was approved by the Board.

POLICY AND PROCEDURE

The Fund CCO shall ensure that each Adviser/Sub-Adviser (collectively, the "**Adviser**") has adopted a Proxy Voting Policy, which it uses to vote proxies for its clients, including the Funds.

A. General

The Fund believes that the voting of proxies is an important part of portfolio management as it represents an opportunity for shareholders to make their voices heard and to influence the direction of a company. The Fund is committed to voting corporate proxies in the manner that best serves the interests of the Fund's shareholders.

B. Delegation to the Adviser

The Fund believes that the Adviser is in the best position to make individual voting decisions for the Funds consistent with this Policy. Therefore, subject to the oversight of the Board, the Adviser is hereby delegated.

(1) to make the proxy voting decisions for the Funds, in accordance with each applicable Adviser's Proxy Voting Policy, except as provided herein; and

to assist the Funds in disclosing their respective proxy voting record as required by Rule 30b1-4 under the 1940 Act, including providing the following information for each matter with respect to which the Funds are entitled to (2) vote: (a) information identifying the matter voted on, (b) whether the matter was proposed by the issuer or by a security holder, (c) whether and how the Fund cast its vote, and (d) whether the Fund cast its vote for or against management.

The Board, including a majority of the independent trustees of the Board, must approve each Adviser's Proxy Voting and Disclosure Policy (the "Adviser Voting Policy") as it relates to the Funds. The Board must also approve any material changes to each Adviser Voting Policy no later than six (6) months after adoption by an Adviser.

C. Conflicts

In cases where a matter with respect to which a Fund was entitled to vote presents a conflict between the interest of the Fund's shareholders, on the one hand, and those of the Fund's investment adviser/sub-adviser, principal underwriter, or an affiliated person of the Fund, its investment adviser, or principal underwriter, on the other hand, the Fund shall always vote in the best interest of the Fund's shareholders. For purposes of this Policy a vote shall be considered in the best interest of the Fund's shareholders when a vote is cast consistent with the specific voting policy as set forth in the Adviser Voting Policy, provided such specific voting policy was approved by the Board.

Adopted: October 26, 2007

Amended: July 30, 2010

Amended: November 8, 2010,

Amended: July 27, 2012, Amended: August 5, 2013, Amended: May 4, 2015

Amended: October 30, 2015 to provide additional background material and address third party proxy voting service voting guidelines

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a) Stewart R. Horejsi and Joel W. Looney are the Fund's portfolio managers and are collectively responsible for the day-to-day management of the Fund's assets. Mr. Horejsi and Mr. Looney are referred to herein as the "Portfolio Managers". Rocky Mountain Advisers, L.L.C. ("RMA") is the sub-adviser to the Fund.

Mr. Horejsi has been the financial and investment adviser for the Horejsi Affiliates since 1982 and for RMA since 2008. Mr. Horejsi was also the Chief Investment Officer for Stewart West Indies Trading Company, Ltd. d/b/a Stewart Investment Advisers ("SIA") from 1999 to 2018 and Boulder Investment Advisers, LLC ("BIA") from 1999 to 2015. Mr. Horejsi has been a Portfolio Manager for the Fund since January 2002, and was also a Portfolio Manager for Boulder Total Return Fund, Inc. ("BTF") from 1999 to 2015, for The Denali Fund Inc. ("DNY") from 2008 to 2015 and for First Opportunity Fund, Inc. ("FOFI") from 2010 to 2015 (together, BTF, DNY and FOFI are referred to as the "Acquired Funds"). Separately, Mr. Horejsi acts as a financial consultant to other private trusts and entities associated with the Horejsi family (collectively, the "Horejsi Affiliates") and consults with respect to their portfolios of equities having an aggregate value of approximately \$1.6 billion as of November 30, 2018.

Mr. Looney joined RMA as an Assistant Investment Officer and a Portfolio Manager of the Fund in 2013. Mr. Looney was also an Assistant Investment Officer for BIA from 2013 to 2015 and a Portfolio Manager for the Acquired Funds from 2013 to 2015. Separately, Mr. Looney acts as an Investment Advisory Representative providing investment supervisory and financial planning services to RMA's private clients (the "RMA Private Clients") for which RMA receives fees generally based on a percentage of assets under management. Prior to joining RMA, Mr. Looney was the Principal for Financial Management Group, LLC, an investment management firm, from 1999 to 2013. Mr. Looney also currently serves as Chairman of the Board of Directors for the Fund.

As a general matter, portfolio management staff are paid an annual fixed salary and are offered participation in the firm's 401K, as well as other benefits that are offered to employees of RMA. In evaluating a portfolio manager's salary and annual pay increases, the Fund's performance may be one of many factors considered by management. However, as a general matter, RMA does not tie portfolio manager compensation to specific levels of performance relative to fixed benchmarks. Other factors that may also be significant in determining portfolio manager compensation include, without limitation, the effectiveness of the manager's leadership within RMA's investment team, contributions to the RMA's overall performance, discrete securities analysis, idea generation, and other considerations. Generally, a portfolio manager does not receive bonuses; however, in the case of Mr. Horejsi, because of his affiliation with and beneficial interest in the Horejsi Affiliates which owns RMA, he may, directly or indirectly, receive distributions of RMA's profits. In the case of Mr. Looney, in addition to an annual fixed salary and other benefits mentioned above, he receives a portion of the fees paid to RMA for providing investment supervisory and financial planning services to the RMA Private Clients.

Conflicts of interest may arise in connection with the Portfolio Managers' management of the Fund's investments. This is because Mr. Looney also serves as a portfolio manager to the RMA Private Clients. Additionally, Mr. Horejsi consults for a substantial portfolio of securities held by the Horejsi Affiliates with respect to which he may benefit. From time to time, securities may meet the investment objectives of one or any combination of the Fund, the RMA Private Clients and the Horejsi Affiliates. In such cases, the decision to recommend a purchase for one account rather than another is based on a number of factors. Allocations of investments to and among the Fund and the RMA Private Clients are made in accordance with the investment allocation policies and procedures of RMA. There is no guarantee that these policies and procedures will be able to identify and mitigate all potential conflicts of interest with respect to the investments of the Fund. Factors considered in the investment recommendations for the Fund or any other client of RMA may include the size of the portfolio, concentration of holdings, investment objectives, restrictions and guidelines, asset coverage ratios, tax considerations, purchase cost, and cash availability. It is possible that at times identical securities will be held by the Fund and one or more RMA Private Clients. However, positions in the same issue may vary and the length of time that any account may choose to hold its investment in the same issue may likewise vary.

Mr. Horejsi does not directly own any shares of the Fund. However, the Horejsi Affiliates, which include many individuals and entities that have engaged Mr. Horejsi as a financial consultant and with respect to which Mr. Horejsi is a discretionary beneficiary, hold shares of the Fund. The Horejsi Affiliates hold shares of the Fund as follows: the Ernest Horejsi Trust No. 1B holds 16,373,154 shares, the Lola Brown Trust No. 1B holds 14,412,317 shares, the Susan L. Ciciora Trust holds 5,472,675 shares, the Stewart West Indies Trust holds 1,130,866 shares, the Mildred B. Horejsi Trust holds 5,543,695 shares, the Stewart R. Horejsi Trust No. 2 holds 2,411,987 shares, the Ellen O. Cooper Trust No. 1 holds 3,425 shares, Ellen O. Horejsi owns 57,165 shares, and Susan L. Ciciora owns 39,560 shares.

Because of Mr. Horejsi's advisory or familial role with respect to these Horejsi Affiliates, Mr. Horejsi may be deemed to have indirect beneficial ownership of their respective shares which in the aggregate have a dollar range in excess of \$1 million.

Mr. Looney owned 62,858 shares of the Fund as of November 30, 2018 with an aggregate value of between \$500,001 - \$1,000,000.

On August 9, 2017, the Fund announced its reaffirmation of its share buyback program. Under the program, the Fund's sub-adviser, RMA, has the authority (but not the obligation) to repurchase the Fund's common stock in the open market when shares are trading at a discount to net asset value. RMA is authorized to use its discretion in repurchasing shares when market conditions warrant. The timing, manner, price, and amount of any share repurchases will be determined by RMA in its discretion, based on the foregoing as well as applicable legal and regulatory requirements and other factors, including the guidelines specified in Rule 10b-18 of the Securities Exchange Act of 1934, as amended. The program may be suspended, extended, modified, or discontinued at any time.

Each of the purchases in the table above have been made pursuant to the share buyback program described above.

Item 10. Submission of Matters to a Vote of Security Holders.

No material changes to the procedures by which the stockholders may recommend nominees to the Registrant's Board of Directors have been implemented after the Registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407) (as required by Item 22(b)(15) of Schedule 14A (17 CFR 240.14a-101)), or this Item.

Item 11. Controls and Procedures.

(a) The Registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "**1940 Act**") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).

(b) There were no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12. Disclosure of Securities Lending Activities for Closed-End Management Investment Companies.

No income was received by the Fund from securities lending activities in the period covered by this report. Pursuant to the Fund's prior Liquidity Agreement with State Street, any securities lending activity completed reduced the cost of its credit facility provided by State Street. As of November 16, 2018 the Fund terminated its Liquidity Agreement.

Item 13. Exhibits.

(a)(1) Code of Ethics, or any amendment thereto, that is the subject of disclosure required by Item 2 is attached hereto.

(a)(2) Certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto as Exhibits 99.302(i) CERT.

(a)(3) Not applicable.

(a)(4) Not applicable.

(b) Certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto as Exhibit 99.906 CERT.

Pursuant to the Securities and Exchange Commission's Order granting relief from Section 19(b) of the Investment Company Act of 1940 dated November 17, 2008, the 19(a) Notices to Beneficial Owners is attached hereto as Exhibit 13(c).
