SUBJECT TO COMPLETION, DATED APRIL 1, 2019

PROSPECTUS

2,768,285 Shares of Common Stock

This Prospectus relates to the resale of up to: (1) 2,618,285 shares of NovaBay Pharmaceuticals Inc.'s (the "Company") common stock, par value \$0.01 per share (the "Common Stock"), issuable to Triton Funds LP, a Delaware limited partnership ("Triton LP") pursuant to a Common Stock Purchase Agreement (the "Purchase Agreement") by and between the Company and Triton LP, dated March 29, 2019 and (2) 150,000 shares of Common Stock issued to Triton Funds, LLC, an affiliate of Triton LP ("Triton LLC", collectively with Triton LP, the "Selling Stockholders"), pursuant to the letter agreement (the "Letter Agreement") by and between the Company and Triton LLC, dated March 29, 2019.

The Purchase Agreement permits the Company to sell to Triton LP up to \$3,000,000 of Common Stock at 90% of the lowest trading price of the Common Stock during the five trading days prior to the applicable closing date when the Company exercises its put option for such sale(s), until December 31, 2019 or until \$3,000,000 of such Common Stock have been sold to Triton LP. The Selling Stockholders may sell all or a portion of the Common Stock being offered pursuant to this Prospectus at the prevailing market prices at the time of sale or at negotiated prices. We will not receive any proceeds from the sale of shares of the Common Stock by the Selling Stockholders. However, we will receive proceeds from the sale of shares of Common Stock pursuant to the Company's right to sell Common Stock to Triton LP, but we will not receive proceeds from the shares of Common Stock issued to Triton LLC.

The total amount of shares of Common Stock which may be sold pursuant to this Prospectus would constitute approximately 13.9% of the Company's issued and outstanding Common Stock as of April 1, 2019, assuming that the Company had issued all the 2,618,285 shares to Triton LP.

Each of the Selling Stockholders is deemed to be an "underwriter" within the meaning of the Securities Act of 1933, as amended (the "Securities Act") and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any

commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

The Company's Common Stock is subject to quotation on the NYSE American under the symbol "NBY." On March 29, 2019, the last reported sales price for the Company's Common Stock was \$1.20 per share. We urge prospective purchasers to obtain current information about the market prices of the Common Stock. We will pay for expenses of this offering, except that the Selling Stockholders will pay any broker discounts or commissions or equivalent expenses and expenses of their legal counsel applicable to the sale of their shares.

The prices at which the Selling Stockholders may sell the shares of Common Stock in this Offering will be determined by the prevailing market price for the shares of Common Stock or in negotiated transactions.

As of April 1, 2019, the aggregate market value of our outstanding Common Stock held by non-affiliates was approximately \$3.3 million, based on 17,239,304 shares of outstanding Common Stock, of which approximately 5,300,972 shares are held by non-affiliates, and a per share price of \$1.88, based on the closing sale price of our Common Stock on January 31, 2019. As of the date hereof, excluding the securities to be sold in this offering, we have not sold any of our Common Stock pursuant to General Instruction I.B.6 of Form S-3 during the prior 12 calendar month period that ends on and includes the date hereof.

Overview

NovaBay Pharmaceuticals, Inc. is a medical device company predominately focused on eye care. We are currently focused primarily on commercializing Avenova®, a prescription product sold in the United States for cleansing and removing foreign material including microorganisms and debris from skin around the eye, including the eyelid.

Avenova is an eye care product formulated with our proprietary, stable and pure form of hypochlorous acid. Avenova has proven in laboratory testing to have broad antimicrobial properties as a preservative in solution as it removes foreign material including microorganisms and debris from the skin on the eyelids and lashes without burning or stinging.

Our overall business strategy remains the same since November 2015, when we restructured our business to focus our resources on growing sales of Avenova in the United States. However, the Company recently announced a refocus to strategically shift its commercialization strategy to focus on high performing territories and territories identified as having significant prescription volume potential along with favorable health plan coverage while continuing to focus on contracting with additional mail-order pharmacies as channel partners. Our current three-part business strategy is comprised of: (1) focusing our resources on growing the U.S. commercial sales of Avenova, including implementation of a new sales and marketing strategy intended to increase product margin and profitability; (2) maintaining low expenses and continuing to optimize sales force efficiency, including strategic geographical reach and efforts directed to maintain and increase insurance reimbursement for Avenova; and (3) seeking additional sources of revenue through partnering, divesting and/or other means of monetizing non-core assets in urology, dermatology, and wound care.

Pursuant to our business strategy, we have developed additional products containing our proprietary, stable and pure form of hypochlorous acid, including NeutroPhase® for the wound care market and CelleRx® for the dermatology market. Since the launch of NeutroPhase in 2013, we have established U.S. distribution partners and an international

distribution partner in China. We currently do not sell or distribute CelleRx, although we are looking into several distribution possibilities.

Avenova, NeutroPhase, and CelleRx are medical devices cleared by the U.S. Food and Drug Administration ("FDA") under the Food and Drug Administration Act Section 510(k). The products are intended for use under the supervision of healthcare professionals for the cleansing and removal of foreign material, including microorganisms and debris. For wound treatment, NeutroPhase® is also intended for use under the supervision of healthcare professionals for moistening absorbent wound dressings and cleansing minor cuts, minor burns, superficial abrasions and minor irritations of the skin. It is also intended for moistening and debriding acute and chronic dermal lesions.

RISK FACTORS

Investing in our common stock involves a high degree of risk. Before deciding whether to invest in our common stock, you should consider carefully the risks and uncertainties described under the heading “Risk Factors” contained in the applicable prospectus supplement and any related free writing prospectus, and discussed under the section entitled “Risk Factors” contained in our most recent Annual Report on Form 10-K, as well as any amendments thereto reflected in subsequent filings with the SEC, which are incorporated by reference into this prospectus in their entirety, together with other information in this prospectus, the documents incorporated by reference and any free writing prospectus that we may authorize for use in connection with this offering.

The risks described in these documents are not the only ones we face, but those that we consider to be material. There may be other unknown or unpredictable economic, business, competitive, regulatory or other factors that could have material adverse effects on our future results. Past financial performance may not be a reliable indicator of future performance, and historical trends should not be used to anticipate results or trends in future periods. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment. Please also read carefully the section below entitled “Special Note Regarding Forward-Looking Statements.”

Special NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents we have filed with the SEC that are incorporated by reference contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934 (the “Exchange Act”). These statements relate to future events or to our future operating or financial performance and involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forward-looking statements.

In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “could,” “would,” “expect,” “plans,” “anticipates,” “believes,” “estimates,” “projects,” “predicts,” “potential” and similar expressions intended to identify forward-looking statements. These statements reflect our current views with respect to future events and are based on assumptions and are subject to risks and uncertainties. Given these uncertainties, you should not place undue reliance on these forward-looking statements.

We discuss in greater detail many of these risks under the heading “Risk Factors” contained in any applicable prospectus supplement or free writing prospectuses we may authorize for use in connection with a specific offering, and in our

most recent annual report on Form 10-K, as well as any amendments thereto reflected in subsequent filings with the SEC, which are incorporated by reference into this prospectus in their entirety. Also, these forward-looking statements represent our estimates and assumptions only as of the date of the document containing the applicable statement. Unless required by law, we undertake no obligation to update or revise any forward-looking statements to reflect new information or future events or developments. Thus, you should not assume that our silence over time means that actual events are bearing out as expressed or implied in such forward-looking statements. You should read this prospectus, any applicable prospectus supplement, together with the documents we have filed with the SEC that are incorporated by reference and any free writing prospectus that we may authorize for use in connection with this offering completely and with the understanding that our actual future results may be materially different from what we expect. We qualify all of the forward-looking statements in the foregoing documents by these cautionary statements.

USE OF PROCEEDS

We will not receive any proceeds from the sale of shares of our Common Stock by the Selling Stockholders and we will not receive proceeds from the shares of Common Stock issued to Triton LLC. However, we will receive proceeds from the sale of shares of Common Stock pursuant to the Company's right to sell Common Stock to Triton LP. We will use these proceeds for general corporate and working capital purposes, including selling, general and administrative expenses.

We will pay for expenses of this offering, except that the Selling Stockholders will pay any broker discounts or commissions or equivalent expenses and expenses of their legal counsel applicable to the sale of their shares.

DETERMINATION OF THE OFFERING PRICE

The Selling Stockholders may sell their shares on the NYSE American or otherwise, at market prices prevailing at the time of sale, at prices related to the prevailing market price, or at negotiated prices. We will not receive any proceeds from the sale of Common Stock by the Selling Stockholders.

DILUTION

The resale of our Common Stock will have a dilutive impact on the purchasers in this offering.

Purchase Agreement with Triton LP

On March 29, 2019, we entered into the Purchase Agreement with Triton LP. Pursuant to the terms of the Purchase Agreement, Triton LP, an institutional investor, committed to purchase up to \$3,000,000 of our Common Stock until December 31, 2019 or until \$3,000,000 of Common Stock have been sold to Triton LP. The Company may deliver a purchase notice to Triton LP which states the number of shares of Common Stock that the Company intends to require Triton LP to purchase from us on a date specified in such notice. The purchase price per share to be paid by Triton LP will be 90% of the lowest trading price of the Common Stock during the five trading days prior to the applicable closing date. As a result, the lower our stock price is at the time we exercise our put option, the more shares of our Common Stock we will have to issue to Triton LP pursuant to the Purchase Agreement.

In connection with the Purchase Agreement, we also entered into a Registration Rights Agreement, dated March 29, 2019, with Triton LP, pursuant to which we agreed to use our best efforts to file with the Securities and Exchange Commission a registration statement, covering the resale of up to 3,000,000 shares of our Common Stock underlying the Purchase Agreement, by April 5, 2019. Additionally, pursuant to the terms and conditions of the Letter Agreement, we agreed to register for resale 150,000 shares of Common Stock issued to Triton LLC.

The shares being offered pursuant to this Prospectus would represent approximately 13.9% of the shares issued and outstanding as of April 1, 2019, assuming that the Company had issued all the 2,618,285 shares to Triton LP. The

number of shares of Common Stock subject to any purchase notice, plus any shares of Common Stock then owned by Triton LP, shall not exceed a beneficial ownership limitation of 9.99% outstanding immediately after giving effect to the issuance of shares of Common Stock issuable pursuant to a purchase notice.

At an assumed purchase price of \$0.954 (equal to 90% of the lowest trading price of our Common Stock of \$1.06 on March 28, 2019), we will receive approximately \$2,443,441 in net proceeds (after deduction of approximately \$54,403 in offering expenses), assuming the sale of all 2,618,285 shares of our Common Stock pursuant to the Purchase Agreement with Triton LP. We will not receive any proceeds from the sale of the 150,000 shares of common stock issued to Triton LLC.

Dilution

Existing stockholders of our Common Stock in the offering will experience an immediate increase in the net tangible book value per share of our Common Stock. Our net tangible book value as of December 31, 2018, was approximately \$4,953,807, or \$0.29 per share of our Common Stock (based upon 17,089,304 shares of our Common Stock outstanding on December 31, 2018). Net tangible book value per share is equal to our total net tangible book value, which is our total tangible assets less our total liabilities divided by the number of shares of our outstanding Common Stock. Increase per share equals the difference between the amount per share paid by purchasers of shares of Common Stock in the rights offering and the net tangible book value per share of our Common Stock immediately after the rights offering.

Based on the aggregate offering of a maximum of 2,618,285 shares and an assumed purchase price of \$1.20 (equal to the average of the high and low prices of our Common Stock on March 29, 2019) and the application of the estimated \$2,443,441 of net proceeds from the offering, our pro forma net tangible book value as of December 31, 2018, net of offering expenses of approximately \$54,403, would be \$7,397,248 or \$0.37 per share. This represents an immediate increase in net tangible book value to existing stockholders of \$0.08 per share and an immediate dilution of \$0.83 to purchasers in this offering, as illustrated in the following table:

Assumed purchase price per share in this offering	\$ 1.20
Net tangible book value per share as of December 31, 2018	\$0.29
Increase in net tangible book value per share attributable to this offering	\$0.08
Adjusted net tangible book value per share as of December 31, 2018, after giving effect to the offering	\$0.37
Dilution per share in this offering	\$0.83

The Company has the right, but not the obligation, to sell shares of our Common Stock to Triton LP under the Purchase Agreement and Triton LP will, in turn, sell such shares to investors in the market at the market price. This may cause our stock price to decline, which will require us to issue increasing numbers of Common Stock to Triton LP to raise the same amount of funds, as our stock price declines.

The proceeds received from any Common Stock issued to Triton LP under the Purchase Agreement will be used for general corporate and working capital purposes, including selling, general and administrative expenses.

SELLING SECURITY HOLDERS

This Prospectus relates to the resale of up to 2,618,285 shares of Common Stock issuable to Triton LP and 150,000 shares of Common Stock issued to Triton LLC. Assuming the Company exercises our put option with Triton LP, Triton LP may offer and sell, from time to time, any or all of the 2,618,285 shares of our Common Stock, or Triton LLC may offer and sell, from time to time, any or all of the 150,000 shares issued to Triton LLC under the Purchase Agreement and Letter Agreement, respectively.

The following table sets forth certain information regarding the beneficial ownership of shares of Common Stock by the Selling Stockholders as of April 1, 2019 and the number of shares of our Common Stock being offered pursuant to this Prospectus. Unless otherwise indicated in the footnotes to the table below, we believe that each Selling Stockholder will have sole voting and investment powers over its shares.

Edgar Filing: NovaBay Pharmaceuticals, Inc. - Form S-3

Because the Selling Stockholders may offer and sell all or only some portion of the 2,768,285 shares of our Common Stock being offered pursuant to this Prospectus, the numbers in the table below representing the amount and percentage of these shares of our Common Stock that will be held by the Selling Stockholders upon termination of the offering are only estimates based on the assumptions that, in the case of Triton LP, the Company exercises our put option, and for both of the Selling Stockholders that they will sell all of their shares of our Common Stock being offered in the offering.

Name of Selling Stockholder	Shares Owned by Selling Stockholders before the Offering ⁽¹⁾	Total Shares Offered in the Offering	Number of Shares to Be Owned by Selling Stockholders After the Offering and Percent of Total Issued and Outstanding Shares ⁽¹⁾
Triton Funds LP ⁽³⁾⁽⁴⁾	0	2,618,285	0
Triton Funds, LLC ⁽³⁾⁽⁴⁾	150,000	150,000	0

- Beneficial ownership is determined in accordance with Securities and Exchange Commission rules and generally includes voting or investment power with respect to shares of Common Stock. Shares of Common Stock subject to
- (1) options and warrants currently exercisable, or exercisable within 60 days, are counted as outstanding for computing the percentage of the person holding such options or warrants but are not counted as outstanding for computing the percentage of any other person.
 - (2) We have assumed that in the case of Triton LP, the Company exercises our put option, and for both of the Selling Stockholders that they will sell all of their shares of our Common Stock being offered in the offering.
 - (3) Yash Thukral, Sam Yaffa, and Nathan Yee have the voting and dispositive power over the shares prospectively to be owned by Triton Funds LP and the shares held by Triton LLC.
 - (4) As of April 1, 2019, Triton LP held 0 shares of our Common Stock pursuant to the Purchase Agreement and Triton LLC held 150,000 shares issued under the Letter Agreement.

The Selling Stockholders have not held any position or office, or other material relationship with us or any of our affiliates over the past three years.

To our knowledge, the Selling Stockholders are not broker-dealers or affiliates of a broker-dealer. We may require the Selling Stockholders to suspend the sales of the shares of our Common Stock being offered pursuant to this Prospectus upon the occurrence of any event that makes any statement in this Prospectus or the related registration statement untrue in any material respect or that requires the changing of statements in those documents in order to make statements in those documents not misleading.

PLAN OF DISTRIBUTION

This Prospectus relates to the resale of up to 2,618,285 shares of Common Stock issuable to Triton LP pursuant to the Company's right to sell Common Stock to Triton LP under the Purchase Agreement. The Purchase Agreement permits the Company to sell up to \$3,000,000 in shares of our Common Stock to Triton LP at 90% of the lowest trading price of the Common Stock during the five trading days prior to the applicable closing date when the Company exercises its put option for such sale(s), until December 31, 2019 or until \$3,000,000 of Common Stock have been called. Additionally, pursuant to the terms and conditions of the Letter Agreement, we are registering for resale 150,000 shares of common stock issued to Triton LLC.

At an assumed purchase price under the Purchase Agreement of \$0.954 (equal to 90% of the lowest trading price of our Common Stock of \$1.06 on March 28, 2019), we will be able to receive up to approximately \$2,443,441 in net proceeds (after deduction of approximately \$54,403 in offering expenses), assuming the sale of the entire 2,618,285 shares of Common Stock being registered hereunder pursuant to the Purchase Agreement. As of April 1, 2019, the Company is limited in the amount it may register on this Form S-3 to 2,768,285 shares of Common Stock under the rules of the Securities and Exchange Commission. At an assumed purchase price of \$0.954 (equal to 90% of the lowest trading price of our Common Stock of \$1.06 on March 28, 2019) under the Purchase Agreement, we would be required to register 526,369 additional shares to obtain the \$3,000,000 under the Purchase Agreement. Due to the

floating offering price, we are not able to determine the exact number of shares that we will issue under the Purchase Agreement.

The Selling Stockholders may, from time to time, sell any or all of their shares of Common Stock on any market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The Selling Stockholders may use any one or more of the following methods when selling shares:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits the purchaser;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal;
- facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for their account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- broker-dealers may agree with the Selling Stockholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell securities under Rule 144 under the Securities Act, if available, rather than under this Prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

Triton LP and Triton LLC are underwriters within the meaning of the Securities Act and any broker-dealers or agents that are involved in selling the shares may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. We are required to pay certain fees and expenses incurred by us incident to the registration of the securities.

The Selling Stockholders will be subject to the Prospectus delivery requirements of the Securities Act, including Rule 172 thereunder.

The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the Common Stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of securities of the Common Stock by the Selling Stockholders or any other person. We will make copies of this Prospectus available to the Selling Stockholders and will inform them of the need to deliver a copy of this Prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 50,000,000 shares of common stock, \$0.01 par value per share, and 5,000,000 shares of preferred stock, \$0.01 par value per share. A description of material terms and provisions of our amended and restated certificate of incorporation and bylaws affecting the rights of holders of our capital stock is set forth

below. The description is intended as a summary and is qualified in its entirety by reference to our amended and restated certificate of incorporation and the bylaws. As of April 1, 2019, we had 17,239,304 shares of Company common stock outstanding, and no shares of preferred stock outstanding.

On December 18, 2015, we effected a 1-for-25 reverse stock split and 25 shares of our outstanding common stock decreased to one share of common stock. Similarly, the number of shares of common stock issuable upon the exercise of outstanding stock options or warrants, or upon the vesting of outstanding restricted stock units, decreased on a 1-for-25 basis and the exercise price of each outstanding option and warrant increased proportionately.

Common Stock

Dividend rights. Subject to preferences that may apply to shares of preferred stock outstanding at the time, the holders of outstanding shares of our Common Stock are entitled to receive dividends out of funds legally available if our Board of Directors (the “Board”), in its discretion, determines to issue dividends and then only at the times and in the amounts that our Board may determine.

Voting rights. Each holder of common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Our amended and restated certificate of incorporation does not provide for the right of stockholders to cumulate votes for the election of directors. Our amended and restated certificate of incorporation establishes a classified Board, divided into three classes with staggered three-year terms. Only one class of directors is elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms.

No preemptive or similar rights. Our common stock is not entitled to preemptive rights and is not subject to conversion, redemption or sinking fund provisions. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of any series of our preferred stock that we may designate and issue in the future.

Right to receive liquidation distributions. Upon our dissolution, liquidation or winding-up, the assets legally available for distribution to holders of our common stock are distributable ratably among the holders of our common stock, subject to prior satisfaction of all outstanding debt and liabilities and the preferential rights and payment of liquidation preferences, if any, on any outstanding shares of our preferred stock.

The rights of the holders of our common stock are subject to, and may be adversely affected by, the rights of holders of shares of any preferred stock that we may designate and issue in the future.

Anti-takeover effects of provisions of our certificate of incorporation and bylaws and Delaware law

Amended and restated certificate of incorporation and bylaws. Our amended and restated certificate of incorporation provides that our Board is divided into three classes with staggered three-year terms. Only one class of directors is elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Because holders of our common stock do not have cumulative voting rights in the election of directors, stockholders holding a majority of the shares of common stock outstanding are able to elect all of our directors. Our Board is able to elect a director to fill a vacancy created by the expansion of the Board or due to the resignation or departure of an existing board member. Our amended and restated certificate of incorporation and bylaws also provide that all stockholder actions must be effected at a duly called meeting of stockholders and not by written consent, and that only the Board pursuant to a resolution adopted by a majority of the total number of authorized directors may call a special meeting of stockholders. In addition, our bylaws include a requirement for the advance notice of nominations for election to the Board or for proposing matters that can be acted upon at a stockholders' meeting. Our amended and restated certificate of incorporation provides for the ability of the Board to issue, without stockholder approval, up to 5,000,000 shares of preferred stock with terms set by the Board, which rights could be senior to those of our common stock. Our amended and restated certificate of incorporation and bylaws also provides that approval of at least 66-2/3% of the shares entitled to vote at an election of directors will be required to adopt, amend or repeal our bylaws, or repeal the provisions of our amended and restated certificate of incorporation regarding the election of directors and the inability of stockholders to take action by written consent in lieu of a meeting.

The foregoing provisions make it difficult for minority holders of our common stock to replace our Board. In addition, the authorization of undesignated preferred stock makes it possible for our Board to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of our company.

Section 203 of the Delaware General Corporation Law

We are subject to the provisions of Section 203 of the Delaware General Corporation Law regulating corporate takeovers. This section prevents some Delaware corporations from engaging, under some circumstances, in a business combination, which includes a merger or sale of at least 10% of the corporation's assets with any interested stockholder, meaning a stockholder who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of the corporation's outstanding voting stock, unless:

the transaction is approved by the Board prior to the time that the interested stockholder became an interested stockholder;

upon consummation of the transaction which resulted in the stockholder's becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or

at or subsequent to such time that the stockholder became an interested stockholder, the business combination is approved by the Board and authorized at an annual or special meeting of stockholders by at least two-thirds of the outstanding voting stock which is not owned by the interested stockholder.

A Delaware corporation may “opt out” of these provisions with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or bylaws resulting from a stockholders’ amendment approved by at least a majority of the outstanding voting shares. We do not plan to “opt out” of these provisions. The statute could prohibit or delay mergers or other takeover or change in control attempts and, accordingly, may discourage attempts to acquire us.

Under the Delaware General Corporation Law, no director will be personally liable to the Registrant or the Registrant's stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

the rights conferred in the amended and restated bylaws are not exclusive.

The Registrant has entered into indemnification agreements with each of the Registrant's directors and executive officers that require the Registrant to indemnify these persons all direct and indirect costs of any type or nature whatsoever, including attorney's fees, witness fees, and other out-of-pocket costs of whatever nature, incurred by the director or officer in any action or proceeding, whether actual, pending or threatened, subject to certain limitations, to which any of these people may be made a party by reason of the fact that he or she is or was a director or an executive officer of the Registrant or is or was serving or at any time serves at the request of the Registrant as a director, officer, employee or other agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a posteffective amendment will be filed to set forth the terms of such offering.

(h)(3) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(j) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.
