## EXPLANATORY NOTE

We are filing this Amendment No. 1 of Form 10-K/A (the “Amendment”) to our annual report on Form 10-K for the fiscal year ended December 31, 2011 (the “Original Report”) to revise Item 9A (Controls and Procedures) and Item 15 (Exhibits). Except as otherwise reflected below, this Amendment speaks as of the filing date of the Original Report and does not reflect events that may have occurred subsequent to the filing of the Original Report.

### Item 9A. Controls and Procedures.

(a) Evaluation of Disclosure Controls and Procedures. The Principal Executive Officer and Principal Financial Officer evaluated the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Principal Executive Office and Principal Financial Officer concluded that the disclosure controls and procedures as of the end of the period covered by this report were effective such that the information required to be disclosed in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and (ii) accumulated and communicated to the Principal Executive Office and Principal Financial Officer to allow timely decisions regarding disclosure. A controls system cannot provide absolute assurance, however, that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Management’s Annual Report on Internal Control over Financial Reporting. Management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes of accounting principles generally accepted in the United States.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance of achieving their control objectives.

The Principal Executive Office and Principal Financial Officer evaluated the effectiveness of the Company’s internal control over financial reporting as of December 31, 2011. In making this assessment, the Principal Executive Office and Principal Financial Officer used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control — Integrated Framework. Based on this evaluation, the CEO concluded that, as of December 31, 2011, internal control over financial reporting was effective.

The financial statements of the Company for 2010 and 2011 have been audited by the independent registered public accounting firm of Ramirez Jimenez International CPA’s who were given unrestricted access to all financial records and related data, including minutes of all meetings of stockholders and the Board of Directors. This annual report does not include an attestation report from the Company’s registered public accounting firm regarding internal control over financial reporting. Management’s report was not subject to attestation by the Company’s public accounting firm pursuant to rules of the Securities and Exchange Commission that permit the Company to provide only management’s report in this annual report.

(b) Changes in Internal Control over Financial Reporting. There were no changes in the Company’s internal controls over financial reporting, known to the CEO, that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.
