1. To elect the following three Class I directors to hold office until the 2021 annual meeting of stockholders or until their successors are elected: Robert D. Johnson, Barclay G. Jones III, and Dawn M. Zier;
2. To ratify the selection, by the Audit Committee of the Board of Directors, of Ernst & Young LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2018;
3. To approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in the attached Proxy Statement pursuant to executive compensation disclosure rules under the Securities Exchange Act of 1934, as amended;
4. To hold an advisory vote on whether the advisory vote to approve the compensation of our named executive officers should be held every one, two or three years; and

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. Only stockholders who owned our common stock at the close of business on March 26, 2018 (the “Record Date”) can vote at this meeting or any adjournments or postponements thereof.

Our Board of Directors recommends that you vote “FOR” the election of the director nominees named in Proposal No. 1 of the Proxy Statement, “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm as described in Proposal No. 2 of the Proxy Statement, “FOR” the approval, on a non-binding, advisory basis, of the compensation of our named executive officers as described in Proposal No. 3 of the Proxy Statement, and “FOR” the approval, on an advisory basis, of a frequency of every ONE YEAR for future advisory votes to approve the compensation of our named executive officers as described in Proposal No. 4 of the Proxy Statement.

For our Annual Meeting, we have elected to use the internet (the “Internet”) as our primary means of providing our proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send to these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and Annual Report to Stockholders, and for voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials free of charge, if they so choose. The electronic delivery of our proxy materials will significantly reduce our printing and mailing costs and the environmental impact of the proxy materials. The Notice of Internet Availability of Proxy Materials will also provide the date, time and online location of the Annual Meeting; the matters to be acted upon at the meeting and the recommendation of the Board of Directors with regard to each matter; a toll-free number, an e-mail address and a website where stockholders can request a paper or email copy of the Proxy Statement, our Annual Report to Stockholders and a form of proxy relating to the Annual Meeting; information on how to access the form of proxy; and information on how to attend via the Internet and vote.

You are cordially invited to attend our virtual Annual Meeting, but whether or not you expect to attend (via the Internet), you are urged to vote and submit your proxy by following the voting procedures described in the Notice of Internet Availability of Proxy Materials or on the proxy card.

By Order of the Board of Directors

We need the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, present in person or represented by proxy, to hold the Annual Meeting.

THE PROXY PROCESS AND STOCKHOLDER VOTING
QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on March 26, 2018 will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 68,248,668 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on March 26, 2018, your shares were registered directly in your name with the transfer agent for our common stock, Wells Fargo Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote at the Annual Meeting or vote by proxy. Whether or not you plan to attend (via the Internet) the Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on March 26, 2018, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend (via the Internet) the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote "FOR":

the election of the following three Class I directors to hold office until our 2021 annual meeting of stockholders:

Robert D. Johnson, Barclay G. Jones III, and Dawn M. Zier;

the ratification of the selection, by the Audit Committee of the Board, of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and

the approval, on a non-binding, advisory basis, of the compensation of our named executive officers.

You are also being asked to vote for ONE YEAR, on an advisory basis, as the frequency of future advisory votes to approve the compensation of our named executive officers.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How do I vote?

You may vote by mail or follow any alternative voting procedure described on the proxy card or the Notice of Internet Availability of Proxy Materials. To use an alternative voting procedure, follow the instructions on each proxy card that you receive or on the Notice of Internet Availability of Proxy Materials.

For the election of directors, you may either vote "FOR" each of the three nominees or you may withhold your vote for any nominee you specify. For the ratification of the selection of the Company's independent auditors and the non-binding, advisory vote to approve the compensation of our named executive officers, you may vote "FOR" or "AGAINST" or abstain from voting. For the advisory vote on the frequency of the advisory vote to approve named executive officer compensation, you may choose among four options: holding the vote every one, two or three years, or abstaining.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote at the Annual Meeting. Alternatively, you may vote by proxy over the Internet or, if you properly request and receive a proxy card by mail or email, by signing, dating and returning the proxy card, over the Internet or by telephone. Whether or not you plan to attend (via the Internet) the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote via the Internet. In such case, your previously submitted proxy will be disregarded.

To vote by proxy over the Internet, follow the instructions provided in the Notice of Internet Availability of Proxy Materials or on the proxy card.

To vote by telephone, if you properly requested and received a proxy card by mail or email, you may vote by proxy by calling the toll free number found on the proxy card.

To vote by mail, if you properly requested and received a proxy card by mail or email, complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote (via the Internet) at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Who counts the votes?

Broadridge Financial Solutions, Inc. (“Broadridge”) has been engaged as our independent agent to tabulate stockholder votes. If you are a stockholder of record, and you choose to vote over the Internet or by telephone, Broadridge will access and tabulate your vote electronically. If you choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker (or its agent for tabulating votes of shares held in street name, as applicable) returns one proxy card to Broadridge on behalf of all its clients.

How are votes counted?

With respect to Proposal No. 1, the election of directors, the three nominees receiving the highest number of votes will be elected. With respect to Proposal Nos. 2, 3 and 4, the affirmative vote of the holders of a majority in voting power of the shares of common stock which are present in person or by proxy and entitled to vote on each proposal is required for approval. With respect to Proposal No. 4, the frequency of the advisory vote to approve named executive officer compensation, if none of the frequency alternatives (one year, two years or three years) receives a majority vote, the Company will consider the alternative receiving the greatest number of votes - every year, every two years or every three years - to be the frequency that stockholders approve. However, because this vote is advisory and not binding on us or the Board in any way, the Board may decide that it is in our and our stockholders' best interests to hold an advisory vote to approve named executive officer compensation more or less frequently than the option approved by our stockholders.

Brokers who hold shares in street name for the accounts of their clients may vote such shares either as directed by their clients or, in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. If your shares are held by a broker on your behalf, and you do not instruct the broker as to how to vote these shares on Proposal No. 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. With respect to Proposal Nos. 1, 3 or 4, the broker may not exercise discretion to vote on those proposals. This would be a “broker non-vote” and these shares will not be counted as having been voted on the applicable proposal. However, broker non-votes will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present. Please instruct your bank or broker so your vote can be counted.

Edgar Filing: Spirit Airlines, Inc. - Form DEF 14A

If stockholders abstain from voting, these shares will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present. Abstentions will have no effect with regard to Proposal Nos. 1 and 4, and with regard to Proposal Nos. 2 and 3, will have the same effect as an “AGAINST” vote.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 26, 2018.

2

How do I vote via Internet or telephone?

You may vote by proxy by following the instructions provided in the Notice of Internet Availability of Proxy Materials or on the proxy card. If you properly request and receive printed copies of the proxy materials by mail, you may vote by proxy by calling the toll-free number found on the proxy card. Please be aware that if you vote over the Internet or by telephone, you may incur costs such as telephone and Internet access charges, as applicable, for which you will be responsible. The Internet and telephone voting facilities for eligible stockholders of record will close at 11:59 p.m. Eastern Time on May 21, 2018. The giving of such a telephonic or Internet proxy will not affect your right to vote should you decide to attend (via the Internet) the Annual Meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

What if I return a proxy card but do not make specific choices?

If we receive a signed and dated proxy card and the proxy card does not specify how your shares are to be voted, your shares will be voted "FOR" the election of each of the three nominees for director, "FOR" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, "FOR" the approval, on a non-binding, advisory basis, of the compensation of our named executive officers, and "FOR" every "ONE" year as the frequency for the advisory vote to approve the compensation of our named executive officers. If any other matter is properly presented at the Annual Meeting, your proxy (i.e., one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must follow the instructions for voting on each Notice of Internet Availability of Proxy Materials or the proxy card that you receive by mail or email pursuant to your request, which include instructions for voting over the Internet, by telephone or by signing, dating and returning any of such proxy cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

• You may submit another properly completed proxy over the Internet, by telephone or by mail with a later date.

• You may send a written notice that you are revoking your proxy to our Secretary at 2800 Executive Way, Miramar, Florida 33025.

• You may attend (via the Internet) the Annual Meeting and vote online. Simply attending (via the Internet) the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in the proxy materials for next year's annual meeting, your proposal must be submitted in writing by December 6, 2018, to our Secretary at 2800 Executive Way, Miramar, Florida 33025; provided that if the date of that annual meeting is more than thirty (30) days before or more than sixty (60) days after the first anniversary of the Annual Meeting, the deadline will be a reasonable time before we begin to print and send our proxy materials for next year's annual meeting. If you wish to submit a proposal that is not to be included in the proxy materials for next year's annual meeting pursuant to the SEC's shareholder proposal procedures or to nominate a

director, you must do so between January 22, 2019 and February 21, 2019;

3

provided that if the date of that annual meeting is earlier than April 22, 2019 or later than July 21, 2019, you must give notice not earlier than the 120th day prior to the annual meeting date and not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our Amended and Restated Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present in person or represented by proxy at the Annual Meeting. On the Record Date, there were 68,248,668 shares outstanding and entitled to vote. Accordingly, not less than 34,124,335 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present via the Internet or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1:

ELECTION OF DIRECTORS

The Board is comprised of nine members. In accordance with our Amended and Restated Certificate of Incorporation, the Board is divided into three classes with staggered three-year terms. At each annual general meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election.

Presently, our directors are divided among the three classes as follows:

Class I directors: Robert D. Johnson, Barclay G. Jones III and Dawn M. Zier, whose terms will expire at the Annual Meeting;

Class II directors: Carlton D. Donaway, David G. Elkins and Myrna M. Soto, whose terms will expire at the annual meeting of stockholders to be held in 2019; and

Class III directors: Robert L. Fornaro, H. McIntyre Gardner, and Edward M. Christie III whose terms will expire at the annual meeting of stockholders to be held in 2020.

Any additional directorships resulting from an increase in the number of directors would be distributed among the three classes so that, as nearly as possible, each class would consist of one-third of the directors.

The division of the Board into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control.

Accordingly, Robert D. Johnson, Barclay G. Jones III and Dawn M. Zier have been nominated and each has consented to being named in this Proxy Statement and to serve as Class I directors upon their election at the Annual Meeting.

Each director to be elected will hold office until the third subsequent annual meeting of stockholders or until his successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named above. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

Directors are elected by a plurality of the votes cast at the meeting. Pursuant to the Company's corporate governance guidelines, any director nominee who receives a greater number of votes withheld from his or her election than votes for such election must submit his or her resignation for consideration by the Nominating and Corporate Governance Committee. The Board will then act after considering the Nominating and Corporate Governance Committee's recommendation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR

THE ELECTION OF EACH NAMED NOMINEE.

The following table sets forth, for the Class I nominees and our other current directors, information with respect to their ages and position/office held with the Company:

BOARD OF DIRECTORS, COMMITTEES AND CORPORATE GOVERNANCE

Stock Exchange

Since the Company's initial public offering in 2011, and throughout most of 2017, our common stock was listed on the NASDAQ Global Select Market, under the ticker symbol "SAVE." Effective December 28, 2017, the Company transferred the listing of its common stock to the New York Stock Exchange (the "NYSE"), under the same ticker symbol "SAVE."

Independence of the Board of Directors

As required under the NYSE Listed Company Manual, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by the Board. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of the NYSE, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that, with the exception of Mr. Fornaro, our CEO, and Mr. Christie, our President and CFO, all the members of the Board are independent directors, in each case within the meaning of the applicable NYSE listing standards.

As required under the NYSE rules, our independent directors meet regularly in executive sessions at which only independent directors are present.

There are no family relationships among any of our directors or executive officers.

Board Responsibilities; Risk Oversight

The Board is responsible for, among other things, overseeing the conduct of our business; reviewing and, where appropriate, approving our major financial objectives, plans and actions; and reviewing the performance of our CEO and other members of management based on, among other things, reports from the Compensation Committee. Following the end of each year, the Nominating and Corporate Governance Committee oversees the Board's annual self-evaluation, which includes a review of any areas in which the Board or management believes the Board can make a better contribution to our corporate governance, as well as a review of Board composition, the structure and membership of Board committees, and an assessment of the Board's compliance with corporate governance principles. In fulfilling the Board's responsibilities, directors have full access to our management and independent advisors. With respect to the Board's role in our risk oversight, our Audit Committee discusses with management our policies with respect to risk assessment and risk management and our significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures, while our Safety, Security and Operations Committee reviews our activities, programs and procedures on safety, security and airline operations matters and routinely assesses related risk. Moreover, the Audit and Safety, Security, and Operations Committees receive regular updates from management regarding cybersecurity matters, including the description of risks, protections and procedures. Our Audit and Safety, Security, and Operations Committees report to the full Board with respect to the foregoing matters, among others. Our Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and periodically reports to the entire Board about such risks.

Leadership Structure

We have historically separated the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board provides general guidance to the CEO, and sets the agenda for Board meetings and presides over meetings of the full Board. Mr. Gardner currently serves as our Chairman of the Board and Mr. Fornaro currently serves as our CEO. Our amended and restated bylaws provide that the independent directors may appoint a lead director from among them to perform such duties as may be assigned by the Board. In his capacity as Chairman of the Board, Mr. Gardner generally performs the functions of a lead director.

Board Committees

The Board has the following standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Safety, Security and Operations Committee. The composition and responsibilities of

10

each committee are described below. Members serve on these committees until their resignation or until otherwise determined by the Board. The Board also has provided for an ad hoc Finance Committee, which meets at the request of the Board or management. A copy of the Finance Committee charter is available on the Company's website at <http://ir.spirit.com>.

Among other matters, the Audit Committee evaluates the independent auditors' qualifications, independence and performance; determines the engagement of the independent auditors; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent auditors the results of the annual audit and the review of our quarterly financial statements; approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's engagement team as required by law; reviews our critical accounting policies and estimates; oversees our internal audit function and annually reviews the Audit Committee charter and the committee's performance. The current members of our Audit Committee are Messrs. Donaway, Johnson, and Jones, with Mr. Jones serving as the chair of the committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and the NYSE. The Board has determined that all members of the Audit Committee are financial experts as defined under the applicable rules of the SEC and thereby have the accounting and financial management expertise required under the applicable rules and regulations of the NYSE. All three members of the Audit Committee are independent directors as defined under the applicable rules and regulations of the SEC and the NYSE. The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A copy of the Audit Committee charter is available on the Company's website at <http://ir.spirit.com>.

Compensation Committee

Our Compensation Committee reviews and approves, and in some instances makes recommendations with respect to, the Company's policies, practices and plans relating to compensation and benefits of our officers and other management level employees. The Compensation Committee reviews and approves corporate goals and objectives relevant to compensation of our CEO and other executive officers. The Compensation Committee evaluates the performance of our CEO in light of those goals and objectives and, together with the other independent members of the Board, determines and approves our CEO's compensation based on such evaluation. With input from our CEO, the Compensation Committee also evaluates the performance of other officers, and sets their compensation based on such evaluations after taking into account the recommendations of our CEO. The Compensation Committee also administers the issuance of restricted stock units, performance share units and other equity-based awards under our compensation plan documents. The Compensation Committee also reviews, and makes recommendations to the Board with respect to, the form and amount of compensation of non-employee directors of the Company. The Compensation

Committee reviews and evaluates, at least annually, the performance of the Compensation Committee and its members, including compliance of the Compensation Committee with its charter. The Compensation Committee performs other functions as set forth in the Compensation Committee charter. A copy of the Compensation Committee charter is available on the Company's website at <http://ir.spirit.com>.

During 2017, the Compensation Committee continued to engage Willis Towers Watson, an independent executive compensation advisory firm originally engaged by the Compensation Committee in 2011, as the Compensation Committee's independent compensation advisor. Based on information provided by Willis Towers Watson and by Company management, in March 2018 the Compensation Committee determined that no conflict of interest currently exists with, or was raised during

2017 by the work of, Willis Towers Watson, and that Willis Towers Watson is independent considering the factors enumerated by the SEC for evaluating compensation advisor independence.

The current members of our Compensation Committee are Messrs. Elkins and Gardner and Meses. Soto and Zier, with Mr. Elkins serving as the chair of the committee. The Board has affirmatively determined that each of Messrs. Elkins and Gardner and Meses. Soto and Zier meets the definition of "independent director" for purposes of the NYSE listing rules.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for making recommendations regarding candidates for directorships, the size and composition of the Board and committee memberships. In addition, the Nominating and Corporate Governance Committee is responsible for reviewing and making recommendations to the Board concerning our corporate governance guidelines, and other corporate governance matters, and succession plans with respect to our CEO and other named executive officers. A copy of our corporate governance guidelines is available on the Company's website at <http://ir.spirit.com>.

The Nominating and Corporate Governance Committee reviews candidates for directors in the context of the current composition, skills and expertise of the Board, the operating requirements of the Company and the interests of stockholders. The Nominating and Corporate Governance Committee also takes into consideration applicable laws and regulations (including the NYSE listing standards), diversity, skills, experience, integrity, ability to make independent analytical inquires, understanding of the Company's business and business environment, willingness and availability to devote adequate time and effort to Board responsibilities and other relevant factors. The Nominating and Corporate Governance Committee may also engage, if it deems appropriate, a professional search firm, to identify candidates that possess the desired characteristics and skills. During each search, the Nominating and Corporate Governance Committee (i) assesses the Board's needs and functions; (ii) develops search specifications which are reported to, and concurred by, the full Board; (iii) convenes a search sub-committee (which generally includes all members of the Nominating and Corporate Governance Committee, the Chairman of the Board and the CEO) to conduct recruitment efforts and interviews with the director candidates; (iv) performs appropriate and necessary screenings and inquiries into the backgrounds and qualifications of possible director candidates; and lastly (v) may recommend a nominee(s) to the Board, which subsequently votes to elect the nominee(s).

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders in accordance with, and pursuant to, the advance notice procedures for nominations of directors as set forth in the Company's amended and restated bylaws. The Board believes that the procedures set forth in the Company's amended and restated bylaws are currently sufficient and that the establishment of a formal policy is not necessary.

Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board may do so by delivering, along with any updates or supplements required by the Company's amended and restated bylaws, a written recommendation, c/o the Company's Secretary, to the following address: Spirit Airlines, Inc., 2800 Executive Way, Miramar, Florida 33025 not earlier than the 120th day prior to and not later than the 90th day prior to the first anniversary of the Company's annual meeting of stockholders for the preceding year; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, such recommendation shall be delivered not earlier than the 120th day prior to the Company's annual meeting and not later than the 90th day prior to such annual meeting, or, if later, the 10th day following the day on which public disclosure of the date of such annual meeting was first made. Submissions must include the required information and follow the specified procedures set forth in the Company's amended and restated bylaws. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. The Nominating and Corporate Governance Committee will evaluate any director candidates that are properly recommended by stockholders in the same manner as it evaluates all other director candidates, as described above.

The Nominating and Corporate Governance Committee is currently comprised of Messrs. Donaway, Elkins and Jones, with Mr. Donaway serving as the chair of the committee. The Board has affirmatively determined that each of Messrs. Donaway, Elkins and Jones meets the definition of “independent director” for purposes of the NYSE listing rules. A copy of the Nominating and Corporate Governance Committee charter is available on the Company’s website at <http://ir.spirit.com>.

Non-committee members of the Board regularly attend meetings of the Safety, Security and Operations Committee. The Safety, Security and Operations Committee operates under a written charter, a copy of which is available on the Company's website at <http://ir.spirit.com>.

We encourage all of our directors and nominees for director to attend our annual meeting of stockholders; however, attendance is not mandatory. All of our current directors attended our annual meeting of stockholders in 2017.

None of our executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Executive Pay for Performance

We seek to ensure a pay-for-performance culture with well-balanced and transparent compensation policies and practices, as more fully described in the "Compensation Discussion and Analysis" section of this Proxy Statement.

Perquisites

Perquisites are not a significant part of our executive compensation program. As is common in the airline industry, senior executives and non-employee directors, and their respective immediate families, are entitled to certain travel privileges on our flights, which may be on a positive space basis. In addition, retired non-employee directors who meet certain criteria are eligible for lifetime post-retirement positive-space air travel on our airline, as more fully described in the "Non-Employee Director Compensation" section of this Proxy Statement.

Stock Ownership Guidelines for Non-employee Directors and Executives

We maintain stock ownership guidelines applicable to non-employee directors and executives, as more fully described in the "Non-Employee Director Compensation" and "Compensation Discussion and Analysis" sections of this Proxy Statement. Non-employee directors and executives are expected to meet their ownership guidelines within five years of becoming subject to the guidelines. All of our non-employee directors and executive officers who have served at least five years are currently in compliance with the guidelines.

Clawback Policy

We maintain a clawback policy, pursuant to which the Company may seek reimbursement of incentive compensation (cash and equity-based) paid to executive officers on the basis of reported financial results that were later the subject of a financial statement restatement. Reimbursement under the policy, which became effective January 1, 2014, is limited to the extent the incentive compensation would have been less had it been based on the restated financial results.

Retirement and Pension Practices

We do not provide a defined benefit pension plan or any supplemental executive retirement plan or other form of non-qualified retirement plan for our executive officers.

Corporate Governance Guidelines

The Board has adopted corporate governance guidelines to assist it in the exercise of its responsibilities and to serve the interests of the Company and its stockholders. The guidelines address areas such as Board and committee size and composition, director qualification standards and interaction with institutional investors. A copy of our corporate governance guidelines is available to security holders on the Company's website at <http://ir.spirit.com>.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that applies to all members of the Board, officers and employees, including our CEO, Chief Financial Officer and principal accounting officer. The Code of Business Conduct and Ethics addresses, among other things, issues relating to conflicts of interests, including internal reporting of violations and disclosures, and compliance with applicable laws, rules and regulations. The purpose of the Code of Business Conduct and Ethics is to deter wrongdoing, to promote honest and ethical conduct and to ensure to the greatest possible extent that our business is conducted in a legal and ethical manner. We intend to promptly disclose on our website (1) the nature of any substantive amendment to our Code of Business Conduct and Ethics that applies to our directors, officers or other principal financial officers, (2) the nature of any waiver, including an implicit waiver, from a provision of our Code of Business Conduct and Ethics that is granted to one of these specified directors, officers or other principal financial officers, and (3) the name of each person who is granted such a waiver and the date of the waiver. A copy of the Code of Business Conduct and Ethics is available on the Company's website at <http://ir.spirit.com>.

Related Party Transactions

The Board monitors and reviews any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which the Company is to be a participant, the amount involved exceeds \$120,000 and a related party had or will have a direct or indirect material interest, including purchases of goods or services by or from the related party or entities in which the related party has a material interest, indebtedness, guarantees of indebtedness and employment by us of such related party. Furthermore, the Company's directors and executive officers complete an annual questionnaire that requires them to identify and describe, among other items, any transactions that they or their respective related parties may have with the Company.

Limitation of Liability and Indemnification Related Party Transactions

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law; unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation provides that we may indemnify our directors and executive officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to indemnify our directors and executive officers to the fullest extent permitted by Delaware law and advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements to indemnify our directors, executive officers and other employees as determined by the Board. For more information, see "Certain Relationships and Related Transactions – Other Transactions" elsewhere in this Proxy Statement. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments,

finances and settlement amounts incurred by any of these individuals in any action or proceeding. We believe these limitations of liability provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation, amended and restated bylaws and indemnification agreements may discourage stockholders from bringing a lawsuit against our

directors and officers for breach of their fiduciary duty. Our amended and restated certificate of incorporation provides that any such lawsuit must be brought in the Court of Chancery of the State of Delaware. The foregoing provisions may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Securities Act"), may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

PROPOSAL NO. 2:

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2018 and is seeking ratification of such selection by our stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 1995. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our amended and restated bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

To be approved, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm must receive a “FOR” vote from the holders of a majority in voting power of the shares of common stock which are present in person or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Abstentions will have the same effect as an “AGAINST” vote for purposes of determining whether this matter has been approved. Broker non-votes will have no effect on the outcome of this proposal.

AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE YEAR ENDING DECEMBER 31, 2018.

PROPOSAL NO. 3:

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Company is soliciting stockholders for a non-binding, advisory vote on compensation programs for our named executive officers (sometimes referred to as "say on pay"). In 2012, our stockholders voted on a proposal relating to the frequency of the "say-on-pay" vote. At that time, we recommended, and our stockholders approved on an advisory, non-binding basis, an annual say-on-pay vote. We agree with our stockholders and have included this advisory (non-binding) vote on the compensation of our named executive officers for fiscal year 2017.

Our stockholders have the opportunity to vote for, against or abstain from voting on the following resolution:

"RESOLVED, that the stockholders approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement."

To be approved, this proposal must receive a "FOR" vote from the holders of a majority in voting power of the shares of common stock which are present in person or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Abstentions will have the same effect as an "AGAINST" vote for purposes of determining whether this matter has been approved. Broker non-votes will have no effect on the outcome of this proposal.

At our 2017 annual meeting of stockholders, approximately 99% of the shares voted were cast in favor of our management "say on pay" resolution. The Compensation Committee believes those voting results affirm our stockholders' support of our approach to executive compensation. The Company recommends that stockholders again approve and support the decisions pertaining to the compensation of our named executive officers and the Company's executive compensation programs.

As described in detail under the "Compensation Discussion and Analysis" section of this Proxy Statement, our compensation programs are designed to motivate our executives to create a successful company. Our philosophy is to make a significant percentage of an executive officer's compensation "at-risk" by linking it to the Company's performance. We believe that our compensation program, with its balance of short-term incentives (including annual performance bonuses) and long-term incentives (including performance-based equity awards), rewards sustained performance that is aligned with long-term stockholder interests. Stockholders are encouraged to read the "Compensation Discussion and Analysis" section of this Proxy Statement, the accompanying compensation tables and the related narrative disclosure.

Among other programs applicable to executive officers, the Company (i) does not pay tax gross-ups to its executive officers with respect to retirement, severance or change-in-control payments; (ii) maintains stock ownership guidelines as well as a clawback policy, both applicable to executive officers; and (iii) has an anti-hedging and anti-pledging policy applicable to executive officers.

This vote is non-binding. The Board and the Compensation Committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results. Unless the Board modifies its determination on the frequency of future "say on pay" advisory votes, the next "say on pay" advisory vote will be held at the 2019 annual meeting of stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR

THE APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION OF THIS PROXY STATEMENT, THE ACCOMPANYING COMPENSATION TABLES AND THE RELATED NARRATIVE DISCLOSURE.

PROPOSAL NO. 4:

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

In addition to providing stockholders with the opportunity to cast an advisory vote to approve executive compensation, the Company is providing stockholders with an advisory vote on whether the advisory vote to approve executive compensation should be held every one, two or three years.

The Board has determined that an advisory “say on pay” vote on the compensation of our named executive officers that occurs on an annual basis is the most appropriate option for the Company. Accordingly, the Board recommends that the advisory vote to approve the compensation of our named executive officers occur on a frequency of “every one year.” The Board believes that a frequency of “every one year” for an advisory “say on pay” vote will allow our stockholders to provide timely, direct input on our executive compensation philosophy, policies and practices as disclosed in the Proxy Statement each year.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining). To constitute the recommendation of the stockholders, the applicable “One year,” “Two years” or “Three years” option must receive the affirmative vote of the holders of a majority in voting power of the shares of common stock which are present in person or by proxy and entitled to vote on this proposal. However, if none of the frequency options (one year, two years or three years) receives a majority vote, we will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by our stockholders. Abstentions and broker non-votes will be counted towards a quorum but otherwise will have no effect on the outcome of this proposal.

Although this advisory vote on the frequency of the “say on pay” vote is non-binding, the Board and the compensation committee will take into account the outcome of the vote when considering the frequency of future advisory votes to approve executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR

THE OPTION OF EVERY "ONE YEAR" FOR FUTURE ADVISORY VOTES TO APPROVE EXECUTIVE COMPENSATION.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of the Record Date (March 26, 2018), information regarding beneficial ownership of our capital stock by:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our common stock;
- each named executive officer as set forth in the summary compensation table below;
- each of our directors; and
- all current executive officers and directors as a group.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, including options and warrants that are currently exercisable or exercisable within 60 days and restricted stock units that vest within 60 days. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable.

Common stock subject to stock options and warrants currently exercisable or exercisable within 60 days of the Record Date and restricted stock units that vest within 60 days of the Record Date are deemed to be outstanding for computing the percentage ownership of the person holding these options, warrants and restricted stock units and the percentage ownership of any group of which the holder is a member but are not deemed outstanding for computing the percentage of any other person.

Beneficial ownership is based on there having been 68,248,668 shares of our voting common stock outstanding as of the Record Date. Unless otherwise indicated, the address of each of the individuals and entities named below is c/o Spirit Airlines, Inc., 2800 Executive Way, Miramar, Florida 33025.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the year ended December 31, 2017, all

Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with.

NON-EMPLOYEE DIRECTOR COMPENSATION

2017 Non-Employee Director Compensation

We compensate our non-employee directors for their service on the Board, but do not pay director fees to our directors who are our employees. On February 18, 2015, based on a comprehensive review by, and recommendations from, its independent advisor, Willis Towers Watson, the Compensation Committee approved a revised non-employee director compensation plan. The revised policy, which was ratified by the full Board on February 20, 2015, provided for:

• Annual cash retainer of \$50,000, paid in quarterly installments, for each non-employee director.

• Cash meeting fees of \$1,500 for attendance at each Board or committee meeting.

• Additional retainers for the Chairman of the Board (\$70,000, split evenly between cash and restricted stock units vesting 100% in one year from grant date), Chair of the Audit Committee (\$15,000 in cash), Chair of the Compensation Committee (\$12,000 in cash) and chairs of any other standing Board committees (\$6,000 in cash per each chair).

• Annual equity-based grants for each non-employee director in the form of restricted stock units with a fair market value of \$95,000 as of grant date, vesting 100% one year from grant date. Any new non-employee director appointed after annual equity based grants have been made to incumbent directors in any year, is entitled to receive an annual equity grant of restricted stock units, prorated to reflect his or her start date, vesting 100% one year from the grant date of the annual equity based grants made to incumbent directors.

• Initial equity-based grant for any new non-employee directors of restricted stock units with a fair market value of \$20,000 as of grant date, vesting 100% one year from grant date.

No further revisions of the Company's non-employee director compensation plan were approved until August 2017, as described below.

On January 24, 2017, each of our then-serving non-employee directors received a grant of 1,697 restricted stock units with a vesting date of January 24, 2018. Also on January 24, 2017, Mr. Gardner received an additional grant of 625 restricted stock units with 100% vesting on January 24, 2018, representing 50% in value of his annual retainer as Chairman of the Board.

Our non-employee directors are reimbursed for travel and other expenses incurred for attending meetings.

Furthermore, consistent with prevailing practice in the airline industry, our incumbent non-employee directors and their immediate family members are afforded free positive-space personal air travel benefits on our airline, in our case up to a maximum value of \$5,000 per year. In addition, our retired non-employee directors who had served on the Board for a period of at least five years ended on or after June 1, 2015, are eligible for lifetime post-retirement positive-space air travel on our airline for the former non-employee director and, until the death of the former non-employee director, for his or her spouse or designated travel companion and dependent children, up to a maximum value of \$5,000 per year.

We maintain a deferral program by which each non-employee director may, at his or her election and prior to the grant date, defer settlement of 100% of his or her vested restricted stock units until the earliest of (a) 360, 720 or 1,080 days (the non-employee director must affirmatively select desired number of days); (b) a change of control; and (c) 30 days after termination of service. Prior to the 2017 grants described above, (i) Messrs. Donaway and Jones, and Ms. Zier, elected to defer settlement of 100% of their vested restricted stock units and affirmatively selected 1,080 days; while (ii) Mr. Elkins elected to defer settlement of 100% of his vested restricted stock units and affirmatively selected 720 days.

In March 2017, to conform with the revisions made to the stock ownership guidelines for the Company's executive officers (as described in more detail in the "Compensation Discussion and Analysis" section of this Proxy Statement), the Compensation Committee approved certain revisions to the stock ownership guidelines for non-employee directors. Under the revised guidelines, non-employee directors are required to meet a share ownership level with a minimum value equal to 5.0 times the base annual cash retainer payable to non-employee directors (one-third of which must be owned outright in the form of shares of our common stock). Non-Employee directors are expected to meet their ownership levels within five years of becoming subject to the guidelines. All of our non-employee directors who have served at least five years are currently in compliance with the guidelines.

2018 Non-Employee Director Compensation

In August 2017, after more than two years without any compensation increase or modification, the Compensation Committee requested an updated analysis of the terms and conditions of our non-employee director compensation policy from

22

its independent compensation advisor, Willis Towers Watson. The advisor undertook a comprehensive review of board compensation trends, including as to the form and amount of cash compensation and equity grants, chairperson retainers and stock ownership guidelines. Willis Towers Watson benchmarked the Board's compensation against both an airline peer group as well as a general industry group of similar-size companies (based on revenues), considering that the Company would be competing for director talent and experience from a variety of businesses. Although the analysis showed that the Board's compensation was generally in line with market-competitive levels among the population studied, Willis Towers Watson recommended revisions based primarily on distinguishing factors specific to the proactive service culture and oversight practices of the Board and its Committees. After careful review, the Compensation Committee approved on August 14, 2017 the revised non-employee director compensation plan recommended by Willis Towers Watson. The revised policy, which was ratified by the full Board on August 15, 2017, with an effective date of October 1, 2017, provides for:

• General annual cash retainer of \$65,000, paid in quarterly installments, for each non-employee director.

• Supplemental annual retainer, paid in quarterly installments, paid as follows:

Chairman of the Board: \$100,000 (50% in cash and 50% in restricted stock units vesting 100% in one year from grant date)

Chair of the Audit Committee: \$17,500 in cash

Chair of the Compensation Committee: \$15,000
in cash

Chair of other standing committees: \$6,000 in cash

Standing committee members, including committee chairs: \$10,000 in cash for Audit Committee members, \$7,500 for Compensation Committee members and \$5,000 in cash for other standing committees

No meeting fees will be paid except that (a) each non-employee director will be paid a fee for attendance at the eighth and any subsequent Board meeting during any calendar year; and (b) each non-employee member of a standing committee will be paid a fee for attendance at the eighth and any subsequent standing committee meeting during any calendar year. Such meeting fees, if any, will be payable in cash as follows: \$1,500 per meeting in person and \$1,000 per meeting by telephone.

Annual equity-based grants for each non-employee director in the form of restricted stock units with a fair market value of \$100,000 as of grant date, vesting 100% one year from grant date. Any new non-employee director appointed after annual equity based grants have been made to incumbent directors in any year, is entitled to receive an annual equity grant of restricted stock units, prorated to reflect his or her start date, vesting 100% one year from the grant date of the annual equity based grants made to incumbent directors.

Initial equity-based grant for any new non-employee directors of restricted stock units with a fair market value of \$20,000 as of grant date, vesting 100% one year from grant date.

Moreover, under the new 2018 non-employee director compensation policy, the cash compensation paid and the equity awards granted to any non-employee director during any calendar year may not exceed \$400,000 (or \$500,000 in the case of the Chairman of the Board) in total value, calculating the value of any such equity awards based on the grant date fair value. Under limited and extraordinary circumstances, the Compensation Committee can make exceptions to the foregoing annual limit, provided that the non-employee director receiving the additional compensation may not participate in the decision to award such compensation. The annual limit will not apply to the calendar year 2020 or any subsequent calendar year unless the Board approves an extension of the limit.

Other features of the program, namely the reimbursement for travel and other expenses incurred for attending meetings, travel benefits afforded to incumbent and retired non-employee directors, deferral program for annual equity grants, and stock ownership guidelines, all discussed above, remain unchanged for 2018.

The foregoing policy, together with the Company's stock ownership guidelines discussed above, is designed to ensure alignment with long-term stockholder interests. The policy is also designed to (i) ensure that the Company can attract

and retain outstanding director candidates, (ii) recognize the substantial time commitment necessary to oversee the affairs of the Company and (iii) support the independence of thought and action expected of directors.

On January 16, 2018, each of our then-serving non-employee directors received a grant of 2,197 restricted stock units with 100% of such grants vesting on January 16, 2019. Also on January 16, 2018, Mr. Gardner received an additional grant of 1,099 restricted stock units with 100% vesting on January 16, 2019, representing 50% in value of his annual retainer as

Chairman of the Board. Prior to grant date of these equity based awards, some directors elected to defer settlement beyond vesting, as permitted under the settlement deferral program described above.

The following table sets forth information concerning the compensation earned by our non-employee directors during the year ended December 31, 2017.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers, or NEOs, should be read together with the compensation tables and related disclosures in the "Executive Compensation" section of this Proxy Statement. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs.

Our Compensation Committee is appointed by the Board and is responsible for establishing, implementing, and monitoring adherence to our compensation philosophy. We seek to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive. In 2017, our Compensation Committee determined the compensation for our CEO and all of our other NEOs. During 2017, the Compensation Committee continued to engage Willis Towers Watson, an executive compensation advisory firm originally engaged by the Compensation Committee in 2011, as the Compensation Committee's independent compensation advisor. Based on information provided by Willis Towers Watson and by Company management, in March 2018 the Compensation Committee completed its annual review and determined that no conflict of interest currently exists with, or was raised during 2017 by the work of, Willis Towers Watson, and that Willis Towers Watson is independent considering the factors enumerated by the SEC for evaluating advisor independence.

With respect to executive compensation approved for the year 2017, the Compensation Committee based its decisions in part on comparative market data provided by Willis Towers Watson, in 2016 and 2017. The Compensation Committee also considered input provided by our CEO with respect to compensation of our other NEOs. Decisions of our Compensation Committee pertaining to the compensation of our NEOs and the Company's executive compensation programs are regularly reported to, and in many instances concurred by, the full Board. We continue to be committed to shareholder engagement, communication and transparency and when we design our compensation policies, we endeavor to ensure that management's interests are aligned with those of our stockholders and support long-term value creation. Our long-standing compensation philosophy to pay our executive officers for performance, measured against individual and Company goals, remained an integral part of our overall compensation program in 2017.

Our NEOs for 2017 were as follows:

- Robert L. Fornaro, Chief Executive Officer
- Edward M. Christie III, President and Chief Financial Officer
- John Bendoraitis, Executive Vice President and Chief Operating Officer
- Thomas C. Canfield, Senior Vice President, General Counsel and Secretary
- Rocky B. Wiggins, Senior Vice President and Chief Information Officer

In December 2017, the Board promoted Mr. Christie from Executive Vice President and Chief Financial Officer to President and Chief Financial Officer, effective January 1, 2018, and agreed that he would become President and Chief Executive Officer of the Company on January 1, 2019, succeeding Mr. Fornaro whose previously agreed upon employment term is scheduled to end on December 31, 2018. Also effective January 1, 2018, Mr. Christie joined the Board as a Class III director, with a term expiring as of the date of the Company's annual general meeting of stockholders in 2020. In connection with the foregoing actions, the Company and Mr. Christie entered into a letter agreement, dated March 15, 2018. The compensation elements in Mr. Christie's letter agreement are described below. Mr. Bendoraitis was promoted from Senior Vice President and Chief Operating Officer to Executive Vice President and Chief Operating Officer, effective December 13, 2017.

2017 Company Performance Highlights

With our ultra low-cost, low-fare business model and by empowering our price-conscious customers to save money on air travel by offering low base fares with a range of optional ancillary services and benefits, in 2017 we achieved our eleventh consecutive year of profitability. Despite continued competitive pressures and various operational challenges (including three significant weather events), we continued to improve our operational reliability and delivered solid financial results in 2017. Below are some highlights of our 2017 performance:

-

Edgar Filing: Spirit Airlines, Inc. - Form DEF 14A

Earned net income of \$420.6 million (including a \$199.3 million tax benefit as a result of the enactment of the Tax Cuts and Jobs Act of 2017).

• Achieved an operating profit margin of 14.7%.

• Ended the year with record operating revenues of \$2,647.7 million.

25

• Increased our total non-ticket revenue by 14.3% year over year, providing for a more stable revenue stream as demonstrated during periods of lower passenger ticket yields.

• Grew our passenger traffic by 14.0%, as we continued to address an underserved market with ultra-low fares.

• Maintained our adjusted cost per available seat mile ex-fuel among the lowest of any airline in the United States at 5.51 cents.

• Increased our capacity by 16.0%, as we grew our fleet of Airbus single-aisle aircraft from 95 to 112 aircraft at year end.

• As of year-end 2017, our aircraft fleet had an average age of 5.1 years, the youngest fleet of any major U.S. airline.

• Improved our on-time performance, as defined by the Department of Transportation (DOT), by 2.8% year over year, despite various unforeseen operational challenges during 2017.

• Continued our trend of lowering the number of complaints reported to the DOT on a year over year basis.

• Launched service to 36 new markets and added two new destinations: Hartford, Connecticut and Pittsburgh, Pennsylvania.

• Returned approximately \$45 million to shareholders by repurchasing approximately 1.2 million shares of Company stock.

• Ended the year with unrestricted cash, cash equivalents, and short-term investments of \$901.7 million.

• Transported over 100,000 pounds of relief supplies to Puerto Rico and other regions affected by major hurricanes during 2017.

• Approved and announced a key succession plan, whereby Mr. Christie will replace Mr. Fornaro as our CEO effective January 1, 2019.

• Moreover, in January 2018, with the assistance of the National Mediation Board, we reached a tentative agreement for a five-year contract with our pilots union. In February 2018, our pilots voted to approve the new five-year contract with the Company.

Company Performance

* The graph compares the cumulative total stockholder return on our common stock with the cumulative total return on the NASDAQ Composite Index and the NYSE ARCA Airline Index for the period beginning on December 31, 2012 and ending on December 31, 2017. The graph assumes an investment of \$100 in our stock and the two indices, respectively, on December 31, 2012, and further assumes the reinvestment of any dividends. Stock price performance, presented for the period from December 31, 2012 to December 31, 2017, is not necessarily indicative of future results.

Pay-For-Performance Alignment

As noted below, we have designed the compensation program for our executive officers to be responsive to the performance of our Company by making a high percentage of our NEOs' annual compensation "at risk" and tied to various performance metrics. In the case of awards approved in 2017, such metrics included (i) Company financial and operating metrics, used to determine payouts, if any, under our annual short-term cash incentive plan; and (ii) relative total shareholder return and relative adjusted operating margin, used to determine the settlement amount of a significant portion (60%) of our annual long-term equity-based awards, the ultimate value of which is tied directly to the value of our Company's stock price.

Consistent with the foregoing pay-for-performance philosophy, in January 2018 the Compensation Committee approved payout bonuses under the 2017 annual short-term cash incentive plan equal to 90.0% of target, as the Company generally performed above threshold but below target levels on certain financial and operating metrics, compared to a payout at 154.5% of target for 2016. The performance share units granted in 2015 to our executive officers for the 2015-2017 performance cycle settled in January 2018 with a zero payout, based on a below threshold total shareholder return rank of ten (out of a ten-member peer group). Likewise, the performance share units granted in 2014 to our executive officers for the 2014-2016 performance cycle settled in January 2017 with a zero payout based on a below threshold total shareholder return rank of ten (out of an eleven-member peer group). The foregoing payouts, both short-term and long-term, illustrate how a significant portion of our NEOs compensation is performance-based and therefore "at risk." These performance-driven payouts also demonstrate the strong alignment of our executives' interests with those of our stockholders. Moreover, the Compensation Committee consistently monitors the actual pay received by the Company's executive officers to assess the effectiveness of the pay-for-performance program and gauge the alignment of our executives' interests with those of our stockholders.

Executive Compensation Philosophy and Objectives

The market for experienced management talent is highly competitive in our industry. Airline industry consolidation, accompanied in some instances by successful bankruptcy reorganizations, has further intensified such competitiveness. Our goal is to attract, motivate and retain executives with the talent and experience necessary for us to achieve our strategic business plan and to optimally manage each of our business functions. In doing so, we draw upon a pool of talent that is highly sought after within the airline industry and elsewhere in the travel and hospitality industry. Within this talent pool, we seek individuals

who we believe will be able to contribute to our unique ultra low-cost operating model and our vision of future success, our culture and values, and who will enhance the cohesiveness and productivity of our leadership team. We regard as fundamental that executive officer compensation be structured to provide competitive base salaries and benefits to attract and retain superior employees, and to provide incentive compensation to motivate executive officers to attain, and to reward executive officers for attaining, established financial, operational and other goals that are consistent with increasing stockholder value.

Since our initial public offering in 2011, and with the input and assistance of Willis Tower Watson, our Compensation Committee has adhered to a comprehensive executive compensation program designed to provide appropriately balanced mixes of (i) fixed versus at-risk variable compensation, (ii) annual versus long-term compensation and (iii) cash versus equity-based compensation. As described below, our executive compensation program is structured around three primary components: fixed base salary, annual cash incentive compensation (bonuses) linked to performance targets and equity-based long-term incentive compensation consisting of a combination of restricted stock units (restricted stock for 2015) and performance share units.

Shareholder engagement, communication and transparency are important factors when we design our compensation policies. The Company communicates regularly with shareholders on various key matters, including executive compensation, and seeks to incorporate shareholder feedback into its executive compensation practices. In determining the form and amount of compensation payable to our NEOs, we are guided by the following three objectives and principles:

Compensation levels should be competitive to attract and retain key executives. We aim to provide an executive compensation program that attracts, motivates and retains high performance talent and rewards them for our achieving and maintaining a strong competitive position in our industry. Total compensation (i.e., maximum achievable compensation) should increase with position and responsibility.

Compensation should relate directly to performance, and incentive compensation should constitute a significant portion of total compensation. We aim to foster a pay-for-performance culture, with fixed base salary generally below market median levels and with a significant portion of total compensation being “at risk.” Accordingly, a significant portion of total compensation (both short-term and long-term) should be tied to and vary with our financial, operational and strategic performance, as well as individual performance. Executives with greater roles and the ability to directly impact our strategic goals and our financial and operational results should bear a greater proportion of the risk if these goals and results are not achieved. The amount of “at risk pay” is structured accordingly.

Long-term incentive compensation should align executives’ interests with our stockholders’ interests. Awards of long-term incentives, comprised of equity-based compensation, encourage executives to focus on achieving our long-term growth objectives and incentivize executives to manage the Company from the perspective of stockholders with a meaningful stake in us, as well as to focus on long-term career orientation.

Below is the mix of compensation elements for our NEOs in 2017, reflecting our emphasis on performance-based compensation:

Note: the compensation data for the above pie charts was determined as follows: "Base Salary" represents the salary earned and paid in 2017; "Short Term Cash Incentive" represents the cash bonuses paid under the Company's 2017 short term cash bonus program (100% performance-based) in February 2018; and "Long Term Equity Incentive" represents the aggregate grant date fair value of the equity-based grants (40% time-vested restricted stock units and 60% performance share units) awarded in 2017, except for Mr. Fornaro as described below.

* Based on actual amounts earned by Mr. Fornaro in 2017, except that his long term equity incentive represents the aggregate grant date fair value of his three-year front-loaded equity grant received in January 2016, prorated to one year (2017). Mr. Fornaro's three-year front loaded equity grant received in January 2016 was subsequently modified in March 2017 to better align Mr. Fornaro's performance share units to the performance share units awarded to other officers in 2017. The modification, described in greater detail below, provided for the exchange of (i) 18,717 performance share units based on relative total shareholder return compared to that of a peer group over a three-year period ending December 31, 2018 for (ii) 18,717 performance share units based on adjusted operating margin subject to a two-year performance cycle commencing January 1, 2017 and ending December 31, 2018.

** Based on actual amounts earned by Messrs. Bendoraitis, Canfield, Christie, and Wiggins in 2017.

What We Do and Do Not Do

WE DO

- ü Target total direct compensation for our NEOs generally at the market median (50th percentile overall)
- ü Pay for performance and, accordingly, a significant portion of each NEO's total compensation opportunity is "at risk" and dependent upon achievement of specific corporate and individual performance goals, resulting in lesser emphasis on fixed base salary
- ü Base our short-term incentive plan on multiple performance measurements, including both financial and operational metrics
- ü Complement our annual compensation to each NEO with time-based and performance-based multi-year vesting schedules and performance cycles for equity incentive awards
- ü Base any annual base salary adjustments and annual long-term equity awards to our NEOs, partially, on prior-year individual performance
- ü Select and use a peer group of similarly sized airlines to assess the compensation of our NEOs, and a peer group of publicly traded airline companies to compare and rank the Company's total shareholder return, and, starting in 2017, the Company's adjusted operating margin
- ü Maintain a clawback policy pursuant to which the Company can seek reimbursement of either cash or equity based incentive compensation in the event of a financial restatement
- ü Have stock ownership guidelines for our executives and non-employee directors
- ü Engage an independent compensation consultant to advise the Compensation Committee, which is comprised solely of independent directors
- ü Provide for minimum vesting of awards (i.e., one year following the date of grant) and maximum award limits (i.e., 1,000,000 shares for options and stock appreciation rights and 300,000 shares or \$10 million for other types of awards)
- ü Ensure that a significant portion of our non-employee director compensation consists of time-vested restricted stock units
- ü Conduct regular executive sessions of our Compensation Committee from which executives and other employees are excluded
- ü Have an annual limit on the compensation (both cash and equity-based) that may be paid to any non-employee

WE DO NOT

- û Allow hedging or pledging of Company securities
- û Encourage unnecessary or excessive risk taking as a result of our compensation policies and practices
- û Provide perquisites to our NEOs that are not generally offered to all other executives
- û Have employment agreements with any of our NEOs other than with our CEO and our President
- û Provide a defined benefit pension plan or any supplemental executive retirement plan or other form of non-qualified retirement plan for our NEOs
- û Provide for any "gross ups" for any excise taxes imposed with respect to Section 280G (change-in-control payments) or Section 409A (nonqualified deferred compensation) of the U.S. Internal Revenue Code of 1986, as amended (which we refer to as the "Code")
- û Provide for single-trigger vesting acceleration of equity-based awards upon a change in control of the Company unless the acquirer does not assume or replace such awards
- û Allow any repricing of stock options/stock appreciation rights without stockholder approval or unlimited transferability of awards
- û Have deferred compensation plans, profit-sharing plans or employee stock purchase plans

director during any calendar year

Results of 2017 Advisory Vote on Executive Compensation and Stockholder Engagement

At our annual meeting of stockholders in May 2017, our stockholders once again expressed support for our compensation programs and the compensation of our NEOs, with an approval rate of approximately 99% for our management "say on pay" resolution. The Compensation Committee carefully evaluated the results of the 2017 "say on pay" vote, and consistent with

30

recommendations from Willis Towers Watson, made no significant changes to the overall design of our compensation program during 2017.

The Company communicates regularly with shareholders on various matters, including executive compensation, and seeks to incorporate shareholder input into its executive compensation practices. The Compensation Committee will continue to take into account stockholder feedback and evolving best practices in making compensation decisions in future years and will continuously endeavor to ensure that management's interests are aligned with those of our stockholders and support long-term value creation.

Determination of Compensation

The Compensation Committee meets periodically to specifically review and determine adjustments, if any, to the CEO's compensation, including his base salary, annual bonus compensation and long-term equity awards, and to review and consider recommendations of the CEO with respect to the other NEOs' base salaries, annual bonus compensation and long-term equity awards. For 2017, as more fully described below, the Compensation Committee determined each individual component of compensation for our NEOs. Decisions of our Compensation Committee pertaining to the compensation of our NEOs and the Company's executive compensation programs are regularly reported to, and in many instances concurred by, the full Board. The Compensation Committee annually evaluates our company-wide performance against the approved operating plan for the prior fiscal year. The Compensation Committee also meets periodically to discuss compensation-related matters as they arise during the year. For each year, our CEO evaluates each other NEO's individual performance and contributions to the Company's success and reports to the Compensation Committee his recommendations regarding each element of the other NEOs' compensation. The CEO does not participate in any formal discussion with the Compensation Committee regarding decisions on his own compensation, and he recuses himself from meetings when his individual performance is evaluated and his compensation is discussed and decided.

Willis Towers Watson has worked closely with the Compensation Committee to determine an appropriate executive compensation strategy that supports our core business objectives: maintaining low costs, profitable growth, safe and reliable operations, sound cash flow and long-term value creation. In considering approaches to executive compensation, the Compensation Committee continuously reviews ways to strengthen the alignment of management's interests with the interests of shareholders, strengthen our ability to attract, motivate and retain key executive talent and design plans that account for the relatively high volatility of our industry.

In order to assist the Compensation Committee in setting appropriate compensation metrics and target amounts for 2017, Willis Towers Watson provided an updated competitive assessment of our executive compensation levels. After consideration, and based on recommendations from Willis Towers Watson, the Compensation Committee approved the following public companies as an appropriate talent-competitor peer group for compensation market comparison purposes for 2017 (the "Compensation Peer Group"):

- ✦ Alaska Air Group, Inc.
- ✦ Allegiant Travel Company
- ✦ Hawaiian Holdings Inc.
- ✦ JetBlue Airways Corporation
- ✦ Sky West Inc.
- ✦ Virgin America
- ✦ WestJet Airlines Ltd.

The Compensation Peer Group was the same peer group used in 2016 with the exception of Virgin America which was subsequently removed as a result of the consummation of its merger with Alaska Air Group, Inc. (as described in more detail below). The selection of companies for the Compensation Peer Group focused on small to medium-sized passenger carriers as an appropriate population for assessing the amounts and percentile rankings of compensation elements for NEOs, including base salaries, short-term incentives (bonuses) and long-term equity-based incentives. Data for Allegiant Travel Company's CEO (who is also a large shareholder of that company) was excluded due to particularities of that executive's pay package. Willis Towers Watson primarily used the Compensation Peer Group to assess the competitiveness of our Chief Executive Officer's, Chief Operating Officer's and Chief Commercial Officer's

compensation, as these positions would normally be recruited from other passenger airlines.

31

In assessing the compensation of our Chief Financial Officer, Chief Information Officer, and General Counsel, Willis Towers Watson used a blended approach consisting of both Compensation Peer Group proxy data and broader industries survey data, adjusted for revenue size, as these positions could also generally be recruited from companies in other industries. For its analysis prepared for 2017 compensation purposes, Willis Towers Watson used data taken from the following three executive pay surveys:

- Seabury 2015 and 2016 Airline Industry Compensation Survey;
- Willis Towers Watson 2016 Compensation Data Bank (CDB) General Industry Executive Compensation Survey; and
- William M. Mercer 2016 Executive Compensation Survey.

The data from the two general industry executive surveys reflected companies with revenues approximating the Company's last twelve months of revenues of approximately \$2 billion as of June 30, 2016. The Compensation Committee was not aware of the individual participating companies in the surveys and reviewed the data in a summarized fashion.

In October 2016, the Compensation Committee approved the following larger group of publicly traded airline companies as an appropriate investor-capital peer group for measuring total shareholder return for a portion of the performance share units awarded to our executive officers in 2017 (the "Performance Share TSR Peer Group"):

- Alaska Air Group, Inc.
- Allegiant Travel Company
- American Airlines Group, Inc.
- Delta Airlines
- Hawaiian Holdings Inc.
- JetBlue Airways Corporation
- Sky West Inc.
- Southwest Airlines
- United Continental Holdings, Inc.
- Virgin America

This broader group of airlines (including larger network carriers) was used for comparing the Company's relative total shareholder return under our performance share units, because the Company believes it competes with all other public airline companies for equity investors.

Also in October 2016, the Compensation Committee approved the same group of airline companies as an appropriate peer group for measuring the Company's performance on operating margin for a portion of the performance share units awarded to our executive officers in 2017 (the "Performance Share Op Margin Peer Group"):

- Alaska Air Group, Inc.
- Allegiant Travel Company
- American Airlines Group, Inc.
- Delta Airlines
- Hawaiian Holdings Inc.
- JetBlue Airways Corporation
- Sky West Inc.
- Southwest Airlines
- United Continental Holdings, Inc.
- Virgin America

In March 2017, the Compensation Committee considered and approved Willis Towers Watson's recommendation to remove Virgin America from the Compensation Peer Group, the Performance Share TSR Peer Group, and the Performance Share Op Margin Peer Group, due to its merger with Alaska Air Group, Inc. which was completed in early 2017.

Compensation Market Positioning

The Compensation Committee has historically approved an overall guideline of total direct compensation for our senior management generally around the market median. Within this general framework and following the recommendation of Willis Towers Watson, the Compensation Committee has approved the following compensation philosophy based on our objectives and unique business model:

Base Salary: In keeping with the objective of maintaining low fixed costs and managing cash resources, base salaries would generally be set below market median levels

Short-Term Incentive: In order to appropriately reward achievement of our annual business and financial objectives, target short-term incentives would generally be set above market median levels.

Long-Term Incentive: To incentivize profitable longer term growth, increase alignment with shareholder interests and provide for retention of key talent, target long-term equity-based incentives would generally be set slightly above market median levels.

Our executive compensation philosophy contemplates that the Compensation Committee will annually select a mix of the foregoing compensation elements intended to deliver total target direct compensation (base salary, short-term target incentive compensation and long-term target incentive compensation) for our executive officers, in the aggregate, at approximately the market 50th percentile. However, the Compensation Committee reserves discretion to deviate from the above guidelines as necessary to account for changing industry characteristics, our particular business model, individual performance and other factors. An analysis prepared by Willis Towers Watson in October 2017 indicated that, in the aggregate, our NEOs' 2017 total target direct compensation (base salary plus target cash bonus opportunity plus target equity compensation) continued to be aligned, as in prior years, with the desired pay positioning, approximating the 50th percentile of the market.

Elements of Compensation

For 2017, our performance-driven compensation program for our NEOs consisted of four components:

- base salary
- annual cash incentive program (bonus)
- equity-based long-term incentives
- benefits

We are continuing to build our executive compensation program around each of the above elements because each individual component is useful in achieving one or more of the objectives of the program and we believe that, collectively, they are effective in achieving our overall objectives.

1. **Base Salary.** We provide our NEOs and other employees with a base salary to compensate them for services rendered during the year and to provide them with a minimum level of guaranteed pay. The base salary payable to each NEO is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities. Base salary amounts are established based on consideration of, among other factors, the scope of the NEOs' responsibilities, ability to contribute to the Company's success, years of service and individual job performance and the Compensation Committee's general knowledge of the competitive market, based on, among other things, experience with other companies and our industry and market data provided by Willis Towers Watson. Effective January 1, 2017, Mr. Fornaro's annual base salary was increased to \$600,000. Effective February 1, 2017, annual base salaries were increased to \$367,000 for Mr. Bendoraitis, \$355,000 for Mr. Canfield, and \$400,000 for Mr. Christie, representing increases of 2.8%, 2.4% and 12.0%, respectively. Mr. Wiggins, who joined the Company as Senior Vice President and CIO in September 2016, did not receive a salary increase in 2017. The NEOs' 2017 base salaries are set forth under the "Summary Compensation Table" below and are prorated, when applicable, to reflect the increases.

2. Performance-based Annual Bonuses. Cash bonuses are intended to provide incentives to meet or exceed company-wide financial and operating performance objectives. All of our NEOs and other executive officers are eligible for annual cash bonuses, which are determined annually based on achievement of a set of pre-established financial and operational performance

33

metrics established for the year at or shortly after the time of the Board's approval of the annual operating plan. The determination of the amount of annual bonuses paid to our NEOs also reflects a number of considerations by the Compensation Committee acting in its discretion, including the Company's safety performance and a subjective evaluation of the individual performance of each executive officer during the relevant evaluation period. Our annual incentive bonus program is administered by the Compensation Committee. For each year, the Compensation Committee approves (i) the performance metrics; (ii) the weighting of the performance metrics; (iii) the threshold, target and stretch (maximum) performance levels for each metric and the percentage payouts for the performance levels (usually 50% for threshold, 100% for target and 200% for stretch); and (iv) the target bonus levels for officer positions, expressed as a percentage of base salaries. After the performance results for the year are available, the specific bonus payments are calculated using the formula embodied in the short-term incentive plan, and may include certain discretionary adjustments as the Compensation Committee may approve based on individual performances and other factors.

In January 2017, the Compensation Committee, considering our Company objectives and operating plan for the year 2017, adopted our 2017 short-term incentive plan for our executive officers. The Compensation Committee determined that no payments under the 2017 plan would be made unless the Company achieved a minimum level of net income of \$143.4, representing 50% of the net income forecast for 2017, as a baseline requirement. In January 2017, based on a review of benchmarking and other executive compensation data provided by Willis Towers Watson, the Compensation Committee increased the target bonus opportunity percentage for Mr. Fornaro from 100% to 125% of his base salary. Furthermore, upon Mr. Christie's promotion to Executive Vice President and Chief Financial Officer in January 2017, the Compensation Committee increased Mr. Christie's target bonus from 70% to 80% of his base salary, in consideration of his newly acquired responsibilities over the Company's commercial functions. Based on the market data, the target bonus opportunity percentages were maintained at 70% of base salary for senior vice presidents and 50% of base salary for vice presidents. Assuming the minimum net income amount was achieved, payout would be based on the Company's performance against the metrics outlined below. Tied to our 2017 operating plan, these metrics and their weightings supported our Company's focus in 2017 on profitability, on-time performance and customer experience:

Metric	Weighting	Definition
Adjusted CASM ex-fuel	50%	Operating costs less fuel and special items per available seat mile, adjusted for stage length.
Adjusted Total RASM	20%	Total operating revenues per available seat mile, adjusted for stage length.
A:14	20%	Percentage of flights that arrive at the destination gate within 14 minutes of scheduled arrival time.
DOT Complaint Rate	10%	Rate of complaints per 100,000 customers.

Payouts for each of the metrics would vary, on a linear basis as follows: \$0, if results were below the threshold performance level, 50% of target value, if results were at the threshold performance level, 100% of target value, if results were at the target performance level, and 200% of target value, if results were at or above the stretch performance level. Any payouts for performance results between the threshold and target and/or target and maximum values would be interpolated between payout points. In setting the foregoing goals and corresponding payout levels, the Compensation Committee carefully considered and scrutinized certain industry data provided by Willis Towers Watson, and approved criteria which, while considered difficult to achieve, incentivizes the Company's executive officers to deliver strong performance against our financial and operational objectives. As in prior years, the Compensation Committee also reserved discretion to reduce payouts in light of safety events occurring during the year and also to adjust for other factors it deems relevant in assessing actual performance in 2017 compared to our 2017 operating plan. The following table sets forth the target performance levels under the 2017 short-term incentive plan

metrics, the weighting of the performance metrics, the actual performance results under each metric and the resulting payout percentages.

Metric and Weight	Target Level – 100% Payout	Actual 2017 Results	Payout Percentage	
CASM ex-fuel (50% weight)	5.45 cents	5.53 cents	31.8	%
Total RASM (20% weight)	9.31 cents	8.99 cents	10.3	%
A:14 (20% weight)	N/A	(1)N/A	(1)24.1	%
DOT Complaint Rate (10% weight)	N/A	(2)N/A	(2)7.9	%
		Total Achieved (% of target)	74.1	%

(1) Payout for the A:14 metric is calculated based on a weighted blend of performance results between the Company's annual A:14 ranking (according to DOT reporting) and annual A:14 performance percent achievement. In January 2018, after considering the Company's A:14 ranking and performance percent achievement, the Compensation Committee approved a metric payout percentage of 120.4% of target.

(2) Payout for the DOT complaint rate metric is calculated based on the Company's DOT complaint rate average monthly performance against a performance target of 4.5 DOT complaints per 100,000 customers. In January 2018, after considering the Company's performance results against the DOT complaint rate target, the Compensation Committee approved a metric payout percentage of 79.1% of target.

In January 2018, the Compensation Committee considered the Company's performance under the metrics selected for 2017, namely adjusted CASM ex-fuel, adjusted total RASM, A:14 and DOT complaint rate. The resulting payout level equaled 74.1% of target bonus opportunity, as the Company performed above target level on A:14, yet below target levels on adjusted CASM-ex fuel, adjusted total RASM and DOT complaint rate. As stated above, the Company endured some unforeseen operational challenges during 2017, namely the pilot labor disruptions in May and June and the unusually severe weather events during the summer/fall hurricane season. Before and after these operational challenges, the Company achieved exceptional A:14 performance, and continued to improve its net promoter score (a tool used to gauge customer loyalty) and the overall trend of lowering the number of complaints reported to the DOT on a year over year basis. Considering that the Company's performance on all four metrics would have been higher but for the operational challenges mentioned above, and recognizing management's lack of control over such events, and effective response to them, the Compensation Committee approved a discretionary adjustment that increased the payout level from 74.1% to 90% of annual target bonus opportunity. In approving this discretionary adjustment, the Compensation Committee recognized and rewarded management for initiatives and efforts that effectively protected the Company against significantly greater losses. The Compensation Committee also reviewed the Company's safety performance during 2017 and considered individual performance of Company officers, after receiving input from the CEO. In approving the 2017 annual cash bonus for the CEO, the Compensation Committee met in executive session and also considered individual performance factors. Accordingly, all bonuses were based on application of the 90% formulaic payout for 2017 to the executives' respective target bonus opportunity percentages as indicated below. Based on the foregoing, the Compensation Committee approved annual cash bonuses with respect to 2017 as follows:

Named Executive Officers	2017 Target Bonus (as a percentage of Base Salary)		2017 Cash Bonus		2017 Cash Bonus		
			Payout (as a percentage of 2017 Target Cash Bonus)	Earned 2017 Cash Bonus (\$)	Payout (as a percentage of 2017 Earned Salary) (\$)		
Robert L. Fornaro (CEO)	125	%	90	%	675,000	112.5	%
Edward M. Christie III (President) (1)	80	%	90	%	285,420	72	%
John Bendoraitis (EVP) (2)	70	%	90	%	230,684	63	%
Thomas C. Canfield (SVP)	70	%	90	%	223,219	63	%
Rocky B. Wiggins (SVP)	70	%	90	%	211,049	63	%

(1) Mr. Christie was promoted from SVP and CFO to EVP and CFO, effective January 23, 2017. For the year 2017, his target bonus was increased from 70% to 80% of his base salary to reflect his EVP position. Mr. Christie was promoted from EVP and CFO to President and CFO, effective January 1, 2018.

(2) For the year 2017, Mr. Bendoraitis' target bonus was 70% of his base salary, reflecting his SVP position. Mr. Bendoraitis was promoted from SVP and COO to EVP and COO, effective December 13, 2017.

Also in January 2018, after considering the efficacy of, and incentives created by, the 2017 short-term incentive plan, the Compensation Committee approved a short-term incentive plan for 2018 with the same performance metrics and weightings as in 2017 (i.e., adjusted CASM ex-fuel, adjusted total RASM, or TRASM, A:14 and a DOT complaint rate based on reported

customer complaints to the DOT, with weightings of 50%, 20%, 20% and 10%, respectively). As in 2017, payout for each of the metrics would vary, on a linear basis as follows: \$0, if results were below the threshold performance level; 50% of target value, if results were at the threshold performance level; 100% of target value, if results were at the target performance level; and 200% of target value, if results were at or above the stretch performance level. Any payouts for performance results between the threshold and target and/or target and maximum values are interpolated between payout points. In addition, the Compensation Committee set a minimum threshold trigger at 50% of the net income forecast for 2018 for any payout under the 2018 plan. Finally, the Compensation Committee again reserved, in its discretion, an ability to reduce cash payouts to any individual executive, or the entire group, based on safety-related performance and other factors.

In January 2018, based on a review of benchmarking and other executive compensation data provided by Willis Towers Watson, the Compensation Committee increased Mr. Fornaro's annual base salary (2018) from \$600,000 to \$650,000 and maintained his annual target bonus (2018) at 125% of his base salary. Furthermore, upon Mr. Christie's promotion to President and Chief Financial Officer in January 2018, the Compensation Committee increased Mr. Christie's annual base salary (2018) from \$400,000 to \$550,000 and increased his annual target bonus (2018) from 80% to 100% of his base salary, in consideration of his expanded leadership role. Lastly, also as a result of Mr. Bendoraitis' promotion to Executive Vice President and Chief Operating Officer in December 2017, the Compensation Committee increased Mr. Bendoraitis annual base salary (2018) from \$367,000 to \$400,000 and increased his annual target bonus (2018) from 70% to 80% of his base salary. The foregoing annual target bonus level adjustments are applicable to any payouts under the Company's 2018 short-term incentive program.

As described below, we maintain a clawback policy covering incentive compensation (cash and equity-based) paid to our executive officers to further align management with the interests of stockholders over the long term.

3. Equity-based long-term incentives: performance share units and restricted stock units. We believe that long-term performance is strengthened through an ownership culture that rewards and encourages long-term performance by our executive officers through the use of equity-based awards. The equity awards we make to our executive officers are designed to align our executives' compensation with demonstrable long-term Company performance and to reward superior performance (measured both against internal goals and peer performance), align their interest in building value with that of our shareholders by promoting equity ownership and to enhance retention of key senior management talent.

Our 2015 Incentive Award Plan, or the 2015 Plan, was adopted by the Board on December 17, 2014 and approved by our stockholders on June 14, 2015. Upon such approval, no further awards would be granted under the Company's prior plan, the 2011 Equity Incentive Award Plan, or 2011 Plan, which had been in effect since the Company's initial public offering in June 2011. The 2015 Plan was designed and developed by the Compensation Committee, with input from its independent legal counsel and Willis Towers Watson. Among other things, the 2015 Plan was generally designed to comply with Section 162(m) to the extent applicable and desirable in order to enable the Company to take company tax deductions in respect of certain performance-based compensation payable to our Section 162(m) executive officers without regard to the limitations of Section 162(m) (since the date of our initial public offering in June 2011 through June 2015, we had not been subject to the provisions of Section 162(m) because of a transitional relief exception under Section 162(m) that applies to newly-public companies). The exemption from Section 162(m)'s deduction limit for performance-based compensation was recently repealed, effective for taxable years beginning after December 31, 2017, subject to certain grandfathered provisions.

Prior to our initial public offering in June 2011, we historically granted awards of time-vested restricted stock or stock options. Since the adoption of the 2011 Plan and subsequent 2015 Plan, long-term incentive awards have consisted solely of restricted stock units and performance share units (except that, in order to take advantage of the transitional relief period provided by Section 162(m), the Compensation Committee decided to slightly modify, for 2015 only, the historical framework of awards to 50% shares of restricted stock (granted under our 2011 Plan) and 50% performance share units (granted under our 2015 Plan and subject to shareholder approval which was subsequently obtained in June 2015)). Prior to 2017, all performance share unit awards were solely based on the Company's total shareholder return compared to that of a performance share peer group over a three-year period. In late 2016, with recommendations

from Willis Towers Watson, the Compensation Committee determined that introducing a new performance metric (in addition to total shareholder return) to the Company's long-term incentive program would provide better line of sight to management's ability to drive Company performance in relation to industry peers, more appropriately balance management behaviors, and improve retention by reducing the volatility of payout results. Consequently, in October 2016, the Compensation Committee approved adjusted operating margin as a second performance metric for the 2017 long-term incentive program. Accordingly, the pay-for-performance component of the Company's 2017 long term incentive program utilized a mix of relative total shareholder return and relative adjusted operating margin as performance metrics. Adjusted operating margin is an amount, expressed as a percentage, equal to (i) total operating revenue minus total operating expenses (excluding special items and gains or losses on disposal of assets) divided by (ii) total operating revenue. Performance under the new adjusted operating margin is measured on a relative basis as described further below.

Accordingly, as recommended by Willis Towers Watson, the Compensation Committee determined that awards under the 2017 long-term incentive program would be split as follows:

40% performance share units, with the number of shares settled based on relative total shareholder return measured over a three-year period

20% performance share units, with the number of shares settled based on relative adjusted operating margin measured over a three-year period

40% restricted stock units, vesting 25% after first year, 25% after second year and 50% after third year

Under the foregoing allocation, 60% of the Company's 2017 long-term incentive program is performance-based compared to 50% in previous years.

In January 2017, the Compensation Committee granted equity-based awards under the 2015 Plan to our NEOs as follows:

12,503 units to Mr. Christie, consisting of: (i) 5,001 restricted stock units, vesting 25% on January 24, 2018, 25% on January 24, 2019, and 50% on January 24, 2020; (ii) 5,001 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 2,501 performance share units based on adjusted operating margin, also subject to a three-year performance cycle.

9,825 units to Mr. Bendoraitis, consisting of: (i) 3,930 restricted stock units, vesting 25% on January 24, 2018, 25% on January 24, 2019, and 50% on January 24, 2020; (ii) 3,930 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 1,965 performance share units based on adjusted operating margin, also subject to a three-year performance cycle.

8,038 units to each of Messrs. Canfield and Wiggins, consisting of: (i) 3,215 restricted stock units, vesting 25% on January 24, 2018, 25% on January 24, 2019, and 50% on January 24, 2020; (ii) 3,215 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 1,608 performance share units based on adjusted operating margin, also subject to a three-year performance cycle.

In March 2017, after consultation with Willis Towers Watson, in order to better align Mr. Fornaro's currently held performance share units (granted in January 2016 pursuant to his employment agreement) to the performance share units awarded to other officers in 2017 - specifically, the introduction of relative adjusted operating margin as another performance metric - the Compensation Committee agreed with Mr. Fornaro to modify his original grant by canceling 18,717 of his currently-held performance share units that were based on relative total shareholder return measured over a three-year period, and replacing them with an award of 18,717 performance share units based on relative adjusted operating margin, subject to a two-year performance cycle commencing January 1, 2017 and ending December 31, 2018 (the date when his employment term is scheduled to end). This adjustment was agreed in order to bring the elements of Mr. Fornaro's long-term equity based incentive more closely into alignment with other Company officers. In March 2017, the total shareholder return for the 18,717 performance share units was 125% and would have resulted in payment of 23,396 shares assuming the performance period ended on such date; however, Mr. Fornaro voluntarily accepted the 18,717 adjusted operating margin performance share units at target in order to further align with management. The 18,717 units represent 20% of the equity-based award that Mr. Fornaro would have been awarded for 2017 and 2018 had he not received a front-loaded award in 2016, as more fully described above.

The performance share units based on relative total shareholder return, granted in 2017, are to be settled in shares of common stock, in an amount from 0% to 200% of the number of units awarded, based on the Company's total shareholder return compared to that of the Performance Share TSR Peer Group over the three-year period commencing January 1, 2017 and ending December 31, 2019, with threshold, target and maximum settlement payouts set at 25%, 100% and 200%, respectively. Regardless of the ranking among the Performance Share TSR Peer Group, if the Company's total shareholder return is negative, the corresponding number of shares to be issued, if any, will be reduced by 50%. The following table below illustrates the ranking based payout scale for the 2017 grants of performance share units based on relative total shareholder return:

2017-2019 TSR Rank	2017-2019 TSR Percentile	Payout* (percentage of target)	
1	100%	200%	Maximum
2	89%	200%	Maximum
3	78%	167%	
4	67%	133%	
5	56%	100%	Target
6	44%	50%	
7	33%	25%	Threshold
8	22%	0%	
9	11%	0%	
10	0%	0%	

* Regardless of ranking among the performance share peer group, if the Company's total shareholder return is negative, the corresponding number of shares issued, if any, would be reduced by 50%.

The performance share units based on adjusted operating margin, granted in 2017, are to be settled in shares of common stock, in an amount from 0% to 200% of the number of units awarded, based on the Company's performance on operating margin compared to that of the Performance Share Op Margin Peer Group over the three-year period commencing on January 1, 2017 and ending on December 31, 2019 (except for Mr. Fornaro, which is based on performance over a two-year period ending December 31, 2018, as described above), with threshold, target and maximum settlement payouts set at 25%, 100% and 200% respectively. The following table illustrates the ranking based payout scale for the 2017 grants of performance share units based on relative adjusted operating margin performance:

Adjusted Operating Margin Percentage Rank	Payout (percentage of target)
1	200%
2	Between 100%-200% determined by linear interpolation as set forth below
3	100%
4	Between 25%-100% determined by linear interpolation as set forth below
5	25%
6	0%
7	0%
8	0%
9	0%
10	0%

If the Company's operating margin percentage is the second or the fourth highest in the Performance Share Peer Group, the payout shall be adjusted based on linear interpolation, based on the relative percentage achieved in comparison to the first and third rank, and third and fifth rank, respectively.

In January 2018, with recommendations from Willis Towers Watson, the Compensation Committee approved the Company's long-term incentive plan for 2018, mirroring the same design used in 2017 except for the return to the pre-2017 four-year vesting schedule for grants of restricted stock units, thereby increasing the retention value of such grants. At that time, the Compensation Committee also approved one-time grants of performance awards to NEOs and other officers (excluding two recently hired officers), representing the right to receive shares of the Company's common stock based on stock appreciation measured over the two-year period ending December 31, 2019, subject to continued employment through December 31, 2021. The one-time grants of performance awards based on stock appreciation are intended to (i) enhance the motivation and commitment of NEOs to increase our stock price through operating performance results over two-years, thereby exemplifying a categorical alignment of management's interests with our shareholders' interests; and (ii) enhance retention of key executives. A primary goal of the Compensation

Committee was to address a key employee retention risk caused by the fact that the performance share units awarded to executives under our long-term incentive compensation program in 2014 and 2015 failed to

38

achieve threshold performance level and thus settled in 2016 and 2017, respectively, with zero payouts. As a result of the foregoing decisions for 2018, more than 60% of the Company's 2018 long-term incentive compensation for NEOs will be performance-based compared to 60% in 2017 and 50% in pre-2017 years.

In January 2018, the Compensation Committee granted equity-based awards under the 2015 Plan to our NEOs as follows:

27,465 units to Mr. Christie, consisting of: (i) 10,986 restricted stock units, vesting in 25% increments over four years; (ii) 10,986 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 5,493 performance share units based on adjusted operating margin, also subject to a three-year performance cycle. Mr. Christie also received a stock appreciation performance award on terms described below.

13,183 units to Mr. Bendoraitis, consisting of: (i) 5,273 restricted stock units, vesting in 25% increments over four years; (ii) 5,273 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 2,637 performance share units based on adjusted operating margin, also subject to a three-year performance cycle. Mr. Bendoraitis also received a stock appreciation performance award on terms described below.

12,085 units to Mr. Canfield, consisting of: (i) 4,834 restricted stock units, vesting in 25% increments over four years; (ii) 4,834 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 2,417 performance share units based on adjusted operating margin, also subject to a three-year performance cycle. Mr. Canfield also received a stock appreciation performance award on terms described below.

10,437 units to Mr. Wiggins, consisting of: (i) 4,175 restricted stock units, vesting in 25% increments over four years; (ii) 4,175 performance share units based on relative total shareholder return, subject to a three-year performance cycle; and (iii) 2,087 performance share units based on adjusted operating margin, also subject to a three-year performance cycle. Mr. Wiggins also received a stock appreciation performance award on terms described below.

Consistent with his employment agreement, Mr. Fornaro did not receive any awards of restricted stock units or performance share units (based on relative total shareholder return or adjusted operating margin) in 2018. Mr. Fornaro received a stock appreciation performance award on terms described below.

The performance share units based on relative total shareholder return, granted in 2018, are to be settled in shares of common stock, in an amount from 0% to 200% of the number of units awarded, based on the Company's total shareholder return compared to that of a performance share peer group over the three-year period commencing January 1, 2018 and ending December 31, 2020, with threshold, target and maximum settlement payouts set at 25%, 100% and 200%, respectively. For 2018, the Compensation Committee made no changes to the Performance Share TSR Peer Group used in 2017, as subsequently modified (see "Determination of Compensation" section). For 2018, the Compensation Committee agreed that regardless of the relative TSR ranking, if the Company's total shareholder return was negative, the corresponding number of shares to be issued would be limited to target rather than reduced by 50%. The following table below illustrates the ranking based payout scale for the grants of performance share units in 2018:

2018-2020 TSR Rank	2018-2020 TSR Percentile	Payout* (percentage of target)	
1	100%	200%	Maximum
2	89%	200%	Maximum
3	78%	167%	
4	67%	133%	
5	56%	100%	Target
6	44%	50%	
7	33%	25%	Threshold
8	22%	0%	
9	11%	0%	
10	0%	0%	

* Regardless of ranking among the performance share peer group, if the Company's total shareholder return is negative, the corresponding number of shares issued would be limited to target.

The performance share units based on adjusted operating margin, granted in 2018, are to be settled in shares of common stock, in an amount from 0% to 200% of the number of units awarded, based on the Company's performance on operating margin compared to that of a performance share peer group over the three-year period commencing January 1, 2018 and ending December 31, 2020, with threshold, target and maximum settlement payouts set at 25%, 100% and 200% respectively. For 2018, the Compensation Committee made no changes to the Performance Share Op Margin Peer Group used in 2017, as subsequently modified (see "Determination of Compensation" section). The following table illustrates the ranking based payout scale for the 2018 grants of performance share units based on the Company's adjusted operating margin performance:

Adjusted Operating Margin Percentage Rank	Payout (percentage of target)	
1	200%	Maximum
2	Between 100%-200% determined by linear interpolation as set forth below	
3	Between 100%-200% determined by linear interpolation as set forth below	
4	Between 100%-200% determined by linear interpolation as set forth below	
5	100%	Target
6	Between 25%-100% determined by linear interpolation as set forth below	
7	25%	Threshold
8	0%	
9	0%	
10	0%	

If the Company's Adjusted Operating Margin Percentage rank is the second, third, or fourth highest among the peer companies or sixth highest among the peer companies, then the number of shares issued shall be adjusted based on linear interpolation, based on a the relative percentage achieved.

The one-time awards of performance share units based on stock appreciation are measured over a two-year period starting January 1, 2018 and ending December 31, 2019 and, in order to increase their retention value, they are subject to continued employment through December 31, 2021. Payout is based on the extent to which the Company's stock price has appreciated over the course of the two-year measurement period. The actual number of shares to be issued within sixty days from December 31, 2021 shall be equal to the quotient obtained by dividing (i) the product of the executive officer's base salary on December 31, 2019 times the applicable multiplier as set forth below by (ii) the average of the Company's stock price for the last thirty trading days prior to and including December 31, 2019 (the "Valuation Date Stock Price"). For the latter average, the Compensation Committee may, in its sole discretion, reduce the average so determined to the extent it deems necessary or appropriate to exclude the effect of any stock price increases attributable to certain events such as stock repurchases or a change in control. In the case of Mr. Fornaro, his award of performance share units based on stock appreciation will be subject to continued employment through December 31, 2018 (coinciding with the scheduled expiration of his employment term), though settlement of shares, if any, will be effected within sixty days from December 31, 2021.

The applicable multiplier to be used in the foregoing payout formula will be based on the amount of the increase in our stock price during the two-year measurement period over \$44.76, being the average stock for the last ten trading days ended prior to January 1, 2018. Below are the various multipliers:

Valuation Date Stock Price (\$)	Applicable Multiplier
Less than 58.188	0
Equal to or greater than 58.188 but less than 67.140	1.0
Equal to or greater than 67.140 but less than 72.735	1.2
Equal to or greater than 72.735 but less than 78.330	1.4
Equal to or greater than 78.330 but less than 83.925	1.65
Equal to or greater than 83.925 but less than 89.520	1.95
Equal to or greater than 89.520 but less than 95.115	2.3
Equal to or greater than 95.115 but less than 111.900	2.7
Equal to or greater than 111.900	3.7

In January 2018, in connection with Mr. Christie's promotion to President and Chief Financial Officer and subsequent promotion effective January 1, 2019 to President and Chief Executive Officer, the Compensation Committee approved a one-time special promotional award of 54,931 restricted stock units to Mr. Christie, vesting 50% on January 16, 2020, 25% on January 16, 2021 and 25% on January 16, 2022. The Company and Mr. Christie agreed that these restricted stock units and the underlying shares, even if and when vested and deliverable, would not be counted toward Mr. Christie's stock ownership requirements under the Company's stock ownership guidelines for executives. Furthermore, as this one-time special promotional award was in connection with his promotions in both 2018 and 2019, Mr. Christie will not receive any additional special promotional award upon his promotion to President and Chief Executive Officer in 2019.

4. **Benefits.** We provide the following benefits to our NEOs. These are the same benefits provided to all our employees:

- medical, dental and vision insurance;
- life insurance, accidental death and dismemberment and business travel and accident insurance;
- employee assistance program;
- health and dependent care flexible spending accounts;
- short and long-term disability; and
- 401(k) plan.

In addition, we provide supplemental life insurance to our employees at the director level and above, including our executive officers.

Additional Compensation Information

1. **Severance and Change in Control-Based Compensation.** On March 14, 2017, acting on the recommendation of the Compensation Committee, the Board adopted a 2017 executive severance plan (the "2017 Executive Severance Plan"), which supersedes all prior severance plans for terminations occurring after March 14, 2017 and replaces the Company's 2007 executive severance plan, except that the 2007 executive severance plan will continue in effect with respect to those former executives, if any, who currently receive benefits thereunder. The 2017 Executive Severance Plan incorporates changes recommended by Willis Towers Watson and approved by the Compensation Committee. Except for Mr. Fornaro (who is entitled to receive severance benefits under his employment agreement as described below), all of our NEOs are covered by the 2017

Executive Severance Plan. Pursuant to the 2017 Executive Severance Plan, as of December 31, 2017, each executive who holds a senior vice president or higher position is entitled to receive:

in the event of an involuntary termination by the Company without cause unrelated to a change in control, (i) a cash severance amount equal to 100% of his or her annual base salary for the year of termination, payable in equal (a) installments over twelve months, (ii) a continuation of COBRA coverage for twelve months, (iii) a free family travel pass on our flights for twelve months and (iv) the use of a Company-owned mobile phone for up to thirty days; or

in the event of an involuntary termination by the Company without cause or a voluntary termination by the executive for good reason, in each case within eighteen months following a change in control, (i) a cash severance amount equal to the sum of two times his or her annual base salary for the year of termination plus his or her target incentive bonus (70% of base salary for senior vice presidents and 80% of base salary for executive vice (b) presidents) for the year of termination, payable in equal installments over twenty four months, (ii) his or her incentive bonus for the year of termination, prorated from the beginning of the year to the date of termination based on actual incentive plan performance as of the date of termination, (iii) outplacement services not to exceed \$10,000, (iv) a continuation of COBRA coverage for twelve months, (v) a free family travel pass on our flights for twelve months; and (vi) the use of a Company-owned mobile phone for up to thirty days.

As for severance and other benefits under the 2017 Executive Severance Plan that (i) constitute "parachute payments" within the meaning of Section 280G of the Code ("280G Payments"), and (ii) would otherwise be subject to the excise tax imposed by Section 4999 of the Code (the "Excise Tax"), then the 280G Payments will be either: (i) delivered in full, or (ii) delivered as to such lesser extent which would result in no portion of such benefits being subject to the Excise Tax, whichever of the foregoing amounts, taking into account the applicable federal, state and local income taxes and the excise tax imposed by Section 4999 of the Code, results in the receipt by the executive officer on an after-tax basis, of the greatest amount of benefits, notwithstanding that all or some portion of such benefits may be taxable under Section 4999 of the Code. The Company is not required to provide "gross-ups" for any excise taxes.

The 2017 Executive Severance Plan provides, with respect to participants whose employment with the Company commenced on or after September 1, 2014, that (i) the Board is permitted to terminate an officer for poor performance without triggering severance benefits; and (ii) unpaid severance benefits would be offset by compensation earned by a former employee from a new employer during the applicable severance period.

The benefits provided under the 2017 Executive Severance Plan are in lieu of any other benefits provided under any other Company policy, plan or arrangement, including any benefits provided under any employment agreement. As a condition to receiving benefits under the 2017 Executive Severance Plan, participants must execute a general release. Restricted stock units granted to executive officers under our 2011 Plan are subject to accelerated vesting in the event the executive officer dies or becomes permanently disabled while still employed by the Company or in the event of a termination of the executive officer by the Company without cause or a voluntary resignation by the executive officer for good reason, in either case after the Company has entered into a definitive change in control agreement.

Performance share units granted to our executive officers under our 2011 Plan will automatically terminate in the event the executive officer's employment terminates for any reason prior to the end of the applicable performance period except that the Company would be subject to a prorated settlement obligation in the event of a change in control or the executive officer's death or permanent disability during the applicable measurement period. Our 2015 Plan includes similar provisions regarding treatment of outstanding equity awards in the event of death, permanent disability or change in control.

The Company and Mr. Fornaro entered into an employment agreement, dated January 4, 2016 (the "Fornaro Employment Agreement") setting forth the terms and conditions under which he would serve as CEO and President

for the three-year period ending December 31, 2018 (effective January 1, 2018, Mr. Christie was promoted to President and CFO, and effective January 1, 2019, Mr. Christie will succeed Mr. Fornaro as CEO and President). Under the Fornaro Employment Agreement, Mr. Fornaro is entitled to participate in Company employee benefit plans on the same basis as all other employees, except that he will not be eligible for benefits under the Company's 2007 or 2017 executive severance plans. If the Company terminates Mr. Fornaro's employment without cause prior to December 31, 2018, or if a qualifying change in control occurs prior to December 31, 2018 and Mr. Fornaro terminates his employment for good reason within 180 days following such change in control but prior to December 31, 2018, then Mr. Fornaro will be entitled to receive (i) base salary from the date of such termination through December 31, 2018, (ii) Company-paid COBRA coverage and, if eligibility for COBRA benefits lapses, health insurance benefits reasonably consistent with Company coverage until the age of 65, and (iii) a lifetime travel pass on the Company's

flights, covering Mr. Fornaro, his spouse and dependents, in each case subject to Mr. Fornaro's execution and delivery to the Company of a general release of claims. Mr. Fornaro is not entitled to severance upon expiration of the employment period on December 31, 2018. Under the Fornaro Employment Agreement, Mr. Fornaro is restricted from involvement in any business competing with the Company's business until December 31, 2019 (and for so long thereafter as he may be entitled to receive severance payments from the Company). The Fornaro Employment Agreement also contains customary covenants relating to non-disclosure of Company confidential information and Company ownership of intellectual property and work product. Mr. Fornaro recused himself from all Board and Compensation Committee deliberations and decisions relating to his employment agreement.

The Company and Mr. Christie entered into a letter agreement, dated March 15, 2018 (the "Christie Letter Agreement") setting forth the terms and conditions under which he would serve as President and CFO and starting on January 1, 2019, as CEO and President. Under the Christie Letter Agreement, Mr. Christie is eligible for participation in the 2017 Executive Severance Plan; provided, however, that in the event of a non-change in control termination without cause, Mr. Christie shall be entitled to receive a cash severance amount equal to 150% of base salary rather than 100% of base salary and the other terms of the 2017 Executive Severance Plan shall continue to apply. In the event Mr. Christie ceases to be employed by the Company for any reason other than death or a termination by the Company for cause (as defined in the 2017 Executive Severance Plan), subject of his execution of a release of claims in favor of the Company and compliance with a certain non-competition restriction, the Company shall provide him (and his spouse and dependent children) a lifetime travel pass for the Company's flights, enabling them to travel for free in any class of service that is available at the time of reservation. The Christie Letter Agreement also includes restrictive covenants, including a 12-month post termination restriction on competition and solicitation.

2. **Limited Perquisites.** Perquisites are not a significant part of our executive compensation program. As is common in the airline industry, senior executives and their immediate families are entitled to certain travel privileges on our flights, which may be on a positive space basis. Similar travel benefits (which generally are on a space available basis) are afforded to all of our director-level employees and above. The value of such flight benefits for the executives is reported as taxable income. We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of the executive's compensation package. We do not provide any other significant perquisites or personal benefits to our NEOs. In addition, in circumstances where the Company is recruiting an executive candidate who would have to relocate to accept our job offer, we provide such executive with relocation assistance, which includes travel, shipping household goods and temporary housing. Relocation benefits are an important tool for us to recruit and retain key management talent.

3. **Stock Ownership Guidelines for Executives.** In March 2017, after reviewing certain benchmarking data provided by Willis Towers Watson, the Compensation Committee approved a revision to the stock ownership guidelines for our executive officers to increase the required salary multiples and to eliminate the "lesser-of" test between the salary multiple and a fixed number of units. Under the revised guidelines, our NEOs are required to meet a share ownership level (consisting of shares of common stock and restricted stock units but excluding performance share units) with a minimum value equal to 2 times base salary (5 times salary for the CEO) of which one-third must be owned outright in the form of shares of our common stock. Also under the guidelines, our other executive officers (non-NEOs) are required to meet a share ownership level (consisting of shares of common stock and restricted stock units but excluding performance share units) with a minimum level equal to 1.5 times base salary of which one-third must be owned outright in the form of shares of our common stock. The Company's officers are expected to meet their ownership levels within five years of becoming subject to the guidelines. All of our executive officers, including our NEOs, who have served at least five years, are currently in compliance with the revised guidelines. The following table sets forth, as of March 15, 2018, information regarding the equity ownership of our NEOs:

Named Executive Officers	Shares of Common Stock Owned Outright	Market Value of Shares of Common Stock Owned Outright (1)	Shares of Restricted		Performance

- (1) The market value of shares of common stock owned outright is calculated based on the closing price of our common stock as of March 15, 2018 which was \$44.28.
- (2) Amounts shown in the "Performance Share Units Unvested" column represent the target number of shares issuable with respect to the awards of performance share units granted in 2016, 2017 and 2018.
- (3) Mr. Fornaro's employment with the Company started on January 4, 2016.
- (4) Mr. Bendoraitis' employment with the Company started on October 21, 2013.
- (5) Mr. Wiggins' employment with the Company started on September 30, 2016.

4. Clawback Policy. We maintain a clawback policy, pursuant to which the Company may seek reimbursement of incentive compensation (cash and equity-based) paid to executive officers on the basis of reported financial results that were later the subject of a financial statement restatement. Reimbursement under the policy, which became effective January 1, 2014, is limited to the extent the incentive compensation would have been less had it been based on the restated financial results.

5. Tax and Accounting Considerations. The Board and the Compensation Committee generally consider the financial accounting and tax implications of their executive compensation decisions. Until June 2015, we had not been subject to the provisions of Section 162(m) because of a transitional relief exception under such section that applies to newly-public companies. This transitional relief expired in June 2015, and after such expiration the Company was subject to the deductibility limits imposed by Section 162(m). Under Section 162(m), compensation paid to certain of our NEOs (other than our chief financial officer) in excess of \$1.0 million per year was not deductible unless the compensation was "performance-based" as described in the regulations under Section 162(m). Our 2015 Plan was generally designed to comply with Section 162(m) (if applicable and practicable) in order to enable the Company to take company tax deductions in respect of certain performance-based compensation payable to our Section 162(m) executive officers without regard to the limitations of Section 162(m).

The exemption from Section 162(m)'s deduction limit for performance-based compensation was recently repealed, effective for taxable years beginning after December 31, 2017, subject to certain grandfathered provisions. Due to uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of certain transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will be deductible. The Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Moreover, our Compensation Committee does not believe that compensation decisions should be determined solely by how much compensation is deductible for federal income tax purposes. As a result, our Compensation Committee has authorized non-deductible compensation and reserves its right to, and retains the discretion to, authorize payments that may not be deductible if it believes that such payments are in the best interests of the Company and its stockholders. Moreover, further changes in applicable tax laws and regulations as well as factors beyond the control of the Compensation Committee can adversely impact the deductibility of compensation paid to our executive officers.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

Amounts shown in the “Stock Awards” column for 2017 represent the aggregate grant date fair value of shares of restricted stock units and/or performance share units granted during that year as indicated and computed in accordance with FASB ASC Topic 718. For a discussion of valuation assumptions and accounting expense recognized, see Note 9, “Stock-Based Compensation”, to our Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017. For information on the valuation

(1) assumptions with respect to grants made prior to 2017, please refer to the notes to our financial statements in our applicable annual report on Form 10-K. The measures that determine the number of units to be earned for the performance share units granted during 2017 are our total shareholder return and adjusted operating margin, compared to the applicable performance peer group and computed over the performance period, which are market and performance conditions, respectively, as defined under FASB ASC 718. The grants of performance share units are described in more detail in the “Compensation Discussion and Analysis” section of this Proxy Statement.

Amounts shown in the “Non-Equity Incentive Plan Compensation” column for 2017 represent cash bonuses under (2) the Company’s 2017 short term cash bonus program awarded in February 2017 and paid in February 2018, as disclosed more fully under the “Compensation Discussion and Analysis” section of this Proxy Statement.

Amounts under the “All Other Compensation” column consist of 401(k) company-matching contribution, (3) company-paid life insurance and accidental death and dismemberment insurance premiums and travel benefits. The amounts for 2017 are as follows:

Name	401(k) Plan Company Contributions (\$ (a))	Company-Paid Life Insurance and Accidental Death and Dismemberment Insurance Premiums (\$)	Travel Benefits (\$)	Relocation Payments (\$)
Mr. Fornaro	3,750	220	140	—

Mr. Christie	—	220	804	—
Mr. Bendoraitis	1,277	220	219	—
Mr. Canfield	—	220	153	—
Mr. Wiggins	—	220	78	28,596

- (a) See Note 14 (Defined Contribution 401(k) Plan) to our Financial Statements in our 2017 Annual Report for a description of employer matching contributions made under our defined contribution 401(k) plans.
- (4) Amount shown represents the grant date fair value of shares of the performance share units granted to Mr. Fornaro in March 2017, computed in accordance with FASB ASC Topic 718. In March 2017, after consultation with Willis Towers Watson, in order to better align Mr. Fornaro's currently held performance share units (granted in January 2016 pursuant to his employment agreement) to the

performance share units awarded to other officers in 2017 - specifically, the introduction of relative adjusted operating margin as another performance metric - the Compensation Committee agreed with Mr. Fornaro to modify his original grant by canceling 18,717 of his currently-held performance share units that were based on relative total shareholder return measured over a three-year period, and replacing them with an award of 18,717 performance share units based on relative adjusted operating margin, subject to a two-year performance cycle commencing on January 1, 2017 and ending on December 31, 2018 (the date when his employment term is scheduled to end). This adjustment was agreed in order to bring the elements of Mr. Fornaro's long-term equity based incentive more closely into alignment with others Company officers. In March 2017, the total shareholder return for the 18,717 performance share units was 125% and would have resulted in payment of 23,396 shares assuming the performance period ended on such date; however, Mr. Fornaro voluntarily accepted the 18,717 adjusted operating margin performance share units at target in order to further align with management. The 18,717 units represent 20% of the equity-based award that Mr. Fornaro would have been awarded for 2017 and 2018 had he not received a front-loaded award in 2016, as more fully described above.

(5) Upon his appointment as President and CEO effective January 4, 2016, Mr. Fornaro received a signing bonus in the amount of \$30,000.

Upon his appointment as President and CEO effective January 4, 2016, Mr. Fornaro was awarded a three-year front-loaded equity based award of 140,376 units (70,188 restricted stock units and 70,188 performance share units (6) subject to a three-year performance measurement period). The amount shown represents the aggregate grant date fair value of such units computed in accordance with FASB ASC Topic 718. For a discussion of valuation assumptions and accounting expense recognized, see footnote (1) above.

(7) Mr. Wiggins joined the Company as SVP and CIO on September 30, 2016.

(8) Mr. Wiggins' 2016 base salary was prorated to reflect his September 30, 2016 employment start date.

(9) Upon commencement of employment on September 30, 2016, Mr. Wiggins received a signing bonus in the amount of \$175,000.

(10) Mr. Wiggins short-term cash incentive bonus was prorated to reflect his September 30, 2016 employment start date.

The amounts in the table above reflect the threshold, target and maximum payouts under the Company's 2017 short term cash bonus program, as disclosed more fully under the "Compensation Discussion and Analysis" section of this Proxy Statement.

The amounts in the table above reflect the threshold, target and maximum number of shares issuable with respect to performance share units granted in January 2017. The performance share units are settled in shares of common stock, in an amount from 0% to 200% of the number of units awarded, based on the Company's total shareholder return and adjusted operating margin performance, as applicable, compared to that of the Performance Share TSR Peer Group or Performance Share Op Margin Peer Group, as applicable, over the three-year period commencing on (2) January 1, 2017 and ending on December 31, 2019. In March 2017, 18,717 of Mr. Fornaro's currently held performance share units based on relative total shareholder return were canceled and replaced with 18,717 performance share units based on adjusted operating margin, settled in shares of common stock in an amount from 0% to 200% of the number of units awarded, subject to a two-year performance cycle commencing on January 1, 2017 and ending on December 31, 2018, as described in more detail in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(3) Amounts in the table reflect restricted stock units awarded in 2017, vesting 25% on January 24, 2018, 25% on January 24, 2019 and 50% on January 24, 2020.

Amounts shown in this column represent the aggregate grant date fair value of shares of restricted stock units and performance share units granted on each year as indicated and computed in accordance with FASB ASC Topic (4)718. For a discussion of valuation assumptions and accounting expense recognized, see Note 9, "Stock-Based Compensation", to our Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017.

Employment Agreements and Offer Letters

Robert L. Fornaro. As noted above, the Company and Mr. Fornaro entered into the Fornaro Employment Agreement, dated January 4, 2016, setting forth the terms and conditions under which he would serve as CEO and President for the three-year period ending December 31, 2018. Under the Fornaro Employment Agreement, Mr. Fornaro is entitled to participate in Company employee benefit plans on the same basis as all other employees, but he is not eligible for benefits under the Company's 2007 and 2017 executive severance plans. If the Company terminates Mr. Fornaro's employment without cause prior to December 31, 2018, or if a qualifying change in control occurs prior to December 31, 2018 and Mr. Fornaro terminates his employment for good reason within 180 days following such change in control but prior to December 31, 2018, then Mr. Fornaro will be entitled to receive (i) base salary from the date of such termination through December 31, 2018, (ii) Company-paid COBRA coverage and, if eligibility for COBRA benefits lapses, health insurance benefits reasonably consistent with Company coverage until the age of 65, and (iii) a lifetime travel pass on the Company's flights, covering Mr. Fornaro, his spouse and dependents, in each case subject to Mr. Fornaro's execution and delivery to the Company of a general release of claims. Mr. Fornaro is not entitled to severance upon expiration of the employment period on December 31, 2018. Under the Employment Agreement, Mr. Fornaro is restricted from involvement in any business competing with the Company's business until December 31, 2019 (and for so long thereafter as he may be entitled to receive severance payments from the Company). The Employment Agreement also contains customary covenants relating to non-disclosure of Company confidential information and Company ownership of intellectual property and work product.

Edward M. Christie III. On February 29, 2012, we entered into an offer letter with Edward M. Christie III, to join our Company as Senior Vice President and Chief Financial Officer. Under that letter agreement, Mr. Christie was entitled to receive an annual base salary from us initially set at \$300,000 and a target bonus initially set at 70% of base salary with a maximum payout capped at 200% of base salary. In addition, the agreement provided for a sign-on grant of 95,000 units of equity-based long-term incentive, under our 2011 Plan, which grant was comprised 50% of time-vested restricted stock units and 50% of performance share units, on the same terms as the 2012 grants for other senior officers. The letter agreement also provided a relocation allowance for Mr. Christie and his family of up to \$75,000 (subject to documentation of expenses actually incurred) and positive space travel on our airline for the executive and his immediate family. In January 2017, the Board promoted Mr. Christie to Executive Vice President and Chief Financial Officer.

As noted above, the Company and Mr. Christie entered into the Christie Letter Agreement agreement, dated March 15, 2018, setting forth the terms and conditions under which he would serve as President and CFO and, starting on January 1, 2019, as CEO and President. Mr. Christie also became a member of the Board, effective as of January 1, 2018. Under the Christie Letter Agreement, Mr. Christie is entitled to receive an annual base salary from us of \$550,000 for 2018, which will be increased to \$700,000 for 2019 and a target bonus of 100% of base salary for 2018 and 125% of base salary for 2019 with a maximum payout for each year capped at 200% of base salary. In addition, pursuant to the Christie Letter Agreement, Mr. Christie was granted a one-time off-cycle promotion equity-based incentive award of restricted stock unit with a grant date value of \$2,500,000, vesting over four years subject to Mr. Christie's continued service on each vesting date. Mr. Christie will also be eligible to receive annual long-term incentive equity awards while employed with the Company, with his 2018 grant having a target grant date value of

\$1,250,000 and his 2019 grant having a target grant date value of \$1,750,000. Under the Christie Letter Agreement, Mr. Christie is eligible for participation in the 2017 Executive Severance Plan; provided, however, that in the event of a non-change in control termination without cause, Mr. Christie, shall be entitled to receive a cash severance amount equal to 150% of base salary rather than 100% of base salary and the other terms of the 2017 Executive Severance Plan shall continue to apply. In the event Mr. Christie ceases to be employed by the Company for any reason other than death or a termination by the Company for cause (as defined in the 2017 Executive Severance Plan), subject of his execution of a release of claims in favor of the Company and compliance with a certain non-competition restriction, the Company shall provide him (and his spouse and dependent children) a lifetime travel pass for the Company's flights, enabling them to travel for free in any class of service that is available at the time of reservation. The Christie Letter Agreement also includes restrictive covenants, including a 12-month post termination restriction on competition and solicitation.

(1) The market value of shares of stock that have not vested is calculated based on the closing price of our common stock as of December 29, 2017 which was \$44.85.

(2) The number of performance share units shown represents the number of units that may be earned at threshold performance. The performance share units are settled in shares of common stock, in an amount from 0% to 200% of the number of units awarded, based on the Company's total shareholder return and adjusted operating margin, as applicable, compared to that of the Performance Share TSR Peer Group or Performance Share Op Margin Peer

Group, as applicable, over the three-year period commencing on January 1, 2016 and

ending on December 31, 2018 for the 2016 grants, and commencing on January 1, 2017 and ending on December 31, 2019 for the 2017 grants. Based on actual 2017 total shareholder return results, the Company's total shareholder return ranked eighth among its peer group as to the 2016 grant of performance share units based on total shareholder return and tenth among its peer group as to the 2017 grant of performance share units based on total shareholder return. For the 2016 and 2017 grants, the SEC rules dictate that the number of units payable at threshold level (25% of target grant) be shown, as the number of units that would have been earned based on actual results for 2016 and 2017 (instead of through the end of the performance period on December 31, 2018 and December 31, 2019) falls below the threshold level of performance. Note that in March 2017, 18,717 of Mr. Fornaro's currently held performance share units based on relative total shareholder return were canceled and replaced with 18,717 performance share units based on adjusted operating margin, settled in shares of common stock in an amount from 0% to 200% of the number of units awarded, subject to a two-year performance cycle commencing on January 1, 2017 and ending on December 31, 2018, as described in more detail in the "Compensation Discussion and Analysis" section of this Proxy Statement.

- (3) The remaining unvested restricted stock units (50% of the original grant amount) vest on December 31, 2018.
- (4) The time-vested restricted stock units vest 25% on each of the four anniversary dates following February 18, 2016.
- (5) The remaining unvested shares of restricted stock (50% of the original grant amount) vest 25% on February 18, 2018, and 25% on February 18, 2019.
- (6) 8,929 time-vested restricted stock units vest 100% on March 4, 2018. The remaining unvested restricted stock units (25% of the original grant amount) vest on March 4, 2018.
- (7) The time-vested restricted stock units vest 50% on September 30, 2018, 25% on September 30, 2019 and 25% on September 30, 2020.
- (8) The time-vested restricted stock units vest 25% on January 24, 2018, 25% on January 24, 2019 and 50% on January 24, 2020.

Generally represents continuation of salary payments for twelve or twenty four months (as further explained below - see footnotes 6 and 8) except for Mr. Fornaro who is entitled to receive (i) an amount in cash equal to his annual base salary that he would receive after termination date until December 31, 2018, payable in equal installments (1) over a twelve-month period; and (ii) any unpaid bonus for the fiscal year preceding the fiscal year in which his termination occurs and a pro rata bonus for the year of termination (i.e., the amount included reflects payout at 125% of Mr. Fornaro's annual base salary that he would have received until December 31, 2018 and the short-term incentive payout in respect of 2017), pursuant to his employment agreement with the Company.

Represents the aggregate value of the executive's unvested restricted stock and restricted stock units that would have vested on an accelerated basis, determined by multiplying the number of accelerating shares by the closing price of our common stock (\$44.85 as of December 29, 2017). Unvested restricted stock unit awards under the 2011 Plan become fully vested in the event of a change in control, only to the extent not assumed by a successor. (2) Also includes the value of 66% of the performance share units granted in 2016 which, in the event of a change of control, death or disability occurring prior to the end of the three-year measurement period, vest pro rata according to the time elapsed from January 1, 2016 to the date of the change of control, death or disability based on actual performance

up to such date. Also includes the value of 33% of the performance share units granted in 2017 which, in the event of a change of control, death or disability occurring prior to the end of the three-year measurement period, vest pro rata according to the time elapsed from January 1, 2017 to the date of the change of control, death or disability based on actual performance up to such date. Pursuant to our 2017 executive severance plan, payment would be triggered by a termination without cause in connection with a change in control or within eighteen months following a change in control or a resignation for good reason within eighteen months following a change in control.

For NEOs other than Mr. Fornaro, represents continued coverage under COBRA for twelve months under the 2017 executive severance plan based on the incremental cost of our contribution as of December 31, 2017 to provide this coverage. In the case of Mr. Fornaro, whether the Company terminates his employment without cause or he resigns (3) from his employment, represents continued coverage under COBRA and, once COBRA lapses, continued health insurance coverage until he reaches 65 years of age. The Company will provide Mr. Fornaro with health insurance benefits until he reaches 65 years of age or becomes entitled to similar health insurance benefits from another employer.

(4) Our NEOs each receive life insurance proceeds of \$75,000 upon death, which amounts have been included in the table. We pay the premiums for term life insurance for all eligible employees providing coverage ranging between \$20,000 and \$100,000.

(5) For NEOs other than Mr. Fornaro, represents the value of a free family travel pass for twelve months and use of a Company-owned mobile phone for thirty days in order to allow the participant to transition to another device. The value of the flight benefits for twelve months was calculated using an incremental cost approach, assuming that executives and eligible family members would each take ten round trip flights during the period, each with an incremental cost that includes the estimated cost of incremental fuel, insurance, security, station cleaning, facility rent and station baggage rent, but excludes fees and taxes paid by the named executive officer for the air transportation. In the case of Mr. Fornaro, in the event of a termination other than due to death or a termination following a change in control, represents the value of a lifetime travel pass (including immediate family) on our flights, as provided under his employment agreement. The present value of the lifetime flight benefit was calculated using a discount rate of 7.00% and mortality assumptions based on the United States Statistics Life Expectancy Tables. The value was calculated using an incremental cost approach, assuming that Mr. Fornaro and his eligible family members would each take ten round trip flights during each year, each with an incremental cost that includes the estimated cost of incremental fuel, insurance, security, station cleaning, facility rent and station baggage rent, but excludes fees and taxes paid by Mr. Fornaro for the air transportation.

(6) Represents the benefits payable to Mr. Fornaro under his employment agreement with the Company (see footnote 1 above) and the benefits payable to each other NEO under the 2017 executive severance plan. Severance benefits are triggered under our 2017 executive severance plan when the executive is terminated without cause, and include a cash severance amount equal to the NEO's annual base salary in effect on termination date payable in equal installments over twelve months.

(7) Represents the benefits payable to the NEOs under the 2017 executive severance plan. In the event that a successor company in a change of control refuses to assume or substitute for an outstanding equity award, such award shall become fully vested and, if applicable, exercisable, and all forfeiture restrictions shall lapse, in each case, as of immediately prior to the consummation of the change in control.

(8) Except for Mr. Fornaro, represents the benefits payable to each NEO under the 2017 executive severance plan in the event of a termination without cause in connection with a change in control or within eighteen months following a change in control or a termination for good reason within eighteen months following a change in control, and include (i) a cash severance amount equal to the sum of two times his annual base salary in effect on the termination date, plus two times his target incentive bonus (currently 70% of base salary for senior vice presidents and 80% for executive vice presidents) for the year of termination, payable in equal installments over twenty four months, and (ii) his incentive bonus for the year of termination, prorated from the beginning of the year to the date of termination based on actual incentive plan performance as of the date of termination. In the case of Mr. Fornaro, pursuant to his Employment Agreement, represents an amount in cash equal to his annual base salary that he would receive after

termination date until December 31, 2018, payable in equal installments over a twenty four-month period, any unpaid bonus for the fiscal year preceding the fiscal year in which his termination occurs, and a pro rata bonus for the year of termination.

(1) Includes the Spirit Airlines, Inc. 2011 Equity Incentive Award Plan (“2011 Plan”), as it relates to any equity awards granted under the 2011 Plan, and the Spirit Airlines, Inc. 2015 Incentive Award Plan (the "2015 Plan").

(2) Includes shares of restricted stock, restricted stock units and performance share units issuable, and stock options exercisable, pursuant to outstanding award agreements under the 2011 Plan and 2015 Plan. With respect to performance share units, assumes maximum settlement payout achievement; actual achievement may result in the issuance of shares of common stock ranging between 0% to 200% of target, based on the Company’s total shareholder return and adjusted operating margin, as applicable, compared to a peer group over the applicable three-year period.

(3) The weighted-average exercise price does not take into account shares issuable upon vesting of outstanding shares of restricted stock, restricted stock units and performance share units.

Compensation Risk Assessment

In March 2018, the Compensation Committee was presented with the results of management's analysis on our compensation policies and practices for our employees to determine if these policies and practices give rise to risks that are reasonably likely to have a material adverse effect on us or encourage our employees to take excessive risks in order to receive larger awards.

This risk assessment process included a review by management of our compensation policies and practices and identification of risks and risk controls related to the programs. Although management reviewed all compensation programs, it focused on the programs with variability of payout, which means the participant is able to directly affect payout. Management assessed our compensation programs against potential compensation risks relating to pay mix, performance metrics, payment timing and adjustments, equity incentives, performance appraisals, and leadership and culture. The Compensation Committee agreed with management findings that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us.

In reaching its conclusion that our compensation policies and practices do not give rise to risks that are reasonably likely to have a material adverse effect on us or encourage our employees to take excessive risks in order to receive larger awards, management considered the following:

For most of our employees, cash compensation is fixed in the form of base salaries or hourly cash compensation. For our officers and director-level employees, the majority of cash compensation is also fixed in the form of base salaries. Fixed compensation in the form of base salaries or hourly compensation provide income regardless of our short-term performance and do not create an incentive for employees to take unnecessary risks.

In evaluating our performance for purposes of our cash incentive plans, the Compensation Committee reviews our performance under a mix of financial and operating measures to provide a balanced perspective.

The Compensation Committee exercises broad discretion in determining compensation amounts, and qualitative factors beyond quantitative financial and operating metrics are a key consideration in the determination of individual cash bonuses and long-term equity awards. For example, for 2017, the determination of bonus payouts under our short-term incentive plan was not purely formulaic and was based in part on the Compensation Committee's evaluation of qualitative factors beyond quantitative financial metrics.

The financial opportunity in our long-term incentive program is best realized through long-term appreciation of our stock price, which mitigates excessive short-term risk-taking. Annual equity-based awards vest over multiple years, in the case of restricted stock units or restricted shares, or are settled in a single payment after three years, in the case of our performance share units, in each case subject to the holder's continuing service with us. This promotes alignment of our employees' interests with our long-term objectives and interests and with stockholders' interests.

The following risk mitigating controls: (i) stock ownership guidelines for non-employee directors and executive officers; (ii) code of business conduct and ethics and anti-hedging and anti-pledging policy applicable to NEOs and members of the Board; (iii) clawback policy on compensation to executive officers; (iv) basing our short term incentive plan on more than one performance measurement, including both financial and operational metrics; (v) periodic review of our compensation policies and programs by the Company's internal audit group; (vi) using different performance metrics for our long-term incentive performance share units; (vii) overlapping the performance periods for our long-term incentive performance share units; and (viii) using our internal audit group and our independent consultants to review calculations of short-term and long-term incentive payouts.

We maintain caps on the maximum payouts under our short-term incentive plan and our long-term incentive performance share units.

We utilize individual performance assessments in determining executive compensation. These assessments take into account whether or not the individual's behavior was consistent with our code of business conduct and ethics and with our ethics-based corporate culture.

This Proxy Statement, including the preceding paragraphs, contains forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events. Forward-looking statements contained in this Proxy Statement should be considered in light of the many uncertainties that affect our business and specifically those factors discussed from time to time in our public reports filed with the SEC, such as those discussed under the heading, "Risk Factors," in our most recent Annual Report on Form 10-K, and as may be updated in subsequent SEC filings.

CEO PAY RATIO DISCLOSURE

In August 2015, pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring annual disclosure of the ratio of the median of the annual total compensation of all employees to the annual total compensation of the principal executive officer. Issuers must comply with the new pay ratio rule for the first fiscal year beginning on or after January 1, 2017.

We determined the pay ratio below under the requirements of Item 402(u) of Regulation S-K. Mr. Fornaro was our principal executive officer during all of 2017, and his annual total compensation is disclosed, in detail, in the "Summary Compensation Table" earlier in this Proxy Statement.

We identified the median employee by examining the 2017 total compensation for all individuals, excluding Mr. Fornaro, who were employed by us on December 31, 2017, the last day of our payroll year. For the identified median employee, we did not make any assumptions, adjustments, or estimates to calculate the pay ratio, and only employees who were employed by us as of December 31, 2017 were included. After identifying the median employee, we calculated annual total compensation for such employee using the same methodology we use for our NEOs as outlined in the "Summary Compensation Table" earlier in this Proxy Statement. The SEC rules allow for varying methodologies for companies to identify their median employee. Other companies may have different employment and compensation practices and may utilize different methodologies, estimates and assumptions in calculating their own pay ratios. Therefore, the pay ratios reported by other companies are unlikely to be relevant for purposes of comparison to our pay ratio.

The median of the annual total compensation of all employees in 2017 was \$36,149. The annual total compensation of Mr. Fornaro, our principal executive officer, in 2017 was \$2,238,356. Accordingly, for 2017, the ratio of the median of the annual total compensation of all employees to the annual total compensation of our principal executive officer was: 62:1.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC and is not to be incorporated by reference into any filing of Spirit under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the Audit Committee is to oversee our financial reporting processes on behalf of the Board. The Audit Committee’s functions are more fully described in its charter, which is available on our website at <http://ir.spirit.com>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Spirit’s audited consolidated financial statements as of and for the year ended December 31, 2017.

The Audit Committee has discussed with Ernst & Young LLP, the Company’s independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards (“SAS”) No. 16, as adopted by the Public Company Accounting Oversight Board (“PCAOB”). In addition, the Audit Committee discussed with Ernst & Young LLP their independence, and received from Ernst & Young LLP the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. Finally, the Audit Committee discussed with Ernst & Young LLP, with and without management present, the scope and results of Ernst & Young LLP’s audit of such financial statements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board monitors and reviews any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which the Company is to be a participant, the amount involved exceeds \$120,000 and a related party had or will have a direct or indirect material interest, including purchases of goods or services by or from the related party or entities in which the related party has a material interest, indebtedness, guarantees of indebtedness and employment by us of such related party. Furthermore, the Company's directors and executive officers complete an annual questionnaire that requires them to identify and describe any transactions that they or their respective related parties may have with the Company.

Other than the compensation arrangements with our directors and executive officers described elsewhere in this Proxy Statement, set forth below is the description of the indemnification agreements we have entered into with our directors and executive officers.

Indemnification

We enter into indemnification agreements with each of our current directors and executive officers. These agreements provide for the indemnification of our directors and officers for certain expenses and liabilities incurred in connection with any action, suit, proceeding or alternative dispute resolution mechanism, or hearing, inquiry or investigation that may lead to the foregoing, to which they are a party, or are threatened to be made a party, by reason of the fact that they are or were a director, officer, employee, agent or fiduciary of the Company, or any of our subsidiaries, by reason of any action or inaction by them while serving as an officer, director, agent or fiduciary, or by reason of the fact that they were serving at our request as a director, officer, employee, agent or fiduciary of another entity. Under the indemnification agreements, indemnification will only be provided in situations where the indemnified parties acted in good faith and in a manner they reasonably believed to be in or not opposed to our best interest, and, with respect to any criminal action or proceeding, to situations where they had no reasonable cause to believe the conduct was unlawful. In the case of an action or proceeding by or in the right of the Company or any of our subsidiaries, no indemnification will be provided for any claim where a court determines that the indemnified party is prohibited from receiving indemnification.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy card to vote on such matters in accordance with their best judgment.
