These statements often can be identified by the use of terms such as "may," "will," "expect," "believe," "anticipate," "estimate," "approximate" or "continue," or the negative thereof. We intend that such forward-looking statements be subject to the safe harbors for such statements. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. GENERAL

We were incorporated in the State of Nevada on June 6, 2011. We are involved the chauffeured transportation business. Global lines Inc. will be providing chauffeuring and transportation services to residents within its local market. We will primarily provide transportation services such as private school student transport, sightseeing trips, and elderly transportation. We will also offer transportation to the airport and special event such as proms and weddings. We plan to serve a repeat clientele who demand--and can afford--reliable, secure service from drivers with detailed knowledge of the area. We have not generated

any revenues to date. We have executed an agreement with "Super Limousines", developed our business plan and paid deposit of \$4,000 on one car to be used for Limosine Service. Since inception through August 31, 2012, the Company has not generated any revenue and has accumulated losses of \$43,142.

LIMOUSINE SERVICE

The customer needs in the limousine transportation market are quite diverse. Corporate and airport transfer clients are mostly interested in reliable and fast service. For these clients, limousine services save time and add convenience compared to using public transportation or personal vehicles. Prom and bachelor party clients are more interested in the social status associated with the limousine service; however, this segment is less loyal and shops around for the best value. At the same time, wedding and funeral transportation clients, who also seek the emotional benefits of using a limousine service, may be less price sensitive than other segments. Further, the sightseeing segment, which is currently underserved, does not only need spacious and comfortable accommodation during the trip, but also benefits

from a driver who is very familiar with the area and who can serve as a guide as well. Global Lines Inc. will concentrate in the areas of private school student

transport, sightseeing trips, and elderly transportation. We believe that these markets have higher margins and are less price sensitive. According to www.localschooldirectory.com, Ft Lauderdale has 33 private schools with 32000 students. According to www.broward.org, Ft Lauderdale airport traffic (December-June 2010) is 10,367,009 passengers--potential clients for the sightseeing service. There are 150 assisted living facilities in the area--potential clients for elderly transportation service.

Item 5. Market for Common Equity and Related Stockholder Matters

Market Information

There is a limited public market for our common shares. Our common shares are not quoted on the OTC Bulletin Board at this time. Trading in stocks quoted on the OTC Bulletin Board is often thin and is characterized by wide fluctuations in trading prices due to many factors that may be unrelated to a company's operations or business prospects. We cannot assure you that there will be a market in the future for our common stock.

OTC Bulletin Board securities are not listed or traded on the floor of an organized national or regional stock exchange. Instead, OTC Bulletin Board securities transactions are conducted through a telephone and computer network connecting dealers in stocks. Our audited financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

RESULTS OF OPERATIONS

We have incurred recurring losses to date. Our financial statements have been prepared assuming that we will continue as a going concern and, accordingly, do not include adjustments relating to the recoverability and realization of assets and classification of liabilities that might be necessary should we be unable to continue in operation.

We expect we will require additional capital to meet our long term operating requirements. We expect to raise additional capital through, among other things, the sale of equity or debt securities.

FISCAL YEAR ENDED AUGUST 31, 2011 COMPARED TO FISCAL YEAR ENDED AUGUST 31, 2012.

Our net loss for the fiscal year ended August 31 2012 was \$42,626 compared to a net loss of \$516 during the fiscal year ended August 31, 2011. During fiscal year ended August 31, 2012, the Company has not generated any revenue.

Expenses incurred during the fiscal year ended August 31, 2012 compared to fiscal year ended August 31, 2011 increased primarily due to the increased scale and scope of business operations. General and administrative expenses generally include corporate overhead, financial and administrative contracted services, marketing, and consulting costs.

The weighted average number of shares outstanding was 5,879,891 for the fiscal year ended August 31, 2012 compared to 4,500,000 for the period from June 6, 2011 to August 31, 2011.

LIQUIDITY AND CAPITAL RESOURCES

FISCAL YEAR ENDED AUGUST 31, 2012

As of August 31, 2012, our total assets were \$5,462 comprised of cash of \$1,462 and deposits of \$4,000 and our total liabilities were \$20,604 comprised of notes payable to related parties.

As of August 31, 2011, our total assets were \$4,588 comprised of cash and cash equivalents. Stockholders' equity decreased from \$3,984 as of August 31, 2011 to (\$15,142) as of August 31, 2012.

Cash Flows from Operating Activities

We have not generated positive cash flows from operating activities. For the fiscal year ended August 31, 2012, net cash flows used in operating activities was (\$39,626) consisting of a net loss of (\$42,626); increase in deposits of (\$4,000); and expenses paid on behalf of the company by a related party of \$7,000. For the fiscal year ended August 31, 2011, net cash flows used in operating activities was (\$516). Net cash flows used in operating activities was (\$40,142) for the period from inception (June 6, 2011) to August 31, 2012.

Cash Flows from Financing Activities

We have financed our operations primarily from either advancements or the issuance of equity and debt instruments. For the fiscal year ended August 31, 2012, net cash from financing activities was \$36,500 consisting of \$23,500 of proceeds from issuances of common stock and \$13,000 in loan from a director. For the period from inception (June 6, 2011) to August 31, 2012, net cash provided by financing activities was \$41,604 consisting of \$28,000 of proceeds received from issuances of common stock and \$13,604 in loan from a director.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next six months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) acquisition of software; (ii) developmental expenses associated with a start-up business; and (iii) marketing expenses. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

MATERIAL COMMITMENTS

As of the date of this Annual Report, we do not have any material commitments.

PURCHASE OF SIGNIFICANT EQUIPMENT

We do not intend to purchase any significant equipment during the next twelve months.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Annual Report, we do not have any offbalance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our August 31, 2012 and August 31, 2011 financial statements contains an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors

Global Lines, Inc.

16400 Collins Avenue Unit 2142

Sunny Isles Beach FL 33160

We have audited the accompanying balance sheet of Global Lines, Inc. (the Company) as of August 31, 2012 and 2011, and the related consolidated statements of operations, stockholders' equity and cash flows for the year ended August 31, 2012 and for the period from inception on June 6, 2011 through August 31, 2011. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of Global Lines, Inc. as of August 31, 2012 and 2011, and the results of its operations and its cash flows for the year ended December 31, 2012 and for the period from inception on June 6, 2011 through August 31, 2011, in conformity with U.S. generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company had accumulated losses of \$43,142 as of August 31, 2012, which raises substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Global Lines Inc. (the "Company" or Global) was incorporated under the laws of the State of Nevada on June 6, 2011. We are a development stage company that is involved in a limousine service. Global Lines Inc. will be actively engaged in providing chauffeuring and transportation services to residents within its local Florida market.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Development Stage Company

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles related to development stage companies. A development-stage company is one in which planned principal operations have not commenced or if its operations have commenced, there has been no significant revenues there from.

Basis of Presentation

The financial statements of the Company have been prepared using the accrual basis of accounting and in accordance with generally accepted accounting principles in the United States of America, and are presented in US dollars. The Company has adopted an August 31 fiscal year end.

Cash and Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents. The Company had \$1,462 and \$4,588 of cash as of August 31, 2012 and 2011, respectively.

Fair Value of Financial Instruments

The Company's financial instruments consist of cash and cash equivalents, property and equipment, accrued expenses and amounts due to a shareholder. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Income Taxes

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Company recognizes revenue when products are fully delivered or services have been provided and collection is reasonably assured.

GLOBAL LINES INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2012 AND 2011

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principle, which contemplate continuation of the Company as a going concern. However, the Company had no revenues as of August 31, 2012. The Company currently has limited working capital, and has not completed its efforts to establish a stabilized source of revenues sufficient to cover operating costs over an extended period of time.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the

Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with ASC Topic 718. To date, the Company has not adopted a stock option plan and has not granted any stock options.

Basic Income (Loss) Per Share

Basic income (loss) per share is calculated by dividing the Company's net loss applicable to common shareholders by the weighted average number of common shares during the period. Diluted earnings per share is calculated by dividing the Company's net income available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. There are no such common stock equivalents outstanding as of August 31, 2012.

Comprehensive Income

The Company has established standards for reporting and display of comprehensive income, its components and accumulated balances. When applicable, the Company would disclose this information on its Statement of Stockholders' Equity. Comprehensive income comprises equity except those resulting from investments by owners and distributions to owners. The Company has not had any significant transactions that are required to be reported in other comprehensive income.

Recent Accounting Pronouncements

Global Lines Inc. does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

Item 9A(T). Controls and Procedures

Management's Report on Disclosure Controls and Procedures

Management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)). The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Under the supervision and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, the Company conducted an evaluation of the effectiveness of the Company's internal control over financial reporting as of August 31, 2012 using the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO").

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. In its assessment of the effectiveness of internal control over financial reporting as of August 31, 2012, the Company determined that there were control deficiencies that constituted material weaknesses, as described below.

1.

We do not have an Audit Committee. While not being legally obligated to have an audit committee, it is the management's view that such a committee, including a financial expert member, is an utmost important entity level control over the Company's financial statement. Currently the Board of Directors acts in the capacity of the Audit Committee, and does not include a member that is considered to be independent of management to provide the necessary oversight over management's activities.

2.

We did not maintain appropriate cash controls. As of August 31, 2012, the Company has not maintained sufficient internal controls over financial reporting for the cash process, including failure to segregate cash handling and

accounting functions, and did not require dual signature on the Company's bank accounts. Alternatively, the effects of poor cash controls were mitigated by the fact that the Company had limited transactions in their bank accounts.

3.

We did not implement appropriate information technology controls. As at August 31, 2012, the Company retains copies of all financial data and material agreements; however there is no formal procedure or evidence of normal backup of the Company's data or off-site storage of data in the event of theft, misplacement, or loss due to unmitigated factors.

Accordingly, the Company concluded that these control deficiencies resulted in a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis by the company's internal controls.

As a result of the material weaknesses described above, management has concluded that the Company did not maintain effective internal control over financial reporting as of August 31, 2012 based on criteria established in Internal Control - Integrated Framework issued by COSO.

Changes in Internal Control over Financial Reporting

There has been no change in our internal control over financial reporting identified in connection with our evaluation we conducted of the effectiveness of our internal control over financial reporting as of August 31, 2012, that occurred during our fourth fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.
