Mr. Williams has significant understanding of the geopolitical, environmental, economic and technical changes that are accelerating a transformation of the global energy system. Mr. Williams qualifies as an independent director.

Board and Committee Matters

Members of the Scott family control in excess of 80% of the voting power of our outstanding common stock. The Scott family members have entered into a shareholder agreement giving family members a right of first refusal to purchase shares of Class B common stock that is intended to be sold or transferred, subject to certain exceptions, by other family members. This agreement may have the effect of continuing ownership of the Class B common stock and control of our Company within the Scott family.

Due to the ownership and control of our Company by members of the Scott family, we are a controlled company as that term is used under the NASDAQ Marketplace Rules. As a controlled company, we may rely on exemptions from certain NASDAQ corporate governance requirements, including those regarding independent director requirements for the Board and committees of the Board.

Regardless of whether a company is a controlled company, however, the NASDAQ Marketplace Rules require that a company have an audit committee of at least three members, each of whom must:

be independent as defined under the NASDAQ Marketplace Rules;

meet the criteria for independence set forth in the applicable SEC rules (subject to applicable exemptions);

not have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years; and

be able to read and understand financial statements, including a balance sheet, income statement and cash flow statement.

During 2013, the Board met seven times with each serving director attending at least 75% of the meetings. The Board is accountable to our shareholders to build long-term financial performance and value and to assure that we operate consistently with shareholder values and strategic vision. The Board's responsibilities include:

identifying organizational values and vision on behalf of our shareholders;

hiring and evaluating our chief executive officer;

ensuring management succession;

providing guidance, counsel and direction to management in formulating and evaluating operating strategies and plans;

monitoring our performance against established criteria;

ensuring prudence and adherence to ethical practices;

Edgar Filing: ROLLINS INC - Form 10-Q

ensuring compliance with federal and state law;

ensuring that full and fair disclosure is provided to shareholders, regulators and other constituents;

overseeing risk management;

exercising all powers reserved to us by organizational documents of limited liability companies and partnerships in which we are a member or shareholder; and

establishing policies for board operations.

Applicable SEC rules require that we make certain disclosures regarding the independence of our directors pursuant to the NASDAQ Marketplace Rules governing independent board members. The Board has determined that the following directors are independent in accordance with such standards:

Steven J. Corning

David H. Crum

William B. Ebzery

James W. Haugh (retiring May 21, 2014)

David L. Jahnke

Ross E. Leckie

Michael J. Sullivan

Teresa A. Taylor

Theodore H. Williams

In its determination of independence, the Board considered that the Company (1) conducts banking and credit transactions in the ordinary course of business with certain independent directors, (2) retained Mr. Corning as project manager for a bank branch currently under construction, and, (3) made payments to Dr. Hart under a deferred compensatory agreement. Each of these transactions is more fully described under the heading *Certain Relationships and Related Transactions* below. The Company also purchases electrical services from an entity owned by Mr. Crum. None of these transactions or relationships, other than payments made to Dr. Hart under the deferred compensatory agreement, was deemed by the Board to impair the independence for these directors.

We have a credit committee, an executive committee, a compensation committee, a governance & nominating committee, a technology committee and an audit committee, all established by the Board and each of which consists of members of the Board.

In addition to these committees, our chairman and executive vice chairman of the Board may from time to time designate and appoint, on a temporary basis, one or more directors to assist in the form of a limited or special assignment in the performance or discharge of any powers and duties of the Board or any committee thereof.

Credit Committee. Credit committee members currently include Steven J. Corning (Chair), William B. Ebzery, Ed Garding, John M. Heyneman, Jr., James R. Scott, Thomas W. Scott and Theodore H. Williams. The credit committee's primary responsibility is to advise the chief credit officer in the establishment of a loan portfolio and credit policies that will assure the safety of depositors' money, earn sufficient income to provide an adequate return on capital and enable communities in our market area to prosper. The credit committee met twelve times in 2013 with each serving committee member attending at least 75% of the meetings.

Executive Committee. Executive committee members currently include James R. Scott (Chair), Steven J. Corning, William B. Ebzery, Charles M. Heyneman, Ed Garding, Ross E. Leckie, Jonathan R. Scott, Thomas W. Scott and Teresa A. Taylor. The executive committee functions and acts on behalf of the Board between regularly scheduled board meetings, usually when time is critical, and assists the Board in carrying out its responsibility to monitor the Company's capital management policy. The executive committee met three times in 2013 with each serving committee member attending at least 75% of the meetings.

Compensation Committee. Compensation committee members currently include Teresa A. Taylor (Chair), Charles E. Hart, M.D., M.S., James W. Haugh, John M. Heyneman, Jr., Randall I. Scott and Michael J. Sullivan.

The compensation committee has the following responsibilities:

reviewing and approving corporate goals relevant to compensation for executive officers;

evaluating the effectiveness of our compensation practices in achieving our strategic objectives, encouraging behaviors consistent with our values and aligning performance objectives consistent with our vision;

evaluating the performance of our chief executive officer in determining compensation;

approving the compensation of our chief executive officer and other executive officers;

evaluating the performance of our Board chairman and vice chairman;

overseeing succession planning for executive officers;

recommending compensation for Board members;

Edgar Filing: ROLLINS INC - Form 10-Q

recommending adjustments to director and officer insurance;

reviewing the financial performance and operations of employee benefit plans, excluding plans subject to Title I of the Employment Retirement Income Security Act of 1974, as amended; and

administering incentive compensation and other employee benefit plans.

The compensation committee met eight times during 2013 with each serving committee member attending at least 75% of the meetings. A current copy of the compensation committee charter is available to shareholders on our website at www.FIBK.com.

Governance & Nominating Committee. Governance & nominating committee members currently include David L. Jahnke (Chair), Charles E. Hart, M.D., M.S., James W. Haugh, James R. Scott, Jonathan R. Scott, Randall I. Scott, Thomas W. Scott and Michael J. Sullivan. The governance & nominating committee has the following responsibilities:

ensuring we have an effective and efficient system of governance, including development of criteria for Board membership;

identifying, screening and recommending candidates to the Board;

nominating candidates for election to the Board at our annual meeting of shareholders;

filling vacancies on the Board that may occur between annual meetings of shareholders;

overseeing the orientation, development and evaluation of Board members;

evaluating services provided to and communications with shareholders; and

reviewing and approving related party transactions.

The governance & nominating committee met five times in 2013 with each serving committee member attending at least 75% of the meetings.

The Board has reviewed, assessed the adequacy of and approved a written charter for the governance & nominating committee. A current copy of the governance & nominating committee charter is available to shareholders on our website at www.FIBK.com.

When formulating its recommendations for director nominees, the governance & nominating committee considers recommendations offered by our chief executive officer, our shareholders and any outside advisors the governance & nominating committee may retain. The Scott family, through a family council, recommends Scott family members to the governance & nominating committee for consideration as candidates for Board membership. All current year nominees, with the exception of Dana Filip-Crandall, are standing for re-election to the board. Charles M. Heyneman was recommended for Board membership by the Scott family council. All candidates for Board membership, including those recommended by the Scott family council, are evaluated by the governance & nominating committee on the basis of broad experience, financial acumen, professional and personal accomplishments, educational background, wisdom, integrity, ability to make independent analytical inquiries, understanding of our business environment and willingness to devote adequate time to board duties. The qualifications, attributes and skills of each of the nominees, together with their business experience described above, led to the conclusion that each nominee is qualified to serve as a director of the Company.

The Scott family does not approve candidates for board membership prior to their nomination by the governance & nominating committee and there are no arrangements or understandings between any candidate and the Scott family that require disclosure pursuant to Item 401(a) of Regulation S-K.

We do not have a formal policy concerning shareholder recommendations of candidates for Board membership. The Board views that such a formal policy is not necessary given the procedures described above and our willingness to consider candidates recommended by shareholders. Shareholders may recommend candidates by writing to our corporate secretary at our headquarters, 401 N. 31st Street, Billings, Montana 59116, giving the candidate's name, contact information, biographical data and qualifications. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. See Shareholder Proposals and Shareholder Communications with the Board contained herein.

Technology Committee. Technology committee members currently include Charles E. Hart, M.D., M.S. (Chair), David H. Crum, Charles M. Heyneman, James R. Scott, Thomas W. Scott and Teresa A. Taylor. The technology committee's primary responsibility is to monitor the alignment between our overall business strategies and our information technology strategic plan. The technology committee met four times in 2013 with each serving committee member attending at least 75% of the meetings.

Audit Committee. Audit committee members currently include Ross E. Leckie (Chair), David H. Crum, William B. Ebzery, David L. Jahnke and Theodore H. Williams. All members of the audit committee are independent directors based upon the definition of independence contained in the NASDAQ Marketplace Rules and in accordance with the Sarbanes-Oxley Act requirements and our governance guidelines.

The audit committee has the following responsibilities:

reviewing our accounting and financial reporting processes, internal and disclosure control systems and external and internal auditing systems;

overseeing risk management objectives;

Edgar Filing: ROLLINS INC - Form 10-Q

oversight of the internal audit function, including approval and monitoring of the annual internal audit plan;

reviewing and approving the reports on Form 10-K and Form 10-Q;

reviewing the effectiveness of the systems for monitoring adherence with laws, regulations and our codes of ethics;

selection of the external auditors and monitoring the performance and results of their activities; and,

establishing procedures to handle complaints regarding accounting, internal controls or audit matters.

The audit committee met ten times during 2013 with each serving committee member attending at least 75% of the meetings.

The Board has determined that each of William B. Ebzery, David L. Jahnke and Ross E. Leckie qualifies as an audit committee financial expert, as that term is defined in applicable SEC regulations. The Board has reviewed, assessed the adequacy of and approved a written charter for the audit committee. A current copy of the audit committee charter is available on our website at www.FIBK.com.

The Board's Leadership Structure

Currently, the offices of chairman of the board and chief executive officer are separate. Our chairman is Thomas W. Scott, and our president and chief executive officer is Ed Garding. The chairman of the board is responsible for presiding at meetings of the Board and exercising such other powers and duties as set forth in our second amended and restated bylaws and as may from time to time be assigned to him by the Board. The chief executive officer is responsible for general supervision, direction, and control of our business affairs, and ensuring that all orders and resolutions of the Board are carried into effect. In addition, Michael J. Sullivan acts as our lead independent director. The lead independent director acts as a liaison between the chairman and independent directors, presides over semi-annual meetings of the independent directors and, if requested by major shareholders, is available for consultation and direct communication. The Board believes that our existing corporate governance structure best serves the current needs of our company and our shareholders.

The Board's Role in Risk Oversight

It is the responsibility of the chief executive officer to fulfill the Board's expectation of a strong risk management culture throughout the organization. It is the responsibility of the chief risk officer to ensure an appropriate risk management framework is implemented to identify, assess, and manage our exposure to risk. The Board and its committees play an important role in overseeing executive management's performance of their responsibilities relating to risk management. In general, this oversight includes working with executive management to determine an appropriate risk management culture, monitoring the amounts and types of risk taken in executing our business strategy and evaluating the effectiveness of risk management processes against the policies and procedures established to control those risks. We have adopted a risk management oversight structure designed to ensure that all significant risks are actively monitored by the entire Board or one of its committees. Furthermore, given the importance of the Bank's operations to us, additional risk management oversight is provided by the Bank's board of directors, members of which include certain of our directors.

In most cases, our respective Board committees are responsible for the oversight of specific risks as outlined in each of their respective charters. For example, the credit committee's risk oversight responsibilities include oversight of the annual credit plan, lending policies, credit trends, the allowance for loan loss policy, and high risk portfolios and concentrations. In addition to its oversight of all aspects of our annual independent audit and the preparation of our financial statements, the audit committee has been delegated responsibility for oversight of risks associated with our internal controls, compliance with applicable laws and regulations, monitoring the implementation of codes of conduct and overseeing responses to reports of examination. The compensation committee has been delegated responsibility for oversight of our compensation programs, including evaluating whether any of these programs contain features that promote excessive risk-taking by management and other employees, either individually or as a group. The executive committee oversees our capital positions and capital management activities to ensure compliance with applicable regulatory requirements and to ensure that our capital levels are a source of financial strength. The governance & nominating committee has been delegated responsibility for establishing and reviewing the adequacy of our codes of conduct and ethics, reviewing and approving related party transactions, developing criteria and qualifications for board membership, considering, recommending, and recruiting candidates to fill new or vacant positions on the Board, and ensuring an effective and efficient system of governance is in place for the Company. The technology committee has been delegated responsibility for ensuring adequate processes are in place to protect the Company's data.

In addition to oversight of risk management by the Board and its committees, the Bank's board of directors and its committees have been delegated the responsibility for overseeing management of the Bank's lending activities, liquidity and capital position, asset quality, interest rate risk and investment strategies. The chairman of the Bank's board communicates relevant information with respect to these activities to the full Board.

The Board's committees carry out their responsibilities by requesting and obtaining reports and other information from management with respect to relevant risk areas. In addition to our committee structure, our entire Board periodically receives reports and information about key risks and enterprise risk management from the chief risk officer.

Board Diversity

The Board does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. Our governance standards, however, require the Board's governance & nominating committee to review the qualifications of candidates to the Board, of which diversity is one of the criteria. This assessment includes the consideration of personal and professional ethics and integrity, including a candidate's reputation for integrity in the business community; diversity among the existing Board members, including racial and ethnic background and gender; specific business experience and competence, including an assessment of whether the candidate has experience in, and possesses an understanding of, business issues applicable to the success of the banking industry and whether the candidate has served in policy-making roles in business, government, education or other areas that are relevant to the Company's regional activities; financial acumen, including whether the candidate, through education or experience, has an understanding of financial matters and the preparation and analysis of financial statements; professional and personal accomplishments, including involvement in civic and charitable activities; educational background; and whether the candidate has expressed a willingness to devote sufficient time to carrying out his or her duties and responsibilities effectively and is committed to service on the Board.

Principal Accounting Fees and Services

The audit committee appointed McGladrey LLP as our independent auditor for the fiscal year ending December 31, 2014. McGladrey LLP has been our independent auditor since March 2004. No representatives of McGladrey LLP are expected to be present at the annual meeting.

During the period covering the fiscal years ended December 31, 2013 and 2012, McGladrey LLP performed the following professional services:

	2013	2012
Audit fees ⁽¹⁾	\$ 565,000	\$ 550,000
Audit-related fees ⁽²⁾	3,500	
Tax fees		
All other fees		

⁽¹⁾ Audit fees consist of fees for annual audit and reviews of the quarterly reports on Form 10-Q.

⁽²⁾ Audit-related fees consist of fees for review of our Registration Statement on Form S-3 filed with the SEC on May 24, 2013.

Pre-Approval Policies and Procedures

After our registered public accounting firm has been retained by us, following approval by the audit committee and the Board, the audit committee does not require advance approval for audit and audit-related services. Although pre-approval is not required for these services, the audit committee has adopted a policy of approving such services either in advance or after the fact. The audit committee has adopted a policy that requires advance approval of all non-audit or audit-related services performed by our independent registered public accounting firm when fees are expected to exceed \$15,000. These policies are consistent with the audit committee charter. The audit committee has delegated to the audit committee chairman, Ross E. Leckie, or any two other members of the audit committee, authority to approve services, subject to ratification by the audit committee at its next committee meeting.

Report of the Audit Committee of the Board of Directors

March 19, 2014

To the Board of Directors of First Interstate BancSystem, Inc.:

The audit committee (Committee) operates under a charter approved by the Board of Directors (Board) that specifies the scope of the Committee's responsibilities and how they are carried out. The Board has determined that all members of the Committee are independent based upon the standards adopted by the Board, which standards incorporate the independence requirements under applicable laws and regulations.

Management is responsible for the Company's systems of internal controls and the financial reporting process. McGladrey LLP, the Company's independent registered public accounting firm (independent auditors), is responsible for the integrated audit of the consolidated financial statements and internal controls over financial reporting. The Company's internal auditors are responsible for preparing an annual audit plan and conducting internal audits under the control of the Chief Audit Executive, who is accountable to the Committee.

The Committee's responsibility is to monitor and oversee these processes and procedures.

The Committee relies, without independent verification, on the information provided to it and on the representations made by management regarding the effectiveness of internal control over financial reporting, and that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. The Committee also relies on the opinions of the independent auditors on the consolidated financial statements and on the effectiveness of internal control over financial reporting. The Committee's oversight does not provide assurance that management's and the auditor's opinions and representations are correct.

The Committee reviewed and discussed the financial statements as of and for the year ended December 31, 2013 with management, the internal auditors and the independent auditors. The audit committee's review of and discussions about the financial statements included discussions about the quality, not just the acceptability, of the accounting principles used, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee also discussed with the independent auditors all communications required by the standards of the Public Company Accounting Oversight Board (PCAOB) and has received the written disclosures required by the PCAOB concerning independence. The Committee discussed with the independent auditors any relationships that might have an impact on their objectivity and independence and reviewed and approved the amount of fees paid for audit and audit related services.

Based on the above-mentioned reviews and discussions, and subject to the limitations on its role and responsibilities described above and in the Committee charter, on February 25, 2014, the Committee recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.

Shareholder Communications with the Board

We have not, to date, developed a formal process for shareholder communications with the Board. We believe our current informal process, in which any communication sent to the Board either generally or in care of the chief executive officer, corporate secretary or other corporate officer or director is forwarded to all members of the Board, has adequately served the Board's and the shareholders' needs.

Financial Code of Ethics

Our chief executive officer, chief financial officer and principal accounting officers or other persons performing similar functions are required to comply with our code of ethics for chief executive officer and senior finance officers.

The purposes of the code of ethics are as follows:

to deter wrongdoing and to promote, among other things, honest and ethical conduct;

to promote full, fair, accurate, timely and understandable disclosure in SEC and public filings;

to promote compliance with applicable governmental laws, rules and regulations;

to facilitate prompt internal reporting of violations of the financial code of ethics; and

to oversee adherence to such code.

Employees may submit concerns or complaints regarding ethical issues on a confidential basis by means of a toll-free telephone hotline or the use of an internet-based reporting system. All concerns and complaints are reported to our security officer and audit committee chairman in a summary format for investigation. A current copy of our financial code of ethics is maintained on our website at www.FIBK.com.

COMPENSATION DISCUSSION AND ANALYSIS

Role of Compensation Committee

The Compensation Committee's overall responsibility is to review and approve our compensation structure, policy and programs in order to assess whether the compensation structure establishes appropriate incentives for executive management and employee benefits. The Compensation Committee oversees the administration of our equity and incentive compensation plans and is responsible for oversight of executive officer succession planning. The Committee charter, which is posted on our website at www.fibk.com, sets forth the various responsibilities and duties of the Compensation Committee. In the annual review of the charter, the Committee determined the charter was appropriate with regard to the responsibilities and duties specified therein.

The Compensation Committee is comprised of both outside members and non-outside members. Outside members are those who meet both the definition of (1) a non-employee director, as that term is defined for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and (2) an outside director, as that term is defined for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended.

Outside members annually review and determine the salary, bonus and equity compensation awarded to our CEO. They also approve equity awards for all of our elected officers, taking into consideration non-binding recommendations from the non-outside members. In addition, the outside members approve all executive officers' compensation, taking into consideration non-binding recommendations from both our CEO and non-outside members.

Executive Compensation Philosophy

Our executive compensation philosophy is designed to establish an appropriate relationship between executive pay and our annual performance, long-term growth objectives, individual performance of the executive officer and our ability to attract and retain qualified executive officers. The Compensation Committee seeks to achieve these goals by integrating competitive annual base salaries with bonuses based on corporate performance and on the achievement of specified performance objectives, along with long-term incentives of stock option and restricted stock awards through our equity compensation plan.

The Compensation Committee believes that cash compensation in the form of salary and bonus provides our executives with short-term rewards for individual performance and success in operations. Long-term compensation, through awards of stock options and restricted stock, assists in employee retention and encourages management stock ownership. In turn, management ownership leads to increased commitment to our long-term performance and success.

Relation of Compensation Policies and Programs to Risk Management

After reviewing our executive compensation policy and programs, the Compensation Committee concluded that our incentive programs do not encourage or promote unnecessary or excessive risk-taking behavior by executive officers or other employees that could threaten the value of our Company or would be reasonably likely to have a material adverse effect on us. The Company discourages undue risk taking by reserving the right to use discretion in the payout of all incentives.

On November 17, 2011, based on the Compensation Committee's recommendation, the Board of Directors approved a clawback policy for all Section 16 reporting officers, including the named executive officers. The clawback policy authorizes the Board to recoup all performance-based compensation paid during the years affected by a financial restatement or executive misconduct. Based upon the facts and circumstances surrounding the restatement, the Board may also direct the Company to cancel any equity-based awards granted to the executives during the applicable time period and recoup any gains realized during the time period with respect to equity-based awards.

Role of Executive Officers

The individuals who served as our chief executive officer, or CEO, and chief financial officer, or CFO, during 2013, as well as the other individuals included in the summary compensation table, are collectively referred to as the named executive officers, or NEOs.

The CEO annually reviews the performance of the executive officers and makes non-binding recommendations to the Compensation Committee for salary adjustments, annual bonuses, and equity-based compensation. The Compensation Committee may exercise its discretion to accept, reject or modify any recommended salary adjustments, bonuses or awards to executives.

Role of Compensation Consultants/Peer Group

The Compensation Committee made a comprehensive review of our executive compensation in 2013 utilizing the Equilar subscription service to obtain proxy data based on a custom peer group. The peer group was composed of the following banks:

1 st Source Corporation	International Bancshares Corporation
BancFirst Corporation	Old National Bancorp
BancorpSouth, Inc.	Park National Corporation
Banner Corporation	Prosperity Bancshares, Inc.
Chemical Financial Corporation	Renasant Corporation
Columbia Banking System, Inc.	Sterling Financial Corporation
First Financial Bancorp	Trustmark Corporation
First Merchants Corporation	UMB Financial Corporation
First Midwest Bancorp, Inc.	Umpqua Holdings Corporation
Glacier Bancorp, Inc.	United Community Banks, Inc.
Great Southern Bancorp, Inc.	WesBanco, Inc.
Heartland Financial USA, Inc.	

Changes to the peer group from the previous year include the addition of BancorpSouth, Inc., First Merchants Corporation, Great Southern Bancorp, Inc. and Renasant Corporation, who were added based on their asset size.

The Compensation Committee targets market competitive (50th percentile) base pay, incentives and total cash compensation within the peer group. The Compensation Committee took into consideration data from salary surveys conducted by the American Bankers Association, the Economic Research Institute, Mercer, and Equilar.

During 2013, the Compensation Committee engaged the services of Pearl Meyer & Partners, a compensation consulting firm, to assist with its executive compensation review and to provide competitive market data. This consulting engagement was extended through 2014.

Say on Frequency/Say on Pay

In 2011, the shareholders approved a biennial say on pay vote. The Compensation Committee reviewed the 2013 say-on-pay voting results and noted that the advisory vote on executive compensation was approved by shareholders as follows:

Votes for	99,744,969
Votes against	142,706
Abstentions	1,179,007
Broker non-votes	3,239,840

We believe our compensation policies and programs are based on a pay-for-performance culture and align with the long-term interests of our shareholders. Beginning in 2011, Section 14A of the Exchange Act (as enacted by the Dodd-Frank Wall Street Reform and Consumer Protection Act) requires us to provide our shareholders a Say-on-Pay vote. This vote gives our shareholders the opportunity to endorse or not endorse the compensation of our NEOs. The shareholder vote is advisory and is not binding on the Compensation Committee; however, the Committee will take into account the outcome of the vote.

2013 Company Performance Relationship to Executive Pay

2013 Financial Performance. In considering executive compensation, the Compensation Committee takes into account various metrics of our financial performance. We have consistently reported net income to shareholders for the last 26 years and have had over 19 years of consecutive quarterly dividends. The Company has recently announced a 14% increase in dividends, to \$.016 per common share, for the first quarter of 2014.

The Company set record levels of earnings in 2013, with \$86.1 million of net income available to common shareholders, or \$1.96 per diluted share. Earnings levels were driven by further improvement in credit quality, with non-performing assets and criticized assets reaching the lowest levels since 2008. Additionally, another strong year of income generated from the origination and sale of residential mortgages, along with growth in Wealth Management revenues, helped the Company achieve this high level of earnings.

Financial metrics demonstrate positive trends as shown in the tables below. As reflected in the earnings per share and dividends per share table, the Company accelerated payment of the first quarter 2013 dividend to December 2012, resulting in five dividend payments in 2012 and three dividend payments in 2013.

Base Salaries. In determining the salary increase matrix for all employees for 2013 and 2014, the Compensation Committee took into consideration the following:

projected loan demand;

increased compliance costs; and

the ratio of current salaries to market survey data.

In 2013, the merit increase table reflected an approximate 2.8% midpoint increase for an employee who performed satisfactorily and whose salary was currently at market value. For 2014, the midpoint increase was 3.0%. In 2013, increases for NEOs ranged from 2.7% to 11.2%.

The outside members of the Compensation Committee approved the 2013 base salary of Mr. Garding, the current CEO. They also approved the 2013 compensation of other executive officers, including the NEOs, as recommended by the CEO.

In approving the base salary of each executive officer, the Compensation Committee utilized the above mentioned salary increase matrix along with data from the executive compensation peer review discussed previously.

Bonuses. The Compensation Committee awards executive bonuses based upon earnings and the achievement of an ROA percentile ranking relative to the FIBK peer group. Bonuses for executive officers in 2013 were higher than in 2012 due to improved earnings. Target bonuses for 2013 for the NEOs ranged from 33% of base salary to 50% of base salary for the CEO. The varying percentages reflect the Compensation Committee's belief that an executive officer's scope of work, responsibilities and performance all be considered when awarding an executive officer a bonus.

Long Term Incentive. Long-term equity incentive compensation encourages employees to focus on our long-term performance. It also provides an opportunity for executive officers and certain designated key employees to increase their stake in our company through stock option grants and restricted stock awards, further aligning their interests with those of our shareholders.

In 2013, the outside members of the Compensation Committee awarded a targeted percentage of salary in a mix of long-term incentives to the NEOs as follows:

Mr. Moore did not receive long-term incentives due to his planned retirement in 2014. Mr. Riley received a long-term incentive of 12,000 shares of time restricted stock on his hire date of July 16, 2013.

The actual number of options granted was determined based on a value established using the Black-Scholes option pricing model using the Company's historical volatility and a 7 year life. Both the stock options and the time vested stock have a 3-year graded vesting period.

The performance restrictions for the performance vested stock are based on the three-year return on assets (ROA), a three-year return on equity (ROE), and a three year return on total shareholder return (TSR) average of our company compared to the SNL Financial index of bank holding companies with total assets between \$4.0 billion and \$12.0 billion (SNL Index). The measurement date is September 30, 2015, using the previous 12 quarters. Vesting is as follows:

Percentile of Peers	Vesting Percentage
<41 st	0%
41 st to <45 th	25%
45 th to <50 th	38%
50 th to <60 th	50%
60 th to <70 th	75%
70 th to <80 th	100%
80 th to <90 th	115%
90 th and higher	125%

The value of the long-term incentive granted under our equity compensation plan to our NEOs, as well as to certain other officers, was based primarily on the individual's ability to influence our long-term growth and profitability.

The Compensation Committee believes long-term incentive vehicles, such as stock options and restricted stock, afford desirable compensation methods because they:

- enhances the link between the creation of shareholder value and long-term executive incentive compensation;

- provides an opportunity for increased equity ownership by executives; and

- maintain competitive levels of total compensation.

All awards under our equity compensation plan are based on the closing price of the underlying common stock as quoted on NASDAQ Stock Market for the last market trading day prior to the date of the award. Dollar values of the annual awards of long term incentives to executives have historically been approved at the Compensation Committee's regularly scheduled meeting in January with the date of the awards specified at that time.

Other Compensation. We provide our NEOs with other compensation that the Compensation Committee believes is reasonable and consistent with the overall compensation program to better enable us to attract and retain superior employees for key positions. The Compensation Committee annually reviews the levels of other compensation provided to NEOs.

The NEOs participate in the following plans and programs along with health and group life and disability insurance. Additional benefits offered to the NEOs may include some or all of the following:

- individual life insurance, as described below under Endorsement Split Dollar and Survivor Income Benefits ;

- payment of social club dues;

- dividends on unvested restricted stock; and

- use of a company automobile.

Company paid individual long term disability policies were discontinued in July 2010.

Edgar Filing: ROLLINS INC - Form 10-Q

Retirement and Related Plan. We maintain a profit sharing plan for all non-temporary employees. Contributions are made as authorized by the Board. Participants vest after three years of service. In addition, employees are permitted to defer a portion of their compensation into our profit sharing plan under a 401(k) feature, and we make limited matching contributions with respect to such deferrals.

CEO Total Compensation. The outside members of the Compensation Committee reviewed all components of Mr. Garding's total compensation package. The compensation was determined to be reasonable based on the review of our peers' CEO total compensation data. Mr. Garding's compensation package was larger than those granted to our other executives in recognition of his responsibility and performance.

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals unless certain conditions are met. We believe that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes.

Endorsement Split Dollar and Survivor Income Benefits

We obtained life insurance policies covering two of the NEOs. Under these policies, we receive all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of the selected executive officers whereby a portion of the policy death benefit is payable to his designated beneficiary. The endorsement split dollar agreement will provide post-retirement coverage for those selected key officers meeting specified retirement qualifications. We have entered into this type of endorsement split dollar agreement with Mr. Garding and Mr. Moore.

We also obtained a life insurance policy covering selected officers of First Interstate Bank. Under this policy, we receive all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of the insured officers whereby \$100,000 of the policy death benefit is payable to designated beneficiaries if the participant is employed by us at the time of death. Upon termination of employment, the policy remains in place and 100% of the policy death benefit is payable to the Company. We have entered into this type of endorsement split dollar agreement with Mr. Garding and Mr. Moore.

During 2013, we obtained additional life insurance policies on selected officers of First Interstate Bank. Under these policies, we receive all benefits payable upon death of the insured. A survivor income agreement was executed with each of the insured officers whereby a survivor benefit of \$150,000 is payable to designated beneficiaries if the participant is employed by us at the time of death. We have entered into this type of survivor income agreement with Mr. Riley and Mr. Guenther.

Employment Contracts

We do not currently have employment agreements with any of our executive officers.

Stock Ownership Guidelines

In order to further align the interests of the employees with the interests of the Company, on September 23, 2010, the Board of Directors approved a Stock Ownership Guideline Policy based on the Compensation Committee's recommendation. The Policy recommends the following stock holdings for directors and NEOs and allows them five years to achieve the recommended level of holding:

Directors five times their annual cash retainer

CEO five times base salary

NEOs three times base salary

Stock holdings are measured at the end of each year using the year's closing stock price. While the directors and NEOs are not required to meet the recommended level of holding until September 23, 2015 at the earliest, all directors and NEOs, with the exception of two recently elected directors and three recently appointed NEOs, currently meet the minimum level of ownership.

Equity Compensation Plans

Stock options awarded prior to March 23, 2010 that are currently outstanding under our equity compensation plans are exercisable for shares of our Class B common stock. Awards of stock options, restricted stock and other securities issued under our equity compensation plans on or after March 23, 2010 are exercisable for shares of our Class A common stock.

2006 Equity Compensation Plan. Our 2006 equity compensation plan, as amended and restated, is an omnibus equity compensation plan pursuant to which we may grant equity awards to our directors, officers and other employees. The 2006 plan provides additional benefits as contained in the plan and consolidates into one plan the benefits available under the following equity compensation plans previously adopted:

the 2001 stock option plan;

the 2004 restricted stock award plan;

the director stock compensation plan; and

the officer stock benefit plan.

The 2006 plan does not increase the number of shares of common stock that were available for awards under the prior plans. The prior plans continue with respect to awards made previously under such plans.

The 2006 Plan contains the following important features:

The initial number of shares of common stock reserved under the 2006 plan was 3,000,000, which was approximately 9.2% of our previously-existing common stock outstanding at the time of shareholder approval.

In 2013, the Board recommended and shareholders approved an amendment to the 2006 plan to increase the number of shares authorized for issuance by an additional 1,500,000 shares of common stock.

Awards under the 2006 plan are subject to broad discretion by the Compensation Committee administering the plan.

All awards under the 2006 Plan are based on the closing price of the underlying common stock as quoted on NASDAQ Stock Market for the last market trading day prior to the date of the award.

Stock options granted under the 2006 plan are nonqualified stock options that have terms of not more than ten years.

There is no fixed term for the 2006 plan and the 2006 plan continues in effect until terminated by the Board.

The Plan prohibits repricing or option exchanges without shareholder approval.

The purpose of the 2006 plan is to advance the interests of our shareholders by enhancing our ability to attract, retain and motivate employees and directors who are expected to make important contributions to us by providing them with both equity ownership opportunities and performance-based incentives intended to align their interests with those of our shareholders. The 2006 plan is designed to provide us with flexibility to select from among various equity-based compensation vehicles and to be able to address changing accounting requirements, tax rules and corporate governance practices by optimally utilizing stock options and shares of our common stock.

The 2006 plan permits awards of stock options, restricted stock and other stock awards. All awards made under the 2006 plan after March 23, 2010 are in shares of Class A common stock. The following terms apply to the awards granted under the Plan for each of the last three years:

Stock options - 3-year graded vesting period, with a term of no more than 10 years;

Time-restricted awards - 3-year graded vesting period; and

Performance-restricted awards - cliff vesting as of December 31 of the third year following the year of the award, based on achievement of specified performance conditions.

In addition, in 2012, common shares were awarded under the 2006 Plan to members of the Strategic Design Team (SDT), a group responsible for developing the Company's long-term strategies, in recognition of additional duties performed by members of the SDT.

Participants include any person who is designated by the Board to receive one or more benefits under the 2006 plan. Awards are generally made to executive officers in the first quarter of each year.

Deferred Compensation Plans

In 2006, we restated our principal deferred compensation plan that was established for the benefit of a select group of management and highly compensated employees. The purpose of the restatement was (1) to amend the plan to comply with Section 409A of the Internal Revenue Code

Edgar Filing: ROLLINS INC - Form 10-Q

and related guidance issued before the adoption of the restatement and (2) to merge into the plan another previously administered nonqualified deferred compensation plan known as the executive nonqualified deferred compensation plan. The restated plan allows eligible employees, as determined by our Board or Compensation Committee, and eligible directors to defer a portion of base salary, bonus or director fees subject to certain maximums as set forth by the plan administrator.

Additionally, we make discretionary contributions on behalf of the executive officer participants for 401(k) plan matching contributions and profit sharing contributions in excess of Internal Revenue Code limitations. Other contributions on behalf of a participant may be made at the discretion of the Board.

The deferral account of each participant is adjusted by investment earnings or losses based upon the performance of the underlying investments selected by the participant from among alternatives selected by the plan administrator. Deferral accounts are distributed based on each participant's election. The distribution elections are all made in accordance with Section 409A and may be lump sums or annual installments over a period of years.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Summary Compensation Table

The table below summarizes the total compensation paid or earned by each of the named executive officers for the fiscal years ended December 31, 2013, 2012 and 2011. When approving total compensation for each of the named executive officers, the compensation committee considers compensation paid to similarly situated executives in similarly sized financial institutions.

⁽¹⁾ The amounts reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Stock awards are a combination of time and performance restricted stock awards. In addition, in 2012 common shares were awarded to members of the SDT in recognition of additional duties performed. Mr. Garding was awarded 3,168 shares of time restricted and 4,224 shares of performance restricted stock in 2011; 3,594 shares of time restricted, 4,790 shares of performance restricted stock and 200 SDT shares in 2012; and 3,921 shares of time restricted and 5,226 shares of performance restricted stock in 2013. Mr. Riley was awarded 12,000 shares of time restricted stock in 2013. Mr. Moore was awarded 2,823 shares of time restricted and 3,762 shares of performance restricted stock in 2011; and 2,790 share of time restricted stock and 3,718 shares of performance restricted stock in 2012. Mr. Huston was awarded 1,209 shares of time restricted stock, 1,612 shares of performance restricted stock and 200 SDT shares in 2012; and 1,401 shares of time restricted stock and 1,869 shares of performance restricted stock in 2013. Mr. Guenther was awarded 1,296 shares of time restricted stock, 1,728 shares of performance restricted stock and 200 SDT shares in 2012; and 1,188 of time restricted stock and 1,584 shares of performance restricted stock in 2013. Mr. Cerkovnik was awarded 957 shares of time restricted stock in 2011, 933 shares of time restricted stock in 2012; and 507 shares of time restricted stock and 675 shares of performance restricted stock in 2013.

The value included for the performance shares is based on 100% vesting. In order for this level of vesting to occur, the Company must achieve an average ROA and ROE performance at the 71st to 80th percentile for both the 2011 and 2012 awards and on average ROA, ROE and TSR performance at the 70th to 79th percentile for the 2013 award. The maximum vesting for the performance awards is 125% of the shares if average ROA and ROE performance is at or above the 91st percentile of the SNL Index defined earlier for the 2011 and 2012 awards and the average ROA, ROE and TSR performance is at or above the 90th percentile of the SNL Index defined earlier for the 2013 award.

Based on the Company's financial performance, it was determined on December 31, 2012 that it was unlikely that any of the 2011 performance shares would vest and a 50% vesting of the 2012 performance shares would be most likely to occur.

The 2011 equity-based awards were valued at \$14.20 per share as of the grant date; the 2012 performance and time vested awards were valued at \$14.37 per share as of the grant date; the shares awarded to SDT members in 2012 were valued at \$14.33 per share as of the grant date; the 2013 time and performance vested awards to all named executive officers except for Mr. Riley were valued at \$17.22 per share as of the grant date; and the 2013 time vested award to Mr. Riley was valued at \$22.24 per share as of the grant date.

- (2) The amounts reflect the aggregate grant date fair value, for the periods presented, computed in accordance with FASB ASC Topic 718. For information and assumptions related to the calculation of these amounts, see Notes 1 and 18 of the Notes to Consolidated Financial Statements included in our Annual Report filed on Form 10-K for the fiscal year ended December 31, 2013.
- (3) The amounts shown reflect for each named executive officer: contributions by us to our qualified profit sharing and employee savings plans, under Section 401(k) of the Internal Revenue Code of 1986, as amended; contributions by us to our nonqualified deferred compensation plan; imputed income from our split dollar life insurance plans; gross up amounts to cover taxes on the imputed income from the split dollar life insurance plans and premiums paid by us for individual long term care plans; and dividends on unvested restricted stock. The amounts do not reflect premiums paid by us for group health, life and disability insurance policies that apply generally to all salaried employees on a nondiscriminatory basis.
- (4) The amounts in the All Other Compensation column for Mr. Garding also reflect income from the personal use of a company vehicle and amounts paid by us for social club dues and 401k match and profit sharing dollars over the IRS compensation limit.
- (5) Mr. Riley was hired as an executive officer in July 2013 and became our CFO in August 2013. The amounts in the All Other Compensation column for Mr. Riley also reflect income from amounts paid by us for moving and relocation expenses of \$55,973.

Nonqualified Deferred Compensation

Pursuant to our nonqualified deferred compensation plan described above under Deferred Compensation Plans, certain executives, including the NEOs, may defer a portion of base salary and bonus. Deferral elections are made by eligible executives during the last quarter of each year for amounts to be earned in the following year.

Earnings depend on the performance of the specific mutual funds in which the executive invests. Benefits under the plan are generally not paid until the beginning of the year following retirement or termination. Benefits can be received either as a lump sum payment or in annual installments based on the executive's election made at least one year prior to retirement.

Kevin J. Guenther	12,721	59	58,521		329,453

- (1) The amounts in the Executive Contributions in Last Fiscal Year column are included as salary and/or bonus for each of the NEOs in the summary compensation table in the year the contribution was earned.
- (2) The amounts in Registrant Contributions in Last Fiscal Year column are included as other compensation for each of the NEOs in the summary compensation table in the year the contribution was earned.

Potential Payments upon Termination or Change of Control

The amount of compensation payable to the NEOs upon voluntary termination, retirement, involuntary not-for-cause termination, termination following a change of control and in the event of disability or death of the executives is explained below. The amounts shown assume that such termination was effective as of December 31, 2013 and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the NEOs upon their termination. The actual amounts to be paid out can only be determined at the time of separation.

Payments Made Upon Termination. Regardless of the manner in which a NEO's employment is terminated, he is entitled to receive amounts earned during his term of employment. Such amounts include:

salary;

grants and awards received under our equity plans, subject to the vesting and other terms applicable to such grants and awards;

amounts contributed and vested under our profit sharing plan and deferred compensation plan; and

unused paid time off.

In its discretion, the Board may authorize payment of a bonus on a pro rata or other basis, if at all. The Board may also accelerate the vesting of any unexercisable stock options or restricted stock awards outstanding at the time of termination. The amounts regarding applicable salaries, stock options, restricted stock awards, bonuses and deferred compensation for the most recent fiscal year ended December 31, 2013 are contained in the various tables included above.

Severance Payments. Except for the benefits listed under the heading *Payments Made Upon Termination* above, the NEOs are not entitled to any other severance benefits.

Payments Made Upon Retirement. In the event of retirement, the NEOs would be entitled to the benefits listed under the heading *Payments Made Upon Termination* above.

Payments Made Upon Death. In the event of death, in addition to the benefits listed under the heading *Payments Made Upon Termination* above, the estates or other beneficiaries of the NEOs are entitled to receive benefits under our group life insurance plan equal to the lesser of (i) 2.5 times their respective base salary or (ii) \$300,000. For all NEOs, the applicable amount would be \$300,000.

Benefits are also available under our endorsement split-dollar plan pursuant to which the estates or other beneficiaries of Messrs. Garding and Moore would also be entitled to receive benefits equal to the lower of the net insurance amount or three times their respective base salary as follows: Mr. Garding, \$1,368,000; and Mr. Moore, \$840,000.

An additional \$100,000 of the policy death benefit under the life insurance policy covering selected officers of First Interstate Bank is available to the beneficiaries of Mr. Garding and Mr. Moore should death occur while they are employed by the Company.

An additional \$150,000 of survivor income benefit pursuant to life insurance policies covering selected officers of First Interstate Bank is available to the beneficiaries of Mr. Riley and Mr. Guenther should death occur while they are employed by the Company.

Payments Made Upon Disability. In the event of disability, in addition to the benefits listed under the heading *Payments Made Upon Termination* above, the NEOs are entitled to receive benefits under our group disability plan which generally provides for 60% of pre-disability earnings up to a maximum of \$13,000 per month. For each of the NEOs the applicable amount would be \$13,000 per month.

Payments Made Upon a Change of Control. The NEOs are not entitled to any payment resulting from a change in control.

Director Compensation

Edgar Filing: ROLLINS INC - Form 10-Q

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as well as the skill level required by us with respect to members of the Board.

During 2013, each director, other than Ed Garding, Thomas W. Scott, and James R. Scott, received an annual retainer valued at \$41,750 with at least \$21,750 of that being paid in the form of equity. The Directors may elect to receive the other \$20,000 in the form of cash, common stock or stock options. The number of options granted was determined based on a value established using the Black-Scholes option pricing model using the Company's historical volatility and a 7 year life.

Each director, other than Ed Garding, Thomas W. Scott, and James R. Scott, received fees of \$1,000 per board meeting attended and \$750 per Committee meeting attended. Committee chairpersons also received an additional annual retainer, in cash or equity, of \$7,500.

Thomas W. Scott received an annual retainer of \$315,000, paid bi-weekly, for his services as Chairman of the Board. James R. Scott received an annual retainer of \$330,000, paid bi-weekly, for services as Executive Vice Chairman of the Board. Both Mr. Thomas W. Scott and Mr. James R. Scott received one third of their retainers in the form of stock. These retainers were in lieu of all director fees and other retainers described above. The retainer paid to Mr. Thomas Scott recognizes his work on executive succession planning, assistance provided to Company management in monitoring problem loans and non-performing assets and travel to branch banking offices to meet with and communicate expectations to our advisory boards. The retainer paid to Mr. James Scott recognizes his work in providing an interface between the Board and our management, oversight of strategic planning, leadership of the Board in capital planning, deployment and the creation of shareholder value, work on Board and executive succession planning and community visibility.

Directors are reimbursed for ordinary expenses incurred in connection with attending board and committee meetings. Directors are also eligible for the group medical insurance coverage at the director's option. Under our deferred compensation plan, directors may elect to defer any portion of director's fees until an elective distribution date or the director's retirement, disability or death.

⁽¹⁾ The amounts reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Because of the limited number of stock awards granted to non-employee directors, the number of outstanding stock awards held by the directors at December 31, 2013 was not materially different from the amounts reflected in the relevant footnotes to the Beneficial Ownership Table included herein under the heading Security Ownership of Certain Beneficial Owners and Management.

- (2) The amounts reflect the aggregate grant date fair value, for the periods presented, computed in accordance with FASB ASC Topic 718, all of which were immediately exercisable on the date of grant. For information and assumptions related to the calculation of these amounts, see Notes to Consolidated Financial Statements Summary of Significant Accounting Policies and Stock-Based Compensation included in our Annual Report filed on Form 10-K for the fiscal year ended December 31, 2013. Because of the limited number of stock options granted to non-employee directors, all of which are fully exercisable, the number of outstanding options held by the directors at December 31, 2013 was not materially different from the amounts reflected in the relevant footnotes to the Beneficial Ownership Table included herein under the heading Security Ownership of Certain Beneficial Owners and Management.
- (3) Mr. Garding received no compensation for serving as a director, but he was compensated in his capacity as our president and CEO through December 31, 2013.
- (4) Mr. Corning received \$60,000 in 2013 pursuant to a contractual agreement for management of a construction project on behalf of the Company. The total contracted amount for the project is the lesser of \$180,000 or 4% of hard construction costs. These payments are unrelated to his service as a director. For additional information regarding this arrangement, see Certain Relationships and Related Transactions below.
- (5) Mr. Payne served as a director through May 2013.
- (6) Mr. Scott began serving as a director in May 2013.
- (7) Ms. Suzor served as a director through May 2013.
- (8) Mr. Williams began serving as a director in May 2013.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, during the year ended December 31, 2013, our directors, executive officers and greater than 10% shareholders complied with all Section 16(a) filing requirements with the following exceptions: Jonathan R. Scott, a director, failed to report on a timely basis the May 22, 2013 award of 1,044 Class A common shares awarded in lieu of director fees. This transaction was subsequently reported on November 20, 2013. Homer R. Scott, Jr., a director, failed to report on a timely basis the May 17, 2013 sale of 1,000 Class A common shares in an open market transaction. This transaction was subsequently reported on May 28, 2013. Kevin P. Riley, an executive officer, failed to report on a timely basis the July 16, 2013 award of 12,000 time restricted shares. This transaction was subsequently reported on November 6, 2013.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We conduct banking transactions in the ordinary course of business with related parties, including directors, executive officers, shareholders and their associates, on the same terms as those prevailing at the same time for comparable transactions with unrelated persons and that do not involve more than a normal risk of collectability or present other unfavorable features. The independent members of our Governance & Nominating Committee review and approve all related party transactions in excess of \$120,000.

Certain executive officers, directors and greater than 5% shareholders of ours and certain entities and individuals related to such persons, incurred indebtedness in the form of loans, as customers, of \$24,669,000 as of December 31, 2013. During 2013, new loans and advances on existing loans of \$16,067,000 were funded and loan repayments totaled \$20,058,000. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to us and are allowable under the Sarbanes Oxley Act of 2002. Additionally, during 2013, net loans of \$7,407,000 were removed due to changes in related parties from the prior year.

We purchase property, casualty and other insurance through an agency in which Terry W. Payne, a director whose term ended in May 2013, has a controlling ownership interest. We paid insurance premiums to the agency of \$764,000 in 2013.

We lease an aircraft from an entity wholly-owned by Thomas W. Scott, the chairman of our Board. Under the terms of the lease, we pay a fee for each flight hour plus certain third party operating expenses related to the aircraft. During 2013, we paid total fees and operating expenses of \$309,000 for our use of the aircraft. In addition, we lease a portion of our hanger and provide pilot services to the related entity. During 2013, we received payments from the related entity of \$61,000 for hanger use, pilot fees and reimbursement of certain third party operating expenses related to Mr. Scott's personal use of the aircraft.

Thomas W. Scott, chairman of our Board, James R. Scott, executive vice-chairman of our Board, four of our directors, John M. Heyneman, Charles M. Heyneman, Randall I. Scott, Sandra A. Scott Suzor, and one greater than 5% shareholder, Homer A. Scott, Jr., each has a 2.5% interest in Scott Family Services, Inc., or SFS, which provides professional services that benefit us and the Scott Family. In addition, Randall I. Scott is the chairman of the board of directors of SFS. Services provided for our benefit include shareholder education and communication, strategic enterprise planning and corporate governance consultation. During 2013, we paid \$224,000 for these services. SFS reimburses us for all salaries, wages and employee benefits expenses incurred by us on its behalf for personnel.

During 2012, the Company entered into a contract with an entity wholly-owned by Steven J. Corning, a director of ours, to provide construction management and advisory services related to the construction of a bank office building. We paid the entity \$60,000 during 2013.

Conflict of Interest Policy

On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire that requires disclosure of any transactions with our company in which the director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest. Under our code of personal conduct, all employees, including executive officers, are expected to avoid conflicts of interest. Pursuant to our code of ethics for the chief executive officer and senior finance officers, such officers are prohibited from engaging in activities that are or may appear to be a conflict of interest unless a specific, case-by-case exception has first been reviewed and approved by the Board. All of our directors are subject to the Board's governance standards that include a code of ethics and conduct guide requiring the directors to avoid conflicts of interest.

On January 28, 2010, the Board adopted a related person transaction policy that is applicable to our executive officers, directors and certain entities and individuals related to such persons. The policy, as amended, generally provides that we will not enter into any transaction or series of transactions in excess of \$120,000 with related parties unless such transaction(s) are (1) reviewed after disclosure of the relevant facts and circumstances, including any benefits to the Company and the terms of any comparable products or services provided by unrelated third parties, and (2) determined to be in the best interests of the Company and our shareholders, as approved by the independent directors of our governance & nominating committee. The policy also provides that the chairman of such committee, who is an independent director, has delegated authority to approve such transaction(s) in certain circumstances, subject to ratification by the independent directors. The policy does not apply to loan and credit transactions to directors and executive officers that are covered by Regulation O adopted by the Federal Reserve.

Subsequent to adoption of the related person transaction policy, all of the ongoing related party transactions described above were reviewed and approved by the independent directors of the governance & nominating committee in accordance with the policy.

SHAREHOLDER PROPOSALS

The rules of the SEC permit shareholders of a company, after timely notice to the company, to present proposals for shareholder action in the company's proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for shareholder action and are not properly omitted by company action in accordance with the SEC's proxy rules. Our 2015 annual meeting of shareholders is expected to be held on or about May 20, 2015, and proxy materials in connection with that meeting are expected to be mailed on or about April 10, 2015. The deadline for submission of shareholder proposals pursuant to Rule 14a-8 under the Exchange Act for inclusion in our proxy statement for our 2015 annual meeting of shareholders is December 10, 2014, which is 120 days prior to the anniversary of the mailing date for our proxy materials.

Additionally, under the terms of our amended and restated bylaws, shareholders who wish to present an item of business at the 2015 annual meeting must provide notice to the corporate secretary at our principal executive offices not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to May 20, 2015, which will be the one-year anniversary of our 2014 annual meeting. If we do not receive notice of a shareholder proposal in advance of such date, such proposal will be considered untimely pursuant to Rules 14a-4 and 14a-5(e) and the persons named in proxies solicited by the Board for our 2015 annual meeting of shareholders may exercise discretionary voting power with respect to such proposal.

OTHER MATTERS

We know of no matters other than as contained in the Notice of Annual Meeting of Shareholders to be brought before the meeting. The enclosed proxy, however, gives discretionary authority in the event that any additional matters should be duly presented.

Any shareholder may obtain without charge a copy of our Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2013, which includes our audited financial statements. Written requests for a copy of our Annual Report on Form 10-K should be addressed to Amy Anderson, Assistant Vice President, First Interstate BancSystem, Inc., 401 North 31st Street, PO Box 30918, Billings, Montana 59116-0918.
