NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(UNAUDITED)

NOTE 1 ORGANIZATION, NATURE OF BUSINESS AND GOING CONCERN

(A) Organization

On March 16, 2011 PayMeOn, Inc., a Nevada corporation organized on May 30, 2006 (the "Company" or PayMeOn) completed its agreement and plan of merger (the "Merger Agreement") to acquire Hyperlocal Marketing, LLC, a Florida limited liability company ("Hyperlocal"), pursuant to which Hyperlocal merged with and into HLM PayMeOn, Inc., a Florida corporation and wholly owned subsidiary of the Company. Under the terms of the Merger Agreement, the Hyperlocal members received 301,296 shares of the Company common stock, which equals approximately 50.1% of the total shares of the Company issued and outstanding following the merger on a fully diluted basis. In accordance with the Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) Topic 360-10-45-15, the transaction was accounted for as a reverse acquisition. Hyperlocal was considered the accounting acquirer and the acquire was the Company since the members of Hyperlocal obtained voting and management control of the Company and the transaction had been accounted for as a reverse merger and recapitalization.

Hyperlocal was originally organized in the State of Florida on January 22, 2010.

In 2014, the Company began selling Prodeco Technologies, LLC brand electric bicycles, an affiliate entity, of which the Company acquired a 19.4% equity interest. During 2015, the Company expanded its sales of electric bicycles to include sales of electric bicycles and related products made by other manufacturers in a retail store location in Fort Lauderdale.

During the first quarter of 2016, the Company formed a new subsidiary, PayMeOn Brands, Inc., to pursue the business of developing, marketing, managing and monetizing lifestyle brands and products. The Company intended to develop and leverage its relationships and expertise with respect to manufacturing processes, wholesale and retail distribution networks, and social influencer promotion, primarily targeting youth oriented "lifestyle" markets to create and grow

new and existing brands across several market segments.

On October 16, 2016, the Company formed a new, wholly-owned company called Xtreme Fat Tire Bike Holdings, LLC (Xtreme). The Company was formed to pursue potential development of the fat tire segment of the electric bikes market. To date, Xtreme has had no material operations.

On February 21, 2017, the Company executed a membership interest purchase agreement to acquire 100% of the membership interests of Rockstar Acquisitions, LLC d/b/a Basalt America (Basalt America). Basalt America leverages its licensed intellectual property, technology and processes to produce Basalt Fiber Reinforced Polymer products that are used as replacements for steel products that reinforce concrete such as rebar. In consideration of the acquisition of all of the issued and outstanding membership interests of Basalt America, the Company issued an aggregate of 95,500,000 restricted shares of its common stock to the members of Basalt America. For accounting purposes, the transaction was recorded at historical cost in accordance with ASC 805-50-25-2 as this was considered an acquisition of entities under common control as the Board of Directors of the Company and of Basalt America are the same and control the activities of the respective companies.

During the second quarter of 2017, the Company entered into a term sheet for a Joint Venture (Joint Venture) with accredited investors for the management of Basalt America Territory 1, LLC, which will have the exclusive rights to manage sales for Dade, Broward and Monroe Counties in the State of Florida. In conjunction with entering into the Joint Venture, the investors provided total proceeds of \$502,500 which was used as a deposit to purchase future inventory from May to August 2017. Operations commenced during the fourth quarter of 2017. The Company owns 55.3% of the Joint Venture and the investors own 44.7% of the joint venture.

During the second quarter of 2017, we also created Basalt America Territory 2, LLC to manage the sales, distribution and marketing of our products for the state of Rhode Island. The joint venture is to be owned 50% by Basalt America and 50% by a third-party investor. Basalt America Territory 2, LLC has not yet been formalized and has not yet commenced operations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(UNAUDITED)

NOTE 1 ORGANIZATION, NATURE OF BUSINESS AND GOING CONCERN (CONTINUED)

(A) Organization (Continued)

On March 19, 2018, the Board of Directors of the Company approved the disposal of HLM Paymeon, Inc. and Paymeon Brands, Inc. as they made a strategic shift into the basalt fiber reinforced polymer business with the acquisition of Basalt America. The disposal of HLM Paymeon, Inc. was effective September 30, 2018. The disposal is reflected in the Company's financial statements effective September 30, 2018. As a result of this disposal under ASC 205-20-45-1E, the Company has presented the assets and liabilities of this segment as discontinued operations and have reclassified the prior year balances to reflect this strategic shift.

On April 13, 2018, Edward A. Cespedes resigned as the chairman and chief executive officer of our Company and all our subsidiaries.

On April 13, 2018, Vincent L. Celentano was appointed chairman and chief executive officer of our Company and all our subsidiaries. Mr. Celentano is the largest individual shareholder of our Company.

On August 8, 2018, the Company entered into a six-month agreement with David Anderson to act as its Interim Chief Executive Officer and Interim Principal Financial Officer.

On August 13, 2018, the Company formed Basanite Industries LLC, a wholly-owned Delaware subsidiary.

On August 16, 2018, the Company accepted the resignation of Vincent L. Celentano as Chief Executive Officer and Principal Financial Officer.

PayMeOn and its wholly owned subsidiaries are herein referred to as the "Company".

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, they do not include all of the information necessary for a comprehensive presentation of financial position and results of operations. The interim results for the period ended September 30, 2018 are not necessarily indicative of results for the full fiscal year. It is management's opinion, however that all material adjustments (consisting of normal recurring adjustments) have been made which are necessary for a fair financial statement presentation.

(B) Principles of Consolidation

The accompanying consolidated financial statements include the accounts of PayMeOn, Inc. and its wholly owned subsidiaries, PayMeOn Brands, Inc, HLM PayMeOn, Inc., Basanite Industries, LLC, Xtreme Fat Tire Bike Holdings, LLC, Basalt America, and Basalt America Territory 1, LLC, a majority owned subsidiary. All intercompany accounts have been eliminated in the consolidation.

(C) Going Concern

Since inception, the Company has incurred net operating losses and used cash in operations. As of September 30, 2018, the Company has an accumulated deficit of \$17,860,917, a working capital deficiency of \$1,932,842 and cash used in operations of \$1,294,139 for the nine months ended September 30, 2018. Losses have principally occurred as a result of the substantial resources required for product development and marketing of the Company's products which included the general and administrative expenses associated with its organization and product development.

The acquisition of Basalt America and commencement of production related to the products we will produce will require substantial additional investment in plant and equipment. In addition, we will have to invest substantial sums in the creation of a sales and marketing program designed to introduce our products to the industry.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(UNAUDITED)

NOTE 1 ORGANIZATION, NATURE OF BUSINESS AND GOING CONCERN (CONTINUED)

(C) Going Concern

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These consolidated financial statements do not include any adjustments to reflect the possible future effect on the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the outcome of these uncertainties. Management believes that the actions presently being taken to obtain additional funding and implement its strategic plan provides the opportunity for the Company to continue as a going concern.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Cash

The Company considers all highly liquid temporary cash instruments with a maturity of three months or less to be cash equivalents. The Company has no cash equivalents as of September 30, 2018.

(B) Use of Estimates in Financial Statements

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates during the period covered by these financial statements include the useful lives of depreciable assets, valuation of accounts receivable reserves, valuation of inventory allowances, valuation of deferred tax assets,

stock-based compensation and any beneficial conversion features on convertible debt.

(C) Fair Value Measurements and Fair Value of Financial Instruments

The Company adopted FASB ASC Topic 820, Fair Value Measurements. ASC Topic 820 clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

.
Level 1-Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

.
Level 2-Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.

.
Level 3-Inputs are unobservable inputs which reflect the reporting entity's own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

The Company did not identify any assets or liabilities that are required to be presented on the balance sheets at fair value in accordance with ASC Topic 820.

Due to the short-term nature of all financial assets and liabilities, their carrying value approximates their fair value as of the balance sheet date.

(UNAUDITED)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(D) Accounts Receivable

Accounts receivable are recorded at fair value on the date revenue is recognized. The Company provides allowances for doubtful accounts for estimated losses resulting from the inability of its customers to repay their obligation. If the financial condition of the Company's customers were to deteriorate, resulting in an impairment of their ability to repay, additional allowances may be required. The Company provides for potential uncollectible accounts receivable based on specific customer identification and historical collection experience adjusted for existing market conditions. If market conditions decline, actual collection experience may not meet expectations and may result in decreased cash flows and increased bad debt expense. As of September 30, 2018, the Company has recorded \$24,242 as an allowance for bad debts compared to no allowance at December 31, 2017.

(E) Inventories

The Company's inventories consist entirely of purchased finished goods. Inventories are stated at lower of cost or market. Cost is determined on the first-in, first-out basis. As of September 30, 2018 and December 31, 2017 the Company has not recorded an allowance for the valuation of the inventory or inventory obsolescence.

(F) Fixed assets

Fixed assets consist of machinery, computer equipment, leasehold improvements and website costs which are capitalized at cost, net of accumulated depreciation. Depreciation is calculated by using the straight-line method over the estimated useful lives of the assets, which is three or seven years for all categories. Repairs and maintenance are charged to expense as incurred. Expenditures for betterments and renewals are capitalized. The cost of fixed assets and the related accumulated depreciation are removed from the accounts upon retirement or disposal with any resulting gain or loss being recorded in operations.

The Company has adopted the provisions of ASC 350-50-15, "Accounting for Web Site Development Costs." Costs incurred in the planning stage of a website are expensed as research and development while costs incurred in the development stage are capitalized and amortized over the life of the asset, estimated to be three years. These assets are fully depreciated.

Asset Category	Depreciation/ Amortization Period
Machinery	7 -12 Years
Website costs	5 Years
Computer equipment	3 Years

Fixed assets consist of the following:

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(F) Fixed assets (Continued)

During the nine months ended September 30, 2018, \$250 was expensed as non-capitalizable equipment which was previously capitalized as Machinery at December 31, 2017. During the nine months ended September 30, 2018, the company disposed of \$2,976 of assets and its accompanying accumulated depreciation. During the year ended December 31, 2017 the Company identified leasehold improvements that were impaired in the amount of \$300,000. The Company recognized a loss on the impairment of \$221,328, reflected in the loss from discontinued operations. Depreciation expense for the nine months ended September 30, 2018 and 2017 was \$30,141 and \$16,517 respectively.

On October 22, 2015, the Company issued an unsecured promissory note in the principal amount of \$300,000 to PDQ Auctions, LLC for leasehold improvements of the facilities subleased from PDQ Auctions, LLC. The note bears interest at an annual rate of 7% and was originally payable on or before October 22, 2017 (subsequently extended until May 2021, see below), unless the note was converted or prepaid prior to the maturity date. Subject to certain limitations below, the note may be converted at any time, at the option of the holder, into shares of the Company's common stock at a conversion price of \$0.35 per share, subject to adjustment. In the event the Company issues any new or additional promissory notes that pay an interest rate that exceeds 7% per annum, then the holder shall be entitled to request an increase in the interest rate payable on the note to an amount equal to the rate being paid on the new or additional notes (which occurred on September 22, 2017, see below). The conversion of the note may be limited if, upon conversion, the holder thereof would beneficially own more than 4.9% of the Company's common stock. The note may be prepaid at the option of the Company commencing 190 days after the issuance of the note. On September 22, 2017, the Company issued a total of 200,000 shares of common stock valued at \$72,000 (\$0.38 per share) in conjunction with an extension of the note to April 22, 2018. The interest rate on the Note was also increased to 10% per annum. The modifications to the debt was reflected as a material modification in the Company's quarter ended September 30, 2017. On May 2, 2018, the Company secured a three-year extension of the convertible note in return for (1) a \$5,000 per month payment applicable to current interest and principal beginning on April 22, 2018, and (2) the issuance of 274,575 new, restricted common shares. The shares were issued on June 13, 2018. The Company has begun making payments but is not current with payments required by the extension. The modifications to this debt instrument is reflected as a material modification in the Company's financial statements as of September 30, 2018 in the amount of \$90,061 and reflected as a loss on extinguishment of debt on the Company's statement of operations.

(G) Impairment of Long-Lived Assets

The Company evaluates its long-lived assets for impairment whenever events or a change in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to the future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is the excess of the carrying amount over the fair value of the asset. As of September 30, 2018 and December 31, 2017, the Company determined that no impairment was necessary.

(H) Revenue Recognition

In May 2014, the FASB issued Accounting Standard Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606). This standard provides a single set of guidelines for revenue recognition to be used across all industries and requires additional disclosures. The updated guidance introduces a five-step model to achieve its core principal of the entity recognizing revenue to depict the transfer of goods or services to customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Company adopted the updated guidance effective January 1, 2018 using the full retrospective method.

Under ASC 606, in order to recognize revenue, the Company is required to identify an approved contract with commitments to preform respective obligations, identify rights of each party in the transaction regarding goods to be transferred, identify the payment terms for the goods transferred, verify that the contract has commercial substance and verify that collection of substantially all consideration is probable. The adoption of ASC 606 did not have an impact on the Company s operations or cash flows as it relates to revenue for Basalt America.

Amounts billed to customers in sales transactions related to shipping and handling, represent revenues earned for the goods provided and are included in net sales.

*(H) Revenue Recognition (Continued)*Discontinued Operations

The Company recognized revenue from product sales to customers, distributors and resellers when products that do not require further services or installation by the Company are shipped, when there are no uncertainties surrounding customer acceptance and when collectability is reasonably assured in accordance with FASB ASC 605, *Revenue Recognition*, as amended and interpreted. Cash received by the Company prior to shipment was recorded as deferred revenue. Sales were made to customers under terms allowing certain limited rights of return and other limited product and performance warranties for which provision has been made in the accompanying financial statements.

(I) Loss Per Share

The basic loss per share is calculated by dividing the Company's net loss available to common shareholders by the weighted average number of common shares during the period. The diluted loss per share is calculated by dividing the Company's net loss by the diluted weighted average number of shares outstanding during the period. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity.

(J) Stock-Based Compensation

The Company recognizes compensation costs to employees under FASB ASC Topic 718, Compensation – Stock Compensation. Under FASB ASC Topic 718, companies are required to measure the compensation costs of share-based compensation arrangements based on the grant-date fair value and recognize the costs in the financial statements over the period during which employees are required to provide services. Share based compensation arrangements include stock options, restricted share plans, performance-based awards, share appreciation rights and employee share purchase plans. As such, compensation cost is measured on the date of grant at their fair value. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant.

Equity instruments issued to other than employees are recorded on the basis of the fair value of the instruments, as required by FASB ASC Topic 505, Equity Based Payments to Non-Employees. In general, the measurement date is when either a (a) performance commitment, as defined, is reached or (b) the earlier of (i) the non-employee performance is complete or (ii) the instruments are vested. The measured value related to the instruments is recognized over a period based on the facts and circumstances of each particular grant as defined in the FASB Accounting Standards Codification.

(K) Cost of Sales

Components of cost of sales include product costs and shipping costs to customers.

(L) Shipping and Handling Costs

The Company includes shipping and handling fees billed to customers as revenue and shipping and handling costs to customers as cost of revenue.

(M) Reclassification

Certain amounts from prior periods have been reclassified to conform to the current period presentation.

(N) Segment Information

In accordance with the provisions of ASC 280-10, *Disclosures about Segments of an Enterprise and Related Information*, the Company is required to report financial and descriptive information about its reportable operating segments. The Company prior to March 19, 2018 when they decided to dispose of the electric bicycles and apparel lifestyle brands segment to focus entirely on the concrete reinforcement products made from basalt fiber, which was disposed of on September 30, 2018, had three segments in 2017. As a result of this strategic shift and in accordance with ASC 205-20-45-1E has reclassified two of these segments as assets and liabilities of discontinued operations. Therefore, the Company only operates in one segment and has not presented segment reporting for the three and nine months ended September 30, 2018 and 2017.

(O) Income Taxes

The Company accounts for income taxes under FASB ASC Topic 740-10-25 ("ASC 740-10-25"). Under ASC 740-10-25, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740-10-25, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

On December 22, 2017, Public Law 115-97, informally referred to as the Tax Cuts and Jobs Act (the TCJA) was enacted into law. The TCJA provides for significant changes to the U.S. Internal Revenue Code of 1986, as amended, that impact corporate taxation requirements. Effective January 1, 2018, the federal tax rate for corporations was reduced from 35% to 21% for US taxable income and requires one-time re-measurement of deferred taxes to reflect their value at a lower tax rate of 21%. Also, mandatory repatriation of untaxed foreign earnings and profits will be taxed at 15.5% to the extent the underlying assets are liquid and 8% on the remaining balance. There are other provisions to the TCJA, such as conversion of a worldwide system to a territorial system, limitations on interest expense and domestic production deductions, which will be effective in fiscal 2019. The Company anticipates its effective tax rate to be 28% to 30%, excluding the one-time impact of the TCJA for fiscal 2018 primarily due to the reduction in the federal tax rate. The Company's actual effective tax rate for fiscal 2018 may differ from management's estimate due to changes in interpretations and assumptions. Due to the timing of enactment and complexity of the TCJA, the Company is unable to estimate a reasonable range of the one-time impact associated with mandatory repatriation, re-measurement of deferred taxes and other provisions of the TCJA.

The Company does not anticipate any changes to its provision for income taxes for the tax bill that has gone into effect for fiscal years ending starting in 2018.

(O) Income Taxes

The components of deferred income taxes are as follows:

	September 30, 2018 (Unaudited)	December 31, 2017
Deferred income tax asset - related to stock-based compensation and impairment (permanent differences)	\$ 756,064	\$ 756,064

Deferred income taxes	\$	\$

As of September 30, 2018, the Company had a net operating loss carry forward of approximately \$10,284,000. As of December 31, 2017, the Company had a net operating loss carry forward of approximately \$8,200,000 available to offset future taxable income through 2037. All losses that occur after December 31, 2017, are available to offset future taxable income and do not expire. This results in deferred tax assets of approximately \$3,000,000 and \$2,500,000 as of September 30, 2018 and December 31, 2017, offset by a valuation allowance which was approximately \$3,000,000 and \$2,500,000 at September 30, 2018 and December 31, 2017. The change in the valuation allowance from September 30, 2018 over December 31, 2017 was an increase of approximately \$500,000. Tax returns for the last three years are subject to examination by the Internal Revenue Service.

As a result of the Hyperlocal acquisition in 2011 and Basalt America in 2017 and the corresponding change in ownership, the Company's NOLs are subject to a Section 382 limitation.

(P) Noncontrolling Interests in Consolidated Financial Statements

Accounting guidance on non-controlling interests in consolidated financial statements requires that a non-controlling interest in the equity of a subsidiary be accounted for and reported as equity, provides revised guidance on the treatment of net income and losses attributable to the non-controlling interest and changes in ownership interests in a subsidiary and requires additional disclosures that identify and distinguish between the interests of the controlling and non-controlling owners. Net loss attributable to the non-controlling interests totaling \$540 and \$0 for the nine months ended September 30, 2018 and 2017, respectively are included in the consolidated financial statements.

NOTE 3 RECENT ACCOUNTING PRONOUNCEMENTS

In June 2018, the FASB issued ASU 2018-07 *Compensation – Stock Compensation (Topic 718), Improvements to Nonemployee Share-Based Payment Accounting*. This ASU is intended to simplify aspects of share-based compensation issued to non-employees by making the guidance consistent accounting for employee share-based compensation. It is effective for annual reporting periods, and interim periods within those years, beginning after December 15, 2018. The Company is currently in the process of evaluating the impact of the adoption of ASU 2018-07 on its consolidated financial statements.

In January 2017, the FASB issued ASU 2017-04 *Intangibles – Goodwill and Other (Topic 350), Simplifying the Test for Goodwill Impairment*. The amendments in this update are required for public business entities that have goodwill reported in their financial statements and have not elected the private company alternative for the subsequent measurement of goodwill. The update is intended to simplify the annual or interim goodwill impairment test. A public business entity that is a U.S. SEC filer should adopt the amendments in this update for its annual or interim goodwill impairment tests in fiscal years beginning after December 15, 2019. Early adoption is permitted. The Company is assessing the impact, if any, of implementing this guidance on its financial position and results of operations.

NOTE 3 RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

In August 2016, the FASB issued ASU No. 2016-15, *Statement of Cash Flows (Topic 230), Classification of Certain Cash Receipts and Cash Payments*. The amendments in this update provided guidance on eight specific cash flow issues. This update is to provide specific guidance on each of the eight issues, thereby reducing the diversity in practice in how certain transactions are classified in the statement of cash flows. ASU 2016-15 is effective for fiscal years and interim periods beginning after December 31, 2017. The Company believes that the adoption of this ASU did not have a material impact on the financial position or results of operations of the Company.

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases. The new guidance will be effective for annual reporting periods beginning after December 15, 2018, including interim periods within that reporting period and is applied retrospectively. Early adoption is permitted. The Company is assessing the impact, if any, of implementing this guidance on its financial position and results of operations.

There are several other new accounting pronouncements issued or proposed by the FASB. Each of these pronouncements, as applicable, has been or will be adopted by the Company. Management does not believe any of these accounting pronouncements has had or will have a material impact on the Company's consolidated financial position or operating results.

NOTE 4 ACQUISITION OF BASALT AMERICA

On February 21, 2017, the Company executed a membership interest purchase agreement to acquire 100% of the membership interests of Basalt America. In consideration of the acquisition of all of the issued and outstanding membership interests of Basalt America, the Company issued an aggregate of 95,500,000 restricted shares of its

common stock to the members of Basalt America. As of December 31, 2016, Basalt America had 80,500,000 membership units outstanding. For accounting purposes, the transaction was recorded at historical cost in accordance with ASU 805-50-25-2 as this is considered an acquisition of entities under common control as the board of directors of the Company and of Basalt America are the same and control the activities of the respective companies.

As the acquisition of Basalt America was deemed to be a transaction between entities under common control, the assets and liabilities were transferred at the historical cost of Basalt America with prior periods retroactively adjusted to include the historical financial results of the acquired company for the period ended December 31, 2016 that were controlled by the previous owners of the Company.

The Company consolidated the total assets and liabilities of Basalt America. Since the consolidation was done retrospectively, the Company adjusted the beginning balances as if the transaction occurred on November 18, 2016 (Inception).

NOTE 5 DISCONTINUED OPERATIONS

On March 19, 2018, the Board of Directors of the Company approved the disposal of HLM Paymeon, Inc. and Paymeon Brands, Inc. as they made a strategic shift into the basalt fiber reinforced polymer business with the acquisition of Basalt America. The disposal of HLM Paymeon, Inc. was effective September 30, 2018. As a result of this disposal under ASC 205-20-45-1E, the Company has presented the assets and liabilities of this segment as assets and liabilities of discontinued operations and have reclassified the prior year balances to reflect this strategic shift.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(UNAUDITED)

NOTE 7 NOTE PAYABLE CONVERTIBLE

On October 22, 2015, the Company issued an unsecured promissory note in the principal amount of \$300,000 to PDQ Auctions, LLC for leasehold improvements of the facilities subleased from PDQ Auctions, LLC. The note bears interest at an annual rate of 7% and was originally payable on or before October 22, 2017 (subsequently extended until May 2021, see below), unless the note was converted or prepaid prior to the maturity date. Subject to certain limitations below, the note may be converted at any time, at the option of the holder, into shares of the Company's common stock at a conversion price of \$0.35 per share, subject to adjustment. In the event the Company issues any new or additional promissory notes that pay an interest rate that exceeds 7% per annum, then the holder shall be entitled to request an increase in the Interest rate payable on the note to an amount equal to the rate being paid on the new or additional notes (which occurred on September 22, 2017, see below). The conversion of the note may be limited if, upon conversion, the holder thereof would beneficially own more than 4.9% of the Company's common stock. The note may be prepaid at the option of the Company commencing 190 days after the issuance of the note. As of September 30, 2018 and December 31, 2017, principal balance on this note was \$296,000 and \$300,000, respectively. As of September 30, 2018 and December 31, 2017 accrued interest amounted to \$61,470 and \$46,027, respectively.

On September 22, 2017, the Company issued a total of 200,000 shares of common stock valued at \$72,000 (\$0.38 per share) in conjunction with an extension of the note to April 22, 2018. The interest rate on the Note was also increased to 10% per annum. In accordance with ASC 470-50 *Debt Modifications and Extinguishments*, the issuance of the 200,000 shares having a market value of \$72,000 at the point of issuance effectively created a new debt instrument due the present value of the cash flow under the terms of the new debt instrument was at least 10 percent different from the present value of the remaining cash flow under the terms of the original instrument using a discount rate 7% based on the original debt issuance rate. As a result, the modification to this debt instrument has been reflected as a material modification in the Company's consolidated statement of operations for the year ended December 31, 2017. On May 2, 2018, the Company secured a three-year extension of the convertible note in return for (1) a \$5,000 per month payment applicable evenly towards interest and principal beginning on April 22, 2018, and (2) the issuance of 274,575 new, restricted common shares. The shares were issued on June 13, 2018. The interest on the Note shall be 10% for the remaining life of the subject loan. However, if the Company enters into any additional agreements obligating itself to pay interest in excess of 10% per annum, the Company shall timely notify Lender, and shall provide copies of any such obligation. In that event, the interest rate for the Note and this Amendment shall be changed to equal interest being paid under the other obligations. The Company has begun making monthly payments but is not current as required by the extension, and is therefore in default under this agreement. As a result, the Company has classified this not as a current liability. Additionally, as a result of this extension, the modification to this debt instrument will be reflected as a material modification in the Company's consolidated statement of operations

in the nine months ended September 30, 2018 in the amount of \$90,061.

Interest expense for the Company's convertible notes payable for the three and nine months ended September 30, 2018 was \$7,386 and \$19,443, respectively, compared to \$5,293 and \$15,707 to the three and nine months ended September 30, 2017. Accrued interest for the Company's convertible notes payable at September 30, 2018 and December 31, 2017 was \$61,740 and \$46,027.

NOTE 8 NOTES PAYABLE

On December 11, 2017, Basalt America entered into a promissory note with E Pay Funding in the amount of \$30,000. The promissory note bore an interest rate of 10% per annum and matured on March 11, 2018. On February 16, 2018, the Basalt America fully repaid this note plus \$690 of accrued interest. The prepayment did not have a penalty associated with it.

Interest expense for the Company's notes payable for the three and nine months ended September 30, 2018 was \$0 and \$386, compared to no interest expense during the three and nine months ended September 30, 2017. Accrued interest for the Company's notes payable at September 30, 2018 and December 31, 2017 was \$0 and \$321.

NOTE 9 NOTES PAYABLE RELATED PARTY

On May 25, 2017, the Company received \$10,000 in the form of a demand note from a Related Party (a director and former Chief Executive Officer). The note is payable on demand and has accrued interest of \$945 and \$422 as of September 30, 2018 and December 31, 2017, respectively.

NOTE 9 NOTES PAYABLE RELATED PARTY (CONTINUED)

On June 2, 2017, the Company received \$5,000 in the form of a demand note from a Related Party (a director and former Chief Executive Officer). The note is payable on demand and has accrued interest of \$465 and \$203 as of September 30, 2018 and December 31, 2017, respectively.

On August 9, 2017, the Company was issued a \$200,000 Secured Promissory Note and General Collateral Assignment and Security Agreement (the Note) with CAM Group of Florida (a company controlled by a current director) in the amount of \$200,000 with a due date of November 9, 2017. The note was issued in exchange for third-party payments in that amount. The Note bears interest at a rate of 10% per annum and is secured by all accounts, equipment, general intangibles, inventory and other collateral of the Company. On November 27, 2017, the Company was granted an extension to December 31, 2017. The Note was extended with no penalty and all original terms remain in place. On December 31, 2017, the lender granted the Company another extension to February 28, 2018. The Note was extended with no penalty and all original terms remain in place. On March 19, 2018, the Note was amended to be a demand note. The Lender agreed to amend the Note with no penalty and all original terms remain in place. The principal amount of \$200,000 was converted into shares of common stock effective August 16, 2018. Accrued interest in the amount of \$20,329 as of that date was forgiven by the lender. At December 31, 2017 this note had accrued interest of \$7,890.

On March 19, 2018, the Company entered into a Demand Revolving Credit Line (Credit Line) with EAC (Lender), an entity owned by its former Chairman and CEO. Under the Credit Line, the Company may borrow up to \$100,000 at a simple interest rate of 5% per annum for its operating needs. There are no minimum borrowing requirements, the Company may revolve the credit as often as it likes, and either party may terminate the Credit Line at any time. All amounts outstanding under the Credit Line are due on demand from the Lender.

On March 28, 2018, the Company borrowed \$50,000 under the credit line from EAC. On September 19, 2018, EAC granted the Company an extension until October 15, 2018 to repay the Demand Note originally called on April 13, 2018. Upon the resignation of Edward A. Cespedes, EAC issued a demand for repayment of \$50,000 borrowed under the Demand Revolving Credit Line. The amount was not paid by the Company upon demand from EAC. EAC received no additional compensation or benefits of any kind in conjunction with granting the extension. At September 30, 2018, the credit line has a balance of \$50,000 and accrued interest of \$1,870.

During the three months ended September 30, 2018, the Company issued unsecured, 4%, demand promissory notes to EAC totaling \$15,900. As of September 30, 2018, the Company repaid these notes. At the time of repayment, these notes had accrued interest in the amount of \$60 which was forgiven by the noteholder.

During the nine months ended September 30, 2018, the Company issued unsecured, 4% percent, demand promissory notes to VCVC, LLC (VCVC) totaling \$260,425. VCVC, the personal holding company of our former chairman and chief executive officer at the time of the notes, Vincent L. Celentano. As of September 30, 2018, these notes had accrued interest of \$7,629.

During the three months ended September 30, 2018, the Company issued five unsecured, 4% percent, ninety-day promissory notes to RVRM Holdings, LLC (RVRM) totaling \$90,000. RVRM is managed by Ronald J. LoRicco, Sr., a member of our board of directors. The \$90,000 in principal to RVRM was converted for 1,200,000 shares of common stock. The accrued interest of \$2,239 through the date of conversion was forgiven by RVRM.

Interest expense for the Company's convertible notes payable for the three and nine months ended September 30, 2018 was \$7,165 and \$24,237, respectively, compared to \$2,393 and \$2,849 to the three and nine months ended September 30, 2017. Accrued interest for the Company's convertible notes payable at September 30, 2018 and December 31, 2017 was \$25,218 and \$8,837.

NOTE 10 PURCHASE ORDER FINANCING - RELATED PARTY

On September 14, 2016, PayMeOn Brands, Inc. entered into a purchase order purchase and sale agreement with a related party through common ownership, whereby PayMeOn Brands sold \$5,000 of current purchase orders in exchange for \$4,000 cash. As a further inducement for purchaser to enter into the agreement as collateral security for any and all obligations owing by PayMeOn Brands to purchaser, PayMeOn Brands has granted to purchaser, as collateral security, a first lien security interest in all of PayMeOn Brands' accounts created as a result of purchase orders financed or purchased by purchaser and all inventory. The Company recorded a \$1,000 deferred finance charge on the date of issuance. As of December 31, 2016, the Company amortized all of the \$1,000 deferred finance charge. As of September 30, 2018 and December 31, 2017, the Company had a balance outstanding of \$4,000. As of September 30, 2018, the \$4,000 was transferred to the parent company when the disposal of this subsidiary occurred. As of December 31, 2017, this amount was included in current liabilities of discontinued operations on the consolidated balance sheets.

NOTE 11 COMMITMENTS AND CONTINGENCIES

Employment Contracts

On August 15, 2011, the Company entered into an employment agreement with its then Chief Executive Officer (who subsequently resigned in April 2018). The agreement was for a period of one year and was to remain in effect until either party notified the other not to further extend the employment period, provides for an annual base salary totaling \$250,000 and annual bonuses based on pre-tax operating income, as defined, for an annual minimum of \$50,000 in total. On July 18, 2014, the Company's then Chief Executive Officer forgave \$326,727 of accrued payroll and amended his employment agreement to reduce his base salary by 30% and eliminated his guaranteed bonus of \$50,000 per year.

Under this agreement, for the three and nine months ended September 30, 2018, the Company recorded a salary expense of \$0 and \$49,932, respectively. Salary expense for the three and nine months ended September 30, 2017 was \$43,750 and \$131,250. Accrued compensation at September 30, 2018 and December 31, 2017 was \$271,354 and

\$468,922, respectively (See Note 14) and this is included in accrued expenses on the consolidated balance sheets. On March 19, 2018, our Chairman and CEO agreed to forgive \$200,000 of accrued payroll due and payable to him along with the \$15,300 of accrued payroll taxes on this amount. Our Chairman and CEO received no compensation of any kind in return for the forgiveness.

On September 13, 2018, the Company's former chairman and chief executive officer, Edward A. Cespedes, forgave \$77,780 of accrued vacation pay due him. Mr. Cespedes did not receive any compensation in return for the forgiveness.

Leases

On May 1, 2013, the Company entered into a lease agreement for executive offices located at 2400 E. Commercial Blvd., Suite 612, Fort Lauderdale, Florida. The facility was approximately 4,777 square feet. The lease was for a term of 39 months at a current cost of approximately \$9,900 per month. The lease contained three months of deferred rent that would be forgiven if the Company made its 36 required monthly payments timely. The Company was also required to make a security deposit of \$31,407. As of March 31, 2014, the Company had not been timely on its monthly payments and is in default of the agreement. On March 31, 2014, the Company received a "notice of default" from legal counsel representing the landlord for the office space. The letter demanded immediate payment of \$41,937 for rent past due as of April 1, 2014. On May 15, 2014, the Company returned the office space to the landlord. As of May 20, 2014, the Company had not been able to pay its outstanding rent obligation and the landlord had accelerated all rent obligations due under the lease agreement. The Company had been served with a civil lawsuit with Case # 14007105 filed on February 11, 2015. The Landlord is seeking \$376,424 in accelerated rent and damages and \$12,442 for its attorney's costs. On April 22, 2015, the motion for unpaid rent, recovery of abated rents and tenant improvements and attorney's costs was granted by the Circuit Court for the 1st Judicial Circuit in and for Broward County in the amount of \$388,866. The Company has accrued the full amount of rent and attorney costs as of December 31, 2016. As of September 30, 2018 and December 31, 2017 the Company had accrued \$63,612 and \$49,796, respectively of interest associated with the judgment.

Leases (Continued)

On October 22, 2015, the Company's wholly owned subsidiary, HLM PayMeOn, Inc., entered into a sublease agreement with PDQ Auctions, LLC to lease retail premises located 2599 North Federal Highway, Fort Lauderdale, FL 33305. The premises are used to operate a retail electric hover board, bicycle and related product store under the Company's irideelectric brand. The sublease is for an initial term of approximately five years at an initial monthly sum of \$5,617 and an additional five-year term at a monthly sum of \$5,899. As consideration for leasehold improvements, the Company issued PDQ Auctions, LLC a convertible note payable in the amount of \$300,000 (See Note 7). During the nine months ended September 30, 2017 the Company vacated the location as it was unable to be used to support our retail operations as a result of a car accident in December 2016. In conjunction with the accident, the landlord informed the Company that it would no longer be expected to be responsible for amounts due under the lease from the time of the accident forward. Accordingly, we have not accrued any amounts due under the lease in our financial statements since the time of the accident. The Company is pursuing legal action against the driver, whom we believe was insured, in the Circuit Court of the 17th Judicial Circuit in and for Broward County, Florida.

On March 31, 2017, the Company entered into a lease agreement for manufacturing and general office facilities located at 2688 NW 29th Terrace, Building 13, Oakland Park, Fl. 33311 for Basalt America. The facility is for approximately 12,921 square feet. The lease is for six separate six-month terms. The Company has the right to terminate the lease at the end of each term by providing the landlord with 60-days notice prior to the end of any of the six-month terms. Lease payments are approximately \$11,520 per month during the first two terms of the lease and rise to approximately \$12,450 per month during the last two terms of the lease.

Future minimum lease commitments due for facilities leases under operating leases at September 30, 2018 are as follows, if the Company completes all of the separate six-month terms:

2018	\$	35,586
2019		147,986

Basalt America and RAW Energy Materials Corp., Global Energy Sciences, LLC, and RAW LLC

On February 21, 2017, the Company assumed certain obligations in conjunction with its acquisition of Basalt America, including:

On December 11, 2016, Basalt America entered into a License Agreement with Raw Energy Materials Corp. (RAW) for exclusive rights for use of certain intellectual property associated with the production of certain concrete reinforcement products for the construction industry. On February 2, 2017, RAW assigned the License Agreement to its affiliate, Global Energy Sciences, LLC (Global Energy). The License Agreement provided for Basalt America to have exclusive rights for use of the intellectual property in conjunction with product sales for the State of Florida, the Caribbean Islands (excluding Cuba), and Peru (Licensed Territory). In addition, Basalt America had purchase rights on a Right of First Refusal basis for areas outside the Licensed Territory. The License Agreement required that Basalt America purchase goods used in its production of the products from RAW or its affiliates for a purchase price equal to RAW s gross-cost plus five percent. In addition, under the original agreement, RAW or its affiliates were entitled to sales commissions for any sales of products generated within Basalt America s Licensed Territory they solicit by their own initiative from bona fide third parties that become new customers. Sales commissions would be paid according to the following commission schedule:

First Amendment to License Agreement Between Basalt America and RAW Energy Materials Corp. and RAW LLC:

On January 15, 2017, the Company entered into a consulting agreement with RAW, LLC to conduct research, development and related services for the Company in exchange for \$10,000 per month. The agreement has a term of 5 years and contains standard representations, warranties and indemnifications.

On January 15, 2017, the Company entered into a consulting agreement with Yellow Turtle Design, LLC to conduct graphic arts design and various other computer aided design (CAD) services for the Company in exchange for \$5,000 per month. The agreement has a term of 5 years and contains standard representations, warranties and indemnifications.

On January 5, 2017, Basalt America entered into a First Amendment to License Agreement (First Amendment) whereby in addition to the State of Florida, the Caribbean Islands (excluding Cuba) and Peru, Basalt America expanded its Licensed Territory to include the continental United States in exchange for a \$500,000 Option Fee and certain other obligations (further detailed in a Post-Closing Letter Agreement). The First Amendment provides certain operational parameters that Basalt America must meet by July 1, 2018 in order to maintain its exclusivity within the

Licensed Territory. As of the filing of this report these parameters have not been met and Basalt America and RAW are negotiating this clause as of the date of filing. The Option Fee was paid to RAW on January 11, 2017. The First Amendment also entitles RAW to receive 4% of the total gross sales of Basalt America's business operations within the Licensed Territory.

As of September 30, 2018 and December 31, 2017, \$3,842 and \$388, respectively, was due under the percentage of gross sales obligations to RAW or its affiliates.

On April 18, 2018, Basalt America and the Company received a letter from counsel representing RAW LLC providing formal notice that Basalt America and the Company had breached and/or violated several sections of its license agreement and amendments, and that RAW LLC was immediately terminating all agreements and amendments. The Company does not believe it is in breach of its agreements and is working towards reaching an amicable solution. The Company is prepared to pursue litigation if it cannot achieve a resolution.

On January 5, 2017, Basalt America RAW Energy Materials, LLC (RAW), and RAW Materials Corp (RAW Materials) entered into a Post-Closing Letter Agreement (Letter Agreement) that detailed, among other things, financial obligations of Basalt America in addition to the Option Fee. The Letter Agreement also detailed that Basalt America would continue to own 10% of Raw Materials and that RAW Materials would serve as the global clearinghouse for any manufacturing operations conducted by Don Smith. The investment value was written off by Basalt America prior to the acquisition by the Company.

As of September 30, 2018 the Company has not recorded the remaining \$400,000 per the post-closing letter agreement as they have neither taken delivery or paid for the remaining rebar machines owed to them under this agreement. As a result, the Company has an off-balance sheet commitment of \$400,000 payable to RAW. The Company has paid \$1,200,000 of the \$1,600,000 for additional rebar machines and this amount is reflected on the Company's consolidated balance sheet as a deposit on equipment. The obligations are outlined below:

Territory Joint Ventures

During the second quarter of 2017, the Company entered into a term sheet for a Joint Venture with accredited investors for the management of Basalt America Territory 1, LLC, which will have the exclusive rights to manage sales for Dade, Broward and Monroe Counties in the State of Florida. In conjunction with entering into the Joint Venture, the investors provided total proceeds of \$502,500 which was used for the purchase of inventory from May to August 2017. Operations have commenced during the fourth quarter of 2017. The Company owns 55.3% of the joint venture and the investors own 44.7% of the joint venture. Through September 30, 2018, the Company entered into term sheets for this Joint Venture with a related party for \$288,750 and five accredited investors for a total of \$213,750. The funds were used as a deposit to purchase inventory. The non-controlling interest as of September 30, 2018 and December 31, 2017 was \$225,015 and \$224,475, respectively.

During the nine months ended September 30, 2017 the Company formed Basalt America Territory 2, LLC, which will have the exclusive rights to manage sales for Rhode Island. As of the date of this report, the Joint Venture has not been formalized (no definitive documentation, nor operating agreement have been executed) and has not commenced

operations. If and when the Joint Venture is formalized, it is expected that the Company will own 50% of the Joint Venture.

Other

Effective September 10, 2018, the Company terminated nine separate consulting agreements. At the time of termination, the Company had no further obligations for payments of any kind and there were no termination payments due.

Legal matters

On October 25, 2018, the Company was informed that RAW Materials filed an action for declaratory relief in Broward County, Florida, in the Seventeenth Judicial Circuit Court. The action asks the court to determine, among other things, whether the License Agreement, as amended, has been terminated and also seeks damages for breach. In addition, RAW has filed a motion for summary judgment for failure to answer. On October 29, 2018, the Company engaged outside counsel in Broward County to respond to the action, as well as initiate a countersuit in Broward County, Florida, seeking approximately \$1.1 million in restitution for amounts paid to RAW Materials for equipment and inventory that was never delivered. The Company believes that the claims and demands made by RAW are without merit and intends to defend the Company and Rockstar vigorously.

On November 1, 2018, the Company initiated a legal complaint in the county court of the 17th judicial circuit in and for Broward County, Florida against BC Dev. LLC f/k/a Banyan Cay Dev. LLC (BCD). The Company is suing BCD for failure to make payment due for a purchase order made by BCD for 75,000 feet of reinforcing bar and 11 rolls of basalt fiber mesh. The dollar amount of the claim is \$76,172, including Florida sales tax.

Common Stock

The Company is authorized to issue up to 1,000,000,000 shares of common stock, par value \$0.001.

Calendar Year 2018

On May 2, 2018, the Company secured a three-year extension of the convertible note in return for (1) a \$5,000 per month payment applicable to current interest and principal beginning on April 22, 2018, and (2) the issuance of 274,575 new, restricted common shares. The shares were issued on June 13, 2018. The Company has commenced making the \$5,000 per month payments but is not current as required by the extension. As a result of this extension, the modification to this debt instrument is reflected as a material modification in the amount of \$90,061 in the Company's consolidated statement of operations in the nine months ended September 30, 2018. Due to the fact that the Company is in default with regards to monthly payments, it has classified this note as a current liability. The Company is working with the noteholder, attempting to remedy this default.

On August 15, 2018, RVRM converted \$90,000 principal amount of notes outstanding for 1,200,000 restricted shares of the Company's common stock (\$0.075 per share). Ronald J. LoRicco, Sr., a member of our board of directors is the

manager of RVRM.

On August 22, 2018, EAC returned 500,000 common shares to the Company's treasury account. EAC is the personal holding company of our former chairman and chief executive officer, Edward A. Cespedes. Neither EAC nor Mr. Cespedes received any compensation for the return of the shares.

During the nine months ended September 30, 2018, the Company issued 6,588,299 common shares for total proceeds of \$895,240 (\$0.075 to \$0.30 per share). In addition, various investors received five-year warrants to acquire 562,500 shares at \$0.40, 562,500 shares at \$0.60, 400,000 shares at \$0.50 and 350,000 shares at \$0.15 per share.

On August 16, 2018, CAM Group of Florida converted \$200,000 principal amount of notes outstanding for 2,666,667 restricted shares of the Company's common stock (\$0.075 per share). Frank Monti, Sr., a member of our board of directors is an officer of CAM Group of Florida. As part of this agreement, associated accrued interest at the time of conversion, in the amount of \$20,329 was forgiven by the noteholder.

During the nine months ended September 30, 2018, the Company issued 4,500,000 common shares under consulting agreements.

Calendar Year 2017

On February 21, 2017, the Company entered into and completed a membership interest purchase agreement to acquire 100% of the membership interests of Basalt America. Basalt America was organized under the laws of the State of Florida in November 2016. Basalt America leverages its licensed intellectual property, technology and processes to produce Basalt Fiber Reinforced Polymer products that are used as replacements for steel products that reinforce concrete such as rebar. Former Chairman and CEO and current consultant, Edward A. Cespedes and our current CEO and director and largest individual shareholder, Vincent L. Celentano, are the Managing Members of Basalt America. In consideration of the acquisition of all of the issued and outstanding membership interests of Basalt America, the Company issued an aggregate of 95,500,000 restricted shares of its common stock to the members of Basalt America. For accounting purposes, the transaction was recorded at historical cost in accordance with ASU 805-50-25-2 as was considered an acquisition of entities under common control as the board of directors of the Company and of Basalt America are the same and control the activities of the respective companies. As part of this agreement Basalt America entered into a letter agreement with Raw Materials and RAW LLC.

On June 29, 2017, a related party converted \$368,366 of convertible notes issued from 2014 to 2016 to 2,248,620 restricted common shares. The dollar amount included \$323,048 of principal and \$45,318 of accrued interest.

On September 22, 2017, the Company issued a total of 200,000 shares in conjunction with an extension of a \$300,000 principal amount Convertible 7% per annum Note (Note) with an original maturity date of September 22, 2017. The maturity date was extended to April 22, 2018. The interest rate on the Note was increased to 10% per annum. The shares were valued at \$72,000 (\$0.38 per share) at time of issuance. In accordance with ASC 470-50 *Debt Modifications and Extinguishments*, the issuance of the 200,000 shares having a market value of \$72,000 at the point of issuance effectively created a new debt instrument due the present value of the cash flow under the terms of the new debt instrument was at least 10 percent different from the present value of the remaining cash flow under the terms of the original instrument using a discount rate 7% based on the original debt issuance rate. As a result, the modification to this debt instrument has been reflected as a material modification in the Company's quarter ended September 30, 2017.

During the year ended December 31, 2017, the Company sold a total of 9,446,938 shares to accredited investors, including related parties, for proceeds of \$2,176,180 (at an average of \$0.23 per share).

During the year ended December 31, 2017, the Company issued 3,730,000 shares of common stock for services rendered and to be rendered which is reflected in stock-based compensation. Value represents contracts entered into with various consultants, with the grant date fair value amortized over the life of the contracts.

NOTE 14 RELATED PARTIES (CONTINUED)

On April 13, 2018, upon the resignation of Edward A. Cespedes, EAC Management, LLC (EAC), the personal holding company of our former chairman and chief executive officer, Mr. Cespedes issued a demand for repayment of \$50,000 borrowed under the Demand Revolving Credit Line. The amount has not been paid as of the date of filing. As of June 21, 2018, the Company had failed to repay amounts due EAC, and was in default. On June 21, 2018, EAC waived the default and granted the Company an extension of time to make repayment to July 15, 2018. The Company did not make payment by the expiration of the extension issued by EAC. On July 24, 2018, EAC granted the Company another extension to August 31, 2018. On September 19, 2018, EAC waived the default and granted the Company an extension of time to make repayment to October 15, 2018. EAC received no additional compensation or benefits of any kind in conjunction with granting the extension. As of September 30, 2018, this demand note had accrued interest of \$1,870.

On April 14, 2018, the Company entered into a consulting agreement with EAC Management, LLC. EAC is the personal holding company of our former chairman and chief executive officer, Edward A. Cespedes. Under the agreement EAC will provide the Company with general corporate and other services at the direction of the Board of Directors. The agreement is for a period of twelve months and can be terminated by either party with written notice. The agreement contains standard representations, warranties, and indemnifications from EAC and the Company. Mr. Cespedes has no executive authority under the agreement. Compensation under the agreement is flexible. The agreement sets target compensation for EAC at \$15,000 per month and allows for the Company to pay EAC less based on its financial wherewithal at any given time. The agreement also contains customary terms, including reimbursement for certain health and business-related expenses. As of September 30, 2018, the Company had accrued fees payable to EAC of \$22,500.

On August 8, 2018, the Company entered into a six-month agreement with David Anderson to act as its Interim Chief Executive Officer and Interim Principal Financial Officer. In conjunction with the appointment, the Company issued 1,000,000 warrants to purchase at a strike price of \$0.1235 per share. The warrants were immediately vested at time of issuance and have a five-year life. The Company recorded an expense of \$142,979 upon the issuance of these warrants. Additionally, the Company has entered into a six-month agreement with Mr. Anderson whereby total compensation of \$65,000 will be recognized pro-rata over the term of the agreement.

During the nine months ended September 30, 2018, the Company issued unsecured, 4%, demand promissory notes to EAC totaling \$15,900. The Company repaid these notes during the nine months ended September 30, 2018. Upon payment of these notes, accrued interest in the amount of \$60 was forgiven by the note holder.

During the nine months ended September 30, 2018, the Company issued unsecured, 4% percent, demand promissory notes to VCVC, LLC (VCVC) totaling \$260,425. VCVC, the personal holding company of our former chairman and chief executive officer at the time of the notes, Vincent L. Celentano. As of September 30, 2018, these notes had accrued interest of \$7,629.

During the three months ended September 30, 2018, the Company issued five unsecured, 4% percent, ninety-day promissory notes to RVRM Holdings, LLC (RVRM) totaling \$90,000. RVRM is managed by Ronald J. LoRicco, Sr., a member of our board of directors. The \$90,000 in principal to RVRM was converted for 1,200,000 shares of common stock. The accrued interest of \$2,239 through the date of conversion was forgiven by RVRM.

During the nine months ended September 30, 2018, the Company issued EAC unsecured, 4% percent, demand promissory note in the amount of \$15,900. The notes were repaid during the nine months ended September 30, 2018. Accrued interest of \$60 was forgiven by note holder.

As of September 30, 2018 and December 31, 2017, the Company's former Chief Executive Officer and current consultant was owed \$9,579 and \$51,048 for amounts paid on behalf of the Company.

NOTE 15 CONCENTRATIONS

For the nine months ended September 30, 2018, one customer amounted to 76% of product sales from continuing operations. The Company had no sales during the nine months ended September 30, 2017.

Concentration risks for discontinued operations have not been reflected as the Company does not consider this risk to be material to the Company any longer.

NOTE 16 SUBSEQUENT EVENTS

Subsequent to September 30, 2018, the Company issued 666,667 shares for \$50,000 (\$0.075 per share) received from a related party investment during the nine months ended September 30, 2018.

On October 9, 2018, two consultants relinquished rights to vested stock option to purchase a total of 2,000,000 shares of Company stock for a strike price of \$0.51 per share. No compensation was received in connection with this action.

As of November 2, 2018, the Company has received \$250,000 from accredited investors. The Company has also received indications from additional accredited investors for additional investment of \$75,000. Terms of the funding provided for the purchase by accredited investors of restricted common shares from the Company for a price of \$0.05 per share. The current investment amount will result in the issuance of 5,000,000 restricted common shares to the investors. Investors also received warrants to purchase 4,000,000 shares for a cash exercise price of \$0.075 per share. The warrants have a term of 5 years and are callable by the Company should the closing price of its common shares meet or exceed \$1.00 per share for 20 consecutive trading days. As of this report date, the shares have not been issued.

As of November 2, 2018, the Company received \$200,000 from a related party, RVRM, to purchase 4,000,000 restricted common shares (\$0.05 per share). The related party investor also received warrants to purchase 4,000,000 shares for a cash exercise price of \$0.075 per share. The warrants have a term of 5 years and are callable by the Company should the closing price of its common shares meet or exceed \$1.00 per share for 20 consecutive trading days. MANAGEMENTS DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. These forward-looking statements are based on our management's beliefs, assumptions and expectations and on information currently available to our management. Generally, you can identify forward-looking statements by terms such as may, will, should, could, would, expects, plans, anticipates, believes, estimates, projects, predicts, potential and similar expressions. Forward-looking statements identify forward-looking statements, which generally are not historical in nature. All statements that address operating or financial performance, events or developments that we expect or anticipate will occur in the future are forward-looking statements, including without limitation our expectations with respect to product sales, future financings, or the commercial success of our products. We may not actually achieve the plans, projections or expectations disclosed in forward-looking statements, and actual results, developments or events could differ materially from those disclosed in the forward-looking statements. Our management believes that these forward-looking statements are reasonable as and when made. However, you should not place undue reliance on forward-looking statements because they speak only as of the date when made. We do not assume any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by federal securities laws and the rules of the Securities and Exchange Commission (the "SEC"). We may not actually achieve the plans, projections or expectations disclosed in our forward-looking statements, and actual results, developments or events could differ materially from those disclosed in the forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, including without limitation those described from time to time in our future reports filed with the SEC.

The following discussion and analysis of our financial condition and results of operations should be read together with our unaudited interim consolidated financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q.

Overview

On March 16, 2011 PayMeOn, Inc., a Nevada corporation organized on May 30, 2006 (the "Company" or "PayMeOn") completed its agreement and plan of merger (the "Merger Agreement") to acquire Hyperlocal Marketing, LLC, a Florida limited liability company ("Hyperlocal"), pursuant to which Hyperlocal merged with and into HLM PayMeOn, Inc., a Florida corporation and wholly owned subsidiary of the Company. Under the terms of the Merger Agreement, the Hyperlocal members received 301,296 shares of the Company common stock, which equals

approximately 50.1% of the total shares of the Company issued and outstanding following the merger on a fully diluted basis. In accordance with the Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) Topic 360-10-45-15, the transaction was accounted for as a reverse acquisition. Hyperlocal was considered the accounting acquirer and the acquire was the Company since the members of Hyperlocal obtained voting and management control of the Company and the transaction has been accounted for as a reverse merger and recapitalization.

During the first quarter of 2017 we acquired the exclusive rights as licensee to manufacture and distribute concrete reinforcement products in various territories (see below) under the Basalt America name. Prior to entering into the license, we primarily sold electric bicycles and opportunistically operated our apparel business, known as Paymeon Brands. During the first quarter of 2018, our board of directors approved a plan to discontinue our electric bicycle and apparel businesses. This disposal occurred effective September 30, 2018. Going forward, our primary focus and resources will continue to be on our concrete reinforcement products business known as Basalt America.

On April 13, 2018, Edward A. Cespedes resigned as the chairman and chief executive officer of our Company and all our subsidiaries.

On April 13, 2018, Vincent L. Celentano was appointed chairman and chief executive officer of our Company and all our subsidiaries. Mr. Celentano is the largest individual shareholder of our Company.

On August 8, 2018, the Company entered into a six-month agreement with David Anderson to act as its Interim Chief Executive Officer and Interim Principal Financial Officer.

On August 13, 2018, the Company formed a new wholly-owned subsidiary, Basanite Industries, LLC. Basanite Industries, LLC was incorporated in Delaware and has not yet commenced operations.

On August 16, 2018, the Company accepted the resignation of Vincent L. Celentano as Chief Executive Officer and Principal Financial Officer.

BASALT AMERICA

In February 2017, we acquired 100% of the membership interests of Basalt America, LLC. Basalt America leverages its licensed intellectual property, technology and processes to produce Basalt Fiber Reinforced Polymer products that are used as replacements for steel products such as rebar that reinforce concrete. In March 2017, we announced our intention to change our parent Company name from Paymeon, Inc. to Basalt America, Inc., in order to better reflect the primary focus of our Company going forward.

Basalt America is the exclusive licensee under a license agreement with Global Energy Sciences for its concrete reinforcement products known as RockRebar®, RockStirrups®, RockMesh®, and RockStaples . The license provides Basalt America with exclusivity for the United States, (excluding California and Hawaii), the Caribbean (excluding Cuba), and Peru. It also provides that Basalt America shall have a right of first refusal for all other territories in the world.

Manufacture of concrete reinforcement products made from basalt fiber create substantial benefits for the construction industry, including but not limited to:

.

No corrosion – steel reinforcement products rust, our products do not

.

Sustainability and Lifecycle – production of our products results in exceptionally low “carbon footprint.” Lack of corrosion allows the “lifespan” of projects to be much longer

.

Cost – the physical nature of our products relative to steel (much lighter, easily transportable, spoolable) reduces the all-in cost of reinforcement products when factors such as transportation and liability are considered

We believe that macroeconomic factors, such as global infrastructure in need of repair, trends towards the consideration of lifespan of projects, and their environmental impact, position our Company to benefit from the construction industry's growing interest in the use of alternative reinforcement materials.

Since completion of our acquisition of Basalt America, we have moved our headquarters to a facility located in Oakland Park, Florida that is approximately 14,000 square feet in size. During the second quarter, we began preparation of the facility for production. The facility has the ability to produce approximately two to three miles of basalt fiber reinforced polymer rebar per day.

During the second quarter of 2017, we also created two joint ventures to manage defined Territories within our licensed geography. We created Basalt America Territory 1, LLC to manage the sales, distribution and marketing of our products for Dade, Broward, and Monroe Counties in the State of Florida. The joint venture is owned 55.3% by Basalt America and 44.7% by investors, including a related party. We also created Basalt America Territory 2, LLC to manage the sales, distribution and marketing of our products for the state of Rhode Island. The joint venture is to be owned 50% by Basalt America and 50% by a third-party investor. Basalt America Territory 2, LLC has not yet been formalized and has not yet commenced operations.

The joint ventures will buy product for resale from Basalt America with dedicated production capacity paid for by the joint ventures.

During the third and fourth quarters of 2017, we began creating technical documentation and other processes to support the introduction of our products to the construction industry. We commenced discussions (introductory and educational) with various members of the construction industry, including architects, engineers, real estate developers, city and state governmental entities, distributors and other industry organizations. During the third and fourth quarters, we engaged additional sales and engineering consultants to assist with quantifying the benefits of using our products over traditional reinforcement products. In addition, we created processes to facilitate the use of our products by (1) providing project managers with the ability to submit existing project plans to us for review regarding how they would be amended for use of our reinforcement products. This provides the opportunity for project managers to understand the potential labor, material, insurance and other cost savings; and (2) arranging for project managers to have the ability to seek out delegate engineering services in the event their project engineers lack the experience working with composites.

During the first quarter of 2018, we realized our first substantial sale. We sold various diameters of our basalt fiber rebar to a golf course resort project being developed in Palm Beach, Florida. The sale represented approximately 76% of our sales for the quarter and gave us our first opportunity to test our processes for delivery of medium to large size orders, including inventory control, shipping and handling, and other logistics-related processes. The products were delivered in a timely fashion and the customer was invoiced. We expect that a substantial number of customers will request terms for payment. We believe that we will need to grant customers anywhere from 30 to 90 days to complete payment in order to be competitive. We recognize that there is risk associated with granting terms to certain customers in the construction industry. Accordingly, we are exploring methods of protecting our interests through the filing of liens against projects to which we deliver our products prior to payment being made.

Going forward, we expect to continue making investments in our Basalt America operations. We will require capital to, among other things, (1) continue upgrading our facilities management, production and testing capabilities, (2) continue the pursuit of an evaluation service report from the International Code Council (ICC ES), (3) continue engaging the industry and industry experts with education initiatives, (4) purchase of raw materials and other goods and services related to our manufacturing needs, (5) upgrade our management and sales teams, (6) continue to meet obligations under our license and other agreements, particularly as they pertain to distribution, (7) continued research and development around new products being developed in the concrete reinforcement industry, and (8) other general working capital needs. We believe we will require at least \$3.5 million in additional capital from the date of this report through the remainder of 2018. We will likely fund this investment through the issuance of equity or convertible notes to accredited investors.

Discontinued Operations

Revenue-During the three and nine months ended September 30, 2018 revenue from discontinued operations was \$0 and \$16,460 compared to \$16,460 and \$37,909 for the same period in the prior year. The revenue in the current year was due to an agency agreement from the discontinued clothing segment. Revenue in the prior year resulted primarily from the clothing unit in the amount of \$25,618 and \$12,291 from the bicycle segment.

Cost of goods sold - During the three and nine months ended September 30, 2018 cost of goods sold from discontinued operations was \$0 and \$35,383 compared to a credit of \$746 and a cost of \$39,663 for the same period in the prior year. The cost of goods sold in the current year was higher due to residual costs from prior periods.

Loss on disposal of fixed assets - During the nine months ended September 30, 2018, there was no expense compared to \$221,328 during the same period in the prior year. The loss was due to a Company identified leasehold improvements that were impaired in the amount of \$300,000. The Company recognized a loss on the impairment of \$221,328, reflected in the loss from discontinued operations.

Results of Operations

Revenue - Revenues for the three and nine months ended September 30, 2018 were \$2,237 and \$86,389 compared to no revenue for the three and nine months ended September 30, 2017, as a result of sales of basalt fiber rebar. The increase in basalt fiber rebar sales was the result of our first substantial sale to a golf course resort development in Palm Beach, Florida. The sale to this development accounted for approximately 76% of our sales through September 30, 2018. We had other, nominal sales during the first quarter as well. Through September 30, 2018, all of the Company's basalt fiber rebar sales were delivered in Florida.

Cost of Goods Sold

During the three and nine months ended September 30, 2018 the Company had cost of sales of \$2,976 and \$89,963 compared to no cost of goods sold for the same period in the prior year from continuing operations. Cost of goods sold consisted of the following:

	For the three months ended September 30,		For the three nine months ended September 30,	
	2018	2017	2018	2017
Product cost	\$ 2,436	\$	\$ 81,600	\$
Shipping cost	450		4,907	
Sales commission	90		3,456	
Total cost of goods sold	\$ 2,976	\$	\$ 89,963	\$

For the three and nine months ended September 30, 2018, the Company had a negative gross margin from continuing operations in the amount of \$739 and \$3,574. The Company lost money on a gross margin basis due to inefficiencies in the start-up process and extremely narrow margins on the initial sales of products. The Company is initiating sales at low margins to try to gain market share and gain exposure to the product. In the future, as the Company's product gains acceptance it is expected for margins to increase. Due to the discontinuance of prior operations the Company had no gross margin from continuing operations during the nine months ended September 30, 2017.

Operating Expenses

Professional fees - During the three months ended September 30, 2018 and 2017 professional fees were \$104,537 compared to \$68,291 for the same period in the prior year. The increased cost was due to higher legal expense in the current period resulting from threatening litigation from its supplier.

During the nine months ended September 30, 2018 and 2017 professional fees were \$194,907 compared to \$208,342 for the same period in the prior year. The decrease of \$49,681 was due to lower accounting fees offset by higher legal fees in the prior year resulting from the acquisition of Basalt America.

Payroll and payroll taxes - During the three months ended September 30, 2018 and 2017 payroll fees and taxes were \$41,061 and \$88,672. The decrease of \$47,611 was due to the departure of former Chief Executive Officer, Ed Cespedes on April 13, 2018.

During the nine months ended September 30, 2018 and 2017 payroll fees and taxes were \$207,493 and \$222,670 for the same period in the prior year. The decrease of \$15,177 was due to the departure of former Chief Executive Officer, Ed Cespedes on April 13, 2018 offset by more employees in support of the basalt fiber rebar.

Consulting - During the three months ended September 30, 2018 and 2017 consulting fees were \$198,417 compared to \$97,526 for the same period in the prior year. The increase was due to increased amounts paid in stock and cash to senior management consultants.

During the nine months ended September 30, 2018 and 2017 consulting fees were \$418,108 compared to \$452,316 for the same period in the prior year. The decrease of \$34,208 was due to a stock grant to a director of the Company of 250,000 shares valued at \$62,500 as well as fees paid relative to the RAW license agreement in the prior year offset by increase was due to increased amounts paid in stock and cash to senior management consultants.

General and administrative - During the three months ended September 30, 2018 and 2017 general and administrative expenses were \$804,840 compared to \$278,632 for the same period in the prior year. The increase of \$526,208 was due to higher stock-based compensation and stock option expense due to the recognition of deferred cost as a result of multiple stock based compensation consulting agreements.

During the nine months ended September 30, 2018 and 2017 general and administrative expenses were \$1,592,901 compared to \$382,555 for the same period in the prior year. The increase of \$1,210,546 was due higher stock-based compensation and stock option expense of \$631,982, increased rent expense of \$36,198 as well as higher travel and insurance expense.

Bad debt expense - During the nine months ended September 30, 2018 and 2017 bad debt expense of \$24,242 compared to no expense in the same period in the prior year as a result of sales in the current period where the collectability of those sales are doubtful as to their collectability. There was no bad debt expense in the three months ended September 30, 2018 and 2017, respectively.

Other Expenses

Interest on judgement - During the three and nine months ended September 30, 2018 interest on judgement was \$4,655 and \$13,815 compared to \$4,604 and \$9,158 in the same period in the prior year.

Interest expense - During the three and nine months ended September 30, 2018 interest expense was \$25,881 and \$69,129 compared to \$23,531 and \$74,987 for the same period in the prior year. The decrease of \$5,858 was due to amortization of debt discount in the prior period offset by increased issuance of interest bearing notes in the current year.

Loss on extinguishment of debt During the nine months ended September 30, 2018 the Company recorded a loss on the extinguishment of debt in the amount of \$90,061 as a result of modification to an existing note in order to secure a three-year extension of the convertible note. This expense is a result of the fair value of the issuance of 274,575 restricted common shares given as partial consideration for the extension. The shares were issued on June 13, 2018. Additionally, the Company agreed to pay \$5,000 per month payment applicable to current interest and principal beginning on April 22, 2018. The Company has begun making monthly payments but is not current as required by the extension. During the three and nine months ended September 30, 2017, the Company recorded a loss on the extinguishment of debt of \$72,000 to extend certain notes.

Liquidity and Capital Resources

Since inception, the Company has incurred net operating losses and used cash in operations. As of September 30, 2018, the Company had an accumulated deficit of \$17,860,917. The Company has also dedicated substantial resources to research and development and marketing of the Company's products which included the general and administrative expenses associated with its organization and product development. We expect operating losses to continue due to the anticipated costs to develop our Basalt America business. These conditions raise substantial doubt about the Company's ability to continue as a going concern. We require additional financing for the development of the Basalt America business.

We have historically satisfied our working capital requirements through the sale of restricted common stock and the issuance of promissory notes. This has continued through the third quarter of 2018 and will continue until we have cash flow to cover our expenses.

At September 30, 2018 the Company had cash of \$103,828 compared to \$188,738 at December 31, 2017.

During the nine months ended September 30, 2018, the Company issued 6,588,299 common shares for total proceeds of \$895,240, as well as borrowing \$416,325 from the issuance of short-term notes payable from related parties, including \$50,000 from a credit line from former CEO and now a consultant of the Company. Notwithstanding proceeds from the sale of our common stock this year, current working capital is not sufficient to maintain our current operations and there is no assurance that future sales and marketing efforts will be successful enough to achieve the level of revenue sufficient to provide cash to sustain operations. To the extent such revenues and corresponding cash flows do not materialize, we will attempt to fund working capital requirements through third party financing, including a private placement of our securities. In the absence of revenues, we currently believe we require a minimum of \$3,000,000 to maintain our current operations through the next twelve months. We cannot provide any assurances that required capital will be obtained or that the terms of such required capital may be acceptable to us. If we are unable to obtain adequate financing, we may reduce our operating activities until sufficient funding is secured or revenues are generated to support operating activities.

Cash Flows

Net cash used in operating activities amounted to \$1,294,139 and \$3,050,861 for the nine months ended September 30, 2018 and 2017, respectively.

During the nine months ended September 30, 2018, we used \$2,935 cash for investing activities compared to \$6,881 during the same period in the prior fiscal year for the purchasing of equipment.

During the three nine months ended September 30, 2018, we had \$1,212,164 cash provided by financing activities through demand notes from related parties in the amount of \$416,325 (net of \$15,900 in repayments) and the sale of stock in the amount of \$845,739 offset by the repayment of notes payable in the amount of \$34,000. During the three nine months ended September 30, 2017, \$2,997,658 was provided from investing activities from the sale of stock in the amount of \$2,372,428, proceeds from the issuance of notes payable of \$215,000 offset by payments for purchase order financing and payments to related parties totaling \$73,520. Additionally, the Company received \$483,750 proceeds from investment in joint venture.

We do not believe that our cash on hand at September 30, 2018 will be sufficient to fund our current working capital requirements as we try to develop a new business line. We will continue to seek additional equity financing. However, there is no assurance that we will be successful in our equity private placements or if we are that the terms will be beneficial to our shareholders.

Risk Factors

Investing in our common stock involves a high degree of risk. You should carefully consider the risk factors included in the Company's annual report on Form 10-K for the year ended December 31, 2017, before deciding whether to invest in the Company. Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also impair our business operations or our financial condition.

ITEM 4.

CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) that are designed to be effective in providing reasonable assurance that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

The Company's management, under the supervision and with the participation of the Company's Interim Chief Executive Officer and Interim Principal Financial Officer, carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Exchange Act) as of September 30, 2018.

During our assessment of the effectiveness of internal control over financial reporting as of September 30, 2018 management identified material weaknesses related to (i) the U.S. GAAP expertise of our internal accounting staff, (ii) the ability of our internal accounting staff to record our transactions to which we are a party which necessitates our bringing in external consultants to supplement this function, and (iii) a lack of segregation of duties within accounting functions. Therefore, our internal controls over financial reporting were not effective as of September 30, 2018 based on the material weaknesses described below.

.
insufficient systems for timely entering new inventory items and point of sales;

.
insufficient monitoring controls to determine the adequacy of our internal control over financial reporting and related policies and procedures;

.
lack of competent financial management personnel with appropriate accounting knowledge and training;

our management team does not hold a license such as Certified Public Accountant in the U.S., nor have they attended U.S. institutions or extended educational programs that would provide enough of the relevant education relating to U.S. GAAP, nor have any U.S. GAAP audit experience;

we rely on an outside consultant to prepare our financial statements; and

insufficient controls over our period-end financial close and reporting processes.

As a result of these material weaknesses, our Interim Chief Executive Officer and Interim Principal Financial Officer concluded that our internal control over financial reporting was not effective as of September 30, 2018. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness; yet important enough to merit attention by those responsible for oversight of the Company's financial reporting.

Because of its inherent limitations, however, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate. In order to mitigate the foregoing material weakness, we engaged an outside accounting consultant to assist us in the preparation of our financial statements to ensure that these financial statements are prepared in conformity to U.S. GAAP. This outside accounting consultant has significant experience in the preparation of financial statements in conformity with U.S. GAAP. We believe that the engagement of this consultant will lessen the possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis, and we will continue to monitor the effectiveness of this action and make any changes that our management deems appropriate. We expect to continue to rely on this outside consulting arrangement to supplement our internal accounting staff for the foreseeable future. Until such time as we hire the proper internal accounting staff with the requisite U.S. GAAP experience, however, it is unlikely we will be able to remediate the material weakness in our internal control over financial reporting.

We believe that the foregoing steps will remediate the material weaknesses identified above, and we will continue to monitor the effectiveness of these steps and make any changes that our management deems appropriate.

Changes in Internal Control over Financial Reporting

No change in our system of internal control over financial reporting occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

LEGAL PROCEEDINGS

None, except as previously reported under the Company's Form 10-K annual report for the year ended December 31, 2017 or the following.

On October 25, 2018, the Company was informed that RAW Materials filed an action for declaratory relief in Broward County, Florida, in the Seventeenth Judicial Circuit Court. The action asks the court to determine, among other things, whether the License Agreement, as amended, has been terminated and also seeks damages for breach. In addition, RAW has filed a motion for summary judgment for failure to answer. On October 29, 2018, the Company engaged outside counsel in Broward County to respond to the action, as well as initiate a countersuit in Broward County, Florida, seeking approximately \$1.1 million in restitution for amounts paid to RAW Materials for equipment and inventory that was never delivered. The Company believes that the claims and demands made by RAW are without merit and intends to defend the Company and Rockstar vigorously.

On November 1, 2018, the Company initiated a legal complaint in the county court of the 17th judicial circuit in and for Broward County, Florida against BC Dev. LLC f/k/a Banyan Cay Dev. LLC (BCD). The Company is suing BCD for failure to make payment due for a purchase order made by BCD for 75,000 feet of reinforcing bar and 11 rolls of basalt fiber mesh. The dollar amount of the claim is \$76,172, including Florida sales tax.

ITEM 2.

UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the period covered by this report we have sold the securities below without registration under the Securities Act of 1933, as amended, under the exemption provided by Section 4(a)(2) of the Securities Act. The securities contain legends restricting their transferability absent registration or applicable exemption. No fees or commissions were paid in connection with any of the transactions. Proceeds were used for working capital purposes.

During the three months ended September 30, 2018, the Company issued 4,150,000 common shares which it sold for \$320,000 (3,800,000 shares at \$0.075 per share, and 350,000 shares at \$0.10 per share). Proceeds were used to fund operations.

During the nine months ended September 30, 2018, the Company issued 4,500,000 common shares under consulting agreements.

On August 15, 2018, RVRM agreed to convert \$90,000 principal amount of notes outstanding for 1,200,000 restricted shares of the Company's common stock (\$0.075 per share). Ronald J. LoRicco, Sr., a member of our board of directors is the manager of RVRM.

On August 16, 2018, CAM Group of Florida agreed to convert \$200,000 principal amount of notes outstanding for 2,666,667 restricted shares of the Company's common stock (\$0.075 per share). Frank Monti, Sr., a member of our board of directors is an officer of CAM Group of Florida. As part of this agreement, associated accrued interest at the time of conversion, in the amount of \$20,329 was forgiven by the noteholder.

ITEM 3.

DEFAULTS UPON SENIOR SECURITIES

On September 22, 2017, the Company issued a total of 200,000 shares of common stock valued at \$72,000 (\$0.38 per share) in conjunction with an extension of the note to April 22, 2018. The interest rate on the Note was also increased to 10% per annum. In accordance with ASC 470-50 *Debt Modifications and Extinguishments*, the issuance of the 200,000 shares having a market value of \$72,000 at the point of issuance effectively created a new debt instrument due the present value of the cash flow under the terms of the new debt instrument was at least 10 percent different from the present value of the remaining cash flow under the terms of the original instrument using a discount rate 7% based on the original debt issuance rate. As a result, the modification to this debt instrument has been reflected as a material modification in the Company's consolidated statement of operations for the year ended December 31, 2017. On May 2, 2018, the Company secured a three-year extension of the convertible note in return for (1) a \$5,000 per

month payment applicable to current interest and principal beginning on April 22, 2018, and (2) the issuance of 274,575 new, restricted common shares. The shares were issued on June 13, 2018. The Company has begun making monthly payments but is not current as required by the extension. As a result of this extension, the modification to this debt instrument was reflected as a material modification in the Company's consolidated statement of operations in the nine months ended September 30, 2018 in the amount of \$90,061. Due to the fact that the Company is in default with regards to monthly payments, it has classified this note as a current liability. The Company is working with the noteholder, attempting to remedy this default.
