ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 8, 2016

PROXY STATEMENT

This proxy statement is being furnished to the stockholders of Science Applications International Corporation (SAIC), a Delaware corporation, in connection with the solicitation of proxies by our Board of Directors for use at our annual meeting of stockholders to be held at the company's headquarters, 1710 SAIC Drive, McLean, Virginia, on Wednesday, June 8, 2016, at 9:00 a.m. (ET) and at any and all adjournments, postponements or continuations of the meeting. This proxy statement and the proxy and voting instruction card are first being sent or made available to our stockholders on or about April 29, 2016.

INFORMATION ABOUT VOTING RIGHTS AND SOLICITATION OF PROXIES

Who is entitled to vote at the annual meeting?

Only stockholders of record of our common stock as of the close of business on our record date of April 14, 2016 are entitled to notice of, and to vote at, the annual meeting. As of April 14, 2016, there were 45,211,378 shares of common stock outstanding. We have no other class of capital stock outstanding.

Do I need an admission ticket to attend the annual meeting?

Yes. If you attend the meeting, you will be asked to present an admission ticket or proof of ownership and valid photo identification.

- If you received your proxy material in the mail, your admission ticket is attached to your proxy and voting instruction card. Please detach the admission ticket and bring it with you to the meeting.
- If you vote over the Internet, you can print an admission ticket from the online site.
- If you hold shares through an account with a bank or broker, you should bring a letter or a recent account statement showing that you owned our common stock in your account as of the record date. This will serve as your admission ticket.

What constitutes a quorum?

The presence, either in person or by proxy, of the holders of a majority of the total voting power of the shares of common stock outstanding as of April 14, 2016 is necessary to constitute a quorum and to conduct business at the annual meeting. Abstentions and broker “non-votes” will be counted as present for purposes of determining the presence of a quorum.

What is a broker “non-vote”?

A broker “non-vote” occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that matter and has not received voting instructions from the beneficial owner. In tabulating the voting results for a particular proposal, broker “non-votes” are not considered entitled to vote on that proposal. Broker “non-votes” will not have an effect on the outcome of any matter being voted on at the meeting, assuming a quorum is present.

INFORMATION ABOUT VOTING RIGHTS AND SOLICITATION OF PROXIES

Unless you provide voting instructions to any broker holding shares on your behalf, your broker may not use discretionary authority to vote your shares on any of the matters to be considered at the annual meeting other than the ratification of our independent registered public accounting firm. Please vote your shares or provide voting instructions to your broker so your vote can be counted.

How many votes am I entitled to?

Each holder of common stock will be entitled to one vote per share, in person or by proxy, for each share of stock held in the stockholder's name as of April 14, 2016, on any matter submitted to a vote of stockholders at the annual meeting.

How do I vote my shares?

Shares of common stock represented by a properly executed and timely proxy will, unless it has previously been revoked, be voted in accordance with its instructions. In the absence of specific instructions, the shares represented by a properly executed and timely proxy will be voted in accordance with the Board's recommendations as follows:

- FOR all of the company's nominees to the Board;
- FOR the approval, on a non-binding, advisory basis, of the compensation of our named executive officers; and
- FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 3, 2017.

No other business is expected to come before the annual meeting; however, should any other matter properly come before the annual meeting, the proxy holders intend to vote such shares in accordance with their best judgment on any additional matter.

There are four different ways to vote your shares:

By Internet: You may submit a proxy or voting instructions over the Internet by going to www.proxyvote.com or by scanning the QR code on your proxy and voting instruction card with a smart phone and following the instructions.

By Telephone: You may submit a proxy or voting instructions by calling 1-800-690-6903 and following the instructions.

By Mail: If you received your proxy materials in the mail, you may complete, sign and return the accompanying proxy and voting instruction card in the postage-paid envelope provided.

In Person: You may attend the meeting at the company's headquarters in McLean, Virginia, and vote in person if you are a stockholder of record or if you have obtained a valid proxy from the stockholder of record.

Submitting a proxy will not prevent you from attending the annual meeting and voting in person. Any proxy may be revoked at any time prior to exercise by delivering a written revocation or a new proxy bearing a later date to our mailing agent, Broadridge, as described below or by attending the annual meeting and voting in person. The mailing address of our mailing agent is Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Attendance at the annual meeting will not, however, in and of itself, revoke a proxy.

What are the voting deadlines?

For shares not held in the Science Applications International Corporation Retirement Plan (the “SAIC Retirement Plan”), the deadline for submitting a proxy using the Internet or the telephone is 11:59 p.m. Eastern time on June 7, 2016. For shares held in the SAIC Retirement Plan, the deadline for submitting voting instructions using any of the allowed methods is 11:59 p.m. Eastern time on June 3, 2016.

How are the shares held by the Retirement Plan voted?

Each participant in the SAIC Retirement Plan has the right to instruct Vanguard Fiduciary Trust Company, as trustee of the SAIC Retirement Plan (the “Trustee”), on a confidential basis, how to vote his or her proportionate interests in all shares of common stock held in the SAIC Retirement Plan. The Trustee will vote all shares held in the SAIC Retirement Plan for which no voting instructions are received in the same proportion as the shares for which voting instructions have been received by participants in the SAIC Retirement Plan. The Trustee’s duties with respect to voting the common stock in the SAIC Retirement Plan are governed by the fiduciary provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The fiduciary provisions of ERISA may require in certain limited circumstances that the Trustee override the votes of participants with respect to the common stock held by the Trustee.

INFORMATION ABOUT VOTING RIGHTS AND SOLICITATION OF PROXIES

How are the shares held by the Stock Plans voted?

Under the terms of our Stock Compensation Plan, Management Stock Compensation Plan and Key Executive Stock Deferral Plan, Vanguard Fiduciary Trust Company, as trustee of these stock plans, has the power to vote the shares of common stock held in these stock plans. Vanguard will vote all those shares in the same proportion that our other stockholders collectively vote their shares of common stock. If you are a participant in these stock plans, you do not have the right to instruct Vanguard how to vote or to otherwise vote your proportionate interests in the shares of common stock held in these stock plans.

What is the difference between a “stockholder of record” and a “beneficial” holder?

These terms describe how the ownership of your shares is reflected on the books of our transfer agent, Computershare. If your shares are registered directly with Computershare, then you are a “stockholder of record” of these shares. If your shares are held in an account at a broker, bank, trust or other similar organization, then you are a “beneficial” holder of these shares. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. If you wish to vote in person at the annual meeting, you must obtain a valid proxy from the organization holding the shares.

Who is soliciting these proxies?

We are soliciting these proxies and the cost of the solicitation will be borne by us, including the charges and expenses of persons holding shares in their name as nominee incurred in connection with forwarding proxy materials to the beneficial owners of those shares. In addition to the use of the mail, proxies may be solicited by our officers, directors and employees in person, by telephone or by email. These individuals will not be additionally compensated for such solicitation but may be reimbursed for reasonable out-of-pocket expenses incurred in connection with such solicitation.

What is “householding” and how does it affect me?

We have adopted a procedure approved by the Securities and Exchange Commission, or SEC, called “householding.” Under this procedure, we send only one proxy statement and one annual report to eligible stockholders who share a single address, unless we have received instructions to the contrary from any stockholder at that address. This practice is designed to reduce our printing and postage costs. Stockholders who do not participate in householding will continue to receive separate proxy and voting instruction cards. We do not use householding for any other stockholder mailings.

If you are a registered stockholder residing at an address with other registered stockholders and wish to receive a separate copy of the proxy statement or annual report, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact our mailing agent, Broadridge, either by calling toll-free at (800) 542-1061, or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, NY 11717. If you own shares through a bank, broker or other nominee, you should contact the nominee concerning householding procedures. We will promptly deliver a separate copy of the proxy statement or annual report to you upon request.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the proxy statement or annual report and you wish to receive a single copy of each of these documents for your household, please contact our mailing agent, Broadridge, at the telephone number or address indicated above to bring this to our mailing agent's attention.

Where can I find the voting results of the annual meeting?

We intend to announce preliminary voting results at the annual meeting and publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days of the annual meeting.

INTERNET AVAILABILITY OF PROXY MATERIALS

As permitted by the rules of the SEC, we are using the Internet as a means of furnishing proxy materials to our stockholders. We believe this method will make the proxy distribution process more efficient, lower costs and help in conserving natural resources.

On or about April 29, 2016, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials containing instruction on how to access our proxy materials, including our proxy statement and annual report. The Notice of Internet Availability of Proxy Materials also instructs you on how to access your proxy and voting instruction card to be able to vote through the Internet or by telephone. Other stockholders, in accordance with their prior requests, and employees with regular access to email through their company email address have received email notification of how to access our proxy materials and vote via the Internet or by telephone or have been mailed paper copies of our proxy materials and a proxy and voting instruction card.

The proxy statement and annual report are available at www.proxyvote.com.

PROPOSAL 1—ELECTION OF DIRECTORS

At the annual meeting, nine directors are to be elected to serve for one-year terms to hold that position until each director's successor is elected and qualified unless any the directors resigns or is removed prior to the end of the term. All nominees have been nominated by the Board of Directors based on the recommendation of the Nominating and Corporate Governance Committee. To the best knowledge of the Board of Directors, all of the nominees are able and willing to serve. Each nominee has consented to be named in this proxy statement and to serve if elected.

Majority Voting Standard in Uncontested Director Elections

We have adopted majority voting procedures for the election of directors in uncontested elections. In an uncontested election, nominees must receive more "for" than "against" votes to be elected without further action. Abstentions are not counted as votes cast. As provided in our bylaws, a "contested election" is one in which the number of nominees exceeds the number of directors to be elected. The election of directors at the 2016 annual meeting is an uncontested election.

If an incumbent director receives more "against" than "for" votes, he or she is expected to tender his or her resignation in accordance with our Corporate Governance Guidelines. The Nominating and Corporate Governance Committee will consider the offer of resignation and recommend to the Board of Directors the action to be taken. The Board will promptly disclose its decision as to whether to accept or reject the tendered resignation in a press release, Current Report on Form 8-K or some other public announcement.

Shares of common stock represented by properly executed, timely received and unrevoked proxies will be voted as instructed in the proxy. In the absence of specific instructions, the shares represented by properly executed, timely received and unrevoked proxies will be voted "for" each nominee. If any of the nominees listed below becomes unable to stand for election at the annual meeting, the proxy holders intend to vote for any person designated by the Board of Directors to replace the nominee unable to serve.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR each nominee.

Nominees for Election to the Board of Directors

Set forth below is a brief biography of each nominee for election as a director and a brief discussion of the specific experience, qualifications, attributes or skills that led to the Board's conclusion that the nominee should serve as a director of our company. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending to stockholders a group of nominees with complementary skills and a diverse mix of backgrounds, perspectives and expertise beneficial to the broad business diversity of the company. Our board membership criteria and director nomination process are described in the "Corporate Governance" section of this proxy statement.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Our Board of Directors recognizes the importance of strong corporate governance as a means of addressing the various needs of our stockholders, employees, customers and other stakeholders. As a result, our Board of Directors has adopted Corporate Governance Guidelines which, together with our certificate of incorporation, bylaws, committee charters and other key governance practices and policies, provide the framework for our corporate governance. Our Corporate Governance Guidelines cover a wide range of subjects, including criteria for determining the independence and qualification of our directors. These guidelines are available on our website at www.saic.com by clicking on the links entitled “About” and then “Corporate Governance.” The Board recognizes that observing good corporate governance practices is an ongoing responsibility. The Nominating and Corporate Governance Committee regularly reviews corporate governance developments and recommends revisions to these Corporate Governance Guidelines and other corporate governance documents as necessary to promote our and our stockholders’ best interests and to help ensure that we comply with all applicable laws, regulations and stock exchange requirements relating to corporate governance.

Proxy Access

In February 2016, our Board amended our bylaws to include a “proxy access” provision for director nominations under which eligible stockholders may nominate candidates for election to our Board and inclusion in our proxy statement. The “proxy access” provision provides that:

- an eligible stockholder, or an eligible group of up to 20 stockholders, representing at least 3% of our outstanding shares of common stock,
- owning those shares continuously for at least three years,
- can nominate and include in our proxy statement director nominees constituting up to 25% of the Board or, if that percentage is not a whole number, the closest whole number below 25%, but not less than two individuals, for election at our annual stockholders meeting.

These “proxy access” director nominees are subject to certain eligibility, procedural and disclosure requirements as further set forth in Section 3.17 of our bylaws.

Codes of Conduct

All of our employees, including our executive officers, are required to comply with our Code of Conduct, which describes our standards for protecting company and customer assets, fostering a safe and healthy work environment, dealing fairly with customers and others, conducting international business properly, reporting misconduct and protecting employees from retaliation. This code forms the foundation of our corporate policies and procedures designed to promote ethical behavior in all aspects of our business.

Our directors also are required to comply with our Code of Business Conduct of the Board of Directors intended to describe areas of ethical risk, provide guidance to directors and help foster a culture of honesty and accountability. This code addresses areas of professional conduct relating to service on our Board, including conflicts of interest, protection of confidential information, fair dealing and compliance with all applicable laws and regulations.

These documents are available on our website at www.saic.com by clicking on the links entitled “About” followed by “Corporate Governance.”

Director Independence

The Board of Directors annually determines the independence of each of our directors and nominees in accordance with the Corporate Governance Guidelines. These guidelines provide that “independent” directors are those who are independent of management and free from any relationship that, in the judgment of the Board of Directors, would interfere with their exercise of independent judgment. No director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with us (either directly or as a partner, stockholder or officer of an organization with which we have a relationship). The Board of Directors has established independence standards set forth in the Corporate Governance Guidelines that include all elements of independence required by the listing standards of the New York Stock Exchange or NYSE.

All members of the Audit, Human Resources and Compensation, and Nominating and Corporate Governance Committees must be independent directors as defined by the Corporate Governance Guidelines. Members of the Audit Committee must also satisfy a separate independence requirement pursuant to the Securities Exchange Act of 1934 which requires that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from us or any of our subsidiaries other than their directors’ compensation or be an affiliated person of ours or any of our subsidiaries.

CORPORATE GOVERNANCE

Each year, our directors complete a questionnaire which requires them to disclose any transactions with us in which the director or any member of his or her immediate family might have a direct or potential conflict of interest. Based on an analysis of the responses, the Board of Directors determined that all directors, except for Mr. Moraco because of his role as our Chief Executive Officer, are independent under its guidelines and free from any relationship that would interfere with the exercise of their independent judgment. The Board of Directors considered the following relationships involving Mr. Bedingfield and Dr. Hamre in reaching the conclusion that those relationships did not interfere with the exercise of each of their independent judgment:

- Mr. Bedingfield's son, Kenneth Bedingfield, has served as the Chief Financial Officer of Northrop Grumman Corporation since February 2015; and
- Dr. Hamre is Chairman of the Defense Policy Board Advisory Committee, a committee that advises the Secretary of Defense on foreign policy matters. The Committee has no role in acquisition issues. He is also a member of the Board of Directors of Leidos Holdings, Inc., our former parent, and MITRE Corporation, a company that operates federally funded research and development centers (FFRDCs).

Criteria for Board Membership

To fulfill its responsibility to identify and recommend to the full Board nominees for election as directors, the Nominating and Corporate Governance Committee reviews the composition of the Board to determine the qualifications and areas of expertise needed to further enhance the composition of the Board. In evaluating potential nominees, the Committee and the Board consider each individual in the context of the Board as a whole, with the objective of recommending to stockholders a slate of individual director nominees that can best continue the success of our business and advance stockholders' interests. In evaluating the suitability of individual nominees, the Nominating and Corporate Governance Committee and the Board consider many factors, including:

- expertise and involvement in areas relevant to our business such as defense, intelligence, science, finance, government or commercial and international business;
- interpersonal skills, substantial personal accomplishments and diversity as to gender, age, ethnic background and experience;
- commitment to business ethics, professional reputation, independence and understanding of the responsibilities of a director and the governance processes of a public company;
- demonstrated leadership, with the ability to exercise sound judgment informed by diversity of experience and perspectives; and
- benefits from the continuing service of qualified incumbent directors in promoting stability and continuity, contributing to the Board's ability to work together as a collective body and giving the company the benefit of experience and insight that its directors have accumulated during their tenure.

The Nominating and Corporate Governance Committee reviews the director selection process annually and the Committee and the Board assess its effectiveness through an annual written evaluation process. In addition, the Nominating and Corporate Governance Committee has been directed by the Board to observe the following principles contained in our Corporate Governance Guidelines:

- a majority of directors must meet the independence criteria established by the Board of Directors;
- based upon the range of 7 to 14 directors currently specified in our bylaws, no more than three directors may be an employee of SAIC;

only a full-time employee who serves as either the Chief Executive Officer or one of his or her direct reports will be considered as a candidate for an employee director position; and

·no director nominee may be a consultant to us.

The Board of Directors expects a high level of commitment from its members and will review a candidate's other commitments and service on other boards to ensure that the candidate has sufficient time to devote to us. In addition, non-employee directors may not serve on the board of directors of more than four other publicly-traded companies. Moreover, directors are expected to act ethically at all times and adhere to our Code of Business Conduct of the Board of Directors.

CORPORATE GOVERNANCE

Board Leadership Structure

The Board is currently led by a non-executive Chair, Mr. Sanderson, who is an independent director. Our Board believes that it is in the best interests of stockholders for the Board to have the flexibility to determine the most qualified and appropriate individual to serve as Chair of the Board, whether that person is an independent director or the Chief Executive Officer. The Board selects the Chair annually and may decide to separate or combine the roles of Chair of the Board and Chief Executive Officer, if appropriate, at any time in the future. In cases where the Board determines it is in the best interests of our stockholders to combine the positions of Chair and Chief Executive Officer, the independent directors will designate a lead independent director with the responsibilities described in our Corporate Governance Guidelines.

The functions of the non-executive Chair of the Board include:

- planning the Board's annual schedule of meetings and agendas, in consultation with the Chief Executive Officer and Corporate Secretary and other directors as appropriate;
- coordinating with the Chief Executive Officer and the Corporate Secretary to ensure that the Board receives the appropriate quantity and quality of information in a timely manner to enable it to make informed decisions;
- chairing all meetings of the Board and of the independent directors in executive session and ensure that meetings are conducted efficiently and effectively;
- facilitating full and candid Board discussions, ensure all directors express their views on key Board matters and assist the Board in achieving a consensus;
- working with committee chairs to ensure that each committee functions effectively and keeps the Board apprised of actions taken;
- building consensus, developing teamwork and a cohesive Board culture and facilitating formal and informal communication with and among directors; and
- serving as the liaison between the Board and company management.

The Board's Role in Risk Oversight

As part of its oversight function, the Board and its committees monitor risk as part of their regular deliberations throughout the year. When granting authority to management, approving strategies, making decisions and receiving management reports, the Board considers, among other things, the risks facing the company. The Board also oversees risk in particular areas through its committee structure. The Audit Committee evaluates the company's guidelines and policies regarding risk assessment and risk management, including risks related to internal control over financial reporting, the company's major financial risk exposures and the steps management has taken to monitor and control those exposures. The Human Resources and Compensation Committee evaluates risks potentially arising from the company's human resources and compensation policies and practices. The Ethics and Corporate Responsibility Committee oversees risks associated with unethical conduct and political, social, environmental and reputational risks. The Classified Business Oversight Committee oversees risk review activities applicable to the company's classified business activities and receives reports from management on particular classified projects involving significant performance, financial or reputational risks. The company also utilizes an internal Enterprise Risk Management Committee, comprised of the senior management that, among other things, works with the Chief Executive Officer, Board Committees and the full Board to establish the overall corporate risk strategy and oversight of policies, systems, processes and training relating to risk matters within the company. This committee reports annually to the full Board of Directors on its activities and findings, highlighting the key risks we face and management's actions for managing those risks.

Board of Directors Meetings and Committees

The Board of Directors held nine meetings of the entire Board in fiscal 2016. The independent directors met five times during the year, either in executive session of regular board meetings or in separate meetings. Mr. Sanderson, the non-executive Chair of the Board, presides at all executive sessions of our independent directors as provided by our Corporate Governance Guidelines. During fiscal 2016, no director attended fewer than 75% of the aggregate of the meetings of the Board and committees of the Board on which they served. It is our policy to encourage all directors to attend our annual meeting of stockholders.

The Board of Directors has the following principal standing committees: Audit, Classified Business Oversight, Ethics and Corporate Responsibility, Human Resources and Compensation, and Nominating and Corporate Governance. The charters of these committees are available in print to any stockholder who requests them and are also available on our website at www.saic.com by clicking on the links entitled “Investor Relations,” “Corporate Governance” and then “Board Committees.”

The Nominating and Corporate Governance Committee held four meetings in fiscal 2016.

Director Nominations Process

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for directors. The Committee regularly assesses the Board's current and projected strengths and needs by, among other things, reviewing the Board's current profile, the criteria for Board membership described on page 10 and our current and future needs.

CORPORATE GOVERNANCE

To the extent that vacancies on the Board of Directors are anticipated or otherwise arise, the Committee prepares a target candidate profile and develops an initial list of director candidates identified by the current members of the Board, business contacts, community leaders and members of management. The Committee may also retain a professional search firm to assist it in developing a list of qualified candidates. The Nominating and Corporate Governance Committee would also consider any stockholder recommendations for director nominees that are properly received.

The Committee then screens and evaluates the resulting slate of director candidates to identify those individuals who best fit the target candidate profile and Board membership criteria and provides the Board of Directors with its recommendations. The Board of Directors then considers the recommendations and votes on whether to nominate the director candidate for election by the stockholders at the annual meeting or to appoint the director candidate to fill a vacancy on the Board.

Stockholder Nominations

Any stockholder may nominate a person for election as a director by complying with the procedures set forth in our bylaws. Under Section 3.03 of our bylaws, in order for a stockholder to nominate a person for election as a director, the stockholder must give timely notice to our Corporate Secretary prior to the meeting at which directors are to be elected. To be timely, notice must be delivered to the Corporate Secretary not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. (If the date of the annual meeting is more than 30 days before or more than 70 days after that anniversary date, however, notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to that annual meeting and not later than the close of business on the 90th day prior to that annual meeting or the 10th day following the day on which we first publicly announce the date of that annual meeting, whichever occurs later).

The stockholder's notice must include certain information as provided in Section 3.03 of our bylaws about the nominee, the stockholder and the underlying beneficial owner, if any, including his or her name, age, address, occupation, shares, rights to acquire shares, information about derivatives, hedges, short positions, understandings or agreements regarding the economic and voting interests of the nominee, the stockholder and related persons with respect to our stock, if any, and any other information as would be required to be disclosed in a proxy statement soliciting proxies for the election of the proposed nominee. In addition, the notice must contain certain information about the stockholder proposing to nominate that person. We may require any proposed nominee to furnish such other information as may reasonably be required to determine the eligibility of the proposed nominee to serve as a director. A stockholder's notice must be updated, if necessary so that the information submitted is true and correct as of the record date for determining stockholders entitled to receive notice of the meeting.

Mandatory Retirement Policy

The Board has adopted a mandatory retirement age of 75 for independent directors and 65 for employee directors. It is the general policy of the Nominating and Corporate Governance Committee not to nominate candidates for re-election at any annual stockholder meeting to be held after he or she has attained the applicable retirement age.

Board of Directors Compensation

The Board of Directors uses a combination of cash retainers and fees and stock-based incentives to attract and retain qualified candidates to serve as directors. In determining director compensation, the Board of Directors considers the significant amount of time required of our directors in fulfilling their duties, as well as the skill and expertise of our directors. The Human Resources and Compensation Committee periodically reviews director compensation with the assistance of our independent compensation consultant and recommends to the Board of Directors the form and amount of compensation to be provided. The director compensation described below represents the total compensation received by our directors for their service.

The following is a summary of the compensation that we provide to our non-employee directors:

Cash Compensation. Our directors receive a cash retainer for their service on the Board of Directors. For fiscal 2016, the annual retainer was \$50,000 and the annual retainer for the Chair of each committee of the Board was an additional \$10,000, except for the Chair of the Audit Committee where the annual retainer is an additional \$20,000 and the Chair of the Human Resources and Compensation Committee where the annual retainer is an additional \$15,000. The annual retainer for the independent Chair of the Board is an additional annual retainer of \$160,000. These retainers are paid quarterly in advance. In addition to the cash retainers, non-employee directors also received \$2,000 for each meeting of the Board and committee they attended. We also reimburse our directors for expenses incurred while attending meetings or otherwise performing services as a director.

CORPORATE GOVERNANCE

Equity Compensation. Directors are eligible to receive equity awards under our equity incentive plan. For fiscal 2016, each director was granted equity awards consisting of \$100,000 in value of restricted stock units and \$50,000 in value of options to purchase shares of our common stock. These equity awards vest on the earlier of one year from the date of grant or on the date of the next annual meeting of stockholders following the date of grant. If a director retires due to our mandatory retirement policy, the director's equity awards continue to vest as scheduled and options remain exercisable for the remainder of the option term.

Deferral Plans. Directors are eligible to defer all or any portion of their cash retainers and fees into our Deferred Compensation Plan. This plan is described in further detail under the caption "Executive Compensation—Nonqualified Deferred Compensation" below.

Stock Ownership Guidelines and Policies. The Board of Directors believes that its members should acquire and hold shares of our stock in an amount that is meaningful and appropriate. To encourage directors to have a material investment in our stock, the Board has adopted stock ownership guidelines that call for directors to hold shares of our stock with a value of at least five times the amount of the annual cash retainer. Board members are required to hold all shares of stock acquired under our equity programs until this target value has been achieved. In addition to these ownership guidelines, our directors are also subject to policies that prohibit certain short-term or speculative transactions in our securities that we believe carry a greater risk of liability for insider trading violations or may create an appearance of impropriety. Our policy requires directors to obtain preclearance from our General Counsel for all transactions in our securities.

The following table sets forth information regarding the compensation earned or paid to our directors for service in fiscal 2016.

Related Party Transactions

The Board of Directors has adopted written policies and procedures for the review and approval of transactions between us and certain “related parties,” which are generally considered to be our directors and executive officers, nominees for director, holders of five percent or more of our outstanding capital stock and members of their immediate families. The Board of Directors has delegated to the Ethics and Corporate Responsibility Committee the authority to review and approve the material terms of any proposed related party transaction. If a proposed related party transaction involves a non-employee director or nominee for election as a director and may be material to a consideration of that person’s independence, the matter is also considered by the Chair of the Board of Directors and the Chair of the Nominating and Corporate Governance Committee.

In determining whether to approve or ratify a related party transaction, the Ethics and Corporate Responsibility Committee considers, among other factors it deems appropriate, the following factors:

- potential benefits to us;
- the impact on a director’s or nominee’s independence or an executive officer’s relationship with or service to us; and
- whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party’s interest in the transaction.

In deciding to approve a transaction, the Committee may, in its sole discretion, impose any conditions as it deems appropriate on us or the related party. Any transactions involving the compensation of executive officers, however, are to be reviewed and approved by the Human Resources and Compensation Committee. If a related party transaction will be ongoing, the Ethics and Corporate Responsibility Committee may establish guidelines to be followed in our

ongoing dealings with the related party. Thereafter, the Ethics and Corporate Responsibility Committee will review and assess ongoing relationships with the related party on at least an annual basis to determine whether they are in compliance with the Committee's guidelines and that the related party transaction remains appropriate.

We engage in transactions and have relationships with many entities, including educational and professional organizations, in the ordinary course of our business. Some of our directors, executive officers or their immediate family members may be directors, officers, partners, employees or stockholders of these entities. We carry out transactions with these firms on customary terms. There were no transactions during fiscal 2016 in which any related party had a direct or indirect material interest.

PROPOSAL 2 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are providing our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC.

We urge stockholders to read our Compensation Discussion and Analysis (CD&A), which describes in detail how we seek to closely align the interests of our named executive officers with the interests of our stockholders. As described in the CD&A, our compensation programs are designed to:

- pay for performance by tying a majority of an executive’s compensation to the attainment of financial and other performance measures that, the Board believes, promote the creation of long-term stockholder value and position the company for long-term success;
- provide the same types of benefits for executives as other employees, with no special or supplemental pension, health or death benefits for executives;
- target total direct compensation at the median among companies with which we compete for executive talent;
- enable us to recover, or “clawback,” incentive compensation if there is any material restatement of our financial results, or if an executive is involved in misconduct;
- require our executives to own a significant amount of our stock;
 - avoid incentives that encourage unnecessary or excessive risk-taking; and
- compete effectively for talented executives who will contribute to our long-term success.

The Human Resources and Compensation Committee and the Board of Directors believe that these programs and policies are effective in implementing our pay for performance philosophy and achieving its goals. This advisory stockholder vote, commonly known as “Say-on-Pay,” gives you, as a stockholder, the opportunity to advise whether or not you approve of our executive compensation program and policies by voting on the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and any related material.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in the CD&A and Executive Compensation sections of this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, which means that the vote is not binding on the company, our Board of Directors or the Human Resources and Compensation Committee of the Board of Directors. However, as an expression of our stockholders’ view, the Human Resources and Compensation Committee considers the vote when making future executive compensation decisions.

Vote Required

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve Proposal 2. Broker non-votes are not entitled to vote on this proposal and will not be counted in evaluating the results of the vote. This advisory vote on executive compensation is non-binding.

Recommendation of the Board

The Board of Directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

Our named executive officers for fiscal 2016 are as follows:

John R. Hartley	Chief Financial Officer
Nazzic S. Keene	Sector President, Global Markets & Missions
Douglas M. Wagoner	Sector President, Services & Solutions
Kimberly S. Admire	Chief Human Resources Officer
Mark D. Schultz *	Former General Counsel

*Mr. Schultz served as our General Counsel in fiscal 2016 until his departure from the company in September 2015.
Executive Summary

Fiscal 2016 Business Highlights

Fiscal 2016 was a year of prioritization, investment and performance for the company. We continued to deliver exceptional program execution by aligning the knowledge, skills and capabilities of our talented workforce to solve our customers’ most challenging problems. Collaboration across our delivery model allowed us to optimize our operating model, drive business performance, continue to develop a strong pipeline and create differentiation from our competitors based on best-in-class practices and solutions. Goals were established to communicate and incentivize desired performance and drive efforts to increase stockholder value. To that end, in establishing the objectives for our short-term incentive plan and performance share awards, the Committee set targets for revenue, operating income, and cash-flow generation.

Key business highlights for fiscal 2016 include the following:

- Completed the strategic acquisition of Scitor Holdings, Inc., in May 2015, which provides access to the intelligence community market and a skilled workforce with high-level security clearances;
- Revenues of \$4.28 billion, an increase of 12% from fiscal 2015 and flat year-over-year when revenue from Scitor is excluded;
- Adjusted EBITDA of \$309 million or 7.2% compared to 6.8% in fiscal 2015, with margin improvement driven by higher profitability across our contract portfolio;*
- Adjusted operating income of \$253 million or 5.9% compared to 6.3% in fiscal 2015, with margins being impacted by higher amortization expense from the Scitor acquisition;*

- Operating cash flow of \$226 million, a decrease of 18% from fiscal 2015 due to non-recurring acquisition and integration expenses associated with the Scitor acquisition and internal investments in our amphibious vehicles contract;
- Returned \$109 million to stockholders:
 - o Repurchased 1.1 million shares, or 2% of our outstanding shares, for \$50 million
 - o Cash dividends of \$59 million
 - o Increased the per share quarterly dividend to \$0.31 per share from \$0.28 per share or about an 11% increase in the quarterly per share amount;

20

COMPENSATION DISCUSSION AND ANALYSIS

- Continued and broadened margin improvement initiatives designed to improve the future profitability of the company; and
- Backlog of \$7.2 billion supported by bookings of \$4.3 billion compared to backlog of \$6.2 billion with bookings of \$3.4 billion in fiscal 2015.

* Adjusted EBITDA and adjusted operating income are non-GAAP financial measures and are further defined and reconciled to the most directly comparable GAAP financial measures in the Appendix to this proxy statement.

Summary of Compensation Philosophy

The Committee continues to have a “pay for performance” compensation philosophy aimed at attracting and retaining quality executive talent and rewarding our key executives through variable compensation while providing a smaller portion of their overall compensation in the form of base salary. This philosophy serves to both encourage and recognize performance excellence and helps drive stockholder value. By aligning significant portions of executive officers’ compensation with profitable growth and operating cash flow, the total compensation for our executives is directly linked to stockholder return.

The Committee targets total direct compensation for executives to be at approximately median levels of comparable publicly traded companies of our size and in our industry. However, actual earned compensation varies above or below the median level based on the degree to which specific performance goals are achieved, changes in our stock value over time and the individual performance of each executive.

Compensation Decisions for Fiscal 2016

The charts below depict each element of target compensation expressed as a percentage of total target direct compensation for our Chief Executive Officer and our other named executive officers for fiscal 2016.

As indicated above, base salary represents a smaller portion of overall compensation than performance-based cash and equity incentive awards. The allocation of a meaningful portion of overall compensation to annual cash incentive awards demonstrates the Committee’s belief that a substantial portion of total compensation should reflect the actual achievement of predetermined goals. The allocation of a majority of overall compensation for our executives to long-term incentives supports long term value creation and reflects the principle that a substantial portion of total compensation should be delivered in the form of equity awards to align the interests of our executives with those of our stockholders. Performance share awards to our executive officers in fiscal 2016 are directly related to the achievement of cumulative operating income and annual operating cash flow over a three-year period commencing in fiscal 2016. A combination of performance share awards, stock options and time-based restricted stock units provides an appropriate balance of medium-term and long-term incentives.

Based on the strong performance delivered by the company in fiscal 2016, the calculated payout of the financial portion of annual incentives was 107.4% of target as discussed in greater detail on page 26. After considering individual performance on the leadership component, our named executive officers received annual incentive payouts

that ranged from 97% to 107% of target. Our first performance share awards as an independent company were granted for the fiscal 2015-2017 performance period.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Program Governance

Our compensation program incorporates best practices regarding corporate governance, risk mitigation and alignment of executives' interests with stockholders' interests. Following are key features of our compensation practices:

At SAIC, we do....

- Believe in pay for performance - simply put we reward those who perform.
- Perform an annual review by the Committee to establish a group of comparable companies to be used in compensation decisions.
- Employ a market-based approach to comparable companies to determine executives' target compensation.
- Review and consider feedback provided by our stockholders related to executive compensation matters.
- Mitigate against imprudent risk-taking through balancing features in the design of our compensation program.
- Subject cash and equity-based incentive compensation to a "clawback" policy if there is a material restatement of our financial results for any reason or if the employee was involved in misconduct.
- Consider stockholder dilution and burn rate in equity compensation decisions.
- Require significant stock ownership under our stock ownership guidelines.
- Use an independent compensation consultant that reports directly to the Committee.
- Provide "double-trigger" provisions for change in control benefits.

At SAIC, we do not....

- Permit cash out or re-pricing of underwater stock options.
- Guarantee multi-year bonus payouts to executives.
- Provide employment agreements for executives.
- Provide golden parachute excise tax gross-ups on change in control benefits.
- Permit hedging or pledging of company stock or purchasing company stock on margin by our executives.
- Offer pension benefits to our executives or other employees.
- Provide excessive perquisites for executives that are not available to other employees.

COMPENSATION DISCUSSION AND ANALYSIS

Results of Stockholder Advisory Vote

Based on our stockholder advisory vote at our 2015 annual stockholders meeting, commonly referred to as a say-on-pay vote, our stockholders approved the compensation of our named executive officers, with approximately 96% of stockholder votes cast in favor of our 2015 say-on-pay resolution. The Committee, which is composed exclusively of independent directors, views this level of support for our executive compensation program as indicative of broad stockholder agreement with the pay for performance philosophy on which our executive compensation program is premised.

We welcome feedback from stockholders regarding our executive compensation programs, which are described in more detail below. Stockholders desiring to communicate with the Board of Directors or the Human Resources and Compensation Committee may do so as described under “Communications with the Board of Directors” in this proxy statement. The Committee will take into account stockholder votes on say-on-pay resolutions when evaluating our compensation philosophy.

Elements and Objectives of Our Compensation Programs

Under the direction of the Committee, we provide the following principal elements of compensation to our executives:

Base Salary. We provide a fixed base salary to our executives based on their level of responsibility, expertise, skills, knowledge and experience and on competitive peer company and other applicable market data. We generally target our executive officers’ base salaries at the median of the competitive market. Consistent with our philosophy of tying pay to performance, the base salary of our executives is the smallest part of their overall compensation.

Variable Incentive Compensation. We use a combination of cash and equity incentive awards to foster and reward performance in key areas over short and longer timeframes. Our annual cash incentive awards are based upon performance against predetermined goals for the fiscal year in order to encourage and reward contributions to our annual financial, operating and strategic objectives. We provide equity incentive awards to our executives to motivate them to stay with us and build stockholder value through their future performance. Stock options, in particular, aid in employee retention and motivate our executives to build stockholder value because they may realize value only if our stock appreciates over the seven-year option term. The Committee generally does not consider an executive’s current stock or option holdings in making additional equity awards.

The following chart summarizes the relevant performance measures and time frames used for the variable pay elements in our program for fiscal 2016:

COMPENSATION DISCUSSION AND ANALYSIS

Other Benefits. We also provide our executives with benefits generally available to other employees, such as participation in our health and welfare benefits and retirement programs. Our executives are also entitled to certain executive severance benefits if their employment is ended due to an organizational restructure, shift in business priorities, change in leadership skill requirements or certain other terminations of employment.

Committee Process for Determining Direct Compensation

At the beginning of each fiscal year, the Committee reviews and approves the following elements of direct compensation to be provided to our executives:

- base salary for the upcoming year;
- payout range for the cash incentive awards that may be earned for the upcoming year and the performance goals and criteria upon which the amount of the awards will be determined;
- mix and amount of equity incentive awards to be granted to our executives; and
- payout range for performance share awards, if any, that may be earned for the performance period beginning in that fiscal year and the performance period, goals and criteria upon which the amount of the awards for the relevant performance period will be determined.

In determining the amounts of direct compensation to be awarded to our executives, the Committee considers the company's overall performance and competitive market data for our compensation peer group.

Company performance is the primary factor in determining variable compensation. The amount of any cash incentive awards to be paid upon completion of the fiscal year are determined based upon our achievement of financial goals set at the beginning of the fiscal year and a leadership component; however, the Committee retains the ability to use negative discretion to reduce the payouts when appropriate.

Individual performance is a factor in setting base salaries. In determining base salaries, the Committee reviews a performance assessment for each of our executives, as well as compensation recommendations provided by the Chief Executive Officer and the Chief Human Resources Officer. The Committee also considers market data and information provided by its independent compensation consultant. Executives do not propose their own compensation.

Assessing Chief Executive Officer performance. In determining compensation for our Chief Executive Officer, the Committee meets in executive session and evaluates his performance based on his achievement of performance objectives that typically are established and agreed upon at the beginning of the fiscal year. Formal input is received from the independent directors and the executive leadership team. The Committee also considers the Chief Executive Officer's leadership contributions towards the company's performance, including financial results, development and achievement of strategic objectives, progress in building capability among the executive leadership team and corporate governance leadership, as well as market data and information provided by the Committee's independent compensation consultant. The Committee determines the Chief Executive Officer's compensation and then reviews his evaluation and compensation with the Board's independent directors. The Chair of the Board and the Chair of the Committee then present the Committee's evaluation and compensation determination to the Chief Executive Officer. The Chief Executive Officer does not propose his own compensation or attend the meeting of the Committee at which his performance and compensation are reviewed.

COMPENSATION DISCUSSION AND ANALYSIS

Committee reviews and modifies our compensation peer group annually. The Committee compares the amount of direct compensation we provide to our executives to that provided by companies with whom we compete for executive talent with similar roles and responsibilities. To complete this effort, the Committee establishes a peer comparator group for each fiscal year and benchmarks each element of direct compensation (including salary and cash and equity incentives) to be provided to our executives against that provided by other publicly traded engineering, information technology, consulting and defense companies, which we refer to as our “compensation peer group.” The compensation peer group used for determining fiscal 2016 target compensation consisted of the following 15 companies and reflects the addition of Booz Allen Hamilton and Leidos, Inc.:

AECOM Technology Corporation	Exelis, Inc.	Orbital ATK
Booz Allen Hamilton	Jacobs Engineering Group, Inc.	Rockwell
		Collins, Inc.
CACI International, Inc.	Leidos, Inc.	Tetra Tech, Inc.
CGI Group, Inc.	ManTech International Corporation	Unisys
		Corporation
Engility Holdings, Inc.	MAXIMUS, Inc.	URS
		Corporation

This compensation peer group consists of companies that we believe have similar revenues and industry focus to ours, as well as companies against which we compete for talent and stockholder investment. The compensation peer group is structured so that no company within the group has annual revenues greater than three times or less than approximately one-third of our estimated revenues for the fiscal year in which the peer group is reviewed. For comparison purposes, for fiscal 2016, our estimated annual revenues were at approximately the 53rd percentile of the revenues of the compensation peer group. In addition to the compensation peer group, data from multiple broad-based third-party surveys is compiled and provided for the Committee’s consideration regarding compensation that other comparably-sized companies provide to their chief executive officer, chief financial officer and other members of senior management. The Committee considers this survey data and analysis when evaluating appropriate levels of direct compensation. To be competitive in the market for our executive-level talent, we generally will target overall compensation for our executives at approximately the market median, although the actual cash incentive awards paid and performance shares earned will vary based on operating performance and may therefore generate compensation that is higher or lower than the market median.

Compensation Program Components for Fiscal 2016

Base Salary

In reviewing and approving the fiscal 2016 base salaries for our named executive officers and other executives, the Committee considered its independent consultant’s analysis of pay levels among the compensation peer group and survey data, which indicated that base salaries for our executives were, on average, between the 25th percentile and median levels of comparable companies of our size. As a relatively new public company, SAIC is actively transitioning to base salaries which align to the market median for all executives. Actual individual base salary amounts also reflect the Committee’s judgment with respect to each executive’s responsibility, performance, experience and other factors, the individual’s historical compensation and any retention concerns. The Committee reviews

executives' base salaries annually or at the time of a promotion or a substantial change in responsibilities based on the above-described criteria.

COMPENSATION DISCUSSION AND ANALYSIS

The fiscal 2016 base salaries and the percentage increases in their salaries from fiscal 2015 for our active named executive officers are set forth below:

Name	FY16 Base Salary	Percentage Increase from FY15 Base Salary
Anthony J. Moraco	\$1,000,000	8.1%
John R. Hartley	\$565,000	8.7%
Nazzic S. Keene	\$575,000	4.5%
Douglas M. Wagoner	\$535,000	9.2%
Kimberly S. Admire	\$370,000	5.7%

Annual Cash Incentive Awards

Each named executive officer's total fiscal 2016 short-term incentive cash bonus depended upon the achievement of specific financial performance goals approved by our Committee and described below.

Performance goals for cash incentive awards. At the beginning of each fiscal year, the Committee sets and approves threshold, target and maximum performance goals for the upcoming year based on objective financial goals. Further, the Committee also reviews and approves the corresponding target cash incentive awards based upon the achievement of those goals. No amount is payable for below-threshold performance. When threshold performance is met, payouts are determined on a straight-line basis between threshold and target performance and between target and maximum performance.

Under our short-term incentive plan for fiscal 2016:

- The award was determined by our company performance as well as a leadership component.
- Our Committee used revenue, operating income and cash flow generation as financial performance measures for the financial component, which directly aligns to our overall strategy and supports and increases stockholder value.
 - The financial goals were updated after completion of our acquisition of Scitor in May 2015 to increase the financial targets to reflect the contributions expected from Scitor for the balance of the fiscal year.
- The leadership component considers both business leadership competencies as well as people leadership competencies and can be used to apply discretion to the final award amount based on the executive's performance during the year.
- The fiscal 2016 plan includes an overall funding threshold of \$100 million of EBITDA, which qualifies the plan as a performance-based plan and allows deductibility under Internal Revenue Code Section 162(m).

Performance measures for fiscal 2016. The financial performance measures, their relative weightings, the targeted achievement levels and actual performance for our short-term incentive program for fiscal 2016, as approved by the Committee, were:

Financial Measures	Weighting	Goal	Actual	% of Plan Achieved	Award Level	Weighted Average Payout
--------------------	-----------	------	--------	--------------------	-------------	-------------------------

Edgar Filing: Science Applications International Corp - Form DEF 14A

Revenue	30%	\$4.344B	\$4.284B	98.6%	97.2%	29.2%
Adjusted Operating Income (1)	50%	\$249M	\$253M	101.6%	104.8%	52.4%
Operating Cash Flow	20%	\$206M	\$226M	109.7%	129.1%	25.8%
Weighted Average for Financial Goals						107.4%

(1) Adjusted Operating Income is a non-GAAP financial measure and is further defined and reconciled to the most directly comparable GAAP financial measure in the Appendix to this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

Determination of cash incentive award amounts. For fiscal 2016, the Committee set the target amount of the cash incentive award at 120% of base salary for the Chief Executive Officer and between 60% and 85% of base salary for the other named executive officers, based on applicable market data. In determining the payout level amount, the Committee applies the weighted average payout for financial goals (107.4% in fiscal 2016 as calculated in the table above) to the target cash incentive amount and further applies a leadership factor determined by the Committee for the CEO, and with input from the CEO for the additional executive officers. The leadership scores for the executive officers ranged between 0.95 and 1.10 based upon an assessment of each executive's performance in leading the business and leading employees. For our active named executive officers, the target cash incentive award amounts as a percentage of base salary and award amounts earned by the officers in fiscal 2016 were as follows:

Name	Base Salary	STI Target as a % of Base Salary	Cash Incentive Amount Paid
Anthony J. Moraco	\$1,000,000	120%	\$1,288,800
John R. Hartley	\$565,000	85%	\$464,210
Nazzic S. Keene	\$575,000	85%	\$524,918
Douglas M. Wagoner	\$535,000	85%	\$488,402
Kimberly S. Admire	\$370,000	60%	\$214,585

COMPENSATION DISCUSSION AND ANALYSIS

Long-Term Incentive Awards

We generally target our executive officers' long-term incentive awards at the median of the competitive market. In fiscal 2016, we provided the following forms of long-term compensation to our executives:

Performance Shares - Incentivize our executives to achieve specific measurable financial goals over a three-year performance cycle. Earned shares vest and are issued at the end of the performance cycle and range from 0% for below threshold performance to 150% of target number of shares for maximum performance. Performance share awards are granted in overlapping annual cycles so they serve as a tool to retain our key executives. Dividend equivalents are accumulated in cash and are paid at the end of the three year performance cycle to the extent that the underlying share awards are earned.

Restricted Stock Units - Align pay and company performance as reflected in our stock price, encourage retention of our executives' services and promote continued investment by our executives in company stock. RSUs vest in 25% installments at the end of each of the first four years following grant. Dividend equivalents on unvested RSUs accumulate in cash and are paid when the underlying RSUs vest.

Stock Options - Strongly align executive and stockholder interests by

having value only if the stock price increases over the term of the option.

Stock Options vest in 33% installments at the end of each of the first three years following grant and expire at the end of the seventh year.

FY2016–FY2018 Performance Share Awards

For fiscal 2016, approximately 50% of the long-term incentives awarded to our executive officers was provided in the form of performance share units (valued at target payout). The performance measures and weightings for these awards are as follows:

Performance Measures	Weighting	Description
Cumulative Operating Income	60%	Achievement is measured cumulatively over the three-year period
Annual Operating Cash Flow	40%	An annual target for each year is set at the beginning of the performance period

At the beginning of each three year performance period, the Committee establishes the performance measures to be used for that performance period, their weightings and the levels of performance on those measures that will generate threshold, target, and maximum payouts. The number of the performance shares delivered at the end of the three year performance cycle may range from 0% for below threshold performance to 50% for threshold performance and up to 150% for above threshold performance. When the performance threshold is met, payouts are determined on a straight-line basis for performance levels between threshold and target and between target and maximum. For performance share awards granted in fiscal 2016, the annual financial metrics are based on operating cash flow and the cumulative financial metrics are based on operating income.

These financial goals are consistent with the financial goals established for our short-term cash incentive plan. Achievement and payouts for each of the above goals will be determined separately by the Committee at the conclusion of fiscal 2018.

COMPENSATION DISCUSSION AND ANALYSIS

Other Benefits Provided in Fiscal 2016

In addition to the elements of direct compensation described above, we also provide our executives with the following benefits:

Health and welfare benefits. Our executives are entitled to participate in all health and welfare plans that we generally offer to all of our eligible employees, which provide medical, dental, health, group term life insurance and disability benefits. We believe that these health and welfare benefits are reasonable in scope and amount and are of the kind typically offered by other companies against which we compete for executive talent.

Retirement benefits. Our executives are entitled to participate in the same defined contribution retirement plan that is generally available to all of our eligible employees. Currently, we provide matching contributions to eligible participants' retirement plan accounts based on a percentage of their "eligible compensation" under applicable rules. The average amount of contributions we made to the retirement plan accounts of our named executive officers in fiscal 2016 was approximately \$10,550. The Committee believes that these contributions to this retirement program permit our executives to save for their retirement in a tax-effective manner, are reasonable in scope and amount and are of the kind typically offered by other companies against which we compete for executive talent.

Deferred compensation plans. To provide other tax-deferred means to save for retirement, we maintain a deferred compensation plan that allow our named executive officers and other eligible participants to elect to defer all or a portion of any cash incentive awards granted to them under our incentive plans and a portion of their eligible salary. We make no contributions to named executive officers' accounts under these plans. Vested deferred balances under the plans will generally be paid upon retirement or termination. This plan is described in more detail under "Nonqualified Deferred Compensation" below in this Proxy Statement.

Perquisites and personal benefits. We do not provide excessive perquisites or personal benefits to our executives that are not otherwise available to other employees.

Other Policies and Considerations

Assessment of Risks in our Compensation Programs

In the design and oversight of our compensation programs for executives and all employees, the Committee, with assistance from the Committee's independent consultant and management, assesses risks related to our pay practices and incentive programs. The risk assessment is focused on identifying risks associated with our compensation programs and the mix of each type of compensation element we provide to our executives and all employees, as well as the measures that the Company may employ to mitigate those risks. The Committee believes that the following features of our compensation programs effectively mitigate excessive risk taking that could harm our value or reward poor judgment by our executives or other employees:

- short-term incentive measures are balanced among different financial measures, with goals that are intended to be achievable upon realistic levels of performance;
- significant weighting towards long-term incentive compensation promotes long-term decision making and discourages short-term risk taking;
- maximum payouts are capped at levels that do not reward excessive risk-taking;
-

goals are based on company performance measures, which mitigates excessive risk-taking within any particular business operation;

- our compensation recoupment policy allows us to recover compensation based on financial results that are subsequently restated or if fraud or intentional misconduct is involved; and
- our stock ownership guidelines encourage a long-term perspective.

29

COMPENSATION DISCUSSION AND ANALYSIS

Equity Award Grant Practices

The Committee is responsible for the administration of our equity incentive plans. Generally, in advance of each fiscal year, the Committee will select predetermined dates on which equity awards will be granted to our employees, including our executives, during the following fiscal year. These grant dates are selected to occur after the dates we anticipate releasing our annual or quarterly financial results. We generally grant equity incentive awards to our directors, executives and all other eligible employees on an annual basis shortly after we announce our financial results for the recently completed fiscal year. In addition to these annual grants, the Committee predetermines four quarterly dates on which any additional equity incentive awards may be made to eligible executives or other employees in connection with an offer of employment, for retention purposes or to recognize performance. The Committee approves all equity awards made to our directors and executives.

The exercise price of any option grant is determined by reference to the fair market value of the shares on the grant date, which our Amended and Restated 2013 Equity Incentive Plan defines as the closing sales price of our common stock on the New York Stock Exchange on the trading day immediately preceding the grant date.

Stock Ownership Guidelines

We encourage our employees to own our stock so that they are motivated to maximize our long-term performance and stock value. We have adopted stock ownership guidelines for our executives that require them to accumulate and maintain stockholdings calculated as a multiple of their base salary, depending on their role. The CEO is required to accumulate and hold shares with a value of five times his base salary and other named executive officers are required to accumulate and hold shares with a value of three times their base salaries. Absent pre-approval, executives must hold 100% of the net shares acquired under our equity incentive programs until the applicable multiple of base salary is achieved.

Prohibition on Hedging or Pledging Company Stock or Purchasing “On-Margin”

We have established policies for our executives that prohibit certain short-term or speculative transactions in our securities that may carry a greater risk of liability for insider trading violations and also create an appearance of impropriety. For example, with respect to our securities, our executives are not permitted to engage in any short sales or any trading in puts, calls or other derivatives on an exchange or other organized market. In addition, we prohibit our executives from pledging company stock as collateral for a loan or purchasing company stock “on margin.” Further, our executives are required to obtain preclearance from our General Counsel for all transactions in our securities.

“Clawback” or Compensation Recoupment Policy

Under our “clawback” or compensation recoupment policy, the Committee may require executives and other employees who receive incentive compensation to return cash and equity incentives if there is a material restatement of the financial results upon which the incentive compensation was originally based. If the Committee determines that recovery is appropriate, we will seek repayment of the difference between the incentive compensation paid and the incentive compensation that would have been paid, if any, based on the restated financial results.

The policy also provides for recovery of cash and equity incentive compensation from any employee involved in fraud or intentional misconduct, whether or not it results in a restatement of our financial results. In that situation, the Committee would exercise its business judgment to determine what action it believes is appropriate under the

circumstances.

We may seek to recover the applicable amount of compensation from incentive compensation paid or awarded after the adoption of the policy, from future payments of incentive compensation, cancellation of outstanding equity awards and reduction in or cancellation of future equity awards. In cases of fraud or misconduct, we may also seek recovery from incentive compensation paid or awarded prior to the adoption of the policy.

Post-Employment Benefits

We do not maintain a defined benefit or other supplemental retirement plan that would entitle our executives to receive company-funded payments if they leave the company.

Upon certain terminations of employment, including death, disability, retirement or a change in control, our employees, including our named executive officers, may be eligible for continued vesting of equity awards on the normal schedule or accelerated vesting in full or on a pro rata basis, depending on the nature of the event and the type of the award. The purpose of these provisions is to protect previously earned or granted awards by making them available following the specified event. Because these termination provisions are contained in our standard award agreements for all recipients and relate to previously granted or earned awards, we do not consider these potential termination benefits as a

COMPENSATION DISCUSSION AND ANALYSIS

separate item in compensation decisions for our named executive officers. Our long-term incentive plans do not provide for additional benefits or tax gross-ups. For more information about potential post-employment benefits, see “Executive Compensation—Potential Payments upon Termination or a Change in Control.”

Executive Severance and Change in Control Policy

We maintain an executive severance and change in control policy which specifies the compensation and benefits payable in connection with certain termination events for our executives in both change in control and non-change in control events as further described in this Proxy Statement under “Executive Compensation—Potential Payment Upon a Change in Control or Non-Change in Control.” We believe that this policy provides an important benefit to us by helping alleviate any concern the executives might have during a potential change in control of our company and permitting them to focus their attention on our business. In addition, we believe that this policy is an important recruiting and retention tool, as many of the companies with which we compete for talent have similar arrangements in place for their senior management.

There are no excise tax gross-up provisions authorized by the policy. This policy renews for successive one-year terms each year, unless the Company provides notice to the eligible executives of either amendments to the policy or termination of the policy or has provided notice to an individual eligible executive that he or she is no longer eligible for the policy no later than October 1 of the term year. This annual term permits the Committee to regularly review the amount of benefits that would be provided to our executives in connection with certain termination events and to consider whether to continue providing those benefits.

Tax Deductibility of Executive Compensation

We generally attempt to provide compensation that is structured to maximize favorable tax benefits for us. Section 162(m) of the Internal Revenue Code generally limits the deductibility of certain compensation in excess of \$1 million paid in any one year to the Chief Executive Officer and the three other most highly compensated named executive officers (other than our Chief Financial Officer). Qualified performance-based compensation will not be subject to this deduction limit if certain requirements are met.

The Committee periodically reviews and considers the deductibility of executive compensation under Section 162(m) in designing and implementing our compensation programs and arrangements. As indicated above, our target cash incentive awards and our performance share award payouts are determined based upon the achievement of certain predetermined financial performance goals under a stockholder-approved plan, which is intended to permit us to deduct those amounts pursuant to Section 162(m).

While we will continue to monitor our compensation programs in light of Section 162(m), the Committee considers it important to retain the flexibility to design compensation programs that are in the best long-term interests of our company and our stockholders. As a result, the Committee may conclude that paying compensation at levels that are not deductible under Section 162(m) is nevertheless in the best interests of our company and our stockholders.

Human Resources and Compensation Committee Report

The Human Resources and Compensation Committee has reviewed and discussed with our management the Compensation Discussion and Analysis included in this Proxy Statement. Based upon this review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in

this Proxy Statement.

(1) Compensation is provided only for fiscal years for which each individual qualified as a named executive officer.

(2) These columns reflect the grant date fair value computed in accordance with stock-based compensation accounting rules (FASB ASC Topic 718). The awards shown in the "Stock awards" column in the above table include restricted stock units and performance share awards. Values for those performance share awards are computed based on the number of shares allocated to the probable outcome of the performance conditions as of the grant date of the award. Assuming the highest level of the performance conditions is achieved, the value of the fiscal 2016 performance shares awards in the "Stock Awards" column would be as follows: Mr. Moraco, \$3,075,011; Mr. Hartley, \$847,543; Ms. Keene, \$862,551; Mr. Wagoner, \$802,520; Ms. Admire, \$346,896 and Mr. Schultz, \$407,865. Because Mr. Schultz terminated employment with the company in September 2015, all those stock awards made to him in fiscal 2016 were forfeited.

The awards shown in the "Option awards" column are not subject to performance conditions. For more information regarding our application of FASB ASC Topic 718, including the assumptions used in the calculations of these amounts, please refer to Note 7 of Notes to Consolidated and Combined Financial Statements contained in our Annual Report on Form 10-K filed with the SEC on March 29, 2016. Because Mr. Schultz terminated employment with the company in September 2015, all those option awards made to him in fiscal 2016 were forfeited.

(3) Amounts shown in this column represent the actual amounts paid to the named executive officers under our cash incentive award program for performance in fiscal 2016. The threshold, target and maximum payouts are shown in the "Grants of Plan-Based Awards" table under the column headed "Estimated future payouts under non-equity incentive plan awards."

EXECUTIVE COMPENSATION

- (4) Amounts shown in this column for fiscal 2016 primarily represent matching contributions made by us in the SAIC Retirement Plan on behalf of our named executive officers as follows: Mr. Moraco, \$10,831; Mr. Hartley, \$10,898; Ms. Keene, \$10,677; Mr. Wagoner, \$10,927; Ms. Admire, \$10,694 and Mr. Schultz, \$9,262. Further, the amount shown for Mr. Schultz also includes (a) the payment of \$933,644, paid pursuant to the terms of a Severance Agreement and General Release entered into in July 2015 in connection with the termination of Mr. Schultz's employment with the company, (b) payments or reimbursements for relocation costs of \$231,427 and (c) payments or reimbursements for taxes on imputed income associated with those relocation benefits of \$13,113.
- (5) Mr. Schultz terminated employment with the company in September 2015; therefore, the amount shown in the "Salary" column reflects a partial year of service in fiscal 2016.

- (1) Amounts in these columns represent the threshold, target and maximum payout amounts of cash incentive awards with actual payouts based upon the achievement of pre-established levels of performance during fiscal 2016, as discussed in our CD&A. The actual amounts that were paid to our named executive officers with respect to fiscal 2016 are set forth in the table entitled “Summary Compensation Table” under the column headed “Non-equity incentive plan compensation.”
- (2) Amounts in this column represents performance share awards (PSA) which are subject to performance goals related to the three-year cumulative operating income and annual operating cash flow. Shares are issuable at the end of the three-year performance cycle provided that the predetermined goals have been satisfied, subject to the Compensation Committee’s discretion to decrease the number of shares that are ultimately issued at the end of the performance cycle. The grant date fair values of the performance share awards based on the number of shares allocated to the probable outcome of the performance condition as of the grant date of the award are provided the “Summary Compensation Table” in the column headed “Stock awards”.
- (3) Amounts in this column represent the number of shares of common stock underlying options issued in fiscal 2016. All options vest as to one-third of the underlying shares on the first, second and third year anniversaries of the date of grant.
- (4) Amounts in this column represent restricted stock units which vest as to 25% on the first, second, third and fourth year anniversaries of the date of grant.
- (5) The exercise price of stock options granted under our Amended and Restated 2013 Equity Incentive Plan is the “fair market value” of our common stock on the date of grant, which is defined as the closing sales price of our common stock on the NYSE on the trading day before the grant date.
- (6) Amounts represent the grant date fair value determined in accordance with FASB ASC Topic 718. These amounts do not reflect the value that may be actually realized by the recipient and do not reflect changes in our stock price after the date of grant.

(1) Mr. Schultz is not included in this table because he did not have any outstanding equity awards at fiscal year end.

(2) Information in these columns relates to options to purchase shares of common stock held by our named executive officers at the end of fiscal 2016. Options granted prior to April 2014 vest as to 20%, 20%, 20% and 40% of the underlying shares on the first, second, third and fourth year anniversaries of the date of grant, respectively. The options granted in October 2013 vest 100% on the third anniversary of the date of grant while the options granted in April 2014 and later vest as to one-third on the first, second and third year anniversaries of the date of grant.

EXECUTIVE COMPENSATION

- (3) Information in this column includes restricted stock units held by our named executive officers at the end of fiscal 2016, including restricted stock units held in our Key Executive Stock Deferral Plan and restricted stock units granted as dividend equivalents. Restricted stock units granted prior to April 2014 vest as to 20%, 20%, 20% and 40% of the underlying shares on the first, second, third and fourth year anniversaries of the date of grant, respectively, except for some of the restricted stock units granted in October and April 2013 which vest 100% on the third anniversary of the grant date. Restricted stock units granted in April 2014 and later vest as to 25% on each of the first, second, third year and fourth year anniversaries of the date of grant. Shares allocated to the one year performance goal related to fiscal 2015 and 2016 operating cash flow are also included in this column as those performance goals have been achieved as of the end of fiscal 2016. Shares will be issued at the end of the three-year performance cycle, provided that the named executive officer remains employed by the company at the end of the performance cycle, subject to the Compensation Committee's discretion to decrease the number of shares that are ultimately issued at the end of the performance cycle. Any restricted stock units previously deferred by our named executive officers are also reflected in the table under the caption "Nonqualified Deferred Compensation" below.
- (4) Based on \$42.62 per share, the closing sales price of our common stock on the NYSE on January 29, 2016.
- (5) Amounts in this column are performance share awards (PSA) which are subject to performance goals related to cumulative operating income and annual operating cash flow. Shares are issuable at the end of the three-year performance cycle provided that the predetermined goals have been satisfied. Shares reflected in this column represent all shares allocated to the three-year performance period related to the operating income metric and shares allocated to the second and third one-year performance period related to the cash flow metric, both at the maximum payout level.

⁽¹⁾ Value realized on exercise or vesting disclosed above is based on the closing price of our common stock on the exercise or vest date. The actual value realized by the named executive officer was determined using the closing price on the trading date immediately preceding the exercise or vest date in accordance with the fair market value definition in the Amended and Restated 2013 Equity Incentive Plan.

⁽²⁾ For grants made in April 2014 and after, the restricted stock unit awards (including the associated dividend equivalents) vested as to 25% of the underlying shares on each of the first, second, third and fourth year anniversaries of the date of grant. For grants made prior to April 2014, the restricted stock unit awards (including the associated dividend equivalents) vested as to 20%, 20%, 20% and 40% of the underlying shares on the first, second, third and fourth year anniversaries of the date of grant, respectively. Any restricted stock units awards previously deferred by our named executive officers are reflected in the table under the caption "Nonqualified Deferred Compensation" below.

Nonqualified Deferred Compensation

We provided benefits to our named executive officers during fiscal 2016 under the following nonqualified deferred compensation plans, which are summarized below:

The SAIC Keystaff Deferral Plan was closed on December 31, 2014 and no further deferrals are allowed except for deferrals made pursuant to elections made prior to this date. On August 1, 2015 the Keystaff Deferral Plan was merged into the SAIC Deferred Compensation Plan. We made no contributions to participants' accounts under the Keystaff Deferral Plan, although participant deferrals, which are reflected in dollars, earned interest prior to the merger into the SAIC Deferred Compensation Plan on August 1, 2015.

The SAIC Key Executive Stock Deferral Plan was closed on December 31, 2014 and no further deferrals are allowed except for deferrals made pursuant to elections made prior to this date. Participant balances generally correspond to

stock units of our common stock which may be held by a rabbi trust to fund benefits for participants. We make no contributions to participants' accounts under the Key Executive Stock Deferral Plan. Distributions under the Key Executive Stock Deferral Plan are then made to participants in shares of common stock corresponding to the number of vested stock units held for the participant. Vested deferred balances under this plan will generally be paid upon retirement or separation from service.

The SAIC 401(k) Excess Deferral Plan (Excess Plan) was closed on December 31, 2014 and no further deferrals are allowed. The investment options in the Excess Plan are similar to those in the SAIC Retirement Plan but do not include the SAIC Stock Funds. Vested deferred balances under this plan will generally be paid following retirement or separation from service.

The SAIC Deferred Compensation Plan became effective January 1, 2015 and is a pre-tax savings plan that allows eligible participants to defer a portion of their eligible cash compensation. The investment options in the Deferred Compensation Plan are similar to those in the SAIC Retirement Plan including a SAIC Stock Fund. Deferrals into the Deferred Compensation Plan are not included as eligible compensation for the calculation of company match in the SAIC Retirement Plan. If there is a loss of company match in the SAIC Retirement Plan because of a deferral into the Deferred Compensation Plan, the company may, at its sole discretion, make up the difference in company matching contribution to the Deferred Compensation Plan. Distributions from the SAIC Stock Fund were made to participants in shares of common stock corresponding to the number of stock units held for the participant. Distributions from all other investment options

EXECUTIVE COMPENSATION

are made to participants in cash. Participants may elect to have deferred balances paid on a specific date while they are still employed or upon retirement or separation of service. Effective January 31, 2016, the SAIC Stock Fund was discontinued as an investment option in the Deferred Compensation Plan.

The SAIC Management Stock Compensation Plan is a long-term incentive plan that prior to September 27, 2013 awarded tax-deferred bonuses in the form of restricted share units. Shares may be deposited to a rabbi trust to fund benefits for participants. Distributions under the Management Stock Compensation Plan are then made to participants in shares of common stock corresponding to the number of vested stock units held for the participant. Vested deferred balances under this plan will generally be paid upon retirement or separation from service. The Management Stock Compensation Plan was closed on September 27, 2013 and no further deferrals are allowed.

Potential Payments upon Termination or a Change in Control

We have an Executive Severance and Change in Control Policy (“Severance Policy”) applicable to certain designated eligible officers (which includes all of our active named executive officers) which became effective as of August 1, 2015. Under the Severance Policy, if an active named executive officer is involuntarily terminated without cause or resigns for good reason within 180 days preceding or 12 months following a change in control, he or she will be entitled to receive a cash payment equal to two times (or three times in the case of our chief executive officer) the sum of the executive officer’s then current annual salary rate and the target short term incentive annual bonus for the fiscal year in which the termination occurs. If the executive officer’s annual salary rate was higher during the 180-day period prior to the change in control, that higher rate will be used to determine the amount that the executive officer is entitled. The executive officer is also entitled to receive a cash payment in an amount equal to two years (or three years in the case of our chief

EXECUTIVE COMPENSATION

executive officer) of the monthly COBRA premium for continued group medical coverage for the executive officer and his or her eligible dependents and outplacement services for a period of 12 months and up to a maximum of \$25,000.

Further, under the terms of our stock incentive and deferred compensation plans, all unvested stock, options and deferred compensation awards held by all participants under those plans, including our named executive officers, are subject to accelerated vesting upon the occurrence of a change in control under certain circumstances. Outstanding stock options, stock awards and stock units issued to the named executive officers under our Key Executive Stock Deferral Plan, generally become fully vested upon the occurrence of a consummation of a change in control. Our Amended and Restated 2013 Equity Incentive Plan generally provides that vesting will accelerate if the holder is involuntarily terminated or terminates his employment for good reason within 18 months following a change in control. For performance share awards issued under our Amended and Restated 2013 Equity Incentive Plan, shares would be paid out as follows: (a) on an immediate pro rata basis based on the percentage of the performance period completed at the time of the change in control at the target number of shares and (b) on an immediate basis based on company performance if the entire performance period has been completed as of the date of the change in control.

The following table sets forth our estimates regarding the potential value of any cash payments and benefits and accelerated vesting of equity awards to be received by the named executive officers under the foregoing agreements and plans, assuming that a change in control occurred and all executives are terminated on the last business day of fiscal 2016:

Potential Payments upon an Involuntary Termination

Under the terms of the Severance Policy, if an active named executive officer is involuntarily terminated without cause or resigns for good reason, he or she will be entitled to receive a cash payment equal to 15 months (or 24 months in the case of our chief executive officer) times the sum of the executive officer's then current monthly salary rate and the monthly amount of the average of the most recent three actual annual cash bonuses (or the average of all of the actual annual cash bonuses paid if the executive officer has not been employed by us for at least three annual bonus cycles). The executive officer is also entitled to receive a cash payment in an amount equal to 15 months (or 24 months in the case of our chief executive officer) of the monthly COBRA premium for continued group medical coverage for the executive officer and his or her eligible dependents and outplacement services for a period of 12 months and up to a maximum of \$25,000.

The following table sets forth our estimates regarding the potential value of any cash payments and benefits to be received by the named executive officers under the foregoing agreements and plans, assuming that a change in control has not occurred and all executives are terminated on the last business day of fiscal 2016:

For Ms. Admire and Ms. Keene who were hired during fiscal 2015 and 2013, respectively, the amounts reflect the use of annualized bonuses for their years of hire.

(3) Amounts in this column represent a lump sum cash payment of COBRA benefits for 24 months for Mr. Moraco and 15 months for all other named executive officers.

Treatment of Equity Awards upon Termination

With respect to outstanding equity awards, our executive officers are generally treated in the same way as all other employee award recipients if their employment is terminated due to death, disability, retirement or voluntary departure.

In the case of death or disability, restricted stock awards, restricted stock units and options will vest immediately and options would remain exercisable for a period of time, depending on the nature of the event and the plan under which the awards were issued. Under our performance share award program, shares earned would be paid out on a pro rata basis promptly upon death or at the end of the three-year performance period in case of disability.

Under our Retiree Vesting program, employees who retire, including our named executive officers, may continue holding and vesting in their stock options if they have held those options for at least 12 months prior to retirement and they retire (i) after age 59 1/2 with at least ten years of service or (ii) after age 59 1/2 when age at termination plus years of service equals at least 70. Our executive officers who retire after reaching the applicable mandatory retirement age, however, will be allowed to continue to vest in those options without regard to the 12 month holding requirement. When an individual becomes eligible for continued vesting under this program, all unvested shares of restricted stock becomes fully vested as

EXECUTIVE COMPENSATION

of that eligibility date. Retirees meeting these qualifications who hold performance share awards will receive a pro rata number of shares after the end of the applicable three-year performance period, based on actual company performance over the full period. We have the right to terminate continued vesting if a retiree violates confidentiality, non-solicitation or similar obligations to us.

In any other case, if the employment of an equity award recipient, including a named executive officer, is terminated for any reason, all unvested restricted stock units, options and performance share awards are forfeited. Vested options remain exercisable for 90 days or until the option expiration date, if earlier.

PROPOSAL 3—RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee believes that the appointment of Deloitte & Touche LLP (Deloitte) is in the best interests of the company and its stockholders, and proposes and recommends that the stockholders ratify the Audit Committee's appointment of Deloitte as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending February 3, 2017. Deloitte has served as our independent registered public accounting firm since we completed our spin-off transaction from our former parent in September 2013. During the fiscal year ended January 29, 2016, Deloitte served as our independent registered public accounting firm and also provided certain tax, consulting and advisory services as set forth under the caption "Audit Matters" below. Representatives of Deloitte will be at the annual meeting to respond to appropriate questions and will have the opportunity to make a statement if they desire to do so.

Stockholders are not required to ratify the appointment of Deloitte as our independent registered public accounting firm. However, we are submitting the appointment for ratification as a matter of good corporate practice. If stockholders fail to ratify the appointment, the Audit Committee will consider whether or not to retain Deloitte. Even if the appointment is ratified, the Audit Committee may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that a change in accounting firms would be in our stockholders' best interests.

Vote Required

The affirmative vote of the holders of a majority of the voting power of common stock present or represented and entitled to vote at the annual meeting is required to approve the proposal. Abstentions have the effect of a vote against the proposal, and broker "non-votes" have no effect on the outcome of the proposal. Shares of common stock represented by properly executed, timely received and unrevoked proxies will be voted in accordance with the instructions indicated thereon. In the absence of specific instructions, properly executed, timely received and unrevoked proxies will be voted "FOR" the proposal.

Recommendation of the Board

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 3, 2017.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 and the rules of the SEC require our directors and executive officers to file reports of their ownership and changes in ownership of common stock with the SEC. Our personnel generally prepare and file these reports on the basis of information obtained from each director and officer and pursuant to a power of attorney. Due to an administrative error, a Form 4 for each of our executive officer (Messrs. Hartley, Moraco, Schultz and Wagoner and Mses. Admire and Keene) relating to their April 2015 equity grants was filed late. Based on the information provided to us, we believe that all other reports required by Section 16(a) of the Securities Exchange Act of 1934 to be filed by our directors and executive officers during fiscal 2016 were filed on time.

Stockholder Proposals and Director Nominations for the 2017 Annual Meeting

Stockholders who, in accordance with SEC Rule 14a-8, wish to present proposals for inclusion in the proxy materials to be distributed in connection with next year's annual meeting must submit their proposals so they are received by our Corporate Secretary no later than the close of business (5:00 p.m. Eastern time) on December 30, 2016. As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included.

In order to be properly brought before the 2017 Annual Meeting, a stockholder who desires to provide notice of nomination of one or more director candidates to be included in the company's proxy statement and ballot pursuant to Section 3.17 of our bylaws (a "proxy access nomination") must be received by our Corporate Secretary no earlier than November 30, 2016 and no later than the close of business on December 30, 2016 (not later than the close of business on the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date the definitive proxy statement was first released to stockholders in connection with the preceding year's annual meeting of stockholders). If the date of the 2017 Annual Meeting is more than 30 days before or more than 70 days after that anniversary date, notice of the proxy access nomination by the stockholder to be timely must be so received not earlier than the close of business on the 120th day and not later than the close of business on the later of the 90th day prior to the 2017 Annual Meeting or the close of business on the 10th day following the day on which the notice of proxy access nomination is mailed or public announcement of the date of the 2017 Annual Meeting is first made by the Company, whichever first occurs.

In addition, in order for a stockholder to propose any matter for consideration at the 2017 Annual Meeting other than by inclusion in the proxy statement, the stockholder must give timely notice to our Corporate Secretary of his or her intention to bring such business before the meeting. To be timely, notice must be delivered to the Corporate Secretary not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. Therefore, in connection with the 2017 Annual Meeting, notice must be delivered to the Corporate Secretary between February 8, 2017 and March 10, 2017. In the event, however, that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by us, whichever occurs later.

Any stockholder's notice must include additional information about the stockholder and the underlying beneficial owner, if any, required under our bylaws, as amended from time to time, and SEC rules and regulations, including the information that would be required to be disclosed in a proxy statement soliciting proxies for the election of any proposed nomination of one or more director candidates. A stockholder's notice must be updated, if necessary, so that the information submitted is true and correct as of the record date for determining stockholders entitled to receive notice of the meeting.

Science Applications International Corporation

April 29, 2016

The table below sets forth the calculation of SAIC's adjusted operating income, earnings before interest, taxes, depreciation and amortization (EBITDA) and adjusted EBITDA, all of which are non-GAAP financial measures that are reconciled below in this Appendix to the most directly comparable GAAP financial measures. These non-GAAP financial measures provide stockholders and prospective investors with greater visibility into revenue and operating income, but they are not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with SAIC's consolidated and combined financial statements prepared in accordance with GAAP. The methods used to calculate these non-GAAP financial measures may differ from the methods used by other companies and so similarly titled non-GAAP financial measures presented by other companies may not be comparable to those provided in this Appendix.
