Executive Bonuses

On December 5, 2018, the Compensation Committee of the Board of Directors (the “Committee”) of Diodes Incorporated (the “Company”) approved the distribution of a cash bonus to the executive officers of the Company for their services rendered in fiscal 2018.

For 2018, the cash bonus for each executive is based on a multiple of that executive’s salary and consists of two components: a Company-wide performance component which accounts for 80% of the bonus; and an individual performance component which accounts for 20% of the bonus. The Company-wide performance component is based on achievement of a revenue target and a non-GAAP earnings per share target, which are weighted 80% and 20%, respectively. The individual performance component is based on achievement of individual objectives. The Company-wide performance targets and the individual performance objectives were selected from a list of performance incentive objectives contained in the 2013 Equity Incentive Plan approved by the Company’s stockholders.

If the Company achieves 100% of the Company-wide performance targets and the executive achieves 100% of his or her individual performance objectives, the executive will be entitled to receive 100% of his or her target bonus. Achievement of 80% of both the Company-wide performance targets and the individual objectives (“threshold”) would result in a bonus equal to 50% of the target bonus, and achievement of 120% of the Company-wide performance targets and 100% of the individual objectives (“maximum”) would result in a bonus of 200% of the target bonus. Achievement of less than 80% of both the Company-wide performance targets and the individual objectives would result in the payment of no bonus, and achievement of more than 120% would not result in the payment of a bonus of more than 200% of the target bonus. Performance between the threshold and target, and between the target and maximum, would result in a prorated bonus.

The Committee estimated the bonus to which each executive officer will be entitled for fiscal 2018, based on the Committee’s current estimate of the performance of the Company for fiscal 2018 and the Committee’s assessment of each executive’s achievement of his or her individual objectives. The Committee approved the payment of 80% of the awards in December 2018, with the remaining 20% payable upon confirmation of the performance of the Company in fiscal 2018. The Committee approved the payment of cash bonuses to the following named executive officers of the Company:

| Name | Position | Amount Awarded | Amount Paid ¹ |
|------------------|--|-------------------|-----------------------------|
| Keh-Shew Lu | President and Chief Executive Officer | \$1,660,022 | \$1,328,018 |
| Richard D. White | Chief Financial Officer and Secretary | 564,400 | 451,520 |
| Francis Tang | Vice President, World Wide Discrete Products | 498,473 | 398,779 |
| Julie Holland | Vice President, Corporate Administration | 448,275 | 358,620 |

¹The column “Amount Paid” lists actual amounts authorized by the Committee for payment on or before December 31, 2018, which equals 80% of the awarded amounts listed in the column “Amount Awarded” in the table above.

Once the final performance of the Company is confirmed, the remaining unpaid amount is expected to be paid in the first quarter of fiscal 2019. The confirmation of the Company's performance will be based on the actual performance of the Company as reported on its audited financial statements for fiscal 2018, all subject to further adjustment(s) in the discretion of the Committee.
