PROXY STATEMENT

GENERAL INFORMATION

Information About Proxy Solicitation

This proxy statement is being furnished to holders of shares as of the record date of the common stock, \$0.01 par value per share, of Aceto Corporation, a New York corporation (the "Company"), in connection with the Company's annual meeting to be held on Thursday, December 1, 2016 at 10:00 a.m., Eastern Standard Time, at the Company's offices, 4 Tri Harbor Court, Port Washington, New York. As used in this proxy statement, "Aceto," "we," "us," and "our" refer to the Company. We made this proxy statement available to you because our Board is soliciting your proxy to vote your shares at the annual meeting and at any adjournment. This proxy statement summarizes information that we are required to provide to you under the rules of the United States Securities and Exchange Commission (the "SEC") and the NASDAQ Global Select Market, which information is designed to assist you in voting your shares. The purposes of the meeting and the matters to be acted on are stated in the accompanying notice of annual meeting of shareholders. At present, the Board knows of no other business that will come before the meeting.

This solicitation is made by the Company. We will bear the cost of soliciting proxies, including preparation, assembly, printing and mailing of the Proxy Statement. Proxies are being solicited by and on behalf of the Board. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telegram, facsimile and advertisement in periodicals and postings, in each case by our directors, officers and employees without additional compensation. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward solicitation materials to beneficial owners and will be reimbursed for their reasonable expenses incurred in so doing. We may request by telephone, facsimile, mail, electronic mail or other means of communication the return of the proxy cards.

Information About Voting

Q: *Why am I receiving these materials?*

A: The Board has made these proxy materials available to you on the Internet or, upon your request, has delivered printed proxy materials to you, in connection with the Company's annual meeting of shareholders, which will take place on December 1, 2016. As a shareholder, you are invited to attend the annual meeting and to vote on the items of business described in this proxy statement.

Q: *What information is contained in these materials?*

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and the most highly paid executive officers, and certain other required information. A copy of our Annual Report on Form 10-K for the fiscal year ended June 30, 2016 (the "Form 10-K") is also included as part of the proxy materials.

Q: *Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?*

A: In accordance with the "notice and access" rules adopted by the Securities and Exchange Commission (the "SEC"), we may furnish proxy materials, including this proxy statement and our Form 10-K to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may access and submit your proxy. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q: *How do I get electronic access to the proxy materials?*

A: The Notice will provide you with instructions regarding how to access the Notice of Annual Meeting, this Proxy Statement, your proxy and Form 10-K. The proxy materials will be available on the Internet starting on October 18, 2016, as described in the Notice. You will not receive a printed copy of these proxy materials unless you request them in accordance with the instructions provided in the Notice.

Q: *What items of business will be voted on at the annual meeting?*

A: The following matters will be voted on at the annual meeting:

- to elect eight directors to the Board to hold office for the following year and until their successors are elected;
- to amend the Company's Certificate of Incorporation to reduce the shareholder vote required to approve certain transactions;
- to hold an advisory vote on executive compensation;
- to ratify the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for our fiscal year ending June 30, 2017; and
- to transact any other business that may properly come before the meeting or any adjournment thereof.

Q: *How does the Company's board of directors recommend that I vote?*

A: The Board recommends that you vote:

· FOR each of the nominees to the Board;

· FOR the approval of an amendment to the Company's Certificate of Incorporation to reduce the shareholder vote required to approve certain transactions;

· FOR approval, on a non-binding basis, of the Company's compensation of our named executive officers as described in the Compensation Discussion and Analysis section and the accompanying compensation tables and narrative

disclosures contained in this proxy statement; and

- FOR the ratification of the appointment of the Company's independent registered public accounting firm.

Q: *What shares can I vote?*

You may vote all shares owned by you as of the close of business on October 4, 2016, the record date. These shares
A: include: (1) shares held directly in your name as a shareholder of record; and (2) shares held for you, as the beneficial owner, through a broker or other nominee, such as a bank.

Q: *Can I vote my shares by filling out and returning the Notice?*

No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking the
A: Notice and returning it. The Notice provides instructions on how to vote by (i) Internet, (ii) requesting and returning a paper proxy card or voting instruction card, or (iii) submitting a ballot in person at the meeting.

Q: *What is the difference between holding shares as a shareholder of record and as a beneficial owner?*

Most shareholders of the Company hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, you are considered, with respect to those shares, the shareholder of record and the Notice is being sent directly to you by the Company. As the shareholder of record, you have the right to grant your proxy directly to the Board or to vote in person at the meeting.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of those shares, which are said to be held in "street name," and the Notice is being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the annual meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker or nominee that holds your shares, giving you the right to vote the shares. If you do not provide voting instructions to your broker or nominee, your votes will be treated as a "broker non-vote."

Q: *What is a "broker non-vote"?*

Broker non-votes occur when nominees, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial holders at least ten days before the meeting. If that happens, the nominees may vote those shares only on matters deemed "routine" by the New York Stock Exchange, such as the ratification of our independent accounting firm. Nominees cannot vote on non-routine matters unless they receive voting instructions from beneficial holders, resulting in so-called "broker non-votes."

Q: *How can I attend the annual meeting?*

You are entitled to attend the annual meeting only if you were a shareholder of the Company or joint holder as of the close of business on October 4, 2016, or you hold a valid proxy for the annual meeting. You should be prepared to present photo identification for admittance. If you are not a record holder but hold shares through a broker or nominee (that is, in "street name"), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to the record date, a copy of the voting instruction card provided by your broker or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting. The annual meeting will begin promptly at 10:00 a.m. Eastern Standard Time. Check-in will begin at 9:00 a.m., and you should allow ample time for the check-in procedures.

Q: How can I vote my shares in person at the annual meeting?

You may vote in person at the annual meeting any shares that you hold as the shareholder of record. You may only **A:** vote in person shares held in street name if you obtain from the broker or nominee that holds your shares a “legal proxy” giving you the right to vote the shares.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold shares directly as the shareholder of record or beneficially in street name, you may without attending the meeting direct how your shares are to be voted. If you are a shareholder of record, you may vote by granting a proxy. If you hold shares in street name, you may vote by submitting voting instructions to your broker or nominee.

Q: *Can I change my vote?*

A: You may change your vote at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by revoking your proxy or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically revoke your proxy or vote at the annual meeting. For shares you hold beneficially, you may change your vote by submitting new voting instructions to your broker or nominee or, if you have obtained a “legal proxy” from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person. If you decide to revoke your proxy, you should send a written notice of revocation to Mr. Steven Rogers, Senior Vice President, Chief Legal Officer and Secretary, Aceto Corporation, 4 Tri Harbor Court, Port Washington, New York 11050.

Q: *Who can help answer my questions?*

A: If you have any questions about the annual meeting or how to vote or revoke your proxy, you should contact Mr. Steven Rogers, Senior Vice President, Chief Legal Officer and Secretary by mail to Aceto Corporation, 4 Tri Harbor Court, Port Washington, New York 11050 or by phone at 516-627-6000. Also, if you need additional copies of this proxy statement or voting materials, you should contact Mr. Rogers.

Q: *How are votes counted?*

A: In the election of directors, you may vote FOR all of the eight nominees or you may direct your vote to be WITHHELD with respect to one or more of the eight nominees. In the approval of the amendment to the Company’s Certificate of Incorporation, you may vote FOR approval of the amendment, AGAINST approval of the amendment or you may ABSTAIN from voting with respect to approval of the amendment. In the advisory vote on executive compensation, you may vote FOR, AGAINST, or you may ABSTAIN from voting with respect to the approval of the compensation of the named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement. In the ratification of the Company’s independent registered public accounting firm, you may vote FOR ratification, AGAINST ratification or you may ABSTAIN from voting with respect to ratification. If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction card or vote over the Internet with no further

instructions, your shares will be voted in accordance with the recommendations of the Board FOR all of the Company's nominees, FOR approval of the amendment to the Company's Certificate of Incorporation, FOR approval of the compensation of the named executive officers as described above, FOR ratification of the Company's independent registered public accounting firm and, in the discretion of the proxy holders, on any other matters that properly come before the meeting. If any other matters properly arise at the meeting, your proxy, together with the other proxies received, will be voted at the discretion of the proxy holders.

Q: *What is a quorum and why is it necessary?*

A: Conducting business at the meeting requires a quorum. The presence, either in person or by proxy, of the holders of one-third of the Company's shares of common stock outstanding on October 4, 2016 is necessary to constitute a quorum. For the purposes of determining a quorum, shares held by brokers or nominees from whom we receive a signed or electronically transmitted proxy will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter, or if instructions were never received from the beneficial owner. These shares are called "broker non-votes." Abstentions will be counted as present for quorum purposes.

Q: *What is the voting requirement to approve each of the proposals?*

In the election of directors, the eight persons receiving the highest number of FOR votes at the annual meeting will be elected, subject to the operation of our Director Resignation Policy. For purposes of determining whether a nominee is elected, votes withheld and broker non-votes do not have the effect of a vote for or against the election of any nominee. You do not have the right to cumulate your votes. Under our Director Resignation Policy, in an uncontested election, if a nominee receives the affirmative vote of less than a majority of the votes cast (thereby excluding broker non-votes), the nominee must tender his or her resignation to the Board. Thus, the practical effect of a vote withheld is that such vote may result in requiring the nominee to submit his or her resignation if the aggregate number of votes withheld exceed the aggregate number of votes cast for the nominee in an uncontested election. For the vote on the amendment to the Company's Certificate of Incorporation, the affirmative FOR vote of holders of two-thirds of the outstanding shares of common stock is required for approval. For the advisory vote on executive compensation, for the ratification of the appointment of the Company's independent registered public accounting firm for our fiscal year ending June 30, 2017 and for any other matters that might properly arise at the meeting, the affirmative FOR vote of holders of a majority of the total votes cast on the proposal is required for approval. Accordingly, abstentions will have no effect on the advisory vote on executive compensation, or on the ratification of the appointment of the Company's independent registered public accounting firm, but will have the same effect as a vote AGAINST with respect to the amendment to the Company's Certificate of Incorporation. Broker non-votes will also have the same effect as a vote AGAINST with respect to the amendment to the Company's Certificate of Incorporation. A list of shareholders entitled to vote at the annual meeting will be available at the annual meeting for examination by any shareholder.

Q: *What should I do if I receive more than one Notice?*

You may receive more than one Notice if you are a shareholder of record and hold shares in a brokerage account, if you hold your shares in more than one brokerage account, or if you are a shareholder of record and your shares are registered in more than one name. Please complete and return a proxy card or voting instruction card for each Notice that you receive.

Q: *Where can I find the voting results of the annual meeting?*

Voting results will be announced at the annual meeting and are expected to be posted shortly after the meeting on our website at www.aceto.com. Voting results will also be reported in a Current Report on Form 8-K, which is expected to be filed with the SEC within four business days after the meeting.

Q: *What are the dissenters' rights of appraisal?*

Pursuant to the applicable provisions of the Business Corporation Law of the State of New York, there are no dissenters' rights of appraisal provided to the Company's shareholders in connection with the proposals described in this proxy statement.

Q: *What happens if additional matters are presented at the annual meeting?*

Other than the four items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. However, if you grant a proxy, the persons named as proxy holders, Salvatore Guccione, the Company's President and Chief Executive Officer and Douglas Roth, the Company's Chief Financial Officer and Assistant Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for any one or more other candidates nominated by the Board.

Q: *What shares are entitled to be voted?*

A: Each share of the Company's common stock issued and outstanding as of the close of business on October 4, 2016, the record date, is entitled to be voted on all items being voted on at the annual meeting, with each share being entitled to one vote. On the record date, 30,048,833 shares of the Company's common stock were issued and outstanding.

Q: *Who will count the votes?*

A: One or more inspectors of election will tabulate the votes.

Q: *Is my vote confidential?*

A: Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed, either within the Company or to anyone else, except: (1) as necessary to meet applicable legal requirements; (2) to allow for the tabulation of votes and certification of the vote; or (3) to facilitate a successful proxy solicitation.

Q: *Who will bear the cost of soliciting votes for the annual meeting?*

A: The Company is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. Certain of our directors, officers and employees, without any additional compensation, may also solicit your vote in person, by telephone or by electronic communication. On request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

Q: *May I propose actions for consideration at next year's annual meeting of shareholders?*

A: You may submit proposals for consideration at future shareholder meetings. However, in order for a shareholder proposal to be considered for inclusion in the Company's proxy statement for the annual meeting next year, the written proposal must be received by the Secretary of the Company no later than June 19, 2017. Such proposals also will need to comply with SEC regulations under Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

No director or executive officer of the Company is related to any other director or executive officer. None of the Company's officers or directors holds any directorships in any other public company, except for Mr. Levin, who is a member of the board of directors of Diffusion Pharmaceuticals, Inc. A majority of our board members are independent based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market.

Set forth below is the principal occupation and employment of the nominees, the business experience of each for at least the past five years and certain other information relating to the nominees.

Albert L. Eilender. Mr. Eilender has been the Chairman of the Board since October 2009. He joined the Board in 2000, was the lead independent director from 2005 to September 2009 and served as Chief Executive Officer of the Company from September 2010 to January 2013. He is the sole owner of Waterways Advisory Services, a firm specializing in advising companies on developing and evaluating options relative to mergers, acquisitions and strategic partnerships in the chemical industry. Mr. Eilender has not been active in the operations of this enterprise since October 2009. He has more than 35 years of diverse senior level experience in the specialty chemicals and pharmaceutical industry and has had direct financial responsibility, with significant experience in mergers, acquisitions and joint ventures, both domestically and internationally. He has also served on the boards of numerous industry trade associations during his career. We believe that Mr. Eilender's past 25 years of industry experience in executive management for operations within all three segments of Aceto's business, as well as operations in North America, Europe and Asia, coupled with his experience in the areas of business consultation and mergers and acquisitions, and his service on the Board since 2000, give him the qualifications and skills to serve as one of our directors. In addition, as a director of Aceto he has demonstrated leadership within the Board and the ability to work effectively with management to create unity of effort.

Salvatore Guccione. Mr. Guccione is the Chief Executive Officer and President of Aceto. Mr. Guccione joined Aceto's Board in May 2011 and in December 2011 was appointed President and Chief Operating Officer of the Company. In January 2013 he was also appointed Chief Executive Officer. In August 2016, he ceased to serve as the Chief Operating Officer of the Company. Mr. Guccione was formerly an Operating Partner at Arsenal Capital Partners, a private equity investment firm based in New York. Prior to that, Mr. Guccione was the Chief Executive Officer and the Chief Financial Officer of WIL Research Laboratories from 2006 to 2009 and the Chief Financial Officer of International Specialty Products from 2004 to 2005. In addition, Mr. Guccione held various positions at Cambrex Corporation from 1995 to 2004, including Executive Vice President, Strategy and Chief Financial Officer. From 1987 to 1995, Mr. Guccione held various positions at International Specialty Products, including Vice President and General Manager, Personal Care and Director, Corporate Development. Mr. Guccione holds a Bachelor degree in Chemical Engineering from Lehigh University and an MBA in Finance from New York University's Stern School of Business. Mr. Guccione previously served on the board of directors of ReSearch Pharmaceutical Services, Inc., a privately held company, from November 2011 to September 2013. In addition, Mr. Guccione previously served on the boards of Royal Adhesives & Sealants Holdings and DG3 Holdings from 2010 to October 2011. We believe that Mr. Guccione's twenty-seven years of investing and operating experience in the specialty chemicals and healthcare industries as well as his experience in planning, building and managing several specialty chemical and pharmaceutical/FDA-regulated businesses, active pharmaceutical ingredients, pharmaceutical research services and biotechnology products/services, gives him the qualifications and skills to serve as one of our directors.

Hans C. Noetzli. Mr. Noetzli is the former Chairman of Schweizerhall, Inc., a wholly owned subsidiary of Schweizerhall Holding AG, Basel, Switzerland. Mr. Noetzli holds a degree in Business Administration. He has more than 30 years of experience in the fine chemicals industry. Prior to his role as Chairman of Schweizerhall, Inc., he served in many executive functions of the Alusuisse-Lonza Group, among them as Chief Executive Officer of Lonza Inc. for 16 years and he was a member of the executive committee of the worldwide Alusuisse-Lonza Group located in Zurich, Switzerland. Mr. Noetzli also served on the Board of the Chemical Manufacturing Association, the Swiss-American Chamber of Commerce, New York, as well as other industry associations. Until April 2015, he was the Chairman of the Audit Committee of the Board of IRIX Pharmaceuticals, Inc., a privately owned developer and manufacturer of active pharmaceutical ingredients. In addition, Mr. Noetzli was a member of the Board of Synthetech,

Inc., a fine chemicals company specializing in organic synthesis, biocatalysis and chiral technologies, from 2004 through 2010. We believe that Mr. Noetzli's extensive experience in the fine chemicals industry, and executive-level experience, as well as the valuable business knowledge he brings regarding the issues facing a board of directors and his service on the Board of the Company since 2002, give him the qualifications and skills to serve as one of our directors. In addition, his broad international experience, coupled with his fluency in 3 languages, adds to the diversity of the Board.

William N. Britton. Mr. Britton is the sole owner of TD AIM, LLC, through which he is involved in a variety of activities surrounding financial consulting and private equity investing. Mr. Britton is also a Vice Chairman of P and E Capital, Inc., a management company involved in real estate. Previously, Mr. Britton was a Senior Vice President with JP Morgan Chase. He has over 30 years of commercial lending experience ranging from large syndicated financings with Fortune 500 companies to privately owned businesses, with significant experience in private equity related transactions, asset based lending arrangements, leasing and many other forms of secured lending. Mr. Britton is a former member of the Northeast Advisory Council of Opera Solutions, a private firm engaged in consulting. Mr. Britton is a former Vice President-Finance for the Boy Scouts of America (Manhattan Council) and is on the board of the Rutgers Business School. We believe that Mr. Britton's finance and business consultation and executive-level management experience, as well as his service on the Board of the Company since 2006, give him the qualifications and skills to serve as one of our directors.

Natasha Giordano. Ms. Giordano has been the President and Chief Executive Officer as well as a Director of PLx Pharma Inc. since January 2016. PLx Pharma is a late-stage specialty pharmaceutical company focused on developing a clinically validated and patent protected delivery system to provide safer and more effective aspirin products. Previously, Ms. Giordano served as the Chief Executive Officer of ClearPoint Learning, Inc., from May 2015 through November 2015 and a director of ClearPoint from December 2009 through November 2015. INFORMATION ABOUT THE COMPANY'S COMMITTEES

Board Leadership Structure and Role in Risk Oversight

Since January 2013, Salvatore Guccione has served as our Chief Executive Officer and President and from January 2013 through August 2016, he also served as our Chief Operating Officer. As Chief Executive Officer, Mr. Guccione assumes leadership for all aspects of Aceto Corporation's operations. He concentrates on strategic issues, long range planning, acquisition activity and day-to-day operations. Albert L. Eilender, the Chairman of the Board, concentrates on strategic issues while continuing to coordinate the Board's agenda and investor relations. This structure is designed to sharpen the focus on all aspects of the Company's business. Alan G. Levin is currently our lead independent director. In that role, Mr. Levin serves as a liaison between the Chairman of the Board and the independent directors of the Board.

The Board has an active role, directly and through the Board's committee structure, in the oversight of the Company's risk management efforts. The Audit & Risk Committee assists the Board in performing its oversight responsibilities relating to the Company's processes and policies with respect to identifying, monitoring, assessing, reporting on, managing and controlling the Company's business and financial risk. The committee oversees, reviews, monitors and assesses (including through regular reports by, and discussions with, management), the Company's processes and policies for risk identification, risk assessment, reporting on risk, risk management and risk control (including with respect to risks arising from the Company's compensation policies and practices and in connection with the business and operations of its subsidiaries), and the steps that management has taken to identify, assess, monitor, report on, manage and control risks. The committee also discusses with management the balancing of risk versus reward for the Company and areas of specific risk identified by management and/or the committee.

Audit & Risk Committee

The Audit & Risk Committee is currently comprised of William N. Britton (Chairman), Alan G. Levin and Dr. Daniel B. Yarosh. The Audit & Risk Committee recommends to the Board the approval of the Company's independent registered public accounting firm and reviews management actions in matters relating to audit functions. The committee reviews with the Company's independent registered public accounting firm the scope and results of its audit engagement and the Company's system of internal controls and procedures. The committee also reviews the effectiveness of procedures intended to prevent violations of laws. The committee also reviews, prior to publication, our quarterly earnings releases and reports to the SEC on Form 10-K and Form 10-Q. The report of the Audit & Risk Committee for fiscal year 2016 can be found below.

The Audit & Risk Committee has adopted a written policy for the pre-approval of audit, audit-related and non-audit services to be provided by the Company's independent registered public accounting firm. In general, the Company's independent registered public accounting firm cannot be engaged to provide any audit or non-audit services unless the engagement is pre-approved by the Audit & Risk Committee in compliance with the Sarbanes-Oxley Act of 2002. Certain basic services may also be pre-approved by the Chairman of the Audit & Risk Committee under the policy. However, any service that is not specifically pre-approved under the policy must be specifically pre-approved by the Audit & Risk Committee if it is to be provided by the independent registered public accounting firm.

The Audit & Risk Committee, consistent with the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, also meets with management and the auditors prior to the filing of officers' certifications with the SEC to request information concerning, among other things, significant deficiencies in the design or operation of internal controls, if any.

The Audit & Risk Committee assists the Board in performing its oversight responsibilities relating to the Company's processes and policies with respect to identifying, monitoring, assessing, reporting on, managing and controlling the Company's business and financial risk. The Audit & Risk Committee discusses with the Company's Senior Risk Officer, and other members of management responsible for managing risk, areas of specific risk identified by management and/or the Committee.

The Board has determined that all Audit & Risk Committee members are independent under applicable SEC regulations, and based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market. Our Board has determined that Mr. Levin and Mr. Britton qualify as an "audit committee financial expert" as that term is used in SEC regulations. The Audit & Risk Committee operates under a formal charter that governs its duties and conduct and is published on the Company's corporate website – www.aceto.com.

The Audit & Risk Committee has adopted a Non-Retaliation Policy and a Complaint Monitoring Procedure to enable confidential and anonymous reporting regarding financial irregularities, if any.

Nominating and Governance Committee

The Nominating and Governance Committee is currently comprised of Alan G. Levin (Chairman), Hans C. Noetzli and William N. Britton, each of whom is an "independent director" based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market. The Nominating and Governance Committee addresses Board organizational issues and reviews the Company's corporate governance framework. In addition, the Nominating and Governance Committee searches for persons qualified to serve on the Board and monitors, assesses and makes recommendations to the Board annually with respect to the leadership structure of the Board. While the Nominating and Governance Committee does not have a formal policy on diversity for members of the Board, the Nominating and Governance Committee considers diversity of background, experience and qualifications in evaluating prospective Board members. The committee will evaluate the suitability of potential nominees for membership on the Board, taking into consideration the Board's current composition, including expertise, diversity, and balance of inside, outside and independent directors, and considering the qualifications and criteria established by the Board. In considering director candidates, the Nominating and Governance Committee and the Board endeavor to establish a diversity of background and experience in a number of areas of core competency, including business judgment, management, accounting and finance, knowledge of the industries in which the Company operates, strategic vision, knowledge of international markets, and other areas relevant to the Company's business.

The Nominating and Governance Committee operates under a formal charter that governs its duties and conduct and is published on the Company's corporate website – www.aceto.com.

In considering any person recommended by a shareholder, the committee will look for the same qualifications that it looks for in any other person that is considered for a position on the Board.

Director Resignation Policy

The Company has established a “Director Resignation Policy”, which addresses the situation in which a nominee for election to the Company’s Board fails to receive a majority of the votes cast by the shareholders of the Company in an uncontested election of directors. An “uncontested election of directors” is any election of directors by the shareholders of the Company in which the number of nominees for election does not exceed the number of directors to be elected. Pursuant to our Director Resignation Policy, if, in any uncontested election, a nominee receives less than a majority of the votes cast by the shareholders of the Company, such nominee is required to promptly tender his or her written resignation from the Board to the Secretary of the Company. The Board will then determine whether to accept or reject the resignation. The Director Resignation Policy is published on the Company’s corporate website – www.aceto.com.

Compensation Committee

The Compensation Committee is currently comprised of Natasha Giordano (Chairperson), Hans C. Noetzli, and Dr. Daniel B. The Compensation Committee conducts reviews of the compensation of the directors, Chief Executive Officer and other senior executive officers of the Company including evaluating and making recommendations to the Board concerning those officers’ benefits, bonus, incentive compensation, severance, equity-based compensation, and other forms of compensation provided by the Company. The Compensation Committee meets as it determines, but not less frequently than annually. The Compensation Committee may delegate a portion of its authority to a subcommittee or subcommittees. The Compensation Committee has the exclusive authority to retain any compensation consultants to be used to assist the committee in the evaluation and determination of the Company’s compensation for its Chief Executive Officer, other senior executive officers and directors.

The Compensation Committee operates under a formal charter that governs its duties and conduct and reviews the charter not less than every two years. The charter is published on the Company's corporate website – www.aceto.com.

Compensation Consultant Role

Our Compensation Committee engaged Frederic W. Cook & Co. Inc. (Cook & Co.), an executive compensation consulting firm, during the fiscal year ended June 30, 2015 to conduct compensation benchmarking for our executive officers, as well as Board compensation analysis. In addition, the Compensation Committee utilized Cook & Co. to review our peer group and additional benchmarking research in fiscal 2016. Our Compensation Committee directed Cook & Co. to provide it with the benefits of its industry experience after taking into account the specific needs and positioning of our Company. The Compensation Committee intends to continue to engage a compensation consulting firm to perform executive and director compensation studies as needed, but not less frequently than every three years in furtherance of insuring appropriate compensation for these groups.

While Cook & Co. provided data and advice regarding our compensation practices, it is our Compensation Committee that exercises autonomy when formulating and presenting recommendations to our Board regarding our compensation practices for our named executive officers and Board of Directors. Our Compensation Committee has assessed Cook & Co.'s independence pursuant to applicable SEC rules and concluded that no conflict of interest exists that would prevent Cook & Co. from independently advising the Compensation Committee.

Management's Role in Establishing Our Executive Compensation

Our Chief Executive Officer plays an important role in assisting our Compensation Committee in establishing the compensation for our executive officers. Key aspects of this role include:

- suggesting to the Compensation Committee business performance targets and objectives;

- evaluating employee performance; and

- recommending salary and bonus levels and long-term incentive compensation.

During this process, the Compensation Committee may ask our Chief Executive Officer, Chairman of the Board and other executive officers to provide guidance to the Compensation Committee regarding background information for our strategic objectives, an evaluation of the performance of our executive officers, and compensation recommendations as to the executive officers. Members of the Compensation Committee met informally with our Chief Executive Officer and Chairman of the Board throughout the year to discuss compensation matters and compensation policies in order to obtain insight regarding the day-to-day performance of each of our executive officers.

This centralized process will assist the Board in reviewing and responding to shareholder communications in an appropriate manner. If a shareholder wishes to direct any communication to a specific board member, the name of that board member should be noted in the communication. The Board has instructed the Secretary to forward shareholder correspondence only to the intended recipients, but the Board has also instructed the Secretary to review all shareholder correspondence and, in his discretion, not forward any items that he deems to be of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration. Any such items may be forwarded elsewhere in the Company for review and possible response. The Company has adopted a Non-Retaliation Policy, or a whistleblower policy, which establishes procedures for submitting these types of concerns, either personally or anonymously through a toll free telephone "hotline" operated by an independent party. A copy of our Non-Retaliation Policy is available on our website at www.aceto.com.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The mission of our Compensation Committee is to ensure that the programs for executive and staff compensation best help the Company achieve its strategic goals and include best practices of our industry.

The objectives of our compensation program are to:

- provide compensation and benefit plans that are equitable to our executives and other employees as well as our shareholders;
- enable us to attract, motivate and retain highly qualified, experienced talent; and
- align our rewards with long term corporate goals as well as shareholder expectations and value.

We strive to reward our named executive officers fairly and competitively through a properly balanced mix of base salary, short-term and long-term incentives, benefits, career growth and development opportunities. We believe this mix drives company performance and assists with employee retention. We do this by weighting the compensation of our named executive officers toward long-term incentives over salary and annual cash incentives. We regularly review our executives' compensation against our own selected peer group, and we review the composition of our peer group annually. Historically, our compensation program has provided a strong balance of retention and ownership with a direct linkage to the Company's strategic objectives, operating and shareholder performance.

When we refer to our "named executive officers" in this proxy statement, we are referring to our chief executive officer, our chief financial officer and our three most highly compensated executive officers other than our chief executive officer and chief financial officer who were serving as executive officers as of June 30, 2016. Our named executive officers for our fiscal year ended June 30, 2016 were the following individuals:

Salvatore Guccione, President and Chief Executive Officer

Douglas Roth, Senior Vice President and Chief Financial Officer

Albert L. Eilender, Chairman

Frank DeBenedittis, Senior Vice President, Corporate Business Development

Satish Srinivasan, President and Chief Operating Officer of Rising

Our Compensation Philosophy and Objectives

The philosophy of the Compensation Committee is to ensure that the strategic vision of our executive team is supported by modern compensation practices that reward achievement and creation of shareholder value.

Consistent with those purposes, our compensation program employs the following principles:

• compensation among our executives and staff should be equitable regardless of gender, race, religion or sexual orientation;

• the compensation program should pay for performance, that is, reward the achievement of our strategic initiatives and short-term and long-term operating and financial goals, and provide disincentives for underperformance;

- compensation should reflect differences in position and responsibility;

• compensation should be comprised of a mix of cash and equity-based compensation that aligns the short-term and long-term interests of our executives with those of the Company, the corporation strategy and our shareholders; and

- the compensation program should be understandable and transparent.

In structuring a compensation program that implements these principles, we have developed the following strategies for our executive compensation program:

• overall compensation levels should be competitive with our peers and should be set at levels that allow us to attract and retain talented leaders and motivate them to achieve superior results;

• a majority of total compensation should be contingent on, and variable with, achievement of objective corporate performance goals;

• total compensation should be higher for individuals with greater responsibility and greater ability to influence achievement of our operating and financial goals and strategic initiatives;

the number of different elements in our compensation program should be limited, and those elements should be stable year-over-year, and effectively communicated to and understood by executives and shareholders; and

compensation should be set at levels that promote a sense of equity among all employees while giving due regard to any premiums that may be necessary in our industry in order to attract top talent at the executive level.

Consideration of Last Year's "Say on Pay" Advisory Vote

At last year's annual meeting of shareholders, we held an advisory shareholder vote on executive compensation. More than 96% of the shares that voted approved our executive compensation described in last year's proxy statement. The Compensation Committee viewed the results of this vote as a strong indication that the Company's shareholders support the compensation policies and practices of the Company. Accordingly, the results of this vote did not affect the Company's executive compensation decisions and policies for our named executive officers during the fiscal year ended June 30, 2016.

Elements of Our Executive Compensation

Our executive compensation program has historically been comprised of base salary, performance-based annual cash incentives, long-term equity incentive awards and fringe benefits. These elements of compensation have been supplemented by benefit plans to which the Company contributes, including our 401(k) plan and our supplemental executive retirement plan, as well as life insurance premiums paid by the Company for employee life insurance policies. We use our experience and judgment to determine what is the appropriate mix of compensation elements for each executive. In allocating compensation among the various elements, the Compensation Committee considers many factors including market data, Company performance, individual performance, the impact of the executive's position on the Company, individual past performance, experience in the position, any anticipated increase in the individual's responsibilities, internal pay equity for comparable positions, and succession planning and retention strategies.

With the adoption of the Aceto Corporation 2010 Equity Participation Plan (the "2010 Plan") in December 2010, our long-term incentive compensation component has been increased for our named executive officers, making a significant and in some cases majority portion of their annual total direct compensation dependent on long-term stock appreciation and long-term company financial and operating performance. We have concluded that shifting some executive compensation to long-term incentive compensation will further align our named executive officers' goals and interests with those of our shareholders and encourage long-term retention and operational and financial success.

Our peer group, which was reviewed with Cook & Co. in fiscal 2016, includes more human health companies and fewer specialty chemical companies to reflect our continued strategy to become a Human Health oriented company. Our peer group companies as utilized for executive compensation planning and benchmark analyses purposes are: Albany Molecular Research Inc., American Vanguard Corp., Balchem Corp., Cambrex Corp., Impax Laboratories Inc., Innophos Holdings, Innospec Inc., Lannett Co. Inc., Lawson Products, The Medicines Company, Prestige Brand Holdings, Quaker Chemical Corp., Sagent Pharmaceuticals Inc. and Usana Health Sciences Inc. During the prior fiscal year 2015, our consultant conducted benchmarking review of our executive officers as well as a review of our compensation programs. The Compensation Committee's benchmarking criteria for these purposes included comparisons of executive base salary compensation, performance awards, long term incentive compensation, total cash compensation (base salary plus annual performance awards), and total direct compensation (total cash compensation plus long-term incentive compensation) of our peer group. The consultant provided the Compensation Committee with general information regarding these criteria. We also considered the overall compensation of our top three named executive officers in our company with the top three named executive officers in our peer group companies.

A recent test of our executive compensation practices was the company effort to create a new senior position and recruit a Chief Operating Officer as part of our succession planning program. We were able to successfully recruit a highly qualified executive, Mr. Kaczmarek, from a major generic drug company into our existing executive compensation structure.

Base Salary

We provide our named executive officers with base salary to provide them with a fixed base amount of compensation for services rendered during a fiscal year. We believe this is consistent with competitive practices and will help assure our retention of qualified leadership in those positions. We intend to maintain base salaries at competitive levels in the marketplace for comparable executive ability and experience, taking into consideration changes from time to time in the consumer price index and whether competitive adjustments are necessary to promote retention. Consideration also is given in each case to the historical results achieved by each executive and the Company during each executive's tenure, to whether each executive is enhancing the team oriented nature of the executive group, the potential of each executive to achieve future success, and the scope of responsibilities and experience of each executive. In addition, evaluations are made regarding the competencies of each named executive officer that are considered essential to our success.

The Compensation Committee evaluated the historical performance of our executive officers and considered the compensation levels and programs within the peer group before it made its fiscal 2016 compensation recommendations to the full board. Cook & Co. completed an assessment during fiscal 2015 that reviewed the compensation program for our named executive officers regarding base pay, performance awards and long-term incentive compensation. The report indicated that the named executive officers were compensated overall at par with peers, and with greater emphasis on long-term incentives than cash payment. The committee also noted that during this executive transition period as part of succession planning the total compensation for the top three executives (Executive Chairman, Chief Executive Officer and Chief Operating Officer) is greater than peers. The Compensation Committee recommended and the Board approved increases in base salaries of our executive officers averaging 3-5% for fiscal 2017. However, the salary increase for fiscal 2017 will be deferred until January 1, 2017.

Annual Performance Awards

We grant annual performance awards to encourage achievement of goals established for our short-term and long-term financial and operating results, and to reward our named executive officers for consistent performance in assisting us in achieving those goals. Pre-determined annual performance measures were utilized in connection with our performance awards for the fiscal year ended June 30, 2016.

For our fiscal year ended June 30, 2016, the annual performance award criteria for 80% of the awards payable under our Executive Award Plan established by our Compensation Committee, and approved by the Board, were based upon results obtained with respect to the following three financial factors: (1) company sales; (2) company net income; and (3) company earnings per share, except that with respect to Mr. Srinivasan who oversees our Rising segment, the performance-based objective bonus criteria also included results obtained with respect to sales and adjusted pre-tax income for the Rising business segment. For Messrs. Guccione, Roth, Eilender and DeBenedittis, the financial factors were weighted at 15% for company sales, 35% for company net income, 30% for company earnings per share and the individual performance goals (which are qualitative in nature) were weighted at 20%. For Mr. Srinivasan, his annual performance award was based upon the weighting of 25% of Rising sales, 35% of Rising's adjusted pre-tax income and 20% on consolidated earnings per share. Mr. Srinivasan's annual performance award also included individual performance goals that represented 20% of his award. The specific performance-related financial factors at the minimum, target and maximum levels for the fiscal year ended June 30, 2016 were:

Performance Metric	Minimum	Target	Maximum	Actual Results
Company Sales	\$426,503,250	\$568,671,000	\$853,006,500	\$558,524,000
Company Net Income	\$27,801,750	\$37,069,000	\$55,603,500	\$37,298,000*
Company Earnings Per Share	\$0.94	\$1.25	\$1.88	\$1.26*

*Adjusted for certain charges including acquisition related costs and environmental remediation charge.

The annual award percentages at the minimum, target and maximum levels for the fiscal year ended June 30, 2016 for each of the named executive officers were as follows:

Executive Officer	Minimum	Target	Maximum
Salvatore Guccione	32.5% of base salary	65% of base salary	130% of base salary
Douglas Roth	25% of base salary	50% of base salary	100% of base salary
Albert L. Eilender	30% of base salary	60% of base salary	120% of base salary
Frank DeBenedittis	17.5% of base salary	35% of base salary	70% of base salary
Satish Srinivasan	22.5% of base salary	45% of base salary	90% of base salary

The following describes the performance-based bonus criteria for each named executive officer:

Salvatore Guccione, President and Chief Executive Officer. Mr. Guccione's 2016 annual performance award of \$394,908 was based upon company sales, company net income and earnings per share, excluding certain charges including acquisition related costs and an environmental remediation charge. Mr. Guccione's annual performance award was affected by the creation of a database of generic pharmaceutical companies as potential acquisition candidates as well leading an intracompany communication program to cascade to our global employees the corporate vision of Aceto.

Douglas Roth, Chief Financial Officer. Mr. Roth's 2016 annual performance award of \$182,009 was based upon the result of the Company's performance including sales, net income and earnings per share, excluding certain charges. In addition to the Company's financial performance, Mr. Roth's annual performance award was affected by his achievement of certain individual performance goals including constructing and implementing a plan to raise capital, as well as creating an international tax restructure plan. Mr. Roth received an additional \$35,000 special performance award for the successful issuance of senior convertible notes by the Company.

Albert L. Eilender, Chairman. Mr. Eilender's 2016 annual performance award of \$255,922 was based upon company sales, company net income, and earnings per share, excluding certain charges. Mr. Eilender's individual performance goals included the continuance of conducting non-deal investor road shows, as well as the development of a plan for maximizing operational efficiencies in Aceto's international and domestic activities.

Frank DeBenedittis, Senior Vice President, Corporate Business Development. Mr. DeBenedittis's annual performance award of \$114,808 was based upon the result of the Company's performance including sales, net income and earnings per share, excluding certain charges. In addition, the 2016 annual performance award was based upon individual performance goals tailored to Mr. DeBenedittis, including the establishment of additional two suppliers, as well as the active involvement in new development projects.

Satish Srinivasan, President and Chief Operating Officer of Rising. Mr. Srinivasan's annual performance award of \$154,486 was based on Rising sales, Rising's adjusted pre-tax income and on Aceto's consolidated earnings per share excluding certain charges. In addition, the 2016 annual performance award was based upon individual performance goals tailored to Mr. Srinivasan, including the improvement of pre-tax income over budget by 10% while reducing inventory costs, as well as the management of the site plan for Rising to accommodate Rising's anticipated growth over the next five years.

The Compensation Committee recommended and the Board approved continued use of objective performance criteria to determine annual performance awards for the fiscal year ending June 30, 2017. The precise criteria that we will use to determine the annual performance award for our executive officers will vary depending on each officer's specific responsibilities. In all cases, annual performance awards paid to any one individual cannot exceed two times the individual's base salary.

Long-Term Incentive Compensation

Based upon the reviews by our compensation consultant in fiscal 2016 as well as in prior years, our Compensation Committee recommended that our compensation mix include a greater proportion of long-term incentive compensation. We continue to place increasing emphasis on compensation tied to the Company's strategic objectives, long-term financial and operating performance. We believe that these incentives further align management's interest with the interests of our shareholders.

For fiscal 2016, our Compensation Committee recommended and the Board approved, a three year long term incentive compensation program pursuant to the 2010 Plan consisting of restricted stock and performance-vested restricted stock units for our executive officers. The restricted stock awards vest over three years. Performance-vested restricted stock units will cliff vest 100% at the end of the third year following the grant upon the attainment of pre-tax income and total shareholder return performance goals relative to the Russell 2000 Index. The number of shares subject to the 2016 long term incentive awards is set forth in the table entitled "2016 Grants of Plan-Based Awards."

Recoupment of Awards

Each performance award paid shall for a period of two years (or such longer period as the Compensation Committee may determine in its discretion) be subject to forfeiture, cancelation and/or repayment to the Company if: (i) the payment of such award (or portion thereof) was predicated upon the achievement of certain financial results or other performance criteria; (ii) in the Compensation Committee's view, the participant either benefited from a calculation that later proves to be materially inaccurate, or engaged in one or more material acts of fraud or misconduct that caused or partially caused the need for a financial restatement by the Company; and (iii) in the Compensation Committee's view, a lesser payment (or no payment) of such award would have occurred based on a correct calculation or upon restated financial results or other performance criteria.

Other Compensation

Our U.S. executive officers may also participate in our 401(k) plan on the same terms as the rest of our eligible employees. We currently make a non-elective contribution on behalf of each of our participating employees equal to 3% of the participant's eligible compensation, including base salary and bonus, up to a maximum of \$265,000 of eligible compensation. We also have historically made discretionary contributions for each of our participating employees on an annual basis up to approximately 8% of the participant's eligible compensation. Our participating employees are fully vested in both their salary deferrals and non-elective contributions, but Company discretionary contributions vest at the rate of 20% per year with 100% vesting after five years of participation.

We also maintain a supplemental executive retirement plan, commonly called a "SERP". This plan is a non-qualified deferred compensation plan intended to provide executive officers with supplemental retirement benefits. Annual Company contributions to the SERP are fixed by the Board and vest at the rate of 20% per year of service over five consecutive years. In addition to Company contributions, participants can elect to defer some or all of their bonus compensation into their SERP account for the following year.

Perquisites

We allow certain of our executive officers to use a Company automobile as a perquisite to enhance our compensation package and make it more attractive relative to our competition. The financial value of the personal use of a Company automobile for each of these executive officers for our fiscal year ended June 30, 2016 is set forth in footnote six to the All Other Compensation column of the *Summary Compensation Table* contained in this proxy statement.

Stock Ownership Requirements

In order to further align management's interest with the interests of our shareholders, our Compensation Committee established, and the Board approved, stock ownership requirements for our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers. These stock ownership requirements provide that our Chief Executive Officer must own shares of our common stock valued at three times his base salary and our Chief Financial Officer and our other three most highly compensated executive officers must own shares of our common stock valued at one and a quarter times their base salaries. As of the record date, the named executive officers have met their respective stock ownership requirements. The stock ownership program also includes as a guideline, but not a requirement, that all our other executive officers own shares of our common stock valued at one half times base salary by such date. Shares of our restricted stock that are granted but not yet vested count toward these stock ownership guidelines.

The stock ownership program also includes as a guideline, but not a requirement, that all non-employee directors achieve a level of ownership of our common stock, including restricted stock granted but not yet vested, valued at five times the annual cash retainer by January 2017.

Tax and Accounting Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1 million paid to named executive officers (other than our Chief Financial Officer) is not deductible unless it satisfies the exception for qualified performance-based compensation under Section 162(m). Our Compensation Committee and Board generally consider all current compensation paid to our named executive officers (other than base salary) to be performance-based, even though certain elements of our compensation may not satisfy the more limited exception for qualified performance-based compensation under Section 162(m). However, stock options awarded to our named executive officers are designed to qualify as qualified performance-based compensation under Section 162(m), as is the portion of annual bonuses tied to the achievement of financial targets under our Executive Performance Award Plan, which was approved by our shareholders at the 2012 annual meeting. None of the compensation we paid during fiscal 2016 was rendered nondeductible by virtue of Section 162(m). While the Compensation Committee will continue to consider the impact of Section 162(m) on our compensation program, it reserves the right to pay nondeductible compensation in the future if it determines that it is appropriate to do so. It is our policy to review all compensation plans and policies against tax, accounting, and SEC regulations, including Section 162(m), Internal Revenue Code Section 409A, and generally accepted accounting principles.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on that review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's annual report on Form 10-K for its last completed fiscal year.
