Any securities registered hereunder may be sold separately or as units with other securities registered hereunder. This total amount also includes such securities as may, from time to time, be issued upon conversion or exchange of securities registered hereunder, to the extent any such securities are, by their terms, convertible into or exchangeable for other securities.
- (2) An indeterminate aggregate offering price and number or amount of debt securities, common stock, preferred stock, depository shares, warrants and guarantees of debt securities is being registered as may from time to time be sold at indeterminate prices, with a maximum aggregate offering price not to exceed \$500,000,000.
- (3) Not specified as to each class of securities to be registered pursuant to General Instruction II.D of Form S-3 under the Securities Act. Forward-looking statements

Some of the information included in this prospectus and the documents we have incorporated by reference contain forward-looking statements. Forward-looking statements reflect our current views with respect to future events and may be identified by terms such as “believe,” “expect,” “may,” “intend,” “will,” “project,” “budget,” “should” or “anticipate” or similar words. These statements discuss “forward-looking” information and may include, among others, statements about anticipated capital expenditures and budgets; sources of capital; future cash flows and borrowings; pursuit of potential future acquisition or drilling opportunities; future production volumes; oil and natural gas reserves; and sources of funding for exploration and development or other uses.

Although we believe the expectations and forecasts reflected in these and other forward-looking statements are reasonable, we can give no assurance they will prove to have been correct. They can be affected by inaccurate assumptions or by known or unknown risks and uncertainties. Factors that could cause actual results to differ materially from expected results are described under “Risk factors” and include:

- The length and severity of the current credit crisis
 - volatility in oil and natural gas prices and fluctuation of prices received;
 - domestic and worldwide economic conditions;
 - disruption of operations and damages due to hurricanes or tropical storms;
 - demand or market available for our oil and natural gas production;
 - production facility constraints;
 - uncertainty of drilling results, reserve estimates and reserve replacement;
 - drilling and operating risks;
 - our level of indebtedness;
 - the strength and financial results of our competitors;
- the availability and cost of capital to fund reserve replacement and other capital expenditures and costs;
- uncertainties inherent in estimating quantities of oil and natural gas reserves, projecting future rates of production and the timing of development expenditures;
 - acquisition risks;
- unexpected substantial variances in capital requirements; and
 - environmental matters.

There are other factors that could cause actual results to differ materially from those anticipated, which are discussed in our periodic filings with the SEC, including our most recent Form 10-K. See “Risk factors” on page 3.

When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in this prospectus and in the documents we have incorporated by reference. We specifically disclaim all responsibility to publicly update any information contained in a forward-looking statement or any forward-looking statement in its entirety and therefore disclaim any resulting liability for potentially related damages.

All forward-looking statements attributable to us are expressly qualified in their entirety by this cautionary statement.

The company

We are an independent oil and natural gas company formed in 1979, and we are engaged in the exploration, development, acquisition and operation of oil and natural gas properties. Our operations are primarily focused in four core areas identified as Southeast Louisiana, South Louisiana, Central Louisiana/East Texas, and South Texas. In addition, we have a strategic growth area in three parishes in southwest Louisiana and another on acreage in the Four Corners area of southwest Colorado. South Texas is the oldest of our core areas, with our operations first established in the AWP field in 1989 and subsequently expanded with the acquisition of the Sun TSH, Briscoe Ranch, and Las Tiendas fields during 2007 and with additional interests in the Briscoe Ranch field in 2008. Operations in our Central Louisiana/East Texas area began in mid-1998 when we acquired the Masters Creek field in Louisiana and the Brookeland field in Texas, later adding the South Bearhead Creek field in Louisiana in late 2005. The Southeast Louisiana and South Louisiana areas were established when we acquired majority interests in producing properties in the Lake Washington field in early 2001, in the Bay de Chene and Cote Blanche Island fields in December 2004, and in the Bayou Sale, Bayou Penchant, Horseshoe Bayou, and Jeanerette fields in 2006.

At December 31, 2008, we had estimated proved reserves from our continuing operations of 116.4 MMBoe. Our total proved reserves at year-end 2008 were comprised of approximately 43% crude oil, 42% natural gas, and 15% NGLs; and 53% of our total proved reserves were proved developed. At December 31, 2008, our proved reserves are concentrated with 61% of the total in Louisiana, 38% in Texas, and 1% in other states.

Our executive offices are located at 16825 Northchase Drive, Suite 400, Houston, Texas 77060, and our telephone number is (281) 874-2700.

The subsidiary guarantors

Certain of our domestic subsidiaries, which we refer to as the “Subsidiary Guarantors” in this prospectus, may fully and unconditionally guarantee our payment obligations under any series of debt securities offered by this prospectus. Financial information concerning our Subsidiary Guarantors and any non-guarantor subsidiaries will be included in our consolidated financial statements filed as part of our periodic reports filed pursuant to the Exchange Act to the extent required by the rules and regulations of the SEC.

Risk factors

An investment in the securities involves a significant degree of risk. Before you invest in our securities you should carefully consider the risk factors included in our most recent Annual Report on Form 10-K, any Quarterly Reports on Form 10-Q and any Current Reports on Form 8-K, which are incorporated herein by reference, and the risk factors that may be included in any applicable prospectus supplement, in evaluating an investment in our securities. If any of the risks discussed in the foregoing documents were to occur, our business, financial condition, results of operations and cash flows could be materially adversely affected. Also, please read the cautionary statement in this prospectus under “Forward-looking statements.”

Use of proceeds

Unless otherwise indicated in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus and any prospectus supplement for our general corporate purposes, which may include repayment of indebtedness, the financing of capital expenditures, future acquisitions and additions to our working capital.

Table of Contents

Ratio of earnings to fixed charges

The following table sets forth our ratio of earnings to fixed charges:

	2004	2005	2006	Year Ended December 31, 2007	Three months ended March 31, 2008	Three months ended March 31, 2009
Ratio of earnings to fixed charges	3.31	5.59	8.21	7.17	*	*

* Due to the \$754.3 million non-cash charge incurred in the fourth quarter of 2008, and the \$79.3 million non-cash charge incurred in the first quarter of 2009, both caused by a write-down in the carrying value of oil and gas properties due to the rapid decline of oil and gas prices during those periods, 2008 earnings were insufficient to cover fixed charges by \$420.8 million, and first quarter 2009 earnings were insufficient to cover fixed charges by \$93.5 million. If the \$754.3 million non-cash charge at year-end 2008 is excluded in calculating earnings, the ratio of earnings to fixed charges would have been 9.43 for the year ended December 31, 2008. If the \$79.3 million non-cash charge is excluded in calculating earnings, the ratio of earnings to fixed charges for the quarter ended March 31, 2009, would have still been insufficient to cover fixed charges by \$14.2 million.

For purposes of calculating the ratio of earnings to fixed charges, fixed charges include interest expense, capitalized interest, amortization of debt issuance costs and discounts, and that portion of non-capitalized rental expense deemed to be the equivalent of interest. Earnings represents income (loss) from continuing operations before income taxes and interest expense, net, and that portion of rental expense deemed to be the equivalent of interest.

Description of debt securities

This section describes the general terms and provisions of the debt securities which may be offered by us from time to time. The applicable prospectus supplement will describe the specific terms of the debt securities offered by that prospectus supplement. Those terms of the debt securities offered by a prospectus supplement may differ significantly from the terms of the Debt Securities described in this "Description of Debt Securities."

We may issue debt securities either separately or together with, or upon the conversion of, or in exchange for, other securities. The debt securities are to be either senior obligations of ours issued in one or more series and referred to herein as the "Senior Debt Securities," or subordinated obligations of ours issued in one or more series and referred to herein as the "Subordinated Debt Securities." The Senior Debt Securities and the Subordinated Debt Securities are collectively referred to as the "Debt Securities." The Debt Securities will be general obligations of the Company. Each series of Debt Securities will be issued on terms specified in an agreement, or "Indenture," between Swift and an independent third party, usually a bank or trust company, known as a "Trustee," who will be legally obligated to carry out the terms of the Indenture. The name(s) of the Trustee(s) will be set forth in the applicable prospectus supplement. We may issue all the Debt Securities under the same Indenture, as one or as separate series, as specified in the applicable prospectus supplement(s).

This summary of certain terms and provisions of the Debt Securities and Indentures is not complete. If we refer to particular provisions of an Indenture, the provisions, including definitions of certain terms, are incorporated by reference as a part of this summary. The Indentures are or will be filed as an exhibit to the registration statement of which this prospectus is a part, or as exhibits to documents filed under the Securities Exchange Act of 1934, which are

incorporated by reference into this prospectus. The Indentures are subject to and governed by the Trust Indenture Act of 1939, as amended. You should refer to the applicable Indenture for the provisions that may be important to you.

Table of Contents

General

The Indentures will not limit the amount of Debt Securities that we may issue. We may issue Debt Securities up to an aggregate principal amount as we may authorize from time to time. The Company may establish, without the approval of existing holders of Debt Securities, and the applicable prospectus supplement will describe, the terms of any Debt Securities being offered, including:

- the title and aggregate principal amount;
- the date(s) when principal is payable;
- the interest rate, if any, and the method for calculating the interest rate;
- the interest payment dates and the record dates for the interest payments;
- the places where the principal and interest will be payable;
- any mandatory or optional redemption or repurchase terms or prepayment, conversion, sinking fund or exchangeability or convertibility provisions;
- whether such Debt Securities will be Senior Debt Securities or Subordinated Debt Securities and, if Subordinated Debt Securities, the subordination provisions and the applicable definition of “Senior Indebtedness”;
 - additional provisions, if any, relating to the defeasance and covenant defeasance of the Debt Securities;
- if other than denominations of \$1,000 or multiples of \$1,000, the denominations the Debt Securities will be issued in;
 - whether the Debt Securities will be issued in the form of Global Securities, as defined below, or certificates;
- whether the Debt Securities will be issuable in registered form, referred to as “Registered Securities,” or in bearer form, referred to as “Bearer Securities” or both and, if Bearer Securities are issuable, any restrictions applicable to the exchange of one form for another and the offer, sale and delivery of Bearer Securities;
 - any applicable material federal tax consequences;
 - the dates on which premiums, if any, will be payable;
 - our right, if any, to defer payment of interest and the maximum length of such deferral period;
 - any paying agents, transfer agents, registrars or trustees;
 - any listing on a securities exchange;
- if convertible into common stock or preferred stock, the terms on which such Debt Securities are convertible;
 - the terms of any guarantee of the Debt Securities;

- the subordination terms, if any;
- the terms, if any, of the transfer, mortgage, pledge, or assignment as security for any series of Debt Securities of any properties, assets, proceeds, securities or other collateral, including whether certain provisions of the Trust Indenture Act are applicable, and any corresponding changes to provisions of the Indenture as currently in effect;
- the initial offering price; and
- other specific terms, including covenants and any additions or changes to the events of default provided for with respect to the Debt Securities.

Table of Contents

The terms of the Debt Securities of any series may differ and, without the consent of the holders of the Debt Securities of any series, we may reopen a previous series of Debt Securities and issue additional Debt Securities of such series or establish additional terms of such series, unless otherwise indicated in the applicable prospectus supplement or supplemental indenture.

Ranking of Debt Securities

The Senior Debt Securities will be our senior unsecured obligations and will rank equal in right of payment with all of our existing and future senior unsecured indebtedness. The Senior Debt Securities may be guaranteed on a senior unsecured basis by all of our material existing and future domestic subsidiaries. The guarantees will rank equal in right of payment with all existing and future senior unsecured indebtedness of any subsidiary guarantors. The notes and the guarantees will be effectively subordinated to any existing or future secured indebtedness to the extent of the value of the collateral securing such indebtedness.

The Subordinated Debt Securities will be obligations of ours and will be subordinated in right of payment to all existing and future Senior Indebtedness. The prospectus supplement will define senior indebtedness and will set forth the approximate amount of such senior indebtedness outstanding as of a recent date. The prospectus supplement will also describe the subordination provisions of the Subordinated Debt Securities.

Covenants

Under the Indentures, we will be required to:

- pay the principal, interest and any premium on the Debt Securities when due;
- maintain a place of payment;
- deliver a report to the Trustee at the end of each fiscal year reviewing our obligations under the Indentures; and
- deposit sufficient funds with any paying agent on or before the due date for any principal, interest or any premium.

Any additional covenants will be described in the applicable prospectus supplement.

Registration, Transfer, Payment and Paying Agent

Unless otherwise indicated in a prospectus supplement, each series of Debt Securities will be issued in registered form only, without coupons. The Indentures, however, provide that we may also issue Debt Securities in bearer form only, or in both registered and bearer form. Bearer Securities shall not be offered, sold, resold or delivered in connection with their original issuance in the United States or to any United States person other than offices located outside the United States of certain United States financial institutions. "United States person" means any citizen or resident of the United States, any corporation, partnership or other entity created or organized in or under the laws of the United States, any estate the income of which is subject to United States federal income taxation regardless of its source, or any trust whose administration is subject to the primary supervision of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust. "United States" means the United States of America (including the states thereof and the District of Columbia), its territories, its

possessions and other areas subject to its jurisdiction. Purchasers of Bearer Securities will be subject to certification procedures and may be affected by certain limitations under United States tax laws. Such procedures and limitations will be described in the prospectus supplement relating to the offering of the Bearer Securities.

Table of Contents

Unless otherwise indicated in a prospectus supplement, Registered Securities will be issued in denominations of \$1,000 or any integral multiple thereof, and Bearer Securities will be issued in denominations of \$5,000.

Unless otherwise indicated in a prospectus supplement, the principal, premium, if any, and interest, if any, of or on the Debt Securities will be payable, and Debt Securities may be surrendered for registration of transfer or exchange, at an office or agency to be maintained by us in the Borough of Manhattan, The City of New York, provided that payments of interest with respect to any Registered Security may be made at our option by check mailed to the address of the person entitled to payment or by transfer to an account maintained by the payee with a bank located in the United States. No service charge shall be made for any registration of transfer or exchange of Debt Securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge and any other expenses that may be imposed in connection with the exchange or transfer.

Unless otherwise indicated in a prospectus supplement, payment of principal of, premium, if any, and interest, if any, on Bearer Securities will be made, subject to any applicable laws and regulations, at such office or agency outside the United States as specified in the prospectus supplement and as we may designate from time to time. Unless otherwise indicated in a prospectus supplement, payment of interest due on Bearer Securities on any interest payment date will be made only against surrender of the coupon relating to such interest payment date. Unless otherwise indicated in a prospectus supplement, no payment of principal, premium or interest with respect to any Bearer Security will be made at any office or agency in the United States or by check mailed to any address in the United States or by transfer to an account maintained with a bank located in the United States; except that if amounts owing with respect to any Bearer Securities shall be payable in U.S. dollars, payment may be made at the Corporate Trust Office of the applicable Trustee or at any office or agency designated by us in the Borough of Manhattan, The City of New York, if (but only if) payment of the full amount of such principal, premium or interest at all offices outside of the United States maintained for such purpose by us is illegal or effectively precluded by exchange controls or similar restrictions.

Unless otherwise indicated in the applicable prospectus supplement, we will not be required to:

- issue, register the transfer of or exchange Debt Securities of any series during a period beginning at the opening of business 15 days before any selection of Debt Securities of that series of like tenor to be redeemed and ending at the close of business on the day of that selection;
- register the transfer of or exchange any Registered Security, or portion thereof, called for redemption, except the unredeemed portion of any Registered Security being redeemed in part;
- exchange any Bearer Security called for redemption, except to exchange such Bearer Security for a Registered Security of that series and like tenor that is simultaneously surrendered for redemption; or
- issue, register the transfer of or exchange any Debt Security which has been surrendered for repayment at the option of the holder, except the portion, if any, of the Debt Security not to be so repaid.

Original Issue Discount Securities

Debt Securities may be issued as “Original Issue Discount Securities” to be sold at a discount below their principal amount. Original Issue Discount Securities may include “zero coupon” securities that do not pay any cash interest for the entire term of the securities. In the event of an acceleration of the maturity of any Original Issue Discount Security, the amount payable to the holder thereof upon such acceleration will be determined in the manner described in the applicable

Table of Contents

prospectus supplement. Conditions pursuant to which payment of the principal of the Subordinated Debt Securities may be accelerated will be set forth in the applicable prospectus supplement. Material federal income tax and other considerations applicable to Original Issue Discount Securities will be described in the applicable prospectus supplement.

Non U.S. Currency

If the purchase price of any Debt Securities is payable in a currency other than U.S. dollars or if principal of, or premium, if any, or interest, if any, on any of the Debt Securities is payable in any currency other than U.S. dollars, the specific terms with respect to such Debt Securities and such foreign currency will be specified in the applicable prospectus supplement.

Global Securities

The Debt Securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a “Depository” identified in the prospectus supplement relating to such series. Global Debt Securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing Debt Securities, a Global Debt Security may not be transferred except as a whole:

- by the Depository to a nominee of such Depository;
- by a nominee of such Depository to such Depository or another nominee of such Depository; or
- by such Depository or any such nominee to a successor of such Depository or a nominee of such successor.

The specific terms of the depository arrangement with respect to a series of Global Debt Securities and certain limitations and restrictions relating to a series of Global Bearer Securities will be described in the applicable prospectus supplement.

Redemption and Repurchase

The Debt Securities may be redeemable, in whole or in part, at our option, may be subject to mandatory redemption pursuant to a sinking fund or otherwise, or may be subject to repurchase by Swift at the option of the holders, in each case upon the terms, at the times and at the prices set forth in the applicable prospectus supplement.

Conversion and Exchange

The terms, if any, on which Debt Securities of any series are convertible into or exchangeable for common stock, preferred stock, or other Debt Securities will be set forth in the applicable prospectus supplement. Such terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder, or at our option, the conversion price and the conversion period, and may include provisions pursuant to which the number of shares of our common stock or other securities to be received by the holders of such series of Debt Securities would be subject to adjustment..

Consolidation, Merger and Sale of Assets

Each Indenture generally will permit a consolidation or merger between us and another corporation, if the surviving corporation meets certain limitations and conditions. Subject to those conditions, each Indenture may also permit the sale by us of all or substantially all of our property and assets. If this happens, the remaining or acquiring corporation shall assume all of our responsibilities and liabilities under the Indentures including the payment of all amounts due on the Debt Securities and performance of the covenants in the Indentures.

Table of Contents

We are only permitted to consolidate or merge with or into any other corporation or sell all or substantially all of our assets according to the terms and conditions of the Indentures, as indicated in the applicable prospectus supplement. The remaining or acquiring corporation will be substituted for us in the Indentures with the same effect as if it had been an original party to the Indenture. Thereafter, the successor corporation may exercise our rights and powers under any Indenture, in our name or in its own name. Any act or proceeding required or permitted to be done by our board of directors or any of our officers may be done by the board or officers of the successor corporation.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default, as defined in the Indentures and applicable to Debt Securities issued under such Indentures, typically will occur with respect to the Debt Securities of any series under the Indenture upon:

- default for a period to be specified in the applicable prospectus supplement in payment of any interest with respect to any Debt Security of such series;
- default in payment of principal or any premium with respect to any Debt Security of such series when due upon maturity, redemption, repurchase at the option of the holder or otherwise;
 - default in deposit of any sinking fund payment when due with respect to any Debt Security of such series;
- default by us in the performance, or breach, of any other covenant or warranty in such Indenture, which shall not have been remedied for a period to be specified in the applicable prospectus supplement after notice to us by the applicable Trustee or the holders of not less than a fixed percentage in aggregate principal amount of the Debt Securities of all series issued under the applicable Indenture;
 - certain events of bankruptcy, insolvency or reorganization of Swift; or
- any other Event of Default that may be set forth in the applicable prospectus supplement, including an Event of Default based on other debt being accelerated, known as a “cross-acceleration.”

No Event of Default with respect to any particular series of Debt Securities necessarily constitutes an Event of Default with respect to any other series of Debt Securities. If the Trustee considers it in the interest of the holders to do so, the Trustee under an Indenture may withhold notice of the occurrence of a default with respect to the Debt Securities to the holders of any series outstanding, except a default in payment of principal, premium, if any, interest, if any.

Each Indenture will provide that if an Event of Default with respect to any series of Debt Securities issued thereunder shall have occurred and be continuing, either the relevant Trustee or the holders of at least a fixed percentage in principal amount of the Debt Securities of such series then outstanding may declare the principal amount of all the Debt Securities of such series to be due and payable immediately. In the case of Original Issue Discount Securities, the Trustee may declare as due and payable such lesser amount as may be specified in the applicable prospectus supplement. However, upon certain conditions, such declaration and its consequences may be rescinded and annulled by the holders of at least a fixed percentage in principal amount of the Debt Securities of all series issued under the applicable Indenture.

The applicable prospectus supplement will provide the terms pursuant to which an Event of Default shall result in acceleration of the payment of principal of Subordinated Debt Securities.

In the case of a default in the payment of principal of, or premium, if any, or interest, if any, on any Subordinated Debt Securities of any series, the applicable Trustee, subject to certain limitations and conditions, may institute a judicial proceeding for the collection thereof.

Table of Contents

No holder of any of the Debt Securities of any series will have any right to institute any proceeding with respect to the Indenture or any remedy thereunder, unless the holders of at least a fixed percentage in principal amount of the outstanding Debt Securities of such series:

- have made written request to the Trustee to institute such proceeding as Trustee, and offered reasonable indemnity to the Trustee,
- the Trustee has failed to institute such proceeding within the time period specified in the applicable prospectus supplement after receipt of such notice, and
- the Trustee has not within such period received directions inconsistent with such written request by holders of a majority in principal amount of the outstanding Debt Securities of such series. Such limitations do not apply, however, to a suit instituted by a holder of a Debt Security for the enforcement of the payment of the principal of, premium, if any, or any accrued and unpaid interest on, the Debt Security on or after the respective due dates expressed in the Debt Security.

During the existence of an Event of Default under an Indenture, the Trustee is required to exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the Indenture relating to the duties of the Trustee, if an Event of Default shall occur and be continuing, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders, unless such holders shall have offered to the Trustee reasonable security or indemnity. Subject to certain provisions concerning the rights of the Trustee, the holders of at least a fixed percentage in principal amount of the outstanding Debt Securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any power conferred on the Trustee with respect to such series.

The Indentures provide that the Trustee will, within the time period specified in the applicable prospectus supplement after the occurrence of any default, give to the holders of the Debt Securities of such series notice of such default known to it, unless such default shall have been cured or waived; provided that the Trustee shall be protected in withholding such notice if it determines in good faith that the withholding of such notice is in the interest of such holders, except in the case of a default in payment of principal of or premium, if any, on any Debt Security of such series when due or in the case of any default in the payment of any interest on the Debt Securities of such series.

Swift is required to furnish to the Trustee annually a statement as to compliance with all conditions and covenants under the Indentures.

Modification and Waivers

From time to time, when authorized by resolutions of our board of directors and by the Trustee, without the consent of the holders of Debt Securities of any series, we may amend, waive or supplement the Indentures and the Debt Securities of such series for certain specified purposes, including, among other things:

- to cure ambiguities, defects or inconsistencies;
- to provide for the assumption of our obligations to holders of the Debt Securities of such series in the case of a merger or consolidation;

- to add to our Events of Default or our covenants or to make any change that would provide any additional rights or benefits to the holders of the Debt Securities of such series;
 - to add or change any provisions of such Indenture to facilitate the issuance of Bearer Securities;
 - to establish the form or terms of Debt Securities of any series and any related coupons;

Table of Contents

- to add guarantors with respect to the Debt Securities of such series;
 - to secure the Debt Securities of such series;
- to maintain the qualification of the Indenture under the Trust Indenture Act; or
- to make any change that does not adversely affect the rights of any holder.

Other amendments and modifications of the Indentures or the Debt Securities issued thereunder may be made by Swift and the Trustee with the consent of the holders of not less than a fixed percentage of the aggregate principal amount of the outstanding Debt Securities of each series affected, with each series voting as a separate class; provided that, without the consent of the holder of each outstanding Debt Security affected, no such modification or amendment may:

- reduce the principal amount of, or extend the fixed maturity of the Debt Securities, or alter or waive any redemption, repurchase or sinking fund provisions of the Debt Securities;
- reduce the amount of principal of any Original Issue Discount Securities that would be due and payable upon an acceleration of the maturity thereof;
 - change the currency in which any Debt Securities or any premium or the accrued interest thereon is payable;
- reduce the percentage in principal amount outstanding of Debt Securities of any series which must consent to an amendment, supplement or waiver or consent to take any action under the Indenture or the Debt Securities of such series;
- impair the right to institute suit for the enforcement of any payment on or with respect to the Debt Securities;
 - waive a default in payment with respect to the Debt Securities or any guarantee;
 - reduce the rate or extend the time for payment of interest on the Debt Securities;
 - adversely affect the ranking of the Debt Securities of any series;
- release any guarantor from any of its obligations under its guarantee or the Indenture, except in compliance with the terms of the Indenture; or
- solely in the case of a series of Subordinated Debt Securities, modify any of the applicable subordination provisions or the applicable definition of Senior Indebtedness in a manner adverse to any holders.

The holders of a fixed percentage in aggregate principal amount of the outstanding Debt Securities of any series may waive compliance by us with certain restrictive provisions of the relevant Indenture, including any set forth in the applicable prospectus supplement. The holders of a fixed percentage in aggregate principal amount of the outstanding Debt Securities of any series may, on behalf of the holders of that series, waive any past default under the applicable Indenture with respect to that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on any Debt Securities of such series, or in respect of a covenant or provision which cannot be modified or amended without the consent of a larger fixed percentage of holders or by the holder of each outstanding Debt Securities of the series affected.

Table of Contents

Outstanding Debt Securities

In determining whether the holders of the requisite principal amount of outstanding Debt Securities have given any authorization, demand, direction, notice, consent or waiver under the relevant Indenture, the amount of outstanding Debt Securities will be calculated based on the following:

- the portion of the principal amount of an Original Issue Discount Security that shall be deemed to be outstanding for such purposes shall be that portion of the principal amount thereof that could be declared to be due and payable upon a declaration of acceleration pursuant to the terms of such Original Issue Discount Security as of the date of such determination;
- the principal amount of a Debt Security denominated in a currency other than U.S. dollars shall be the U.S. dollar equivalent, determined on the date of original issue of such Debt Security, of the principal amount of such Debt Security; and
- any Debt Security owned by us or any obligor on such Debt Security or any affiliate of us or such other obligor shall be deemed not to be outstanding.

Discharge, Termination and Covenant Termination

When we establish a series of Debt Securities, we may provide that such series is subject to the termination and discharge provisions of the applicable Indenture. If those provisions are made applicable, we may elect either:

- to terminate and be discharged from all of our obligations with respect to those Debt Securities subject to some limitations; or
- to be released from our obligations to comply with specified covenants relating to those Debt Securities, as described in the applicable prospectus supplement.

To effect that termination or covenant termination, we must irrevocably deposit in trust with the relevant Trustee an amount which, through the payment of principal and interest in accordance with their terms, will provide money sufficient to make payments on those Debt Securities and any mandatory sinking fund or similar payments on those Debt Securities. This deposit may be made in any combination of funds or government obligations. On such a termination, we will not be released from certain of our obligations that will be specified in the applicable prospectus supplement.

To establish such a trust we must deliver to the relevant Trustee an opinion of counsel to the effect that the holders of those Debt Securities

- will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the termination or covenant termination; and
- will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the termination or covenant termination had not occurred.

If we effect covenant termination with respect to any Debt Securities, the amount of deposit with the relevant Trustee must be sufficient to pay amounts due on the Debt Securities at the time of their stated maturity. However, those Debt

Securities may become due and payable prior to their stated maturity if there is an Event of Default with respect to a covenant from which we have not been released. In that event, the amount on deposit may not be sufficient to pay all amounts due on the Debt Securities at the time of the acceleration.

The applicable prospectus supplement may further describe the provisions, if any, permitting termination or covenant termination, including any modifications to the provisions described above.

Governing Law

The Indentures and the Debt Securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustees

The Trust Indenture Act contains limitations on the rights of a trustee, should it become a creditor of ours, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. Each Trustee is permitted to engage in other transactions with us from time to time, provided that if such Trustee acquires any conflicting interest, it must eliminate such conflict upon the occurrence of an Event of Default under the relevant Indenture, or else resign.

Description of capital stock

General

As of the date of this prospectus, we are authorized to issue up to 90,000,000 shares of stock, including up to 85,000,000 shares of common stock and up to 5,000,000 shares of preferred stock. As of December 31, 2008, we had 30,923,267 shares of common stock and no shares of preferred stock outstanding.

The following is a summary of the key terms and provisions of our equity securities. You should refer to the applicable provisions of our articles of incorporation, bylaws, the Texas Business Corporation Act and the documents we have incorporated by reference for a complete statement of the terms and rights of our capital stock.

Common Stock

Voting Rights. Each holder of common stock is entitled to one vote per share. Subject to the rights, if any, of the holders of any series of preferred stock pursuant to applicable law or the provision of the certificate of designation creating that series, all voting rights are vested in the holders of shares of common stock. Holders of shares of common stock have noncumulative voting rights, which means that the holders of more than 50% of the shares voting for the election of directors can elect 100% of the directors, and the holders of the remaining shares voting for the election of directors will not be able to elect any directors.

Dividends. Dividends may be paid to the holders of common stock when, as and if declared by the board of directors out of funds legally available for their payment, subject to the rights of holders of any preferred stock. Swift has never declared a cash dividend and intends to continue its policy of using retained earnings for expansion of its business.

Rights upon Liquidation. In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of common stock will be entitled to share equally, in proportion to the number of shares of common stock held by them, in any of our assets available for distribution after the payment in full of all debts and distributions and after the holders of all series of outstanding preferred stock, if any, have received their liquidation preferences in full.

Non-Assessable. All outstanding shares of common stock are fully paid and non-assessable. Any additional common stock we offer and issue under this Prospectus will also be fully paid and non-assessable.

No Preemptive Rights. Holders of common stock are not entitled to preemptive purchase rights in future offerings of our common stock.

Listing. Our outstanding shares of common stock are listed on the New York Stock Exchange under the symbol "SFY." Any additional common stock we issue will also be listed on the NYSE.

Table of Contents

Preferred Stock

Our board of directors can, without approval of our shareholders, issue one or more series of preferred stock and determine the number of shares of each series and the rights, preferences and limitations of each series. The following description of the terms of the preferred stock sets forth certain general terms and provisions of our authorized preferred stock. If we offer preferred stock, a description will be filed with the SEC and the specific designations and rights will be described in a prospectus supplement, including the following terms:

- the series, the number of shares offered and the liquidation value of the preferred stock;
 - the price at which the preferred stock will be issued;
- the dividend rate, the dates on which the dividends will be payable and other terms relating to the payment of dividends on the preferred stock;
 - the liquidation preference of the preferred stock;
 - the voting rights of the preferred stock;
- whether the preferred stock is redeemable or subject to a sinking fund, and the terms of any such redemption or sinking fund;
- whether the preferred stock is convertible or exchangeable for any other securities, and the terms of any such conversion; and
 - any additional rights, preferences, qualifications, limitations and restrictions of the preferred stock.

The description of the terms of the preferred stock to be set forth in an applicable prospectus supplement will not be complete and will be subject to and qualified in its entirety by reference to the certificate of designation relating to the applicable series of preferred stock. The registration statement of which this prospectus forms a part will include the certificate of designation as an exhibit or incorporate it by reference.

Undesignated preferred stock may enable our board of directors to render more difficult or to discourage an attempt to obtain control of us by means of a tender offer, proxy contest, merger or otherwise, and to thereby protect the continuity of our management. The issuance of shares of preferred stock may adversely affect the rights of the holders of our common stock. For example, any preferred stock issued may rank prior to our common stock as to dividend rights, liquidation preference or both, may have full or limited voting rights and may be convertible into shares of common stock. As a result, the issuance of shares of preferred stock may discourage bids for our common stock or may otherwise adversely affect the market price of our common stock or any existing preferred stock.

Any preferred stock will, when issued, be fully paid and non-assessable.

Anti-takeover Provisions

Certain provisions in our articles of incorporation, bylaws and our shareholders' rights plan may encourage persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts.

Our Classified Board of Directors. Our bylaws provide that our board of directors is divided into three classes as nearly equal in number as possible. The directors of each class are elected for three-year terms, and the terms of the three classes are staggered so that directors from a single class are elected at each annual meeting of stockholders. A staggered board makes it more difficult for shareholders to change the majority of the directors and instead promotes continuity of existing management.

Table of Contents

Our Ability to Issue Preferred Stock. As discussed above, our board of directors can set the voting rights, redemption rights, conversion rights and other rights relating to authorized but unissued shares of preferred stock and could issue that stock in either private or public transactions. Preferred stock could be issued for the purpose of preventing a merger, tender offer or other takeover attempt which the board of directors opposes.

Our Rights Plan. Our board of directors has adopted a stockholders' rights plan. The rights attach to all common stock certificates representing outstanding shares. One right is issued for each share of common stock outstanding. Each right entitles the registered holder, under the circumstances described below, to purchase from us one one-thousandth of a share of our Series A Junior Participating Preferred Stock, a "Series A" share, at a price of \$250.00 per one one-thousandth of a Series A share, subject to adjustment. The dividend and liquidation rights and the non-redemption feature of the Series A shares are designed so that the value of one one-thousandth of a Series A share purchasable upon exercise of each right will approximate the value of one share of common stock. The following is a summary of the terms of the rights plan. You should refer to the applicable provisions of the rights plan which we have incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

The rights will separate from the common stock and right certificates will be distributed to the holders of common stock as of the earlier of:

- 10 business days following a public announcement that a person or group of affiliated persons has acquired beneficial ownership of 15% or more of our outstanding voting shares, or
- 10 business days following the commencement or announcement of an intention to commence a tender offer or exchange offer which would result in a person or group beneficially owning 15% or more of our outstanding voting shares.

The rights are not exercisable until rights certificates are distributed. The rights will expire on December 20, 2016, unless that date is extended or the rights are earlier redeemed or exchanged.

If a person or group (with certain exceptions for investment advisers) acquires 15% or more of our voting shares, each right then outstanding, other than rights beneficially owned by such person or group, becomes a right to buy that number of shares of common stock or other securities or assets having a market value of two times the exercise price of the right. The rights belonging to the acquiring person or group become null and void.

If Swift is acquired in a merger or other business combination, or 50% of its consolidated assets or assets producing more than 50% of its earning power or cash flow are sold, each holder of a right will have the right to receive that number of shares of common stock of the acquiring company which at the time of such transaction has a market value of two times the purchase price of the right.

At any time after a person or group acquires beneficial ownership of 15% or more of our outstanding voting shares and before the earlier of the two events described in the prior paragraph or acquisition by a person or group of beneficial ownership of 50% or more of our outstanding voting shares, our board of directors may, at its option, exchange the rights, other than those owned by such person or group, in whole or in part, at an exchange ratio of one share of common stock or a fractional share of Series A stock or other preferred stock equivalent in value thereto, per right.

The Series A shares issuable upon exercise of the rights will be non-redeemable and rank junior to all other series of our preferred stock. Each whole Series A share will be entitled to receive a quarterly preferential dividend in an amount per share equal to the greater of \$1.00 in cash, or in the aggregate, 1,000 times the dividend declared on the

common stock, subject to adjustment. In the event of liquidation, the holders of Series A share may receive a preferential liquidation payment equal to the greater of \$1,000 per share, or in the aggregate, 1,000 times the payment made on the shares of common stock. In the event of any merger, consolidation or other transaction in which the shares of common stock are

Table of Contents

exchanged for or changed into other stock or securities, cash or other property, each whole Series A share will be entitled to receive 1,000 times the amount received per share of common stock. Each whole Series A share will be entitled to 1,000 votes on all matters submitted to a vote of our stockholders and Series A shares will generally vote together as one class with the common stock and any other capital stock on all matters submitted to a vote of our stockholders.

Prior to the earlier of the date it is determined that right certificates are to be distributed or the expiration date of the rights, our board of directors may redeem all, but not less than all, of the then outstanding rights at a price of \$0.01 per right. Our board of directors in its sole discretion may establish the effective date and other terms and conditions of the redemption. Upon redemption, the ability to exercise the rights will terminate and the holders of rights will only be entitled to receive the redemption price.

As long as the rights are redeemable, we may amend the rights agreement in any manner except to change the redemption price. After the rights are no longer redeemable, we may, except with respect to the redemption price, amend the rights agreement in any manner that does not adversely affect the interests of holders of the rights.

Business Combinations Under Texas Law. Swift is a Texas corporation subject to Part Thirteen of the Texas Business Corporation Act known as the "Business Combination Law." In general, the Business Combination Law prevents an affiliated shareholder, or its affiliates or associates, from entering into a business combination with an issuing public corporation during the three-year period immediately following the date on which the affiliated shareholder became an affiliated shareholder, unless:

- before the date such person became an affiliated shareholder, the board of directors of the issuing public corporation approves the business combination or the acquisition of shares that caused the affiliated shareholder to become an affiliated shareholder; or
- not less than six months after the date such person became an affiliated shareholder, the business combination is approved by the affirmative vote of holders of at least two-thirds of the issuing public corporation's outstanding voting shares not beneficially owned by the affiliated shareholder, or its affiliates or associates.

An affiliated shareholder is a person that is or was within the preceding three-year period the beneficial owner of 20% or more of a corporation's outstanding voting shares. An issuing public corporation includes most publicly held Texas corporations, including Swift. The term business combination includes:

- mergers, share exchanges or conversions involving the affiliated shareholder;
- dispositions of assets involving the affiliated shareholder having an aggregate value of 10% or more of the market value of the assets or of the outstanding common stock or representing 10% or more of the earning power or net income of the corporation;
- issuances or transfers of securities by the corporation to the affiliated shareholder other than on a pro rata basis;
- plans or agreements relating to a liquidation or dissolution of the corporation involving an affiliated shareholder;
- reclassifications, recapitalizations, distributions or other transactions that would have the effect of increasing the affiliated shareholder's percentage ownership of the corporation; and
- the receipt of tax, guarantee, loan or other financial benefits by an affiliated shareholder other than proportionately as a shareholder of the corporation.

Description of depositary shares

We may offer preferred stock represented by depositary shares and issue depositary receipts evidencing the depositary shares. Each depositary share will represent a fraction of a share of preferred stock. Shares of preferred stock of each class or series represented by depositary shares will be deposited under a separate deposit agreement among us, a bank or trust company acting as the “Depository” and the holders of the depositary receipts. Subject to the terms of the deposit agreement, each owner of a depositary receipt will be entitled, in proportion to the fraction of a share of preferred stock represented by the depositary shares evidenced by the depositary receipt, to all the rights and preferences of the preferred stock represented by such depositary shares. Those rights include any dividend, voting, conversion, redemption and liquidation rights. Immediately following the issuance and delivery of the preferred stock to the Depository, we will cause the Depository to issue the depositary receipts on our behalf.

If depositary shares are offered, the applicable prospectus supplement will describe the terms of such depositary shares, the deposit agreement and, if applicable, the depositary receipts, including the following, where applicable:

- the payment of dividends or other cash distributions to the holders of depositary receipts when such dividends or other cash distributions are made with respect to the preferred stock;
- the voting by a holder of depositary shares of the preferred stock underlying such depositary shares at any meeting called for such purpose;
- if applicable, the redemption of depositary shares upon a redemption by us of shares of preferred stock held by the Depository;
- if applicable, the exchange of depositary shares upon an exchange by us of shares of preferred stock held by the Depository for debt securities or common stock;
- if applicable, the conversion of the shares of preferred stock underlying the depositary shares into shares of our common stock, other shares of our preferred stock or our debt securities;
 - the terms upon which the deposit agreement may be amended and terminated;
 - a summary of the fees to be paid by us to the Depository;
 - the terms upon which a Depository may resign or be removed by us; and
- any other terms of the depositary shares, the deposit agreement and the depositary receipts.

If a holder of depositary receipts surrenders the depositary receipts at the corporate trust office of the Depository, unless the related depositary shares have previously been called for redemption, converted or exchanged into other securities of Swift, the holder will be entitled to receive at this office the number of shares of preferred stock and any money or other property represented by such depositary shares. Holders of depositary receipts will be entitled to receive whole and, to the extent provided by the applicable prospectus supplement, fractional shares of the preferred stock on the basis of the proportion of preferred stock represented by each depositary share as specified in the applicable prospectus supplement. Holders of shares of preferred stock received in exchange for depositary shares will no longer be entitled to receive depositary shares in exchange for shares of preferred stock. If the holder delivers depositary receipts evidencing a number of depositary shares that is more than the number of depositary shares representing the number of shares of preferred stock to be withdrawn, the Depository will issue the holder a new depositary receipt evidencing such excess number of depositary shares at the same time.

Prospective purchasers of depositary shares should be aware that special tax, accounting and other considerations may be applicable to instruments such as depositary shares.

After the close of business on the expiration date of the warrant, unexercised warrants will become void. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers from certain specified institutions to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject to any conditions set forth in the prospectus supplement and the prospectus supplement will set forth the commission payable for solicitation of such contracts. The underwriters and other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

Underwriters, dealers and agents may be entitled under agreements entered into with us to be indemnified by us against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribution by Swift to payments which they may be required to make. The terms and conditions of such indemnification will be described in an applicable prospectus supplement. Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business.

Each class or series of securities, if any, will be a new issue of securities with no established trading market, other than the common stock, which is listed on the New York Stock Exchange. We may elect to list any other class or series of securities on any exchange, other than the common stock, but we are not obligated to do so. Any underwriters to whom securities are sold by us for public offering and sale may make a market in such securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any securities.

Certain persons participating in any offering of securities may engage in transactions that stabilize, maintain or otherwise affect the price of the securities offered. In connection with any such offering, the underwriters or agents, as the case may be, may purchase and sell securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market price of the securities; and syndicate short positions involve the sale by the underwriters or agents, as the case may be, of a greater number of securities than they are required to purchase from us, as the case may be, in the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the securities sold for their account may be reclaimed by the syndicate if such securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market, and if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise. These activities will be described in more detail in the sections entitled "Plan of Distribution" or "Underwriting" in the applicable prospectus supplement.

Item 15. Indemnification of Officers and Directors

The Company has the authority under Articles 2.02(A)(16) and 2.02-1 of the Texas Business Corporation Act to indemnify its directors and officers to the extent provided for in such statute. Swift's Bylaws provide for indemnification of its officers, directors and employees to the fullest extent permitted by Article 2.02-1 of the Texas Business Corporation Act. With shareholder approval, Swift amended its Articles of Incorporation to confirm that Swift has the power to indemnify certain persons in such circumstances as are provided in its Bylaws. The amendment allows Swift to enter into additional insurance and indemnity arrangements at the discretion of Swift's board of directors. Swift has also entered into individual indemnification agreements with each of its officers and directors. These agreements indemnify such officers and directors to the fullest extent permitted by law against risks of claims and actions against them arising out of their service to and activities on behalf of the Company..

Article 1302-7.06(B) of the Texas Miscellaneous Corporation Laws Act provides that a corporation's articles of incorporation may provide for the elimination or limitation of a director's liability. Swift's Articles of Incorporation eliminate the liability of directors to the corporation or its shareholders for monetary damages for an act or omission in his capacity as a director, with certain specified exceptions to Swift and its shareholders to the fullest extent permitted by Article 1302-7.06(B)(1-4) of the Texas Miscellaneous Corporation Laws Act.

We also maintain insurance to cover amounts that we may be required to pay officers and directors under the indemnity provisions described above and coverage for its officers and directors against certain liabilities, including certain liabilities under the federal securities law.

Item 17. Undertakings

(a) Each undersigned registrant hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by registrants pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the

initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede

or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, each registrant undertakes that in a primary offering of securities of a registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the registrant or its securities provided by or on behalf of the registrant; and

(iv) Any other communication that is an offer in the offering made by the registrant to the purchaser.

(b) Each undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Each undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that registrant will, unless in the opinion of its counsel the has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(e) Each undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under Section 305(b) 2 of the Act.
