Item 1.01

Entry into a Material Definitive Agreement.

On June 25, 2013, Monmouth Real Estate Investment Corporation (MREIC or the Company) entered into an agreement to renew and expanded its \$20 million unsecured revolving credit facility, which was set to mature on June 30, 2013. The renewed facility (the Facility) is syndicated with two banks led by Capital One, National Association (Capital One) as joint lead arranger, administrative agent and sole bookrunner, and includes Bank of Montreal (BMO) as joint lead arranger and documentation agent. The renewed Facility has been increased to \$40 million with an accordion feature up to \$60 million, subject to the obtaining of additional commitments. The renewed Facility matures June 2016, has a one-year extension option, and borrowings under the Facility will bear interest at LIBOR plus 175 basis points to 250 basis points depending on the company's leverage ratio. Borrowings under the Facility will bear interest at LIBOR plus 185 basis points based on the company's current leverage ratio. The previous \$20 million facility did not have an extension option and borrowings bore interest at LIBOR plus 200 basis points to 250 basis points depending on the amount drawn down on the facility

In addition, the Company will pay a commitment fee on the average daily unadvanced portion of the total amount committed under the Facility at a rate of 0.25% per annum, if average daily borrowings under the Facility are equal to or greater than 50% of the commitment then in effect, or 0.35% per annum, if average daily borrowings under the Facility are less than 50% of the commitment then in effect, which fee will be payable quarterly based on outstanding borrowings during the applicable quarter.

The Facility contains representations and financial and other affirmative and negative covenants usual and customary for this type of agreement. During the term of the Facility, the Company must satisfy certain financial covenants as described in the Credit Agreement, including: (1) Total Indebtedness may not be more than 60% of Total Asset Value; (2) Debt Service Coverage Ratio must be at least 1.25X of Net Operating Income (NOI) to Actual Debt Service; (3) Corporate Debt Yield must be at least 11% of NOI to Total Debt; and (4) Tangible Net Worth must be at least \$255 million plus 75% of the aggregate net proceeds in connection with any future equity offerings.

The Facility includes usual and customary events of default and remedies for facilities of this nature (with customary notice, grace and cure periods, as applicable) and provides that if an event of default is continuing, payment of the principal amount of all borrowings and all other outstanding amounts payable under the Credit Agreement may be accelerated and/or the lenders' commitments may be terminated. In addition, upon the occurrence of certain insolvency or bankruptcy-related events of default, all borrowings and all other outstanding amounts under the Credit Agreement will automatically become immediately due and payable and the lenders' commitments will automatically terminate.

The description of the Facility is qualified by reference to the complete Credit Agreement that is attached hereto as Exhibit 10.1 and is incorporated herein by reference. A copy of the press release announcing the above transaction is attached as Exhibit 99.1 hereto and incorporated herein by reference.
