The Annual Meeting of Shareholders (the "Meeting") of PAR Technology Corporation, a Delaware corporation (the "Company") is scheduled to be held at one of our customer locations, the New York Palace Hotel; 455 Madison Avenue; New York, New York 10022 (see map on back cover) on Thursday, June 7, 2012, at 1:00 PM, local time, for the following purposes:

The Board of Directors set April 19, 2012 as the record date for the Annual Meeting. This means that owners of the Company's Common Stock at the close of business on April 19, 2012 are entitled to receive this notice and to vote at the Annual Meeting or any adjournments or postponements of the meeting. A list of shareholders as of the close of business on April 19, 2012 will be made available for inspection by any shareholder, for any purpose relating to the Meeting, during normal business hours at our principal executive offices, PAR Technology Park; 8383 Seneca Turnpike; New Hartford, New York 13413, beginning ten (10) days prior to the Meeting. PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors of PAR Technology Corporation (the “Board”), a Delaware corporation (the “Company”) for use at the Annual Meeting of Shareholders (the “Annual Meeting” or “Meeting”) to be held at 1:00 PM, local time, on Thursday, June 7, 2012, at the New York Palace Hotel; 455 Madison Avenue, New York, New York 10022, and at any postponement or adjournment of the Meeting. The approximate date on which this Proxy Statement and the accompanying form of proxy are first being sent or given to shareholders is April 26, 2012.

Purpose of Meeting

At the Meeting the Shareholders will be asked to consider and vote on the following matters:

1. To elect one (1) Director for a term of office to expire at the 2015 Annual Meeting of Shareholders;
2. To ratify the action of the Board of Directors amending the PAR Technology Corporation 2005 Equity Incentive Plan (“the Plan”) to reserve an additional 1,250,000 shares of the Company’s common stock for issuance under the Plan;
3. To transact such other business as may properly come before the Meeting or any adjournments or postponements of the Meeting.

Each of the proposals are described in more detail in this Proxy Statement.

Record Date, Voting Rights, Methods of Voting

Only shareholders of record at the close of business on April 19, 2012 will be entitled to notice of and to vote at the Meeting or any postponements or adjournments of the Meeting. As of that date, there were 15,210,084 shares of the Company's Common Stock, par value \$0.02 per share (the “Common Stock”) outstanding and entitled to vote. Treasury shares are not voted. The holders of shares representing 7,605,043 votes, represented in person or by proxy, shall constitute a quorum to conduct business.

As a result of recent amendments to New York Stock Exchange Rules, broker discretionary voting (voting without specific instruction from the shareholder) has been eliminated in connection with uncontested election of directors and corporate governance matters supported by management. As a result, every shareholder is encouraged to participate in voting.

The Company has also been advised that many states are strictly enforcing escheatment laws and requiring shares held in “inactive” accounts to escheat to the state in which the shareholder was last known to reside. One way shareholders can ensure their account is active is to vote their shares.

Each share of Common Stock entitles the shareholder to one vote on all matters to come before the Meeting including the election of the Directors. Shareholders may vote in person or by proxy. Shareholders of record can vote by telephone, on the internet, by mail or by attending the Meeting and voting by ballot. If you are a beneficial shareholder, please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to identify which options are available to you. If you take advantage of telephone or internet voting, you do not need to return your proxy card. Telephone and internet voting facilities for shareholders of record will be available 24 hours a day, and will close at Midnight on June 6, 2012.

A shareholder’s right to attend the Meeting and vote in person will not in any way affected by the method by which the shareholder has voted. The last vote of the shareholder is controlling. If shares are held in the name of a bank, broker or other holder of record, the shareholder must obtain a proxy, executed in their favor, from the holder of record to be able to vote at the Meeting. All shares that have been properly voted and not revoked will be voted at the Annual Meeting. When proxies are returned properly executed, the shares represented by the proxies will be voted in accordance with the directions of the shareholder. In those instances where proxy cards are signed and returned, but fail to specify the shareholder’s voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. The proxy solicited hereby may be revoked at any time prior to its exercise by: (i) executing and returning to the address set forth above a proxy bearing a later date; (ii) voting on a later date via telephone or internet; (iii) giving written notice of revocation to the Secretary of the Company at the address set forth above; or (iv) attending the Meeting, withdrawing the proxy and voting in person.

Voting

A shareholder may, with respect to the election of the Director: (i) vote “FOR” the nominee named herein, or (ii) “WITHHOLD AUTHORITY” to vote for such nominee. The election of the Director requires a plurality of the votes cast. Accordingly, withholding authority to vote for the Director nominee will not prevent the nominee from being elected.

A Shareholder may, with respect to the ratification of the amendment of the PAR Technology Corporation 2005 Equity Incentive Plan to reserve an additional 1,250,000 shares of the Company’s common stock for issuance under the Plan: (i) vote “FOR”, (ii) vote “AGAINST” or (iii) “ABSTAIN” from voting. A majority of the votes cast by the holders of shares of capital stock present or represented by proxy and entitled to vote thereon (a quorum being present) is required to ratify the amendment of the 2005 Equity Incentive Plan. A vote to abstain from voting on this proposal has the legal effect of a vote against the matter.

Electronic Access to Proxy Materials and Annual Report

This Proxy Statement and the Company’s Annual Report to its shareholders for the year ended December 31, 2011, including audited consolidated financial statements are available on the Company’s Web site at www.partech.com/investors/proxy.

Proxy Solicitation Costs

In addition to the use of the mail service, directors, officers, employees and certain stockholders of the Company, none of whom will receive additional compensation for doing so, may solicit proxies on behalf of the Company personally, by telephone or by other electronic means. The Company will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial

owners of shares of the Company's Common Stock.

Proposal 1: Election of Director

As required by the Company's Certificate of Incorporation, the members of the Board of Directors (the "Board") are divided into three (3) classes with approximately one-third of the Board standing for election at each Annual Meeting. The Directors are elected for a three-year term of office, and hold office until their respective successors have been duly elected and qualified or until their resignation or removal, if earlier. In 2009, there were two (2) Class II Directors elected to hold office until the 2012 Annual Meeting of Shareholders. In July, 2011, Director Charles A. Constantino, a Class III director, retired from the Board of Directors and in March, 2012, Director Dr. Paul D. Nielsen indicated to the Board his intent not to stand for re-election and to retire from the Board at the expiration of his term on June 7, 2012. Pursuant to their powers under the Company's By-Laws, in March, 2012 the Board decreased the number of directors on the Board from seven to five. Therefore, at this Meeting, one (1) Director will be elected for a three-year term expiring at the Annual Meeting held in 2015. The nominee of the Board of Directors for the Class II Director position, Sangwoo Ahn, is currently a member of the Board, has been nominated for election by the Board upon recommendation of the Nominating and Corporate Governance Committee and has consented to stand for election. A brief biography for Mr. Ahn is provided at the bottom of this page.

The Board has no reason to believe that Mr. Ahn will be unable or unwilling to serve if elected. In the event Mr. Ahn shall become unwilling or unable to accept nomination or election as a Director, it is intended that such shares will be voted, by the persons named in the enclosed proxy, for the election of a substitute nominee selected by the Board.

The Board of Directors unanimously recommends a vote FOR the proposal to elect Mr. Ahn. Unless a contrary direction is indicated, shares represented by valid proxies that are not marked so as to withhold authority to vote for the nominee, will be voted FOR the election of the nominee.

DIRECTORS AND CORPORATE GOVERNANCE

Kevin R. Jost. Mr. Jost is a member of the Board of Directors of Furmanite Corporation, a position to which he was appointed in March 2010. Mr. Jost is the former President (retiring in 2008) of Honeywell Imaging and Mobility (formerly Hand Held Products, Inc.), a global supplier of data collection and management solutions for in-premises, mobile and transaction processing applications. Publicly traded Vicor designs, develops, manufactures and markets modular power components and complete power systems primarily for the communications, information technology, industrial control and military electronics markets. From March 2007 until joining Vicor in April 2008, Mr. Simms served as a Managing Director of Needham & Company, LLC, an investment banking firm and registered broker-dealer. From November 2004 to March 2007, he served in a senior executive role with Janney Montgomery Scott LLC, a wholly owned subsidiary of The Penn Mutual Life Insurance Company. Mr. Simms contributes his financial background as well as his experience in strategic planning and oversight. Mr. Simms is a member of Class I of the Company's Board and has been a Director of the Company since October 2001.

Dr. John W. Sammon. Dr. Sammon is the founder of the Company and served as the Company's Chief Executive Officer, President and Chairman of the Board until he was succeeded by Mr. Domorski in April 2011. The extensive experience gained as leader of the Company since its inception, as well as from the various senior executive capacities he has held with the Company's subsidiaries, gives Dr. Sammon an in depth understanding of the Company's business and its customers. Dr. Sammon also brings to the board his extensive leadership experience, strategic planning and broad organizational development expertise. In April, 2011, Dr. Sammon was named Chairman Emeritus of the Board. Dr. Sammon is a member of Class III of the Company's Board and has been a Director of the Company since 1968.

CORPORATE GOVERNANCE

As provided by the By-Laws of the Company and the laws of the State of Delaware, the state of incorporation, the business of the Company is under the general direction of the Board. As of the mailing of this statement the Board is comprised of six members: five non-management directors and one management director. In March, 2012 the Board exercised its authority pursuant to the Company's By-Laws to reduce the number of the Board to five effective as of the date of the 2012 Annual Shareholder Meeting.

Director Independence. The Board of Directors has affirmatively determined that four of the non-management directors (Directors Ahn, Jost, Nielsen and Simms) are "independent" under the listing standards of the New York Stock Exchange ("NYSE"), the Company's Standards of Independence and pursuant to the Company's Corporate Governance Guidelines. In order to assist the Board in making this determination, the Board has adopted standards of independence as part of the Company's Corporate Governance Guidelines which are available on the Company's website at http://www.partech.com/wp-content/uploads/2012/01/PAR_Corp_Gov_Guidelines.pdf. These standards identify, among other things, material business, charitable and other relationships that could interfere with a director's ability to exercise independent judgment. During 2011, there were no transactions, relationships or arrangements with Directors Ahn, Jost, Nielsen or Simms or any entity with which they are affiliated. There are no family relationships between any of these directors, and any of the Company's executive officers ("Executive Officers"). The Executive Officers serve at the discretion of the Board.

Board Meetings and Attendance. In 2011, the Board held twenty-two (22) meetings and the standing Committees of the Board held a total of seventeen (17) meetings. Each member of the Board attended at least 75% of the aggregate of all meetings of the Board and the committees on which they served. It is the Company's policy to encourage Directors to attend the Annual Meeting but such attendance is not required. Last year, one member of the Board attended the Annual Meeting.

Board Leadership Structure. Mr. Domorski succeeded Dr. Sammon as the Company's Chief Executive Officer ("CEO") and Chairman of the Board as of April 25, 2011. In addition, the independent Directors have designated, Director Sangwoo Ahn, as the independent lead or Presiding Director with broad authority and responsibility. The Presiding Director, Sangwoo Ahn, presides at regularly scheduled executive sessions of the independent directors of the Company. Director Ahn chairs and has the authority to call and schedule executive sessions and communicates with the Chairman to provide feedback and recommendations of the independent Directors. The independent directors met in executive session without any management directors or employees present twelve (12) times during 2011. Director Ahn is also Chairman of the Audit Committee of the Board and a member of the Executive Committee, Compensation Committee and Nominating and Corporate Governance Committee. The independent Directors believe the Company's current model of combined CEO and Chairman in conjunction with the Presiding Director position is the appropriate leadership structure for the Company at this time as it allows one person to lead the Company and the Board, while also providing for effective oversight by an independent Presiding Director. The model of combined CEO and Chairman has served our shareholders well through numerous economic cycles as it provides for an effective means to focus the independent Directors' attention on the issues of greatest importance to the Company and its shareholders. The strength of the Company's independent Directors coupled with its corporate governance policies and practices minimizes the potential conflicts that may result from the Company's current model of the combined CEO and Chairman.

Board Oversight of Risk Management. The Company views oversight of risk management as a responsibility of the Board of Directors. Throughout the year, the Board dedicates a portion of its meetings to review and discuss specific risk topics in detail. In addition, at least twice each year the Board holds a comprehensive review with the management of each business segment during which the respective leaders of the Company's business units present to and discuss with the Board the strategic and operational risks facing the management team with Board follow up as

appropriate. The Audit Committee oversees the Company's risk policies and processes relating to the financial statements and financial reporting processes, including internal controls over financial reporting. The Audit Committee meets regularly with the Company's Internal Audit function, independent public accounting firm and management regarding these matters and the effectiveness of such controls and processes. The Audit Committee regularly reports on such matters to the full Board.

Committees. The Board has four (4) standing committees: Executive, Audit, Compensation, and Nominating and Corporate Governance. Pursuant to the Company's By-Laws the Board may designate members of the Board to constitute such other committees as the Board may determine to be appropriate. Commencing in May, 2011, the Board reconstituted the Executive Committee and designated all of the Company's independent Directors to constitute the Audit, Compensation, and Nominating and Corporate Governance committees. The members of each of the four standing committees and the number of meetings held by each committee in 2011 are set forth in the following table.

Name	Executive (Prior to May 3, 2011)	Executive (As of May 3, 2011)	Audit	Compensation	Nominating and Corporate Governance
Mr. Ahn	X	Chair	Chair	X	X
Mr. Constantino	X				
Mr. Jost		X	X	Chair	X
Dr. Nielsen			X	X	X
Dr. Sammon	Chair	X			
Mr. Simms			X	X	Chair
2011 Meetings	1	0	7	8	1

Audit Committee. Pursuant to its charter, the Audit Committee assists the Board in oversight of management's conduct and representations of the Company's financial reporting processes, systems of internal control, the audit process, and the Company's processes for monitoring compliance with laws and regulations and the Company's code of ethics and conduct. As required by the New York Stock Exchange ("NYSE") and the committee charter, the Audit Committee consists of a minimum of three members, each of whom has been determined by the Board to meet the independence standards adopted by the Board. Since May, 2011, the Audit Committee consisted of four members. The standards adopted by the Board incorporate the independence requirements of the NYSE Corporate Governance Standards and the independence requirements set forth by the Securities and Exchange Commission ("SEC"). The Board has determined the members of the Audit Committee are "independent" as this term is defined by the NYSE in its listing standards and meet SEC standards for independence of audit committee members and that no member of the Audit Committee has a material relationship with the Company that would render that member not to be "independent". While the Charter requires all members of the Committee to be financially literate at the time of their appointment to the Committee or within a reasonable time thereafter, the Board has determined that Sangwoo Ahn is an "audit committee financial expert" as defined by the SEC. The number of meetings of the Audit Committee indicated in the table above includes meetings held separately with management, the Company's internal auditors and the independent registered public accounting firm and separate Executive Sessions with only independent Directors present. The Report of the Audit Committee begins on page 9 of this Proxy Statement.

Compensation Committee. In accordance with its charter and the requirements of the NYSE, the Compensation Committee is comprised of a minimum of three directors. Since May, 2011, the Compensation Committee has consisted of four members. The Board has determined that each of the members of this committee has met the independence standards adopted by the Board which incorporate the independence requirements under the NYSE listing standards. Meeting as needed, but no less than once per year, the Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer, evaluates performance in light of those goals and objectives and determines and approves the compensation level (including any long term compensation components) and benefits based on this evaluation. In addition, the recommendations of the Chief Executive Officer regarding the compensation, benefits, stock grants, stock options and incentive plans for all Executive Officers of the Company are subject to the review and approval of the Compensation Committee. The Compensation Committee also reviews and makes recommendations to the Board regarding the level and form of compensation for non-employee Directors in connection with service on the Board and its committees.

Nominating and Corporate Governance Committee. Pursuant to its charter and NYSE listing standards, the Nominating and Corporate Governance Committee is composed of a minimum of three independent directors. As was the case with the Audit and Compensation Committees, discussed above, since May, 2011, the Nominating and Corporate Governance Committee has been comprised of the four independent directors of the Board. The Nominating and Corporate Governance Committee assists the Board in meeting its responsibilities in connection with the identification and recommendation of qualified nominees for election to the Board; developing and recommending to the Board a set of corporate governance principles which comprise the Corporate Governance Guidelines; adopting a corporate code of ethics and conduct embodied in the Company's Code of Business Conduct and Ethics; and monitoring the compliance with, and periodically reviewing and making recommendations to the Board regarding the Company's governing principles and Code of Business Conduct and Ethics. The Board has determined that each of the members of this committee has met the independence standards adopted by the Board which incorporate the independence requirements under the NYSE listing standards.

Special Committee. At the March 16, 2011, meeting of the Board, Dr. Sammon, at that time Chairman of the Board and Chief Executive Officer, informed the Board of his intention to make a formal proposal to acquire at least approximately 80% of the equity of PAR Logistics Management Systems Corporation ("LMS"), a wholly-owned subsidiary of the Company. Acknowledging the considerable conflict of interest involved and the "fair dealing and fair price" requirements of Delaware General Corporation Law associated with insider transactions, as well as prior assessment and discussion by the Board of the possibility of divesting LMS, the Board, by unanimous vote, established a Special Committee, consisting solely of independent Directors Ahn, Jost, Nielsen and Simms. Mr. Simms was elected Chairman of the Special Committee. Also by unanimous vote, the Board authorized (a) the Special Committee to consider, accept, reject and/or negotiate the terms of a transaction involving LMS deemed (i) appropriate and consistent with the strategy of the Company, (ii) reflecting both fair dealing and fair price, and (iii) in the best interest of the Company and its stockholders, (b) the Special Committee to take such further steps or actions the Special Committee determined advisable and in the best interest of the Company and its stockholders, including the retention of counsel and financial advisors, and (c) the Company to indemnify the Directors serving on the Special Committee to the maximum extent allowed by applicable Delaware law on a current basis and to pay for any losses, costs or expenses such Director might incur as a direct result of any lawful actions taken or decisions made by the Special Committee. The Board unanimously voted to compensate the Directors serving on the Special Committee, reflecting the time commitment, effort and risk associated with their undertakings, on the following basis: \$30,000 for Mr. Simms, in his capacity as Chairman of the Special Committee, and \$15,000 for each of Directors Ahn, Jost and Nielsen.

The Special Committee established and maintained a system of regular, frequent communications among themselves, counsel to the Special Committee, financial advisors to the Special Committee, and the Board (outside of formal meetings of the Board) to discuss and report on the undertakings of the Special Committee. Such communications, either in-person meetings or conference calls, occurred from March 2011 through December 2011.

Committee Charters. Each of the Audit, Compensation, and Nominating and Corporate Governance Committees operate under a written charter approved by the Board. The charter is reviewed regularly by the respective committees which may recommend appropriate changes for approval by the Board. A copy of the Audit Committee Charter is attached as Appendix A to this Proxy Statement. Copies of the charters for the Audit, Compensation, and Nominating and Corporate Governance Committees are posted on the Company's website and a printed copy of these documents may be obtained without charge by written request. Requests can be made via the internet or by mail. The respective website and address for making such requests for printed copies of these and other available documents may be found under the heading "Available Information" on page 23 of this Proxy Statement.

Presiding Director and Executive Sessions. The independent directors have chosen Director Ahn to preside at regularly scheduled executive sessions of the independent directors of the Company. Among his duties and responsibilities as Presiding Director, Director Ahn chairs and has the authority to call and schedule executive sessions and communicates with the Chairman to provide feedback and recommendations of the independent Directors. The independent directors met in executive session with only independent directors being present a total of twelve (12) times during 2011.

Communication with the Board. Interested parties may send written communication to the Board of Directors as a group, the independent directors as a group, the Presiding Director of executive sessions of independent directors, or to any individual director by sending the communication c/o Gregory T. Cortese, Secretary; PAR Technology Corporation; PAR Technology Park; 8383 Seneca Turnpike, New Hartford, NY 13413. Upon receipt, the communication will be relayed to the Chairman, if it is addressed to the Board as a whole; to Director Ahn, if it is addressed to the Presiding Director of executive sessions of the independent directors or to the independent directors as a group, or to the individual Director, if the communication is addressed to an individual Director. All communications regarding accounting, internal controls and audits will be referred to the Audit Committee. Interested parties may communicate anonymously if they so desire.

Director Nomination Process. The Nominating and Corporate Governance Committee reviews possible candidates for the Board of Directors and recommends the nominees for directors to the full Board for approval. The Nominating and Corporate Governance Committee considers potential candidates from many sources including shareholders, current Directors, company officers, employees, and others. On occasion, the services of a third party executive search firm are used to assist in identifying and evaluating possible nominees for director. Shareholder recommendations for possible candidates for the Board should be sent to: Nominating and Corporate Governance Committee; c/o Gregory T. Cortese, Secretary; PAR Technology Corporation; PAR Technology Park; 8383 Seneca Turnpike; New Hartford, NY 13413. Regardless of the source of the recommendation, the Nominating and Corporate Governance Committee screens all potential candidates in the same manner. In identifying and considering candidates for nomination to the Board, the Committee considers the requirements set out in the Nominating and Corporate Governance Committee Charter. The criteria includes specific traits, abilities and experience that are considered in light of the Company's businesses and structure when identifying and evaluating potential nominees for election to the Board, including:

- the highest character and integrity with a record of substantial achievement;
- demonstrated ability to exercise sound judgment generally based on broad experience;
- active and former business leaders with accomplishments demonstrating special expertise;
 - skills compatible with the Company's business objectives; and
- diversity reflecting a variety of personal and professional experience and background.

In addition to the non-exhaustive criteria set forth in the Nominating and Corporate Governance Committee Charter, the Committee also considers the requirements set forth in the Company's Corporate Governance Guidelines, as well as the quality of experience, the needs of the Company and the range of talent and experience represented on the Board. When considering a candidate, the Committee will determine whether requesting additional information or an interview is appropriate. The minimum qualifications and specific qualities and skills required for directors are set forth in the Company's Corporate Governance Guidelines and Nominating and Corporate Governance Committee Charter. The Company's Corporate Governance Guidelines and the Nominating and Corporate Governance Committee Charter are posted on the Company's website and a printed copy of both documents may be obtained without charge by written request. The website and address to send such requests may be found under the heading

“Available Information” on page 23 of this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The information contained in the following report is subject to the disclaimer regarding "filed" information and incorporation by reference contained on page 22 of this Proxy Statement.

Reporting to the Board of Directors and acting on its behalf, the Audit Committee acts on behalf of the Board to provide oversight of the Company's financial management, independent registered public accounting firm, KPMG LLP ("KPMG") and financial reporting process. The responsibility for establishing and maintaining adequate internal financial controls, preparing the Company's consolidated financial statements in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") and the financial reporting process rests with the Company's management. As the Company's independent registered public accounting firm, KPMG is responsible for auditing the Company's consolidated financial statements and providing an opinion as to whether the Company's consolidated financial statements fairly present, in all material respects, the consolidated financial position, results of operations and cash flows of the Company in conformity with U.S. GAAP.

In the context of the above, the Audit Committee has reviewed, met and discussed with management, KPMG and the Company's internal audit function ("Internal Audit") the audited consolidated financial statements in the Annual Report for the year ended December 31, 2011 (including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements); and management's assessment of the effectiveness of the Company's internal control over financial reporting. Management represented to the Audit Committee that the Company's consolidated financial statements as of and for the fiscal year ended December 31, 2011 were prepared in accordance with U.S. GAAP. In addition, the Audit Committee has held private sessions regarding these matters with the Company's Chief Financial Officer, Internal Audit and KPMG.

Internal Audit and KPMG have unrestricted access to the Audit Committee. Throughout the year the Audit Committee met and discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits, the results of their examinations, and their assessment of the overall quality of the Company's financial reporting. In addition, the Audit Committee met and discussed with Internal Audit, their evaluations of the Company's internal controls. These meetings were held both with and without Company management present. The Audit Committee met seven times during 2011 with all members of the committee being present at all meetings held.

KPMG has provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors and the Audit Committee has discussed with KPMG the matters in those written disclosures and KPMG's independence from the Company and its management. The Audit Committee has reviewed, met and discussed with KPMG such other matters as are required to be discussed with the Committee by applicable Auditing Standards as periodically amended (including significant accounting policies, alternative accounting treatments and estimates, judgments and uncertainties).

The Audit Committee considered and pre-approved any non-audit services provided by KPMG and the fees and costs billed and expected to be billed by the Firm for those services. The Audit Committee also considered whether the non-audit services provided by KPMG are compatible with maintaining auditor independence. In reliance on the reviews and discussions with the Company's management and KPMG, the Committee is satisfied that non-audit services provided to the Company by KPMG are compatible with and did not impair the independence of KPMG. A breakdown of the fees and costs paid to KPMG during 2011 and 2010 is provided below in this Proxy Statement under the heading, "Principal Accounting Fees and Services". In reliance on the reviews and discussions with both management and KPMG referred to above, the Audit Committee recommended to the Board on March 26, 2012, and the Board approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the Securities and Exchange Commission.

This report is provided by the following independent directors, who comprise the Audit Committee.

Sangwoo Ahn (Chairman)	Dr. Paul D. Nielsen	Kevin R. Jost	James A. Simms
---------------------------	---------------------	---------------	----------------

Principal Accounting Fees and Services

The following table presents fees paid by the Company for professional services by KPMG during the years ended December 31, 2011 and December 31, 2010.

Type of Fees	2011	2010
Audit Fees	\$ 546,000	\$ 437,000
Audit-Related Fees	\$ 150,000	0
Tax Fees	\$ 8,000	\$ 12,000
All Other Fees	0	0
Total:	\$ 704,000	\$ 449,000

In accordance with the SEC's rules and definitions, the categories of fees in the above table are defined as follows:

Audit Fees are fees for professional services rendered for the audit of the Company's consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements.

Audit-Related Fees are fees in connection with the audit of the Company's logistics management business pursuant to the Asset Purchase and Sale Agreement with ORBCOMM Inc. dated December 23, 2011.

Tax Fees are fees for professional services for federal, state and international tax compliance, tax advice and tax planning.

All Other Fees are for any services not included in the first three categories.

Consistent with SEC policies regarding auditor independence, the Audit Committee has established a policy to pre-approve all auditing services and permitted non-audit services, including the fees and terms thereof, performed by the independent registered public accounting firm. The Audit Committee has concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of the Company's independent registered public accounting firm.

One or more representatives of KPMG are expected to be in attendance at the Annual Shareholder Meeting, where they will have the opportunity to make a statement if they so desire, and will be available to answer appropriate questions.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overall Compensation Philosophy, Objectives and Policy

Philosophy. The Company's Named Executive Officer compensation philosophy is to create long-term value for our shareholders. To achieve this philosophy, we have designed and implemented our compensation programs for Named Executive Officers to reward them for operating performance, leadership, align their interests with shareholders and encourage them to remain with the Company.

Objectives. The Company's compensation objectives are to:

- Ensure the alignment of compensation with the performance objectives of each of our employees, including Named Executive Officers;
- Reward performance and behaviors that reinforce the values of leadership, integrity, accountability, teamwork, innovation and quality; and
- Achieve the Company's overall performance goals.
- Ensure alignment with management and shareholder interests.

Compensation Policy. The Compensation Committee designs compensation programs for Named Executive Officers intended to further the Company's objectives of attracting, motivating, retaining and rewarding talented executives necessary to assist the Company in achieving its performance goals. Accordingly, the Committee has adopted the following overriding policies:

- Compensation must be tied to the Company's general performance and achievement of financial and strategic goals;
- Compensation opportunities should be competitive with those provided by other companies of comparable size engaged in similar businesses; and
- Compensation should provide incentives that align the long-term financial interests of the Company's Executive Officers with those of its shareholders.

Compensation that was paid to the Named Executive Officers in 2011 was consistent with the above policies. The primary responsibility of the Company's Chief Executive Officer and its other Named Executive Officers is the enhancement of shareholder value through balancing the requirements of long term growth with the achievement of short term performance. The contribution a Named Executive Officer has made to achieve the Company's short term strategic performance objectives as well as that Named Executive Officer's anticipated contribution toward long term objectives provide the basis upon which the officer's individual compensation awards are established.

Elements of Executive Compensation

To meet its policy objectives for Named Executive Officer compensation, the Company compensated them through a combination of Base Salary, Incentive Compensation, Equity Compensation, Deferred Compensation and provided various benefits, including medical and 401(k) plans generally made available to all employees of the Company.

The determination of the Company's Named Executive Officers' compensation is solely within the purview of the Compensation Committee of the Company's Board of Directors (the "Compensation Committee" or "Committee"). In determining and assessing the appropriateness of the compensation for all named executives, the Compensation Committee solicits and considers the self assessment of each executive as to their performance against pre-established goals and objectives, the executive's involvement in the day to day operations of the relevant business unit, as well as results of a third party compensation survey. The third party compensation survey utilized by the Committee evaluates the compensation levels of chief executive officers at companies of similar size and geographic location within the high technology, durable group industry, as defined by the third party compensation survey, companies which are determined to be peers of the Company.

As to the chief executive specifically, the Committee also performs its own evaluation of the chief executive's performance in light of the goals and objectives the Committee had approved for the prior fiscal year. Other than the chief executive's self assessment which is solicited and considered by the Compensation Committee in establishing compensation levels, the chief executive does not have any role in establishing his compensation.

Base Salary. In setting the annual base salary of the Chief Executive Officer and in reviewing and approving the annual base salaries of the other Named Executive Officers, the Compensation Committee considered the salaries of executives in similar positions, the level and scope of responsibility, experience and performance of the Named Executive Officer, the financial performance of the Company and other overall general economic factors.

The Compensation Committee typically purchases compensation data from a national third party provider of data for salaries in the high technology group within the durable goods industry sector as reported in a nationally recognized report on executive compensation. In 2011, in conjunction with its purchase of a membership with the Human Resource Leadership Council, a national third party resource on Human Resources related matters, the Company was provided with access to the online market database Payscale Market Rate. This database provided the Company with real time salary information for its peer groups, disaggregated by industry, volume of revenue, total employee headcount, and geographic region. In selecting the appropriate peer group, the Compensation Committee utilized the computer hardware/software peer group companies within the durable goods industry sector, having consolidated revenues within the range of \$200 million and \$300 million, full time equivalent employees within the range of 1,000 and 2,500, and located in the northeastern United States. The Committee concluded that the aforementioned peer group was the most similar with respect to industry, operations, size and location of the Company, and would be appropriate in deriving their compensation benchmarks.

An objective of the Compensation Committee is to approve the salary for each Named Executive Officer near the average midpoint for similar positions identified in the survey, taking into account variables such as industry, company size, geographic location, and comparison of duties. Consideration is also given to the individual performance of that Named Executive Officer, the performance of the organization over which the Named Executive Officer has responsibility, the performance of the Company and general economic conditions (with each factor being weighted as the Compensation Committee deems appropriate).

Incentive Compensation. The purpose of the Company's incentive compensation program for its Named Executive Officers is to provide incentive based compensation to Named Executive Officers for meeting and exceeding pre-established financial performance goals for the respective businesses under their control. In general, the financial performance goals of the Named Executive Officers are approved by the Board of Directors.

For 2011, the financial performance measure taken into consideration to determine an appropriate bonus for Named Executive Officers was Consolidated Net Income and Business unit profit before tax.

In 2011, the annual Incentive Compensation targets for the Named Executive Officers ranged from 50% to 65% of Base Salary. Named Executive Officers may earn from 0% to 200% of the individual target established for their business depending on actual financial performance compared to the actual goals of the operating plan. The calculation of the award is based on performance level achievement of greater than 80% of their goal of profit before tax. Cash payments are made following the completion of the Corporation's audit.

For 2011, total awards paid to a business unit (except for the Government business unit) may not exceed an amount equal to 30% of net profit after taxes for the Corporation ("Cap"). The Cap for the Government business unit was 20% of the net profit after taxes of that business unit. Dr. Sammon, Mr. Domorski and Mr. Casciano were measured on the performance of the Corporation as a whole. They did not receive any incentive compensation for 2011 performance. Mr. Lynch is measured on the performance of the Government business and received incentive compensation of \$192,713 for 2011 performance of that business.

The incentive compensation awards (assuming that each of the three aforementioned performance objectives were achieved at 100%) that could have been paid to Dr. Sammon and Mr. Domorski, as a percentage of base salary was 65%, while the percentage of base salary that could have been paid to Mr. Casciano and Mr. Lynch was 50%.

The incentive compensation award for Dr. Sammon, Mr. Domorski and Mr. Casciano was based on the performance objective of Net Income of the Corporation. For fiscal year 2011 the Net Income objective was not met and therefore no award was paid.

The incentive compensation award for Mr. Lynch was based on the performance objective of profit before tax of the Government business. For fiscal year 2011 the profit before tax objective was exceeded and resulted in a 150% award.

Given that the aforementioned objective was exceeded by the Government business, Mr. Lynch's incentive compensation award was approximately 75% of his base salary; which is in excess of the 50% of base salary award that would have been provided had all objectives been achieved at 100%. Such award was in accordance with the pre-defined calculation for those metrics in excess of the performance objective, which was pre-approved by the Company's Board of Directors.

Equity Compensation. In keeping with its philosophy of providing long-term financial incentives that relate to improvement in long-term shareholder value, the Company may grant restricted stock awards and/or stock options to its key employees under the Company's 2005 Equity Incentive Plan. The Compensation Committee determines the key employees of the Company and its subsidiaries who shall be granted equity compensation, the type of equity compensation to be granted, the terms of the grant and the number of shares to be subject to such grants. Grants of restricted stock awards are generally limited to the Company's senior level employees and are used in special circumstances.

There are two types of vesting associated with restricted stock awards: Time-Only and Event/Performance. Time-Only vesting generally occurs over a 3 to 5 year period. Event/Performance vesting occurs upon the achievement of certain financial targets (e.g. increase in revenue, earnings per share or other metrics) so long as the event is non-subjective. In 2011, no Restricted Stock Awards were granted to the Named Executive Officers.

Stock options ("Options") granted under the 2005 Equity Incentive Plan may be either Incentive Stock Options as defined by the Internal Revenue Code ("Incentive Stock Options") or Options which are not Incentive Stock Options ("Non-Qualified Stock Options"). Option grants generally become exercisable no less than six months after the grant and expire ten (10) years after the date of the grant. Option grants are discretionary and are reflective of the value of the recipient's position, as well as the current performance and continuing contribution of that individual to the Company. In 2011, Mr. Domorski was granted 250,000 non-qualified stock options in connection with his employment agreement and Mr. Lynch was granted 30,000 Incentive stock options in recognition of his performance.

Benefits and Perquisites. The Company provides partial payment for medical, dental and vision insurance, 401(k) plan with profit sharing and disability and life insurance benefits to its Named Executive Officers consistent with that offered generally to its employees. In addition, Named Executive Officers are provided a limited number of perquisites whose primary purpose is to minimize distractions from the executives' attention to important Company objectives. The Company provides an automobile or automobile allowance and payment of country club dues, all of which are quantified in the Summary Compensation Table on page 19.

Retirement Plans

PAR Technology Corporation Retirement Plan. The Named Executive Officers are eligible to participate in the PAR Technology Corporation Retirement Plan (the "Retirement Plan"). The Plan has a deferred profit-sharing component that covers substantially all the employees of the Company including the Named Executive Officers. The Company's annual profit sharing contribution to the Retirement Plan is at the discretion of the Board. The Retirement Plan also contains a 401(k) provision that allows employees to contribute a percentage of their salary, pre-tax, up to certain tax code limitations. The Company matches the deferrals of all participants in the Retirement Plan, including the Named Executive Officers, at the rate of 10%.

Deferred Compensation. The Company sponsors a Non-Qualified Deferred Compensation Plan for a select group of highly compensated employees that includes the Named Executive Officers. Participants may make voluntary deferrals of their salary to the plan in excess of tax code limitations that apply to the Company's Retirement Plan. The Company also has the sole discretion to make employer contributions to the plan on behalf of the participants, though it did not make any employer contributions in 2011.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Named Executive Officers of a publicly held company will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company's primary objective in designing and administering its compensation policies is to support and encourage the achievement of the Company's long-term

strategic goals and to enhance stockholder value. In general, stock options granted under the Company's 2005 Equity Incentive Plan are intended to qualify under and comply with the "performance based compensation" exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options. Because salary and bonuses paid to Named Executive Officers have been below the \$1,000,000 threshold, the Committee has elected, at this time, to retain discretion over bonus payments, rather than to ensure that payments of salary and bonus in excess of \$1,000,000 are deductible. The Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering the Company's compensation programs.

Role of Executive Officers

The Company's Chief Financial Officer takes direction from and brings suggestions to the Compensation Committee on compensation matters for the Named Executive Officers. He oversees the actual formulation of plans incorporating the suggestions of the Compensation Committee. He provides information to the Compensation Committee on how employees are evaluated and the overall results of the evaluations. He assists the Chair of the Compensation Committee in preparing the agenda for its meetings.

The Company's Chief Executive Officer reports on his evaluations of the senior executives, including the other Named Executive Officers. He makes compensation recommendations for the other Named Executive Officers with respect to base salary and annual and long-term incentives which are the basis of discussion with the Compensation Committee. The Chief Financial Officer meets with the Compensation Committee to discuss and evaluate the financial implications of compensation related decisions.

Severance Policy

The Company does not have a formal severance plan but as a matter of policy provides severance for its employees in circumstances such as when an employee's position is eliminated. All employees, including the Named Executive Officers, are covered by the policy and payments are based on level of responsibility, seniority and/or length of service. The Company has no other termination arrangements with any of the Named Executive Officers except as follows:

- Paul B. Domorski. Under the employment arrangement with Mr. Domorski, termination without cause prior to April 26, 2015 or termination by Mr. Domorski for good reason as defined in his agreement, would trigger immediate vesting of 50% of any unvested stock options received as part of his options received upon hire. Immediate vesting of all unvested equity interests would be triggered by any change of control situation as defined in his agreement. Mr. Domorski would receive severance payments as follows:
 - o In the event of termination without cause prior to April 26, 2013, severance would be the sum of a) the greater of one year of Mr. Domorski's annual base salary (currently \$400,000) or the amount of his annual base salary for the period commencing on the termination date through April 25, 2013 and b) an amount equal to the prior year's annual cash bonus, if any, paid to him.
 - o In the event of termination by Mr. Domorski for good reason as defined in his agreement, termination without cause on or after April 26, 2013 or as a result of a change of control situation approved by the Board, severance would be the sum of Mr. Domorski's annual base salary (currently \$400,000) and an amount equal to the prior year's annual cash bonus, if any, paid to him.
 - o In the event of termination resulting from a change of control not approved by the Board, severance would be three times the sum of Mr. Domorski's annual base salary (currently \$400,000) and an amount equal to the prior year's annual cash bonus, if any, paid to him.

Such payments would be subject to and conditioned upon execution of a mutually agreeable separation agreement which would include an agreement as to how the severance payments would be made, a mutual release of claims and Mr. Domorski's compliance with non-compete, non-solicitation and confidentiality obligations.

- Ronald J. Casciano. Under the employment arrangement with Mr. Casciano, termination without cause would entitle Mr. Casciano to a severance amount equal to his then current annual base salary and, in the event such termination occurred on or after October 1 of a fiscal year, a prorated portion of that fiscal year's Incentive Compensation that would have been payable to him had he remained employed through December 31. Such

payments would be subject to and conditioned upon execution of a mutually agreeable separation agreement which would include a general release of claims and Mr. Casciano's compliance with confidentiality obligations.

Proposal 2: Ratification of Amendment of the PAR Technology Corporation 2005 Equity Incentive Plan

On March 19, 2012, the Board of Directors voted unanimously to amend the Company's 2005 Equity Incentive Plan (the "Plan") to increase the number of shares reserved under the terms of the Plan from 1,000,000 to 2,250,000. This amendment was made subject to Shareholder approval.

As of March 31, 2012, a total of 247,800 shares remained available for grant under the Plan. The Board believes that the Plan has been and will continue to be an excellent means by which to attract and retain key employees. Accordingly, the Board believes the number of shares reserved for issuance should be increased from 1,000,000 to 2,250,000 and recommends approval thereof by the Shareholders. There are no current plans for the issuance of any of the additional shares. The following resolution will be proposed at the Meeting for Shareholder consideration:

RESOLVED, that the amendment of the PAR Technology Corporation 2005 Equity Incentive Plan (the "Plan") to increase the total number of shares reserved for issuance under the Plan from 1,000,000 to 2,250,000 which was approved by the Company's Board of Directors on March 19, 2012, be and the same hereby is, approved, ratified and confirmed.

The Board of Directors recommends a vote FOR the proposal to ratify the amendment of the Company's 2005 Equity Incentive Plan to reserve additional shares for issuance under the Plan.

The Audit Committee (the “Committee”) of PAR Technology Corporation (the “Company”) shall consist of at least three members of the Board of Directors (the “Board”). Members shall be appointed upon the recommendation of the Nominating and Corporate Governance Committee and may be removed by the Board in its discretion. All members of the Committee will meet the independence and other requirements of the Audit Committee Policy of the New York Stock Exchange, Section 10A(m)(3) of the Securities Exchange Act of 1934 (the “Exchange Act”) and the rules and regulations of the Securities and Exchange Commission (the “Commission”). At least one member of the Committee shall, in the assessment of the Board, qualify and be identified as an audit committee financial expert as defined by the Commission. All members of the Committee shall be financially literate at the time of their appointment to the Committee or within a reasonable time thereafter. Members of the Committee shall not simultaneously serve on the audit committees of more than two other public companies unless the Board determines that simultaneous service would not impair the ability of the member to effectively serve on the Committee and the Board discloses this determination in the Company's annual proxy statement.

Purpose

The Company's management is responsible for preparing the Company's financial statements and the Company's independent auditor is responsible for auditing those financial statements. The Audit Committee's purpose shall be to:

1. Prepare an audit committee report as required by the SEC to be included in the Company's annual proxy statement.
2. Assist the Board in its oversight of:
 - a. the integrity of the Company's financial statements;
 - b. the Company's compliance with legal and regulatory requirements;
 - c. the Company's independent auditor's qualifications and independence; and
 - d. the performance of the Company's internal audit function and independent auditors

The financial management and the independent auditors of the Company have more time, knowledge and more detailed information on the Company than do Committee members. Therefore, in carrying out its responsibilities to assist the Board in the above oversight functions, the Committee is not providing any expert or special assurance as to the Company's financial statements or any certification as to the work of the independent auditors.

Meetings

The Committee will meet at least four times a year, with authority to convene additional meetings, as circumstances require. All Committee members are expected to attend each meeting, in person or via teleconference or video-conference. The Committee will invite members of management, auditors or others to attend meetings and provide pertinent information, as necessary. Meeting agendas will be prepared and provided to members in advance, along with appropriate briefing materials. Minutes will be prepared.

In addition to meetings with Company officers and employees, the independent auditor or outside counsel or other advisers as necessary to fulfill its responsibilities, the Committee shall, on a regular basis, hold separate private

meetings with the following to discuss any matters either party believes should be discussed privately:

- Company management;
- the Company's independent auditors; and
- the Company's internal auditor

A-1

Authority & Responsibilities

In carrying out its purpose, the Committee shall have the following authority and responsibilities:

A. Oversight of Independent Auditor

1. The independent auditor is ultimately accountable to the Board and the Committee. Therefore, the Committee, subject to any action that may be taken by the full Board, has the ultimate authority and is directly responsible for the appointment, compensation, evaluation, retention, oversight of the work and when appropriate termination of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The oversight responsibility includes resolution of disagreements between management and the independent auditor regarding financial reporting. Each such registered public accounting firm shall report directly to the Committee.

2. To assist the Board in its oversight of the independence, qualifications and performance of the independent auditor the Committee shall:

- a. assess the auditor's independence by at least annually obtaining and reviewing a report from the independent auditor delineating all relationships between the Company and the independent auditor, including non-audit services, consistent with Independence Standards Board Standard Number 1;
- b. discuss with the independent auditor any such disclosed relationships and their impact or potential impact on the auditor's independence and objectivity, taking into account the opinions of management and the internal auditors; and
- c. set clear policies for the hiring of employees or former employees of the Company's independent auditors who participated in any capacity in the audit of the Company taking into account the pressures that may exist for auditors seeking a job with the company they audit.
 - d. at least annually obtain and review a report from the independent auditor that describes:
 - i. the audit firm's internal quality-control procedures;
