### Director Nomination Process

The Company does not have a standing nominating committee or any committee performing a similar function and, accordingly, does not have a nominating committee charter. Nominations for directors are made by action of the entire Board. The Company's Board of Directors does not have a formal policy with regard to the consideration of any director candidates that may be recommended by shareholders. Historically, potential candidates for director positions have been initially screened by the Chairman of the Board. Following this process, if appropriate, information about the candidate is presented to, discussed and evaluated by the full Board of Directors. With respect to candidates for director, the Board of Directors may from time to time informally consider candidates proposed by shareholders that hold a significant number of shares of Common Stock. The Company's Board of Directors has no formal procedures to be followed by shareholders in submitting recommendations of candidates for director.

Other than the requirement that each director be at least eighteen years of age, the Company's Board of Directors does not have any specific minimum qualifications that the Board believes must be met by a nominee for a position on the Company's Board of Directors, or any specific qualities or skills that the Board believes are necessary for one or more of the Company's directors to possess. The Board has consistently sought to nominate to the Board of Directors eminently qualified individuals whom the Board believes would provide substantial benefit and guidance to the Company. The Board believes that substantial judgment, diligence and care are required to identify and select qualified persons as directors and does not believe that it would be appropriate to place limitations on its own discretion.

In general, after the full Board of Directors has had an opportunity to evaluate the performance of each of the directors over the past year and to the extent the Board determines that such director has, and is able to continue serving the Company in a manner that is consistent with such director's fiduciary duties, the Board of Directors will nominate existing directors for re-election. In the event of a vacancy on the Board, the Company may use various sources to identify potential candidates.

Each of the nominees approved by the Board for election at the Meeting is an incumbent director who is standing for re-election. The Company has not paid a fee during the fiscal year ended January 31, 2004 to any third party to identify or evaluate or assist in identifying or evaluating potential nominees for election as directors.

### Compensation Committee

During the fiscal year ended January 31, 2004, the Compensation Committee, whose function is to review and make recommendations to the Board on executive compensation, consisted of Messrs. Ray, Padula and Farr. During the fiscal year ended January 31, 2004, there was one meeting of the Compensation Committee.

### Strategy Committee

During the fiscal year ended January 31, 2004, the Strategy Committee, whose function is to make recommendations to the Board on the future business

direction of the Company, consisted of Messrs. Farr, Apple and Patlin. There were no meetings of the Strategy Committee during the fiscal year ended January

31, 2004.

Audit Committee

None of the members of the Audit Committee is "independent" as defined by Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. During the fiscal year ended January 31, 2004, there were four meetings of the Audit Committee. A copy of the formal written Audit Committee Charter that has been approved and adopted by the Board is attached as Appendix A to this proxy statement.

REPORT OF THE AUDIT COMMITTEE OF LINCOLN LOGS LTD.

### Employee Savings Plan

The Company maintains a defined contribution salary reduction plan (the "Plan") pursuant to Section 401(k) of the Internal Revenue Code of 1986 (as amended from time to time, the "Internal Revenue Code") for all employees who have completed one year of service with the Company. Fifty-five of the Company's employees are currently eligible to participate in the Plan, forty-six of whom have elected to participate. Employees participating in the Plan may elect to defer compensation up to the maximum permitted by the Internal Revenue Code. The Company contributes on behalf of each participating employee a percentage, determined annually by the Company based upon the profits of the Company, of compensation (as defined by the Plan) to the Plan. Aggregate annual additions on behalf of any employee may not exceed the lesser of 25% of such employee's compensation for any given year or \$7,000 (as adjusted for increases in the cost of living as prescribed by regulation by the Secretary of the Treasury, \$11,500 for the 2003 calendar year). Contributions to the Plan made by the Company are 20% vested after a participating employee completes two years of service with the Company and continues to vest at the rate of an additional 20% over each of the following four years of employment. The Company is current with respect to its funding obligations to the Plan.

- 10 -

During the fiscal years ended January 31, 2004, 2003 and 2002, cumulative vested account balances of \$14,953, \$174,532 and \$22,494, respectively, were paid from the Plan to employees of the Company upon their separation from service in the Company pursuant to the Plan.

Stock Option Plan

The Company has in effect a Stock Option Plan (the "Option Plan") which permits the granting of incentive stock options ("Incentive Stock Options") to key employees to purchase up to 235,000 shares of the Company's Common Stock in accordance with the requirements imposed by the Internal Revenue Code. The Option Plan permits the Board of Directors of the Company, or a committee of the Board of Directors consisting of at least three directors, to grant Incentive Stock Options to key employees of the Company. All of the Company's employee-directors, as key employees of the Company, are eligible to receive incentive stock options as are all officers, division managers, department heads, and any other management or supervisory employees or others who are designated as key employees. As required by the applicable provisions of the Internal Revenue Code, the exercise price of incentive stock options granted under the Option Plan must be equal to or greater than the fair market value of the shares which are subject to an option on the date the option is granted.

All employees are considered "key employees" of the Company, and there are currently approximately one hundred persons eligible to receive incentive stock options under the Option Plan. During fiscal year ended January 31, 2004, incentive stock options to purchase fifty thousand (50,000) shares of the Company's Common Stock were granted to one key employee at a purchase price of \$0.50 per share. Subsequent to January 31, 2004 and through the date hereof, no incentive stock options previously granted under the Option Plan to purchase shares of the Company's Common Stock have been exercised.

In addition to granting options to key employees intended to qualify as incentive stock options under the Internal Revenue Code, the Option Plan also permits the Board of Directors (or the committee which administers the Plan) to grant stock options (the "Non-Qualified Stock Options") which do not qualify as incentive stock options to key employees of the Company and directors who are not employees of the Company. Up to 250,000 options are currently designated by the Plan for issuance as non-qualified stock options. The Board, or the committee that administers the Plan, has the authority to decide to whom non-qualified stock options are granted, as well as the number of shares of the Company's Common Stock that may be purchased under each such option, the exercise price to be paid by the optionee for the shares purchasable upon exercise of such option, and the other terms, conditions and restrictions (if any) of such options (which need not be the same for each non-qualified stock option granted).

There are currently approximately one hundred and four persons eligible to receive non-qualified stock options under the Plan. During the fiscal year ended January 31, 2004, there were no Non-Qualified Stock Options issued to any key employees or directors. Subsequent to January 31, 2004, and through the date hereof, no Non-Qualified Stock Options previously granted under the Option Plan have been exercised.

Employment Contracts

The Company is party to employment contracts with Jeffrey J. LaPell, Vice President and Chief Operating Officer, Eric R. Johnson, Vice President - Sales, and Richard Berry, Vice President - Marketing and President of Snake River Log Homes LLC ("Snake River"). The contracts with Messrs. LaPell and Johnson each are for a term of two years, call for a certain base salary (adjusted annually for the change in the Consumer Price Index), and include incentives for an annual bonus based on the achievement of defined goals related to sales revenues and the Company's backlog of undelivered contracts. The employment contracts between the Company and Messrs. LaPell and Johnson each contain a non-competition clause that would be effective upon separation from service to the Company, and a severance provision whereby each individual would be paid an amount equal to three months' base salary. As of January 31, 2004, the base salary for Messrs. LaPell and Johnson are \$91,710 and \$73,728, respectively. Mr. LaPell's contract expires on May 31, 2006; Mr. Johnson's contract expires on January 31, 2005.

Mr. Berry's contract is for a term of five years and automatically extends for successive one year periods unless either Mr. Berry or the Company has given thirty days prior written notice of its intention not to renew the contract for an additional one year term. The contract calls for a certain base salary and includes incentives for an annual bonus based on the achievement of defined goals related to delivery of products from Snake River and sales revenue goals related to Snake River and the Company, and contains a non-competition clause that would be effective upon separation from service to the Company. The contract also contains a severance provision that under certain conditions would continue the payment of Mr. Berry's annual base salary until the end of the initial five-year employment term, and to the extent the contract is

- 12 -

terminated during any of the one-year extension periods under certain conditions, severance is paid by the Company to Mr. Berry in an amount equal to three months' base salary. As of January 31, 2004 the base salary for Mr. Berry is \$85,000. Mr. Berry's employment contract expires on November 17, 2008.

### PROPOSAL NO. 2 APPROVAL OF INDEPENDENT ACCOUNTANTS

#### CURRENT PRINCIPAL INDEPENDENT ACCOUNTANTS

The Board of Directors has recommended that Urbach Kahn & Werlin LLP, which firm has been the independent certified public accountants of the Company for the fiscal year ended January 31, 2004 and 2003, serve as the independent certified public accountants for the fiscal year ending January 31, 2005 ("Fiscal 2005"). The shareholders are being asked to approve the Board's recommendation to retain Urbach Kahn & Werlin LLP as the Company's independent certified public accountants for Fiscal 2005.

A representative of Urbach Kahn & Werlin LLP is expected to be present at the Meeting and will have the opportunity to make a statement if he desires to do so and to respond to appropriate questions from shareholders.

Urbach Kahn & Werlin LLP ("UKW") has a continuing relationship with Urbach Kahn & Werlin Advisors, Inc. ("Advisors") from which it leases staff who are full time permanent employees of Advisors and through which its partners provide non-audit services. Non-audit services for the fiscal years ended January 31, 2004 ("Fiscal 2004") and January 31, 2003 ("Fiscal 2003"), referred to below under "Tax Fees" were provided to the Company by Advisors. As a result of UKW's arrangement with Advisors, UKW has no full time employees and, therefore, all audit services performed for the Company by UKW for Fiscal 2004 and Fiscal 2003 were provided by permanent, full time employees of Advisors leased to UKW. UKW manages and supervises the audit engagement and the audit staff, and is exclusively responsible for the report rendered in connection with its audit of the Company's Fiscal 2004 consolidated financial statements.

- 15 -

#### ACCOUNTANT'S FEES

For the fiscal years ended January 31, 2004 and 2003, fees for services provided by Urbach Kahn & Werlin LLP are categorized as follows:

(a) Audit Fees. Audit fees consist principally of fees for services in connection with the audit of the Company's annual financial statements and review of the Company's quarterly financial statements and amounted to \$119,901 in Fiscal 2004 and \$44,533 in Fiscal 2003.

(b) Audit-related Fees. Audit-related fees consist principally of assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements but not reported under the caption "Audit Fees." These fees include review of Current Reports on Form 8-K filed by the Company and participation at audit committee meetings. These fees amounted to \$78,176 in Fiscal 2004 and \$22,612 in Fiscal 2003.

(c) Tax Fees. Tax fees consist of fees for tax compliance, tax advice, tax

## Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

planning and tax return preparation, and amounted to \$8,618 in Fiscal 2004 and \$-0- in Fiscal 2003.

(d) All Other Fees. All other fees consist of aggregate fees billed for products and services provided by the independent auditor, other than those disclosed above. There were no such fees billed by the Company's independent accountants for Fiscal 2004 or Fiscal 2003.

### PRE-APPROVAL OF SERVICES BY INDEPENDENT ACCOUNTANTS

The Audit Committee pre-approved all audit-related, and tax services performed by Urbach Kahn & Werlin LLP for Fiscal 2004 and for Fiscal 2003. The Audit Committee approves all audit fees and terms for all services provided by the independent accountants and considers whether these services are compatible with the accountants' independence. There is no de minimis provision under which the pre-approval process would be waived. The Audit Committee has advised the Company that it has determined that the non-audit services rendered by the Company's independent accountants during the Company's most recent fiscal year are compatible with maintaining the independence of such accountants.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE APPOINTMENT OF URBACH KAHN & WERLIN LLP AS INDEPENDENT ACCOUNTANTS FOR THE COMPANY FOR THE FISCAL YEAR ENDING JANUARY 31, 2005.

### PROPOSAL NO. 3 AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION

The Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), currently authorizes the issuance of 10,000,000 shares of common stock, par value \$0.01 per share ("Common Stock") and 1,000,000 shares of preferred stock, par value \$0.01 per share ("Preferred Stock"). On May 26, 2004, the Board of Directors adopted a resolution proposing that Article FOURTH of the Certificate of Incorporation be amended, subject to shareholder approval of the amendment, to increase the authorized number of shares of Common Stock to 12,000,000 from 10,000,000 pursuant to the Restated Certificate of Incorporation of Lincoln Logs Ltd. attached hereto as Appendix B. As of June 14, 2004, the Company has 9,544,299 shares of Common Stock issued and outstanding. As of June 14, 2004, no shares of Preferred Stock are issued and outstanding.

- 16 -

After giving effect to all shares reserved for issuance, the Company believes that it may not have sufficient uncommitted shares for use in future transactions involving the issuance of shares of the Company's Common Stock.

The purpose of the proposed amendment is to provide the Company with the authority to issue additional shares of Common Stock which could be used for various purposes, including raising working capital, providing the flexibility which the Board of Directors believes is important to provide for business opportunities and to use for other general corporate purposes without further stockholder approval unless required by applicable law, regulation or rule. In addition to availability for financing and other general corporate purposes, the shares would be available for use in acquisitions, stock dividends and splits and employee stock compensation plans. The Company has no plans, agreements or understandings at the present time for the issuance of the additional shares of capital stock which would be authorized by the approval of this amendment. No holders of any class of stock of the Company are entitled as a matter of right to any preemptive or subscription rights with respect to any shares of the Company's capital stock. Accordingly, the issuance of common stock other than on a pro rata basis to all current shareholders would reduce the current

## Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

shareholders' proportionate ownership interests.

The proposed amendment is not in response to any effort of which the Company is aware to accumulate the Company's capital stock or to otherwise obtain control of the Company. Although it is possible that the private placement of a block of the Company's capital stock could be used as an anti-takeover strategy, the Company has no present intention to issue any stock for any such purpose.

Under the provisions of the New York Business Corporation Law, an amendment to a company's certificate of incorporation must be approved by the Company's Board of Directors and by holders of a majority of the Company's outstanding shares. As required under the New York Business Corporation Law, the Company's Board of Directors has unanimously adopted a resolution approving, and recommending to the Company's shareholders for approval, a proposal to amend the Company's Certificate of Incorporation to increase the number of authorized shares of Common Stock to 12,000,000 from 10,000,000 and to submit such amendment to the vote of the shareholders at the Meeting. The text of the proposed Restated Certificate of Incorporation of the Company is attached as Appendix B to this proxy statement. If the proposed amendment is adopted, it will become effective upon filing the Restated Certificate of Incorporation with the Secretary of State for the State of New York. In all other respects, the Certificate of Incorporation will remain as previously approved and adopted.

Approval of the proposal requires approval of a majority of votes cast by the holders of all outstanding shares of the Company's Common Stock entitled to vote at the Meeting. An abstention or a broker non-vote with respect to this proposal will not count as a vote cast with respect to this matter.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 3 TO BE IN THE BEST INTERESTS OF THE COMPANY AND ITS SHAREHOLDERS AND RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION.

### PROPOSAL NO. 4 AMENDMENT TO THE COMPANY'S STOCK OPTION PLAN

At the Meeting, the shareholders will be asked to approve an amendment (the "Amendment") to the Company's Amended and Restated Stock Option Plan (the "Option Plan"), which would increase the aggregate number of shares of Common

- 17 -

Stock reserved for issuance thereunder by 500,000 shares to a total of 985,000 shares with 485,000 shares to be issuable as Incentive Stock Options and 500,000 shares to be issuable as Non-Qualified Stock Options. Some of the primary features of the Option Plan are summarized below. The full text of the Option Plan, as amended, is set forth in Appendix C to this Proxy Statement and the following discussion is qualified by reference thereto.

The Board of Directors unanimously adopted the Amendment on May 26, 2004, subject to shareholder approval at the Meeting. If the Amendment is not approved by the shareholders of the Company at the Meeting, then the Option Plan shall continue in effect as if the adoption of the Amendment had not occurred.

The following description of certain features of the Option Plan is qualified in its entirety by reference to the Option Plan. Approval of the Amendment requires the affirmative vote of the holders of a majority of the issued and outstanding shares of Common Stock of the Company. An abstention or a broker non-vote with respect to this proposal will not count as a vote cast with respect to this matter.

## Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

The Company has used stock options as a key element of its overall compensation program for key employees of the Company and directors who are not employees of the Company. The Board of Directors and the Compensation Committee of the Board of Directors believe that it is important to have equity-based incentives available to attract and retain both qualified key employees and directors who are not employees of the Company.

The Board of Directors has approved, subject to shareholder approval, an amendment to the Option Plan that would increase the number of shares of Common Stock that may be issued in connection with the exercise of options under the Option Plan to an aggregate sum of 985,000 shares with 485,000 shares to be issuable as Incentive Stock Options, and 500,000 shares to be issuable as Non-Qualified Stock Options. As of June 14, 2004, the fair market value of one share of Common Stock is \$0.56. A description of the Option Plan is also set forth under "Stock Option Plan."

The Option Plan contains the following principal restrictions: (1) the aggregate fair market value (determined as of the date the Incentive Stock Option is granted) of the stock for which an employee may be granted Incentive Stock Options in any calendar year shall not exceed \$100,000 plus certain adjustments, if applicable, contained in the Internal Revenue Code; (2) an Incentive Stock Option shall not by its terms be exercisable by an employee while there is outstanding an Incentive Stock Option which was previously granted to such employee to purchase stock in the employee's employer corporation or in a corporation which is a parent or subsidiary of the employer corporation, or is a predecessor corporation of any such corporation; (3) the Incentive Stock Option must be granted within ten years of the earlier of the date of the adoption or the date of approval of the Option Plan; (4) the term of the Incentive Stock Option must not exceed ten years; (5) the Incentive Stock Option exercise price, which may be paid in cash or, at the discretion of the Board, in stock of the Company, valued at fair market value, must equal or exceed the fair market value of the stock to which the Incentive Stock Option relates on the date the Incentive Stock Option is granted; (6) the Incentive Stock Option must be, by its terms, not transferable, other than by will or the laws of descent and distribution, and must be exercisable during the lifetime of the employee only by the employee; and (7) the employee must not, immediately before the Incentive Stock Option is granted, own stock possessing more than 10% of the total combined voting power of all classes of stock of the employer corporation or its parent or subsidiary corporation, unless both (a) the Incentive Stock Option price is not less than 110% of the fair market value of the stock to which the Incentive Stock Option pertains at the time the Incentive Stock Option is granted, and (b) the Incentive Stock Option by its terms is not exercisable after five years from the date the Incentive Stock Option is granted.

The Option Plan permits, at the discretion of the Board of Directors, an optionee to request the Company to automatically apply the share or shares

received upon the exercise of a portion of the Incentive Stock Option to satisfy the exercise price for additional portions of the Incentive Stock Option. The optionee is then required to pay in cash only the net balance of the exercise price, if any, although the optionee will end up with fewer shares than the full number subject to the Incentive Stock Option. The Board of Directors of the Company may amend or modify the Option Plan, except that approval of the shareholders of the Company is required for any amendment which shall (a) increase the aggregate number of shares of Common Stock of the Company that may be subject to the Option Plan, or (b) change the formula for determining the purchase price for the Common Stock subject to the options. ### Certain Federal Income Tax Consequences

THE FOLLOWING DISCUSSION IS A BRIEF SUMMARY OF THE PRINCIPAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES UNDER CURRENT FEDERAL INCOME TAX LAWS RELATING TO AWARDS UNDER THE OPTION PLAN. THIS SUMMARY IS NECESSARILY GENERAL IN NATURE AND DOES NOT PURPORT TO BE EXHAUSTIVE. AMONG OTHER THINGS, THE SUMMARY DOES

- 19 -

NOT DESCRIBE STATE, LOCAL OR FOREIGN INCOME AND OTHER TAX CONSEQUENCES. IN ADDITION, STATUTORY PROVISIONS ARE SUBJECT TO CHANGE, AS ARE THEIR INTERPRETATIONS, AND THEIR APPLICATION MAY VARY IN INDIVIDUAL CIRCUMSTANCES.

### Incentive Stock Options

An option holder recognizes no taxable income for regular income tax purposes as the result of the grant or exercise of an Incentive Stock Option qualifying under Section 422 of the Internal Revenue Code (unless the option holder is subject to the alternative minimum tax). Option holders who neither dispose of their shares acquired upon the exercise of an Incentive Stock Option ("ISO Shares") within two years after the stock option grant date nor within one year after the exercise date normally will recognize a long-term capital gain or loss equal to the difference, if any, between the sale price and the amount paid for

## Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

the ISO Shares. If an option holder disposes of the ISO Shares within two years after the stock option grant date or within one year after the exercise date (each, a "disqualifying disposition"), the option holder will realize ordinary income at the time of the disposition in an amount equal to the excess, if any, of the fair market value of the ISO shares at the time of exercise (or, if less, the amount realized on such disqualifying disposition) over the exercise price of the ISO Shares being purchased. Any additional gain will be capital gain, taxed at a rate that depends upon the amount of time that the ISO Shares were held by the option holder. A capital gain will be long-term if the option holder's holding period is more than twelve months. The Company will be entitled to a deduction in connection with the disposition of the ISO Shares only to the extent that the option holder recognizes ordinary income on a disqualifying disposition of the ISO Shares.

### Non-Qualified Stock Options

An option holder generally recognizes no taxable income as the result of the grant of a Non-Qualified Stock Option. Upon the exercise of a Non-Qualified Stock Option, the option holder normally recognizes ordinary income equal to the difference between the stock option exercise price and the fair market value of the shares on the exercise date. Upon the sale of stock acquired by the exercise of a Non-Qualified Stock Option, any subsequent gain or loss, generally based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. A capital gain or loss will be long-term if the option holder's holding period is more than twelve months. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the option holder as a result of the exercise of a Non-Qualified Stock Option, except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 4 TO BE IN THE BEST INTEREST OF THE COMPANY AND ITS SHAREHOLDERS AND RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE OPTION PLAN.

CHARTER OF THE AUDIT COMMITTEE  
OF  
LINCOLN LOGS LTD.

Purpose

The primary purpose of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its responsibility to oversee management's conduct of the Lincoln Logs Ltd.'s (the "Company") financial reporting process. This includes the overview of financial reports and other financial information provided by the Company to any governmental or regulatory body, the public or other users thereof, the Company's systems of internal accounting and financial controls, and the annual independent audit of the Company's financial statements.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the Company's shareholders; accordingly, the outside auditor is ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

Membership and Meetings

The Committee shall be comprised of not less than three members of the Board, and the Committee's composition will meet the requirements of applicable NASD rules and regulations.

Accordingly, all of the members will be directors:

1. Who have no material relationship to the Company that may interfere with their independence from management and the Company; and
2. Who are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee. In addition, at least one member of the Committee will have accounting or related financial management expertise.

AUDIT COMMITTEE CHARTER - continued

### Key Responsibilities

The Committee's job is one of oversight. It recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management, as well as the outside auditors, have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These foundations are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

The Committee shall review with management and the outside auditors the audited financial statements to be included in the Company's Annual Report on Form 10-KSB (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-KSB) and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards ('SAS') No. 61.

As a whole, or through the Committee chair, the Committee shall review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with the Securities and Exchange Commission and the matters required to be discussed by SAS No. 61; this review will occur prior to the Company's filing of the Form 10-QSB.

The Committee shall:

1. request from the outside auditors annually, a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard Number 1;
2. discuss with the outside auditors any such disclosed relationships and their impact on the outside auditor's independence; and
3. recommend that the Board take appropriate action, if necessary, to oversee the independence of the outside auditors.

The Committee, subject to any action that may be taken by the full Board, shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the outside auditors.

Maintain minutes of meetings of the Committee.

Report to the Board subsequent to meetings of the Committee.

(b) To furnish Key Employees and Directors with further incentive to develop and promote the business and financial success of the Corporation; and

(c) To induce Key Employees and Directors to continue in the service of the Corporation, by providing a means whereby they may purchase stock in the Corporation under Options granted to them under the Plan.

### 3. Administration.

(a) The Plan shall be administered by a stock option committee consisting of not less than three (3) persons as the Directors shall select and whom the Directors may appoint from time to time, and who shall serve at the pleasure of

- 26 -

the Directors. The Directors may, from time to time, appoint members of the Committee in substitution for members previously appointed and fill vacancies, however caused, in the Committee. A majority of the Committee shall constitute a quorum. All determinations of the Committee shall be made by a majority of the Committee members present at a meeting of the Committee at which a quorum is present.

(b) Subject to the express provisions of the Plan, the Committee shall have full power and authority, in its discretion, to determine initially and from time to time when and to whom Options shall be granted and the number of Shares to be covered by each Option. Accomplishments of individuals in furthering the interests of the Corporation shall be the primary guide of the Committee in apportioning the number of Shares to be optioned pursuant to the Plan, but the Committee may take into consideration the position held by an Optionee, his or her compensation, and any other factors that the Committee may deem pertinent.

(c) The Committee shall also have the power and authority to construe and interpret the Plan and the respective Option Agreements entered into hereunder,

and to make all other determinations necessary or advisable for administering the Plan (subject, however, with respect to Incentive Stock Options, to the provisions of the Internal Revenue Code and the regulations issued thereunder). Without limiting the generality of the foregoing, the Committee shall have full and complete authority and discretion to prescribe the following terms and conditions with respect to Non-Qualified Stock Options which are granted under the Plan (which terms and conditions need not be identical among Optionees):

(i) the number of Shares subject to, and the expiration date of, each Non-Qualified Stock Option; (ii) the purchase price of the Shares under each Non-Qualified Stock Option; (iii) the manner, time and rate of exercise of each Non-Qualified Stock Option; and (iv) the restrictions, if any, to be placed upon each Non-Qualified Stock Option or upon the Shares which may be issued upon the exercise of such Non-Qualified Stock Option. The determination of the Committee on all matters referred to in this section shall be final and conclusive.

(d) The Corporation shall pay all of the expenses reasonably incurred by the Committee in the administration of the Plan, including professional fees.

4. Eligibility. Incentive Stock Options may be granted only to persons who qualify for "incentive stock options" under applicable provisions of the Internal Revenue Code and the regulations promulgated thereunder. Subject to the foregoing, persons eligible to receive Options under the Plan shall include all such officers, division managers, department heads, and any other management or supervisory employees or others who are designated as Key Employees by the Committee.

5. Shares Subject to the Plan.

(a) Overall limits. The stock to be sold pursuant to Options granted under the Plan may be either the Corporation's authorized and un-issued Shares or issued Shares heretofore or hereafter reacquired by the Corporation and held as treasury shares. Subject to adjustment made in accordance with Section 13 hereof, the total number of Shares that may be issued during the existence of the Plan shall not exceed 985,000 Shares, no more than 485,000 Shares of which may be issued under Incentive Stock Options granted under the Plan, and no more than 500,000 Shares of which (being approximately 4.3% of the Corporation's authorized Shares, including Shares which are purchasable under outstanding warrants to purchase Shares and Shares which are reserved for issuance under the Plan, but excluding Shares which are owned by the Corporation) may be issued under Non-Qualified Stock Options granted under the Plan. In the event any unexercised Options lapse or terminate for any reason, the Shares covered thereby may be optioned to other persons, and such lapsed or terminated Options shall not be considered in computing the maximum number of Shares that may be optioned in computing the maximum allowance for any individual.

(b) Individual Limits. The aggregate Fair Market Value (determined at the time an Incentive Stock Option is granted) of Shares with respect to which

- 27 -

Incentive Stock Options are exercisable for the first time by an Optionee during any calendar year under the Plan and all other incentive stock options plans maintained by the Corporation and any parent or subsidiary shall not exceed \$100,000.

(c) Stock Reserve. The Corporation shall at all times during the duration of the Plan reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

6. Exercise Price of Incentive Stock Options. The purchase price of the Shares under each Incentive Stock Option granted under the Plan shall be set by the Committee at the time the Incentive Stock Option is granted, but such price shall not be set at less than the Fair Market Value of the Shares which are purchasable under such Incentive Stock Option (determined in accordance with the applicable provisions of the Internal Revenue Code, including Section 422(c)(7)) at the time such Incentive Stock Option is granted. In the case of any individual who, at the time an Incentive Stock Option is granted, owns

## Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Corporation (or more than 10% of such stock and/or the stock of any parent or subsidiary of the Corporation), the exercise price shall be set at not less than one hundred ten percent (110%) of the Fair Market Value of the Shares which are purchasable under such Incentive Stock Option, and such Option shall not be exercisable after the expiration of five (5) years from the date such Option is granted.

7. Duration of Options. Each Option granted hereunder shall continue for such period as the Committee may determine, not to exceed ten (10) years from the date of its grant or issuance, unless sooner terminated under the provisions of Section 8 hereof. In the case of individuals accumulating more than 10% of the combined voting power of all classes of stock of the Corporation (or more than 10% of such stock and/or the stock of any parent or subsidiary of the Corporation), Incentive Stock Options shall continue for such period as the Committee may determine, not to exceed five (5) years from the date of their grant.

### 8. Termination of Incentive Stock Options.

(a) Except as provided in subparagraphs (b), (c) and (d) (concerning death, disability and retirement), in the event of termination of the employment of an Optionee for any cause, whether by reason of resignation or discharge and regardless of whether such termination is with or without cause, each Incentive Stock Option previously granted such Optionee pursuant to the Plan shall terminate three (3) months after the date on which such employment terminated.

(b) If any Optionee dies while employed by the Corporation, its parent or subsidiary, or within three (3) months thereafter, the duly appointed legal representative of such Optionee's estate may exercise any Incentive Stock Options granted under the Plan within three (3) months from the date that the Optionee was last employed.

(c) If any Optionee becomes permanently and totally disabled (within the meaning as referenced in Section 422(c)(6) of the Internal Revenue Code) while employed by the Corporation, its parent or subsidiary, such disabled Optionee may exercise all Incentive Stock Options granted to such Optionee under the Plan within twelve (12) months after the date that the Optionee was last employed.

(d) If any Optionee shall retire at or after the normal retirement age, as the same may be established from time to time by the Directors, such retired Optionee may exercise all Incentive Stock Options granted to him or her under the Plan within three (3) months from the date that the Optionee was last employed.

### 9. Exercise of Options.

(a) Subject to the following terms and conditions, Options may be exercised by written notice to the Corporation at its principal office (currently at 5 Riverside Drive, P.O. Box 135, Chestertown, NY 12817) and addressed to the attention of the Secretary. Such notice shall specify the number of Shares to

- 28 -

be purchased, and shall contain such further information as may be required by the terms of the Option Agreement entered into between the Corporation and the Optionee.

(b) No Incentive Stock Option may be exercised unless and until the Optionee shall have remained in the continuous employ of the Corporation for twelve (12) months from the date such Incentive Stock Option was granted.

(c) An Option may be exercised either at one time as to the total number of Shares covered thereby, or from time to time as to any portion thereof in units of one hundred Shares or multiples thereof.

(d) On the exercise of an Option, the Optionee shall make payment for the full purchase price of all Shares being purchased. Within thirty (30) days thereafter, the Corporation shall issue or cause to be issued a certificate or certificates evidencing the purchased Shares, which certificate(s) shall be delivered to the Optionee.

## Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

(e) Subject to the limitations imposed by Section 7 and 8 hereof, in the event of the death of an Optionee, any Incentive Stock Option or Options theretofore granted to such deceased Optionee may be exercised by the legal representatives of the estate of the Optionee or by the person or persons to whom the deceased Optionee's rights under any Incentive Stock Option or Options shall pass by will or the laws of descent and distribution.

10. Payment. Payment of the purchase price for Shares purchased under Options granted under the Plan must be made in full in cash at the time of the exercise of the Option in the manner provided in Section 9 hereof. The Committee, in its discretion, may provide, with respect to any Options granted pursuant to the Plan, to permit payment of the purchase price of the optioned stock by "pyramiding," that is, by requesting the Corporation to automatically apply the Share of Shares received upon the exercise of a portion of the Option to satisfy the exercise price for additional portions of the Option.

11. Incentive Stock Options Not Transferable. Incentive Stock Options granted under the Plan may not be transferred except by will or the laws of descent and distribution and, during the lifetime of the Optionee, may be exercised only by the Optionee.

12. Purchase of Shares for Investment.

(a) Investment Intent. Each Optionee and each other person who shall exercise an Option shall represent and agree in writing that all Shares purchased pursuant to such Option will be purchased for investment and not with a view to the distribution or resale thereof.

(b) Limitations on Resale. Any Shares purchased upon exercise of an Incentive Stock Option granted under the Plan may not be sold or otherwise disposed within two (2) years after the Incentive Stock Option was granted nor within one (1) year from the date the Shares were issued and transferred to the Optionee pursuant to his or her exercise of the Incentive Stock Option, as provided in Subparagraph 9(d) hereof.

13. Adjustment of Shares. In the event of a merger, consolidation, reorganization, recapitalization, reclassification of stock, stock divided, split-up or other change in the Corporation in the Corporation structure or capitalization of the Corporation affecting the Corporation's common stock as presently constituted, appropriate adjustments shall be made by the Directors in the aggregate number and kind of Shares subject to the Plan, the maximum number and kind of Shares for which Incentive Stock Options may be granted to any one employee and the price per Share for Shares subject to outstanding Options.

14. Registration or Qualification of Shares. Each Option shall be subject to the condition that, if at any time the Committee shall determine in its discretion that the registration or qualification of the Shares covered thereby under any state or federal law is necessary or desirable as a condition of or in connection with the granting of such Option or the delivery of Shares on the exercise thereof, no such Option may be granted or, if granted, delivery of Shares on the exercise thereof shall be deferred, until such registration or qualification shall have been effected.

- 29 -

15. Time of Granting Options. Neither anything contained in the Plan or in any resolution adopted, or to be adopted, by the Directors or the shareholders of the Corporation, nor any action taken by the Committee shall constitute the granting of an Option. The granting of an Option shall take place only when a written Option Agreement shall have been duly executed and delivered by or on behalf of the Corporation and the Optionee.

16. Form of Option. The form of any Option Agreement granted pursuant to the Plan shall contain such terms and provisions (not inconsistent with the terms of the Plan or, in the case of Incentive Stock Options, with the provisions of Section 422 of the Internal Revenue Code and the regulations promulgated thereunder) as may be approved by the Committee.

17. Suspension, Amendment or Termination of Plan.

Edgar Filing: LINCOLN LOGS LTD - Form DEF 14A

(a) The Directors shall have the right, at anytime, to suspend, amend or terminate the Plan.

(b) Notwithstanding the foregoing, no amendment shall increase the total number of Shares that shall be the subject of the Plan or change the formula for determining the purchase price for the Shares subject to Option, unless duly approved by the holders of a majority of the issued and outstanding common stock of the Corporation.

(c) No amendment shall be adopted which would cause Incentive Stock Options granted under the Plan to cease to qualify a "incentive stock options" under Section 422 of the Internal Revenue Code.

(d) No termination of the Plan or action by the Directors in amending or suspending the Plan shall affect or impair the rights of an Optionee under any Option previously granted under the Plan.

(e) No Option may be granted under the Plan during any written suspension thereof or after the termination thereof.

18. Effective Date and Term of Plan. The Plan shall become effective at such time as it shall have been approved by a majority vote of both the Directors and the shareholders of the Corporation. The Plan shall continue in effect unless terminated under Section 17 hereof.
