Item 7.01. Regulation FD Disclosure

On October 21, 2016, the Director of Finance of the Company inadvertently disclosed an estimate to an analyst related to the Company's fiscal 2017 second quarter prepared food and fountain same-store sales. Promptly after learning of the inadvertent disclosure, the Company obtained an oral agreement with the recipient to maintain the information in confidence. After evaluation, the Company has elected to furnish the following details to all investors.

The estimate was in a chart prepared by the Company to compare, on a quarterly basis over eleven years (FY 2006 through the first quarter of FY 2017), the Company's historical prepared food and fountain same-store sales results to the corresponding change in the "Food at Home" CPI index (available through the Bureau of Labor Statistics website).

The chart heading for "FY 2017" included a subheading "Q2", under which the figure "4.9%" was displayed. This figure represented only the Company's internal prepared food and fountain same-store sales estimate for the period from August 1, 2016 through October 16, 2016; therefore, it did not include sales for the remainder of the second fiscal quarter ending October 31, 2016. The estimate is subject to revision based upon sales during the remainder of the second quarter, the Company's normal quarterly closing procedures and the completion of the unaudited financial statements for the second fiscal quarter.

Actual same-store sales results in the prepared food and fountain category during the Company's second fiscal quarter ending October 31, 2016 may differ materially from the estimate that was inadvertently disclosed.

The Company expects to release its financial results for the second fiscal quarter ending October 31, 2016, on December 7, 2016.

The information contained in this Item is being furnished and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
