REPORT OF INDEPENDENT AUDITORS

SBC Communications Inc., Plan Administrator  
for the SBC Savings and Security Plan

We have audited the accompanying statements of net assets available for benefits of SBC Savings and Security Plan as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits at December 31, 2002 and 2001, and the changes in its net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2002 and 2001, and net transactions for the year then ended are presented for purposes of additional analysis and are not a part of the financial statements but are supplementary information required by the Department of Labor Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have not been subjected to auditing procedures applied in our audits of the financial statements, and in our opinion, they are stated in all material respects in relation to the financial statements taken as a whole.

## SBC SAVINGS AND SECURITY PLAN NOTES TO FINANCIAL STATEMENTS (Dollars in Thousands)

1. Plan Description - The SBC Savings and Security Plan (Plan) was established by SBC Communica  
-----

the Company) to provide a convenient way for eligible employees to save for retirement on a long-term basis. The majority of eligible employees are represented by the Communications Workers of America. The following description of the Plan provides only general information. The Plan provisions covering participant eligibility, participant allotments from pay, participant withdrawals, participant loans, employer contributions and related vesting of contributions and Plan expenses are set forth in the Plan text and prospectus include complete descriptions of these and other Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective September 2, 2002, the Ameritech Savings Plan for Non-Salaried Employees was merged into the Plan. Approximately \$1,425,486 from this merger is included on the statement of changes in net assets and benefits.

In 2000, SBC entered into the Cingular Wireless (Cingular) joint venture agreement with BellSouth. As a result of this agreement, certain SBC employees were leased to Cingular. In December 2001, these employees became Cingular employees. During 2002 the Plan transferred approximately \$4,679 to State Street Trust related to those former employees who became employees of Cingular.

Participants can invest their contributions in one or more of the following funds in 1% increments: the SBC Shares Fund, the Bond Fund, the Large Cap Stock Fund (formerly known as the Diversified Equity Fund), the Interest Income Fund, the Asset Allocation Fund, the Global Equity Fund, the Mid and Small Cap Stock Fund, and the International Stock Fund.

Company matching contributions are made solely in the form of shares of SBC's common stock held in the Stock Ownership Plan (ESOP) which is a separate investment account of this Plan.

Dividends on shares in the SBC Shares Fund and the ESOP can either be reinvested in the SBC Shares Fund on a quarterly basis, or paid into a separate fund known as a Dividend Fund Account (DFA) for distribution at the end of the year. At the end of the year, dividends held in the DFA are paid out to the participant. Dividends earned on dividends held in the DFA will be paid into the SBC Shares Fund. During 2002, Plan participants elected to receive \$16,615 in dividend distributions. This amount is included in distribution of net assets on the statement of changes in net assets.

Although it has not expressed any intent to do so, SBC has the right under the Plan to suspend or terminate contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, subject to the conditions set forth by ERISA, the account balances of participants shall be 100% vested.

2. Accounting Policies - The values of investments are determined as follows: SBC common shares  
-----

the closing price as reported on the New York Stock Exchange; contracts with insurance companies and financial institutions at principal plus reinvested interest which approximates fair value; investments in trust funds at values obtained from fund managers; and temporary cash investments at cost, which approximates fair value. Purchases and sales of securities are reflected as of the trade date. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recognized on the accrual basis.

The accompanying financial statements were prepared in conformity with accounting principles generally accepted in the United States, which require management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments - Investments representing 5% or more of Plan net assets at either December 31,

During 2002, the Plan's investments (including gains and losses on investments bought and sold and held during the year) depreciated in value as follows:

Common Stock	\$ (671,360)
Common Collective Trusts	(127,480)
	-----
Total	\$ (798,840)
	=====

The Interest Income Fund consists of contracts with various financial institutions and insurers that promise to repay principal plus accrued income at contract maturity, subject to the credit risk of the issuer. Interest crediting rates are generally established when the contract is purchased and then reset. For the years ended December 31, 2002 and 2001, the average interest rates earned on these contracts were 5.39% and 6.13%. At December 31, 2002, the fixed crediting interest rates on these contracts ranged from 2.83% to 8.00%. At December 31, 2001, the fixed crediting interest rates on these contracts ranged from 2.83% to 8.00%. No valuation reserves were recorded to adjust contract amounts as of December 31, 2002 and 2001.

The Interest Income Fund invests in both guaranteed investment contracts (GICs) and synthetic guaranteed investment contracts (SICs). SICs differ from GICs in that the assets supporting the SICs are owned by a trust or insurance company issues a wrapper contract that allows participant directed transactions to be based on contract value. Wrapper contracts are valued as the difference between the fair value of the underlying assets and the contract value. The assets supporting the GICs and SICs generally consist of high quality fixed income securities with a fair value of \$777,862 and \$413,798 at December 31, 2002 and 2001.

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of these securities will occur in the near term and that such change could materially affect the amount of net assets available for benefits and participant account balances.

4. Nonparticipant-Directed Investments - Information about the net assets and the significant changes in net assets relating to the nonparticipant-directed investments as of December 31

5. Tax Status - The Plan has received a determination letter from the Internal Revenue Service  
-----  
10, 1997, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code  
therefore, the related trust is exempt from taxation. Once qualified, the Plan is required  
conformity with the IRC to maintain its qualification. The plan sponsor has indicated that  
necessary steps, if any, to maintain the Plan's qualified status.

On February 28, 2002, the Plan filed for, but has not yet received, a new tax determination  
IRS to reflect legally required changes and other changes made to the Plan since the previous  
letter was issued.
