Item 2.05 Costs Associated with Exit or Disposal Activities.

On August 20, 2014, Invacare Corporation (the "Company") issued a press release, attached as Exhibit 99.1 and incorporated herein by reference, announcing a restructuring initiative that is expected to generate \$14 to \$15 million in annualized pre-tax savings when fully instituted in 2015. The initiative includes a reduction to the Company's workforce of approximately 150 associates and 40 temporary associates from the North America/Home Medical Equipment (HME), Institutional Products Group and Asia/Pacific segments. This workforce reduction was deemed necessary in light of the Company's financial results for the first six months of 2014 and the slow sales start to the third quarter of 2014.

Due to the realignment, the Company expects to incur cash restructuring charges for continuance of pay and benefits not to exceed \$6 million on a pre-tax basis with the majority of the restructuring expense being recorded in the third quarter of 2014 and payments primarily occurring in the third and fourth quarters of 2014.

See Exhibit 99.1 for Safe Harbor language relevant to the above statements.
