Item 2.02 - Results of Operations and Financial Condition.

On January 26, 2015, Park National Corporation (“Park”) issued a news release (the “Financial Results News Release”) announcing financial results for the three and twelve months ended December 31, 2014. A copy of this Financial Results News Release is included as Exhibit 99.1 to this Current Report on Form 8-K and incorporated by reference herein.

Park's management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate Park's performance. Specifically, management reviews return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per common share. Management has included in the Financial Results News Release information relating to the return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per common share for the three and twelve months ended December 31, 2014 and 2013. For purposes of calculating the return on average tangible equity, a non-GAAP financial measure, net income for each period is divided by average tangible equity during the period. Average tangible equity equals average shareholders' equity during the applicable period less average goodwill and other intangible assets during the applicable period. For the purpose of calculating the return on average tangible assets, a non-GAAP financial measure, net income for each period is divided by average tangible assets during the period. Average tangible assets equals average assets during the applicable period less average goodwill and other intangible assets during the applicable period. For the purpose of calculating tangible equity to tangible assets, a non-GAAP financial measure, tangible equity is divided by tangible assets. Tangible equity equals shareholders' equity less goodwill and intangible assets, in each case at period end. Tangible assets equals total assets less goodwill and intangible assets, in each case at period end. For the purpose of calculating tangible book value per common share, a non-GAAP financial measure, tangible equity is divided by common shares outstanding at period end. Management believes that the disclosure of return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per common share presents additional information to the reader of the consolidated financial statements, which, when read in conjunction with the consolidated financial statements prepared in accordance with GAAP, assists in analyzing Park's operating performance and ensures comparability of operating performance from period to period, and facilitates comparisons with the performance of Park's peer financial holding companies and bank holding companies, while eliminating certain non-operational effects of acquisitions. In the Financial Results News Release, Park has provided a reconciliation of average tangible equity to average shareholders' equity, average tangible assets to average assets, tangible equity to shareholders' equity and tangible assets to total assets solely for the purpose of complying with SEC Regulation G and not as an indication that return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per common share are substitutes for return on average equity, return on average assets, shareholders' equity to total assets and book value per common share, respectively, as determined by GAAP.

Item 5.02 - Departure of Directors or Certain Officers; Election of Officers; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Notification of Retirement from Board of Directors upon Expiration of Current Term

On January 22, 2015, William T. McConnell, who currently serves in the class of directors of Park whose terms expire at the 2015 Annual Meeting of Shareholders (the "2015 Annual Meeting"), notified Park that he had decided to retire and not stand for re-election to the Board of Directors of Park. Mr. McConnell's term as a director of Park will expire immediately prior to the 2015 Annual Meeting, which will be held on April 27, 2015. In addition, Mr. McConnell will retire as a director of Park's national banking association subsidiary, The Park National Bank ("Park National Bank"), effective April 27, 2015.

Mr. McConnell has served as a director of Park since 1986 and as a member of the Board of Directors of Park National Bank since 1977, a span of nearly five decades. Mr. McConnell is an original member of the Park Board of Directors. Mr. McConnell served on various committees and in various leadership roles of Park and Park National Bank during his 50+ year career.

In recognition of his many years of dedicated service and commitment to Park and its subsidiaries -- in particular, Park National Bank -- as well as the judgment, wisdom and perspective he has provided, the respective Boards of Directors of Park and Park National Bank intend to name Mr. McConnell as Director Emeritus on April 27, 2015 following the expiration of his term as a director of each of Park and Park National Bank. Mr. McConnell will also be recognized at the 2015 Annual Meeting for his many significant contributions to the Park organization.

Election of New Director

On January 26, 2015, upon the recommendation of its Nominating and Corporate Governance Committee, the Board of Directors of Park elected James R. DeRoberts to fill the vacancy in the class of directors whose terms are to expire at the 2017 Annual Meeting of Shareholders. Mr. DeRoberts' election will be effective February 16, 2015. On January 27, 2015, the Board of Directors of Park National Bank also elected Mr. DeRoberts as a director, effective February 16, 2015. Mr. DeRoberts is a partner at Gardiner Allen DeRoberts Insurance located in Columbus, Ohio. The Park Board of Directors has affirmatively determined that Mr. DeRoberts meets the applicable standards for an "independent director" under Section 803A of the NYSE MKT LLC ("NYSE MKT") Company Guide and that he does not have any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director of Park. In making these determinations, the Park Board of Directors considered the fact that Mr. DeRoberts' firm has provided insurance and risk management consulting services to Park and its subsidiaries in an amount not exceeding \$200,000 in each of Park's last three full fiscal years -- \$163,687 in the fiscal year ended December 31, 2014 -- and continues to do so. In addition, Mr. DeRoberts' father (a) owns a 7% Subordinated Note due April 20, 2022 in the original principal amount of \$250,000 issued by Park on April 20, 2012 and (b) owned (until it was repaid by Park on December 24, 2014) a 10% Subordinated Note due December 23, 2019 in the original principal amount of \$300,000 issued by Park on December 23, 2009.

On January 26, 2015, the Park Board of Directors also appointed Mr. DeRoberts to serve on the Investment Committee and the Risk Committee of the Board, effective upon his becoming a director of Park.

As a non-employee director, Mr. DeRoberts will receive compensation in the same manner as Park's other non-employee directors, which compensation Park previously disclosed in its definitive proxy statement for the 2014 Annual Meeting of Shareholders, filed with the Securities and Exchange Commission on February 28, 2014.

SEPH had net recoveries of \$12.4 million, PNB had net charge-offs of \$8.4 million, and GFSC had net charge-offs of \$1.8 million for the fiscal year ended December 31, 2014, resulting in net recoveries of \$2.2 million for Park. The provision for loan losses for Park's ongoing operations (PNB and GFSC) was \$5.1 million for the fiscal year ended December 31, 2014, a \$10.1 million decline from the \$15.2 million provision for the fiscal year ended December 31, 2013. This decline in the provision for

loan losses for Park's ongoing operations was largely due to improvements in credit metrics at PNB, and fewer impaired commercial loans requiring specific reserves at December 31, 2014 compared to December 31, 2013.

The table below provides additional information related to specific reserves and general reserves for Park's ongoing operations as of December 31, 2014, 2013, and 2012.

(In thousands)	12/31/2014	12/31/2013	12/31/2012	
Total allowance for loan losses	\$54,352	\$59,468	\$55,537	
Specific reserve	3,660	10,451	8,276	
General reserve	\$50,692	\$49,017	\$47,261	
Total loans	\$4,805,725	\$4,582,491	\$4,391,145	
Impaired loans	51,323	77,038	89,365	
Performing loans	\$4,754,402	\$4,505,453	\$4,301,780	
General reserve as a % of performing loans	1.07	% 1.09	% 1.10	%

Note: The table above includes only those loans at PNB and GFSC, as these are the entities that have an ALLL balance. The table in the "Asset Quality Information" section of the financial information included with the Financial Results News Release, includes all Park loans (including those at SEPH) and thus shows slightly different information.

As the table above shows, specific reserves were \$3.7 million at December 31, 2014, a decrease of \$6.8 million, compared to \$10.5 million at December 31, 2013. The decline in specific reserves was largely related to the second quarter 2014 charge-off of approximately \$4.7 million related to one loan relationship, which previously had a specific reserve of \$4.8 million associated with it that had been established in the third quarter of 2013, and charge-offs of \$1.2 million related to the specific reserves previously established against the loans moved to loans held for sale in the third quarter of 2014 and sold in the fourth quarter of 2014. General reserves for Park's ongoing operations increased to \$50.7 million at December 31, 2014, an increase of \$1.7 million, or 3.5%, compared to \$49.0 million at December 31, 2013. The general reserve as a percentage of performing loans was 1.07% at December 31, 2014, compared to 1.09% at December 31, 2013. The decrease in general reserve as a percentage of performing loans was primarily due to a fourth quarter of 2014 update of the historical loss factor assumptions in the general reserve calculation, for which assumptions are updated in the fourth quarter each year.

Overall, credit metrics continued to improve at Park. The table below provides additional information regarding the declines in nonaccrual loans as a percentage of period end loans and nonperforming assets as a percentage of period end assets for Park over the last five years.
