GENERAL INFORMATION

What is the purpose of the Annual Meeting?

At the Annual Meeting, the stockholders will act upon the matters outlined in the accompanying Notice of Annual Meeting and this Proxy Statement, including:

1.

Election of eight directors of the Company;

2.

To consider and approve an amendment to the Company's 2008 Omnibus Equity Incentive Compensation Plan, as amended September 14, 2012, to increase the number of shares of the Company's common stock available for issuance thereunder from 500,000 shares to a total of 1,000,000 shares, referred to herein as the 2008 Plan Amendment ;

3.

To ratify the appointment of Hein & Associates LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2014; and

4.

To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

Who is entitled to attend and vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date of December 9, 2013, or their duly appointed proxies, are entitled to receive notice of the Annual Meeting, attend the meeting, and vote their shares at the Annual Meeting or any adjournment or postponement thereof. At the close of business on December 9, 2013, there were 4,926,214 shares of our common stock, par value \$0.001 per share (Common Stock), outstanding. Each outstanding share of our Common Stock is entitled to one vote. Our Bylaws do not allow holders to accumulate votes in the election of directors.

How do I vote?

You may vote on matters to come before the Annual Meeting in two ways: (i) you can attend the Annual Meeting and cast your vote in person, or (ii) you can vote by completing, signing, and dating the enclosed proxy card and returning it to us in the enclosed business reply envelope or via facsimile to Boyd E. Hoback, our President and Chief Executive Officer, at (303) 273-0177. If you return the proxy card, you will authorize the individuals named on the proxy card, referred to as proxy holders, to vote your shares according to your instructions or, if you provide no instructions, according to the recommendations of our Board. If your shares are held by a broker in street name, you will receive a voting instruction form from your broker or the broker's agent asking you how your shares should be voted.

What if I vote and then change my mind?

You may revoke a proxy at any time before the vote is taken at the Annual Meeting by either (i) filing with our corporate secretary a written notice of revocation, (ii) sending in another duly executed proxy bearing a later date, or (iii) attending the meeting and casting your vote in person. Your last vote will be the vote that is counted.

How can I get more information about attending the Annual Meeting and voting in person?

The Annual Meeting will be held on Friday, February 7, 2014, at 9:00 a.m., local time, at the Company's corporate offices, which are located at 601 Corporate Circle, Golden, Colorado 80401, or at such other time and place to which the Annual Meeting may be adjourned or postponed. For additional details about the Annual Meeting, including directions to the meeting site and information about how you may vote in person if you so desire, please call or email Boyd E. Hoback, our President and Chief Executive Officer, at (303) 384-1400 or at bhoback@gtrestaurants.com.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named on the proxy card will vote in accordance with the recommendations of our Board, which are described in this Proxy Statement. Our Board recommends a vote FOR each of the proposals described in the accompanying Notice of Annual Meeting of Stockholders and this Proxy Statement.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our Board or, if no recommendation is given, in their own discretion.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the issued and outstanding shares of our Common Stock on the record date will constitute a quorum at the Annual Meeting, permitting us to conduct our business at the Annual Meeting. Proxies received but marked as abstentions and broker non-votes (defined below) will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining whether a quorum is present. If a quorum is not present, the Annual Meeting may be adjourned until a quorum is obtained.

What vote is required to approve each proposal?

Vote Required. Approval of each proposal to be considered and voted upon at the Annual Meeting will require the affirmative vote of a majority of the votes cast by the holders of our Common Stock present in person or represented by proxy at the Annual Meeting (assuming we have a quorum as described above). A properly executed proxy marked ABSTAIN with respect to a proposal will not be voted for that proposal but will be counted for purposes of whether there is a quorum at the meeting. Abstentions will result in the respective proposal receiving fewer votes.

Effect of Broker Non-Votes. If your shares are held by your broker in street name, you will receive a voting instruction form from your broker or the broker's agent asking you how your shares should be voted. Please complete the form and return it in the envelope provided by the broker or agent. No postage is necessary if mailed in the United States. If you do not instruct your broker how to vote, your broker may vote your shares at its discretion or, on some matters, may not be permitted to exercise voting discretion. Votes that could have been cast on the matter in question if the brokers have received their customers' instructions, and as to which the broker has notified us on a proxy form in accordance with industry practice or has otherwise advised us that it lacks voting authority, are referred to as broker non-votes. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted as a vote cast in determining the number of shares necessary for approval of those matters. Shares represented by such broker non-votes, however, will be counted in determining whether there is a quorum. Accordingly, broker non-votes will result in the respective proposal receiving fewer votes.

Can I dissent or exercise rights of appraisal?

Neither Nevada law nor our Articles of Incorporation or Bylaws provide our stockholders with dissenters' or appraisal rights in connection with the proposals to be voted on at the Annual Meeting. If the proposals are approved at the

Annual Meeting, stockholders voting against such proposals will not be entitled to seek appraisal for their shares.

Who pays for this proxy solicitation?

The Company will bear the entire cost of this proxy solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy card, and any additional solicitation materials furnished to the stockholders. In addition to solicitation by mail, proxies may be solicited by our directors, officers, and regular employees by telephone or personal interview. These individuals will not receive any compensation for their services other than their regular salaries. Arrangements will also be made with brokerage houses and other custodians and fiduciaries to forward solicitation materials to the beneficial owners of the shares held on the record date, and we may reimburse those persons for reasonable out-of-pocket expenses incurred by them in so doing.

Messrs. The investment agreements provided that, for so long as SII continued to own at least 50% of our outstanding capital stock, (i) our Board shall not consist of more than seven directors, and (ii) SII would have the right to designate four individuals for election to our Board. Following the completion of our public offering of shares of Common Stock and related warrants on August 21, 2013, SII no longer owns at least 50% of our outstanding capital stock and thus no longer has the right to designate four individuals for election to our Board. Vote Required for Approval

Approval of Proposal #1 the election of eight directors will require the affirmative vote of a majority of the votes cast by the holders of our Common Stock present in person or represented by proxy at the meeting and entitled to vote on

the matter.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE COMPANY'S EIGHT DIRECTOR NOMINEES LISTED ON THE ENCLOSED PROXY CARD.

PROPOSAL #2 APPROVAL OF 2008 PLAN AMENDMENT

On November 21, 2013, our Board unanimously approved an amendment to the Company's 2008 Omnibus Equity Incentive Compensation Plan (the "2008 Plan"), previously amended September 14, 2012, that would increase the number of shares of Common Stock available for issuance there under from 500,000 shares to a total of 1,000,000 shares, and directed the submission of the amendment for approval by the Company's stockholders at the Annual Meeting. The form of the proposed 2008 Plan Amendment is attached as Annex A.

As of December 9, 2013, there were 500,000 shares of Common Stock available for issuance under the 2008 Plan, of which 407,237 shares have been reserved for awards made previously to the Company's employees, non-employee directors, and consultants that were outstanding as of such date, and of which 92,763 shares remained available for award of such date.

As of December 26, 2013, the closing price of our Common Stock as quoted by the NASDAQ Capital Market was \$2.61. The weighted average exercise price of the 407,237 options outstanding under the 2008 Plan is \$3.82, well in excess of the current market price of our Common Stock, which makes such options out-of-the-money and their exercise is uncertain. Such options are subject to expiration over the next 7.9 years. Accordingly, the Board believes that the outstanding options under the 2008 Plan do not currently fill their intended purpose of incentivizing our employees, non-employee directors, and consultants.

The Board considers the proposed increase in the number of shares of Common Stock available for issuance under the 2008 Plan desirable because it will give the Board the flexibility to issue additional awards to employees, non-employee directors, and consultants of the Company and our affiliates. The Board and management believe that this amount will be sufficient for the Company's equity compensation needs for the foreseeable future.

Set forth below is a summary of the principal provisions of the 2008 Plan, as amended by the proposed 2008 Plan Amendment. The summary is qualified by reference to the full text of the proposed 2008 Plan Amendment, and the 2008 Plan. The proposed 2008 Plan Amendment is attached as Annex A.

Purpose

The purpose of the 2008 Plan is to promote the growth of the Company by permitting the Company to grant nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units, and other stock-based awards to employees, non-employee directors, and consultants of the Company and our affiliates.

Administration

The 2008 Plan is administered by the Compensation Committee of the Board or any other duly authorized committee of the Board performing similar functions, as appointed from time to time by the Board (the "Committee"). The Committee has full and exclusive discretion in interpreting the terms and the intent of the 2008 Plan and any other agreement made in connection with the 2008 Plan, determining eligibility for awards, and adopting such rules, regulations, and guidelines for administering the 2008 Plan as the Committee may deem necessary or proper. Such authority includes, but is not be limited to, selecting award recipients, establishing all award terms and conditions and, subject to the 2008 Plan, adopting modifications and amendments, or sub-plans, to the 2008 Plan or any award agreement, including, without limitation, any that are necessary or appropriate to comply with laws or compensation practices of the jurisdictions in which we and our affiliates operate.

Eligibility and Participation

Individuals eligible to participate in the 2008 Plan include our non-employee directors and all current employees and consultants of the Company or our affiliates. Subject to the provisions of the 2008 Plan, the Committee may, from time to time, in its sole discretion select from among eligible employees, non-employee directors, and consultants, those to whom awards shall be granted under the 2008 Plan, and shall determine in its discretion the nature, terms, conditions, and amount of each award.

Duration of the 2008 Plan

The 2008 Plan was adopted by our Board, and approved by our stockholders, at our annual meeting held on January 24, 2008 and became effective on such date. The 2008 Plan shall remain in effect, subject to the right of the Committee to amend or terminate the 2008 Plan at any time, until the earlier of the tenth anniversary of the effective date of the 2008 Plan or when all shares of Common Stock subject to the 2008 Plan have been purchased or acquired according to the provisions of the 2008 Plan.

Types of Awards

Stock Options: Subject to the terms and provisions of the 2008 Plan, incentive and nonqualified stock options may be granted to participants in consideration for the services and benefit that they provide to us in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee. Notwithstanding the foregoing, no incentive stock options may be granted more than ten years after the effective date of the 2008 Plan. Each stock option granted to a participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, that no stock option shall be exercisable later than the tenth anniversary date of its grant and provided further that no incentive stock option granted to a significant stockholder, as defined in the 2008 Plan, shall be exercisable later than the fifth anniversary of the date of its grant. Stock options granted under the 2008 Plan shall be exercisable at such times and on the occurrence of such events, and be subject to such restrictions and conditions, as the Committee shall in each instance approve, which need not be the same for each grant or for each participant.

The stock option price for each grant of a stock option shall be determined by the Committee and shall be specified in the award agreement. The stock option price for a nonqualified stock option may include a stock option price based on 100% of the fair market value of the shares of Common Stock on the date of grant, a stock option price that is set at a premium to the fair market value of the shares of Common Stock on the date of grant, or a stock option price that is indexed to the fair market value of the shares of Common Stock on the date of grant, with the index determined by the Committee in its discretion. The stock option price for an incentive stock option shall be not less than 100% of the fair market value of the shares of Common Stock on the date of grant; provided that the stock option price for an incentive stock option granted to a significant stockholder, as defined in the 2008 Plan, shall be not less than 110% of the fair market value of the shares of Common Stock.

Stock Appreciation Rights: Subject to the terms and conditions of the 2008 Plan, stock appreciation rights, or SARs, may be granted to participants at any time and from time to time and upon such terms as shall be determined by the Committee in its discretion. The Committee may grant freestanding SARs, tandem SARs, or any combination of these forms of SARs. A tandem SAR means a SAR that the Committee specifies is granted in connection with a related stock option pursuant to the 2008 Plan, the exercise of which shall require forfeiture of the right to purchase a share of Common Stock under the related stock option (and when a share of Common Stock is purchased under the stock option, the tandem SAR shall similarly be cancelled) or a SAR that is granted in tandem with a stock option but the exercise of such stock option does not cancel the SAR, but rather results in the exercise of the related SAR. Regardless of whether a stock option is granted coincident with a SAR, a SAR is not a tandem SAR unless so specified by the Committee at time of grant.

Restricted Stock and Restricted Stock Unit Awards: Subject to the terms and conditions of the 2008 Plan, the Committee, at any time and from time to time, may grant shares of restricted stock or restricted stock units to participants in such amounts and upon such terms as the Committee shall determine. Restricted stock are shares of Common Stock that are subject to a period of restriction. A restricted stock unit is an award denominated in units subject to a period of restriction, with a right to receive shares of Common Stock or cash or a combination thereof upon settlement of the award. During the period of restriction, restricted stock and restricted stock units are subject to forfeiture based on the passage of time, the achievement of performance criteria, or upon the occurrence of other events as determined by the Committee. To the extent required by law, participants holding shares of restricted stock shall have the right to exercise full voting rights with respect to those shares of Common Stock during the period of restriction. A participant shall have no voting rights with respect to any restricted stock units.

The Committee shall impose, in the award agreement at the time of grant or anytime thereafter, such other conditions or restrictions on any shares of restricted stock or restricted stock units granted pursuant to the 2008 Plan as it may deem advisable, including, without limitation, a requirement that participants pay a stipulated purchase price for each share of restricted stock or each restricted stock unit, restrictions based upon the achievement of specific performance criteria, time-based restrictions on vesting following the attainment of the performance criteria, time-based restrictions, restrictions under applicable laws or under the requirements of any stock exchange or market upon which

such shares are listed or traded, or holding requirements or sale restrictions placed on the shares of Common Stock by us upon vesting of such restricted stock or restricted stock units.

During the period of restriction, participants holding shares of restricted stock or restricted stock units granted under the 2008 Plan may, if the Committee so determines, be credited with dividends paid with respect to the underlying shares or dividend equivalents while they are so held in a manner and with such restrictions as may be determined by the Committee in its sole discretion.

Performance Shares and Performance Units: Subject to the terms and conditions of the 2008 Plan, the Committee, at any time and from time to time, may grant performance shares or performance units to participants in such amounts and upon such terms as the Committee shall determine. Each performance share shall have an initial value equal to the fair market value of a share of Common Stock on the date of grant. Each performance unit shall have an initial value that is established by the Committee at the time of grant which may be less than, equal to, or greater than the fair market value of a share of

Common Stock. The Committee shall set performance criteria for a performance period in its discretion, which, depending on the extent to which they are met, will determine, in the manner determined by the Committee and set forth in the award agreement, the value or number of each performance share or performance unit that will be paid to the participant.

Subject to the terms of the 2008 Plan, the Committee, in its sole discretion, may pay earned performance shares or performance units in the form of cash or in shares of Common Stock (or in a combination thereof) equal to the value of the earned performance shares or performance units, as applicable, at the end of the applicable performance period. Any shares of Common Stock may be granted subject to any restrictions deemed appropriate by the Committee. The Committee shall determine whether participants holding performance shares will receive dividend equivalents with respect to dividends declared with respect to the performance shares.

Stock-Based Awards: The Committee may grant other types of equity-based or equity-related awards not otherwise described by the terms of the 2008 Plan (including the grant or offer for sale of unrestricted shares of Common Stock) in such amounts and subject to such terms and conditions, including, but not limited to, being subject to performance criteria, or in satisfaction of such obligations, as the Committee shall determine. Such awards may involve the transfer of actual shares of Common Stock to participants, or payment in cash or otherwise of amounts based on the value of shares of Common Stock.

Performance Measures: Notwithstanding any other terms of the 2008 Plan, the vesting, payability or value (as determined by the Committee) of each award other than a stock option or SAR that, at the time of grant, the Committee intends to be performance-based compensation to a covered employee, shall be determined by the attainment of one or more performance goals as determined by the Committee in conformity with Section 162(m) of the Internal Revenue Code. A list of general performance measures on which performance goals may be based is set forth in Article 11 of the 2008 Plan. The Committee shall specify in writing, by resolution or otherwise, the participants eligible to receive such an award (which may be expressed in terms of a class of individuals) and the performance goal(s) applicable to such awards within 90 days after the commencement of the period to which the performance goal(s) relate(s), or such earlier time as required to comply with Section 162(m) of the Internal Revenue Code. No such award shall be payable unless the Committee certifies in writing, by resolution or otherwise, that the performance goal(s) applicable to the award were satisfied. In no case may the Committee increase the value of an award of performance-based compensation above the maximum value determined under the performance formula by the attainment of the applicable performance goal(s), but the Committee may retain the discretion to reduce the value below such maximum.

Deferrals

The Committee may permit or require a participant to defer such participant's receipt of any award, or payment in settlement or exercise of any award, provided that any such deferral must comply with the applicable requirements of Section 409A of the Internal Revenue Code.

Tax Matters

The following is a brief summary of certain federal income tax consequences of certain transactions under the 2008 Plan under current laws and regulations. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

Incentive Stock Options: The grant of an incentive stock option will not result in any immediate tax consequences to us or the optionee. An optionee will not recognize taxable income, and we will not be entitled to any deduction upon the timely exercise of an incentive stock option, but the excess of the fair market value of the shares of Common Stock acquired over the stock option price will be an item of tax preference for purposes of the alternative minimum tax. If the optionee does not dispose of the shares of Common Stock acquired within one year after their receipt (and

within two years after the stock option was granted), gain or loss recognized on the subsequent disposition of the shares of Common Stock will be treated as long-term capital gain or loss. Capital losses of individuals are deductible only against capital gains and a limited amount of ordinary income. In the event of an earlier disposition, the optionee will recognize ordinary taxable income in an amount equal to the lesser of (i) the excess of the fair market value of the shares of Common Stock on the date of exercise over the stock option price, or (ii) if the disposition is a taxable sale or exchange, the amount of any gain recognized. Upon such a disqualifying disposition, we will be entitled to a deduction in the same amount and at the same time as the optionee recognizes such ordinary taxable income.

Nonqualified Stock Options: The grant of a nonqualified stock option will not result in any immediate tax consequences to us or the optionee. Upon the exercise of a nonqualified stock option, the optionee will recognize ordinary taxable income, and we will be entitled to a deduction, equal to the difference between the stock option price and the fair market value of the shares of Common Stock acquired at the time of exercise.

Stock Appreciation Rights: The grant of either a tandem SAR or a freestanding SAR will not result in any immediate tax consequences to us or the grantee. Upon the exercise of either a tandem SAR or a freestanding SAR, any cash received and

the fair market value on the exercise date of any shares of Common Stock received will constitute ordinary taxable income to the grantee. We will be entitled to a deduction in the same amount and at the same time.

Restricted Stock: A grantee normally will not recognize taxable income upon an award of restricted stock, and we will not be entitled to a deduction, until the termination of the restrictions. Upon such termination, the grantee will recognize ordinary taxable income in an amount equal to the fair market value of the shares of Common Stock at that time, plus the amount of any dividends and interest thereon to which the grantee then becomes entitled. However, a grantee may elect to recognize ordinary taxable income in the year the restricted stock is awarded in an amount equal to its fair market value at that time, determined without regard to the restrictions. We will be entitled to a deduction in the same amount and at the same time as the grantee recognizes income, subject to the limitations of Section 162(m) of the Internal Revenue Code.

Restricted Stock Units, Performance Shares and Performance Units: The grant of a restricted stock unit, performance share or performance unit will not result in any immediate tax consequences to us or the grantee. Upon payment of a restricted stock unit, performance share or performance unit, the grantee will recognize ordinary taxable income in an amount equal to the fair market value of the shares of Common Stock or cash received at that time. We will be entitled to a deduction in the same amount and at the same time, subject to the limitations of Section 162(m) of the Internal Revenue Code.

Payouts of Performance Compensation Awards: The designation of an award of restricted stock or performance shares or the grant of a restricted stock unit or a performance unit as a performance compensation award will not change the tax treatment described above to an employee who receives such an award or grant. Such a designation will, however, enable such award or grant to qualify as performance-based compensation not subject to the \$1 million limitation on deductible compensation under Section 162(m) of the Internal Revenue Code. Applicable taxes required by law will be withheld from all amounts paid in satisfaction of an award. The amount of the withholding will generally be determined with reference to the closing price of the shares of Common Stock as reported on the NASDAQ Capital Market on the date of determination.

Golden Parachute Tax and Section 280G of the Internal Revenue Code: If an award is accelerated as a result of a change in control of us, all or a portion of the value of the award at that time may be a parachute payment under Section 280G of the Internal Revenue Code for certain employees and other individuals who perform services for us. Section 280G generally provides that if parachute payments equal or exceed three times an award holder's average W-2 compensation for the five tax years preceding the year of the change in control, we will not be permitted to claim its deduction with respect to any excess parachute payments made to the individual. An excess parachute payment generally is the portion of a parachute payment that exceeds such individual's historical average compensation. Section 280G of the Internal Revenue Code generally applies to employees or other individuals who perform services for us if within the 12 month period preceding the change in control the individual is one of our officers, a stockholder owning more than one percent of the our stock, or a member of the group consisting of the lesser of the highest paid one percent of our employees or our highest paid 250 employees. A recipient of an excess parachute payment is subject to a 20 percent excise tax on such excess parachute payment under Section 4999 of the Internal Revenue Code.

The discussion set forth above is intended only as a summary and does not purport to be a complete enunciation or analysis of all potential tax consequences relevant to recipients of awards under the 2008 Plan. We have not undertaken to discuss the tax treatment of awards under the 2008 Plan in connection with a merger, consolidation, or similar transaction. Such treatment will depend on the terms of the transaction and the method of dealing with the awards in connection therewith.

Change of Control

Accelerated Vesting and Payment: Subject to the provisions of the 2008 Plan or as otherwise provided in the award agreement, in the event of a change of control, unless otherwise specifically prohibited under law or by the rules and

regulations of a national securities exchange or market on which the shares are listed or traded:

.

Any and all stock options and SARs granted shall be accelerated to become immediately exercisable in full;

.

Any period of restriction and other restrictions imposed on restricted stock or restricted stock units shall lapse, and restricted stock units shall be immediately settled and payable;

.

The target payout opportunities attainable under all outstanding awards of performance-based restricted stock, performance-based restricted stock units, performance shares and performance units (including, but not limited to, awards intended to be performance-based compensation) shall be deemed to have been fully earned based on targeted performance being attained as of the effective date of the change of control, and:

.

The vesting of all awards denominated in shares of Common Stock shall be accelerated as of the effective date of the change of control, and shall be paid out to participants within 30 days following the effective date of the change of control; and

. Awards denominated in cash shall be paid to participants in cash within 30 days following the effective date of the change of control;

Upon a change of control, unless otherwise specifically provided in a written agreement entered into between the participant and us or an affiliate, the Committee shall immediately vest and pay out all other stock-based awards as determined by the Committee; and

The Committee shall have the ability to unilaterally determine that all outstanding awards are cancelled upon a change in control, and the value of such awards, as determined by the Committee in accordance with the terms of the 2008 Plan and the award agreement, be paid out in cash in an amount based on the change of control price within a reasonable time subsequent to the change in control; provided, however, that no such payment shall be made on account of an incentive stock option using a value higher than the fair market value on the date of settlement.

Alternate Awards: Subject to certain conditions set forth in the 2008 Plan, no cancellation, acceleration of vesting, lapsing of restrictions, payment of an award, cash settlement, or other payment shall occur with respect to any award if the Committee reasonably determines in good faith prior to the occurrence of a change of control that such award shall be honored or assumed, or new rights substituted therefor by any successor, all as described in the 2008 Plan.

Compliance with Section 280G of the Internal Revenue Code: In the event that any accelerated award vesting or payment received or to be received by a participant pursuant to the 2008 Plan, referred to herein as a benefit, would (i) constitute a parachute payment within the meaning of and subject to Section 280G of the Internal Revenue Code and (ii) but for the limitations set forth in the 2008 Plan, be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then such benefit shall be reduced to the extent necessary so that no portion of the benefit will be subject to the excise tax, as determined in good faith by the Committee; provided, however, that if, in the absence of any such reduction (or after such reduction), the participant believes that the benefit or any portion thereof (as reduced, if applicable) would be subject to the excise tax, the benefit shall be reduced (or further reduced) to the extent determined by the participant in his or her discretion so that the excise tax would not apply. If, notwithstanding any such reduction (or in the absence of such reduction), the Internal Revenue Service determines that the participant is liable for the excise tax as a result of the benefit, then the participant shall be obligated to return to us, within 30 days of such determination by the Internal Revenue Service, a portion of the benefit sufficient such that none of the benefit retained by the participant constitutes a parachute payment within the meaning of Section 280G of the Internal Revenue Code that is subject to the excise tax.

Compliance with Section 409A of the Internal Revenue Code: To the extent applicable, it is intended that the 2008 Plan and any awards made thereunder shall not provide for the payment of deferred compensation within the meaning of Section 409A of the Internal Revenue Code or shall be structured in a manner and have such terms and conditions that would not cause a participant to be subject to taxes and interest pursuant to Section 409A of the Internal Revenue Code. Notwithstanding anything in the 2008 Plan or in any award agreement to the contrary, to the extent that any amount or benefit that would constitute deferred compensation for purposes of Section 409A of the Internal Revenue Code would otherwise be payable or distributable under the 2008 Plan or any award agreement by reason of the occurrence of a change of control or the participant's disability or separation from service, such amount or benefit will not be payable or distributable to the participant by reason of such circumstance unless (i) the circumstances giving rise to such change of control, disability or separation from service meet the description or definition of change in control event, disability, or separation from service, as the case may be, in Section 409A of the Internal Revenue Code, and (ii) the payment or distribution of such amount or benefit would otherwise comply with Section 409A of the Internal Revenue Code and not subject the participant to taxes and interest pursuant to Section 409A of the Internal Revenue Code (which may require, if the participant is a specified employee within the meaning of Section 409A of the Internal Revenue Code, that the payment date shall not be earlier than the date that is six months after the

date of the participant's separation from service). This provision does not prohibit the vesting of any award or the vesting of any right to eventual payment or distribution of any amount or benefit under the 2008 Plan or any award agreement.

Amendment, Modification, Suspension, and Termination

The Committee or our Board may, at any time and from time to time, alter, amend, modify, suspend, or terminate the 2008 Plan in whole or in part; provided, however, that:

Without the prior approval of our stockholders, stock options and SARs issued under the 2008 Plan will not be re-priced, replaced, or re-granted such that the stock option price of a previously granted stock option or the grant price of a previously granted SAR is effectively reduced from the original stock option price or grant price.

No amendment or modification which would increase the total number of shares of Common Stock available for issuance under the 2008 Plan or the total number of shares of Common Stock available for incentive stock options under the 2008 Plan shall be effective unless approved by our stockholders.

To the extent necessary under any applicable law, regulation, or securities exchange or market requirement, no amendment shall be effective unless approved by our stockholders in accordance with applicable law, regulation, or securities exchange or market requirement.

Adjustment of Awards

The Committee may make appropriate proportionate adjustments or substitutions in the terms and conditions of, and the criteria included in, awards in recognition of unusual or nonrecurring events affecting us or our financial statements or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the 2008 Plan.

Vote Required for Approval

Approval of Proposal #2 the stockholder resolution approving the proposed 2008 Plan Amendment will require the affirmative vote of a majority of the votes cast by the holders of our Common Stock present in person or represented by proxy at the meeting and entitled to vote on the matter.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL #2.

PROPOSAL #3 APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Company's independent registered public accounting firm for the fiscal year ended September 30, 2013 was Hein & Associates LLP (Hein). It is expected that one or more representatives of such firm will attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions. The Company has selected Hein as the Company's principal independent registered public accounting firm for the fiscal year ending September 30, 2014. Shareholder ratification of the appointment is not required under the laws of the State of Nevada, but the Board has decided to ascertain the position of the shareholders on the appointment. The Company will reconsider the appointment if it is not ratified. Even if the appointment is ratified, the Company may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Company feels that such a change would be in the Company's and its shareholders' best interests.

Vote Required

Proposal 2 will be approved if the number of votes cast in favor of such proposal exceeds the number of votes cast opposing such proposal. Broker-non votes and abstentions will not count as votes in favor of or against the proposal and will have no effect on the vote total for the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF HEIN & ASSOCIATES LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING SEPTEMBER 30, 2014.

CORPORATE GOVERNANCE

Director Independence

The Company's Common Stock is listed on the NASDAQ Capital Market under the trading symbol "GTIM". NASDAQ listing rules require that a majority of the Company's directors be independent directors as defined by NASDAQ corporate governance standards.

The Board has determined that of the current directors Messrs. Bailey, Har-Even, Johnson, Reinhard and Teran are independent directors under the NASDAQ listing standards, while Messrs. Dobbin, Heller, and Hoback are not independent under such standards. The Board has also determined that each of the three current members of the Audit Committee is independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934 under the rules of the Securities and Exchange Commission (SEC) promulgated thereunder.

Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination from time to time based on the position and direction of the Company and the membership of the Board. However, the Board has determined that separating these roles is in the best interests of the Company's stockholders at this time. The Board believes that this structure permits the Chief Executive Officer to focus on the management of the Company's day-to-day operations.

Risk Oversight

Material risks are identified and prioritized by the Company's management and reported to the Board for oversight. The Board as a whole administers the Board's risk oversight function. The Board regularly reviews information regarding the Company's credit, liquidity, and operations, as well as the risks associated with each. In addition, the Board continually works, with the input of the Company's executive officers, to assess and analyze the most likely areas of future risk for the Company.

Code of Ethics

The Company has adopted a Code of Business Conduct which applies to all directors, officers, employees, and franchisees of the Company. The Code of Business Conduct was filed as an exhibit to the Company's Annual Report on Form 10-KSB for the fiscal year ended September 30, 2003. The Code of Business Conduct is also available on the Company's website at www.goodtimesburgers.com.

Board Committees

The standing committees of the Board are the Audit Committee, which is currently comprised of Messrs. Har-Even (Chairman), Johnson and Teran, and the Compensation Committee, which is currently comprised of Messrs. Bailey, Reinhard, and Teran (Chairman). As discussed under the heading "Nominee Selection Process" below, there is no standing nominating committee of the Board and instead the Board as a whole acts as the nominating committee for the selection of nominees for election as directors.

Audit Committee

The Audit Committee currently consists of Messrs. Har-Even (Chairman), Johnson and Teran. The Board has determined that all of the members of the Audit Committee are independent, as defined by the NASDAQ listing standards and by applicable SEC rules. In addition, the Board has determined that Mr. Har-Even is an audit

committee financial expert, as that term is defined by the SEC rules, by virtue of having the following attributes through relevant experience: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals, and reserves; (iii) experience preparing, auditing, analyzing, or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal controls and procedures for financial reporting; and (v) an understanding of audit committee functions.

Neil Calvert ceased to be a member of the Company's Board of Directors on August 30, 2013 and a member and Chairman of the Audit Committee. The Board of Directors replaced him on the Audit Committee following the 2013 Annual Meeting of Stockholders. Prior to August 30, 2013, Mr. Calvert also served as our audit committee financial expert.

The function of the Audit Committee relates to oversight of the auditors, the auditing, accounting, and financial reporting processes, and the review of the Company's financial reports and information. In addition, the functions of this Committee have included, among other things, recommending to the Board the engagement or discharge of independent auditors,

discussing with the auditors their review of the Company's quarterly results and the results of their audit, and reviewing the Company's internal accounting controls. The Audit Committee operates pursuant to a written Charter adopted by the Board. A current copy of the Audit Committee Charter is available on our website at www.goodtimesburgers.com. The Audit Committee held five meetings during the fiscal year ended September 30, 2013.

Compensation Committee

The Compensation Committee currently consists of Messrs. Bailey, Reinhard, and Teran (Chairman). The Board has determined that all of the members of the Compensation Committee are independent, as defined by the NASDAQ listing standards. The function of the Compensation Committee is to consider and determine all matters relating to the compensation of the President and Chief Executive Officer and other executive officers, including matters relating to the employment agreements. The Compensation Committee held one meeting during the fiscal year ended September 30, 2013.

The responsibility of the Compensation Committee is to review and approve the compensation and other terms of employment of our Chief Executive Officer and our other executive officers, including all of the executive officers named in the Summary Compensation Table in this Proxy Statement (the "Named Executive Officers"). Among its other duties, the Compensation Committee oversees all significant aspects of the Company's compensation plans and benefit programs. The Compensation Committee annually reviews and approves corporate goals and objectives for the Chief Executive Officer's compensation and evaluates the Chief Executive Officer's performance in light of those goals and objectives. The Compensation Committee also recommends to the Board the compensation and benefits for members of the Board. The Compensation Committee has also been appointed by the Board to administer our 2008 Omnibus Equity Incentive Compensation Plan, which is the successor equity compensation plan to the Company's 2001 Stock Option Plan. The Compensation Committee does not delegate any of its authority to other persons.

In carrying out its duties, the Compensation Committee participates in the design and implementation and ultimately reviews and approves specific compensation programs. The Compensation Committee reviews and determines the base salaries for the Named Executive Officers, and also approves awards to the Named Executive Officers under the Company's equity compensation plans.

In determining the amount and form of compensation for Named Executive Officers other than the Chief Executive Officer, the Compensation Committee obtains input from the Chief Executive Officer regarding the duties, responsibilities, and performance of the other executive officers and the results of performance reviews. The Chief Executive Officer also recommends to the Compensation Committee the base salary levels for all Named Executive Officers and the award levels for all Named Executive Officers under the Company's equity compensation programs. No Named Executive Officer attends any executive session of the Compensation Committee or is present during final deliberations or determinations of such Named Executive Officer's compensation. The Chief Executive Officer also provides input with respect to the amount and form of compensation for the members of the Board.

The Compensation Committee has the authority to directly engage, at the Company's expense, any compensation consultants or other advisers as it deems necessary to carry out its responsibilities in determining the amount and form of executive and director compensation. For the fiscal year ended September 30, 2013, the Compensation Committee did not use the services of a compensation consultant or other adviser. However, the Compensation Committee has reviewed surveys, reports, and other market data against which it has measured the competitiveness of the Company's compensation programs.

In determining the amount and form of executive and director compensation, the Compensation Committee has reviewed and discussed historical salary information as well as salaries for similar positions at comparable companies.

On August 30, 2013, our Board approved and adopted a written charter for the Compensation Committee. A copy of the Compensation Committee Charter is available on our website at www.goodtimesburgers.com.

Communication with Directors

The Board welcomes questions or comments about us and our operations. Those interested may contact the Board as a whole or any one or more specified individual directors by sending a letter to the intended recipients attention in care of Good Times Restaurants Inc., Attention: Corporate Secretary, 601 Corporate Circle, Golden, CO 80401. All such communications other than commercial advertisements will be forwarded to the appropriate director or directors for review.

Director Attendance at Meetings

There were nine meetings of the Board held during the fiscal year ended September 30, 2013. No member of the Board attended fewer than 75% of the Board meetings and applicable committee meetings for the fiscal year ended September 30, 2013.

The Company does not have a formal policy on director attendance at the annual meeting. Messrs. Bailey, Dobbin, Heller, Hoback and Teran attended the annual meeting of stockholders for the fiscal year ended September 30, 2012, which was held on September 27, 2013. Mr. Reinhard did not attend the last annual meeting.

Nominee Selection Process

Our Board as a whole acts as the nominating committee for the selection of nominees for election as directors. We do not have a separate standing nominating committee since we require that our director nominees be approved as nominees by a majority of our independent directors. The Board will consider suggestions by stockholders for possible future nominees for election as directors at the next annual meeting when the suggestion is delivered in writing to the corporate secretary of the Company by November 15 of the year immediately preceding the annual meeting. No request for a recommended nominee was made by the 2013 deadline by any stockholder or group of stockholders with beneficial ownership of more than five percent of our Common Stock as indicated in a Schedule 13D or 13G, other than those stockholders with contractual board representation or director designation rights as discussed above.

The Board selects each nominee, subject to contractual representation or designation rights held by certain stockholders, based on the nominee's skills, achievements, and experience, with the objective that the Board as a whole should have broad and relevant experience in high policymaking levels in business and a commitment to representing the long-term interests of the stockholders. The Board believes that each nominee should have experience in positions of responsibility and leadership, an understanding of our business environment, and a reputation for integrity.

The Board evaluates each potential nominee individually and in the context of the Board as a whole. The objective is to recommend a group that will effectively contribute to our long-term success and represent stockholder interests. In determining whether to recommend a director for re-election, the Board also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board.

When seeking candidates for director, the Board solicits suggestions from incumbent directors, management, stockholders, and others. The Board does not have a charter for the nominating process.

The Company does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Board strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills, and expertise to oversee the Company's business.

Directors Compensation

Each non-employee director received \$500 for each Board of Directors meeting attended. Members of the Compensation and Audit Committees generally each received \$100 per meeting attended. However, where both Compensation and Audit Committee meetings are held at the same gathering, only \$100 is paid to directors attending both committee meetings. Additionally, for the fiscal year ended September 30, 2013 the directors received the following stock options: 1) Messrs. Bailey, Calvert, Dobbin, Heller, Reinhard and Teran each received a non-statutory stock option to acquire 2,000 shares of Common Stock at an exercise price of \$2.31 per share; and 2) Messrs. Bailey, Dobbin, Har-Even, Heller, Johnson, Reinhard and Teran each received a non-statutory stock option to acquire 5,000 shares of Common Stock at an exercise price of \$2.44 per share. Mr. Calvert ceased to be a director of the Company effective August 30, 2013.

The following table sets forth compensation information for the fiscal year ended September 30, 2013 with respect to directors:

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Securities Exchange Act of 1934, directors, executive officers and persons who own more than ten percent of our Common Stock must disclose their initial beneficial ownership of the Common Stock and any changes in that ownership in reports which must be filed with the SEC and the Company. The SEC has designated specific deadlines for these reports and the Company must identify in this proxy statement those persons who did not file these reports when due.

Based solely on a review of the reports filed with the Company and written representations received from reporting persons the Company believes that during the fiscal year ended September 30, 2013 all Section 16(a) filing requirements for its officers, directors, and more than ten percent shareholders were complied with on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Bailey Company

Our corporate headquarters are located in a building owned by The Bailey Company and in which The Bailey Company also has its corporate headquarters. We currently lease approximately 3,700 square feet of space for our executive offices in Golden, Colorado for approximately \$63,000 per year under a lease agreement, as amended, which expires in December 2013 and is month to month thereafter.

The Bailey Company was the owner of one franchised Good Times Burgers & Frozen Custard restaurant located in Loveland, Colorado. The Company purchased this restaurant in August 2012 for a purchase price of approximately \$100,000. The Bailey Company was also previously the owner of one franchised restaurant in Thornton, Colorado which was closed in October 2009. The Bailey Company had entered into two franchise and management agreements with us. Franchise royalties and management fees paid under those agreements totaled approximately \$0 and \$44,000 for the fiscal years ending September 30, 2013 and 2012, respectively.

Heathcote Financial Advisory Services Agreement

On April 6, 2012, the Company entered into a financial advisory services agreement with Heathcote, pursuant to which the Company engaged Heathcote to provide exclusive financial advisory services to the Company in connection with a possible strategic transaction. Gary J. Heller, a member of our Board of Directors, is the principal of Heathcote. Accordingly, the Company's agreement with Heathcote constitutes a related party transaction and was reviewed and approved by the Audit Committee of the Company's Board of Directors. Mr. Heller did not participate in the Audit Committee's consideration of the agreement and abstained from the committee's vote to approve the agreement. Concurrently with the Company's engagement of Heathcote, Mr. Heller resigned as a member of the Audit Committee and as Chairman of the Compensation Committee, though he continues to serve on our Board.

On March 25, 2013, the Company and Heathcote modified this agreement to exclude any transactions involving the Maxim Group LLC and for Heathcote to continue to provide non-exclusive financial advisory services to the Company. The Company paid a total of \$76,500 in fees to Heathcote under the agreement for services provided in connection with the Bad Daddy's Burger Bar transaction (described below).

On September 27, 2013, the Company and Heathcote further modified this agreement to provide for investor relations activities specifically related to the exercise of the outstanding warrants and the trading volume in the Company's stock and other corporate finance projects as determined by the CEO of the company. The modification was approved by the Audit Committee of the Company's Board of Directors.

SII Investment Transaction

On June 13, 2012, the Company entered into a Securities Purchase Agreement with SII, pursuant to which the Company agreed to issue and sell to SII, and SII agreed to purchase, 473,934 shares of newly designated Series C Convertible Preferred Stock for an aggregate purchase price of \$2,000,000 (i.e., \$4.22 per share), subject to the satisfaction of certain conditions precedent set forth in the purchase agreement. At the time the Company and SII entered into the purchase agreement, SII held 50.8% of our outstanding Common Stock. In addition, David L. Dobbin, the Chairman of our Board, is a principal of SII. Accordingly, the agreement constitutes a related party transaction and was reviewed and approved by the Audit Committee.

On September 28, 2012, we completed the sale and issuance of 355,451 shares of Series C Convertible Preferred Stock to SII for an aggregate purchase price of \$1,500,000. We also entered into a Supplemental Agreement with SII, dated September 28, 2012, and further amended on October 16, 2012, pursuant to which we extended the time period for SII to complete its purchase of the remaining shares of Series C Convertible Preferred Stock. Pursuant to the

Supplemental Agreement, as amended, SII agreed to complete its purchase of an additional 118,483 shares of Series C Convertible Preferred Stock, for an additional aggregate purchase price of \$500,000, on or before March 31, 2013, at such time as the Company's Board of Directors reasonably determines, with 45 days' prior notice to SII, that the Company requires such funds to maintain the minimum stockholders' equity required under Nasdaq Listing Rule 5550(b) for continued listing on the Nasdaq Capital Market. The Company's Board of Directors determined that it will not require such funds to maintain the minimum stockholders' equity requirement. As a result, SII did not complete its purchase of the additional 118,483 shares of Series C Convertible Preferred Stock.

Each share of Series C Convertible Preferred Stock is convertible at the option of the holder into two shares of Common Stock, subject to certain anti-dilution provisions. The shares of Series C Convertible Preferred Stock will accrue dividends at the rate of 8% per annum of the original issue price of \$4.22 per share, with such accrued dividends payable quarterly. In the event the Series C Convertible Preferred Stock has not been converted to Common Stock within 18 months following the

issuance thereof, thereafter (i) the rate of the accrued dividends shall increase to 15% per annum from the date that is 18 months after the issuance thereof until converted or redeemed by the Company, and (ii) the Company may upon the approval of a majority of the disinterested members of the Board of Directors redeem all or from time to time a portion of the Series C Convertible Preferred Stock by payment of its liquidation preference. The shares of Series C Convertible Preferred Stock also have additional voting rights, restrictions and provisions as described under the heading *Series C Convertible Preferred Stock* in the section of this prospectus entitled *Description of Securities*.

Pursuant to the purchase agreements, SII has also agreed to vote its shares in any election of directors for one individual designated by The Bailey Group and one individual designated by Mr. Reinhard and his affiliates, in addition to SII's four director designees. If either The Bailey Group or Mr. Reinhard and his affiliates cease to own at least 200,000 shares of the Company's Common Stock (as adjusted for the reverse stock split of the Company's Common Stock effected on December 31, 2010, and may be further adjusted for any future stock splits, reverse splits, or similar capital stock transactions), then the foregoing designation rights will cease, and SII has agreed to vote its shares in any election of directors in favor of a person, other than an SII designee, who receives the majority of votes of holders of Common Stock other than SII. Geoffrey R. Bailey is the current director designated by The Bailey Group, and Eric W. Reinhard is the current director designated by Mr. Reinhard and his affiliates.

Bad Daddy's Transaction

On April 9, 2013, the Company entered into a series of agreements with Bad Daddy's International, LLC, a North Carolina limited liability company (BDI), and Bad Daddy's Franchise Development, LLC, a North Carolina limited liability company (BDFD), to acquire the exclusive development rights for Bad Daddy's Burger Bar restaurants in Colorado, additional restaurant development rights for Arizona and Kansas, and a 48% voting ownership interest in the franchisor entity, BDFD (collectively, the *Bad Daddy's Transaction*). Each of the material agreements relating to the *Bad Daddy's Transaction* is summarized in the Company's Current Report on Form 8-K filed on April 15, 2013.

Additionally, in April 2013 the Company entered into a management services agreement with BDFD pursuant to which the Company will provide general management services as well as accounting and administrative services. Income received from the agreement by the Company is fully recognized in income and then proportionately offset by the 48% equity investment in BDFD. Total amounts received from BDFD were \$11,000 in fiscal 2013.

Other

The Company entered into a standstill agreement with director nominee Reuven Har-Even, pursuant to which Mr. Har-Even will agree that for the period ending December 31, 2015 neither he nor any affiliate, including but not limited to P&E Capital, Inc., shall acquire any shares of capital stock of the Company or participate in any transaction intended to result in a change of control of the Company without the consent to such acquisition or participation by the Board of Directors of the Company.
