**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On September 17, 2007, Denny's Corporation (the "Company") announced that as part of the Company's long-term strategic plan it is realigning its operational structure in order to better position the Company to execute on its strategic initiatives. The Company has reorganized its field management structure for both company and franchise operations as well as certain support functions. These actions will result in the elimination of 80 to 90 positions and contribute to annual cost reductions of \$8 to \$9 million. The Company expects to reinvest approximately \$3 million of these savings into initiatives to drive sales and unit growth as well as to enhance operational performance. The realignment will result in restructuring charges of \$4.0 to \$4.5 million attributable to severance and other expenses.
