Item 8.01. Other Events.

On May 15, 2017, The AES Corporation (the “Company”) announced that it is marketing a new \$525 million credit facility (the “New Senior Secured Credit Facility”), which will take the form of a senior secured term B loan. The proceeds of the New Senior Secured Credit Facility will be used by the Company to refinance its existing 6.75% Term Convertible Trust Securities due 2029 (the “Term Trust Convertible Securities”) and for general corporate purposes. The refinancing of the Term Trust Convertible Securities and the borrowing of the loans under the New Senior Secured Credit Facility represents a total leverage neutral transaction, which the Company expects will generate substantial annual interest savings and maintain liquidity.

The establishment and borrowing of the New Senior Secured Credit Facility is subject to market and other conditions and is anticipated to close in the second quarter of 2017. However, there can be no assurance that the Company will be able to successfully establish the New Senior Secured Credit Facility or the borrow the loans thereunder, on the terms described above, or at all.

This report does not constitute an offer to purchase securities or a solicitation of an offer to sell any securities or an offer to sell or the solicitation of an offer to purchase any new securities, nor does it constitute an offer or solicitation in any jurisdiction in which such offer or solicitation is unlawful.
