PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

To Be Held April 29, 2003

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of BOK Financial Corporation for use at our annual meeting of shareholders. The annual meeting will be held on Tuesday, April 29, 2003, at 11:00 a.m. local time in the Tulsa Room on the ninth floor of the Bank of Oklahoma Tower, One Williams Center, Tulsa, Oklahoma.

These proxy materials will be mailed on or about March 28, 2003 to holders of record of common stock as of the close of business on March 14, 2003.

VOTING BY PROXY

You may vote at the annual meeting by completing, signing and returning the enclosed proxy card. If not revoked, your proxy will be voted at the annual meeting in accordance with your instructions marked on the proxy card. If you

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

fail to mark your proxy with instructions, your proxy will be voted as follows:

- o FOR the election of the twenty-six (26) nominees for director listed in this Proxy Statement,
- o To approve the BOKF 2003 Stock Option Plan and the existing BOKF 1993, 1994, 1997, 2000 and 2001 Stock Option Plans, and
- o To approve the Executive Performance-Based Compensation Plan.

As to any other matter that may be properly brought before the annual meeting, your proxy will be voted as the Board of Directors may recommend. If the Board of Directors makes no recommendation, your proxy will be voted as the proxy holder named in your proxy card deem advisable. The Board of Directors does not know of any other matter that is expected to be presented for consideration at the annual meeting.

VOTING AND QUORUM REQUIREMENTS AT THE MEETING

Only holders of shares of common stock at the close of business on March 14, 2003 (the "record date") are entitled to notice of and to vote at the annual meeting. On the record date, there were 55,222,789 shares of common stock entitled to vote.

You will have one vote for each share of common stock held by you on the record date.

In order to have a meeting it is necessary that a quorum be present. The presence in person or by proxy of the holders of one-third of the outstanding shares of common stock is necessary to constitute a quorum at the annual meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Abstentions and broker non-votes will not be counted as having voted either for or against a proposal.

The affirmative vote of the holders of a majority of the shares present or represented at the meeting in which a quorum is present that actually vote for or against the matter is required to approve proposals two and three. Directors are elected by a plurality vote, meaning that the twenty-six (26) nominees receiving the highest number of votes FOR will be elected as directors.

George B. Kaiser currently owns approximately 68.2% of the outstanding common stock and plans to vote in person at the meeting.

SOLICITATION OF PROXIES

We are paying for all our costs incurred in soliciting proxies for the annual meeting. In addition to solicitation by mail, we may use our directors, officers and regular employees to solicit proxies by telephone or otherwise. These personnel will not be specifically compensated for these services. We will pay persons holding shares of common stock for the benefit of others, such as nominees, brokerage houses, banks, and other fiduciaries, for the expense of forwarding solicitation materials to the beneficial owner.

ANNUAL REPORT

Our Annual Report to Shareholders, covering the fiscal year ended December 31, 2002, including audited financial statements, is enclosed. No parts of the Annual Report are incorporated in this Proxy Statement or are deemed to be a part of the material for the solicitation of proxies.

PROPOSAL ONE

ELECTION OF DIRECTORS

NOMINEES AND VOTE REQUIRED TO ELECT NOMINEES

A board of twenty-six (26) directors is to be elected at the annual meeting. The twenty-six (26) nominees for director who receive the highest number of affirmative votes of the shares voting shall be elected as directors. You may vote the number of shares of common stock you own for up to twenty-six (26) persons. Unless you otherwise instruct by marking your proxy card, the proxy holders will vote the proxies received by them FOR the election of each of the twenty-six (26) nominees named below.

If at the time of the annual meeting any of the nominees is unwilling or unable to serve, all proxies received will be voted in favor of the remainder of those nominated and for such substitute nominees, if any, as shall be designated by the board and nominated by any of the proxies named in the enclosed proxy form. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected.

TERM OF OFFICE

The term of office of each person elected as a director will continue until the next annual meeting of shareholders or until his successor has been elected and qualified.

COMMITTEES; MEETINGS

During 2002, the Board of Directors of BOK Financial Corporation had a standing Risk Oversight and Audit Committee comprised solely of outside directors. The Audit Committee is responsible for recommending the selection of independent auditors and supervising internal auditors. The Audit Committee also reviews the results of internal and independent audits and reviews accounting principles and practices. The Audit Committee was responsible for fulfilling the trust audit requirements established by 12 CFR ss. 9.9. The Audit Committee consisted of Messrs. Goodwin, Janzen, Joullian (Chairman), LaFortune and Lauinger. The Audit Committee met five (5) times during 2002. The Audit Committee intends to meet at least five (5) times in 2003. The Audit Committee operates under a written charter adopted by the Board of Directors which was published in the 2001 proxy statement.

In December 2002, the Board of Directors established an Independent Compensation Committee, consisting of five independent directors, to administer a performance based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The Independent Compensation Committee consists of Messrs. Cappy, Corbett, Kyle, Robinson and Rooney. Except for performance based compensation which is intended to comply with the requirements of Section 162(m), incentive compensation is administered by the Chief Executive Officer and senior management as described in the Report on Executive Compensation found on page 22 of this proxy statement.

The Board of Directors of BOK Financial does not have a standing nominating committee. The Board of Directors will consider recommendations of shareholders for director nominees, but there is no established procedure for such recommendations.

The entire Board of Directors of BOK Financial met four (4) times during 2002. All directors of BOK Financial attended 75% of all meetings of the Board of Directors and committees on which they served, except Messrs. Boylan, Corbett, Lopez, Nichols and Robinson who were unable to attend 75% of the meetings due to business conflicts.

REPORT OF THE RISK OVERSIGHT AND AUDIT COMMITTEE

The Risk Oversight and Audit Committee (the Audit Committee) oversees BOK Financial Corporation's (the Company's) financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee discussed and reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

The Committee discussed and reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including Statement of Auditing Standards No. 61, Communications with Audit Committees. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board as required by Independence Standards Board Standard No. 1. The Committee has also considered whether any non-audit services performed by the independent auditors is compatible with maintaining the auditor's independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the results of the Company's financial reporting.

Each of the members of the Audit Committee qualifies as an "independent" Director under the current listing standards of the National Association of Securities Dealers (NASD).

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended the selection of the Company's independent auditors.

James O. Goodwin
Howard Janzen
E. Carey Joullian IV, Committee Chairman
Robert J. LaFortune
Philip C. Lauinger, Jr.

The following table provides the various fees and out-of-pocket costs billed by Ernst & Young, LLP for the fiscal year ended December 31, 2002:

AUDIT FEES	FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES	ALL OTHER FEES*
----- \$375,000	----- _____	----- \$274,827

*Includes audit related fees of \$196,050 and non-audit fees of \$78,777.

The Audit Committee of the Board of Directors has considered whether the provision of Ernst & Young LLP of all other services included in the fees set forth in the table above under "All Other Fees" is compatible with maintaining the independence of Ernst & Young LLP.

The Audit Committee has also met and discussed with management and with its legal and accounting advisors the new rules and regulations under the recently adopted Sarbanes-Oxley Act of 2002 and related SEC and Nasdaq rules.

COMPENSATION OF DIRECTORS

All non-officer directors of BOK Financial and BOK receive a single

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

retainer of \$7,500 per year, payable quarterly in arrears in BOK Financial common stock in accordance with the BOKF Directors Stock Compensation Plan, whether serving on one or more of the boards of directors. Director compensation shares are issued to each director on or before the 15th day following the end of each calendar quarter during which such director served as a member of the Board of Directors of BOK Financial or BOK. The BOKF Directors Stock Compensation Plan further provides that the issuance price for the director compensation shares is the average of the mid-points between the highest price and the lowest price at which trades occurred on NASDAQ on the five trading days immediately preceding the end of the calendar quarter. All non-officer directors also are paid \$250 in cash for each board of directors or committee meeting attended (provided only one fee is paid when two or more committees meet contemporaneously) and \$500 in cash for each committee meeting chaired. No such fees are paid for meetings not attended.

PROPOSAL TWO

APPROVAL OF THE BOKF 2003 STOCK OPTION PLAN AND EXISTING BOKF 1993, 1994, 1997, 2000 AND 2001 STOCK OPTION PLANS

The Board of Directors is proposing for shareholder approval the BOKF 2003 Stock Option Plan (the "2003 Plan") and the existing BOKF 1993, 1994, 1997, 2000 and 2001 stock option plans (the "Existing Plans"). The 2003 Plan and the Existing Plans, as amended, (collectively, the "Plans") are the same in all material respects except with a few provisions of the 2001 Plan as noted below. Certain of the principal features of the plans are described below. The full text of the 2003 Plan is annexed as Appendix A and is incorporated herein by reference. You may obtain a copy of the Existing Plans, as amended, by sending a written request to our Chief Financial Officer at Bank of Oklahoma Tower, One Williams Center, Tulsa, Oklahoma 74172.

The Company is seeking shareholder approval of the Plans to qualify portions of the compensation paid under the plans as "qualified performance-based compensation" as defined in Section 162(m) of the Internal Revenue Code. The Board of Directors believes that the Plans benefit shareholders by continuing the tradition of linking executive compensation to Company performance and by qualifying amounts paid pursuant to the Plans for a U.S. federal income tax deduction. SHAREHOLDERS ARE URGED TO READ THE PLANS IN THEIR ENTIRETY BEFORE CASTING THEIR VOTES.

GENERAL TERMS OF STOCK OPTION PLANS

- o RESERVED SHARES. A total of 2,000,000 shares of common stock are reserved for issuance in connection with the exercise of stock options granted under the 2003 Plan. As of March 1, 2003, no options have been granted under the 2003 Plan. A total of 6,451,653 options have been awarded under the Existing Plans of which 3,510,689 options are outstanding as of March 1, 2003. A sufficient number of shares have been reserved for issuance in connection with the exercise of stock options granted under the Existing Plans.
- o ADMINISTRATION. Except for performance-based compensation which is intended to comply with the requirements of Section 162(m) as discussed in Proposal Three, the stock options are administered by the Chief Executive Officer and senior management.
- o ELIGIBILITY. All employees of BOKF and its subsidiaries are eligible to be designated as participants and awarded options under the Plans. Participants are designated based upon a subjective determination of the present and potential contributions of the employee to the success of the Company. Except for options intended to comply with Section

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

162(m), those employees to whom stock option awards are made are selected by the Chairman of the Board of Directors and the Chief Executive Officer.

- o PURCHASE PRICE. The per share option price is the fair market value of the Company's common stock on NASDAQ on the date of the award letter.
- o MAXIMUM SHARES. The maximum number of options which may be granted to any one participant during a calendar year period is 100,000.
- o VESTING. One-seventh of each award of options vests and becomes exercisable on each anniversary of the award date, except with regard to those options granted pursuant to the 2001 Plan which vest in their entirety on the second anniversary of the award date.
- o EXPIRATION. Options must be exercised within three years of vesting or they expire, except with regard to the 2001 Plan which requires that options must be exercised within 45 days of vesting or they expire.
- o NON-TRANSFERABILITY. The options may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, except by will or by the laws of descent and distribution.
- o TERMINATION. If the employment of the participant terminates for any reason, including death, disability, retirement, resignation or involuntary termination, the participant's options automatically terminate except:
 - o if the Chairman of the Board and the Chief Executive Officer, in their sole discretion, subject to approval by the Board, extend the participants options;
 - o if termination is by reason of death or disability, the participant (or the participant's personal representative) may purchase any of participants option shares which the participant had the right to purchase immediately preceding the date of the participant's termination of employment; or
 - o if the participant is involuntarily terminated without cause within one year of a change in control, as defined in the Plans, the participant may purchase, within 90 days of participant's termination of employment, all of participant's option shares.
- o AMENDMENT. The Board of Directors may amend or terminate the Plan but no amendment or termination shall affect the participant's rights under a previously granted stock option without the consent of the participant.
- o TAX EFFECTS. The Plans are not qualified under Section 401(a) of the Internal Revenue Code. The following is only a summary of the effect of federal income taxation upon employees and the Company with respect to compensation under the Plans. It does not purport to be complete and does not discuss the tax consequences arising in the context of the employee's death or the income tax laws of any municipality, state or foreign country in which the employee's income or gain may be taxable. Generally, the tax effects are:
 - o Provided that compensation (other than performance-based compensation qualified under Section 162(m)) does not exceed \$1 million for each of the corporation's chief executive officer and four most highly compensated executive officers other than the chief executive officer, the Company will be entitled to an

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

income tax deduction at the date of exercise of the options by the participants. The amount of the deduction will be equal to the spread between the fair market value of the option stock (as quoted by NASDAQ) and the exercise price of the option.

- o Participants will recognize income at the date of exercise of the Options in an amount equal to the deduction allowed as stated above. Income recognized due to the exercise of an option will be subject to withholding and reported to the employee on form W-2. Participants will not be subject to any further income recognition until a taxable transaction occurs involving the purchased stock. The basis in the stock is equal to the fair market value at the date of exercise, and future transactions will be subject to capital asset rules.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of common stock, present in person or by proxy, voted at the meeting, is required for approval of the Plans.

PROPOSAL THREE

APPROVAL OF EXECUTIVE PERFORMANCE-BASED COMPENSATION PLAN

- o SECTION 162(M) OF THE INTERNAL REVENUE CODE. Section 162(m) of the Internal Revenue Code generally limits to \$1 million the amount that a publicly-held company is allowed to deduct each year for the compensation paid to each of the corporation's chief executive officer and four most highly compensated executive officers other than the chief executive officer. However, performance-based compensation is not subject to the limit. In order to qualify as performance-based compensation, payments must be computed on the basis of an objective, performance-based standard determined by a committee that consists solely of two or more outside directors and the material terms under which the compensation is to be paid, including the performance goals, must be disclosed to and approved by the shareholders.
- o INCENTIVE COMPENSATION GENERALLY. The company employs a wide range of incentive compensation for its employees. Except for performance-based compensation which is intended to comply with the requirements of Section 162(m), such incentive compensation is administered by the Chief Executive Officer and senior management. Incentive compensation that is intended to qualify as performance-based compensation under Section 162(m) is administered by the independent compensation committee discussed below. Except for options intended to comply with Section 162(m), those employees to whom stock option awards are made are selected by the Chairman of the Board of Directors and the Chief Executive Officer.
- o INDEPENDENT COMPENSATION COMMITTEE. In December 2002, the Board of Directors established an Independent Compensation Committee, consisting of five outside directors, to administer a performance based compensation plan for senior executives as required by the provisions of Section 162(m). The current members of the Committee are Messrs. Cappy, Kyle, Rooney, Robinson, and Corbett. The Independent Compensation Committee, with the assistance of a leading executive compensation consulting firm, has developed a performance-based compensation plan called the 2003 Executive Incentive Plan which the shareholders are being asked to approve. You may obtain a copy of the 2003 Executive Incentive Plan by sending a written request to our

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

Chief Financial Officer at Bank of Oklahoma Tower, One Williams Center, Tulsa, Oklahoma 74172.

- o PERFORMANCE-BASED COMPENSATION. Performance-based compensation consists of annual bonus and long term incentive compensation. Executives who report directly to the Chief Executive Officer and other selected officers approved by the Independent Compensation Committee may participate. For 2003, a participant may earn (i) an annual bonus equal to a specified percentage (not to exceed 50%) of annual salary paid in cash and (ii) long term incentive compensation paid in the manner discussed below.
 - o A participant will earn an annual bonus based on a matrix pursuant to which 33% of the targeted annual bonus compensation will be earned if 80% of the goal is met, 100% of the targeted bonus compensation earned if 100% of the goal is met, and 200% of the targeted bonus compensation earned if 120% of the goal is met.
 - o A participant will earn long term incentive based on a matrix pursuant to which 25% of the targeted long term incentive compensation will be earned if the goal less five percentage points is met, 100% of the targeted long term incentive compensation will be earned if 100% of the goal is met, and 150% of the targeted long term compensation will be earned if the goal plus five percentage points is met.

Except in the case of an award intended to qualify under Section 162(m), management may modify the performance goals and compensation plan as deemed equitable or appropriate.

- o PERFORMANCE MEASURES. The target compensation, annual performance goals for bonus and long term incentive compensation, and manner of payment of long term incentive compensation are set by the Independent Compensation Committee for each participant on an individual basis. The performance goals are currently based on a combination of (i) Company earnings per share measured against peer group earnings per share and (ii) business unit performance and attainment of individual goals.
 - o By achieving 120% of the Annual Incentive Bonus measure, each participant will earn 200% of her or his target bonus. The earnings per share measure is the earnings per share growth of the 50th percentile (or median) of a peer group of banks for the trailing two-year period determined as of the end of the year in respect of which the bonus is being paid. No participant may receive an Annual Incentive Bonus of more than \$2,000,000.
 - o By achieving the Long Term Incentive measure plus five percentage points, each participant will earn 150% of her or his target earnings per share incentive. The earnings per share measure is the earnings per share growth of the 50th percentile (or median) of a peer group of banks for the trailing three-year period determined as of the second anniversary of the end of the year in respect of which the compensation is being paid.
 - o The Chief Executive Officer will assign the Company earnings and business unit weightings to participants on an individual basis. With respect to compensation intended to qualify under Section 162m, the Committee will approve the weightings and any individually established goals prior to March 31.

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

- o Fifty percent of the bonus and fifty percent of any performance shares issued for long term incentive compensation, calculated on the foregoing basis, may be adjusted downward at the discretion of the Independent Compensation Committee based upon recommendations of the Chief Executive Officer.

Other objectives which may be used by the Independent Compensation Committee are return on equity, total earnings, earnings growth, return on capital, return on assets, share price (including, but not limited to growth measures and total shareholder return), cash flow, revenues, market share, overhead or other expense reductions, and operating margins.

- o ISSUANCE OF LONG TERM INCENTIVE COMPENSATION. Long Term Incentive Compensation which is earned by a participant will be paid by the award of options pursuant to the BOKF 2003 Stock Option Plan, by the issuance of performance shares, or by a combination of options and performance shares.
- o Performance shares will be shares of BOKF Common Stock issued before March 15 of the year in respect of which the long term incentive compensation is being paid. Performance shares will vest only on the fifth anniversary of the last day of the year for which the shares are issued. If the employment of the Executive is terminated for any reason prior to such vesting the shares will be forfeited. The shares may not be sold for three years after the shares vest unless following such sale, the Executive would own that number of shares of BOKF Common Stock provided for in any Executive Management BOKF Common Stock Ownership Guidelines which may be established from time to time by the Independent Compensation Committee. Additional performance shares will be issued, or performance shares will be forfeited, in accordance with the performance goals discussed above. No more than 30,000 performance shares may be issued in any year to a participant.
- o Stock options will be options issued pursuant to the BOKF 2003 Stock Option Plan. The Options may not be exercised prior to the expiration of the three year performance period. Additional options will be issued, or options will be forfeited, in accordance with the performance goals discussed above.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of common stock, present in person or by proxy, voted at the meeting, is required for approval of the Executive Performance-Based Compensation Plan under Section 162(m).

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information about the Company's equity compensations plans in effect at December 31, 2002, aggregated for two categories of plans: those approved by shareholders and those not approved by shareholders. A perpetual employment agreement is in effect between BOK and Mr. Lybarger. Generally, the agreement provides that Mr. Lybarger will continue to be employed in his present position and at his current rate of compensation. BOK may terminate the employment agreement and be liable for termination benefits not to exceed regular compensation and benefit coverage for twelve months (with termination benefits to be reduced by the amount of compensation received by Mr. Lybarger from other sources during the seventh through twelfth months after termination). In the event of a change of control of BOK, as defined in the employment agreement, then Mr. Lybarger has the option, for a period of six months after the change of control, to resign and receive the same termination benefits as described in the preceding sentence in the event of termination by BOK.

An employment agreement is in effect between BOK Financial and Mr. Hargis. Generally, the agreement provides that Mr. Hargis will be employed by BOK Financial in the position of Vice Chairman for five years from December 1, 2003. BOK Financial may terminate the agreement without cause subject to payment of the agreed annual compensation and benefits for the remaining contract term. If such termination results within one year of a change of control, as defined in the agreement, Mr. Hargis shall receive his current monthly salary times the remaining months in the term of his contract divided by two. If such termination is not within one year of a change of control, Mr. Hargis shall receive salary and benefits for three months from the date of termination.

REPORT ON EXECUTIVE COMPENSATION

In December 2002, the Board of Directors established an Independent Compensation Committee consisting of five independent directors, to administer a performance based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The current members of the committee are Messrs. Cappy, Kyle, Rooney, Robinson and Corbett. The Independent Compensation Committee, with the assistance of a leading executive compensation consulting firm, has developed a performance based compensation plan which the shareholders are being asked to approve at the 2003 Annual Shareholders Meeting.

In addition to the performance-based compensation which is intended to comply with the requirements of Section 162(m), the company employs a wide range of other incentive compensation for its employees including a combination of annual salary, bonuses, pension plans and stock options. Such compensation is designed to attract and retain quality management and reward long term performance of the company. Compensation of the executive officers, other than Mr. Lybarger, has in practice been determined by Mr. Lybarger, the President and Chief Executive Officer, and Mr. Kaiser, the Chairman of the Board. Messrs. Kaiser and Lybarger are directors of the Company and are herein sometimes referred to collectively as the "Informal Compensation Committee".

With respect to the 2002 fiscal year, the compensation paid executive officers was based on the evaluation by the Informal Compensation Committee of the performance of the Company and the performance of the individual officer (except that the evaluation of and compensation of Mr. Lybarger was determined solely by Mr. Kaiser). The cash and noncash compensation awarded the executive officers was based on the performance of the Company in meeting the corporate goals established for business development, expansion of market coverage, financial achievement and other areas. The responsibility of each executive officer for the various established corporate goals and the performance in meeting those goals were considered in establishing executive compensation.

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

The foregoing report on executive compensation is made by Messrs. Kaiser and Lybarger. The newly formed Independent Compensation Committee has nothing to report with respect to the 2002 fiscal year.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Independent Compensation Committee were at any time officers or employees of the Company or any of its subsidiaries or had any relationship with the Company requiring disclosure under the Securities and Exchange Commission regulations. Messrs. Kaiser and Lybarger, who make up the Informal Compensation Committee which administers all compensation not intended to comply with Section 162(m), determine the majority of the compensation of the executive officers. See "Report of Executive Compensation" and "Certain Transactions".

INSIDER REPORTING

Based upon a review of the filings with the Securities and Exchange Commission and written representations that no other reports were required, we believe that all of our directors and executive officers complied during fiscal year 2002 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, with the exception of Mark Funke, who filed a late report in August 2002 relating to 12,692 shares sold in March 2002, 100 shares sold in April 2002, 531 shares acquired pursuant to 3% dividend in May 2002, 2,000 shares sold in June 2002, and who filed a late report in November 2002 for 100 shares sold in November 2002; Stanley Lybarger, who filed a late report in July 2002 relating to 1,142 shares sold in May 2002; L. Francis Rooney, who filed a late report in July 2002 relating to 42,000 shares which were gifted by the Rooney Brothers Company in May 2002; Gregory K. Symons, who filed a late report in July 2002 relating to 530 shares gifted by Mr. Symons in May 2002; and James Huntzinger, who filed a late report in September 2002 relating to 2,330 shares sold in September 2002.

CERTAIN TRANSACTIONS

Certain principal shareholders, directors of the Company and their associates were customers of and had loan transactions with BOK Financial or its subsidiaries during 2002. None of them currently outstanding are classified as nonaccrual, past due, restructured or potential problem loans. All such loans (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (iii) did not involved more than normal risk of collectibility or present other unfavorable features at the time the loans were made.

BOK Financial borrowed \$30 million during 2001 from George Kaiser by issuing a subordinated debenture. The proceeds of this borrowing were used to support asset growth, including the acquisition of CNBT Bancshares, Inc. This debenture was to mature in March 2008. Interest was based on LIBOR plus 1.75% payable quarterly. BOK Financial paid the debenture in full during 2002. BOK leases office space in office buildings owned by Mr. Kaiser and affiliates. In 2002, an affiliate of BOK Financial sold Oklahoma State Income Tax Credits to a) GBK Corporation, an affiliate of Mr. Kaiser, receiving \$2,250,000, b) Mr. Kaiser, receiving \$7,646,850, and c) Stanley Lybarger, receiving \$99,000 in exchange for such credits.

All transactions described above between BOKF or a subsidiary and Mr. Kaiser or a related entity were approved in advance by a majority of the entire board of BOK or BOKF, as appropriate, (Mr. Kaiser not voting) after review by the Chief Financial Officer.
